Chapter 6331

When he Xiong heard the speech, he felt a thump in his heart, and the secret was not good.

Sure enough, just listen to Ye Chen light voice way: "in a short time, afraid is no longer refining!"

Seeing ye Chen shake his head regretfully, he Huan's heart is about to blossom, but his face is full of regret: "brother ye? When will it be ok? "

"At least one month, no matter how much, it's hard to say!" Ye Chen sighed, "this is to compete with heaven and earth. Now it has been successful. In a short time, I can't do it!"

"Unless..." Ye Chen said here, deliberately delayed the rhythm, carefully observed the two people's reflection and expression.

See he Xiong but immediately ignited the passion in the heart, haven't yet wait for ye Chen to open his mouth: "master have what appeal, just open your mouth!"

"Unless there is something to nourish the spirit, there are many on the list that my two little brothers were asked to collect yesterday. Now they haven't returned, so they still have to wait!"

"However, if you turn on the stove again, you can't do without an elixir!" Ye Chen face congeals heavy way.

"Master, what kind of medicine is it? We will try our best to get it! " He Huan said at this time.

"There are only six bones in the records!" Ye Chen a smile, in the heart had care!

"These six bones are a kind of herbal medicine. It is said that they only grow near the xuanbei tablet of reincarnation. They are the divine grass nurtured by the spirit of the tablet." At the end of the speech, ye Chen still shook his head with regret: "unfortunately, this reincarnation monument is an ancient deity. It has been lost for many years, and no one has heard from it!"

"Even I've only seen them in ancient books, so I can't find them!"

When he Xiong heard the speech, he laughed.

"What should I be? To tell you the truth, this reincarnation monument is in the hands of my elder brother, who is the saint of Yunshan Dynasty today!"

However, he Huan frowned: "although there are traces of six bones, they will not be given to us easily because of elder brother's character. The reincarnation stele is regarded as the most precious treasure by him and has been banned in the forbidden area of the imperial palace. This matter needs to be considered in the long run!"

But ye Chen pretended to be stunned and said: "the lost reincarnation monument is in Xumi? It's unbelievable

"It seems that master ye, you are really my brother's noble man!" He Xiong burst out laughing, "today I will have a banquet for master Ye!"

"Good!" He Huan is also full of response, but he forgot the fact that the palace standing at the foot of the three people is already in ruins!

"This..." three people just looked around, He Xiong patted his chest and said to Ye Chen and his second brother: "well, if you don't dislike me, you can come to my mansion!"

"No!" He Huan immediately puts out a voice to stop a way, leaf Chen sees all these in the eye, but don't utter a voice.

"What? Why not? " He Xiong was not happy when he heard the speech.

He Huan's eyes turned: "this... The second brother's residence is near the imperial city. If the elder brother inquires into this matter, I'm afraid it's about six bones?"

He uses this to threaten He Xiong, not to let him take ye Chen away. After all, the current cooperation is fragile like a layer of paper.

"Well, I have my own careful arrangements. Besides, the most dangerous place is the safest one!" He Xiong's smiling face is full of unquestionable meaning.

"Well... Since the second elder brother has an arrangement, I'll inform my subordinates immediately according to the second elder brother's words. After finding the materials, I'll go straight to your residence to meet you!"

He Huan has to give up if he can't refuse. After all, the cooperative relationship is still there, and he can't be too stiff. Now he has broken through, and he's not afraid of playing tricks!

.....

The next night, Han Fei took people to find the materials, but ye Chen did not expect, except for the six bones, all the other materials were complete!

"Drillmaster, I didn't expect that the materials were collected so quickly. According to the plan, we should withdraw tomorrow?" The golden goose's face is heavy.

"Lord, how do you know that someone will come to us?" Lu Lingfeng then asked.

Ye Chen looks at the two people's injuries and breath, and knows that these two days, they should have a chance. He smiles softly, "ling'er says that her self reincarnation xuanbei is here. It's very likely that she's been here before, but she's flat!"

"That girl's temperament, I'm sorry to say it, but I don't want to take risks, so I don't want to come here on purpose!"

"I'm afraid those people have locked her breath firmly. As long as she comes again, she will be sensed!"

"When we come here through the gate of space, we should also be discovered at the first time. After all, we belong to outsiders!"

"I just wanted to take a chance. I did!" Ye Chen explained at this time.

Jin Lengyan laughed and joked: "luck is also a part of strength. Instructor, how can I learn your skill of strategizing?"

"The Yunshan Dynasty is not monolithic. I thought the reincarnation tablet might not be accessible. After all, the time is too short and urgent. I didn't expect that I could understand that this family is ling'er's enemy..."

"It's really nature that makes people do it!"

Ye Chen smiles and shakes his head. Maybe it's God's will!

"If what I expected is not bad..." ye Chengang wanted to speak, but there was a knock outside the door!

"Master ye, have you had a rest? I'm He Xiong A rough voice came, and ye Chen and Lu Lingfeng looked at each other with a smile, indicating to open the door.

The fish is on the hook!

Chapter 6332

The gold cold wild goose of one side is Wu mouth light smile, at the same time still don't forget to face Ye Chen to put up a thumb.

"Mr. He, do you want to talk to me when you visit late at night?" As soon as He Xiong enters the door, he shouts at Lu Lingfeng and Jin Lengyan. Without any words, ye Chen can't help but smile.

At the moment, He Xiong finally looked dignified: "Mr. Lin, if you offer the six bones, would you please turn on the stove again?"

He also saw to understand, leaf Chen is a don't like to grind Ji of person, at this time is to open the door to the mountain road.

"Eh..." Ye Chen brows tightly wrinkly, "can!"

He Xiong hears speech, but is the facial expression a slow, hastily toward Ye Chen embrace boxing way: "late night disturb Ye master to rest, I this is to leave!"

Then he closed the door and left in a hurry.

"Instructor, which play does he Xiong sing?" The gold cold wild goose doesn't understand ground to ask a way.

Ye Chen smiles and looks at Lu Lingfeng, motioning him to answer.

Lu Lingfeng pondered for a moment, then said: "he should have come to inquire about the news. The Lord of the temple said that he could. I think he will do it tonight!"

Lu Lingfeng said here, but he shook his head again: "no, it's not reckless to start at this point."

Ye Chen is to analyze a way: "he certainly will start tonight, also can be to start tonight!"

"Oh?" Lu Lingfeng looks like he is all ears.

Ye Chen Mou son a congealed, continued: "today just arrived at the foot of the cloud mountain Imperial City, the cloud mountain Lord does not know, but it is difficult to guarantee that tomorrow will not leak news, and he Huan this three younger brothers although is the friend on the surface, but with his breakthrough, this relationship has been very delicate!"

"So now, He Xiong is the most passive one. In addition to the banquet tonight, you have just come back. At this time, he Huan must be inquiring about your situation with Han Fei, and his attention is not on me!"

"That's why he's the safest one tonight!"

"He Xiong is going to the forbidden area of the imperial palace to steal six bones and reincarnation stele!" Ye Chen said firmly that he thought of something and turned his eyes a few times. "Ling Feng, tell he Huan that he Xiong has entered the imperial city quietly!"

"Jin Lengyan, pack up and be ready to retreat at any time!" Ye Chen orders a way.

.....

Meanwhile, he Huan's house.

"So these two guys really don't know anything?" He Huan listens to Han Fei's report about Lu Lingfeng and Jin Lengyan at the table, which also reassures him. It seems that ye Chen is still under his control!

"What ye Chen said is true!" Han Fei said at the moment, "Wang Ye, do you want to attract this person?"

"It's better to be able to use it for me, but now the second is also thinking about this person!" He Huan's eyes narrowed, "always monitor Ye Chen's every move, if there is any abnormality, inform me immediately!"

"If you can't get it, you will be destroyed!" At the moment, he Huan's tone is full of cold meaning. Compared with the gentle and easygoing temperament in the daytime, he Huan's tone is totally two extremes!

