Chapter 6231

Ye Chen can't figure out where to offend this woman. He has such a big hostility to himself.

"Tell me the truth!" Xu Yue gave a cold hum, showing her majesty.

Ye Chen in the heart wry smile a, return true become murderer, this thing how explain, more say more disorderly.

Is it hard to say that he killed people in the field, but also absorbed the rule fragments and everything of space tearing in order to protect China?

"I didn't kill anyone!" Ye Chen insists.

"You..." at this time, Xu Yue was about to walk away, and there was a knock outside the door.

Xu Yue turns her head and looks around. It's her assistant. Someone comes to her ear and whispers, "team Xu, according to the autopsy results, the man has been dead for more than two days."

"How is that possible? Did the murderer come back to the place of the accident two days later and be hit by us?" Xu Yue asked softly.

One side of the leaf Chen look indifferent, it doesn't matter.

At present, he only contacted the dark hall, not the jinlengyan of the dragon soul. In such a situation, the official means are naturally the best way to deal with it.

However, there's no need to let the dragon soul fight. Lu Lingfeng should be able to solve it.

"Investigation monitoring shows that the deceased seems to have walked into the Hutong soundly today..." the assistant whispered.

Xu Yue's face is full of incredible, looking at Ye Chen, looking at the assistant, snatching the autopsy report in the assistant's hand.

Show eyebrow instantly twist into Sichuan character.

"This, this is a complete paradox! Are you sure there was no error?" Xu Yue widened her eyes. For so many years, she had never heard of such strange things!

Ye Chen's vision is still calm, light way: "don't see, I didn't kill."

The assistant on one side tugged Xu Yue's clothes: "we have investigated the surveillance video for nearly a month. This man has never been in that alley."

Xu Yue's face changed, "and then?"

"This morning, a mysterious man and the dead stepped into the alley, but the mysterious man never came out again... After testing, the evidence at the scene did not find any trace of disguise. Besides, it's a dead end. There's only one entrance. "

"It's impossible. The dead come back to life and walk. Those who go in disappear. Those who haven't gone in appear there?" Xu Yue began to distrust herself.

"Who is that mysterious man? Take his picture and compare it Xu Yue made a quick decision.

"The national network system has been screened, and there is no such person..." the assistant replied.

"What?" Xu Yue was completely shocked.

One side of Ye Chen is a faint smile, in fact, this can not blame Xu Yue, after all, what happened today has gone beyond the scope of ordinary people's understanding, she just analysis is not wrong, is indeed no solution.

"Can I make a call?" Ye Chen asked.

Xu Yue stares at him and instructs other players to watch ye Chen and leave with his assistant.

Ye Chen has no choice but to be treated as a prisoner.

Forget it. When you recover, just leave.

Ye Chen closed his eyes and began to conserve his energy.

Xu Yue, who came out of the door, said to the assistant, "give me the surveillance picture that the man appears!"

Xu Yuexin has doubts, but no one

Is it really that kind of person?

Soon, help will be a flat handed over, when you see the people in the picture, Xu Yue expression strange to the extreme!

"Uncle Lu?"

.....

Five minutes later, Xu Yue walked out of the hospital alone to a small leaf and dialed a long lost phone call.

"Uncle Lu, are you in Yuecheng?" Xu Yue asked tentatively.

Seeing the phone call, Lu Lingfeng was surprised and said, "hmm? How do you know? "

After ye Chen left, her daughter Lu Hanshuang began to travel around the world. During this period, she met Xu Yue by accident.

Before long, they became so-called friends.

Even in the face of some special events, Xu Yue would consult Lu Hanshuang and Lu Lingfeng for advice at the first time, and even went to Lu Lingfeng's home in China many times.

The relationship is very good.

Xu Yue told the cause and effect of the matter once again, but before she finished speaking, a worried and serious voice came from the other end of the phone: "you can't neglect that person, wait until I go!"

Ye Chen, who has taken a nap for a while, opens his eyes again. Several people are still staring at him. Ye Chen wants to get up, and several people come forward to warn him, as if as long as ye Chen has a change, he will do the right thing!

At this time, the sound of running came, and several people in the room looked at each other. It was like a flood of water and beasts.

Ye Chen light a smile, he knows, Lu Lingfeng came!

Lu Lingfeng, who kicks open the door, walks towards Ye Chen. Xu Yue follows him. When several people who are about to start see Xu Yue waving to them, they leave the ward one by one.

There were only three of them left in the huge ward.

Ye Chen took the lead in saying: "there's something wrong with the plan. I'm going to make plans. I have two days to prepare. I want to meet someone! That must be the existence of enough discourse power in Chinese martial arts and Taoism. "

Now the situation of Huaxia and kunlunxu has changed, so it is impossible for the dark hall to take charge of everything, so ye Chen must meet qualified people at the moment.

Ye Chen's words of tiger and wolf refresh Xu Yue's cognition.

Does martial arts have enough say? You can see it if you want to?

Even uncle Lu in front of him

Then something even more shocking happened to Xu Yue

Lu Lingfeng bowed his head and said respectfully: "understand, Lord of the temple!"

"I'm going to arrange it. I'll start the talks tomorrow morning!"

Chapter 6232

Lu Lingfeng turned around and was about to leave, but ye Chen suddenly said: "wait, I'll go to your house to have a rest! By the way, meet Lu Hanshuang. Is she in Kunlun or Huaxia? "

Lu Lingfeng was serious: "yes! But, Lord, since you left, frost has rarely been at home, and I'm not sure if she's there

Ye Chen mou son a coagulate, just afterward a say, but didn't expect Lu Ling Feng to be serious.

"Who on earth are you?" Xu Yue reacts and starts to stammer for a while.

Lu Lingfeng looked at Xu Yue in front of him: "Yuer, this is not what you should ask!"

"But..." Xu Yue wants to say something, but Lu Lingfeng has left with Ye Chen.

"Who is this young man? He not only knows frost, but also is treated like this by Uncle Lu? From what I have just said, it seems that I have been away for several years? " Xu Yue says to herself that he doesn't know the identity of Ye Chen, but Lu Lingfeng is terrible. She knows that even those big men have to bow down to the presence of the courtiers

.....

Ye Chen came to a single family villa in the suburb of Yuecheng.

Lu Lingfeng's identity throughout China is a top-level existence, with residences all over the country.

After ye Chen returned to the villa, he went directly into the room to practice.

He always felt that there was something wrong with the blood halberd.

Ye Chen sits cross legged, his spirit power converges, and his blood halberd is suspended in front of him!

At the same time, ye Chen's spirit enters the blood halberd!

All of a sudden! A flash of purple light!

It was the purple awn that appeared after killing the yuan devil.

Ye Chen five fingers a grip, purple awn appeared in his palm.

Ye Chen's heart reads a move, this purple awn seems to have the vitality to begin to rub his face, like a child in coquetry, ye Chen is also confused by this scene, but from the bottom of his heart's perception, this light does not kill, on the contrary, it seems to be celebrating something!

Suddenly, xuanhanyu's voice came: "strange, this plane of the Earth actually breeds this level of will?"

"The will of the earth?" Ye Chen a Zheng, "Xuan fairy, what level of will is this?"

Xuanhanyu explained: "I don't know. The will is similar to the principle of heaven, but the principle of heaven is more powerful. The will of the world is like a newborn child... And the principle of heaven is the ultimate existence of metaphysics."

