Chapter 6401

Ye Chen immediately rented a small boat and drove to the North quickly.

In the ancient Youhai City, there is an array left in the temple of wanxu, which is extremely powerful. It takes a lot of aura to fly and fight here, so the merchants and pedestrians in the city are all by boat, and few of them fly by themselves.

Ye Chen sailed all the way to the north of the city, following the instructions of the Fu Zhao.

In this border area, the water is very desolate and sparsely populated. It is not as prosperous as the city. Only a few fishermen are fishing.

But in this desolate water area, there are many undercurrents. Once ships enter the vortex, they may even be swallowed by people and ships.

"The whirlpool seems to be the passage to the city under the sea!"

Ye Chen heart move, but caught strange, then want to sail into the whirlpool.

There was an old fisherman nearby. Seeing this, he said in a deep voice, "little brother, if you drive further, you will be engulfed by the whirlpool."

Ye Chen looked up, but saw that the fisherman, wearing a hat, covered his face, could not see clearly.

"Who is this man? Why is his voice so familiar?"

Ye Chen's heart beat suddenly. The old fisherman's voice made him very familiar. He always felt that he had heard it somewhere, but in any case, he couldn't remember it.

"Master, who are you?"

Ye Chen can't help but ask.

The old fisherman laughed and said, "I'm just a fisherman. Don't worry about my name. I just want to remind you that if you don't want to die, don't go any further."

When ye Chen heard what he said, he was more familiar with it. He must have heard it, but he couldn't remember it anyway. He said, "master, did we know each other before?"

The old fisherman said with a smile, "I don't know. I'm too old to remember many things. I just want to give you a piece of advice. Leave quickly. You still have a chance to live."

Ye Chen said in a deep voice: "since the elder is not willing to say it, that's all right. Goodbye!"

The sword is nameless, and ye Chen can't just sit by.

Since the old fisherman, always refused to reveal his name, ye Chen no longer asked, time is pressing, he directly turned away, sailing into the whirlpool.

Boom!

As soon as ye Chen's boat entered the whirlpool, it was swallowed immediately and disappeared in an instant.

The old fisherman saw Ye Chen disappear, and his body trembled slightly. There were two lines of turbid tears flowing out of his old face under the hat.

If ye Chen saw this scene, he would be very surprised.

However, ye Chen didn't know who the old fisherman was. After he entered the whirlpool channel, he only felt the whirlpool around him. Fortunately, his cultivation was strong and easy.

Waiting for rotation to stop, ye Chen found that he had come to the world under the sea!

Here is a city under the sea!

All kinds of colorful corals, underwater palaces with carved dragons and painted phoenixes, blue sea water, cool aura, and all kinds of strange underwater creatures together form a dreamlike world.

"Stop! Who are you? Give me your name

Ye Chen just arrived, but saw two armored patrol guards, came forward to question.

"Who are you?"

Ye Chen immediately vigilant, way.

One of the guards said, "we are the guards of the Lord's mansion. What's your invitation? Without an invitation, who will allow you to enter the ancient secluded Sea city? "

This undersea city is the real location of the ancient Youhai city. The upper half of the water commercial port is just a cover for the public.

If you want to enter the real site of guyouhai City, you must have an invitation.

Ye Chen, obviously, has no such thing.

"If there is no invitation, it will be treated as a spy!"

The guard's eyes suddenly cold, suddenly a step, pull out the waist sword, a knife toward Ye Chen head cut, unexpectedly is merciless, directly move the killer.

Ye Chen was surprised, but saw that the guard's sabre, a knife cut out, knife light is actually blue color, as if the sky is empty, very gorgeous.

"What a strong Dao Qi! Something's wrong. There seems to be something strange behind it! "

Ye Chen retreats. He is a miscellaneous soldier. His martial arts cultivation is limited. However, his opponent's sword relies on the general situation of the ancient Youhai city and has a special power.

This power is the power of the sky.

Even with Longwei!

"This ancient sea city is absolutely extraordinary!"

Ye Chen saw that his opponent's Sabre technique was very powerful, so he turned his mind and took a picture of his Sabre body.

If you cultivate the formula of "Bing Zi", you can directly capture people's weapons and magic weapons. The effect of magic power is similar to the reincarnation power in the past. The ancient spirit Master's "Feng Tian Shang" is an enhanced version.

It's said that even the sky sword can capture the highest battle realm of Bing Zi Jue. It's very powerful.

However, this kind of state, even the ancestor of sword God and Xiao Buyi, has not reached.

Because these two men mainly used the weapon of the word Bing Jue, not fighting.

Ye Chen, on the contrary, specializes in fighting. Although he is also a soldier, his way is completely different.

This next leaf Chen a start, the weapon of the opposite party wrested.

The guard "ouch" a, startled pale, completely didn't think he took the weapon in his hand, confused was Ye Chen took away, he didn't know what happened.

"Bing Zi Jue, nine days broken way!"

Ye Chen's eyes were cold, and the military formula continued to be used. With a clap of his hand, he used a skill to smash the weapon. With two puffs, he smashed the bodies of the two guards into meat sauce, and the blood dyed the surrounding water red.

"The power of the sky, with the power of dragon, what is the mystery of this ancient secluded Sea city?"

Ye Chen thinks of that guard just of knife technique, still feel puzzled and surprised.

"Forget it. Find the sword first."

Ye Chen shook his head and flew away quickly along the breath of the Fu Zhao.

Along the way, ye Chen's ears heard more and more noise, more and more lively.

The front is a wide square, carved with white jade, beautiful.

At the moment, on the square, the crowd was full of spectators.

Ye Chen quietly mixed up and saw that the square was set up as an execution ground. A man with broken arms was bound by countless chains, his hair was covered with scars, and there were two executioners standing beside him, who were about to be executed.

The man with the broken arm is a nameless sword.

On the north side of the execution ground, there was a chopping platform. On the platform sat a young man, wearing a splendid robe, with a proud face, surrounded by several beautiful women, with a look of arrogance.

"The sword is nameless. You intend to steal the two treasures of our Lord's mansion, the spirit of the sky and the Bone Demon flag. Do you confess your guilt?"

The young man said in a cold voice with a proud smile on his face.

Chapter 6402

"An Tiexin, if you want to kill, why do you have to make such an excuse? When I was blind, I could recognize you as a friend. How could there be a good man in wanxu

Jianming looked up at the young man with contempt and anger in his eyes.

It turns out that the young man is the Lord of the ancient Youhai City, an Tiexin!

Ye Chen outside the execution ground, witnessed this scene, suddenly surprised, but did not expect sword nameless was framed for theft, is about to be beheaded.

With a smile, an Tiexin said, "my Lord's office is open and aboveboard, but he never wrongs people. Since you want to steal treasures, you should be punished. Come on, cut it off!"

When the voice falls, an Tiexin throws a token and directly orders the beheading.

The two executioners, one holding the sword nameless, the other brandishing a knife to cut.

A touch of the sky like green light of the knife, from the chopping knife burst out, very dazzling, shocking.

Ye Chen was shocked to see this light again. It seems that the ancient sea city is really strange and can give people a mysterious power.

All the guards, disciples, and disciples of the city master's residence in guyouhai city can use this kind of local power.

If it wasn't for his own eyes, ye Chen couldn't believe that there would be such a powerful earth vein in the world.

"Douzijue, Babu putu Qi!"

Seeing that the sword is about to be killed, ye Chen immediately steps on the ground, and his body soars to the sky. With the help of the eight Fu Tu Qi, he sees a golden light of the Buddha surging in Ye Chen's hands.

The Buddha's light bloomed out and turned into a thousand story pagoda.

This pagoda is surrounded by fierce fighting.

Under the influence of fighting spirit, the weather of fighting against the Buddha emerged on the pagoda. The fighting Buddhas from all walks of life gathered and sang in the air. The scene was very spectacular.

