Chapter 6531

The next second, the girl broke free from her bondage, and powerful forces gushed out. She flashed several times, swept to the opposite side of Ye Chen, and stood still dozens of meters away. There was an ancient black Rune flash in her pupils, just like being possessed. Her Rune eyes stared at Ye Chen.

Unfortunately, with a veil, ye Chen at the moment still can't see the girl's face!

.....

At the same time, the outside world.

"Boss, it's here. We checked it just now. It should be covered by someone's array"

"Look at this technique, I'm afraid it's worse than my master, and this person has very deep spatial attainments!"

A short young man said to the black man with a steel gun.

When the man heard the speech, he thought, "space... Is it stealing heaven and changing the sun!"

"It seems that Xiaoyu should be in the array!"

"Who is helping her!" The man in black was burning with eyes and stopped without making a sound.

At this time, several voices came from behind.

"Boss, no, the people of Youtian hall are coming!"

The black man's eyes coagulated, "it seems that the people in Youtian hall have known the battle just now. Now send a strong man to fight!"

"Little five, tell the brothers that all parties make a momentum to lead people away. Don't come near this array!"

"Luring the tiger away from the mountain, boss, this plot is second!" Little five is not stingy to flatter.

The steel gun in the black shirt man's hand flashed. Looking back, he forgot to steal the sky and change the sun, and rushed to the distance.

Leaving no one here is the greatest protection for the array!

.....

In the array, ye Chen looked at the black gauze woman blooming all over her body.

"We must stop her as soon as possible. If she goes on like this, she will lose her wisdom. I'm afraid she will be occupied by the jade pendant!" Ye Chen secretly sighed. The state of the woman in front of him was very much like him who was swallowed up by the demon Tianshi at that time.

The black gauze girl knelt painfully on the ground, curled up and struggled.

As soon as ye Chen got close, the woman got up and gave Ye Chen a blow of thunder!

"She's guarding against me!" Ye Chen shouted anxiously. At the moment, the magic Qi of the jade pendant can only be solved by herself. Once Ye Chen gets close, it will aggravate the invasion of magic Qi.

"I can't kill!" The woman in black curled up in pain, but another indifferent voice sounded in her ear: "accept my power and kill this Liao!"

"Ah!" The strong pain always affects the girl's mind. At the moment, her eyes flash and her whole body blooms a strange light!

"She's going to explode!" Ye Chen suddenly felt bad and rushed to the girl. The power of the evil spirit in the jade pendant saw that the main body wanted to explode, no longer entangled, and quietly returned to the jade pendant.

The power of the jade pendant disappeared. At the moment, the girl also recovered her mind. Seeing the uncontrollable self explosion, she was unwilling to close her eyes!

At the moment, ye Chen brushed the girl's side like a breeze, and his two fingers gently touched the girl's forehead. A magnificent force suppressed the explosive force surging in her body!

"This!" The girl looked at the scene in front of her unbelievably. She couldn't think that the self explosion could be suppressed anyway!

The shock and collision of the two forces scattered from ye Chen and the girl. The girl's veil was also blown away by the strong wind at the moment, revealing her true face.

On the beautiful face, the delicate facial features are dotted, the skin color is white and greasy, and the beautiful eyes are full of shock.

"Ba Bu Fu Tu Qi!"

Ye Chen waved a palm, and a pagoda came out of his palm and fell down hard.

The majestic power surged on Ye Chen. He used the pagoda to suppress the girl's self explosion!

"Hoo!" With a long sigh, the situation was finally stabilized.

However, the next second, the girl's killing move had arrived.

But in the same way, it still didn't work at all, shuttling through Ye Chen's body.

"I saved you. If you don't thank me, you have to kill me?" Ye Chen looked at the girl with a big face and asked with a smile.

"You're funny!" There was a chill in the girl's eyes, "those who see my true face, die!"

It was still a killing move. Ye Chen didn't hide or flash, leaving the girl to toss.

In the meantime, I still don't forget to make fun of my words.

"Hum! Die! " The girl launches the strongest attack. The dagger is attached with the law of chopping the power of space.

"It's a little interesting!" The next second, ye Chen is no longer indifferent. This knife can really hurt him. He has to take it seriously!

The girl snapped, "shadow thorn!"

The dagger disappeared in place. When ye Chen was stunned, a cold and murderous short dagger suddenly appeared in front of him!

Ye Chen couldn't dodge when he was approaching, "destroy Tao Yin! Broken! " At the last moment, the power to destroy Daoyin was blessed around Ye Chen.

"Go to hell!" The corner of the girl's mouth raised a radian, because she had seen her dagger stabbing Ye Chen's forehead.

But the smile on the girl's face had not been fully revealed, but was replaced by the shocking color that followed.

I saw the sharp blade with her regular speed smashed between Ye Chen's forehead!

"A sharp blade that can cut through space and can't pierce a man of flesh and blood?" The girl at this moment is really desperate!

At the moment, ye Chen took a breath of cool air. If he hadn't blessed the destruction seal, he might have been hurt.

"This girl should be a killer. If this blow is put in the dark, I'm afraid I don't even have room for reaction!" Ye Chen gave the girl the highest evaluation in the deepest heart.

A killer and himself are hard and hard. The stab he sends out is almost dead. He can't escape at all!

This girl is really terrible!

Hit the collapsed girl. At this time, she fell to the ground. She looked at Ye Chen in horror. This shadow stab was hard to guard against, but it was cracked by Ye Chen!

They looked at each other speechless. At the moment, the atmosphere was very delicate. The jade pendant on the girl's waist bloomed again, and the indifferent voice echoed in Ye Chen's array space:

"Jie, thanks to you boy, she has exhausted all her strength in her body!"

