

Physician 6221

Chapter 6221

One day later, ye Chen's figure appeared near the Qinglong mountains, where the snow has not melted for many years. Except for some backpackers, they are almost inaccessible.

Ye Chen walked on the snow, with no trace and extremely fast speed.

Soon, his steps stopped. He looked at a dilapidated thatched cottage not far ahead. There was a crow and a crane dancing together.

It has a different artistic conception.

Even I don't know why, ye Chen's Wuzu Taoist heart has solidified a bit.

Is this also related to the change of Chinese aura?

"Go away."

Ye Chen sighed and waved his big hand in the distance. A breeze swept by. The crow and the crane scattered with the wind.

"Everything has spirit. It's not bad for the Chinese aura to develop in a better direction. I'm afraid it will become a tool for those who want to do something."

"Why did the reincarnation stele of Huaxia come here? Is this her base?"

"It's also said that it has something to do with aura change."

Ye Chen has already felt the strong breath here. The source of aura change may be related to this.

"Well? It's snowing

Ye Chen raised his hand, an octagonal snowflake scattered in his hands, and then turned into a drop of blood.

"At this position, the spirit pulse shoots blood at the counter scale. Something's wrong!"

The leaf Chen facial expression is dignified, don't do the slightest stay to go forward deeply!

It snowed more and more, and soon it was over foot.

"Is it the snow..."

Ye Chen squints and looks up at the sky, thinking about something.

The huge snowflakes fell in pieces, and ye Chen, who was still walking on the hillside, turned white in an instant.

A thick layer of snow is like a huge blanket, covering the valley which can't see the top at a glance, shining with heart-catching silver light!

Light covered, the distant end of heaven and earth series into a line, blurred the mountain boundary.

The wind, the cold wind, can not help rolling up snowflakes hit Ye Chen face.

Ye Chen didn't use aura to disperse the snow, but lowered his head and walked silently.

"Creak creak" the sound of the fast-moving footprints mixed with the wind for the world.

"Well?"

Step into the thick snow, suddenly, ye Chen felt something.

With a wave of his sleeve, the strong wind blows away a layer of snow and frost, and his lower corner of the sleeve is exposed. Looking closely, a pale hand firmly locks his ankle.

Ye Chen's face didn't have the slightest disordered expression.

He carefully cleared the snow nearby. Under the snow was the body of a young woman.

Her dress is ordinary, but it gives people a strange feeling. Her heart stirring white face is really terrible!

"The essence and cultivation have been completely absorbed!"

The Qinglong mountain range is one of the spiritual places in China. It should be a blessing. How could a female corpse be buried in the snow?

Go through a hard battle, lose the enemy and die here?

Ye Chen looks at all these in front of him, and doesn't make a sound. He just frowns tightly. After a moment, ye Chen slowly opens his mouth:

"This... Taoist friend, it's fate to meet you. I already know what you mean. There will be no trouble in the spirit pulse of China. Go with peace of mind."

Voice just fell, that tightly clenched leaf Chen ankle pale hand, answer a voice to loosen.

"It seems that something has happened!"

Ye Chen's whole body exudes a strong murderous spirit. This is the first time that he has been angry since he came to the earth. Even the former Marriott, in his eyes, is nothing more than sensationalism.

All the way, ye Chen came to the source of Lingmai. The Lingmai was like a dragon, and the blue light curtain had covered the whole mountain top. At the source, a law fragment containing the meaning of destruction was constantly raging, preventing the healing of the dragon head and body of Lingmai.

"As like as two peas, it is the same breath, which is the same as that of Guangdong, but it is different from each other. It seems that it is not just a single person, but this method..."

"It has something to do with martial arts outside the territory!" Ye Chen light way.

"The moral of attacking the Chinese spirit pulse and dragon pulse is to speed up the change of spirit spirit!"

Ye Chen looks at the array that destroys the spirit pulse in front of him. If he directly destroys the power of this destructive law, he will also wipe away the Qi luck of China. If he doesn't intervene, it will be equivalent to chronic death. It's really hard to ride a tiger.

"This is..." Ye Chen looked at the foot of the horse left by the caster on the ground and looked at it carefully.

There is a footprints on the ground. The person who uses the array should have unstable spiritual power in his body, which leads to the leakage of the power of the law. The remaining footprints are stained with the breath of the law. The snow has not covered them up. Although they are weak, they have not been dispersed.

"Not far yet!" Ye Chen is determined in his heart.

"Wait a minute, this footprint..." Ye Chen has a kind of familiar feeling, but can't remember.

Ye Chen himself recalled every memory of his coming to the earth, taxi driver, Liu Zihan, Marriott

incorrect.

Is that him?

In Ye Chen's mind, the ancient martial arts practitioner, who was smashed by his palm and had no vitality, was wearing the old Beijing cloth shoes. It was this footprint that could not be wrong.

Moreover, if this person is slapped by himself, all his physical functions will be damaged, which will lead to the leakage of the power of the law when the person who takes away the enemy casts the array.

"It seems that things are not so simple!" Ye chennian and here, and then look back, forget a spirit vein dragon head that wanton tyranny of the rules of power.

"In three days, find these guys and clear them. The power of the law can be solved. Use my own law to bless them. The pulse is at its peak. It can heal itself!"

Think of this, ye Chen steps no longer stay, toward the mountain.

"Wanzhenghao... Start with this Wanjia first!" There was a chill in Ye Chen's eyes.

"Diddidi..." at this moment, the mobile phone rings again, but it is an unknown number.

"Hello..." Ye Chen asked habitually.

This number should only be known by Liu Zihan, but if Liu Zihan wants to find himself, why change the number?

No longer think, ye Chen directly answered the phone.

"Hello... Are you brother ye... I'm Huang Lingling, a friend of Liu Zihan. Liu Zihan doesn't know why... She seems to have been poisoned. The doctors of Yuecheng first hospital have no way to consult. She has fallen into a coma. At the last moment of soberness, she always calls your name in her mouth!"

The anxious voice came from the phone.

Ye Chen hears speech, in the heart clapping a, way: "I immediately rush back! Tell the doctor to make sure that Liu Zihan is alive before I arrive! "

Hang up the phone Ye Chen no longer care about other people's eyes, the body suddenly soared, just like a meteor across the sky of China, destination: Guangdong city!

He guessed something vaguely.

I'm afraid it has something to do with Wanjia!

"Well, I'm looking for you. I sent it to you by myself. In that case, don't blame me for being cruel!"

.....

Chapter 6222

.....

However, ye Chen's figure has appeared at the gate of the first people's Hospital in Yuecheng.

The gate of the hospital was not crowded as expected. On the contrary, there was no one around.

Liu Zihan's specific situation has not been known, and ye Chen, who has no leisure to pay attention to these details, walks quickly towards the hospital building.

"No one is allowed to step in here!"

At the gate of the hospital, several uniformed people rushed out to stop and showed their fierce eyesight.

"What's the matter? We are not allowed to go in when we come to visit. Is the hospital run by your family? "

"Is, is, there is no royal law, in broad daylight blockade of the hospital, who gives you the right?"

A large number of people gathered in front of a building of the hospital, looking at the warning signs that had been set up, and there were many people in the crowd.

Several uniformed men draw out their batons and cross their chests. It is self-evident that those who dare to approach will bear the consequences.

