

Physician 6521

Chapter 6521

At the last moment of his life, Chang Mojun's eyes were blurred. There was no usual hatred and hostility, only endless sadness and regret. The blood flowing from his eyes was like tears.

Bang!

Finally, the door of celestial burial was closed, and Chang Mojun was completely buried, and all will and voice disappeared.

When ye Chen heard Chang Mo Jun's last words, his heart trembled inexplicably.

"Lord of reincarnation, I am lucky not to disgrace my life."

Jiang Chenzi buried Chang Mojun, and let out a mouthful of turbid air. His face was black and pale, panting, and his oil lamp was dry.

"Elder, are you okay?"

Ye Chen even worried that he would be out of breath and die directly.

"It's all right. I can't die for the time being. I have at least a thousand years to live."

Jiang Chenzi put away the gate of celestial burial and said.

A thousand year life span may be very long for ordinary people, but for martial artists like Jiang Chenzi, it can be said that the deadline is coming.

Ye Chen was silent. At this time, he heard the blood god groan and woke up.

Chang Mo Jun died and the blood volition wrapped around him was completely dissipated. He got part of the blood essence of Chang Mo Jun, automatically absorbed and fused, but there was brilliant blood light diffusing out.

This brilliant blood light breeds thorns full of killing and cutting, which is extremely strong.

"Master blood god, you wake up!"

Ye Chen was pleasantly surprised and felt the breath of blood god. It seemed that he had grown a lot and obviously reached the hundred yoke state.

Obviously, Chang Mo Jun's will dissipated, and the blood God finally got rid of the shackles and broke through the shackles smoothly. At present, his cultivation is a hundred shackles.

"Ye Chen, you saved me again."

Blood God woke up, slowly sat up, looked around, and knew that ye Chen saved him again.

Ye Chen said, "how do you feel now?"

The blood God felt his breath a little and said, "cut seventy-two flail. At present, it is a layer of heaven in the hundred flail realm."

Ye Chen said, "very good. You're fine."

Seeing that the blood god was finally all right, ye Chen was relieved.

Moreover, this disaster also made the blood god break and then stand, reaching a layer of heaven in the hundred yoke realm, and the cultivation transformation was quite huge.

If ye Chen has this help in the future, it will be much easier to fight against wanxu.

When Jiang Chenzi saw this scene, he nodded with satisfaction.

Boom!

At this time, the sky suddenly shook violently.

Then, thousands of auspicious gas gushed, and the rosy clouds surged.

There is a big tripod floating in the sky like a mirage.

"Is this the nine tripods array of the ten thousand ruins? The second tripod? "

When ye Chen saw the big tripod, his pupils contracted.

This is the weather of Jiuding array in wanxu!

Moreover, it is the second tripod!

Before the nine tripods array in wanxu, only the first tripod came, and the totem has not been completed.

But now, when the first tripod is not perfect, the second tripod comes ahead of time!

Obviously, the feather emperor felt Ye Chen's transformation and risked his troops. Even if it was not perfect, he insisted on coming to the second tripod in advance in order to suppress Ye Chen.

Ye Chen has trained into a thousand towers palm. If he doesn't suppress it, he will be invincible. The ruins can't stop his edge.

The will of the second tripod is obviously hostile.

Ye Chen breathed a burst of suffocation, only feeling that her blood was suppressed.

This second tripod is for him!

"Is it going to change?"

Jiang Chenzi narrowed his eyes and looked up at the giant tripod in the sky.

The soul inducing place is isolated from the world, but the huge tripod weather in wanxu can break through the void and convey it here. It can be seen that the second tripod is strong.

But on the tripod, one totem was lit up, and all nine totems were lit up!

These nine totem as like as two peas, nine flowers, all the flowers of hell, that is, the legendary flower of the other shore, Lycoris radiate.

"The flower of hell, manzhushahua? Does it have anything to do with the emperor Shi Wanye, the founder of the emperor Shi family? "

Ye Chen's heart was cold and he thought of the founder of the emperor's Buddhist family, Emperor Shi Wanye.

Emperor Shi Wanye is the ancestor of the emperor Shi family and one of the ten Heavenly Kings. He is also the high-rise of the wanxu temple and the leader of the nine heavenly gods' art Manzhu shahua Sutra.

At that time, the wanxu temple was not founded by the ancient emperor Yu Huang alone. Other heavenly kings and ancestors all contributed.

Like emperor Shi Wanye, the ancestor of emperor Shi family, is one of the partners.

When the second tripod came, all the nine totems were lit up, and all of them were the weather of the flower of hell, which was obviously related to Emperor Shi Wanye.

In addition to the three wills of the first tripod, twelve wills have come to wanxu, which is a big step forward from the perfect state of 9981.

Ye Chen's face was very ugly. He could blow up the three wills of wanxu with one palm before, but in the face of the gathering of the nine wills, he was also difficult to eliminate.

"It's not a simple will."

The blood god looked up at the sky and felt a burst of suffocation when he looked at the huge tripod.

After a pause, the blood God said to Ye Chen, "Ye Chen, I have just broken through. My accomplishments still need to be consolidated. I can't help you for the time being. I need to go back to the blood death prison and practice in isolation. When I leave the customs, I will fight side by side with you again!"

Ye Chen said, "well, master Xueshen, go back and have a rest first. Although the wanxu crisis is serious, there are three years after all, so you don't have to be in a hurry."

The blood God said "well" and left immediately.

Jiang Chenzi opened the prohibition of soul inducing ghosts and sent the blood God out.

"Lord of reincarnation, the second tripod of wanxu comes. What can you do to deal with it?"

Jiang Chenzi looked at Ye Chen and asked.

Ye Chen thought for a moment and said, "I need to find someone to discuss."

He thought of Ren Feifan in his heart. Now the second tripod of Wanhui comes. He must discuss the countermeasures with Ren Feifan.

Jiang Chenzi said with a smile, "are you going to find Ren extraordinary?"

Ye Chen was surprised. Unexpectedly, Jiang Chenzi guessed and said, "senior, do you know Ren extraordinary?"

Jiang Chenzi's eyes flickered for a moment, as if he remembered something ancient and said, "Ren's destiny, the protector of reincarnation, who doesn't know? One hundred years after the rise of the ancient emperor Yu Huang and the collapse of the Taoist system of tianwuxian sect, I once left the inner earth to seek avenge. "

"At that time, I accidentally met Ren Feifan. I competed with him and lost to him. Alas, maybe it was my life."

Ye Chen was surprised to hear that Jiang Chenzi mentioned the past. Unexpectedly, Jiang Chenzi would know Ren Feifan and had fought against each other.

However, with the strength of Jiang Chenzi, he is obviously not any extraordinary enemy.

Ren, especially the strong man at the level of Tianjun, is conservatively estimated to be boundless. With his current strength, the top five experts in the world are not sure, but the top ten must be no problem.

Chapter 6522

Jiang Chenzi then said, "later, I went back to the inner earth and talked with the ten sword saints. I benefited a lot. Now my time is coming and I have only one wish in my heart."

Ye Chen said, "what wish?"

Jiang Chenzi said, "I want to see Ren extraordinary again. I miss his style and want to compete with him again."

Ye Chen was stunned and looked at Jiang Chenzi's decaying and weak appearance. How could he compete with Ren extraordinary?

You know, over the years, Ren Feifan has become a Xihuang thunder seal, and not long ago, he had another adventure in the inner earth, got the giant whale tree of Ren family, and his accomplishments have broken through many.

It is estimated that any extraordinary blow can kill the river dust thousands of times. There is no need for the two sides to compete. The strength gap is too big.

