Chapter 6311

"Diddiddidi"

The sound of a mobile phone is the message of Jin Lengyan:

"Drillmaster, I also found something unusual here. There is a suspected figure of Lu Lingfeng in Haibei City, but it is confirmed that the real Lu Lingfeng is waiting in the Yinbei sea area at the moment!"

Ye Chen Mou son one coagulates, the corner of the mouth outlines a smile, turn off the mobile phone, turn round then walk outward.

"To..." seem to think of what, ye Chen's figure is a Leng first, immediately toward the direction of the bedroom!

.....

After a stick of incense.

Base.

"Well, is there any news?"

The first time ye Chen receives the message, he rushes to join Jin Lengyan and looks at the scene inside the monitor. He feels thoughtful.

"Strange, just found his figure, how you come, it is disappeared!" Jin Lengyan's face is dignified. As the most outstanding mysterious organization in China, they have never met such a difficult opponent.

It's mainly the detection means of modern science and technology. It's really difficult to use these monsters that can go up to heaven and earth and change shape at any time.

"It's reasonable!" Ye Chen looks indifferent, sitting in a chair, closed his eyes.

Jin Lengyan is on one side, hastily pacing back and forth, the whole room is echoed by her pacing voice.

"Instructor, are you in no hurry?" Finally, Jin Lengyan could not help saying.

The leisurely Ye Chen on the chair opened his eyes slightly at the moment: "wait, it's not the time..."

At the same time, Jiang Lengxi is in the villa.

Just according to Ye Chen's instructions, Jiang Lengxi came out of the bath room after practicing for two weeks.

Her body was a long bathrobe, wrapped in a graceful figure, and her hair was full of drops of water. She wiped it as she walked with a towel in her hands.

"Why? Ye Chen, why did you come back so soon?" Jiang Lengxi bumps into Ye Chen, who comes back from the outside.

"Is Wei Zhiyao in the room? I have something to look for her!" Ye Chen expression is a Zheng at first, immediately to river cold Xi open mouth to ask a way.

"Should be resting!" Jiang Lengxi only feels that ye Chen is a little strange. She doesn't know what to look for in such a hurry. "By the way, this morning I practiced according to the mental method you said, how can I feel tired all over?"

When Jiang Lengxi encounters problems in her cultivation, she naturally wants to ask the half way master to make it clear.

Ye Chen's eyes dodged and said, "I'll talk about cultivation later. I have something to find Wei Zhiyao. It's urgent!"

Finish saying words, leaf Chen head also don't return of toward inside the room walk!

"Ah Jiang Lengxi is a cry again, called to leave Ye Chen.

"What's the matter?" That leaf Chen quite some impatient, the tone is quick way.

Jiang Lengxi is a little surprised. Why is Ye Chen so angry suddenly? She points to the corridor on the other side: "Zhiyao's room is over there..."

"Well!" Ye Chen smell speech, no longer say what, but straight toward Jiang Lengxi refers to Wei Zhiyao room and go.

"Wei Zhiyao, I want you to die in front of Ye Chen and let him have a good look at your last appearance!"

.....

A moment later, inside the monitoring room.

"Instructor, look, he appears again!" Jin Lengyan looked at Lu Lingfeng on the screen and exclaimed in surprise!

Ye Chen suddenly opened his eyes, got up and looked at the monitor: "well, I understand."

He walked out and said as he walked

"I'll go back first, keep in touch at any time!"

The gold cold wild goose is a pull leaf Chen's arm, "instructor, what circumstance, the person all appeared, don't start?"

Ye Chen gently shook his head, but his eyes flashed a trace of murder.

"Well?" Jin Lengyan is a little confused.

"I ask you, in recent days, in addition to the clues of Yinbei sea area, do you have any other traces when you trace Yinmo Tianshi?" Ye Chen inquires.

"No..." Jin Lengyan shook his head.

"It's the same with Lu Lingfeng. Just like today, you said you found a trace. Now you have a look?" Ye Chen moved his lips and motioned for Jin Leng Yan to take a closer look. Looking back, it was already a snowflake on the monitor.

"Damn it, it's found out!" Jin Leng Yan is going to chase her!

Ye Chen opened his mouth softly and said, "no need!"

"He did all this, you say, for what?" Ye Chen looks at Jin Leng Yan and asks.

"So he let us find the trail on purpose, so as to lead you out?"

"But now he didn't do it, that is to say, to divert the tiger from the mountain!" Later, Jin Lengyan thought of it.

"Although you are faced with demons, the failure of modern investigation means will certainly affect your judgment. Even if you are a God, your way of thinking will be the same as that of ordinary criminals. You should bear this in mind!"

Ye Chen exhorts a way.

"Tiaohu leaves mountain, so instructor you..." Jin Lengyan looks at Ye Chen, who has leisure to teach himself, and urges him.

"There is a way to call Huang Que in the back!" Ye Chen turned around and walked straight out, "this guy is so slow. Let me wait for this meal!"

The gold cold wild goose is looking at the back of the leaf Chen to leave, murmur a way: "this is to plan a strategy?"

When we return to the villa again, Jiang Lengxi has already stood at the door, anxiously looking back and forth.

See ye Chen return, she hurried forward, "Ye Chen, quick, Zhi Yao has an accident, has been high fever unconscious, still talking nonsense!"

Ye Chen's vision one coagulates: "has anyone come before?" He asked.

Jiang Lengxi told ye Chen about the previous situation.

Ye Chen shook his head helplessly: "that's not me!"

"Ah?" Jiang Lengxi was shocked.

"Someone pretended to be me and wanted to kill Zhiyao!" Ye Chen calm eyes looking at Jiang Lengxi, "I go to see the Yao!"

He walked to Wei Zhiyao's room at the same time.

"Creak!"

Pushing the door open, Wei Zhiyao on the bed turned red and unconscious.

"Jie Jie!"

A strange smile rings out, bedside a remnant shadow appears, it is a leaf Chen again!

"Ah Jiang Lengxi on one side seems to be a living ghost. She has never experienced such a scene!"

"Ye Chen!" The shadow said, "today, I want you to taste..."

Before the words came out, ye Chen said, "if you are here to talk, I advise you to stop talking. I will find you and suppress you myself."

At the end of the speech, before waiting for the shadow to speak, ye Chen waved his hand and wiped out the residual shadow.

"Damn it Ye Chen's shadow, made of the devil's stone, wants to say something, but it can't speak any more.

.....

At the same time, the distant Yinbei sea area.

"Ye Chen! I'll make you pay! Wei Zhiyao, you are the first to die for ye Chen! "

A roar came, the demon Tianshi wanted to tease Ye Chen, but he was scattered by others.

Chapter 6312

"Well? There are fluctuations! " Lu Lingfeng, who was searching in the nearby sea area, gazed into the distance. "It seems that the plan of the temple master is about to start!"

At this time, Wei Zhiyao was in her room.

"Ye Chen, do something quickly!"

Jiang Lengxi urges Ye Chen to look at Wei Zhiyao, whose fever is still rising. She is in despair.

"Just as well, wait a little longer!"

Ye Chen calmly looks at Wei Zhiyao on the bed and doesn't worry at all.

"I still have a back hand. Zhiyao will be fine!"

Hearing this, Jiang Lengxi's hanging heart is to put it down!

Time goes by.

"Cough..."

