Chapter 6241

The audience under the stage gave out bursts of shouts, and the storm like cheers and turbulent flow of people drowned Han qianmin, who was going to get up to ask.

A beautiful shadow stepped on the high-heeled shoes polished by Amethyst, her long hair curled behind her head, and the light makeup on her delicate oval face added a sense of dust to her.

Good afternoon, everyone. I'm sun Linglong

As soon as the voice sounds like the sound of nature, it attracts the whole audience to shout.

"Goddess

"Goddess

"Today is the first time that I have been invited by the school of Jiangnan University of science and technology to perform on the stage again after I have been away from the stage for a long time. In this quiet time, I have thought a lot and changed a lot. All this benefits from the person I met."

"Today I bring you a new track," you in the sunshine "for you

There's another commotion under the stage!

"It's great to hear sun Linglong's new song for the first time!"

Xiaoyan exclaimed excitedly.

The soft music starts slowly, sun Linglong's thin lips gently open:

"You know I've never been afraid to go away!"

"Everywhere you can see, you are all happy. Just a glimpse of it, you can see that it is better than countless people in the world..."

Melodious melody floating over the square, thousands of people listen!

"This song of sun Linglong is so sad!"

"Secret love is the most painful, I want to express it to the person I like!"

The mood of the song plays up everyone's mood. At the end of the song, there is an endless voice of confession.

"Zhou fan, I can't live without you. How about being my boyfriend?"

A girl's cry came from a corner of the scene!

This speech brought along the rhythm of the whole venue!

"Li Wei, secret love really has no result, I like you!" A boy yelled.

Sun Linglong on the stage looks at the constant voice of confession from her classmates. Every time she looks at a certain direction, her eyes are even more envious.

"I want a boyfriend!" Xiaoyan yelled in the first row!

Sun Linglong went along with her reputation. Naturally, she noticed the girl in yellow. Everyone else was saying that she was the only one crying for a man

Sun Linglong one eye sweeps away, just want to say something, the result her vision fixed frame in that not far away of a human figure body, some accident, because the opposite party is Ye Chen.

At the moment of Ye Chen and sun Linglong four eyes relative, sun Linglong moment some excitement and reaction.

Ye Chen is helpless, can blunt her to nod lightly, smile, put up thumb!

Sun Linglong tears in the spin, see this scene, can't help but laugh out a voice, attracted the whole audience sensation!

"Goddess

"Goddess

I saw sun Linglong continue to say: "today's new song can bring so many talented and beautiful students together, it's a worthwhile trip!"

"Once upon a time, my career hasn't improved, and my hometown seems to be hard to give up and integrate. It's time to talk about marriage, but I'm still on my way to find myself!"

"Finally, I also found the person I want to chase!"

There was a loud noise in the crowd.

"Does Sun Linglong have someone to like?"

For a moment, there was a lot of discussion, and soon everyone found a clue. Sun Linglong's eyes never flickered, and he kept looking in the same direction. Was this man at the scene?

.....

This concert is unprecedented, but also exposed the biggest melon, sun Linglong openly confessed in the concert, the man's family is still unknown

This brings about a series of chain reactions. Ye Chen is the first two. Of course, this is later.

Ye Chen doesn't intend to get involved in this cause and effect.

.....

Backstage at the moment.

"Why are you here?" Sun Linglong changed the warm look on the stage, looked at Ye Chen's eyes, including the color of shyness, red ears through half the sky.

Ye Chen sees this, light way: "just in the investigation of some things, hear you want to open a concert, come to have a look!"

Sun Linglong looked up, looking a little excited, and wanted to see himself? Is it difficult

For a moment, I was daydreaming.

Both of them fell into silence and didn't know how to open their mouth to ease the embarrassment!

"Dong Dong Dong." A knock came, and sun Linglong's assistant pushed the door in and whispered in his ear.

"My friend?"

Sun Linglong looks at the assistant in a puzzled way.

"Yes, I especially want your autographed photos, so I'll send them to me..." the assistant explained.

Sun Linglong looked at Ye Chen, thinking again and again, "let them in!"

Ye Chen hears speech, rise to light voice way: "you are busy first, I withdraw first!"

Smelling speech, sun Linglong's face was a little disappointed. Ye Chen continued: "I'll stay here for a while. I'll have dinner together when I'm free!"

Sun Linglong turned his worries into happiness and nodded his head!

.....

Just out of the backstage, ye Chen, wearing a cap, walks dignified in the campus of the University of science and technology.

All of a sudden, a voice rang out from behind, "is your surname ye?"

Ye Chen smell speech, turn round to look, it is Han qianmin.

He was a little surprised. Did the woman know herself?

Ye Chen did not answer, but said: "what's the matter?"

"You are the Chinese god of war, ye Chen, who flew away five years ago?" Han qianmin's words are amazing. He tells Ye Chen's secret.

She just felt like it in the distance, but she couldn't be completely sure if this person was the one she was looking for.

It's just a woman's sixth sense.

Ye Chen eyebrows a wrinkly, ten thousand don't think oneself will be discovered, the guard in his heart is more than a few points.

"No Ye Chen light way.

Han qianmin hesitated for a few seconds and felt that his behavior was funny. He apologized and said, "I'm sorry, I recognize the wrong person."

Then, Han qianmin left.

Ye Chen looks at Han qianmin's back as he leaves and falls into meditation. After a while, his mobile phone rings:

"Instructor, there's a situation!"

It was the message from Jin Lengyan that made Ye Chen shake his head and disappear in the dark.

Late that night, ye Chen rushed to the appointed place to meet with Jin Lengyan.

Ye Chen has a plan in his heart. If he meets yuan Daofeng, he will suppress him directly!

But the premise is, get a lot of useful information!

Chapter 6242

Meanwhile, a suburb of Huaxia.

"Leng Yan, what's the situation?"

Ye Chen sees Jin Leng Yan and asks as soon as he meets her.

Jin Lengyan's beautiful eyes looked at Ye Chen, hesitated for a few seconds, and said: "there is no whereabouts of yuan Daofeng, but the team members of dragon soul said that someone has yuan Daofeng's energy fluctuation, which is extremely short, and the other party is hiding in it..."

"Besides, this guy inside seems to have been in the dark hall for some time before, and then he left for some unknown reason. He stayed for a short time."

Ye Chen is tiny a Zheng, some strange, but didn't expect that the other party would touch a little relation with the dark hall.

Did someone betray in the dark hall?

Logically speaking, Lu Lingfeng should not make such a low-level mistake.

"Don't scare the snake. Wait and see. How long has he been in?" Ye Chen asked.

"I haven't been out since last night!"

Ye Chengang wants to release his spiritual consciousness and check the situation inside. Jin Lengyan's voice interrupts his thoughts.

"Well, how could it be her?" Jin Lengyan's voice sounded in surprise, and ye chenxun's face was extremely strange.

Han qianmin actually appeared here at this time.

How could it be her?

See Han qianmin's figure step by step toward the dilapidated cottage, she carefully looked around, until disappeared, closed the door.

Ye Chen opens his mind and listens to the dialogue carefully.

"Uncle Liu, have you found it?" Han qianmin said.