Jiang Chenzi smiled and said, "I know my cultivation breath. There is a big gap between me and Ren extraordinary, but this competition is not a fight. I just sit and talk. I want to talk to him before I die."

"Lord of reincarnation, I hope you can accomplish it. Help me tell Ren extraordinary."

Ye Chen hesitated for a while and said, "senior, I can promise to deliver a message for you, but if Ren Feifan is willing to see you or not, I can't guarantee that the crisis of wanxu is serious now. Senior Ren won't be exposed at leisure."

Jiang Chenzi said with a smile, "it's good if you will help me deliver a message. As a reward, I'll give you this holy soul fragment."

With that, Jiang Chenzi waved, the earth cracked and a piece of crystal fragment floated out.

This crystal fragment, printed with the word "ghost", is one of the fragments of the reincarnation holy soul day.

The six pieces of reincarnation Holy Spirit sky, one in Jiang Chenzi's hand, is the representative of the way to eliminate ghosts.

The legendary reincarnation holy soul day can awaken the reincarnation soul body and master the strongest soul power after refining. Although it is not included in the ranking of supreme artifacts in the thirty-three days at present, it was once the strongest first existence, but it was later stripped out of the ranking because no one could hold it.

When ye Chen saw the holy soul fragment, he only felt the vast breath of soul coming.

If he can absorb this fragment, his soul power will be greatly improved.

"Elder, do you want to give me the holy soul fragment?" Ye Chen's breathing was a little stagnant, and he said.

Jiang Chenzi smiled and said, "yes, this reincarnation holy soul day is originally the companion magic weapon of reincarnation blood. It belongs to you. If I give it to you, it will be returned to its original owner." Sacrifice the fragments and give them to Ye Chen.

Ye Chen caught the holy soul fragment and felt that it was light and had no weight. It looked like a crystal on the surface, but it was actually the crystal of the soul. The evolution of the sky and the universe had no real weight, only the power of the soul.

Jiang Chenzi said, "as far as I know, there is a fragment in the reincarnation holy soul day, which represents the power of Shura soul path and is related to Shentu family. If you have a chance in the future, you can go to Shentu family."

Ye Chen said, "there is a fragment of the holy soul in the hand of the butcher Shen?"

Jiang Chenzi said, "I'm not sure, but I'm sure that the fragment is related to the Shentu family. Even if they don't collect it, they know the whereabouts of the fragment."

Ye Chen said, "OK, I see. Thank you for telling me."

Jiang Chenzi said, "well, the Lord of reincarnation, please inform Ren Feifan as soon as possible. My life is not much. There are only thousands of years left. It seems long, but it's only between my fingers. If I don't see Ren Feifan again, I'm afraid I won't have a chance."

His tone showed the meaning of admiration. It was obvious that he admired Ren extraordinary's demeanor. Before he died, he wanted to see Ren extraordinary again. It would be worthwhile to sit and talk about it.

Ye Chen's eyes coagulated and said, "OK, I'll inform elder Ren right away."

Jiang Chenzi nodded and said, "in addition, give me a incense stick in front of the tomb of the ten sword saints. I benefited a lot from discussing the Tao with him. He is the person closest to the ultimate of Jiandao and stops the water and breaks the waterfall. Unfortunately, he fell. No one in this world should be able to understand the mystery of shuistop Jiandao."

In his tone, he was deeply sorry for the fall of the ten sword saints.

Ye Chen hesitated for a moment. In fact, the ultimate goal of Kendo is to stop the water and break the waterfall. He has realized that he is invincible in the world when it comes to Kendo alone.

But after thinking about it, ye Chen finally didn't speak, so as not to disturb Jiang Chenzi's mind.

"Elder, don't worry. I will worship the ten sword saints for you."

Ye Chen promised to come down.

Jiang Chenzi nodded happily, then opened the prohibition of the soul inducing ghost land and sent Ye Chen away. He didn't need to use the power of the virtual monument again.

Ye Chen immediately left the ghost land, sent a flying sword letter, explained the cause and effect to Ren extraordinary, and told Jiang Chenzi about it.

After the flying sword was sent, ye Chen waited in place.

.....

meanwhile.

An ethereal place.

A man with blood in his pupils sat cross legged.

His whole body was full of Ancient Runes. His breath was not the peak. He was obviously hurt.

Suddenly, the man sensed something, opened his eyes, grasped it with five fingers, and a flying sword appeared in his hand.

He felt it slightly and showed a long lost smile.

"It seems that the Lord of reincarnation has come to this step."

"However, I haven't seen you for a long time. It's time to see you."

"However, I still need five days to solve the injury first. Damn emperor Shi Wanye, if I see you again next time, it will not be half a head, but destroy your spirits!"

Chapter 6523

Ren Feifan then pinched the formula with his fingers and flew in one direction with a flying sword!

Then he stopped practicing, but stood up and closed his eyes.

For a few seconds, his eyes suddenly opened and the void in front of him was torn.

A vague figure of a woman appeared.

Ren Feifan looked at the woman and said faintly, "Qingcheng, haven't seen you for a long time."

Ye Qingcheng smiled and said, "what you gave me has been done."

"What's next?"

Ren Feifan pondered for a moment and said, "now this chess game is becoming more and more complex. I still have to wait for the Lord of reincarnation to grow up. As the protector of reincarnation, this is my main task in front of me."

Ye Qingcheng nodded gently, but still said, "if the Lord of reincarnation fails, doesn't it mean you also fail?"

"It's really good to place your hope on others?"

"Extraordinary, I don't believe in the Lord of reincarnation, but... I believe in you more."

Ren Feifan's eyes instantly turned serious, but when he saw Ye Qingcheng finally turned into tenderness, he stretched out his hand and stroked the virtual shadow of Ye Qingcheng, saying: "although I can hold this chess, I can't control this chess. Only reincarnation can do it."

"So, no matter what, ye Chen must take the lead."

Ye Qingcheng knew that it was useless to say more. He could only nod his head and say, "that's OK. You can heal your wounds."

Then the void closed and everything seemed to have never existed.

Ren Feifan took a look at the sky, and his eyes seemed to penetrate everything and came to the center of the earth.

He frowned slightly and murmured, "the second tripod of Jiuding came early. It seems that some people can't sit still."

"That's right. If I were the ancient emperor of the feather emperor, I wouldn't be able to sit still knowing that someone has become the first in the nine heavenly divinity."

"However, the current situation cannot be solved by Ye Chen alone."

"Just practice first, then."

With that, Ren extraordinary closed his eyes and began to continue healing.

.....

At the same time, the picture rotates and the geocentric region.

"When the second tripod comes, I'm afraid it's not easy to deal with."

Ye Chen looked at the sky. There were already two huge tripods suspended.

The nine tripods in wanxu, the two tripods in Zhentian, the new second tripod, are still in a perfect state. All the nine totems are shining, which makes people feel bursts of pressure and suffocation.

No matter where you are in the geocentric region, you can see the weather of these two tripods.

After waiting for a long time, the blood moon sword flickered in the sky. A flying sword letter was sent, which was Ren extraordinary's reply.

"Elder Ren replied!"

Ye Chen quickly caught the flying sword and opened the letter.

But the letter said, "I'm recovering from my injury. I'll find you in five days..."

Looking at the contents of the letter, ye Chen was shocked and thought, "elder Ren was hurt? Who hurt him? "

If you look at it carefully, Ren Feifan briefly explained the cause and effect in his letter.

It turned out that he found a tomb of the ancient emperor and wanted to go in for treasure.

But unexpectedly, in the tomb of the great emperor, he met Shi Wanye, the emperor of the top ten ancestors!

