

Physician 6421

Chapter 6421

.....

At the same time, the supreme world, deep in the temple of wanxu.

In a secluded barren mountain, green bamboos are planted. Surrounded by green bamboos, there is a fairy pool with dense aura, reflecting the sunshine and filled with mist. The breath is cool and warm.

This immortal pool is the Cuizhu immortal pool in the four immortal pools.

At the moment, beside the green bamboo immortal pool, there is an old man sitting, who is the ancient emperor Yuhuang!

Before the use of the yuhuangzhushenjian, yuhuanggudi really cost a lot, after the defeat, he has been in cuizhuxianchi healing.

The water reflected his figure. It was just through the green bamboo fairy pool that he projected his figure into the dark forbidden sea and the ancient secluded Sea city.

"The Lord of reincarnation, the demon emperor, very good, very good. You are against me everywhere. When I destroy the earth's heart, you will die!"

Yuhuanggudi's eyes are sharp. Yechen and the demon emperor are united, and they are in the dark. He wants to kill them. It's very difficult.

However, as long as the nine cauldron formation in the earth's heart is successfully concluded, he will come to the earth's heart. At that time, ye Chen and the demon emperor will surely come to save him, and he will be able to kill everything.

There is no doubt that the Jiuding array is the most important part of the chess game. As long as the Jiuding array is stable, all problems can be solved.

"However, the reincarnation Lord has a deep sense of luck. It will take three years for the formation of the great array in the world. If he rises against heaven in these three years, it will not be good."

The emperor's brows were locked and his heart was worried.

WOW!

At this time, in the sky, suddenly a light came.

This group of light, holy and noble, seems to contain the supreme law of heaven, which is the light of "heaven".

"Heavenly principle" came down and said to the Emperor: "emperor, how can you explain to me that you lost the dragon soul in the sky?" The voice was stern.

The emperor laughed and said, "what's the explanation? What do I need to tell you? "

"Tianli" said angrily, "you forgot the deal between us? I'll give you the ancient star road, and you'll give me the dragon soul of the sky, and let me shape my body. Do you want to go back? "

It turns out that the bargaining chip of the original transaction between "Tianli" and yu Huanggudi was that yu Huanggudi would send out extra dragon spirits to help "Tianli" shape its body.

At present, "heavenly principle" has no form, just a light of heavenly law. Although it has will, it is invisible and immaterial, like duckweed in the wind.

Although in the eyes of the world, "heavenly principle" is still superior and can only be looked up to and awed, but in the realm of the ancient emperor Yuhuang, "heavenly principle" is not enough to be feared.

Even if the battle really starts, "Tianli" is not the opponent of yuhuanggudi.

In order to have a long-term plan, "Tianli" needs to shape the body, whether it is the form of the spirit or the body. In a word, it needs to have a body. Otherwise, it is invisible and immaterial. It is not the enemy of yuhuanggudi and Mozu Wutian, and it is impossible to see nothing.

In the past, the sky dragon was in charge of the laws of heaven in the early days, and the spirit it left behind was exactly what "heaven" wanted most.

As long as the Dragon Spirit in the sky is integrated, today's "heavenly principle" can restore the ancient glory and compete with yuhuanggudi and Mozu Wutian.

"Originally, you could have given me the sky dragon soul long ago, but you wanted to stay in the ancient Youhai city. You are deliberately perfunctory!"

The voice of "Tianli" became more and more severe, and the light trembled violently.

Then, the sky above the temple of ten thousand ruins is full of thunder, clouds, heavy wind and thunder, and the disaster of Blizzard and sky fire.

"I can't kill you, can't I kill your disciples and grandchildren?"

"Justice" sternly threatened, but now the dragon spirit lost in the sky, it made him extremely angry.

The dragon soul in the sky falls into the lost time and space, and the lost time and space is born from the nothingness world. The law of time and space is almost static, chaotic, and the world is boundless. It is almost impossible to find a wisp of ghost in it.

The ancient emperor Yu Huang was angry when he saw Tianli. He laughed and said, "if you do it, it's best to kill all the people, but I don't have to do it. It's better that the whole supreme world is slaughtered by you. Then the world is pure and empty. Maybe I can see the world ahead of time."

"You... You!"

"Tianli" was very angry. I didn't expect that yuhuanggudi was so cold-blooded. He said: "it's said that you yuhuanggudi are mean and ungrateful. I've seen it today."

The ancient emperor Yu Huang touched his beard with a smile and said, "these worldly causes and effects are all illusory. Only the peak of martial arts and the world of nothingness are true. In order to see nothingness, you can give up everything else."

"Tianli" said: "you have broken your promise and carried the cause and effect of Tianli. I see how you can continue to practice."

"Who said I broke my promise? If you want to shape your body, you don't have to have the Dragon Spirit in the sky. "

"Tianli" light group flashed and said: "do you have any other way? The agreement between us must be completed within three years. Do you still want to lure the king of phagocytosis? "

It turns out that the ancient emperor Yu Huang left the dragon soul of the sky in the hand of an Tiexin. He didn't capture it. He wanted to lure the king of swallowing.

The king of swallowing is one of the four animal kings. It is the ancient gluttonous, and shares the same door with the sky dragon.

At that time, the ancestor of Hongjun was sitting on the throne and stepping on nothing. In this world, it was actually the same as falling. All the four great beasts under the throne were buried.

The king of phagocytosis was also buried in that year, but he was a gluttonous beast. After his death, he came back to life with the energy of the law of phagocytosis.

Yuhuanggudi's plan is to use the dragon spirit of the sky to trap and devour the king.

Once you catch the king of phagocytosis and master the law of gluttonous phagocytosis, it will be much easier for him to devour the Qi transportation in the heart of refining earth.

However, the king of swallowing didn't show up and obviously didn't fall for it.

Yuhuanggudi said: "no, the king of swallowing is timid. It's almost impossible to lure him out. I'm going to arrest the son of Beimang and offer him to you."

"Tianli" said: "the Holy Son of Beimang, is that Shuangtong nightmare?"

Beimang clan is the surname of the nightmare Protoss. The ancestor Beimang Taiwu is the nightmare beast among the four beast kings!

Yuhuanggudi's eyes narrowed slightly in memory.

He remembered that ye Chen had a nightmare with two pupils. If he was right, it was the inheritor of Beimang Taiwu blood, that is, the Holy Son of Beimang clan.

"Tianli" said: "if you want to arrest Beimang Shengzi, where is it so easy? He follows the reincarnation Lord and is protected by reincarnation Qi. You want to capture him unless you kill the reincarnation Lord first

Chapter 6422

Yuhuanggudi ha ha a smile, said: "you don't have to worry, I have my own way, wait for my good news."

"Heavenly principle" said: "how long do you have to wait?"

After pondering for a while, the emperor wanted to say that it would be within a few days, but when he thought about it carefully, he had better be cautious and said, "don't you mean three years? What's your hurry? You can finish the agreement in three years. If it goes well, maybe in three days. "

"Heavenly reason" snorted: "you'd better not let me down, or I'll fight for jade and stone, and you won't get better!"

Emperor Yu laughed and said, "you are the first person who dares to threaten me face to face. I'll wait."

"Heavenly principle" is no longer spoken, the light group flickers, then hides in the void, completely escapes.

But when the "heavenly principle" left, the emperor got up, looked at the green bamboo fairy pool, played a magic formula, and drank softly: "open!"

Boom

The pool cracked, revealing a deep gap.

Yuhuanggudi a flash, instant shuttle, through the cracks, came to the bottom of the pool.

But there is a dungeon under the water.

As like as two peas, the devil is a monster with a monster. It is a dark monster with a mixture of demons and a nightmare.

"Yuhuanggudi, why are you here?"

