### Chapter 6461

At the moment, ye Chen and Leng MuQing fly away quickly along the place where the fighting sound comes out, to find out.

Soon, they came to the front, but they saw a fierce fight breaking out. The light of various magic weapons and supernatural powers lit up the night sky, just like day.

In the middle of the battle field, there is a huge humanoid monster, five or six feet high, full of red mist, like blood, tall hands and feet, but with a strange blue face. It is the blue face of the drought.

Around the Qingmian drought, there are more than a dozen young warriors, including Liu Luyu, Liu Hu, Liu Qiming and others, as well as the disciples of Shengyuan temple, Qian Shengyan and others.

Everyone was excited when they killed the green faced dry tusk. They knew that if they could kill the tusk, they would have an advantage in the hunting meeting.

Qingmian Ganmao was surrounded and killed by many people, but it was miserable. It had been injured by Ye Chen and escaped. On the way, it was intercepted by Liu Luyu, Qian Shengyan and others. Before the injury was healed, it was not the enemy at all, but just the support at the moment.

"Why don't you die? Do you want me to torture you? "

But Liu Luyu, the eldest lady of the Liu family, turned her hand and offered a magic weapon, which was a door.

This door, showing the color of dark gold, old and vicissitudes, material is very long, covered with mottled blood, eternal resentment.

WOW!

As soon as the door is opened, a breath of the source of all evil comes out.

This evil spirit turned into a big dead gray hand, bloody, ghostly, vicious, resentful, resentful of everything in the world.

As soon as the dead hand came out, the sky and the moon faded. Where it passed, the space was broken, and there were traces of broken mirrors. It seemed that even the main roads were broken, and the evil spirit was rolling, filling the world.

The dead palm seems to represent the source of all evils. It is extremely terrifying and powerful.

Bang!

The dead hands rolled across the air. With a single blow, they crushed the green face dry on the ground.

"Ah," cried the green faced dry horse, "nine gates of flood and famine, the gate of all evils! It's in your hands

The willow dew fish snorted, but did not speak, and his face was slightly pale. It was obvious that it was not easy to control the gate of all evils, but it was worth the effort to suppress the green faced dryness.

"The young lady is mighty!"

Liu Hu cheered and clapped.

Liu Qiming was also relieved when he saw that the green face was constrained by the drought. However, Liu Luyu's breath seemed rather weak, and he worried: "Miss, can you hold the door of all evil by force?"

Liu Luyu glanced at him and said, "don't worry about it."

The people on the other side of the holy Yuan Temple, seeing that the green faced dry dog was suppressed, also put away their weapons one after another.

Qian Shengyan, the leader, came to Liu Luyu and said, "it's said that the Liu family is in charge of the gate of all evils. Today, we can see that they are really fierce and fierce. It's an eye opener."

Liu Luyu smiles and wants to say a few modest words. However, her heart and abdomen are full of blood, but she doesn't dare to open her mouth. She's afraid to let out her true Qi. After all, it's hard for her to control the gate of all evils.

Ye Chen is watching the battle, and suddenly hears the voice of Jiuyou evil king in the reincarnation cemetery.

"Ah, it's the gate of all evils, one of the nine gates of flood and famine. Hasn't it been worn out yet?"

The figure of Jiu you Xie Jun floated out from the tombstone. Looking at the bloody door outside, he was surprised.

"Is the gate of all evils the supreme artifact of heaven?"

Ye Chen's eyes were fixed, and he caught a wisp of heaven's secret. The gate of all evils seemed to be related to the supreme artifact of the thirty-three days.

Jiuyou Xijun said: "yes, among the thirty-three heavenly artifacts, there is the legend of" nine gates of flood and famine ", which originated from the flood and famine era. They are nine special gates. Each gate has the power of suppressing heaven and earth and destroying the world."

"The gate of all evils is one of the nine gates of flood and famine. It is the source of all evils in the world. It represents the most terrible and sharp evil spirit. I thought it had been completely worn out, but it still existed."

"Wear and tear?"

Ye Chen looked at the gate of all evils carefully, and found many mottled and worn marks. The gate was very old, and there were many cracks on it.

Jiuyou evil king said: "the era of flood and famine is too far away from today. I don't know how many millions of years are separated. There are countless eras in the middle. The years are too vicissitudes. Almost all the magic weapons have been destroyed in the dust of the years. Only nine doors are left, which is the legendary nine doors of flood and famine."

"However, even if it is honghuangjiumen, the traces of time are too heavy. I think that since the end of the old era, honghuangjiumen has been worn out and no longer exists

In his tone, he was eager for the nine gates of Honghuang. It was obvious that the nine gates of Honghuang had extraordinary origins. If he could be in charge, he might be able to understand the lingering charm of Honghuang.

Although the nine gates of flood and famine have been worn out, as long as there is noumenon, they can push the road of flood and famine backwards and gain endless benefits.

Ye Chen moved in his heart and said, "did Wu Zu and Hongjun Laozu live in the flood and famine era?"

Jiuyou evil king way: "exactly, that era, far away from now, history can't be studied, but the legend of Honghuang Jiumen is like thunder, you quickly kill the willow dew fish, grab her magic weapon."

Ye Chen a Leng, although he hates Liu Lu fish, but also did not arrive at the point of life and death meet.

Nine you evil gentleman way: "don't be stupefied, directly start to rob! Although it will be contaminated with cause and effect, compared with the huge harvest, this cause and effect is enough to bear. This business is absolutely cost-effective! "

"What's more, the gate of all evils is coming, and the evil spirit is so fierce that it may affect the earth and lead to the old black mountain demon. That's troublesome. It's better to kill people as soon as possible to seize the treasure."

Ye Chen was dumb and said, "elder, killing people for no reason is incompatible with my martial arts."

Now in Ye Chen's realm, causality is very important. You must not be contaminated with evil, otherwise it will affect the mind of Tao.

Unless the other party wants to die, ye Chen will not take the initiative to kill.

Nine you evil gentleman hums a, he is ferocious and bloodthirsty disposition, can no matter so much, way: "you still too benevolent, not fierce enough, later sooner or later will suffer a loss."

Ye Chen has no choice but to smile, but does not answer.

But he saw that the green faced dry horse was suppressed on the ground and could not move at all.

Liu Luyu said to Qian Shengyan, "Qian Shengyan, suppress this green faced drought, our Liu family takes the first place. After killing it, we Liu family takes 90% of the falling fragments of divine lines, and your Shengyuan temple takes 10%

Qian Shengyan hardly hesitated and said, "yes, but please ask Miss Liu to find out the whereabouts of Ye Jitian for us."

He and the disciples of Shengyuan temple came to the hunting meeting. The main purpose was not to hunt, but to kill ye zatian!

This is the decree of the ancestor of Shengyuan temple, the God of Shengyuan Tiangui.

Chapter 6462

Heaven turtle doesn't want to indulge in the past, so he strongly advocates killing ye zatian and cutting off the old cause and effect.

The goal of Qian Shengyan and others is to kill ye zaidian.

Liu dew fish Leng a Leng, way: "you look for leaf to kill a day to make what?"

When she mentioned the word "Ye Jili Tian", her voice trembled slightly and she was afraid.

Ye Jitian is a friend of the demon emperor, and the nephew of the demon ancestor wudian. He is a special care person. Liu Luyu doesn't dare to offend him any more. He has only fear in his heart.

On one side of Liu Hu, also with a sense of fear, only Liu Qiming look still calm.

Qian Shengyan did not say a word. He wanted to kill Ye Zaitian secretly in Shengyuan hall. Naturally, this matter could not be disclosed casually

"I have something to discuss with Ye Jitian. Miss Liu, you are in charge of the gate of all evils. With this artifact, you can deduce the fate of Ye Jitian. Please help us deduce Ye Jitian's whereabouts. We don't want this piece of blue faced and dry grain."

Liu Luyu was surprised and said, "don't you even want one Chengdu?"

She said that the Liu family accounted for 90% and the Shengyuan Temple took 10%. Originally, she was ready to bargain, but she didn't expect that Qian Shengyan agreed so readily. Now she even said that she could not even ask for anything.

