Chapter 6251

"Where is the spirit?"

"Taken away."

"Who?"

"Under yuan Daofeng, Zhou Longming."

"Where is yuan Daofeng?"

"I don't know. Only Zhou Longming knows his whereabouts."

In the void of the right arm is a grip, Qin Weiguo a mouthful of blood.

"Keke... I didn't lie... I hope you do what you say and don't attack the Qin family."

Qin Wei's breath was weak and he could not live.

"Say all you know!"

Ye Chen's indifferent voice can't tolerate any doubt!

.....

A moment later, looking at Qin Weiguo, who had fallen to the ground and lost his breath, ye Chen dialed the phone, "dragon spirit and dark hall work together to close the Internet bar! The rest of the sins of the Qin family are left to the state! "

In a short time, the members of the Dragon Spirit and dark hall are already cleaning the battlefield in the whole villa!

Ye Chen looks at all this. If Qin Weiguo's words before his death are true, then from now on, the other party's real plan has started. If you want to stop it, you have to start with yuan Daofeng. There is another person behind him!

But the identity is unknown

"Zhou Longming..."

Ye Chen fingers pinch Jue, just intend to perceive cause and effect, the sky is covered with dark clouds, countless lightning around.

Obviously, ye Chen's ability to perceive cause and effect is terrible! Lead the sky to move!

If so forced perception, the consequences are unimaginable!

"It seems that the only way is to use soil."

Ye Chen rubbed his temple and murmured to himself.

According to the account of Qin Weiguo, yuan Daofeng was already dealing with a mysterious force several years ago. There is more than one array like this one on the earth. How many are there? As Qin Weiguo, we can't get in touch with it.

The greatest effects of this array are two: one is to make the Chinese aura change to the extreme, and the other is that the changed aura can provide complete cultivation resources to the younger generation, that is, to enhance by force.

Of course, it's the kind of pulling out seedlings to encourage others. It's a great hindrance to future cultivation. It's just like breaking one's future!

For the current earth, this force is enough to set off waves, but it is not clear where it is hidden.

But ye Chen knew in his heart that the purpose of this formation was not just to create combat effectiveness. For Hua Xia, the atmosphere of killing and cutting hidden under the strong vitality moved his whole body!

Array spirit is the key!

The spirit of the array was taken away by him, and he was the nearest person to yuan Daofeng. His suspicious nature is certain. Although the Qin family has been taken away, the dragon soul and the people in the dark hall have been monitoring the outside to ensure that the news will not go out.

But paper can't hold the fire after all. In three days, Zhou Longming will know what happened here. At that time, if you want to find him again, it's like looking for a needle in a haystack!

We must make a quick decision!

Ye Chen is thinking about the way to break the situation, a bell will pull him back to reality.

Sun Linglong answered the phone, "Hello, what's the matter?"

Sun Linglong replied impatiently, "I've just recovered. Can't you let me rest for a few more days? Push off all the announcements, and, my coffee table, do you want me to participate in activities of this level?"

She looked obviously unhappy and was about to hang up the phone: "I said I would not accept this level of activities. I don't care about Zhou Longming or Zhou tinnitus. If I don't like it, no one will talk about it!"

Beep, hang up.

When ye Chen heard the name, his expression was a little strange. It took no effort to find a place. He thought about it again and again, and said to sun Linglong: "Linglong, today's array is the reason why you are robbed. As we can see now, the core of the array is taken away, which is probably taken away by Zhou Longming!"

"Well, then?"

Listening to Ye Chen talking to himself, sun Linglong immediately recovers her appearance.

Han qianmin gently pushed sun Linglong and whispered: "but you just rejected Zhou Longming..."

"Well?" Sun Linglong realized that something was wrong and quickly took out her mobile phone and dialed back: "Hello, I participated in the auction. I changed my mind!"

"Well, well, I'll be on time tomorrow night!"

Hang up the phone sun Linglong like a little girl who made a mistake, secretly looked at Ye Chen, silent.

"I'll go with you tomorrow, Zhou Longming. It's not easy!"

Ye Chen nodded and said softly.

When sun Linglong heard the speech, her face was covered with a smile.

"Zhou Longming has basically mastered all the resources of the whole Xihai city. His contacts are complex both on the surface and underground. He himself is a huge intelligence network. Only by taking him can he have further opportunities!"

This Zhou Longming, ye Chen potential in must.

It seems that the state of Qin Wei didn't lie. At least, Zhou Longming's beauty is fully explained.

.....

One day later, in the evening.

In October, Xihai is in late autumn.

Ye Chen stands in front of the luxurious gate outside the building, and his eyes are filled with piercing coolness, reflecting the cold of late autumn.

I don't know what's going on in the earth's heart. Does the will of yuhuanggudi come again?

However, since we have come to China, we must solve the problems of China before we go back.

He looked up at the magnificent building which was high into the cloud, sighed, and immediately lowered his head and took out a cigarette and match from his pocket. He had not smoked for a long time. Smoking is harmful, but it is nothing to the practitioners.

Ye Chen pays more attention to form.

"Yi" ground a, the fire light and the killing intention that bloom flash but die.

It's dusk, the sky is dim, only a touch of blood under the setting sun.

Countless dignitaries from all over the west sea will gather tonight to attend a grand auction.

"Linglong, I'm so lucky that you are the host of this grand meeting!" In the backstage dressing room of the hall, Zhou Longming's voice came, "tonight's charity auction, just ask me what you want, as long as you want, I will give it to you." There was no cover for his laughter.

"Excuse me, Mr. Zhou. Thank you for your kindness." Sun Linglong's eyes flashed a trace of disgust, but soon covered up, in any case, the protagonist of the play has not appeared.

Tonight's auction is destined to be extraordinary.

.....

"It's almost time to start, isn't it?"

The cigarette in Ye Chen's hand burned out. He flicked off the cigarette with his right finger. He took out a handkerchief from the pocket of the white suit coat with tens of thousands of yuan and gently wiped the residual breath on his hands.

He raised his palm to his eyes, and the neon light stimulated Ye Chen's senses through the gap between his palms!

China is where I started, so I can't let anyone destroy it!

"I'll be with you! Lord

Ye Chen body side, don't know when appeared a human figure.

It's Lu Lingfeng!

Chapter 6252

"Don't worry, it involves too much. Your realm is just stable, and you can't adapt to the operation of spiritual power. Don't worry, I'll leave some guys for you to practice. Just wait here!"

Ye Chen's eyes are shining. He wants to do it by himself tonight!

Hearing this, the man in black felt a little disappointed. He looked back at Ye Chen, who was called "God".

However, he nodded and disappeared in the busy street.

After finishing the collar and cuffs, ye Chen steps into the gate of the outer building. Tonight's Bauhinia hall, there must be some stories!

From Huaxia to kunlunxu, then to Lingwu and the kingdom of God, and even to the earth's heart, ye Chen has undergone a qualitative change. His fierce momentum, the domineering power of pointing the country, coupled with the white suit that is straight and fit at the moment.

Like a God in the dust!

Although he did not say a word, but still attracted the favor of countless dignitaries, in their eyes, although never met, but we can be sure that the indifferent man's identity must be unusual!

