Chapter 6381

Ye Chen sees Wen Changkong's awkward attitude of escaping, and secretly marvels at the power of the old alliance.

In fact, Wen Changkong is in charge of Wangshu Tianzhu. If he really wants to work hard, it is not known who will win.

However, he was afraid of the power of the old alliance, and he even gave up the Pearl of Wangshu. He didn't dare to have any idea of resistance. It can be seen that the old alliance and the devil ancestor are powerful.

"Get up, too."

The demon emperor looked around and saw that the people of Xiahou's family were still kneeling on their knees.

Xiahouba and others stood up a little embarrassed and nervous, but they didn't know what to say for a moment.

In their eyes, the demon emperor was a great man in the inland sea. When he came to the open sea, they did not even dare to look at it for fear of blasphemy.

Regardless of the people around him, he only talked to Ye Chen and said, "how have you been recently? Wanxu wants to kill you with the Yuhuang Zhushen sword. Now you are safe and sound. "

Ye Chen smiles bitterly. A few days ago, he fought against the Yuhuang Zhushen sword. That was all the strength of the whole earth. At last, the ten swordsmen paid a huge price to stop it. How could it be so easy?

"In fact, it's not very stable. The cause and effect is not over yet. I need to go to Hongjun secret place."
Ye Chen helpless way.

The emperor said, "is Hongjun a secret place? I just want to go there too. Let's get together. "

Ye Chen was overjoyed and said, "good! So you're going to Hongjun secret place, too? "

The demon emperor said, "yes, the demon ancestor has a mission for me. He wants me to find the crystal of Hongjun earth vein."

Ye Chen thought of the enmity between Wu Tian and the devil emperor, and his face was slightly dignified. He said: "master devil, now you have become the container of Wu Tian? He's going to take you, isn't he? "

The demon emperor of Zhetian said with an open-minded smile: "this is my choice. No wonder others, the demon ancestor Wutian, is not a big traitor. He didn't force me. This is a deal."

At the beginning, in order to cure Yuchi Yao, Emperor Zhetian had to ask for Wutian.

Between them, it's a deal.

Wutian saved Yuchi Yao, and as the price of the transaction, the emperor agreed to be his container.

Ye Chen said: "master devil, you have a firm will. Even if the devil has no heaven, if you want to take you away, I'm afraid it's hard to get to heaven."

The demon emperor nodded slightly and said, "that's right. Otherwise, I won't agree to this deal. It's hard to say who will win in the end."

Ye Chen was quite excited and said: "master devil, if you can fight back, can you directly control the power of the old alliance? That's against heaven

The old alliance is very powerful and powerful. If the demon emperor can take charge of it, even the wanxu temple will be afraid of it.

At that time, ye Chen will be able to play a very important card against wanxu.

The emperor of covering heaven laughed and said, "it's so easy to kill Wutian? Don't be so paranoid, boy. "

Hearing this, ye Chen's excited mood also cools down slightly.

That's right. The power of Wutian is so terrible. I'm afraid it's hard to kill him.

"No matter what, master devil, I will be on your side!"

Ye Chen looks at the devil emperor and solemnly says.

The demon emperor was very grateful and said, "well, I really did not see the wrong person. With your help, I finally fought against the demon ancestor Wutian, and I had enough strength."

Between their conversation, they did not deliberately avoid it. The people of Xiahou's family could hear it clearly.

When they heard that ye Chen and the demon emperor wanted to plan against Wutian, or even kill him, they broke out in a cold sweat.

In the dark sea for many years, they have always been shrouded in the shadow of the devil, where to think of such a rebellious thing.

Even Xiahou Zhenglong, who has been practicing Buddhism and upholding precepts, was shocked when he heard the words of Ye Chen and the devil emperor. He closed his eyes and kept chanting "Amitabha."

Ye Chen went to Xiahou Zhenglong and said, "master, we are going to Hongjun secret place. Will you come with us?"

Xia Hou Zhenglong opened his eyes and sighed: "I have no face to face the sword nameless again, so I won't go. If you meet him in Hongjun secret place, remember to say sorry to him for me."

"At that time, I retreated. I'm sorry for him. I made him break his sword hand. I'm guilty."

"For the rest of my life, I will continue to meditate in front of the Buddha and repent of my sins."

With that, Xiahou Zhenglong lowered his eyebrows, turned to enter the temple and closed the door.

The people of Xiahou's family were very sorry.

Ye Chen also sighed a, since the summer Hou is Dragon don't want to go, he also don't demand.

Now, the demon emperor knows the entrance of Hongjun's secret place. As long as you follow him, ye Chen can enter the secret place.

"Master devil, let's go."

Ye Chen looks at the demon emperor, who nods. Then he leaves with Ye Chen and flies away to Hongjun's secret place.

The demon emperor said, "boy, when you go to Hongjun secret place, do you want to find the unknown sword?"

Ye Chen said: "yes, his master is about to die. I want to see him before I die..."

At the moment, ye Chen brings down the yuhuangzhushenjian, and the geocentric alliance confronts him. Finally, the ten sword saints sacrifice the heart of the sword. At the cost of falling, they successfully crack the wanxu plot. Let's just say it again.

Emperor Zhetian was quite surprised and said, "I've heard the name of Shifang sword sage. He's the first person in the world in terms of sword skills. He was admired by Hongjun's ancestors. He once wanted to win over others, but he was arrogant, but he didn't like anyone."

"Is the disciple of Shifang sword sage trapped in Hongjun secret place?"

Ye Chen is only afraid of the sword's nameless accident, and says: "he has been trapped for many years, and I don't know what the situation is. We'd better go and have a look."

The demon emperor nodded, and then he and ye Chen speeded up and rushed to Hongjun's secret place.

.....

But at this time, the supreme world, in the temple of ten thousand ruins, is shrouded in haze.

Yuhuanggudi's eyes were gloomy and his face was slightly pale.

"Well, you are so powerful that you dare to break my plan!"

Yuhuanggudi furious, yuhuangzhushenjian fall, his plan completely failed, but also lost a trace of blood.

Behind this, it's all because of the obstruction of shifangjianshengjian Tongtian!

If it wasn't for Shifang Jiansheng, ye Chen would have been killed.

In his heart, the emperor yuhuanggudi hated him very much. He just wanted to kill the whole family of Hongjun sword sect. He had already let out his hatred.

He pinched his fingers and used the "pre word formula" to peep into the cause and effect of heaven, hoping to find a way to revenge.

"The secret place of Hongjun, the sword is nameless?"

"Ha ha, Jian Tongtian, is your disciple in Hongjun secret place? You want to see him before you die? "

Chapter 6382

In the eyes of the ancient emperor Yuhuang, there was a fierce killing.

"Linglong, look for a man named sword nameless for me. He's on your side. Find him out and kill him directly."

At present, the yuhuanggudi issued his will to forbid the dark sea in the distance. In a secret place, there were grass leaves shaking up and growing like demons.

The leaves of grass, which actually take on the shape of a sword, are extremely rare "sword grass".

This piece of sword grass, crazy growth, instantly spread thousands of miles, overwhelming, seems to want to search for something.

.....

At the same time, ye Chen and the demon emperor came to the junction of the open sea and the inland sea.

"The entrance to Hongjun's secret place is here."

The demon emperor stopped and said to Ye Chen.

Ye Chen looked down, but saw the junction of the ocean, torrent when, vortex shouts, fishy and wet sea breeze blowing, the wind with the dark smell of waves, people feel uneasy.

"Let's go."

With a flash of his body, the demon emperor hid in the ocean and got into an ocean current vortex.

The current whirlpool, waves, I do not know how many hidden dangers.

Ye Chen sees shape, also dodge body to drill in, but discover this whirlpool, originally unexpectedly is a transmission entrance.