Emperor Shi Wanye is the founder of the emperor Shi family and the person in charge of Manzhu shahua Sutra.

Shi Wanye is also interested in the treasure of the ancient emperor.

Ren Feifan meets emperor Shi Wanye and the two sides fight.

Finally, Ren Feifan won completely, defeated emperor Shi Wanye and cut off half of the other party's head, which was seriously injured.

And Ren Feifan also suffered a serious injury and is currently convalescent.

"Elder Ren actually defeated emperor Shi Wanye and cut off half of the other party's head?"

Ye Chen looked at the content of the letter and was surprised.

He knew Ren was extremely strong, but he didn't expect to be so strong.

You know, Emperor Shi Wanye is one of the top ten Heavenly Kings and ancestors, and he is in charge of the nine heavenly gods. In terms of strength, among the top ten ancestors, he is second only to the feather emperor!

It's unimaginable that such a strong man was defeated by Ren extraordinary.

Ye Chen was pleasantly surprised, but she was worried.

After all, in that battle, Ren Feifan was also injured. At present, he is recuperating and can't even come to see ye Chen. He has to wait until five days later.

"Elder Ren, won't anything happen?"

Ye Chen was quite worried, but when he thought of Ren extraordinary's vast powers and majestic luck, he thought there would be no big problem.

Now ye Chen put down his heart and waited at ease.

"In these five days, I will refine the holy soul fragments and improve the soul power."

Ye Chen took out the fragments of the reincarnation holy soul day, sat down cross legged and silently began to absorb and refine.

.....

At this time, the geocentric region is in a remote ancient city ruins.

However, he saw a handsome white haired man with indisputable male and female standing on the top of the barren city and looking up at the giant tripod in the sky. His expression was also quite dignified.

"When the second tripod of wanxu comes, the crisis is becoming more and more serious. Xuan Jiyue has gone to xuanhai. How can she resist without the help of fate?"

The white haired man is the emperor Shi Tian.

Xuanjiyue fights with Ye Chen. Finally, xuanjiyue fails and is lucky to be taken to xuanhai. He is also worried.

On the one hand, he worried that without Xuanji moon, it would be difficult to resist wanxu.

On the other hand, he also felt his own danger.

Ye Chen is too strong. If he really fights, he can't support Ye Chen's move.

He has no luck like Xuan Jiyue. If he really fights, he will die.

Even if there is a crisis in wanxu, ye Chen will not kill him for the time being, but sooner or later there will be a moment of war.

Under the calculation of pinching fingers, Emperor Shitian found that his Qi was slim and in danger of destruction at any time.

He doesn't care about his life and death, but he can't help sighing when he thinks that the great cause of establishing an ideal world and trying to clean up the world has not been completed.

Behind emperor Shitian is the red lotus and purple gold palace. There are many palace buildings guarded by strong people.

This is the Mountain Gate of Diyu hall.

In order to improve Qi and strength, Emperor Shitian also moved the Mountain Gate of emperor yuan hall to the inner earth.

With the traditional spirit of the emperor yuan hall, the current cultivation of emperor Shitian has been promoted to the second floor of the hundred yoke territory. However, if it really fights, it still can't stop Ye Chen's move.

"Lord of reincarnation, your progress speed is amazing."

The emperor's heaven as like as two peas, the totem of the new Ding, nine flowers of hell, the legendary Lycoris radiate, are obviously related to the emperor's Buddhist priest.

The ancestor of the emperor Shijia, Emperor shiwan, is the nine heavenly divinity, which represents the ultimate master of the Manzhou sutra of Buddhism.

Seeing the totem of Manzhou sutra, Emperor Shitian thought that with the help of emperor Shizu, he would defeat the Lord of reincarnation.

However, under the coercion of the ancient emperor Yu Huang, even the emperor Shi Wanye has to give up his private affairs and cannot help the emperor to release heaven. He must try his best to suppress the earth's core region and suppress it together with the emperor to release heaven.

Chapter 6524

WOW!

While emperor Shi Tian was thinking, suddenly the huge tripod in the sky shook and spewed out a bright glow.

Then a flower of hell came down.

Emperor Shitian's eyes contracted slightly when he saw the coming flower of hell.

But he saw the flower of hell floating in front of him and turning into a teenager.

This young man, dressed in a white robe, half of his face is very handsome. He is much more handsome than emperor Shi Tian. He exudes great transcendence and bright Buddhist righteousness all over. He is actually a part of emperor Shi Wanye!

Emperor Shi Wanye always looks like a teenager.

Emperor Shi Tian saw half of Wan Ye's face. It was as handsome as the legend, but the other half

No, to be exact, the coming emperor shiwanye has only half of his face, and the other half does not exist.

His head was split in the middle and cut in half.

The cut was very flat and smooth, shrouded in a thick layer of blood moon brilliance, as if it would never disappear forever.

The emperor Shi Wanye, who has only half of his face, is so handsome that he is monstrous and ferocious that his appearance alone is creepy.

"Grandpa, it's you! You... How did you come? "

Emperor Shitian was extremely surprised when he saw Wanye. He didn't expect that emperor shiwanye would come.

The geocentric region is limited by rules, and it is difficult for the top ten ancestors to return to this hometown.

Emperor Shi Wanye said, "the feather emperor has arranged the nine tripods. Now the second tripod has come, and the rules of the geocentric region have been greatly suppressed. I have a chance to come, but I can't stay long. I have a very important thing to discuss with you."

Half of his face was cut off, and he was seriously injured, but his tone was still indifferent, revealing the heroic spirit of Buddhism, as if his body was just a smelly skin bag. No matter what damage, he would not shake his spirit. He was still steady, calm and unhurried.

Emperor Shitian also calmed down. Looking at the blood moon shining on the wound of emperor shiwanye, he vaguely guessed what he said: "Grandpa, what do you want to discuss? You are badly hurt. Who hurt you like this? "

Emperor Shi Wanye said, "it's Ren extraordinary's handwriting. He is the protector of the Lord of reincarnation. His strength is too strong. I could change with him before, but now he's not his enemy."

When the Confucians made an appointment to fight, Emperor Shi Wanye was qualified to exchange with Ren extraordinary limit.

In the result of the dreamland, the person who changes with any extraordinary limit is actually him.

The end of the dreamland was also seen by Emperor Shi Wanye.

But later, Ren Feifan had another adventure. He took charge of the giant whale divine tree of Ren family. His cultivation has made a great breakthrough. Now his strength has surpassed emperor Shi Wanye.

Even, Emperor Shi Wanye couldn't even change one. Only when he was defeated, can we see any extraordinary terror.

Emperor Shi Tian was shocked. Although he knew Ren was extremely strong, he didn't expect to be so strong. Even emperor Shi Wanye was not an enemy.

"Lao Zu, you fought with him separately, so did you fail?"

Emperor Shi Tian always couldn't believe it and asked.

The emperor shiwanye shook his head and said, "no, it's a real battle, and even used the nine heavenly gods, but it's not his enemy. This man is worthy of the legendary son of destiny. The strength breakthrough is too fast. No wonder even the reason is afraid of him and wants to kill him."

Emperor Shi Tian was even more shocked. He fought in real combat and even performed the nine heavenly gods. Emperor Shi Wanye couldn't beat Ren Feifan. His extraordinary strength was too outrageous.

"Grandpa, what do you want to discuss with me? My accomplishments are too shallow. Let alone Ren extraordinary. Even now I am the Lord of reincarnation, I am also invincible. "

Emperor Shi Tianyu was very sad. As the Lord of emperor yuan hall, he completely crushed Ye Chen. He didn't expect to be reversed so soon.