When people wait and see, there are always people who can't help showing their skills.

"Handsome, alone?"

"Handsome guy, leave a contact information. We can have two drinks together later!"

The incessant sound of pinching Mei rings in Ye Chen's ear.

Ye Chen completely ignores.

But at this time, ye Chen frowned, he felt a familiar breath.

Before he turned around, an uncertain voice suddenly rang out: "brother ye?"

Ye Chen turns his head and finds a young girl looking at herself in doubt. A purple evening dress doesn't look luxurious, but it sets off the lovely temperament of the woman at the moment. With delicate features, she looks at Ye Chen in doubt.

It's Liu Zihan!

"Zihan, you Ye Chen has some doubts.

"Brother ye, it's really you." Liu Zihan took a long breath.

Before ye Chen continued to ask, a staggering figure stumbled to Liu Zihan and yelled: "do you know what a noble identity I am? It's a blessing for your family to take a fancy to you. Do you know what's the end of rejecting me? "

Liu Zihan was stunned and trembled.

She knows Ye Chen's identity is not general, but the man in front of her seems to be more terrible.

Even more powerful than ten thousand families!

Liu Zihan simply a horizontal heart, it is necessary to stand up and take responsibility!

The figure saw Liu Zihan coming to him, and his playfulness in his eyes was even more obvious. He said faintly: "follow me, Zhou Erming, you can walk across the whole China!"

But just as Liu Zihan was about to leave, a powerful hand grasped Liu Zihan who wanted to stand out and said faintly: "let's go!"

Ye Chen can't help but pull Liu Zihan to make a gesture and is about to turn around and leave.

Although I don't know why Liu Zihan came here, he will never allow anyone to touch Liu Zihan.

But now Zhou Erming's eyes are full of anger!

How dare someone brush his face today?

"Stop, have I allowed you to move? What are you, robbing me of a woman? " Zhou Erming pushes aside a group of pugs and stands up to Ye Chen.

Ye Chen turns a deaf ear and pulls Liu Zihan's hand. His steps don't stop at all.

For this kind of clown, he naturally can not spend time to pay attention to.

"Damn, I give you a face, don't I?" Zhou Erming saw the man in front of him challenge his bottom line again and again. He flashed to Ye Chen and slapped him.

But when the hand is about to fall, ye Chen stares at Zhou Erming fiercely.

"On your knees."

The next moment, Zhou Erming was all wet and his legs trembled.

Finally, I knelt down!

What kind of eyes are these!

Let Zhou Erming feel in hell at the moment.

And ye Chen is the master of hell!

He even thinks Ye Chen dares to kill him!

"I... my eldest brother is Zhou Longming. If you dare to move me, you are finished!"

Zhou Erming, pale with fright, still can't help threatening Ye Chen. In recent years, he has encountered countless things. As long as he mentions Zhou Longming, no one dares not to give him face!

Ye Chen can't help but be a little surprised, so casually grasp, also caught a key person?

He said softly in Zhou Erming's ear

"One more word and I'll take you on the road now."

People don't know what ye Chen said in the ears of the Zhou family, but the next second, the client fainted directly.

Ye Chen doesn't want to be endlessly made by a clown. It's the easiest way to make it quiet.

All the spectators were speechless.

"It's a hollowed out lattice. It's so far behind Zhou Longming."

Ye Chen shakes his head, shakes his hand and throws it out. He does not take this little episode into his heart and pulls Liu Zihan to the Bauhinia hall.

"Brother ye, let's run quickly. This week, the family heard that they are powerful in Xihai city. We can't provoke him!" Liu Zihan tries to pull Ye Chen away from this land of right and wrong.

"I don't care who he is. Don't worry. If he dares to trouble you again, the whole Zhou family will be removed from Xihai city."

Ye Chen light a smile.

Liu Zihan

"By the way, how can you come here to participate in the auction without class?"

Ye Chen asked as he walked. In his impression, Liu Zihan is just an ordinary college student. He has nothing to do with this rich and famous family.

"I came with my classmates, and she didn't know where to go..." Liu Zihan said naively.

"Well? No

Ye Chen's first reaction is that something is wrong. In a flash, he comes to the side hall where Zhou Erming was thrown away, and picks him up from the garbage.

Looking at Zhou Erming who is still in a coma, ye Chen points out and spies on his consciousness!

"I see!"

This week, long Ming is really calculating. The first time the Qin family has an accident, he has already received the news. He knows that he may not be able to defeat Ye Chen. He deliberately sets up the middle of the game, invites all the people close to Ye Chen, suppresses Ye Chen, and then arranges to take him down!

Chapter 6253

Ye Chen in the eye a obliteration idea ascends but rises, not conceal!

With his friends to do the game, if it was not accidentally broken by himself, I don't know what accident will happen today!

Even Zhou Longming knew very well that if he did not control his own strength, Xihai would be destroyed.

And the appearance of Liu Zihan will inevitably affect his action.

Even if necessary, it can be your own weakness!

Zhou Longming is a bit of a Taoist!

Liu Zihan looks at Ye Chen, whose face is constantly changing, and says worriedly: "brother ye, are you ok?"

A burst of inquiry interrupted Ye Chen's thoughts, ye Chen gently shook his head, the killing intention in his eyes has been lost!

.....

Louwailou is a well deserved landmark building in the whole west sea, which is the starting threshold for high-end people.

At the moment, there are already many elegant young ladies and gentlemen in the meeting hall. They are looking for their favorite objects with wine glasses.

The auction hasn't officially started yet. People in this circle are doing their own business, business development or emotional resonance.

The melodious sound of piano resounds throughout the banquet hall, and ye Chen follows the sound.

A man in a black tuxedo is playing a melodious piano music.

"I think it's a bit out of place at the moment." Ye Chen's voice is low, walk to the man's side, caress the black body, light way.

"Oh?" The man playing the piano was puzzled.

"I'll order a sad song!"

Ye Chen takes out a stack of banknotes from his arms and gently puts them on the Qin he has knocked before. He turns and leaves.

"Welcome to the large-scale public welfare auction held by Louwailou today. I'm Mr. Zhou Longming. I'm sun Linglong, the host today."

A pleasant sound spread all over the hall of the whole building, and the crowd that was still noisy in the last second was silent in an instant, only the faint sad music lingering.

Ye Chen's eyes look towards the center of the stage!

"The game has just begun! Sun Linglong, after the end of the day, you will be enjoyed by me." Zhou Longming murmured.

"After killing Ye Chen, the game is over!" Zhou Longming straightened the bow between his tie and clothes, licked his shriveled lips and said in a cruel voice.

At the moment, he has only wolf ambition!

The sound of high-heeled shoes came from the backstage. A beautiful shadow slowly appeared in front of the crowd. A gorgeous purple skirt showed long and white legs. The charming watery eyes on the delicate goose egg's face swept the crowd. For a moment, several people under the stage were bleeding.

"Welcome to the outside building." Sun Linglong said again.

"It's such a beautiful woman, but how can sun Linglong come here? I wish I could have a good night. " There was a voice in the crowd.

When Zhou Longming heard the speech, his face was a little displeased, and his face was shaking. He whispered to one of his subordinates: "who just said that, chop it and throw it into the street to feed the dog!"