The lion, the devil and the fierce beast, was shackled by chains and suffered a lot. When he saw the arrival of the ancient emperor Yu Huang, he showed his fierce eyes.

The ancient emperor Yu Huang gave a little smile and said, "I have a mission for you, northern mangzhou."

The lion devil said: "what mission? I'm a northern mangmo. I'll never beg for mercy. You can kill me if you want. I won't serve you! "

Yuhuanggudi said with a smile: "I know that your nightmare Protoss is divided into royal family and demon family. The two families can't tolerate each other from generation to generation. You are magic pupil nightmare. As long as you promise me one thing, I will personally kill the members of Beimang royal family for you and let your magic pupil nightmare family dominate."

The evil pupil nightmare, named beimangzhou, heard the words of yuhuanggudi, his heart suddenly moved and said: "are you willing to do it? Aren't you afraid of causation? "

Yuhuanggudi said with a smile: "no matter, as long as you can complete the task I entrusted, I can bear any cause and effect."

The black eyes of the northern mang Zhou were twinkling slightly, but he knew that the ancient emperor Yu Huang was mean and merciless, and he didn't dare to agree easily. He said, "first, let's hear what I need to do."

Yuhuanggudi said: "I have found out the location of the son of Beimang royal family. It's in the dark forbidden sea. I can't come here. You go for me and kill the son. His name seems to be Xiao Huang. It's ridiculous that a Protoss should have such a name."

"Xiao Huang?" he sneered? It's really ugly. I thought it was a dog. It's really the son of the royal family? He's been missing for thousands of years. Did you find him? "

The yuhuanggudi waved his hand and said: "the name is just a code. It doesn't matter. The ordinary name is good for feeding. He carries the blood of the king of Beimang. He is lucky to survive. I'm sure he is in the dark forbidden sea."

Beimang Zhou said, "the son of the royal family is strong in blood. I am alone, and I may not be his enemy."

The ancient emperor said, "don't worry, I'll give you the divine skill of Brahma. You can easily kill the Holy Son."

As he said this, the yuhuanggudi stretched out his finger and pointed it on the forehead of beimangzhou. A wisp of golden light passed through.

With a scream of "roar", the northern mangzhou felt his head ache and wanted to crack.

And after this sharp pain, he is just like a man who has a vast and wonderful magic power, which is branded in the sea of his knowledge.

It's the divine power of Brahma and linzijue!

After a while, he knew the power of Brahman's divine skill. It was incredible that yuhuanggudi was willing to give him a secret.

The ancient emperor Yu Huang smiles and says, "you have mastered the Linzi Jue. It's easy to kill the northern mang son, but you should be careful. His master is the reincarnation master. You must not be against the reincarnation master, or you will be killed in one move."

Ye Chen's growth and breakthrough is too fast. Now he has reached the seventh heaven of the true realm, and the six ways in his previous life are perfect. If he fights, the strong men in the second heaven of the hundred flail realm will be easily killed by Ye Chen.

The strength of northern mangzhou was also about two-tier heaven in Baiji realm. Even if it was combined with linzijue, it could not be ye Chen's opponent.

"What, Lord of reincarnation? The evil son of the royal family actually took refuge in reincarnation? "

The northern mangzhou was shocked, but it did not expect that the prince's son should follow reincarnation.

Reincarnation is majestic and dominating the heavens. It has heard of it for a long time. If it is sheltered by the reincarnation Lord, it is almost impossible for it to kill the Royal son.

Yuhuanggudi said: "don't panic, you can open up a battlefield of ancient demons and gods by using linzijue. I'll teach you how to open up..."

At present, yuhuanggudi told beimangzhou the essence of linzijue, how to summon demons, open up battlefields, contact blood, isolate outsiders and so on.

He was so shocked that he could not speak.

With a flick of his finger, the yuhuanggudi cut off the shackles that bound him and said, "go ahead. Remember not to provoke the reincarnation Lord. Now it's not time to tear your face. You just need to find a way to kill beimangshengzi and take his blood."

The emperor moved in his heart and said, "yuhuanggudi, what's your intention to capture the blood of Prince Beimang?"

Yuhuanggudi's eyes were cold, and said: "it's not good for you to know too much. In a word, you do as I tell you. After it's finished, I will clean up the members of the Beimang royal family for you, but this ancestral King's blood can't be given to you. No one is qualified to inherit your nightmare clan."

The northern mangzhou's heart sank, and the nightmare Protoss split, dividing the royal family and the demon family. The demon family always wanted to seize the blood of the ancestor king.

Now, the yuhuanggudi wanted to step in and take away the blood of the ancestor king. Beimangzhou couldn't accept it.

However, he is not in charge of the situation.

"That's all. I'll take back the ancestral King's blood first, and then I'll make plans."

After making up his mind, he left the dungeon and flew to the dark forbidden sea according to the instructions of the yuhuanggudi, preparing to kill Xiaohuang and capture the blood of the ancestor king.

At this time, Xiao Huang and ye Chen are waiting for their parents to arrive in the void of the ancient secluded Sea city.

Under the throne of Hongjun, the beast, the king of nightmare, Beimang clan, ancestral blood, ancestral hometown, all kinds of causes and effects are extremely complex.

Xiao Huang's eyes are quite dazed. The secret of his life is about to be solved. His parents are coming soon, but he is not happy. He always feels confused and dangerous.

Chapter 6423

"Master..."

Xiao Huang relies on Ye Chen to feel a little secure.

"It's OK."

Ye Chen rubs Xiao Huang's head and waits quietly.

After a while, the distant sky, in vain came rolling thunder, it seems that there is a strong breath, is about to come.

"Are you coming?"

Ye Chen's eyes narrowed slightly, thinking that Xiao Huang's parents were coming. He did catch a breath of nightmare Protoss blood.

Xiao Huang's hair bristles all over her body. I don't know whether she is nervous or something. Her eyes are staring at the distant sky.

Misty rain immortal Zun and sword nameless also looked up, but saw a rolling evil spirit, whistling.

The evil spirit surging, showing a towering fierce beast figure, similar to Xiao Huang, but the pupil is strange black, full of evil spirit.

Misty rain immortal Zun "ouch" a exclamation, obviously aware of not good.

Sword nameless also feel the danger, pull out the beast bone sword.

"The nightmare of the devil's eye?"

Ye Chen saw the fierce beast figure, especially the dark eye pupil, and instantly remembered the nightmare of the devil pupil mentioned before the devil emperor left.

This fierce beast seems to be a nightmare!

"Ancient demons, such as I Zhoulin!"

The devil's eye and nightmare rushed in, and a huge "pro" appeared behind it.

"Fantian's divine skill, linzijue?"

Ye Chen's face suddenly changed, catching the breath of Brahma's divine skill.

Among Brahma's divine skills, linzijue can summon ancient demons to come to him and improve his fighting power for a short time. Ye Chen has seen it before.

This formula is actually a method of calling.

But I saw that the devil's pupil's nightmare was a roar of beasts, and linzijue broke out. All around, thousands of empty spaces burst out, and a huge, vast and invincible demon figure gradually came down.

These demons are very ancient beings. They are the demons that existed in the old days when the Lord of the old days and the ten great ancestors fought against each other.

Even if they die, they still have the will to stay in the world. Now, as soon as they hear the call of linzijue, they come down immediately.

In the blink of an eye, hundreds of demons surrounded Ye Chen, Xiao Huang, Yanyu xianzun, Jianming and others.

Then, the law of space vibrates, and an ancient battlefield of demons and gods is called out and lies in the void.

Ye Chen and others are standing on the ruins of this demon battlefield.

"You want to trap me, too?"

Ye Chen eyes a cold, immediately pull out the dragon Yuan sky sword, ready to kill out.

With his current strength, it is impossible for a strong man in general to trap him.