"Accept my power, you can kill this boy!"

The girl's stubborn voice sounded: "I disdain to be with evil spirits like you!"

The voice of the jade pendant laughed wildly again, and a tone of discussion came: "now you accept my power, you will be the most powerful saint of the demon temple, and it is not impossible to even become the Lord of the demon temple in the future!"

"You and I work together, the world can go!"

When ye Chen heard the speech, there was a change in his heart, the demon temple

The demon temple should have some connection with the demon Tianshi. No wonder the existence of the demon Tianshi will guide you here. It seems that the owner of the demon temple has something to do with the death of the great demon.

Chapter 6532

"Bah, I disdain to become a monster that eats human blood all day!" The girl got up stubbornly and flatly refused.

"Since you don't listen to good words, I'll laugh at you. Now you don't even have the qualification to explode!"

"Jie Jie!"

The indifferent voice began to laugh wildly. When the girl heard the speech, a look of despair flashed on her stubborn face. Her amazing face was full of pale, clenched her lips tightly, and a touch of crimson flowed down the corners of her mouth.

"After waiting for a long time, you are finally willing to come out!" When the girl was in despair, ye Chen opened his mouth.

"Jie, boy, you do have some means. Even Yuqing Yin can't help you. However, this can't be your reason for being presumptuous!"

"I don't want an outsider to disturb me when I act in the demon temple!"

Then a monstrous evil spirit enveloped the whole array space.

"You are not from here. The array you arranged will be lifted in half an hour. At that time, it will be your burial place!"

"Jie Jie!"

The girl's pale face had lost her old look and was stunned and silent on the spot.

Ye Chen smiled gently, looked at the towering evil intention on the void, and murmured, "well, the cause and effect of the previous contamination will be recovered from you first!"

"Since the temple of the evil spirit is causally contaminated with that thing, I'm afraid you don't need nine heaven magic to deal with you."

The next moment, ye Chen has no sense of indifference in the past, and the whole body exudes a strong scarlet murderous spirit!

His eyes were full of scarlet eyes, and two lines of blood and tears gushed out uncontrollably. It seemed that the will of the demon Tianshi to cry with joy affected Ye Chen at the moment.

His evil body was shocked, and the towering evil intention was dispersed.

"This... This is impossible. How could the demon Tianshi still be in the world and successfully choose the master!"

"Impossible! Impossible! "

In the void, a wisp of evil thoughts in the girl's jade pendant could no longer control the frightened tone and said in horror.

Turn into a flash of streamer, and you will drill into the jade pendant.

Ye Chen's eyes coagulated and said faintly, "didn't you want to kill me just now?"

The language fell, and the murderous spirit condensed into an arm and grabbed the jade pendant from the girl's waist.

Then, with a gentle pinch, the mysterious jade pendant with runes was crushed.

"Ah!" A roar shook the world.

"You... Who the hell are you?"

The strange jade pendant on Yuqing's Yin waist made a frightened sound. Now it is certain that ye Chen can refine it without effort. How can it not be afraid!

At the moment, ye Chen was covered by the power of the demon Tianshi. He stepped out and said, "I am the Lord of reincarnation and the Lord of the demon Tianshi!"

The next second, the action on his hand never stopped. The demonized arm pulled out the dark force in the jade pendant. At the place of Ye Chen's Dantian, a dark black stone turned into a dark vortex, which was constantly hovering.

"No, no!"

The sound of panic sounded again.

"I'll give you whatever you want. Please let me go!" Fear breeds. There are cracks on the strange jade pendant, and it is still spreading. It doesn't want to die like this!

"Let me see the sun again, I am willing to follow you!" With a loud drink, the shrill howl poured into Yuqing's Yin ear. In Ye Chen's still indifferent gaze, the simple and strange jade pendant sent out "bang!" A soft sound of.

It turned into a powder in an instant.

The dark energy without shelter could no longer resist the suction of the vortex. In a moment, ye Chen was collected into the Dantian, just like a fine needle into the sea.

The tragic howl came to an abrupt end.

Ye Chen, who said nothing from beginning to end, now closed her eyes. Between a few breaths, the evil intention on her body gradually faded, and the killing intention like rushing into the sky was also restrained. Her eyes were clear and clear, and there was a pair of elegant look like a stranger like jade, which was unparalleled in the childe's world.

This strong contrast between the past and the future deeply shocked Yuqing Yin who witnessed everything.

At this moment, the girl realized how terrible the guy who seemed to be in the real world was!

Against him, there is absolutely no other way.

"Hey, you haven't told me who you are!" Just when the girl Yuqing was in a trance, ye Chen put her eyes on the girl again and asked with a smile.

Yu Qing sat on the ground with Yin paralysis. The fatigue brought by the previous blow had not been completely eliminated, and she could not move freely at this time.

Seeing ye Chen approaching step by step, she curled up her body and moved frantically backward. After all, the murderous and frightening look when he swallowed the jade pendant just now is still in my mind, although it doesn't look so threatening at the moment.

The girl quickly shook her head and stopped thinking.

Ye Chen could not help smiling.

Just now, even when ling'er saw it for the first time, he thought he was possessed. No wonder this Ni Zi would have such a reaction.

"My name is Ye Chen. The reason why I found you is because of the jade pendant around your waist..."
Ye Chen was no longer close to Yuqing Yin. He sat cross legged across the tens of meters from her and talked about it himself.

Chapter 6533

.....

At the same time, Ren extraordinary's eyes opened.

He looked at Ye Chen's direction, reluctantly shook his head and murmured, "I didn't think clearly. You still have the demon Tianshi on you."

