### Chapter 6511

After understanding the waterstop sword, ye Chen's sword skills have improved by leaps and bounds. The blood moon slaughtering the sky has also risen against the sky. On the surface, there are seven rounds of blood moon, but in fact, it can transform trillions of sword Qi and kill through a big world.

Even Ren Feifan, when he reached the level of seven rounds of blood moon, the weather of Kendo was not as good as ye Chen.

Ye Chen is the only one in the world who has mastered waterstop kendo. His understanding of the sword has surpassed Ren Feifan and everyone in the world.

The stele keeper was shocked when he saw the vast atmosphere of blood moon sword falling like a waterfall, and whispered: "in the real world, it's incredible that someone can practice Kendo to such a terrible extent..."

However, under Ye Chen's blood moon sword Qi, all the empty divine thunder were cut off, and the surrounding space turbulence, storms, blades, cosmic black holes and so on, all the visions of space forces were annihilated under Ye Chen's sword Qi.

The universe is empty.

Ye Chen suspended in the void and smiled at the monument keeper: "elder, have I passed the test?"

The stele keeper said, "it's not just that simple. You're rolling! The divine pulse of the virtual tablet is called the virtual spirit divine pulse, and I will give it to you. I hope that one day, I can meet you again in no time and space. "

Speaking of this, the monument keeper smiled faintly and disappeared.

Then, a magnificent energy poured into Ye Chen's blood.

Boom!

Ye Chen's blood was boiling, but he felt that his reincarnation blood was further revived, and a new reincarnation divine vein was awakened.

This divine pulse is called virtual spirit divine pulse!

The virtual spirit pulse represents the power of space, which can control the power of space, including instantaneous movement, void reversal, space explosion, void blockade, space-time imprisonment and so on.

However, ye Chen's current state can not give full play to the whole of the virtual spirit and divine pulse.

However, with the improvement of cultivation, the virtual spirit and divine pulse will become more powerful.

"Soon, there are ten reincarnation Xuan steles. I have eight. I'm still short of the last two. The reincarnation blood can be truly complete!"

Ye Chen was secretly happy.

At this time, ling'er also emerged from the void. He jumped at Ye Chen with joy and said with a smile: "childe, congratulations. You passed the test of the virtual monument. Your strength is too strong."

Ye Chen smiled and said, "this test is nothing."

In the past, ye Chen often had to fight hard to pass the test of reincarnation xuanbei, but now his martial arts are too rebellious, just a sword, so he can completely pass the test with the posture of rolling.

After the test, ye Chen came out of the virtual monument world and returned to the outside again.

"Childe, try again now to see if you can find the whereabouts of Jiang Chenzi, the extinct soul master."  
Linger road.

"Yes."

Ye Chen nodded and tried to deduce again.

A layer of cause and effect fog, clattering away, ye Chen saw the figure of Jiang Chenzi, the extinct soul master again, and vaguely, he captured new information.

The place where Jiang Chenzi, the soul exterminator, is located is called the soul inducing place!

"Young master, can you see where people are?" Ling'er asked.

"In a place called ghost land!"

Ye Chen's heart beat violently. In the dark, he found that this soul inducing place resonated with the reincarnation Taoism!

Is there a secret of reincarnation hidden in this haunting place?

Ling'er asked again, "where is the ghost land?"

Ye Chen peeped deeply, but found that the surrounding area of the soul inducing ghost was shrouded in layers of fog. He always couldn't see through the truth and said, "I don't know. I can't find out. There seems to be a fog of reincarnation behind this. It's very mysterious. I can't peep."

If it is an ordinary place, you can see through it at a glance with Ye Chen's current means, but this soul inducing place is actually related to reincarnation Taoism. It seems very mysterious. He can't find it.

Ling'er said, "what should I do? The strong man of the old times, I only know this extinct soul master Jiang Chenzi. If I can't find him, I can't find anyone else. "

If you want to save the blood god, you must have the strong hands of the old times to divide the blood of Changmo Jun and let the blood god recover.

Jiang Chenzi, the soul destroyer, is the only strong man in the old times that ling'er knows.

Ye Chen's face sank, and there was no way to break the fog of reincarnation for a moment.

WOW!

At this time, the sky of fengjiazudi suddenly bloomed with bright moonlight. There was a round moon in the sky, suspended high and shining thousands of Qinghui.

"If the snow breaks through successfully?"

When ye Chen saw the moon in the sky, he was pleasantly surprised.

A strong breath came from the depths of fengjiazu's land. It was the breath of Xia Ruoxue!

Ye Chen hurried to the depths of Feng's ancestral land, but saw Xia Ruoxue walking out of a cultivation yard. Her skin was like snow, her temperament was elegant and quiet, like the fairy of the moon. There was an intoxicating charm when she raised her hands and feet.

"Ruoshue, did you break through?"

Ye Chen quickly walked up and took Xia Ruoxue's hand. She only felt her breath. She had reached a layer of sky in the hundred flail realm. It was obviously a successful breakthrough.

After Xia Ruoxue's successful flail cutting, her figure, appearance and temperament have changed a lot than before, and she is filled with a faint fragrance.

Ye Chen's heart was moved. She couldn't help holding Xia Ruoxue in her arms, kissed and kissed her, and caressed her fondly.

Xia Ruoxue blushed and said, "thanks to your Wangshu Tianzhu, I have successfully broken through and cut eighty-eight flail."

Ye Chenxi said, "it's the talent of the emperor to cut the yoke eighty-eight! Even xuanjiyue and Emperor Shitian can't compare with you. "

Xia Ruoxue said, "these are the protection given to me by your reincarnation blood. Where am I so powerful?"

Ye Chen said: "no matter how, you can cut eighty-eight flail, which is already a posture against the sky. In the future, you will be able to fly up and become the king of heaven."

Xia Ruoxue said, "I hope so. It is said that the world of the heavenly king is a blissful world on the other side. I can enjoy happiness forever. Alas, I want to be with you forever, carefree, but it's a pity..."

The heavenly king's world is the Supreme Master. Although it is said that it is the other side of bliss, both Xia Ruoxue and ye Chen clearly know that that place is definitely not a blissful world. Fighting and killing are even more serious than any other place in the outside world.

Ye Chen said, "there will always be a chance to enjoy happiness in the future. Your bright moon and heavenly book..."

Xia Ruoxue said, "I have integrated the Wangshu heavenly pearl into the heavenly book of the bright moon. The heavenly book has been upgraded and transformed. Now it should be the supreme heavenly book."

Then Xia Ruoxue offered the book of the bright moon to heaven.

But I saw the bright moon and the heavenly book, surrounded by wisps of bright moonlight. The weather is vast and beautiful, far stronger than before, and has reached the highest level.

Chapter 6512

At first, the bright moon heavenly script was just a small volume of heavenly script, but it has been upgraded and transformed under the cultivation of Xia Ruoxue. Now it has become the supreme heavenly script.

Even, ye Chen felt that the quality of this bright moon heavenly book would not be worse than that of no heavenly book!

In other words, the quality of Xia Ruoxue's Mingyue Tianshu is comparable to that of wuwutianshu. We can imagine how powerful it is.

"Ruoshue, I'm looking for someone's whereabouts. You can help me with the book of the moon!"

Ye Chen's heart moved and told Xia Ruoxue that something had happened to the blood god. He wanted to find Jiang Chenzi, the soul destroyer, and simply said it to Xia Ruoxue.

At present, ye Chen found that the exterminator Jiang Chenzi was in a place called soul inducing ghost place, but he didn't know the specific whereabouts. The mystery fog was too serious.

With Xia Ruoxue's help, you may be able to use the book of the bright moon to break through the fog, so as to find the place of the soul inducing ghost.