Ye Chen sees this scene, Mou son one coagulates, the heart is born strange, oneself leave so many years, the hospital all becomes so overbearing?

Ye Chen didn't stop. He put his hands behind him. There was an invisible air flow around him. When he was close to the crowd, the crowd was separated by the invisible force.

Even the several private guards were strangely aware that their bodies were constantly retreating.

But they soon noticed that ye Chen was ready to step into the hospital. They quickly pulled out the stick and drew it towards Ye Chen: "Stinky boy, can't you understand people?"

When the stick is about to hit Ye Chen, it suddenly rises. I don't know why, there is a faint air flow around Ye Chen, which makes the stick unable to get close at all.

Ye Chen naturally can't give a hand to these little people. He still carries his hands behind him and enters the hospital without even stopping.

"Today, my young lady Zhang Ruoyan is consulting with the miracle doctor of the first hospital. It's inconvenient for outsiders to step on. Please give me a face. Thank you very much in the future!"

At this time, a tall man in a strong black dress slowly walked out of the side door of the building and stood in front of Ye Chen!

He can see that ye Chen is not an ordinary person. Today, he is in time for Miss's consultation. He doesn't want to make trouble.

"Who are you?" Ye Chen just glanced at him and asked.

"Third Master, this boy is looking for trouble, you..." a guard next to him saw his boss coming, and immediately began to complain.

"I don't have time to talk to you!" Ye Chen's eyes suddenly coagulate, endless killing intention surging!

"I'm Zhang Jia..." before he finished his words, the tall man felt as if he was being watched by the devil. His legs trembled for some reason, and his back was completely wet. Then, he only felt a gust of wind blowing. Suddenly, he was surprised, and he flew out!

Ye Chen was not in the mood to listen to him. He only heard the first three words, "my family name is Zhang." the next second, he was thrown out at the same time, along with several guards present.

"Everyone can go in!"

Ye Chen dropped such a sentence, and took the lead to walk in. Everyone was staring at the dramatic scene in front of him. He didn't know who yelled first, and then the tide of people was unstoppable.

In the next few years, several guards can't believe that Zhang Jia's guards, who have experienced strict family training and can fight with special forces without losing ground, are inferior to chickens in front of this strange man.

Ye Chen's figure has already come to the upper floor since the moment when all the guards slow down.

He opened his mind and determined Liu Zihan's position.

.....

Meanwhile, an office in the hospital.

"Ruoyan, with all due respect, as far as the current medical technology is concerned, all the imported instruments and equipment of Yuecheng first people's hospital have been checked for you in an all-round way, and there is no abnormal reaction, but your disease does exist, which really leaves me at a loss!"

"Uncle Jiang, what can you do? Then have I... "A young woman in a fashionable purple windbreaker with delicate face in the office said with tears.

If someone else is here, she will scream out. Isn't this Zhang Ruoyan, a popular actress who often attends all kinds of programs on TV?

How can you shed tears in this small office?

"Your current situation is similar to that of a young girl who was sent not long ago. When she was sent, she was already unconscious. Although all the examinations were done, there is still no way to correct the symptoms. The only thing you know is that her physical signs are disappearing at the speed visible to the naked eye. If she goes on like this, it will be less than half a day..."

Jiuliang Road, Yangtze River, Yuecheng first people's hospital.

"Her condition is similar to yours, but the disease is much more serious than yours. I'll prepare to have a joint consultation with experts of M country later. If I can find a way to deal with it, I can get rid of your root cause. Relax and wait for my news." Jiang Jiuliang continued.

Although his words are full of hope, his face is dignified, and it is conceivable that it is as difficult as climbing to heaven.

"What's the noise outside? Why is it so noisy?"

Depressed Zhang Ruoyan can't help but get angry. She pushes the door and looks out. A galloping figure happens to pass by her side. Zhang Ruoyan is not careful. She staggers and staggers.

"You are sick! To be reincarnated?" Zhang Ruoyan said angrily.

Ye Chen stops walking and turns to look at Zhang Ruoyan. At the same time, several guards come after Zhang Ruoyan from the corner of the stairs. Seeing the master in front of him, they don't dare to make mistakes. They stop looking and run to Zhang Ruoyan's ear to whisper.

Chapter 6223

Zhang Ruoyan's face changed several times. She glared at Ye Chen and said, "did you put people in?"

Her status is noble, and she is also a star. Her coming to the hospital involves a lot of privacy, so she can't be disturbed by outsiders.

If someone has a heart to expose to the Internet, it will certainly have a great impact on her.

Ye Chen doesn't say anything, but he wants to go. At this stage, Liu Zihan is the most important.

But Zhang Ruoyan's thin and white lotus arm suddenly grabbed Ye Chen: "you eavesdrop on our conversation in front of the office, want to leave?"

She thought, blocking the hospital is really his fault first, for another reason to make trouble for him, if not, on the spot can teach Ye Chen.

"Well?" Ye Chen a burst of speechless, want to say didn't eavesdrop, oneself spirit consciousness that time scan, still really heard.

"What's wrong with you? Without a brain? " Ye Chen does not conceal a way.

"You..." Zhang Ruoyan was very angry, and her face was very blue. She pointed to several people behind her: "I want him to die!"

Her voice almost roared out, the speaker had no intention, and the listener had intention. This sentence completely ignited the deepest pain in Zhang Ruoyan's heart!

She is really ill, otherwise how can she come to the hospital!

But this disease, others have no right to know!

Seeing the master's words, several guards resist. After all, they still remember what they just did with Ye Chen?

You're kidding!

Seeing that several guards were still standing in the same place and hesitated and did not dare to move, Zhang Ruoyan, who was almost retarded, threw a few loud slaps on several faces with his backhand. A group of guards dared to be angry and speechless, and stood with their faces covered.

Still feel not Jieqi Zhang Ruoyan stride forward, reach for ye Chen to catch.

However, let all people did not expect, in response to Zhang Ruoyan, it is Ye Chen a more crisp slap!

"Pa!"

Zhang Ruoyan's eyes were lost. She couldn't believe it! How dare someone slap her in the face?

She grew up, even later admitted to the Beijing Film Academy, entered the entertainment industry, and became a hot star. Along the way, she has never been beaten or even slapped!

"You are the first doctor in Guangdong city, Jiang jiuliang?" Ye Chen no longer looks at that crazy woman and turns to a middle-aged man in a white coat.

Jiang jiuliang just wants to open his mouth, and ye Chen's cold voice is coming.

"How is Liu Zihan in ICU? I'm here to save her! " Ye Chen cut the nail to cut the railway, his eyes narrowed, indicating to let the Dean, the first doctor of Guangdong city, lead the way quickly!

Although he can completely rely on himself to solve the problem, it is too shocking after all. Jiang jiuliang said to him that it is still useful.

Jiang jiuliang didn't know what to do for a while, but ye Chen brought him a strong sense of oppression, as if he was facing a supreme emperor who was superior to heaven and earth! At this moment, he had no reason to believe the young man he had never met before!

Liu Zihan's ward is only a few turns away from the president's office where the incident just happened. They soon come to the front of the ward. Ye Chen looks at the bloodless face on the bed through the glass door and says nothing.

The nurse introduced the latest condition of Liu Zihan.

