

## Physician 6321

### Chapter 6321

The breath alone had already made them feel like they were in the abyss, and they seemed to tremble at their feet.

"This... This is the Lord of the temple?"

Lu Lingfeng looks at Ye Chen with unnatural eyes. After all, ye Chen with blood red eyes is the first time he sees him.

If you don't know ye Chen's character, I'm afraid who saw it, the first reaction is a big devil!

"Maybe... Yeah." Jin Leng Yan is also full of astonishment, stammered.

"Well, it's just a small skill!" Spirit son is the disdain of full face, even is to hope to Ye Chen's vision in, all is some helpless meaning.

Jin Lengyan also knows half of this mysterious little girl's identity, but it can be said that she doesn't know each other. After all, the scenes of her first meeting are still in her mind.

At the moment of Ye Chen's eyes in a touch of scarlet, the terror breath of exterminating the world gushes out, seem to wrap this world.

Just now the sky was clear, but in a flash it was dark.

For a moment, the whole of China is shrouded in haze!

"Come on, don't make a fuss!" Lu Lingfeng cried out in a hurry.

.....

"The latest emergency report is broadcast on our station. There are total solar eclipses all over the country. The duration is not clear. Please don't worry. The latest progress is being continuously reported by our reporter..."

Wearing a white tiger pendant around her neck, the girl pressed the remote control in her hand. It was a clear sky just now, but now she couldn't see the sky. She murmured to herself, "brother ye, are you back?"

The old man is dignified, "this kind of evil idea is monstrous, but the news obviously got some inside information, claiming that it's OK, is it Ye Chen?"

The clock beside the old man didn't say a word, but when he heard the mention of Ye Chen, his body was suddenly trembling, looking into the dark sky.

Even in the urban area of Jiangbei at this time, there was a knock at the door of the president's office of Jiangshi group, which helped to push the door into the office

"Miss Leng Xi, the news just said that it is a natural phenomenon hard to encounter in a thousand years. There is no need to worry about it!"

"I see. Turn on the light and do your work." The girl who opens her mouth is the little half apprentice that ye Chen has been instructed, Jiang Lengxi.

"Is it you..." Jiang Lengxi's figure peered at the endless darkness through the empty French window and whispered.

The same situation has aroused attention all over the country. The power of simple news is explosive. People who know the reason did not cause riots, but prayed instead.

For a while, all kinds of Fengshui masters' live broadcasting rooms were overcrowded, and the big gods began to talk about it with relish.

.....

Ye Chen, in the hinterland of Jiulong Mountain, did not know about the outside world.

"Moyin!"

With a big drink, the aura of the whole Jiulong Mountain was gathered up, which was countless times faster than the absorption speed of the card in the last battle of the demon Tianshi.

But in a moment, all auras have been gathered together!

Ye Chen's right hand controls the aura, his left hand gently stroke, the sword finger moves: "the power of void, cutting!"

With his left hand directing the dance, ye Chen cuts off the aura vein from the spirit core, and immediately cuts a crack in the void, leading all the auras into the turbulent space.

Now if the white tiger is in front of him, he will tremble, because his companion rosefinch died in the turbulence!

Seeing that the spirit of the array was destroyed, Lu Lingfeng and Jin Lengyan took a deep breath. It seemed that they had solved the problem!

If you want to follow suit like this, just pull out all the spirit gathering array!

"It really seems that it can!" The leaf Chen that restores common state falls slowly from the void, is to find the solution finally.

"Drillmaster, your appearance just now scared us to death!" Jin Leng Yan patted the chest of a shake, seeing things can be solved, naturally is also happy.

Lu Lingfeng echoed.

"Next as long as it is..." Ye Chen just wanted to deploy the next action, changed his face in a flash, as if facing the enemy.

"Damn it He yelled, "why not?"

Because ye Chen found that even if the array spirit was pulled out and destroyed, the aura of the whole mountain was gathered and buried in the void, the matter was still not solved!

"The flowers and plants here have been nourished by aura, and they are beginning to nurture aura step by step!"

The spirit son opens a way at the moment.

"Even if there is no array spirit, the flowers and plants here will coagulate again to form aura. This aura is poison to ordinary people, but it is a blessed place for all things and practitioners!"

Ling'er said the truth.

"So now the flowers and plants here will develop their own aura in the state of enlightenment. This is the general trend and irreversible!"

"Unless you destroy the whole Jiulong Mountain!"

"There is more than one spirit gathering array, which means that most of China will be destroyed by you!"

Spirit son this words, ye Chen doesn't language, but that sullen look is full of unwilling, he clenched double fists: "don't, don't the sky want to destroy China!"

He was not willing to roar.

"In any case, I will protect all the creatures in this land!" But for a long time, he seems to think of what, ye Chen put away just that gaffe appearance, again is straight back.

"Oh? Do you have a solution? " Ling'er takes a meaningful look at Ye Chen. It seems that he feels incredible, and it seems to be a kind of recognition.

Anyway, ling'er's expression at the moment is indescribable and delicate.

Ye Chen did not speak, pondered for a long time, did not answer Ling'er's question, but suddenly said: "I'm afraid the ancient martial arts world of China is not peaceful recently?"

He ye Chen body, everything is well.

As long as he is not there, there will inevitably be changes.

Lu Lingfeng hesitated, "there are some situations..."

Ye Chen sighed, "I expected that. Don't worry. Before I leave, I will improve your two's cultivation to the extreme. It should not be difficult enough to suppress the earth's martial arts!"

"There will be a period of peaceful development in these 100 years, but after the aura mutation, it will lead to unlimited plunder. Whether you can have the strength to guard China depends on you in 100 years!"

Lu Lingfeng and Jin Lengyan look at each other. They all feel confused. How can they explain the future?

Chapter 6322

Ye Chen took a look at Jin Leng Yan and Lu Lingfeng, and said with a heavy look:

"I will leave China soon."

"Huaxia's affairs must be solved before I leave. I'll try to seal the delay speed of Lingqi. I'm not sure what the cost will be!"

Once they said this, they stopped it immediately.

"No!"

"I don't agree!"

Ye Chen Mou son one coagulates, toward two people to put to wave a hand: "I intention already decided, since can't root out, that is inferior to follow the general trend but for!"

"I will leave some skills. You two will lead the ancient martial arts world of China and the virtual strong of Kunlun to open the era of guarding."

"When the time comes, it's up to you how to make use of this land to strengthen yourself!"

Ye Chen left them only a lonely figure. In the end, he was fighting alone. Even at the moment, he was very desolate!

But at this time, ye Chen sensed the fluctuation of void.

The next second, ling'er's familiar voice sounded:

"In fact, it's not necessary!"

Previously Ye Chen's bold and ambitious appearance, the mysterious little girl with braids is an interesting appearance, did not stop Ye Chen, even nodded with a smile.

However, no one noticed that everyone was immersed in sadness.

At the moment, ling'er's speech interrupts everyone's thoughts. Is there any other way?

"Ling'er, do you have a solution?" Ye Chen looked at the mysterious reincarnation monument in front of him.

"This is the secret of heaven, not to be revealed!" The little girl is playing a riddle.

"To solve the problem of Reiki variation on earth, it's not hard to say, it's not easy to say!"

Ye Chen hastily opens a mouth a way: "work properly son you pour is to say."

"My noumenon, as you know, is the xuanbei of reincarnation! The reincarnation stele is a sacred object. Besides, I've been dormant in China for many years, and I know more about China than you Ling'er said, "about reincarnation, there is an array that is useful for the present situation. It's one of the several arrays sealed in my body. One is called the ancient six star protecting array. It's just..."