Xia Ruoxue was surprised when she heard the danger of the blood God and said, "is there an accident with the blood god? Then I'll help you. "

Ye Chen nodded and tried to deduce the secret again.

WOW!

The cause and effect between heaven and earth was immediately touched.

Between Ye Chen and Xia Ruoxue, a picture emerges.

Around the picture, there was a fog, and in the heavy fog, you can see an old man standing on the ruins full of white bones and ghosts, his eyes blurred, I don't know what he was thinking.

The old man occasionally looked up at the sky. He seemed to be aware of Ye Chen's peeping, but he was not sure. He frowned lightly and whispered to himself: "is the legendary breaker finally coming?"

"If snow, rely on you."

Ye Chen looked at Xia Ruoxue.

Xia Ruoxue lightened her head and immediately urged the book of the bright moon. Strands of moonlight were released and shone over the ruins.

Under the moonlight of Xia Ruoxue, the fog around the ruins was gradually dissipating.

"Effective!"

Ye Chen was overjoyed when he saw this scene.

But the fog dissipated, and finally a complete world appeared in front of Ye Chen.

It turns out that this soul inducing place is very secret in a sealed relic in the inner earth. It can be regarded as a paradise.

At that time, Jiang Chenzi, the soul exterminator, was ordered by the old lord to lurk in the inner earth and try to kill the ancient emperor Yu Huang. Unfortunately, he failed in the end.

Even in the end, the old lord was defeated by the feather emperor.

Frustrated, Jiang Chenzi took his disciples and lived in seclusion. After tens of thousands of years of reproduction, there are millions of people in the ghost land.

These people, with Jiang Chenzi as their ancestor and Wu Jue God as their belief, are regarded as an old pure land. They do not fight with the secular world and have never been involved in the cause and effect of the earth's heart. The nine tripods will come when there is a crisis in the outer world, and the people in the ghost land do not know.

They live in a paradise like place, naturally unaware of external disputes.

All the fog was broken by the moonlight. Ye Chen clearly captured all the heavenly causes and consequences, and his heart was shocked.

"It's not easy to attract souls."

Ye Chen, caught by the secret of heaven, found that this soul inducing place was indeed related to the reincarnation Taoism.

In other words, it is related to the associated magic weapon of reincarnation blood.

Xia Ruoxue looked at Ye Chen's dignified appearance and asked, "Ye Chen, what do you see?"

Ye Chen said: "the secret of heaven is captured. I see the cause and effect of reincarnation behind it. This soul inducing place is actually related to the associated magic weapon of reincarnation blood, reincarnation holy soul day!"

Xia Ruoxue said, "reincarnation holy soul day?"

Ye Chen nodded and said, "the reincarnation holy soul heaven is the supreme artifact of the thirty-three days. It ranks first. This magic weapon is a sky and a big world, representing the most vast, profound, majestic and supreme 'heaven'!"

Under the capture of heaven's secret, ye Chen found the secret of reincarnation, which is called "reincarnation holy soul day"!

Xia Ruoxue was stunned and said, "there is such a magical magic weapon in the reincarnation holy soul day?"

It is unimaginable that a magic weapon is actually a sky and a cosmic world.

Ye Chen said: "this reincarnation holy soul day is an independent existence. It doesn't look like the ten Heavenly beads, the four immortal pools, the Honghuang nine gates, the Hongjun seven treasures and so on. There are parallel things. It is unique. This reincarnation holy soul day is a unique and supreme magic weapon!"

Among the supreme artifacts of the thirty-three days, reincarnation is the most powerful magic weapon. It is a piece of sky called reincarnation holy soul day!

Xia Ruoxue was shocked and said, "what's the difference between this reincarnation holy soul day and your picture of blue and Yellow Springs?"

Biluohuangquan map is also an accompanying magic weapon of reincarnation. From the birth of reincarnation blood, biluohuangquan map appears. It is destined to be the treasure of the Lord of reincarnation, and outsiders can't take charge of it.

Ye Chen shook her head and said, "these two magic weapons have different attributes and can't be compared. Reincarnation holy soul day is a magic weapon of soul attribute, which is completely different from the picture of blue falling and yellow spring."

Xia Ruoxue was more confused and said, "the magic weapon of soul attribute?"

Ye Chen said, "that's right! When the reincarnation blood was born, the weather was great. There were many natural materials and earth treasures, magic weapons and magical powers. The blue falling yellow spring map and the reincarnation holy soul day are the most precious companion of the reincarnation blood, and the reincarnation holy soul day is the ultimate of the soul. "

Xia Ruoxue said, "the ultimate soul?"

Ye Chen said, "well, there are two sources of strength for practitioners: flesh and soul. The reincarnation holy soul day can provide the strongest soul power for the reincarnation blood. If you can refine the reincarnation holy soul day, the reincarnation spirit will reach the highest level!"

Xia Ruoxue was shocked. If the reincarnation of the holy soul day can really make ye Chen's spirit reach the peak level, it's definitely valuable.

After all, it is the first Supreme artifact, and its power can be imagined.

"Is this reincarnation holy soul day in this soul inducing place?" Xia Ruoxue hurriedly asked.

Ye Chen thought for a moment and said, "there are six talents. The magic weapon of reincarnation holy soul day is divided into six pieces. In those years, Jiang Chenzi got one piece and wanted to use the power of reincarnation pieces to kill the ancient emperor. Unfortunately, it failed. The soul inducing ghost land is actually a fragment of reincarnation holy soul day and an evolved world."

Ye Chen awakened the virtual spirit and divine vein, and the reincarnation blood vein was greatly enhanced. Now all the mystery of heaven has been dispelled. He learned all the causes and effects and had a good insight.

Therefore, he saw through all the secrets of the past, and also knew the secret of the reincarnation holy soul day.

This secret really shocked Ye Chen.

The magic weapon of reincarnation holy soul day represents the extreme of the soul. If you can take charge, ye Chen's soul and divine soul power may have a qualitative transformation!

Chapter 6513

Even the reincarnation Lord of the previous life failed to take charge of the reincarnation holy soul day, only got the picture of blue falling and yellow spring.

In this life, if ye Chen can take charge of the reincarnation holy soul day, his achievements can definitely exceed those in previous lives.

The heaven is divided into six ways. This reincarnation holy soul heaven is actually composed of six fragments.

These six fragments are the spirit of heaven, the soul of Shura, the soul of beasts, the soul of killing ghosts, the soul of hell and the soul of the world, representing the mystery of the six samsara.

When the six fragments gather together, they can evolve into a real reincarnation holy soul day.

Once you refine the reincarnation holy soul day, you can awaken the reincarnation soul body. The power of the soul is enough to reach the peak of the real world!

Ye Chen didn't expect that Jiang Chenzi, the soul exterminator, was holding a fragment of reincarnation holy soul day in his hand. No wonder he was given an important task by the old chairman.

Unfortunately, just like the picture of green falling and yellow spring, only Ye Chen can be in charge. Only the owner of real reincarnation blood can give full play to the power of this reincarnation holy soul day.

Jiang Chenzi, the soul destroyer, can't exert all the power of the holy soul fragment. He can only mobilize a little power. Naturally, it's impossible to kill the feather emperor.

The interception plan failed. The ancient emperor Yu Huang finally rose and destroyed the whole old era. The ancient Taoist tradition of tianwuxianmen was also crushed.

Jiang Chenzi was discouraged and could only live in seclusion.

"I have a good relationship with the old lord. I should ask him to do it."

Ye Chen's mind flashed. Thinking of his relationship with the old lord, his heart was much calmer.

Xia Ruoxue said, "Ye Chen, are you going to the ghost land now?"

