Chapter 6351

Hearing the words, Qiu Yan's eyes lit up and thought, "the sword technique of Hongjun sword sect has no trace. He wants to learn and understand it secretly. It's hard for him to go to heaven."

At that moment, he said, "OK, Lord of reincarnation, I promise you. I will fight with you every day, and you will treat my incurable disease."

Ye Chen was overjoyed and said, "it's a deal!"

After the agreement, ye Chen made several pills for Qiu Yan with the holy water of the yellow spring, the spirit of heaven and earth, the pool of ten thousand demons, the wind feather spirit tree and other materials, and gave them to him to take.

Wait until the next day, ye Chen opens up the eight trigrams furnace again, let Qiu Yan go in to steam and quench, in order to treat his injury, break the blood seal.

Qiu Yan's blood injury is too serious, even with Ye Chen's medical skills, it is estimated that it will take a month to cure each other completely.

It can be cured in one month, which is a surprise for Qiu Yan.

This month, he competed with Ye Chen every day.

They are just fighting each other. Qiu Yan never mentions the true understanding of Hongjun's Kendo, so as not to break the rules and reveal the secret of the school. That's a mortal sin.

Ye Chen and Qiu Yan fight each other every day, but they gradually learn each other's kendo.

His martial arts talent goes against the sky. He compares swords with Qiu Yan every day and has gradually realized the beauty of his opponent's swordsmanship.

It turns out that the core of Hongjun Kendo is to go back to the basics and use the simplest sword moves to defuse the enemy's attack.

The legendary Hongjun Kendo comes from the supreme artifact "Shifang Jianxin", which contains the essence of Shidao sword technique.

The essence of these ten sword techniques are Qian, Kun, Kan, Li, Zhen, Dou, Xun, gen, yin and Yang!

The first eight sword techniques are just the eight trigrams. Taiji is the best, four or two strokes.

The latter two sword techniques are the combination of eight trigrams, which gives birth to Yin and Yang.

Qiu Yan has been aware of the heart of ten swords for tens of thousands of years. He has a deep knowledge of the sword technique. He has already understood the first eight swords and the eight trigrams of the latter two swords. It's too difficult for him to understand.

After a month's exchange with him, ye Chen also got a glimpse of the essence of the first eight swords, that is, the eight trigrams return to the Yuan Dynasty, the most simple way, the Tai Chi Sword technique, the sword follows the heart, the perfect harmony, the flowing clouds and the flowing water.

After a month, Qiu Yan's blood has healed. It won't be long before he can grow up and give full play to his blood.

In his heart, Qiu Yan is very grateful to Ye Chen.

Ye Chen, who also understood the essence of the first eight swords, was successful in stealing his master.

Both sides take what they need and are happy.

Ye Chen saw that Shifang Jiansheng refused to show up all the time, so he was ready to leave. He arched his hand to Qiu Yan and said, "brother Qiu, I'm leaving."

Qiu Yan said: "Lord of reincarnation, are you going to leave?"

Ye Chen gently nodded, and now it's almost time to go.

Qiu Yan bowed respectfully to Ye Chen and said, "thank you for healing my secret wound. I'm very grateful."

Ye Chen said: "it's not worth mentioning to lift a finger."

After a pause, Qiu Yan hesitated and finally said, "Lord of reincarnation, I want to trouble you one more thing."

Ye Chen said, "what's the matter?"

Qiu Yan said: "my elder master brother Jian is nameless. He went to the dark forbidden sea to search for treasure. If you see him in the dark forbidden sea in the future, tell him that the master is very concerned about him. He'd better come back to have a look when he's free."

At that time, the sword was nameless and wanted to search for treasure in Hongjun's secret place.

The legendary Hongjun secret place is in the dark forbidden sea. Since ancient times, all the chance treasures in the secret place have been hollowed out. The sword is nameless and insists on searching for treasure. I'm afraid it's nothing.

Ye Chen heart move, way: "good, if I see him, I will say with him."

Qiu Yanxi said: "thank you very much. Take your time."

Ye Chen nods, then wants to turn around and leave.

"Wait!"

At this time, a cold female voice came from Qiankun peak.

But see the Mountain Gate ban open, a girl dance wind fly out.

The girl was dressed in white, and her skin was more beautiful than snow.

Ye Chen only looks at her and guesses her identity. Xue Tianyin, one of the three true biographies of Hongjun sword sect, is Qiu Yan's elder martial sister.

"Second elder martial sister, why are you here?"

As soon as Qiu Yan saw the girl, he immediately saluted.

The girl is Xue Tianyin. She flies out, blocks Ye Chen's way, stares at him indifferently, and says:
"reincarnation Lord, you have learned the Kendo of our Hongjun sword sect. You should be punished. Do you want to leave alive? My master's Kendo must not be taken away by outsiders! "

These days, Xue Tianyin has been secretly observing and finds that ye Chen has the intention of stealing his teacher.

She has long wanted to drive out, but see ye Chen for Qiu Yan treatment, but also inconvenient to interrupt.

Now ye Chen is going to leave. She can't sit still. If the sword technique of Hongjun sword sect is leaked, it will be troublesome.

Ye Chen looks at snow sky sound, way: "do you want how?"

Xue Tianyin said indifferently: "you let go of the spirit, let me investigate, I will about the cause and effect of Hongjun sword school, all wipe out, you can leave."

Smell speech, leaf Chen sneer a, way: "you want to obliterate my spirit?"

Xuetianyin said: "no, I just erase the relevant content of Hongjun kendo. I'm very grateful that you saved my younger martial brother. This is your reward."

With that, Xue Tianyin took out a porcelain bottle, opened the lid of the porcelain bottle, and a cool smell of medicine filled out.

Ye Chen's eyes swept, and then saw that there were several Hongyun pills in the porcelain vase, which could improve Qi luck for a short time.

"Ha ha, I don't need this elixir. Please keep it for yourself. Goodbye!"

Ye Chen shook his head and turned to leave.

"Don't go!"

Xue Tianyin is very angry. She pulls out her sword and stops Ye Chen

"You dare to learn other swordsmanship. You've broken the taboo of martial arts. Do you still want to go?"

Ye Chen vision a cold, way: "how, you want to leave me?"

In order to understand Hongjun's true understanding of kendo, ye Chen paid a lot. The resources he spent on treating Qiu Yan were not small. Moreover, this time, he realized it completely by his own talent. Qiu Yanke never revealed any secret.

The other side has no reason to keep him!

Xue Tianyin said angrily, "if you don't want to erase my martial arts, that's the thief who steals sword skills. I will kill you!"

Say, snow day sound mercilessly a sword stab, point to leaf Chen heart.

Her sword has driven the general situation of the Hongjun sword sect. The heaven and earth gather together. It is extremely fierce.

Boom!

Within the Hongjun sword sect, thousands of mountains and valleys are shaking, and the atmosphere of the earth resonates with the sound of snow.

Xue Tianyin's cultivation is in the second level of Baiji realm. She knows that ye Chen's martial arts is too fierce. If she fights for life and death, she may not be ye Chen's enemy.

Therefore, as soon as she put out her sword, she immediately mobilized the general situation of the earth, and wanted to kill Ye Chen on the spot with the help of the geographical advantage of Qiankun peak!

Chapter 6352

"Yinsha Kendo, kill!"

In the middle of xuetianyin sword's journey, the air of heaven and earth was surging, which turned into a breath of yin and evil spirit, covering her sword body. The evil spirit was very strong.

This sword is the Yin evil sword of Hongjun ten swords!

Qiu Yan understands the first eight swords, while Xue Tianyin understands the ninth sword, which is extremely powerful.

Ye Chen saw that his opponent's sword was fierce, but he didn't dare to be careless. He immediately pulled out the wild devil's sword, and the sword moved eight trigrams. With one sword, he yelled:

"Eight trigrams return to yuan, break!"

Ye Chen directly displays the sword skill he has learned. The first eight swords and the eight poles are unified. When the sword Qi is dancing, a vision of yin and Yang and eight trigrams emerges. He pulls the sword power of Xue Tianyin aside and completely dissolves it.

"Oh, reincarnation Lord, you have mastered the essence of our school's swordsmanship. It's impossible!"