The man sighed and said: "Qian min, I had contact with the person you investigated. He didn't recognize me. I took a long look at him and then withdrew! The other side is very strong, far stronger than all the strong people in the dark hall I know. "

"I'm really curious. As the king of the hacker alliance and a student at the moment, why do you want to investigate this guy at all costs? This guy is hard to deal with. Gu Wu is extremely powerful. Your father... "

Han qianmin changed his attitude in school and said: "uncle Liu, I have my reasons. I have to find him!"

The man named uncle Liu shook his head helplessly and advised: "let me remind you that he is a dangerous person. You should be careful..."

.....

Naturally, Jin Lengyan also heard the conversation. Her eyes were fixed and she continued:

"Yexian... Drillmaster, in fact, about Han qianmin, we still have a piece of news that we didn't disclose to you, which also surprised me."

Ye Chen is tiny a Zheng: "what?"

Jin Lengyan pondered for a moment and said, "in fact, there is something wrong with our investigation of Han qianmin."

"There is something special about Han qianmin."

Ye Chen some accident, way: "special in where?"

Jin Lengyan continued: "in fact, Han qianmin has some contact with you. Specifically, Han qianmin's father once worked in the dark hall and the dragon soul."

"What Ye Chen's expression is extremely strange.

Jin Lengyan apologized and said, "it's because of this relationship that my investigation has been hoodwinked. She always thinks that she is just an ordinary person. Although she doesn't know Gu Wu, it's because of her father's relationship that the level of things she contacts is no lower than me."

"In addition, she is also the m of Huaxia hacker alliance. Her position in the Internet world is just like your position in the ancient martial arts world. In terms of data investigation and analysis, she is equal to the dragon soul."

Before Jin Lengyan finished, Han qianmin's figure came out of the dilapidated hut and headed for the city.

Ye Chen couldn't bear to think about it, so he quickly put down a sentence to Jin Lengyan, "continue to follow separately! You stare at that man. "

What does Jin Lengyan want to say? She didn't say it. She wanted to continue to explain Han qianmin's father.

.....

meanwhile.

Ye Chen followed closely.

Along the way, Han qianmin did not show too strange behavior, ye Chen followed to a civilian area.

"Why are you missing tonight? I'm still anxious to find sister Hong!"

"Look at the way you can't help it up. Sooner or later, you will die on a woman's belly!"

"Boss, there's someone in front of us!" The burly man at the head took a puff of his cigarette, threw it aside with his backhand, and took out a dagger from his waist.

"Oh, she's still a smart girl!"

Han qianmin just came into the corner, when he saw clearly that the comer wanted to escape, it was too late.

"You... What do you want to do?" Han qianmin's voice is a little calm.

But there was still a little confusion in the calm.

Although Han qianmin's father worked in the dragon soul and dark hall, he didn't teach his daughter any ancient martial arts and martial arts. After all, the ancient martial arts world was too dangerous, and he didn't want Han qianmin to enter that world.

The wretched man replied with a smile, "little sister, don't you know it? Brother, if you want to spend some money, I'll ask you to take some for emergency

Han qianmin knows that he is not the opponent of the three. Fortunately, the other side just asks for money. He quickly throws all his valuable things on the ground, "here, I have no money for you!"

Han qianmin's figure retreats.

"How do we know if you're cheating?" he said? Well, let's search! "

Immediately look a cold, draw out the waist of the dagger to the other two people nodded, three people toward Han qianmin figure close.

"Don't come here!"

Han qianmin let out a roar, but she couldn't run past three big men. She was grabbed by her hair and grabbed back.

"How many brothers do you want to play with?" The wretched man began to untie his belt.

The other two laughed obscene and nodded, "knock her out first, call her like this, and then call her back!"

One of them hit Han qianmin hard on the neck. The girl lost consciousness and fell to the ground.

Ye Chen's eyes silently watched all this in the dark: "this girl, without any combat effectiveness, is completely an ordinary student. Why does she insist on contacting yuan Daofeng's secret?"

Ye Chen thought that he could take this opportunity to see Han qianmin's true face. Who knows, this girl really doesn't know anything.

I can't help it. I have to do it myself.

He came out of the darkness.

The three naturally noticed Ye Chen's existence. The burly man turned his dagger and walked towards Ye Chen: "Stinky boy, mind your own business, be careful to get red."

Ye Chen Mou son is full of indifference, not be moved.

The burly man obviously felt a little angry, as if he had been provoked. He stepped out and went to Ye Chen with a dagger in his hand.

"Smelly little..."

But before he finished, he found that his body could not move at all.

Ye Chen helplessly shakes his head and goes step by step. He reaches out his hand and takes the dagger from the burly man.

"I really don't want to do it to you ordinary people."

"That's it. From now on, be a good man."

Chapter 6243

The next second, ye Chen five fingers a grip, the dagger forcefully squeezed by his strength, and finally turned into powder.

This scene shocked three people instantly! The whole world is as quiet as a graveyard at midnight.

The head of the burly man is a eyes closed, completely stunned in the past.

How can ordinary people know the terror of practitioners!

The other two legs trembled, just wanted to run, but an invisible force made them unable to start.

"Everything has a price."

Ye Chen Mou son a coagulate, next second, two people uncanny bumped together, a mouthful of blood vomit out, completely fainted in the past.

.....

To solve everything, ye Chen picks up Han qianmin on the ground.

He took a look at Han qianmin, but shook his head: "you are an ordinary person, what do you mean by doing this?"

After ye Chen's spiritual exploration, he finds that Han qianmin's home lives near here. He takes the comatose Princess Han qianmin to the end and walks towards the unit door of a building.

Soon, ye Chen came to a clean and tidy bedroom.

The sheets and even the whole room are pink. It seems that Han qianmin also has a girl's heart.

Ye Chen puts Han qianmin in a coma on the bed and begins to look around. The room is not big. There are no other useful clues except a chair and a desk with several books on network cracking.

Han qianmin, who was in a coma on the bed, roared like a nightmare, "don't come here!"

At the same time, in a coma, she subconsciously waved her hand, and a manual fell out of the lining of her clothes.

Ye Chen glances at Han qianmin, who has no sign of waking up. He shakes his head and stoops to pick up the manual and puts it aside.

Wait, how come this book is so familiar?

Ye Chen looked at that some years, has been yellowing and stains all over the cowhide manual, his eyes Ye Chen this just remembered what.

This is what Jin Lengyan didn't tell herself.

In fact, Han qianmin's father has died in the war and died for the dark hall.

Ye Chen does have the existence of Han Tian in his memory, but it's only a one-sided relationship, a small person who can't be any smaller.

At that time, some people died in the battle between himself and the virtual strongmen in Kunlun, which was the result of the war.

Some people, at that time ye Chen may be able to cure, but some people, unable to return to heaven, ye Chen is naturally unable to save.

Han Tian is the latter.

Han Tian is a little man in the dark hall, but at this moment, he is a hero in Ye Chen's heart.

"Han Tian..."

Ye Chen's thoughts returned to the first World War of that night. There were more than 100 people in the dark hall who followed Ye Chen, and less than half of them survived.