Ye Chen is afraid that he can't save people. He has exhausted all his strength. Even if he is a strong man in the hundred flail realm, he will die in an instant under Ye Chen's attack.

Puff!

Puff!

The bodies of the two executioners, crushed by the pagoda of Fu Tu, exploded like blood mist.

The sword is nameless and covered by the Buddha's light, but it is not hurt at all. On the contrary, the injury is nourished and is recovering quickly.

"Lord Ye, you are here at last!"

Sword nameless see ye Chen in the sky, surprised and happy, more admire Ye Chen's magical power.

Ye Chen's fighting formula is combined with the eight Fu Tu Qi. He only kills the enemy, but does not hurt him. It shows his profound cultivation.

"Who is it?"

An Tiexin sees the arrival of Ye Chen. He is shocked and stands up from his seat.

This sudden change shocked the whole audience. Unexpectedly, someone robbed the Dharma court.

Step on, step on!

The guards around the execution ground rushed to the scene immediately. They all put out their sabres. With a touch of startling blue sword, they rushed up into the sky, as if to turn the deep sea into a blue sky. It was very spectacular.

In the twinkling of the sword, there was even the power of Longwei, and the sound of Longyin came out.

"Let's go!"

Ye Chen has already prepared, immediately pulls out the wild devil sky sword, cuts off the shackles on the sword nameless body, and takes him to rush out.

"Don't let him run! Make it up! Use the sky sword array

Seeing this, an Tiexin suddenly got angry and drank violently.

The many strong guards moved and formed an array in an instant. Hundreds of people yelled in unison, and the pale blue awn of swords joined together to cut at ye Chenjian's two nameless men.

Whoa, whoa, whoa!

In pieces of Dao Mang, the sea water around you is cut into a vacuum. Countless currents surge, and the pressure of the deep sea rises ten million times. Together with the empty Dao Qi of that day, the pressure of the sky and the sea falls on ye Chenjian's two nameless people.

"Heaven Sword array of fighting emperor, broken!"

Ye Chen suddenly drank, and Douzi Jue and Zhenzi Jue were in operation. The three swords of the wild devil Tianjian, Longyuan Tianjian and disaster Tianjian came out together. They were dressed in Doudi's battle robe and stepped on the soles of their feet. The Doudi Tianjian array was born in an instant. The golden light was vast, and the three Tianjian soared to the sky and killed fiercely.

Boom boom!

An Tiexin's sky Shendao array and ye Chen's Doudi Tianjian array collide with each other fiercely. The sword spirit of the three Tianjian and the infinite canglan Dao Qi fight against each other. Suddenly, bursts of loud noise burst out. The sea vibrates and the heaven and earth disintegrates.

The people around the square saw countless swords and swords cutting and killing. They were all scared to flee. Some people ran a little slower. They were swept by the sword, and their bodies were instantly annihilated. Even the scum didn't stay.

Ye Chen's face turned white, and he felt the powerful pressure coming, the dull pain in his viscera, and even suffocated his breath.

Such collision, even ye Chen, is also under great pressure.

Fortunately, he had a profound cultivation of the word formula of the array. Finally, he tore a gap in the sky Sabre array and ran away with his sword.

"Chase, chase!"

An Tiexin sees this, immediately incomparably impatient anger, repeatedly orders.

The guards rushed to chase him, but ye Chen was so fast that he disappeared in the blink of an eye.

Ye Chen with sword nameless, came to a quiet sea coral group, temporarily rest down.

"Lord Ye, thank you for saving me."

Sword nameless escape, immediately kneel down to thank Ye Chen.

Ye Chen lifted him up and said, "it doesn't matter what happened. How can an Tiexin want to kill you?"

Chapter 6403

Hearing Ye Chen's inquiry, the sword's nameless face suddenly showed anger and said: "this ungrateful mean man, I didn't expect him to be so shameless! Now that he is successful and famous, he is the leader of one side of the city and dominates the country separately. He even has a little friendship with the old alliance. He has forgotten my former friendship. "

In the past, Jian Mingming had a friendship with an Tiexin in Hongjun secret place, and they fought side by side.

Sword nameless is to find the ultimate goal of Hongjun's Kendo, while an Tiexin is to find the Bone Demon flag. Although their goals are different, they have gone through adversity together. How can they expect to turn against each other today.

Ye Chen's face sinks, a way: "he slanders you to steal treasure?"

Jian Mingming said angrily, "yes, I came to see him to discuss how to fight against wanxu. After all, he has betrayed wanxu and hated wanxu. I also want to be able to win over and cooperate with him. How could I expect that this despicable man would hurt me and frame me up for stealing his Bone Demon flag and sky spirit when I was unprepared?"

Ye Chen moved in his heart and said, "I know the Bone Demon flag. What is the spirit of the sky?"

The Bone Demon flag is one of the seven treasures of Hongjun. At present, an Tiexin is in charge of a piece of magic weapon. Ye Chen already knows the information, and he doesn't know about the spirit of the sky.

Everyone in the ancient Youhai city can rely on the general situation of the earth, which is probably related to the spirit of the sky.

Sword nameless way: "the sky spirit, these four words, behind implicated in a very terrible Tianji, I can't say casually, people who falsely talk about the sky, is likely to be punished by the sky."

"The divine punishment of the sky..."

Ye Chen's heart is shocked. In the information given to him by Yanyu xianzun, there is no mention of the sky spirit. Is it true that ye Chen is also afraid of the secret behind him, so he wants to investigate by himself?

"But it doesn't matter if you say it. I'll protect the law for you."

Ye Chen wants to know the mystery of the spirit in the sky, and immediately sacrifices the map of the yellow spring to guard Qi luck, so as not to be punished.

Sword nameless silence for a while, or some hesitation.

Ye Chen see him so appearance, better strange that sky spirit of origin.

You know, the sword is very fierce and fierce. But now when it comes to the spirit of the sky, it is hesitant and hesitant to speak. It can be seen that the spirit of the sky is deeply involved.

After a long silence, Jianming bit his teeth and finally said, "the spirit of the sky is actually the spirit left after the fall of the king of the sky."

Ye Chen said: "king of the sky? Who is that? "

Jian Mingming looked around, as if he was afraid that there would be divine punishment from the sky. But after waiting for a while, there was no movement. He was a little relieved and said:

"The king of the sky is one of the four animal kings. It is said that when Hongjun was young, he raised four divine beasts, which are the four legendary animal kings."

Ye Chen was surprised and said, "four beasts under Hongjun? It turns out that the spirit of the sky has something to do with old Hongjun? "

Sword nameless nodded and said: "exactly, the legend of the four beast Kings is very long and mysterious. At present, I only know two of them."

Ye Chen said: "which two?"

Sword nameless way: "one of them, is the king of the sky."

"The king of the sky is actually a dragon in the sky, holding the supreme law of heaven, that is, the principle of heaven."

Ye Chen hears the word "heavenly principle" and his heart beats.

Sword nameless way: "legend, the first generation of heaven, is the king of the sky, currently in charge of all heaven, the law of heaven, in fact, is the second generation of heaven, even the name and shape are not, strength can not be compared with the former king of the sky."

Ye Chen hears this words, but is dumbfounded, completely stunned.

He has heard the name of Tianli many times.

According to legend, Tianli is very mysterious and powerful. It is also the actual controller of wutianshu.

There is also the shadow of natural law behind the crisis of geocentric region.

Tianli and yuhuanggudi reached a deal to transfer the ancient star road to wanxu.

And the goal of natural law is to kill Ren Fanfan and eradicate the evil.

In Ye Chen's impression, heaven is incomparably powerful, and he is qualified to trade with Yuhuang GuDi.

Although the strength of Tianli can't compare with that of yuhuanggudi, if we want to make a ranking, Tianli can be ranked fourth in the world.

As for the first three, yuhuanggudi, taishangtiannv and Mozu Wutian are all super figures who are not influenced by the heavenly principles and have surpassed the "heaven".