The emperor Shi Wanye said, "tianer, I want to discuss with you to let you go into the mausoleum of emperor panwu and look for the snow buried stardust. Once you get the snow buried Stardust, your heart demon cultivation can step into the threshold of the ninth floor. At that time, you will be invincible in the world. Although you can't judge the world, it's easy to see the hearts of people all over the world."

The eye pupil of emperor Shi Tian shrinks, and the ninth layer of the heart devil mantra sword has never been reached since ancient times.

Once you practice the heart devil curse sword to the ninth floor, it can almost be said to be invincible in the world. You can ignore the gap in the realm and use the heart devil to attack and kill everyone!

However, the ninth layer of the mind devil is too difficult to break through. The emperor Shitian has been aware of it for a long time, and even used some means of the law of time to sit in some secret places for more than 100000 years, so he can't see the mystery of the ninth layer.

But now, Emperor Shi Wanye said that there was an opportunity for him to break through.

Emperor Shi Tian hurriedly asked, "emperor panwu? Snow buried Stardust? What is the cause and effect behind the two? "

The emperor Shi Wanye said, "emperor pan Wu is a great man in ancient times. His life can not be tested, because it is too long ago, even older than the old times. He was once a strong man who dominated an era. In his treasure, there is a magic weapon named snow burial Stardust, which is the second highest artifact in the three or thirteen days. It has a great gain for the cultivation of the Tao mind."

"I wanted to capture the snow buried Stardust, refine it with the blood of the emperor's Buddhist family, and finally give it to you to let you absorb refining and break through the realm of mind demons. Unfortunately, in the ancient tomb of Emperor Wu, I accidentally met Ren Feifan, who also wanted to capture the snow buried stardust. Finally, I fought with him. I was completely crushed and defeated. I escaped by luck and didn't die."

Chapter 6525

"Now, I want you to go to the tomb of emperor panwu and seize the treasure."

With that, Emperor Shi Wanye took out a map and gave it to Emperor Shi Tian.

Emperor Shi Tian took it over and looked. This map is the map of emperor panwu's tomb.

From the time of Hongjun's ancestors to the present, hundreds of millions of years have passed through countless eras. The old era is only one of them, and before the old era, there are many ancient eras.

The pan Wu Emperor was a strong man in the ancient era. The legendary supreme artifact of the thirty-three days and the second highest snow buried Stardust were once in the charge of Pan Wu Emperor and now remain in his emperor's tomb.

Emperor Shi's heart moved. The legendary snow buried Stardust has a great gain in his cultivation of Taoist heart. If he can really get it, he may really reach the ninth floor of the highest peak!

However, the snow buried Stardust is very secret, and no one in the world knows where it is.

Now, from the mouth of emperor Shi Wanye, Emperor Shi genius knows that the snow buried Stardust is in the ancient tomb of emperor panwu.

Emperor Shi Tian said: "this tomb of Emperor Wu, Ren Feifan also has an eye on it. I'll go alone. Is it possible to seize the treasure?"

He was afraid that he would be killed by any extraordinary move before he saw the snow buried stardust.

The emperor Shi Wanye said, "it doesn't matter. Although I lost the war with Ren Feifan, I also hurt him. His strength loss is not small. As long as you act carefully, you won't attract his attention."

Emperor Shi Tian's heart was cold. Listening to Emperor Shi Wanye's words, it seemed that he could not guarantee his safety.

There is still a great danger in seizing the treasure!

But think about it carefully. How can it be so easy to break through the heart demon magic power to the ninth floor?

Wealth and wealth are in danger. If you want to seize this opportunity, you naturally have to bear great risks.

After a pause, Emperor Shi Wanye then said, "after you get the snow buried Stardust and step into the threshold of the ninth layer of heart demons, you can have an insight into heaven and earth, peep into the hearts of everyone in the world and know everyone's secrets."

Heart demons and supernatural powers are the highest state. They are very powerful and can peep into the hearts of the people!

In this world, ghosts and gods are not terrible, but the human heart is the most terrible thing.

And the human heart, even ghosts and gods, is the most mysterious existence in the world.

However, when you practice the heart devil big mantra sword to the ninth floor, you can cut all the fog, point directly at your heart and peep into the secrets of everyone's heart. It's very powerful.

It is precisely because we know everyone's secret that the trial of heart demons can really clear the world and ensure that no one will be wronged.

As long as there is evil in the heart, it will be exposed to the sword edge of the heart devil, and no one can hide.

Emperor Shi Tian said, "Lao Zu, what do you need me to pay?"

He knew very well that such a great opportunity could not be given away in vain. There must be another price behind it.

Emperor Shi Wanye said, "I need you to do something."

Emperor Shi Tian said, "what's up? When I reach the Ninth level of heaven, I will carry out the plan of judging the world. My father, you practice Manzhou shahua Sutra and have the power of Buddhism to protect your body. My heart devil can't judge you. You don't have to be afraid of me. "

The emperor shiwanye said, "I'm not afraid. I just want you to help me spy on a secret."

Emperor Shi Tian said, "what's the secret?"

The emperor Shi Wanye said, "the secret about the tablet of the heavenly king."

The emperor explained to heaven, "the heavenly king granted the God monument?"

Emperor Shi Wanye said, "that's right! In the war between the old and the new, the tablet of the heavenly king of tianwuxianmen was knocked down by our ten ancestors and picked up by one of them. "

"But none of our top ten ancestors admitted who took the tablet of the heavenly king."

"Someone wants to swallow this magic weapon alone and occupy great fortune. You can help me spy on who took it. Hehe, if we can find out, we can start first and take back the Fengshen tablet."

Tianjun Fengshen tablet, currently the No. 1 existence in the supreme artifact of the thirty-three days, as long as you write your name, you can get heaven's great Qi, and the Hongxing shines, which has infinite benefits.

The emperor shiwanye also coveted this monument. Unfortunately, he didn't have a chance to seize it.

If you succeed, you may be able to change everything in front of you.

Even the imperial family can rise!

In the end, this game of chess becomes more complex. One thing, a small thing, can change everything.

Emperor Shi Tian suddenly realized that emperor Shi Wanye wanted to use him as a chess piece to find out the whereabouts of Tianjun's Fengshen tablet!

Because the heart devil's big mantra sword can ignore the gap in the realm and see through everyone's heart after practicing to the ninth floor.

Therefore, as long as emperor Shi Tian practices to the ninth floor, he can peep into the mysteries of all people's hearts between heaven and earth.

At that time, who took away the tablet of the emperor's God, naturally can't hide his peep.

Emperor Shitian looked at his father and thought, "my father wants to use me as a chess piece. After using me, he will kill me."

"Although I am the emperor's family, I must go my own way."

He is very clever and has guessed the killing heart of emperor Shi Wanye.

Even the emperor Shi Wanye would not understand his great desire to try demons and establish an ideal country.

In the heart of emperor Shi Wanye, Emperor Shi Tian has always been an out and out madman. When such madmen are used up, it is better to kill them as soon as possible, so that the world will not be judged, and everyone will die. What's the meaning of ruling an ideal country with only a few thousand people left?

"Well, Grandpa, if my heart demon cultivation really reaches the ninth floor, I will help you spy on the whereabouts of the heavenly king's Fengshen monument."

Emperor Shitian promised to come down, knowing that he would be used as a chess piece, but he still promised.

He also has his own plan. If the heart demon curse sword is really practiced to the ninth floor, he will be able to change his life against the sky. At that time, Emperor Shi Wanye wants to kill him, which is not easy.

Emperor Shi Wanye was overjoyed. He seemed to see the dawn and said with a smile, "that's good. I wish you a smooth find of the snow buried stardust. You must be careful not to disturb Ren extraordinary, otherwise you will die."