"The demon Tianshi deliberately wants to introduce you to this game of chess, but it may be a good thing for you."

"Before I completely recover from my injury, it's up to you. Maybe you'll have unexpected gains these days."

"If... Those old guys dare to fight you here, I'll wipe it out for you directly!"

With that, Ren Feifan closed his eyes again and continued to recover from the injury.

.....

At the same time, in a forbidden area millions of miles away from the sea of loss.

"Roar!"

An unknown roar shook the sky, and the whole mountain was boiling. At the moment, nearly a thousand disciples in the demon Temple felt a sweet taste in their throat and a mouthful of blood sprayed out.

"Elder, it's not good!"

"Forbidden area!"

"The forbidden area where the temple Lord is closed, makes an inexplicable noise!"

A group of disciples rushed to the hall in a hurry. On the cold and dark hall, the old man in black gently stroked his beard and looked dignified.

"The hall Lord once said that he would not stop until he saw that thing..." the old man's eyes flashed, immediately waved his hands, and his fingers were separated from the roaring sound.

At the border, the figure retreats from the original place.

Several mountain guarding disciples looked at each other. "Is this... Is this the elder's means?"

"Shh! I heard that the Lord of the temple is better than the elder! "

"Did the main hall pass?"

"Is it going to change?"

.....

Soon the old man's figure appeared above the forbidden area. First, he stabilized the almost broken boundary, then sent the unconscious disciples guarding the forbidden area out of here, and then looked back and waited respectfully.

Not long ago, a black haired boy in a bright red robe walked out barefoot step by step. On his handsome face, his exquisite facial features gave people a dreamlike feeling.

The boy licked his shriveled lips, raised his bloodless arms, clasped his fingers gently, and greedily breathed the air in the mountain.

The old man bowed his head and waited quietly.

"How long have I been closed?" The young man in blood robe smiled, giving people a feeling of evil charm, but his voice revealed a sense of vicissitudes of life, which was incompatible with his handsome and young appearance.

Although he and the emperor Shi Wanye are young faces, his temperament is quite different.

The old man on one side bowed his head respectfully, "Hall Lord, you have been closed for more than 500 years."

The young man in a bloody robe licked his lips, looked at his hands and said in a hoarse voice, "sleeping in the mountain for a day has been a thousand years in the world!"

"The temple Lord once said that he didn't peep into the world and didn't enter the world, but now?"

The old man in black robe is the great elder of the demon temple. Why is Xiu so powerful? Even now he can't see the real realm of the seemingly young temple Lord in front of him.

Did the temple Lord really make a breakthrough?

The young man in the blood robe had a look of regret in his eyes, which had experienced the vicissitudes of the world: "it's not easy to prove the truth and become a god!"

But in an instant, there was a fierce light in his eyes, and Jie smiled.

"But soon!"

"What did the temple Lord say...?" I don't know why my ancestors, who have been closed for a hundred years, suddenly said this.

"Has anyone ever been to the lost sea recently?" The Lord of the demon hall asked.

The black robed old man narrowed his eyes, thought about it and said in a deep voice: "indeed, recently, the dark saint of our temple married with Youtian temple, which is already on the way to the lost sea. Calculate the day, it's almost time!"

"I see!" The Lord of the demon hall looked suddenly enlightened, "they may have been robbed!"

The old man in black robe heard the words and said: "temple Lord, this... This trip is my son's own team. His strength should not be a problem..."

The Lord of the demon hall waved his hand: "the Demon Stone that has disappeared for countless generations has been born!"

The old man just heard this, and he was excited to crawl on the ground, making several noises to the young man.

"Congratulations, temple Lord, about to preach!"

"The jade pendant on the saint has the function of tracking. Should the temple Lord make a move..." the old man in black turned his eyes and suggested.

The Lord of the demon hall sniffed and said, "that shit has been wiped out!"

The young man's face raised a radian, "inform the Youtian temple and let their three immortals personally catch the dark saint!"

"If I'm delayed, you Tian Temple will wait to kill the door!"

.....

Screen rotation.

Ye Chen and Yuqing Yin are misunderstandings.

"So, are you really the Lord of the demon Tianshi? There are really demons and heavenly stones in the world. " Yuqing Yin looked at Ye Chen, who was harmless to humans and animals. Compared with just now, he was really different.

Ye Chen nodded gently and stopped making redundant verbal explanations.

At this time, Yuqing Yin struggled to get up and bowed respectfully to Ye Chen: "the dark saint of the evil temple, Yuqing Yin, meet the Lord!"

At this moment, ye Chen was at a loss: "what? What Temple Lord? "

The girl then explained: "the ancestors left instructions and mastered the demon and heavenly stone to become the Lord of the temple!"

"Demon temple..." Ye Chen couldn't help frowning. It seems that behind the demon Tianshi, it is far more complicated than he thought.

Seeing ye Chen's unknowing appearance, the girl Yuqing was also patient and explained: "the demon Tianshi is a sacred thing born in the famine era. After its first owner accepted the Demon Stone, his strength increased greatly and created the demon temple. Since then, he has established a sect and left a legacy!"

"But it seems that the master of the demon Tianshi, with the deepening of the road of cultivation, is vulnerable to the erosion of the magic stone. Somehow, every master of the magic stone will eventually explode and die!"

.....

When ye Chen heard the speech, he looked like this and whispered, "unexpectedly, there is such a legend about the demon Tianshi!"

The girl Yuqing Yin continued: "since then, the magic stone has been collected by the temple. The son of heaven selected in each temple can be qualified to contact the magic stone only after passing the examination at all levels!"