Ye Chen remembers the names of each of them.

At this time, Han qianmin wakes up, looks at himself lying on the bed, and looks at Ye Chen, who is dazed by herself. She rubs her eyes hard!

When ye Chen's real existence is confirmed, Han qianmin's delicate body is shaking.

Peaked cap as like as two peas and a picture of her.

Han qianmin is absolutely sure that the man in front of him is the legendary Mr. Ye!

He's back from the Qinglong mountains?

"Ah

A exclamation spread to every corner of the room, as if to vent something.

"You saved me?"

Han qianmin timidly asked.

Ye Chen nodded.

"I have a question. Are you ye Chen who is in charge of the dark hall in legend?" With tears in her eyes, the girl asked in a low voice.

Ye Chen hesitated for a few seconds and finally said, "well, I'm Ye Chen."

Han qianmin, who had expected the result, began to cry when he heard Ye Chen's reply.

At this moment, years of sorrow and search, a cavity of grievance, all poured out.

"Your father, he's a hero!"

Ye Chen gently opens his mouth, and he really doesn't know how to comfort the girl in front of him. In the face of crying after his old friend, ye Chen's heart is full of mixed feelings at this moment.

A moment later, the girl's cry gradually stopped. She raised her head and looked at Ye Chen.

"I've been looking for you for many years, and finally I see you alive."

Han qianmin is just going to continue to say something. At this time, Han qianmin's mobile phone and ye Chen's mobile phone ring at the same time.

Chapter 6244

Han qianmin glanced at the content on the mobile phone, his face changed greatly, and even said: "Mr. Ye, you want to save Linglong sister!"

Ye Chen a Zheng, isn't sun Linglong treated by oneself?

It's not a cure, but it's not a disease at all.

Han qianmin seemed to guess what he thought in his heart and said: "Linglong sister, it seems that something is wrong again... Now you go to the sky garden with me!"

.....

Huaxia, sky garden villa.

This is one of the most luxurious luxury villas in China.

Ye Chen didn't expect sun Linglong to have a home here.

But on second thought, sun Linglong as a star, there are many luxury real estate is normal.

Ye Chen and Han qianmin come to one of the rooms and meet sun Linglong.

When the line of sight touches sun Linglong, ye Chen's eyes slightly squint, a little surprised, because sun Linglong's condition has become serious.

How could that be!

That ring can't hold that energy?

Now that energy actually ahead of time in sun Linglong's body abuse!

"It is said that you are the best medical God. You must have a way, right?" Han qianmin said.

Ye Chen Mou son one coagulates, nods.

After the first battle of Qinglong mountain, he is more familiar with the rules of Huaxia, and the treatment of sun Linglong should be easier than last time.

Han qianmin knows that ye Chen wants to fight, so he obediently leaves the room and waits outside the door.

Only Ye Chen and sun Linglong are left in the room.

Sun Linglong is a little weak at the moment, but when she hears the news, she wakes up and looks at Ye Chen. Her eyes are both happy and excited.

What does Sun Linglong want to say, but ye Chen interrupts directly: "take off your clothes."

"Well?"

Sun Linglong has some doubts and shyness, but she still does it. After a while, sun Linglong only has underwear and underpants.

"Er..." Ye Chen is in trouble again. Looking at the beautiful woman with beautiful figure and lace in front of her, ye Chen's expression is no longer indifferent.

Ye Chengang wanted to say something, but he found that sun Linglong might have fallen asleep because he was too tired.

It must be the deterioration of the problem, tormenting sun Linglong for too long, and the emergence of Ye Chen, let his heart at ease, this just fell into a deep sleep.

Ye Chen hesitates for a few seconds, and finally waves his hand to untie all the clothes left by sun Linglong.

The doctor's benevolence is not for seeing, but for treating.

In a twinkling, a pair of snow-white jade rabbits were printed into Ye Chen's eyes, and ye Chen's expression did not change at all.

Ye Chen's whole body works with a touch of golden light on his body. He holds sun Linglong's slender hand and sends this power into his body along sun Linglong's fingertips!

"Well? This is... "Ye Chen's spirit power enters the body, and instantly feels the abnormality in sun Linglong's body. If there was an unknown force in sun Linglong's body before, now the dark energy in sun Linglong's body is rampant!

"Serious organ damage..."

"Every organ is also exhausted..." Ye Chen frowns, this force is wantonly destroying sun Linglong's vitality!

"The previous energy in sun Linglong's body was not malicious, but her body could not bear the flow of force in her body, and the current situation..."

"How could she have such a thing in her body? It seems that in my previous inspection, this energy is hiding from myself. " Ye Chen found that things are not so simple, this energy may have something to do with the aura of Chinese change.

No, to be exact, sun Linglong's body has a very high concentration of abnormal Aura!

Sun Linglong is not a cultivator. It is impossible to absorb him.

Is it man-made?

But this feeling is not exactly the same.

In short, it's very strange. As for where there is a problem, for a while, ye Chen can't figure it out.

Ye Chen's spiritual power is working in sun Linglong's body to investigate her situation in real time.

Just a few breaths, sun Linglong's mouth a little red blood overflow.

"Damn, her body can't support my spiritual power!" Ye Chen opens his eyes, quickly releases his palm, and withdraws the spirit power in sun Linglong's body.

"In this way, it can only be so!" Sun Linglong's body and consciousness can't stand any toss any more. If you want to cure her, you must go through physical therapy!

Before that, protect her spirit, seal part of her strength in Dantian, and then take medicine. When the situation is stable, make plans!

Ye Chen's index finger gently points on Sun Linglong's forehead, and the aura turns into a gentle white light, flashing on Sun Linglong's forehead fingertips.

After a while, sun Linglong's black material with evil spirit began to gather in sun Linglong's forehead.

"Cough..."

Another mouthful of black blood coughed up, and sun Linglong made a painful roar.

All the dark energy distributed on Sun Linglong's body converged on his forehead at the speed visible to the naked eye, and gradually condensed into a black mark.

It's chilly.

"Hoo..."

Ye Chen took a breath and said faintly: "next, gather this energy into Dantian, and then seal it!"

Sun Linglong's physical condition is extremely bad. Ye Chen must concentrate on it. If there is a little mistake, sun Linglong is afraid that it will be fragrant and jade will be destroyed!

Ye Chen's index finger on Sun Linglong's forehead began to slide down slowly, from his forehead to his cheek, from his cheek to his neck, to his chest

Cough

Ye Chen calm mind, continue to pull down that energy!

See that nail cap size is sending out the imprint of cold breath, unexpectedly with the leaf Chen fingertip in that graceful body on the slide, also shifted the position.

Above Dantian.

Ye Chen looks at Sun Linglong's right index finger, which is still pulling the energy mark. He presses his left hand gently on Sun Linglong's abdomen, and a burst of blue smoke rises. In sun Linglong's Dantian, a pattern of Yin Yang and eight trigrams array appears.

"Qian, Kun, Kan, Li, Zhen, Xun, gen, dou."

"Heaven, earth, water, fire, thunder, wind, mountain, Ze."

