

Physician 651

Chapter 651

"It may be doomed that the tomb owner accepted a trace of Lin Qingxuan's inheritance before he opened the reincarnation cemetery. To some extent, in addition to the way of killing, maybe the Tao of the Taixu medical God Lin Qingxuan is more suitable for the tomb owner. After all, he has taken this as the foundation of his cultivation for the past five years."

Then they looked at each other and disappeared.

Leave all the time for Lin Qingxuan and ye Chen.

Lin Qingxuan looked at Ye Chen with interest and continued: "do you know what happened to the door of medical God and qingxuanfeng?"

"Do they carry on my legacy? What is the current pattern of Kunlun? Does my medical profession surpass the peak

Between the words, Lin Qingxuan has incomparable pride and self-confidence.

At that time, Kunlun was deficient, including the doctrines of medicine, martial arts and killing Many thousands of doctrines, including medical and martial arts, dominate and crush everything.

If later generations carry forward his inheritance, it will be enough to win the title of Kunlun Xu!

Hearing Lin Qingxuan's words, ye Chen's expression was somewhat helpless, but he still said: "Kunlun's Xuwu road is respected, the medical God's door is almost down, and there are no more than ten disciples. As for the qingxuanfeng, there is almost no news in Kunlun Xu, and few people know about it."

"What!"

Lin Qingxuan's expression suddenly became stiff.

He thought about countless possibilities, but he didn't expect that medical ethics would not fall into this situation.

"You tell us about the situation in Kunlun and what happened."

Lin Qingxuan frowned.

Ye Chen nodded and said the current situation of Kunlun Xu and even the recent events of the medical God gate.

Even what he learned from the door of the God of medicine.

Lin Qingxuan's expression became more and more ugly.

He found that there was only the shape of the medical way, but there was no God of it.

His supreme inheritance, through the years, no one really inherits!

If there is no reincarnation graveyard, in another hundred years, the way of medicine will surely no longer exist!

It's a shame, it makes him angry!

"Master?"

Ye Chen sees that Lin Qingxuan has not spoken for a long time. He just wants to remind him that Lin Qingxuan is in front of Ye Chen, his hands are behind him, and his eyes are extremely hot!

"I only ask you one question. Are you willing to accept my supreme inheritance! Standing on the top of Kunlun, let Lin Qingxuan's three words ring through the world

How could ye Chen not want to? He quickly knelt down and said, "master, I am willing to!"

"Good!"

Lin Qingxuan did not have any nonsense, five fingers a grip, a golden gas suddenly formed!

"Disciple, because you are not high in cultivation and can't touch the core of medical doctrines, this spirit spirit spirit Qi should be a meeting gift."

"Spirit and spirit is the most important thing in medical ethics. Generally, only those who enter the Tao can gather together. Today, I will let you ascend to heaven step by step! With this thing, not only can strengthen your nine days xuanyang Jue, but also can let you in the medical Road, across thousands of miles! Refining medicine, coagulating pills and killing people are like God's help

"The only defect is your current cultivation. You can control the spirit and spirit spirit spirit for a minute before you. If you exceed this time, you are likely to die. Please remember!"

Language down, the spirit of the spirit is flying to the heart of Ye Chen's eyebrows.

What ye Chen just wants to say, Lin Qingxuan's arm swings, the whirlwind of the samsara cemetery, ye Chen returns to reality.

"Disciple, I have no other requirements. I hope you can go to qingxuanfeng and get my things back."

"Since this group of waste descendants can not carry forward my inheritance, then they are not qualified to control those things!"

Between the words, there is an invisible anger.

Ye Chengang wants to ask something, but he finds that Lin Qingxuan has disappeared.

He took a look at the old plaque of the door of the God of medicine, which was meaningful.

Since the old man went to qingxuanfeng with all the people of the medical God's gate, he would also like to go there.

Moreover, according to the map, qingxuanfeng and Xuemeng are just mountains separated.

There is no conflict.

"It's time to go. I don't know if Shen Shixi has arrived at wanjianzong."

.....

At the same time, the abandoned Zuixian building.

Almost a thousand people surrounded.

The breath of every one of them was extremely terrible.

They watched the collapse of Zuixian building, which was extremely complicated.

Ye Shitian has really come to Kunlun.

Silence.

Nightmares are coming.

Seven old people with strong breath near Zuixian building.

Any one of these seven old men can shake the whole Kunlun void!

They control the resources of Kunlun, they hold the supreme power! They are powerful enough to destroy everything!

One of them is the blood alliance leader sword blood sedimentation!

Jian Xueshen looks gloomy, and then his eyes fall on a middle-aged man.

"Are you sure it's ye Shitian? What's more, there is only one person who killed heaven? One person destroyed the Gao family and the Li family? Even the Zuixian building with ancient array has been destroyed? If I'm right, the Zuixian building is protected by Yibao Pavilion. "The middle-aged man knelt on the ground, feeling the powerful pressure of the bloody sword, shivering.

"Sword alliance leader, I really don't need to lie. Besides, I was not the only one watching at that time. There were 100 people! It is estimated that from tomorrow on, this matter will be thoroughly spread! If there is a lie, heaven strikes with thunder

"The Qin fanatic Qiu Dao even broke his arm under the pressure of Ye Shitian. Can such a shocking thing deceive you?"

Jian Xueshen hears the two words of Qiu Dao, and his eyes shrink.

This is the king of the strong ah, actually cut off his arm to survive?

So, did ye kill the sky step into the realm of returning to emptiness?

"Sword alliance leader, and Li Hu's lyyue Qin has been taken away by Ye Shitian."

"What! Has Li Yue's piano come out? Now in ye Shitian's hands? "

Another old man with terrible breath is short of breath!

This is an ancient treasure!

After the mystery disappeared a hundred years ago, there is no trace of Kunlun again!

And now it's a reappearance!

The old man grabbed the middle-aged man's clothes and said excitedly, "are you sure Li Yue's Qin is in the hand of Ye Shitian?"

The middle-aged man's expression was bright and dark, but he shook his head again: "adult, no No more. "

"Bang!"

As soon as the words fell, the middle-aged man was thrown out by the old man!

Body heavy hit on the ground, spit out a mouthful of blood on the spot.

"Nonsense! You just said that ye Shitian had taken away Li Yue's piano, but now you say it's not in Ye's hands! I think we are fools

The voice of the old man is so cold!

The middle-aged man felt that all the bones of his body were broken. He didn't care about everything. He swallowed a mouthful of blood and continued: "listen to me. The Iyyue zither was originally taken away by Ye Shitian, but he destroyed it in front of the public, and it was refined into a scabbard..."

The old man Mou son a cold, natural don't believe: "still want to cheat me! Look for death

The old man with the storm, a palm to chop down the middle-aged man's cover!

Chapter 652

Just at the moment when they were about to touch, a beautiful figure came out of the crowd, and a graceful and ethereal voice rang out: "he said the truth. I witnessed it with my own eyes. If you think I cheated you as a member of Yibao Pavilion, you might as well do it."

It was Ding yun'er who spoke.

The old man stopped and looked at the beautiful shadow.

Naturally, he knew Ding yun'er and took back his hand.

Ding yun'er came to Jian Xueshen and others and said, "with your abilities, it's not easy to distinguish the truth from the false? Why do we have to kill innocent people? "

"If I were you, I'd better consider my own situation. If you set up a hundred hunting orders, ye Shitian still appeared indifferent and even killed people in front of hundreds of people. I had to obey this manner.

But how do I feel this slap is like hitting you in the face? You must be in pain now, I think

Hearing Ding yun'er's words, the old man trembled with anger. Just as he was about to speak, Ding yun'er continued:

"don't be angry. What I'm talking about is the fact. Do you think one of you will be the next one to have an accident! If ye Shitian does not die, Kunlun Xu will never be at peace! "

At this moment, everyone calmed down.