Qiu Yan, standing on one side, was shocked when he saw Ye Chen's sword technique.

Among Ye Chen's swordsmanship, there is the Dao Zhi Li of eight trigrams returning to the Yuan Dynasty, which has obviously obtained the essence of Hongjun's swordsmanship. Although it is not very skillful, it has undoubtedly been successful.

"Thief, you really learned the sword technique of Hongjun sword sect!"

Snow sky sound see ye Chen's sword technique, is more furious, gnash teeth, again a sword wave cut out.

This time, she burst out with all her strength. The long sword divided light and shadow, and cut Ye Chen with thousands of Yin evil sword Qi.

Ye Chen doesn't move. The eight extreme Kendo unfolds. With the help of his fighting power, he unloads Xue Tianyin's sword Qi one by one, and even kills him.

Xue Tianyin is struggling. In fact, she is more proficient in kendo than ye Chen, but she is not ye Chen's rival.

Ye Chen's power is too powerful.

The so-called way of sword is skill after all.

The subtlety of skill cannot make up for the gap in strength.

After dozens of fierce fighting, Xue Tianyin has fallen to the disadvantage. There are many places on her clothes, which are torn by Ye Chen's sword Qi, revealing her snow-white and crystal clear skin. There are bloodstains on her skin, and she has been injured.

Fortunately, she can fight against Ye Chen with the help of the advantage of earth and Qi. Otherwise, she may have been a corpse under Ye Chen's fierce sword Qi.

You know, ye Chen in addition to reincarnation of the great power of blood, but also in charge of the sword, extremely sharp, snow Tianyin is not the enemy.

"Second elder martial sister, Lord of reincarnation, don't fight!"

Qiu Yan is watching the battle, his heart is extremely anxious.

Ye Chen is his life-saving benefactor, and Xue Tianyin is his elder martial sister. He doesn't want to see any accident between them.

"I've suppressed the array formula!"

Ye Chen doesn't want to fight any more. With a violent wave of his hand, the word formula of the array breaks out. A terrible suppression of the array comes out of Ye Chen's hand and falls to xuetianyin town.

"What

Snow sky sound see ye Chen's method, immediately big startle, that is the suppression of nine days divine skill!

She wanted to defend her sword, but in the absolute power gap, her Kendo was useless.

Bang!

Ye Chen's array word Jue is severely suppressed. Xue Tianyin moans and is suppressed on the ground and can't move.

"Sure enough, it's just a skill."

Ye Chen town suppresses the snow sky sound, in the heart if have a thought, dun, then silently turn to leave.

Xue Tianyin wants to stop Ye Chen, but he is suppressed, and his Qi is stagnant. He can't say a word. Where can he stop Ye Chen from leaving?

"Lord of reincarnation..."

Qiu Yan stepped forward and cried.

Ye Chen turns head light way: "your elder martial sister is suppressed by my array word Jue, after a few days array will loosen, she will be OK, you don't have to worry."

Finish saying, ye Chen wants to leave.

"Lord of reincarnation, don't rush. Go up the mountain and have a cup of tea."

At this time, an old and powerful voice came from Qiankun peak.

Then, a wisp of sword Qi broke through the air. With a hissing sound, it would suppress the big array of Xue Tianyin and break it directly.

The power of that sword Qi is exquisite to the extreme. It just breaks Ye Chen's array, but it doesn't hurt Xue Tianyin.

Xue Tianyin broke free, stood up, a little excited, called out: "master!"

The old and powerful voice was just from her master Shifang Jiansheng.

Ye Chen stood still, looked at qiankunfeng and said, "master Jiansheng, are you willing to see me at last?"

That voice "Er" a, way: "reincarnation divine power Shuo all sky, I also admire for a long time, talk also no harm."

After this sentence, the Mountain Gate of Qiankun peak was completely opened.

Seeing this, ye Chen was overjoyed and said, "thank you for meeting me, master!"

With that, he wanted to step into Qiankun peak.

"Wait!"

But Xue Tianyin holds a sword in front of Ye Chen and says to the depth of Qiankun peak: "Shifu, this little thief steals his own swordsmanship and pretends to be the master of reincarnation. In fact, he is a despicable person. What do you want to talk about with such a person?"

The voice said, "the sword technique of Hongjun sword sect was created by Hongjun's ancestors. All the people who can understand it are predestined friends, not thieves. Besides, the reincarnation Lord has cured your younger martial brother, Tianyin. You can't be rude. Come here together."

"Master!"

Xue Tianyin stamped her feet, and her heart was full of reluctance, but she did not dare to disobey the master's orders.

When it snowed, Tianyin gritted her teeth and stepped into Qiankun peak with Ye Chen, followed by Qiu Yan.

Three people all the way up the mountain, the wind swept, came to the top.

Qiankun peak is as high as ten thousand feet. The top of the mountain is almost the sky. It is surrounded by smoke. The air is thin and cold to the extreme. If you raise your hand, you can touch the sky. If you go up from here, the sky will always look like chaos. The stars will twinkle and the day will not be seen.

In this vast and remote place, a small stone pavilion is built, in which an old man sits.

The old man was full of sword Qi, which was astonishing. The sword Qi cut through the void, causing countless spaces to be broken. Then he gathered again. Yin and Yang alternate, and the mystery reached the extreme.

Ye Chen was surprised, and the old man was naturally the sage of ten swords.

He only looked at it once, and he felt that the swordsmanship of the ten swordsmen had reached an incredible level, and even integrated into the atmosphere of heaven and earth, which could produce and destroy the world and cut the void. It was very exquisite.

"Master."

Xue Tianyin and Qiu Yan bow to the ten sword saints.

The ten sword sage nodded slightly, looked at Ye Chen and said, "reincarnation Lord, the ten swords of Hongjun sword sect, how many swords have you grasped?"

Ye Chen said: "understand the first eight swords."

The ten swordsmen laughed and said: "the talent of reincarnation Lord is amazing. In a short month, you can understand the eight swords. That is to say, you only need the last two swords, yin and Yang, but you can't understand them?"

Ye Chen said, "yes."

Chapter 6353

Hearing this, Xue Tianyin and Qiu Yan were both extremely surprised and shocked.

They have been practicing Hongjun Kendo for tens of thousands of years, and they know the difficulty of Kendo very well. But ye Chen, in just one month, realized the eight swords, which is unbelievable.

"I heard that you have got three of the eight heavenly swords. Can you lend me one?" he said

Ye Chen thought for a while, drew out the wild devil sky sword, handed it to the ten sword saints, and said: "master, take it."

Shifang sword Saint nods and catches the wild devil sky sword.

Ye Chen didn't suppress the breath of the wild devil Heaven Sword. As soon as the sword fell into the hands of the ten sword saints, it began to hum and vibrate. The evil Qi surged and the sword Qi was torn. He wanted to get rid of the ten sword saints and return to Ye Chen.

The Heavenly Sword has spirit. No one can control it except ye Chen.

Ye Chen deliberately wants to try the ability of Shifang sword saint, so he doesn't suppress the breath of wild devil.

The ten sword saints saw the sword shaking and motionless. They picked up the sword with their right hand and flicked their fingers on the sword with their left hand. With a clank, the sword Qi of the wild devil Heaven Sword was immediately suppressed and calmed down.

"That's a great way!"

Ye Chen was surprised in his heart. The ten swordsmen suppressed the breath of Tianjian, which showed his strength and the strength of kendo.

"The essence of my Hongjun Kendo lies in the two swords behind, that is, yin and Yang swords. What do you think?"

As the ten sword sages spoke, the backhand shot the wild devil sky sword. With a hiss, the sky sword burst into the air, bursting with the breath of yin and Yang.

The Yin and Yang mingle with each other as if in chaos, and finally evolve into a huge eight trigrams pattern. The sword body with eight trigrams sword Qi, boom and fall from the sky, bang, fall among the mountains, completely destroy the mountains, the scene is extremely spectacular.

Ye Chen was surprised and said to the ten swordsmen: "the master's swordsmanship is really powerful."

In fact, it's easy for a sword to fall into the mountain. Ye Chen can do it easily.

But what the ten swordsmen used was Ye Chen's weapon, not his own sword, but ye Chen's Heavenly Sword.