Can let them scruple, is behind the most ultimate nothing!

The biggest rule in the world is not natural principle, but nothing!

After the research of countless predecessors, Wu Wu realm should be conscious.

Yes, a realm, actually have self-consciousness!

This consciousness is rejecting others into nothingness.

At present, the yuhuanggudi, in fact, is restricted by no rules, can not come down directly, kill Ye Chen.

Because killing Ye Chen and seizing reincarnation's blood, the harvest is too great. The ancient emperor Yu Huang is likely to break through directly and step into Wu Wu.

But wuwujie is resisting him, so there are all kinds of rules.

Of course, ordinary people will not be affected by irregular, because the strength is not enough, not qualified.

It is the rule of nature to restrict ordinary people.

The principle of heaven is to maintain a balance and not allow too serious bullying, so there are various rules and restrictions.

If there is no limit, it will inevitably lead to the slaughter of the weak by the strong, and eventually lead to the collapse of the whole world and the extinction of the natural law.

The principle of heaven, the rule of the world, is so powerful, but today's principle of heaven turns out to be an inheritor and a descendant of the second generation.

In the early days, Tianli was the king of the sky. It is said that Hongjun's ancestor raised a dragon pet animal.

In other words, Hongjun is the master of Tianli!

Ye Chen's head is buzzing. The Hongjun ancestor may not be too strong. Is there such a terrible existence in the world?

Or is the existence of Hongjun just an illusory legend, not a real one?

Who is the person who created the untrue information?

Ye Chen didn't understand. Let's not talk about Hongjun's ancestor, but just say that the king of the sky on that day was the leader of the first generation of natural reason. His strength exceeded the current natural reason. We can imagine how terrible it was.

Sword nameless took a deep look at Ye Chen, and then said: "after an Tiexin took charge of the ancient Youhai City, he accidentally captured the spirit of the king of the sky by using the divine beast array left by wanxu, and sealed it in the veins of the earth. Therefore, the veins of the ancient Youhai city are extremely powerful. People under an Tiexin can borrow the power of the king of the sky, although they can only borrow a little, But the power is not to be underestimated. You've seen it. "

After hearing the truth of the matter, ye Chen was deeply shocked and said: "the king of the sky is so strong, the spirit was captured?"

Chapter 6404

Sword nameless way: "the fall of the king of the sky years, I do not know how far away, his spirit of self-consciousness, has long been eliminated, the spirit is just a group of energy, as long as the luck is good enough, and the spirit resonates, you can capture and use."

"Now that we have escaped, let's go quickly, or we will be caught up by an Tiexin, which will be troublesome."

In the territory of ancient Youhai City, an Tiexin is a god like existence, very powerful.

Because, he can borrow the power of the spirit of the king of the sky, equal to the control of the first generation of heaven!

Ye Chen facial expression is also dignified, way: "well, that leaves."

At present, he and the sword are nameless, hiding the breath and secretly escaping.

On the way, ye Chen asked, "what about the other king of beasts? Didn't you say you knew them? The king of the sky is so powerful that the other king of beasts will not be inferior to him. "

Sword nameless way: "another beast king, is the king of nightmare, it is said that it is a nightmare beast, like the ancient lion demon, the pupil presents a red and a blue color, representing the ultimate of yin and Yang, if the king of the sky, in charge of the power of heaven, the king of nightmare, in charge of pure killing, killing comes, such as nightmare haunted, no one can escape."

"The king of nightmares?"

Ye Chen hears the description of sword nameless, immediately dumbfounded, isn't this Xiao Huang?

Can we say that the ancestor of Xiao Huang's blood is actually the god beast of Hongjun, the king of nightmare?

In other words, compared with the king of the sky, the strength of the king of nightmare is not inferior. We can imagine how terrible it is.

When Xiao Huang heard the nameless words of the sword in the picture of the yellow spring, he was also extremely surprised and said, "master, is it true that my ancestor is a follower of old Hongjun?"

Ye Chen is stunned, but speechless.

Because of the secret of Hongjun, he knows too little. As for the legend of the four animal kings, it's the first time that he's heard it today.

Xiao Huang is a key part of this chess game, and is also arranged by Ye Chen in his previous life.

Could it be said that the reincarnation master of the previous life, in fact, knew the identity of Xiao Huang long ago, so he arranged ahead of time so that ye Chen of this life could get this huge help?

If Xiao Huang's ancestor was really the king of nightmare, wouldn't it be enough for him to recover all his blood power?

Thinking of this, ye Chen can't help but get excited.

Sword nameless see ye Chen's dissimilarity, way: "leaf adult, you how?"

Ye Chen calms down slightly, way: "nothing, we quickly go out."

Sword nameless ah, a way: "I just revealed the news of the king of the sky, there is no heavenly punishment, Lord Ye, your chart of the yellow spring is really powerful, after your achievements, maybe will surpass heaven."

Ye Chen heart move, just did not have any heaven punishment vision, but he faintly between, feel this behind, in fact is not his credit, but Xiao Huang's credit!

If the ancestor of Xiao Huang is really the king of nightmare, he and the king of the sky are brothers of the same school. Naturally, he will not be hurt.

Ye Chen asked: "the king of nightmares, is there any spirit left?"

Sword nameless shook his head and said: "no, after the fall of the king of nightmare, the spirit died out, but it is said that there is blood inherited, but I don't know who inherited it."

Ye Chen's heart is pounding. Does it mean that the blood of the king of nightmare is actually inherited by Xiao Huang?

When I was thinking about it, I heard a whistling sound from behind.

But he saw a young man in a brocade robe, with a few followers, chasing and killing like lightning, blocking Ye Chen and the sword's nameless way.

It's an iron core.

"You'll have to take care of the city master himself."

An Tiexin snorts. It turns out that the ordinary guard has lost Ye Chen and he has killed them directly.

The whole ancient Youhai city is his Taoist center. It's impossible for ye Chen and his wife to escape.

Ye Chen's face sank, and he felt an Tiexin's breath. He found that the latter's cultivation was a two-tier heaven in a hundred flail realm.

If ye Chenli is a strong man in the second heaven of Baijia realm, he is sure to kill him.

But the problem is that an Tiexin is extraordinary. He is in charge of a piece of magic weapon fragment of the Bone Demon flag, and has captured the spirit of the king of the sky. He can borrow the power of the early heavenly principle, and his card is very strong.

If you really fight, ye Chen is not sure to win.

"Are you a son of a feather family? It's just six stories. I can't believe it's so powerful. I won't kill the nameless people when I name it

An Tiexin stares at Ye Chen and guesses the identity of Ye Chen.

Just now, ye Chen's Duel rhyme and array rhyme broke out, and his martial arts magic power was so powerful that he only thought Ye Chen came from the Yuhuang family and was sent by the Yuhuang ancient emperor to clean up the door.

Sword nameless way: "leaf adult's name, say only afraid will frighten to death you."

Ye Chen snorted a way: "talk nonsense with this kind of person what, kill directly!"

The voice falls, ye Chen's eyes, there is a fierce intention to kill surging out, behind the reincarnation of light, a vast reincarnation of the disk virtual shadow, suddenly emerged.

"The six ways of reincarnation have been suppressed by me!"

Ye Chen suddenly drinks. The virtual shadow of the disk of reincarnation rises wildly and becomes as huge as a star. It kills down from the sky. The edge of the disk is as sharp as a sword. It strangles an Tiexin.

"What! Six ways of reincarnation! Are you... "

An Tiexin looks at the virtual shadow of the reincarnation disk. He is shocked. His face becomes extremely pale and his body is trembling.

This reincarnation disk shows ye Chen's identity and is the Lord of reincarnation!

Ye Chen knew the strength of an tie's heart card, so he burst out with all his strength as soon as he made a move. His reincarnation blood was burning violently, and his whole body was full of golden light. The reincarnation disk was so powerful that he wanted to suppress the heavens.