Ye Chen eyes stare big, seem to think of what, way: "you mean, ancient six protect star array?"

Ye Chen has been passed on many arrays, so naturally he has heard about this adverse array.

"Good! Now you have accepted the root cause. If you use this method again, it will be solved! It's just

Ling Er whispered.

"Just what?" Ye Chen has a wonderful way.

Ling'er sighed: "I control the rules of space, and I am wandering in every space. In order to recover my injury, my xuanbei body broke into a place and was temporarily trapped."

"I see!"

Ye Chen at the moment just understand, he exactly has how abnormal card, now put on the table of the problem is, how to find the reincarnation xuanbei body!

Ling'er continued

"At present, what you need to solve is the problem of Reiki variation, so you just need to collect materials and let the ancient six star protecting arrays reappear!"

"As for my noumenon, there is no way to be trapped in that place. Maybe you can get it back when your strength rises to a higher level in the future!"

Although the work properly son says with a smile, but the facial one put on disappoints of the facial expression is exactly captured by the leaf Chen.

Ye Chen Mou son a coagulation: "that array exactly needs what thing?"

Ling'er hesitated for a few seconds and said, "such a powerful array needs no materials on the earth, because it needs ancient spirit grass and utensils. Even it is extremely rare outside the territory, but there are some places where I am trapped!"

Ye Chen look firm: "that I step into is."

Ling'er said, "what I want to remind you is that it's an interface similar to the earth's heart. It's a little close to the supreme world. It's similar to the dark forbidden sea. The cultivation of creatures in it is terrible. There are many strong people in Baijia realm!"

"What

Ye Chen is greatly surprised, but didn't expect that ling'er would go to that kind of place.

"So if you want to go, be careful!" Spirit son exhorts a way.

"Your noumenon is in the hands of the strong of Baijia realm?" Ye Chen didn't care about the problem of the ancient six way spirit protection array, but looked at the spirit way.

"Well... Those old guys are very difficult to deal with. Let's discuss this from a long time! As long as you live, you will get it back one day! "

Little girl to this matter son shut up, very obvious, with Ye Chen's current strength, forcibly seizing is just to die!

Ye Chen is silent, at the moment he really feels his own insignificance.

"There are some materials that can be mined in the local deep mountains. I'll make a list, but there are a few items that you have to spend some time on!"

Ling son eye is a MI at the moment, leaf Chen felt to kill intention on this girl's body for the first time.

"Star blood stone, six bones!"

When she mentioned these two things, she was also gnashing her teeth.

Ye Chen doesn't speak, it seems that she was in that place before and happened a lot of things. It seems that she suffered a loss.

"Yes, let's go now?" Ye Chen asked.

"You only have three days!" Ling'er's face is dignified, "if you can't come back on time, you have to stay there forever!"

"My strength now is only enough to open the space for the last time!"

Lu Lingfeng and Jin Lengyan nodded at each other.

"Instructor!"

"Lord of the temple!"

"We'll go with you!"

Both of them are in the same voice.

"It's too dangerous, you..." Ye Chen subconsciously wants to refuse their request, but now it's Jin Lengyan who asks:

"Instructor, I just saw that you can control this aura?"

Ye Chen nodded, "yes! It's the power of the demon Tianshi

"What do you mean?" Ye Chen suddenly realized that since he can control the aura and bury it in the space, it's better to gather some auras to improve their strength!

"But even if you can improve your strength, it's far from enough!" Ye Chen congeals the heavy road.

However, Jin Lengyan and Lu Lingfeng said in the same voice: "we can't rely on you all our life. If we have the chance to face a strong enemy, it may be more beneficial for us to protect China."

Ye Chen pondered for a moment, felt that what they said was reasonable, and immediately said: "by the way, go and get Wu Yan!"

.....

Soon, Lu Lingfeng, Jin Lengyan and Wu Yan stood on the top of Flame Mountain in Northwest China.

"The aura here is also quite abundant. I'll teach you some skills that are ahead of China, and I'll feel them with my heart!"

"In the meantime, I will mobilize all the spirit of this mountain range to gather all three of you."

"Good student, this opportunity is not many, break through as soon as possible!"

Ye Chen orders a way, immediately finger pinches Jue, three runes float to scatter in three people's hearts, Wu old son takes the lead to cross knee and sit, start to shut up!

"The general trend is coming. It is necessary to build a good guardian of China in advance." Ling Er whispered.

Chapter 6323

"In troubled times, they can save my homeland, too!"

"Before long, I will leave. I hope that after I leave, there will still be strong guardians in my hometown!"

Ye Chen said softly.

"So majestic aura, just to create three strong people? You are so extravagant and wasteful that you can't be suppressed by those old people who know you are angry! "

Ling'er is joking.

"Fish ride in the water, birds ride in the wind, you and I, including them, ride in the time!"

In Ye Chen's eyes, the starlight flows. Since the trend is irreversible, it will rise with the wind!

"In that case, it's OK!"

But ling'er nodded in his old age, which was quite instructive.

With a wave of his sleeve, ye Chen gathers all the aura of this place. For a moment, heaven and earth turn pale!

"What a reincarnation master Ling'er muttered.

Ye Chen is noncommittal: "some people, kneel for a long time on the stand not straight!"

"Unlike me, I have never learned how to kneel!"

With a faint smile, he seemed to laugh at the heartless world of mortals.

All over the sky, the spirit storm is raging, cutting the infinite void into cracks. Behind Ye Chen, there are three people sitting with their knees closed.

Ling'er sits on the edge of the top of the mountain. At her feet is the abyss. The little girl's feet are shaking around, very leisurely.

"Can you be so relaxed when you are imprisoned?"

"What am I afraid of? If the soldiers come and cover up the water and the earth Ling'er responds.

"I'm just a monument, but I don't want to save the world. At this time, I'm in a mood. There's nothing wrong with me, little fairy!" Ling son Petite appearance is really lovely, vomited tongue, to leaf Chen way.

.....

I don't know how long it took.

The wave from behind Ye Chen is more and more intense, and the aura in the void is passing at a crazy speed.

Jin Lengyan takes the lead in opening her eyes, explodes her whole body, and spews out her spiritual power!

Break through three big situations!

"Yes, today's strength is not what it used to be!" Ye Chen quite admires of nod, this Ni son's breakthrough speed, can be called evil.

"They..." Jin Lengyan looks at Lu Lingfeng and Wu Yan, who are still closed and have no sign of breakthrough. He can't help worrying.

"It's not easy to break through several big situations with such a strong aura blessing. It will take a few more days!" Since the breakthrough of Jin Leng Yan, the speed of aura on the top of the whole

mountain begins to slow down. According to Ye Chen's estimation, it will take a few days for Lu Lingfeng to break through!

"Jin Lengyan, go back and prepare something!" Ye Chen instructs a way, perhaps the product on the earth, will send on use.

"Split up!" Jin Lengyan nodded, turned and walked away quickly.

Within three days, ye Chen did not leave half a step.

Feeling the whole body heaven and earth aura surging more slowly, heaven and earth even stopped breathing in general, ye Chen murmured: "it's time, I'll help you again!"

Immediately Ye Chen put his hands together and concentrated all the remaining aura on the top of the whole mountain on the tip of his right index finger. The bright light began to flicker, and with the passage of time, the degree was still deepening!

"Broken!"

Ye Chen pointed out from the sky, and a little star came out from the bodies of Lu Lingfeng and Wu Yan!

"Cough!" Both of them had a violent cough and vomited a mouthful of black blood, even though they felt their own breath gradually rising!