Lying on the couch, Wei Zhiyao began to cough violently. She was so dizzy that she didn't seem to feel all the sounds of the outside world. Her throat was sweet, and a thick black blood was spitting out, sending out bursts of rotten smell.

Jiang Lengxi was shocked by this scene and collapsed to the ground. She couldn't say a word. Looking at Wei Zhiyao, who was gradually pale, she was really flustered.

Ye Chen brow tightly wrinkly: "still have a short while, can immediately!"

He is also observing the situation of Wei Zhiyao anytime and anywhere!

Not long after that, Wei Zhiyao's body surface was covered with a trace of cyan light, and the faint light lingered on her body surface. At the same time, a golden elixir was shining through the veins of flesh and blood in her elixir field.

"Very good!"

What ye Chen is waiting for is this moment. This is the golden elixir he made with his own blood. It can heal all things and break all laws!

Ye Chen this cloth under a backhand turn over the situation, the golden elixir into Wei Zhiyao body, she was a mediocre body.

So when the demon Tianshi poisoned, he didn't notice the abnormality in Wei Zhiyao's body!

"What's this?"

Jiang Lengxi looked at her friend who was in danger a second ago, but now she was covered with light, and the situation was gradually getting better. Even her pale face was quite ruddy.

Under the gaze of Jiang Lengxi, ye Chen gently raises his right hand, and several unknown Charms gather. The golden elixir in Wei Zhiyao's elixir field is shining, slowly spinning in Wei Zhiyao's abdomen, forming a golden whirlpool!

All of a sudden, a stream of dark matter energy is gathered by the new gravity in the center of the vortex, and slowly condenses towards the golden elixir!

Ye Chen forehead drops of sweat overflow, he is trying to control the power of the golden elixir, this if in his body, try to urge.

But now this golden elixir is staying with Wei Zhiyao. If there is any fluctuation, it may die!

Ye Chen must play twelve points spirit!

A trace of black material energy was drawn from Wei Zhiyao's whole body meridians and flowed to the golden vortex.

Not long after, the golden whirlpool was covered by purple black awns, even submerged.

"Hu..." Ye Chen lightly breathes a breath, immediately the facial expression again a coagulate, "rise!" With Ye Chen's right hand gently raised, the golden elixir with black awn began to slowly rise from Wei Zhiyao's body.

Through the veins of flesh and blood, into a group of light, through the body and out!

"Cough!" Wei Zhiyao was coughing violently at the moment, but this time, there was no sign of coughing up blood. Instead, she gradually regained consciousness.

"Brother ye, did you succeed?" Wei Zhiyao opens her eyes and looks weakly at Ye Chen. All this is her idea.

In fact, after the first battle on the deck that day, Wei Zhiyao felt that it was her own backwardness that led to the failure of pursuing the demon Tianshi and was escaped by her.

But in terms of the character of the demon Tianshi, the bold words he made before he left must be fulfilled by all means.

Now that his whereabouts are uncertain, he'll do whatever he wants, and wait for him to come to the door on his own initiative.

"In this way, ye Chen did not leave Zhiyao a few days ago, in order to let the devil Tianshi relax his vigilance?" Jiang Lengxi suddenly realized.

"In fact, I'm not sure about it, because I'm not sure if he's watching us all the time." Ye Chen answers softly.

"However, what happened in the underground meeting place that day, Qin Kun's appearance was just his means of monitoring me. In the end, Zhong Li's appearance revealed the story of Lu Lingfeng, and I realized that he was arranging everything from the beginning!"

"The more I stay by Zhiyao's side, the faster he moves. That's why he deliberately let out the wind and let Lu Lingfeng, Jin Lengyan and others find traces, so as to lead me away!"

Ye Chen whispered: "and I have been deliberately cooperating with him!"

He put the dark golden Dandan in his palm: "now, it's our turn to fight back!"

"Brother ye, what are you going to do?" With the help of Jiang Lengxi, Wei Zhiyao sits up slowly and sips a cup of warm water beside the bed. Her breath gradually stabilizes.

"If Qin Kun didn't appear, I might have to spend some time..." Ye Chen chuckled. This guy's arrest really helped him a lot!

With a wave of Ye Chen's sleeve, Qin Kun appeared in the room like a living man.

Qin Kun's head is already in a state of madness and half coma. Jiang Lengxi gets angry when she sees him. After all, she almost deceives herself.

She snatched the water cup in Wei Zhiyao's hand, and half a cup of water was directly splashed on Qin Kun's face. Then she saw that he woke up.

"Ah A lift an eye to see is a leaf Chen, Qin Kun frightens to quickly retreat, shrinks in the corner to shiver, which still have before that fairy wind Dao bone of appearance?"

Chapter 6313

The golden elixir in Ye Chen's palm flashed, and a dark breath was released. He rushed to Qin Kun, and immediately devoured the whole person!

"This is the demon's poison planted by the demon's Tianshi."

"This poison is very evil. Once it is cracked," the memory in his mind will resonate with this dark energy, and this breath will guide us to find the demon Tianshi! "

Ye Chen looked at the wisps of the air, he released a divine idea attached to it: "don't need this Qin Kun mouth, wait a while, we naturally know the location of the Yinmo Tianshi!"

Ye Chen picked up his mobile phone and dialed Lu Lingfeng's number:

"Act according to the plan. You are responsible for temporarily suppressing all auras of the spirit gathering array at the same time! Wait for my news

.....

At this moment, deep in the sea area of Yinbei.

"Ha ha ha ha ha, ye Chen, did you have the title of" master of medicine "in Kunlun in those years? Now the deadline for poison has passed. Now you should collect the corpse for Wei Zhiyao!" The demon Tianshi laughs wildly. As soon as the poison is released, he will be aware of it.

Now there is no movement, it seems that it is successful

"Ye Chen, against me, there is no good end!" However, the demon Tianshi has no idea about ye Chen's deployment at the moment.

But at the moment of Ye Chen suddenly, eyes a bright, "found!"

Ye Chen looked around, set up a powerful array, and then said: "you stay in this room, don't go out, no matter what you see or hear, even if I knock on the door, don't pay attention to it!"

"As long as you don't step out of this room, no one can hurt you. I will stay here!"

Two women listen to, also know ye Chen is to find the devil Tianshi decisive battle, also know not to stop, just gently nodded.

In this way, ye Chen with Qin Kun, left.

.....

Yinbei sea area, at the moment, the sea breeze is whistling, the wind is blowing!

The demon Tianshi sat in a cave on the bottom of the sea. After a long time, he slowly opened his eyes: "almost!"

"This injury is really tricky, but fortunately there is a storm over the sea today. Absorbing its energy is also helpful for the recovery of the injury!"

"Another period of time, when I fully recover, ye Chen, is your death time!"

There is no fluctuation in the dark pupil of the demon Tianshi, and the indifferent voice reverberates in the secluded and empty cave.

"I'm afraid you can't wait for this day!"

At this moment, a cold voice suddenly sounded!

Ye Chen's figure, I do not know when, has appeared in the cave gate.

The demon Tianshi suddenly turns around. After seeing the person's face clearly, he is stunned and immediately looks at the dead dog like Qin Kun in Ye Chen's hand.

"Good! Good! Good Three times in a row, the eyes of the demon Tianshi became extremely cold. He saw his fingers under his sleeve robe tremble, and an energy floated away. Of course, it could not escape Ye Chen's eyes, but surprisingly, he was not moved at all!