He and the demon emperor, after drilling into the vortex, were immediately sent to a secret place by a strong force.

"We're in Hongjun's secret place?"

Ye Chen is surprised for a while. Looking around, he sees that the secret territory is quite vast. He can't see the boundary at a glance. It's vast.

In the secret place, there are mountains and rivers, forests, the Yangtze River, the sky, the earth, birds and animals. It is like an independent world.

However, in this world, aura is very thin, and there is no special auspicious glow. It is not like a place where treasures are buried.

In the world, there is a place where the natural resources and local treasures are hidden. There are usually special auspicious visions, but ye Chen can't see any visions when he looks around.

"Yes, this is the secret place of Hongjun. According to the legend, the Taoist temple of Hongjun's ancestor, Jiutian Shenshu, came from here. This place is the source of Jiutian Shenshu."

Emperor Zhetian's eyes narrowed slightly and looked into the distance. The aura of this secret place was extremely thin. He could hardly see anything special. But he knew that this was the legendary Hongjun secret place, and there was no mistake.

Ye Chen said: "I didn't expect that in Hongjun's secret place, the aura of the earth is so weak."

Emperor Zhetian shook his head and said, "for thousands of years, the treasures of this place have been emptied. Naturally, there will be no aura and auspiciousness. However, Wutian told me that in the secret place, there are special prohibitions. If you break the prohibitions, there will be another harvest."

In the deepest part of Hongjun's secret place, there are many opportunities left, and even a precious vein crystal.

If the demon emperor can break the prohibition and get the crystallization of the earth vein, he can cut off the shackles and break through the hundred shackles.

Moreover, with the help of the crystallization energy of Hongjun's earthvein, the number of flail he cut could even exceed 81.

The purpose of his trip is to find the crystallization of earth vein, absorb refining, and cut off shackles.

Ye Chen frowns a way: "just don't know that sword nameless, exactly where."

He just wanted to find the sword nameless as soon as possible and take it back to meet the ten sword saints, but the secret place of Hongjun was too big and his Qi was too thin for him to catch the nameless sword.

The emperor said, "come with me. As long as you find the crystal of the earth vein, you can control everything in the secret place. You can find anyone you want."

The earth vein crystal of Hongjun secret place is the crystal condensed by the earth vein aura. It is not only rich in aura, but also contains the old will of Hongjun. Once obtained, the benefits are unimaginable.

Ye Chen's heart moves. If he can find the earth vein crystal, he can find the unknown place of the sword.

The demon emperor immediately set out and flew to the secret place.

Ye Chen is also flying up, closely following him.

At first, there was no danger, but gradually, the deeper the secret, the more dangerous they caught.

Roar, roar, roar

When night fell, it was dark and nothing could be seen.

Deep in the forest, there was a roar of fierce beasts, shaking the mountains, shaking the trees and falling leaves.

Among thousands of mountains and valleys, more ancient fierce beasts roam, unknown species appear and disappear, all kinds of terrible roar, in the dark night, one after another, as if to tear this secret world.

There is also a bird of prey, whose wings cover the sky and cover the moon, passing through the sky, suffocating through the terrible shadow.

"Let's be careful. Although the treasures of this place have been emptied, there are many ancient beasts of different species."

The demon emperor was slightly dignified. Seven evil spirits and ten thousand crow pots were sacrificed. He launched a crow array to hide his body and rest with Ye Chen in the same place. It was not easily exposed.

Ye Chen feels the terrible breath around him, and he doubts in his heart. In such a dangerous place, even he should be cautious.

Sword nameless hand holding sword, cut off by Hong Tianjing, alone, in this place, how to survive?

Whoa!

When they were resting, a sharp cry came out in vain.

But in the sky, there is a huge bird, found two people.

The giant bird's silver white feathers, like mercury casting in general, showing the cool color of metal, as soon as he found them, he immediately dived down with a long cry, his wings like a knife, and came to kill them.

"Be careful! It's the old Raptor of Hongjun era, silver winged bird

As soon as the emperor's face was frozen, he recognized the origin of the giant bird. When he saw the silver winged bird coming, he immediately killed it with his palm and lifted up the sky.

"Old evil way, giant claw!"

His palms were full of demons and changed into sharp claws. His five fingers were like black swords.

The silver winged bird's body was hit by the demon emperor. With a puff, there was a blood hole, on which scattered evil spirit overflowed.

With a cry of sadness, the huge body of the silver winged bird immediately fell to the ground, causing smoke and dust all over the sky and breaking countless trees.

"Master devil, is this your new martial art?"

Ye Chen was surprised to see that the emperor's martial arts were more fierce than before.

The emperor took back his hand, and the blood on his hand fell like raindrops. He said, "I'm in the old alliance, and I've learned a lot of martial arts from the old times. Let alone so much. The smell of blood here may attract other fierce animals. Let's go."

In the distance, the beast roared fiercely, and there was a huge sound of footsteps.

Obviously, the bloody smell of the body of the silverwinged bird attracted the fierce animals around.

Chapter 6383

The demon Emperor didn't want to have any trouble. He immediately took Ye Chen to leave and fled to a remote place to hide.

So after a night, to the next morning, the two continue to go.

Hongjun's Secret territory is very vast. They galloped all the way. After three days, they didn't come to the end.

During these three days, they have been sleeping day and night, and they have met many fierce beasts. Fortunately, they are strong in martial arts, and they have been safe all the way. No accident happened.

"I don't know when I'll be able to find the unknown sword. If I delay, I'll be in trouble."

Ye Chen sees time pass day by day, also can't help but have some anxieties.

Time is running out for Shifang sword sage. If you don't take the sword back soon, it may be too late.

After another two days, ye Chen followed the demon emperor and finally came to the end of Hongjun's secret place.

In this marginal zone, there are cliffs and peaks standing, but outside the peaks, there is a dark and chaotic void. Nothing exists, that is, a chaotic void. The law of time and the law of space, all the laws flow, almost all of them are static.

It's a lost space.

It turns out that the secret place of Hongjun is opened up from the lost time and space.

Outside the secret place is a chaotic and lost world of time and space. Once ordinary people fall in, it is almost impossible for them to escape.

At this time, ye Chen vaguely found that the Chinese reincarnation xuanbei ling'er had a movement, but he called many times, ling'er did not reply.

Presumably the energy here can make ling'er absorb and wake up as soon as possible.

Ye Chen sees the vision of lost time and space outside, and his heart is slightly tight, but he doesn't worry too much, because now he has mastered many magic skills, such as Bing Zi Jue, Dou Zi Jue, and Zhen Zi Jue, and even lost time and space can't trap him.

"The crystallization of the earth vein is hidden in that space-time."

The demon emperor pointed to the lost time and space, a burst of excitement.

The veins of Hongjun's secret place, as well as some unexplained opportunities, are actually hidden in the lost time and space outside the edge.

When he reached the edge of the secret place, before he stepped into the lost time and space, there was a black iron wall like prohibition, which bounced out and blocked his way.

Obviously, if you want to search for treasure in the lost time and space, you need to break the ban first.

"Boy, give me a hand."

The emperor of heaven concealing evil thought a move, and a continuous stream of smoke filled out, turned into thousands of smoke magic knife, ready to go.

He looked back at Ye Chen and asked for help.

This prohibition is so strong that he may not be able to break it alone.

Ye Chen nods, pulls out the wild devil sky sword, is about to move.

But at this time, a cold and obscure voice, with surprise and salivation, suddenly sounded from the rear: "ha ha, wild devil sky sword? I didn't expect to encounter this kind of treasure. If you give me this sword, I will surely improve my swordsmanship. "

This voice suddenly rings out, scared leaf Chen one jump.

"Who is it?"

Ye Chen is greatly surprised under, turn round to come to, discover this voice, is to spread out from a cliff behind.

The cliff, full of bones, the atmosphere is quite terrible.