Jiang jiuliang brow twisted into a rope, at the moment he is really helpless!

"Let everyone leave, turn off the camera, I will solve Liu Zihan's disease!"

Ye Chen directly orders to drive people out. Jiang jiuliang looks at the young man in front of him. He clenches his teeth several times, and waves to the outside. Everyone steps back. There are only two people left in the corridor.

Ye Chen pushes the door and goes to the hospital bed. He holds Liu Zihan's hand and puts his index finger to the artery. His face is very ugly.

This is not a common poison. The person who poisons is so cruel!

Even to a girl who has no power to bind a chicken!

Is life so worthless in China after the change of aura?

"What's the problem?" Jiang jiuliang sees that ye Chen's face is not very good-looking and asks.

"Nothing to solve!" Ye Chen grabs the scalpel on one side and makes a sharp cut on the tip of Liu Zihan's left index finger. Two fingers are against his meridians. Just as he wants to run the eight trigrams heavenly elixir, the sky above the hospital is covered with clouds and thunder.

Ye Chen looked at the sky, no longer using the eight trigrams technique, just mental operation, combined with the mobilization of the whole body's spiritual power, gathered at the fingertips, and laid several medicine arrays at several acupoints of Liu Zihan!

The level of Bagua Tiandan is too high. The rules of China can't bear it. We can only use the simplest method.

However, these years, ye Chen is more adept at mastering medical ethics outside China, and naturally has many means to return to the original nature.

Looking at Ye Chen, Jiang jiuliang is very surprised. This kind of treatment is unheard of.

See ye Chen a few to walk a station to settle, but a few seconds of time, Liu Zihan left hand fingertip that is cut by Ye Chen of knife edge place, the thick and thick black blood that stinks is dripping down.

Liu Zihan's bloodless face is recovering at a speed visible to the naked eye.

One side of Jiang jiuliang stunned to open mouth, enough to plug an egg.

How is this possible!!!!

What a skill it is!

chinese medicine?

Or what?

It's a miracle!

A moment later, Liu Zihan wakes up.

"This..." Jiang jiuliang was even more shocked. His hand trembled and pointed to Liu Zihan on the bed. He looked at the expressionless Ye Chen. For a moment, he was speechless.

The most famous doctor in Guangdong city is so out of fashion!

"Thank you, doctor. What's your name, please?" Liu Zihan just woke up, completely unaware of the situation, looked at his white coat and subconsciously thought that the doctor had saved him.

Chapter 6224

"No, no, no, no... little girl, this... This has nothing to do with me. It's the little... Oh no, the miracle doctor who stood in front of you saved you!" Jiang jiuliang blushes and points to Ye Chen.

"Ah? Brother ye Liu Zihan is slightly shocked, but he seems to have cured his father five years ago.

Although I don't understand why brother Ye is so young, he is full of many mysteries.

"You saved me again, brother Ye!" Liu Zihan's "you" is biting heavily, and his cheeks are flushed.

The love between men and women is not in the heart of Ye Chen, how can you notice these details, just smile, gently nodded, light way: "no big problem, later take you back to rest, the hospital environment is too noisy."

"Well!" Liu Zihan nodded obediently. At this moment, the idol is gradually upgrading to the dream lover.

"What's your name, doctor..." Jiang jiuliang smiles awkwardly, and doesn't dare to disturb the conversation. Seeing that the situation is almost over, he finally musters up the courage to ask.

In his mind flashed many titles of miracle doctor, but none of them was so young.

But ye Chen is so called, some helpless, "my surname is ye." Light off three words.

"It turns out that it's Dr. Ye. I want to learn medical skills from you. I dare to ask..." Jiang jiuliang summoned up his courage again and wanted to visit his teacher.

How could he avoid Ye Chen's eyes? Before he finished, he was stopped by Ye Chen: "I'm used to seclusion. I don't want to interfere with the world. If my friend hadn't been robbed today, I wouldn't have visited him rashly!"

Smell speech, Jiang jiuliang eyes a trace of disappointment.

"However, I have to trouble Mr. Jiang for today's business. I declare that you have saved my friend by your wonderful hand. In return, I may discuss with you some difficult and miscellaneous medical problems."

Ye Chen hands bear behind, light way.

Jiang jiuliang smell speech, pupil surprise to extreme, like a child general turn anger for joy, repeatedly nod!

"In that case, let's go out. People outside have been waiting for a long time." Ye Chen looks at Liu Zihan and whispers.

"Please Jiang jiuliang carefully made a gesture.

Ye Chen on one side saw this and made a "Silence" gesture, which means that these are all secrets between us, which can't be exposed in front of outsiders.

Jiang jiuliang said that he understood. He straightened his coat and took the lead to walk out, followed by Ye Chen and Liu Zihan.

All the doctors and nurses in the corridor were surprised to see the two people behind Jiang jiuliang, especially Liu Zihan.

"What's the situation? This girl is not about to... How come she's alive now?" There were questions from medical staff in the crowd.

For a moment, the noise came.

"Keke, when I just communicated with Ye Shen... Ye Xiaoyou, I had inspiration by chance, so I had a try. It's really feasible." Jiang jiuliang a word, the crowd suddenly stopped the commotion, replaced by constant applause, such as thunder.

Zhang Ruoyan in the crowd naturally witnessed this scene. She looked at Ye Chen with vicious eyes. She whispered to the first guard captain who had just been fanned by Ye Chen.

Ye Chen's sharp sense of spirit catches this bad intention for the first time. His eyes are cold and his murderous spirit is released. He looks at Zhang Ruoyan and others.

Where a group of ordinary people have seen such battles? How can mortals reach the gaze of God.

Zhang Ruoyan holds up her mobile phone and wants to take photos of Ye Chen and Liu Zihan, investigate them well and sell them.

"Click" the moment the shutter rang, she quickly put down the phone, for fear of being found.

Ye Chen and Liu Zihan leave under the leadership of Jiang Jiuliang and the crowd. Of course, the protagonist here really belongs to Jiang Jiuliang. The name of the first miracle doctor is not publicized, and the headlines are crazy. For a moment, there is no difference in the limelight, which also lays a bomb for his later troubles.

.....

meanwhile.

Zhang Jia, Zhang Ruoyan's residence.

It's an extremely luxurious big flat on the cloud.

Zhang Ruoyan sat in front of the French window, shaking a red wine glass in her hand, her delicate face covered with clouds.

There is a picture in front of the French window.

It's a little weird.

A vague figure pulls a girl away.

It's Ye Chen and Liu Zihan.

As a practitioner, ye Chen's martial arts and aura are beyond the existence of Chinese heaven. It's very difficult for ordinary cameras to record him.

"It's strange that the pixels of my mobile phone are so high, why is this guy the only one who is so fuzzy?"

"It's really evil."

"Go and investigate the girl next to him, attack her with internet public opinion, and contact the cooperative water army media company by the way to make things more natural..."

"In modern society, how do you need to kill yourself?"

"Maybe fame is the weapon of stars."

Zhang Ruoyan gave a word to her subordinates. Looking at the blurred picture, she fell into meditation.

In the photo, everyone in the crowd is cheering, clapping and laughing, only Ye Chen's face is blurred

.....

One night without words, the next morning, the sky under the hazy light rain.

Ten thousand souls hall.