"Ye Chen, I have to say, good means!" The demon Tianshi's eyes narrowed and whispered.

The indifferent man standing opposite him threw Qin Kun aside and patted him with both hands: "this time, you have no way to escape!"

Ye Chen's breath has been firmly locked in the demon Tianshi. At the moment, he really can't show his evil spirit any more.

It can only be a hard fight!

"Last time you escaped. This time, let's go!" Ye Chen didn't give the devil Tianshi too much chance to breathe. He wanted to take it down at one stroke. After all, this guy is too cunning and will change later!

One palm push out, the face of the demon Tianshi is uncertain: "Ye Chen, even if you are injured, you are doomed to fail today!"

Did not do any evasion, the devil Tianshi and ye Chen regret two palms opposite!

"Boom!"

Yinbei sea area, lightning and thunder, torrential rain pouring down!

The strong wind rolled up the huge waves and seemed to devour the sky.

In the cave under the sea, ye Chen and Yinmo Tianshi step back three steps each and look at each other.

"This guy, I haven't seen him for a few days. His strength has grown so fast!"

"Damn Ye Chen, it's hard to say who will win in terms of the strength of the current recovery and the adaptability of the rules of China."

Just two hands of mutual testing, both of them are awe inspiring.

"I'm very curious, why did you refuse emperor Shitian?" At present, both sides have no intention of taking the lead again. The evil spirit of the devil Tianshi smiles and asks.

"I'm curious, too. What's your plan?" Ye Chen did not answer the question of the demon Tianshi.

"That's all. Once you die, it's over!" Ye Chen shakes his head. He doesn't want to talk with the devil Tianshi. He is insidious and cunning. He is very deep in the city. He must make a quick decision!

Ye Chen's figure surges out again, and attacks like a dragon in the water. After several rounds, both sides are helpless.

With a flash of vision, the demon Tianshi sent out several rules in the air, and immediately turned to escape!

Ye Chen dodges, but is still limited by the power of the diffuse space rules, and is chased by the demon Tianshi.

"Ye Chen, if you really think you can win this game of chess, come on!" Demon Tianshi deliberately slowed down his pace, as if to lure Ye Chen to take the bait.

But the rear leaf Chen didn't seem to discover the abnormality of the Yin devil sky stone, straight follow and come, two people one front and one back, rush out of the sea!

Shuangshuang stands in the dark void of wind and rain, and the roaring sound of the waves is a rhapsody played between heaven and earth at the moment.

"Ha ha ha ha!" At the moment, the demon Tianshi is almost crazy, and the laughter comes into Ye Chen's ear, "you've fallen in the trap!"

With a smile, he opened his arms, and suddenly his breath soared!

"My extraordinary body, born from outside, I am the God stone with the same life with heaven!" He looked up at the sky and screamed, his clothes began to crumble, and spots on his skin grew. But in a moment, he turned into a bright, dark stone!

"I can swallow all the energy existing in the world, today, let you feel despair!"

The sound of spirit wave came from the bright Boulder, and then, in the dark sky, several thunders sounded.

The thunder, which covered the whole sky, flashed by and cleaved towards the boulder, then disappeared like the sea.

A thunder, the tree is even stronger than the rampant lightning roaring towards the boulder!

"Ha ha ha ha, Tianxing meteorite!"

There is a big drink from the inside of the demon Tianshi. The huge stone that appears in front of Ye Chen's body begins to swell slowly!

One Zhang, two Zhang

When ye Chen sighed that something was wrong, the huge stone in the void was nearly a hundred feet in size. There was thunder all over it, and the sound of thunder was very terrible!

Chapter 6314

Without waiting for ye Chen's reaction, the huge stone, which is nearly 100 feet long, rises up with endless thunder. It is still absorbing the energy of nature!

The speed is amazing!

Ye Chen dare not trust big, the whole body breath soars, try to control the strength in not affect the state of China!

We must fight this war! It may even be more difficult than fighting against the separation of emperor Shitian.

"Dust stele, empty armor! Now The green veins on Ye Chen's forehead burst up. Now it's not the time to hide. If you don't show enough strength, maybe the earth is afraid of being punctured!

The light golden light enveloped Ye Chen's body, and layers of iron armor began to emerge on his body surface. For a moment, ye Chen stood in the heaven and earth in gold armor.

Although the strength of Chenbei can't be fully exerted in China, ye Chen can still borrow a part of his strength!

"Ye Chen, go to die!" The huge stone is now wrapped by endless blue thunder. On the void, with a sharp drink, a big blue stone hits Ye Chen heavily!

Ye Chen's hands are behind him, happy and unafraid. He looks at the boulder that is smashed at him. He holds his sword finger together, condenses his sword spirit, and goes straight to the huge boulder!

"Yes

The golden sword's virtual shadow fell on the surface of the boulder wrapped by thunder, splashing sparks and lighting up the sky. The sparks fell into the sea and rose up in thick fog!

"Destroy the seal blessing!" Ye Chen burst to drink, and used the power of destroying Dao Yin that the Chinese rules could bear, "shatter the sky!"

In a flash, ye Chen sword finger above, began to emerge a little bit of black destruction!

A trace of destruction lingers on the thunder, but it begins to swallow it.

"Go With Ye Chen a fierce drink, that sword finger suddenly a force, endless sword meaning from the center of the boulder across!

"Bang!"

The huge sound of explosion, the whole Yinbei sea set off waves, straight into the sky!

Ye Chen's body, which is standing in the void now, is also getting dim. He murmurs: "it's over..."

"Well?" All of a sudden, ye Chen's whole body sweat hair inverted vertical, and a huge breath gathered together!

"Ha ha ha, I am immortal. Ye Chen, your means are really terrible, but you still can't help me!"

A roar of laughter shook the world, only to see that the scattered debris, unexpectedly with incredible speed, condensed.

The thunder, which had been scattered by Ye Chen, turned into a dragon snake. On the body of the blue snake, the scales were clear, and wound around Ye Chen's body with a very fast speed!

"This is the paralysis of thunder..." Ye Chen urges the spirit to break free, but he finds that his body can't help himself!

That slowly scattered gravel is actually slowly condensed, turned into the body of the demon Tianshi.

"Jie, ye Chen, you still lost!" He chuckled and shook his right hand slightly. The blue dragon snake wrapped around Ye Chen's body shook the armor away!

Although he won, the status of the demon Tianshi was not much better at the moment. His scattered long hair danced with the sea breeze, and his pale face was filled with a strange and cold breath. Ye Chen's strike actually split his true self!

"Cough!" Ye Chen one mouthful blood spurts out, the situation is really critical!

In the sky, the storm is raging and the waves are surging

"We report that at about 17:00 this afternoon, there was a typhoon in the Yinbei sea area, which was not seen in a thousand years. It swept deep into the sea. It is expected to arrive in Jiangbei City in an hour. I hope that the general public will not go out, lock the doors and windows, and wait for peace of mind!"

Jiang Lengxi and Wei Zhiyao look at the broadcast on the TV in the room. They can't help but have a palpitation. The Yinbei sea area is Ye Chen's battlefield!

"Will ye Chen be ok?" Jiang Lengxi some worry, nervously looking at his good friend, at the moment of Wei Zhiyao, the face has been restored as usual.

Smelling speech, she bit her teeth. "Brother Ye is very strong, he should..." but she heard a "Putong" before her voice fell.