Ye Chen's finger shakes the shackles of their realm. At this point, Lu Lingfeng and Wu Yan have completed their transformation!

"The earth's environment has led to the blockage of meridians in your body, but it will be improved in the future. Don't worry!" Ye Chen said softly.

"Is that what I am now?"

Lu Lingfeng trembled and looked at his hands, he felt the infinite power began to emerge at the moment!

Master Wu Yan's look is no longer as light as ever. Now he will concentrate his strength in his palm and try his best to split it!

Most of the cliff in front of him was cut off in a flash. He collapsed and fell, splashing thousands of feet of smoke. If he had put it before, he would never have been able to do it.

But now, it's easy to understate.

"Is this the power of God?" The old man looked at his hands in disbelief. He could never dream of such a divine state!

"In fact, the so-called God is only measured by the three views of the Chinese people. According to this, your power can indeed be called God!"

"However, from the perspective of practitioners, you are just beginning to enter the world of martial arts."

Ye Chen patiently explained that their strength in the current Chinese point of view, are considered to be the top strong.

"This is not the end of martial arts. Don't be arrogant!"

"There are so many realms above that even I have never seen their power!"

Ye Chen hands bear behind him to say these words, but let them in the heart is more awe.

"I'm an old bone. It's only by chance with Mr. Ye that I can set foot in this realm in my lifetime. I'd better leave it to you young people who are full of infinite possibilities."

Master Wu Yan smiles and shakes his head. Before he meets Ye Chen, he has decided to spend his old age in peace, which is why he has been guarding Wei Zhiyao.

"Don't be modest, old man. You are always at the forefront of martial arts practice, just because you have no obsession!" Ye Chen said softly.

"Obsession?" As soon as the old man's eyes narrowed, it seemed that he realized something and shook his head gently, "I see!"

"We leave this period of time, old man, please protect Huaxia!"

Chapter 6324

"One more thing, the martial arts of China is a pack of scattered sand..." Ye Chen said his main purpose.

The old man is to understand a person, leaf Chen a mouth, he already knew the meaning of leaf Chen.

"I see, Mr. Ye. I'll do it myself!" The old man replied.

"In this way, I will trouble Mr. Wu!" Ye Chen hugged his fist and said in a deep voice that he was still laying out the overall situation, which was enough to settle down in troubled times.

But relying on him alone is not enough!

He needs more people.

At the moment, ling'er is tearing the void again. Looking at Lu Lingfeng and Wu Yan, she doesn't speak. Instead, she turns her head to Ye Chen and says, "what should be said, I've already said. You must be careful when you go here!"

"I can't set foot in that realm. Once it comes, I will be sensed by some old guys. After all, the reincarnation stele has no stele spirit, and it doesn't have much effect. I'm afraid I can't do anything at that time. I'll only wait for you on the edge for three days!"

"If I don't come back for three days, I will have no means to rescue you again!"

Ling'er repeatedly told her that she was afraid that ye Chen would do something wrong. Before ye Chen asked, she had no idea.

"Don't worry, I have a sense of propriety in my heart. If I can't, I won't force it!" Ye Chen nodded and agreed, looking at ling'er's suspicious eyes, he added, "this time I'm going to collect the materials of the ancient six star protecting array!"

There are still some words, ye Chen did not say, he has his own plan, at all costs also want to try, of course, he is not a rash man, the matter is man-made, if not, it is up to fate!

Ling'er looks at Ye Chen who agrees so simply. She can't help but have some doubts, but she doesn't think much. She knows that ye Chen is not stupid. The safety of the earth needs him to solve it.

"Gather tomorrow morning, let's meet other experts for a while!"

Ye Chen dressed in white, facing the rising sun, indifferent way.

Ling'er sees that ye Chen has already arranged properly, and then opens his mouth and tells him some routine matters. Jin Lengyan, who is ready, also returns to the team for the first time.

"Instructor, I've brought some black technology that may be used. Of course, this thing can only be regarded as being out of the way. It may have a surprising effect, but it depends on us!"

Gold cold wild goose comes, opened own knapsack, let leaf Chen Chou one eye.

"Yes, let's get ready to go." Ye Chen nods lightly, immediately the Mou son of indifference hopes to work properly son.

Ling'er nodded gently: "after I send you to the place, I will guard outside the door. It's inconvenient for me to step on that boundary, so you can only rely on yourself!"

Little wench bright Mou a Shan, for fear leaf Chen can make what special move come.

Ye Chen smell speech, eyebrow hang a wisp of breeze, but it is a flash, he nodded and said gently: "understand, thank you for reminding!"

Ling'er once again took a deep look at Ye Chen, and immediately put his hands together, and the faint purple star awn appeared between his palms: "chop!"

A childish voice rang out, and the void behind ling'er slowly opened a crack. It was dark inside, and I didn't know where to go.

"There's no room for turbulence?"

Ye Chen has some doubts. Lu Lingfeng and Jin Lengyan have also seen Ye Chen's methods. In the space that ye Chen tears, it is the turbulent flow of time and space.

Ling'er said with a faint smile: "you are just seeing the law of force in space. What you master is just fragments of the law. Although you can cut space on the earth and beyond, you may not even be able to do space displacement in the supreme world!"

"You'll understand that later. Come with me. It's safe inside!" Ling'er takes the lead and jumps into the gap of space.

Ye Chen three people look at each other, is also Qi Qi jump in.

After that, the cracks began to heal, but in the blink of an eye, it was back to the void, like a clear sky, never ripple by the waves.

Wu Yan, the old man, looked at the disappearance of the four and took a deep breath. "It seems that my dream of living a happy life will be pushed forward a few years later."

He dialed the mobile phone of the current owner of the Wu family and contacted his parents and children: "in three days' time, I will hold a meeting of the ancient Chinese martial arts circles to inform all families that those who do not arrive will die!"

.....

"It's kind of like lost space here?"

Ye Chen some doubts, now this dark endless space, unexpectedly is quiet strange!

Ling'er replied: "it's not lost space. You can understand it as a transit station. There is no life here, but it won't be disturbed by the turbulence. It needs the performer to have a high understanding of space. The next thing is..."

"Tear this world apart and send you to your destination!"

Ye Chen also wants to ask questions, but it is stopped by ling'er's eyes. This time, her whole body begins to send out a strange wave. In the nothingness and darkness, she condenses out a little starlight and gradually begins to gather.

Bit by bit, a dark door with a rustic flavor is formed!

It was out of thin air, and the dark and obscure symbols on the gate sent out a very strong breath. Ye Chen had no doubt that if he broke into the gate, he would be hanged on the spot!

"The key to the starry sky!"

With a loud drink, ling'er turns herself into a purple golden key, which is attached to the door with the power of space law.

"Go

There was a sound of explosion between heaven and earth, and two simple doors opened slowly. Behind the door, there was endless yellow sand and dust!

"Only three days, once this door is closed, with my residual soul power, it will not be able to open again. You will be trapped in that realm. Remember, fight quickly!"

Ye Chen three people nod, the figure one Shan, straddles but enters!

.....

At the same time, in the purple bamboo forest of Xumi Kingdom, birds hover in the sky, but they don't make any calls. Even the sparrows on the bamboo branches contain a trace of spiritual power.

One by one, men and women in brocade or plain gauze walk slowly into the bamboo forest. Deep there, there is an island, on which the fairy fog is filled, and you can't see its true appearance.

"Chiba Buddha is here!"

With the Lingtong's voice, for a moment, the figures in the pavilions of the whole island came out one after another.