Ye Chen said: "now that I have found out the whereabouts of the soul inducing ghost land, I naturally want to go there. Not only to invite Jiang Chenzi out of the mountain, but also to see the Holy Ghost fragments."

There are six fragments of reincarnation Holy Spirit day. Jiang Chenzi holds one of them, which is the way to eliminate ghosts among the six ways.

Although Ye Chen didn't mean to rob, the reincarnation holy soul day was originally the companion magic weapon of reincarnation blood. It was his thing. He was the original owner. He wanted to see it anyway.

"Alas, it's rare for us to have a reunion. I don't want you to leave so soon. Why don't you... Accompany me tonight and leave after tonight?"

Xia Ruoxue's eyes are like silk and looks at Ye Chen rather reluctantly.

Ye Chen's mind swings slightly, but he knows that the time is urgent and the situation of blood god is not optimistic. He needs to be saved as soon as possible.

"Let's talk about it next time. If snow, I don't want you, but I don't have time now."

Ye Chen has no choice but to smile bitterly and hug Xia ruoshue in her arms. She kisses her reluctantly.

Xia Ruoxue was gasping for breath. They hugged and kissed warmly for a while, and finally reluctantly separated.

She knows Ye Chen's burden, so she won't lose her temper.

After ye Chen left the ancestral land of the wind family, he quickly tore the void and rushed to the ghost land.

The entrance to the haunted place is in a deserted ruins.

To be exact, there is no entrance at all!

Because Jiang Chenzi, the soul exterminator, was disillusioned at that time. He knew that the old era had passed, and tianwuxianmen was completely destroyed. He had decided to live in seclusion.

Therefore, the entrance to the place where he lived in seclusion, the soul inducing place, had long been erased by him, and outsiders could not find any entrance to enter.

"Fortunately, I got the virtual tablet, otherwise I really don't know how to get in."

Ye Chen secretly rejoiced that although there was no entrance, he was in charge of the virtual tablet and awakened the virtual spirit pulse. The control means of space was extremely powerful.

He can directly break the void, forcibly crush the spatial law here, and directly break into it.

"Empty spirit divine pulse, open!"

Now ye Chen doesn't talk nonsense and directly opens the virtual spirit pulse.

In an instant, a powerful force of space surged out of Ye Chen's body, the surrounding void began to twist, and layers of parallel time and space collapsed.

Then, a void door was created by Ye Chen.

This empty door is the door to the soul inducing place!

"Hoo, the aura of the virtual monument hasn't recovered completely. It's a little hard to display."

Ye Chen spits out a mouthful of turbid Qi, and his forehead is slightly permeated with sweating water.

Although he created the door of the void, it took a lot of effort in the process of breaking the void.

The eight reincarnation Xuan steles, dust steles, wind steles, inflammation steles and so on he owned have all been transformed into perfection, but the aura of this newly collected virtual stele has not been completed, so it is a little difficult to use.

If it's an ordinary broken void, it's all right. It's just that this soul inducing place has great space obstacles. Even ye Chen feels a little detached now.

After calming down, ye Chen takes a deep breath and recovers his breath, which is to stride into the door of the void and move towards the soul inducing ghost.

After passing through the gate of the void, ye Chen came to a place filled with ghost gas. The sky was full of haze. It rained all year round, and the clouds did not disperse, filled with a rather strange atmosphere.

"Is this the place to attract ghosts?"

Ye Chen looked down, but he saw thousands of mountains and rivers. The territory of this soul inducing ghost land was quite vast.

In this vast territory, ye Chen saw a rather strange scene.

In this place, although ghosts and ghosts float everywhere, all ghosts do not disturb the living creatures.

Living people and ghosts coexist harmoniously and abide by the boundary between life and death. No one has crossed the boundary. They actually get along very well.

This surprised Ye Chen. It seems that this haunting place is controlled by Jiang Chenzi. Under the care of Jiang Chenzi, the ghosts here are not surprised, and the creatures live as usual, which is no different from the outside world. Although the environment is a little dark, the people's heart is bright.

Chapter 6514

Everywhere in the soul inducing place, you can see altars offering statues of the old lord Wujue God.

There are millions of people in the ghost land. These people don't know that the old lord has fallen.

When Jiang Chenzi lived in seclusion, he still worshipped the old lord in his heart. He and his disciples hid the news from future generations. In fact, the old lord died.

The descendants of Jiang Chenzi are all worshipping the old lord. The incense is prosperous and the faith is blazing.

Jiang Chenzi's practice is actually deliberately creating lies, trying to use the power of faith to revive the old lord.

A lie repeated a thousand times will become true.

Jiang Chenzi wants to "create God".

He saved the power of later generations' faith to revive the old lord and turn the falling truth into the rise of gods.

Of course, the plan is just vain.

The old lord has long fallen, and was beheaded by the ancient emperor Yu Huang. It is not a simple lie and God making plan that can be reversed.

Jiang Chenzi's doing so, after all, is just to comfort himself and play a psychological role.

Ye Chen caught all the causes and effects of the ghost land. Naturally, he knew the truth behind it. He only felt that Jiang Chenzi was a little pathetic.

However, he can't manage too much about Jiang Chenzi. He just wants to invite the other party out of the mountain to save the blood god.

"Ye Chen, the inheritor of reincarnation, seeks to see Master Jiang Chenzi, the extinct soul master!"

Ye Chen Hung high in the sky and roared, directly indicating his identity. He wanted to meet Jiang Chenzi.

His voice, vast and loud, spread far and wide throughout the soul inducing place.

In the soul inducing ghost land, millions of creatures were shocked when they heard Ye Chen's voice.

In the deep ruins, a white haired old man, hearing this call, his turbid eyes suddenly burst into brilliance, but the brilliance soon quieted down, as if he had any concerns. He still stood silently in the ruins, accompanied by white bone ghosts, without any action.

After ye Chen's voice came out, he waited silently.

But after waiting for a while, Jiang Chenzi didn't appear. Instead, there were powerful figures shooting from the distant sky.

These figures are filled with a fierce soul power. Although the martial arts are flat, the soul power is extremely strong.

The soul inducing ghost land itself is a fragment of the reincarnation holy soul day, which represents the ultimate strength of the soul.

Therefore, the martial arts practitioners living in the soul inducing ghost land, although the martial arts are general, the cultivation of the soul and the spirit are very powerful. Although they are certainly not comparable to Ye Chen, they are much stronger than the general martial arts practitioners.

Those figures, flying in the air, surrounded Ye Chen with a look of vigilance on their faces.

After all, ye Chen is an outsider, and no outsider has broken in for more than 100000 years.

It is absolutely exclusive to treat outsiders. They don't want to be disturbed by outsiders.

"Who are you? Why break into the pure land of the holy soul? "

A warrior asked ye Chenzhi.

This place is called the land of attracting souls, but in the eyes of local people, it is a pure land for placing fragments of the magic weapon of reincarnation holy soul heaven, which is not affected by external disputes.

"Xia yechen is the Lord of reincarnation in this world. I want to see elder Jiang Chenzi if I have something."

Ye Chen shows her identity again.

"Lord of reincarnation, I haven't heard of it. You say you are the inheritor of reincarnation. What evidence is there? Do you want to rob the holy soul fragment? "

When they heard Ye Chen's name, they frowned. It seemed that they had never heard of the Lord of reincarnation, but since it was about reincarnation, they were also vigilant. They just thought Ye Chen was plotting to rob the holy soul fragments.

A fragment of the reincarnation Holy Spirit day, representing the way to eliminate ghosts, is buried in the earth vein.

Ye Chen stayed for a while. Unexpectedly, they had never heard of the Lord of reincarnation.

When you think about it again, you will understand that their ancestor, Jiang Chenzi, was active in the age. The Lord of reincarnation was not born until Jiang Chenzi lived in seclusion, so they didn't know it.