There was a chill in the corner of his mouth: "Ye Chen, how can you please such beauties and want to get the spirit of the array? It's too late! "

Sun Linglong continued

"Without more words, let me briefly introduce today's auction rules. It's very simple. The one with the highest price will win."

"Each price increase shall not be less than half of the starting price. All the profits from this auction will be given to the Red Cross unconditionally!"

The whole audience was in an uproar.

what?

Not less than half of the starting price?

Many people think that the rules of this auction are too harsh.

It is expected that the starting price alone is not affordable by some ordinary families.

Moreover, this rule, together with other auction items, will be much higher than the ordinary transaction price. This auction will definitely make a lot of money. This building is really worthy of its reputation.

I really want to do everything possible to "hide gold"!

Ye Chen didn't go along with the stream like sigh unceasingly, on the contrary is to cross two Lang legs quietly watching the surrounding environment, in order to do the next response.

Liu Zihan was whispered a few words in Ye Chen's ear before he left. He didn't know where he was going.

"The first auction - Yunshen is nowhere!"

When people looked at the bottle of crystal blue liquid on the auction table, they heard sun Linglong's laughter ring like a silver bell: "this is a kind of original liquid that was accidentally discovered by the alchemist invited by Mr. Zhou Longming when he was building the vessel. Later, after processing, it has the effect of beauty retention!

It's a must-have gift for lovers and girlfriends

"Starting price: 600000!"

"Well..."

Ye Chen just Piao one eye, is sneer a.

In his eyes, it's all the rest of his game.

"Boss, do it?" In the tianzihao box, Zhou Longming's strong man asked softly.

Zhou Longming snorted coldly: "if he doesn't jump out, you don't have to worry about him. Keep watching. People want to kill him!"

His eyes were cold, which made people around him shiver.

"But before that, make the money first!"

Zhou Longming has a clear mind. He wants to kill! But the auction money, also have to earn!

The auction on stage is still going on!

"Nine hundred thousand!" Just then, a well-dressed young man called out.

"It's him, Wang Jun!" Someone under the stage recognized the identity of the little old man.

"Is there any other distinguished guest willing to raise the price?" Sun Linglong continued to ask on the stage with a smile.

"900000 for the first time!"

"900000 for the second time!"

"900000 third..."

"I'll pay 1.2 million!"

A burst of rough voice came, attracted the atmosphere of the auction venue instant solidification, even the presence of Ye Chen is also put away just a pair of sleepy and can't look.

Wang Jun looked at the direction of the voice with a ferocious face, but after looking at the private room, he quickly withdrew his eyes, carefully lowered his head and kept silent.

There are only three private rooms in this auction.

Undoubtedly, it represents the three giants of Xihai City, black, white and business!

Just then the rough voice, the identity of its owner is ready to come out!

Zhou Longming, the Zhou family in Xihai city.

After hearing that voice, all the people who were just eager to try fell into silence. 600000 was a lot of money. Most of them came for Zhou Longming's face. At the beginning, they spent 1.2 million to touch his own mold. No one wanted to be such a rookie.

After sun Linglong's inquiry, no one increased the price.

"Congratulations to Tian Zihao private room for the auction. Yunshen is not sure where it is. Please collect it backstage after the auction."

As soon as the voice fell, the rough voice in the box came again, "Linglong, this is what I prepared for you!"

Chapter 6254

"It belongs to you!"

The voice contains the color of the request which is hard to refuse.

Sun Linglong's face was slightly embarrassed, but after all, she was a person who had experienced large-scale activities, and she still had some basic qualities. She just bowed slightly to thank her and said nothing more.

"Next, the second piece --"

This time, sun Linglong didn't announce the name of the shooting object. Instead, she directly showed an ancient bronze mirror to the audience. The slight copper rust seems to have been for some years, but the texture on it is still clear. It can be seen that it used to be a powerful magic weapon, but now it seems that for some reasons, it has lost its glory in the past.

"This bronze mirror was excavated by the archaeological excavation team of Louwailou from a relic. It may contain some unknown energy. What is the specific use of it? Unknown!"

"If you don't know, there will be infinite possibilities. The starting price is 200000!" Sun Linglong moved his steps to stand in front of the bronze mirror, which was still the standard etiquette and smile.

Ye Chen's idea was put on the bronze mirror for the first time. A moment later, he shook his head. There was no energy fluctuation on it. The ancient mirror had been completely broken. He could only play with it as an antique, or just play its original role as a mirror.

All the people on the scene, looking at the simple bronze mirror, immediately shook their heads!

Intuition tells Ye Chen that this bronze mirror is not simple, but it is actually broken. Even the top architects can't repair it. Just when ye Chen is ready to give up, there is a strange purple energy on it!

Flash away, but ye Chen did catch it!

Also, there is another person, Zhou Longming.

Ten thousand questions haunt Ye Chen. Damn it!

But one thing he can be sure of is that this bronze mirror is a treasure!

"It's a pity that if no one wants it, I'll announce that it's a flop!" Sun Linglong's face is still wearing a faint smile, as if the deal or not, can't let her mood have the slightest fluctuation.

In addition to ordinary people, only these two people have a deep sense of Tao!

Ye Chen and Zhou Longming raised their hands at the same time. Both sides offered a price of 200000 yuan at the same time!

"Wait a minute, I'll give you 300000. I'll take this bronze mirror!" Ye Chen's voice spread all over the venue.

Sun Linglong was stunned at first. Then listening to Ye Chen, she continued

"I always like the objects outside the building. It's a pity that the bronze mirror is broken, but the style is very good. It's also good to take it back to my friend! It's not that I've made a lot of money! If Miss sun doesn't dislike it, I can give it to you! " Ye Chen laughs.

All the people on the scene are in an uproar, teasing the people Zhou Longming likes in public?

"Young master Ye Chen is so elegant. Linglong is really flattered!" Sun Linglong smiles and looks at Ye Chen's direction. There is an unusual meaning in her eyes. Unfortunately, Ye Chen doesn't care about this thought-provoking little look.

At the moment, a cold hum came from the tianzihao box: "Ye Chen, you are finally willing to appear!"

Zhou Longming's voice of compassion reverberated in the whole auction hall. Everyone was shocked. What's the situation!

Zhou Longming's figure slowly stepped out from the corner, shining shoes stepped out of the hall at the moment the only melody.

"Since you take the initiative to jump out, today is the day of your death!"

Zhou Longming looked at Ye Chen on the stage and said with a smile.

"Grab you a mirror, that's the attitude?" Ye Chen responds.

Ye Chen looked at everything in front of him indifferently. In his eyes, Zhou Longming was just a fish. No matter how he designed it, he couldn't turn the sky.

"If I guess correctly, do you want to find the spirit?"

Zhou Longming burst out laughing, and immediately his face became gloomy: "Master Yuan has prepared a plan for several years. What do you think you can change by yourself?"

"Not to mention that you can't find the spirit, even if you find it, it's too late!"

Zhou Longming narrowed his eyes like a madman and enjoyed everyone's breathing at the moment: "Listen to this wonderful sound, and it will become the most famous one in the future!"