But she didn't know that Shengyuan temple was not interested in hunting at all. She just wanted to kill Ye Jitian.

Qian Shengyan said: "Miss Liu defeated the dryland, and the fragments of the divine pattern naturally belong to Miss Liu. If Miss Liu is upset, find out for us that ye killed heaven. The territory of killing God is vast, but I don't know where ye killed heaven has gone."

Ye Chen hides behind the tree not far away and hears the words of Qian Shengyan, his face suddenly sinks.

Fortunately, there was information from the demon emperor Zhetian earlier. He already knew the plot of Shengyuan temple, and qianshengyan wanted to kill him.

Leng MuQing pulls Ye Chen's arm and says: "that guy wants to find you. I think there seems to be murderous in his eyes."

She doesn't know the gratitude and resentment between Shengyuan temple and ye Chen, but she also catches the danger.

Ye chenmo was silent, watching the situation in front of him.

But listen to Liu Luyu said: "no problem, I first rest one night, recover vitality, and then deduce Ye Jitian's whereabouts for you."

Qiansheng Yanxi said, "thank you very much, Miss Liu."

Liuluyu put away the door of all evil, and the big dead gray hand also retracted into the door.

But the green faced dryland, after being suppressed by the gate of all evils, is dying and unable to paralyze to the ground.

Liu Lu fish looked at Liu Hu and said, "Liu Hu, you killed this monster."

Liu Hu said, "yes, miss."

Take out a knife, go forward, cut off the head of the Dryad with a knife and kill it directly.

The green faced dry horse had no struggle before he died. His eyes were already dead. It was suppressed by the gate of all evils. The evil resentment directly destroyed its spirit and made it lose all the power of resistance.

After his death, more than 100 pieces of Shenwen fell out.

Liu Hu gleefully picked up all of them and said, "Miss, so many fragments of Shenwen are enough for us to win the championship!"

The prize to win the championship is tianwu Wolong Sutra. Liu Hu's eyebrows are very excited at the thought that tianwu Wolong Sutra will fall into the hands of the Liu family.

Liu Luyu's eyes are also happy, but in front of Qian Shengyan and other outsiders, it's inconvenient to be too impolite. He takes a deep breath, calms his mind, and says to Liu Qiming:

"Liu Qiming, don't waste the essence and blood you extracted. You can use it to refine magic weapon later."

Liu Qiming said, "yes."

With that, he pulled out his long sword and wanted to butcher the body of Han Yu to extract Qi and blood.

But at this time, I saw the distant sky, suddenly black wind surging, ghost gas, there was Jie Gaga ghost crying in the air.

Liu Qiming, Liu Luyu, Liu Hu and others were shocked, and Qian Shengyan was also shocked.

Ye Chen is also a burst of amazement, looking to the distant sky, only to see a dark mountain, flying across the sky.

Among the mountains, there are thousands of human arms, swinging and grabbing in the air. It's terrible.

Then, there are tens of millions of living human heads growing out of the mountain, whining and howling, just like the scene of hell ghosts coming into the world, which is creepy.

Ye Chen had never seen such a monster before, and he was stunned.

Leng MuQing is also "ouch" a exclamation, surprised under fear, grasped Ye Chen's arm.

And she this exclamation, but exposed the position of her and leaf Chen.

Liu Luyu, Qian Shengyan and others look at Ye Chen and are shocked. They shout in unison: "Ye Zaitian, it's you!"

Before the cry came down, the mountain came flying from afar and was above the night sky. Thousands of hands were waving, thousands of heads were howling, thousands of arms and thousands of heads were mixed with each other, which made people suffocate.

"Here comes the old black mountain demon! Go back

Reincarnation cemetery, nine you evil Jun face a sink, issued a warning.

"Black mountain old demon? What's this? "

Ye Chen asked.

Jiuyou evil king said: "the black mountain old demon is one of the nine sacred beasts which are the seal of destroying the gods. This monster was originally a mountain, but later it became a fierce monster. It is very strong."

"Among the nine beasts, they are also the most powerful."

"You leave as soon as possible, don't make enemies with him, otherwise the consequences will be unimaginable."

Ye Chen said: "elder, even you are not his opponent?"

Jiu you Xie Jun said: "aren't you going to save Bei Mangxiao? If you run out of energy here, what should you do later? "

Ye Chen's heart is one Lin, this black mountain old demon's breath, of course dropped many, but now about is hundred flail realm four layer sky, incomparably strong.

If he breaks out with all his strength, and then borrows the power of Jiuyou evil king, he should be able to kill the old black mountain demon.

But, no need.

Because his biggest goal is to save Xiao Huang's father, beimangxiao. He can't waste his energy here.

Think of here, leaf Chen pulls cold Mu fine, turn round then want to leave.

"Ye Jitian, do you want to run?"

Qianshengyan see, eyes suddenly a cold, hands a pinch Jue, suddenly a tortoise shell like array, shrouded all around, blocked Ye Chen's steps.

This array, called Tiangui spirit array, is a secret array of Shengyuan hall. It was created by the master Tiangui himself.

Ye Chen was blocked by a layer of tortoise shell like barrier, and his steps stopped.

"Ha ha ha ha..."

At this time, but listen to the sky came a murky loud laughter.

I saw the dark mountain, countless heads twisted and fused, and finally turned into a huge and ferocious face, which was the illusion of the old black mountain demon.

"None of you want to run today!"

The old black mountain demon grinned and his voice was extremely fierce.

"Black mountain old demon, this is the most powerful of the nine beasts. How did it come out?"

Qian Shengyan looks at the black mountain old demon in the sky. His head is buzzing. It's more important to protect his life than to kill ye zatian.

Chapter 6463

The old black mountain demon, with a smile, stared at Liu Luyu and said, "thank you for this girl. If it wasn't for her, how could I escape from the land of seal?"

Hearing this, Liu Luyu's face changed. He had guessed that it was the evil result of the gate of all evils.

Originally, the old black mountain demon was the most ferocious of the nine sacred beasts. It was sealed in the wasteland of exterminating the gods and could not move freely at ordinary times.

However, the arrival of the gate of all evils affected the earth and made him escape from the influence of the seal.

Wheezing!

The old black mountain demon suddenly opened his mouth, stretched out a thousand Zhang Long scarlet tongue, rolled up the body, rolled it directly into his mouth, chewed it up and swallowed it.

"What wonderful flesh and blood! I want to thank you all."

The old black mountain demon laughed. He always wanted to devour other sacred beasts. Unfortunately, he was sealed and could not move freely. Now he got out of the difficulty. He swallowed the flesh and blood of the green faced dry horse. His whole body was full of ghost. The mountain shook for a while, and then turned into human form.

His body, however, is thousands of feet high, covered with black air. His head is like Tianshan Mountain, his waist is like a mountain, his mouth is like a blood basin, his eyes are like lightning, his teeth are like halberds, and he is extremely ferocious.

That pair of black, red eyes, scanning the audience, so that everyone in the audience, are scared, just afraid to be eaten by him.

The strongest cultivation of all the people in the field is qianshengyan and baijiejing.

But even qianshengyan can't compare with the black mountain old demon.

Because, the strength of the black mountain old demon, of course, was limited and injured, but also reached a hundred flail realm four days!

In tens of thousands of years, there has never been a hunter under the age of a thousand who dares to step into the territory of the black mountain old demon, which is no different from seeking death.

Ye Chen saw the huge body of the black mountain old demon and felt a burst of incomparable power.

When he thought of power, he thought of the peak of Hongjun Kendo and the sword of water.

A sword to stop water is an absolute skill. The subtlety of this skill can even reverse the general trend of heaven and earth and crush all the laws of reality by borrowing the breath of no time and space.

If you only rely on the strength of the confrontation, in the case of not using reincarnation blood, ye Chen is not sure to defeat the black mountain old demon, but if you use the sword of water, maybe you can reverse the situation!

Ye Chen's eyes narrowed slightly, and the essence of Hongjun Kendo flashed through his mind. Fortunately, he had the foundation of Hongjun Kendo, and mastered the most powerful move, Shifang meteorite sword. So it's much easier to feel the sword of water.