A staggering figure went upstairs quietly and fell in front of their room, covered with blood, panting heavily, and was about to fall into a coma!

"Zhiyao..." the figure is the seriously injured Ye Chen!

He said weakly, "you've been tricked by the devil Tianshi. Run away!"

The finger trembled to the door.

"Ye Chen!" Jiang Lengxi exclaimed in surprise that she would trot out to help Ye Chen.

A lotus root arm out, but stopped Jiang Lengxi, it is Wei Zhiyao.

She clenched her red lips and shook her head: "have you forgotten what brother ye said to us before he left?"

Jiang Lengxi is stunned, and ye Chen's previous instructions are still in my mind

"You just stay in this room and don't go out. Whatever you see or hear, even if I knock on the door, don't care!"

"As long as you don't step out of this room, no one can hurt you at all!"

.....

"But Jiang Lengxi wants to talk and stop. She looks at Ye Chen who has fallen in front of the door and is unconscious.

"Don't help him!" Wei Zhiyao was also in a dilemma. After a long time, she still gritted her teeth.

Jiang Lengxi really stamped her feet, and the breath of Ye Chen on the ground was getting weaker and weaker: "if you go on like this, you'll be dead, Zhiyao! You are not a martial arts practitioner. You can't feel his breath!" Jiang Lengxi spoke in a hurry.

Wei Zhiyao is also very tangled at the moment, but she does not dare to gamble. Last time, she has dragged everyone behind. This time, at the moment, she hesitates again!

"Cough!" That falls to the ground comatose leaf Chen but is a big mouthful blood cough up, then lost consciousness again, no matter how two female call, all have no response!

"Zhiyao!" Jiang Lengxi's anxious eyes are staring at her best friend. Wei Zhiyao is still moved, "save people!"

She finally could not bear it and let go!

Jiang Lengxi a lunge forward, will ye Chen pulled into the room, "he lost too much blood, I first stop trauma!"

She turned to take the medicine box, but she was frightened to find that Wei Zhiyao was staring at her.

To be exact, it's staring at your back!

I don't know when, that whole body bloodstain faint leaf Chen, already stood up, cold indifferent eyes looking at two girls!

"With you, ye Chen, you are doomed to failure!"

The devil Tianshi turns into Ye Chen and comes to capture the second daughter. With his cunning and suspicious nature, it's reasonable to make such arrangements.

"The hostage is in hand, ye Chen is not at my mercy!" That stands in the room, look cold "Ye Chen" opens a way.

Wei Zhiyao's eyes flashed a decisive color: "I really can't see you in front of me. I don't regret this decision. If there is an afterlife, goodbye!"

She was about to hit the wall by the window and kill herself.

Vow to death also can't let oneself become the chip that the devil Tianshi threatens Ye Chen!

Chapter 6315

"Hum, ignorance!" The devil Tianshi's body is about to capture, but it's the white light on Wei Zhiyao's chest!

The white tiger, one of the four fierce beasts in ancient times, broke through the seal of the pendant at the moment!

It turned into a human figure, about two meters tall, a head of flowing white hair, is a pair of cold face.

"It's you Yinmo Tianshi was not surprised. He had seen the white tiger when he cooperated with the emperor Shitian Xinmo!"

"Take this girl and come with me!" The demon sky stone just light mouth, order a way.

Bai Hu, who is so angry that he doesn't say anything, looks around. Wei Zhiyao, who is already in a coma, and Jiang Lengxi, who is too shocked to be on the spot.

In addition, it is an ordinary room.

"Something's wrong!" In a moment, the white tiger noticed the difference. The strength of the Yinmo Tianshi was so general that it was impossible to explore the mystery.

"It's the breath of ancient array and ye Chen's life essence and blood!"

White tiger subconsciously heart startled meat jump!

Others don't know, but he knows in his heart how the green dragon and the rosefinch died at the beginning!

The smell of near death, it is very familiar!

Although the white tiger is the leader of the attack, it doesn't mean that he is not afraid of death!

"What are you thinking? Don't move The separation of the demon Tianshi is not happy. He scolds again. He thinks that the white tiger is sealed by Ye Chen, so it's hard to avoid some discomfort.

"Well..." the white tiger confirms again undoubtedly, is really Ye Chen that strong breath, "is this your separate body? Where is your true self?" The white tiger asked in a tone of questioning.

Seeing that he was one of his own, the demon Tianshi didn't think much about it and said directly: "fighting with Ye Chen!"

But he didn't know the love and hatred between the white tiger and ye Chen. After all, Emperor Shitian's mind and devil had already fallen, and Yinmo Tianshi subconsciously felt that the white tiger was sealed by Ye Chen, and now he just helped him out!

As everyone knows, this ancient fierce beast has already been scared by Ye Chen!

Hearing this, the white tiger has a steelyard in his heart!

"Well, let's go!" The white tiger lowered his eyes and shrugged his shoulders. The devil Tianshi grabbed the unconscious Wei Zhiyao and walked out!

Soon after that, a fierce gun passed through the back of the demon Tianshi!

"You..."

The demon Tianshi looked back at the white tiger. He didn't expect that his own people would rebel!

"Sorry, I don't want to die with you! If you offend anyone, you can't offend Mr. Ye! " The white tiger's indifferent eyes looked at the room covered by the ancient array.

But I don't know, ye Chen is not here, can't urge, this big array can only play a defensive role, what's the use of ownerless things?

But white tiger, but dare not take life to try, especially after the tragic death of his companion!

He looked at Jiang Lengxi and Wei Zhiyao, who were stunned on the spot. After his words, he looked at the array with complicated eyes and murmured: "Mr. Ye, I will abide by this hundred year promise!"

Immediately turned into a streamer, again into a pendant, scattered on the floor of the room, issued a crisp "Ding" sound!

.....

At the same time, deep in the sea area of Yinbei, the snake spits out the letter ferociously, as if to swallow Ye Chen's head!

It's just waiting for the command of the demon Tianshi!

In the void, the pale devil Tianshi gave a ferocious smile: "it's all over. The secrets here are all mine!"

He gave a wild laugh and a firm grip on his right hand!

That hundred Zhang's Jiao snake blood pot big mouth toward Ye Chen swallow!

"Poof!" At this time, the stone statue of the demon heaven was badly damaged. A mouthful of blood gushed out, and the breath instantly withered.

The figure of the dragon snake, which has opened its mouth, is also a void!

All this happened between the electric light and flint. Ye Chen drew a curve at the corner of his mouth. At that moment, he felt the cause and effect!

So big snake head bite an empty, leaf Chen tiny figure is a sleeve hand to wave!

With Ye Chen gently shaking his hand, a force carrying destruction surged out, penetrated the huge blue dragon's head, and nailed it on the body of the demon Tianshi.

The ancient Sanskrit flows all over the body, blocking all the actions of the demon Tianshi!

"Poof!" Another mouthful of blood gushed out, and ye Chenchang breathed a breath, looking at the demon Tianshi who was in a bad mood at the moment.

"Why?"

He growled loudly!

"In troubled times, there will always be people coveting my home, everything around me, but no harm, I will kill them one by one!"

Ye Chen in the Mou light at the moment, kill the intention to fully show!

"Even without you today, others will come!"

"I just want to protect what I cherish!" Ye Chen's eyes are burning, and his eyes are firm!