He raised his hands and looked back and forth through the bright starlight of the neon lamp!

"These hands will create a new world!"

His crazy laughter spread to every corner of the venue. Some spectators who realized something was wrong began to leave the venue slowly, and Zhou Longming didn't obstruct him. After all, the fewer people there were, the less influence they had on him!

After tonight, when the sun rises to the East in the Ming Dynasty, Zhou Longming is still the first man with a clear eye and power in the whole city of Xihai!

Ye Chen looks at the middle-aged man who is almost crazy, graceful and weird.

In an instant, only a few people were left in the auction hall, which was originally a hot wave.

Sun Linglong stands behind Ye Chen. As for Liu Zihan, he has already been sent out by Ye Chen.

Ye Chen looked at Zhou Longming, who was as motionless as a mountain, and said, "you are a successful person. It's a pity!"

"You should not know me well enough. I think yuan Daofeng didn't tell you too much."

"That's right. You're just a piece to give up at any time."

When Zhou Longming heard the insulting words, he looked ferocious and said, "you just disappeared for a few years! At the beginning, you were the first person in Chinese martial arts, but the pattern of Chinese martial arts and martial arts have long changed! At that time, the second person in the martial arts circle of China was killed by me

Chapter 6255

The next moment, the strong breath from Zhou Longming's body burst out, the decent suit was instantly shocked into powder, his strong body, lingering with a touch of brilliance!

Ye Chen Mou son swept one eye, the idea is amused to decline.

However, Zhou Longming's surging breath told him that Zhou Longming was also promoted by the abnormal aura of that array.

Zhou Longming rushes forward to fight ye Chen!

Endless dust surging!

"Bang!"

"That's it?"

Ye Chen Wen Si didn't move, and the indifferent voice came, which made Zhou Longming's face turn from ecstasy to astonishment!

Zhou Longming felt bad and wanted to take back his arm, but he found that his arm was firmly stuck by something and couldn't move at all!

Smoke scattered, ye Chen's figure slowly emerged from the ruins, slender straight back is particularly eye-catching!

It was Ye Chen's slender five fingers that clenched his fist and clamped Zhou Longming's arm.

"You..."

Some panicked Zhou Longming found that ye Chen didn't hurt at all. He was shocked!

The left arm repeatedly swings several fists, smashes to the leaf Chen chest! But an invisible force let him not touch Ye Chen at all!

"That's it!"

Ye Chen's eyes calmly looked at Zhou Longming, his soft fist did not cause any harm to Ye Chen!

In Zhou Longming's startled eyes, ye Chen's right hand slowly exerts force, just lightly flicks.

"Creak!"

Zhou Longming's strong right arm rotated 360 degrees, but it was broken by Ye Chen's five slender fingers!

"Ah

Zhou Longming's face was pale, and his expression was distorted to the extreme that he could not express. A painful murmur came out!

"Boom!"

The earth trembles!

All this is just a short breath of time, sun Linglong's pretty face surprised to be able to plug a big egg!

"Cough..."

Below Zhou Longming's body is shaking. His perfect skin with explosive lines is like a glass that is about to break. Cracks are all over his body!

"Ye Chen, your strength is far beyond my imagination. I admit that I am master yuan's pawn... But you still lost!"

Zhou Longming staggered to his feet, leaning against the wall behind him. There was a lack of air between the lines.

"Your little girlfriend, Liu Zihan, is still in my hands. If you know what to do, you'll be taken away with nothing..."

Ye Chen shook his head helplessly

"Don't you understand? Liu Zihan? Where is it? "

Zhou Longming smiles, but when he releases his spiritual consciousness, he finds something!

"Kill me!"

He just whispered four words.

Ye Chen frowns, just listen to Zhou Longming continue to say: "I am not the key chess piece, any information will not give you!"

At the last moment, the man still didn't want to lower his head.

"It's ironic that people are not human and ghosts are not." Ye Chen read softly.

Zhou Longming chuckled: "as long as I can protect my family, it doesn't matter. Besides, I will be dead soon."

"You don't understand why you are working so hard until you die. When you die, everything you care about will disappear."

Ye Chen sighs and turns to leave.

"Cough... You stop, what do you say?" Zhou Longming's eyes were so round that he couldn't believe it.

"The change of the earth's aura will help some people to improve their cultivation by leaps and bounds, but as time goes by, ordinary people will be infected by the change of aura, and they will all die..."

"All you've done is to accelerate the change of Aura!"

When Zhou Longming heard the speech, his strong body was obviously shocked, "you..."

Voice did not fall, it is a blood donation!

Zhou Longming's body is at the end of the storm.

He opened his mouth wide and whispered with all his strength, "Nine... Nine... Longshan..."

It seemed that he wanted to say something else. The next moment, the pain came from his whole body. He couldn't help falling to the ground and hit his body heavily on the ground.

At the moment when he fell down, he turned into thousands of pieces and scattered. Ye Chen's slender figure didn't look back, but said in a soft voice:

"Thank you."

Louwailou was blocked immediately after ye Chen and others left, the auction ended, and celebrities from all walks of life left ahead of time.

After that a series of chain reaction, ye Chen did not hang in mind, because this does not belong to his work.

Lu Lingfeng's figure came up to Ye Chen and said in a low voice: "the recent two incidents have made a lot of noise. The above meaning is to take action and keep a low profile."

Ye Chen shrugs his shoulders, which is not his own meaning.

If he really wanted to make a big deal, it might have been settled.

"Don't worry, the next thing is far away from the busy market, and there will be no big waves! It will be over soon. "

"When do you go to Jiulong Mountain?" Lu Lingfeng asked.

"I'll go by myself tomorrow!"

Ye Chen said in a low voice that this action is likely to face yuan Daofeng head-on.

No one knows what yuan Daofeng's strength will be after this strange array change. Although he is still a mole ant to himself, it's hard to ensure that the important people around him will have an accident.

He was afraid of being in China. Yuan Daofeng threatened China.

Before Zhou Longming's death, he only revealed three words, which clearly pointed to Jiulongshan for any possible occurrence, which means that this action may be a decisive battle.

"As far as clues to the current investigation are concerned, the situation in Jiulong Mountain is not known at all.

Lu Lingfeng's cold intention of killing in his eyes is chilling.

He's a subordinate, but more like a brother.

But disobeying military orders is even more taboo!

"Wait for my news, don't rush in!" Ye Chen tells a way again.

He is well aware of Lu Lingfeng's character, so he specially emphasizes that he should do it himself, in case he follows him at that time

In case of any accident, he Ye Chen can't take the responsibility.

After that, he patted Lu Lingfeng on the shoulder and turned away.

Lu Lingfeng heard the speech, and his figure trembled slightly. "The emperor guards the gate of the country, and the king dies. If the country is gone, what do you want me to do with this old bone?"

Thinking of this, Lu Lingfeng gently took out a cigarette from his pocket.

Lighter shimmer, a gorgeous burn.

.....

The next day, Jiulong Mountain was near.

This Jiulong Mountain is not a scenic spot, so when you come near it, it's deserted.

The mountain here is strongly cut, steep and ravines crisscross. It is still the most primitive natural scenery in ancient times!