At first, reincarnation blood is similar to the earth vein and dragon vein. It runs across the center of the world. When this blood was born, there were many associated heavenly materials, earth treasures, martial arts and supernatural powers. For example, reincarnation holy soul heaven is the associated magic weapon of reincarnation blood.

Later, this reincarnation blood was finally stripped from heaven and earth, passed on to the main body of reincarnation in previous lives, and now passed to Ye Chen.

In the beginning, reincarnation blood is reincarnation blood, which exists like Earth veins. No one in the world is qualified to take charge.

"I don't intend to rob the holy soul fragments. I just want to see Master Jiang Chenzi. Please pass it on."

Ye Chen kept his courtesy and said.

"Who knows you are a good man or a bad man. Put on this heaven lock first."

Those martial artists are still full of vigilance. No one dares to believe Ye Chen. Someone took out a pair of shackles to put on Ye Chen.

This pair of shackles is engraved with many forbidden runes, which can imprison people's martial arts and spirit.

Ye Chen takes a step back and will not be at the mercy of others.

Seeing that he refused to wear chains, the people were even more vigilant, and the atmosphere became tense.

"I don't know who you are. Come to the holy soul pure land. This carefree ghost respect is the leader of the sect here. I'm sorry if it's too far to meet you."

At this time, a loud voice came from the distant sky.

Then, tens of thousands of black rainbows ran through the north and south, and the ghost Spirit fell like rain. Between the colorful ghost rain, a man embroidered with evil ghost printing blue, exuded a dignified breath, and stepped on the rainbow against the wind.

The man claims to be a carefree ghost. Ye Chen feels the breath of his cultivation. It is about three layers of the hundred yoke territory. Looking at the whole earth and heart, he can be said to be a giant and an absolute strong man.

Of course, in Ye Chen's eyes, the strong at this level is the existence of mole ants. He can kill them with one sword.

Now ye Chen's martial arts combat power is too strong. Seven rounds of blood moon, destroying the nine layers of heaven, daqianchonglou palm, reincarnation divine pulse, waterstop sword, and any magic power are enough to crush the strong people in the ordinary hundred yoke territory.

However, in addition to the superficial martial arts, the free ghost statue also has strong soul power.

When ye Chen looked at the carefree ghost respect, he also caught the deep soul of the other party. The fierce soul force should not be underestimated.

"I've seen the carefree ghost master in Xiaye Chen."

Ye Chen hugged her fist and still kept the etiquette.

The carefree ghost Zun said, "it's Ye Chen and ye Daoyou. Do you say you are the inheritor of reincarnation blood?"

Ye Chen said, "exactly!"

Xiaoyao ghost Zun smiled and said, "reincarnation blood is above the heavens. You really live on the eighth floor of the sky. Can you carry the power of reincarnation? It's not that I don't believe you, but I want to open my eyes and ask ye Daoyou to show me the power of reincarnation. "

Chapter 6515

When ye Chen heard the words of the Xiaoyao ghost Zun, he knew that the exterminating soul master Jiang Chenzi hid the truth very deeply. Even the Xiaoyao ghost Zun, which is expensive as a leader, didn't know anything about the outside world. Naturally, he didn't know ye Chen's identity.

It seems that Jiang Chenzi is the only one who really knows the truth of the outside world, and others are in a state of ignorance.

"Empty spirit divine pulse, open!"

Since the other party wants to see the power of reincarnation blood, ye Chen doesn't talk nonsense. He directly sacrifices the virtual Monument and opens the virtual spirit pulse.

He didn't want to be too shocking, so he only showed the virtual Monument and opened the virtual spirit pulse.

As soon as the virtual spirit pulse opened, the space storm burst and roared between heaven and earth. There were countless turbulence, roaring like a sword. Fortunately, ye Chen controlled it and didn't kill it. Otherwise, everyone present would die.

"What a powerful force of space!"

"Is this the power of reincarnation blood?"

"I did catch the breath of reincarnation and communicate with the fragments of the holy soul!"

"Has the reincarnation blood in the middle of the world been inherited? In this world, can anyone carry the power of reincarnation? "

Everyone felt the turbulent space of the riots around and the dignity of reincarnation behind them. They were all extremely shocked. They retreated one after another and looked at Ye Chen with unbelievable eyes.

Ye Chen's superficial accomplishments are only eight layers in the real world, but from the means just shown, if he really fights, I'm afraid Xiaoyao Guizun is not his enemy.

Xiaoyao ghost Zun took a breath and said, "so you really inherited the reincarnation blood? You can tear the void in by the power of this blood? "

His eyes were quite old and sharp, and he had seen the strength of the virtual spirit pulse.

The space of soul inducing ghost land is closed, and there is no import and export at all, but ye Chen can come in. Obviously, with the power of virtual spirit and divine pulse, he directly tore up the barrier of all space.

Ye Chen smiled and said, "excuse me for taking the liberty to visit. Now I want to see Master Jiang Chenzi. Can you pass it on?"

Xiaoyao ghost Zun's face sank and said, "my master has been closed for many years, not to mention you. It's hard for me to see him at ordinary times. I'm afraid it's not easy for you to see him."

It turned out that he was the disciple of Jiang Chenzi, the soul exterminator.

As an apprentice, his accomplishments all have three layers in the hundred yoke realm. We can imagine the strength of Jiang Chenzi.

Ye Chen said, "please pass it on."

After thinking for a while, Xiaoyao ghost Zun took out a talisman, moved by his aura and said, "wait, I'll ask Master's opinion. Whether he will see you depends on his old man's mood."

This Fuzhao is obviously a summoning Fuzhao.

Xiaoyao ghost Zun summoned him and asked Jiang Chenzi if he saw any guests. After a while, the talisman flashed a strange black light.

Xiaoyao ghost Zun's eyes narrowed and his face looked surprised. It seemed that there was some amazing news from his master.

Ye Chen hurriedly asked, "what did master Jiang Chenzi say?"

"My master said..."

Xiaoyao ghost Zun's face was very strange. He hesitated for a while, then his eyes suddenly burst into a sharp murderous spirit and shouted:

"My master said, you reincarnation Lord is false! You are the spy of the feather emperor! You want to murder Emperor Wu! "

After a pause, he ordered the people around him, "come on, this traitor wants to murder Emperor Wu. Catch him quickly!"

The Emperor Wu in his mouth is the old lord Wu Jue God.

Emperor of heaven is a title that represents the supreme status.

For example, the reincarnation Lord of the previous life, the most energetic Taoist bone in his chest, is called the Heavenly Emperor bone. The word Heavenly Emperor is the supreme meaning.

In the era when the old lord dominated, he was respected as Emperor Wu.

Today's emperor of heaven is the ancient emperor of the feather emperor. However, the real name of the ancient emperor of the feather emperor has its own power, so he is not called the emperor.

The ancient emperor Yu Huang's crusade against the Lord of reincarnation was to issue an edict saying that ye Chen tried to subvert heaven and earth and claimed to be ye Tiandi. Therefore, he wanted to crusade and kill in order to safeguard the overall situation of heaven and earth.

When they heard that ye Chen was a spy and wanted to murder Emperor Wu, they were shocked.

This sudden change, even ye Chen was stunned on the spot. He didn't expect that Jiang Chenzi said he was a spy and had to send someone to catch him.

"Soul skill, Senluo ghost extinction!"

Xiaoyao ghost Zun took the lead, roared out of his palm like a mountain and patted Ye Chen's head.

This palm is a soul skill, containing magnificent soul energy.

Xiaoyao ghost Zun knows that ye Chenwu is powerful. If you fight normally, you are afraid that you will be killed if you can't support three moves.