"In this way, every master of the magic stone comes from the supreme genius of the temple. With this magic stone and the demon talent of the master of each magic stone, it has been inherited from generation to generation, and the demon temple has become a top force!"

"In a long era, two peerless geniuses, light and dark, were born in the demon temple!"

"In the final duel, light won, while dark became the loser, but the demon Tianshi chose dark!"

"At the last ceremony, the light took the magic stone away, and the final whereabouts were unknown, while the dark chose to close the dead pass, and has not appeared in the temple so far!"

Chapter 6534

"See you again, you have become the Lord of the magic stone!"

Yu Qing looked at Ye Chen with a complicated look. The entanglement was far from being explained in three or two sentences.

"So, the pulse of light judged the temple? Why did you let the demon Tianshi appear in China? " Ye Chen asked.

"Some people choose to follow the light, while others stay. They only believe in the magic stone!"

"But now the whereabouts of the magic stone are unknown, so the great elder is temporarily appointed as the Lord of the temple, looking forward to the day when the evil stone returns!"

Ye Chen has too many doubts in her heart.

The separation of emperor Shitian's demons has been solved in China.

But there are too many unknowns in this demon Tianshi.

Why did he appear in China?

Is this the so-called layout of light?

The layout of reincarnation is in China at the beginning. The other party is not unable to understand it.

In other words, is it because of yourself that the demon Tianshi appeared in China and changed his aura?

Ye Chen shook his head and stopped thinking. It's too complicated. Now he can only take one step and look at it again.

.....

During the conversation, the array space around them was distorted. Ye Chenning said, "it's bad. The battle just now exacerbated the collapse of the array in advance!"

However, in a few words, the shadow of Ye Chen and Yu Qingyin appeared in the dense forest, which was the camp where the ghost temple and others were stationed.

"How long can the formation trapped in black robes last?" Yu Qing's face was pale. She was exhausted in the previous war.

If we fight now, it is tantamount to seeking our own death!

Ye Chen is also dignified. He gently shakes his head. "I'm afraid it won't last long, half an hour at most!"

"It seems that we must fight head-on!"

Ye Chen thought for a long time and said solemnly.

"Are you crazy?" Yuqing Yin is not a big talk. With Ye Chen's cultivation in the real realm, no matter how evil he is, he can't defeat the real strong man in Baijia realm!

"My brother should be nearby. If you work with them, you should be able to resist the black robed Dharma protector!" Yu Qing Yin hurriedly suggested.

"It's too late..." Ye Chen was about to speak, but he saw a figure standing in front of them. He whispered to the girl, "hide and find a chance to kill!"

Ye Chen was the first to attack. He just wanted to sacrifice the Heavenly Sword. When he thought of Ren extraordinary's explanation, he changed other weapons and rushed towards the black robe Dharma protector!

The black robed Dharma protector just got out of the array. Before he recovered, he was suddenly hit by Ye Chen and flew out.

Standing still again, he found that ye Chen stood proudly. His whole body was near the camp he had stationed before. It seems that the power of the array has dissipated!

"Hum!" The black robed Dharma protector snorted coldly and squinted at Ye Chen, "is it you who helped the saint escape?"

"It's just a real environment, and you dare to die!" The black robed Dharma protector roared and struck Ye Chen!

He didn't try his best. In his opinion, ye Chen's cultivation really didn't interest him.

Ye Chen Xu's spirit pulse and red dust's spirit pulse converge and shoot out with the same palm.

"Bang!"

Under the confrontation, ye Chen didn't lose the slightest!

At the moment, Yuqing Yin, a girl hiding in the void, was secretly amazed. Ye Chen's physical strength and strength were so strong!

But after all, ye Chen is still in the real situation. Ye Chen is gradually falling into the disadvantage!

The black robed Dharma protector frowned slightly and said to Ye Chen, "you're just a real state. Your body is strong enough to be proud!"

The black robed Dharma protector looked at Ye Chen, and the shocking wound was healing at a speed visible to the naked eye. He could not help but smack his tongue secretly.

"The boy has a problem. Make a quick decision!" The black robed Dharma protector made up his mind, and the whole body was filled with black fog.

"Fog hidden hanging!"

With a sharp drink, the figure of the black robed Dharma protector gradually melted into the thick fog and disappeared, but its voice kept coming: "have a good experience of the pain of dying in the dark!"

In the thick fog, I can't see my fingers!

When the breeze blew, ye Chen had a feeling like a spring breeze, but the next second, his body had been cut and flushed out!

But immediately, ye Chen's body began to recover gradually under the spirit tablet, the eight trigrams heaven elixir and the powerful restoring power.

"Damn, I can't see through this nothingness!" At the moment, ye Chen's spiritual power is passing rapidly. Once exhausted, he will fall into a passive situation!

The dark Yuqing Yin is ready to go. Looking at the black fog below, she also doesn't know what's going on inside. Now she has to do it.

"Shadow thorn!"

Another kill!

Between the lightning and flint, the figure of the Dharma protector in black robe flew upside down. In front of him, it was a bloody small hole through the body!

"Damn it!" The black robed Dharma protector didn't expect that there was someone to help Ye Chen in the dark, and the guy who wanted to kill himself was still the person in the demon temple!

Only the people in the demon temple will know their flaws and weaknesses.

This time, he was seriously injured!

"Saint!" When the black robed Dharma protector saw the person who shot, he was surprised. The hole in his chest was still gurgling and gushing blood, but the middle-aged man looked like he had no influence. He said in a gloomy voice to Yuqing, "how dare you betray the temple?"