"Yuhuanggudi once made a deal with Tianli, which was just a will at first."

"However, I don't know if it's because China has nurtured you. There is something special about the will and level. At least I can't see through it now."

Ye Chen suddenly! Some surprises in the moment!

"This is the power of the world!"

Although the earth just gave birth to the power of the world, it is not powerful, but it is the power of the world after all. If it grows up, how can it be? Maybe it will be the level of Tianli!

But why is he attached to the blood halberd?

Does it want the blood halberd when it is young?

Ye Chen surprised at the same time, but still did not forget what to do at the moment, but in order to verify some ideas.

This time, ye Chen didn't make a sound, but asked in his heart: "can the purple awn lead the residual energy out of the spear?"

In fact, just as ye Chen expected, the purple light lingered on the blood halberd at the moment when ye Chen began to read, and began to rotate rapidly.

Ye Chen stares at all that happens in front of his eyes, and he is cheering for this little guy in his heart.

However, it didn't go as smoothly as expected.

This little guy is flat!

After a moment, the little guy slowly flies towards Ye Chen, and the speed is tens of thousands of miles less than the jump just now.

I look tired

The little guy slowly flies to Ye Chen and starts to flicker, as if he is telling something.

How can ye Chen understand what this means for a moment?

"Tired? Hungry? " Ye Chen asked.

The little guy can't respond, it's just flashing.

At this moment, ye Chen understands that if he wants to activate energy, he needs his help.

Say dry, a trace of purple awn into the body, ye Chen chest suddenly released a dazzling purple light, he wants to use this powerful power of the world, chest out of hissing light roar.

The purple light is flourishing, it instantly recovered its lively appearance, once again lingering on the blood halberd, still spinning fast!

High speed rotation seems to be the friction of the air are restless, the little guy condensed into a force, turned into a purple palm, firmly held in the blood halberd!

Then I saw the purple palm squeeze

The original blood color of the blood halberd was broken, and the murderous spirit subsided.

Instead, there is endless vitality.

"You have a crush on its body?" Ye Chen asked.

Purple awn a flash, as if the little guy nodded.

"Er..." it's Ye Chen's turn to be a little confused.

The blood halberd seems to be called the soul killing halberd.

The halberd emits a purple light to communicate with Ye Chen

"That thing is going to be born. I'm too weak to suppress it to a large extent. If the world can't keep it, the living beings will be extinct!"

"With this body, I can be a weapon, and you and I can work together to solve it! Your heavenly swords are too powerful and oppressed by the rules. I was born in this world and not oppressed by the rules... "

Purple halberd milk sound milk airway.

Ye Chen is one Zheng, curious way: "how do you know I still have sky sword?"

Miehun halberd continued to channel: "during this period of time, there has been a little girl telling me about you... That little girl has mentioned something about xuanbei many times..."

Ye Chen a Zheng, have already confirmed, that little girl is that piece of Chinese reincarnation Xuan tablet!

"Why me?" Ye Chen asked.

"I can feel your clean breath, and, to a certain extent, you are my child, and all the creatures on earth are!" Purple halberd milk sound milk airway.

It seems right to hear that, but I always feel strange.

"To stop the process of Reiki change, we must first break the seal. At that time, the underground spiritual pulse of China will be broken. After it is completed, I am willing to turn myself into a new spiritual pulse to guard China and protect the earth!"

Ye Chen's body trembled when he heard the words.

"Aren't you afraid that I will take you away and fight abroad as a weapon? At that time, the earth will lose the power to protect the world, and will become a human purgatory to be slaughtered"

Ye Chen congeals the heavy road.

In fact, he was moved. After all, the purple awn in front of him would become a natural existence.

If you make a deal with someone with evil mind, the consequences will be unimaginable for China.

"I'm afraid, but I choose to believe you!"

"If you were that kind of person, you would not rather hurt yourself than destroy everything in China."

"You make me feel more at ease!"

Chapter 6233

Finally, the voice of milk came, and the space fell into silence.

No matter how ye Chen asks questions, it will not respond any more.

A breeze blows, ye Chen eyes open, found that his exhausted spirit all came back, even more concise than before.

Ye Chen is very happy, but then he falls into a dilemma.

The spirit pulse is similar to the Dragon pulse. For this land, it is the place of Qi transportation. How can it be broken?

I don't know how to say that to those beings.

Of course, with his strength, he naturally doesn't have to communicate with those who exist.

If he is a God, who dares not recognize him?

However, for the Chinese spirit pulse, including Qi Yun, the ancient martial arts world has been guarding the spirit pulse and being responsible for it. Naturally, they have to communicate with those beings.

Dark hall and dragon soul are not all.

All in all, this matter, related to the survival of the whole earth, is not a joke!

.....

Qinglong mountains.

A shadow emerged from the void behind the demon son and said in a soft voice: "brother, the spirit vein of Qinglong mountain in China has been strangled by our rules. It's the end of the crossbow. In a few days, it's bound to break. Even if ye Chen did something a few days ago, it's just a plan to slow down.

"That thing is coming out!" In the eyes of the devil, the color of the fever is restless.

"Three days later, I'll wait for information from Mozi of the Yuan Dynasty, and then make a plan. The power of this thing is only recorded in ancient books. If I can get the corresponding information, I'll be more handy."

Heaven devil son light way.

.....

The next morning.

A morning light sprinkles on the silent earth, and several birds sing across the sky.

Lu Lingfeng opened the door of Rolls Royce, and a indifferent figure stepped down from the car.

Ye Chen looks at the pavilion and courtyard not far away, dazed.

Years have gone by. This place is so solemn and simple. It's not decorated with gold and silver, but it's respectful.

Lu Lingfeng's figure stood on one side: "Lord, I can't get in the road ahead. I'm waiting here!"

Ye Chen smiles, waves to Lingfeng, and follows a man in Zhongshan suit to the deep of the courtyard.

"Mr. Ye, please wait a moment, people will come in a minute!"

The man in Zhongshan suit takes Ye Chen to the reception room. He just makes a cup of ordinary white tea and leaves after a few words.

.....

"Lao sun, what do you think of Mr. Ye?"

"A few years ago, he was known as the God of war in China, and then he disappeared completely without any information or trace. Now that he is back, what does it mean?"

In an unknown room, a dignified gray haired old man spoke.

"Hahaha, you're joking. I heard about this boy before he went to kunlunxu. He's a typical prick and has made a lot of contributions to the ancient martial arts world of China. I just don't know what medicine he's selling in hululi this time!"

An old man with gray hair and dressed in Tang costume spoke slowly.

"Well, I heard that there was a lot of trouble just after I came back. The change of aura may also have something to do with him. The spiritual pulse of Qinglong mountain..." the gray haired old man continued to say, "in the 21st century, the things left by our ancestors can't be trusted. The times are changing. We're not going to be eliminated because we stick to the rules."

"I still feel that this boy is not reliable..." the old man in Tang costume snorted.

Grey hair old man Mou son one coagulates a way: "Gu Wu boundary changes a lot, this matter don't talk about, your that baby granddaughter's illness how?"

"Recently I've heard that Mr. Ye has a relationship with the Chinese entertainment industry. That Zhang Ruoyan is really stupid. Your Linglong is more obedient. The so-called stars should learn from your Linglong."

The old man in Tang costume sighed and shook his head: "Linglong's illness is troublesome. The so-called miracle doctors in ancient martial arts can't see it well."