"However, I believe you, this trip is bound to succeed."

Emperor Shi Tian thought of Ren extraordinary's strength and said, "yes, please rest assured, I will be careful."

After a pause, he thought to himself, "I don't know if my heart devil trial can judge Ren extraordinary? What is the devil in this man's heart? "

Emperor Shi Wanye said, "well, I'll go first. There are still great restrictions on the rules of the geocentric region. I can't stay for a long time, and it's easy to be found by the ancient emperor Yu Huang. If I have a chance in the future, I'll come back to you."

Emperor Shi Tian said, "Lao Zu, your injury..."

The emperor shiwanye said, "the body is just a smelly skin bag. This injury doesn't matter. You don't have to worry about me. I'll go first." Then he left the wind, his body hidden into the clouds and disappeared completely.

Chapter 6526

Emperor Shitian looked at the figure of emperor shiwanye leaving, and his eyes were very complex.

He knew that this was his last chance. If he failed to seize the snow buried Stardust, he would have no room to stand out in his life.

But how can it be so easy to compete with Ren Feifan?

Moreover, the arrival of emperor Shi Wanye is not foolproof. If the feather emperor knows it, the consequences will be unimaginable.

With the unkind and ungrateful character of the ancient emperor Yu Huang, if he knew that emperor Shi Wanye was behind the plot, he would not let go of the emperor Shi family.

After emperor shiwanye left, he did not immediately return to the supreme world, but plundered towards a place.

That place is the place that attracts ghosts!

.....

At this time, ye Chen naturally didn't know the changes in the outside world.

He didn't know that the ancient emperor's cemetery mentioned by Ren Feifan is actually the mausoleum of panwu emperor. Behind it are the legendary Taoist heart artifact and the snow buried Stardust!

Ye Chen is silently refining the fragments of the reincarnation holy soul day, and with his refining, the fragments of the holy soul gradually integrate with his body, and manifest a word "ghost" in the palm of his left hand!

The word "ghost" is dark and gloomy, filled with a very strange smell. It is the fragment of the way to destroy ghosts.

Boom!

With the successful refining of this holy soul fragment, a roar like volcanic eruption came out of Ye Chen's body, and the soul energy in the sea was soaring wildly.

Under the transformation of soul and body, the soul energy turned into his physical strength. He only felt that his own constitution was much stronger in an instant. With a gentle fist, there was an incomparably surging power in circulation, as if he could crush the avenue and practice the starry sky at will.

"Is this the power of reincarnation soul?"

Ye Chen's eyes were shining, and she felt that she had become much stronger, and her heart was also a burst of joy.

The complete state of reincarnation soul body is the gathering of six channels. Now ye Chen has only collected one channel and has not reached the perfect state.

But even if it is not perfect, ye Chen feels the strength of reincarnation soul. If he fights with Chang Mo Jun again at this time, he will never be as embarrassed as he was at the beginning.

At present, ye Chen's overall strength has been able to kill some strong people in the five-layer sky of the general hundred flail realm. Even in the face of the six-layer sky, some will be able to win in the fierce battle.

"If you can collect six pieces, take charge of the reincarnation holy soul day and awaken the complete reincarnation soul body, I don't know how powerful it will be."

In Ye Chen's eyes, there was a burning meaning, and she couldn't help looking forward to the future.

After looking at the sky and calculating the time, five days passed. Ye Chen thought, "elder Ren is coming?"

While thinking, I really saw a loud whale cry in the distant sky. A dreamy whale flew across the sea of clouds.

Ren extraordinary figure is standing on the giant whale.

"Senior Ren!"

Ye Chen was overjoyed when he saw Ren Feifan coming.

Ren Feifan nodded slightly, landed in the air and said to Ye Chen, "boy, haven't seen you for a long time."

Ye Chen looked at Ren Feifan and saw that his face was pale. He worried and said, "elder Ren, are you hurt?"

Ren Feifan smiled faintly and said, "it's not in the way. It's just a slight injury. The emperor shiwanye can't help me. Instead, he was badly hurt by me. I think he can't rob the treasure of panwu emperor with me."

Ye Chen was a little strange and said, "emperor panwu?"

Ren Feifan said, "well, Emperor panwu is a supreme power in ancient times..."

At that moment, I briefly explained the treasure of panwu Heavenly Emperor, the secret of snow burial of Stardust, and his struggle with emperor Shi Wanye.

Ye Chen was surprised and said, "the second highest artifact is in the mausoleum of panwu emperor?"

Ren Feifan said: "yes, the snow buried Stardust has a great gain for the cultivation of Taoist heart. My cultivation stagnates at the bottleneck. I need the breakthrough of Taoist heart to break through the realm. Therefore, I am determined to get this snow buried Stardust!"

Speaking of the end, Ren extraordinary shook his fist with a burning sense of war in his eyes.

Ye Chen has never seen it before. Ren Feifan has such a blazing look. Obviously, the snow buried Stardust is very important, and he is very eager to be re elected.

"Elder Ren, if you can find something useful for me, please don't hesitate to speak." Ye chendao.

Ren Feifan smiled and said, "if you are willing to help, it's natural. The mausoleum of Emperor Wu is forbidden everywhere. The activities are very troublesome. If you take charge of the virtual monument, you may help me break through the void and successfully capture the snow buried stardust."

Ye Chen said, "the emperor shiwanye side..."

Ren Feifan said, "I cut off half of his head and didn't dare to show his head again. I also blocked the treasure of Emperor Wu with Xihuang thunder array. It's impossible for outsiders to seize it. After a few days, I'll recover completely and go to seize the treasure."

Finally, Ren Feifan coughed twice, obviously fighting with emperor Shi Wanye, which hurt his vitality. Although he didn't hurt his muscles and bones, he also needed time to recuperate.

Ye Chen thought of his agreement with Jiang Chenzi and said, "elder Ren, in these days, you follow me to the soul inducing place to meet the extinct soul master Jiang Chenzi."

Ren extraordinary nodded and said, "well, it's just a distraction. Meet your old friends."

After the agreement, Ren Feifan followed Ye Chen to the ghost land.

Ye Chen has refined the Holy Ghost fragment of the ghost killing path and connected it with the Qi machine of the soul inducing ghost earth. It is very easy to break through the void and directly step into the soul inducing ghost earth.

When they stepped into the soul inducing place, they found that the weather here was very different, filled with bright golden Buddha light everywhere, vast and solemn, and Buddha singing Sanskrit in the void.

Hoo hoo——

Between the call signs of the long wind, there are pieces of maple leaves dancing all over the sky, which is very spectacular.

"Manzhu shahua, maple leaf dance? It is the means of emperor Shi Wanye! "

When Ren Feifan saw the weather here, his face suddenly changed, and his eyes showed anger and vigilance.

The legendary nine heaven divination, Manzhu shahua Sutra, is divided into three layers: the first layer is maple leaf dance, the second layer is red lotus static snow, and the third layer is boundless sky on the other side.

Now the maple leaves are dancing everywhere in the ghost land, which is the weather on the first floor of Manzhu shahua Sutra.

Emperor shiwanye has been here!

"What, the emperor shiwanye has come?"

Ye Chen was extremely shocked and looked up at the huge tripod in the sky. The nine hell flowers were shining with dazzling brilliance, which was the symbol of great God's Buddhism.

Did the majesty of emperor Shi Wanye come down along this huge tripod?

"Lord Ye."

At this time, a man with more than a dozen strong men flew to the sky against the wind and came to Ye Chen and Ren extraordinary.

This man is the carefree ghost.

Xiaoyao ghost Zun's eyes were red, his arms were wrapped with a white belt, and his face was sad.