And that evil pupil nightmare, is only a hundred flail realm two layer sky just, even if master Lin word Jue, really fight up, ye Chen ten moves can kill to win.

However, when ye Chen just drew out his sword, a strong repulsive force forced him out directly.

This repulsive force has the will of wanxu!

Ye Chen's face sank, and was forced outside the demon God battlefield. Fortunately, the will was not strong and could not hurt him.

Yanyu xianzun and Jian are nameless and forced to come out. Their faces are all at a loss.

In the warlord battlefield, only Huang and mengyan are left behind.

"Master!"

Xiao Huang sees Ye Chen outside and wants to fly out.

But at this time, the evil pupil mengyan's body flashed, intercepted in front of Xiaohuang, and said: "you are the evil son of the royal family, you don't want to leave today."

"Who are you?"

Xiao Huang stares at the nightmare of the magic pupil, and his eyes are extremely alert.

The demon Tong mengyan laughed and said, "I am the son of the demon family, the northern mangzhou! By the way, you have been sent away since you were a child. You haven't seen me and you don't know my name. Your royal son seems to have no name. Your name is Xiao Huang? How can I name a dog? I'm not afraid to lose my face. "

"Shut up

Xiao Huang was very angry. His eyes flashed red and blue, and he rushed to kill the northern mangzhou. His claws were extremely sharp.

"The magic power is not bad, but I am blessed by the ancient emperor Yu Huang. You are not my enemy."

With a smile, the northern mang Zhou flew back. At the same time, the linzijue was opened. Over the battlefield, the figure of an ancient demon God immediately descended on his body and completely integrated into his blood.

WOW!

Suddenly, the body of the northern mang Zhou erupted into a vast magic light, like an ancient demon God coming to the world again.

"Magic power manifest, break!"

One paw of the northern mang Zhou patted it out. It was like the top of Mount Tai. With a fierce claw, it hit Xiaohuang's body through the air.

Puff!

Xiao Huang opened his mouth and spat out blood. He was beaten to the ground and the ground caved in.

"Xiao Huang!"

Ye Chen is shocked, and his eyebrows are angry. He is ready to fight into the battlefield with his sword to save Xiao Huang.

"Lord of reincarnation, I advise you not to move."

Beimang Zhou stared at Ye Chen and said in a cold voice, "this battlefield of demons and gods is connected with my blood. I have made the rules. If someone outside the nightmare Protoss invades, the

battlefield will explode immediately. Of course, I'm dead, but you dog, I'm afraid you'll die." Then he took a look at Xiao Huang.

Ye Chen's face sank. After a careful reaction, he found that this battlefield of demons and gods was actually equivalent to the free world opened up by Zhou of Beimang.

In this self-contained world, he has set the rules that once an outsider intrudes, the battlefield will explode immediately, and he and Xiao Huang will be destroyed in the battlefield.

Ye Chen's heart frets, but he still wants to break through. Even if the battlefield explodes, he is sure to save Xiao Huang.

Beimang Zhou seemed to see ye Chen's mind and said with a smile: "reincarnation Lord, don't act rashly. This is my gratitude and resentment with the son of the royal family. It's not your turn to intervene. You have to intervene. This battlefield will explode and finally collapse and fall into the lost time and space. You can never save it."

As he spoke, he stepped on the ground with his paws. In the void outside the battlefield, the vision of lost time and space appeared.

It is true that it does not lie. Once the battlefield explodes, collapses and destroys, it will finally fall into the lost time and space, and all existence will be submerged.

"Do you want to fight with Xiao Huang alone?"

Ye Chen asked in a deep voice.

The northern mang Zhou bared his teeth and said, "yes, my nightmare Protoss is divided into the demons and the kings. He is the son of the kings, but I am the son of the demons. Today is the time to settle everything."

Ye Chen's eyes were cold and said: "you have the cause and effect of wanxu temple, and you have the blessing of yuhuanggudi. How can you fight alone?"

He said with a smile: "the son of the royal family, who has the blood of the ancestor king, is far more than me. It's just fair that I use the power of the ancient emperor Yuhuang."

As the voice fell, the body of the northern mang Zhou suddenly burst out, and the beast like body stood up. The linzijue burst out, and his whole body clattered, covered with a layer of magic armor.

Chapter 6424

Later, it completely transformed into an ancient demon, such as a fierce general, and its image completely changed. Only with a pair of dark beast pupils, it can be seen that it is the identity of demon pupil nightmare.

"Rock gun breaks the sky, town!"

With a roar from the northern mangzhou, a huge spear fell from the sky and fell into his hands.

This long gun is completely made of rock. It is powerful, heavy and invincible. It wants to nail Xiao Huang to death with one shot!

Xiao Huang's face changed greatly. The cultivation of the northern mang Zhou reached the second level of the baiji realm, surpassing him a lot. Moreover, he mastered the linzijue of the wanxu temple. He immediately fell into a dangerous situation, and the situation was very bad.

"Ancient blood essence, burning!"

As soon as Xiao Huang gritted his teeth, he began to burn his own blood. After a long time of cultivation, he had mastered a lot of the power of blood. Although he had not recovered the real power of the blood of the ancestor king, it was no small thing.

The blood was burning, and Xiao Huang's whole body suddenly glowed with gold.

With the blessing of this golden light, he quickly became agile and jumped to avoid the attack of beimangzhou.

Bang!

The rock gun of northern mangzhou bombarded the battlefield surface deeply, and suddenly smashed a deep pit. The earth was shaken and the sky was broken,.

"Roar!"

With a roar, the light of yin and Yang in his eyes burst, and he dashed to the front door of the northern mangzhou, tearing his paws down.

"Your cultivation is too bad. You are not my enemy."

North mang Zhou cold hum, left palm hard shot out, with the power of the devil, bang, will Xiaohuang down to the ground.

Xiao Huang vomits blood again, and his skeleton explodes. I don't know how many bones he has broken. He lies on the ground, but he can't even get up.

"Xiao Huang!"

Ye Chen is terrified and wants to go to the rescue, but this battle is the life and death struggle between beimangzhou and Xiaohuang. If outsiders rush in, it may lead to the collapse of the battlefield.

"Ha ha, villain of the royal family, it seems that the seal your parents gave you is killing you today."

The northern mang Zhou sneered. Xiao Huang's ancestral blood has been sealed since he was a child. If not, today's Xiao Huang would not be so embarrassed.

"Die for me!"

The northern mangzhou was afraid that if it was too late, it would change. The rock spear was thrown down immediately to kill Xiao Huang on the spot.

Ye Chen sees here, can't bear any longer, Long Yuan Sky Sword clenches, prepare to do everything.

Now Xiao Huang is about to be killed, there is no worse result.

But just then, a seal, like a mountain, tore through the void and fell in front of Xiao Huang, just blocking the shooting of the rock gun.

"The magic weapon of Hongjun, the seal of turning the sky?"

When he saw the seal, he was shocked.

However, the seal, carved with dragons and painted with phoenixes, has a vast golden light. The appearance of the seal is extremely brilliant and magnificent, with eight characters printed on the bottom

Hongjun longevity, boundless forever!

This magic weapon is just one of the seven that Hongjun's ancestors made in the past. It's called Fantian seal. It has the power to turn the universe upside down.

As soon as the seal came down, he immediately protected Xiao Huang.

Under the terror of the northern mangzhou, he retreated.

But see the sky surging, golden light, there are two beasts, tear void appear.

These two monsters are nightmare beasts. They are similar in appearance to Xiaohuang and beimangzhou. They are obviously connected by blood. In their eyes, there is a bright golden light and a vast healthy atmosphere.

Looking at the appearance of these two beasts, one female and one male, ye Chen only looked at them and knew that they were Xiao Huang's parents.

"Northern mangzhou, how dare you hurt my son?"

The male animal thundered and fell down into the battlefield with the female animal.