The truth of the matter is beyond doubt.

Jian Xueshen looked at Ding yun'er and said, "our blood alliance and Yibao pavilion have something to do with each other. Besides, ye Shitian should be our common enemy. If you are here now, you should seek cooperation. Or, do you know the whereabouts of Ye Shitian

Ding yun'er shrugged and laughed: "on the contrary, I hope you will give up chasing ye Shitian, or even ask ye Shitian for peace. I have already got in touch with Yibao Pavilion. Yibao pavilion has stopped investigating ye Shitian's deeds in Kunlun Mountain of China. Now it's up to you."

His face turned black and he said in a cold voice, "give up? you must be dreaming! We have united a hundred schools to hunt down ye Shitian. If we give up, what will the world think of us? "

Ding yun'er knew it would be the result. She shook her head and walked outside.

You can't even feel the fear of killing the sky, even if the sword leaves the sky

"The unknown is what humans fear most. That leaf kills the sky is unknown. "

"I ask you, has it been so long since the incident of Kunlun Xu that you have investigated other information about ye Shitian? The forces behind it, clan, martial arts and others? Hehe, you don't. everyone in kunlunxu doesn't know the true identity of Ye Shitian. "

"This kind of existence without shadow and without trace is the beginning of Kunlun virtual nightmare."

"If we don't believe it, we'll see."

Ding yun'er disappeared, and a cold wind came, which made everyone's back cool!

Although Ding yun'er's words seem ridiculous, they are all facts!

Ye Shitian is like the God of death from hell. Wherever he goes, there is only death!

After the key things happen, they disappear completely!

As if it never appeared!

The old man looked at the blood alliance leader sword and said, "old sword, what should I do next?"

Jian Xueshen looked complicated. Finally, he gritted his teeth and said, "what else can we do! Look! I don't believe it. If I turn the whole Kunlun Mountain upside down, I can't find this leaf killing heaven

"What's more, didn't that guy say ye Shitian took Lixin? This is a clue. I don't believe it. How long can ye Shitian last? "

The old man nodded and said to the thousands of people behind him: "search for 50 Li! Contact us as soon as you find anything! "

"Yes

The cry resounded like thunder.

.....

At the same time, Kunlun Xu Ji family.

Three bells rang suddenly.

For Ji Jia, one bell means something to discuss, and two bells mean that everyone must dare to come as soon as possible.

As for the three bells, it is a matter of great importance.

Besides a gate of Ji family, there are dozens of Ji family members.

Everyone's face was full of worry.

Because just three hours ago, Ji's family leader was seriously injured and brought back, and his breath was almost gone!

It's full of stillness.

The Ji family sent the family's best doctor to check, but it has been three hours, and nothing has happened.

Ji Lin's small body paced back and forth, which was the first time that she felt worried.

Innocence is not here.

"My father will be ok Certainly not, my father is so strong, how could something happen? "

Ji Lin kept whispering.

All of a sudden, there was a strong wind.

The master of the figure is a woman.

The woman's face is crystal clear like jade, like lotus in the water, and snow in the flowers and trees, without expression, but with a high cold and ethereal.

Her figure is so graceful that many people can't bear to move their eyes away. "Miss Ji is back!"

Suddenly, someone exclaimed.

This sentence seems to represent hope.

The whole Ji family, only Ji Siqing can make everyone look forward to it.

Ji Siqing dropped his toes and looked at the closed door: "what happened? Why did my father have an accident?"

A Ji family housekeeper quickly stood up and arched his hands and said, "Miss, this is a long story. The master and the ten strong men of Ji family went to a secret place for ten days. On the tenth day, a body full of blood suddenly climbed out. I thought it was someone else, but after a careful look, it was the master!"

"All the other ten strong men of Ji family didn't come out. Something must have happened in the secret place! As for the specific things, only when the master wakes up can we know. "

Ji Siqing's cold eyes twinkled with cold light: "check it for me! No matter who is behind the secret place, within three days, I want to get all the relevant information. No one can move my relatives who are Ji Siqing! "

At this moment, Ji Siqing broke out with a terrible momentum.

Many strong people in Ji family only feel that their breath is choked.

Fortunately, the pressure soon disappeared.

Ji Lin took Ji Siqing's hand with tears in his eyes: "sister, do you think Father will have an accident?"

Ji Siqing bit his teeth, and his eyes softened a lot: "don't worry, I'm here, no one can take his father away."

Chapter 653

The door opens.

An old man with a medicine box on his back came out.

It's obviously the doctor the Ji family asked for.

Ji Siqing and Ji Lin quickly went up and asked seriously, "how are the people inside?"

The doctor saw Ji Siqing come back unexpectedly, the eye son shrinks, then kneels down directly!

"Miss, please punish me. The master is hurt too much, the spirit is almost broken, and the body is even more serious. Small medical skills are not good at all. You can only gather the master's body in front of you, but there is something wrong with the spirit. This is a great thing..."

Although Ji Siqing was angry in his heart, he still suppressed it. He took out a golden pill and handed it to the other party: "can this pill help you?"

This is the most precious Pill on her.

The doctor took a look at the golden elixir and could feel the extremely high grade! The fragrance of medicine is strong to the extreme!

This pill existed in ancient times!

But I didn't expect to be got by Miss!

In Kunlun, it is absolutely valuable.

But even so, the golden elixir has no effect on the master's condition!

"Miss, although the golden elixir is of adverse grade, it has no effect on the master's condition. As far as I know, there is only one pill that can be used."

"What?"

"Taigu Xushi Dan, but also must be a complete Taigu Xushi Dan. Taigu Xushi Dan has miraculous effect on spirits. Unfortunately, the pill has disappeared between heaven and earth.

Recently, this pill appeared in an auction in Kunlun Mountain of China. It is said that it was sold by a man named ye Shitian. However, the pill taken away is a waste pill, and it has no effect against the heaven of archaic Xushi Dan. "

Hearing the name of Ye Shitian, Ji Siqing has a strange expression.

Because the name appears in his ears almost every day.

Many people have to kill the gods around them!

Although she was curious about ye Shitian, she didn't think much about it.

Now I didn't expect that the safety of my father was actually linked to this mysterious man.

Ji Siqing no longer hesitates, and directly enters the room with Ji Lin. when he sees the vitality of the man on the hospital bed almost dissipates, his look becomes more and more ugly.

Ji Siqing's point is on the eyebrow of the comatose middle-aged man.

The inner source of the elixir field continuously poured into it.

But it doesn't work at all!

Even a force of reverse attack, Ji Siqing spits out a mouthful of blood.

The doctor quickly advised: "Miss, it's no use. The only thing I can do is to temporarily block all the vitality of the master and prevent it from dissipating. However, this is not a long-term plan. If there is no Taigu Xushi pill or an expert, the master will not last for a hundred days."

Ji Siqing clenched her fist, and she practiced to the highest level. She didn't care too much about her family relationship.

Even the relationship with my father was average.

But blood is thicker than water.

More than anyone else, she wanted her father to have an accident.

Her eyes fell on the doctor again, and her voice dropped slowly: "since you say that Taigu Xushi pill is useful for father's condition, I will send someone to find ye Shitian. Unfortunately, I heard that ye Shitian is extremely mysterious and has come and gone without a trace. I can't bet my father's fate on a stranger.

Does that mean that someone else can save my father? "

Ji Siqing knows that the strength of the doctor in front of him can be called a miracle doctor. His medical skills can be regarded as the top level in Kunlun, otherwise he would not be brought by Ji family.

Now that the other party can't do it, most of the doctors in Kunlun Xu can't save their father. Only by looking for a more top-notch medical skill can father have a chance of life!