Ye Chen goes up on foot. In this rare place, his figure is like a dragon walking away!

Just for a moment, ye Chen has reached the foot of the mountain.

"Well?"

Ye Chen step into, there is a feeling of deep mire!

"This is... The aura has been solidified."

Chapter 6256

Lingqi Congshi is no stranger to Ye Chen.

Outside the territory, Lingwu mainland, some parts of the kingdom of God can be like this.

But it's a bit weird to appear in China.

However, only practitioners can perceive this aura. If ordinary people step in, they just feel some strong wind to stop them.

Further forward dozens of miles, ye Chen's body surface formed a thin layer of water mist!

Ye Chen frowned and felt the burning sensation coming from his skin. He understood it instantly!

"Lingqi shengteng Huaye..."

Yes, at the moment, the aura of Jiulong Mountain is gathering, and it is still growing and sublimating!

Originally, the aura between heaven and earth is very thin, and it can't even play the role of breakthrough and powerful nourishment of cultivators. Just like this, ordinary people on the earth can survive.

The rich aura helps the practitioner to improve his realm. Like the level of aura liquid here, if the ordinary practitioner can shut up here, he can make great progress in a few days!

Ye Chen's eyes look to the top of the mountain. The source of the spirit gathering array is here!

After a stick of incense, halfway up the mountain.

Ye Chen's figure moves slowly.

He has the ability to appear at the top of the mountain in an instant, but only step by step can he completely determine the problem of Jiulong Mountain.

Ye Chen runs the spirit power, the body surface sends out the light law, only then causes the whole body's spirit liquid not to attach.

He took out a suit of clothes from reincarnation cemetery and went straight to the top of the mountain!

A moment later, ye Chen's figure appeared on the top of the mountain.

.....

A indifferent figure quietly negative stand, it is Ye Chen, in addition, no second person has set foot!

Yuan Daofeng's figure has never been seen. Ye Chen has carefully explored the surrounding environment, and there is no trace of human foot, let alone other things!

"The man who set up the array is a bit of a Taoist!"

Ye Chen's heart feels that the person who has such a large hand to lay out the spirit gathering array can also erase all traces, so that he can't spy out the slightest will. This person's strength will not be too weak!

The original array of qinjiacun should be the same. The array with claw like distribution should have been hidden in the mountains, waiting for hibernation.

But the plan can't keep up with the change. Some developers negotiate with the government to exploit the small hill which used to be in a corner!

It has become a famous resort under the jurisdiction of Xihai city.

With more and more people coming and going, the reaction of Reiki mutation gathering will be known. In order to prevent exposure, the plan is leaked. As a last resort, those guys should have abandoned the array here!

Take away the array spirit and disperse the gathering of aura.

Those guys just took advantage of the tourist village as the starting point to exchange the ancient wuqin family for guarding the place.

Its name is the guardian eye, and its descendants can be blessed.

In fact, it's just a guard dog for the sake of covering up his tracks. For yuan Daofeng, the Qin family is just a chess piece.

Even yuan Daofeng himself is just a little bit valuable. Once he is drained, he will be wiped out!

Sun Linglong's event itself is accidental, but let himself gradually uncover the earth this aura variation behind a corner.

Looking at the array arranged in front of him, ye Chen's eyes are placed on the core of the most central array spirit!

"Yan Xuan...!"

Ye Chen subconsciously wants Yan xuan'er to do it, but his head fluctuates in the void!

Ye Chen shakes his head and takes the fire back into his body. Then he gathers a flame with his aura.

There is a smell of destruction above the fire.

Blessing a trace of power to destroy Dao Yin, ye Chen's feet circle by circle of black gold ring of fire began to flash, but unexpectedly, there is no imagined sea of fire!

The light rain of Lingli Huaye has moistened all things in Jiulong Mountain. The pines are green and green.

But only one living creature is missing!

This is to let Ye Chen have some troubles. If the array is to be destroyed, these auras must be solved. Once the array is forcibly destroyed, the aura will break away.

It's not just the neighborhood that will suffer. The whole earth and space will be affected to varying degrees!

That's why those guys want to foster the spirit gathering array. They are trying to open the era of spiritual recovery of the whole earth!

"How to solve these things?" Ye Chen is in trouble.

At this time, xuanhanyu's voice rang out: "Ye Chen, your incarnation may be able to understand."

Ye Chen thought of what, Mou son a coagulate.

At the beginning, the incarnation saved itself many times.

But later, because of the lack of strength, ye Chen used less.

Now we can use it to solve some problems.

On the top of the mountain, the wind blows.

In the middle of the strong wind, a huge green dragon pokes out its huge head. Between the breath of the dragon's mouth, countless auras melt into liquid. It also serves as food in the mouth and is swallowed by the green dragon!

Ye Chen's spiritual power is running, and his former incarnation shows up here. His two palms are combined together. In the center of his two palms, great spiritual power comes!

The huff and puff of the dragon head is still going on. Every time it absorbs the aura of heaven and earth, the body of the blue dragon in the deep wind of the void grows and condenses.

Dragon head, dragon body and dragon claw stretch out from the void!

Finally, dragon tail!

As soon as the dragon's tail came out, the whole sky became gloomy. Across the ravines, the huge dragon's soul rose, and a clear dragon chanted, "woo!"

It's raining cats and dogs!

The aura energy in the palm of the avatar is getting dim, and the variant aura gathered by the spirit gathering array is all swallowed into the dragon's belly!

Seeing this, ye Chen's incarnation dissipated. He stood one meter eight in the rain, gasping for breath. "It's too hard to gather aura here. Thanks to this array, otherwise I can't..."

The huge dragon soul in the void, seeing ye Chen's shape, is also transformed into stars scattered all over the sky, into a mini dragon only three feet long, hovering on the top of Ye Chen's head, cheering!

"Satisfied, little guy, after eating so much, go back to rest and advance. When you wake up, protect Huaxia." Ye Chen has the strength to say.

"Clang, clang!"

The little dragon turned in the air for three and a half weeks, nodded gently, and its mouth curved, as if smiling happily.

However, things are not over, ye Chen staring at the array, endless aura surging: "thousands of burning days!"

Before that, ye Chen learned to burn the sky in ten thousand ways from the first few reincarnation powers. For a long time, he didn't use them. However, after a lot of experience, ye Chen slightly improved them, but their power improved a lot.

Circle by circle, the black ring of fire rises and buries the array with the spirit into Purgatory!

All the dust is settled.

Ye Chen turns around and wants to leave. Suddenly he finds something and looks dignified: "eh?"

Chapter 6257

Among the remains of the ruins, one thing flashed a weak fluorescence. Ye Chen stepped forward. In the ashes, a stubborn light was still shining. It was the spirit that ye Chen tried to find before.

"The core of this array is so strong?"

Ye Chen's heart is a little surprised. He can't understand the power of burning heaven. Now, under the fire of destroying the sea of fire, this spirit has a trace of residual energy!

Ye Chen a foot on, that array of spirit is still, lingering in the surface of the light brilliant, bright streamer.

"If you let it go, the energy of this thing will recover, and I'm afraid it will breed the spirit gathering array here..."