"Little girl, hehe, from you!"

But see that black mountain old demon, huge palm from the sky, toward liuluyu town kill and go.

Liu Luyu carries the gate of all evils. It's one of the nine gates of flood and famine. If he can capture it, it will be a harvest against heaven.

Liu Luyu saw that the black mountain's huge palm was pressed down, and he was scared to death.

In the crisis, she squeezed a formula and called out the door of all evils.

Bang!

A dark golden gate full of mottled blood and evil spirit suddenly emerged, blocking the giant palm of the black mountain old demon.

The hand of the black mountain old demon is powerful enough to crush millions of planets, but it is blocked by the gate of all evil, which shows the power of the gate of all evil.

"Good, very good. It's one of the nine schools of Honghuang. It's really powerful! Even if it's worn out, the magic power can be regarded as adverse

The black mountain old demon saw the gate of all evils, and his eyes burst out greedy and excited.

But Liu Luyu's face was pale.

With her cultivation, it is obviously difficult to maintain the operation of the gate of all evils.

"Liu Hu, give me a hand!"

Liu Lu Yu bit his teeth and seemed to have made up his mind.

Liu Hu a stay, way: "what?"

Liu Luyu suddenly grabbed his arm and threw him into the gate of all evil.

Liu Hu screamed "ah". Unexpectedly, Liu Luyu wanted to take him as a sacrifice and tried to escape. But the gate of all evils, like a black hole whirlpool, burst out a strong suction and swallowed his body directly.

They were shocked, but they saw that Liu Hu's body was swallowed up by wisps of gray fog, and there was no dregs left.

The gray fog, like the source of all evil, the source of all evil in the world, is very terrible.

After sacrificing Liu Hu, Liu Luyu looks a little slower and his face is slightly ruddy.

"Hey, little girl, you have some courage, but why do you struggle in front of me?"

Black mountain old demon coldly a smile, the palm suddenly burst up a wisp of blood misty Miscanthus gas.

"Bloodthirsty Ming Gong, such as prison Wei Lin!"

Then, the black mountain old demon took a hard slap. This slap has the dignity of hell's blood. It is murderous and suffocating.

When ye Chen saw this palm, he even caught the secret of tianwuxian sect. He wanted to come to this bloodthirsty nether skill, which is also a secret skill of tianwuxian sect. It was stolen and learned by the old demon of Montenegro.

Liu Luyu sees the black mountain old demon clap and runs the gate of all evils to resist.

Bang!

The old black mountain demon slapped hard on the door of all evils. Suddenly, the ghost air of heaven and earth vibrated, and the evil air howled. All kinds of black fog and red fog burst, and the scene was spectacular.

The gate of all evils, under the attack of the old black mountain demon, could not bear it. It was buzzing and shaking.

"Puff!"

Liu Luyu was implicated and spat out a mouthful of blood on the spot.

"Miss!"

Liu Qiming stepped forward, held Liu Luyu, touched her soft body, and couldn't help but feel her mind.

"Liu Qiming, help me once."

Liu Lu Yu bites his teeth, grabs Liu Qi Ming's arm and throws him to the gate of all evil.

Liu Qiming said "ouch", but he didn't expect Liu Luyu to take him as a sacrifice. He was pulled by the door of all evils in the air. He felt that he was going to fall into the abyss, but he couldn't get rid of it anyway.

"Snake and scorpion heart!"

Ye Chen was shocked. He didn't expect that Liu Luyu was so vicious that he couldn't see it any more. He sacrificed the Wutu Yuan Fu and gathered it into a Wutu sword in his hand. The Hongjun sword technique was used, and the eight trigrams of yin and Yang were combined to burst out a chaotic sword light and cut it out through the air.

Zheng!

Ye Chen cuts his sword on the gate of all evil. The gate of all evil shakes and looses. Liu Qiming takes this opportunity to get rid of the attraction and fly back to the ground.

"Brother ye, thank you very much

Liu Qiming gets out of the sky, bows his hand to thank Ye Chen, and looks at Liu Luyu with a very complicated look.

"Eh, Hongjun sword technique? I didn't expect to meet a descendant of Hongjun Kendo here. "

Black mountain old demon sees leaf Chen to hand, slightly surprised.

Ye Chen stares at the tall body of the black mountain old demon. He feels a great sense of oppression. In his heart, he flashes the pictures of Wuzu and Hongjun, discussing swords at the waterfall.

"My Lord, what do you want to do? Don't act rashly. "

Chapter 6464

Nine you evil Jun see ye Chen eyes have different, then know not good.

Although he is fond of killing, he has rich combat experience. He knows that it is not suitable to fight at this time. There are still many thorny issues to deal with.

Ye Chen's mood is surging, and the mystery of the peak of Kendo constantly flashed in his mind.

The pole of sword, stop water, break waterfall, reverse heaven and earth!

This mighty and ferocious trend of Kendo is surging in his heart. If he doesn't let it out, he is afraid that it will explode his whole body.

"Hongjun sword way, ten square meteorite sword!"

Ye Chen drinks violently, the Wu earth sword swings, a sword cuts to black mountain old demon.

This sword is the strongest killing move of Hongjun Kendo, Shifang meteorite sword.

Sharp as electricity, swift as thunder!

Ye Chen has mastered this ten square meteorite sword for a long time, but now when he shows it, the sword spirit has a unique charm. It is the magnificent spirit to reverse the trend of heaven and earth, which is far stronger than in the past.

This is the "sword of water stop"!

The essence of the peak of Kendo is to stop water, break the waterfall and reverse the world.

At the moment, ye Chen's sword is full of the charm of water stop kendo. With one sword, the roads of heaven have been destroyed. All the laws of reality have collapsed layer by layer. The sword spirit has torn through the place, and the space has become a chaos.

To be exact, it is not chaos or nothingness. It is a grey area that can't be described with any realistic words.

It's the law of time and space!

Ye Chen's sword stops water, and his Kendo skill reaches its peak, which affects the law of no time and space!

The breath of nothingness comes down, and all the existence of reality is collapsing.

Ye Chen's sword cut out, no breath filled, heaven and earth seemed to die in an instant, the real world was crushed, the universe seemed to be annihilated by this sword.

Liu Luyu, Liu Qiming and others were completely shocked.

Qian Shengyan and others are also stunned and unbelievable.

Even in reincarnation cemetery, Jiuyou evil king can't believe his eyes when he sees this sword.

This sword can stop water, crush reality and destroy heaven and earth. Its power is too terrible to be described in the words of the world.

Even ye Chen himself didn't expect that the power of this sword would be so terrible.

In front of my eyes, all the realistic scenes, night sky, flowing clouds, bright moon, stars, forests, mountains, earth, fields and rivers, were enveloped by a gray sword air, and then completely crushed and buried.

"Ah, what kind of sword is that! How can there be a breath of nothingness

"It's impossible!"

"The breath of nothingness is enough to crush the reality. Even the yuhuanggudi can't see nothingness. How do you do it?"

The black mountain old demon exclaimed in astonishment. Under Ye Chen's sword, he choked on the spot.

Click, click.

An extremely terrible scene appeared. The black mountain demon's huge body, which was thousands of feet high, burst like dry mud when it came into contact with Ye Chen's sword Qi.

His body, together with the spirit, turned into ashes in an instant.

There is no blood flowing out, all the existence of reality has been wiped out.

Under the cover of no breath, the body of the black mountain old demon was completely wiped away from the world, leaving no trace.

This is the master of the four layers of the world!

However, under Ye Chen's sword, he didn't even have the ability to resist.

In this world, no one can resist Wu Wu.

Nothingness is the existence above the real world, which can crush all the laws of reality.

Obliterate everything, crush everything, reverse everything, it is invincible!

Liu Luyu, Liu Qiming, Qian Shengyan, Leng MuQing and others are completely shocked to see ye Chen's terrible sword.

In their eyes, the powerful black mountain demon was killed by Ye Chen!

What a terrible strength!

This astonishing sword startled the whole destruction of God.