So big on the square, full of all kinds of luxury cars!

Mercedes Benz, Rolls Royce, Bentley and so on.

The flow of people, pure black dress, chest with a silver steel flowers.

Countless black umbrellas bloom on the square, and the light rain drips from the eaves.

Ten o'clock in the morning, the death knell!

A middle-aged man, about 50 years old, with white hair and gold glasses, stood on the front steps and received visitors from all sides.

The middle-aged man is the father of Marriott, and the one who died is his son.

He is wan Jinxiong.

As the city of Guangdong, the leader of yuemeng chamber of Commerce and the helmsman of Wan family.

At first glance, he was as well as ordinary passers-by. Instead of being overbearing and oppressive, he looked kind and elegant.

Wan Jinxiong stood still and said nothing.

"I'm sorry for your change."

People of all kinds come to the front or trot. They clap Wan Jinxiong on the shoulder and say in a deep voice.

Wan Jinxiong nodded, and the stream of people stepped into the mourning hall in turn, bowing to worship, with three incense sticks in each hand.

In the crystal coffin, the dead rest.

The cut on the throat, which was penetrated by chopsticks, was beautified by the makeup collector, and no trace could be seen.

Wanjia's claim to the outside world is: died in an accident.

But what is the real truth? The people present that day knew it, but no one dared to say it.

"I'm sorry for your change."

More and more people mourn.

Wan Jinxiong nodded one by one, neither happy nor sad. From his calm face, he could not see any emotional fluctuations.

More and more people entered the hall. Wan Jinxiong on the front steps lit a cigarette and took a puff.

A mysterious one armed man came to Wan Jinxiong. He looked back at the man and said, "today, I'll help you take ye Chengou's life."

Chapter 6225

The one armed man said, "that bitch was saved by Ye Chen."

"So?" Wan Jinxiong took another puff of his cigarette.

"I'll take care of it! Five years is enough to change too many things. I will let him understand that five years ago, he was dazzling, and five years later, he is just a corpse." The one armed man whispered.

"After today's funeral, I want him to die!" Wan Jinxiong looks directly at Lin Xiong.

"Good!" Lin Xiong holds his forehead and sighs. He knows that this seemingly calm man is on the verge of explosion.

Lin Xiong compromised.

At the moment, Lin Xiong has a headache. The man has given himself the task:

Drag Ye Chen in Yuecheng. If you have the ability, kill him.

Although there is help, but ye Chen's strength, is still a mystery.

Not only Ye Chen's strength is a fan, but how those guys find Ye Chen is still a fan.

Lin Xiong looks up at the sky and reaches out his hand to feel the coolness of autumn rain. His mood suddenly relaxes. Instead of worrying about gain and loss, it's better to cut off the chaos and wipe out Ye Chen. Maybe it's really a good move.

To kill the first person who once dazzled to the extreme in Beijing's martial arts can improve his martial arts a lot.

However, since Wan Jinxiong is determined to take revenge, let him go, and take it with him. If you really can't do it, Wan Jia

Then give up!

Just as Lin Xiong was about to enter the hall, there were heavy footsteps behind him!

The sound of footsteps seems heavy, but it gives people a very strange feeling.

Just as Lin Xiong and WAN Jinxiong were wondering, a coffin was carried to the front of the ten thousand family hall.

"I'm really sorry for the late arrival of Mr. Ye. Please accept it

Ye chenwei wears a flat white suit and a black coat that is not over the knee. He stands with an umbrella dozens of meters away.

Step by step, he ascended the steps and marched towards the Lingtang.

Ye Chen's appearance didn't attract people to wait and see. Today, there are countless celebrities coming and going. Many people don't know what ye Chen did before. People who know what ye Chen did didn't join in today. After all, everyone offended an unknown expert!

He actually came!

Still so elegant and calm!

Some people at the scene shook their hands unconsciously.

Killed someone else's son, and even came to mourn in person?

With a gift - a coffin?

Although Wan Jinxiong didn't see his son die, he doesn't need to know who this guy is now!

Wan Jinxiong's eyes become cold and fierce, looking at Ye Chen straight, endless killing intention surging.

Ye Chen seems to feel something in his heart. He glances up at Wan Jinxiong and says:

"The upper beam is not straight and the lower beam is crooked. I openly molested my friend on the streets of the city. I want to kill her afterwards? What do you say about this account? "

"Do you really think that you can control the life and death of others?"

Ye Chen's voice is calm with incomparable penetrating power.

"What nonsense? Since it's here, I'll take your life!" Wan Jinxiong said.

Nobody expected this to happen.

"Mr. Wan, what's the matter? All of a sudden

"Shh, don't talk. Can't you see that? Someone's smashing the scene

"Wanjia seems to have offended a big man. The death of Wanjia may have something to do with this man."

"The young master of the ten thousand family is worthy of death even if he does harm to nature and reason..."

Some of the people who came and went to express their condolence saw that the situation was not good, so they smeared oil on the soles of their feet and ran away.

Everyone is bound by money and interests. Once it comes to life and death, who dares to stand in line easily?

What's more, ten thousand families often bully other families.

"You business elders, you can go to your own business if you have nothing to do. Ye and my family have some old grudges to settle. When it comes time to hurt you, it will not be worth the loss. Today is my family's faux pas. I will come to apologize." There is no doubt that words are modest and polite!

In a word, the sparse crowd completely scattered!

"When else do you want to see it?" Wan Jinxiong and Ye Chen's four eyes are opposite. He says in a cruel voice. This is a pun.

"Do it!"

Ten thousand gold male Li drinks, in the square before the spirit hall a person figure jumps out, between counting interest, 100 private bodyguards surround Ye Chen.

"It saves me a lot of work to send it to my door. I'm not going to leave you a whole body!"

Wan Jinxiong gave a cold hum.

Ye Chen has never heard of it, and his eyes point to the stars. He doesn't pay any attention to Wan Jinxiong.

Alone, keep climbing!

Every step further, his firm and fierce murderous spirit was deeper. For a moment, one person forced hundreds of people back.

"Lao Jin, these people are not his opponents. Let me do it!" One armed man Lin Xiong's voice, ye Chen should go to fame, the middle-aged people in the crowd are staring at Ye Chen, keep looking, arm sleeve swaying with the wind and rain.

"It's you!" Ye Chen reincarnation blood has another advantage, memory is extremely terrible, he vaguely remembered this middle-aged man.

Although the middle-aged man was not the protagonist at that time, he still had a causal relationship with himself.

But let Ye Chen surprise is, China's aura change, unexpectedly let this guy's strength grow to this place.

It would have been impossible a few years ago.

Lin Xiong hummed coldly: "Ye Chen, five years ago, I didn't expect you to come back alive. It's just right that the Revenge of the broken arm is settled with you today!"

Chapter 6226

"I admit that you are very strong, but you are forced to cross the border, strangled by the power of the rules, what storm can you set off if you are seriously injured?" Lin Xiong drinks fiercely, the figure is like a ghost, the hand dark stab turns over, hits Ye Chen's heart directly.

Ye Chen does not move, dark stab light speed cut chest suit, but also limited to this, failed to inch into a minute.

Lin Xiong looked at the five slender fingers firmly clasping his wrist in disbelief, "you didn't receive..."