Yinmo Tianshi was quite appreciative of Ye Chen's words: "Ye Chen! You are different from me, but I will kill you after all today! "

Has been reduced to a prisoner of the devil Tianshi now is a boast, in an attempt to erase the glory of the winner's writing?

"As you said, this is the war in troubled times!"

"In this world, there will always be people who will act as ministers and thieves. I don't believe that fate is decided by heaven. If I put my knife on your neck today, I won't be merciful either!"

"I don't want to be a gentleman, but I don't want to be a good man. Today, I want you ye Chen to take your life!"

At the moment, the roar of the demon Tianshi is almost crazy, resounding in the dark sea.

Endless bold words are blown away by the raging sea breeze, and no more!

He was not afraid, suddenly said: "gather spirit array, rise!"

The last card of the demon Tianshi is the spirit gathering array scattered all over China, which can't be suppressed and erased!

Chapter 6316

That lets Ye Chen quite headache and the whereabouts of the secret array, at the moment is actually in the different corners of China light up!

"Gather spirit big formation, for this moment!"

"Ye Chen, you are at the end of the storm, and the fortune of China will be exhausted. As for you, turn everything you love into dust!"

The breath of Yinmo Tianshi began to grow. With a weak degree, the spiritual nourishment was far less rapid than that of the spiritual law.

"If so, is that your card?" Ye Chen Mou son a coagulate, lightly a smile, at the moment of he is like God Lin dust!

"What a pity, ye Chen!"

The demon Tianshi smiles and feels the slow rising of his own breath. In a short time, the power of blocking action inserted into his body will no longer be limited!

"This spirit gathering array was originally set up to guide the mutated aura to speed up the progress. Now it's used on you. You're proud enough!"

At the moment, the eyes of the demon Tianshi are full of ecstatic color, and it seems that they have decided to eat ye Chen.

But ye Chen shook his head: "I'm sorry, I've got your step, too!"

In the moment when the demon Tianshi heard the words, ye Chen contacted Lu Lingfeng

"Locate immediately, mobilize the nearby ancient martial arts practitioners, quickly arrive at the battlefield, and suppress the release of spirit power!"

At the same time, the mobile phone in Lu Lingfeng's hand flashed: "Lingli detector starts, quick positioning!"

"Yes

"Yes

In such a large studio, dozens of staff nodded and began to input data on the keyboard.

Inspired by the spell seal taught by ling'er, ye Chen uses the same principle to create the tracking stone to get rid of Lu Lingfeng's combination with modern scientific and technological instruments!

The detector's raw material comes from Jiulongshan spirit gathering array. Ye Chen's first spirit gathering array core from the foot of the mountain perfectly reproduces its breath!

As soon as the same fluctuation occurs, the detector will immediately locate!

Now, in order to fight against Ye Chen, the demon Tianshi uses the last means to forcibly urge the gathering of spirits around China. He wants to gather his spirits together and fight again!

"Diddiddidi!"

"Mr. Lu, a signal has been detected in the northwest Jiu Hua Mountain!"

"Mr. Lu, the detection signal is found in the northwest Flame Mountain!"

"Abnormal reactions are also found in the southwest of the South China Sea!"

.....

For a time, all kinds of information converged, and the power of Huaxia science and technology showed incisively and vividly at this time.

"Immediately communicate with the descendants of the ancient martial arts circles of various sects and the virtual strongmen of Kunlun, and go to the nearest place!"

"Prepare the helicopter immediately. All the members of the dark hall and the Dragon Spirit will be grouped according to the main hall and return to their respective positions!"

"This time, you have no way to escape Lu Lingfeng's eyes moved. With a wave of his sleeve, he turned around and left.

.....

Wu Yan and Zhong Li appear on the top of the nearby Flame Mountain. Behind the old man, they are all the fighting power of the Wu family in the ancient martial arts world!

"All the children of the Wu family, listen to my command, mobilize their whole body strength, and suppress the spiritual power here. Just suppress it, and persist in the time as far as possible, so as to win Mr. Ye a chance to kill!"

The low roar of nearly a hundred people came out, and a series of spiritual forces whirled and interweaved in the void to form a huge net, trapping the scattered spiritual forces in it.

The spiritual power that converges to the distance is bound and begins to struggle madly!

After all, the giant net of spiritual power can only be trapped for a while, and will be broken away sooner or later, but as long as it can be delayed for ye Chen for a short time, it will be enough!

"Temple master..." Zhong Li looks at the hard-working people, and the admiration in his heart arises spontaneously. Can he unite many mortals? Is this the power of a leader?

You should know how hard it is to find the 100 practitioners here in China. It can be said that each of them is a master who is proud of one side!

This is just the center of the spirit gathering array in Flame Mountain.

"The Wu family has already started. We can't weaken the reputation of the Wang family. Brothers, go ahead!"

With the roar of Wang's master, Lingli first emerged from him. Behind him, hundreds of Wang's children gathered Yuanli one after another, and a huge net spread to the sky!

For a moment, all the sects in different places began to make trouble with the spirit gathering array.

At the moment, over China, the endless blue sky is shrouded by the golden net.

All over the world!

People all over the country look at this unique spectacle in a thousand years. They all turn on the camera, and the sound of shooting in the live broadcast reverberates in everyone's heart!

At this time, the Chinese officials gathered together, and the gray haired men paced back and forth in an elegant and bright office.

Looking at the golden sky at the moment, he murmured: "with this ye Chen, I will never worry about China!"

Yes, ye Chen has made a great deal of progress. He is actually taking all the Chinese practitioners under his command. At the same time, he works hard. Even the mole ants, who are despised by the devil Tianshi, are now trying to nibble at his elephant!

.....

At the same time, Yinbei sea area.

"Well?" The demon Tianshi suddenly felt that the spiritual power transmission was disconnected one after another, and his heart felt bad.

Ye Chen said in a soft voice: "the dike of a thousand li is destroyed in the ant nest. Every inch of land in China is full of people who don't want to be devoured!"

"The great wisdom left by our ancestors can't be guessed by such a lucky stone as you!"

"Broken soul!"

Ye Chen is well aware of the terror of Yinmo Tianshi. Now he only temporarily suppresses the spread of the spirit power. At the same time, he also takes the opportunity to confirm the location of all the spirit gathering array. It can be said that he has achieved great success.

Now the most important thing is to get rid of the demon Tianshi!

"Ye Chen, I have a secret to tell you!" Seeing that the situation was not good, the demon Tianshi began to detour tactics. He had to buy himself time!

"This is the root of the variation of Chinese aura..." the expression on the face of the demon Tianshi is a little unnatural at the moment. Throwing such a heavy secret is to stop Ye Chen!

Ye Chen looks dignified, but he is deaf to the words of the demon Tianshi: "these things, don't need you to say!"

"Wear it out!" The ancient Sanskrit firmly blocked the action of the demon Tianshi. At the moment, he was really flustered. Ye Chen's killing intention made him feel desperate for the first time!

As if from the nine hell to kill!

"Ha ha ha ha ha!" The demon Tianshi finally let out a roar, "Ye Chen, in order to kill me, you have been possessed. Although I die, you will become the next me!"

"The ghost is immortal, ha ha ha ha!"

The demon Tianshi laughs and slowly looks at the flowing Sanskrit on his body. He knows that ye Chen has already started!