The spirit of Tianjian is unruly. The ten sword sages, with their exquisite sword skills and the combination of yin and Yang, temporarily suppress the flavor of the wild devil Tianjian. They also use the power of the eight trigrams to control the wild devil Tianjian and collapse the mountain with one sword, showing their profound attainments in sword skills.

It's clear that the wild devil's sword is not his weapon, but he can use it to defend the sword. It can be seen that the swordsmanship is excellent and the skill has reached the level of perfection.

With a smile, Shifang sword sage gave the wild devil Tianjian back to Ye Chen, saying: "Kendo is just a skill, and its own strength is eternal."

Ye Chen said: "this younger generation also knows, but the use of skills, but can not be ignored, otherwise there is no accumulation of martial arts, can not play, is also false."

Shifang sword sage said with a smile: "it's true that you are in charge of three heavenly swords. However, your swordsmanship is limited and you can't give full play to all your talents. It's really a pity that you are in charge of the three heavenly swords."

Ye Chen's heart fretted and said, "please give me your advice!"

Shifang sword Saint said: "can you understand the Yin Yang two swords I just used?"

Ye Chen was shocked in his heart, and recalled that he had just used the method of ten swordsmen to defend the sword. Yin and Yang mingled with each other, and the fineness of Kendo was extremely wonderful.

He quietly comprehended the changes of yin and Yang behind him, his eyes twinkled, and he looked up and said, "I have a rough understanding, but I still need to practice if I want to master it."

Ye Chen's eight trigrams Tiandan technique contains the best theory of eight trigrams Yin and Yang, and there are many mysterious means of eight trigrams in the formula of array characters.

Therefore, ye Chen has a very deep foundation in eight trigrams. If you look at the Yin Yang two swords of Shifang sword sage, you will naturally feel that they are much simpler. You already have a vague understanding in your heart. As long as you give him a little more time, he will have confidence to master them.

The Shifang sword sage's eyes were full of admiration and said, "well, reincarnation Lord, you are really famous. You have great talent. You can understand the mystery of yin and Yang swords at a glance. I, the two apprentices, can't be compared with you."

With that, Shifang Jiansheng took a look at Xue Tianyin and Qiu Yan. His eyes were in a trance, and he seemed to think of something again. He sighed: "maybe only my rebellious apprentice can match you in kendo."

Under the throne of Shifang sword sage, the first disciple of zhenzhuan is the sword who rebelled and left.

Sword nameless's Kendo talent is very high, perhaps only he can compare with Ye Chen.

Qiu Yan looks down and is ashamed. He knows his talent is limited, but he can't compare with Ye Chen.

Xue Tianyin was not satisfied. She stepped forward and said, "master, the reincarnation master must have lied. No matter how talented he is, how can he understand it at a glance? The two swords of yin and yang are so complicated. I've practiced them for tens of thousands of years, but I just understand the sword of Yin evil. The sword of Yang Gang can't understand it. How can I understand it so easily? I don't believe it

Ten square sword Saint said: "the voice of heaven, human and human physique, can not be generalized, your talent is actually good, but absolutely can not be compared with the reincarnation of the Lord."

After a pause, the ten sword sage looked at Ye Chen and said, "Lord of reincarnation, you will use Yin and Yang swords to open our eyes."

Ye Chen said, "yes."

Draw out the wild devil sword immediately, and think about the change of Yin Yang Sword way in my mind.

"The combination of yin and Yang, the blending of eight trigrams, go!"

Ye Chen's eyes suddenly brighten, and the wild demon sword shoots out of his hand and goes straight to the sky. A touch of evil spirit blows up from the sword.

Then, another Yang Gang breath emerged.

Yin Sha and Yang Gang, with the wonderful implication of the eight trigrams, merged with each other, and finally evolved into a layer of black and white mixed Yin and Yang Gang Qi, which covered the body of the wild devil sky sword.

"Fall!"

Ye Chen's palm is separated from the air to guide. The wild demon sword is wrapped in the vigorous Qi of yin and Yang. It falls down fiercely. The sharp blade smashes the void and stirs up a huge storm. At last, it stabs the earth. With a bang, it almost penetrates the earth and runs through a terrible hole. The underground rock slurry rushes out. The scene is magnificent.

Seeing this scene, Xue Tianyin was completely stunned.

How could that be!

"This guy really understands the essence of Yin Yang kendo. How can that be possible?"

Xue Tianyin suffered a huge impact in her heart.

She has been practicing Yin Yang Sword for tens of thousands of years, but she only understands Yin Sha's sword, but Yang Gang's sword can't be understood. But ye Chen suddenly understands it.

Although Ye Chen's Yin Yang Kendo is not as perfect as Shifang Jiansheng's, it will be much simpler if he can take the first step.

But Xue Tianyin can't even take the first step.

On one side, Qiu Yan was also completely shocked.

Chapter 6354

A month ago, his Kendo was still above yechen.

But now, ye Chen has completely surpassed him.

Reincarnation of talent, it is too terrible, ye Chen's progress, is also extremely terrible, can not use common sense to speculate, is completely evil existence.

Seeing this, Shifang Jiansheng was also excited, praised and delighted, and said, "well, the reincarnation Lord is really powerful!"

Ye Chen smiles a little, takes back the ghost sky sword, bows his hand to the ten sword sage and says: "it's all the guidance of the elder. Without the guidance of the elder, I can't understand the beauty of Hongjun sword. If the elder doesn't dislike it, I want to worship him."

Hongjun's Kendo is extremely exquisite. Ye Chen taught himself by stealing his master. Although he could understand it, he didn't really learn it. There are always some defects.

Now, he wants to join the Hongjun sword sect and become a disciple of Shifang sword sage. In this way, he can get a perfect understanding of kendo.

Ten square sword Saint tiny a Zheng, but didn't expect Ye Chen to worship a teacher.

Snow day sound gnash teeth, want to stop, but recall just leaf Chen startle the momentum of the sky, she is silent dare not speak.

At present, no one inherits the mantle of the Hongjun sword sect. Since Jian ran away without name, the Hongjun sword sect is in danger of breaking off its orthodoxy. She and Qiu Yan are not qualified enough to take charge of the orthodoxy of the Hongjun sword sect.

And ye Chen's natural intelligence is so high that if he worships the mountain gate, he may inherit the mantle of Hongjun sword school.

Shifang sword Saint pondered for a while, but finally waved his hand and said: "forget it, reincarnation Lord, you have too much cause and effect to kill, and I'm used to living in seclusion. If you worship my mountain gate, I'm afraid you will disturb my peace."

Ye Chen said: "the wanxu crisis is coming. The Yuhuang emperor is coming. The core of the earth will be destroyed soon. If you want to live in seclusion again, I'm afraid it's not easy."

Shifang sword said: "I have my own fate. You don't have to say more. Even if the ancient emperor Yuhuang really comes, I won't go out of the mountain unless he steps on my head."

Ye Chen's heart sank, but he didn't expect that the ten swordsmen were so determined.

Shifang sword sage thought for a while, and said: "well, you can join our Hongjun sword sect, but not as my disciple, but as a guest Qing. I will never be contaminated with your cause and effect. I only care about your talent. I want to teach you a sword skill, or I will have a successor."

Ye Chen eyes a bright, way: "so also good, thank elder to accept." Bow to the ten swordsmen.

Hearing this, Xue Tianyin finally stood up and said, "master, he is a guest Qing. His name is not right and his words are not right. How can he inherit your orthodoxy?"

One side of Qiu Yan, also feel wrong, but heart worship ye Chen, but also don't stop.

Shifang sword sage calmly said: "Tianyin, don't be rude. I told you before that Hongjun sword sect originated from Hongjun's ancestors. The person who can understand the true understanding of Hongjun's sword is the one who is predestined. My orthodoxy is the orthodoxy of Hongjun's ancestors, and everyone who is predestined can inherit it."

Hearing this, Xue Tianyin was deeply lost.

She has never been able to comprehend the ten swords, and she can't accomplish it perfectly, that is, she has no chance with Hongjun's Taoism.

Ye Chen, on the other hand, understood the truth of Kendo at a glance. He was the right person of Hongjun and could inherit the tradition.

She wept silently and didn't speak any more.