The doctor nodded his head and said excitedly, "Miss, I know that there are two places where there are experts in medical skills in Kunlun Xu. Their methods are unpredictable. Maybe they can help the master! One is the declining medical God sect. The master's medical skills must be above me. If he does, he will have vitality. The other is qingxuanfeng. The descendants of Lin Qingxuan, the ancestor of Kunlun's deficiency medicine, are on the top of qingxuanfeng. Although he has been silent for thousands of years, I don't know how his descendants' medical skills are, but these three words represent everything possible! "

Hearing the doctor's words, Ji Siqing and Ji Lin have strange expressions.

A figure appeared in their minds.

Very familiar.

"You go down first. I'll take care of it."

Ji Siqing ordered.

"Yes."

After the doctor left, Ji Lin couldn't help but say, "elder sister, the doctor's gate that the guy said is not the ancestral gate of Ye Chen's boy..."

Ji Si gave Ji Lin a clean look and blamed him: "he is older than you. You should not say so. Be polite."

Ji Lin spat out his tongue: "sister, I know, that We have a good relationship with the medical God gate. We can go directly to the master of Ye Chen and ask him to do something. Yes, I will go to the medical God gate. "

Ji Siqing held out his hand to stop Ji Lin, shook his head and said, "it's too late. A few months ago, I went to the door of medical God, where all the people were gone. I sent someone to investigate and found that the door of medical God seemed to be mysteriously missing because of avoiding some forces" Now the only chance is qingxuanfeng."

Ji Lin lost her heart. Suddenly, she thought of something: "elder sister, ye Chen is not a member of the medical God gate. Since the door of medical God has disappeared, I'll go to Huaxia to find Ye Chen's boy. He has been in the medical God's gate for five years. His medical skills should be good. Maybe he can save his father!"

Ji Siqing took a look at the comatose middle-aged man in the hospital bed and sighed: "it's no use. In the past five years, ye Chen is bent on revenge. He has been immersed in medical ethics for a short time. His medical skills are enough to win over everything in China, but he is really not enough to see in Kunlun Xu."

"Even if you find Ye Chen, it's no use."

Ji Lin's eyes were helpless: "sister, what should we do..."

Ji Siqing pondered for a few seconds, and suddenly said, "you and I will act separately. I'll try to find ye Shitian. The other party takes the incomplete Taigu Xushi pill. There must be a reason. Maybe he can master the complete Taigu Xushi pill."

"And you, I order you to go to qingxuanfeng. No matter what price you pay, you will ask Lin Qingxuan's descendants to go down the mountain!"

"Between you and me, one must succeed!"

Knowing the seriousness of the matter, Ji Lin nodded fiercely: "sister, don't worry. Even if Lin Qingxuan's descendants don't want to go down the mountain, I'll tie them up too!"

Ji Siqing handed the golden elixir to Ji Lin: "although this pill is useless for his father's illness, it must be that Lin Qingxuan's descendants are absolutely regarded as treasure. If it's really not possible, you can give it to them! What's more, when you're outside, be careful. If you have anything, please contact me!"

Before she finished speaking, Ji Lin disappeared.

I don't know when I can shake my head

"Ye Chen, if you had focused on medical skills in those five years, it would have been great. Unfortunately, there is no such thing as 'if.'"

.....

Chapter 654

"Achoo."

At the moment, Ye Chen, who is on his way, touched his nose and said in doubt, "who said me behind my back?"

Naturally, he did not know that Ji Siqing and Ji Lin would mention themselves.

He used to want to see them, but now something happened to both the doctor's door and his father, so he couldn't sit back and ignore them.

When everything is done, he will naturally go to see them and pay back the kindness of those five years.

The sky gradually dark down, unconsciously, the time of the day has passed.

Because there is some distance between qingxuanfeng and the medical God gate, one day's time can't catch up.

It is estimated that according to the current schedule, we will arrive at least tomorrow afternoon.

Helpless, ye Chen can only try to find a nearby hotel or inn.

Unfortunately, he noticed that there was no one around, not to mention hotels and inns. Even ordinary houses could not be seen.

However, he regretted that Xue Fenghua and Shen Shixi left early.

Otherwise, with their understanding of Kunlun Xu, there is no problem in finding a place to live.

Ye Chen lived in Kunlun Xu for five years, but in these five years, he devoted himself to cultivation and revenge, and did not go to many places.

For the immediate place, it is extremely strange.

"Forget it, just find a place to rest for the night."

Ye Chen shakes his head helplessly. There are some spirit stones in his hand. He intends to form an array of these spirit stones.

There are many virtual monsters and beasts in Kunlun. There is no array protection. It is extremely dangerous in the wilderness.

After a while, ye Chen's array suddenly formed, and countless auras swept in.

It's not a big array, but you can tell Ye Chen at least in time of danger.

Of course, this is also a big shield array, ordinary people want to find themselves very difficult.

Ye Chen sat cross legged and directly entered the state of cultivation.

Lin Qingxuan gave him the real nine day xuanyang Jue. He hasn't tried to run it yet. Now it's time to try.

After more than ten minutes, he could clearly feel that every time the nine days xuanyang Jue was operated, the true Qi of the elixir field seemed to be refined by a force, and the true Qi became extremely pure.

At the same time, the spirit Qi in the body seems to be affected and covers the whole body.

He even found that his body seemed to be a little stronger.

"Is this exercise? The real nine days xuanyang Jue combined with the spirit and spirit Qi has the effect of refining body

Ye Chen is very happy in his heart and keeps running nine days of xuanyang Jue. His body is full of crackling sound.

If Lin Qingxuan had not been silent in the samsara cemetery, he would have asked everything.

When ye Chen was concentrating on practice, the sound of footsteps came suddenly.

"Well, people have come to this place where birds don't poop?"

Not long, ye Chen is to see a man and a woman appeared in the line of sight.

However, ye Chen is in the jungle, and there are more arrays to cover the breath. They are not aware of it.

Their breath was so weak that they gasped heavily in their mouths.

They should have been hurt.

One of the men's chest is the emergence of a large blood sparkling hole, continuous blood seepage, the situation is worrying.

As for another woman, when ye Chen saw each other's face, it was a bit of an accident.

Pure face, eyebrows, long eyelashes tremble slightly, white skin shows a light pink, thin lips such as rose petals delicate to drop.

I'm wearing a white sportswear.

Under the foot is a pair of Adidas small white shoes.

Although it is a sports style, it will set off the body incisively and vividly, front convex back warping, can be called perfect.

Ye Chen's surprise is not the other side's appearance, but this dress.

Obviously from China!

Although there are some people with Kunlun deficiency who don't wear much different from Chinese people, after all, many Kunlun virtual strong people can freely enter and leave China and Kunlun Xu.

But there are some subtle differences in the overall dressing style.

The girl in front of him dressed up a few days ago in Jiangnan province to see, are new.

He is sure that the other party is definitely from China!

As for why he was here, he didn't know.

At this moment, ye Chen has a feeling of seeing a foreign country. However, it is a private matter of others. He does not intend to disturb him. He closes his eyes and continues to practice.

In the distance, the girl looked at the injured man and said, "you've been hurt so badly, you can't support it for long. We can't run down any more. It's too late for us to run down. The group of people will come soon. It's better to hand that thing out, at least to save one's life."

The man shook his head: "Miss, you have been in China, do not understand the rules of Kunlun Xu. Even if those people get things, they will not let us go and kill people. It is common here. If you are lucky enough to survive this time, you will go back to China from kunlunxu. Although Huaxia is thin, it is safer than here." "What's more, when you get to Huaxia, you should go to see Mr. Ye at the first time."

"What do you mean?"

The girl's eyes are watery. She has a premonition of something. She just wanted to grab the man's arm, but she found it was too late.

The man sacrificed a long sword in one direction.

There is no doubt that it is moths to the fire.

Before disappearing, he even dropped a sentence: "Miss, I can't protect you any more. I can only try my best to hold back those people. What you have to do is try to find ways to return to China!"