About twenty people, men and women, young and old, all stood up to greet the Buddha!

Surprisingly, the 20 people of different shapes and colors didn't give out any breath around them. Judging from their behavior, they were like ordinary babies.

"Star moon Pavilion, Yang Yue, with her precious seven colored glazed calices, is willing to hear the teachings of the Buddha!"

"Qian Feng, the chamber of Commerce in the world, presents the nine star pill with a heavy treasure. I'd like to hear the teachings of the Buddha!"

"It seems that for the sake of these feelings, Xu has made all his fortune!" A man dressed in a royal purple robe said, "in this case, the Yunshan Dynasty can't be weak!"

The man's eyes narrowed and hummed coldly!

"Welcome to the Buddha. He Teng of Yunshan Dynasty brings his precious reincarnation stele. I wish to hear the teachings of the Buddha!"

This remark made the whole audience in an uproar!

Chapter 6325

.....

The picture turns around. On a piece of wasteland, the figures of the three people fall down, step on the thick sand, and set off the wind and sand all over the sky.

"Drillmaster, why does this place look deserted?" Jin Leng Yan curled her mouth, feeling the same as the deep desert on the earth, but soon she found something unusual, she couldn't fly!

Lu Lingfeng also discovered the anomaly for the first time.

"There is aura in the air here!" Ye Chen tells the truth.

"You're not stable and you're not quite used to it. Just get used to it!"

"Instructor, is the world that you ascended like this before?" After all, ye Chen left the earth five years ago. At that time, he shook the whole high-rise and dark hall of China!

"Almost. However, the aura here is stronger than that of other places. The inner earth is even weaker. I'm afraid it's similar to the dark forbidden sea. It seems that there should be a lot of talents here!"

"In two hours, you get used to the rules between heaven and earth, and then we start to act!"

Ye Chen also immediately sat on his knees and began to adjust his breath. Of course, he had his own intention to wait here for two hours. If he expected, someone would come here to check!

After all, the action just came was not small!

"Reincarnation xuanbei, no matter what, I must get, ten reincarnation xuanbei, must be in charge of reincarnation Lord!" Ye Chen murmured to himself.

.....

Just when ye Chen and others cross their knees to nourish their spirits, a grand meeting is being held in the purple bamboo forest of Xumi kingdom!

"Old ho Teng, he's so old that he finally wants to open his mind?"

"I'm willing to take out the reincarnation stele as a bargaining chip!"

"Although it's a treasure, it's said that it's related to the layout of the reincarnation master. Wu Tian, the dark forbidden sea, and Yu Huang, the ancient emperor of the supreme world want to get it, but it's erratic. There's no chance to find it, but it doesn't have any effect in his hands. After all, it's a mysterious stele without a stele spirit..."

"It's a pity."

.....

All the people in the purple bamboo forest have different minds and ponder the ideas of others. Soon, a young monk came in. All the people in the room stood up and bowed to the little monk in baijiajing.

"Master Puhua, dare you ask Chiba Buddha?"

He Teng of royal purple shirt first asked questions, his tone was full of urgency, but his face was respectful.

"He Teng, if you don't break through again, I'm afraid there won't be much time." The owner of the other faction snorted and talked about it in his heart.

The other 20 people also had their own little plans in mind.

The little monk looked around at the crowd and shook his head, but his face was as usual. He said in a soft voice, "all of you, come with me!"

If ye Chen were here, he would be shocked. There are dozens of middle-term masters of Baijia realm who have never been seen in other countries.

They are all for hearing the words of Chiba Buddha, seeking enlightenment, and getting the way!

Under the guidance of the little monk, all of them set foot in a decaying Pavilion in the deep of the island. On the dusty stone bench, an old monk in plain clothes with a wrinkled face and a kind face sat cross legged, but the gray eyebrows on his forehead were extremely sharp!

A breeze gently blowing, thousands of birds standing quietly in the branches, no longer issued a little bit of children cry.

It seems that they all came for the Buddha to solve his doubts!

Lao he was wearing a broken cassock and his eyes were closed, but no one dared to underestimate the living Buddha in front of him.

"Amitabha!"

As soon as the old monk opened his eyes and looked around, he Teng, the leader of Yunshan Dynasty, was the last one.

This makes he Teng happy. Does Buddha think that he can get the Tao?

He immediately confidently said: "Chiba Buddha, younger generation he Teng, this box is polite!"

He Teng hands together, respectfully!

The old monk seemed to smile between his eyebrows and eyes, but he looked sad on his side. He looked at the respectful he Teng, and his old voice said:

"Amitabha, benefactor, I already know what I'm coming for."

When he Teng heard the speech, he worshiped again, and immediately said respectfully, "since the Buddha has known it, can you make it clear, how can you get the Tao?"

The old monk smile: "benefactor think?"

"To seek Tao is also to seek Buddha." He Teng said directly, "the Buddha stresses that all things are empty. People can't live without desires. Those who seek Buddhism also seek desires. What is Buddha and what is Tao? They are all mortals. How can we talk about the outside world?"

"Presumptuous, he Teng, how dare you question the Buddha?" Yang Yue of xingyuege hears the speech and raises her eyebrows.

Hearing this, the old monk said with a calm face: "there is a story that once upon a time there was a man who devoted himself to the pursuit of Buddhism. His ninth life was accomplished and his tenth life was reincarnated. He was still a well-known good man in all the villages."

"But even so, he still can't become a Buddha. Finally one day, he came to the Buddha with a butcher's knife and said, " why can't I become a Buddha after all I've done? "

At this time, the old monk looked at he Teng. He also looked at the old monk in a confused way: "I hope the Chiba Buddha will give me advice!"

The old monk said with a smile: "the Buddha replied that at this moment, the pure land of the ten directions, the paradise is already full of Buddhas. There is no more Buddha's throne to keep for you. It's better for you to kill me, then you have your place!"

As soon as the words came out, the whole room was quiet. The old monk continued to say:

"The good man held up the butcher's knife for a long time, thought about it, and finally put it down. At the moment when he gave up, the Buddha's voice was filled with gold."

"He has become a living Buddha!"

Chapter 6326

However, people are puzzled. What's the meaning here? What's the relationship with he Teng's query?

The old monk put his hands together and whispered, "Amitabha!"

"This is the so-called putting down the butcher's knife and becoming a Buddha. It doesn't mean persuading people to change their ways, but it means breaking them!"

"If the purpose of doing good deeds is to have a plan, then this is obsession. If there is obsession, there will be no way to attain the Tao. When a good man puts down the idea of becoming a Buddha, that is to say, he puts down the obsession that is the only one in ten generations and becomes a Buddha!"

"In life, we should know how to put it down. It's not the worldly affairs that disturb us, but the fact that we don't meditate!"

"How can we talk when our heart is not quiet?"

The old monk said slowly.

He Teng seemed to understand something, but he retorted: "my obsession is just the reincarnation monument. Now that it has been put down, can it become Tao?"

The old monk just asked: "benefactor he Teng, when you mention this topic intentionally, it means that you have not really put it down!"

"I came here with this treasure just for peace of mind, but I want to help you!"

"This xuanbei does not belong to your Yunshan Dynasty, nor does it belong to your family. It only belongs to the reincarnation Lord. If he forcibly seizes it, he is afraid of disaster!"

He Teng smelled the words, and his eyes flashed, "Oh? Robbed? "

But the old monk said with a smile, "is the golden scale something in the pool? This young man is really a formidable young man!"

However, he Teng was quite puzzled by the old monk's last words, but this conversation was full of dissuasion between the lines, which made him angry. But the old monk was beyond his own existence, and he was not a junior to contradict.