The words don't fall, ye Chen a hand knife delimits, Lin Xiong that remaining an arm is cut off.

"Ah

A roar resounded through the sky, ye Chen two fingers across Lin Xiong's neck, and then a head soared into the sky, blood fog covered his eyes.

Ye Chen kicks open the empty coffin with one foot, and his head falls into it steadily. He looks at the direction of Lingtang with his eyes closed.

"This waste, unexpectedly can't hold one round, ye Chen has injury in the body, intelligence is wrong!"

A figure floated away, at the foot of that pair of shoes is particularly eye-catching!

Ye Chen naturally noticed all this. He followed Lin Xiong's eyes and looked at Wan Jinxiong. At the moment, the latter witnessed the scene of purgatory. His nerves had collapsed and he was crazy.

Hundreds of guards look at each other, no one dares to move!

"Your son is worthy of death. As for the people who attacked her, I have already put the law on the spot. You are the king of thousands and even the family of thousands. However, I don't want to kill any layman. This is the end of the robbery between me and the family of thousands."

"If you dare to attack people around me again, all families will be destroyed!"

Ye Chen can't kill everyone now. He has more important things to do when he comes back to China. Naturally, he doesn't plan to spend more time in the family.

With that, ye Chen's pocket phone rings, and ye Chen glances at the message:

"Brother ye, when are you coming?"

Nearly a hundred people on the square were relieved to see the far away parasol figure disappear at the end of the day. The haze that enveloped people's hearts was hard to erase in their lives.

What is the origin of that young man!

Why is there such a terrible smell!

They feel that what they see is not a person, but a demon from hell!

.....

An hour later.

Yuecheng Normal University, playground.

Ye Chen looks to Liu Zihan who walks with him on the campus of Normal University and frowns slightly. Why is this girl so sad from the beginning?

"Liu Zihan?" Ye Chen hands negative behind, light mouth, but no response.

About a few seconds later, "ah?" Liu Zihan asked nervously.

"What do you think? Absent minded?" Ye Chen asked.

Liu Zihan pinched the corner of his clothes with his fingers, and finally said, "forget it, it's nothing."

At this time, ye Chen found that the students around the Normal University looked at them with playful eyes.

At this moment, ye Chen opens his spiritual consciousness again, and everything around him comes clearly.

"Have you heard? What happened in the first hospital? "

"Liu Zihan is close to a rich man. I heard that the man has something to do with Zhang Ruoyan. Because of this, Zhang Ruoyan blocked the hospital and had a big fight with the man next to her..."

"Many people saw it then!"

"All of them have been on the hot search of major platforms, and some well-known bloggers have come out to eat melons!"

"Liu Zihan or the school flower? What a shame, Pooh

For a moment, the campus of Normal University was filled with all the negative news of Liu Zihan, but the girl just kept silent and didn't want to make trouble for herself.

Ye Chen's eyes narrowed slightly. It seems that where there are people, there are rivers and lakes.

He let Zhang Ruoyan go and didn't want to make trouble. As a result, the other party used his influence to attack Liu Zihan.

"Zihan, believe me, everything will be over soon." Ye Chen opens his mouth.

Liu Zihan looks up at Ye Chen. It seems that there is a magic power in this man. What he says can be done!

"I believe you, brother Ye." At this moment, Liu Zihan sincerely laughed, instead of the forced smile just now.

.....

After a stick of incense, ye Chen sees Liu Zihan off. He thinks twice and dials a number he hasn't seen for a long time.

He's not sure the number's working.

After all, in the past five years, things have changed and people have changed. Before ye Lingtian, he also said that the situation of Huaxia and Kunlun has changed.

Are those guys in the dark hall still there?

The call was soon put through.

"It's me, come on!"

Simple four words, hang up the phone.

At the same time, in an unknown base building in China, a burly man's body is constantly shaking.

His eyes are full of disbelief!

Even the eyes like iron turned red gradually!

Finally... A drop of tears fell!

The man cried!

This man is called the Dragon King of the blood sea by the ancient martial arts world and the Chinese underground world!

Why is it called Dragon King of blood sea!

Because where he is, it must be a sea of blood!

And the Dragon King of the sea of blood, who is feared by countless people, also has a name, his name is Lu Lingfeng!

Once the master of the killer organization Xuemei hall! After meeting Jiangcheng youth, he joined the dark hall and rose in the world!

Lu Lingfeng is so excited at the moment!

He can't believe it!

He heard that countless days and nights let him warm blood voice!

It was the voice of the Supreme Lord of the dark hall!

The existence known as Mr. Ye is back!

"Touch!"

Lu Lingfeng hit the steel table in front of him with an excited fist!

The steel table turns into powder instantly!

The huge voice even stunned all the people in the base!

Lu Lingfeng repressed his inner excitement and went to the outside door to look at a member of the dark hall who was training

"Everyone in the dark hall is on standby. I want to go out. Everyone is ready to fight!"

Lu Lingfeng's mission has been to guard China and become the most mysterious executive officer of the dark hall of China. Perhaps ordinary people have never heard of this power, but it has been widely declared among the upper class celebrities and martial arts circles of China!

It's appearance, representing the clearance and blood wash!

This is a mysterious force that is not controlled by any official or organization. It has carried out numerous operations and made outstanding achievements, but it has never appeared in front of the world!

"All these years... The Lord of the temple has finally come back!" Lu Lingfeng murmured, quickly boarded a black SUV and sped away.

"The source of the call is clear. It's near Yuecheng Normal University!" Lu Lingfeng under a soldier respect a standard combat etiquette, respectful way.

"Prepare the plane and fly to Yuecheng immediately!" Lu Lingfeng made a quick decision.

But half an hour later, a burly man with short hair and strong momentum walked into a humble snack bar next to Yuecheng Normal University.

"Lord of the temple, please punish your subordinates for their poor work." The man took off his sunglasses and wanted to kneel down in front of a young man. A gust of wind blew, but he couldn't get off his knees.

They are Lu Lingfeng and ye Chen.

Chapter 6227

"The strength of the temple master... Is so unfathomable! It seems that there is no exaggeration in ye Lingtian's original description... "Lu Lingfeng was surprised, and turned his head to calm down. Ye Chen was a person who had already ascended five years ago. Oh no, it should be God!

"That's what you're doing!" Ye Chen has no good airway.

Lu Lingfeng scratched his head and said with a smile.

"Sit down and eat together. Their fried string is good!" Ye Chen laughs.

"Come on, boss, some more bottles of wine!" Lu Ling Feng buttocks a, direct shout a way.

.....

"There is a little thing, recently my friend, her name is Liu Zihan, was pushed on the wave of the network, the person behind is a female star named Zhang Ruoyan!" Ye Chen picked up a paper towel and wiped the oil stains on his mouth.

"Zhang Jia's girl, I know!" Lu Lingfeng turned his eyes and said in a deep voice.

"Don't go too far. I have something important to deal with when I come back this time. I don't want to make too much trouble!" Ye Chen looks at Lu Lingfeng's heavy expression, for fear that he misunderstands his meaning and kills people directly!

"The Lord of the temple is joking!" Lu Lingfeng also smiles.

Ye Chen put down his chopsticks. Lu Lingfeng knew that the topic was coming: "Ling Tian should have been away for some days. What's the situation in China recently?"