The grey haired old man's eyes narrowed slightly and said, "I tell you, if you want to save your granddaughter, you have to rely on this boy. Before he leaves, he is the strongest medical God in China!"

Then, the old man in Tang costume looks at the young man in the picture, who is waiting for tea in a regular way, and is lost in thought.

"Let's go and see the God of war in the past."

.....

In the meantime, in a cafe.

A girl in tight jeans and a pure white T-shirt was holding a notebook with excited eyes.

The girl's figure is very hot, and the pure white T-shirt can't cover the proud peaks.

This person is the mysterious existence of Huaxia hacker alliance - M.

His real identity is Han qianmin of Huaxia University of science and technology.

And Han qianmin is sitting next to a woman wearing a cap, the woman's temperament is beautiful and noble, white fingers holding a coffee cup, gently taste.

Although the cap covered most of her face, it couldn't cover her beauty at all.

If paparazzi were here, they would be very excited!

Because she is now China's most dazzling entertainment existence - Sun Linglong!

If Zhang Ruoyan is the top stream, then sun Linglong is the top stream in the top stream!

Sun Linglong looks at Han qianmin's excited appearance, puts down her coffee and says curiously, "why did Xiao Min suddenly come to me today? What happened? Don't tell me it's the legendary Mr. Ye again

Han qianmin is a fierce nod, melon face full of excitement, and then turn the laptop screen, said: "do you remember the big melon that happened in the entertainment circle a few days ago, that is Zhang Ruoyan."

Chapter 6234

"What's the matter?" asked sun Linglong? Of course I know. I have a good relationship with Zhang Ruoyan. "

Han qianmin pointed to the screen and said, "I got the photo source file and analyzed it. I think the man in the photo is Mr. Ye!"

"That is to say, Mr. Ye, who is above heaven and earth, has come back!"

In the end, Han almost screamed.

Sun Linglong was stunned, looking at the gradually restored picture on the screen, her red lips slightly opened: "really or not... Doesn't that mean that my illness has been saved?"

.....

At the same time, ye Chen naturally does not know that he is being discussed by others.

At the moment, he was still indifferent to the sound of stepping.

Over the years, he has not seen any big waves?

Soon, the gray haired old man sat down and said, "I heard that Mr. Ye, the leader of the dark hall, had made great achievements for China when he was young. Today, I see that he really deserves his reputation"

The grey haired man joked.

Ye Chen is to smile: "flatter."

After a few pleasantries, ye Chen doesn't want to talk nonsense, and directly explains the meaning.

"I came here today for the change of aura." Ye Chen talks about all his experiences and intelligence since he returned to China.

The gray man's face became more and more dignified. After listening to Ye Chen's words, he said in a deep voice: "I know something about these things. Jin Lengyan, you should know that the Dragon Spirit has already been involved, but it is beyond the scope of ordinary people's understanding. It is very difficult to reverse the current situation in terms of the current development level of China and even the whole earth."

"Mr. Ye, since you came back for this matter, it means that you must have a solution, and Huaxia will fully cooperate with you!" The grey hair man smiles at Ye Chen.

Ye Chen a Leng, but didn't expect to be so happy, accident way: "Qinglong mountain range spirit vein one thing....."

"Mr. Ye, do you think I am that pedantic person? Or a stubborn old man? Although the spiritual pulse is the place where the qi movement of China gathers, if human beings no longer exist, what is the use of this qi movement"

Gray hair man smile way, his smile, full of expectations, is to Ye Chen's expectations.

"China has experienced thousands of years. It has been strong and has suffered many blows. Some things are precipitated and will not be destroyed."

"There is always something in a country that cannot be profaned."

"When the sky is broken, I refine stones to mend it. When the flood comes, I dig channels to dredge and control water. When the disease is rampant, I try medicine to cure it myself..."

"If you drown in the East China Sea, fill it up. If you are exposed to the sun, shoot it down."

"There are people who are unwilling to be slaves everywhere in the world opened up by the great axe!"

Ye Chen's body trembles, but he doesn't expect that the gray haired old man is quite different from those guys in the ancient martial arts world before.

It seems that over the years, the pattern has really changed.

"Mr. Ye, let it go. Huaxia will always be your backup!" Said the grey haired man.

"I see! Thank you Ye Chen opens a way, the vision is deep and firm.

.....

Just as ye Chen was about to leave, the grey haired old man suddenly said, "Mr. Ye, in fact, there is one more thing to ask."

Ye Chen steps to stop, some doubts.

Then the grey haired man whispered to the man in Zhongshan suit outside the window: "call Lao sun."

After a while, an old man with white hair and beard in Tang costume came slowly, looking at Ye Chen with heavy eyes.

The old man in Tang costume didn't know how to speak, but the old man with grey hair explained: "in fact, old sun has always made great contributions to the ancient martial arts world in China, but he always has a worry in his heart, that is, the illness of his granddaughter, sun Linglong."

"Sun Linglong had a strange disease a long time ago. He couldn't find anyone in the ancient martial arts world of China or even Kunlun to cure it."

"Mr. Ye has great medical skills, so I want to invite Mr. Ye..."

Although Ye Chen doesn't want to get involved in too many things, it's not appropriate to refuse now that he has come into contact with the cause and effect.

"I'll try."

.....

coffee shop.

Sun Linglong and Han qianmin are staring at the screen in a heated discussion, just at this time, a phone call interrupted their thoughts.

Sun Linglong took the call, took a look at the caller ID, and immediately took it. A moment later, sun Linglong frowned slightly: "are you sure he can cure me? In that case, I'll be right over. "

Hang up the phone, sun Linglong expression uncertain.

What she dislikes most is the kind of things that give her hope and disappoint her.

She's been sick too many times.

Han qianmin naturally guessed what, curious way: "your grandfather found the so-called miracle doctor for you again?"

"Really, I guess I've heard the ghost talk from those people in the ancient martial arts world. How can there be so many miracle doctors in this world? It's better for us to find the legendary Mr. Ye. I think we can start with Liu Zihan. "

After thinking about it, sun Linglong put on a mask and Sunglasses: "forget it, go back and have a look. After all, my grandfather is so old, and he is still worrying about my business."

"I'll go home."

.....

Two hours later.

The sun family.

Bored sun Linglong returned home, then removed the cap and sunglasses, showing a beautiful face.

When she came to the hall, she noticed that her grandfather was talking to a man with his back to him.

Sun Linglong looked around and didn't find any other old people.

Is this the young man who is the miracle doctor in my grandfather's mouth?

Are you kidding?

The man seems to be about thirty years old.

Can it cure?

My grandfather is making a fool of himself!

At this moment, sun Linglong's face is a little angry. She not only hates hope to become disappointment!
I hate being cheated!

Is grandfather an old fool? Cheated?

Some fidgety sun Linglong said: "grandfather, don't tell me, this guy is the miracle doctor in your mouth?"

Ye Chen a Zheng, although did not turn around, but the spirit consciousness then noticed sun Linglong's beautiful appearance.

Although he is used to seeing beautiful women in foreign countries, he is still a little absent-minded when he sees sun Linglong.

He knows the other party's name is sun Linglong, and seems to be a star.

But at the moment Ye Chen is indifferent to the star, just thought of some people.

I wonder if Sun Yi and Zhu Ya are in China?

Should we go and see them?