Ann iron heart cold sweat Cen, completely did not expect that ye Chen is reincarnation of the Lord.

In the previous life, when the reincarnation Lord was young, he was dug out of the "Tiandi bone" by the ancient emperor Yuhuang.

At that time, an Tiexin was also present. He had seen the horror of reincarnation Dao Gu with his own eyes. His auspicious spirit was thousands of miles away, and the law of the road was shining all over the sky. This was just a young emperor's bone. If the reincarnation Lord used all the energy of his blood, he would be afraid of dominating the world, breaking everything and climbing to the top of Wu Dao.

Because I have seen it with my own eyes, an Tiexin, more than anyone else, is afraid of the reincarnation of Tianwei.

In the game between yuhuanggudi and reincarnation master, most people are optimistic about yuhuanggudi, but an Tiexin is not. He thinks reincarnation master will win, and yuhuanggudi will become a skeleton sooner or later. In fact, there are some reasons why he is afraid of reincarnation.

Chapter 6405

However, where did he think that the Lord of reincarnation, whom he was extremely afraid of, actually appeared in front of him now.

The virtual shadow of the reincarnation disk is a hundred times more terrible than the doomsday judgment. For a moment, an Tiexin was suffocating and forgot to dodge.

Boom!

Ye Chen's reincarnation disk, suppress down, that sharp edge edge blade, continuously turn under, on the spot will an Tiexin's body, twist cut into countless pieces, blood viscera flying.

"Ah

An Tiexin let out a scream. He was scared and didn't avoid it. He was cut to pieces on the spot.

However, an amazing scene appeared. After his body was crushed, the spirit floated out and was not killed.

"Well?"

Ye Chen stares big eyes, a burst of surprise.

His reincarnation is so powerful that if ordinary people are hit hard by him, they will be completely destroyed, both physically and spiritually.

But this iron core, there is a spirit survived.

"Lord of reincarnation, you are the Lord of reincarnation!"

"What a great skill! What a magic power! It is worthy of reincarnation, surpassing the heavens

An Tiexin roared, his voice still with fear and fear.

"Fortunately, fortunately, your reincarnation blood has not developed to the peak, even the power of the previous life can not reach."

"The distant king of the sky, listen to my call, show your heavenly power in the world, kill reincarnation, and rebuild heavenly justice!"

An Tiexin breathed a sigh of relief, calmed down a little, and began to raise his hand to sing.

Just Ye Chen's hand, has let him see ye Chen's strength, although fierce, but at most just with his own flag, far from the point of reincarnation.

The vast chanting sound comes from the mouth of an Tiexin. The surrounding sea water roars away, and the space law vibrates, evolving into a blue sky.

In the sky, there is a dazzling light.

It's not the light of the sun, it's the light of heaven!

Ye Chen has seen the image of heaven, so as soon as he saw the brilliance, he immediately recognized it.

The radiance and breath of this group are interlinked with today's heavenly principle, but the energy needs to be much more majestic. In addition, there is a dragon shadow in the group of light, which is the figure of the beast under Hongjun and the dragon in the sky!

"Is this the spirit of the king of the sky?"

Ye Chen looks at the bright dragon shadow, and his heart is shocked,

"Roar!"

The sound of dragon's chanting comes from the sky.

The majestic heavenly energy, as well as the dragon's energy, infuses into the spirit of an Tiexin.

Click!

The spirit of an Tiexin was instantly restored to the body. The energy of the spirit of the sky is so terrible that the dead body can be restored, which completely violates the law of life and death.

After recovering his body, an Tiexin clenched his fist. His bone burst and his fist twisted. It turned into a dragon claw. There was silver and gold shining in circulation. Each claw was extremely sharp.

"Reincarnation Lord, give me death!"

An iron heart dragon claw wave, with the sky spirit of the pressure, mercilessly toward Ye Chen head to grasp.

Ye Chen's eyes sank slightly. The spirit of the king of the sky is very powerful. If all of them burst out, even the yuhuanggudi and Wutian masters should be afraid.

This iron core can borrow less than one in ten thousand of sky dragon power, but even if the energy is less than one in ten thousand, it is also very strong.

At least, for ye Chen at present, the pressure is huge enough.

"Longyuan sky sword, up!"

See an iron heart dragon claw kill, ye Chen heart read a move, immediately sacrifice Longyuan sky sword.

"Roar!"

Blood dragon's body, instantly from the sword in the sky out, each piece of scale, there are Tianshu ancient text in the manifestation.

"Blood dragon, fit in with me!"

Ye Chen is well aware of the strength of an Tiexin. With a shout, his body flies away. With a big move, the blood dragon flies over and merges with him.

The fusion of human and dragon makes Ye Chen's hands become dragon claws.

"Stars are born in wasteland, bright as the rising sun!"

"Reincarnation star, rise!"

Ye Chen's dragon claw, reincarnation blood intense combustion, and blood dragon's Wanxiang Tianshu fusion, instantly formed a desolate meteorite, like the blazing sun, emerged in Ye Chen's hands.

This is his combat skill combined with blood dragon, reincarnation of the wild star!

This reincarnation star, with the power of reincarnation blood, as well as the power of Wanxiang Tianshu and the dragon power of blood dragon, is also one of Ye Chen's strongest cards. At the moment, it bursts out directly and kills an Tiexin.

"What a strong breath

An Tiexin's spirit color changes. Although he is in charge of the spirit of the king of the sky, his own luck is too bad, and his virtue is not matched. He can only play a little power. In the face of Ye Chen and blood dragon's fusion combat skills, he is in a weak position.

"Bone Demon banner..."

Under the crisis, an tie thought to summon a magic weapon.

However, under the suppression of Ye Chen's reincarnation blood, blood dragon's Wanxiang Tianshu, and Longyuan Tianjian, his breath was suffocated, his blood was also suppressed, and he could not summon a magic weapon.

"No!"

An Tiexin is shocked. Seeing ye Chen's Dragon claws come, he can only harden his head and wave his claws to kill.

Dragon vs. dragon, hard vs. hard!

Click!

At the moment when the two dragon claws collide with each other, there is a sound of broken bones coming from ye Chen and an Tiexin's bodies.

No matter Ye Chen or an Tiexin, under the powerful pressure of the other party, his physical muscles and bones are all broken and badly injured in an instant.

Chapter 6406

Ye Chen's mouth was bleeding, and he felt an indescribable ferocious energy rushing into his body like a vast sea, even with the extremely ancient law of Longwei, which made him feel as if he had been crushed by Mount Tai and directly hurt and spit blood.

Boom, crackle, Hoo Hoo

Then, ye Chen's body, and spread out a burst of amazing blasting sound, that is lightning, thunder, sky fire burst, wind howling, snow dancing sound.

The magic power of an Tiexin, with the power of the dragon soul in the sky, was the killing of the first generation of Tianli.

The fury of natural reason can cause endless natural disasters.

Around Ye Chen's body, countless thunder and snow burst, and endless natural disasters tormented his body.

"Is this the power of the early heavenly principle?"

Ye Chen's heart is dark startled, can be regarded as a preliminary understanding of the power of heaven.

If it wasn't for his strong constitution and sanctification of the body, it would be enough to kill him thousands of times.

"Eight trigrams, heaven elixir, fairy and Koi, reincarnation spirit tablet!"

Ye Chen holds the formula in his hand and uses the eight trigrams heaven elixir technique and reincarnation spirit tablet to heal his wounds. He also opens the immortal Koi to copy and dispel the killing of natural disasters.

Fortunately, an Tiexin's strength is limited, and he can't play the real power of heaven. Under Ye Chen's treatment, his injury is recovering quickly.

However, an Tiexin was not so lucky. After the collision, he was seriously injured on the spot, vomited blood, and fell to the ground, deeply depressed.