They're all nightmares, so they don't touch the rules.

"Beimangxiao, beimangjing, why are you here?"

Beimang Zhou was so frightened that his body trembled that he could not even maintain the body of the demon God. He shivered and turned back to the appearance of the nightmare of the demon pupil.

When Xiao Huang saw the two male and female beasts, his blood suddenly gave birth to a very familiar and intimate feeling. He blurted out: "father, mother!"

This father and mother's voice, as if from heaven, does not appear to be stagnant.

The two male and female beasts, hearing the call, were extremely happy and excited, with tears in their eyes.

"Don't panic, son, protect you for your father."

Huang's father took a step forward, driving fantianyin towards beimangzhou.

He turned his eyes and finally bit his teeth. He said, "well, you're lucky today. We'll settle it later."

It did not dare to stay any longer and immediately tore the void to escape.

After all, Xiao Huang's parents are here. If he continues to fight, he has no chance of winning and will die.

Boom

With the escape of the northern mangzhou, the battlefield of demons and gods was collapsing, even towards the lost time and space.

Xiao Huang's parents immediately flew out with him and returned to Ye Chen.

"Master!"

Xiao Huang is overjoyed to see ye Chen again and runs to Ye Chen's feet.

Ye Chen breathed a sigh of relief, touched Xiao Huang's head and said, "it's OK."

The two beasts, looking at Ye Chen, were quite awed and shocked.

The male beast said, "are you the Lord of reincarnation? It's a great honor to see Zun fan today. "

Ye Chen said: "you don't have to be polite, are you Xiao Huang's father?"

"Xiao Huang?" The male beast gave a little meal and then said, "exactly! My name is beimangxiao. I'm the leader of the Beimang clan. This is my wife and Xiao Huang's mother. "

Then he looked at the female.

Chapter 6425

That female beast way: "I body north mang Jing, see reincarnation of Lord."

Ye Chen said: "nice to meet you, nice to meet you!"

Little zodiac: "Dad, mom, what's my name?"

Until today, Xiao Huang knows his life experience, but he only knows that he was born in Beimang, but he doesn't know his specific name.

Beimangxiao's eyes sank slightly, and said: "my child, when you were born, you awakened the blood of the ancestor king. The weather was too big, which caused the northern mang demons to covet. At that time, our royal family was not as powerful as the demons, so I had to seal your blood power and send you away through layers of space. I didn't have time to give you a name."

After a pause, he looked at Ye Chen and said, "well, Lord of reincarnation, you are the master of Xiao Huang, so you give him a name."

At present, the name of Xiao Huang is only a nickname, not a real name.

Ye Chen pondered for a while, and said: "the ancestor of Beimang family is named Beimang Taiwu, and Xiao Huang inherited the blood of the ancestor king, such as tianhaori. He has a boundless future, so call him Beimang Taihao."

Beimangxiao whispered: "Beimang Taihao, it's a good name, son. What do you think?"

"Yes, I like the name given to me by my master," said Xiao Huang

Beimang Xiao said: "well, the name is related to one's own fortune. You can't be careless. It's not bad that you will be called Beimang Taihao after your real name."

Xiao Huang's real name has been decided. It's called Bei mang Tai Hao.

Ye Chen said: "Xiao Huang, two elders, let's leave here first. I vaguely caught a very uneasy feeling. It's not suitable to stay here for a long time."

Under the capture of heaven, ye Chen always feels that this place is very dangerous. If he stays here any longer, there may be some danger.

Northern Mangxiao nodded slightly, as if he had found something, and said: "it should be that the devil is coming. Let's go now."

Ye Chen was surprised and said, "is there no heaven for the devil? Is he coming? "

It turns out that this sense of crisis is actually brought about by Wutian?

North mang Xiao Ning heavy way: "our husband and wife came here, has been demon Zu Wutian aware, he will not easily let us."

Ye Chen said: "do you have any enmity with the devil ancestor?"

Beimangxiao said: "it's not gratitude or resentment, it's just the ancestral land of my nightmare Protoss. On the edge of the xuanhai sea, Mozu wudian has been trying to find a way to enter the xuanhai sea, so he has sent letters to us many times to force us to tell us how to enter the xuanhai sea."

Ye Chen heart move, way: "Xuan sea?"

Beimangxiao said: "it's the dark forbidden sea. Apart from the outer sea, the inner sea and the outer sea, there is also a mysterious sea. It's said that it was transformed by a tear of Hongjun's ancestors. It's

very mysterious. The ancestral place of my nightmare Protoss is on the edge of the mysterious sea. But I don't know how to enter it. Our ancestral place is just by the sea."

Ye Chen said: "this man is moody. Don't provoke him easily. Let's go."

With that, ye Chen and others leave.

Beimangxiao led the way and said, "Lord of reincarnation, I'll take you to Beimang ancestral place to have a look."

Ye Chen said: "good."

Beimang ancestral land is on the edge of xuanhai, and it is also the hometown of the former king of nightmare. There may be a chance for Hongjun's ancestors to remain in it. Ye Chen is very interested in seeing it.

If he can get the help of Beimang, he can be more confident against wanxu.

All the way north, Xiao Huang's first reunion with his parents is very happy, ye Chen is also happy for him.

All the way north, people are about to fly out of the sea.

But just then, in front of the void, suddenly a burst of thunder concussion, and then black air surge, one after another dark lotus, blooming in the sky and sea, countless lotus blooming, there are tens of millions of black butterflies, clattering and flying, extremely magnificent.

"When thousands of butterflies dance, the devil has no heaven?"

Beimangxiao and beimangjing suddenly changed their looks and exclaimed in unison.

But see all over the sky, black lotus blossom, butterfly flying, a figure gradually emerged.

He was a middle-aged man with black robes and long hair. He was sitting on a black lotus stand with an indifferent look. He was as cold as water. He was the devil without heaven!

At this moment, there is a black butterfly all over the body, which is illusory and floating, hazy, obviously just a wisp of body.

But behind the separation, there is a pearl in the sky!

That pearl, engraved with the totem of thousands of butterflies, is very magnificent.

"This is..."

Ye Chen looks at that butterfly bead son, immediately startled.

Beimangxiao said: "it's the magic weapon of Wutian, a thousand butterflies and pearls!"

"A thousand butterflies and pearls?"

Ye Chen's pupils contracted slightly and caught the secret.

It turns out that qiandietianzhu is one of the top ten Tianzhu.

At this moment, ye Chen has seen all the ten legendary Tianzhu, namely: Wushen Tianzhu, doushen Tianzhu, Fangzhou Tianzhu, Jingzhe Tianzhu, xiudongzhu, Yingzhong Tianzhu, lingxu Tianzhu, Chongyang Tianzhu, Wangshu Tianzhu and qiandie Tianzhu.

The last time the devil came, he was also separated, but he didn't have a magic weapon.

This time, Wutian used the magic weapon, obviously with a bad intention.

With a cold smile on his lips, Mozu wudian scanned the audience, looking at Ye Chen and the couple of beimangxiao.

Finally, his eyes fell on beimangxiao and said with a smile, "beimangxiao, long time no see."

The voice fell, and after the devil had no day, the storm shook, and powerful figures emerged, with tens of thousands of people.

These tens of thousands of people, most of them in black armor, are very powerful. They are obviously the army of the old Japan alliance.

Tens of thousands of people came together. Without a word, the army was renovated. The air was gloomy and frightful, which gave people a tremendous pressure.

In front of the army of the old Japan alliance, there are more than a dozen senior or important figures in the old Japan alliance, including the demon emperor, Yuhuang Yafei, Hong Xuan and others.

Ye Chengang said good-bye to the demon emperor. At this time, they saw him again. They looked at each other in silence.

The demon emperor could not help himself, and even wanted to give ye Chen a secret hint, but in the end he was destroyed by Wu Tian.