"I've been taught. I'll leave first!"

He Teng arched his hand, brushed his sleeve and turned to leave!

He Teng, who came out of the dilapidated Pavilion, attracted several people around him and said: "this conversation, according to the Buddha, there is a young man who is afraid of causing trouble. Recently, he made strict checks. If you find anyone who intrudes, please let me know as soon as possible."

How clever he Teng is. Although Chiba Buddha advised him to do good, he is the robe of Xumi. How can he do harm to him?

In the last word, it's a point!

Inside the pavilion, Yang Yue of xingyuege bows slightly to the old monk: "thousand leaf Buddha, reincarnation xuanbei?"

However, the old monk turned a deaf ear and gave a wrong answer: "although Xumi Kingdom has been close to the supreme world for a long time, it seems to be in turmoil now."

People don't know what to say, but they always feel that something big is going to happen in this world.

.....

Yunshan Dynasty at the moment.

"What? Chiba Buddha asserts that big brother will be robbed? A bunch of nonsense, how can we be afraid of a hairy boy? "

The middle-aged man, who is somewhat similar to he Teng, picks his eyebrows and shouts.

"Calm down, Lord!" Several attendants were all surprised and knelt down in a hurry.

"Second brother, you don't have to be so angry. The word of Chiba ancient Buddha has its true meaning!"

Another young man in a white shirt came out from behind the screen of the main hall, drank back several of his attendants and turned to whisper.

"Third brother, what do you think?"

Obviously, they are the two brothers of he Teng in Yunshan Dynasty, the two kings of Yunshan Dynasty today!

"The Chiba ancient Buddha asserts that he Teng's occupation of the reincarnation monument will cause trouble. We can't sit back and watch the Yunshan Dynasty go into chaos." The young man was awe inspiring. He said in a deep voice, "this dynasty, it's time to change its master!"

"Third brother, he tengnai is very powerful. I'm afraid he can't be defeated by you and me with your cultivation?" The middle-aged man is a little hesitant at the moment, but the color of his heart is increasing instead of decreasing.

"Chiba Buddha asserts that a young man will come here!" The young man sighed, "it's worthy of the Great Buddha!"

"Oh? Third brother, is it difficult? " The middle-aged man's eyes are full of essence.

With a smile, the young man said faintly: "just now, the Scout came to report that there is a wave in the East desert of Xumi, which seems to be three outsiders!"

"Is it the spirit of xuanbei?" Asked the middle-aged man.

"I didn't feel the girl's breath, so it wasn't the stele spirit who stole the body!" The young man shook his head gently, but he was smiling.

"You mean? The man who the Chiba Buddha asserted has come? " When the middle-aged man saw his third brother's expression, he thought of something.

"So I immediately blocked the news. The East desert is my territory. I immediately got up and went to test it. If this person is really expected by the Buddha..."

"Then we can draw together and work together." The young man's eyes narrowed.

The middle-aged man, however, nodded his head gently.

.....

Deep in the desert.

Ye Chen doesn't know his appearance and stirs the situation here.

"How about this space of heaven and earth? Have you adapted?" Ye Chen opened his eyes, two hours later, Lu Lingfeng and Jin Lengyan are almost adjusted!

Although we can't cross the world, we can still do it!

"Strange..." Ye Chen murmured to himself, "so long, still don't see movement!"

Lu Lingfeng and Jin Lengyan are looking at Ye Chen's talk. They are a little confused. Lu Lingfeng is about to say: "Lord, we..."

"Bang!"

There was a huge roar in the distance. A huge yellow sand rolled up the towering mushroom cloud and burst away. The strong heat wave even overturned Ye Chen three people a hundred miles away.

"What a strong fluctuation!" Although Ye Chen doesn't know his opponent's strength, he can also kill several hundred Jiajing strongmen in the geocentric region. He knows that he can't achieve such a situation!

"Come, go there!" Ye Chen mouth corner a pick, hurriedly call Lu Lingfeng and gold cold wild goose two people follow, unexpectedly is toward the center of the explosion to rush!

A moment later, ye Chen and others came to the center of the wave. At this moment, the yellow sand is scattered all over the sky. They never see a monster. Only a man in white clothes is lying on the desert. The yellow sand is carrying his blood red clothes!

The man lay motionless in the desert, the previous battle has been earth shaking, now he has lost consciousness.

"Instructor, why don't we wake him up? I'm not familiar with this place. I don't have a guide to look for things. Maybe he can help us?" Jin Lengyan thought for a moment.

Lu Lingfeng also nodded. In the desert covered with yellow sand, it was an eye opener to meet a local aborigine.

Ye Chen smiles, nods gently, and takes out a pill from his reincarnation cemetery. Yingying is shining like a star in the desert.

"Instructor, what kind of elixir is this?" The gold cold wild goose is also opened big curious Mou son, she has never seen leaf Chen this one side.

"It's just a pill made at random. Just take it for him!" Ye Chen calmly opens his mouth, but his heart is dripping blood at the moment.

This is a pill with a drop of his blood, combined with the eight trigrams and the guidance of Xuan Hanyu.

Chapter 6327

At the entrance of white shirt man's elixir, you can see that his whole body is steaming with layers of white fog. The wounds on his body seem to be cut by beasts. They are all healing at the speed visible to the naked eye!

"Magic medicine Lu Lingfeng, who has always been silent, is also surprised at the moment.

The white man slowly opened his eyes and looked at the boundless yellow sand and the sky. He stretched out his hand and sighed, "I, I'm still alive?"

"Of course you're still alive. It's hard for you to die with him!" Jin Lengyan road.

At this moment, the young man in white shirt went along the road and saw a indifferent looking man sitting not far away looking at the sky, with yellow sand beating his back.

"Thank you for saving me!" The young man struggled to get up, but suddenly found that all his injuries had been healed, and even his spirit was stable for a bit, without any trace of injury.

Even the original unbreakable bottleneck, the barrier is broken, if you take a few pills, must be broken mirror Nirvana!

He looked at Ye Chen's eyes, there was a bit of fanatical color.

"Well, what's your name?" Jin Lengyan thought of it and asked about the identity of the person in front of him.

"Oh, thank you for saving me. My name is he Huan."

"Xumijie, a man of Yunshan dynasty!"

White shirt man opens mouth to introduce a way at the moment.

"So it's called xumijie!" Jin Lengyan suddenly realized the truth.

"Look at your clothes. They don't look like local people. They are He Huan asked in surprise.

However, Lu Lingfeng digs away from the topic: "brother, you look so young, you are really powerful!"

"I'm not talented. I've been practicing Taoism for more than 600 years, and I've just stepped into Baijia realm. It's really a shame!" The young man in white shirt took a look at Lu Lingfeng and Jin Lengyan, but he couldn't see through their strength at all. After all, before ling'er came, he covered their accomplishments with his skills.

However, he still found that the two people in front of him were no more than 100 years old, just like the young people sitting on one side.

"Six... Six hundred years old?" Jin Lengyan couldn't believe looking at the elegant man in front of him, but he thought that kunlunxu also had a lot of such existence.

At this time, ye Chen got up, turned to he Huan and said, "Hello, my name is Ye Chen!"

When he Huan saw Ye Chen, he had such an illusion that the young man gave him a feeling of palpitation.

"How can it be? He only has the real world!" He Huan was a little dumb. He couldn't speak for a moment, but he muttered in his heart.

Ling'er doesn't cover Ye Chen's accomplishments. Ling'er thinks that ye Chen's accomplishments, actual combat and momentum are enough to make some people more afraid.