The girl bit her teeth, no longer hesitated, and rushed to another direction.

But before she took a few steps, she found several figures in the dark.

Her face changed greatly, and she wanted to go in the opposite direction, only to find people coming from all directions!

It's still late!

"Bang!"

A loud noise suddenly fell.

The next second, the disappeared man is mercilessly hit on the ground.

Unfortunately, this time it was no longer a living person, but a corpse.

When the girl saw this scene, her face turned white. She had no idea that this group of people would catch up so quickly.

She subconsciously stepped back and leaned against a tree.

There is no escape.

And in the dark, an old man in black came out, his cold eyes swept at the girl, then stretched out his hand and said faintly, "hand over the things, maybe you will have a good way to die."

Chapter 655

The girl shook her head like a rattle: "I I don't know what you're talking about... "

The old man in black sneered and stepped out of the room. He appeared in front of the girl.

Then, a cold sword fell on the girl's neck.

Yin Han's voice sounded: "some words, I don't want to say the second time. What do you think your cultivation can protect?"

"Just Chinese people, dare to step into Kunlun Xu, it's just looking for death!"

"However, you have a good figure and face. If you listen to me, I can consider that you can enjoy yourself for a few days before you leave. My brothers are good at that respect and promise to make you want to die."

The words fall, the group of people behind the old man in black burst out laughing.

The foul language is constantly ringing.

The girl was covered with fear, helpless to the extreme.

She knew she had no way out.

The next second, a rune appeared in his hand, forcing out a drop of blood essence. Just as he was about to activate the rune, the old man in black waved his arm and a blade of wind swept over him!

The rune is directly powdered.

"This kind of rubbish dares to be disgraced in front of me. I gave you a chance. Since you don't cherish it, I will torture you myself!"

"Don't say it's you. Even if ye Chen, the first animal in China, is in front of me, he will surely die!"

The black robed old man stepped out step by step, and his fingers were full of rage and fell down!

Seeing that he was about to touch a girl, he looked crazy to the extreme.

And the girl can only be at the mercy of the other side, she wants to resist, but found no qualification at all, as if there is an invisible pressure bound her.

It's a terrible feeling.

At this critical moment, a magnetic sound suddenly sounded.

"I didn't want to meddle in my business, but I didn't seem to offend you because of your business, why did you involve me?"

The appearance of the voice made everyone on the scene scared.

Even the girl's eyes were wide.

The voice is very familiar, but can not say.

She clearly felt a shadow flash by!

Then, she actually stood in front of a tall and straight youth.

It's Ye Chen!

Ye Chen can see at a glance that the cultivation of these people is much weaker than he imagined.

The only strong one is the old man in black robe. Unfortunately, his realm is only in the early stage of entering the holy land.

And this realm or complete pill pile out, extremely empty!

In his eyes, it is no different from the transcendental realm, and it is not enough to see.

Ye Chen didn't even plan to move the sword.

Seeing the other party snatch, ye Chen's legs are exerting force. In the thunder like footstep sound, a simple fist blows out!

Boom!

In the moment of that blow out, faintly, can be heard, ye Chen body, muscles and bones together, issued a crackling sound!

This is the effect of body training just now!

Use this group of people today, try to test the power of the body!

Fists roar like tigers roaring in the sky!

The whole body's strength erupts suddenly, this moment's Ye Chen, is full of the violent breath!

In this terrible momentum, countless trees shake!

Visible power!

"Click!" A sound, a clear sound resounding!

The old man in black can't bear it any more. A mouthful of blood spurts out! The whole person is flying backwards!

Smashed and broken on a huge stone.

Boulders smashed on the spot!

"Hiss..."

This sudden change blinded everyone.

The point is, they don't know where the man came from!

The black robed old man climbed out of the ground, and the blood in his mouth kept spitting out. He stared at Ye Chen and said angrily, "who are you! You are a body builder! Do you know what it means to offend our heartbroken gate! "

Ye Chen heard the broken soul door, his expression became rich.

When there was an accident in the dragon vein of Qinling Mountain in China, he seems to have killed an elder of duanhunmen in the place of dragon vein.

It's really haunting!

"Boy, can't you hear what I ask you?" The old man in Black said angrily again.

"Who am I? Didn't you mention my name just now

Language down, the girl behind Ye Chen is the first to react. He stares at Ye Chen and exclaims: "Mr. Ye, it's really you!"

The girl was so excited!

If you want to say that China's only strong opponent of the Kunlun xuzong gate, it is Ye Chen!

He never thought that ye Chen, the first person in China, was really coming to Kunlun!

The black robed old man should know that the youth in front of him is Ye Chen. His eyes shrunk, and he hurriedly said to the strong man of the broken soul door behind him: "hurry up and take this boy. Otherwise, the consequences will be unimaginable!" "Yes, my Lord!"

The next second, dozens of figures toward Ye Chen swept away!

Speed to the limit!

Ye Chen looked at the crowd and shook his head helplessly. There was a broken Yang Sword in his hand. He didn't hesitate any more and chopped it out with one sword!

Whoa!

Nine days Xuan Yang Jue operation, spirit spirit into the broken Yang Sword.

He didn't use any real Qi of Dantian, he wanted to try the power of spirit spirit Qi!

His biggest weakness now is that when facing the top strong, the elixir field will be exhausted!

If there is no real Qi at the critical moment, the consequences will be unimaginable!

So he wanted to try how powerful the spirit spirit was!

The sword vibrates and the evil spirit spreads.

For a time, a hundred meters round, dazzling light, the whole world, turned into blood.

A little bit of sword spirit, like snowflakes falling, covering the sky and the earth.

In the bloody light of the sky, the endless sword spirit seems to wrap the whole world, and countless swords suddenly gush out and devour those strong people of the broken soul gate!

The next second, countless bodies burst open!

Into a blood mist!

Soon, only the old man in black was left around!

Black robed old man's face changed greatly, subconsciously wanted to run, but ye Chen sneered, and then, he kicked a long sword that fell to the ground.

The air wave concussion, the sword penetrates!

Straight through the old man's body!

He died on the spot, and the whole army was destroyed!

Ye Chen clapped her hands and just planned to return to the original array to continue to rest, but she did not expect that the girl knelt directly in front of Ye Chen.

"Mr. Ye, please accept the poem rain."

Ye Chen Mou son is indifferent: "you make clear, I am not to save you just to move, Kunlun Xu is very complex, you hurry back to Huaxia."

Finish saying, ye Chen then closed eyes.

Dong Shiyu didn't get up and said, "Mr. Ye, you don't know. This time I entered Kunlun Xu with Bai Lixiong. He talked about you many times! Let me give you a message. "

Hearing Bai Li Xiong's name, ye Chen's eyes suddenly open!

He didn't expect to hear Bai Lixiong's whereabouts so soon!

Bai Lixiong entered Kunlun Xu a few days ahead of time just to ask his wife, who had disappeared for many years, for an answer.

The key is so long, with the strength of hundred Li Xiong, how difficult it is to find a wife here!

Ye Chen quickly reached out his hand and grabbed Dong Shiyu's hand and asked, "I only ask you once, where is Bai Li Xiong now?"

Chapter 656

Dong Shiyu obviously didn't expect Ye Chen to be so excited.

She looked at Ye Chen, holding his hand and blushing.

"Mr. Ye..."

Ye Chen this just reacts to come over, loosen hand: "since you and Bai Li Xiong enter together, can know his whereabouts now."

Dong Shiyu nodded, his eyes quite complicated: "Mr. Ye, please follow me."

"Good."

Dong Shiyu took Ye Chen and walked about ten kilometers to the north.

To Ye Chen's surprise, ten kilometers away, it is extremely prosperous.

There are not only ancient buildings, but also modern buildings.

The degree of prosperity is comparable to that of the capital.