Although Ye Chen is in the sun's family, his thoughts are flying to Jiangcheng now, and he thinks of those days in Dadu apartment.

At that time, I was not strong, but I was at ease.

"Linglong, you can't be unreasonable. This Mr. Ye can cure you!"

"In the whole world, maybe only Mr. Ye can do it!"

"Don't you kneel down and apologize yet!"

The voice of the old man in Tang costume is full of anger!

He's very fond of his granddaughter, except for this!

He didn't know much about ye Chen before, but since he knew more about ye Chen through some channels, his back was full of cold sweat!

If you offend anyone, you can't offend Mr. Ye!

Chapter 6235

The old man in Tang costume knows very well how terrible Ye Chen's strength and inside information are.

Although he has never seen Ye Chen do it with his own eyes, he is sure that ye Chen can destroy the whole Sun family in a moment!

Even the whole China!

The demons that have been cultivated to the extreme are like gods, and mortals can only look up to them.

And now sun Linglong completely confused.

Why does the grandfather who always dotes on himself suddenly have such an attitude?

He's never been so loud to himself!

And because of a young man?

At this moment, sun Linglong is a little aggrieved and even more angry. In her cognitive ability, her grandfather may have been brainwashed by this young man!

"Just him? Grandfather..." Sun Linglong wanted to say something else, but he was so fierce in the old man's eyes that he immediately drooped his head.

Ye Chen sees that sun Linglong's misunderstanding of himself deepens. He turns around and stares at Sun Linglong with indifferent eyes.

But when sun Linglong saw Ye Chen's face clearly, her beautiful eyes suddenly enlarged!

Just because, ye Chen unexpectedly and Han qianmin computer in that restoration photo is extremely similar!

Is there such a person in the world?

Or is that Mr. Ye?

What a coincidence!

Sun Linglong's body was shaking and her eyes were wide. She asked subconsciously, "what's your name?"

Before he had finished speaking, the old man in Tang costume yelled: "bastard! Do you still want to call Mr. Ye by his name? "

Mr. Ye?

At this moment, sun Linglong completely confused!

His surname is ye, too!

So similar, definitely that person!

This guy is the legend Han qianmin has been looking for!

He was even one step ahead of Han qianmin to see this person?

Ye Chen seems to see the complexity in sun Linglong's eyes, but he doesn't care. In fact, he doesn't want to have too much contact with Chinese people. After all, after dealing with the things here, he will go back to the heart of the earth.

Because the layout of yuhuanggudi has just begun.

"Miss Sun, I'll treat you. Please look at me." Ye Chen light way.

Sun Linglong was a little surprised. After all, Mr. Ye was described by Han qianmin as extraordinary, even the only one in the world who could save her.

Even in recent years, Han qianmin has been telling sun Linglong about his legend and all the things she has investigated. Sun Linglong even has some special feelings for this almost nonexistent person.

It's like a mortal's desire for a fairy in fantasy.

It's normal. After all, if there is such a thing in the world, which woman doesn't want to be the other half?

At the moment, perhaps because of excitement, sun Linglong's chest keeps rising and falling, but it has a different scenery.

Then, sun Linglong looked up and just looked at Ye Chen. There was a flash of light in Ye Chen's eyes. Sun Linglong collapsed, and ye Chen held it and gently put it on the ground.

"I want to explore her consciousness. Don't worry, it won't hurt her in any way." Ye Chen's index finger gently on Sun Linglong's forehead.

For a moment, the room sparkled.

A few seconds later, ye Chen frowned slightly and found that sun Linglong's condition was not so simple.

What's more strange is that it involves cultivation.

Although sun Linglong had no foundation of cultivation, he was absolutely in contact with some strong people and relics!

"She has a memory blocked, I can't find out, if I expect it is not bad, it should be that memory, then the people behind the scenes didn't attack her."

Ye Chen opens his eyes and opens his mouth slowly.

"Is her illness hot all over her body every few days at night, and her skin is like an allergy, with rashes all over her body, pain and itching, and all the symptoms will disappear when the sun rises?"

Ye Chen's eyes narrowed and asked.

"You..." the old man in Tang Dynasty was too excited to say anything. Ye Chen said a few words, but he was absolutely right. This made him see the hope of treating his granddaughter. How could he not be excited?

"Does Mr. Ye have a cure?" The old man excitedly pulls Ye Chen's wrist and trembles.

Ye Chen gently broke away from the old man.

"Your granddaughter has not been poisoned or anything. The reason why she has this symptom is that she has a force in her body that does not belong to her. In other words, she is the same as me. However, because her body is mortal, she can't bear the circulation of this force in her body, so some people use some things to seal this force. As for why someone does this, I'm afraid it has something to do with her blocked memory. "

Ye Chen explained the situation in detail, what is placed in front of Ye Chen now is a kind of unknown.

"Can't you even find out? The old man in Tang costume asked softly.

Ye Chen nodded and said faintly: "yes, to be exact, this memory was blocked by herself, so now she has forgotten why she did it at that time..."

"Only under the stimulation of specific conditions can we wake up again."

The old man in Tang costume was staggering, looking at his granddaughter in a coma. He burst into tears.

"But I can relieve her pain for a while." Ye Chen thinks again and again and opens his mouth.

To be exact, sun Linglong's problem is not a disease at all. Since it is not a disease, how can it be treated?

Of course, ye Chen has the means to solve the problem, and the eight trigrams heavenly elixir technique can break the seal. But if ye Chen uses the eight trigrams heavenly elixir technique, it will lead to the change of heaven and earth in China. At the same time, there is a certain risk that it will cause indelible trauma to sun Linglong's spirit.

The old man's eyes again surged with hope: "what do you need me to do, Mr. Ye, please speak!"

Ye Chen released his spirit, felt it, and found something in an instant. He said: "there is a meteorite jade in Changbai Mountain of China. I need it to make it into a ring. I tear the seal on Sun Linglong's body to a crack, and guide that power into the ring. When she can master this power in the future, I will make plans!"

Ye Chen's meaning is very obvious, old fellow, want to save your granddaughter, act immediately.

Naturally, he can't waste his time to go to Changbai Mountain. As a senior in ancient martial arts, he can still do this.

I saw the old man wipe a tear mark on the corner of his eyes, nodded gently, and walked away with strong steps.

.....

An hour later.

Sun Linglong wakes up in the sun's own boudoir. The setting sun shines on her cheek, and the bloody setting sun shines on her delicate goose egg face. She takes a look at the time. According to the law, her pain should be coming soon.

At the moment, a trace of firmness flashed in the corner of her eyes, but more of it was despair and helplessness, and a line of clear tears was about to come out.

"Don't worry, it will be OK!" Ye Chen's figure leans against in front of the door, naturally perceives this scene, light voice way.

Sun Linglong looked at Ye Chen. She was not surprised. She didn't play small temperament like that during the day. She just said in a soft voice, "I've heard about you. I know you're very powerful, but I don't want to scare you. You go out. I can bear it alone."

Chapter 6236

Obviously, today she is in a coma, she still heard the dialogue between Ye Chen and her grandfather. She also knows the purpose of Ye Chen's appearance here.

Ye Chen's slender figure is particularly tall against the setting sun. While exploring sun Linglong's consciousness, he has resonated with her emotion.

"Mr. Ye, the ring has been delivered"

Just then, a man in Chinese tunic said respectfully.