"I did not betray the temple!" Yu Qingyin is staring at the action of the Dharma protector in black robe. Now ye Chen's life and death are uncertain. She must stand up!

"The demon Temple killed my parents and tried to use me to form an alliance with the Youtian temple. It's not as good as animals. You all deserve to die!"

The black robed Dharma protector was surprised in his eyes: "did you recover your memory?"

But in a flash, he opened his mouth coldly: "in that case, you will die obediently!"

"Yin Yu, don't do it yet!"

The black robed Dharma protector shouted, but there was no movement!

Take a closer look, the jade pendant hanging on the girl's waist has long been lost.

"Jade... Jade pendant!"

"Are you looking for that piece of waste jade pendant? It's gone! " Ye Chen's figure came out of the darkness at the moment. Yu Qingyin was relieved when she heard Ye Chen speak.

"How... How possible!" The black robed Dharma protector looked at Ye Chen in disbelief, "Yin jade is a demon refined by the hall Lord himself. How can it be destroyed..."

Ye Chen answered, "you don't need to know!"

When the words fell, ye Chen's palms vaguely showed the vastness of the world. He was ready to use daqianchonglou's palms to directly break and kill them.

Daqianchonglou palm is extremely strong and can be said to be the first in the world. As long as it doesn't exist too contrary to the sky, it can explode with one palm. However, the current state of black robed Dharma protector, after being broken by Yuqing's Yin, can only give full play to the strength of four or five floors of Baijia territory, which is not enough to be afraid.

Chapter 6535

But just then, a blood moon appeared in the sky.

Ye Chen's heart clattered. I'm afraid this is Ren extraordinary's reminder. Immediately, his eyes coagulated. He didn't intend to use Daqian Chonglou palm, but to use jiuzhong destruction seal!

"Touch!"

"I... my blood has the power to destroy Daoyin..." he opened his pupils and wanted to struggle, but he fell straight down!

A generation of strong people fall here!

"Hoo!"

Ye Chen fought fiercely and stumbled a few times. Then he barely stood still, but he immediately felt that there were several strong breath in the distance.

"It's the people of Youtian Temple coming!" Yu Qingyin shouted anxiously, "it must have been the previous battle that attracted the other party's attention!"

At this time, a man came to Ye Chen and Yu Qing Yin with several martial artists with strong breath.

"It's too late. You go first and find a way to get to the sea of loss. We have a way to leave!" The man just left a word coldly and took the lead in rushing to the front.

Ye Chen took Yuqing Yin in one direction!

An hour later, in a dewed cave.

"Our pursuers have been chasing us all the time. These guys seem to have eyes behind them. They can lock our position at any time!" Ye Chen's figure returned from the cave, with some dignity on his indifferent face.

Obviously, he has solved another wave of pursuit, which is the third wave in the past half a day.

"It's safe now!" When the divine knowledge was swept away, ye Chen determined that there was no strong breath of life within a hundred kilometers, so he settled down.

Yu Qing looked at Ye Chen Yin. Because of several LianZhan, his clothes were already in tattered condition. The exposed muscle lines outlined a perfect radian, and the wound on it was healing at a speed visible to the naked eye.

"Is this your flesh?" Yuqing Yin murmured to herself, if not, the ordinary flesh would have been almost broken?

"You said today that the demon Temple killed your parents?" Ye Chen no longer cared about his injury. He took the branch in his hand and turned it gently towards the campfire.

Across the blazing fire, Yuqing's Yin face reflected a red light. She whispered, "although we are the saints of the temple, we are just tools to expand the power of the demon temple!"

"Only because we have the talent above cultivation, we are selected to perform various tasks!"

"My parents were killed by the people in the demon temple. They sealed my memory, but under the wrong circumstances, they were retained by me!"

"I have been dormant in the demon temple for many years and have been looking for opportunities, but I suffer from my low strength. Now I am used as a tool to marry the Youtian temple!"

"That's why I decided to leave. Just before I met you, today, I was going to run away, and my brother was here to meet me!"

Speaking of this, two lines of clear tears slowly trickled down Yu Qing's gloomy and expressionless face.

"Is there no room for resistance?" Ye Chen asked softly.

"My body has been forbidden by the middle and lower blood since I was born, so it's a dead end anyway. I'm just unwilling to die and want to be more vigorous!"

"Once the blood prohibition breaks out, my soul will be completely wiped out, and the jade pendant will replace me and become a new Yuqing Yin to continue to perform the task. The marriage is the same. I can't resist it anyway!"

The girl was curled up next to the fire, and a sense of powerlessness from the bottom of her heart hit her deeply.

"I see. The reason why these guys can find us is because your blood is forbidden!" Ye Chen accurately captured the effective information that Yuqing Yin said.

"Ah?" Even Yu Qingyin himself looked puzzled.

"Well, I can try to help you lift the blood ban!" Ye Chen thought again and again, got up and whispered.

When the girl heard the speech, there was a glimmer of hope in her eyes, but in a moment, she dropped her head: "although you are the Lord of the devil and the heavenly stone, the prohibition was personally laid by the Lord of the temple. I don't want to trouble you!"

Ye Chen smiled: "you obey me, the Lord of the temple, I should save you!"

"Even if I can't save you, I'm not alone here. I'm afraid my backer is much more terrible than your temple Lord."

What ye Chen said is naturally Ren extraordinary.

Now Ren Feifan is healing. It's inconvenient for him to disturb, but if something really happens to him, Ren Feifan is bound to make a move.

As for the Lord of the demon temple and Ren Feifan, ye Chen is extremely sure that it must be Ren Feifan!

The girl raised her head. Although she didn't believe Ye Chen had any backing, the two tiger teeth couldn't hide it anymore with a smile and said, "I just abide by my parents' orders!"