"Tianyin, I know you can't understand it for a while. You go back first, you will always understand the mystery of Hongjun's sword way later," he said slowly

"Yes

Snow voice helpless, can only turn away.

Qiu Yan followed him. On the top of the mountain, only Ye Chen and Shifang Jiansheng were left.

"Reincarnation master, this is the heart of ten swords, one of the" seven treasures of Hongjun ". I lent you enlightenment. You have great talent. If I give you directions carelessly, it may lead you astray. It's better for you to understand by yourself."

The ten sword saints offered a crystal stone. The crystal stone is glittering with green light. It is engraved with Ancient Runes. The runes are in the shape of a small sword, arranged in the form of eight trigrams, full of ancient and primitive flavor.

"Is this the heart of the ten swords?"

Ye Chen's eyes move. The heart of the sword is a magic weapon. It's one of the most powerful weapons in the thirty-three days. It's said that it was made by Hongjun's ancestors.

Hongjun's seven magic weapons are "Hongjun's seven treasures". The heart of ten swords is one of them, which contains Hongjun's true understanding of Kendo and represents the most primitive and domineering power of kendo.

The name of Shifang Jiansheng comes from this crystal.

He gave the crystal to Ye Chen and said, "take it and understand it."

Ye Chen in the heart a burst of excitement, way: "thank elder!"

At the moment, ye Chen took the heart of the ten swords and grasped the crystal stone in his palm. He felt a great breath coming to his face. The breath was primitive and domineering. It was the unique momentum of Hongjun's Taoism in legend.

In the next few days, ye Chen stayed on the Qiankun peak. With the help of the heart of the ten swords, he carefully understood the true understanding of the sword technique contained in it, and constantly improved his strength to prepare for the battle against wanxu.

.....

At the same time, the dark sea, the old Alliance territory.

Zhetian devil emperor and Yuchi Yao lived together and had a good time.

On this day, Mozu Wutian came to visit with two followers in Weifu.

The demon emperor slightly arched his hand and said, "I've seen the master Wutian."

Mozu wudian nodded and said with a smile, "Modi, are you still used to living in my old League?"

The demon emperor said: "habit, thank you for taking care of me."

Mozu Wutian smiles and says, "I'm not taking care of you, I'm just taking care of myself. You're my container in the future. Naturally, I won't treat you badly."

He said this frankly, in fact, taking care of the demon emperor is just for cultivation, and later as his container.

The demon emperor of Zhetian laughed and said, "we will talk about things in the future."

Mozu Wutian's eyes narrowed slightly. He took another look at Yuchi Yao and said, "when you die, I will take care of your wife. You don't have to worry about it."

Yuchi Yao wants to talk but stops. In fact, she hasn't married the demon emperor, but it's hard to explain at this time.

The demon emperor said with a smile: "although the strength of master Wutian is far better than me, I ask myself that the will of martial arts is not weaker than others. If you want to take me away, I'm afraid it's not easy. It's not clear who will win in the future."

Wutian said with a smile: "it's good. It's bold! I came here today to entrust you with something. "

In the heart of the demon emperor, he said, "Oh, what's the matter?"

"I want you to go to Hongjun's secret place," he said

"Hongjun secret place?"

When the emperor heard this, his eyes were slightly frozen.

He has lived in the old Japan League for many days, and he has known many secrets and heard of the legendary ancestor Hongjun.

Chapter 6355

Hongjun's ancestor is the creator of the nine heaven magic. There are many treasures in his secret place, many natural resources and local treasures.

Jiutian Shenshu came from his secret place.

There are "Hongjun seven treasures", scarlet chalcedony and other things, all from that secret place.

For thousands of years, the secret place has been emptied, and all the chances no longer exist. Now when I hear the mention of Wutian, the demon emperor is a little confused.

The devil had no way of heaven: "yes, in fact, there are still many opportunities in the deepest part of Hongjun secret place. It's just that outsiders can't go in because they are forbidden."

The emperor said, "is that right? What the elder means is.... "

The demon ancestor has no way of heaven: "I used the sacred tree on the other side of the Royal feather family to create a way to open the prohibition. I want you to go in and search for treasure. There is a crystal of earth vein in Hongjun secret place, which is extremely rich in energy. If you get it, it is enough to break through the flail, and the number of flail can be more than 81, which is very good for your cultivation."

Hearing the words, the demon emperor of Zhetian moved his mind.

He has been practicing these days, and his accomplishments have reached a half step and a hundred shackles, but he has not been able to break the shackles.

Now, Mozu Wutian says that there is a vein crystal in Hongjun's secret place, which is very helpful to chop flail. It can even provide him with great energy, and let him chop flail more than 81.

Chop flail more than 81, that is the capital of the king of heaven, against the sky as strong.

"Since there is such a treasure, it's OK to try it."

Emperor Zhetian is also interested in going to Hongjun secret place.

Yuchi Yao gently pulled his sleeve. The demon emperor held her hand and gave her a look, indicating that she should not panic.

When Mozu wudian heard his promise, he was immediately overjoyed and said, "good, Modi, you will set out with Yuhuang Yafei to break the ban and look for the crystal of the earth. I will take care of your wife."

The demon emperor nodded and said, "thank you, master."

This time I went to Hongjun's secret place to explore treasure. Naturally, the demon emperor would not take yuchiyao with him, so as to avoid accidents.

This time, Mozu Wutian asked him to go out looking for treasure. In fact, he wanted to see his luck.

If the demon emperor Zhetian can successfully find the earth vein crystal, it means that he has deep Qi and is an absolutely perfect container, which can make the demon ancestor have no heaven and spend all the resources to cultivate.

.....

At the same time, the supreme world, deep in the temple of wanxu.

The emperor sat cross knee, with a picture suspended in front of him.

That picture, from the earth!

The picture shows that the first cauldron of the nine cauldron array has been completed and successfully connected with the earth atmosphere, forming a boundary.

This border is the absolute territory of wanxu. Anyone who dares to invade it will be killed by wanxu.

On the wall of the huge tripod, a totem has been lit up, representing the will of the first ten thousand ruins to come successfully.

However, seeing the will of wanxu coming, yuhuanggudi didn't look happy, on the contrary, he was full of dignity.

"It will take at least three years for the nine cauldron formation to be completely completed. In these three years, there is a great possibility of disaster and chaos."

Yuhuanggudi thought carefully and knew that ye Chen was very lucky.

If you really give ye Chen three years, God knows what will happen.

Moreover, behind Ye Chen, there is Ren extraordinary guardian, whose extraordinary strength also scares him.

"A nine cauldron array is not enough. It's time to ask Hong Tianjing to do it."

Yuhuanggudi quietly calculated that in this game, he needs more pieces to fight against yechen.

And Hong Tianjing, no doubt, is a trustworthy chess piece!

If Hong Tianjing does it, it's enough to kill Ye Chen.

After thinking for a while, the ancient Yuhuang emperor issued an imperial edict.

After a while, the void twisted and a dark shadow came down.

This dark shadow, however, is a young man with the lineage of the imperial family, who is the true disciple of wanxu.

"Disciple yuhuangze, I've met Laozu!"

The young man bowed respectfully to the emperor.

The yuhuanggudi nodded and said, "don't be so polite. I have something to entrust to you when I call you here."

The young man named Yu huangze was very excited and said, "is my father going to send me to the earth's heart?"

He knew the layout of the yuhuanggudi and the close organization of the Jiuding formation in the center of the earth. If he could take part in it and serve the wanxu, it would be better.

Yuhuanggudi said: "no, I have more important things to give you."

Feather emperor Ze a Leng, way: "more important matter?"

Yuhuanggudi said: "well, you go to tianrenyu to remove the seal of Hong Tianjing, and use zhe Zi Jue to treat his injury, so that his strength can recover as soon as possible."

It's said that it's the supreme method of health preservation. It can live the dead, flesh and bones.

In the past, Hong Tianjing fought a decisive battle with the empress dowager, and was finally wounded and sealed by the Empress Dowager.

The means of the supreme daughter of heaven are extremely fierce. The damage she caused will not fade for ten thousand years. Today, Hong Tianjing is still in a weak state. Even if the seal is lifted, she may not be ye Chen's enemy.

Because, behind Ye Chen, there is Ren extraordinary!