At the moment, he Huan was obviously shocked. He, the carefree Prince of the Yunshan Dynasty, felt frustrated. He just met his face.

Is this the person predicted by Chiba Buddha?

He Huan can't help but pay more attention to Ye Chen now. Ye Chen just gave him pills, which shocked him greatly.

The effect is even more terrifying than the jiu zhuan tian star pill in Qian Feng's hands! It can be called the elixir!

Although the words say so, but affirmation effect is not so obvious, but ye Chen's Dan medicine, he took it immediately and then had the silk of epiphany.

If he had a few more, he would not be afraid to meet a strong enemy!

He Huan has made up his mind that ye Chen must come to his camp!

"Brother Ye!" He Huan clasped his fist and said solemnly, "thank you for your kindness. If you need to use he's place, just open your mouth!"

Ye Chen is a little smile: "meet is predestined relationship, brother don't have to be like this!"

"Dare you ask brother ye He Huan asked tentatively.

"To be honest, the three of us are from outside China!" Ye Chen is also generous, directly reported the name.

"Outside?" When he Huan's eyes narrowed, he seemed to know little about foreign countries.

"It's not worth mentioning that one side of the corner is wild!" Ye Chen lightly a smile, compare with this Su Mi boundary, outside the territory pour also really not brilliant!

"Brother ye, it's not good to be too modest. Your superb alchemy can be regarded as heaven and man!" He Huan pretended to be angry and said to Ye Chen with a smile, "you three have been practicing for only a few decades, but you have such accomplishments. It should be evil!"

Lu Lingfeng shook his head: "if there is no temple master, we may have died long ago. Only the temple master can be worthy of the word" evil. "

He Huan hears speech, in the eye eye a put on bright color to flash, immediately toward Ye Chen to ask a way: "elder brother ye, I have a thing don't know, should say not to say?"

Ye Chen patted he Huan on the shoulder: "brother he, the first friend we met when we came here is you. You are all cool people. Why don't you speak? Just ask

Ye Chen eyes with a smile, that is called a very kind!

Lu Lingfeng just looked at his temple master and knew what he thought. Next, he saw whether the fish would take the initiative to take the bait!

"Brother ye, the elixir that was used to save me was really made by you, brother ye?" He Huan saw that ye Chen's "going to the road" is also an open-door way.

Ye Chen hears speech, pour is light a smile, both hands bear at the back of one's back, bluntly way: "also not necessarily, say is to refine at will, pour is exaggerate!"

When he Huan heard the words, a trace of disappointment flashed in his eyes.

But the next second, ye Chen's words, but also let his heart rose from the fireworks of hope.

"However, I collected the most precious things from other countries to refine it. I wanted to use it for breakthrough, but I found that it seems to lack efficacy!"

"I can't meet my expectations. To tell you the truth, as the first medical God outside China, my name is true!"

"But even though I have searched all over the mainland, I have never collected all the refined herbs. I have no choice but to tear up the space to come here!"

Ye Chen shakes his head with some regret, as if he accidentally reveals his life experience to the other party.

"Oh? What else? " He Huan smell speech, in the heart a joy, this is not God for nothing to drop pie?

Don't let him run away!

This is he Huan's only idea.

"In this case, I'll tell you the truth, brother ye, this world, on the edge of the supreme world, is far away from the dark forbidden sea, which is called Xumi world!"

"In the Xumi area, there are many clan forces. The land under brother Ye's feet is the hinterland of Yunshan Dynasty."

"The king of Yunshan is a super power that has been handed down for thousands of years. The sage of our Dynasty, that is, my elder brother, is a super power!"

"I'm not talented. How happy is the carefree king of Yunshan dynasty!"

This is the first time for him to show his true identity. Since ye Chen is so "real", then he has to be "honest"!

"So it is, brother ho!" Ye Chen clasps his fists and salutes!

The leaf Chen of low head, the corner of the mouth delimits a touch of delicate radian, of course, this scene, he Huan is ten thousand can't see.

Chapter 6328

Seeing ye Chen so "on the road", where can he Huan still rely on his identity, quickly picked up Ye Chen: "brother ye, you are kind to me, he definitely can't afford such a big gift!"

"Brother ye, if you save my life, I will give you a chance!" He Huan smiles mysteriously, confident.

"Oh? Why do you say that? " Ye Chen pretends not to know, waiting for he Huan's following.

"Just now I heard that brother Ye is tearing up the cracks in the space and coming here just to find a way to break through?"

"Yes Ye Chen answers truthfully.

"It's shocking to see the real world tearing up the space and crossing the plane, but I have no doubt about that!" He Huan is determined to say that he stares at Ye Chen's eyes, as if to confirm Ye Chen's words again. But seeing ye Chen calm, he doesn't try any more.

"I really have a lot of high-level materials for brother ye to use. If brother Ye doesn't dislike it, on behalf of the Yunshan Dynasty, I'd like to help brother Ye!"

Ye Chen hears speech, in the eye eye is also Jing Guang Da Sheng, waited for a long time, he finally said it!

He Huan saw Ye Chen's eyes shining, and subconsciously thought that ye Chen was "hooked"!

"Brother ye, can you tell me the materials you need?" He Huan asked eagerly.

Ye Chen said: "brother he, you are also a pleasant person. To tell you the truth, I only have three days!"

"If I can't go back for three days, I'll be trapped here!"

He Huan is patting chest guarantee“ Don't worry. If you help me break through, I can send you back! "

"That's... OK!" Ye Chen shows weakness intentionally at the moment, pretending to be passive.

"Ling Feng, take the material list to brother he!" Ye Chen immediately ordered Lu Lingfeng. Of course, in this list, besides the materials needed for the ancient six star protection array, there are also some materials that need to be broken through!

If you want people to do things honestly, you have to give them something to try!

From the beginning, ye Chen wanted to play a big game!

"Please come to my house and have a rest for a few days. I will collect all the materials as soon as possible." He Huan promised.

"Brother he, please lead the way!" Ye Chen lightly a smile, four people prepare to start, at the moment Ye Chen but seem to think of what, "wait a minute!"

He Huan's eyes narrowed, "what's the matter with brother ye?"

"I have something to forget to say just now. Please prepare a Dan room for brother he to come out, and prepare the top medicine tripod. I'm so hot, but I'm so overbearing!" Ye Chen said softly.

When he Huan heard this, he was stunned. He immediately laughed and said, "brother ye, don't worry. As long as there is something in Xumi, I'll net you all!"

.....

Soon, a grand mansion appeared in front of the public.

It is located on an island in the center of the East desert. Although it is a desert, it is built near the water. It is a horizontal three story building. The palace is located in the East and faces north.

In the arch under the palace are a sword and other symbols of the royal power: including jade totem and other jewelry.

It seems that the carefree prince, who lives in a corner, is eager for royal power!

In the light, these precious jewels even shine in the faint light of the arch.

There are many exquisite reliefs on the four walls of the palace, with a large courtyard in the middle.

"Brother ye, I only receive one of your distinguished guests in this courtyard. I'll prepare the Dan room later, and the medicine tripod will come right away!" Looking at Jin Lengyan and Lu Lingfeng, he Huan is full of enjoyment.

"I'm going to ask people to go and search for all the materials immediately by dividing the soldiers into different routes." He Huan is also in a hurry to start action.

"Brother he, you take my two little brothers. They have a high recognition of materials, so they can avoid detours. They also want to learn some tricks from the experts under brother he..." Ye Chen's eyes coagulated and said faintly.

He Huan, however, laughs, "I can't wait for two little brothers to lead the way."