The secret place of Hongjun is dangerous everywhere, so ye Chen and the demon emperor Zhetian didn't think it was different to see the white bone cliff before.

But at this time, a figure appeared on the white bone cliff.

It was a tall and thin man, dressed in a cloth suit, cold as a knife, axe and chisel, with sharp eyes.

Man's left hand, holding a beast bone sword, murderous.

And his right hand, the whole right arm, doesn't exist. His sleeves are empty.

It turned out to be a one armed man holding the sword with his left hand.

His eyes, staring at Ye Chen's wild demon sky sword, with a strong fiery look.

The emperor was also surprised to see this man suddenly appear.

With his and ye Chen's strength, he didn't find this person's existence before. It can be seen that this person has been hidden for many years in Hongjun's secret place. His breath is integrated with heaven and earth. If he didn't show up on his own initiative, no one would find him.

"Give me the sky sword!"

The man with broken arms stares at Ye Chen's sword and suddenly gives out a low roar like a beast. He steps on the ground and shoots his body out. He stabs Ye Chen in the air with his sword.

He holds the sword with his left hand, but it doesn't block him at all. His sword moves perfectly, his sword Qi breaks through the air, and he is very fierce.

Ye Chen is surprised and can't find out the strength of the other side. Seeing that the other side's sword moves to kill, he quickly waves the wild devil's Heavenly Sword to block it.

Zheng!

The two swords fight each other. The beast bone sword of the man with broken arms meets Ye Chen's wild devil Heaven Sword. Under the confrontation, it doesn't break.

Ye Chen is shocked, but he feels that his opponent's swordsmanship is extremely exquisite, and his skill of using force to transform force has reached the realm of perfection. The sharp and fierce breath of his wild devil Heavenly Sword is defused by his opponent.

"Yanggang flame sword, broken!"

The man with the broken arm suddenly drank, and the beast bone sword suddenly burst out with a red and golden awn, which was like the flame of Yanggang. The sword Qi was extremely fierce, and he killed Ye Chen.

Ye Chen suddenly contracted his pupils, and his whole body was shocked. This sword could not resist. He was cut through his chest, and blood flowed out. The sword wound was deep and bone could be seen, and the whole person was repulsed.

"Boy, what's the matter?"

Cover day evil emperor greatly surprised, hurried forward to protect Ye Chen, he thought that at the moment Ye Chen some strange.

"Why don't you hide?"

He is matchless surprised, looking at Ye Chen way.

Chapter 6384

Although the sword of the man with broken arms was strong and powerful, it couldn't be hit so easily with Ye Chen's cultivation.

Ye Chen didn't evade, and directly accepted a sword.

"The sword of Yanggang? You... You are... "

Ye Chen doesn't care about the injury on his chest. He looks at the man with broken arms in horror.

The swordsmanship used by the man with broken arms came from the Hongjun sword sect!

The swordsmanship of Hongjun sword sect is composed of eight trigrams, yin and Yang, with a total of ten swords.

What the man with broken arms displayed was the Yanggang sword in the ten swords.

Looking at the empty sleeve of the man's right arm, ye Chen's head is blank. He guesses the identity of the other side and says: "you are the sword, no name!"

This man can use Hongjun's sword technique, and he just broke his right arm. It must be that the sword is nameless.

Finally find the sword nameless, ye Chen surprise, just forgot to dodge, forced by the sword nameless sword.

Fortunately, ye Chen has a strong constitution, and his chest wound is gradually healing.

"Do you know me?"

Sword nameless eyes a cold, greatly surprised.

Ye Chen stepped forward and said, "my name is Ye Chen. I'm the Lord of reincarnation and the guest of Hongjun sword sect. Your master is dying. He wants to see you before he dies!"

The sword was nameless and said, "Hongjun sword sect, where is that? Who is my master? "

His eyes were dazed and he wanted to think, but his head ached, but he couldn't remember anything, and his face was a bit of pain.

"It seems that he is lost," the demon emperor said in a deep voice

Ye Chen sees this, also feel sword nameless mental state, seem to have a problem, unexpectedly have a kind of enchanted appearance.

"What Hongjun sword sect, what master, you must have been sent by Xia Hou Zhenglong to harm me! Die for me

The sword looks up in vain, and its eyes are as fierce as beasts. It steps out in one step. The animal bone sword stabs wildly, and the sword gas bursts. It divides light into shadow, and turns ten thousand swords in one sword. It converges into a torrent of sword gas, as if it is going to fall to the gods. It cuts to Ye Chen and the demon emperor.

"Shifang meteorite sword, I suppressed it!"

Sword nameless hissing, this sword is actually the supreme sword power of Hongjun sword sect, Shifang meteorite sword!

Hongjun sword way, eight trigrams Yin and Yang, ten swords are one, is ten meteorite sword.

As soon as this sword technique was used, the air flow of yin and Yang between the heaven and the earth was whirling. At the feet of Ye Chen and the demon emperor, a eight trigrams sword array appeared automatically.

In the sword array, the Qi of the sword is sniffing, and the infinite Qi of the sword comes out of the array. The unknown light of the sword is also fierce.

The sky and the earth are full of sword Qi.

"Be careful!"

As soon as the emperor's face sank, he immediately urged Qisha Wanya pot, and countless crows flew out, whistling around his body.

Crows around, also formed a layer of barrier, block the sword nameless sword, did not harm the body of the demon emperor.

Ye Chen saw that the ten square meteorite sword was coming. He grasped the handle of the sword fiercely and chopped it out of the void. He cried: "the bloody moon slaughters the sky. Break it for me!"

All of a sudden, six rounds of blood moon soared into the air, and the fierce blood moon sword cut the eight trigrams sword Qi around.

However, ye Chen's unknown swordsmanship is very profound. When he saw the light of his blood moon sword rising, his long sword's trajectory turned, driving tens of millions of sword Qi to turn, which created a huge momentum and disturbed Ye Chen's blood moon sword Qi.

Puff! Puff!

In the sky, six rounds of blood moon suddenly disordered, actually collided with each other.

Then, six rounds of blood moon, in the collision, annihilate each other.

"What

Ye Chen sees this scene, immediately startled.

With the annihilation of XueYue, he also suffered a serious impact and almost vomited blood.

"Your Kendo is so exquisite!"

Ye Chen looks at the unknown sword. He only feels that his opponent's swordsmanship is better than the blue. If he talks about the sword, he may even surpass the ten swordsmen!

Just in the battle, the sword nameless with very clever sword potential, with the help of force, let Ye Chen's sword Qi, attack himself.

That six rounds of blood month, is not by sword nameless cut to break, but leaf Chen from disorderly formation feet, oneself break.

Fortunately, ye Chen has a deep foundation. Otherwise, he has already killed himself by the action of self disorder.

In Ye Chen's heart, naturally, he was extremely shocked. His unknown swordsmanship was so powerful that he could disturb people's martial arts skills. It was conceivable how terrible it was to let the enemy disorganize himself and kill himself.

Sword nameless face is silent, the vision only stares at the wild devil Sky Sword in the leaf Chen hand.

"Bring it to me!"

Like a wild animal, he rushes into the sword array and grabs Ye Chen's hand to forcibly capture the wild devil sky sword.

"Old martial way, giant claw!"

Seeing this, the demon emperor immediately used his giant claw to kill the sword.

The sword is nameless. Seeing that he is strong in martial arts, he doesn't fight. With a flash of his body, he turns into a wisp of spirit and kills Ye Chen like a sword. He wants to take advantage of Ye Chen's breath and forcibly seize the sword.

"Ten square meteorite sword, break it for me!"

Ye Chen takes a deep breath. Seeing the fierce and nameless appearance of the sword, he immediately uses the ten square meteorite sword.