Even if Hong Tianjing can defeat Ye Chen, in a weak state, he is not Ren extraordinary's opponent.

Only by using zhe Zi Jue and restoring his vitality, can he kill Ye Chen.

This yuhuangze is a master of the word formula.

Yuhuanggudi summoned him to treat Hong Tianjing.

Feather emperor Ze is greatly surprised, way: "old ancestor is to want to send me to save Hong Tian Wang?"

Yuhuanggudi said: "yes."

Yu Huangze hesitated for a while and said: "Hong Tianwang was injured by the princess. I'm afraid I can't make him recover completely."

Yuhuanggudi light way: "no harm, you can do your best, after it is done, I allow you Jin elder."

Smell speech, feather emperor Ze blood a swing, Jin elder, this is every true disciple's dream!

After becoming the elders of wanxu, you can gain more power and access to more powerful magic powers and magic weapons. For example, Hong Tianjing and the Empress Dowager are actually the elders of wanxu, and they are only Ke Qing. They all get endless benefits.

Yuhuangze is a member of the Yuhuang family. If he becomes an elder, he will not be Keqing, but the true core biography. The benefits are unimaginable.

"Yes! I will do my best to save the birth of Hong Tianwang! "

Yuhuangze takes orders respectfully.

This time, the yuhuanggudi made a promise that as long as he lifted the seal of Hong Tianjing and cured him, he would become an elder and gain the power of the world.

Chapter 6356

At the moment, Yu Huangze turns into a dark shadow and leaves. He is ready to go to heaven and man to rescue Hong Tianjing.

.....

At this time, the territory of the old empire, deep in the capital palace.

The empress is practicing in the hall, but at this time, she feels a secret secret secret.

It's about Hong Tianjing!

"Ha ha, yuhuanggudi, can't help but send someone to rescue Hong Tianjing?"

As soon as the lady pinched her fingers, she found the secret.

Once upon a time, she had an agreement with yuhuanggudi. Her decisive battle with Hong Tianjing was a personal grudge. Yuhuanggudi also promised not to interfere.

But now, yuhuanggudi has broken his promise to rescue Hong Tianjing. Obviously, he feels the threat of reincarnation is serious. He can't wait three years. He just wants to eradicate Ye Chen as soon as possible.

Once Hong Tianjing gets out of trouble, it's a nightmare for ye Chen.

This matter, the queen of heaven naturally will not sit idly, she must stop!

At present, the Empress Dowager issued an imperial edict to explain the matter to many pieces under her command, and prepared to send a person to heaven and man to crack the conspiracy of the ancient emperor Yu Huang.

She also wants to see ye Chen fly up and never watch ye Chen have an accident.

In an instant, the space in the hall was distorted, and more than ten figures appeared. They were all pieces cultivated by the Empress Dowager in secret.

There are two main functions of these pieces: one is to defend wanxu for her, the other is to deal with Wutian.

After all, Wutian is the younger martial brother of the old master. The existence of this man is a serious problem and has to be eliminated.

Yuhuanggudi only stares at yechen and indulges in Wutian. He is ready to kill yechen and crush Wutian again.

Persimmon to pick soft pinch, compared with the fierce incomparable magic ancestor Wutian, ye Chen is obviously easy to deal with.

After all, ye Chen's reincarnation blood has not yet reached its peak, so it's better to deal with it than the devil.

However, the plan of the supreme daughter of heaven is just the opposite. She always wants to kill Wutian and eradicate the old disasters.

As for ye Chen, it's still "pig raising". He's going to cultivate Ye Chen to the highest level. At the worst, if it's not too late to kill him.

In this way, she can harvest the most abundant Qi and blood.

"I've seen the lady of heaven!"

The dozen pieces saluted the Empress Dowager.

The heavenly daughter nodded and said, "the wanxu plot is just around the corner. Who can stop it for me?"

The dozen chessmen all spoke one after another and expressed their willingness to contribute.

Different from the cruel and ungrateful yuhuanggudi, the Empress Dowager is tolerant, generous and blessed. Therefore, everyone is willing to do his best to repay his kindness.

"My Lord, I'll go."

At this time, a girl stepped forward and said firmly.

The girl was dressed in a loose black robe and a hood to cover her face.

The girl pulled the hood down and showed a pure face. It was yeluo'er!

At this time, yeluo'er is ready to perform the task of the supreme daughter of heaven, to go to the dark forbidden sea and assassinate Wutian.

Ye Luo'er's nine heaven God skill, the Dragon God's secret of breaking heaven, has been greatly perfected and is extremely powerful.

Of course, there is still a huge gap between her and Mozu Wutian. She has no chance of winning in the face of the war. Even if she is assassinated, it is almost impossible.

The empress of heaven sent her to carry out the assassination task, but she didn't really want to kill Wutian. She also knew that it was impossible. The gap of realm was too big, so it was useless to kill.

What she wants is yeluo'er's self explosion, using the explosion of the Dragon God's formula to break the sky, to blow up the demon ancestor Wutian.

Once Mozu Wutian is injured, her layout will be much easier.

When yeluo'er dies, the Dragon God's heaven breaking formula is liberated and can also be used by her, which is of great benefit.

Except for Brahman's divine skill, the nine heaven divine skill can only be practiced by one person, because there is only one part of qi movement.

Seeing that ye Luo'er volunteered, the lady said, "Luo'er, do you want to do it?"

Yeluo'er said: "yes! I have the strongest strength. If I do it, I can definitely crack the conspiracy of yu Huanggudi! "

Hearing the speech, the heavenly daughter nodded slightly.

Indeed, among the chessmen she cultivated, yeluo'er was the most powerful, and she had already achieved great success.

If ye Luo'er makes a move, Yu Huangze will be killed if she doesn't make ten moves.

As soon as that feather emperor Ze dies, Hong Tianjing naturally can't get out of trouble, and ye Chen is safe.

However, the empress also guessed that yeluo'er's mind came to heaven and man to break the layout of Wanxu. She was afraid that there was selfishness behind it.

This selfishness is Ye Chen!

Ye Luo'er wants to go to heaven and man, and she definitely wants to see ye Chen. She won't miss such a good opportunity.

Too God female way: "I allow you to move, but you want to promise me, can't recognize with Ye Chen, even if you want to see him, also can only see him from a distance, can't go out to recognize."

This is the bottom line of the heavenly daughter. She worries that after ye Luo'er and ye Chen recognize each other, she will stick to Ye Chen and never come back.

In this way, all her training resources will be completely wasted, which is unacceptable.

Ye Luo Er's heart a joy, and some gloomy, can only meet, can't recognize, isn't more painful?

For a moment, yeluoer did not answer.

The heavenly daughter said, "you have already accomplished your nine heavenly magic skills. It's also time to try your power in actual combat. This fight against the ancient emperor Yuhuang is a great chance to practice. You can start. As long as you don't recognize Ye Chen, I will promise you anything."

Ye Luo'er bit his teeth, finally nodded and said: "yes, my Lord, I will finish the task!"

She knows that it is extremely painful not to recognize Ye Chen, but since she has the chance to see Ye Chen again, even if she takes a look at it from a distance, she is also satisfied.

The heavenly daughter nodded. For the sake of caution, she planted a causal lock on yeluo'er.

This cause and effect lock can limit ye Luo'er's action. Once she has the mind to recognize Ye Chen, she will suffer a lot.

Chapter 6357

Ye Luo'er immediately sets out to the heaven and human realm, preparing to stop wanxu from rescuing Hong Tianjing.

The person sent by wanxu temple is yuhuangze, who is proficient in the word formula. Limited by the rules, when he came to heaven and man, his cultivation was limited to the second level of heaven.

Yeluoer is the same. Her accomplishments are suppressed to the second level of Baiji realm. At this time, her martial arts shackles have already been broken. The number of her shackles is 81. Her peak accomplishments are in the middle of Baiji realm.

The main reason why she has made such rapid progress is that she has spent a lot of resources on the cultivation of the heavenly daughter. The second reason is that the Dragon God's formula for breaking the sky is powerful. Once the cultivation is completed, it can make people advance by leaps and bounds, and the cultivation level is almost a thousand li a day.