"Xiaoyao venerable, where's your master?"

Chapter 6527

Ye Chen vaguely felt bad and asked.

"Master is dead and was killed by a young man with only half a face."

Xiaoyao ghost Zun's tone is full of sadness, but his tone of speaking to Ye Chen is much friendlier than before. It is obvious that he knows Ye Chen's identity from Jiang Chenzi's mouth.

But now, Jiang Chenzi is dead.

Ye Chen was shocked when she heard the news of Jiang Chenzi's death. As expected, she was killed by Emperor shiwanye.

"Is this the destiny of Ren family?"

Xiaoyao ghost Zun looked at Ren extraordinary again and asked respectfully.

Ren Feifan said, "I don't dare."

Xiaoyao ghost Zun said, "my master admires your demeanor and often mentions you. He wants to see you before he dies. Unfortunately, he can't do it. Now my master is dead. He said before his death that he wants you to collect his bones by yourself. Later, when the Wuxian gate is revitalized, he will take them back to bury them."

Ren extraordinary's eyes slightly coagulated and said, "yes."

The carefree ghost Zun arched his hand and said, "thank you, sir. You will never forget your kindness." He led the way in front and led Ye Chen Ren extraordinary to move forward.

Ye Chen walked all the way. Seeing the vast Buddha light and the dancing maple leaves between heaven and earth, he secretly marveled at the majesty of emperor Shi Wanye and said: "elder Ren, this emperor Shi Wanye is really powerful. How could he come to the inner earth? Aren't there rules? "

Ren Feifan said: "the second tripod comes, and the nine will is complete, and the rules of the earth's core are greatly suppressed. He has the opportunity to come. Although the real body is difficult to arrive, it's easy to come to a separate body. He can't beat me, but he comes to harm my former friends. I killed my old friends."

There was a trace of anger and remorse in his voice.

Ye Chen's heart was shocked. It turned out that the emperor shiwanye came only with a separate body. Unexpectedly, there was such a vast magical atmosphere. If it was a real body, it would be great.

Thinking of the picture of Ren Feifan's confrontation with emperor Shi Wanye at the peak, ye Chen was shocked and fascinated. I don't know what kind of grand scene the battle at that level will be.

Under the leadership of Xiaoyao ghost Zun, ye Chen and Ren Feifan finally saw Jiang Chenzi's body.

Fortunately, the emperor shiwanye came only together, and he didn't dare to make too much trouble to avoid being bitten by the rules. Therefore, he killed only Jiang Chenzi and innocent people, but saved his life.

Ye Chen's eyes slightly coagulated and looked at Jiang Chenzi's body.

But Jiang Chenzi's body was covered with maple leaves. These maple leaves were mixed with his skin and flesh, as if they were born, very magnificent, with the vast atmosphere of Buddhism.

This is naturally the handwriting of emperor Shi Wanye. The legendary Manzhu shahua Sutra represents the highest divine power of Buddhism and the source of Buddhist dharma in the world. Even killing is full of the majestic spirit of Buddhism, which is shocking.

Xiaoyao ghost Zun said, "after the master was killed by that man, the gate of celestial burial was also taken away. Lord Ye, Ren, if you have a chance in the future, you must take back the magic weapon! It's better for you to keep it for your own use than to fall into the enemy's hands. "

Ye Chen's eyes narrowed slightly. The gate of celestial burial is one of the nine gates of the great famine. It is of great value. Now it has been robbed by Emperor Shi Wanye. The arrogance of God's Buddhist family must be more intense.

"I see. Don't worry."

Ren extraordinary promised to come down, and then offered the giant whale divine tree to collect the bones of Jiang Chenzi and temporarily place them in the divine tree.

Ye Chen looked at Jiang Chenzi's bones and thought of the other party's kindness to save the blood God and the gift of holy soul fragments. She felt a burst of sadness. But now, the sadness is also useless. She can only find a way to revenge in the future, so she said to Ren extraordinary:

"Master Ren, where are we going next? Are you going to the mausoleum of emperor panwu? "

Ren extraordinary looked at Sen coldly and said, "don't worry, Emperor Shi Wanye dares to kill my friend, and I won't give up!"

Speaking of the end, Ren extraordinary looked up at the giant tripod in the sky, and his eyes burst with killing intention.

In the sky, there are two giant tripods, one of which is newly arrived. The flower of hell has a bright weather. Emperor Shi Wanye took this tripod as the foundation and came to the inner earth.

Later, when the nine tripods appear together, what will come down is not the emperor Shi Wanye, but the feather emperor!

"Xihuang thunder seal, break it for me!"

Ren Feifan drank violently, his palm suddenly formed a seal, the thunder was shining all over the sky, and the golden lightning was surging. Each thunder and lightning was very powerful with Imperial Majesty.

Bang!

Ren Feifan's palm burst out, and the thunder and lightning condensed into a huge palm print and blasted at the two giant tripods.

Boom!

The first huge tripod was first broken, turned into streamer and dissipated.

The second huge tripod, the totem of nine hell flowers on it, was bombarded by Xi Huang Lei Yin, and the light went out in a moment.

Then, the huge tripod was completely buried in the thunder, completely broken and disappeared.

In the twinkling of an eye, the two giant tripods exploded and dissipated, and the crisis weather in the earth's core suddenly dispersed. The weather of heaven and earth, the cause and effect of earth veins, recovered stability.

It seems that the Jiuding array of wanxu was blasted by Ren extraordinary's palm.

"Elder Ren, you..."

When ye Chen saw this scene, he was extremely frightened.

He knew Ren was very powerful, but he didn't expect to be so powerful.

Under the palm of daqianchonglou, he can only explode three totems, but it is difficult to hurt the real body of the giant tripod.

Chapter 6528

Because this huge tripod has the will and authority of wanxu behind it, even ye Chen's qianchonglou palm can't be broken.

But now, as soon as Ren Feifan makes a move, he directly explodes two giant tripods. This strength is too terrible.

"Ren Feifan, it's you!"

After the two huge tripods broke, there were two sounds, full of anger and horror, mixed from the sky.

That is the voice of the ancient emperor Yu Huang and heaven behind the Jiuding array.

The first two tripods of the nine tripod array were painstakingly arranged by the ancient emperor Yu Huang. Unexpectedly, they were blown up by Ren extraordinary move.

"Go!"

After Ren Feifan explodes the giant tripod, he immediately pulls Ye Chen and quickly tears the void away.

He was only afraid of exposure and being watched by the emperor.

The feather emperor is crazy. He is likely to try his best to replace Ren extraordinary.

Therefore, Ren extraordinary can't take this risk.

He took Ye Chen, tore the void, and fled directly into the blood moon world he had opened up.

When ye Chen saw Ren extraordinary's face, his pale color was even worse, and his breath was quite weak. He said, "elder Ren, are you okay?"

"It's all right. Just rest for a few days."

Ren Feifan waved his hand, took out a healing pill and took it.

He had fought with emperor Shi Wanye before, and his strength had been lost. Now he directly shot to explode the Jiuding array in wanxu, and the loss was even more severe.

"Elder Ren, have you broken the Jiuding array?"

Ye Chen said with a little surprise.

Ren Feifan said, "where is it so simple? The will of wanxu is not so easy to break. The ancient emperor Yu Huang will not give up the array. He will recast the big tripod in the future. This time, I just teach the emperor Shi Wanye a lesson. The second tripod is all from his family. Now it is destroyed by me. "

Ye Chen was well aware of the consequences of this move and said, "senior Ren, it's too risky for you to make a direct move. I'm afraid you'll be watched by the feather emperor."

Thinking of the angry voice of the ancient emperor, ye Chen still has lingering palpitations.