ZhongShanZhuang man handed a beautiful wooden box, ye Chen took it, opened it and looked at it, a milky white jade ring emitting a faint lingering light, lying quietly in the box.

Ye Chen takes it out, puts it in the hand to play, light way: "wait for a while, the sun sets, we start!"

Sun Linglong smell speech, shoulder gently tremble, did not speak.

At the moment, sun Linglong's heart is extremely complex. Today, when ye Chen investigates her consciousness, there is no secret between them any more.

I'm afraid my naked appearance has long been seen through by the other party.

She found how ridiculous her previous childish behavior was.

Thinking of this, sun Linglong's face flushed. Of course, at the moment, she turned her back to Ye Chen. Ye Chen didn't know about the germination of all these feelings.

"Time's up, let's go!" Ye Chen looks out of the window at the dark night and whispers.

Sun Linglong nods gently. Her eyes, which were crying red not long ago, can't help peeping at Ye Chen again and again. The indifferent face of Ye Chen makes sun Linglong dazed.

Why does the guy Han qianmin has been looking for have a kind of temperament that makes people close to him?

Ye Chen naturally does not know all this, but as a cultivator, ye Chen is powerful and has reincarnation blood, which naturally has a strong attraction for girls.

Ye Chen put the jade ring on her ring finger, motioned sun Linglong to meditate, and drew a circle around her.

"Later, no matter what happens, no matter what you see, don't take half a step in this circle, understand?"

Ye Chen orders a way.

Sun Linglong nodded slightly.

Ye Chen runs the whole body's spiritual power, and the purple light envelops sun Linglong. The gradually solidified aura is tearing the seal of sun Linglong's body

"Broken!"

With Ye Chen's loud drink, sun Linglong's violent power suddenly spreads out. Ye Chen's incarnation appears outside, and the purple light turns into Ye Chen's appearance. The purple figure claps out in the void and slowly condenses the scattered blue energy.

Sun Linglong falls into the energy circle drawn by Ye Chen, and a deep sense of fatigue emerges in the cells of her whole body. Every cell is shaking.

Only eyes staring at the front of Ye Chen, witnessed all this happening.

The light dissipates, and ye Chen gathers the blue energy in sun Linglong's body

"Well? This seems to be the seal of jixuan! What has sun Linglong experienced? "

Ye Chen's hand, which is full of purple electric awn on his chest, slowly takes the jade ring and wears it on his ring finger to explore the blue energy.

Finally approaching, the purple light flashed in his hand, and he inhaled the blue energy into the jade ring.

After a while, cyan energy seems to feel the dangerous fluctuation and start a fierce struggle. It doesn't want to be sealed. If it breaks free now, it will be affected for tens of kilometers.

Ye Chen drinks a loud, purple palm makes an effort to grip, want to pull that cyan energy group close to the ring.

To Ye Chen's surprise, the group of cyan energy gave off dazzling light, and the purple palm began to crack rapidly at the speed visible to the naked eye.

Ye Chen's body also began to appear chain reaction, the whole body of the upper and lower meridians burst up, each grain is clearly visible, as if to burst at any time in general.

Like the purple palm, if it breaks, ye Chen will also be severely injured.

Ye Chen looked out of the window, clouds all over, the surrounding space is also faint fluctuations, it is obvious that he once again beyond the way of heaven.

"I need the power of Chinese rules, help me!" Ye Chen shouts in the void.

At the same time, he made a plan in his heart. If he really wanted to use the extremely strong martial arts, he would use the array again and bear it by himself!

In the distant sky, a purple spear seemed to feel something and flew straight to Ye Chen.

"How can that be? What are you doing?" Purple spear let out a roar, but this time is not the time to scold Ye Chen, it must help Ye Chen.

And the cyan energy group that is about to break free in the void is gradually taking shape.

"This is... Why it feels so familiar!" Asked the spear, waving his mind.

Looking at the head corner that the energy regiment conjures up, ye Chen Mou son one coagulates, shout a way, "quick start, it wants to break free to end!"

At this moment, the purple spear was shining and turned into a bloody halberd again. The spear tip and crescent shaped blade grew like bamboo shoots after a spring rain. The head and handle of the halberd showed their sharpness in a flash. They turned into a fierce weapon and stabbed at the changing Youth League.

"Bang" shook the sky!

Ye Chen fingers pinch Jue, looking at the surrounding space fluctuations, casting technique, all the rules, he bear.

Can bear also have a price, although did not get hurt, but ye Chen is to feel the meaning of a acme drowsiness to hit.

.....

meanwhile.

Qinglong mountains.

Demons, demons face solemnly looking at the top of the mountain from the burst of breath.

"This spirit pulse is dying, and I dare to struggle. I'm really looking for my own way to die."

The devil gave a cold hum.

The devil was a little suspicious: "when we first arrived, the spirit was just in its prime. It was only by using the power of extinction that we managed to subdue it. It's only a few days. Why is it so weak?"

"Big brother, he is just an evil animal born from an uncivilized plane. How strong can he be?" The devil replied.

"Maybe I'm worried too much." The devil sighed.

.....

The screen turns.

Sun Linglong wakes up before ye Chen.

She saw that ye Chen seemed to be asleep, slightly surprised, and then took off her clothes, revealing the proud peaks.

She carefully check the body, but no imagined disease!

This moment, sun Linglong excited to the extreme!

Mr. Ye's technique is really effective!

At this moment, I don't know why, sun Linglong subconsciously reached out and touched Ye Chen's cheek.

Her eyes changed from plain to fanatical, and fanatical to shy.

"Sun Linglong, you've been in the entertainment industry for so many years. How can that be possible?"

"You are a woman, you should be reserved!"

"Strange, why, this guy seems to have some kind of magnetic field to attract himself!"

"Or is it a physiological reaction?"

.....

When ye Chen wakes up, he finds himself lying on Sun Linglong's boudoir bed.

Sun Linglong kneels and sits beside Ye Chen, holding his hand firmly. The night is deep, and she is asleep.

"Cough..." Ye Chen a light cough, wake up the sun Linglong.

"Are you all right?" They asked in unison.

Ye Chen a smile, one side of sun Linglong face a red, light voice way: "I'm ok, strange... That disease also didn't relapse again."

Ye Chen got up and took off the jade ring on his finger: "if you put it on, I've sealed the energy in the ring. Maybe it can save your life at the critical moment!"

"Well." Sun Linglong took the ring and put it on her hand.

"It's time for me to leave, too." Ye Chen struggles to get up and goes out.

"Is it about the Qinglong mountains?" Sun Linglong asked anxiously. She learned something from her grandfather. Although she didn't know about it, she also knew that it was very serious.

"Is that dangerous?" There was a ripple in the corner of her eye.

"It's man-made. Huaxia hasn't hurt me yet." Ye Chen sprinkles a smile and leaves.

Chapter 6237

Sun Linglong stood at the window on the second floor, looking at her back. At this moment, somehow, she was different.

When ye Chen returns to his residence, there is a cursing sound in his mind:

"Do you know how dangerous it is tonight? You must control your hand! You'd better not do it at will! "

Ye Chen has already thought of the appearance that the little guy's eyes want to crack.

"I didn't expect that energy should be so overbearing. It should not belong to the earth."

Ye Chen can only explain forcibly.

"What's more, I don't want to make trouble out of it. Since its existence is known to me, I should strangle the danger in the cradle in both emotion and reason. Who knows such a thing will happen."