Ye Chen has a good idea and sits cross knee.

In the Dantian area, a cauldron of Danlu comes out, which is similar to the eight trigrams Tiandan technique. However, ye Chen modified it to adapt to the Chinese rules of heaven.

The blue light of the red stove is everywhere, and the meaning of the horror is scattered.

As soon as the cauldron came out, the temperature of the whole mountain dropped several grades in an instant.

In the sky, the drizzle falls on the sky, condenses into flakes of snowflakes, sprinkles on the dark blue cauldron stove, adds a sense of mystery to it.

Ye Chen fingers pinch Jue, a strange symbol into the void, disappeared.

I saw that the giant tripod hovering over Ye Chen's head began to swallow and breathe. A trace of aura between heaven and earth converged into the mouth of the tripod to suppress the last trace of Aura!

"That's tough!"

Ye Chen opened his eyes, looking at the light gradually dissipated spirit, he completely cut off the contact with the outside world!

He threw it into the reincarnation cemetery.

Just then, in the distant sky, came a roar!

"Ye Chen, how unreasonable! How dare you do harm to us

A hoarse voice of indifference trembles the world!

The voice roared.

Ye Chen doesn't pay attention to it. The good play has just begun. In the following time, ye Chen carefully combs the layout and effect of the remnant array. After confirming that it can't be recovered any more, he adds a trace of destructive power to every foundation of the array and suppresses it forever!

On the top of the mountain, ye Chen looked at his masterpiece and said softly, "in this way, the array here should be completely demolished!"

"In fact, these actions are against the way of heaven, and I don't know what kind of karma will come to me. However, with my current state of cultivation, it should not be a big problem to forcibly correct the aura here." Ye Chen murmurs after thinking.

"Susu, Susu!"

In a flash, the sound of a commotion rings in Ye Chen's ear. Although it is not strong, ye Chen's perception shows that they are more than enough.

"And send these bastards to test me?"

Ye Chen knew that the array here had been destroyed, and Yuan Daofeng had already sensed it, so he sent people to kill him here!

Listen to that more and more near footstep sound, leaf Chen hands bear behind, indifferent wait.

When all the people come together, we will work together to solve the problem, so as to avoid future trouble!

Just a moment, ye Chen's side has been blocked by countless mysterious people, everyone's face is full of killing!

They are killing weapons made by yuan Daofeng. The only meaning of their existence is destruction.

Ye Chen in front of them is a prey!

The mysterious man at the head drew out a silver steel knife from behind, slung it on his side, and walked step by step towards Ye Chen, who closed his eyes.

Between lightning and flint, there was a burst of knife light.

The mysterious man's head soars to the sky, falls in the ashes and ruins, and looks at Ye Chen in a puzzled way.

"He didn't move..."

This is the last consciousness of the mysterious man.

The people who chase Ye Chen are surprised to see the tragedy of the mysterious man.

No one can see when ye Chen moved his hand, only to see the bloody head sputtering out of the miserable!

"This..."

They all looked at each other, but no one dared to step forward.

"The people behind you are just trying to tempt me with your lives." Ye Chen opens his eyes, and the pure light in his calm eyes is scattered, but the people dare not look directly at him.

"It's not worth losing your life." Ye Chen gets up slowly, and a hundred people step back.

He said all that, and did not commit murder. Moreover, these people are colleagues of the earth, so why worry about each other.

The real damned one is the messenger behind it!

Ye Chen turns his head and walks towards the foot of the mountain. The killer of nearly a hundred people looks at the back of the person who has no intention to hide and walks away, and falls into a deadlock.

"Forget it, we're not his opponent. Who is Ye Chen? He was the first person in the ancient martial arts world of China and Kunlun. Now he's back, and his strength is even more unfathomable. We'll be content to have a life!" One of the killers gave a bitter smile and said helplessly.

Other people nodded. It's true. The disappearance of Ye Chen is well known in the circle of guwu. No one knows Ye Chen's name.

"The action failed. Let's go separately!" Another killer thought for a long time, sighed and turned away.

After all, yuan Daofeng has absolutely no tolerance for their failure.

Going back is the end of being wiped out!

When one person leaves, a large force follows.

Just a moment later, all the killers on the top of the mountain left the scene.

Chapter 6258

"It's a pity that yuan Daofeng is too cunning. He won't show up easily until he is completely sure of his strength."

"The matter here, now the situation here, I want to explain it briefly with the dragon soul and the dark hall..."

Ye Chen thought, then dialed Lu Lingfeng's mobile phone.

.....

At the same time, there is another place in Jiulong Mountain.

"Lei'er, I didn't cheat you. Jiulong Mountain is famous for its precipitous mountains and ravines in the whole Chinese territory."

"This is the place that the explorers in the circle praise. If you can climb on the top of the mountain, the beautiful setting sun and setting sun will be the most beautiful scenery in the world!"

A tall man with short hair, wearing camouflage mountaineering clothes and carrying a large backpack, said.

"Unfortunately, I went to the top of the mountain last year!"

He said with pride, and the two young men who were also dressed in mountaineering clothes beside him praised: "brother Li! These Jedi can come and go freely. "

The man with short hair grinned triumphantly. Just as he was about to open his mouth, a figure walked slowly down the mountain.

Ye Chen's perception had already scanned the situation here for a long time, and he didn't pay much attention to it. He went straight down the mountain. He was just a mountaineering team of three men and three women. With their physique, he was afraid that they could not even climb the Jiulong Mountain.

The array on the top of the mountain has been solved, and the residual aura has been absorbed. Although the residual aura may have a small impact on people, the effect is very little.

According to the normal progress, within three days, the aura of gathering here will be dissipated.

Jiulongshan was restored as usual.

"It's strange that I didn't see any living things all the way." One of the women asked.

The short haired man glanced at the ugly woman and said gently, "this place belongs to the Jedi. If you go deep, there will be animals around!"

His eyes were more on the girl named lei'er.

The girl's name is Zheng nianlei. Although she is wearing mountaineering clothes, her hot body can't be covered. It's concave and convex. Obviously, it's because of years of fitness and exercise.

The man with short hair is Li Tianqi.

Obviously, they are all mountaineers, and Li Tianqi has a little affection for Zheng nianlei.

"Well, there's a man down there!"

One of the short men exclaimed, "how could someone come down from the mountain?"

"Is he alone? Is something wrong?" Zheng nianlei looked at only one person from a long distance and worried.

The man with short hair on one side thought, it's time to show himself!

I saw him take two or three steps, across the shallow grass gully, easily ran to the man, asked with a smile, "brother, you are also a mountaineer, see you are a person, do you need our help!"

Ye Chen hears speech, brow a wrinkly, light way: "need not."

With that, ye Chen is ready to leave.

But just as ye Chen was about to leave, a female voice with a little doubt in the exclamation rang out, "you... Are you ye... Chen? Jiang Cheng, ye Chen

Ye Chen heard someone call out his name, but also mentioned Jiangcheng, strange expression, turned to the three men and three women of six climbing group looked, if someone and himself have some cause and effect.

But the cause and effect is very weak, and this cause and effect happened before he fell into Dongqian Lake.