"Mr. Ye, this is Mingyang town in kunlunxu, which is the largest town nearby. I live here these days."

"As for general Baili, he has always been in a restaurant nearby."

Ye Chen frowned. Shouldn't Bai Li Xiong go to the ancestral gate to find his wife? How can he stay here all the time?

"What is he doing here these days?"

Dong Shiyu sighed with a long sigh: "drinking, the general of Baili has been drinking wine these days. I have tried to persuade him many times, but it is useless. Only Mr. Ye can talk about it."

Between the words, they stepped into the restaurant.

In the corner of the restaurant, ye Chen is to see a man with an inch head and a beard on his face.

He recognized this man as Bai Li Xiong at a glance.

It's just that Bai Li Xiong now is quite different from what he saw a few days ago.

Without the momentum of a general! Instead, it's like a decadent tramp!

Holding a pot of wine, looking out of the window, I don't know what I'm thinking.

"Mr. Ye General Baili has a bad temper these days. You'd better pay attention to it... "

Dong Shiyu reminds her that she nearly got seriously injured after persuading Bai Lixiong last time.

After all, the strength of bailixiong is one of the top people in China.

Ye Chen did not answer, but came to Bai Li Xiong's side to sit down, then five fingers a grip, directly seized the wine pot.

One mouthful of wine.

This is Kunlun famous liquor.

Seeing that his hands were empty, Bai Lixiong felt an invisible anger: "this is my wine, why do you..."

The sound stopped suddenly.

When he saw Ye Chen, he stood up and became sober.

"Mr. Ye!"

Bai Li Xiong just wants to kneel down, but ye Chen condenses a force all over his body and presses Bai Li Xiong back to his position.

"Sit down."

Bai Lixiong looked serious and sat upright. He was even more excited and said, "Mr. Ye, when did you enter Kunlun Xu? I knew you would come. I would take a bath."

Ye Chen took a look at Bai Li Xiong and said, "when I was in Jiangnan Province, I asked you to come in with me. You must go ahead of time and say what happened."

"I remember your motto, but you're not worthy of it if you give up your life for your country and never regret your death."

hundred Li male face is red, sighed: "Ye, I was regarded as the peak of martial arts in China, but after entering, I found myself very small, and the strength not worth a hair here. Here, no one knows my identity in China. There is no iron and blood camp here, I am nothing. "

"After leaving Huaxia, I found that all the things I pursued disappeared."

"Sometimes I even think, I abandon everything into Kunlun Xu, just for a woman's answer, is it worth it?"

Ye Chen naturally understands Bai Lixiong's idea.

In China, bailixiong is the grand general of the iron and blood camp!

Under one person, above ten thousand people!

He is used to this identity!

When he entered Kunlun Xu, everything disappeared.

No comrades in arms, no relatives.

Even strength is nothing here.

In the heart of the sense of difference into anyone will be like this.

"Did you see your wife?" Ye Chen suddenly said.

He knows bailixiong. This sense of falling is not likely to crush such a person. The only thing that can bring him down is the wife he is looking for.

Bailixiong looked out of the window and just wanted to pick up the wine, his hand hanging in the air still stopped: "Mr. Ye, I didn't see it. I didn't even have the qualification to enter her ancestral gate."

"On the first day of entering Kunlun Xu, I was on my way day and night, just for that answer. Ironically, I didn't even have the qualification to meet. Outside her family, I was forced out."

"I didn't think that Bai Lixiong, a great general of China, would end up in such a field!"

Ye Chen swept a glance at Bai Li Xiong's body, can clearly find several internal injuries, not yet cured.

Even the other hand has been shrinking in the sleeve, a trace of dead air spread. Ye Chen Mou son a congealing, quickly seized Bai Li Xiong's left hand, directly pulled the sleeve up!

"Mr. Ye, I'm fine!"

Open the sleeves.

Everything is clear.

Bailixiong's left arm is almost necrotic, the whole arm is black!

If not handled in time, the arm injury is more likely to spread all over the body!

"It's OK! You still want to cheat me

Ye Chen took out a pill and forced it into Bai Li Xiong's hand.

"Take it now!"

"I didn't do it for you, but for bailibeng! You may think your life is nothing, but have you considered Baili ice? "

Bai Li Xiong heard Bai Li Xiong's name, and his eyes showed a trace of warmth.

He no longer hesitated, took the pill, a faint breath of instant swam away the whole body.

At the same time, ye Chen took out dozens of silver needles.

Each silver needle carries the true Qi of Ye Chen.

"Whoosh, whoosh!"

The silver needles shot out, almost instantly, Bai Lixiong's left hand was full of silver needles.

Ye Chen pinches his fingers and displays an array on the silver needle!

The silver needles trembled violently, and the black of Bai Li Xiong's arm gradually dissipated, and finally returned to normal.

Ten minutes later, ye Chen exhaled, pulled out the silver needle, and said, "within three days, your left hand can't be used. I'll give you some medicine and apply it once in the morning and evening. Don't leave it out. Do you understand me?"

In China, Bai Li Xiong helped Ye Chen many times, and ye Chen always remembered.

And Bai Li Xiong's behavior, ye Chen is very appreciative, of course, it is impossible for him to die.

Bailixiong felt a sense of coolness coming from his left arm. His eyes were dignified to the extreme: "Mr. Ye, your kindness is my bailixiong --"

before he finished his words, he was interrupted by Ye Chen: "don't talk about this nonsense. Is the wound on your hand caused by that clan? Or your wife's hand? "

Bai Lixiong shook his head: "Mr. Ye, this matter has nothing to do with Wanning. Naturally, she won't hurt me..."

"That is to say, this is the hand of the man who lived in the gate?"

Chapter 657

Ye Chen's face cooled down, the means of that group of people is also too rubbish.

Destroy the arm, is to suppress the dead air in the arm, let the dead gas slowly devour the whole body.

This method of torture is extremely vicious!

At any rate, that clan was famous in Kunlun. Who could not be angry with this kind of means to deal with a great general of China.

"Bai Li Xiong, I ask you a question. If I can let you see Mu Wanning, are you sure she won't exclude you?"

Bai Lixiong quickly shook his head: "Mr. Ye, it's impossible! I understand Wanning's character. She came out of Kunlun and stayed with me for more than 20 years. Even if she left later, she was helpless. If she saw me, even if she didn't go back with me, she would give me an answer. "

Ye Chen stood up, light way: "in this case, then you go with me."

Bai Li Xiong hears this sentence, Mou son some panic.

He knows Ye Chen's character, which is the master of his temper.

Although Ye Chen suppressed dozens of Kunlun virtual strongmen at the Jiangnan International Airport, Mu Wanning's ancestral clan was not ordinary.

He felt the fear of those people!

"Mr. Ye, this matter is not urgent. We can take a long-term view..."

Ye Chen shook his head and went directly to the outside: "you have time to think long-term, I don't have it."

"In an hour, I'll go to qingxuanfeng. I'll help you once more for our friendship. Only once. "

Bai Li Xiong knows that ye Chen's mind has been decided, and he still follows.

He has no influence in Kunlun.

The only way to rely on is probably Ye Chen.

If ye Chen doesn't help him, when can he see Mu Wanning?

.....

Mu Wanning's ancestral gate, ye Chen naturally knows.

North Xuanzong.

The northern Xuanzong can only be said to be general among the many sects of Kunlun Xu.

It's ridiculous to say that ye Chen has some connections with the northern Xuanzong.

At that time, the old man took Ye Chen to learn from hundreds of Xuwu Taoist schools in Kunlun, hoping that one of them would accept Ye Chen as his disciple.

After all, the God of medicine focuses on medical ethics, and the old man knows that ye Chen's killing heart is extremely heavy, and he is bent on revenge for his parents. Martial arts is definitely the best choice.

Five years ago, the first place the old man entered with Ye Chen was beixuanzong.