Now they have different positions and different camps, but they can't talk freely.

And now the devil is coming, obviously not for ye Chen, but for Xiao Huang's father, beimangxiao!

The cultivation of beimangxiao reached four levels of heaven in Baiji realm, and he was in charge of Fantian seal. He was really strong.

It's not easy for the devil to come to heaven, because the old rules conflict with the present times. Once he leaves the old alliance, he will feel very uncomfortable.

So, what he came down with was a separation.

There was only one separate body. Facing beimangxiao, he was naturally extremely cautious. He brought tens of thousands of troops, and he also brought his own magic weapon.

Chapter 6426

Beimangxiao saw that tens of thousands of troops had surrounded him with yechen and others like an iron bucket. His eyes sank and he said: "the devil has no heaven. What do you want to do?"

The evil ancestor Wutian smiles and says: "nothing, beimangxiao. I don't mean to be an enemy with you. I just want to ask you something."

Beimangxiao said, "what's the matter? If you want to ask me the way to enter xuanhai, I still have that sentence, and I don't know. "

The devil ancestor has no way of heaven: "ha ha, your ancestral land of Beimang is on the edge of xuanhai. You have been guarding that place for more than 100000 years. How can you not know the way to enter xuanhai? I think you want to eat xuanhai alone. Brother Xiao, I advise you that there is no good end to eating alone. "

Beimangxiao said: "I really don't know, and it's hard to say whether xuanhai exists or not. We are at the seaside, just seeing a mirage, a dream like existence."

The evil ancestor had no eyes in the sky, and the light was cold. He said in a fierce voice, "why doesn't it exist? It is said that the mother sword formula of all things and the crown of thorns are in the dark sea. If you don't want to tell me how to enter the sea, you must want to take these two nine heavenly magic arts alone

Hearing the question of the devil ancestor Wutian, beimangxiao's face suddenly became extremely ugly.

"Mother sword formula of all things, crown of thorns?"

Ye Chen hears the words of the devil's ancestor Wu Tian, and moves in his heart. Vaguely, he also catches a wisp of heaven's secrets.

This wisp of heaven is related to the nine gods!

There are two kinds of nine heaven magic, which is said to be in xuanhai!

They are: all things mother sword formula, crown of thorns!

The mother sword formula of all things is said to be a sword technique created by Hongjun's ancestors to mourn his dead wife. This sword technique has the great atmosphere of creating all things and nurturing all things.

The crown of thorns is the most special existence in the nine gods.

In fact, this nine heavenly magic is a crown, woven from the thorns born at the beginning of heaven and earth. Whoever can wear this crown can wield the power to kill the thorns, which is very powerful.

It is said that the mother sword formula of all things and the crown of thorns are all in xuanhai!

You can imagine how rich the chance is in the xuanhai sea. If anyone can step into the xuanhai sea and get the two nine heavenly magic arts, it will be enough to change his life against the heaven!

There are only nine kinds of magic arts in the nine heavens, each of which is extremely precious. Any one can dominate the world.

The old Japanese Alliance and wanxu temple have a serious battle of gratitude and resentment. The strength of Mozu Wutian is slightly inferior to that of yuhuanggudi. If the war finally starts, it will be difficult to win.

And if you want to defeat yuhuanggudi, these two nine gods are the key!

Therefore, in these tens of thousands of years, Mozu wudian forced beimangxiao to tell him how to enter the xuanhai sea more than once.

But beimangxiao is helpless, because he really doesn't know, but it's a pity that Mozu doesn't believe it.

Even Mozu Wutian thought that beimangxiao wanted to eat alone and dominate the two nine heavenly magic arts.

"Mozu Wutian, don't push people too hard. Our couple really don't know!"

North mangjing is also open, road.

Mozu Wutian laughed and said, "do you think I'm a fool? Everyone knows the wolf heart of your husband and wife. One of you wants to take charge of the crown of thorns, the other wants to take charge of the mother sword formula of all things. The two gods of husband and wife combine to recreate the glory of Beimang. By that time, my position will be given to you! "

Ye Chen's face sank. It seems that the misunderstanding between Wu Tian and his wife is too deep to resolve.

Also, even if ye Chen, it's hard to believe that the northern Mangxiao couple don't know how to enter the sea.

After all, Beimang's ancestral land is on the edge of the xuanhai sea, where there are two kinds of nine heavenly magic skills within reach.

Pifu is innocent, and huaibi is guilty. Now beimangxiao and his wife, who are huaibi's people, are coveted by Wutian.

No one can resist the amazing chance of two nine heavenly magic arts.

For example, master Mozu Wutian is ranked in the top three in the world. The general martial arts, weapons and magic weapons have no promotion effect on him, and only the nine heaven magic power, which is against heaven, can arouse his desire.

What's more, Wutian is a famous Wuchi. He is very obsessed with martial arts. He has two kinds of nine gods. How can he resist it?

Beimang Xiao said in a deep voice: "the devil has no heaven. I say it again. I really don't know how to enter the sea. If I could enter the xuanhai sea, I would have moved in. How could I stay here today?"

Wutian, the devil, sneered and said, "you're just hiding your eyes and ears. You must sneak into xuanhai to steal the chance of Jiutian Shenshu."

"But you are shallow and have no virtue. You are not qualified to be in charge of the nine gods. It's better to tell me. I won't treat you badly."

Beimangxiao said angrily: "unreasonable! If you have to misunderstand me like this, I can't help it. Please get out of the way immediately. I, Beimang clan, don't want to conflict with your old alliance. "

With that, beimangxiao offered a golden seal, which was the seal of turning the sky!

"Hehe, Fantian seal is a magic weapon of Hongjun. As expected, the weather is very strict."

Mozu Wutian looked at the seal and gave a smile of approval. Then he said coldly, "unfortunately, you are too bad to exert the power of this magic weapon. I'll give you a chance to put down your magic weapon and surrender immediately. I can offer you a way to enter the xuanhai sea. If you are stubborn, don't blame me for being merciless!"

As soon as his voice fell, tens of thousands of troops around him immediately stepped forward, pulled out their weapons and sacrificed their magic weapons, with a murderous look.

Chapter 6427

Yuhuang Yafei, Hong Xuan and others also pulled out their swords, ready to go. Only the demon emperor, frowning and holding his hand still.

Beimangxiao said: "do you really want to tear your face? Mozu Wutian, do you really think that there is no one in Beimang? How dare you bully people like that when you have only one division? "

Wutian said, "you've always been stubborn and you're looking for your own way to die. No wonder I am."

"Thousand butterflies and pearls, I've suppressed them!"

The magic ancestor Wu Tian's fingers flicked like a flower. Behind him, thousands of butterflies flew out of the sky. All over the sky, black butterflies suddenly danced like a storm and hanged toward the North Mangxiao.

Beimangxiao's eyes contracted and his breath choked. He felt the pressure.

This pressure is not only the pressure of the devil, but also the pressure of tens of thousands of troops.

"The seal of heaven is broken!"

Seeing the thousands of butterflies flying and killing, beimangxiao drove the magic weapon, the golden seal suddenly fell down the town, and a wisp of Fairy Light erupted like a vast sea.

Bang!

The thousand Butterfly Beads collided with fantianyin fiercely, and suddenly shocked the sky. However, beimangxiao vomited blood on the spot and retreated.

"My husband!"

"Daddy

Beimangjing and Xiaohuang are very surprised. They rush to beimangxiao, but they see him fighting with Wutian. After only one round, they are seriously injured and spit blood, and the golden beast pupil loses its brilliance.

"Hahaha, beimangxiao, you may not know my strength."

"Even if I'm separated, it's easy to kill you."

"My cultivation realm has almost reached the great perfection of reality, that is, the boundless realm. How can you be my opponent?"