"Eight trigrams seal, up!" Ye Chen's mouth is full of words, and the blue streamer in his hand cuts through his fingertips, depicting a picture of reincarnation in sun Linglong's abdomen.

"Seal!"

Ye Chen gave a big drink, and saw that the dark mark, which was originally emitting a cold breath, was gradually dim and began to shrink under the erosion of the eight trigrams array, which was blessed by the blue light.

After a while, it began to dilute and dissipate slowly.

"Hoo... I've saved my life at last!"

Ye Chen looks at Sun Linglong who is still in a coma on the bed, "next, it's good to repair her failed organs again!"

If a doctor is here now, he will be stunned by Ye Chen's words.

Can the organ of exhaustion still repair?

In Ye Chen's eyes, this is just a normal operation.

In fact, the simplest treatment is Ye Chen's blood.

But ye Chen's blood contains too many things, demon clan, dragon clan and many energies. How can ordinary people absorb them?

Chapter 6245

A moment later, sun Linglong wakes up.

When you see yourself naked, "ah ~~~~~~

A cry of surprise rang through the whole bedroom.

Sun Linglong sat up from the bed, with a flustered look in her eyes.

She got up in a hurry and got dressed.

Ye Chen turned his head to one side consciously.

Wait for clothes to put on, ye Chen looks at Sun Linglong that complicated eye, some helpless.

"It's a helpless move to take off your clothes." Ye Chen took the lead in breaking the dull atmosphere.

"Well..." Sun Linglong's reply was as tiny as a mosquito.

The atmosphere fell silent again.

"That... Mr. Ye... Thank you again! Without you, I would have died here. "

After a long time, sun Linglong summoned up the courage to look up and look directly at Ye Chen.

"No need to thank you. You and I have been infected with cause and effect. By the way, you should keep in mind every word I say next, but remember that no one can say it, neither can Han qianmin!" Ye Chen thought, suddenly opened a way.

Sun Linglong didn't respond. What did ye Chen say.

"Ah?" Her face flushed again.

This Ni son, want where to go, looking at Sun Ling Long's reaction, leaf Chen secretly perspire.

"For the first time, I sealed some things in your body. Do you remember that the situation is getting worse now. There is a fierce breath in your body, which gathers in your chest. It is this energy that is restless in your body, which makes your body function decline rapidly."

"Because you were extremely weak at that time, any mistake might make you die on the spot. I'm not sure about the clothes, so I took off the clothes..."

When Ye Chen spoke of this place, he was also a red face.

As for sun Linglong on one side, needless to say, her face was already buried in the quilt, and she didn't dare to look up at Ye Chen.

"I'll still seal that power for a while, and in a few days, I'll find a way to draw that power out of the body, and it's all over! But now I have to make sure that one thing is, where did you go before you had problems? "

Ye Chen's vision is tiny to pick, inquiry asks a way.

See ye Chen convergence look, sun Linglong also began to recall their own experience.

After all, with this disease, I am also at a loss. At the beginning, I was as weak as a cold and a fever, and I didn't pay attention to it. After all, it's human nature to have a headache.

But I didn't expect that I took all kinds of drugs, and even tried to take an injection. On the contrary, the situation is getting worse.

Until meet Ye Chen, her condition is aggravating.

"Don't rush to answer me. Take your time."

"In other words, have you ever had a period of vague memory? It's like being deprived of memory. "

This question brightened sun Linglong's eyes.

"Yes!"

"I've been to Qinjia village in Xihai city before. It's a famous tourist village. There are a lot of tourists from all over the country. I went to do a business show before!" Sun Linglong replied.

"Qinjia village..."

Ye Chen murmured to himself.

"I have a favor. I need your help!" Ye Chen meditates for a few seconds and opens his mouth.

Sun Linglong raised her eyes: "if there's anything I can do for you, just open your mouth." She was so excited that she could help the man in front of her.

Take her life!

It's true that a woman who falls in love has a negative IQ!

"Qinjiacun is likely to be the source of your illness, and I suspect that it is also closely related to the spiritual changes in recent years in China..."

Ye Chen slowly opens his mouth.

"What can I do for you?" Sun Linglong's eyes lit up and asked eagerly.

"The source of agitation in your body should be able to feel the trace of those guys. After all, the wool comes from the sheep..." Ye Chen hesitated and said.

"Don't worry, just go to inquire about the news, they won't be disturbed. I can guarantee your safety." Ye Chen look firm, patted to clap chest, assurance way.

"Well... I believe you."

Sun Linglong's delicate appearance makes Ye Chen's head grow big.

Just at this moment, Jin Lengyan has the news. The person who helped Han qianmin find yuan Daofeng has found some clues. She is on her way.

And that destination, too, is amazingly consistent.

It's Qinjia village in Xihai city.

"Stop him, tell me who I am if necessary, and bring him to me!" Ye Chen replies.

Ye Chen is very concerned about the safety of the old part. Although all the spearheads are directed at Qinjia village, ye Chen suspects that this place may be a trap.

He's the only one who can find out that?

Even after a long time of investigation, the Chinese dragon soul has no clue. Is the information suddenly released by others?

Before, Han qianmin, a silly girl, went to investigate aimlessly and even found the former members of the dark hall. You should know that the personnel of the dark hall, even if they have retired, even if their archives have been destroyed by the state.

But in the ancient Chinese martial arts school, they were all on the blacklist, because ye Chen had made trouble in China, the whole ancient Chinese martial arts school and the dark hall were not together!

"Take a good rest and I'll take care of something."

"By the way, is there any room that is quiet? I'll see someone later." Ye Chen looked at Sun Linglong and asked.

Sun Linglong thought about it and said, "the study is OK."

"Good." Ye Chen left directly.

Sun Linglong wants to talk and stop, what else do you want to say? Ye Chen's figure has gone far.

"Brother ye, Linglong, she..."

See ye Chen out of the door, Han qianmin asked.

"Nothing more. You can talk with her and try to keep her healthy."

Han qianmin nodded and hurriedly walked towards the room.

.....

An hour later.

In the sun's study.

According to the address provided by Ye Chen, Jin Lengyan and Liu Qi soon came to this villa group by the mountains and rivers.

Ye Chen this facet faces out of the window, both hands bear stand behind, don't know what to think.

"Dong Dong Dong!"

There was a knock on the door, and the voice of the housekeeper came, "Mr. Ye, the guests have arrived!"

Chapter 6246

"Come in, please

With a creak, the door was opened. The strong man in the door trembled when he saw Ye Chen's back

The violent ups and downs of his chest made the rough man stammer for a moment. His two lines of tears whirled in his eyes. "Hall... Hall master?"

Hearing Liu Qi's words, ye Chen's body is also a shock. At the beginning, the old group of members of the dark hall, their faces and sounds were deeply engraved in his bones.

He turned slowly.

At the moment when Liu Qi saw Ye Chen's face, he could no longer control his emotional expression. Two lines of tears burst out of his eyes, and he immediately knelt down on one knee, "Liu Qi, see the Lord of the palace!"

Liu Qi's move of kneeling on one knee has long been seen through by Ye Chen. The moment before his knee falls to the ground, he is stopped by an invisible force.

"Lao Liu, what are you doing with me?"