"Don't move, I'll try!" At the place of Ye Chen's Dantian, the smell of demon and Tianshi spread, and a dark energy turned into a trace of green smoke into Yuqing's Yin body and began to explore.

Soon Ye Chen found that on the girl's Dantian, an obscure Rune was engraved on it, emitting a dark golden light!

As long as the caster initiates the prohibition, once this power explodes in the elixir field, no matter how powerful you are, you will have to explode and die!

The energy of the demon Tianshi covers it, and it is exhausted only by removing the half angle of the rune!

Ye Chen opened her eyes and performed the eight trigrams heaven elixir, but she still failed.

Chapter 6536

"Failed..."

"Still not?" The most desperate thing is to see hope but be disappointed again. Yuqing Yin lowered her head and couldn't escape after all.

"No, I mean, this prohibition can be solved, but it takes time!" Ye Chen's eyes coagulated and said firmly.

"Really?" The girl smelled the speech and looked into Ye Chen's eyes again, full of clarity.

Ye Chen nodded gently and said, "before that, I need to arrange the big array again!"

.....

At the same time, another place.

"Well, have you ever found out the whereabouts of the dark saint?" At this moment, the Lost Sea Island is full of spies in the Youtian hall.

"Someone interfered, but our people once caught the faint breath fluctuation, near the sea of loss!"

A leading young man stood with his hands behind his back, quietly listening to his subordinates' reports.

"What about the resistance boys?"

"Hui... Lord Hui Han... Is still on the run, but the head boy is injured. It's estimated that he can't escape far!"

The young man, who was called an adult, snorted coldly and sent out a clever killing intention: "a bunch of waste!"

"The little Lord will come right away. You can't even catch a few miscellaneous insects. I'll go myself. You continue to search for the dark saint!"

"Yes!" A crowd took orders and left!

Han Feng's armor is reflected by the bright moon.

"Take you before dawn!"

His eyes coagulated slightly, his body flashed and disappeared in place.

.....

At this time, Yu Qingyin's brother is not feeling well at the moment.

"Boss, brothers..." Xiao Wu stood in front of the man in black with a steel gun, his hands full of blood. On his side were the bodies of several aspiring young people.

He looked serene, but his vitality was exhausted.

"Xiao Wu, I'm sorry for you..." at this moment, the steel gun held by the man in black kept shaking. At the moment, his whole body began to tremble.

With this tremor, the wound under the black clothes began to tear again, and the rich smell of blood began to fill the air.

Little five's short figure stood in front of the man in black and wanted to help him, but exhausted himself also stumbled and fell in front of his partner's body.

"I don't know how Xiaoyu is now!" The man in black kept spilling blood and wanted to help Xiao Wu, but he couldn't lift his hand.

This war is almost his acme.

He doesn't have ye Chen's rebellious body and recovery ability.

"So several miscellaneous insects are shrinking here!" Han Feng's indifferent voice came. The back of the tree trunk was reflected by the moonlight, and the armor scattered the light of Sen Han, shining on the eyes of the man in black.

"Who should I be? It turned out to be the third blood Shura and Yujue on the lost Shura list!" Han Feng obviously knew the man in black. "Why, the dark Saint Yuqing Yin has nothing to do with you. She even wants to rob people from my Youtian temple at all costs!"

The man in black was silent and just stared at Han Feng suspended in mid air.

Xiao Wu subconsciously got up and stood in front of Yu Jue. His thin body could not even cover up the steel gun.

"Little five, step back!" Yujue stood up with a steel gun and stopped.

Little five's thin body turned and looked back at Yujue: "boss, follow your brother, don't regret!"

The thin body grabbed the steel gun in Yujue's hand and rushed to Han Feng on the sky!

"Little five, no!" Yujue lost her voice and roared, but the thin figure who rushed out could no longer be stopped!

Han Feng Yu Guang just glanced at it and said in a cold voice, "ants try to shake the tree, overestimate their strength!"

Looking at the thin figure coming, Han Feng sniffed. Before Han Feng saw the cold light of the gun tip, a huge virtual shadow palm had pinched Xiao Wu's neck.

With a grip of the virtual shadow's palm, the blood light sprinkled on the earth. The man named Xiao Wu fell to the earth and lingered.

"You dare!"

Yujue gave a desperate roar, and she wanted to rush forward to fight Han Feng, but she was controlled by Han Feng's idea!

"Old... Boss... Come on, let's go!" At the moment, Xiao Wu seems to have not disappeared. His mouth spits blood. His red eyes are full of blood. The whole person begins to shine a light!

"Self explosion, this madman!" Han Feng frowned. No one wanted to be swept in by the self explosion. He shook his back.

"Boom!"

The fierce roar overturned the sky. Xiao Wu was also the strong one in Baijia territory. The power of self explosion in Baijia territory swept the world for a moment!

Heaven and earth turned pale. On the lost sea, thunder began to tear the sky and wreak havoc on the sea.

For a while, it's hard to escape this disaster on the island!

Countless rough thunder robbers wreak havoc on the island. Once those low-strength spies sent by Youtian hall meet them, they will turn into robbery ash immediately!

Han Feng's eyes were fierce and busy. Looking at the battlefield where the dust had dispersed after the explosion, he was empty.

Yujue's figure has also disappeared.

"Hum, I see where you can go!" Han fengleng snorted and broke a falling thunder. His body flashed away.

.....

Youtian hall.

"Three Temple masters, just received the news from the great elder of the demon temple!"

"Read!" Three middle-aged people of different shapes sat on the jade Luan in the hall, and one of them opened his eyes slightly.