"Zheng nianlei?" Ye Chen's memory of the depth of emergence of a figure, light way.

"It's really you!"

Zheng nianlei exclaimed in surprise. I can't believe that she will meet an old classmate who has been away for many years!

Zheng nianlei was Ye Chen's middle school classmate, but at that time, the Ye family in Jiangcheng had not declined.

Ye Chen and Zheng nianlei have a good relationship.

But now when I meet an old friend in a foreign land, I'm naturally excited.

Seeing ye Chen nodding, Zheng nianlei felt a little excited and opened her voice, telling her past experience.

Ye Chen, out of politeness, replied a little.

Maybe it's because ye Chen's temperament is noble and elegant, or because ye Chen's cultivation sends out a light aura, which makes the other two girls like Ye Chen.

The three men accompanying Zheng nianlei were isolated.

"What's the origin of this boy, dare to pry my corner?" Li Tianqi was obviously displeased, and his voice was low.

"Brother Li, why don't you take care of him?" Whispered the short boy.

Li Tianqi thought again and again: "don't use it first. Let's explore the bottom. As long as it's the people in the circle, no one doesn't know my name, let him retreat in the face of difficulties!"

.....

"Ye Chen, I haven't heard from you for so many years. What are you doing? Where do you work? " Asked Zheng nianlei.

Ye Chen smiles. It's impossible to talk about cultivation, so he lies and says, "I've been a soldier for several years, and I've been a fool since I retired from the army, and I'm not in the right shape."

"Brother ye, he was a soldier before. I don't know which army he is from? I have a friend who is also a soldier, but he is a commander in chief! "

The man with short hair came forward and asked with a smile.

Ye Chen glanced at the man with short hair and knew what this guy was thinking. He said directly, "I'm a volunteer, but I'm just muddling around."

On one side, Zheng nianlei exclaimed: "being a soldier is really powerful. I admire soldiers most! How good it is to protect the country. "

The two girls echoed and nodded.

This sentence a expert, short hair man Li Tianqi see ye Chen's eyes are not quite right, full of hostility.

"Dare to fight for a girl with me and die!" After several times of thinking, his face changed several times, or he asked with a smile, "brother, are you here to climb the mountain? Jiulong Mountain is an unusual place. It's dangerous everywhere. It's hard to deal with injuries like you if you don't leave any gods! "

One side of Zheng nianlei is full of worry: "by the way, ye Chen, how can you be alone?"

"Why don't you come with us? We can take care of you along the way."

Zheng nianlei has a good heart.

Ye Chen shakes his head and politely refuses, indicating that he has no problem and can go down the mountain alone.

But Zheng nianlei is very worried about ye Chen's safety. After all, this place is extremely dangerous. He is the only one who can't do anything.

"Don't worry, it will be all right!" Ye Chen replied with a smile, "by the way, you should leave as soon as possible. Something happened on the top of the mountain, which may affect the bottom. It's too dangerous for you here!"

At the moment, ye Chen's kind reminder has changed in Li Tianqi's eyes.

"Brother, we send you down the mountain, you don't want to, still advise us to go down the mountain?"

"Do you want that?"

Li Tianqi said bluntly: "just like you, you still go to the top of the mountain?"

"Why don't you say you've been to Lingxiao hall? All the bullshit are flying in the sky

Li Tianqi sneered. He thought that the circle was so big and there were only a few famous big men. Even those people didn't dare to say that they had climbed to the top of the mountain. At most, they were only half a waist.

Chapter 6259

Today, some people even talk big and put it on their head?

I thought Ye Chen was an honest guy, but I didn't expect that he was also a pig with a big nose. He dared to pretend to be an elephant!

Li Tianqi's expression is quite wonderful, but ye Chen is still indifferent: "the reason is inconvenient for me to say more, but I sincerely suggest that you leave now, your physique can't endure!"

The array has just broken. In addition to aura, there is still a trace of destruction. Ordinary people really had better not go up now.

Ye Chen, this is good advice.

"Constitution?" Li Tianqi and others, the three men looked at each other, burst into laughter, "are you teasing us? Do you still talk about Physique with us? "

Ye Chen sighed and shook his head. These guys couldn't listen to him.

His eyes turned to look at Zheng nianlei, the expression in his eyes was self-evident.

"Leave at once, it's dangerous!" Ye Chen comes forward, looking at Zheng nianlei and says solemnly.

"I said, did you hit your head on the mountain?" Li Tianqi now can see that ye Chen has pure brain problems!

This remark caused a burst of laughter.

Ye Chen helplessly shrugged a shoulder, again serious way: "with you!"

"Boy, don't be disrespectful. What do you mean by pretending to be a devil to stop us?"

Three people up front ring arm, will ye Chen surround.

"What are you doing?"

Zheng nianlei a discontented shout spread, three people a Leng.

See Zheng nianlei's figure has blocked in front of Ye Chen's body: "do you still want to fight against my classmates here?"

Li Tianqi and others dare to be angry. After all, the goddess is partial. Although they are angry, they dare not tear their face openly!

"Let's go!"

Zheng nianlei thought twice and said.

"Ah?"

Several companions don't understand why Zheng nianlei is obedient to Ye Chen.

Li Tianqi three people discontent, roll up the sleeve to walk toward Ye Chen, have the meaning that want to fight thoroughly!

At this moment, there was a buzz in the sky!

"Buzz, buzz!"

Not far away, two large armed helicopters came slowly, and soon they circled above Ye Chen's head.

The airstream agitated by the propeller exploded around several people, and they all lay on the ground. They couldn't even open their eyes. For a moment, they fell into silence. They didn't know the origin of the helicopter!

Is it because of Ye Chen?

Li Tianqi had an incredible idea in his heart, but he immediately rejected it.

Can such a man with brain problems command a helicopter?

I don't believe in killing him!

But for a moment, two armed helicopters slowly landed on the narrow mountain, the cabin door had already been opened, and a burly man with strong threat looked down.

His eyes seemed to be looking for something!

Suddenly, his eyes a congealed, looking at the direction of Ye Chen and others, from the helicopter several meters above the ground jumped down, just a few flash, has come to them!

Li Tianqi and others looked at the figure from the sky as if they saw ghosts and demons. Their mouth was open to the extreme!

"This... This..."

Several people nervously speechless, the man gave them too strong sense of oppression!

However, the next scene that shocked them even more happened. The man walked up to Ye Chen and knelt down on one knee, respectfully saying: "Lord, we are late!"

Ye Chen doesn't think so, just lightly nods and whispers a few words in Lu Lingfeng's ear. Lu Lingfeng's face changes.

After a long time, he said in a low voice, "the one from the ancient martial arts circle of China is here to see you!"

Ye Chen turns his head and sees the figure of a middle-aged man in a Huashan slowly showing his true face in another armed helicopter.

.....

A few minutes later, armed helicopter.

"Mr. Ye, what you said is true?" The gray haired man had a dignified face.

Ye Chen nodded: "there is more than one spirit gathering array all over the country. Each place has gathered a lot of aura of heaven and earth, and these places are very secret. Even if they are dragon spirits, it's not easy to find out all of them!"

"Just destroying this spiritual array has already consumed more than half of the energy, and these spiritual arrays will affect the fortune of China!"