Ye Chen Mou son a coagulate, smile a way.

One side of the gold cold wild goose see this situation, very appropriate to close the door of the study, went out.

"You investigate yuan Daofeng's affair, I already know, stop immediately, the affair is far beyond your imagination, Han qianmin that wench's affair, have solved!"

Ye Chen directly opens the door to the mountain road

Outside the study, Jin Lengyan wandered around the sun's villa. The housekeeper also knew that he was a distinguished guest of Mr. Ye. Instead of doing more to stop him, he offered the best fragrant tea with the highest standard of hospitality.

Han qianmin saw that her best friend sun Linglong was safe at last. Knowing that sun Linglong needed time to rest, she didn't have the heart to disturb her and quietly closed the door and came out.

A turn around, head-on ran into the golden goose wandering around.

When two women meet, naturally they have their own thoughts.

"How does Ye Chen care so much about this girl? Is it just because she is the daughter of her old part? They're about the same age. "

"Is she the guest that elder brother Ye Chen wants to see? Why did she come here alone? Is she brother Ye Chen's girlfriend? "

The news of the dragon soul players is closed. Although Han qianmin knows that Jin Lengyan exists in the dragon soul, he has no idea what the other side looks like.

For a moment, just a look in their eyes, their brain holes had opened.

The next second, Jin Lengyan took the lead in saying: "Hello, my name is Jin Lengyan."

Han qianmin was stunned. His expression was a little strange. He understood something in a moment. He replied softly, "Hello, my name is Han qianmin."

"I know your name is Han qianmin. Ye Chen mentioned you to me. Before that, we have dealt with each other many times, but you don't know it." Jin Lengyan said with a smile.

Han qianmin has some accidents. Ye Chen even mentioned herself to her. She raised her head and asked, "are you Mr. Ye's girlfriend?"

"Well?" This question, but Jin Lengyan can't ask, but after all, she is a dragon soul, mind and reaction are super class existence, instantly see the clue.

Little girl's mind just, she regarded herself as ye Chen's girlfriend, read here, Jin Lengyan eyes a turn, decided to tease in front of the little girl.

"How do you know?" This kind of question, Jin Lengyan certainly can't respond positively, really want to be pursued by Ye Chen, but enough for her to drink a pot.

So we can only hint.

Sure enough, when Han qianmin heard this, there was a trace of disappointment in his eyes. After all, people like Ye Chen should not exist on the earth. His existence can only be a dream in the hearts of thousands of girls, and no one can escape it.

"Ye Chen is meeting your uncle Liu in the study at the moment. Fortunately Ye Chen found out early and asked me to stop him. If he was later, he would..." Jin Lengyan didn't want to talk to her about this problem, so she pulled the topic back.

"Ah Han qianmin is a little worried, "is uncle Liu OK now?"

She is also a little concerned and confused.

"Qinjia village is not a simple place. When everything is ready, ye Chen will go there in person. There are too many secrets involved."

Jin Lengyan just points to the end, and the implication is to let her persuade Liu Qi that the things in it are not something he can touch. Just live your own life well.

But Han qianmin was obviously wrong. Looking at Jin Lengyan's back, she only remembered three words, "qinjiacun!"

"I'm going too!" Han qianmin made up his mind!

.....

In the study.

"That's what happened. That's why I came back to the earth again. As for the aura change, I suspect that the situation in Qinjia village is similar to that in Qinglong mountain range!"

Ye Chen reveals part of the information to Liu Qi, and the implication is consistent with Jin Lengyan. Han qianmin and he are only involved in sun Linglong's accident. The water in it is very deep. Once involved, ye Chen can't guarantee their integrity.

However, he underestimated Liu Qi's determination to be a member of the dark hall. The middle-aged man just nodded his head: "I didn't think of quitting from the moment I joined the dark hall. However, five years ago, the first World War hurt my foundation, so I had no choice but to retire. But now that the country is in crisis, I'm ready to donate my old bone to the country, and I can still fight with the temple owner, It's the honor of my life

Looking at the calm and calm man in front of him, ye Chen can't help feeling that, yes, any member of the dark hall has long ignored life and death.

Han Tian's affairs have a profound influence on him. In the past, his subordinates left one by one with respect for themselves, which deeply touched Ye Chen's heart. He doesn't want these people to be hurt a little more because of himself.

Ye Chen just nodded, no more words, just looking at Liu Qi.

Being looked at by the temple master, he gave Lao Liu Zheng no confidence. "That... What, does the temple master have any other orders?"

"The meridians are all blocked, the blood clots can't be dredged..." Ye Chen muttered to himself.

Only in this way, Lao Liu's heart is a stone stirred up a thousand waves.

What ye Chen said is surprisingly consistent with the results given by countless famous doctors he has visited over the years, which is also the reason why he withdrew from the dark hall.

Can you see it with just one look?

Ye Chen looked at Lao Liu's eyes and understood his meaning. He said softly, "little problem..."

When Lao Liu heard this, he just looked forward to it.

Ye Chen raised his right palm, which was covered with soft white light. Suddenly, his ghostly figure flashed to him from a few steps away, and patted his chest with several hands!

The huge power instantly pats Liu Qi to fly out, heavily smashes on one side wall.

"Keke"

A few mouthfuls of blood coughed up.

Ye Chen sees this, stop, light voice way, "the meridians have been opened, next how to restore peak, with how long time, that is your own business."

Chapter 6247

Liu Qi fell to the ground in pain, just a few palms, but it was solid, or he couldn't spit blood.

He struggled to get up and felt the feeling of soreness and weakness from the muscles of his whole body, the feeling that every cell was shaking, which he had not experienced for a long time.

Countless things that the top stream doctor can't do, how many palms does the temple master take to solve?

Lao Liu can't believe this scene. Isn't it amazing?

There's no time to think about it, just listen to Ye Chen continue, "take good care, the fastest time, go to find Lu Lingfeng, go back to the dark hall again!"

"The dark hall is also training new people. Lu Lingfeng is too busy to come over."

The implication is very obvious.

Liu Qi could no longer care about the pain. He gritted his teeth and stood upright. Although his legs could not help swinging, he still made a standard combat ceremony and responded loudly: "resolutely complete the task!"

Ye Chen gently smiles.

That night, I saw off Liu Qi, Jin Lengyan and others. Because of the weather, ye Chen and Han qianmin lived in the villa. Anyway, so many rooms were empty.

As for can leave Ye Chen, sun Linglong that but can't ask for.

.....

Half a day later.

Sun Linglong's bedroom.

Ye Chen and sun Linglong are embarrassed to stare at each other.

"Or shall I take it off?" After waiting for a long time, sun Linglong finally summoned up the courage to speak.

Ye Chen Mou son is indifferent, nod.

Immediately thought of something, added: "er... This time, take off the upper part of the body can be, the lower part of the body is not..."

"Good." Sun Linglong's ears were red. She lowered her head and said softly.

It is that pair of familiar Ao ran jumped out again, meet again, ye Chen is still some strange.

Ye Chen stares at the Eight Diagrams illustrated by sun Linglong's Dantian. The power of the seal has weakened, but after a while, it will completely dissipate.