"The sudden change of aura makes the situation of martial arts in China complicated. Once the dark hall was in charge of everything, but now yuan Daofeng, a martial arts master, is extremely powerful. Fortunately, yuan Daofeng seldom involves in the affairs of China, but he has some followers in China,

one of whom is known to be a family member named Lin Xiong... I fought with that Lin Xiong several times, but he escaped." Lu Lingfeng said solemnly.

"Lin Xiong has been killed by me, but I feel that there are some problems with many things. However, Wanjia is a breakthrough. Follow this line to check!" Ye Chen opens his mouth.

"What, Lin Xiong?" Lu Lingfeng was surprised that Lin Xiong's strength in China was extremely strong, and even

Ye Chen nods gently.

Meanwhile, Lu Lingfeng's mobile phone rings.

His face sank after he received the phone, and the action on Ye Chen's hand was also a meal. Obviously, he already knew it with his perception.

"Qinglong mountain range!"

"There's another piece of information. On Yuan Daofeng's side, his troops have been assembled again and have been rushed to the Qinglong mountains!"

Lu Lingfeng's face sank.

"Go Ye Chen's voice has just fallen, and his figure has already gone out!

.....

A few hours later.

"Something's wrong..."

Ye Chen steadied his figure and looked around at the crowd coming and going under the scorching sun.

Lu Lingfeng behind seems to be aware of something and become cautious.

"Over there..." Ye Chen figure almost disappeared, has come to the corner of the alley.

Lu Lingfeng followed him closely. Although he was a practitioner on the earth, he was really a teacher in front of Ye Chen.

In a flash, he has been unable to catch up with the speed of Ye Chen, lost the direction.

Ye Chen traces that abnormal breath, all the way around to a dead end. The source of breath divergence is really here.

But there was no one in the alley, only the overturned garbage can on one side was smelling.

Ye Chen Mou son one coagulates, just want to diffuse spirit consciousness, but discovered what.

"It looks like I've been hit!"

This is Ye Chen's first reaction, but the next second the corner of his mouth will be across a playful smile.

"If you want to play, I'll play with you."

At the same time, Lu Lingfeng's figure shuttles back and forth like a headless fly in the alleys of Yuecheng City, but he gets nothing.

A light blue smoke floated slowly behind him, but Lu Lingfeng was unaware of it.

"Damn it

At the moment of his chagrin, a pale and thin palm came out of the blue smoke hovering behind him!

When Lu Lingfeng noticed it, it was too late.

As soon as he looked back, his palm was firmly printed on his chest. Lu Lingfeng's body was ejected like a shell and hit the wall heavily.

"Cough..." a big mouthful of blood gushed out from the corner of his mouth. This palm came down, and Lu Lingfeng was already at the end of his life.

He struggled to get up, but the sharp pain from every cell of his body was always tormenting Lu Lingfeng's nerves.

The figure in the blue smoke walked out slowly, and the cloth shoes still didn't make any sound. He had come to Lu Lingfeng.

Lu Lingfeng raised his head and looked up, "it's you!"

The old man was not surprised. The owner of the body was also a figure in the martial arts and Taoism circles in China before. He met each other face to face. It was very common.

But the old man's pale and bloodless face was terrible. There was a trace of dark gray in his bloodshot eyes!

It was Chen Feng, the old man surnamed Chen, who was killed that day after Marriott to provoke Ye Chen!

"Jie Jie!"

Chen Feng gave out a thrilling strange laugh. A moment later, his gray black hair and purple lips opened and closed: "you are ye Chen's old part. Killing you is enough to make him crazy!"

"He will look for the murderer in this city and avenge you!"

"The purpose of my trip has also been achieved!"

Lu Lingfeng's eyes wandered: "the Lord of the temple just came back. Why do you want to do this?"

"For the sake of you, a dying man, I'll tell you to drag him here and wait for the Dragon Gas of Qinglong mountain to disperse before the game really starts."

"This game of chess is not only about China."

"Do you understand?"

Chapter 6228

"At that time, the aura of this land will be fully recovered, the boundary wall will be opened up, and this place will be connected with foreign countries!"

"As for the Terrans here, they are just mole ants. Vanishing is their best destination!"

"However, my master can have another plan, many people in China, but ye Chen's scales, if these scales become his demons, what will ye Chen do?"

Chen Feng talks about his grand blueprint. He is a foreigner. They will be the first-class meritorious officials. From then on, they will be able to make great progress!

"I see!"

Lu Lingfeng, on one side, wiped the blood stains on the corners of his mouth and slowly got up.

"Well? You're not hurt! "

Chen Feng was so surprised that the man who was dying a moment ago stood up intact!

"You..." Chen Feng felt bad.

At this time, dark clouds burst on the sky, the original sunny day completely disappeared, countless lightning dormant in the dark clouds.

It's very weird.

At the same time, the void behind Lu Lingfeng was torn, and an indifferent figure appeared like this, with both hands behind him.

It's Ye Chen!

Ye Chen's indifferent eyes swept the sky and murmured: "at present, tearing the void from a short distance will not make the Chinese way of heaven react too much."

"But it's better to use less."

Later, ye Chen took a picture of Lu Lingfeng and said, "it's hard to act. You go back first and leave it to me here."

Lu Lingfeng shook his head: "master, it's not hard."

In a flash, Lu Lingfeng's injury completely recovered.

Lu Lingfeng for ye Chen nature is incomparably believe, he took a deep look at Chen Feng, and then disappeared in the world.

"This..."

At the moment, Chen Feng's eyes were filled with fear, and his face changed several times.

Can ye Chen tear the void at will? Regardless of Chinese rules?

And it looks like it's just a piece of cake?

"Ye Chen, you...!"

Chen Feng first exclaimed, and in a moment he calmed down. Looking at Ye Chen standing not far away, he knew that he had been calculated this time.

"Now that you know our secret, you can't keep it today!"

Chen Feng hummed coldly, and rushed to us quickly!

"The field is unfolding!"

He knew that his body had been broken by Ye Chen before he died, so he still had unstable breath after he lost it. Only in this way could he become a man without man and a ghost without ghost.

This state and ye Chen fight, no different then commit suicide!

He started the field and wanted to kill Ye Chen in a special space!

The space around Ye Chen begins to twist. From Chen Feng's body, a blue shadow flies out, grabs his arm and disappears in the same place.

Chen Feng's body was abandoned at the last moment and dumped in the garbage.

In a space.

The figure of an old man appears, and the blue Chinese shirt shows the nobleness.

"Boy, you can really toss, but today, this will be your burial place!"

Ye Chen, who had not spoken from the beginning to the end, looked at the old man who showed his true face before his eyes and said:

"It seems that you are sent by the emperor Shitian. As the master of the mind devil, the emperor Shitian buried many pieces in China. He wanted to take China as the chess game, and the mind devil would invade and attack me? Is this his backhand? It's a character to lay out ahead of time in silence. "

"He is quite aware of the overall situation. If his plan is really successful, maybe Huaxia will become my demon, and then I will be easily controlled by Emperor Shitian."