Once the words came out, the grey man was silent for a long time.

"Do you have a way to break the game?"

The dull atmosphere lasted for a long time. In this narrow space, it fell into silence for a moment. Finally, the gray man sighed to break the deadlock.

Ye Chen is also brow tight wrinkly, a moment later he softly says: "at present only one method can solve!"

"Oh?"

Gray hair man's eyes lit up, it seems that all hope is placed on this young man!

"Xiao Zi falls into a deep sleep. The new Qi carrier is still lacking. The carrier carried by Lingmai Qi carrier needs someone to inherit it!"

"Only in this way can the Chinese spirit be preserved to resist the erosion of the spirit gathering array!"

Ye Chen thought carefully.

"What do you mean by this carrier?"

The grey haired man frowned and began to speak.

"Your position in the ancient Chinese martial arts world is highly respected. You are the most suitable carrier!"

"However, I will plant an edict in your body. You must guard China forever."

Ye chendao.

Gray hair man's fingers slightly tremble, once a country's luck and its body, then his strength will advance by leaps and bounds.

Even become the guardian of China!

It's very possible to climb to the top of the mountain, even if it's outside the country. As for life expectancy, it will be the same as the sky!

This is an irresistible and attractive condition for anyone!

"I see. Let's go!"

The gray haired man said in a deep voice.

Ye Chen comes to the top of Jiulong Mountain with grey hair man!

His spiritual power is surging, and Dantian's aura is running wildly. The golden light turns into a huge palm to gather all the aura around China. It turns into a dancing Oriental dragon, lingering around the whole Jiulong mountains, a piece of auspicious omen!

"Get up!"

With the roar of the palm tearing the sky, the green dragon scattered all over the sky light and rain drops on the gray man!

Gray hair man's eyes are burning, hot eyes looking at Ye Chen.

"What is Qi Yun? Qi is gathered by people and transported by heaven!"

"Fortune is not yet to speak of, and fate can be changed!"

The gray haired man stands on the top of Jiulong Mountain with both hands.

"The spirit of China lies in you!"

"I will leave China soon. You must guard it well, or you will bear the consequences."

Ye Chen light to.

Hearing this, the grey man gave a smile and replied, "can I break up this fortune? "To the hundreds of millions of people?"

"Oh? Why? "

Ye Chen looked at the vigorous figure in front of him with great interest.

Don't you want to become a God on the spot?

"I know that the end of martial arts is limited. If you add all your qi to me, what will happen in a hundred years? In a thousand years? One day when I'm away, will China disappear in the corner of time? "

The gray haired man whispered.

Chapter 6260

Ye Chen's body trembled as soon as he said this. In his heart, he filled thousands of people!

"Let go of your good fortune, and you will be blessed with thousands of people. One day, I hope there will be a person like you in Huaxia who can stand up to heaven and earth!"

Grey hair man's eyes are full of light, his eyes reflect the future!

Ye Chen a smile, this kind of possibility has no.

He is willing to gamble on a distant future. In this way, foreign forces will no longer covet the spiritual pulse of China. For a long time, this country will be in a period of relatively stable development!

In China.

"What's going on?"

"Everyone has a little bit of luck?"

"How do you feel refreshed?"

.....

This subtle change will continue to affect the future situation of China in the future!

Of course, that's the Afterword!

The gray haired man, whose back is still upright, looks at the beautiful river with a smile in his eyes.

"Lord, it's not good!"

Lu Lingfeng's figure came quickly and looked at the gray haired man beside Ye Chen. He bowed his head for the first time to greet him.

"Your friend, Zheng nianlei, her body is abnormal. Those people have different degrees of reaction!"

"A few people have started bleeding from the seven orifices!"

Lu Lingfeng knows the situation.

"Well? I've ignored one thing. Those people have some Qi luck. In addition, the residual aura of mutation and the Qi of destruction have a blood confrontation! "

Ye Chen's figure flies away, and the gray haired man leaves quickly under the leadership of Lu Lingfeng.

Soon, ye Chen appeared in front of the crowd. He glanced at the crowd and shook his head. Then his fingertips flashed a shimmer. The breath of the people became more and more stable. Ye Chen said:

"Their lives will be all right, but they should be sent to the hospital immediately!"

Just when ye Chen is ready to leave, ye Chen suddenly finds that Zheng nianlei's seal hall turns black, which is obviously a sign of great evil.

Hesitated a few seconds, leaf Chen long sigh: "just."

.....

A few hours later, Xihai city.

A city located in the northwest corner of Chinese territory, a morning light sprinkles on the silent earth, and several birds sing across the sky.

A man's voice came from the office on the 14th floor of a senior private hospital of Yuanyuan group: "I know!"

This is a middle-aged man, about 50 years old, but because of maintenance, there are no wrinkles between his eyebrows, and there is no white silk between his temples, which gives people an invisible pressure.

It can be seen that his identity must be different.

"Ray, what's the matter with her?" The middle-aged man is Zheng nianlei's father.

"It was an armed helicopter that sent them to the hospital. It's inconvenient for me to disclose the specific situation, but please rest assured that there won't be any situation for the young lady. Just have a rest!"

The doctor just left a word, then turned and left.

Of course, all these are inspired by Ye Chen.

It's too much to know, even for Zheng nianlei's family.

At the same time, ye Chen met Jin Lengyan at the door of the hospital, and then returned to the hospital.

Just stepped into the hospital, ye Chen looks a coagulation, spiritual consciousness is an unexpected harvest.

He drew a smile on the corner of his mouth and went in one direction.

He leisurely walked to Zheng nianlei's ward, pushed the door, and outlined a funny smile at the corner of his mouth.

At this time, a burst of "whoosh" sound of breaking the air, ye Chen appeared in front of a scalpel, the sharp blade rubbed his nose, nailed to the side wall, ye Chen didn't move.

Even in front of his eyes flashed a figure in white sportswear, the figure quickly ran into the elevator, disappeared.

Ye Chen looked as usual and said, "is there anyone who wants to kill Zheng nianlei? This may be Zheng nianlei's great omen. "

In a moment, his figure appeared at the door of the hospital.

The exit of the parking lot is on the right side of the hospital. Without stopping at all, ye Chen rushes towards the intersection. Then he hears a loud bang. A figure is knocked over ten meters and falls into a pool of blood.

The white sportswear was instantly soaked with a touch of scarlet.

On the one hand, he didn't do it because there were many people in the hospital, and on the other hand, he just wanted to find out the backhand through this person.

But now, all the clues are broken. This guy has lost his temper. The car that caused the accident needs dragon soul to investigate

Is the killer intercepted by a third party?

No, maybe it's the failure of the action and the silence of our own people!

Read here, ye Chen feel a little interesting, if so, then the power behind is not simple!

But half an hour later, ye Chen's mobile phone flickered. According to the information he received, the driver who killed the killer didn't have any problems. Is it all an accident?

All this can only wait until Zheng nianlei wakes up to ask her.

Ye Chen exerts his skill, and Zheng nianlei is sober!

.....

A few minutes later, ye Chen walked into the ward.

"Thank you for your help, Mr. Ye."