The breath of black began to spread over his body, which was the strangling power of Ye Chen's destruction.

Intense pain, immortal body of the spirit of the devil Tianshi bear the endless feeling of strangulation!

Chapter 6317

His eyes gradually began to lax, looking at the monstrous Ye Chen, slowly closed his eyes.

"Chihun!" His final frame in front of the picture, is Ye Chen a big drink, right hand pinch India!

"Hu..." Ye Chen's eyes are red at the moment, looking at the magic stone floating in front of him not far away, and he collapses to the ground.

At the moment, it is no longer a devil's stone, just a stone with strong breath!

The consciousness of Yinmo Tianshi has been completely wiped out by Ye Chen!

At this moment, sudden change!

"Lord of the temple!"

"Instructor!"

Lu Lingfeng in the dark hall and Jin Lengyan in the dragon soul feel that the smell of the demon Tianshi has been eliminated. Knowing that the war is over, they come to meet Ye Chen on a cruise ship for the first time.

Two people are looking at Ye Chen's vision from just beginning of surprise gradually turn to fear!

"Let's go!" Lu Lingfeng roared.

Ye Chen feels bad and wants to escape for the first time, but he is exhausted in the war. He is barely floating on the sea now. Where can he move?

In this war, ye Chen not only fought against the demon Tianshi from abroad, but also absorbed the influence of the two men's war on China!

He doesn't regret it!

I saw Lu Lingfeng jump into the sea and run towards Ye Chen.

"Don't..." just spit out a word, ye Chen then in front of a black, what all can't see also can't hear!

.....

"Lu Lingfeng, come back!" Jin Lengyan roared, and Lu Lingfeng on the sea was also stunned. He looked at everything in front of him and was at a loss.

"This..." Jin Lengyan also looked at everything in front of her. Instead of imagining the landslides and tsunamis, everything was extremely calm.

The endless sea area, which was originally gloomy, is now clear. How can there be any trace of wind and rainstorm before?

In an instant, everything was quiet and the seagulls were neighing!

"Disappeared?" Lu Lingfeng looked at everything in front of him in disbelief. He couldn't believe his eyes.

Yes, it's gone!

Roaring waves, gloomy sea, endless wind, of course, there are ye Chen and the stone!

"Lord of the temple?" Everything seems to have never happened, but it is the lingering haze that envelops people's hearts!

On this day, ye Chen, the God of war who once again saved China, disappeared into the sea.

They searched for it for several days without success.

After Wei Zhiyao wakes up, she learns that the White Tiger Pendant given by Ye Chen has saved herself and Jiang Lengxi. Her heart is so complex that Jiang Lengxi begins to practice madly!

It is worth mentioning that the big array under Ye Chen's cloth in the room has broken up at some time.

Lu Lingfeng and Jin Lengyan no longer search for ye Chen's whereabouts all the time, but people disappear in full view of the public, even without a clue.

After learning that ye Chen's whereabouts were unknown, the ancient martial arts family and Kunlun virtual forces began to stir up one after another. Although Master Wu Yan suppressed Ye Chen on the surface, the small movements in the dark continued to breed.

.....

I don't know how long after that, the roaring waves on the sea are still surging, and the strong wind is rolling the rainstorm, beating on Ye Chen's body.

At this time, ye Chen is drifting aimlessly on the vast sea with the turbulent waves!

A huge wave will lift Ye Chen, heavily hit on the rocks.

"Cough!" Intense pain stimulates the nerve of leaf Chen, at the moment of his eyes gently shake, finally wake up!

"This is..." Ye Chen this just recalled that the last startle day one battle, the demon sky stone was completely wiped out consciousness by oneself.

And then

The stone?

Ye Chen was floating on the sea with a dignified look.

"Ye Chen!"

"Ye Chen!"

"Ye Chen!"

A call came from the distant sky, but when ye Chen looked around, he got nothing, except the surging waves, nothing!

"Lu Lingfeng!" Ye Chen abandons his thoughts and thinks about what happened before he fell into a coma. The final picture is the moment when Lu Lingfeng enters the water to save himself.

At the moment, he suddenly realized that he quickly raised his hands and looked at his hands.

Next moment, ye Chen's breath soars, as if to break through the sky!

"Boom!"

The sound of a heavy seal shattering thunder rings in Ye Chen's ear. He opens his eyes, where is the scene of the sea before?

"It's really a mirage!" From the very beginning, ye Chen has found the abnormality. Although the war cost a lot, he didn't suffer serious trauma, just excessive spiritual power consumption.

According to the common sense, even if he falls into a coma, his spiritual power will automatically recover. But just now, ye Chen wanted to check the situation and found that his spiritual power in the Dantian area was exhausted.

And with his body, after endless fighting experience purification, how can he be swollen like ordinary people?

In addition to that call, he was sure that he was hit!

Ye Chen, who breaks away from the dreamland, just gets up in a hurry and checks his physical condition. It doesn't matter.

"What's this place..." Ye Chen looked around and saw endless darkness.

"There are fluctuations there!" Ye Chen ear move, immediately under the foot of the wind, toward an abyss run!

A huge stone quietly floating in the void, emitting a faint light, across the distance, ye Chen will see the only light in the dark!

"Is this the essence of the demonic Tianshi which has erased consciousness?" Ye Chen came near and touched it with his hand, as if it were a newborn stone!

In the light of the holy light, there is a trace of unusual meaning!

Chapter 6318

"I'm afraid I was brought to this space by this huge stone. If I don't accept it, I may not find my way out!"

"I'm afraid that the previous spirit gathering array was also made by the demon Tianshi with his own power. If I can subdue the Demon Stone, maybe I can completely solve those spirit gathering arrays!"

Ye Chen thought of here, in front of a bright, but under the bright eyes, it is a flash of scarlet color, even he himself is not aware of!

"Ye Chen!"

"Ye Chen!"

"Ye Chen!"

A call came from the distant sky, and it was the familiar voice: "this voice, I seem to have heard it somewhere!"

"Hateful, is it an illusion again?"

Ye Chen shook his head, but this time he was quite sure that he did not fall into an illusion!

"No matter, take this stone first!" Ye Chen's hand is slowly pressed on the God stone which is sending out warm luster!

In the moment of contact, the scarlet light came out from the boulder. In a moment, the blood covered the sky!

Ye Chen felt the whole blood burning, "ah!" He let out a low roar, blood red eyes shot out of the essence, it seems to light up the whole darkness of nothingness!

"Cough!" Ye Chen even a few big cough, this just came back to God, a warm palm pulled him: "Ye Chen, you finally wake up!"

Ye Chen noticed that reincarnation xuanbei ling'er was looking at him anxiously.

"Don't you need to rest? Why are you here? "

"There's no place in the world I can't go."

Ling'er explained at the moment.

"By the way, ye Chen, your eyes were red just now, and you rushed up to the magic stone. How could you persuade me?"

Ling son changes a topic, analysis started Ye Chen just of unusual.

Ye Chen is also a face dignified, at the moment of the situation, is the most critical!

"You mean? I'm in an abnormal condition? "

"Yes, I don't know what the magic stone did to you, so you pressed your palm on it, and then the magic stone was activated and entered your body!"

Ling'er shakes his head helplessly.

Ye Chen is silent, his strength can only seal this magic stone for a while, I'm afraid it will be difficult again soon!

Ye Chen that hand, already established connection with it, is absolutely impossible to disconnect, unless oneself body dies!