"The hall Lord of our family has passed the pass. I hope the three Hall Lords will capture the dark saint of our family, if..."

"Keep reading!"

"If there is a slight difference, the Youtian temple will be destroyed!"

The messenger's servant sat down on the hall.

He didn't think it was a threat!

Hearing the speech, the three middle-aged people in different forms headed by the hall opened their eyes one after another. A look of resentment flashed in their eyes, but they were all silent.

"Second and third, you go there yourself and take ming'er to experience!" The head of the middle-aged man ordered.

"Brother, the demon Temple deceives people too much. I'm afraid the three of us can't beat him alone?" The Lord of the second Hall of Youtian hall is indignant at the moment.

"Second brother, don't be impulsive. Now the situation is not clear. Let's go and watch it change!" The third hall Lord noticed that the matter was not so simple with his sharp eyes at the moment.

"The old man hasn't appeared in the world for more than 500 years. Now he comes to the hinterland of our Youtian hall in seclusion..."

"I'm afraid there's something wrong with the dark saint. Take her first and we'll take the initiative!" A young figure in a bloody robe appeared in the minds of the three Hall masters of Youtian Hall

"Third, you're in charge, and second, you're in charge of helping!" The head of the middle-aged man got up and put his hands behind him.

The remaining two looked at each other and dodged away.

Chapter 6537

Screen rotation.

"It's strange that this guy is so badly injured that he should not run far..."

In the dense forest shrouded in night, Han Feng's footsteps are particularly loud in the quiet forest.

Yujue took a pill and hid his figure. Listening to the footsteps from far to near, he smiled sadly and was ready to die.

At this time, the voices and smiles of several companions appeared in my mind, as if several energetic men were still sitting in a pointing River and mountain.

The last thing in front of me was the sad scene of Xiao Wu's self explosion.

"Brothers, we'll get together again!"

As soon as Yu Jue looked cruel, he wanted to get up and make a final resistance.

Just then, a rustling sound sounded in all directions, and Yu Jue was about to stand up.

Obviously, Han Feng also noticed the abnormal sound here. He stood still now, and the moonlight sprinkled on his armor with a faint cold light.

Cool and dazzling.

"Report to your excellency!" A small team rushed out, and Han Feng looked sideways. It was the team under Youtian Hall's own hand.

"Just after receiving the notice, the two temple leaders came to arrest the dark saint in person. The son is also on his way and will arrive from time to time!"

Hearing the news from his men, Han Feng was also quite surprised.

"What!"

He also wondered why a mere saint of the demon temple was worth the two peerless strong men of the Youtian temple!

Under the moonlight, Han Feng's hungry wolf like tusks clank and shine, "it seems that this saint has a big secret!"

"Where are they?" Han Feng narrowed his eyes and whispered.

"Report back to your excellency, we have locked the position of the woman, on the shore near the lost sea, but..."

Han Feng's face flashed a touch of impatience, "tell the truth!"

"Yes... The brothers surrounded the coast, but no one was found!" The leader of the team replied tremblingly.

Han Feng's eyes shot out two green and secluded lights. Those eyes, shrouded in the night, showed a soul-stirring killing intention.

"It seems that I've arranged a space array. I'll catch it myself!"

"Before the two temple masters and the Holy Son arrive, be sure to catch the Ni son!" Han Feng gave a loud drink, but he couldn't look for Yujue anymore. He turned and ran to the depths of the dense forest!

When the others saw the boss gone, they also flashed away.

A moment later, Yujue's figure poked his head out of the grass and said, "Damn it, we have to inform them as soon as possible! I don't know how many days they can last. "

He had just got up, but two of them stumbled to the ground, and the wounds on his body began to gush bright red liquid again.

.....

Two days later.

Ye Chen and Yu Qing Yin were completely absorbed in the world of erasing the blood prohibition.

Ye Chen looked at the blood prohibition that had been erased half, and a line of obscure runes on it had been erased more than half by Ye Chen.

"Continue!"

Ye Chen wiped the sweat on her forehead and concentrated again. Her palms closed, and her fingertips surged with dark light, erasing the forbidden runes engraved in Yuqing's Yin Dantian!

The erased runes turned into a touch of powder and scattered bursts of killing intention, but they were all collected by Ye Chen into the demon Tianshi!

I don't know how long later, ye Chen stood up, breathed out a sigh and said to Yu Qing, "it's almost refined. They shouldn't be able to find you for the time being, but now I have more important things to do. You wait here."

The reason why Ye Chen said this is because Ren Feifan has sent a letter with a flying sword and can enter the tomb of Emperor Wu.

Yuqingyin's affairs are important, but they can't compare with any extraordinary things after all.

"Are you leaving?" Yuqing Yin was surprised.

Ye Chen nodded and then used the array word formula to arrange the array. This time, it was enough to support Yuqing Yin for several days.

"Just stay here for a few days and I'll come to you when I'm done."

Although Yu Qingyin was a little lost, she nodded and said, "OK."

Ye Chen looked at Yuqing Yin and shook his head. He still disappeared between heaven and earth.

.....

When ye Chen returns to Ren Feifan, Ren Feifan has awakened.

Ren Feifan took a look at Ye Chen and said, "have you been contaminated with cause and effect?"

Ye Chen nodded: "it has something to do with the demon Tianshi. I have to intervene."

Ren Feifan smiled: "I'm not blaming you. This itself is a part of the chessboard. However, the tomb of emperor panwu is more important."

"It's not too late to solve the cause and effect after solving the matter of emperor panwu's tomb."

"Go, go, go to the tomb of emperor panwu!"