"Yes Han Fei turns around and is about to leave. However, he knocks on the door and whispers in he Huan's ear.

"What a ho Hsiung, I almost let you succeed when I wasn't prepared!" He Huan, angry and smiling, said to Han Fei, "just now he Xiong went into the palace secretly. Follow me to track the second one and see what he wants to do!"

He Huan's worry at the moment is to doubt that the second child may know that he can't control himself. He wants to turn his hand and report to the eldest!

"If he does anything out of line, kill him!" He Huan said that at this time, he must go out in person, and he also has the strength at present!

After all, Han Fei alone can't hold his second brother!

Looking at he Huan and the master servant of Han Fei walking out one after another, Lu Lingfeng muttered to himself: "all are counted by the master of the hall!"

.....

Jin Lengyan and Lu Lingfeng go back to the room to collect things and wait for them. Ye Chen follows he Huan's back.

What he Huan pursues is the figure of He Xiong!

Three waves of people, running back and forth to the forbidden area of the palace!

"The words left by our ancestors are never out of date!" Ye Chen said softly, "the mantis catches the cicada, the Yellow sparrow is behind!"

At this time, the forbidden area of the Imperial Palace, He Xiong skillfully avoided all the guard forces, knocked out the guards at the door, and came to the reincarnation xuanbei.

After all, with his strength, plus his ancestral home, it can be said that there is no trace of being detected along the way!

He Xiong looked at the reincarnation stele, which had lost its luster, and said in a soft voice: "such a broken stele, which has lost its spirit, is still offering. The king of Yunshan has such a master. It's dangerous!"

At the end of his speech, he began to pick six bones and grasses nearby. Because there was no spirit in the monument, he didn't touch any vision of heaven and earth, or trigger any mechanism.

In the dark, he Huan also followed his second brother to come here. At this time, he relaxed: "I see. He wants to find six bones for ye Chen. In order to break through as soon as possible, it seems that I'm worried too much!"

Looking at the master's thinking, Han Fei asked, "Lord, do you want to do it?"

He Huan thought again and again: "no, his breakthrough is an extra help to our great cause. At the moment, he has no heart. Let's go!"

Finish saying then signal Han Fei to want to leave, but how can ye Chen, as a yellow Finch, let things end so hastily?

See ye Chen at the moment but is with the spirit son of the outside world delivered a message, accurate meet to prepare to evacuate!

At the same time, his reincarnation blood burst out, and the perfect reincarnation stele in his body sent out a breath!

Both are reincarnation steles, there must be a response!

He Huan and He Xiong, who are picking six bones in the dark, are surprised by a faint luster!

No one can imagine that without the reincarnation of the stele spirit, xuanbei would have a reaction!

"No!"

"Get out of here!"

Although the two brothers are in the dark, they have made up their mind at the same time. However, this idea has just appeared, but it is locked by a powerful Qi not far away.

"Ha ha ha ha ha!"

"The spirit of xuanbei, you dare to come at last! I've been waiting for you for a long time! "

"It seems that what the Chiba Buddha said is true. Someone really covets this monument!"

Thunder like sound from all directions, the next moment, a oppressive shadow has come to the forbidden area.

"Damn it He Huan clenched his teeth and said ruthlessly.

At the moment, he realized that his elder brother was so terrible.

If you do it by force, I'm afraid you will be killed if you don't have three rounds!

"Don't expose your identity, run!" He Huan takes the lead in making movements. The void fluctuates and he will slip away as soon as he dodges!

"I want to go!" He Teng's eyes are burning. Since the prophecy of Chiba Buddha, he has put it in his heart. Therefore, all the steles will come to an end here!

This is the eternal truth!

So he Teng's layout here today is to annihilate the enemy and collect the spirit of reincarnation xuanbei!

Chapter 6333

"As early as two days ago, I heard that three cubs had come to xumijie, but their whereabouts were unknown!"

"I've been waiting here for a long time!"

He Teng negative hand and stand, his gas machine has been locked three people!

"Damn it, it's a trick!" He Xiong is caught by his elder brother. These three people should be ye Chen's three talents, but now they are taken by he Teng!

Looking at the shining reincarnation stele, he Teng laughed: "with the stele spirit, I will be able to step into a higher level and sit on an equal footing with the old bald donkey!"

"Take your life!" He Teng drinks!

"Withdraw!" He Huan took he Xiong and ran out, "third brother, you..."

"I'll explain later. We're in the game!" He Huan retreated in a hurry. Although he couldn't fight, he still had a chance to run!

"Evil animal, where to escape!" He Teng claps, he Huan three people see can't escape, his eyes a coagulation, will Han Fei pushed out block gun!

Bang!

The palm of his hand was firmly printed on Han Fei's chest. His incredible eyes were not yet fully on his face. The next second, his whole body turned into debris and emptiness!

The body and soul turn into ashes in an instant!

Ye Chen in the dark is looking at this scene, can't help but secretly smack tongue, this if a few days ago met this old fellow, oneself also just is a matter between palm?

He just thought, before the spirit son and such old monster hard shake?

How strong is that?

Unfortunately, this reincarnation monument of ling'er is not suitable for fighting.

I don't know what the power of the remaining reincarnation stele is.

Han feishen, why Huan and He Xiong fight for a chance to escape? They immediately burn their spirits and start to escape. In a short time, they disappear in the imperial city!

"Today, let you wait to escape, how can I have a foothold in Yunshan dynasty?" He Teng a big drink, toward two flurried fleeing figures chase!

There is no one in such a big forbidden area.

At the moment, ye Chen came out slowly from the dark and said with a smile: "it doesn't take any effort to get it!"

"Take it!"

Ye Chen urged reincarnation cemetery, reincarnation xuanbei feel familiar breath, with Ye Chen's breath traction into!

"Get out of here. If you are found by this old man, you will be dead!"

At the moment, ye Chen is happy, but he doesn't dare to be careless. Fortunately, the two brothers are guilty and give themselves a chance to escape. Otherwise, even if ye Chen joins hands with he Huan, they will be killed in an instant!

"Jin Lengyan, Lu Lingfeng!" Ye Chen rushes to the appointed place and joins them.

"Lord, did you succeed?" Lu Lingfeng looked at Ye Chen and asked excitedly.

Ye Chen nodded gently: "now is not the time to chat, run, wait for the old guy to come, we all have to finish!"

Ye Chen, who is well aware of the seriousness of the matter, has already begun to run back.

The destination is the desert they came to!

"You take the material and leave quickly!" Seeing that the door of space far away is shrinking, the three people have already seen ling'er waving!

"Ye Chen, hurry up!" Ling'er is waving in the distance!

Say time late that is quick, a sword shadow tears open the sky, to leaf Chen three people chop down!

"You go first!" Ye Chen gives a big drink. Jin Lengyan and Lu Lingfeng know the importance of things, and run forward without looking back.

The man who struck the sword was a little monk in plain yarn Zen clothes!

He didn't stop Jin Lengyan and Lu Lingfeng from leaving.

The spirit son that meets two people is also a sigh of relief, immediately brow tightly wrinkly, look at not far away to stand in the desert of Ye Chen.

"You are not allowed to take away this treasure of xumijie!" The little monk held a wooden sword and spoke slowly.

"This benefactor, leave the xuanbei of reincarnation. I will let you go. He Teng has been cheated and is coming here!"

The implication of the little monk is that if you fight with me, you won't be able to ask for any sweetness. Once he tenglai comes, you will surely die!

"Offended!" Ye Chen is also well aware of the seriousness of the matter, is a life for life play!

Longyuan Sky Sword sacrifice!

Ye Chen waves the Longyuan sky sword, and the ten thousand demon pool condenses and covers the sword body, turning it into a layer of blue water, which makes the whole Longyuan Sky Sword turn into a sky blue color.