Ye Chen has been taught this sword skill by the ten sword saints, and has stepped into the threshold. He has a little success. Although he is not as powerful as Jianming, his power can not be underestimated.

Whoa, whoa, whoa!

But when ye Chen's wild demon sword turned, countless wild demon swords burst out, as if to fall to the gods, forming a sword array.

This sword array is as like as two peas of the sword, and the ten Party's sword is evolved.

Bang!

The two sword formations are in conflict with each other, and they are incompatible with each other. They directly collide fiercely.

At the moment of collision, the two swords burst out at the same time.

"Puff!"

After the explosion, ye Chen was seriously bitten and vomited blood.

The sword is nameless, which is also a serious impact. However, he is highly accomplished in kendo. With the help of force, the animal bone sword dances and creates eight trigrams circles, which disintegrates the power of backfire, and his body flies back and forth without injury.

"You... How can you know Hongjun sword technique?"

The sword is nameless, looking at Ye Chen stupidly, the color of full face is startled.

Just now, as like as two peas, the blade method was exactly the same as him.

Ye Chen laughs, and the eight trigrams heaven elixir moves automatically to recuperate the hurt of backfire, saying in a loud voice: "do you remember the Hongjun sword technique? Do you remember your master's name is Shifang Jiansheng, whose sword is connected to heaven? "

The four words of "Hongjun sword technique" came out without name, as if they were deeply imprinted in his memory.

At this time hear ye Chen's inquiry, sword nameless full face vibration, beast bone sword bang when a, fall to the ground.

Then, he knelt down, his only left hand covered his head in pain, and whispered: "I remember, the sword is all over the sky, he... He is my master, I betrayed him..."

Chapter 6385

Ye Chen facial expression a slow, way: "you all remember?"

Sword nameless face struggling pain, silent do not speak.

Ye Chen's voice became stern again and said, "have you forgotten all your master's kindness in raising and teaching?"

Sword nameless facial features twist, body twitch, way: "enough, don't say!"

Then, white smoke came out of his head, which seemed to be excessive thinking.

In the end, he froth at the mouth, twitched a few times and fainted.

"Damn it

Ye Chen exclaimed, but he didn't expect that the sword would faint.

He quickly went over and used the eight trigrams Tiandan technique, Tianxian Koi copy and other techniques to treat the sword nameless.

However, Jianming was in a deep coma, but he never woke up.

The demon emperor came forward and said, "what's the matter with him?"

Ye Chen explored the unknown pulse of the sword and said in a deep voice: "there should be no danger. It's just that the fluctuation of spirit and emotion is too big. You need to rest. It's estimated that you will wake up in a few days."

The emperor said, "that's good. Have you solved your cause and effect?"

Ye Chen wry smile for a while, way: "where have so easy?"? I'll wait for him to wake up and take him back to the heart of the earth

The demon emperor nodded and said, "when you go back to the center of the earth and see Jian Tongtian, you can tell him that my old alliance has the intention of soliciting. If he is willing to surrender, my old alliance will take care of his descendants."

Ye Chen Mou son a congeal, way: "devil emperor elder, you a mouth a 'my old days alliance', I all think you sincerely submit to devil ancestor have no day."

The demon emperor stayed for a moment, and then said with a smile, "I'm finally blessed by the demon ancestor. Before things break down, I will defend the interests of the old alliance."

Whether it's the devil emperor or the devil ancestor Wutian, they are all aboveboard figures, not as insidious as the ancient emperor Yuhuang.

There was no conspiracy between them. The winner was decided by heaven.

Ye Chen said: "on the day of the final break, you must inform me, and I will try my best to help you!"

The demon emperor said, "I'll talk about it then. In fact, it's my cause and effect. I don't want to trouble you. You have enough things on your back."

Ye Chen said with a smile: "it doesn't matter, what's the relationship between us? There's no need to say such outsider words."

Next, ye Chen waited for three days in the same place with the demon emperor, but he didn't wake up.

Sword nameless or comatose state, occasionally murmur "Xiahou Zhenglong", "Hong Tianjing", "younger martial brother and younger martial sister", "master" and so on.

The evil emperor of covering the sky frowned tightly. He also had a task and couldn't stay long.

Whoa! Whoa!

At this time, there are two figures flying from afar, landing on the ground, but two women.

One of the women, wearing a water blue cheongsam, has a round waist, graceful figure and is very charming.

She bowed to the demon emperor and said, "Lord demon, yuhuangze has been handed over to Laozu. He has been executed by snake and thrown into the snake pit to kill him. It turns out that he has an important task to perform when he leaves wanxu."

With that, she took out an information scroll and handed it to the demon emperor. She thought it was torture yuhuangze and forced him to ask.

The demon emperor turns over the information scroll and gives it to Ye Chen.

Ye Chen receives to come over to see, also be greatly surprised.

The content recorded on the scroll is that yuhuanggudi wanted to rescue Hong Tianjing, so he sent yuhuangze out.

But unexpectedly, the heavenly daughter blocked it and sent yeluo'er to stop it.

Finally, yuhuangze is defeated by yeluoer and thrown into the dark forbidden sea. Finally, yuhuangze is captured and killed by the old alliance.

But the rescue plan of yuhuanggudi failed. In a rage, yuhuangzhushenjian was used.

"It turns out that lol is coming. Why doesn't she come to see me?"

Ye Chen is surprised, did not expect that ye Luo'er has been to heaven and man, I do not know whether he has been to the earth?

His mind flashed, and he remembered that he had been peeped at secretly. This time, he deduced the fate, and the cause and effect fit. He had determined that the peeping person behind him was Yeluo'er!

Yeluo'er, watching him in silence, but just watching, but did not come out to recognize him.

Ye Chen's heart is both surprised and happy. Unexpectedly, ye Luo'er's strength has improved so fast that he can hide perfectly and not be found by him.

However, why didn't Yeluo'er come out to recognize him, but he wanted to stop and watch alone?

Ye Chen doesn't understand. He is worried about ye Luo'er in his heart. Ye Luo'er also misses him, but why doesn't she come out to recognize him?

At this time, ye Chen suddenly feels a little uncomfortable.

Looking sideways, ye Chen finds that the mellow woman in the water blue cheongsam is staring at him.

The woman's eyes, with a trace of killing and hate, although in front of the demon emperor, dare not make trouble, but the hostility, in any case, can not hide.

Ye Chen heart a shock, has caught the secret, blurted out: "you are the granddaughter of the Yuhuang family, the other side of the tree leader, Yuhuang Yafei?"

This cheongsam woman is Yuhuang Yafei.

Yuhuang Yafei's cousin, Yuhuang Qingshu, is the first Yuhuang ethnic group Ye Chen has ever seen.

Ye Chen is also the first time to see the power of Brahma's divine power from Yu Huang Qing Shu. He is still impressed by the other party's Linzi Jue, the magic's presence in the world.

At the beginning, in the battle of evil evil spirit and martial law in the far north sky sea, the Yu Huang Qing Shu was killed by Ye Chen.

And Yuhuang Yafei is Yuhuang Qingshu's cousin!

Although she knew that her cousin was to blame, she was a relative after all. She was killed by Ye Chen, and there was hatred in her heart.

This meeting, the cause and effect of hatred turned up, two people do not need others to introduce, both know each other's identity.

After the failure of seizing the evil evil spirit martial arts code, Yuhuang Yafei has taken refuge in Wutian, the demon ancestor. At present, she is a subordinate of the demon emperor Zhetian.

The emperor of covering the sky frowned. He also investigated the life experience of Yuhuang Yafei. Now he saw that she hated yechen and said, "Yafei, yechen is my friend. You are not allowed to fight with him before I die."

Yuhuang Yafei trembled and said, "yes!"

The demon emperor nodded and said, "well, we are going to enter the lost time and space and look for the earth vein crystal."