Ren Feifan said: "it doesn't matter. Now my strength is much better than before. The cause and effect of one shot is enough to bear, but I can only make one shot. In the future, the Jiuding array will be recast. I can't help you anymore. You need to solve it yourself. You should make better use of the heavenly beads in lingxu and the formula of array characters."

Ye Chen felt a chill in his heart, then nodded and said, "OK, elder Ren, you have helped me a lot. I will find a way to solve it myself in the future!"

Ren Feifan said, "well, now let's hurry and rest while we're on our way. When I recover, I'll enter the tomb of emperor panwu immediately!"

Ye Chen nodded and went in the same direction with Ren extraordinary.

I don't know how long later, ye Chen found that he and Ren extraordinary came to a strange place.

"What is this place?"

Ye Chen felt carefully and found that this place was neither in the inner earth nor in the dark forbidden sea, and there was no gas engine connected with the Taishang world. The territory was very special.

Ren Feifan said: "this is a special area, which does not belong to any world. If you insist on division, it should be close to the lost time and space. At the outer edge of the lost time and space, fortunately, I found the mausoleum in advance, otherwise the mausoleum will fall into the lost time and space and be lost forever."

"It's very close to the lost time and space..."

When ye Chen heard this, his heart trembled slightly and thought of the dragon soul in the sky.

The dragon soul of the king of the sky fell into the lost time and space that day. Now no one knows where it has gone. It may never appear in the real world again.

The legendary Mausoleum of emperor panwu is about to be lost. If you don't seize the treasure inside, it will be completely lost.

"Elder Ren, let's go at once!" Ye chendao.

However, Ren Feifan shook his head, pinched his fingers, arranged an array and sat cross legged: "I need to recover my injury. It will take some time, otherwise I will have a low chance of winning when I enter the mausoleum. After all, no one knows what will happen inside."

"During this time, you can feel the martial arts next to me or go around nearby, but remember not to go to the lost space thousands of miles away alone."

"Try not to use the nine heavenly gods and profound martial arts as much as possible, except in the mausoleum."

"Also, there are many strong people in this area. You'd better not get too involved with those martial people."

Ye Chen nodded and didn't intend to run around. He sat cross legged and stayed with Ren extraordinary to protect the Dharma for him.

Ren Feifan fought with emperor Shi Wanye and exploded two giant tripods. The loss of vitality is really not small.

It will take at least some time to recover from the peak. In these days, I'll appreciate the recent harvest.

However, just when ye Chen was about to immerse himself in enlightenment, there came an extremely strange change from the demon Tianshi he had taken in China.

This is the first time since this time that ye Chen has found a change in the demon Tianshi!

Even ye Chen almost forgot the existence of the demon Tianshi.

Is there any causal contamination between the demon Tianshi and here?

Ye Chen suddenly opened his eyes and looked at Ren extraordinary. He hesitated for a few seconds and went in one direction.

An hour later, ye Chen stopped, and there seemed to be a sea area in front of her.

He can even feel the breath of lost space from the sea.

At this moment, the movement of the demon Tianshi in the Dantian became strong. As its master, ye Chen could deeply feel that it was a strong killing intention.

"It seems that this is the boundary where the great devil fell in the Yin devil sky stone... No wonder there is such a hatred for killing the sky!" Ye Chen's eyes narrowed slightly, and he saw that behind him, the big magic virtual shadow was manifest. The hole in his heart was still exuding bright red blood, dripping into the sea and making a steaming "Yiyi" sound!

Ye Chen looked directly at the big devil, and his calm voice contained an indisputable flavor: "although I don't know your past, I won't regret what I promised. Don't worry, you and I are infected with cause and effect. I'll try to get it back for you!"

The big magic shadow, which has always been indifferent on the void, nodded gently, and his huge fingers extended to the distance. It was a huge island on the sea.

"In that direction?" Ye Chen looked in the direction of the big devil, and the distant island came into his eyes. He took a deep breath, nodded to the big devil's virtual shadow, and galloped away.

It will take some time for Ren extraordinary to recover. As long as he doesn't get too much contamination, he should have nothing to do.

The big magic virtual shadow in place spread a radian at the corners of its mouth and slowly dissipated between heaven and earth. Calm was restored on the sea again, and the strong wind swept the surging waves.

At the same time, on the island.

A girl in black gauze and plain clothes was a little stuffy in her heart. This feeling of palpitation was felt for the first time since she was born.

Chapter 6529

"Saint, but what can I do for you?" Among a group of marching people, the middle-aged man in charge seemed to notice the abnormality of the girl and asked.

The girl in black gauze and plain clothes bowed her head and didn't speak. The black scarf covered her face. She couldn't really see the girl's expression under the scarf. Only after a long time did she hear the woman respond:

"Nothing. It's just that some people don't adapt to the climate near the lost space."

A trace of disgust in the depths of the woman's eyes skillfully avoided the man in black.

The black robed Dharma protector explained with a smile: "even I will not adapt to forcibly crossing the lost forbidden sea. Fortunately, there is still a lot of distance between this place and the lost space. The

saint has some abnormal reactions, which is normal. After tonight, we can reach the Youtian Hall tomorrow, and then we can have a good rest!"

"You Tian Dian..."

When the girl heard the speech, the eyes in her eyes were no longer pure. She seemed to have some other ideas, but in order to confirm her conjecture, she was patient and asked, "Dharma protector, what is the strength of this Youtian Temple compared with my demon temple?"

The leading middle-aged Dharma protector in black thought about it. After all, it's not a secret. He answered truthfully: "the three Hall masters of the Youtian temple are extremely powerful. Together, they can fight with the one in my demon temple. If it's the younger generation's turn, the Seven Saints in my demon temple are not weak in Baijia, then the Youtian temple will be a little inferior!"

When the girl heard the speech, she bit her thin lips under the black veil, as if she were making a choice.

"Let's camp here tonight and have a rest. Tomorrow morning, we'll go to Youtian hall to pay a visit!"

Seeing that it was late, the leading middle-aged Dharma protector greeted the people and began to unload Li an and set up a camp. The girl carefully observed everyone's every move and seemed to be brewing some plans in her mind!

"It's strange that there is always a feeling of palpitation. Is it tension?" The girl quickly patted her chest, took a deep breath, exhaled, and so on.

And this scene is being seen by Ye Chen, who is hiding in the dark not far away.

With a virtual tablet in hand, it won't be too difficult to hide it.

"According to the direction pointed by the demon Tianshi, it should be good. It's this team of people..." secretly, ye Chen didn't scare the snake, but carefully looked at a line of eight people who camped not far ahead.

"The leader has the strongest strength, not only six layers of Baijia territory, but the strength of the others is uneven. There are Baijia territory and half Baijia territory. As for the mysterious black gauze woman, if she is not bad, she should also have entered Baijia territory!"

Ye Chen estimated the strength of the other party's men and horses, but it was also difficult to start. After all, the middle-aged man alone didn't know his strength before he fought. In addition, the others worked together to encircle and suppress, and forced them to do it, which was tantamount to looking for death.

The key is, let's not use the nine heavenly gods and too powerful skills here.

Suddenly, ye Chen's eyes coagulated, staring at a jade pendant around the girl's waist, suddenly: "it seems that you are the real core figure!"

The smell of the jade pendant is different from that of the previous demon Tianshi. The ancient and obscure evil runes depicted on it can even affect the minds of some low-level practitioners!

"In that case... Then wisdom is the best!"

"However, this place is close to the lost space. If you use the space effect of virtual spirit and divine pulse, combined with the array word formula, I'm afraid it will have an unexpected effect."