"Roar!"

A Jingtian Longyin came from Longyuan Tianjian.

The figure of blood dragon emerged and soared.

With the blessing of the ten thousand demon immortal pool, the blood dragon is more majestic.

Ye Chen's sword is in his hand, and the blood dragon helps him. He plans to fight desperately.

But three or five rounds down, two people are seriously injured in the body!

Ye Chen blood bath crazy sand back standing, the little monk is also gasping, his injury is heavier than ye Chen!

He looked at the wound that was constantly cracking and healing. The little monk murmured to himself, "destroy the seal? Longyuan sky sword

One fell to the ground, the little monk's blood gushed out, and the power of destroying the rules was constantly strangling the wound!

"Amitabha!"

At the moment, the sky is full of light, and an old monk in coarse linen appears behind Ye Chen unconsciously!

The old monk clapped it gently!

"Ye Chen, be careful!"

Ling'er feels bad at the moment of seeing the light, and the thin little body runs towards Ye Chen!

Ling'er's finger pinches Jue, the void wave in front of him, unexpectedly appeared a shield of space!

"Bang!"

The shield of space is broken.

Ling'er takes a blow for ye Chen. The kite like figure flies upside down and falls into the yellow sand!

Chapter 6334

"Ling ER!" Ye Chen eyes canthus to crack to stare at the old monk, see the old monk no longer hand, still hands together "Amitabha!"

Ling'er struggles to get up: "thank you for not killing Chiba Buddha!"

The old monk smile: "karma, now a report also a report, you and poor monk cause and effect already!"

"But this reincarnation stele can't be taken out of Xumi realm!"

"Not the time!" The old monk added, and immediately shook his head gently!

There was a flash of tears in ling'er's eyes, but more surprised: "how do you..."

"It's not that I won't let you..."

Just as ling'er was about to say something, he heard Ye Chen's indifferent voice say to the old monk:

"Reincarnation xuanbei, I'll take it no matter what today!"

"Lord of reincarnation, although this thing belongs to you, you will have great cause and effect if you take it away at this moment!" The old monk admonished.

"All kinds of cause and effect add to me!" Ye Chen is neither humble nor arrogant.

But the old monk put his hands together: "how dare you assert cause and effect if you haven't got the Tao?"

"The right way?" Ye Chen ha ha a smile, in the Mou light all show scarlet color!

It's the power of enchantment in the state of Yinmo Tianshi!

Seems to feel the call, ye Chen's behind, ten thousand Zhang demon body appears, will cover the whole sky!

The big hole in the heart is still winding and terrible, just like Ye Chen's dreamland when he first saw the big devil.

"I tell you, what is Tao?" Ye Chen's indifferent voice came.

Old monk, listen!

"The extreme state of Tao can be realized but not repaired!" Ye Chen answers.

"Why do you practice Taoism if you don't want to become Taoism?" The old monk asked.

"Tao is consciousness, not human! Everyone has consciousness. It doesn't mean that people with consciousness can be called people. People's hearts can be bad, but consciousness doesn't exist and die. There are all living things in good and evil. I am a devil, but I have a clear conscience! " Ye Chen answers.

In a flash, the bloody awn of the sky actually pressed down the Buddha light!

So terrible!

"With the idea of benefactor, you are not one of the Buddhists. You can reach such a state of self realization. No wonder this magic stone will recognize you as the master!"

"In my opinion, benefactor has stepped on the threshold of success!" The old monk saluted and said calmly.

The spirit son of one side is to stare big eyes!

"The Chiba Buddha did it to him..."

The old monk continued: "benefactor, you are only one step away from the way. If you enter, you will be in the pure land. If you retreat, you will be in the mortal world. It's just this step. It's as difficult as heaven!"

Ye Chen took back the influence of Yinmo Tianshi, and his indifferent voice still answered: "thanks to master Kaiwu, I'm predestined with Buddhism, but I'm not predestined with Buddhism. It's the will of heaven, so I don't need to worry about it!"

"I don't care about whether I get the Tao or not. Why is it worth thinking about?"

At that moment, ye Chen's whole body was full of light, half scarlet and half bright. He said: "the power of Buddha and devil, I can nirvana, why do I need other people's testimony?"

The fury of the atmosphere swept the sky and the earth, and the fierce Buddha light broke through several holes in the Xumi boundary!

"My God, is Chiba Buddha possessed?"

"How can this holy radiance contain such a murderous spirit?"

For a moment, thousands of practitioners in Xumi Kingdom rushed to pay homage, which made the heaven and earth turn pale!

"Well, the poor monk's own Tao is not deep enough. It's inconvenient to keep you. You can go, just this time..." the old monk said softly.

"A sea of corpses and blood, or a real human nature, don't worry about the master!" Ye Chen is still coldly respond a way.

The old monk no longer blocks, and ye Chen rushes to the gate of the void with ling'er in his arms.

"Ah

At the same time, he Teng's roaring voice came from behind, carrying a murderous spirit. But at the moment, the crack slowly healed, and ye Chen's back never looked back!

.....

In China, the void fluctuates.

"Cough!" A mouthful of blood spurts out, and ye Chen's figure trembles violently. He calls out the reincarnation xuanbei brought out from xumijie. Looking at the lacquer black simple stone tablet floating quietly in front of him, ye Chen spurts out a mouthful of blood.

"The blood of origin, coagulation!"

"Reincarnation xuanbei, recovery!"

In the moment of contact, the majestic law is rampant, and the black stone tablet floating quietly in front of Ye Chen shines, lighting up the sky!

"Ling'er, come on!" With a loud drink, the wrapped soul of ling'er quickly merges into the stone tablet, and its ancient simple lines begin to flash. A string of ancient symbols flow on the tablet, turning into a touch of starlight and pouring into Ye Chen's mind.

Of course, ye Chen doesn't pay attention to these details at the moment, because he's at the end of a bolt!

"This is..." looking at the xuanbei of reincarnation in the void, Lu Lingfeng, Jin Lengyan and others are all in awe.

The floating monument began to grow, one Zhang, two Zhang, but between a few breath, it has grown to tens of Zhang high!

The dark and obscure lines on it are more and more bright. The moment each character shines, it will take away a wisp of aura between the heaven and the earth!

"It's absorbing the aura of heaven and earth!" Lu Lingfeng and Jin Lengyan are acutely aware of the changes in the world at the moment.

.....

Huaxia, guwu Bureau, Wujia conference room.

"That's all for today's meeting..." Master Wu Yan was about to finish the meeting, but he felt the unusual aura of the flame mountain.

A flash, the figure disappeared in place.

This hand can be called a means of blinking, which shocked all the people present: "this... What's the matter?"

"It's a good way to make a living!"

People's comments must not be heard by Master Wu Yan, because he is now on the top of the flame mountain!

"Lu Lingfeng, golden goose!" The old man saw that on the top of the mountain, they stood and gazed at the huge stone tablet in the void. The countless auras of heaven and earth were gathered and absorbed by them.

Ye Chen closed his eyes to meditate on one side, but cracks spread all over his body, like a porcelain doll about to break!

"Old Wu!" Jin Lengyan and Lu Lingfeng nodded their heads when they saw someone coming. They also roughly told the story of these days to master Wu!

The tablet in the void is still growing, and the characters on the tablet are also constantly lighting up!

"Lu Lingfeng, golden goose!"

A childish call came, it was ling'er!

"Don't panic, my experience will gather all the auras between heaven and earth. Do as I say! I'll set up six star guards! "

Lu Lingfeng and the other three heard the speech, and immediately began to concentrate and wait for instructions.

"Ye Chen is here, for the West!"

"The three of you spread out, sit in the southeast and North, subdue the six bones, and run the spirit power to connect with me!"

With the spread of ideas in the stone tablet, the three also nodded slightly, their bodies flashed and disappeared in the same place.

"Ye Chen, I help you!"