I need to use my own spiritual power to wrap it up and tear it out of sun Linglong's body at the moment when the power rushes out!

"It's going to start!"

At the moment, ye Chen's eyes are dignified. If she doesn't pay attention, she will die.

"There will be some pain and itching, you can call it out, it's not in the way!"

Ye Chen once again asks a way.

Sun Linglong nodded, indicating that he heard.

The seal effect of the eight trigrams chart slowly dissipates. At the moment when the array disappears, a cold breath comes. Ye Chen moves his whole body and gathers his power on his right palm and pats it on Sun Linglong's chest!

"Ah Sun Linglong a burst of painful voice came, ye Chen was not affected, continue to work.

The great spiritual power rushes into sun Linglong's eight meridians. Of course, it's all the pure power that ye Chen has suppressed, so it doesn't damage her meridians. On the contrary, it has a nourishing effect.

So that sun Linglong a burst of comfort, "um ~" of Jiao Chuan sound is endless in the ear.

Although I had expected such a scene for a long time, the actual experience made Ye Chen's expression slightly change.

Ye Chen has to speed up the progress, gather all the dark energy together, and then draw it out of the body!

But the faster Ye Chen, the stronger sun Linglong's voice!

After a while, ye Chen began to pull out the dark energy from sun Linglong's chest. Sun Linglong was replaced by endless pain. But this time, she just bit her teeth and didn't make a sound!

The big sweat on the forehead began to drip down!

Ye Chen worked hard to draw out the last energy

"Hoo"

He took a long breath.

"All right."

Sun Linglong looked at the black energy of the cold wave floating in Ye Chen's palm, and could not help shivering.

It was this thing in my body that caused me to get sick before?

The black energy obviously wants to break away from ye Chen, make a sound, and even turn into a dragon.

Ye Chen takes a look at the little dragon that the black energy turns into. With a cold hum and five fingers, the black thing disappears completely.

"This..." Sun Linglong stared at the scene, "you..." she even said a few words, but there was no following.

"You can put your clothes on!" Ye Chen reminds a way.

At the moment, sun Linglong realized that she was still naked.

She quickly covered her chest: "don't look, I want to change."

Ye Chen turns his head helplessly.

"Well, you can turn back!" Ye Chen looked at Sun Linglong, who was already dressed neatly, and said, "tomorrow morning, we will go to Qinjia village. Some problems still need to be solved."

.....

One morning later, outside Qinjia village.

Jin Lengyan and his party are waiting for ye Chen here.

"Here comes instructor Ye!" A young man behind him said excitedly that ye Chen's deeds in those years were legendary among the Dragon spirits. Until he ascended, he was still worshipped by all the people.

No one does not admire him.

The pride of China!

Ye Chen and sun Linglong meet with Jin Lengyan.

"What's the situation now?" Ye Chen asked.

"There's something wrong with it. Although they are all dressed up and have the same routine as the local people, we have found some clues."

"Three months ago, the Qin family, the ancient Chinese martial forces, seemed to have offended an overseas force and been exterminated!"

"However, according to our use of international relations, in the past six months, our country has strictly investigated the entry of foreign personnel, and there is no possibility for such experts to enter the country."

Jin Lengyan reports from KaiKou.

"That is to say, someone deliberately made up the illusion that the Qin family was destroyed?" Ye Chen asked.

"Yes, now we basically suspect that the people in this Qinjia village are the Qin family in guwu, who have disappeared from the public view for many years. The Qin family had a close relationship with yuan Daofeng before..."

Chapter 6248

Ye Chen smell speech, lightly ordered to nod, "you are in here on standby, I and sun Linglong go in to have a look!"

"You still have her with you?" Jin Lengyan is a little stunned. He thought Ye Chen would order everyone to set out together!

Ye Chen seems to have expected Jin Lengyan's reaction. He explains, "it's just a group of miscellaneous fish. Yuan Daofeng is definitely not here. When I step into the village, yuan Daofeng will know the first time. He will also take the next step. Just follow the steps."

"Yes Jin Lengyan has no choice but to give up.

.....

Just after breakfast, ye Chen and sun Linglong entered the village disguised as tourists. The surrounding village has beautiful scenery, and the hundred year old ancient city has also been renovated with many tourists.

"Linglong!" A familiar voice came from Han qianmin.

Ye Chen some helpless, don't let this wench follow, she pour is oneself ran to come!

"Qian min?" Sun Linglong was also a little surprised. Didn't the plan say that she would come too?

Looking at Ye Chen, who shows a face covered with circles, both of them are somewhat surprised.

"I've been waiting for you here for a long time!"

Han qianmin said.

Sun Linglong was just about to answer, but the next moment she felt inexplicable and flustered. She looked in a direction and didn't speak for a long time.

"Is it over there?"

Ye Chen follows sun Linglong's gaze and looks to the place. The deep mountain in front of him is still mysterious because the morning frost hasn't cleared away.

Ye Chen patted sun Linglong lightly on the shoulder, "go, go there and have a look, solve the source, you won't have this kind of feeling!"

All the way west, in the morning, three figures appeared in front of an old house.

"Come on, stop!"

A middle-aged man in a long Chinese dress said.

"Excuse me, is this Mr. Zhang's address"

Sun Linglong's eyes wandered around and asked.

"You've got the wrong person. Go, go!"

The middle-aged man showed his impatience and drove several people away.

One side of Ye Chen came forward and said with a smile, "if you don't have Mr. Zhang, then you can find someone surnamed Qin!"

Hearing this, the middle-aged man's face changed greatly. He was just about to greet his brothers, "come on..."

The words haven't export, the leaf Chen Mou son then lightly swept a middle-aged person, the middle-aged person's eyes in the twinkling of an eye spreads a silk of shock, the body can't move at all, the back cold sweat direct current.

Just that look, like being watched by the devil.

"Forget it, just go in and ask!"

Ye Chen shrugged his shoulders. With a wave of his big hand, the wind blew up, and the gate of the iron fence opened automatically. The three of them walked to the house in a high profile.

.....

Qin family, in a hall.

"Brother Fang, the female star you asked me to start before actually appeared nearby. According to the truth, it's almost done. Shall we..."

A man with an obscene face faces the young master of the Qin family. Qin Fang says.

"That sun Linglong appears now, won't there be any problem?" When Qin Fang frowned, he always felt uneasy. In the eyes of ordinary people, he might say that he was suffering from no illness.

But in the heart of their practitioners, once this feeling comes into being, it's a big thing to happen!

"No, don't worry..."

The man's voice did not fall, the whole hall suddenly sounded the alarm, at this moment, the servant came to report, "someone forced to break into the Qin family, has hurt my disciples more than dozens, please make a decision!"

Hearing this, the obscene man on one side knew that he was in trouble. He knelt on the ground and begged for mercy.

"Brother Fang, please forgive me. I don't know if the woman has such a relationship. I..."

What else do you want to say? Qin Fang's palm has been photographed and printed on the obscene man's chest. The man's body is shot out like a shell. He smashes a big hole in the wall and falls on the ground. He loses his breath!

"Waste, you can't even make a woman!"