On this treasure hunt, Yuhuang Yafei is the help of the demon emperor Zhetian. Her magic tree on the other side can break the ban of Hongjun secret place.

Yuhuang Yafei is here, and the demon emperor doesn't need to rely on yechen.

The demon emperor looked at the sword and said to Ye Chen, "boy, I have a task. I can't wait with you any longer."

Ye Chen nodded and said, "it's OK, master devil, go ahead. Be careful on the way."

The demon emperor covered the sky with a sound, looking at the lost time and space not far ahead, ready to start.

"Lord devil, wait a minute."

Yuhuang Yafei suddenly stopped him and said.

"What else can I do for you?" he said

Yuhuang Yafei pulled the woman beside him and said, "salute to the devil emperor."

The woman was wearing a veil and couldn't see her face clearly. She bowed to the enchanted emperor and said, "little girl Hong Xuan, I've seen the emperor."

Chapter 6386

Ye Chen was shocked when he heard the word "Hongxuan".

The feather emperor Yafei said, "Lord devil, I met this girl on the road. She said she wanted to worship under the command of the devil ancestor Wutian. Her name is Hong Xuan. She used to be a man in the temple of wanxu, but the feather emperor was mean and merciless and killed her master. She has broken with wanxu and wants to change to our old alliance."

The demon emperor kept silent and said to the veiled woman, "you have removed the veil."

"Yes."

The woman untied her veil and showed a pretty face. Her hair also came down. There were two sharp cat ears in her hair. She looked lovely and pure.

Ye Chen's eyes are shocked. This pure girl is Hong Xin's pet servant, Hong Xuan!

Now, Hong Xuan's face is haggard and sad. Although she looks pure, she looks sad and her eyes are red and swollen. I don't know how many times she has cried.

When ye Chen left the center of the earth, he had heard that Hong Xuan came to the dark forbidden sea.

Now see with my own eyes, ye Chen instantly understand all.

When Hong Xin died, there was only a wisp of ghost left. Hong Xuan wanted to revive the ghost, so she came to the dark forbidden sea and wanted to take refuge in Wutian, the demon ancestor, to revive her master.

Her vision is low, completely didn't see leaf Chen, as if don't know leaf Chen general.

After all, Hong Xin died because of Ye Chen, and ye Chen didn't come back. She was estranged from ye Chen and didn't want to see her again.

The emperor looked at Hong Xuan and ye Chen. He felt that there was a gap between them.

However, his task is urgent now. It's most important to find the earth vein crystal, and he doesn't want to ask too much.

"Do you want to join the old Japan League?" The emperor asked.

Hong Xuan nodded and said, "yes."

The demon emperor said, "well, you are a nine life civet with keen senses. This time, you will go with me to find the earth vein crystal. If you have made contributions, I will recommend you to your ancestors."

Hong Xuan said, "thank you very much."

Her voice was always desolate and cold. It seemed that she was extremely sad and didn't care about the outside world. She just wanted to save Hong Xin.

Ye Chen's mood is quite complicated, and he is silent.

The emperor said, "boy, I'll go first."

Ye Chen came back and said with a smile, "have a good trip. Do you need my help to break the ban?"

"No, I can solve it by myself. Naturally, it's the best to solve it by myself," he said

He immediately took yuhuangyafei and Hongxuan to the edge of Hongjun secret place.

The black iron wall of prohibition, pop out.

The emperor held his hand still, and Yafei, the emperor of feather, offered a flower on the other side of the river

"Flowers bloom on the other side of the sky, broken!"

But I saw thousands of sword Qi burst out from the flowers on the other side, whirring like locusts, beating on the forbidden iron wall.

The whole layer of forbidden iron wall was punctured immediately.

Yuhuang Yafei gasped for a moment, his face was pale, and he took back the withered flowers on the other side of the river, saying: "Lord devil, the ban is open."

This time, she is just a tool to break the ban.

"Well, let's go."

With a wave of his hand, the demon emperor steps into the lost time and space with Yuhuang Yafei and Hong Xuan. He looks back at Ye Chen and waves goodbye.

Then, the figure of the three, hidden into the lost chaos of the void, from the outside can no longer see the slightest trace.

Although the lost time and space is strange, the old Japan alliance naturally has the means of the old Japan alliance, which can fight against the threat of the lost time and space without Ye Chen's worry.

Ye Chen sees the demon emperor leave, and his mind falls on the sword nameless again.

"When do you wake up, you fellow?"

Ye Chen clenched his teeth and gave Jianming treatment and recovery every day with Tianxing, huangquan water, various pills and so on, hoping that he would wake up as soon as possible.

After another seven days, Jianming finally woke up from his coma.

He opened his eyes, looked at everything around him blankly, and sat up slowly.

"The sword is nameless. You are awake!"

Ye Chen is very happy and cries.

As soon as the sword didn't know its name, he was on guard. As soon as he took a picture of it, the beast bone sword placed on the ground immediately flew up and fell into his hands.

He stares at Ye Chen, way: "who are you?"

Ye Chen says: "you forgot me again?"

Sword nameless Leng Leng, eyes at a loss, frown tight, lost in thought.

After thinking for a while, he vomited a mouthful of black congestion.

After spitting it out, he relaxed a lot, and his eyes returned to normal. He said to Ye Chen, "I'm sorry, I'm so possessed. Thank you for taking care of me. Otherwise, I may never wake up."

Ye Chen sees his sober eyes, immediately overjoyed, way: "what do you remember?"

Sword nameless nodded, "um".

Ye Chen asked, "who are you?"

Sword nameless way: "I call sword nameless."

After a pause, he did not wait for ye Chen to ask any more questions. He said to himself, "I'm the chief disciple of Hongjun sword sect. Shifang sword sage Tongtian is my master, and he raised me up. In order to seek the peak of kendo, I rebelled against him and stepped into Hongjun's Secret realm. As a result, I was trapped for thousands of years. Today I wake up. You saved me."

Ye Chen excited way: "you all remember?"? That's great

Sword nameless way: "reincarnation of the Lord, is my master asked you to come to me?"

Ye Chen thought of the danger of Shifang Jiansheng, and his face was slightly silent. He said: "your master, the situation is not so good..."

At present, ye Chen simply said the things of the earth's heart.

Although his tone was as euphemistic as possible, he still trembled violently and his facial features were distorted when he heard the news that the ten swordsman was dying.

"Reincarnation Lord, my master is going to die? Are you too powerful to save him? "

Sword nameless emotional, can't help but grasp Ye Chen's arm.

Ye Chen sighed: "the master of the sword sage sacrificed the heart of the ten swords, and the backfire was too big. There was no possibility of saving it. Even if he used the water of the Xu Yuan immortal pool, the Cui Zhu immortal pool, or even the zhe Zi Jue, it was impossible to cure it."

After a pause, ye Chen said, "I can only promise you that when I take charge of the reincarnation peak, I will revive your master."

Sword nameless look trance, way: "wait for you to hold reincarnation peak, that want when?"

He didn't expect to hear such bad news when he just woke up.

Ye Chen sighed: "don't say so much. Time is pressing. Please come back with me and see your master for the last time."

Sword nameless spirit a vibration, way: "good! Let's go back quickly. I betrayed my master and I'm guilty. Now I just want to go back to my master and confess to him. "

Ye Chen "Er" a, immediately take sword nameless, run toward secret territory exit.

Chapter 6387

On the way, ye Chen was quite curious and asked, "nameless, what did you experience when you stepped into Hongjun's secret place? How did you survive when you broke your sword hand? "

Speaking of this, ye Chen looked at his broken arm.

Sword nameless bit to bite teeth, peep out indignant anger in the eye eye, way: "all is summer Hou Zheng long to harm me! That timid guy, I met Hong Tianjing and asked him to help me in the war, but he didn't want to help me. At last, I was cut off by Hong Tianjing. After I went out, I must take his head to pay back! "

"At that time, he was besieged by fierce animals many times. I saved him to death, but in the end, this guy refused to help me. He was ungrateful. I would never let him go!"