Chapter 6335

Ling'er's voice rings out in Ye Chen's ear. It's just a trace of xuanbei's power into Ye Chen's body. Ye Chen's injury is stopped! Reincarnation blood seems to break out!

"This is the nourishment of the power of the xuanbei?" Ye Chen is a little puzzled, but it can't reach such a level just by the nourishment of spiritual power!

"This is the will of reincarnation!" At the moment, ling'er can see ye Chen's doubts, but this is not the time for class. She immediately tells Ye Chen:

"You're here. You already have the meaning of six ways. Now I'll put all the spiritual power gathered in the heaven and earth into the array! You are blessed with strength to ensure that there will be no loopholes! "

With linger's words, the stele is so bright that it pours all the majestic aura into the sky!

Countless auras are constantly solidified and turned into fragments, which seem to split the sky. They are constantly hitting the boundary wall!

"Melt!"

An old and simple voice without any emotional color reverberates between the heaven and the earth. In the next second, the countless pieces of aura are integrated into the void, and no more trace!

The sky is calm, all sounds are blowing, and the breeze is blowing.

"This... This is a success?" Ye Chen has a dreamlike feeling at the moment. From the moment he comes back to China, he has been fighting day and night, constantly cracking one situation after another.

At the end of the day, I couldn't believe it.

In the sky, the huge stone tablet slowly shrinks, and becomes a spirit again. Now she is no longer a ghost!

Her feet on the ground, step by step toward Ye Chen, Jin Lengyan Lu Lingfeng, Wu Yan and others at the moment is also to complete the mission to find Ye Chen convergence!

"You..."

"You..."

"You speak first!"

"You speak first!"

Ye Chen and ling'er look at each other and speak in the same voice.

"I knew you were looking for xuanbei. Why did you try so hard to find those materials?" Ling'er mumbles that I'm here, and I don't know how to arrange the array?

"So, is this Reiki mutation completely solved?" Ye Chen scratched his head with a smile. He didn't answer ling'er's question directly. Instead, he asked about his hometown. He still can't believe the truth of this moment!

"Well!" Ling'er nodded gently.

"Instructor, are we saving the earth? It's like the plot of the movie?" Jin Lengyan asked with a smile.

When this remark came out, everyone burst out laughing.

"But..." ling'er came to a turning point.

Ye Chen and others are staring at the little girl in front of them with indescribable eyes.

"I mean, these six star protecting formations gather the original aura between heaven and earth, then break it up and blend into the boundary wall, and stabilize the barrier of the interface!"

At this time, ling'er explained.

"In other words, it will be extremely difficult for the strong people in the outside world to set foot in the future?" Ye Chen at this time suddenly realized, "that is to say, the extraterritorial strong can no longer land on the earth?"

This is good news for everyone.

"It can be understood that, to be exact, only the super strong can open the fortified boundary wall. Moreover, even if the super strong wants to come by force, they will be seriously injured if they cross the boundary wall!"

Ling son a word, present of public hang of heart is finally put down.

"But it's also difficult to get out!" The second half sentence of ling'er is obviously speaking to Ye Chen.

Without waiting for ye Chen to reply, ling'er continued to say, "as the spirits of the six star protecting array, you four can mobilize the spirit of the first generation derived from the heaven and earth at any time!"

"The first Reiki?" All the people were puzzled.

"It is the aura that contains the will of this heaven and earth. I have activated it with the power of reincarnation!"

Ye Chen seems to understand something: "so, the healing of my injury just now is related to the activated aura?"

"Yes, the four of you will be able to mobilize the aura of the first generation of this heaven and earth in the future to protect it. Even if there is a strong one coming, with the aura of this heaven and earth, you can also fight against one of them!"

"When the first generation of aura comes into being, you can retire!"

The meaning of ling'er's words is to give you strength, but to protect all this!

"In addition, there is no need to destroy the spirit gathering array scattered all over China. Now the aura of heaven and earth will be deployed and sealed by you. When the earth really enters the era of cultivation, these places will be treasure lands!"

Ling'er finished, patted the tender hands, with a posture of rest.

"In this case, Jin Lengyan, Lao Lu, it's time to go back and report the details to him, and make the next work arrangement!"

"Mr. Wu, I'll give it to you in the future."

Ye Chen solemnly enjoins a way, he used respectful words this time.

Mr. Wu bowed deeply to Ye Chen, "Mr. Ye, I will do my best to fulfill your request."

The old man knew the meaning of Ye Chen's words. He was a real dragon. This small world could not trap Ye Chen!

Only the three thousand world outside is the stage for ye Chen to show his fists!

But he must protect this homeland.

Wu Yan is to replace the will of Ye Chen, let him no longer worry!

Today's China, even if the Chiba Buddha came in person, with the blessing of heaven and earth rules and the aura of the early generation, he would not want to get any benefits!

"Is this the power of reincarnation stele?" Ye Chen murmured to himself.

Immediately he thought of something and said, "ling'er, can you deny the Lord now? Activate the rest of my veins

"If you don't pass the test, do you want the reincarnation xuanbei to recognize the master?" The spirit son evil smile.

"But you are not..." Ye Chen has not finished the words was mercilessly interrupted by ling'er, "xuanbei is xuanbei, I am me! Don't confuse them

Ye Chen Mou son a coagulation: "that I accept the test is."

But ling'er shook his head: "now that xuanbei and I have just merged, it will take some time. Then you should go back to the center of the earth and accept the test there. It's almost time for you to leave and meet some old friends of Huaxia, including your parents. "

What did ye Chen think of? His eyes turned red. The next second, his body rose to the sky! Towards the northernmost part of the earth!

.....

At the same time, the Arctic, the frigid.

On the ice field above the abyss, the cold wind blows by, taking away all the vital qi. There is no vitality on the boundless ice field.

In the ice under the abyss, in a huge cave, a middle-aged couple opened their eyes one after another, and the frost between their eyebrows melted in an instant. Even the thousand year old frost on their body was scattered in an instant.

"I can feel the aura of China returning to normal!" The middle-aged man eyebrows a pick, between the eyebrows, unexpectedly and ye Chen have a bit similar, at the moment he whispered.

In the man's side, a ruddy face slightly tired woman smell speech, but it is in the eyes of the emergence of a tear, the face of the color of joy all show, "is... Is Chen Er he?"

Between the lines of the woman, she seems to be a little bit bumpy because of her excitement.

"No one in the world can solve this problem except that boy." The middle-aged man smiles and shakes his head. His words are full of appreciation and affirmation for his son.

The couple, who were shut up under the deep ice in the extremely cold place, were ye Chen's parents.

Chapter 6336

"It seems that our son has grown up!" When the woman heard the words, she burst into tears.

"Born in this troubled time, chen'er is destined to open peace for all the world. His sufferings will become the light of his future."

The middle-aged man believes it.

"This smelly boy, let's not say to look at our old bones. We used to be outside the country, and we're shutting up. We've forgiven him, but now he's been back in China for a long time..." after a few words, the middle-aged man couldn't hide his feeling of missing, but shook his head.

"Tianzheng, have you ever felt chen'er's breath?" The woman hears speech, ask in a hurry, but see husband's shake head pose, also be a light sigh.

"A hundred miles, never feel the breath of life close..." the middle-aged man just opened his mouth, but behind it came a familiar voice.

"Mom and Dad, do you think your son is so unkind?" A faint voice came from behind the middle-aged man. They turned around, but the woman couldn't help crying and hugged her son!

"Chen son..." for a moment, too many words turned into tears of missing, surging inexhaustible.

Ye Tian is seeing ye Chen at the moment, there is a kind of dreamlike feeling, after all, men's mind compared to women, not so delicate.

"You boy..." looking at the son who appeared out of thin air, ye Tianzheng was both gratified and surprised. By such means, he could be heaven and man!