In this game, Yu Huangze starts first. Before Ye Luoer reaches the realm of heaven and man, he has come to the place of Hong Tianjing's seal.

Hong Tianjing was shackled by countless chains, eyes closed, sleeping and resting.

Annihilation sword spirit accompanied him, waiting for him to get out of trouble.

At this time, annihilation sword spirit suddenly felt that there was a strong breath, like lightning.

He immediately alert up, Huoran up, looking forward to the dark.

"Well?"

Hong Tianjing in deep sleep seems to have sensed something. He opens his eyes and wakes up.

"Lord Tianwang, it seems that Wanxu has sent someone here."

Annihilation sword spirit incomparably nervous, has captured the ten thousand ruins breath in the dark.

Hong Tianjing's eyes twinkled, he laughed and said, "did the emperor finally send someone to rescue me? Ten thousand years have passed. It's too late. "

At that time, he had a decisive battle with the empress dowager, and was suppressed by the seal. He once appealed to Wanxu for help, but was rejected by Yuhuanggudi.

Yuhuanggudi said that he did not want to interfere in his enmity with the emperor.

But now, the emperor sent someone to rescue him. Obviously, there was a major accident.

Hong Tianjing's mind is bright, and he has guessed that it is related to Ye Chen.

It must be that ye Chen's threat is too great. The yuhuanggudi has no choice but to break his promise and meddle in his enmity with the heavenly daughter to rescue him and fight against Ye Chen.

Click!

The void breaks, and a young man emerges from the ruins. It's yuhuangze!

When Yu huangze came, he first looked around and saw that there were chains around him. The environment was dark and humid. It was a prison like scene, and he frowned.

Hong Tianjing is bound by chains, dishevelled, but his eyes are extremely sharp. He is not as decadent as a prisoner. He is like a dormant sword.

He stares at Yu huangze, with a cold smile, and says, "Yu huangze, it's you. I haven't seen you for so many years. Are you still in the middle of Baiji realm?"

Yuhuangze's peak cultivation is in the middle of Baiji realm, which is now suppressed to the second level of heaven.

He had this cultivation tens of thousands of years ago. Now, tens of thousands of years later, he has not made any progress, which shows the difficulty of breaking through the hundred shackles.

Yu huangze arched his hand and said with a smile: "Hong Tianwang, long time no see. How are you

Hong Tianjing said, "I can't die yet."

Yuhuangze said: "I'm blunt. I haven't made a breakthrough for tens of thousands of years, but I made Hong Tianwang laugh."

In front of Hong Tianjing, Yu Huangze is extremely respectful, because he knows that his identity and status are far from Hong Tianjing.

Hong Tianjing is the elder of Keqing in Wanxu. His peak cultivation is beyond Baiji realm, and he is in charge of Tianjian. His strength is unimaginable. He was also a famous figure in the supreme world at that time, but because he was defeated by Ren Tiannu, he was injured too much, and now he is in a weak state.

Hong Tianjing said, "What are you doing here? Did the emperor send you

Yu Huangze bowed his head and arched his hand: "Exactly! The old ancestor is concerned about the safety of Hong Tianwang and specially sent me down to rescue him and treat him. "

Hong Tianjing laughed and said: "Joke, Emperor Yu is mean and ungrateful. Will he care about me? I've been suffering for thousands of years. Why didn't I see him come? Now the Lord of Reincarnation, the climate has become, and reincarnation is going against the sky. He is afraid of threats, so he wants to use me as a chess piece to solve his worries and difficulties. This abacus is loud! "

The words were extremely sharp and frank, and Yu Huangze suddenly burst out in a cold sweat.

It is well known that the ancient emperor of the Feather Emperor was mean and ungrateful, but no one dared to do so when he said it directly like Hong Tianjing. If he offended the majesty of the Feather Emperor, it would be the end of death.

"This... Hong Tianwang is joking."

Feather Emperor Ze dare not agree with, bow to grudgingly smile.

Hong Tianjing's tone slowed down and said: "the seal of the Empress Dowager has been loosened. I can get out of trouble in half a year at most, and I don't need to worry about the old emperor Yu Huang. I don't want to owe him any favor. You go. I will get out of trouble in half a year, and I will naturally kill the reincarnation Lord."

Yuhuangze even said: "Hong Tianwang, reincarnation is a big threat. Laozu said that he wants you to go out of the mountain immediately and kill reincarnation. After it is finished, Laozu will take you back, and you don't have to suffer in heaven and man again."

Hong Tianjing's eyes were cold, and said: "yuhuanggudi, as expected, still wants to take me as a chess piece. Ha ha, but I am defeated by the daughter of heaven. I am destined to be a chess piece in my life."

When he fought with Ren tiannv, it was a matter of life and death. When he was defeated, he could only be reduced to a chess piece at the mercy of others.

Ren tiannv, after winning, becomes a chess player and can participate in the layout.

Tiannv's will can affect the direction of the chess game.

Hong Tianjing, however, could not help himself.

This is the gap between the two!

The impact of that war was too great!

Now, the daughter of heaven is in the sky, and Hong Tianjing is in the earth. They are not the same people.

Yu huangze bowed his head and did not dare to comment.

Hong Tianjing pondered for a while and said, "well, you can untie the seal for me. When you kill the reincarnation master, I can get back on the top and get rid of the fate of chess pieces."

It's very important for Hong Tianjing to exterminate reincarnation. If Hong Tianjing can successfully complete his mission, make great efforts, and get the reward from wanxu, his fate will certainly be changed.

But this task, after all, is at the mercy of others, involuntarily, his heart is naturally very unhappy.

"Yes

When Yu huangze hears Hong Tianjing's promise, he is delighted and takes out a Fu Zhao.

This Fu Zhao, with the will of wanxu, is enough to break the chain seal and rescue Hong Tianjing.

After all, the chain seal and prohibition have been greatly loosened, and it is not difficult to crack it.

At present, Yu huangze urges Fu Zhao to rescue Hong Tianjing.

Whoa!

But just then, the void burst, and a golden dragon claw burst out of the void, with a vast and terrifying breath of source art, and grabbed it hard.

With a puff, yuhuangze was caught off guard, his chest was pierced, his heart was pinched, his blood splashed, and his body was instantly destroyed.

"Who is it?"

When Hong Tianjing saw that Yu huangze was killed, he was shocked and angry.

Chapter 6358

One side of the annihilation sword spirit, draw out the sky sword, is also strict God guard.

"The nine gods, the Dragon God's secret of breaking the sky! It's you, Yale

Yuhuangze's body was killed. Fortunately, he changed quickly and his spirit came out in time.

The spirit is floating in the air. Yuhuangze can see clearly that a huge golden dragon emerges from the void.

This dragon, each piece of scales are flashing gold, dragon claw has ten fingers, representing perfect.

This sealed place is too small to hold the body of this dragon.

Click!

Layers of space burst, forming a void small world, can accommodate this dragon.

Yuhuangze's eyes contracted, but he recognized it. This dragon is the chess piece of the empress dowager, ye Luo'er!

The empress wants to assassinate Wutian. Yeluo'er is her pawn. The secret can't be hidden from wanxu. Yu huangze has heard about it.

Seeing ye lu'o'er appear at this time, Yu huangze is naturally extremely shocked. He has already guessed that Ren tiannu is behind his back to block the layout of wanxu.

"Yuhuangze, Hong Tianjing's gratitude and resentment with the heavenly daughter. Your Yuhuang family said they would not interfere. If you leave quickly, I can spare your life."

Ye Luo'er's dragon shaped body, perched in the void world, looked directly at Yu Huangze, and gave a cold warning.

She just a paw, the Dragon God break day Jue broke out, directly killed the body of yuhuangze, has shown great strength, yuhuangze is not her opponent.

Although the two men's accomplishments are suppressed in the second level of Baiji realm, they are not at the same level when they want to kill Huangze.

Yuhuangze's magic power is just a way to keep fit, not to attack and kill. It is useless to face Yeluo'er.

"Ren Tiannu is so bold that she dares to disturb the layout of her ancestors. Does she want to tear her face?"

Yuhuangze gnashes his teeth, and his spirit lands in the air, and then goes back to his body.

A breath of nine heavenly magic came out of his body.

That's the breath of Zhe Zi Jue!