Wuwuwu——

In the sky, the virtual shadow of the dragon soul in the sky also completely dissipated and retreated to the earth.

The sky dissipated, and the sea water rolled in again, pouring into the deep pit where Ann iron core fell.

"Lord of the city!"

The attendants, shocked and pale, quickly picked up an Tiexin.

The battle happened too fast and ended too fast. The fight between Ye Chen and an Tiexin took place between the lightning and flint. Both of them directly used the strongest cards to fight each other, and they instantly divided the victory and defeat. Outsiders couldn't get in at all.

Finally, ye Chen's reincarnation blood is strong and slightly better.

Sword nameless flies to Ye Chen side, way: "leaf adult, is all right?"

He has not recovered, just the battle of nature can not intervene, at the moment to see the victory has been divided, and ye Chen seems seriously injured, he can not help but a little worried.

"It's OK. I can't die."

Ye Chen wiped the blood of the corner of the mouth, put away the dragon Yuan sky sword, the body injury is recovering quickly.

But an Tiexin is scarred and angry. With the help of several followers, he stares at Ye Chen with venomous eyes and says, "reincarnation Lord, you are lucky today. Let's go!"

An Tiexin is very unwilling to lose this battle. If he can use his magic weapon to sacrifice the Bone Demon flag, it is not known who will win.

After all, the Bone Demon flag is one of the seven treasures of Hongjun. Even if it's just a fragment, it's powerful.

It's a pity that he was suppressed by Ye Chen, but he didn't have the chance to use the magic weapon. You can imagine how angry he was.

Now seriously injured in the body, an Tiexin did not dare to fight any more. With the help of several followers, he quickly turned and left.

Ye Chen's injury is still recovering, and he can't fight any more. Seeing an Tiexin run away, he can't chase him.

"Maple leaf dance, ten thousand leaves flutter!"

At this time, but listen to a burst of Jiao Chiu ring, a white figure, came to the deep sea in the world, a hand flick, the sea retreated, hard out of a vacuum.

And in this vacuum, there are pieces of maple leaves, flying all over the sky, with the swaying intention of killing, to kill an Tiexin and others.

"Seven seven!"

Ye Chen's eye pupil shrinks, and the figure coming down is misty rain immortal Zun Bai ruoli.

Behind the misty rain immortal, the figure of the demon Saint Han Yin slowly emerged. It seems that the injury has recovered a lot.

Whoa, whoa, whoa!

A piece of maple leaf flutters, unexpectedly has the evil spirit blood Miscanthus, that is the evil Saint Han Yin's breath.

He combined with Yanyu xianzun to kill an Tiexin in a single blow, so as to produce a fatal disease.

"Han Yin, it's you! Why aren't you dead? "

An Tiexin was shocked, but he didn't expect that the demon Saint Hanyin was still alive.

He only thought that Han Yin, the demon saint, had been killed by Wutian, the demon ancestor, but he had been saved by Ye Chen.

Puff!

Puff!

Puff!

Under the alliance of the demon Saint Hanyin and Yanyu xianzun, a few followers around an Tiexin are killed on the spot, with blood splashing.

An Tiexin himself, the body was also killed, the body perished, a wisp of spirit floated out.

"Ah, demon Saint Hanyin, Lord of reincarnation, how dare you run wild in my territory and destroy my body? Do you really think that there is no one in my ancient Youhai city? I want you to pay the price! "

An Tiexin was extremely angry and roared. He offered a jade amulet. He was inspired by the aura and said:

"Small nine tripod array, open!"

Under his aura, the jade Fu vibrates with a buzzing sound, and the green light bursts out.

With the concussion of the jade symbol, an amazing scene appeared. The surrounding sea water was boiling violently, and there were countless auspicious colors.

Among the swirling clouds, there are nine giant tripods.

The nine cauldrons, surrounded by a circle, burst out a violent energy pressure, which is the law of wanxu temple!

"This is... Jiuding array? No

Ye Chen saw the nine cauldrons and was shocked. He caught the similar breath of the nine cauldron array, but it was much weaker than the nine cauldron array.

"It's the little nine tripod array! The array that wanxu used to capture the beast in those days

Hearing the words, ye Chen suddenly realized that this array was evolved from the Jiuding array. It's called the small Jiuding array. It's a weakened version of Jiuding array.

This small nine tripod array, compared with the real nine tripod array, is naturally glowing, which is nothing. But for ye Chen, the power is also very important.

In those days, wanxu captured the beast by relying on the small nine cauldron array. After the beast was trapped, it was sealed in the giant cauldron. No matter how fierce the beast was, it could not escape.

After opening the small nine tripod array, an Tiexin's face turned into a pig liver color, and his breathing became short, a very uncomfortable appearance.

The law energy behind this small Jiuding array comes from the wanxu temple.

And an Tiexin has betrayed the ruins.

A traitor is not qualified to use the law of wanxu.

Therefore, he started the small nine tripod array against heaven. He would be attacked by the law of ten thousand ruins. He would hurt himself before he killed.

The jade talisman that opens the array is also an invisible bomb. If it is used too often, it will even cause the explosion of the rule and make itself fall!

However, in the face of the threat of Ye Chen and others, an Tiexin has no other choice but to directly open the small Jiuding array.

Boom!

Jiuding Zhenhai has boundless power.

All the rules of time, space, killing, and extinction belong to the supreme world. The rule of wanxu temple is constantly breaking out, and the scene is very spectacular.

Chapter 6407

"Let's go!"

Ye Chen is proficient in the formula of array words. At a glance, he can see that this little nine tripod array is powerful.

This ancient Youhai city is the territory of an Tiexin. In this place, the power of the array is enhanced several times, and even ye Chen can't crack it.

Once surrounded by the small Jiuding array, it's hard to escape.

At the moment, ye Chen waves his hand, takes sword nameless, Yanyu xianzun, demon Saint Hanyin and others, and leaves quickly.

Wow.

The four flew out of the sea and came back to the water, but there was a commotion in the city. Many merchants and pedestrians came back to the shore, and no one dared to stay in the boat.

The battle between Ye Chen and an Tiexin makes the whole ocean full of danger. There are waves and waves, and the colors of lightning and firelight are hidden and shocking.

"What's the matter? Did the foreign League call? "

"Doesn't it mean that the foreign League will launch an attack in another month? Why so fast? "

"Who is making trouble?"

There was a lot of discussion and uneasiness.

Boom!

And at this time, in the bottom of the sea, suddenly there are nine big tripods, flying out of the sea, straight into the sky.

Jiuding Zhentian is as dazzling as the nine wheels of the sun.

"Little nine tripod array?"

"Lord an used the small nine tripod array. Isn't he afraid of wanxu's attack?"

"Who is the enemy in the end? He can force Lord an to this point!"

People were even more surprised to see the magnificent atmosphere of Jiuding soaring into the sky.

Ye Chen's face sank, and he felt that Jiuding had a chance to kill him!

"Go

Ye Chen did not stay, immediately took the demon Saint Han Yin and others, and flew directly to the ancient Youhai city.

"Master, wait!"

When ye Chen just flew to the outskirts of the city, he heard Xiao Huang's voice.

"Xiao Huang, what's the matter?"

Ye Chen inquires.

Little zodiac: "master, I just caught the exact breath of the same kind at the bottom of the sea! I do have the same kind. I'm being held here! "

Ye Chen heart move, a way: "do you know where he is locked up?"

Little zodiac: "I know. I also feel that his breath is very weak and needs treatment. Master, can you rescue him?"

Ye Chen frowns. He naturally wants to save Xiao Huang's kind, but the problem is that an Tiexin has opened the small nine cauldron array, and he can't break the array to rescue in a short time.

"Let's leave first and plan later."

Ye Chen weigh, or decided to leave the ancient Youhai city.

Huang was quite disappointed, but he also knew that Jiuding could not be broken, and he could not save people at all. Breaking into it was tantamount to death, and he said, "OK."