In the distance, the demon emperor was also experiencing. He saw that the gray sword Qi filled the sky and the earth, crushing everything.

He stayed for a while, catching the breath of Ye Chen, stunned and unbelievable, and said: "is it Ye Chen? When did he master such terrible Kendo? There is no trace of reality in this sword Qi. Is it nothing in legend? He's in control of nothingness? "

The devil emperor of covering the sky is creepy. Even the masters such as Wutian, yuhuanggudi, are far from seeing the essence of Wuwu.

If ye Chen mastered the law of no time and space, he would be invincible, and no one would be his opponent in the real world.

Even if it is Wutian, Emperor Yuhuang, under the crush of Wuwu, it is also an ant like existence. In real time and space, no matter how powerful the existence is, it is impossible to challenge Wuwu.

At this time, Mozu had already returned to the general arena of the old Japanese League, but he always paid attention to the situation of destroying the gods.

In front of him, there is a group of light and shadow, which shows the picture of killing the gods and leaving the wasteland.

"A sword to stop water? Ye Zaitian, my dear nephew, did you realize the sword of water stop? Our tianwuxian gate, the day of rejuvenation is just around the corner! "

The evil ancestor has no day to see the power of a sword of leaf Chen, immediately matchless surprise, matchless shock.

The battle between Ye Chen and Qingmian Hanyu finally won the tablet. He also saw the picture, but he never thought that ye Chen really understood the essence of shuishuikendo.

This is incredible!

In fact, Mozu Wutian had known for a long time that there was a tablet of shuishuikendo on his hand, and he also secretly watched.

But because of the complexity and profundity of water stop Kendo, he could not understand it, so he had to give up.

Even the Wuzu of that year couldn't master this water stop Kendo, which shows how difficult it is.

However, at this moment, ye Chen actually displayed the essence of water stop kendo. His sword aroused the breath of no time and space, and killed the old black mountain demon directly. It was an earth shaking killing, which could not be described in the words of the real world.

Moze Wutian is very happy. He doesn't know Ye Chen's identity. He doesn't know that Ye Chen once had the foundation of Hongjun kendo. Therefore, he surpasses ordinary people and directly understands the true understanding of Shuitou kendo.

He just thinks that Ye Chen is Ye Zitian, his nephew, and the descendant of Tianwuxianmen. In the future, he will inherit the mantle of Tianwuxianmen and revive the old land.

In his heart, Ye Chen has been regarded as his own descendant.

As for the demon emperor, it's just a container and can't be compared.

Click!

The Wutu sword in Ye Chen's hand can't bear the essence of Shuitou sword, so it's broken on the spot.

"Puff!"

And Ye Chen, is also gushing out a mouthful of blood, pale.

His body, shaking, visceral blood a violent boiling, as if ready to explode.

Chapter 6465

The breath of time and space almost killed him.

With Ye Chen's current strength, it's too hard to use his sword to stop water.

This is the peak skill of kendo, whether it is the consumption of physical strength, or spiritual consumption, are extremely huge.

Ye Chen's Wu Wu breath is just a very weak thread, but in the real world, it is also enough to trigger a huge killing.

Even he himself can't bear the backfire, and will be wiped out at any time, just like other real existence, which will be wiped out by Wu Wu.

Fortunately, at the critical moment, nine you evil king attached to Ye Chen, finally stabilized his breath, did not let him completely collapse.

"Thank you, master."

Ye Chen breathed a breath, secretly exclaimed at the strength of water stop Kendo, it is incredible power, unexpectedly let him second kill the black mountain old demon.

You know, the black mountain old demon is the strong one in the four layers of the hundred flail realm. He can't stop Ye Chen's sword.

Even, ye Chen feels that, with his current strength, he can kill many powerful enemies with his sword!

Of course, this kind of Kendo can lead nothing, reverse reality and turn the world upside down. Its power is too terrible and its cost is too huge. It is likely to devour itself.

It's not even that easy.

It takes time, place and people.

Next time you want to do it, it won't be so easy.

The breath of time and space is not controlled by people in the real world.

Even the yuhuanggudi, Mazu Wutian and other experts can't control it.

Only Ye Chen, with reincarnation blood, can barely arouse a little bit of Wu Wu's breath, but it is also too reluctant and dangerous.

Bang! Bang! Bang!

With the fall of Ye Chen's sword and the disappearance of no breath, the law of reality comes back.

The conflict between reality and nothingness has exploded.

In the explosion, layers of space collapsed.

Liu Luyu, Liu Qiming, Qian Shengyan and others were separated in the explosion.

Ye Chen and Leng MuQing are also separated.

"Ye Jitian!"

Leng MuQing called out, and her voice was rather anxious, but under the impact of the explosion, she could not contact Ye Chen.

In the end, the two were forced to separate.

What ye Chen saw in front of his eyes was only the smoke and dust rolled up by the explosion.

He looked at the ground, looking for something.

Jiuyou evil king way: "don't look, your sword Qi, crushed everything, there will be no God grain fragments left."

Ye Chen wry smile for a while, he just wants to look for the God grain fragment.

The black mountain old demon is the most powerful fierce beast. There are a lot of fragments of divine lines in his body. If you can get them, they are enough to make ye Chen win the championship.

However, his sword was so terrible that any reality was wiped out and there was no booty left.

"Go and save people. There should be a lot of fragments of divine tattoos in beimangxiao."

Jiuyou evil king way.

Ye Chen looked at the sky, and it was almost three minutes after midnight. He immediately flew away to the place where beimangxiao was being held.

And simple Yu Feng flies, but let leaf Chen feel whole body tear, quite painful.

It was just a sword that was used to stop water. It was too much for him. He was seriously injured both physically and mentally.

If it had not been for the power of Jiuyou evil king, he would have fallen now.

"My strength, can't hold for long, save people to leave quickly, I'm afraid the guy under the ground will suddenly run out, that's troublesome."

Nine you evil Jun congeals heavy way.

"What kind of underground guy?"

Ye Chen a burst of surprised, ask.

Jiuyou evil king way: "in the old days, it was used to suppress Changmo king."

"Chang Mojun is also a true disciple of tianwu immortal sect. He fought with the old master wujueshen to seize the position of leader of tianwu sect."

"In the end, Chang Mo Jun failed and was suppressed by the old lord."

"The nine beasts, sealed here, are actually used to suppress Chang Mo Jun."

"Now, the black mountain old demon and the green faced dry horse are dead. I'm afraid the seal will be loosened."

In the past, jiuyouxijun was a member of tianwuxianmen, so he was very clear about these secrets.

Ye Chen in the heart a surprised, this often Mo Jun's intelligence, even cover the sky devil Emperor didn't mention, seem to be very secret affair.

"Master, why didn't you tell me earlier?" Ye chendao.

Nine you evil gentleman way: "you also didn't ask."

"..." Ye Chen stopped for a while.

Nine you evil gentleman way: "don't say first, save a person to say again."

He continued to attach himself to Ye Chen and flew to the place where he was imprisoned.

There is a sacred beast guarding this place of imprisonment, which is the black rock python in the nine sacred beasts.

According to beimangxiao, at the third quarter of midnight, the black rock python will fall into a deep sleep.

Now time is almost up, but when ye Chen comes, he sees a boa constrictor, sitting at the mountain pass, staring at him.

This python, covered with rock like scales, is the black rock python.

Obviously, ye Chen had just fought with the black mountain old demon. The terrible battle startled the black rock python. It kept awake and didn't mean to sleep.

Ye Chen saw the black rock python, right in front of him, and his heart suddenly sank. He was afraid that he could not avoid a fight.

Now his body is full of scars, so it is not suitable to fight any more. Even if he borrows the power of Jiuyou evil king, it will cause serious damage to his body.

"Don't kill me, my Lord. Go and kill the nightmare beast. There are so many fragments in his body that you can win the championship."

However, a scene beyond Ye Chen's expectation appears, but the black rock python bows to Ye Chen, spits out words, pleads for mercy on the spot, and makes way.