"It seems that we must find a way to subdue this magic stone!" Ye Chen said to himself.

"Take it? You'd better figure out how to get rid of it yourself! " Ling Er turned his lips, "even the reincarnation xuanbei can't suppress it. Do you still want to accept it?"

"What Ye Chen is surprised.

Ling Er interrupted him at this time: "to be exact, it's reincarnation xuanbei that can't suppress this evil stone in China!"

"Reincarnation xuanbei is not the product of China, and the rules of China can't bear most of the power of reincarnation xuanbei."

Ye Chen Mou son a coagulation, curious way: "why do you appear in China, is also my previous life layout?"

Ling'er nodded, then shook his head: "my existence is more complex, I can also be said to be a planner."

"In the long years, I have been to many places, in fact, not all in China."

"I've been abroad, I've been to Lingwu mainland, I've been to the kingdom of God, and I've even been to the supreme world... I've also left my name in many places. For example, I met a woman named Jin Shuhui in the kingdom of God, and I've also met you outside the country..."

Ye Chen is one Zheng: "have you seen Shu Hui?"

Then ye Chen remembered something. Jin Shuhui mentioned that when she was a guardian of the kingdom of God, she met a little girl named Sanskrit heart.

"You are also called Sanskrit heart?"

Ling'er blinked and said, "it seems that Jin Shuhui has told you something."

"I exist in the reincarnation xuanbei, which is extremely special. I am not suitable for fighting, and I can't even compare with your upgraded reincarnation xuanbei."

"But I can break the shackles of space and even create the rules of space."

"I was born in the void and exist in the void of all ages. In the reincarnation xuanbei, I am called the void tablet, the tablet of void."

Although Ye Chen had the speculation that the Chinese reincarnation xuanbei controlled the space before, he was shocked to hear it.

Can you go anywhere?

Does that mean that you can cross the distance to the supreme world?

If so, this reincarnation monument can be regarded as adverse to heaven!

It seems to guess what ye Chen thinks. Ling'er says: "I'm not in a good state. Now I can't go to the world. And the energy and resources I want to absorb are extremely terrible. Although I have been in China for a long time, the energy of China is too little. I have to go to other places."

"And the space barrier of the world is different. If I want to break it, I have to pay a huge price."

"Don't think about it now. Although the consciousness of Yinmo Tianshi has been erased, you are not in a good state at the moment."

Ye Chen hears speech, first is to ponder for a long time, then way: "we seem to still be in dreamland!"

"Cough!" Ye Chen's body trembles violently, and the scarlet light rises slowly from ye Chen's feet, and the blood fog covers them instantly!

The place of the elixir is full of light, which seems to disperse the blood fog!

Ye Chen coldly smile: "eight Fu Tu Qi, break it for me!"

Since it doesn't belong to China, he doesn't have to use martial arts!

Then, ye Chen's palm suddenly waved, and the Buddha's light burst into a thousand story pagoda, which roared down to the void town.

Chapter 6319

On the pagoda, a figure of the ancient Buddha looms. It is said that the fight that represents the peak of the fighting spirit of Buddhism defeats the Buddha!

"Disperse!" Only Ye Chen's full push, the Buddha sent out the golden light, to light up the sky!

The magic stone in Ye Chen's body is now fierce and bright, and the scarlet blood light comes out of Ye Chen's body!

For a moment, it was a battle, and the Holy Buddha was eclipsed!

"How can it be!"

Ye Chen fell into despair, this situation, has exceeded expectations!

"No, there must be something wrong, calm down!" Ye Chen looks at his hands that are gradually blackening, and the broken meridians in his body are also re condensing. This dark power is unmatched!

"Forever in the dark!"

Ye Chen's heart rings a deepest call!

"Yinmo Tianshi!"

Ye Chen seems to have caught the straw. Now that the situation goes on, he will be controlled by the stone. He will become the next devil stone!

"Ye Chen, I have a secret to tell you!"

"Ye Chen, in order to kill me, you are possessed. Although I die, you will be the next me!"

"The ghost is immortal, ha ha ha ha!"

The words before the final fall of Yinmo Tianshi are still printed in front of Ye Chen's eyes. He muttered to himself: "there must be a way to crack it!"

"The evil spirit of Yin..."

Ye Chen's Scarlet eyes flashed a touch of hope.

"If the mind of Tao does not disperse, what about the Buddha and the devil?"

"I see!"

"If I don't change my mind, the power of Buddha and devil can be used for me!"

The huge Buddha's body broke in an instant, and ye Chen's whole body was submerged by the fierce scarlet light. In the middle of the turbulent sea of blood, he floated and stood!

Ten thousand Zhang's blood mist covered the sky and turned into a huge virtual shadow slowly. His head was ferocious and terrifying. Scarlet liquid was surging in his seven orifices. Ten thousand Zhang's body was covered in a blood red robe, and a bracelet made of ten thousand animal heads was worn on his wrist in his dry left hand!

In his right hand, a big halberd with fierce light shines across his chest. In his heart, there is a bright blood hole. It seems that he was taken out by the supreme power!

At the foot of the sea of blood, a few blood red dragon leaping around, like to crawl at the foot of virtual shadow, very clever!

That ten thousand Zhang empty shadow is looking directly at the leaf Chen in the center of the blood sea, the voice of indifference says: "you can walk here unexpectedly!"

Ye Chen, who had been drowned by the fierce light, suddenly opened his eyes. At the moment, he was still upright. He said with a smile: "I didn't expect that there was such a deep sea of blood in this stone!"

"I can give you strength and abandon your Wuzu heart. My strength is yours!"

Indifferent voice constantly guide Ye Chen.

"Then I'll give you a chance. I know you have a powerful enemy. You surrender to me. One day, I may avenge you!"

Ye Chen is neither humble nor overbearing, said such a big word!

"To inherit your power is to make another you!"

"As time goes by, your opponent is far more powerful than you were then!"

"I, ye Chen, do not lose heart. The magic of the Three Thousand Buddhas in this big world can add to my body and reincarnate all kinds of calamities. I will kill them one by one!"

Ye Chen at the moment in ten thousand Zhang empty shadow to see, that tiny body like dust is matchless self-confidence.

"Why?"

"Guard

The last two people's dialogue, only four words, one question and one answer!

"I give you the magic body, let me change my mind in a hundred years!" The indifferent voice rang out in Ye Chen's ear.

Then, Vientiane returned to the ruins, and everything dissipated!

Ye Chengang wants to answer, only to see ling'er looking at him in horror.

"I see!" Scarlet eyes of Ye Chen at the moment, but as if with a mind, his ferocious appearance, or the original Ye Chen!

"You?" Ling'er is afraid that ye Chen will be engulfed by the demon Tianshi.

"Evil body, evil will!"

Ye Chen suddenly realized: "I am myself, Buddhas and demons are all foreign ministers!"

Magic stone, successful refining!

"I see!" If ye Chen is thoughtful, what he has just fallen into is not so much an illusion as a test.

"The will of this demon Tianshi noumenon is looking for the host!"

From the moment when the magic stone began to shine, ye Chen had been deeply involved in it. Of course, the protagonist was Ye Chen.

"If I don't pass the test, then I may have been wiped out of consciousness and become the next demon Tianshi, walking in the world for revenge!"

At this moment, ye Chen has some sadness, which is similar to him. If everything he cherishes is destroyed, ye Chen will make the same choice himself!