Therefore, as soon as he made a move, he used soul skills to use the power of soul to completely suppress Ye Chen.

With this move, the ghosts were killed, and the ghost spirit was dense. The surrounding void was stirred by the carefree ghost master. It even burst out infinite ghosts and ghosts, and a swarm of bees came out towards Ye Chen.

These ghosts and ghosts, in fact, are illusions. They have no real body, do not hurt people's flesh and blood, but only invade people's spiritual soul.

Ye Chen's head was buzzing. Unprepared, he was suddenly hit by the carefree ghost respect. He only felt his breath stagnant and his soul had a tearing pain, as if he were to be crushed by thousands of evil ghosts.

"Wuzu Daoxin, open!"

Ye Chen drank violently and immediately opened the heart of Wuzu's way to stabilize his mind.

As soon as Wu Zu's heart opened, ye Chen's spirit calmed down immediately. If his body was guarded by a layer of golden light, no matter how fierce the ghost was, he couldn't get close to him.

Chapter 6516

"Hongmeng starry sky, get up!"

The next moment, ye Chen stepped on the soles of his feet, and a magnificent starry sky emerged from behind him, expanding and filling the whole world.

It turned out that the ghost land with gloomy wind was completely shrouded under the Hongmeng starry sky of Ye Chen, but it became shining, bright and bright, and there was no ghost spirit.

At the same time, ye Chen's own soul force also roared out madly to fight against the carefree ghost respect.

In addition to his powerful martial arts, his soul power is also amazing and not weak at all.

"What!"

When Xiaoyao ghost Zun saw Ye Chen's means, whether it was the Taoist heart of Wuzu, the great starry sky of Hongmeng, or the amazing soul power, he was extremely shocked. It was simply not a human means. It was the supreme god of heaven, extremely powerful.

The martial artists around felt Ye Chen's amazing soul power, which was also very frightened.

"This boy, why is soul power so terrible?"

The crowd trembled. Under the cover of Ye Chen's soul power, they only felt their whole body trembling, and their souls seemed to be swallowed up and annihilated.

Ye Chen's soul power shrouded the crowd, showing an invincible majesty of the God of war. He didn't move the killer, but stared at the carefree ghost Zun way:

"I have no malice, and I am not a spy. There must be a misunderstanding. Ask your master Jiang Chenzi to come out to see me. Everything can be explained."

Being treated with such rough means, ye Chen's tone was also a little unhappy, but he reluctantly endured and didn't get too angry.

Xiaoyao ghost Zun smiled and said, "you are a spy. Can my master misunderstand you? Don't think you can do whatever you want if you are strong. This holy soul pure land is the territory of our tianwu immortal sect. It's not your turn to go wild. "

When the voice fell, the carefree ghost Zun immediately a Dharma formula and shouted:

"Talent six, reincarnation holy soul day, up!"

As soon as the Dharma formula fell, the earth vein of the ghost land suddenly shook violently.

The earth shakes, plates crack, mountains and rivers shake, birds and animals fly.

A dark crystal fragment floated out from the depths of the earth vein.

This crystal fragment is dark and transparent. It is surrounded by layers of strict ghost Qi. There is no realistic law. At a glance, it only sees the nothingness, which makes people feel a great sense of loss, as if they were to be swallowed up.

"This is... The fragment of reincarnation holy soul day!"

Ye Chen was shocked when he saw the dark crystal fragments.

There are six ways of heaven, and the reincarnation of the holy soul day. This magic weapon is divided into six pieces. The Tao and Dharma of each piece are different.

This dark crystal fragment is obviously one of the six fragments, representing the way of eliminating ghosts.

In the depths of the crystal fragments, a strange word "ghost" is branded, emitting incomparably vast soul energy.

The power of this soul energy, even ye Chen, felt a shudder!

"Reincarnation holy soul day is worthy of being the first Supreme artifact. It's really strong. It's just a fragment. Even I'm afraid."

Ye Chen was surprised. There was another burst of joy in his heart. If he could take charge of the reincarnation holy soul day, wouldn't he be invincible?

This reincarnation holy soul day has a great effect on the soul. If you can take charge of refining, it will be of great benefit.

However, the idea of surprise lasted only a moment and soon went out.

Ye Chen's face was dignified. Now this holy soul fragment was attacking him.

Although Xiaoyao ghost Zun doesn't have reincarnation blood and can't give full play to the real power of Holy Ghost fragments, after all, he has studied the way to kill ghosts for tens of thousands of years and can also mobilize a trace of the majesty of Holy Ghost fragments, which can't be underestimated.

"Kill the ghost way, ten thousand ghosts kill the heart, break!"

The carefree ghost Zun gave a violent drink and completely burst out the soul skill energy of the ghost killing Tao with the Holy Ghost fragments as the carrier.

GA GA GA, Jie Jie Jie, ah ah, bursts of sharp, strange, hoarse, ugly, frightening cries, ghosts crying and wolves howling came out of the Holy Ghost fragments, and then there were many evil ghosts. I don't know how many millions, spread all over the world, and completely enveloped Ye Chen.

These thousands of evil spirits have evolved from the fragments of holy souls. Each head is full of powerful soul energy, which can invade human spirit and tear human spirits into fragments.

But I saw that thousands of evil spirits came frantically to Ye Chen, but they didn't hurt Ye Chen's body, but directly killed his spirit.

This is the magic power of ten thousand ghosts to kill the heart.

Ye Chen was deeply in crisis when he saw the endless evil spirits coming. The vastness of the world loomed on his palms, so he was ready to use Daqian Chonglou palms to directly break and kill them.

The magic power of daqianchonglou palm is extremely strong and can be said to be the first in the world. No matter what strong enemy or ghost, you can blow it with one palm.

Although it takes a lot of energy to use the thousand towers palm, ye Chen can't care so much at this moment. If he doesn't break and kill again, he's afraid he'll be caught.

"Grave master, wait a minute!"

Just when ye Chen was ready to start, in the reincarnation cemetery, the voice of Jiuyou evil king came out to stop Ye Chen.

Ye Chen said, "elder, what's the matter?"

Jiuyou evil king said, "your thousand heavy tower palm is too powerful. I'm afraid it will damage the holy soul fragment."

Hearing the speech, ye Chen felt a chill in his heart.

Indeed, his thousand towers palm can explode the universe. If it comes out, I'm afraid it will hurt the holy soul fragment.

Although it will not be destroyed, it must be a heavy blow. If you want to repair it at that time, it will be troublesome.

Jiuyou evil king then said, "that Jiang Chenzi said you were a spy. He must have deliberately made a misunderstanding, but you have no grievance with him. He has no reason to hurt you."

Ye Chen said, "master, what do you say?"

Jiuyou evil king said, "you'd better pretend to surrender first and watch the change. I'm the same as Jiang Chenzi. Before I know his plan, I'd better not tear my face."

He knew Ye Chen's power. If ye Chen burst open, he was afraid that everyone present would die. It would be difficult to clean up at that time.

If you want to invite Jiang Chenzi out of the mountain, you can't tear your face.

Ye Chen has many questions in his heart. He doesn't understand why Jiang Chenzi wants to slander him and say he is a spy.

Before these questions were solved, ye Chen also felt that Jiuyou evil Jun was right. It's better not to tear his face.

Then ye Chen pulled out the evil sword, pretended to wave a few swords to repel the nearby evil spirits and demons, then pretended to be defeated, took the sword, raised his hands and said, "well, don't fight, I surrender!"

Seeing ye Chen's surrender, Xiaoyao ghost Zun looked happy and said, "well, you spy also know what to do. Come on, take him down and take him into the gate of celestial burial." Put away the holy soul fragments, which are precious and important, and seal them in the earth vein again.