Ye Chen is dumbfounded, thinking that he just killed the old black mountain demon. He is so murderous that the black rock python doesn't dare to resist and asks for mercy.

"It's good to avoid a fight. Let's go."

Nine you evil king urges a way, he is not what benevolence good person, but also have no idea to kill black rock python now.

Because, if you kill the black rock python, it will make the seal further loose. Once Chang Mo Jun, who is suppressed in the ground, is suddenly born, it's not easy to deal with.

You know, in those days, Chang Mojun once fought with the old master for the position of leader of the sect. Naturally, his strength was strong. Even if he was suppressed for a long time, his accomplishments fell greatly, which should not be underestimated.

At least, it's stronger than the black mountain old demon!

Ye Chen didn't dare to be careless. He immediately bypassed the black rock python and went to the depth of the barren mountain.

Straight to the depth of the barren mountain, ye Chen sees a nightmare beast in a cave. It's Xiao Huang's father, beimangxiao!

North mang Xiao at the moment, the pupil of the eye is dim, see ye Chen come, only think is hunter, the eyes are more bleak.

Ye Chen took Yin Tian Shen Dan, hiding breath, and wearing a mask, beimangxiao didn't recognize it at all.

Chapter 6466

"Daddy

In the picture of the yellow spring, Huang shouts, his voice full of excitement and joy.

But his cry voice, also was suppressed by Ye Chen, did not expose.

Because ye Chen knows that behind the destruction of the gods, the demon ancestor Wutian must be peeping. If it is exposed randomly, the consequences will be unimaginable.

Ye Chen doesn't make a sound, walks to North mang Xiao's body front, palm probes out.

Beimangxiao only thinks that ye Chen wants to kill himself, but he doesn't struggle with a look of despair in his eyes.

These days, his fighting spirit and ideas have long been broken up by the old Japan alliance. It is the limit that his spirit can not collapse.

Ye Chen's palm grasps the shoulder of the North mang Xiao, a wisp of the yellow spring breath, passes on the past.

Beimangxiao was shocked and felt the breath of the yellow spring. He immediately guessed Ye Chen's identity and said: "you... You are..." staring at Ye Chen's eyes.

Ye Chen secretly spreads a way: "elder don't panic, I immediately rescue you to go out."

Then, ye Chen's eyes suddenly cold, the palm of his hand burst out nine you emperor light, and cried out: "beast, die!"

The words sound falls, the leaf Chen mercilessly a palm, toward the North mang Xiao head hits.

Beimangxiao stayed for a while, but he didn't know why.

Xiao Huang was also shocked and cried, "master, what are you doing?"

Ye Chen smiles. His palm is just a false move. It's extremely fierce and black, but it doesn't have real lethality.

Waiting for the palm wind to cover beimangxiao, ye Chen's heart reads and sends beimangxiao to huangquan without any trace.

All of these are covered by the light of his Jiuyou palm technique. Outsiders can't see the real and the virtual.

WOW!

When the palm skill falls, beimangxiao's figure has disappeared. It seems that ye Chen's palm has blown it out. There's no dust left, only a piece of divine pattern has fallen.

The fragments of Shenwen hidden in beimangxiao's body are forced out by Ye Chen's palm force.

In the eyes of outsiders, ye Chen killed beimangxiao and got the fragments of Shenwen.

These are all means of deceiving Mozu Wutian.

Ye Chen knows that the devil has no heaven and is peeping on his back, so the necessary disguise is necessary, but he can't be careless.

However, as long as we don't go in person and study carefully, there are many restrictions, and we won't find any clues.

Beimangxiao returns to the world of the yellow spring and reunites with Xiaohuang.

Father and son meet, naturally very happy, also understand Ye Chen's good intentions.

But ye Chen's body, but is a burst of shake, weak take off a dint, the face is instantly pale.

The power of Jiuyou evil king retreated from him and returned to the reincarnation cemetery.

"My Lord, it's time. I can't help you any more today."

Jiuyou evil king way.

Just that palm, extremely ingenious, even enough to deceive the devil ancestor Wutian, this also consumed a lot of aura of Jiuyou evil king, at least today, he needs to rest, can't help Ye Chen any more.

"Thank you, master."

Ye Chen is out of breath, only feels the whole body tearing pain, the head is also extremely painful, the condition has never been so bad.

Before that, it was too serious to kill the old black mountain demon and use "a sword to stop water".

It's a backfire of lawlessness. Even the yuhuanggudi, Wutian and taishangtiannv may not be able to bear it.

If ye Chen didn't have reincarnation, he would have died now.

Nine you evil gentleman way: "leave as soon as possible, otherwise dangerous."

"Well."

Ye Chen solemnly nods, picks up the God grain fragment on the ground, then turns to want to leave.

There are more than 300 pieces of divine patterns sealed in the body of beimangxiao.

Harvest so many God grain fragments, if there is no accident, that ye Chen should be able to win the championship.

After thinking of winning the championship, ye Chen is extremely excited to get a page of tianwu Wolong classic.

Ye Chen is very excited that he has learned a lot from this hunting meeting. He has successfully saved Huang's father and is about to win the championship.

However, the excited mood, only lasts for a moment, ye Chen a heart, but completely cold down.

Because when he just turned around and wanted to go, he saw several figures flying from outside the grottoes.

These figures, with a tortoise shell totem printed on their clothes, are all the strongmen of Shengyuan hall.

The leader is Qian Shengyan!

"Fortunately, it's not too late. I finally caught up with you. Ye Jitian, nice to meet you."

Qian Shengyan smiles and slowly pulls out his long sword.

Behind him, several strong men of Shengyuan hall, also silent, pulled out their weapons, spread the battle, and vaguely surrounded Ye Chen.

Ye Chen's face sank, knowing that behind the Shengyuan hall, the turtle master wanted to kill himself that day. Qian Shengyan was just a chess piece and said, "how can you find here?"

Just after the big bang, ye Chen thought that everyone had been completely separated, but he didn't expect that Qian Shengyan would find them.

Qian Shengyan said with a smile: "I've caught your breath. You can't escape. You have no swordsmanship. You can crush the reality and collapse the universe. It's really incredible. If you fight at the top, I'm afraid I can't support you."

He looked up and down at Ye Chen, recalling that ye Chen killed the old black mountain demon, and the amazing sword was still full of admiration and awe.

It's not a sword skill that can be used by human beings. Even the universe is enough to destroy and crush all the real existence. It's a sword way with the breath of time and space, which can only be described as invincible.

Chapter 6467

Although qianshengyan is a strong man in the two-tier heaven of Baiji realm, if it is really a peak duel, he asks himself that he can't hold Ye Chen's half move.

But now, even the blind man can see that ye Chen's state is very bad. He has blood stains all over his body, and his face is pale. It's obvious that the astonishing sword has made him suffer a lot.

"It's a pity that you've been hurt so badly. I'm going to kill you now. It's your turn to fail me. It's a pity."

Qian Shengyan sighed and sighed a little euphemistically, saying: "Ye Zaitian, your talent of Kendo is too terrible. Your swordsmanship is enough to be the first in the world. No one can summon the air of lawlessness except you. No wonder Wutian, the demon ancestor, values you so much. If you develop your talent, your martial arts will not be worse than the legendary reincarnation Lord."

He didn't know at this time that ye Zaitian was Ye Chen.

He only knew that ye Zaitian's talent was terrible, and he could even summon a trace of nothingness. Such a genius could be called a world shaking monster.

"In fact, I don't want to kill you. Your talent is too terrible. You are an immortal evil genius. I have a very deep and unforgivable sin to kill you."

Qian Shengyan sighs again. He really doesn't want to kill Ye Chen, because ye Chen's talent is too evil. He can be called the son of good fortune. It's extremely arrogant of heaven to kill such a person. It's a great sin to be punished by heaven.

With his cultivation and good fortune, he could not bear the price of such natural punishment.

"It's a pity that it's hard to disobey my master's orders. My master wants to kill you and cut off the old cause and effect. That's no wonder to me. You can do it yourself. I'll give you a good time."

Qian Shengyan throws the sword in his hand to Ye Chen, and asks him to end it by himself.