Ye Chen's eyes coagulated, and her figure retreated quietly.

At the moment when ye Chen left, the girl seemed to feel something. She turned her head and looked at the forest. To be exact, it was Ye Chen's direction.

"Strange, clearly feel there is something there..." the girl whose eyes are empty has a stronger sense of doubt, which can't be a feeling of tension anyway.

"In any case, the plan for tonight must be carried out normally. When we arrive at the Youtian hall, we really have no way to enter the earth!" Gritting her teeth, the girl got up and walked towards her team.

At the moment, ye Chen, on the periphery, arranges the array with the essence of the array word formula in the East, West, North and south of a team of people centered on the black yarn girl.

Seeing the black gauze girl coming here alone from the team, ye Chen flashed and hid in the dark, glancing at the girl below.

"Clearly feel it is here, is it....." the girl glanced again, and ye Chen hurriedly took back her eyes.

"Saint..." the middle-aged black robed Dharma protector just flashed and appeared in front of the girl. He stared at the girl and asked in a deep voice, "saint, are you..."

The black gauze girl just replied casually, "I found something unusual here, so I want to check it out!"

Ye Chen was surprised in the dark. He wanted to urge the array as soon as possible. Once such a strong man found out, he could no longer hide.

"Oh?" The middle-aged Dharma protector frowned. After hearing the girl's reminder, he began to look around. Soon, he found that the artificially outlined array had been covered up in the south of the dense forest.

While the middle-aged man was concentrating on tracing the traces, the girl's feet were carefully moving towards the periphery step by step.

"Saint, don't get close. There is an artificial array here. For the sake of safety, you..." the middle-aged man in black just wanted to turn around and tell the girl. When he looked back, he found that the girl in black had retreated to the edge and was staring at him with a smile.

The black robed Dharma protector felt bad for a moment and was fooled by this little girl!

With a sound of anger, the black robed Dharma protector was about to get up and rush towards the girl. There was a flash of panic in the black gauze girl's eyes. Immediately, he took out several talismans and threw them at the black robed Dharma protector.

The black robed man's face changed greatly. He said in a harsh voice: "I knew you were upset and kind. Follow me to the Youtian temple, otherwise, today will be your death!"

At the moment, ye Chen, who was just about to launch the array, stopped and watched.

"It seems that there are many stories in it!" Ye Chen's eyes narrowed, but the last French seal pinched in his hand never fell.

The two men in the forest continued to argue:

"I don't want to marry anyone in the Youtian temple. If you want to marry, marry yourself!"

The black gauze girl spilled her cards, and ye Chen in the dark also had a strange expression.

"How could this thing have such illusory and demonic effects? It's similar to the skill of emperor Shi Tian... "Even ye Chen almost said.

The speed of the black robed Dharma protector was obviously slow for a few minutes. He was the real target of attack, "Yin magic heart!"

He roared, "this thing can't trap me!" Soon the middle-aged man quickened his pace and rushed towards the black gauze girl at the periphery!

Chapter 6530

"Hey, if you don't do it now, when will you wait?" The black gauze girl was in a hurry and shouted in the direction of Ye Chen.

"Sure enough, are you still sensed?" Ye Chen frowned in the dark and was used as a gun by the girl!

But now he and the girl have the same goal. This guy must solve it. If you really want to be serious, no one is his opponent.

Ye Chen also knew what was at stake. He no longer hesitated. The virtual spirit pulse broke out and the array word formula was used at the same time!

The next second, the figure of the middle-aged man disappeared in place.

The eyes of several young people in the distance were frozen and looked at the array emitting seven colors of light. A man in black shirt, led by him, was holding a steel gun and said in a deep voice, "Xiaoyu is over there!"

The other young men who followed behind the man in black all had bright eyes: "kill!"

I don't know who shouted. The rest of the martial arts came with the black man towards the big array of colorful lights!

"Steal the day! It can only be arranged close to the lost space. You are well prepared. " Looking at the middle-aged Dharma protector who disappeared in place, the black gauze girl couldn't help but tut.

As the name suggests, the so-called steal the day array is an array that can only be arranged after mastering the space rules. It can be understood as distorting the space and forcibly grafting the space in the array into another space.

This is also ye Chen's awakening of the virtual spirit pulse and array word formula, as well as in the area close to the lost space.

Fortunately, the array word formula is not a complete nine heaven divine skill. It should not be as dangerous as Ren said.

"Who the hell are you!" When the girl in black saw that it was not her supposed companion who saved her, but a young man she had never met, she couldn't help looking cold.

Ye Chen walked slowly to the girl and said softly, "it seems that you have allies, but it's a pity that they can't enter this array now!"

"You..." at this time, the black gauze girl calmed down. The so-called steal the sky and change the sun array. The core of the array is the master of this skill. Obviously, ye Chen is here, which means that she is still in the array, but she is in a different space from the black robe protector.

"Damn it, I've retreated very carefully, but I still can't get out of the coverage of this array!" The girl sighed carelessly, and then re-examined the indifferent man in front of her. She asked in a deep voice:

"Who the hell are you!"

"Who the hell are you!"

The only difference was that the girl's questioning voice was a little less calm, and her body couldn't help moving back.

Ye Chen is standing in place, negative hand and stand, look indifferent.

"Why can I feel your breath!" This is the question that the black gauze woman wants to ask at the moment.

Ye Chen is how clever, but she has guessed from the woman's words.

"Listen to the middle-aged man calling you a saint. You should be the son of some great power. You are dissatisfied with the family marriage. That's why you plan to run away. Just now you sensed my breath. You must have recognized the wrong person and regarded me as your companion. That's why there's a coincidence between inside and outside!"

Ye Chen continued to analyze and said, "since your goal has been achieved, please answer me, why do you have the smell of Yin demon and Tianshi!"

The girl was obviously a little flustered, but she calmed down when she heard Ye Chen mention the word "demon Tianshi." it turned out that she came to me for revenge again. In that case, say more unintentionally and do it! "

The black gauze girl heard Ye Chen mention the magic stone, so she didn't explain too much. She knew the style of the demon temple. There were countless slaughtering creatures. In her eyes, ye Chen was just an ordinary member.

In that case, it's better to start first. Maybe you can win a glimmer of vitality!

Sooner or later, the girl's figure flashed, and a dagger was firmly held in the palm of her hand. Endless martial arts gathered, the void fluctuated, and a startling blow stabbed Ye Chen.

"What a murderous woman!"

Ye Chen's eyes flashed, but he mentioned the words of the devil and Tianshi, which attracted the other party to kill his heart. It seems that only by taking it down can he find out the famous hall!

If they were outside, they might have to fight, but now in Ye Chen's array, he created the space!

He was the master of the world. The girl hit the thorn and passed through Ye Chen's chest.

But surprisingly, it didn't splash any scarlet. Together with the girl's original statue, it also crossed through Ye Chen's figure. A feeling of unloading came, stumbled a few steps and sat down on the ground.

"It seems that you don't understand the power of this great array..." Ye Chen gently shook her head, just like a ghost, appeared in front of the girl, and her two fingers lightly touched the girl's shoulder.

The black gauze girl stumbled a few steps. She just wanted to get up, but she found that ye Chen's figure swept close to her with an incredible degree. She just wanted to resist, but she was pointed on her shoulder by two fingers and couldn't move any more.

"What the hell are you going to do!" After several struggles, the girl found that it was useless, and fear began to emerge in her eyes.

Ye Chen looked directly at the jade pendant around the girl's waist and reached out to take it off. At this time, the jade pendant was in full bloom!

A dark energy seemed to overflow like induction and drilled into the girl's seven orifices at a speed visible to the naked eye!