Chapter 6517

The left and right fighters should say, "yes!"

Then two martial artists put a heaven lock on Ye Chen, blocked his accomplishments and took him away.

If it had been before, ye Chen would have been imprisoned.

But now, his martial arts are too strong, especially after he has trained into daqianchonglou palm, his martial arts can't be imprisoned by any means.

This heavenly lock, for him, is a decoration. As long as he wants, an idea can break away.

However, ye Chen still doesn't want to tear his face. He wants to see what plan Jiang Chenzi has and why he has to say that he is a spy.

At present, ye Chen was silent, pretending that he was really suppressed and imprisoned, and there was no resistance.

The two warriors finally escorted him to the north of the ghost land, in front of a gloomy and terrible door.

This door, inlaid in the mountains, is dark and strange, filled with a trace of the majesty of burial. It seems that even heaven and earth can be buried, very strong.

Look carefully, there are many mottled cracks on the door.

The door is worn out.

"Ah, it's the gate of celestial burial. Be careful. Don't capsize in the gutter."

Jiuyou evil Jun was slightly surprised and reminded him.

It turns out that this door, called the gate of celestial burial, is one of the nine gates of the flood and famine.

Ye Chen has seen the gate of all evil among the nine gates of the wilderness.

This gate of celestial burial is more terrible than the gate of all evils, showing an atmosphere of burying heaven and earth, as if everything in the world can be completely buried, extremely strong.

Ye Chen kept an eye on it, guarded the soul with the wish star, and then guarded the flesh with the yellow spring map, making an absolute defense.

"Go in! It will be the birthday of Emperor Wu in a few days. You spy is very suitable to be used as a sacrifice to heaven. "

A martial artist smiled and pushed Ye Chen into the door of celestial burial.

Inside the gate of celestial burial, there is a purgatory like scene. Since ancient times, the buried enemies, thick bones and infinite blood, have accumulated in the gate. The smell of blood is shocking.

Fortunately, ye Chen was prepared. Both flesh and soul were protected by magic weapons, so he was not affected by the bad surrounding environment.

Bang!

The warrior who led the soul to the ghost place locked Ye Chen in and closed the door tightly.

After ye Chen determined that there was no one around, he opened the tianlock on his own, and then offered the wish Tianxing. Inspired by the aura, he shouted, "I make a wish, the white bones disperse and the blood drives away."

As soon as the sound of wishing fell, the white bones and blood around Ye Chen all retreated, and a pure land appeared, and even the air became fresh.

Ye Chen sat down with his knees crossed, calmed his mind a little, and thought about Jiang Chenzi's move. Why is it.

But after thinking, ye Chen didn't know why Jiang Chenzi deliberately slandered himself and said he was a spy.

Ye Chen spent three days at the gate of celestial burial.

Three days later, footsteps came from outside.

Ye Chen walked out of the pure land and drowned the pure land with blood. He put on the heaven lock again and pretended to be tortured and decadent.

Boom!

The door of celestial burial was opened, and a man came in from the outside. It was Xiaoyao ghost Zun.

There are several guards behind Xiaoyao ghost Zun.

Xiaoyao ghost Zun smiled, looked at Ye Chen and said, "boy, you spy is trying to murder Emperor Wu. Fortunately, my master's eyes saw through it. Today is your death date!"

Ye Chen's face remained unchanged and said, "what do you want to do with me?"

Xiaoyao ghost Zun said: "naturally, I want to sacrifice you to heaven. Today is the birthday of Emperor Wu. Your blood and life are the best sacrifice!"

The voice fell. Xiaoyao ghost Zun waved and two guards came out behind him. One left and one right detained Ye Chen and took him out of the gate of celestial burial.

Later, ye Chen was brought to the center of the soul inducing ghost land by the carefree ghost Zun and his party.

In this central area, a square is built.

At that time, it was early in the morning. The sun was bright. Even the Yin Qi of the ghost land dissipated a lot, and the sky rarely cleared up.

On the square, the crowd was full of believers from all over the country, and everyone's face was filled with joy.

Because today is the birthday of Emperor Wu and the most important festival in the ghost land.

People in the soul inducing ghost land do not know the Emperor Wu in their hearts. In fact, he has long been killed by the ancient emperor Yu Huang. Now there is no Emperor Wu in the outside world, only the legend of the old lord.

Ye Chen was taken to the square and thrown into the ranks of pigs, dogs, cattle, sheep and other animals, ready to be used as a sacrifice to worship Emperor Wu.

The statue of Emperor Wu stands in the center of the square. The action of the statue shows the posture of pressing the handle of the sword with hands. It is majestic and heroic. According to its appearance, it is the old lord Wu Jue God.

However, the posture of the statue is much more magnificent than the old Lord Ye Chen has seen. The old lord is completely lonely, but it can't be compared with the heroic appearance of the statue.

Ye Chen looked around, but he couldn't see the figure of Jiang Chenzi, the soul exterminator. The worship ceremony was presided over by Xiaoyao ghost Zun.

"Jiang Chenzi hasn't appeared yet. If he still wants to play riddles, don't blame me for being ruthless."

Ye Chen felt a chill in his heart. He was polite enough. He didn't resist at all these days, just waiting for Jiang Chenzi to explain.

But, unexpectedly, it's today. Ye Chen is ready to be sacrificed to heaven. Jiang Chenzi hasn't appeared yet.

Chapter 6518

Ye Chen has a limited temper. If the other party continues to play riddles, he can only tear his face.

If he wants to do it, I'm afraid that the whole soul inducing place and millions of creatures can't stop him from killing. A few incense sticks will be enough for him to kill through the world.

Jiuyou evil king said in a deep voice, "look first."

He still doesn't believe that Jiang Chenzi will hurt Ye Chen for no reason.

"Ladies and gentlemen, today is the birthday of Emperor Wu. If you do a good job in worship, you will be protected by Emperor Wu!"

Xiaoyao ghost Zun stood on the high platform above the square and presided over the sacrificial ceremony. The tone was full of excitement and piety.

He also believes in Emperor Wu.

The believers present cheered and shouted loudly. Everyone looked respectful and pious. They were all believers of Emperor Wu.

Ye Chen secretly laughed. If these believers knew the truth about the fall of Wujue God, they were afraid that their faith would collapse immediately and their spirit might go crazy.

But I saw believers rank and offer gifts of natural materials and earth treasures to worship Emperor Wu.

The sacrificial ritual officer under Xiaoyao ghost Zun began to slaughter cattle and sheep and sacrifice them to heaven with blood.

Soon, it was Ye Chen's turn.

Two sacrificial ceremony officials escorted Ye Chen to the statue of Emperor Wu and wanted Ye Chen to kneel down, but ye Chen's waist was straight, but he didn't kneel down.

The two instrument officials kicked Ye Chen's knee, but felt that they kicked the iron plate. They were stunned and vaguely found something wrong.

Ye Chen looked up at the statue of Wujue God. The whole statue was filled with circles of white light. These white lights were the power of faith and gathered the wishes of millions of believers, which was as vast as the ocean.

Buzzing, buzzing!

Ye Chen only felt that there seemed to be a change in the wild demon Heavenly Sword in his body.

The remnant soul of the old lord's recovery is in his waste demon sky sword.

Now, the ghost of the old lord resonates with the statue!

Millions of believers in the ghost land are originally dedicated to the old lord. The old lord is Emperor Wu, and Emperor Wu is the old lord.

This time, the light of faith on the statue of Wu Tiandi resonated with Ye Chen's wild devil Heavenly Sword, and seemed to be ready to flow to him.

"Ladies and gentlemen, today we caught a spy who broke in from other places. He wanted to murder Emperor Wu. What do you say?"