Ye Chen a nod, then take the public, completely leave the ancient Youhai City, looking for a quiet island, temporarily settle down.

"Lord, are you ok?"

Misty rain immortal Zun eyes with worried color, asked.

Ye Chen looked at her and said, "it's OK." He looked at the demon Saint Han again: "Why are you here?"

Yanyu immortal said: "Lord, I'm not at ease. I'm afraid that something might happen to you, so I decided to help you."

Han Yin, the demon saint, said slowly, "Lord of reincarnation, you can rest assured that I have your zhenmie Demon Stone and Wanyao immortal pool to help me. I'm all right."

Said, the demon Saint Han Yin a hand, palm condensed a drop of water.

This drop of water, in fact, is the pool of ten thousand demons.

He has no serious injury, will ten thousand demon fairy pool back to Ye Chen.

Ye Chen said: "master, I heard that there is a nightmare beast, who is locked up in the ancient secluded Sea city. I want to go to the rescue. What can you do?"

The demon Saint Han Yin has been in the dark forbidden sea for many years and has rich knowledge. Ye Chen just wants to find out the way to save from him.

At present, Xiao Huang's kindred are trapped in gyouhai City, which is protected by xiaojiuding array. Ye Chen can't help saving people.

The demon Saint Han Yin frowned and said, "is it the beast of nightmare? I've heard that there is a nightmare Protoss in the dark forbidden sea, which is the ORC. The ancestor is the god beast of Hongjun, the king of nightmare. "

"Today's nightmare Protoss is the descendant of the nightmare king, but no one has ever heard of who can really awaken the blood energy of the nightmare king."

"In the ancient Youhai City, there is indeed a nightmare beast, but it's just a common beast, and it doesn't have the blood energy to wake up the king of nightmare."

"Reincarnation Lord, do you want to save the nightmare beast? I don't advise you. Ordinary beasts are not worthy of your status and have no cultivation value. "

Ye Chen in the heart move, quietly ask to small yellow: "small yellow, do you still want to go to rescue?"

Xiao Huang said decidedly: "save! I've never met my peers, even those with ordinary talent, who are my own kind after all. I can't just sit back and watch them! "

Ye Chen nodded and understood what Xiao Huang meant, so he said to the demon Saint Han * *
"master, I have another cause and effect. I still want to go to the rescue, but now the nine cauldrons are locked. How can I break through?"

That little nine tripod array, evolved from the nine tripod array, is extremely strong. If ye Chen wants to break the array, he should think about half a year, but he obviously doesn't have so much time to wait.

Therefore, he wants to hear the opinions of Han Yin.

The demon Saint Han Yin pondered for a while and said, "if you want to break the tripod for rescue, maybe you can wait a month later, on the day of foreign alliance's siege, and see the situation again."

Ye Chen said: "foreign allies attack the city?"

Yesheng Han * * "yes, there are many small aristocratic families in the open sea. In order to protect themselves, they form alliances to fight against the oppression of the Damen aristocratic family. These small aristocratic families are weak, but forming alliances is also a force that can not be underestimated."

"The foreign League and the ancient Youhai city have been fighting for thousands of years. Recently, Wutian, the demon ancestor, killed people in a rage. All the gate valves, such as the Xiahou family and the Wenjia family, were slaughtered. The foreign League saw the opportunity and decided to attack the city in a month."

"This is their chance to attack the city once in a blue moon. They are afraid to offend the evil ancestor Wutian and follow the footsteps of the Xiahou family and the Wen family, so they are afraid to take the lead. The ancient Youhai city can't rely on foreign aid."

"When the time comes, the siege will break out and the situation will be chaotic. Maybe there will be a chance to fish in troubled waters."

Ye Chen after hearing, eyes suddenly a bright, if there is a war broke out, an Tiexin care about one thing and lose another, is really his opportunity to fish in troubled waters.

And wait for a month, also can reluctantly accept.

"Well, thank you for telling me that I have made up my mind."

Ye Chen bows his hand to the demon Saint Han Yin.

The demon Saint Han Yin smiles, takes out the Zhen Mie Demon Stone, hands it to Ye Chen, and says: "you're welcome, reincarnation Lord, I'll give it back to you."

Ye Chen a Leng, facial expression some strange, way: "why?"

Demon Saint Han * * said: "I was wounded by the demon ancestor Wutian. Although the wound has been healed, my mental trauma can not be cured. I will live in a nightmare for the rest of my life."

Chapter 6408

"Lord of reincarnation, I can't help you any more. I'd better give you back this stone."

Speaking of the end, there is a sense of desolation in the tone of Han Yin.

If he can, he also wants to follow Ye Chen and fight for the world, but the problem is that he has no power.

Ye Chen's heart was shocked, and he also personally understood the killing of the devil.

The supernatural attack of the demon ancestor can invade people's spirit, and give birth to such negative emotions as fear, awe, cowardice and so on, which linger like a demon and accompany people all their lives.

Once a person has a mental trauma and can't heal, his life is almost useless. He can't practice any more, or he will be possessed at any time.

Now, the surface injury of the demon Saint Hanyin is no big problem, but the nightmare trauma of the spirit and the fear of the devil ancestor can't be eliminated all his life.

In other words, he will be a loser in the future.

Even ye Chen, in the face of the spirit of Wutian, also feel extremely difficult.

Now he has suffered a lot. His mental trauma has not yet healed. He even has to use the wish star to suppress his negative emotions.

He has a deep foundation of martial arts and many cards. There are solutions in the future.

But the demon Saint Han Yin, it is impossible to heal.

Ye Chen is silent down, deeply feel that the evil ancestor has no day of terrible, really casually move a finger, can destroy other people's life.

The demon Saint Han Yin laughs and says, "at least, I've picked up a life, which is not bad."

Ye Chen said: "senior..."

Demon Saint Han * * "now I just want to return to my roots, return to the blood demon family, serve the demon lord, and ask the reincarnation Lord to complete it."

Yaouxu is the spirit of Wanyao Xianchi, the master and uncle of Hongxia fairy, and also the master behind the blood demon clan.

Han Yin, the demon saint, is haunted by nightmares. He can no longer get involved in martial arts. He just wants to go back to his roots and live a peaceful life.

Ye Chen sighs a, originally also want to solicit demon Saint Han Yin, cultivate help.

Unfortunately, the appearance of Mozu Wutian completely disrupted his plan.

"Well, master, it's good for you to go back to rest. It's just that the crisis in the earth's heart is serious. In three years, the ancient Yuhuang Emperor may come and destroy everything in person. Do you want to go back at this time?" Ye chendao.

Demon Saint Han Yin said with a smile: "reincarnation of the Lord, I believe your strength, the reincarnation of the emperor, I believe you will win, will not really let the heart of the Earth destroyed."

Ye Chen a smile, way: "that inherit elder auspicious words, if this game, I can win, promise you a safe old age certainly."

"Thank you very much

Ye Chen nodded, gathered his aura, turned it into a Fu Zhao, and handed it to the demon Saint Han: "you take this Fu Zhao, go back to the blood demon clan, Hongxia fairy naturally knows everything, and she will protect you."

"Thank you very much."

The demon Saint Han Yin thanks again, takes the Fu Zhao, says goodbye to Ye Chen, flies away from the dark forbidden sea and returns to the earth.

Ye Chen sees that the demon Saint Han Yin is gone, and takes back the Zhen Mie Demon Stone again. He can't help sighing.

But he didn't expect that this town destroyed the Demon Stone, went around, or returned to his own hands.

"After a month's siege, my mental nightmare is still here. I'm afraid I can't even suppress the wish to see the stars. I have to find a way to solve it."

Ye Chen thinks that the mental trauma brought to him by Wutian is not healed yet, so we must find a way to solve it.

Otherwise, time goes on. In the dark forbidden sea, ye Chen won't last long, and is likely to be engulfed by nightmares.