"Well... It seems that this time, the earth really can't hold on." The baby started to sob.

"You don't believe me? Don't worry, I will protect this land! " Ye Chen smiles and comforts.

After a stick of incense.

"I've known you for a long time, but I haven't asked your name yet?" Ye Chen a bottom nest in the sofa, cross legs on the tea table.

"Well, it's been a long time to ask me. I won't tell you." The baby made a face.

"Your state is always purple, call you little purple!" Ye Chen is serious.

To tell you the truth, ye Chen is not good at naming. Shuangtong mengyan Xiaohuang and Xiaohei have a little purple now.

I don't know if there will be Xiaohong or something in the future.

.....

Soon, after a day of cultivation, ye Chen looked at the jade pendant and fell into meditation.

"Today is the day to get in touch with those two old guys. I'd like to know what the chess game is like!"

Ye Chen goes back to the alley again. He does the same trick again, pinches his fingers and casually turns into Chen Feng.

Take a deep breath and communicate with the jade pendant.

"Big brother, second brother!"

"How?" The jade pendant communicates, and the voice of the heaven devil and the earth devil comes in an instant.

"I do have some information about ye Chen, but..." the "Chen Feng" in the video faltered.

"What happened?" The devil's eyes were cold.

"I had a fight with Ye Chen. He was seriously injured and I lost my weapon." At the end of the mobile phone, ye Chen's Chen Feng has more grievances.

One side of the devil son a listen to Ye Chen seriously injured, that is not the Qinglong mountain trip naturally?

Since ye Chen is seriously injured, no matter whether the weapon is lost or not, the three men will take it!

"But don't worry, elder brother. I've done something on the weapon. At that time, I can give the seriously injured Ye Chen a fatal blow, plus the joint efforts of the three of us..." Chen Feng saw that the devil didn't mean to blame him, so he whispered.

"Third, you did a good job!" Heaven devil son happy way, one side of the devil son also nodded, "by the way, what is your intelligence?" The devil continued.

"That thing is likely to have been born with intelligence. Once it is born, it needs a container!" Ye Chen says casually!

"What? Wisdom? " The devil exclaimed.

"Yes, I followed Ye Chen, and he and the old guys in the ancient martial arts world of China got confirmation, so I did something in the blood halberd. At that time, we will use it as a container, and we will warm it up, and the plan of the temple master will be able to..." Chen Feng gave a strange laugh.

"This plan is feasible. As Chen Feng, you can bring people to Qinglong mountain range. The plan starts immediately. It's always good to have more people to explore the way." The devil ordered.

"Yes, I'm going to get ready!" Chen Feng breaks off the connection between the jade pendant and restores Ye Chen's face again.

.....

It won't be long.

Qinglong mountain, the foot of the mountain.

"Big brother! Second brother Chen Feng steps forward and joins the demons of heaven and earth.

"I've brought all the people."

Chen Feng said softly.

Tianmozi glanced around and was very satisfied. Although they were all mole ants, there were so many people. They were all ancient martial arts practitioners. They were enough to resist some troubles.

These people are just a peripheral insurance for their plans. As for the things in Qinglong mountain's spiritual veins, they can't help sacrificing as flesh and blood food.

"Three of us, go up the mountain at once!" With a wave of the devil's hand, the three figures rushed to the top of the mountain.

At this time, disguised as Chen Feng Ye Chen good strange way: "big brother, second brother, if ye Chen appear how to do?"

"Those who should come can't escape. It's important to break the seal on the top of the mountain. If this guy dares to come, he will be killed at the same time. If he is seriously injured, he will only take his own shame!" The devil's eyes are indifferent.

.....

Come to the top of the mountain again, the head of the green dragon.

"It's time to go to hell for this lingering pulse of Qi and fortune!" The devil takes back the strangling power of the extinction law, and a low dragon chant comes from the array! At that time, Chinese Aura will change completely!

Heaven devil son wants to start, at this time, one side of Chen Feng is suddenly open a way: "you really don't worry about ye Chen?"

Their expressions changed. They looked at Chen Feng and said, "Why are you so weird today?"

Chen Feng smiles, hands behind him, his face changes instantly, and returns to the appearance of Ye Chen!

"Because I'm the one you're looking for!"

With these words, the face of the heaven devil and the earth devil changed greatly. As soon as they wanted to sacrifice their weapons, an invisible force controlled them!

Ye Chen's indifferent face looked at them, and then took a look at the underground spirit pulse, and said: "Does emperor Shi naivete think that relying on you, I can take Huaxia as my heart demon? How ridiculous

The sky devil son and the earth devil son pupil enlarges, wants to break free, but discovers, does not have the qualifications at all!

There's only one possibility!

Not that they are too weak, but ye Chen is too strong!

When he came to China that year, he learned that ye Chen's strength was totally different!

At this moment, they feel a god standing in front of them!

The supreme god!

Ye Chen did not use too many means, continued: "what is your plan?"

"And what does yuan Daofeng represent in this game of chess?"

Heaven devil and earth devil look at each other, and their eyes are full of determination.

Suddenly, the devil said with a smile: "in fact, even if I can't wait to intervene, the seal will be broken."

"Ye Chen, I admit you are very strong, but this game of chess has come to the end, you can't stop it at all!"

With that, the two extreme forces filled their bodies!

Self explosion?

Ye Chen's face is a condensation, you know, these two people are from outside, if self explosion, let alone Qinglong mountains, even the whole China will be extremely serious trauma!

The key two may have been prepared for a long time. Now they are limited by the rules and can't stop them at all!

damn!

Ye Chen no longer think about it, reincarnation xuanbei for the eyes of the array, once again gather big array!

It's a big deal. I'll take it again!

"Touch!"

The ultimate energy is completely full at this moment!

At the same time, ye Chen informed Lu Lingfeng and said: "Lingfeng, take people away as soon as possible!"

Chapter 6238

.....

I don't know how long it took.

Some embarrassed Ye Chen stands up, his casual clothes are a little fragmented, and his face is pale to the extreme.

The breath in Dantian is extremely disordered!

Fortunately, he used xuanhanyukou's big array more than once, and his technique became more skillful, but he was not so embarrassed as before.

However, the body will naturally be weak for a short time.

He looked at the Qinglong spirit pulse with a dignified look.

The problem of Qinglong Lingmai is more serious than imagined. Although it has prevented tianmozi and dimozi, the problem is much more serious than imagined.

The urgent task now is to solve the problem of spiritual pulse fragmentation. The dragon head of spiritual pulse has been cut off, and the vitality is nearly cut off. China must have a new spiritual pulse to nourish, and the qi movement can be condensed again!

"I'll do it!"

Just at this time, the Milky voice sounded.

"Although I'm just a newborn, I'll guard the fortune of China for the time being, and nothing else will happen. Moreover, I need to rest and improve my strength recently..."

"If you lose this game of chess, there will be nothing left!"

Stubborn voice sounded, small purple in the heart of the emergence of a deep sense of powerlessness, a huge gap, insurmountable!

Just now, ye Chen suffered the scene of two strong men's self explosion again, which deeply shocked Xiao Zi's self-esteem. As the original will of the birth of a world, it should be the master of the world, but now it can't even protect its own home.

This makes it difficult to accept for a while. The deep sense of loss brought by the huge contrast makes it feel endless self blame.