At this time, Xiaoyao ghost Zun didn't find anything different. He looked at the whole audience and said loudly.

"Kill him!"

"Take his blood and offer it to Emperor Wu!"

The whole audience was boiling and scolded Ye Chen one after another. Their eyes also looked at Ye Chen with anger, and some people threw sundries at Ye Chen.

Xiaoyao ghost Zun nodded and said, "well, since it's a spy, it's natural to kill him. Come and kill him!"

Immediately ordered them to kill Ye Chen.

The two instrument officials pulled out a knife and prepared to cut Ye Chen's neck.

At this time, a sudden change occurred.

But I saw the statue of Emperor Wu, and all the vast beliefs and wills gathered madly to Ye Chen's body.

In an instant, the beliefs of millions of believers were absorbed by Ye Chen.

Ye Chen's whole body emits a divine radiance, showing a silvery white brighter than the sun, which is dazzling.

At this moment, he seemed to be the incarnation of Emperor Wu. Just going to that stop at random, he had an amazing spirit, as if he was the emperor who dominated the world.

"What's going on?"

"How did Wu Tiandi absorb his worship belief?"

"Is he the reincarnation of Emperor Wu?"

"How is this possible!"

The people looked at this amazing vision and were completely stunned. No one thought that all the beliefs originally enshrined to Emperor Wu were absorbed by Ye Chen.

Boom!

Ye Chen's aura burst, and a space force exploded, crushing the Fengtian lock directly and restoring his freedom.

Excited by Ye Chen's momentum, the surrounding instrument officials and guards retreated in panic.

The majestic belief energy was absorbed by Linger.

"Tut Tut, these energies are pure and suitable for me to nourish."

Linger licked her lips, but she took the initiative to absorb the faith of those believers.

Under the nourishment of the majestic belief energy, her state was greatly restored, and Ye Chen's virtual tablet was also transformed into a complete one at this moment, and the power of the virtual spirit pulse became more powerful.

Even if Ye Chen didn't do it deliberately, the space power and divine power in the depths of his blood burst out directly and crushed the heaven lock that bound him.

Now, Ye Chen's empty stele, like dust stele, inflammation stele, wind stele and so on, has completely transformed and completed, and the aura has reached the peak.

This feeling of perfection makes Ye Chen full of breath and happy.

"Absorb the faith of the old lord and be careful that he punishes you."

Ye Chen noticed Linger's action, but turned his eyes.

Linger said, "this belief is not enough for the old lord. It might as well be cheaper for us."

At the peak of the old lord, he commanded the entire supreme world and radiated the universe, with countless believers.

There are only a few million people in the soul inducing ghost land. The energy of these millions of believers is naturally not worth mentioning to the old lord.

However, this energy is very important for the virtual tablet. It can make the virtual tablet perfect and greatly restore the state of linger.

Therefore, ling'er simply swallowed it himself. You're welcome.

Ye Chen didn't say anything more. After all, linger's little actions are small things. Compared with the real overall situation, they are not worth mentioning.

And Xiaoyao ghost Zun was completely shocked to see ye Chen absorb the belief of Wu Tiandi.

The scene in front of him was beyond his imagination. He was stunned and muttered, "how could this happen? Master didn't say. Is this an unplanned test?"

He was at a loss and didn't know what to do for a moment.

Like millions of believers around him, he worships Emperor Wu and has a strong belief in his heart.

But now, seeing that ye Chen absorbed the incense energy of Emperor Wu, he felt that his faith had collapsed.

The believers in the audience were also caught up in riots and turmoil. Everyone was full of anxiety and fear and couldn't understand what had happened.

While the whole scene was in chaos, the sky was thunderous and suddenly shrouded in black gas.

The black air billowed like the end.

In the dark air, an old face gradually appeared, with the ancient vicissitudes, loneliness, wisdom, majesty and so on.

"The grandmaster has come to life!"

"Are you going to leave?"

"If you have a Grandmaster here, you can solve the strangeness in front of you!"

All the believers were surprised when they saw the old faces in the sky. They knelt down and shouted in unison:

"See grandmaster!"

Chapter 6519

It turns out that the faces in the sky are the masters behind the scenes of the ghost land. They are also the ancestors of all people here. They are the strong man of tianwuxian sect in the past, the leader of ghost Holy Ghost fragments, and the extinct soul master Jiang Chenzi.

Xiaoyao ghost Zun is only Jiang Chenzi's disciple. He appears to be the leader of the sect, but the real master of this place is his master Jiang Chenzi!

"See your teacher!"

Seeing the appearance of Jiang Chenzi, Xiaoyao ghost Zun was too busy to kneel down.

Jiang Chenzi only looked at Ye Chen and said, "ye Daoyou, I misunderstood. In fact, you are not a spy. Please come and get together."

Hearing Jiang Chenzi's words, the believers present were even more stunned.

It turns out that ye Chen is not a spy. Is this just a misunderstanding?

Ye Chen snorted. These days, he didn't receive any courtesy. He had to be killed to worship heaven. No one would be in a good mood.

However, he also wanted to listen to Jiang Chenzi's explanation, so he rose against the wind, broke through the air all the way under the leadership of Jiang Chenzi, and finally came to a ruin in the soul inducing ghost land.

The ruins are full of white bones and ghosts.

And Jiang Chenzi's real body, standing alone in the white bones all over the ground, looks desolate and lonely.

Ye Chen has watched this picture for a long time, so he doesn't think it's different.

"Master Jiang Chenzi, please give me an explanation!"

Step by step, ye Chen breaks white bones and comes to Jiang Chenzi.

If he hadn't been strong, he would have been imprisoned by the heaven lock, and finally he would even be sacrificed to heaven.

Jiang Chenzi smiled bitterly, looked back, looked at Ye Chen with turbid eyes and said, "Lord of reincarnation, you come to my broken place. What can I do for you?"

Ye Chen felt a chill in his heart. He wanted to ask Jiang Chenzi to save the blood god, but the experience of these days made him unwilling to show weakness and open his mouth. He said:

"Elder Jiang, you should explain first, slander me as a spy, and even sacrifice me to heaven. This is your way of hospitality?"

Jiang Chenzi coughed, sighed and said, "Lord of reincarnation, you are the breaker in the prophecy of the inner earth, not only the Bureau of the inner earth, but also the Bureau of the old days. I want to test you."

Ye Chen's eyes coagulated and said, "who broke the game? You want to test me? "

Jiang Chenzi said: "yes, the Emperor Wu has fallen, and the martial immortal sect has been cut off. Although I live in seclusion, I am actually forced to have no choice. I always have the idea of revitalizing the sect in my heart, but it is a pity that I can't be realistic."

"Your presence, however, gives me hope. If you can do it, it may revitalize the Taoist tradition of tianwu immortal sect."

"But I'm not sure about your strength, so I need to test it. I arranged Xiaoyao ghost Zun to slander you as a spy. In fact, I want to deliberately provoke you and force you to break out. I can also see your strength."

Ye Chen was stunned. Then he smiled and said, "you want to test my strength. Martial arts competition is just that. Why deliberately slander?"

Jiang Chenzi shook his head and said, "the general competition can't test anything. Only when life and death are critical can you witness a person's real strength. But I didn't expect that you were calm and didn't do it."

Ye Chen said, "I don't want to tear my face."

Jiang Chenzi sighed, "I'm abrupt. I've been living in seclusion for too long. My human sophistication has been blurred. I'm almost an old fool. If I offend anything, I hope you can forgive me."

With that, Jiang Chenzi bent down and bowed to Ye Chen.

Ye Chen felt the breath of Jiang Chenzi. It was about five layers of heaven in the hundred yoke territory. In fact, the martial arts was not weak, but it gave people a feeling of decay and weakness, as if the wind was about to fall.