You know, ye Tianzheng's perception is never wrong. It is clear that there is no one in a hundred miles, but in the next moment, ye Chen appears in front of them. You know, after many years, geological changes are common. Under this abyss, ye Chen can locate them so accurately!

"Dad, I'm lucky I didn't Ye Chen patted Jiang Peirong, her mother sobbing and choking in her arms, but she looked directly at her father ye Tianzheng and said five words.

Ye Tianzheng nodded gently, but he said to his wife, "don't cry. It's a happy thing for his son to come back. You see, his big and small boys are solid, and he doesn't lack arms and legs. What's the crying head!"

Jiang Peirong just wiped tears and looked at Ye Chen happily: "just come back! Just come back! "

The reunion of three people in a family is very pleasant and warm.

There was talk and laughter. When ye Chen talked about the battle with the master of the demon, the emperor Shi Tianxin, he was so careless that Jiang Peirong didn't dare to breathe. Later, when he heard that his son was saved by Wei Zhiyao and the experience on the cruise ship, he laughed and shook his head.

.....

Ye Chen stayed here for a whole day. He not only told his parents what happened after he left China, but also told many things outside China one by one.

Ye Chen felt guilty and was a son, but he didn't accompany his parents.

But Jiang Peirong and ye Tianzheng are children who understand them.

Ye Chen was born with a mission.

They are proud and gratified.

During this period, Jiang Peirong even made some dumplings for ye Chen. The whole family ate dumplings and talked about interesting things, but they were also happy.

.....

"So, it's the Yinmo Tianshi that led to the change of Huaxia on earth, and now you have accepted it?" Ye Tianzheng asked.

Ye Chen nodded gently and said: "well, Dad, no matter what, this Chinese affair has been solved without danger. Now there is Lu Lingfeng. They are sitting in this country, this world..."

Ye Chen talks about this place and continues: "it's really worry free!"

Ye Tianzheng is looking at his son, nodding happily, but his eyes are red. He hears another meaning from his son's words.

"So it's time for you to leave, too?" Jiang Peirong is the first step ahead, ye Tianzheng said, a change just saw the son crying.

"I..." Ye Chen doesn't know how to explain, but it's a fact. This time, it's just to say goodbye to his parents.

"Your father and I are very happy to know that you are safe. You are the person who wants to do great things. Both parents know that they are reluctant to give up..." Jiang Peirong is also red in the eyes again and chokes.

Ye Tianzheng on one side said: "five years ago, when you flew away, we knew that your son was not in the pool. Sooner or later, there will be such a day!"

"Don't worry, go outside ahead of time to lay a foundation for our two elders. We'll try our best to cultivate ourselves and find you to enjoy our happiness when the time comes."

Ye Tianzheng joked on purpose.

"Go ahead, don't look back. Let me see how much attention his son's back as a hero of the world has attracted!"

Following his parents' advice, Ye Chen did not turn back. Under the gaze of Ye Tianzheng and Jiang Peirong, he left slowly step by step.

The three people's tears meet for the moment of goodbye in the future.

"Mom and Dad, we'll see you again!" Ye Chen wiped the tears of the canthus of the eye, no matter how big the burden is pressed on the body, he never changes color, left tears for the first time.

After all, in the eyes of his parents, he will always be a child!

"If you want to have a son, why do you want to have a husband?" Ye Tianzheng hugs Jiang Peirong, who sobs in his arms. This time, he smiles and is very happy.

Looking at Ye Chen's back, the pride in Ye Tianzheng's heart arises spontaneously.

In this way, Ye Chen left the North Pole.

.....

After a stick of incense.

Ye Chen flies in the sky, just ready to leave the North Pole completely, suddenly his eyes coagulate and find something.

"Eh, this familiar smell of cause and effect!"

Ye Chen a flash, appeared in front of a girl with veil.

"Ye Chen!"

The young girl obviously recognized Ye Chen, looking at the man who suddenly appeared in front of her, but she was slightly shocked.

"Why are you here?" Ye Chen looked at the girl wrapped tightly in front of him in surprise.

This girl is no other than Lu Hanshuang, the daughter of Lu Lingfeng!

"How can it be..." the girl's face was a little red. She couldn't answer for a moment, but she was a little cute. When she first met her killer, she looked very different.

As soon as ye Chen's head turns, she knows what's going on. It's a very cold place, and basically has no vitality. Looking at the girl's big and small bags of equipment, she must be looking for ye Tianzheng and Jiang Peirong.

"My parents are still deep in the far north. Are you going to find them?"

Ye Chen subconsciously said, you can't find them, give up!

"I come here every year and break my own mileage every year. I believe I will see them one day!" At the moment, Lu Hanshuang straightened his chest and retorted.

"Thank you!" Ye Chen this moment from the heart of the mouth way, toward the girl every year to come here to see his parents, this, even he can't do.

Chapter 6337

"Why do you want to thank me? Since you left, my father has been in the dark hall. I don't need to do anything, just find something to pass the time."

Huaichun's girl doesn't know how to follow Ye Chen's words.

That night, Lu Hanshuang held a banquet in a small town near the far north, where she spent money with Ye Chen.

Looking at the table full of delicacies, ye Chen also once again experienced the earthly fireworks, as well as the long lost relaxation.

"I've heard all about it, but my father hasn't contacted me before, otherwise maybe we could meet earlier." Lu Hanshuang now took off the assault suit, just wearing a tight white coat, big and proud, shaking Ye Chen's eyes, is to show his graceful figure.

Ye Chen nodded: "when I left five years ago, I didn't say goodbye to you..."

Lu Hanshuang seemed to know what ye Chen was going to say. She took a sip of wine and said, "five years ago, I wanted to find you, but I gave up."

"Over the years, I often dream that you saved me in the villa area."

"I have been thinking, if I had caught you at that time, there would not have been the line between Xuemei hall and dark hall... Would I have been able to stand beside you and accompany you to distant places?"

"After all, it's the damned reserve that makes me miss you!"

"This time, I don't want to leave any regrets. Ye Chen, take me away, OK?" At the moment, Lu Hanshuang's eyes are blurred, and her eyes are slightly red. In the past five years, she has been looking forward to seeing ye Chen again all the time.

Now ye Chen comes back, it's not easy to meet again, but it's the news that ye Chen is about to go away again.

This let her never calm to face, at this moment, originally belongs to the girl that a reserve, she was completely left behind.

"I..."

Ye Chen doesn't know how to answer. Ye Chen knew Lu Hanshuang's mind about him in those days. Now that the old story is mentioned again, Lu Hanshuang has expressed his mind, which makes Ye Chen not know what to do.

See ye Chen don't answer, Lu Han frost is also lightly a smile, wipe away the corner of the eye a wipe of tears: "no matter what, I hope to be able to face with you!"

Ye Chen thought again and again, or refused: "frost, I can't take you away!"

As soon as the words came out, Lu Hanshuang could no longer keep her eyes ruddy, and her silent tears gushed out: "why, why!"

She murmured to herself.

"Because it's an unknown world. I don't know how many days I can live. Maybe tomorrow the enemy will come to me!" Ye Chen shook his head, "I don't want you to set foot on this miserable life from now on!"

"Here, you can live a life without food and clothing!"

Ye Chen gets up, drinks the wine in the cup and says to Lu Hanshuang with a smile: "Hanshuang, thank you for your hospitality today. I'm really happy. I wish you happiness!"

He turns round and then wants to leave, that figure is to rush up from the path, dead and dead entangle the back waist of leaf Chen.

"Alas..." Ye Chen breaks away from Lu Hanshuang's arms. Just as he turns around, the two petals are soft, but they are already on Ye Chen's lips.

The mountains are constantly rubbing against Ye Chen's chest. The feeling of electric shock strikes Lu Hanshuang's heart. Her heart starts to beat faster and her eyes are gradually blurred. Her hot body is close to Ye Chen's arms and her tongue is constantly testing.

A kiss is emotional, but it's parting.