"Come on, go and get Hanfei for me!" He Huan said to the servant.

Not long after, a strong black man came to he Huan and knelt down on one knee: "see you

He Huan just gently waved his hand: "excuse me, Lao Han, I have a task for you!"

"Go to the Sutra Pavilion and lead the two little brothers to choose some suitable martial arts. These days, you can take them out to look for materials and guide them to practice by the way!"

He Huan clearly orders the way.

"Yes, sir Han Fei gets up and looks sideways at Ye Chen and others

Ye Chen made a gesture, Lu Lingfeng and Jin Lengyan quickly clasped their fists at he Huan and said respectfully: "thank you Xiaoyao Lord!"

With a smile in his eyes, he Huan nodded politely, looking at the figure of Han Fei leading them away, only to hear ye Chen whisper:

"Wang Ye, I Ye Chen is also a happy person. The materials are the same. When I come back, I will send them to danfang immediately. You and I will break through as soon as possible and get what we need. I hope we can cooperate happily!"

He Huan listened to Ye Chen's words, and his eyes coagulated: "in this way, I will not disturb brother ye to have a rest. I will contact you as soon as the medicinal materials are sent!"

Turn around and leave immediately

After burning incense, in a secret room, Han Fei and he Huan, a servant and a master, said, "Lord, is this man the one who was prophesied by Chiba Buddha?"

"Nine times out of ten, his pills do have a wonderful effect. After I took them, I felt that the barrier was loose!"

He Huan stood with both hands and thought over his words.

"Congratulations to you, the great cause of the future is coming closer!" Han Fei lowered his brow again and said respectfully.

"Ye Chen is also a smart man, but he is very proud of himself. This kind of person can cooperate with each other, but he needs his weakness to handle it!" He Huan analyzes a way, "those two people you take first, according to what I tell to do is OK, take good care of them!"

"I'll see what medicine you sell in the gourd!" He Huan's eyes narrowed and said to himself, "there are some precious medicinal materials in the warehouse for him. I'd like to see if he has any weight."

"Yes! By the way, do you want to tell the second prince about this? " When he Huan heard the words, there was a cold light in his eyes!

"My subordinates know their mistakes!" Han Fei's figure trembled and he knelt down in a hurry!

"Do what you have to do, and go!" He Huan's tone is slightly cold.

Chapter 6329

.....

"Ladies and gentlemen, if we choose the right one, we can start. It's urgent to say that we have three days to go." Han Fei gently smiles at Lu Lingfeng and Jin Lengyan and urges them to do so.

"The Lord has told me that if you have any questions about your practice, just ask me. Along the way, some materials need to be picked. If you practice, it's just right!" Han Fei explained.

"Let's go on the road now, general Laohan!" They smile at Han Fei.

"Please

.....

meanwhile.

"Dong Dong Dong!" There was a knock on the door in Ye Chen's room.

Ye Chen Mou son a coagulate, big hand a wave, the door is to open.

Dressed in a green shirt, a beauty of the logo bows to Ye Chen: "Mr. Ye, my Lord has ordered me. Some herbs have been mentioned to the Dan room. Please have a look!"

"So fast?" Ye Chen is a little surprised, this work efficiency is also too high?

Then the woman explained, "Wang Ye has gone to tell General Han Fei about your two friends!"

"I just ordered the storehouse to take the stock in the storehouse of the king's residence to Mr. Lin for emergency use!"

Ye Chen nodded gently: "I see! Please show me the way

"Please come with me!" The woman turned and walked towards the center yard.

Across the way, a strong aroma of herbal medicine came to my nose, ye Chen was slightly surprised:  
"your palace inventory, it's really amazing!"

"Qi Luo Xiang, Chang Qing Zhi, even star blood stone!" Ye Chen can't help exclaiming.

"Young master Ye is really a master of alchemy. You can distinguish many kinds of medicinal materials by smell alone!" The green shirt woman's eyes flashed, "young master, I will send you here!"

Ye Chen a smile, didn't respond, directly pushed open the door of Dan room, step into!

.....

After counting the interest.

"Are you sure? He can tell all the herbs by their smell? " In front of he Huan's body, a woman in a green shirt stands. It is the woman who led Ye Chen's way before!

"I'd like to see if he really has such ability!"

In such a big Dan room, a wide range of medicinal materials exude a faint light, ye Chen swept away, most of the materials needed to arrange the ancient six star protection array are complete!

"It deserves to be a super Dynasty, and its strength is really strong! It's hard to find all these things in the center of the earth. Only the dark forbidden sea can do it. "

Ye Chen smacks his tongue secretly. If these things are placed outside the territory, I'm afraid that any of them are priceless treasures in the market. It's hard to get thousands of gold!

Now in this Xumi world, just a few words have been sent to our eyes. If we search in the dark, three days is not enough to walk around!

"I haven't seen six bones. I hope they can find them back." The leaf Chen in the heart says aloud, but at present of this batch of precious materials, also really can refine the Dan medicine that goes against the sky!

At this time, xuanhanyu, who had not been moving, said, "it's good for you to refine jiuzhuantian star pill with these materials."

Ye Chen a Zheng, way: "Xuan fairy, this nine turn sky star Dan I have heard, but can't refine of existence."

Xuanhanyu snorted coldly: "you have the eight trigrams heaven elixir skill. If you cooperate with my designation, are you afraid that there are elixirs you can't make in the world?"

"However, you'd better not use the eight trigrams Tiandan technique. Use the Dan Ding provided by the Yunshan Dynasty. It's not a common thing."

Ye Chen Mou son a coagulate, walk toward the medicine Ding in front of!

"I'm afraid it's also a treasure to put this Dan furnace outside the territory. The Yunshan Dynasty is really not simple!" Ye Chen's eyes stare at the ancient and simple medicine cauldron with deep body and a trace of chill. A touch of Taoist fire flashed by his fingertips, and the medicine cauldron lit up a touch of ice blue color!

Xuanhanyu's voice came again: "it's really it, you LAN mieshi Ding!"

"Those who are strong in the Baijia realm don't know whether they can control it or not. They don't know whether the temperature of your spiritual fire is enough! And I can feel that if you don't get its approval, you may not be able to use it. "

Ye Chen is a direct way: "regardless of, first try some!"

A touch of bright color on the fingertips ignites, and the fire of Daoling, which contains the power of Ye Chen's spirit, rushes into the bottom of the furnace, and the whole simple medicine cauldron blooms a brilliant blue light.

"Go

Ye Chen a light drink, saw originally under the eye-catching blue medicine Ding, swept up a wave, you LAN mieshi Ding issued a "buzz" sound, resounding across the sky!

"It's really recognized! The next step is to continue refining. "

Ye Chen immediately into the battle!

.....

Meanwhile, outside Dan's room.

A figure standing in the yard, the night wind blowing a corner of his gown, he gazed at Dan room

The hum shook the whole palace.

"You Lan's tripod of destroying the world was urged by a real situation!"

"How many hundred Jiajing strongmen can't be urged. It's said that only those who are approved by Youlan mieshiding can be urged."

He Huan's eyes coagulated, and immediately waved his sleeve to cover up the sky.

For a moment, there was a commotion in the whole Xumi community.

"Another birth of Dansheng? Quick check

"Lock the bearings quickly!"

"What, I can't even detect the location, you rubbish!"

All forces are moving, but the wave is only a flash away, but it has been erased!

In a dilapidated Zen room, the old monk pinched his fingers and shook his head: "it's doomed

"Is there such a master in Yunshan dynasty?" He Teng in the palace suddenly opened his eyes and felt carefully, but there was no trace to find.