Ye Chen looks at the sword on the ground, ha ha a smile, way: "do you think you really can kill me?"

Qian Shengyan said: "otherwise? In your state, still want to struggle? I don't want to kill you, but you must die today! "

Ye Chen snorts. Although he's in a bad state, he has many cards. It's a fool's dream to kill him just by qianshengyan, a warrior with two layers in the world of hundred flail.

"Blood dragon, lend me strength!"

Ye Chen calls in his heart.

In an instant, the power of the blood dragon began to infuse into Ye Chen's meridians.

Ye Chen felt the tingling of the meridians, almost tearing, and could not help biting his teeth.

He is in a very bad state now. If he borrows the power of the blood dragon, it will cause a serious load on his body.

But, this load, ye Chen is enough to bear.

As long as you kill Qian Shengyan, he can get out completely, and it's not too late to recover later.

The blood dragon has been dormant in the Longyuan sky sword. It has been integrated with the sky sword. The dragon's power is growing stronger and stronger. Now when you hear ye Chen's call, you pour all your strength into Ye Chen.

Click!

Ye Chen's muscles and bones all over his body, suddenly issued a fierce sound, the majestic dragon power in the outbreak, bursts of blood filled.

Click!

Ye Chen's palm has changed into a dragon's claw, and black dragon scales grow on it, which contains the breath of Jiuyou emperor Sutra.

The power of blood dragon, ye Chen with nine you emperor by cover, and did not expose anything.

In the blink of an eye, ye Chen's body completely changed, covered with a layer of Black Dragon Armor, powerful, that weak and decaying gas, is also swept away.

This is the power of the blood dragon!

"What

Qian Shengyan only feels the breath of Ye Chen's cultivation and keeps climbing. In the blink of an eye, he has reached the level of a hundred flail realm. If he merges with the dragon power, his real fighting power is even stronger than him.

"Master, make a quick decision. You are in a bad state."

The blood dragon sends a message to Ye Chen.

He saw that ye Chen's weakness, the lawless backfire is too serious, ye Chen is now a serious overdraft of the body, if forced to support, I'm afraid it will cause irreparable consequences.

"I know."

Ye Chen grinned, naturally knowing the condition of his body.

"It's too high to be broken, broken!"

He suddenly waved the dragon's claw, the dark light came out, mixed with a ferocious collapse breath, and went to suppress qianshengyan.

Qian Shengyan's face sank, and he only felt that ye Chen's dragon claw was very fierce, and he didn't dare to answer it, so he quickly stepped back.

This is naturally the breath of blood dragon Wanxiang Tianshu, extremely overbearing.

"Can you hide?"

Ye Chen strode, and on the dragon's claws, ancient scriptures appeared in every dragon scale, dense and magnificent.

Although he is in a bad state, he can kill qianshengyan with the power of blood dragon.

Qianshengyan seriously underestimated Ye Chen. He didn't expect that ye Chen had so many cards.

"Heaven turtle spirit array, guard!"

Seeing that ye Chen was so brave, Qian Shengyan didn't dare to be careless. He kneaded the pithy formula in his hand, and many lines emerged. He quickly turned into a big array and protected him firmly.

This array, however, looks like tortoise shell, presenting ancient patterns.

Bang!

Ye Chen a claw explodes to kill in the past, hit on tortoise shell, seem to hit copper wall iron wall, unexpectedly can't penetrate.

This array is obviously specialized in defense. It's the unique array in Shengyuan hall.

"Can a tortoise shell block me? Break it for me

Ye Chen's eyes are sharp, and countless secrets of the formula of array words flash in his heart. Just glance at it, he can see through the details of the heaven turtle spirit array, and see the weakness of the array.

Click!

Ye Chen's Dragon claws came out and hit the weak part of the spirit array. Suddenly, the whole tortoise shell exploded and was crushed by his dragon claws, which turned into streamers and dissipated.

"What, you can break my array?"

Qian Shengyan was shocked. He didn't expect that ye Chen's array was so accomplished that he broke his body protection array with one blow.

"Die for me!"

Ye Chen is crazy but a claw son, grasps to thousand Saint Yan's head.

A few disciples of Shengyuan temple, seeing that ye Chen is so fierce, are stunned in the same place, and dare not come forward to help.

"Xuanguai battle armor, protect!"

Under the panic of qianshengyan, he pinched the formula, and a layer of battle armor appeared on his body, full of layers of tortoise shell texture.

There are bursts of body protecting vigorous Qi in the shining armor.

Bang!

Ye Chenlong's claws hit the armor of that battle, but he couldn't break it.

"When death comes, why struggle?"

Ye Chen hummed coldly. Without a bit of panic, he secretly turned the formula. The dragon claw burst into a golden light. With a click, he shattered the xuanguai battle armor of qianshengyan on the spot.

Ye Chen's use of this military formula is very obscure and has not been found by outsiders.

"You... You are..."

Qian Shengyan stares big eyes, he is close at hand, naturally can catch the murderous Qi of Bing zijue.

At this moment, he even thought that ye Chen was actually a member of the Yuhuang family, a spy who wanted to get into the old alliance!

Ye Chen's face doesn't change color. He has a very high attainments in the word formula of war. He can easily smash ordinary weapons and magic weapons. This will shatter the armor of the thousand saints, just like destroying and decaying. It doesn't take much effort.

Chapter 6468

"Death

Ye Chen is merciless, dragon claw pinches Qian Shengyan's head, puffs Chi, pinches and explodes on the spot, completely kills the other party.

The disciples of Shengyuan temple nearby all showed fear when they saw qianshengyan killed. But under the threat of Ye Chen's murderous spirit, they were stiff and had no courage to escape.

"Tianshang Xingchen sand, broken!"

Ye Chen's dragon claw turns and uses a great Mongolian method. Pieces of sand and dust burst out of his dragon claw. It's like killing the disciples of Shengyuan hall with the power of the stars.

Puff, puff, puff!

After a sharp penetrating sound, the bodies of the disciples of Shengyuan hall were shot into a sieve by Ye Chen on the spot. All the bodies and spirits were destroyed and died.

After killing the disciples of Shengyuan hall in one breath, ye Chen breathed a sigh of relief.

The power of the blood dragon retreated from his meridians.

His body broke off in pain.

"Master, your state has reached the limit. If you meet the enemy again, I'm afraid it's not good."

The blood dragon sinks a voice way.

With Ye Chen's current state, if he encounters a strong enemy again, he can no longer borrow other people's energy, otherwise his body can't support him, he can only use the power of reincarnation.

And if you use reincarnation blood, it is bound to be found by Wutian.

"Don't panic, I have a back hand."

Ye Chen also knows that his state is not good, but he is not flustered, and directly sends out a letter.

This letter of flying sword was sent to the demon emperor.

Ye Chen wants to summon the demon emperor to protect the Dharma for him and protect him to go out, so as to ensure that there is no mistake.

At present, the demon emperor is also in the process of killing the gods. He also participates in hunting, but he is only responsible for patrolling and guarding, monitoring accidents, and will not compete with other hunters.

After the flying sword was sent out, ye Chen sat down with his knees crossed and waited silently. He used his kung fu to adjust his breath and recover himself.

The sword that stopped water hurt him so badly. He didn't suffer so much in the past.

This is the air of lawlessness, which is enough to wipe out all the existence of reality. If he didn't have reincarnation, he would have turned into ashes.

Cross the knee to adjust breath for a while, ye Chen's meridians are not so painful. He waits with ease, but he hears the sound of footsteps coming from outside. But the breath is different. It doesn't seem to be the demon emperor.

"Well?"

Ye Chen's face is slightly coagulated. When he opens his eyes, he sees two people coming in. They are Liu Luyu and Liu Qiming.

"Ha ha ha, ye Jitian, I finally found you."

Liu Luyu laughs, and a door looms behind him, which is the door of all evils.

She obviously is through the gate of all evils, deduce the secret, found Ye Chen.

"Brother ye..."

Liu Qiming looks at Ye Chen with a complicated look.

"What do you want to do?"

Ye Chen in the heart is vigilant, on the surface is motionless, light way.