Under the nourishment of Zhe Zi Jue, his corpse came back to life.

Ye Luo'er was a little surprised when he saw this. The legendary "Zhe Zi Jue" can revive the dead, even the dead. It's true to see it with your own eyes today.

Feather emperor Ze body recovery, stand up, coldly looking at Ye Luo son.

He carries the will of the ancient emperor Yu Huang and will never retreat easily.

"You are yelol? It's a pity that I didn't kill you at the beginning. You made me the climate

Hong Tianjing was also extremely surprised to see ye Luoer appear.

In a long time ago, he once put out his hand, a finger crushed through the void, to kill Ye Chen, by the way also want to erase ye lu'o'er beside Ye Chen.

But at that time, Ren Feifan boldly shot, cut off his fingers, save Ye Chen, also save ye lu'o'er.

Today, yeluo'er is an important person under the command of the heavenly daughter of the Supreme Court. The nine heavenly gods are perfect and powerful. Even Hong Tianjing dare not underestimate them.

"Hong Tianjing, with me, you can't get out of trouble today!"

Ye lu'o'er looks at Hong Tianjing coldly, and then stares at Yu huangze. With the Dragon God's Tianjue, the dragon claw suddenly shoots out, stabbing the latter's heart like an ancient wild dragon.

Hum!

An ancient bronze lock emerged from yeluoer's dragon body. It was the cause and effect lock that was sealed on her by the heavenly daughter. Although it imprisoned cause and effect and prevented her from meeting Ye Chen, it also gave her powerful power.

This causal lock, with the will of the heavenly daughter!

"What

Yuhuangze is shocked. In addition to the power of the nine heavenly gods, ye Luoer's attack is also very powerful.

In a hurry, he did not dare to resist. He hurriedly backed back to Hong Tianjing, looked at the annihilation sword spirit, and said: "Hong Tianwang, annihilation sword, let's join hands and kill Ye Luoer first!"

Ye Luo'er is too strong, especially with the blessing of Tiannv's will. Yu Huangze is not the enemy alone.

He wants to win, unless it's united with Hong Tianjing.

After all, Hong Tianjing now, even if he is weak, has the strength in the middle of Baijiejing, and he has the knack of listing words. His strength is extremely terrible. If he makes a move, Ye Luo'er may not be able to match him.

"Do you want to join hands? The fire shield of Jiulong God has been suppressed by me! "

Ye Luo'er's eyes were cold. Before Hong Tianjing's hand, the dragon claw suddenly waved, and a huge cover flew out of the air.

The cover is red in color and shaped like a golden bell. It is covered with ancient Hongmeng runes and surrounded by nine fire dragons. The flame is transpiration and the weather is extremely brilliant. It is the Jiulong magic fire cover in Hongmeng's treasure in the thirty-three days.

At this time, Ye Luo'er's Dragon God's heaven breaking formula has been completed. The nine dragon god fire is covered in her hand and can wield extraordinary power.

Boom!

The Nine Dragons god fire cover falls suddenly, fiercely covers the feather emperor Ze.

Yu Huangze screamed, "ah", and his whole body was burned by Longyan. The fire broke out, and his flesh and bones were charred. He was about to be burned to ashes.

"Zhe Zi Jue!"

In the crisis, yuhuangze urged the word Jue, a breath of vitality from the unknown void, nourishing his body.

He had just been scorched black skin, and suddenly recovered as before, and became bright and clean.

"The divine skill of Brahma is really mysterious."

Ye Luo son secretly praises a, but not soft, continue to urge Nine Dragons god fire cover.

Yuhuangze resisted with the formula of "zhe Zi Jue". A strange scene appeared. His skin and flesh were constantly burnt and blackened. In a moment, his body recovered as before. His body was flowing between life and death, withered and prosperous.

However, yuhuangze's scream has never stopped. The great torture between life and death is a great suffering.

Ye Luo'er can't kill him for a moment, so he puts away the nine dragons fire shield and takes Yu Huangze back. He is ready to take it back and give it to the heavenly daughter.

This time, lightning, flint, rabbit up and down, the end of the battle happened very quickly, Hong Tianjing did not have time to move.

The main reason is that Yeluo'er's cause and effect lock, with the will of the heavenly daughter, affected his spirit, leading to that he has not made up his mind, and yuhuangze has been defeated and imprisoned.

"Ha ha, very good, very good, Ren tiannv is really a good means."

Hong Tianjing grimly sneers. If he does, Yu Huangze may not be defeated. Together, they are enough to suppress Ye Luoer.

It's a pity that he doesn't have the chance to fight. Now it's too late for him to fight. Yeluoer won't fight him.

Ye Luo'er receives Yu Huangze, and Hong Tianjing has no chance to get out of trouble in a short time.

Chapter 6359

She breathed a sigh of relief, looked at Hong Tianjing and said, "Hong Tianjing, sooner or later, the heavenly daughter will come and settle everything. You don't have to be in a hurry for a while. Wait slowly!"

Hong Tianjing's forehead was blue and his heart was obviously angry to the extreme. He said with a smile: "you offended me today. When I get out of trouble in the future, I will be the first to cut you! I'm going to kill you. The heavenly daughter can't stop it. Wait for me! "

There was a strong murderous tone.

With yuhuangze's help, Hong Tianjing can get out of trouble today, but now, he is blocked by Ye Luoer. If he wants to break the seal, he can only wait more than half a year.

"Well, I'll wait for you."

Ye Luo'er's face is indifferent, and he doesn't care about Hong Tianjing's threat. He dodges into the void and leaves here.

Annihilation sword spirit stepped forward, his eyes twinkled for a while, full of hesitation and worry, and said: "Lord Tianwang, now reincarnation confronts wanxu. When the chess game comes to a critical moment, we can't participate in it. Half a year later, I'm afraid things will be easier and the weather will change."

He is only afraid that if he delays for half a year, the opportunity will be lost and Hong Tianjing will never rise again.

Hong Tianjing said calmly, "it's OK. This chess game is in a mess. Ten thousand ruins, the old days, natural principles, reincarnation, and even the secrets of Hongjun's ancestors. We still have a chance to show our skills."

Annihilation silent sword spirit worried, way: "hope so."

.....

At the same time, after yeluoer left, she should have returned to the Supreme Court to reply to the heavenly daughter.

But, she is in the mind remembering leaf Chen, haven't seen leaf Chen one side, where is willing to go back at this point?

It's just the task of the heavenly daughter, but it can't be delayed. With the help of cause and effect lock, she immediately communicates with the heavenly daughter to explain that the task has been completed and successfully captured Yu huangze.

In a short time, the cause and effect lock burst out a wisp of white light, and the rune appeared, but it was the will reply of the heavenly daughter.

"Throw yuhuangze to the dark forbidden sea. You can go to the heart of the earth to see ye Chen. After meeting people, it's not too late to come back to see me."

This is the answer of the heavenly daughter.

Yeluoer's back suddenly chills. The dark forbidden sea is the territory of Mozu Wutian. If yuhuangze is thrown down, he will be captured by Mozu Wutian.

You know, Mozu Wutian and yuhuanggudi are enemies like old enemies.

Once yuhuangze falls into the hands of Mazu Wutian, he will definitely suffer from terrible torture, which is worse than death.

Tiannv's extreme ruthlessness made yeluoer's body feel chilly.

She immediately obeyed the order of the heavenly daughter, flew to the dark forbidden sea, threw yuhuangze on a deserted island, and trapped him with a simple array.

At this time, Yu huangze had already lost his fighting power under the torment of the fire shield of Jiulong. This simple array could not be broken, and he could only be trapped to death.

"Ah, this is the dark forbidden sea! What do you want to do, Yale? Are you going to throw me to Mozu Wutian? You are insane, you have to die! "

Feather emperor Ze see the environment of the dark sea around, immediately feel bad.

Yeluoer doesn't speak. After completing the task, she turns and flies away, and then goes to the center of the earth.

Yuhuangze was abandoned, which touched the cause and effect of heaven and was perceived by the old alliance.

After a while, two people landed on the island, a man and a woman, it is the demon emperor and yuhuangyafei.

"How can there be people from the Yuhuang family here?"

The demon emperor was surprised and looked at Yu huangze.