Obviously, Jiang Chenzi is a martial artist in the old era. In this new era, there is no new container. Although his martial arts are strong, they have also gone to decay. At present, they are just surviving.

After a pause, Jiang Chenzi then said, "you can actually absorb the belief of Wu Tiandi just now. It seems that you have a long history with Wu Tiandi. I want to entrust you to revitalize tianwu immortal gate. That's superfluous."

Since ye Chen has a deep relationship with Emperor Wu, if he has a chance, he will naturally make a move to revitalize tianwu immortal gate. It doesn't need Jiang Chenzi to say more.

The old lord Wu Tiandi, the ghost is in Ye Chen's sword. Ye Chen is silent, but he doesn't easily expose the secret.

After thinking for a while, ye Chen said, "master Jiang, break the old situation and revitalize tianwu Taoism. I naturally know that you don't have to worry. If it's convenient for you, save a friend for me. He's in a bad situation."

Since the misunderstanding has been cleared, ye Chen doesn't talk nonsense and directly explains his intention.

Jiang Chenzi coagulated slightly and said, "Oh, what do you need me to do? My old bones are very decadent. If you want to fight and kill, I'm afraid you can't do it."

Ye Chen offered the picture of the yellow spring, released the body of the blood God and settled down beside him. He said, "it's not fighting or killing. My friend is entangled by the old blood and is about to be taken away. I want to ask the elder to solve the misfortune of the old blood."

Jiang Chenzi looked at the blood god. In his turbid eyes, he immediately shot a fine light and said in a deep voice, "your friend, the immortal blood is the first-class in the world!"

There was even a trace of salivation in his eyes.

Because the body of blood god, immortal, is a very perfect container!

If he can give up, he can also restore his old vitality.

However, the expression in Jiang Chenzi's eyes just flashed for a moment, and then fell silent.

His breath has been too decayed, the deadline is coming, and it can't be recovered by any means. Even if the blood god is given to him, he can't take it.

Jiang Chenzi sighed and hurt himself. He explored the pulse of the blood god. He was surprised and said, "was it entangled by Chang Mo Jun?"

He is also a member of tianwu immortal sect. Naturally, he knows Chang Mojun.

Ye chenlian hurriedly said, "elder, can you solve it?"

Jiang Chenzi thought for a moment. He didn't want to be contaminated, but now he has to be contaminated. He said: "it's a little troublesome, but fortunately, Chang Mojun, his real body has been killed, leaving only the last bit of blood will. It shouldn't be difficult to eliminate it, just take a little time."

Ye Chen said, "how long will it take?"

Jiang Chenzi said, "three days or so. During this period, you protect the Dharma for me. I have a hunch that it seems that the weather will change. Something big may happen in these three days."

Ye Chen said, "what's the big deal?"

Jiang Chenzi said, "I don't know, but I have caught a very dangerous secret. In short, you will protect the Dharma for me in the past three days."

Although Ye Chen had some doubts in his heart, he still said, "yes!"

After that, ye Chen stood aside with his hands down and focused on waiting.

Chapter 6520

Jiang Chenzi took a deep breath, calmed his mind and stared at the body of the blood god.

Ancient Runes flowed through his pupils, as if they belonged to the old times.

Mysterious and profound.

"Chang Mo Jun, your spirit has long been exhausted. Why struggle?"

"The old era is over, dissipated, not persistent, is the right way."

Jiang Chenzi's voice was bleak. With a wave of his withered palm, there was a gloomy and bloody light in the distance.

Ye Chen looked up and saw that the light was emitted by a door.

That door is the gate of heaven burial of the nine gates of Honghuang!

Even at this moment, the gate of celestial burial gives Ye Chen an extremely strong sense of oppression.

The effect of this thing in Jiang Chenzi's hand is terrible!

"The gate of celestial burial, bury it for me!"

Jiang Chenzi summoned the gate of celestial burial and drank violently. On that day, the gate of burial opened and a bloody and ferocious world like hell emerged.

At this moment, ye Chen next to him felt more deeply.

Fortunately, ye Chen operated in time, and Hongmeng starry sky was not affected at all.

"It seems that the nine gates of flood and famine are really unusual."

"I don't know what the origin of the existence behind these nine doors is."

"Is it all about the old times?"

"Or is it a game of chess?"

Ye Chen shook his head and stopped thinking. He believed that he would encounter the remaining doors in the future.

It is even possible to run several of them.

At present, the most critical thing is the safety of the blood god.

Anyway, blood god is still very important to Ye Chen.

WOW!

The blood god was full of Qi and blood, and a wisp of old dirty blood was sucked out, distorted and transformed into a human shape, which was the figure of Chang Mo Jun.

On that day, the door of the funeral erupted a very terrible suction to pull Chang Mo Jun in and bury him completely.

Chang Mojun opened his eyes and felt the swallowing of the gate of celestial burial. He suddenly breathed sluggishly, stared at Jiang Chenzi and shouted, "Jiang Chenzi, how can it be you! So you're not dead? What do you want to do, dare you swallow me? "

In those days, under the command of the old lord, Jiang Chenzi lurked in the heart of the earth. Chang Mojun just thought he was dead long ago. He didn't expect to meet him here.

"Ha ha, Chang Mo Jun, admit your fate!"

Jiang Chenzi didn't talk nonsense. He was full of aura and urged the door of celestial burial. The door erupted into a more terrible force, constantly dragging Chang Mojun's body past.

"Thorn Blood Sword, kill!"

Chang Mo Jun's eyes were torn, but he was unwilling to perish. He used a thorny Blood Sword to kill Jiang Chenzi.

Jiang Chenzi was not alarmed, but still urged the gate of the celestial burial. He had no plan to defend, because ye Chen was standing next to him.

"Ba Bu Fu Tu Qi!"

Ye Chen waved a palm, and a pagoda came out of his palm and fell down. The golden light burst and destroyed Chang Mo Jun's thorn Blood Sword.

Chang Mojun screamed "ah", with a painful look on his face.

Taking advantage of this opportunity, Jiang Chenzi urged the door of celestial burial and pulled him in. He would close the door and bury him completely.

But Chang Mo Jun was fierce and didn't want to die at this time. He put his arms out and stopped the door from closing.

"Jiang Chenzi, you can't kill me! I am the leader of tianwu immortal sect and the leader of the crown of thorns. No one in the world can kill me! "

Chang Mo Jun roared up to the sky, his eyes burst into blood, struggling desperately and resisting tenaciously, and death would not close the door.

He knew very well that once the door of celestial burial was closed, he would be completely driven into the wasteland hell, the form and spirit would be destroyed, and there was no hope of life.

Under the desperate resistance of Changmo Jun, Jiang Chenzi's face was also slightly dark and his breathing was a little scattered, but he still maintained the Yin formula, kept the gate of celestial burial running, and didn't let Changmo Jun get out.

The two fell into a stalemate.

Jiang Chenzi wants to close the door of celestial burial and block Changmo Jun. at the critical moment of his life and death, Changmo Jun is fighting tenaciously.

Seeing this, ye Chen took a step forward and asked, "senior, if I can help?"

Jiang Chenzi said, "no, if outsiders intervene, it may disturb my breath. I said it will take three days. Just continue to protect the Dharma for me."

Ye Chen said, "yes!"

Jiang Chenzi took a deep breath and continued to operate the gate of celestial burial. He estimated that he could completely bury Chang Mojun in three days.

Chang Mojun knew it was difficult to get away and cursed loudly, but he had no choice but to pray for a miracle.

Ye Chen guarded Jiang Chenzi, silently.

After two days, ye Chen suddenly felt that there was a dangerous breath approaching.