Qin Fang spat. He said in secret that he was unlucky. His eyes were frozen. He said, "I want to see who dares to come to the Qin family to make a wild life. I'll go and kill him myself. I'll take the beauty that comes to the door!"

He flashed and disappeared in the same place.

On the Qin's Square by the mountains and rivers, there are no one who dares to stop Ye Chen's constant progress.

"Your Majesty is so powerful, you are reckless in my Qin family!"

Qin Fang, dressed in a red sportswear, appeared on the square. In an instant, everyone had confidence. After all, the young master of the Qin family, as the strongest existence under the master of the Qin family, his appearance gave everyone a reassurance.

"Who are you?"

Ye Chen smiles and asks: "you are not qualified to talk to me, go and call your adults!"

Qin Fang was very angry. He looked at the guy who was about his age in front of his house and said angrily, "I'm ignorant. It seems you're tired of living!"

A flash, Qin Fang's figure quickly forward, but in the moment of no reaction, Qin Fang stopped completely, and then, he was thrown out.

This

The people on the scene were a little silly. What's the situation? The little Lord disappeared in place and flew out the next second and hit the ground?

Only Qin Fang himself knew that this time he met a hard stubble.

"Sir, I didn't know what happened to miss sun. At the time of the incident, I had taken his dog's life as compensation. I'd like to present you another ten pieces of Buqi pills. How about that?"

Ye Chen indifferent smile, did not answer.

On one side, sun Linglong couldn't help but say: "mean!" when she thought of her pain all these years

Qin Fang didn't hear sun Linglong's scolding. He only saw Ye Chen smile and thought it was a play. Today's situation can be solved: "how do you think about it? You and I don't know each other. How about making a friend

Ye Chen smell speech, face still hang light smile: "Ye Chen!"

"It turned out to be brother Ye Chen. It's a pleasure to meet you. It's a pleasure..." Qin Fang said subconsciously, but his face changed in a moment!

Like a mouse meeting a cat!

"You... You are ye Chen!"

In a flash, Qin Fang's eyes were full of murderous ideas. Of course, he was familiar with the name.

But the rumors about him are also the most familiar.

Qin Fang's eyes were full of killing intention, but his trembling legs betrayed him completely, which really explained what is counseling and bravery!

"Go up together and take him down!"

Hearing the little Lord's order, a hundred and ten people swarmed up, but Qin Fang's figure retreated rapidly and wanted to run away.

Ye Chen can't let him go so easily, but with a slight wave of his sleeve, a hundred and ten people were suddenly blown up by a strong wind, and fell on the ground, whining.

At the same time, ye Chen's figure didn't stop. One hand poked out, and each move revealed the supreme power of the strong. Qin Fang was no match, but he was defeated in an instant.

Ye Chen is like catching a chick and throwing it at his feet.

"I just want to ask one question: what is the relationship between the Qin family and Yuan Daofeng

Chapter 6249

"If you dare to move me, the Qin family will not let you go!" Qin Fang roared hysterically. In this battle, he lost without fighting back, and was humiliated.

He also knows that he has no power to fight back in the face of the existence of legend level!

Anyway, we have to find a way to survive now!

"Why don't you think about the consequences before you do these things?"

At the moment, Qin Fang no longer had the strength of the ground just now. He groaned, "Mr. Ye, please let me go..."

Without teeth, Qin Fang gave in completely.

"Spare you?" There was a trace of killing in Ye Chen's eyes!

At this moment, sun Linglong felt Ye Chen's murderous spirit for the first time, which was unnatural.

Just about to open his mouth, but in advance a slightly vicissitudes of the voice rang out: "Ye Chen, don't hurt my son!"

"After watching the drama for a long time, I thought you would not even want your son!"

Ye Chen Mou son one coagulates, the corner of the mouth outlines, opening a way, "since you came, I seek you to settle accounts, the injustice has a head, the debt has a lord!"

Immediately, he kicked Qin Fang in the Dantian. Qin Fang's body fell in front of the old man, panting like a dead dog

Qin Weiguo, the head of the Qin family, is the real speaker of the Qin family in ancient China. Seeing his son abandoned, his eyes are splitting at the moment.

If eyes can kill people, ye Chen has already died 10000 times at the moment!

However, his understanding of Ye Chen is too little, he does not know the specific strength of Ye Chen.

"Ye Chen, you..."

After a long time, he calmed down and tried to make himself calm. The blue veins on his forehead were terrible.

"Some things, it seems, you are also involved. Today, I want to ask you for some interest."

Ye Chen's voice rang out indifferently.

"Ignorant child, dare to challenge the whole Qin family alone, today is your death time!" Fierce momentum from Qin Wei Guo's body burst out, the whole body of spiritual power emerged, silk evil embellishment! He doesn't care what ye Chen's strength is!

He wants Ye Chen to die now!

Ye Chen doesn't have too many accidents. After all, there is a big gap between the other party's cultivation and his own. If you don't consider the influence on China, one thought is enough to kill him.

However, the other side's martial arts can also be called the top in China.

No, the air of Qin Wei state is not stable, it is forced to be promoted!

"Take your life!"

Qin Weiguo's body flashed, and the friction with the air produced a virtual shadow behind him, attacking Ye Chen!

Ye Chen's face does not change, and he makes a breath mark to lock in the trend of Qin Wei state. The breath oppresses Ye Chen and Qin Wei state, and the figure of Qin Wei state is knocked down from the void.

Looking at the three foot deep hole, all the Qin family on the ground are pale. Even the powerful family owners are defeated. They are defeated in one move. The key is that ye Chen seems to be just a slap. How can he fight?

An old hand stretched out from the ruins, smoke dispersed, Qin Weiguo's figure standing on the earth, at the moment, he can only look up at Ye Chen!

"Damn, how strong he is, what he's been through!"

Qin Weiguo a roar of rage, lost his mind he launched the final offensive!

I saw Ye Chen standing in the void, showing the incomparable momentum and the breath of surpassing heaven and earth!

And then a hand at will!

Qin Weiguo, who was still preparing to launch the attack, was submerged in endless fireworks and dust.

Waiting for the smoke to disperse, the shadow in the pit has disappeared.

Ye Chen Mou son one coagulates, light way: "small trick just, see you still have what follow-up means to display....."

Sun Linglong and Han qianmin hide in the distance and look at Ye Chen. At this moment, they completely subvert their world outlook and mutter to themselves, "is this still human?"

"Should... Should not be human?"

.....

Ye Chen's figure slowly falls, he actually didn't kill, after all, want to know more clues also with the help of this person.

His Mou son a MI, light way: "that old guy back mountain escape, it seems that that place should be what we want to look for!"

"Chase

The three rushed to the direction of the back mountain. As for the Qin family, they watched Ye Chen leave with fear, until the figure disappeared at the end of the line of sight. Several people collapsed to the ground.

"It's terrible..."

.....

At the same time, the Qin family went back to the mountain.

The bamboo leaves are green and the grass is green.

Ye Chen three people all the way to track so far, can see such a strange scene in late autumn, really strange.