Moze Wutian looks up and laughs, full of pride and pride.

The highest realm of martial arts cultivation is called "limitless realm", which is the legendary limitless heavenly king.

Infinity means that all time and space, all laws, are eternal, free and immortal, eternal life and eternal calamity.

This realm is also the pinnacle that reality can reach. The core is immortality. An idea can generate and destroy all worlds and overturn the universe. It's very powerful.

At present, the three masters in the world, yuhuanggudi, taishangtiannv and Moze Wutian, are all in the later stage of wuliangjing.

Among them, yuhuanggudi stands at the peak.

Most of the others, such as Xiao Xinghe, the ancestor of sword God, Hong Chunqiu, the ancestor of Hong family, and Feng Dijun, the ancestor of Feng family, had just stepped into the threshold of Hunyuan immortality.

Wuliangjing goes further, that is the legendary Wuwu.

There is no realm, very mysterious, even nothingness does not exist, no one can achieve.

Although the power of Wutian is far away from Wuwu, it is already the later stage of Wuliang. It is not difficult for the real Wuliang Tianjun to kill beimangxiao even if he is separated.

Ye Chen saw that Wutian was so arrogant that he couldn't bear it. He said, "Wutian, I'll learn from you!"

"Eight parts of the Fu Tu Qi!"

As the voice fell, ye Chen grasped it and a pagoda appeared in his palm. The pagoda was thousands of stories high, and the weather was extremely brilliant. There were many visions, such as the sun moon wheel, Buddhist Dharma Drum, Jingluo pagoda, Vajra pestle, magic sword, and so on. There were also thousands of auspicious and colorful Buddhist songs.

This is hongmengyuanshu, eight Fu Tu Qi. After his cultivation broke through to the seventh heaven of the true realm, and the six laws of reincarnation were completed, ye Chen's strength improved by leaps and bounds. His eight Fu Tu Qi is far more powerful than before.

"Oh? Lord of reincarnation, can you break through my spiritual invasion

The evil ancestor has no day to see the leaf Chen hand, slightly some surprised.

You know, he had personally taught Ye Chen before, which caused great mental trauma to Ye Chen.

But now, looking at Ye Chen's brave and invincible appearance, it is obvious that his mental trauma has been healed.

"The magic dance of a thousand butterflies, the manifestation of demons and Buddhas!"

When ye Chen's pagoda is killed, Wutian, the demon ancestor, points to it again. Thousands of butterflies and pearls bloom with magic light. The magic light is condensed and transformed into a magic Giant Buddha with green face and fangs, which is extremely ferocious and terrifying.

That magic Giant Buddha, palm a clap, like crushing heaven and earth, a clap in Ye Chen's pagoda.

Hum!

Ye Chen's pagoda, suddenly concussion, but did not fly.

But see ye Chen clench teeth, behind the reincarnation six disk virtual shadow show.

With the blessing of reincarnation, this pagoda is to block the attack of Wutian.

"Very good, very good. You can stop me from making a move at will. Your progress is really rapid!"

Mo zu nods his head, which is also appreciated.

If you change to do before, ye Chen even he a move all can't take down, now can take a move, already is very huge progress.

North Mangxiao couple is also a burst of surprise, did not expect Ye Chen so fierce.

You know, even the strong one in beimangxiao, which is full of four layers of heaven, can't resist the attack of Wutian, but ye Chen comes next.

"You are the friend of the devil emperor. I won't kill you. Go away!"

With a flick of his finger, ye Chen, Jianming, Yanyu xianzun, Xiaohuang, beimangjing, etc. all of them have a black lotus.

These black lotus flowers, carrying them, fly a few miles away.

In front of Wutian, only beimangxiao remained.

"Xiaoxuan, take beimangxiao away, and prepare to take him to exterminate the God's legacy and become the prey of the hunting meeting."

The devil has no day light a command.

Hong Xuan, standing behind him, immediately went out and said, "yes

At that moment, Hong Xuanfei went to beimangxiao and took out a Fu Zhao. The Fu Zhao turned into a black lotus cage and imprisoned beimangxiao.

"Daddy

When Xiao Huang saw this scene, he was shocked and called.

Ye Chen's face also sank, looking at Hong Xuan's weak figure, his thoughts were quite complicated.

He used to have a good relationship with Hong Xuan, but now he turns against Hong Xuan, and the other side has taken refuge in Wutian.

Ye Chen wants to go to the rescue, but there is an invisible barrier in front of him. No matter what, he can't move forward, which is obviously the means of the devil.

Mo zu Wutian said with a smile: "reincarnation Lord, if you want to save beimangxiao, then come to my hunting meeting. I allow you to participate in it specially. You don't need a hunting order."

The order of hunting gods is a special keepsake for participating in the hunting meeting.

Now, Wutian says that ye Chen doesn't need a keepsake and can participate.

Ye Chen clenches his teeth and obviously feels the conspiracy of the devil.

Due to the face of the demon emperor, it is not easy for the demon ancestor to kill Ye Chen himself, so he wants to use the hunting convention to ask Ye Chen to go hunting.

The hunting meeting was held in the ruins of the gods. That place is very dangerous. If ye Chen falls here, it's only because he is not good at martial arts, but also because he can't count the cause and effect on Wutian, the demon ancestor!

This move is doomed to end ye Chen's fate!

Chapter 6428

Ye Chen naturally saw the idea that the evil ancestor has no day, can't help cursing: "mean!"

The purpose of Mo zu Wutian's capture of beimangxiao is to use it as bait and prey to force Ye Chen to participate in hunting.

"Ha ha, it's not mean. Beimangxiao is stubborn and wants to swallow all things' mother sword formula and crown of thorns. I'll give him a chance to be a guest of honor. He doesn't want to be a prisoner. No wonder I am."

Moze Wutian still wears a winner's smile and stares at Ye Chen. He says, "the hunting meeting will start in a month. Then, Lord of reincarnation, I'm waiting for you in extermination."

"Let's go."

After that, Wutian waved, took tens of thousands of troops under his command, and Zhetian devil emperor and others, turned to tear the void and left.

"Daddy

Xiao Huang shouts loudly. He has just met his father, and now he has to part again. Naturally, he is very angry and sad.

In a sense, he is not the son of beimangxiao, but after inheriting three drops of essence and blood from Taigu, he became a real double pupil nightmare.

"Child..."

Beimangjing sighed. He and Xiaohuang were together, but there was nothing he could do.

Little zodiac: "master, are you going to the hunting meeting?"

Ye Chen ponders for a while, and beimangxiao is captured. Naturally, he wants to find a way to save him, but he doesn't know the details of this hunting meeting. If he steps into it rashly, he may be in danger of falling.

"Let's see first. Anyway, I won't let anything happen to your father." Ye chendao.

WOW!

At this time, the sky crows dance, crows surrounded by, a figure came down, but it is the demon emperor.

"Master devil!"

Ye Chen was surprised and happy to see the return of the demon emperor.

"Sorry, boy, I can't help you."

The demon emperor comes to Ye Chen and apologizes.

Just now, the demon emperor Wutian captured beimangxiao. The demon emperor Zhetian could only watch and could not intervene.

Ye Chen said, "it's OK. I know your difficulty."

The demon emperor said: "the demon ancestor Wutian's abacus is good. He doesn't want to be affected by cause and effect, so he caught beimangxiao as a prey to force you to attend the hunting meeting."

Ye Chen said: "you said that the hunting meeting was held in the destruction of the gods. Where is the destruction of the gods?"

"It's a relic of tianwuxianmen before," the demon emperor said

Ye Chen said: "tianwuxian gate?"

"Well," the demon emperor said, "yes, tianwuxian gate is the sect where the old lord and the demon ancestor Wutian used to be."