At the end of the day, Jianming's eyes were split, and his anger was obviously extreme.

Ye Chen was stunned, meditated for a while and said, "Xia Hou Zhenglong, he has repented. He has thought for thousands of years in front of the Buddha, and will continue to repent for the rest of his life..." he simply told Jian Mingming what he had seen in Xia Hou's house.

Sword nameless one Leng, way: "he already knew wrong?"

Ye Chen nodded and said, "I know you're wrong, but if you want to kill him, I won't stop you. It's your cause and effect. It's just that your master's time is running out. You should act quickly and don't delay time."

Sword nameless all over a shock, think of master, the fire of hatred in the eyes, also dim down.

Now, compared with revenge, it is obviously more important to go back to meet the ten swordsmen.

"Well, since he has confessed, I don't need to pester him any more. Besides, if it wasn't for him, I wouldn't have realized such profound kendo."

As soon as his nameless eyes were fixed, he held the beast bone sword in his left hand. The edge of the blade and the edge of his eyes were integrated.

At this moment, his breath of Kendo was even more powerful than that of Shifang Jiansheng. He was as sharp as the sky.

Ye Chen was surprised and said: "your Kendo..."

Sword nameless way: "in those years, I was Hong Tianjing cut off right arm, fled to the depths of the secret, without the hand to hold the sword, I was almost killed by fierce beasts all over the mountains."

"Fortunately, in the desperate moment, I caught a trace of Hongjun's remaining will, and finally proved the truth by killing. Kendo surpassed the peak and got today's attainments."

"It's just that the remaining will of Hongjun's ancestors is too powerful, and my own hatred and resentment are too strong. Finally, I became possessed and lost my sense. It's only today that you, the reincarnation Lord, have saved me."

"In the future, Lord of reincarnation, I will help you fight against wanxu. As long as you say one word, I will go through fire and water without hesitation!"

Speaking of the end, sword nameless look to Ye Chen's eyes, with a trace of gratitude.

Ye Chen saved him, he has decided to die!

Even if wanxu is powerful, he will stand on Ye Chen's side!

Ye Chen was shocked in his heart and heard the words of the sword, but he only heard the four words of "prove the way by killing", saying: "prove the way by killing? How can you prove it? "

The ultimate meaning of "Bing Zi Jue" is that the earth explodes and the heaven destroys. It needs to rely on killing to prove the truth.

And the way to prove the truth of sword nameless is to prove the truth by killing. Maybe we can get some inspiration from him.

Sword nameless, rather confused, said: "to kill to preach, that is to kill to preach, ah, I constantly hunt fierce animals, sharpen the sword, that is very simple, but the killing is deep, easy to get into the devil."

Ye Chen eyes in vain a light, is, to kill the sermon, don't have to really kill the people close to.

Blooming in the killing, in the constant fighting and blood, you may also be able to feel the ultimate truth.

Too forgetful, not necessarily cold-blooded ruthless, as long as you keep a cool head, there is still hope to see the road.

Think of here, ye Chen brain suddenly clear, spirit for it.

Perhaps, like jianmingming, he can succeed by relying on constant fighting and cutting!

Just as ye Chen was thinking, a strange smell suddenly brought his thoughts back.

The smell, with the cool grass leaves, and the smell of blood, is very strange.

"Lord of reincarnation, slow down!"

Sword nameless vision a sink, block Ye Chen, seem to perceive what danger.

But in front of them, suddenly there are pieces of grass, blooming out.

Every blade of grass has the shape of a sword. The blade is sharp. It is a very special "sword grass".

There are traces of blood scab on the sword grass. I don't know how many people have been killed.

"What is this?"

Ye Chen suddenly surprised, or the first time to see such a strange grass.

Sword nameless, holding the beast bone sword, said: "it's the chess piece of wanxu, exquisite sword grass."

As soon as he finished his words, the exquisite sword grass grew wildly all over the mountains and fields, making a hissing sound. Pieces of grass came like flying swords.

Sword nameless, wielding sword like splash ink, will shoot sword grass, all cut off, take ye Chen back.

Ye Chen is quite surprised, way: "ten thousand ruins chess piece?"

Sword nameless thought about it, then said: "well, a long time ago, the yuhuanggudi himself came to Hongjun secret place and captured the divine skill of Brahma. He left two pieces before he left."

"The two pieces, one of them, have defected."

"The other one is the exquisite sword grass!"

His voice fell, and the exquisite sword grass spread wildly, which had reached the terrible situation of blocking the sky and the sun.

The sky and the earth are full of green grass, dense and impervious, forming a huge grass cage, which completely envelops Ye Chen and the sword.

"Hahaha, I didn't expect that the Lord of reincarnation is here. It seems that I will make a great contribution today."

In the green grass cage, there is a woman with a ferocious face and green hair. Her figure emerges, but it is the spirit of Linglong sword grass, which is called "Linglong sword girl".

In her eyes, with great greed, she stares at Ye Chen.

She was ordered by the yuhuanggudi, looking for the sword nameless, but did not expect that ye Chen and the sword nameless together.

You know, ye Chen is the number one enemy of wanxu. If you kill him, how much credit it would be!

Ye Chen's eyes were fixed, but he felt that the breath of Linglong sword grass was a little similar to the heart of Shifang sword, and said: "is this Linglong sword grass? It's kind of weird. "

Sword nameless "eh" a, way: "exquisite sword grass, is actually ten square sword heart aura, nourish out of special plant."

"At that time, my master was a sword to heaven. He once competed with the ancient emperor Yuhuang for the heart of ten swords. In the end, my master was lucky enough to get it. However, the ancient emperor Yuhuang also got something. He got the accompanying sword grass of the heart of ten swords and took it as a chess piece."

Ye Chen suddenly realized that this exquisite sword grass is actually the companion plant of the heart of the ten swords, but the master behind it is Yuhuang GuDi!

Chapter 6388

"The sword is nameless, Lord of reincarnation, you are buried here today!"

"Laozu, give me strength. The reincarnation Lord is here. Please give me your great power and kill him!"

Linglong sword girl looks up to heaven and prays to the distant wanxu temple for blessing.

Ye Chen and the sword are nameless, and their faces have changed greatly.

No matter how tough they are, they can't be the enemies of yuhuanggudi.

Once the will of the emperor comes, it is death.

"Get out of here

Ye Chen pulls out the wild devil Sky Sword and cuts straight ahead with one sword.

Sword nameless is also a sword to kill, and ye Chen double sword, sword gas like rainbow, hiss, easy to tear the exquisite sword grass cage barrier.

This exquisite sword grass, although the confinement is severe, under the nameless sword of Ye Chen and the sword, it is similar to paper paste, and it is not a threat at all.

"What

Linglong sword girl's face changed when she saw this.

Obviously, the strength of Ye Chen and Jian is beyond her imagination.

Boom!

Fortunately, at this time, the sky was shaking, and there was a surge of thunder.

"Ha ha ha, you are dead when the old ancestor's majesty comes!"

Linglong sword girl was very happy when she saw the vision in the sky.

She had just prayed to wanxu, and now the majesty of the ancient yuhuangdi came down immediately. What a terrible speed. It can be seen that the ancient yuhuangdi hated and valued Ye Chen. As soon as she heard Ye Chen's voice, she immediately ignored the rules and killed Ye Chen.

Ye Chen's pupils contracted and looked to the sky.

But in the sky, a huge ancient font came down.

This font is bright in gold, flashing with the breath of Brahman's divine skill. It is a word of "all".

Brahma's nine mysteries, those who fight in front of soldiers are arrayed.

The word "Jie" stands for the formula of "Jie"!