If you want to solve the spiritual invasion of Wutian, you'd better use lingxu Tianzhu!

Ye Chen looks at the zhenmiejiao stone in his hand, and his heart moves. If the zhenmiejiao stone is integrated with the Tianzhu of lingxu, it may be able to directly repair the Tianzhu of lingxu, or even further expand.

At that time, ye Chen's mental trauma problem can be completely solved!

"Lord, what shall we do now?"

Yanyu xianzun asks Ye Chen.

Ye Chen's eyes narrowed slightly and said, "the siege war will only begin a month later. We'll have a good rest this month and don't go anywhere."

Misty rain immortal Zun said: "yes!"

At present, ye Chen, Yanyu xianzun and Jianming rest on the island.

Sword nameless went to the other side of the island by himself to recuperate himself.

Ye Chen called out the eight trigrams Dan furnace, and used the military formula to put the Tianzhu and zhenmiejiao stone in the lingxu together for fusion and restoration.

Yanyu xianzun is with Ye Chen.

In the eight trigrams Dan furnace, the pearls of lingxu are shining with Green Fairy Light, while the zhenmiejiao stone is flashing with red demon light. The two lights are interwoven with each other, which is quite gorgeous.

Ye Chen's two hands of Dao Ling Jue, trying to fuse the two rays.

"Boy, are you going to take the zhenmiejiao stone to repair the Tianzhu of lingxu?"

Day demon sees the action of leaf Chen, tiny a burst of surprised, ask.

"No, to be precise, it should be integration."

Ye Chen corrects the saying that if the stone is destroyed and successfully integrated with the Tianzhu of lingxu, the combination of Xianqi and Yaoqi will surely transform, and the Tianzhu of lingxu will naturally be restored.

The demon said with a smile: "the fairy and the demon can't tolerate each other. If you are forced to merge, if you fail, the two treasures will explode. Can you bear the loss?"

We should know that the Tianzhu of lingxu contains the cause and effect of wanxu. It was the place where the ancient emperor of Yuhuang used to cultivate zhenzhuo disciples.

Later, ye Chen cracked the nine cauldron array to fight against the will of wanxu, which is the key to lingxu Tianzhu.

Ye Chen smiles a little and says: "I believe that the level of my military formula is not difficult to integrate."

Ye Chen has absolute confidence in his own strength, especially his attainments of Bing Zi Jue.

Although immortals and demons can't tolerate it, he can directly integrate two kinds of secret treasures with different attributes by using the magic power of Bing Zi Jue.

"You have confidence in your strength. I hope you don't boast. I can't see through your details."

Ye Chen progress too fast, breakthrough too fierce, even at the moment of the day demon, also don't know ye Chen's inside information, in the end how deep.

Under the control of Ye Chen, in the Bagua Dan stove, the Tianzhu of lingxu and the zhenmieyao stone are closely attached.

Then, a wisp of murderous Qi of Bing Zi Jue pops up from ye Chen's fingers and hits the zhenmieyao stone.

Pop!

That town destroys the Demon Stone, immediately split, a large number of evil spirit is released.

Ye Chen's eyes narrowed slightly, and he looked rather dignified. This stone is the result of the evil of Hongjun's earthvein. Even the demon ancestor Wutian longed for it. The energy is really very important.

This large amount of evil spirit is released, even ye Chen feels a little suffocated.

He has the body of the demon and the blood of the mysterious demon. Originally, he could easily absorb the ordinary evil spirit, but the evil spirit of the demon killing stone is so ancient and vast that even he dare not absorb it casually.

Chapter 6409

"The spirit returns to yuan, Chi!"

Ye Chen made a formula and poured a lot of evil Qi into the Tianzhu of lingxu.

WOW!

Under the pouring of a large amount of evil spirit, the heavenly beads of lingxu suddenly burst out a bright light, and the light kept flashing, and gradually emerged a miniature cave world.

This world is just the small world of fairyland in Xuyuan. There are many mountains and rivers, surrounded by the auspicious atmosphere of Xianxia, which is quite magnificent.

"There should be no problem."

Ye Chen saw the fairyland reappear, his heart secretly relieved.

The Tianzhu of lingxu is being rapidly restored.

The Dongtian world in the Tianzhu, which was originally a ruin, has been restored, which means that the Tianzhu of the lingxu is also being restored.

In the center of the cave world, there is a stone tablet full of cracks, which is the core of the Tianzhu of lingxu, the Daoshi of lingxu!

Now, the cracks in the stone are gradually being repaired.

Ye Chen uses Bing Zi Jue to pour the evil spirit of zhenmiejiao stone into the Daoshi of lingxu.

Demons and immortals are gradually merging.

After half a month, the fusion was completely completed, and a brand new Pearl Rose from the Bagua Dan stove.

This new bead has no crack. All the damaged marks have been repaired by Ye Chen.

The green awn of Fairy Spirit and the black fog of evil spirit interweave with each other, intertwine with each other on the beads, and finally evolve into a fairyland world.

In the middle of the world, an evil stone stands. In this fairyland world, it is very abrupt and full of evil and violent atmosphere.

"It's a success at last."

Ye Chen's eyes coagulated, but he felt that there was a trace of ancient Qi Yun in the beads, which was the Qi Yun of wanxu!

In the past, wanxu Temple used the Tianzhu of lingxu to cultivate zhenzhuan disciples. Now those who are strong in zhenzhuan will come to the earth one by one.

Within three years, there will be 81 strong wills of the true story of the ten thousand ruins coming down completely!

And lingxu Tianzhu is the origin of those strong people!

In charge of the Tianzhu of lingxu, you can control the source of qi movement of the strong people in wanxu, and form an absolute advantage of suppression in the battle.

That is to say, if ye Chen could refine the pearls of lingxu and fight against wanxu in the future, it would be much easier.

"If master Ren knows that I have restored the Tianzhu in lingxu, he will be very happy."

Ye Chen heart secretly happy, thought of Ren extraordinary.

At the beginning, even Ren Fanfan couldn't find the heavenly pearl of lingxu, but now it was found by Ye Chen and repaired smoothly.

In this chess game, ye Chen has one more card, which is naturally one more point.

"Lord, this bead..."

Yanyu xianzun, a Dharma protector, saw the Pearl in the lingxu heaven, but his eyes were suddenly confused, his body was trembling, his skin was flushed, his breath was rapid, his chest was constantly fluctuating, as if his spirit had been seriously affected.

"Seven seven, what's the matter with you?"

Ye Chen sees the abnormality of misty rain immortal Zun, suddenly a Leng.

Yanyu immortal's eyes are full of charming and sentimental color. His delicate hands suddenly untie his clothes and skirt. The whole person seems to be possessed. He whispers: "Lord, I will dedicate myself to you..."

"Well?"

Ye Chen was silly to hear such straightforward words from Yanyu xianzun.

But see misty rain fairy Zun dress to fade, reveal white snow tender body, let Ye Chen all a little shortness of breath.

"By the way, she was influenced by the evil spirit of Tianzhu in lingxu, and she was possessed."

Ye Chen suddenly realized that after the Tianzhu of lingxu mixed with the zhenmieyao stone, the killing with evil spirit can erode people's spirit, expose the most hidden side of their heart, and even become possessed by the devil.

The appearance of Yanyu xianzun was obviously influenced by the Tianzhu of lingxu.

The most hidden side of her heart is that she wants to devote herself to Ye Chen.

Ye Chen a trance, misty rain fairy Zun soft body, has relied on.

"77, wake up!"

Ye Chen takes a deep breath and hastens to put away the pearls of lingxu. In his hand, a wisp of immortal koi is released and enveloped in the body of Yanyu immortal.

Yanyu immortal Zun's body trembled, her eyes faded, and she regained her consciousness. She was surprised to find that she had taken off all her clothes, and then she was shy again, saying: "Lord, what's wrong with me

Ye Chen quickly put on her clothes and said, "you're OK. You're just confused by the Tianzhu of lingxu for a moment. Just be careful next time."