At that time, the old man did not hesitate to lower his posture, and even let the elder of North Xuanzong accept Ye Chen with his personal affection.

Even if it's a layman.

It's really not good, so can the handyman.

But unexpectedly, when the elder of the northern Xuanzong detected that ye Chen was a fan root, he refused directly.

He even took many disciples of the sect to sneer.

Those people ridicule themselves, ye Chen also recognized.

After all, some things depend on the talent. He has no talent, no need to practice!

But the elder was even the old man.

Every word is enough to kill the heart!

Even now, ye Chen's ear still rings frequently!

"It's estimated that only your medical God will accept this kind of waste. He is not worthy of our northern Xuanzong!"

"If we accept this kind of waste, it will be a shame!"

"Sometimes, Kunlun Xu is such a reality. As the leader of the medical God sect, you actually come to our North Xuanzong to accept your disciples. It can be seen that your medical God sect has not fallen to any extent!"

"Go away, you two are not welcome here. If one day you return to the peak of ancient times, maybe I will apologize to you

Ye Chen even clearly remember how pale the old man's face was!

At that time, the old man just patted Ye Chen on the shoulder and said with a smile: "Ye Chen, remember the master's words. If beixuanzong doesn't accept you, it will be their lifelong loss. When I saved you from Dongqian Lake, I saw your great potential."

"Even if all the people in the world don't believe you, I will always believe in you. Well, let's go. Let's go to the next door. "

It is such words that let Ye Chen forge ahead step by step!

This time I came to beixuanzong, not only for the sake of bailixiong, but also for myself.

For the anger that hasn't been swallowed.

Between thoughts, ye Chen and Bai Li Xiong have come to the gate of North Xuanzong.

Zongmen's momentum is magnificent, and a great array of protecting Zong stands in the world.

There is a long golden sword hanging above the door!

The sword is like a pair of eyes, staring at everyone close to the clan!

Not only that, but also at the gate of North Xuanzong, there are eight northern Xuanzong disciples with terrible breath.

Almost every one is extraordinary!

For ordinary people, it is enough to frighten, but for ye Chen, it is not too strong.

Bai Lixiong took a look at the eight people and said to Ye Chen, "Mr. Ye, I have learned a little about the northern Xuanzong these days. He is one of the strongest sects in the neighborhood. If you offend him, the consequences will be unimaginable..." Ye Chen looked at the eight people and asked, "who abandoned your hand that day? Or is it all? "

Bailixiong just wanted to talk, the disciple of the northern Xuanzong naturally recognized Bai Lixiong!

Eight people cold hum a, step out, is to come to Ye Chen and Bai Li Xiong in front of.

Their eyes were fixed on Bai Li Xiong. One of the men with a beard said angrily, "you dare to come. You thought you were dead, but you didn't expect to survive."

The man with a beard glanced at Bai Li Xiong's left arm. He was shocked to find that his breath had disappeared!

Is it cured?

How could it be?

The man with beard fell on Ye Chen's body again, and he naturally felt Ye Chen's cultivation.

It's a little bit better than bailixiong.

It seems that this boy is bailixiong's helper!

Of course, it's just a Wonderland!

In his eyes, it's no different from mole ants.

The man with beard looked at Bai Li Xiong with interest and said, "Oh, I don't know what kind of general you are, what kind of rubbish are you invited?"

Hearing this, Bai Lixiong's face changed greatly. He quickly and angrily cried, "don't insult Mr. Ye!"

At this moment, he even surged with a cold killing machine.

"Mr. Ye?" The bearded man burst into laughter. "What age is it? I still call Mr. Ye. It seems that the lesson of last time has not let you remember it. In this case, I will give up your two hands today!"

Language down, the man with whiskers appeared in front of hundred Li Xiong, a crazy hand swept over!

The whole body kills the machine, covers the ground all over the sky, the terror is incomparable.

The sight is about to touch the hundred Li Xiong, a shadow flashed by.

Ye Chen blocks in front of Bai Li Xiong.

Five fingers open, like lightning, too fast!

Hold the other person's wrist directly.

The violent breath seemed to be trapped by an invisible force!

Disappear in an instant!

The man with a beard was stunned. He had no idea that the young man could stop him.

He wanted to break free, but he found that his strength disappeared from the youth!

He can't even move!

Chapter 658

The beard found that he could not even gather the true Qi of the elixir field.

His pupil expands ceaselessly, look at Ye Chen with fright, ferocious way: "you quickly let go! This is the northern Xuanzong! "

Ye Chen didn't pay attention to it, and did not intend to let go. He said faintly: "my friend's arm is dead, but your moving hand?"

Words are very light, but there is no temperature!

At the same time, a threat of death spread.

I don't know why the man with beard is shaking!

His clothes were all wet.

To know ye Chen's murderous spirit is based on the fact that we don't know how many bodies of Kunlun's virtual strongmen are!

He doesn't have to be afraid of entering the holy land. What are these extraordinary places?

He had no idea that all this came from a boy in a Wonderland!

"I, I, I Boy, let go

The bearded man blushed and suddenly growled!

"It seems that it's you. Since you like destroying people's arms so much, I'll let you have a taste of it today."

Ye Chen's words fall slowly.

Then, between the five fingers, the true Qi crazily condenses!

All of a sudden!

"Click, click, click!"

The next second, the beard man's wrist directly broke!

"Ah

The man with beard called out crazily.

"What's it called, but it's just the beginning."

Ye Chen sneers, and then step out, along the other side's arm directly pushed out!

Five fingers together, hard and hard with each other's shoulder collision!

"Poof!" The sound of blood burst out!

An arm is directly torn apart!

Who can bear the power of Chen ye now!

But this is far from over, in the other party's roar, ye Chen is a claw buckle in the other side's shoulder, just like an eagle hitting the sky!

"Poof!" Twice, the man's remaining arm was broken!

The whole northern Xuanzong immediately rippled out a miserable cry.

"You are too noisy!"

Ye Chen points out, the finger is like a sharp sword, sweeping toward the front.

Ding!

But in an instant, a crisp crash came.

Boom!

The roar of terror exploded.

"Puff!"

The finger is a sword. The shadow of the sword is torn away, and it collides fiercely on the body of the man with beard. His body flies out on the spot, and even hits the stone lion at the door.

The bones of the whole body were smashed.

A man with a beard can only spit blood with a big mouth, and even has no right to speak.

This scene happened so fast that the remaining seven couldn't react at all.

Obviously, someone is making trouble in North Xuanzong!

What's more, the troublemaker is a Wonderland!

"Bold, dare to hurt my disciples in front of the North Xuanzong!"

Seven people react, the next second, sword sacrifice!

At the same time, seven fingers pinched, and a rune fell on the sword.

There are two characters of beixuan written on the seal!

At the same time, when the seven wrists tremble, the seven swords will shoot out and collide in the air, which will condense the virtual shadow of a seven color sword, which seems to appear in the sky, turn into a flying rainbow and shoot towards Ye Chen.

The shadow of this sharp sword sends out the voice of a ghost, and it sounds like the sound of killing!

Shooting speed, fast to the extreme!

Such as tearing the space, bringing a deep and sharp voice, such as the sickle of death, with the breath of death of judgment.

With this sharp sword shot out, it was only for a moment that the whole world seemed to solidify. Outside the northern Xuanzong, it seemed that they were all frozen down.

I feel like I'm stuck in the mire.

Seeing that the sword is about to shoot at Ye Chen, ye Chen is directly facing the sword.

Seeing this scene, the expression on the seven faces became strange, and the boy even died!

You should know that the combination of this attack and the array can't be stopped by the strong in general, let alone Ye Chen's mind wandering state.

They also see the companion inexplicably injured, otherwise they would not be so serious!

When the sword is about to penetrate Ye Chen's body, ye Chen's life talisman is directly sacrificed!