"No!"

Ye Chen face a change, but see that gold all words, fall to exquisite sword female body.

Click!

Linglong sword girl's body suddenly burst, and her momentum soared. She was filled with boundless domineering power. She was dressed in an ancient immortal robe, which made her become the ancestor of all immortals. She wanted to suppress everything.

"The formula of all characters, all the ways to empty, Zhen!"

Linglong sword female palm down, a golden light all words appear, toward Ye Chen and sword nameless suppression.

Ye Chen and the sword are nameless. They are all suffocating. They only feel infinite pressure.

Jun Zi Jue is actually a great method of transforming one's martial arts into waste.

The word "all" has the meaning of "return to zero" in the ancient meaning.

Returning to zero is the original meaning of the word "Jun". Later, the meaning of "Du" and "Quan" was extended to today's meaning.

But in fact, the origin of the word "all" is to return to zero.

As soon as the Jue of all words comes out, heaven and earth will return to zero, everything will be destroyed, and all rules will be broken.

If this formula is applied to the human body, it will transform the great method of power and return all the methods to emptiness. It is necessary to wipe out all the accomplishments of the human body.

Ye Chen only feels suffocated. The martial arts and supernatural powers that he has learned all his life, under the suppression of this all word formula, show signs of collapse.

"Is this the majesty of the ancient emperor Yu Huang?"

Ye Chen a burst of great shock, this is the word formula, represents the emperor, one in a billion, a little bit of dignity.

Because it's a dark forbidden sea, and the rules are more restrictive than the earth's core. Even if the ancient emperor came in person, he couldn't bring much effect.

However, the cultivation of yuhuanggudi is really terrible. Even if this formula is only one billionth of his peak, its power is enough to melt Ye Chen's martial arts and kill him.

"Yuhuanggudi, I didn't expect that his majesty could break through the restriction of the dark forbidden sea and come here."

Sword nameless look is dignified, this all word formula, majesty is too terrible, he and ye Chen want to get away, I'm afraid it's not easy.

Ye Chen bit his teeth, his mind flashed, and said: "nameless, you go back to see your master, I'll stop her first!"

With that, ye Chen brushed his sleeve robe and sent the sword away.

Later, ye Chen offered a picture of the yellow spring, which unfolded against the impact of Jue.

Sword nameless a stay, but did not expect Ye Chen unexpectedly want to leave alone.

"Hahaha, Lord of reincarnation, you are alone. I'm afraid you can't stop the majesty of your ancestors!"

Linglong sword girl laughs. It's all golden and ferocious. Ye Chen's huangquan River and mountain collapse everywhere and will be completely destroyed.

It is not only the great method of transforming power, but also the great method of grinding heaven and earth and destroying everything. It is an extremely terrible magic power with unimaginable power.

Ye Chen's picture of the yellow spring, shrouded in the Jue of all characters, is in danger of being destroyed.

Seeing the Huangquan mountains and rivers collapse everywhere, Ye Chen's heart is also very dignified, and he is about to fight back. But at this time, a black lotus slowly falls from the nine sky sky.

This black lotus has strong magic.

This evil spirit is very different from the ordinary evil spirit. It has an old flavor.

"The old alliance, the devil ancestor has no heaven?"

When Linglong Jiannv saw the Black Lotus, she was shocked and trembled.

But the black lotus blooms, and a middle-aged man, wearing a black robe, with long hair and a heavy face, slowly emerges. It is the devil Wutian.

The shadow of Wutian, hazy, is obviously just a wisp of empty shadow.

Chapter 6389

But even if it is a virtual shadow, when he came down, it still triggered a magnificent vision.

Boom!

Between heaven and earth, the evil spirit vibrates violently, and all rules obey him.

Click, click, click!

In the whole body of Mozu Wutian, pieces of white bones are in full bloom, and then they are smashed and annihilated. The scene is very spectacular.

"In my dark sea forbidden territory, it's not the emperor's turn to make trouble."

The demon ancestor Wu Tian smiles coldly and fingers at the flowers like a Buddha.

Whoa!

As soon as he pointed out, the script suddenly burst, and the whole script turned into a golden light, which completely disappeared.

The majesty of the ancient Yuhuang emperor is also gone with the wind.

Ye Chen was shocked. In front of him, the extremely difficult formula of all characters was easily cracked by the devil.

"The devil has no heaven. He is really strong."

Ye Chen is constantly on guard. Now that the devil is coming, it's just a very illusory shadow. He doesn't even have the strength of one in a billion, but he also has such terrible strength.

It can be imagined that the real body of Wutian is so strong.

This man is worthy of being the leader of the old Japan alliance, the only remaining Supreme Master of the old era, and the top three super strong man in the world. His strength is unimaginable.

Even the real body of yuhuanggudi did not dare to enter the dark forbidden sea.

In the dark forbidden sea, Mozu Wutian is the only true God. He is supreme and invincible.

"Puff!"

Linglong sword girl gushes blood from her mouth. With the breaking of the Jue of all characters, she is also seriously attacked.

"The devil has no heaven, you are powerful!"

Linglong sword girl's eyes were full of fear and awe, but she did not dare to stay. Her body flashed and ran away immediately.

The sword grass all over the mountains disappeared completely.

Mozu has no heaven and no pursuit, he is just a wisp of illusory shadow, inconvenient contaminated with too much cause and effect.

In fact, even his real body can't be exposed casually.

He was a strong man in the old times, but the old body could not adapt to the rules of the new era, so he needed to cultivate a container to take away the demon emperor.

Now it is extremely dangerous for Wutian to bring down a false shadow, which is likely to cause conflicts between the old and the new, and eat himself back.

However, the majesty of yuhuanggudi, actually dare to come directly to the dark forbidden sea, this is stepping on his face, he naturally can't sit and watch.

Ye Chen and Jian are nameless. They all look on guard and awe, looking at the devil's ancestor Wutian.

The legend of the old strong, but as mysterious as the emperor.

"Are you the Lord of reincarnation? Long time no see. "

The demon ancestor Wu Tian's eyes narrowed slightly and looked at Ye Chen.

He saw Ye Chen for the first time, but he saw Ye Chen's past life, the Lord of reincarnation.

Later, Wutian looked at the nameless sword and said, "successor of Hongjun sword, are you and the reincarnation Lord interested in joining our old alliance?"

Ye Chen and the sword look at each other.

The sword is still silent.

Ye Chen thought for a while, stepped forward, and said, "thank you for your help."

Then he said, "my samsara way is not compatible with the old way. I'm afraid I can't worship my predecessors."

Sword nameless also said: "the devil has no heaven, you can kill me, but it is absolutely impossible to ask me to serve for you. My sword will not be bullied by anyone!"

When Mozu Wutian heard that they refused, he was not angry. He said, "well, you have your freedom. My old alliance is different from wanxu temple. I never force people to do anything."

Say, the evil ancestor has no sky empty shadow to fall down, walked to the leaf Chen side.

Dayton time, ye Chen has a kind of suffocation feeling.

It's too strong and extremely dangerous.

It can be imagined that if we split our face with such a strong man, the situation will not be able to be sorted out.

"However, there are some causes and effects. It's time to clear them up," Wutian said with a smile

Ye Chen's heart is awe inspiring.

But listen to Mozu Wutian continue: "I have a Dharma protector, is the old star beast, his name is Gallo, is a golden winged Mirs bird, do you remember?"

Ye Chen said: "remember, he was killed by Shentu Tianyin."

Mozu Wutian shook his head and said, "no, back to the source, he died because of you. You killed him."

Ye Chen's vision is a cold, way: "that elder wants how? Shall I pay for my life? "

Wutian said with a smile, "that's not necessary. Although my man's life is precious, it can't be compared with the reincarnation Lord in any case. But if you kill him, you have to pay some compensation."