Yuhuang Yafei was also surprised to see the people of taishangzong's family.

When Yu huangze saw these two people, his eyes fell on Yu huangyafei, his pupils shrank and he said, "are you the saint of the ancestral family in the earth's heart? You have the breath of the divine tree on the other side! You are Yuhuang Yafei? You traitor, you have taken refuge in Wutian

Yuhuang Yafei lowered her head and said nothing.

The demon emperor said faintly, "Miss Yafei, take him back and give it to Laozu Faluo. I'll wait for you in Hongjun secret place."

Yuhuang Yafei said, "yes."

At the moment, he was silent and left with Yu huangze.

"Traitor, you have to die!"

Yu huangze yelled, angry to the extreme, has a premonition of their own tragic fate.

Regardless of yuhuangze's howl, the demon emperor Zhetian went to Hongjun secret place by himself, ready to find the legendary earth vein crystal.

.....

At the same time, the supreme world is in the temple of wanxu.

The weather of disaster appeared in the wanxu temple, which was shrouded in dark clouds and extremely gloomy.

"Ren tiannu, you are so cruel

Seeing this disaster, yuhuanggudi felt everything and was furious.

He knew that the heavenly daughter had stopped him again, and the method was extremely cruel. He threw his family's true disciples into the dark forbidden sea and suffered from the torment of the old alliance.

At the side of the ancient Yuhuang emperor, there were several elders dressed as weapon refiners. Seeing his rage, they all bowed their heads and dared not speak, nor did they dare to breathe.

"Ren tiannu deceives others too much. You see, what should we do with her?"

Yuhuanggudi glanced at the elders and said sternly.

The elders trembled and looked at each other. After a long time, one of them stood up and said:

"Ren tiannu has a good climate, and she is extremely shrewd. She never leaves the country. If you want to deal with her, it will be very difficult."

In the past, in order to win over Ren tiannu, the ancient Yuhuang Emperor gave the territory of the old empire to her.

Today, Ren tiannu is in charge of the old empire, relying on the earth to fight against the ancient emperor.

Yuhuanggudi is the first master, if the peak duel, Ren tiannu naturally is not the enemy, but she is very clever, never out of the feudal state, relying on the local Qi, it is absolutely impossible to beat yuhuanggudi, but to protect themselves, it is more than enough.

Even the yuhuanggudi could not break through the protection of the earth and kill Ren tiannu.

"How is the yuhuangzhu sword forged? Has the sword been cast

The emperor's eyes twinkled and asked.

The elders of refining weapons were all trembling and didn't dare to say a word.

Because they know what it means!

Yuhuang ancient emperor said that Yuhuang zhushenjian is actually a killing weapon!

This sword, with the essence and blood of the ancient emperor Yuhuang as the guide, was jointly forged by 100 craftsmen.

Chapter 6360

The 100 weapon refiners are all practicing the military word formula. The military word formula is extremely profound, and those weapon refiners can't understand it, but each of them can understand it a little bit. If a hundred people unite, it's also a very powerful force.

A hundred craftsmen started casting the Yuhuang Zhushen sword thousands of years ago.

This is the weapon used by yuhuanggudi to suppress the Empress Dowager!

He knew very well that the goddess of heaven had already posed a serious threat to his hegemony and rule, and had to be eliminated.

And this sword is a sharp weapon to get rid of the goddess.

This sword can only be used once. After it is used, the blood essence of the ancient emperor Yuhuanggu breaks out, which means that the emperor Yuhuanggu comes in person. It can break through all the restrictions of heaven and earth, and kill the enemy.

Yuhuanggudi wanted to use this sword to kill Ren tiannv and eradicate the disaster.

"It's been a thousand years. Haven't you succeeded yet?"

Asked the old emperor harshly.

A refining elder shivered and said, "Lao Zu, your energy of essence and blood is too great. It's very difficult to refine and cast sword. We need another thousand years."

Yuhuanggudi said angrily: "a group of rubbish! Give you another thousand years, and all the ruins will be destroyed! "

The master said, "let's calm down. Now the young sword has been made, but it hasn't started yet. If we rush to work at all costs, it will be finished in 500 years."

The emperor pondered for a while and said, "has the sword been cast? That's OK. Give it to me. "

The refining elder was shocked and said, "what do you want to do, Lao Zu? It's just a young sword. It's absolutely impossible to kill the heavenly daughter! "

How powerful is the supernatural power of the heavenly daughter. If you want to kill her, you can't even hurt her if it's a young sword without a sharp edge.

The ancient emperor of the feather Emperor gave a grim smile and said, "if you can't kill the heavenly daughter, can you still kill the reincarnation Lord?"

The elders were shocked and said, "the sword of Emperor Yu is a sharp weapon against the heavenly daughter. If this sword is used to deal with the reincarnation Lord, what should be done in the future when the heavenly daughter rebelled?"

As soon as the emperor waved his hand, he said, "it's OK, let the heavenly daughter stop me again and again, then I'll smash this game of chess! Doesn't she like reincarnation? Then I'll kill the reincarnation Lord today. I'll see what she can do! "

At the end of the day, the emperor's eyes flickered with fierce anger, as if he had made up his mind.

Now the nine cauldron array has been made into one cauldron and has an array eye.

Although an array of eyes, can not let the emperor personally, but enough to let the emperor sword down, kill everything.

The elders were in cold sweat. They didn't expect that the plan of yuhuanggudi was so crazy.

You know, yuhuangzhushenjian is used to deal with Ren tiannv. If you take it to deal with Ye Chen, there will be nothing that can suppress Ren tiannv's arrogance in wanxu temple.

Although reincarnation blood is superior to the sky, after all, ye Chen is not fully developed.

And Ren tiannv, is a big terror, the threat is more than ye Chen.

"Laozu, think twice!"

"Compared with the Lord of reincarnation, the threat of tiannv is greater at present."

"Yes, Laozu, please think twice. It's not too late to eradicate the heavenly daughter first, and then deal with the reincarnation Lord."

"The nine cauldron array can be built in three years. The ancestors don't have to be in a hurry for a while. Three years later, you will come here in person, and the reincarnation Lord can't resist it."

The elders talked.

"You don't have to say that. Give me the sword right away," the ancient emperor said coldly

Looking at the stern appearance of the ancient emperor, all the elders did not dare to dissuade him any more. With a sigh, they returned to the hall of sword casting and invited out the sword to give it to the ancient emperor.

This sword, about three feet long, has a dark gray color. It's made of rock. The blade is blunt, but it hasn't opened yet. There is a layer of blood flowing. It's the essence and blood of the ancient emperor, and it hasn't been melted into the sword.

"It's a pity that if this sword opens, if Tianwei comes, I can't stop it."

The ancient emperor of the feather emperor flicked his finger on the sword, and the sword made a deep sound, such as the heaviest chapter in the history of poetry, with the general trend of historical vicissitudes.

If this sword opens, it will be earth shaking, enough to kill all the restrictions of heaven and earth, and kill whoever you want.

However, this sword, after all, has not opened the front, it is impossible to kill Ren tiannv, but it is very likely to succeed in killing Ye Chen!

"Kill the gods forever, if I come in person, go!"

With a wave of his hand, the yu Huanggudi, inspired by Lingqi, officially launched the yu Huangzhushenjian, tearing the void and flying to the earth's heart.

Boom!

As soon as the yu Huangzhushenjian was activated, it immediately vibrated violently, and the body of the sword turned into a giant.

The huge sword soars into the sky, pierces through the clouds and breaks the sky. It startles the wind and thunder all over the sky. The strong wind explodes, the sky curtain is torn open, and the clouds are running in disorder. The scene is very spectacular.

In the supreme world, Shentu family, the ancestor of sword God, fengdijun, Hong Chunqiu, the Grandmaster of Hong family, and others were shocked to see the huge sword suddenly burst into the air.

At Shentu's house, Shentu Tianyin saw the scene of the huge sword breaking through the air. His heart was full of shock and he murmured, "is the sky going to change? Is the Emperor Yu Huanggu going to tear up his face with Ren tiannv? But this sword hasn't opened yet. How can a young sword match the heavenly daughter? "

"No! It seems that this sword is going to kill Ye Chen. Does the ancient emperor Yu Huang want to kill Ye Chen