That night, Lu Hanshuang asked Ye Chen to stay, but ye Chen refused!

That night, what ye Chen heard was the sound of tearing heart and splitting lung.

"I'm sorry, frost!" Ye Chen fingers gently point his lips, "in my contaminated with cause and effect, for you, no good!"

Ye Chen knows that his journey is full of setbacks. There are more battles and endless battles waiting for him.

He can't gamble with anyone.

Involving Xia Ruoxue and Sun Yi, he doesn't know whether it's a good thing or a bad thing.

"Frost, I'm gone!" Ye Chen gently recites a, the figure disappeared in situ.

Lu Hanshuang looked at Ye Chen's figure. He didn't know what he was thinking. After a few seconds, his red lips moved and said, "Ye Chen, thank you."

.....

The Chinese Kunlun Mountains are empty.

The sky seemed to be shining, tearing the sky apart.

Duan Huaian, dressed in hemp clothes, sits cross legged, with beads of sweat dripping from his forehead on his native land, and green shoots sprouting from the ground.

Duan Huaian, who has finished his training, leans on the edge of the fence and looks at the figure of the young man coming slowly. He is stunned.

"You... You're here!"

Duan Huaian for a time some words, this man once under his guidance of refining medicine yesterday, still remember.

"Master!" Ye Chen bowed himself and said respectfully.

Duan Huaian's right fist hammered at Ye Chen's chest, and then he was slightly surprised: "good guy, it's a lot stronger! I'm afraid no one can hurt your flesh

They came into the room and had a good talk.

Until daybreak, ye Chen drank all the porridge in the bowl, tut tut praised: "the porridge in the morning is better than the wine in the night!"

Duan Huaian is laughing, "you are so good, you can't help feeling debt!"

Ye Chen scratched his head, but he was right.

"Since ancient times, heroes are sad about Meiren pass. You know what to do. Come here to enlighten me, don't you?" Duan Huaian asked jokingly.

Ye Chen said with a smile, "naturally not, master. This is some of the medical classics and methods I got outside China. I hope you can pass them on to China!"

"Shifu has been immersed in medical science for a long time. I don't want to change the reputation of the holy land of medical science after I leave!"

"I hope you will lead the way of medicine in this world!"

Ye Chen bows at the moment.

Duan Huaian sighed: "Alas..."

"Are you leaving so soon?" Duan Huaian did not answer Ye Chen's words, but asked.

"Well! I don't know when to see you again. Maybe I can tear the void at will Ye Chen really can't bear to go on, that may not see all his life, four words is difficult to speak.

Duan Huaian's eyes blinked. After a long time, he said, "I understand, ye Chen. I hope you and I have another day to see each other!"

"Meet at the summit!" Ye Chen bows again. As a teacher of his own medical enlightenment, ye Chen is more cordial than ye Tianzheng to some extent.

"I have left a way to practice in this medical code. I hope that one day we can meet again!" Ye Chen murmured in his mouth, but his figure was dispersed with the morning fog that dissipated with the sunrise.

Duan Huaian looks at a book written by Ye Chen in his hand. He doesn't speak for a long time.

Chapter 6338

.....

China, the capital.

"Mr. Ye, the ancient Wumen school in China has been restricted by rules and regulations. My proposal is that the earth's aura change will eventually take that step. When it comes to cultivation in a hundred years, let the ancient Wumen school reappear in the world, and then it can absorb talents!"

"At present, in accordance with the normal operation of society, Gu Wu has been strengthening himself in order to meet the challenge of a hundred years later."

At this moment, Wu Yan made a detailed report and deployment to Ye Chen, as well as a strategic plan for a century later.

Ye Chen nodded gently: "before I left, I was most worried about the ancient martial arts world. Now that Master Wu has arranged it, I am completely relieved!"

Ancient Chinese martial arts and Kunlun are insufferably rebellious. No one can suppress them except ye Chen!

Fortunately, Lu Lingfeng, Jin Lengyan, Wu Yan and others have made a qualitative leap in their strength. With the blessing of Lingqi, they can suppress the whole ancient martial arts world.

"Then let's break up!" They walked out of the conference hall one after another. In the huge conference hall, there were only Wu Yan and ye Chen.

"Mr. Wu, you..." Ye Chen also wanted to ask if there was anything else that Wu Yan didn't say. The old man sighed

"Mr. Ye, miss, I heard that you left..."

Ye Chen suddenly realized: "I know, let Zhiyao come in!"

Wu Yan smiles and turns to leave.

Not long after, a figure slowly forward, white sportswear show fashion, about 20-year-old girl with ponytail step by step.

Just like Ye Chen when she first met a girl, the deck and the cruise ship.

The only difference is the flash of the White Tiger Pendant around the girl's neck!

"Brother Ye!" When Wei Zhiyao saw Ye Chen, she went forward and gave him a big hug.

"You've come back a long time ago. You didn't come to see me!" Wei Zhiyao's resentful eyes stare at Ye Chen, but it reminds Ye Chen of the appearance of the girl's confession that night.

"Poof Wei Zhiyao a smile, "I tease you, know you have your own things to be busy, don't forget me!"

Wei Zhiyao is very clear in her heart. From the moment when she and ye Chen Daoming last time, she no longer has regrets.

"I remember when we met for the first time, you were dressed like that too!" Ye Chen smiles, is this specially to see him off?

"That is, Jiang Hanxi asked me to take a message for you, saying that she would practice well!" Ye Chen hears speech a smile, that Haibei city underground martial arts school's affair one scene one scene delimits.

"How is Zhong Li?"

"Very good!"

Wei Zhiyao and ye Chen sat opposite each other. In the huge conference hall, their laughter continued for the whole afternoon.

"Brother ye, I don't want you to leave!" As the sun sets, the girl's face turns red in the afterglow.

Ye Chengang wants to speak, but he hears Wei Zhiyao say: "you don't need to explain, I understand, but I won't give up!"

The little girl said, "I want to worship grandfather Wu as my teacher and let him teach me to practice. I'll find you later!"

Ye Chen can't help smiling when he hears the words. The White Tiger Pendant on Wei Zhiyao's neck flashes in the sunset.

"Eh!" Wei Zhiyao is a little puzzled. Ye Chen's fingertips flash, and the White Tiger Pendant turns into a light. A man like an iron tower appears in front of them.

Wei Zhiyao subconsciously back a few steps, for this guy, she is a little impression.

"Now the earth has been protected. It's a hundred year's promise. It's not going to be counted any more!" Ye Chen a word, white tiger only feel the shackles of the heart is opened, this moment he is free!

"Thank you, Mr. Ye!" White tiger kneels on one knee at the moment, but he knows the outside world, ye Chen's existence is too terrible.

"Where are you going next?" Ye Chen opens a way at the moment.

White tiger body a shock, thought of what, word by word way: "subordinates are willing to follow! I'd like to guard China. "

The white tiger is determined.

Ye Chen nodded gently: "well, if you do, I will come back to give you a chance."

White tiger eyes a bright, in the heart more than a few pithy formula, he quickly knelt down, "thank you Mr. Ye!"

A hundred years is just a flick of a finger for them!

"I'll learn from Mr. White Tiger, and I'll find you together in a hundred years!" Wei Zhiyao now changed her mind.

Ye Chen can't help but smile: "this you two discuss to go!"

.....

In the next few days, ye Chen went to see some of his old friends, such as Liu Zi, sun Linglong and Han qianmin.

Also brought a lot of things into the reincarnation cemetery.

Ji Lin this wench loves to eat the earth's snacks, but ye Chen directly swept several supermarkets.

He also took some photos and brought some things to Xia Ruoxue and Ji Siqing.

It's a good harvest.

.....

At the moment, ye Chen is ready to leave on the top of Jiulong Mountain.

"To the Lord of the temple!" Lu Lingfeng led all the members of the dark hall to rush from afar, and the dust raised was blocking the sky and the sun.