Misty rain immortal Zun "Oh", thought of his just gaffe, but he was ashamed, so he found an excuse and said: "Lord, there seems to be something moving over there. I'll go and have a look."

Finish saying, then fly also like ran.

Ye Chen can't laugh or cry, and he is surprised. It seems that after the combination of the heaven pearl of lingxu and the zhenmiejiao stone, it is really powerful, and can even affect people's spirit. It's very powerful.

"This heavenly pearl of lingxu should be able to eliminate the negative influence brought to me by Wutian."

Ye Chen's heart moved, and once again offered sacrifices to the heavenly pearls of lingxu, suspended in front of him and sat down on his knees.

WOW!

In the twinkling of the pearls, a fairyland emerges.

Ye Chen sits on the top of the mountain in the middle of the fairyland. Behind him is a stone tablet of evil spirit.

All kinds of immortals and Demons surround him and nourish his spirit.

Gradually, ye Chen felt that Lingtai was pure and bright, and all kinds of fear, fear, fear, cowardice and so on. His innermost negative emotions were dispersing and replaced by a vast light.

Chapter 6410

The spirit wound that the evil ancestor has no day to bring to Ye Chen is healing quickly.

After ten days of this, ye Chen's mental trauma is completely healed. Even if he sees Wutian again, he will not be afraid of anything.

Even after the healing of the mental trauma, ye Chen feels that his cultivation has made great progress. Now he has reached the critical point of the sixth heaven of the true realm. He is just a little short of breaking through and upgrading.

This perfect and powerful feeling makes Ye Chen extremely excited.

"Calculate the time. There are still a few days left for the foreign League to attack the city. It's almost time."

Ye Chen heart move, at present distance outside alliance siege, only the last few days of time.

Even if it is located in a desert island, ye Chen can also vaguely capture the atmosphere of beacon fire in the outside air, which is a sign of the coming war.

Yanyu xianzun comes to yechen. The sword on the other side of the island is nameless and has a tacit understanding. He goes to yechen.

After nearly a month's recuperation, the sword's nameless state has completely recovered to its peak. The whole person is really like a scabbard sword, extremely fierce.

"Lord Ye, are we going to start?"

The sword No Name arched a hand to ask a way.

"Well, let's go. It's time to settle everything."

Ye Chen's eyes were cold, and then he pulled out the wild demon sword and handed it to the nameless sword, saying:

"I'll lend you this sword. You can take it."

The sword was nameless but didn't pick it up. He shook his head and said, "no, Lord Ye, this is your sword. I don't need someone else's sword."

Ye Chen said with a smile: "you are stubborn."

The sword is nameless, silent, and cold as his kendo.

"Well, let's go."

Ye Chen doesn't ask for it either, so he takes Yanyu xianzun and flies to the ancient secluded Sea city.

Sword nameless silently followed behind them.

This time, ye Chen's main purpose of going to the ancient Youhai city is to go to the ancient Youming prison and rescue Xiao Huang's kindred, so as to find out Xiao Huang's true identity.

The ancient Youhai city is covered by the small nine tripod array, so it's hard to enter. However, the foreign alliance's attack on the city is a great opportunity. Maybe you can fish in troubled waters.

The three flew all the way, and it didn't take long for them to come outside the ancient Youhai city.

However, in the sky of the ancient secluded Sea city, there are nine big tripods suspended, each of which is as brilliant as the sun. The auspicious atmosphere is surging and dazzling. The nine tripods are very spectacular.

Ye Chen's eyes narrowed slightly. It's just a small Jiuding array. The weather of Jiuding floating in the air is so magnificent. If it's a real Jiuding array, I don't know how brilliant it will be.

The whole ancient Youhai City, the sea water has completely receded, the lower half of the city has also been exposed.

Obviously, in order to confront the siege of foreign allies, an Tiexin is also ready to fight with all his strength.

At the moment, the siege has not yet begun, but outside the ancient Youhai City, the sky and the sea are full of warships.

Tens of thousands of warships, with iron ropes across the sea, are connected with each other by iron chains. Thousands of warships are connected as a whole, with iron plates and air engines. It's like an array. It's very spectacular.

On each warship, there are at least 100 warriors on display, ready to go.

All in all, millions of people are besieging the ancient Youhai city. It's terrible.

"Is this the power of the foreign League?"

Ye Chen saw that tens of thousands of warships, connected into a spectacular scene, can not help but praise.

The place of the dark forbidden sea is really vast. It's just an open sea. The alliance between small families has such a beautiful atmosphere.

If it is the inland world, the legend of the old alliance, I do not know how adverse it will be.

Tens of thousands of warships besieged the city, the lineup was cleaned up, there was no voice, the whole scene was silent, only the sea water was churning, the wind was roaring, the foot soldiers were patrolling, in addition, there was no sound, the atmosphere was very depressed, the rain was coming.

Ye Chen, Jian Mingming and Yanyu xianzun are hiding in a cloud of smoke in the sky, but they are not exposed.

This cloud of smoke, of course, is the manifestation of Yanyu xianzun's magic power. She is proficient in the technique of misty rain covering the sky and the illusion of misty rain. Her concealment method is very clever and has not been found by anyone.

"What a spectacle."

The misty rain immortal looked at the scene of the warship crossing the sea below, which was also a burst of admiration.

Ye Chen's eyes narrowed slightly, scanning the whole room.

At present, the siege war has not yet begun. The foreign Alliance fleet is just besieging the city, not attacking.

In such a big war, we pay great attention to good luck. Good times are very important. Before the time comes, we will not move lightly.

On this side of the ancient Youhai City, many guards are displayed on the wall, with their backs against the nine cauldrons.

Both sides are ready to go.

After a few days, a loud trumpet was suddenly heard in the boat formation of the foreign League.

This horn sound is the signal of attack!

"Today is the day to destroy an Tiexin and maintain the right way in the open sea."

The whole fleet was boiling with a loud cry.

Then, tens of thousands of warships drove madly to the bottom of the ancient Youhai city. The guns on the warships roared and attacked the city wall. Many warriors swarmed toward the city like ants.

"The siege has begun."

Ye Chen's vision a coagulate, these days time, he has been waiting for, finally is to wait until the beginning of the war.

However, the guards of the ancient Youhai city kept firing arrows and shooting down the foreign alliance warriors who climbed to the top of the city.

However, the artillery fire of the foreign Alliance fleet, attacking the city wall, was stopped by a special ban.

The prohibition is naturally the guard prohibition of xiaojuding formation.

With the war, the light of the nine cauldrons in the sky broke out to the extreme, and the infinite light fell down, just like a blessing, protecting the city of the ancient Youhai city.

But there are too many people attacking the city

Many foreign alliance warriors, fearless of death, bravely fought against the prohibition of Jiuding, filled a road with the blood of human life and rushed to the top of the city.

The garrison of the ancient Youhai City fought to the death. The two sides fought hand in hand, and the fighting was very fierce.

"A group of local people, do you want to conquer our ancient Youhai city? Ridiculous

Just at this time, a severe shout came out.

But in the sky, a young man in a brocade robe appeared. It was the city leader an Tiexin.

An Tiexin comes to the center of the Jiuding array. The Jiuding revolves around him, and the Xianxia bursts out, which is very spectacular.

But ye Chen looked carefully, but saw an Tiexin's face, with a trace of gloomy death, as if people were dying, the omen was very fierce.

On the waist of an Tiexin, there is a jade talisman. It is the talisman that maintains the small nine tripod array. It contains the rule of wanxu.

At the moment, the jade talisman's green light is flashing, the light is very unstable, all kinds of law energy, as if to explode at any time.

This unstable atmosphere also makes Dean Tiexin look like a fierce beast that is about to run away at any time. He is extremely fierce.