Liu dew fish stared at Ye Chen and said, "you have the smell of divine pattern fragments. You hunted beimangxiao and got his divine pattern fragments?"

Ye Chen said, "it's none of your business."

Liu Luyu said with a sneer, "I'm just trying to kill you. Since you have fragments of divine lines on your body, it's cheaper for me."

Ye Chen said: "ha ha, you want to kill me?"

Liu Luyu said, "I've offended you. After I go out, I'm afraid you won't let me go. I'd better start first. I'm very interested in your Wuwu kendo."

She knows that ye Chen's identity is terrible. She is the nephew of Wutian and the friend of Zhetian devil emperor. Once she is accused, she will die.

So, now she is to start first!

What's more, ye Chen's sword is too powerful, too rebellious, and she covets it very much.

Now ye Chen is weak. It's a golden opportunity to kill and seize the treasure.

Ye Chen said: "I underestimated the evil of your heart."

In the reincarnation cemetery, the evil king of Jiuyou said: "Tomb master, I told you to kill her long ago. She is in charge of the gate of all evils. Her mind has been polluted by evil spirit, and it is also a disaster to keep it."

Ye Chen said, "it's not too late to start now."

Nine you evil gentleman way: "can you still fight?"

Ye Chen says: "just adjust breath for a while, restore a bit nimbus slightly, want to kill this willow dew fish, more than enough."

Nine you evil gentleman startles a way: "you so quickly restored combat effectiveness?"

Ye Chen smiles. In fact, he's in a bad state. His peak combat power is far from recovered, but he has recovered a little aura. He doesn't dare to say anything else. It's enough to kill Liu Luyu.

But Liu Qiming came out and said, "Miss, brother ye, there must be some misunderstanding between us. Please calm down."

Liu Luyu said coldly, "what else can be misunderstood? He even killed Qian Shengyan. It's our turn next!" With that, he glanced at the ground, and the bodies of the disciples of Shengyuan hall, such as Qian Shengyan, were still lying on the ground.

Liu Qiming suddenly stops talking, but he doesn't know what to do.

"The gate of all evils, I have suppressed it!"

Willow dew fish no longer nonsense, immediately urged the door of all evil, toward Ye Chen blast out.

Kalon!

When the door of all evils was opened, a mottled, bloody, evil spirit full of resentment rolled out, endless evil spirit churned and gathered into a pale hand.

This white big hand, as if take the world to evil, mercilessly toward Ye Chen head to grasp.

Ye Chen's face remains unchanged. He sacrifices the wutuyuan talisman to prepare for the attack.

And at this time, suddenly there is a red yarn girl, flying out with a sword, attacking Liu Luyu's heart with a sword.

Chapter 6469

This attack was very sudden, fierce and fierce.

Liu Luyu was surprised, and the gate of all evil turned back in a hurry to protect his body.

Ding!

The red gauze girl's sword struck the door and made a crisp sound.

Red gauze girl flies in the air with her sword, falls back to the ground and falls to Ye Chen.

Ye Chen only smelled a warm fragrance, and fixed his eyes to see that the red yarn girl was Leng MuQing.

"It's you."

Ye Chen's vision is tiny a coagulate.

Leng MuQing stood in front of Ye Chen with a sword and said, "you are injured. I will protect you!"

Ye Chen is dumb but lose smile, way: "need not."

Although he was hurt by backfire, he has recovered a little breath, which is enough to deal with Liulu fish.

Leng MuQing said: "don't try to be brave. You saved me once. Now it's my turn to protect you."

Ye Chen is silent down, looking at the girl's graceful figure, in the heart quite warm and grateful.

Liu Luyu's eyes were cold, and said: "good, Leng MuQing, ye Zaitian, I'll let you be a pair of hard-working mandarin ducks!"

With that, she once again sacrificed the gate of all evils, ready to rely on the power of magic weapon to directly kill Ye Chen and Leng MuQing.

War is on the verge of breaking out.

Ye Chen is not at all flustered. He has absolute confidence in his own strength. He is just a willow dew fish, and his cultivation is only one level of heaven in the hundred flail realm. In his eyes, the existence of ants is not a threat even if he controls the gate of all evils.

Ye Chen is preparing to fight, suddenly a knife light from the distance, like a tide of plunder.

The light of this sword is very strange, and there is almost no real law. The light presents a kind of empty and chaotic color, which makes people have the illusion of falling into nothingness.

This knife, however, is toward Liu Lu Yu to chop.

The power of the sword is so vast that it can kill her thousands of times.

"Be careful, miss!"

Seeing that Liu Luyu is in danger, Liu Qiming can't help but stand up and block the knife for her.

"Fool!"

Ye Chen see this, immediately eyes a cold, quite a little hate iron does not become steel.

The edge of that knife is so fierce that Liu Qiming can't resist it.

Ye Chen has a good feeling for Liu Qiming, and can't bear to see him die. He bends his fingers and shows his Hongjun sword skill. A burst of Hongjun eight trigrams sword Qi shoots from ye Chen's fingers and hits the sword.

Zheng!

It's a sword fight.

Sword Qi and sword light burst and burst at the same time.

The clash and burst of the sword was in front of Liu Luyu.

She looks pale, only feel the fragility of her life, whether it is that knife, or Ye Chen's sword, are enough to easily kill her.

"Ye Jitian, you... You..."

Liu Luyu is completely flustered and looks at Ye Chen in fear.

She thought that ye Chen had been hurt by the reverse bite, and she was already a useless person. But she thought that ye Chen's sword power was like electricity. Although it was not as terrible as when he killed the old black mountain demon, it was more than enough to kill her.

All of a sudden, Liu Luyu realizes that she is small and ridiculous. In front of Ye Chen, she is just a clown.

Leng MuQing looked at Ye Chen in amazement and said: "so you installed it? Can you still fight? "

Ye Chen sighs, but flicks her forehead and says, "who told you I can't fight?"

PA, PA, PA.

As the voice fell, another round of applause broke out.

But outside the grottoes, there is a man, clapping with both hands, riding a python, winding slowly.

The python is one of the nine sacred beasts, the black rock python. At this time, it was tamed by the man and became a mount.

The man had a plain face, a bloody knife on his back, six animal heads hanging around his waist, and his appearance was extremely bloody and strange.

It was the man who had just made the sword of chaos and nothingness.

"Xia Xuansheng, it's you."

Ye Chen looks at this man, greatly surprised.

This man turned out to be Xia Xuansheng, the winner of the third trial in hell.

Xia Xuansheng is suspected to be a member of the temple of yin and Yang, but he kneels down to the old alliance. Ye Chen is very alert to him.

But Xia Xuansheng at the moment is quite different from when he was in hell.

His face was still plain, but his eyes were especially sharp. He had already abandoned his sword and used it. Even ye Chen was surprised by the fierce attack of his sword.

What's more, Xia Xuansheng has six animal heads on his waist!

There are nine sacred beasts in the wasteland. Ye Chen has already seen the black mountain old demon and the green faced dry horse, and another sacred beast, the black rock python, is at Xia Xuansheng's feet at the moment.

But the other six beasts have all been killed!

Because the heads of the six great beasts were all hanging on Xia Xuansheng's waist!

He killed six beasts by himself!

It's incredible.

On the surface, Xia Xuansheng's cultivation is only half a step into the realm of hundred flail, but he can kill six beasts, which obviously hides his strength.

"Young master ye, what a powerful sword technique."

Xia Xuansheng looked at Ye Chen and said with a smile.

"Your Sabre technique is also very strong. It has the smell of chaos and nothingness. You can hardly find any trace of reality."

Ye Chen recalled Xia Xuansheng's knife, and still felt strange.

All martial arts have traces of reality and rules of this world.

As long as there is reality, there is a danger of being broken, unable to be invincible.

Unless it is Wu Wu, there is no trace of reality, like Ye Chen's sword, it is invincible.

Xia Xuansheng's sword was almost nothing. The law was absolute nothingness, close to invincible.

"That's a knife without thinking." Xia Xuansheng said faintly.