"Drillmaster, the whole dragon soul will see you off!" Jin Lengyan also followed.

"Old Wu Yan, on behalf of the ancient martial arts world, send Mr. Ye to fly up!" Ten thousand people come together again!

Ye Chen looks back again, a familiar face, even Wei Xiong, the head of the Wei family, is also present!

These people who have been involved with him are gathered here to see ye Chen off!

"You... Take care!" Ye Chen feels a sour nose at the moment, and some inexplicable feelings rush to his heart.

"Instructor, let me express my gratitude to you. There are so many people today that he can't show up!" Gold cold wild goose whispers to say.

Ye Chen nods gently, tears the void and walks away!

Ten thousand people stare and shout in unison: "farewell to Mr. Ye!"

.....

In the void.

Ye Chen's eyes are closed tightly. For some reason, he has a strange feeling in his heart.

Just then, ling'er's voice came:

"Ye Chen, you just leave. What are you doing with all this noise?"

"If you want to come back later, as long as I have enough energy and resources, I can take you back a hundred times."

Ye Chen is a Zheng, how does he forget to control the reincarnation Xuan stele of space rule?

If so, it's a good thing!

"Ling'er, have you recovered?" Ye Chen asked.

But ling'er shook his head: "no, it's just that you cross the space. This familiar power wakes me up. When I'm almost at rest, I will call you..."

"You'd better deal with things in the center of the earth right now."

Ye Chen hears speech, Mou son one coagulates, indeed, this chess game of the earth heart domain and the supreme world just begins!

Soon, ye Chen returned to the outside world.

However, he did not immediately set out to go to the inner earth to complete the agreement with the three ancestors of the inner earth temple. Instead, he went to another place.

The most important place!

.....

Extraterritorial, hell island.

This is the place where emperor Shitian killed the hell demon God, traded with xuanjiyue and broke through the shackles.

Ye Chen cuts off the demons of emperor Shitian and catches the secret of heaven. When he comes to the Devil Island of hell, he sees that there is still a trace of resentment on the island.

Chapter 6339

That is a trace of law left after the death of hell demon, which contains the power of reincarnation. Even the emperor Shitian can't refine it.

In the previous life, ye Chen had six reincarnation gods under his command, and each one was endowed with the power of reincarnation law.

"Hell way, reunite me!"

Ye Chen takes a deep breath and holds the palm together, gathering all the scattered laws of reincarnation into his body.

The six ways of reincarnation can be divided into heaven way, five elements way, hungry ghost way, animal way, hell way and Shura way.

Reincarnation six evil spirits, each palm one.

Ye Chen absorbed the residual law of the hell demon God, and a virtual shadow of the reincarnation disk suddenly appeared behind him.

The virtual shadow of the disk of reincarnation, five of the six laws are shining violently, only one day short of humanity, still in the dark.

"I don't know where the gods are."

Ye Chen thinks in his heart that he has not seen the six reincarnation gods in his previous life. The reincarnation laws of other gods have been recovered.

If you can see heaven, man, devil and God, and recruit each other again, ye Chen's reincarnation blood will be able to transmute and break through.

Now his reincarnation blood, want to change and progress, is very difficult, if you can use the power of previous life, naturally will be much easier.

"The agreement of Dixin temple is so late. It's time to go back."

With a flash of vision, ye Chen plans to make an agreement with the ancestors of the three ethnic groups. Then he locks in the position of the ancestral land of Fengjia, tears the void, and returns to the heart of the earth.

.....

The ancestral land of Fengjia and the blood demon mountain range are ye Chen's two coordinates. As long as these two coordinates exist, even if people are in the realm of heaven and man, they can easily lock the secrets of heaven and tear the void down.

Back in the ancestral land of Fengjia, ye Chen saw that there was a faint cold in the sky, which was Wei Ying's breath.

At this time, Wei Ying is trying to break through the shackles.

And the cold air in the sky, there is a trace of disaster.

That's an ominous sign!

"Is it going to fail?"

Ye Chen frowned. Unexpectedly, as soon as he came back, it was such bad news

"She got the nourishment of my reincarnation blood and the assistance of thousand cold jade meteorite crystal, which is enough to cut off the shackles and break through smoothly."

Although there are some unknown signs in the sky, ye Chen doesn't care too much, because every breakthrough is in danger of failure, and disaster gas will be born. This is a normal phenomenon.

When the deadline is approaching, ye Chen orders the people in Fengjia's ancestral land to take good care of Wei Ying, and then sets out alone to Dixin temple.

The temple in the center of the earth is located in the depth of the dead world.

Now the wanxu crisis is serious, and the Dixin temple and the adjudication hall have put down their prejudices and are ready to unite against each other.

So in the world of annihilation and death, all kinds of mists have gone away. The three ancestors of the Dixin temple have removed all the barriers to save aura.

Ye Chen is very smooth, came to the center of the earth temple.

"Lord of reincarnation, long time no see."

The holy monk Xumi, who is guarding the Dixin temple, salutes Ye Chen.

Ye Chen nodded and said, "where are the three ancestors?"

Monk Xumi said, "please follow me in."

Then he took Ye Chen to the temple of the earth's heart.

When ye Chen came to the treasure hall of Dixin temple, he saw that the ancestors of Hong family, Lin family and Mo family were sitting on the futon, with solemn breath and silence. There was a dignified color on his face, obviously waiting for his arrival.

"Three ancestors, are you all right?"

Ye Chen arched his hands to the three ancestors, but he didn't bend down. His manners were not respectful.

Because before, the two sides had been fighting for a long time. Although they were temporarily united in order to fight against the wanxu, they were only interested and had no friendship.

When Hong Beichen saw Ye Chen's gesture, he felt angry in his heart and stroked his beard and said, "thank you for your concern. Our three old bones can't die yet!"

"But if you wait another hundred years, you may only see three white bones."

Obviously for ye Chen break the appointment or some displeasure.

Before that, Xiao Buyi had wounded the ancestors of the three ethnic groups with a move of "earth exploding heavenly soldiers". Hong Beichen was nourished by the green bamboo elixir and has completely recovered.

Lin faming and Mo Qingxuan, in the past, have recovered a lot.

Ye Chen looked at Hong Beichen and asked with a smile: "master Hong, I don't know the secret script of the formula..."

He came here just for the sake of the formula!

The key to fighting against wanxu is the formula of array.

If ye Chen wants to crack the Jiuding array, he must get the formula of the array character and understand the nature. Only in this way can he solve the mystery of the formula of the array character.

Hong Beichen snorts, his face is full of reluctance. The secret script of the formula is of great value. Naturally, he doesn't want to give it to Ye Chen.

But now the crisis is serious, ye Chen is the only hope.

Only Ye Chen has enough talent and luck to crack the nine cauldron array of wanxu.

"Come with me!"

Hong Beichen stood up and took Lin faming and Mo Qingxuan to the inner hall.

Ye Chen heart move, also followed up.

An array has already been set up in the inner hall.

Hong Beichen said something in his mouth. When he kneaded the formula with his right hand, the array was shining and changed into a door.

Ye Chen sees this and feels a little surprised, but he doesn't know where the gate leads.

Hong Beichen turned back and said, "let's go. I'll take you to the Chongyang battlefield now. The secret script of the array formula is in it. Whether you can understand it depends on your nature."

Ye Chen frowns lightly, but he doesn't know where the Chongyang battlefield is, and doesn't ask much. He follows the ancestors of the three nationalities and steps into the gate together.

This gate, in fact, is a transmission entrance to a secret place, and there is another cave behind it.

Ye Chen and the ancestors of the three nationalities come to a secret place through the gate.

This secret place is an ancient battlefield. There are traces of flames and gunpowder everywhere. Broken swords and swords are scattered everywhere on the earth. The wind is blowing, and many bones are buried in the soil. Grass grows on the bones. It is obvious that the time is very long.