The absorbed thunderbolt burst out!

A purple lightning sword is formed in an instant!

Even gradually materialized!

The prestige alone is far more than the sharp sword of the seven northern Xuanzong!

Thunder and lightning sword crazy dash away! With the power to destroy the withered!

"The sword is full of thunder and lightning! How can it be! "

"How can this power be condensed in the mind wandering state?"

Seeing the light of the sword, everything seemed to solidify. The seven people of North Xuanzong were stunned. It's a powerful sword spirit and a very aggressive sword technique.

That's what this kid depends on?

"Bang!"

Two powerful air waves collide!

The power of thunder and lightning almost crush!

The sharp swords of the seven northern Xuanzong disappeared completely.

The whole body of the seven people was covered by thunder and lightning, and their whole bodies were black, and they all hit the ground one after another.

A burning smell spread.

"No, please inform the inner martial brother!"

"It's too late to inform elder Zhou directly that the master is not here. Today, the mayor is sitting in town."

The next second, one of them shot a drop of blood essence on the gate. In an instant, the whole northern Xuanzong rang out one after another!

It's like thunder.

"Mr. Ye, it's a big deal. We can go now." Bai Lixiong looks serious.

He doesn't want Ye Chen to have an accident because of him!

"Mr. Ye, listen to me. Your kindness will be remembered for a lifetime. But it's not worth it for me to offend the northern Xuanzong."

Ye Chen took a look at Bai Li Xiong and said, "I came to the North Xuanzong not only for you, but also for myself. I just don't know if the elder is still in the North Xuanzong."

Bai Li Xiong was stunned. He didn't understand Ye Chen's meaning, but he found dozens of disciples coming out of the North Xuanzong!

The strength of these disciples varies from one to the other. They are in the state of mind wandering, transcendent and even many entering the holy land.

Each disciple stood with a sword, protecting the injured eight people. His eyes were full of a sense of killing, staring at Ye Chen and Bai Li Xiong!

"Who are you? How dare you come to the North Xuanzong to be wild?"

Dozens of people roared, and a black tiger shadow appeared on the top of his head!

Visible power!

At the end of the sword drawing and crossbow stretching, an old man in a long robe came out from North Xuanzong.

With the appearance of the old man, the atmosphere suddenly changed. All the disciples of the northern Xuanzong said respectfully: "elder Zhou!"

Zhou Chang nodded, and his eyes fell on Bai Li Xiong and ye Chen.

When his sight touched Ye Chen, a light voice sounded!

"It's you, punk!"

Chapter 659

North Xuanzong week old recognized Ye Chen for the first time!

Although it has been five years, it is very impressive to him!

After all, in Kunlun Xu, ordinary root people are extremely rare!

This son was brought by the head of the medical God sect himself!

The door of medical God was once brilliant, but at that time, he looked down on the face of a sect elder. At that moment, he was used to the extreme.

Even often tell this matter out and show off in front of other sect elders!

So he recognized Ye Chen at the first time.

Just now, he just heard that someone was making trouble, but he didn't expect that the troublemaker was the little trash.

But at the moment Ye Chen, the eyes are suffused with a trace of blood red.

An invisible anger suddenly formed!

He's staring at the perimeter!

I thought the other party was not in the North Xuanzong, but I didn't expect that the other party was standing not far away.

At this moment, ye Chen's heart even covered with a killing idea!

The harsh words continue to ring through!

Even the old man's low voice is shocking!

Elder Zhou naturally felt Ye Chen's killing intention. He stepped out step by step and looked at Ye Chen with great interest: "little waste, I didn't expect that you should cross into the divine realm. Can a root of mortal beings be able to reach the state of mind wandering? I guess it's already your ceiling. It's impossible to step into it again. "

"It's a good time for you to be a doctor."

"But in my opinion, this is waste! What's worth it in a mere trash! "

"By the way, today you come to our North Xuanzong. Do you want me to invite you to join us? I advise you, don't dream. Even if you are in the holy land now, your humble talent and blood alliance are disgraces to our northern Xuanzong! "

Elder Zhou's words are full of indifference and sneer.

Those disciples of the northern Xuanzong also laughed.

If you have elder Zhou, even if it is a dragon, you should be honest.

Bai Li Xiong took a look at Ye Chen, and then he understood the meaning of Ye Chen Gang's words.

It seems that ye Chen really has a grudge with the northern Xuanzong.

It's just Ye Chen. This time, he's facing a clan!

Even though the northern Xuanzong is not the top sect of Kunlun Xu, let alone the first step, it should not be underestimated!

He just wanted to remind Ye Chen a few minutes, but ye Chen raised his head and opened his mouth.

"To tell you the truth, I really don't like beixuanzong's garbage door."

"This time I came to beixuanzong for only two purposes. First, let Mu Wanning come out. My friend wants to see her. All you have to do is inform. Second, five years ago, you insulted my master. As long as you kneel down, I can treat this as not happening. "

Ye Chen's voice fell slowly, with an unquestionable force majeure.

But the expression of elder Zhou and the disciples of North Xuanzong changed.

They seem to hear the funniest jokes in the world.

See Mu Wanning?

Mu Wanning is the youngest elder of the northern Xuanzong, and now he is shut up inside!

How can you say that you will see when you see it!

What's more ridiculous is that a state of ecstasy actually threatens Zhou to kneel down and apologize?

I'm afraid the young man is mentally disabled.

Elder Zhou's expression was ferocious a few minutes, sneered: "little waste, don't you know who the land under your feet belongs to?"

"This is the boundary of our northern Xuanzong. Today, even if the master behind you kneels down and asks me to protect you, you can't shake me!"

"Today, no matter what, you must die!"

"I'll make you understand the difference between root trash and spiritual genius!"

"Fang Yangqing, come out. I'll give you ten seconds. Are you confident that you can make this little waste kneel down and beg for mercy?"

A young man in white came out.

"Disciple Fang Yangqing is lucky to live up to his life. However, I want to change the time. Ten seconds is too much to deal with a waste, five seconds at most."

The young man is dressed in a white robe with a dragon pattern carved on it. The light and soft cloth seems to be able to move without wind, which adds a bit of charm to him!

The momentum of the key opponent is almost at the beginning of entering the Holy Land!

In the outsider, even if ye Chen you go against the sky, you can't cross the two realms!

Elder Zhou was very satisfied with Fang Yangqing's attitude and nodded: "OK, if you suppress this waste in five seconds, I will give you a broken body Yuanyang pill."

Fang Yangqing heard the following sentence, his face was happy, excited to the extreme.

The next second, he in situ into a shadow, is crazy toward Ye Chen swept away!

He just punched it out!

In his opinion, he is not worth his sword.

Innumerable true Qi condenses in his right hand, a fist shadow blows out directly! Ye Chen did not move, just when Fang Yangqing was about to drop his fist, he was just as simple as a punch!

"Compare your strength with me and die!"

Fang Yangqing smiles.

I thought five seconds was enough. Now it seems that he underestimated the boy.

If you want to kill, one second is enough!

"Bang!"

When the two fists collided, the ground under his feet began to spread in all directions.

Fang Yangqing thought Ye Chen would fly backwards, but he didn't expect the other party to move!

On the contrary, he felt a terrible smell spreading towards his arm.

"Puff!" He spat out a mouthful of blood!

The five zang organs and six fu organs were shocked in different degrees!

"How could it be!"

Fang Yangqing's face changed greatly. He took a look at the elder Zhou and found that the elder was frowning and fell into displeasure.

He didn't care about everything. He offered a black sword directly!

The rolling Qi of Dantian converges directly on the black sword.

Black sword sends out a burst of concussion sound, burst out dazzling light, such as the sun and moon rising into the sky!

The wind was howling around.

This sword is his proud sword.

The reason why the enemy is still a weak one just now!