"Don't think too much!"

One side of leaf Chen light voice way, how can he not see small purple of these careful thinking?

"You are just born. Sooner or later, you will have to protect this planet. As for the present transitional period..."

Ye Chen meditated, and after a moment, he said with a smile: "there's still me. You're here to practice in isolation. You don't need to break through the bottleneck. Your accomplishments can grow by leaps and bounds. At that time, I can't stand it. You can do it again!"

"Before that, I can carry it. Don't worry!" Ye Chen's eyes were full of firmness.

Ye Chen is right in saying that the original power of the birth of the world will, indeed, does not need to break through the bottleneck to be able to fly a thousand miles, it only needs time!

Xiao Zi gave a heavy hum. The next second, she turned into a streamer and poured into the spiritual pulse. "I want to divide some of my strength to nourish the Chinese spirit, and at the same time, it is also the growth of counter tonic power. Before that, I will fall into a deep sleep. If there is any danger, let people come here to wake me up!"

Ye Chen nodded, then stopped staying, and went down the mountain to the retreating members of the dark hall.

"All members of the dark hall follow orders, return to the organization and stand by!"

Ye Chen's words, the four sides of the people and horses together, followed by a shadow dissipated, for this legendary Temple master they deeply worship and admire, it is absolutely not disobedient existence!

If Lu Lingfeng is their backbone, ye Chen is their eternal God!

Lu Lingfeng did not leave, but in Ye Chen's side, asked: "temple Lord, has the matter been solved?"

"What shall we do next?"

Ye Chen Mou son tiny MI, light way: "at present, I need more information, this chess game, the information that we control at present is only the tip of iceberg."

Seeing this, Lu Lingfeng understood something: "Lord of the temple, in this case, we might as well use that power?"

Lu Lingfeng spoke softly.

He knew the horror of the man in front of him, even he had no way, so it was difficult.

"Well?" Ye Chen eyebrows pick, looking at Lu Lingfeng.

"Lord, forget that there is a mysterious force in our country?" Lu Lingfeng smiles gently.

Ye Chen is a Leng first, immediately also thought of what, "I forgot to contact the dragon soul."

Lu Lingfeng laughed and nodded, "I'll contact them now!" Then he dialed the phone.

After a while, Lu Lingfeng came over and said in a low voice, "temple master, it's all arranged. We'll wait here for a moment, and the helicopter will pick us up right away!"

Ye Chen nods gently. Although he can fly directly into the sky, now he has some injuries. It's better to take the earth's transportation.

"Buzz, buzz!"

A agitation came from afar. Soon, an armed helicopter came from afar and hovered over Ye Chen and Lu Lingfeng. The air flow of the propeller raised a strong wind and blew away the endless snow.

"Pa!"

With a clear sound, you can see that ye Chen and Lu Lingfeng are separated from the world in the space of three meters. Can't the strong wind from the helicopter blow in?

Lu Lingfeng looked at Ye Chen and his eyes were shining: "is this the power of the temple master? Even space can be isolated? "

He muttered to himself.

Indeed, in the mortal world, ye Chen's operation is just like a god!

At the moment, a valiant figure on the helicopter, seeing this scene, his eyes were also bright, and his body was shaking: "Mr. Ye... It turns out that what Mr. Ye Lingtian said is true, Mr. Ye, he... Has really become a God"

Ten meters away from the ground, at the landing helicopter door, a beautiful shadow leaped down, turned in the air for three and a half weeks, a gorgeous squat, standing firmly on the ground.

Ye Chen nods gently. In the field of the earth's martial arts, this person has good skills. I'm afraid that Lu Lingfeng may not be able to completely suppress her!

Chapter 6239

Of course, the fight between life and death is another matter. After all, the action of the dark hall is inevitably bloody. How to kill the enemy accurately and quickly is their field.

Ye Chen thoroughly see this beautiful shadow, thinking back a few years ago.

He has just come to the fore in Jiangcheng. He has killed many powerful people in the Wudao Bureau and many families in Jiangcheng. They all keep away from him. Only Jin Lengyan and Jin's family stand beside him from the beginning without hesitation.

Jin Lengyan's chess game is far sighted.

At the beginning, he invited Jin Lengyan to the dragon soul, and did nothing else. Now Jin Lengyan becomes the leader of the dragon soul, naturally relying on his own efforts.

"Jin Lengyan, you little girl, it seems that you haven't lost your cultivation in recent years!"

Ye Chen in that figure rise of moment, light voice way.

Ye Chen has spent tens of thousands of years in some special time and space outside China. Naturally, no one is big.

Jin Lengyan's long hair drifts with the wind. Her light makeup can't cover up her dusty temperament. Her tight combat clothes show her graceful figure.

"Mr. Ye... No, since I have entered the dragon soul, I should call Mr. Ye instructor! instructor! How can I be a little girl? It's too small! " Jin Lengyan shrugged the waves in front of her chest.

She deliberately called as the instructor, naturally intended to narrow the distance between Ye Chen and the dragon spirit!

"Er..." even ye Chen was surprised for a moment.

In a twinkling, the charming smile on Jin Lengyan's face dissipated, replaced by a serious look. He came to Ye Chen with a strange step, but it contained rules. At the same time, a right fist with a lot of aura attacked Ye Chen!

Ye Chen chuckles and nods to herself. The girl's strength has improved over the years, and her strength and degree have obviously improved several grades!

And this set of movements should be taught to the dragon soul, and the pace is extremely special.

"I remember that I didn't teach dragon spirit. Before the enemy loses the ability of action, can we take it lightly?" With the sound of a light drink, Jin Lengyan's face changed.

Hit the air!

When the air didn't react, he gave it a heavy blow!

Where is Ye Chen's figure? Is this human speed? Disappear in place?

At the moment when Jin Leng Yan was stunned, a powerful arm had been around her slender neck from behind, and it was gently buckled up. Jin Leng Yan couldn't get rid of it, only felt a trip at her foot.

"Poop

He sat on the ground.

"Just want to praise you, you give me off the chain?"

Ye Chen's voice spreads, fell a fart Dun son's gold cold wild goose to get up.

"Instructor, are you still human?"

The gold cold wild goose discontentedly looked at the man who had not seen for a long time in front of her, at this time she just showed a knowing smile.

"I haven't seen you for a long time. It's not too much for me to hold the Dragon Spirit commander."

Jin Lengyan doesn't give ye Chen time to react at all. He steps forward quickly and hugs Ye Chen tightly.

The waves in front of his chest turned and made Ye Chen feel strange. Lu Lingfeng saw it and turned his head wisely.

"That..." now it's Ye Chen's turn to be a little at a loss. He can only say: "after ye Lingtian leaves, how much does the dragon soul know about the change of aura?"

"I know something about Reiki mutation. After all, our dragon soul lives on it!" The gold cold wild goose vision astringed some, proud way.

Then, the golden goose handed out a tablet: "there are all the information found by the dragon soul on it."

Ye Chen took the tablet, looked for a long time, but found a lot of harvest.

Yuan Daofeng has a lot to do with the change of aura.

Yuan Dao and tianmozi kept in touch.

Although tianmozi and others come from outside China, yuan Daofeng seems to be the real actor.

Maybe it's because yuan Daofeng is not influenced by the way of heaven and the rules of China and can do whatever he wants, or maybe he is familiar with everything about China.

"Where is yuan Daofeng now?" Ye Chen asked.