That's why the big devil in the illusory space let Ye Chen go. It's also because its remaining obsession feels what it used to be!

So it will choose Ye Chen!

At this moment, ye Chen is the real master of the demon Tianshi, not the puppet driven by hatred like the demon Tianshi!

"You..."

Ling'er looks at Ye Chen in surprise. If ye Chen before is like a banished immortal, then he is a god of killing!

Now ye Chen, the feeling that gives a person is, the second demon sky stone!

The two of them who got rid of the dreamland stood between the heaven and the earth. They were still familiar with the sea. Under the blue sky, the sea breeze was blowing.

"Back..."

Ye Chen murmured to himself.

At the moment, the Chinese ancient martial arts world is fried!

"Feel the unusual killing breath, consistent with the demon Tianshi!"

"There are mysterious people coming to China!"

Lu Lingfeng's eyes narrowed and immediately ran to the battle command room: "have you found out the source of the breath?"

One of his staff members began to knock on the keyboard crazily: "in the Yinbei sea area!"

"What Lu Lingfeng was a little frightened. Could it be that the devil Tianshi was resurrected? An inexplicable haze hung over his heart.

At the moment, outside the command room, a beautiful shadow pushed the door in.

"Lao Lu, you don't have to worry. You know, the instructor disappeared in that area too..."

Lai Ren is the highest decision maker of dragon soul, Jin Lengyan.

"What do you mean?" Lu Lingfeng's eyes turned, he also understood Jin Lengyan's meaning, and immediately nodded, "block the news here, let's go!"

Fifteen minutes later, an armed helicopter slowly left, target: Yinbei sea area!

.....

The screen turns.

"Ye Chen, you!"

Ling'er looks at Ye Chen, and feels the strong murderous Spirit sent out by him. For a moment, there is something wrong with him.

The feeling that gives a person is, the leaf Chen in front of can start a lattice to kill oneself at any time, she has no doubt!

"Oh?" Ye Chen at the moment is also aware of his state, even the spirit son hope to his state is, at any time to run general!

He realized that he was still possessed at the moment!

"I'm sorry, it may make you feel uncomfortable, but I haven't found a way to relieve this state..."

Chapter 6320

Ye Chen scratched his head, some slightly at a loss.

Ling'er looked at him suspiciously: "are you really Ye Chen? Isn't it the devil's stone

Ye Chen nods gently, ponders for a long time, opens a way " I'm Ye Chen, but to a certain extent, I'm also a demon Tianshi! "

"Ah

Ling'er's expression is a little strange, which seems to be incomprehensible.

"I'm the master of Yinmo Tianshi now!" Ye Chen light a smile, looking at work properly son Sha is lovely of a pair of frightened appearance, he can't help but smile.

Ye Chen tells the story from beginning to end in the eyes of ling'er.

"So the will of magic stone chose you?" Spirit son hopes to leaf Chen's vision in, many a few minutes dignified color.

"So far, that's it!" Ye Chen replied.

But ling'er was a little uneasy: "according to the current situation, this magic stone may be an unknown past, so it's bloodless and chose you!"

"But have you ever thought that if one day, the demon Tianshi in your body becomes restless and wants to eat you back?"

Ye Chen doesn't speak. Linger's words are really reasonable.

But combined with reality, this magic stone doesn't mean to harm Ye Chen at present. On the contrary, it has more than one means. The devil's stone, the devil's stele, the supreme heaven's magic body, and the holy devil's pulse must be possessed now, and their strength has a qualitative leap.

"This..."

"I can feel that magic stone will not harm me. We have a common goal and are partners who cherish each other!"

Ye Chen hesitates a little and answers.

This word a, that the magic stone of Dan Tian place sends out a kind of gentle ray of light, seem to say hello intimately with Ye Chen.

But the great devil in the depth of the magic stone has never seen any trace since he met him.

"I'm thinking that now I'm in control of the power of the magic stone. In the previous war, all the positions of the spirit gathering array left by Huaxia have been exposed."

"It's time to solve the problem of Reiki mutation!"

Ye Chen seems a little excited. He has been mediating among various forces for a long time since his return to China.

Now it's time to see the moon!

Ling'er's eyes are rolling and silent.

Just as the two men argued about the interests of the magic stone, the helicopter roared in the distant sky.

"It's Lu Lingfeng and Jin Lengyan!"

They two people's breath, ye Chen clear perception.

"Lord of the temple!"

"Instructor!"

Two people receive the secret telegram of national monitoring, immediately set out to come, thought it was the devil Tianshi came out again to make trouble, did not expect that it was Ye Chen who had disappeared for a long time!

"It's no wonder that you will admit your mistake. I do have the smell of Yinmo Tianshi now!" Ye Chen is to narrate that matter probably to two people again.

Ling'er turned his mouth and muttered: "what is that broken stone? Reincarnation xuanbei is the real God..."

"So, instructor, can Reiki mutation be solved?" Jin Lengyan asked with a blink of his eyes.

Lu Lingfeng is also full of joy.

"Theoretically speaking, it's true. Whether it's feasible or not, we have to go to the scene to know!"

Ye Chen doesn't dare to be sure. It's just that the matter was caused by the devil Tianshi before. Now the source of the disaster has been solved. If it's not bad, it's time to come to an end.

"Let's go, Jiulong Mountain!" Ye Chen sleeves a hand to wave, toward several humanitarians.

.....

At present, in the hinterland of Jiulong Mountain, the granite body rises from the crust to the surface.

In addition to the long-term rain erosion and the cutting of horizontal joints of different lengths and other external forces, a scene of extraordinary peaks and rocks is formed, and under the nourishment of Lingli, the surface of rock mass is covered with light seven colors of brilliance.

Under the colorful neon, what is hidden is endless killing!

"The scenery alone is unique!"

Jin Lengyan exclaimed that now she and Lu Lingfeng's accomplishments are growing by leaps and bounds under the guidance and help of Ye Chen.

Although their spiritual power did not reach the level of Ye Chen's deficiency in Kunlun at that time, it was not a problem for them to set foot in the land of spiritual variation.

"It's a pity that if it develops for another hundred years according to the normal situation, maybe this variant Aura will be a blessing to China!" Ye Chen tells the truth.

"But now, as long as ordinary people enter the body, it will be a disaster. Without the cultivation stage of using elixir field to guide spirit, this aura is poison, and you will die if you touch it!" Ye Chen's move is for the sake of the common people.

Lu Lingfeng, Jin Lengyan and others can shut up here, which is a good place for practitioners.

But once the large-scale aura is leaked to the urban area, the scene of biochemical crisis in the film may not be far away!

"Let's seal these spirit gathering arrays first. After a hundred years, people on the earth will step into the cultivation vein, and then unseal them. By then, they will be the land of fortune!"

"The main harm of the change of aura is the evil spirit of the Yinmo Tianshi. Now it's a good thing to have no evil spirit."

When ye Chen looked around the familiar hinterland, he could not help feeling that there might be a place like this outside the territory, which would be robbed by the major forces.

Just when Lu Lingfeng and Jin Lengyan chat, ye Chen has already started to work there!

"The power of the devil, open!"

In an instant, the evil spirit of Ye Chen's whole body is more powerful. Lu Lingfeng and Jin Lengyan, who were still indifferent before, are shocked when ye Chen starts!