Ye Chen doesn't want to tear the face with the devil ancestor Wu Tian and says: "what compensation do you want?"

The evil ancestor has no day to point to leaf Chen, way: "you collect to have a Zhen Mie Demon Stone, take out to give me."

"Kill the Demon Stone?"

Ye Chen hears the request that the devil ancestor has no day, can't help but Leng a Leng.

Zhenmiejiao stone is a special stone, which ye Chen got in the blood demon clan.

At that time, it was TIANYAO who told him to collect the zhenmiejiao stone. He also told him to give this zhenmiejiao stone to a man named "Yaosheng" when he arrived at the dark forbidden sea in the future.

However, this time ye Chen came to the dark forbidden sea to look for the unknown sword, so he didn't take charge of destroying the Demon Stone. He planned to deal with it later.

But didn't expect, the evil ancestor has no day to open a mouth, unexpectedly want Ye Chen to take out the town to destroy the Demon Stone, should be compensation.

This stone can arouse the attention of TIANYAO and Wutian.

The demon ancestor Wutian said with a smile: "yes, the zhenmiejiao stone is actually the evil spirit of Hongjun's veins. In those years, it was taken away by the ancestor of the blood demon clan, the ancient demon supreme. Now, the ancient demon supreme has already fallen. In this zhenmiejiao stone, no one can suppress the evil spirit except me. Please give it to me."

Hearing the words of the devil ancestor Wutian, ye Chen is shocked in his heart, and his head is as blank as being struck by lightning.

He never thought that the stone was related to Hongjun secret place!

The most important treasure of Hongjun's secret place is the crystallization of earth veins. The demon emperor has gone to find it.

And that vein crystallized, which was full of anger. At last, this anger was released and turned into a stone to kill demons.

That is to say, zhenmieyao stone is the evil side of Hongjun's earthvein, with strong hostility and demon nature.

Ye Chen is too surprised, so that Leng is in place.

Mo zu no heaven step forward, said: "hand over the town to destroy the Demon Stone, you and I cause and effect is clear, later can also be friends."

"Ha ha, when I get the zhenmieyao stone, I'll take away the demon emperor. I'm the incarnation of Hongjun."

"When the time comes, I will destroy wanxu, kill yuhuanggudi, the reincarnation Lord. You don't have to be afraid any more. I will give you shelter and let you enjoy immortal happiness forever, OK?"

Chapter 6390

Now, the demon emperor goes to find the crystal of Hongjun earth vein.

Mo zu Wutian, with absolute confidence, he believes that the devil emperor, can successfully seize the crystal.

In this way, the demon emperor occupied the front of the earth vein. He absorbed the zhenmieyao stone and occupied the evil side.

After the success of the plan, he was able to change his life.

You know, the crystallization of the earth vein contains Hongjun's strong will. If the good and evil are integrated, you can inherit Hongjun's orthodoxy. It's equivalent to becoming Hongjun's incarnation and dominating the heaven.

The words of Mozu Wutian are very sincere. Even ye Chen's spirit is bewitched by him. He takes out the zhenmiejiao stone and prepares to hand it over.

"No! Boy, you can't give it away! "

At this time, the sky demon's shout, rings out from ye Chen's head.

Ye Chen is shocked all over, and suddenly wakes up. He is in a cold sweat behind his back. He flies back quickly and keeps away from the devil.

This demon ancestor has no day, really too terrible, just speak of time, imperceptibly, unexpectedly bewitch the spirit of Ye Chen.

You know, ye Chen's mind is extremely strong, and even has Wuzu's mind. But just now, in face-to-face conversation, his mind was bewitched and almost occupied.

We can imagine how terrible the power of the spirit is.

Ye Chen is sweating, deeply worried about the demon emperor.

The magic ancestor Wutian's bewitching is so powerful that ye Chen almost fell. Can the demon emperor block it?

"Why, Lord of reincarnation, won't you give it to me?"

The evil ancestor has no day to see leaf Chen to retreat, sink a voice to ask a way.

The sky demon warns Ye Chen: "boy, you can only give this thing to the demon saint. If you give it to the demon ancestor Wutian, the situation will be completely out of control."

The cultivation of the devil ancestor is too strong. If the demon killing stone falls into his hands, ye Chen will not be able to control his fate.

Ye Chen heart a Lin, put away the Zhen Mie Demon Stone, way: "no day elder, this thing, please forgive me can't give you, you want to compensate, I can give you Dan medicine, spirit stone, or other natural material and local treasure."

The devil ancestor has no way of heaven: "I don't want anything else. I just want to kill the Demon Stone."

Ye Chen said, "please forgive me for not being able to give it to you."

"You really don't want to give it to me

Ye Chen shook his head and said, "I beg your pardon. We'd better discuss the compensation."

The evil ancestor has no day a sneer, way: "need not discuss, since you refuse to hand over the town to destroy the Demon Stone, that I give you a little lesson!"

Finish saying, the evil ancestor has no day to kill suddenly.

All of a sudden, heaven and earth magic gas rolling, air explosion.

This palm is just like a mad devil thunder, the speed is extremely fast, mercilessly printed on Ye Chen's chest.

"Puff!"

Ye Chen's chest immediately caved down, gushing blood on the spot, and finally fell to the ground. For a moment, his breath stagnated, and he didn't even have the strength to get up. He was seriously injured.

What's more terrible is that the hand of Mozu Wutian has his will.

This will, like a knife, is deeply inserted in Ye Chen's heart, lingering like a nightmare.

From now on, ye Chen's heart is always haunted by a nightmare, which is the nightmare brought to him by Wutian. He will be possessed at any time.

"Ha ha, Lord of reincarnation, after all, you are the friend of the devil emperor. I don't want to kill you."

"This time, I'll teach you a lesson."

"I have a lot of strength. I hope you can get through it."

"If you can't make it, it's also your bad cultivation. No wonder I'm not."

Mozu wudian took back his hand and sneered.

Then, his virtual body gradually dissipated and finally disappeared completely.

"Lord of reincarnation, are you ok?"

Sword nameless flurries to run to come over, lift Ye Chen.

Ye Chen bit his teeth, struggled to get up, vomited a few mouthfuls of congestion, and finally the breath was smoother.

Then, ye Chen sits with his knees crossed, unfolds the eight trigrams Tiandan technique and the reincarnation spirit tablet, and cures himself.

Fortunately, Mozu Wutian is just a wisp of shadow, and he doesn't use all his strength, so the injury to Ye Chen is still within the scope of treatment.

Ye Chen recuperates for a long time, is to recover completely, the chest wound doesn't even leave a trace.

Sword nameless surprised, said: "reincarnation of the Lord, you... You so soon healed?"

Ye Chen nodded, but his face was still dignified, and said: "the physical injury is cured, but the spiritual trauma, I'm afraid it's not easy to recover."

The magic ancestor Wu Tian's palm is too strong, and the lesson left to Ye Chen is also extremely profound.

Ye Chen's physical injury is naturally completely healed, but the impact of mental trauma, like a nightmare, haunts his mind, and can never be dispersed.

Now, as soon as ye Chen closes his eyes, he can feel the horror of the devil.

This great terror against heaven is a nightmare, which seriously affects Ye Chen's spirit, and it's easy for him to be possessed.

Sword nameless way: "that how to do?"

Ye Chen smiles and says: "it's OK, my Tao heart doesn't collapse so easily. I'll go back to the earth heart first."

Although nightmares haunt, ye Chen doesn't worry too much. There is a solution to the problem.

The wound brought by Wutian can be recovered with Tianzhu of lingxu.

The Tianzhu of lingxu, which once belonged to wanxu, has now fallen into Ye Chen's hands.

As long as the aura of Tianzhu in lingxu can recover, it can nourish Ye Chen's spirit and get rid of the influence of the nightmare of Wutian.