Now that he's practicing, he's certainly hurt!

However, most of the practitioners don't know the sword technique. He intends to cut everything with one sword!

With that dazzling light across the sky, Fang Yangqing's black sword, rolling waves, with the potential of thunder suddenly fell.

Shining light, no sword can fight!

Under the fierce shadow of the sword, the powerful men of the northern Xuanzong simply couldn't open their eyes. Some of the people who were close to them kept retreating for fear of being affected.

Zhou Changlao touched his beard and nodded with satisfaction.

It seems that Fang Yangqing's understanding of the sword has become more and more profound.

This is a good thing.

Ye Chen looks at that sword meaning, Mou son tiny MI.

Without exposing the power of blood dragon and divine thunder of Ye Shitian, it is very difficult to fight against it.

Now it is estimated that the sky sword and soul sword are spread among the major sects.

Once these swords are used, all of them must be killed and no one can be left alive.

Ye Shitian's real identity can not be revealed now. He has other uses.

No longer think about it, ye Chen takes a look at Bai Li Xiong and pulls out the sword hanging from the other side's waist directly!

"I'll borrow your sword!"

Chapter 660

The next second, breaking the sky sword will be displayed.

Two extreme lights suddenly collide!

It's like earth shattering! Stars collide!

The roar made the whole northern Xuanzong shake hard!

Crash!

A stream of extreme sword Qi diffuses around.

All things are smashed by the sword.

Even the two stone lions at the gate of the northern Xuanzong were broken into pieces!

Some of the northern Xuanzong's disciples who had not yet evacuated had no time to avoid the fierce and violent sword Qi. Their bodies were cut off directly, and even more, they gave out a cry of pain!

The two rays of light were so rigid that they made a sharp sound.

Fang Yangqing couldn't bear it any longer and stepped back.

My face changed a lot!

And ye Chen is also uncomfortable. Although he doesn't retreat, the sword in his hand is completely broken.

Obviously, bailixiong's sword level is too low to compete with the opponent's strength.

He looked at Bai Li Xiong and said, "since your sword has been broken, I will compensate you with another sword."

When Bai Lixiong heard this, he quickly waved his hand and said, "Mr. Ye, I took this sword at will. It has no value. If it is broken, it will be broken."

Looking at Ye Chen, Fang Yangqing sneered at Ye Chen and said with a sneer, "little waste, I have to ask someone to borrow the sword. It seems that I still look up to you. There are two seconds left to die for me!"

Fangyang blue face is gloomy to the extreme. Seeing the light of his sword, Shengsheng is resisted by Ye Chen's sword, and he can't move in any more. It's a shame.

Elder Zhou gave him five seconds to solve everything!

Originally, in his opinion, his power to kill Ye Chen was as simple as crushing a mole ant. But now it's resisted?

This son can't stay!

This kind of power can be broken out only in the state of mind wandering. If you step into the transcendental state or into the holy land, then you can still get it?

No longer hesitant, Fang Yangqing again toward Ye Chen.

This time, he forced out a drop of blood essence, and he smashed the blood essence onto the sword.

With the fall of blood essence, the body of the sword trembled violently, and the sword light of terror was sent out.

It seems that there is endless energy on the body of the sword.

Then it broke out again, and the sword of Jingtian chopped toward Ye Chen. Before it fell, the heaven and earth changed color.

Fang Yangqing has the absolute confidence, this sword, any strong person all has the death but not the life!

"Boom!"

The terrible air wave engulfs Ye Chen and Bai Li Xiong, ye Chen's body shape severely shakes several times.

If you don't stabilize your body, you will be lifted out.

Ye Chen even found that the casual clothes on his body were broken a few minutes, and there was a bloody mouth between them.

If not for the blood dragon gushing out of the body, forming a barrier to resist most of the damage, the consequences would be unimaginable.

At the moment, ye Chen seems to be buried in the sea of fire.

One second, two seconds Five seconds later, Fang Yangqing took back the sword in his hand, and his whole body was soaked.

In his view, it was over.

He looked at elder Zhou, raised his chin, and said, "elder, it's lucky that you didn't disgrace your life, that little trash..."

Before he finished speaking, Zhou Changlao found something, and his face changed greatly: "be careful!"

Fang Yangqing suddenly felt that his whole body seemed to be locked. He just wanted to draw out the spirit sword. In the sea of fire, a pair of big hands were fiercely in the depth, and they even clasped his shoulder!

The next second, his body irresistible into the sea of fire.

In the sea of fire, Fang Yangqing saw a pair of eyes just like the devil.

"You're not dead?"

Fang Yangqing reacted, just wanted to draw out the sword, a cold light across the sea of fire.

He found that a long sword, which had not yet left its sheath, was suspended in front of him.

Cut the dragon and ask the sky sword!

He even felt a little pressure on the sword.

"Get out of here

With a sword, he tried to cut off the dangerous sword in front of him, but found that not only did he cut the other side, but his own sword collapsed completely.

"This What kind of sword is this

Fang Yangqing has a big mouth. When he is frightened, ye Chen holds the handle of the sword with one hand. The next second, Wan Dao sword will be used directly!

For a time, the sky and the earth were dark, the sun and the moon were dark, the wind was howling and the air was cold.

Cut the dragon to ask the power of the sky sword, but ye Chen is particularly clear!

Enough to be his card!

Far more than all magic swords!

If you add Chen Tianli's skills to the holy land, you are not qualified to stop it!

"Bang!"

In the sea of fire, Fang Yangqing tried his best to resist, but found it impossible.

He could only watch a sword penetrate his body!

Strong air waves directly let his body fly out of the sea of fire, toward the circumference of the old hit!"Bang!"

A great noise!

A bloody corpse fell in front of the elder.

At this moment, elder Zhou's face was ferocious to the extreme.

That little trash five years ago killed a genius of North Xuanzong in front of him!

He felt his cheek hot!

Shame!

"Ye Chen, be presumptuous! I dare to hurt so many disciples of the northern Xuanzong. I will suppress you myself today! "

Don't sit down for a week, elder!

Then, an air wave burst, and a figure came step by step.

Under one step, it appears in front of Ye Chen.

The long robe dances, the sword light is fierce in the hand, that momentum, is incomparable!

"Elder Zhou has done it himself!"

"Elder Zhou is a strong king. That guy is dead!"

Looking at Zhou Changlao's hand, those breathless northern Xuanzong disciples exclaimed.

Although I don't know how to kill elder martial brother Fang Yangqing, ye Chen is not qualified to deal with elder martial brother Fang Zhou!

At this moment, ye Chen felt the terror of Zhou Changlao.

This is definitely not a general holy land, more terrible than most!

In between, it is to set off a storm.

Even too late to see clearly what the light is, ye Chen has been creepy.

Regardless of everything, he took out the dragon and asked the sky sword to resist and go!

"Bang!"

It's a pity that although the sword of beheading the dragon has blocked a few points, it has removed part of the strength of the elder perimeter!

But with a dull roar, ye Chen's body is still like a shell being blown out.

North Xuanzong elder, too strong!

Ye Chen has not completely stabilized his body, elder Zhou appears again!

However, the sword did not move hard.

"Poof!"

Ye Chen's blood sprays, the Qi and blood in the body rolls, the skeleton groans all over the body, and the internal organs seem to shift!

The power of this blow was to the extreme!

Facing the circumference old, ye Chen looks small!

A deep crisis grows from the bottom of Ye Chen's heart.

"Hum! Little mole ants, dare to be presumptuous! Five years ago, you were a waste in my eyes. Five years later, even if you step into the realm of mind wandering and how strong you are, you are still a waste in my eyes! "

Blow fly Ye Chen, circumference old cold voice way.

The next second, elder Zhou has appeared behind Ye Chen and clapped it out again.

The power of heaven and earth seems to be under his control, and his body flies again!