"Where is this?"

Ye Chen eyebrows a wrinkly, can't help but open mouth to ask.

Hong Beichen said: "this is a battlefield in the era of hegemony before."

"The age of hegemony?"

Ye Chen's heart is tight. The so-called era of fighting for hegemony is the era when the ten great heavenly kings and ancestors fought against each other and fought for hegemony with their old masters.

It was a time of great struggle. The forces of the old and the new factions fought and fought for supremacy. It was an absolutely dark era. Every day, hundreds of millions of people died, blood stained the sky, and countless races were involved in the war and overthrown.

In that era, the laws of heaven were also seriously damaged. After the war, heaven and earth were in turmoil. If it wasn't for the ancestor of the sword God, who forged eight heavenly swords to support the laws of heaven and earth, I'm afraid that the supreme world would collapse, and the heaven and the world would be involved, and all would be destroyed.

The place under Ye Chen's feet is an ancient battlefield left behind by the era of hegemony.

Chapter 6340

Ye Chen looked at the battlefield, but he saw the sky thousands of miles away, the haze was bleak, and there was no sunshine for thousands of years. It seemed that the ancient clouds had remained until now.

Hong Beichen said: "this place, called Chongyang battlefield, is actually transformed by Chongyang Tianzhu."

Ye Chen said: "Chongyang Tianzhu?"

Hong Beichen said: "well, Chongyang Tianzhu is one of the top ten Tianzhu, which is the magic weapon of Hong Chunqiu, the first emperor of Hong family."

"In the early days of the Hong family, the name of the heavenly king was Chongyang, known as Chongyang heavenly king."

"That Chongyang Tianzhu is his magic weapon."

"In the era of hegemony in those days, the heavenly king of Hong's family made painstaking efforts to arrange and finally brought all the elite trumps under the old master, the legendary" heavenly devil death guard ", into the world of Chongyang Tianzhu."

"The leader of the heaven devil death guard is the famous devil ancestor Wutian!"

"The heavenly king of Hong family, who has no heaven with the devil ancestor, has a decisive battle of life and death in this world of Chongyang."

"In the end, the heavenly king of Hong family, by luck, defeated Wutian, the demon ancestor, and completely annihilated the death guards of Tianmo, making a great achievement!"

"Although the battle was finally escaped by the demon ancestor Wutian, the death guards of the demons all fell down. The defeat of the old master has been decided. Wanxu finally won. The heavenly king of Hong family won the first battle and was given the array formula."

When Hong Beichen talks about the past, he looks forward to it. He is full of admiration for the first emperor of the Hong family.

Hong Chunqiu, the heavenly king of the Hong family, defeated the leader of wutianshu, the demon ancestor Wutian, who was once in charge of wutianshu.

And here, is once the devil without heaven, and hongchunqiu battlefield!

If it is an ordinary duel, Hong Chunqiu is by no means the enemy of Mozu Wutian, but he occupies the geographical advantage of Chongyang Tianzhu, and finally gets away with it.

Ye Chen's heart is also a burst of shock, thinking about the war in the past, can't help but shake feeling Chi, don't know that kind of realm of strong fight, will be how terrible.

Hong Beichen pointed to the distance and said, "the secret script of the formula of the array of characters, which was carved on that mountain by our grandmaster Tianjun of the Hong family, is a memorial of Zen. Later, the grandmaster Tianjun blessed me and gave me this pearl of the Double Ninth

Heaven. I was lucky to understand some of the profound meaning of the formula of the array of characters."

Ye Chen looked in the direction Hong Beichen pointed out, and sure enough, he saw a mountain in the middle of Chongyang world, towering in the sky. The mountain wall seemed to be full of ancient words, but the distance was too far away for him to see clearly.

This Chongyang world is the result of Chongyang Tianzhu, which was seriously damaged after the World War I with Wutian.

Therefore, in the treasure given by Taigu, the Grandmaster of the Hong family, there was this Chongyang Tianzhu, and in the Chongyang Tianzhu, there was the secret script of the array formula!

Hong Beichen and other three ancestors rose against the wind and flew to the center of Chongyang world.

Ye Chen hurriedly followed the wind and swept across the earth. He found that although the ancient battlefield was full of ruins, there were still a lot of local Qi transportation. If he absorbed refining, he would have great benefits.

There's no doubt that it's also a wonderful place for cultivation!

Hong Beichen said: "Lord of reincarnation, whether you can understand the formula of array depends on your ability. In this world of Chongyang, the earth is still very deep. Even we can't bear to feel too much here. It's impossible for us to let you in today. Don't let us down."

In his heart, Hong Beichen doesn't like Ye Chen, but in order to fight against wanxu, he can only place his hope on Ye Chen.

Ye Chen nodded, and some doubts asked: "you Hongjia and wanxu, cause and effect is very deep, this Zulu intelligence, or Hongxin report up, wanxu even you Hongjia want to kill?"

Hong Beichen laughs and says: "the emperor is mean and ungrateful. He can do anything. He only has himself in his eyes. The rest of the people, even his parents and children, can be killed."

Ye Chen said: "it seems that he is also a madman who testifies by killing."

Hong Beichen said: "fortunately, in those days, the Grandmaster of the Hong family was very famous, and the yuhuanggudi did not dare to neglect him too much. In the end, he gave me the array formula as a reward. If my Grandmaster of the Hong family was a little weak, I was afraid he would not get any reward."

Ye Chen eyebrows a wrinkly, way: "this kind of person, still have so many people to follow him?"

Hong Beichen said: "because the yuhuanggudi is a person of great fortune, even if he is cruel and ungrateful, he will follow him and be protected by the spirit of wanxu, which is also a great chance. Moreover, as long as he does not offend him, he will not be angry and punished for no reason."

After a pause, Hong sighed again and said, "Alas, it's a pity that there is a estrangement between the Emperor Yu and the Grandmaster of Hong's family. Otherwise, this crisis will not affect Hong's family."

In those days, the Chongyang emperor of the Hong family had made great contributions, and now he is far away from the Yuhuang emperor.

If this is not the case, the Hong family may not be involved and may even be taken care of by wanxu.

When ye Chen heard this, he laughed and thought, "it seems that Hong Beichen still has a mind to take refuge in wanxu, but he can't get the invitation from the ancient emperor Yuhuang."

Wanxu temple is too powerful, and it has countless ties with the Hong family. If he can, Hong Beichen really doesn't want to fight, but wants to kneel down at the foot of the ancient emperor Yu Huang and completely surrender.

But unfortunately, even if he wanted to be the dog of wanxu, yuhuanggudi would not accept it.

Yuhuanggudi is notoriously mean and ungrateful. He doesn't want outsiders to take advantage of him. How can he take in Hong Beichen?

Ye Chen sees the appearance of Hong Beichen's infinite regret and is on guard in his heart.

This old guy, maybe he will turn around and suddenly take refuge in wanxu. You have to be careful.

The four flew all the way and soon came to the center of Chongyang world.

Here, a peak stands in the sky. On the wall of the peak, there are golden words, iron paintings and silver hooks, showing the vast atmosphere of martial arts.

That's the secret of the nine heavenly magic!

Ye Chen fixed his eyes and saw that what was depicted on the wall of the mountain was exactly the formula of the array in the great Brahma's nine Supreme skills!

Although he had never seen the formula of array character before, he had already got the foundation of the formula of soldier character and the formula of fighting character. So under the heaven's induction, as soon as he saw these characters, he knew it was the formula of array character.

"Ten thousand formations in the world, do this trick!"

This formula contains the changes of the world's ten thousand arrays. As long as you understand it thoroughly, you can easily promote all the arrays in the world.

A formula of array contains tens of millions of arrays. Once it is practiced, any array can be deduced.

Ye Chen stares at the secret script of the formula of array words, and feels his head buzzing and his spirit shaking.