"Er Wang Ye, the fluctuation has disappeared. It seems to be in the East!" The man in black reported.

The middle-aged man with somewhat similar eyebrows to he Teng was suspicious and said, "East, Yunshan dynasty!"

"Is it the third one?"

.....

At the moment, he Huan looked directly at the shining light in ye ChenDan's room: "it seems that you are really sent by heaven to help me!"

But now in Dan room, ye Chen is in a mess!

Because every measurement is good, but there is no accident, failed!

"The fire is right!"

"There is no difference in measurement!"

"The steps of soul intake are perfect. It shouldn't be!"

Ye Chen brow tightly wrinkly, but can't find out the slightest problem where.

"Jiuzhuantian star pill?" Ye Chen knows that the sea is constantly turning, "nine turns..."

Looking at a pair of ashes in front of us, is it?

"Nine turns?"

Ye Chen's bright eyes flashed: "it turns out that this pile of ashes is a treasure!"

Night without words, under the moon branches, sunrise in the East.

The figure in the central courtyard did not move all night, but his eyes were closed, "coming!"

He Huan opened his arms, and the majestic rules interweaved a huge net to take over the whole palace.

Not even a fly can fly out!

In the courtyard, the light from danfang shrouded the palace, "bang!" A loud noise, Dan room burst, ye Chen disheartened ran out!

Chapter 6330

Two glittering precious medicines are shining in Ye Chen's hands.

"This breath, this is..." he Huan some disbelief, this sends out, isn't it if nine turn sky star Dan?

"Jiuzhuan... Tian... Tianxingdan?" He Huan stammered to ask Ye Chen.

Ye Chen then sees he Huan in the center of the yard and nods to him "Yes, I've tried my best to make two of them..."

"Two?" He Huan's eyes widened. The only one in the world's chamber of Commerce has been offered as a treasure. It's said that taking this treasure can make people better!

Two of them?

"One person, one by one, accept your material affection!" Ye Chen's right hand gently throws out the treasure medicine, but he Huan comes forward to cover it as quickly as he gets the treasure!

He Huan nodded excitedly: "brother ye, you are my lucky star!"

"Chongbao is born. With your protection alone, the fragrance of medicine will permeate and go away. It's not too late to close the house and thank the guests immediately!" Ye Chen exhorts a way at the moment.

He knows that he Huan didn't sleep all night, but how can his cultivation wipe away the traces when these pills are born?

He Huan is obviously aware of the seriousness of the matter, quickly nodded and ordered humanity: "open the palace array, shut the door to thank guests!"

.....

After a stick of incense, the void fluctuates.

"Two Wangye, today the royal residence is closed to welcome guests. I'm sorry I won't receive you!" Several guards in black armor kept the second prince He Xiong out of the door.

"Go away, don't you know who I am? How dare you do it?" The middle-aged man's eyebrows and moustaches glared, and he had a strong sense that if he didn't agree, he would start.

At the moment, an old man with white hair and beard trotted out from the depths of the palace: "second Lord, I'm really sorry. We just follow orders. I don't dare to fight against him!"

"What about the old three?" He Xiong saw that he Huan's housekeeper came out to mediate, but he was still very serious.

"To tell you the truth, second Lord, my Lord, is shutting down!" As soon as he said this, He Xiong seemed to have some ideas. "Has the third brother recently brought a young man back to his house?"

The old man nodded in a hurry, but he did not dare to offend the explosive barrel that was about to explode: "yes, there was a young man here yesterday, and the Lord regarded him as the guest of honor, and...."

The housekeeper wanted to explain something, but he Xiong waved his hand and motioned him to step down. Seeing this, the housekeeper dared to say more. He quickly shut up, called his servants and left in a hurry.

"So it is, old three!" He Xiong's eyes flashed, but it was cleverly covered up by him again. It was obvious that the strong fluctuation last night was probably the young man whom Lao San had recruited.

And this guy is likely to be the one predicted by Chiba Buddha!

"I'll see what you can do by yourself

He Xiong's eyes narrowed, and immediately sat cross knee in front of the Palace door. If he didn't explore, he would never leave.

Holding his breath, He Xiong is still thinking about the next step in his heart, but the development of reality is much faster than expected!

In the inner courtyard of the Xiaoyao palace, a strong breath rose up from the sky. In an instant, it rolled up the yellow sand all over the sky. The law rushing to the sky made the border formation of the whole palace collapse.

The luxurious palace was reduced to ruins in the next second, and the beautiful palace could not even find a complete piece of debris from top to bottom!

"Ha ha ha ha ha!"

He Huan's laughter shakes the sky. It seems that the palace is destroyed. It doesn't matter to him at all.

"In the future, there will be a seat for me among the strong in Xumi area!"

He Xiong looks at the third younger brother whose breath is soaring above the void, but his eyes are extremely complex, but at the same time, he feels another special breath.

Ye Chen's figure is also skyrocketing, compared with he Huan's explosive terror, he has no choice to break through!

The place of breakthrough is naturally located in the center of the earth.

"Thank you, brother Ye!" He Huan saw Ye Chen break through, but also a flash to the front, bow!

This gift comes from the heart!

He has been trapped in this realm for a long time. If it wasn't for the help of Baoyao, I'm afraid it would be even longer!

"Congratulations, third brother, strength to a higher level!" He Xiong laughed.

He Huan's eyes narrowed, looking at the figure coming from the ruins. It was his second brother, the second prince of Yunshan Dynasty, He Xiong!

"Sure enough, I can't hide the old fox!"

He Huan sighed, but he pretended to be surprised: "why is my second brother free today?"

The two brothers have their own ghosts, but they have a deep hug!

"Great progress in strength, you and my brother's great cause is just around the corner!" He Xiong is not scrupulous and makes a lot of remarks.

You know there are many servants here. It seems that these two brothers are Sima Zhao's heart, which is well known to everyone!

"Why don't you introduce me to this one?" He Xiong feigned anger and asked his third brother.

He Huan Shan a smile, way: "is my negligence, second elder brother, this is Dan Sheng Ye Chen!"

"My breakthrough this time depends on the jiu zhuan tian star pill refined by brother Ye. I'm lucky to step into the realm of saints!"

Hearing the words, He Xiong's eyes were full of fanaticism. He quickly bowed to Ye Chen and said, "it's Dansheng who's coming. Where he Xiong is neglecting, I hope master Haihan will do it!"

You know, although Ye Chen's cultivation has not yet set foot in Baijia realm, his superb alchemy, if placed in Xumi realm, may not be inferior to many experts in Baijia realm, or even have more prestige!

"I'm from across the border. I'm not familiar with my life and land. I'm really grateful for brother he's help." Ye Chen is modest at the moment.

When he Xiong heard the word "cross boundary", he realized that ye Chen was the one who prophesied in the mouth of Chiba Buddha.

It seems that they are the nobles of Yunshan dynasty!

Of course, how to use it is a way. Now the master is quite close to he Huan, which is not a good thing for him!

He Huan laughed at the moment: "brother ye, this is my elder brother. How dare you ask if brother ye can give me some pills to help my elder brother?"

As for why he Huan said this, he knew that ye Chen only refined two precious medicines, and there was no more.

In a word, it's just a delaying tactic. To tell you plainly, we are still allies, and I still think of my second brother!

Ye Chen knows that he's two brothers are old foxes. How can he not hear the true meaning?

"Cough..." Ye Chen coughed softly. "To tell you the truth, brother he said that the refining of this precious medicine consumed 80% of my soul power just now, plus some injuries..."