"In the old days, tianwuxianmen existed like a big Mac. There were two treasures of the town school. One was tianwuwolong Sutra, and the other was the supreme artifact ranking first. Later, the ten great ancestors flew up and killed the old lord, and also destroyed tianwuxianmen."

"And this is the ruins of tianwuxian gate."

Ye Chen suddenly realized, "is it the vestige of tianwu immortal gate?"

The emperor said, "there are ten ruins in the dark forbidden sea, and the place where the God destroys the wasteland ranks the tenth. It's also the place where the devil ancestor has no control over. Although this place ranks the bottom, it's extremely dangerous. The devil ancestor has captured a lot of ancient animals and raised them in it."

Ye Chen said: "the devil ancestor Wutian also captured the beast?"

The emperor said: "yes, before the wanxu temple, the ancient Youhai city was opened up to capture the sacred animals. In fact, Wutian had already known about it. He also captured many sacred animals and was ready to fight against them. But later, an Tiexin rebelled, which made the fight meaningless."

"Even Mozu Wutian bought a lot of animals from an Tiexin."

Mention an Tiexin, cover the sky demon emperor full face of disdain.

At that time, the emperor yuhuanggudi captured the sacred beast to fight against the old alliance. He was a little ambitious, but this iron heart was only concerned about his own power and pleasure. Many powerful sacred beasts were directly traded by him.

Of course, this is also a nomination.

If those powerful gods are not easy to get out, they are likely to be missed by the devil, and the consequences are unimaginable.

The demon emperor then said, "in the destruction of immortals, there are nine ancient beasts left by tianwu immortal gate. These nine beasts are the most dangerous and hidden in the depths of the destruction of immortals. The plan of the demon ancestor Wutian is to kill you with the help of the power of the nine ancient beasts."

Ye Chen in the heart move, way: "that hunt the prize of the meeting, and what?"

"In the hunting meeting, those who stand out can join the old alliance and get a page of tianwu Wolong Sutra," said the demon emperor

"Tianwu Wolong Sutra!"

Ye Chen's heart suddenly constricted, hard to believe.

The emperor said: "yes, there is a page of tianwu Wolong Sutra in the hand of Wutian. At this year's hunting meeting, he even took it out as a prize."

Ye Chen naturally knew the value of tianwu Wolong Sutra and said, "this prize is really rich enough."

"It's true, but compared with the prize, beimangxiao's life is more important."

Ye Chen thought of Xiao Huang's father and said, "yes, the most urgent thing is to find a way to save Xiao Huang's father. Master devil, look at my strength. May I pass the hunting meeting?"

"Of course, the only danger is the nine beasts. They are very sensitive. If they find the breath of reincarnation, they will attack you at all costs. But as long as you hide your breath and are not found by them, it is not difficult to hunt."

Ye Chen said, "how can we count hunting?"

"It's very simple," said the demon emperor

Ye Chen stayed for a while, saying: "so simple?"

"It's not easy for ordinary people. This hunting meeting, also known as the God hunting meeting, is an examination of hunting animals. But those animals are extremely strong, especially the nine old animals. They are even more fierce. It's not so easy to survive in the examination."

"At every hunting meeting, more than 30% of the people died, and at least 30% of the people survived. They had broken limbs and legs, and their meridians were broken. Few of them could join the old Japan alliance. To get a reward, we need to see the quantity and quality of the prey."

Ye Chen frowns and ponders. After hearing what the devil emperor said, he has a preliminary understanding of this hunting meeting.

"How many people are there in the hunt?" Ye Chen asked again.

The demon emperor said: "to participate in hunting, you need a kind of Keepsake called the order of hunting God. The demon ancestor Wudian sent out a total of 100 keepsakes. Most of the quota was set by the powerful forces in the dark forbidden sea. I also have one, but it's bound. I can't give it to you."

Chapter 6429

Ye Chen said: "the devil ancestor Wutian said that I don't need the order of hunting God. Can I take part in it out of the ordinary?"

The demon emperor shook his head and said, "if you accept his favor, you will owe him a favor. If the cause and effect is not good enough to pay off, you'd better act according to the rules and try to get a god hunting order."

Ye Chen said, "where do I go to win?"

"As far as I know, three of these 100 orders are ownerless things. They are in the hell of the dark forbidden sea

"The hell dojo is going to hold three irregular slaughters. There are nearly a thousand strong people fighting for it. Only one person can walk out of each round alive, and the only winner will get the order of God hunting."

Ye Chen said: "thousands of people competing to kill? The rules are a little cruel. "

The demon emperor said with a smile: "if it's not cruel, it's not called hell dojo. You can try it. I think with your strength, no one will be your enemy unless those old monsters behind you do it."

"I'll think about it," he said

"Don't worry, it's best to act according to the rules. There's no need to owe the devil Wutian's kindness. This is the map of hell Daochang. You'd better go and have a look these days. There are only three ownerless orders for hunting gods. If you go late, you may be robbed."

Say, cover day evil emperor took out a map, give ye Chen.

Ye Chen took the map and said, "good."

The demon emperor nodded and said, "well, I'll go first. I can't stay for too long. After all, we belong to different camps now. Alas, it's really fate."

At the end of the day, the demon emperor looked up and sighed. Obviously, he didn't expect that one day, he and ye Chen would stand in a hostile camp.

The demon emperor tears the void and leaves. Ye Chen takes the map and remains silent for a long time.

Xiaohuang, beimangjing, Yanyu xianzun, jianmingming and other people surrounded him. They were all silent and staring at him.

After a while, ye Chen smiles and says, "don't worry, I'm ok. I'll take part in this hunting meeting."

He looked at Xiao Huang and said, "Xiao Huang, don't worry, I will save your father!"

"Thank you, master!" said Huang excitedly

Beimangjing was deeply worried, and said: "this time my husband was captured, and even Fantian seal was lost. If Fantian seal was snatched by Wutian, the demon ancestor, then I, the royal family of Beimang, would be in trouble."

Beimang family is divided into royal family and demon family. Fantianyin is the treasure of the royal family. Now it is lost. I'm afraid the demon family is ready to move.

Ye Chen said to Bei mang Jing, "don't worry, master. I'll go back to my ancestral place with you. I'm here. I don't dare to make trouble even if I want to come to those nightmare."

What he said was light hearted, but in fact it was heroic.

As soon as Beimang's eyes brighten, she naturally knows Ye Chen's power. If ye Chen is in charge, the Beimang clan will be in peace for a while.

"Well, thank you, reincarnation! Well, let's go back to Beimang first. "

Beimangjing thanks Ye Chen.

Ye Chen nods, then takes Yanyu xianzun, Jianming and others to follow beimangjing to Beimang's ancestral land.

Along the way, ye Chen also learned the truth of that year from Beimang Jingkou.

It turns out that in those days, the royal family of Beimang and the demons fought fiercely. In order to protect Xiaohuang's safety, beimangjing and his wife had to send him away and seal his blood.

In fact, it's also a helpless move to seal the blood. On the one hand, it's to hide Xiao Huang's breath, so as not to be found by the demons. On the other hand, the blood of Zuwang is too strong. If it breaks out too early, it's likely that Xiao Huang will explode directly.

Therefore, the seal of blood can suppress the abnormal movements of the ancestral King's blood, and let Xiao Huang practice and break through step by step, untie himself, and finally master the energy of the ancestral King's blood, and reappear the glory of the nightmare king.

In the last life, Xiao Huang did not fully awaken. After the fall of the reincarnation Lord of the previous life, he began to lay out. Later, he turned into the beginning of three drops of blood, and then from kunlunxu, he went against the sky step by step, and transformed into what he is now.

According to the hell god before, now Xiao Huang is not the child of beimangjing. He has become an independent individual.

But it's causal.

North mangjing also learned all this, although some accidents, but North mangjing still firmly believe that Xiao Huang is his child.