But at the moment, Jin Leng Yan is a little hesitant.

"What's the matter? Is there any news you didn't tell me?" Ye Chen looks at gold cold wild goose this appearance, guess this wench in the heart have nothing to say.

"In Huaxia University of science and technology, there is a female student named Han qianmin. What is puzzling is that this girl named Han qianmin has been investigating yuan Daofeng and you, even before you want to find him..." Jin Lengyan frowned, and things didn't seem as simple as she thought.

"Is there a problem with this girl?" Ye Chen asked softly.

Jin Lengyan sighed, "the biggest problem is that she has no problem..."

Jin Lengyan continued, "I have investigated her family background, that is, ordinary people, not practitioners, and Yuan Daofeng also belong to the kind of eight pole relationship, but I don't know why, she is investigating yuan Daofeng and you, and the reason remains to be verified..."

Ye Chen smiles: "I have to admit that there are some things in your survey results, but I also have to say that there are not many things"

"..." Jin Lengyan gave him a white eye, a burst of speechless.

"In a word, you must be above me in terms of investigation, but it's not easy to get the results so quickly, otherwise I won't come to you. Take your time. This kind of thing is not like cooking beef in hot pot. I can't be in a hurry..."

Ye Chen admonishes Jin Lengyan to be more open. Looking at her state, she is blaming herself. After all, she can't get the result in front of Ye Chen. For her, what she loses is more than face

"Diddiddidi."

The information came from the mobile phone, Jin Lengyan opened the information, and a touch of joy appeared.

"According to the latest news, there is a trace of yuan Daofeng!"

Gold cold wild goose hope to Ye Chen's vision, this time full of proud smile.

"Strange... Near a place in Huaxia, the people of longhun found the trace of yuan Daofeng, but they can't be sure yet..."

Ye Chen Mou son one coagulates: "say Cao Cao, Cao Cao arrives... Look, must go to see after all!"

"I'll go with you!" Jin Lengyan is in a hurry.

.....

Half a day later, ye Chen and Jin Lengyan appear at the airport.

"Split up, I'll investigate the trace of yuan Daofeng. You can see the girl student named Han qianmin!" Ye Chen opens his mouth.

Jin Lengyan directly rejected Ye Chen's idea: "Han qianmin, you go there. She has a lot of secrets that you need to verify. As for yuan Daofeng's trace, let's track it. Your cooperation with the dragon soul team is far less than the tacit understanding I have with them..."

Ye Chen is worried about Jin Lengyan's safety and is about to say, "no, it's too dangerous..."

Without waiting for ye Chen to finish, Jin Lengyan turns around and leaves, leaving only a light sentence: "the dragon soul team is good at tracking. Your strength is too strong. It's easy to scare the snake when you go. We won't fight him head-on. We'll contact you as soon as we have news."

Ye Chen looks at the figure that has gone away gradually, and has to give up!

Chapter 6240

.....

Huaxia University of science and technology.

The canteen at noon was a sea of people. Several female students rushed in and scattered to have dinner.

"Auntie, I'd like some shredded potatoes, and this vegetable with oil and wheat!"

"I want some cucumbers and tomatoes!"

The aunt of the canteen said with a smile, "little girls, it's not good to be a vegetarian. The meat and vegetables here will be out of the pot soon. Here's some for you"

"No, auntie, we are in a hurry. Sun Linglong's concert will start soon in the afternoon. We have to go ahead of time to occupy a place!"

Auntie smiles and shakes her head: "my daughter, like you, also likes chasing stars. Come on, let's go!" After that, he handed over the good meal.

In the twinkling of an eye, the four girls had finished the division of labor, sat on the table and began to eat.

"Ten minutes to fight"

"Xiaoyan, you're in a hurry. It's two hours before the concert starts..."

Huang Yi, the girl named Xiaoyan, glanced at her roommate, who was sitting beside her and eating quietly. She said, "Qian min, why don't you talk? Is there something on your mind? Today, sun Linglong is coming. I must ask her for autographs!"

"Qian min?" Seeing that her roommate didn't respond, the girl in yellow asked again.

"Ah? I was just thinking about something else. I didn't notice. "

Han qianmin looked back at Xiaoyan with a slightly apologetic look. At this time, another girl laughed and joked, "qianmin's good friend is sun Linglong. The status of the entertainment industry is even better than that of sun Linglong. Sun Linglong is not enough to make our qianmin baby look forward to it!"

"Oh, don't make fun of me!" Han qianmin is a little absent-minded. When he mentions his good friend sun Linglong, there is a trace of worry in his eyes.

At this time, Xiaoyan patted Han qianmin on the shoulder“ Look, there's a handsome guy over there. I really want his contact information“

Han qianmin smell speech, turn head to look, unfortunately with her angle, can only see a slender figure.

"Wow, I've seen all the handsome guys in HKUST. Where does this little brother come from? I've never seen him. I don't know if he has a girlfriend!"

Xiaoyan began to unrealistic fantasy!

"Eat fast, I can't catch up with the concert." Han qianmin reminds a way, looking at that slender figure, she fell into meditation.

I don't know why, she always thought this figure was familiar.

It's just like Mr. Ye who has been investigating.

Not long ago, sun Linglong told her that she had met Mr. Ye, and Mr. Ye also took steps to treat her, but now Mr. Ye has gone to the Qinglong mountains and is missing.

Han qianmin has some helplessness. He has been looking for Mr. Ye. Why did Linglong see him first?

More importantly, if Mr. Ye goes to the Qinglong mountains and disappears completely, does it mean that he has to wait a few more years?

At the moment, the inexplicable handsome guy who appears in the canteen is Ye Chen who mingles with Huaxia University of science and technology. Now he just wants to understand the relationship between Han qianmin and Yuan Daofeng!

He didn't want to scare the snake.

Is Han qianmin a descendant of yuan Daofeng?

"And... Sun Linglong... Why is this guy here, alas!" Ye Chen has a headache. He doesn't see sun Linglong much, but somehow, he feels that sun Linglong has some special feelings for him. He doesn't want to be infected with too much cause and effect, but now he can't escape.

Ye Chen's figure follows behind silently.

"It's the handsome guy in the canteen. Let's get closer to him!" Xiaoyan, a girl in yellow, said excitedly, now it's OK. You can catch the stars and watch the handsome guys!

On one side, Han qianmin just quietly followed his roommate. Instead of looking around, he just sat down quietly and began to study,

"Qian min, what are you looking at, so fascinated?" Xiaoyan has nothing to do about it, chatting.

Han qianmin raised an abstract in his hand: "it's a manual left by my father, which records some difficult and miscellaneous diseases. It's a medical book."

"Oh, you still love to study medicine?" Xiaoyan said.

"..." Han qianmin didn't answer, so he bowed his head and continued to read.

At about 5 pm, the whole square is already a sea of people!

"Sun Linglong hasn't held a concert for a long time. I don't know why she suddenly came to the campus to participate in the activities."

Among the crowd, college students are discussing with each other.

"It's said that sun Linglong's illness has been cured by a miracle doctor, so she can now be active in the major stages"

"It seems that he is a miracle doctor in Yuecheng"

On one side, Han qianmin raised his head and looked at the two students in the discussion. He wanted to say nothing.

All of a sudden, thunderous applause came from the scene!

On the big screen, there is a strong dance music, and an electronic sound throughout the audience,