Ye Chen said: "a knife without thinking?"

Xia Xuansheng said, "yes, this Dao was created by Hongjun's ancestors. Hongjun's ancestors have learned all kinds of Dao techniques, such as swords, spears, swords, halberds, fists, legs, magic weapons, strange ways to escape armour, talisman mechanism, and all kinds of Dao techniques, and they are proficient in them. By chance, I got the essence of his Dao techniques and became a" unimaginable Dao."  
"

Ye Chen said: "what is a knife without thinking?"

Xia Xuansheng said: "a knife without thinking is a state of absolute selflessness. This knife is a state of absolute nothingness, forgetting heaven and earth, universe, reality, ego, thoughtlessness, mindlessness, selflessness and almost invincible."

Ye Chen said: "I didn't expect you to have such an adventure and understand the sword technique of Hongjun's ancestors."

Xia Xuansheng gave a wry smile and said, "that's not as good as you, young master Ye. Your sword is really invincible. It has the rule of time and space. My sword is just absolutely selfless and nihilistic, but it can't reach the realm of nothingness."

Nothingness is that nothingness doesn't exist, there is no concept, and it can't be described in real language.

Ye Chen's sword is really powerful and can crush all reality.

Xia Xuansheng's sword is nothing and selflessness, not nothingness.

Ye Chen's mind flashed countless thoughts and guessed Xia Xuansheng's identity.

Chapter 6470

Ye Chen Mou son a coagulate, capture carefully, from the body of Xia Xuan Sheng, also can't feel the breath of the slightest atmosphere luck.

However, Xia Xuansheng had an amazing adventure and realized a knife without thinking.

It's incredible.

There is only one explanation for this, that is, Xia Xuansheng is the descendant of the Yin Yang Temple. He may have been blessed by reincarnation in the Yin Yang Temple, so he got the chance to be astonished.

That is to say, he can understand the unimaginable sword, behind which is the blessing of Ye Chen's reincarnation!

Ye Chen looks at Xia Xuansheng quietly.

Leng MuQing, Liu Luyu, Liu Qiming and others listen to Ye Chen and Xia Xuansheng talk about swords, a sword without thinking, a sword without water. These concepts are too vast and grand for them to understand.

"You killed six beasts with a knife without thinking?"

Ye Chen looks at Xia Xuansheng's beast head and says.

Xia Xuansheng said with a smile, "that's right. I've hunted a lot of fragments of Shenwen. I should be the champion."

With that, Xia Xuansheng took out a storage bag and raised it in his hand.

The storage bag is bulging, obviously full of fragments of divine grain.

He hunted and killed six divine beasts, and the fragments of divine lines he harvested were naturally extremely abundant.

Ye Chen's heart sank. If Xia Xuansheng won the championship, he would have no chance with tianwu Wolong Sutra.

Liu Luyu, Leng MuQing, Liu Qiming and others all looked blazing at the storage bag in Xia Xuansheng's hand.

Liu Luyu is ready to move and wants to snatch, but she doesn't dare to do anything to kill Xia Xuansheng when she thinks of Xia Xuansheng's unthinkable knife.

Xia Xuansheng suddenly said, "young master ye, I want to make a deal with you."

Ye Chen heart move, way: "what trade?"

Xia Xuansheng said, "I'll trade half of the Shenwen fragments for you, so that you can win the championship. I'll take the second place, and I'll be able to enter the old alliance. How about that?"

Ye Chen only feels strange, way: "you want to trade half of the God grain fragment to me?"

He already has pieces of beimangxiao on hand. If he gets half of Xia Xuansheng's, he will definitely win the championship.

However, ye Chen does not understand why Xia Xuansheng wants to trade and give up the champion.

This is unbelievable. Does Xia Xuansheng even want tianwu Wolong Sutra?

Xia Xuansheng said with a smile, "that's right."

Ye Chen said: "what do I need to pay?"

Xia Xuansheng said, "a ring."

Ye Chen Leng Leng, way: "a ring?"

Xia Xuansheng nodded and said, "well, it's a very common ring. It's made of black iron. It's not a magic weapon. It's an old antique with great collection value. Mr. Ye, I know you have one in your hand. I want it. Give it to me and I'll give you half of the pieces."

Ye Chen head boom a shock, a blank, immediately thought of what.

He does have a black ring on hand, which is the second most important token of palm religion in the temple of yin and Yang.

If you hold this ring, you will be in charge of the sect. This is the rule set by Ye Chen in his previous life.

This ring was originally in the hands of the old fisherman, the God of heaven and man.

Before he died, he gave the ring back to Ye Chen.

"Is it this one?"

Ye Chen takes out the palm teaching ring and asks Xia Xuansheng.

"Yes! Young master ye, will you... Give it to me? "

Xia Xuansheng's tone was very excited and uneasy. He looked at Ye Chen with burning eyes.

Ye Chen a see his eyes, immediately understand all.

"Yes, he is really from the temple of yin and Yang. Now, if you ask me to take the ring of palm sect, he wants to be a palm sect. He must know my identity."

Ye Chen's thoughts turned. Xia Xuansheng had knelt down to the jade toad fairy before, and wanted to join the old alliance.

Ye Chen thought he was a traitor, but now it seems that there is something else.

After much thought, ye Chen finally gave the ring to Xia Xuansheng and said, "take it. I hope you don't let me down."

Xia Xuansheng has already understood the unimaginable sword. In terms of the sword technique, he can be regarded as the unique one in the world. If other people have no problem with their products, he is really qualified to be the second leader of the temple of yin and Yang.

Ye Chen gives the ring to him. After Xia Xuansheng gets the ring, his face is full of excitement and his knees tremble slightly. He seems to want to kneel down and salute, but he finally resists.

"Mr. Ye, of course I won't let you down."

"Keep your promise. Take this half of the fragments."

Xia Xuansheng opens the storage bag, takes out half of the Shenwen fragments and gives them to Ye Chen.

Ye Chen conveniently took over, a burst of excitement in the heart.

With so many fragments, he won the championship.

Leng MuQing, Liu Luyu, Liu Qiming and others are all shocked. They don't know the secret between Ye Chen and Xia Xuansheng.

They only feel that this is definitely not a simple trade. Half of the fragments of divine tattoos are enough to win the title of tianwu Wolong Sutra. Xia Xuansheng can trade so easily. This is absolutely a problem!

After thinking about it for a while, it suddenly dawned on them that they all had the same idea.

Yes, I think it's Xia Xuansheng. He's afraid to offend the devil ancestor Wutian because he's worried about ye Chen's identity, so he deliberately gives up the champion, which is modest.

Naturally, they couldn't guess the secret of the temple of yin and Yang.

"Lord of the tomb, who is this boy? I think he is so shallow that he has realized a knife without thinking. It's incredible."

Jiu you Xie Jun also looks at Xia Xuansheng, very surprised.

He is well aware of the power of the "unimaginable sword". In terms of weapon techniques, he is second only to the "sword of water".

Sword is the king of a hundred soldiers. Only Kendo can lead to the law of Wu Wu, which can't be calculated by common sense.

Ye Chen's sword is a strange number of heaven and earth, which does not exist in reality.

Want to display, is also extremely difficult, even let oneself destroy!

However, Xia Xuansheng's Sabre technique has reached the extreme of reality. A knife without thinking or thinking can split the reality, which is very powerful.

"He is a member of the Yin Yang Temple. He should be favored by my reincarnation. It seems that the fate of the Yin Yang Temple should not be lost."

Ye Chen explains to Jiuyou evil king.

In fact, the truth of the matter, ye Chen is not sure, but probably has guessed some.

The ultimate of this sword, the ultimate of reality, and the mystery of nothingness are all in the temple of yin and Yang. It can be seen that the temple of yin and Yang should not be doomed. This game of chess has the possibility of turning over!

Jiuyou evil king said happily: "it seems that reincarnation is lucky. This life is really going to rise. Tomb master, you have to save my real body."

Ye Chen nodded and said, "it's simple. When I get back to the earth, I'll solve xuanjiyue and break the ban. Master, you can save yourself. Everything is safe."