After all, today's Xiao Huang is the nightmare of those two pupils.

They flew all the way and soon came to the edge of Beimang's ancestral land.

Beimang's ancestral land, located at the junction of the open sea and the inland sea, is a huge island. There are many towering ancient trees on it, as well as a large quiet beach. Many young nightmares play on the beach, while in the woods, there are many powerful beasts, flashing and shuttling.

North mang Jing will ye Chen and others, to the edge of ancestral land, but did not let people immediately on the island.

She said to Ye Chen, "Lord of reincarnation, you and Xiao Huang are waiting here. I'll go back and discuss with the elders of the clan about the reception. The etiquette can't be lost."

Ye Chen nods a way: "good."

At present, ye Chen, Xiao Huang and others are waiting in place.

And the North mangjing, then Yufeng down, ready to meet things.

Waiting, ye Chen looked up at the sky, but saw a magnificent scene.

In Beimang's ancestral land, there is sunshine.

And now, in the sun, the sky is floating a sea!

Yes, in the sky, there was a sea floating. The blue color, the crashing waves, the sea water floating, but it didn't fall down. It was just that the sea water was surrounded by fog, which was not true.

Hazy between, ye Chen see this sky, there are hall buildings, Zhugong beique and so on, there are many whales, octopus, starfish, coral, pearls, reefs and so on, all kinds of marine life and scene, dazzling, the scene is like a mirage dream.

"Is this sky sea the mysterious sea in legend?"

Ye Chen squints his eyes and looks at the sea floating in the sky. He also catches a trace of the mystery.

This sea of heaven is really the xuanhai sea. It is said that it was formed by a tear of Hongjun's ancestors.

The mother sword formula of all things and the crown of thorns are hidden in the mysterious sea.

Beimang's ancestor, Beimang Taiwu, also known as the king of nightmares, used to serve under Hongjun's ancestral seat. Therefore, this area of Beimang's ancestral place, whose Qi is connected with xuanhai, can be preserved here.

If it is an ordinary place, under the rule of xuanhai, it may collapse directly, and the earth vein can't bear the pressure at all.

Thinking that there are two kinds of nine heavenly magic arts, ye Chen wants to enter the xuanhai immediately to find out.

The heart reads to flash under, leaf Chen simply flew up, want to enter Xuan sea to have a look.

Chapter 6430

However, an amazing scene appeared.

See ye Chen fly to high altitude, his body, unexpectedly straight through the sea, as if through the air in general.

This sea floating in the sky is just like a mirage. It is not a real thing at all. As soon as people pass through it, they pass through the air. It is impossible to enter.

"Is this xuanhai real or not? Does it really exist?"

Ye Chen is surprised, careful induction capture, but can't catch a little strange breath.

The mysterious sea was clearly in front of his eyes, but he felt as if he felt the air and nothing existed.

Even if there is no heaven, it is impossible to enter the xuanhai.

"This place is really weird."

Ye Chen's face sank, and he couldn't see through xuanhai.

At this time, the sound of beating gongs and drums came from the island below, and bursts of fairy light emerged.

Here comes the welcome of Beimang royal family.

Ye Chen looked down, but saw dozens of nightmare beasts rising from the clouds. In the fog, the flowers and rain were colorful. They were like rainbows of colored glass, running across the north and south, East and West. The clouds were shining, and the sea of clouds was filled with fragrance, such as lotus, musk and sandalwood

Around the dozens of nightmares, there is a strong man of his own race, wearing brilliant armor like the God of war, who is in charge of the guard of honor. Behind the guard of honor, there is a welcome sound of beating gongs and drums and ancient bells.

"Welcome the reincarnation of the Lord, the Holy Son of Beimang, Taihao, the return of Dharma driving!"

In front of the line, an old man sang aloud.

The Beimang clan has been living on this island for more than 100000 years and has already been intermarried with the human race. Therefore, there are not many human races in the nightmare Protoss.

It's just that the lineage like Xiao Huang is absolutely pure. It's the blood of nightmare. There is no human participation.

And with the old man's singing, the surrounding Fairy Light, rosy clouds, rainbow dreams, the weather is more magnificent, and the sound of bells and drums is more loud and warm.

North mangjing with many royal high-level, driving Hongqiao, came to yechen and Xiaohuang in front.

She gazed at Xiao Huang and said excitedly, "welcome home, child."

"Mother!"

Naturally, Huang is also extremely excited. The birthplace of Beimang is the place where he was born in his previous life. Now that he returns, many blood memories are also revived. The energy of blood is more powerful, and there is golden light all over his body. The injury is recovering quickly.

Under the guidance of beimangjing and many high-level royal families, ye Chen and Xiao Huang formally boarded the island and entered Beimang ancestral land.

Yanyu xianzun and Jianming follow behind.

When you enter the ancestral forest, you can see that there are many animal nests built in the forest, as well as houses inhabited by the human race.

Ye Chen is the master of reincarnation, while Xiao Huang is the son of the royal family of Beimang. Their return naturally caused a huge shock. Both members of the royal family and members of the demon family rushed out to watch.

On both sides of the road, there are people and nightmares. Many nightmares have dark eyes. It is obvious that they are the members of the demon clan.

A long time ago, the nightmare Protoss split, and some members chose to be possessed in order to pursue more powerful forces.

Therefore, at present, the nightmare Protoss is divided into two opposing camps, namely the Royal and the demon.

In order to show his power, ye Chen directly uses the method of reincarnation. Behind him, there is the virtual image of reincarnation disk.

In the virtual shadow of the reincarnation disk, there is the vision of reincarnation heaven, the vast territory of heaven, millions of people worship, many worlds around Ye Chen, he is just like the Lord of all worlds, incomparably brilliant.

Under the cohesion of the law of samsara, it turns into a samsara robe and drapes on Ye Chen.

This robe of reincarnation, embroidered with the totem of reincarnation six, is dark and deep. It has the strange scene of swords, mountains, fires, evil spirits and hell, and the five elements of heaven and man, the vast atmosphere of the highest Road, which dazzles people's ears and eyes.

Xiao Huang follows Ye Chen and gets a trace of reincarnation. He is full of golden light and auspicious spirit. His eyes are bright red and blue, like the interweaving of yin and Yang.

On both sides of the road, the nightmare of the magic pupil, the people of the evil clan, seeing the weather of Ye Chen and Xiao Huang, were all extremely surprised.

"Is this man the Lord of reincarnation?"

"Samsara's Dao FA is really amazing. Although he has only seven levels of real realm, if he is to fight at the top, he is afraid that even the strong of ordinary hundred flail realm will be defeated by him."

"With the reincarnation of the Lord here, I want to rise up, I'm afraid it's more difficult than climbing to heaven."

Many evil pupil nightmare, with the color of worry, extremely alert looking at Ye Chen.

The pressure that ye Chen brings them is too big, let them atmosphere also dare not breathe.

Originally, the capture of beimangxiao and the loss of fantianyin are the opportunities for the rise of the demons, but ye Chen is here to suppress it, but no one dares to act rashly.

Also, the weather of Xiao Huang should not be underestimated. With the return of the son of the northern mang royal family, the royal family's spirit has been inherited and guarded. If you want to overturn it, it is even more difficult to ascend to heaven.

On the other hand, the members of the royal family, on the other hand, were jubilant and joyful, and expressed their praises to welcome Ye Chen and Xiao Huang back.

Ye Chen looked at the reaction of the members around, nodded secretly, thought: "it seems that there is no big problem."

With his suppression, magic pupil nightmare side, obviously also dare not presumptuous.

The crisis is solved temporarily!

After the welcoming ceremony, ye Chen exchanged greetings with Bei mangjing, the royal family leaders and others, discussed the details of the hunting meeting, and settled down in the ancestral place.