"However, you seem to have come many years ago, but the information is lagging behind. Do you know that not long ago, Emperor Shitian just fought with me in the heart of the earth? He and Xuan Ji month two people join hands, is not my match? "

The old man was stunned. He opened his eyes and said, "what is the heart of the earth? Is the Lord not your opponent? You really think I'm so easy to cheat! It's impossible! How can your strength be the opponent of the master of mind and the master of destiny

"When I came to China, your strength was nothing but a mole ant! It's ridiculous

"So your name is yuan Mozi."

Ye Chen's eyes narrowed, and his mouth was full of fun.

He glanced around and found that the so-called field was similar to that of self-reliance.

However, it's not self-reliance. After all, the rules of China can't carry the power of self-reliance. These people have been familiar with the rules of China's heavenly way and created this so-called field since the change of Chinese aura.

Fighting in the field is as blessed as fighting in your own heaven outside the field.

Ye Chen's current strength can naturally tear this field at will, and even more can kill the yuan devil with a single thought.

But once forced to tear up this field, it will inevitably have a great impact on the rules of China.

It may even hurt a lot of people.

Ye Chen is thinking about the killing strategy in his mind. He guesses that the other party is definitely not alone. According to some things ye Lingtian said before, the layout of emperor Shitian here is quite a lot.

Maybe there's a future.

In a twinkling, the air around yuanmozi was twisted, and a strong smell of blood was emitted. The blood red steam rose, the void was torn, and a bloody spear was condensed!

"Broken soul blood halberd!"

Ye Chen Mou son tiny MI, this is ancient times fierce soldier!

Outside the territory, they are extremely precious.

The halberd, which was supposed to be majestic, has been polished off its edges and corners after endless years of erosion. It looks like a common spear, but the bloody evil spirit on it is rising and roaring like a dragon!

Don't give ye Chen too much time to think about, see yuan devil son in the hand of blood color long spear to stir up an almost strange arc, with all over the body fierce evil spirit straight at Ye Chen and come.

Ye Chen's figure is to disappear in an instant, dodge the attack of the bloody spear.

"Blood dance all over the sky!"

Yuan devil son a fierce drink, blood red spirit power instant diffuse in the whole space, ye Chen brow contraction, looking at this in front of the rising blood mist, that spirit power actually has the meaning of silk rules.

"Well?" Ye Chen seems to think of something, closed his eyes.

It seems that emperor Shitian really valued these people at the beginning. He came here with such a great treasure!

At that time, I didn't grow up to threaten the emperor Shitian.

Did emperor Shitian use some kind of magic to predict the future?

Yuanmozi, who has reached the peak of strength, is invincible with this treasure!

"Law blessing, blood dance all over the sky, blood dragon destroy the world!"

With the rising momentum of yuanmozi, the rising blood mist in the space gradually solidified and turned into a bloody dragon roaring on the void. With the finger of yuanmozi's bloody spear, the roaring blood dragon rushed towards Ye Chen with almost untraceable speed, trying to tear ye Chensheng apart.

On the other side of the leaf Chen, still hands behind, eyes slightly closed, thinking about how to hand, can not affect China.

Just when the Dragon tooth of the bloody dragon is only three feet away from ye Chen, ye Chen's eyes suddenly open, and the tremendous momentum is released from his body!

Chapter 6229

The Dragon stopped in an instant, and could not cross any more. There seemed to be an invisible hand in the air holding the bloody dragon's throat, just a pinch.

The dragon made of blood evil spirit, accompanied by a painful struggle, suddenly broke into pieces, turned into light and rain, and dissipated between heaven and earth.

And the palm of the crushed dragon, as if it had never appeared before, scattered in the air with the death of the dragon.

"Your strength... How could it be in my field!"

In Yuan Mozi's astonishment, ye Chen's figure is approaching again. He blows his head with a fist. Yuan Mozi is holding a bloody spear and is about to dodge, but he finds that the other party is too fast!

At this moment, he felt that he was not facing a person, but a God above heaven and earth!

For a moment, Yuan Mengzi felt that he had lost control of his body, and a sense of fear came to him, but he had nothing to do.

"Bang!"

Ye Chen's fist knot is solid, and it blows on Yuan devil's head. The blood fog spreads suddenly, and a headless corpse falls straight in front of Ye Chen.

"Boom!" The sound of sky explosion rings out, the yuan devil's body dies, and the space built by his spiritual power begins to crack, and the mountains and rivers turn upside down!

The surrounding space is constantly fluctuating!

And the ground above that alley is to spread a crack!

An earthquake is looming!

Although Ye Chen is still in the field, he naturally feels the change of the outside world. Although he tries his best to control the power, Huaxia still can't bear it!

If this space is allowed to collapse, the outside world will surely usher in an earthquake of magnitude no less than 15!

At this time, xuanhanyu's voice suddenly came: "Ye Chen, do you want to protect the outside world?"

Ye Chen nodded: "Huaxia is my hometown, I must not let people outside have an accident."

"Xuanxian, do you have a way?"

Xuanhanyu hesitated for a few seconds and said, "it's true that you take the reincarnation xuanbei as the eye of the array, build a unified array of all souls, and absorb all the power into your body."

"Because you are still rejected by the Chinese heavenly way, after all, you are too strong for China, so doing so will cause some damage to you."

"Doing so is equivalent to opening up your own weakness. Even if you are still in your true state and become a saint, you will feel uncomfortable. However, it will not have any impact on the outside world."

Ye Chen does not have any consideration, direct way: "Xuan fairy, do so!"

There is a Chinese idiom that leaves fall to their roots!

Even if he went to a higher plane, even if his strength is strong, China is his root!

His Ye Chen's root will never be destroyed!

This is the principle in Ye Chen's heart and also his way!

The next second, a piece of reincarnation xuanbei fly out, respectively guarding the boundary of the yuan devil field!

All souls come together, up!

Space burst, countless pieces of law gathered into a huge thunder ball, hit Ye Chen's body!

Even if ye Chen's strength is strong, swallowed this disordered rule thunder ball, ye Chen's face is also some pale.

.....

At the same time, the sky over China.

A purple shadow of a child looms above the white clouds.

And there was a little girl standing by the shadow.

If ye Chen and ye Lingtian are here, they will find that this little girl is the reincarnation monument Ye Chen has been looking for!

The little girl looked at the virtual shadow of the purple child and said, "I didn't expect that the change of aura made the earth produce will."

"Do you want to protect this land?"

The purple child did not speak, but his eyes were full of determination.

The little girl's eyes were not her age, and she said: "although China is different from other countries and the supreme world, and even for those higher plane, it is too small, but no matter how small the existence is, in the face of crisis, we should also protect our homeland."

"It's a shame."

Before she finished speaking, the little girl's eyes were fixed, and she seemed to notice something. She murmured, "is that boy a madman? Use all souls to come together and absorb the power of rules by yourself? "

"It's the first time I've seen such a fool in all these years."

"It's a real world. It's even able to fight against some strong men in Baijia world. Would you rather be injured and protect a group of mole ants?"

At this point, the little girl looked at the virtual shadow of the purple child and said, "this boy is a bit like you."

But at this time, the purple children's eyes suddenly opened, full of determination!

The next second, it turns into a streamer and rushes in one direction!

It's exactly where ye Chen is!

The little girl looked at the streamer disappear in sight, murmured: "in fact, I and you, have a common purpose, even if I don't belong here."

.....

The screen turns.

The influence of the fragmentation of the field is completely absorbed by Ye Chen.