On one side, sun Linglong sighed at the scenery of the back mountain and said, "is this a piece of green bamboo leaf? Now there are such beautiful bamboos! "

She pointed out her finger and gently poked one of the straight bamboo leaves. With a touch of the tip of her finger, the bamboo leaf seemed to have a life and sucked sun Linglong's finger.

The tip of the leaf pierces the skin, and the red blood flows into the green bamboo along the tip of the leaf. The vein of the whole bamboo is clearly visible, and the crystal red color appears in the crystal clear!

Then the whole bamboo leaf seems to have a life in general, a breeze blowing, rustling bamboo leaves falling, into root sharp blade, shot out!

Two women a burst of exclamation, in a moment, two people have added a few scars.

Ye Chen noticed this scene, the whole body spirit power for the first time shrouded two people, sun Linglong and Han qianmin two body surface lingering light green Hui, that bamboo leaf into a sharp blade cut in the body, unexpectedly is to jump to break the blade!

The pale green light rose a trace of smoke in their wounds.

"The wound is healing!"

Han qianmin exclaimed.

Indeed, their wounds are healing at a rate visible to the naked eye!

But at the moment, ye Chen's figure tosses and turns over the bamboo leaves. He is not in a hurry. Instead, he is spying on the mystery here!

Careful mind, so terrible!

Ye Chen found that the pattern of this place is similar to that of the Qinglong mountains.

Is there more than one game of chess?

"Ye Chen, I didn't expect that you would dare to set foot here. I know you are very strong, but you shouldn't come here. Although this is a remnant battle in ancient times, it's more than enough to kill you!"

Deep in the bamboo leaves, Qin Weiguo's cold eyes are full of murderous thoughts, watching all this!

Ye Chen Mou son a coagulation, murmur a way: "this piece burns is, although can't use the fire of way spirit, but common spirit fire should be enough."

Finish saying, ye Chen arm a shock, fire sea abuse.

The mighty flame will envelop the whole bamboo leaf. Under the inspiration of spiritual power, the purple and golden rings of fire rise from the ground!

In a flash, human purgatory!

The charred carbon bamboo was tilted to one side, smelling of tar.

"Well?"

However, soon, as ye chenmu could see, a strange phenomenon happened. The pine and bamboo, which had been charred and charred, turned into ashes. A gust of wind blew over, and the scattered dust fell dripping.

Chapter 6250

Where the dust passes, new bamboos spring up like bamboo shoots after a spring rain, rejuvenate, and begin to grow crazily at the speed visible to the naked eye!

But in a moment, a brand new and prosperous bamboo leaf appeared again in front of the three people and surrounded them!

The green vitality is full of opportunities to kill.

Ye Chen corner of the mouth starts to put on a sneer, "this place pour is some meaning."

In that case, play again!

"Broken!"

Ye Chen's old skill again, is still the majestic flame, this time, but it contains endless killing and destruction of the meaning of a circle of black gold flame rising from the ground!

Kill all life!

Ye Chen sweeps the two girls to one side, and the power of destruction surrounds Ye Chen. His power of destruction is easily contaminated with cause and effect.

Once touched with a trace, with their ordinary body, the spirit will be annihilated and fall into reincarnation forever.

Endless power of destruction is rampant in the sky, and the vitality of the whole bamboo leaf is rapidly fading.

In the dark, Qin Weiguo was shocked and broke into a cold sweat. He really couldn't figure out why Ye Chen had grown up in just five years!

Seeing things, Qin Weiguo didn't care about the injury. He took out his jade pendant and began to contact others for help!

Just then!

"Who are you going to contact?"

Ye Chen's indifferent voice rang out behind Qin Weiguo. The next second, the jade pendant in his hand spattered sparks, which broke in response to the sound!

"What do you want to do?"

Qin Weiguo was stunned by Ye Chen's sudden hand. He sat down on the ground and began to retreat madly!

Ye Chen just glanced at the guy who had been scared out of his courage. He didn't even make a little response and walked to the other side.

"It seems that this big battle should be here!"

If ye Chen is thoughtful, I'm afraid that the strange bamboo leaf is just driven by this big array.

With one slap, half of the mountain trembled violently

"Well, how could that be?"

Ye Chen was a little surprised. He saw a huge claw like ancient array, which gave off strong vitality and nourished all things in the mountain range.

But under the lush breath of life, there are endless breath of killing and evil spirits!

"This breath, so familiar, seems to be the source of aura change."

"Is it because yuan Daofeng has arranged many of these arrays that the change of Chinese aura is becoming more and more serious?"

"If that's the case, we must destroy all of them if we want to solve the problem thoroughly!"

Just at this moment, the change reappeared, and I saw that the array with claw like distribution began to disintegrate slowly!

"It's the power of destruction that has consumed the last vitality here!"

Ye Chen looks at the broken array, and always feels that something is wrong!

"That beast claw, how is half clench fist shape?"

One side of Han qianmin puzzled to look at Ye Chen.

"Half grip... Array..."

"No, the spirit is gone!"

Ye Chen looks a little dignified, and the past calm and elegant big court path!

"The spirit that can breed such an array is by no means a simple existence. It may have given birth to consciousness..."

"The half held claw, which used to guard the spirit, has now been taken away!"

"The remaining vitality can resist the burning of the law of destruction. This spirit is not simple!"

Qin Weiguo sees that all ye Chen's attention is on the array. He feels that it's a good time for him to get away from it. He uses his spiritual power to contain the injury.

Soar to the sky and run out to that day!

How can he escape Ye Chen's eyes?

Qin Weiguo, who is about to escape from heaven, laughs: "you can't find the spirit in your life! Ye Chen, your death is not far away! In this game of Chinese chess, the existence must laugh to the end! "

Looking at the figure that shot away toward the sky, ye Chen just pinched a strange seal between his right thumb and ring finger, and whispered: "did I let you go?"

In the next second, the figure who had already walked far above the sky first had a meal, then fell straight down!

High above, falling fast!

If you fall at such a speed, it must be a pudding of meat!

Ye Chen stretched out his right arm and waved it gently. He saw that the sharp breath of the moment came from his whole body. A huge purple golden arm lingered in the light and stretched out to the falling Qin Wei state.

With the limitation of the earth at the moment, there are some martial arts, which cannot be accommodated by the rules of heaven and earth! But ye Chen's methods in Kunlun are enough to solve the problem.

Ye Chen used this method when Kunlun was empty.

See ye Chen's right fist lightly a grip, the arm that illusions but comes out seems to have a feeling in the heart, looking at the figure that is about to fall, is also lightly a grip, clutch it in the palm of the hand!

The intense pain stimulated the nerves of Qin Weiguo's whole body. He woke up from a burst of compressed pain!

"This... What kind of monster is this! What kind of martial arts is this... "

Where had Qin Weiguo seen such a battle, he was held tightly by a ghost like arm.

Ye Chen across a hundred meters of void, quietly asked: "is it your own honest account, or I make a move?"

Looking at Ye Chen, who was a hundred meters away, but still captured him, Qin Weiguo's heart was trembling!

"Why? Why is your martial arts completely different from Kunlun Xu? " He asked reluctantly.

Ye Chen didn't pay attention, continued: "give you three seconds to consider!"

Qin Weiguo clenched his teeth and said nothing!