Build all souls to return to one, almost free Ye Chen all spirit power, He staggers up, spirit monument in repair their injury.

At this moment, the void tears, a purple light rushes in, and instantly attaches to the damaged blood halberd.

Ye Chen's perception is extremely powerful. Although he converges his spirit and perception after returning to China, he seems to have found something at the moment and murmurs: "it seems that there was a purple light flashing just now... Is it that I am dazzled?"

.....

At the same time, Yuecheng Normal University.

"Liu Zihan, haven't you contacted brother Ye yet?" In the dormitory of Yuecheng Normal University, Huang Lingling looked at Liu Zihan who was dazzled at the window and asked.

Liu Zihan did not answer, but gently shook his head.

Chapter 6230

"I can't get through with my mobile phone..." Liu Zihan said quietly.

Huang Lingling is lying on the bed, with fruit in one hand and mobile phone in the other, brushing the hot search of each platform.

"Why? Zhang Ruoyan, is there a melon burst out again? " Huang Lingling looks at a line of words on the headline and clicks in.

"Zhang Ruoyan apologizes, and her personal attack leads to self Immolation?"

In the live broadcast, Zhang Ruoyan sobbed in front of the media and apologized publicly

"I let the fans down. As a public figure, he abused his private right to impose martial law on the first people's Hospital of Yuecheng and forbid anyone to get close to it. In the meantime, he planted the blame on Miss Liu, a student of Yuecheng Normal University, abusing her, fabricating facts and using her influence on the Internet to carry out cold violence against her. Here I solemnly apologize, I hope fans can give me a chance to be a new man, and the negative impact on society will be borne by me. I'm sorry! "

Huang Lingling looks at Zhang Ruoyan's tears in the picture, and her mouth grows up in amazement. Because it's outside, several people in the dormitory all hear the audio.

Several little girls in the same dormitory quickly turn on their mobile phones, and even Liu Zihan on one side shows an incredible look.

All of a sudden, the screen was swiped.

"For the first time, I know Zhang Ruoyan is so shameless!"

"Yes, yes, and dare to seal up the hospital under martial law!"

"The moral character is there, and she wrongs the girl students of other people, and makes a rumor that other people are rich!"

"I think the boy in the picture is Liu Zihan's boyfriend. Zhang Ruoyan must be envious of others!"

"Why, this handsome man can't see his face clearly, but he must be very handsome ("The expression of flower maniac"

"Bah, rubbish, get out of the entertainment circle!"

"Your circle is really chaotic!"

A few little girls look at their mobile phones. While they are enjoying themselves, they don't look at Liu Zihan who is at a loss.

"Yes, Zihan!"

"You are toppling the top of the entertainment industry. Zhang Ruoyan, who is your brother ye?"

"He's too good, isn't he, defending you so much?"

"If I have such a boyfriend, I will marry him when I die!"

Huang Lingling's words made Liu Zihan's face red. She wanted to find a place to hide.

"Marry him..."

Liu Zihan whispered, after all, Liu Zihan is also a young girl.

However, she knew that elder brother Ye was not interested in her. He just regarded her as his sister all the time.

"Make an appointment with your elder brother ye, and let the sisters have a meal together to guard you!" Huang Lingling said with a smile.

"Sorry, the subscriber you dialed is not connected for the time being, please dial later..." listening to the intelligent voice from the other end of the mobile phone, Liu Zihan felt a little worried.

"Brother ye, where are you"

.....

"Cough..."

A strong coughing and panting sound sounded in a deserted alley, which caused the fur of wild cats and dogs in the garbage can to explode.

An indifferent figure appeared, looking at the familiar Hutong.

"Hoo."

The man breathed a sigh of relief. "Finally, he's back."

"I didn't expect that it would be the same when I went back to China."

"But it doesn't matter to me."

This embarrassed and indifferent figure is exactly Ye Chen.

He slowly got up and looked at the chihun blood halberd not far away. Now it was dark and rusty, just like a torch with a strange shape.

But I don't know why, ye Chen feels that the blood halberd is different, but he can't say where it has changed.

Ye Chen is thoughtful.

He uses it to prop up the body, to the side of the dump, found that Chen Feng's body is still there!

As soon as his eyes coagulate, he squats down and takes out a jade pendant from Chen Feng's pocket. He feels slightly and finds that there are only two causal links in the jade pendant.

Ye Chen randomly selected one of them and sent a message like this:

"The situation has changed. There is something wrong with Ye Chen. The spirit pulse of Qinglong mountain can't be broken. I'll go to find out. It's inconvenient to contact. After three days, I'll make plans to communicate. Remember, the spirit pulse can't be lost..."

After the message was sent, ye Chen noticed that the blood spear in his hand was absorbing his own spirit power. The speed was extremely slow. He didn't notice it just now.

There are layers of rules in his own elixir field. The blood halberd is obviously not qualified to break the rules and absorb his aura.

"How can this thing be like this? Does it have anything to do with the purple light? " Just when ye Chen is puzzled, the same dark thing is against the back of Ye Chen's head.

"Don't move A cold voice came.

"Er..." Ye Chen is hard to ride a tiger.

"Turn around, no small movements." Ye Chen turns around slowly on the crutch that is still absorbing his own spiritual power. A beautiful shadow comes into his eyes. His face is small, his waist is small, his eyes are copper bell, his cherry lips are cherry, his hair is pinned behind his head, and his uniform is very fallow.

Obviously, they are law enforcement officers of Huaxia.

There was a corpse lying on the side. After groping around for a long time, the law enforcement officers must have been attracted by the change here. They were regarded as murder suspects.

"Captain of Yuecheng law enforcement team, Xu Yue!" The woman's cold voice rang out and introduced herself.

Ye Chengang wanted to explain, but found a blur in front of him.

"Damn it, this thing..."

At the last moment, the bloody spear takes away the only trace of spiritual power left in Ye Chen's body. The weak Ye Chen falls straight into the arms of the opposite beauty and bumps into her.

It's a pity that ye Chen has no consciousness at this time.

"Well?" Xu Yue said angrily, "send people to the hospital, wake up and try!"

.....

At the foot of Qinglong mountain, a black robe appeared.

He took out a jade pendant from his arms, felt it slightly, and frowned slightly.

"What's the matter?" The devil asked.

The earth devil, the yuan devil and the heaven devil are the three brothers.

"The third brother has sent us news. Let's wait for three days to keep his spirit pulse intact. There's new progress on his side. It's not convenient to contact him these days. We'll meet in three days!" The devil looked at each other and asked.

With a squint in his eyes, he realized that things might not be so simple.

He pinches the Jue with his fingers and works with his spiritual power. He just wants to keep in touch with each other, but he finds that the jade pendant has not moved at all.

"There may be something strange, but since yuanmozi said three days later, we'll wait another three days. We'll be under martial law at the foot of the mountain. Don't let anything happen to Lingmai!" The devil said.

The devil answered and floated away.

Three days, three days! He can still afford to wait.

The devil's eyes were deep and he looked far away.

.....

Ye Chen wakes up again. It's already the evening of that day. The setting sun is setting out of the window, and the bright LED light in the ward is flashing his pupils.

Looking around, four or five uniformed law enforcement officers were staring at him.

Among them, Xu Yue is included, and her eyes are coldest.