After his vitality recovered, Ren extraordinary's eyes were bright and bright. He no longer hesitated. He immediately took Ye Chen and went straight to the tomb of emperor panwu.

.....

The tomb of emperor panwu is the tomb of emperor panwu in ancient times.

When ye Chen came to the mausoleum, he saw that the mausoleum was simple and gloomy, filled with an atmosphere older than the old days, surrounded by a hazy chaos and no sun.

"Let's go in."

Ren Feifan took Ye Chen and directly stepped into the mausoleum.

But there was a quiet and dead silence in the mausoleum. I couldn't hear the slightest sound, not even the wind. All the time and space around seemed to stop, which made me feel a little numb.

Ye Chen also felt a burst of depression. After carefully capturing it, he found that the space in the mausoleum was severely prohibited. There were invisible space barriers everywhere. People walking in the mausoleum could easily hit the air wall, which was very inconvenient for activities.

"The space prohibition of this mausoleum is too cumbersome. Boy, sacrifice your empty monument and break the void."

Ren Feifan frowned slightly and said to Ye Chen.

Chapter 6538

He can naturally move in the mausoleum, but there are air walls everywhere, which is too annoying. Moreover, if the space prohibition is triggered too violently, it may disturb the hidden things in the depths of the mausoleum. Therefore, if there is a way to break the void, it would be better.

Ye Chen nodded and called to ling'er in his heart, "ling'er, can you do it?"

At the beginning, millions of believers worshipped the old lord in the ghost land. All the faith energy was absorbed by the virtual tablet, and lingers also absorbed some faith and fell into a state of deep sleep and digestion.

Now hearing Ye Chen's call, ling'er stretched out, woke up and said, "childe, I'm awake. I'm really comfortable in this sleep. I've recovered a lot now."

Ye Chen smiled and said, "just restore your state and help me."

Ling'er said with a smile, "OK!"

After getting the positive answer from ling'er, ye Chen immediately opened the virtual spirit pulse.

Ling'er mobilized the virtual tablet, completely released the energy of the virtual tablet, and greatly improved the power of Ye Chen's virtual spirit pulse.

Ye Chen's eyes were sharp. When the virtual spirit pulse was opened, bursts of powerful space force diffused from his body. The surrounding void suddenly hummed and vibrated violently.

"Empty spirit and divine pulse, broken!"

Ye Chen drank violently, and the surrounding space was forbidden. Suddenly, the layers were broken and opened. The sense of pressure of the space also dissipated in an instant.

"Good, boy, good job."

Ren Feifan felt a lot of relaxed atmosphere around him and smiled with approval.

"Come on, let's go in, the snow buried Stardust will belong to me, and the blood of panwu emperor will belong to you."

Ren Feifan took Ye Chen and stepped into the depths of the mausoleum. He was already discussing the division of booty.

His cultivation is stuck in the bottleneck, and the Tao heart needs to break through. This snow burial Stardust is very important to him, so he can't miss it.

Ye Chen has many magic weapons. Naturally, he doesn't mean to seize them. If he can collect the blood tradition of panwu emperor, it's not in vain.

Following Ren Feifan all the way, ye Chen gradually came to the depths of the mausoleum, but found that there was a smell of destruction everywhere. Tomb chambers and passages had turned into scorched earth and black smoke.

There was obviously a war here. Ye Chen also saw a lot of residual martial arts. The blood and moonlight were flowing, the Buddha light was surrounded, and pieces of broken red lotus fell.

There is no doubt that Ren Fanfan once fought a war with emperor Shi Wanye here.

Fierce fighting almost razed the mausoleum into ruins, with traces of ruins everywhere.

Finally, ye Chen went deep into the deepest part of the ruins.

But in the center of the ruins, a huge palace stands abruptly.

The palace was resplendent and magnificent, surrounded by many prohibitions. It was obviously the main chamber of the mausoleum, which was the resting place of emperor panwu.

The forbidden system around the palace is so powerful that it even blocks Ren Feifan's duel with emperor Shi Wanye.

At the four corners of the palace, there stands a statue, similar to the terracotta warriors and horses. The breath is deep and cold. It has been guarding the palace for a long time.

Ye Chen looked around, but found that a large array was arranged outside the palace.

That is the Xi emperor thunder array specially arranged by Ren, full of thunder killing.

Ren Feifan was very cautious. After leaving the mausoleum, he specially left an array to block the palace from outsiders.

The thunder is shining and the lightning is beating. It's very spectacular.

"Is this the tomb of emperor panwu?"

Ye Chen looked at the palace in front of him and was shocked.

The palace is very huge, 100 feet high. People standing outside the palace are as small as mole ants.

The Xi Huang thunder array, which is specially arranged by Ren, is even more huge.

Ye Chen came to the palace, like a small black spot between heaven and earth, which seemed very small.

"The prohibition of this palace is very strong. If you insist on breaking it, it may disturb the organ puppets guarding the tomb. Can your virtual monument tear the void and directly enter the palace?"

Ren Feifan removes the Xihuang thunder array and looks at Ye Chen.

The palace is surrounded by prohibitions layer by layer. Ren Feifan has already investigated and found that these prohibitions are connected with the mechanism puppets guarding the tomb behind. Once the prohibitions are broken, the mechanism puppets buried underground will be broken and killed, which is really difficult to deal with.

"I'll try."

Ye Chen took a deep breath and shouted:

"Empty spirit divine pulse, open!"

Ye Chen opened the virtual spirit pulse again, and the virtual tablet emerged, and the spirit's energy completely exploded.

This time, the virtual spirit pulse was opened. Ye Chen even burned blood essence, and blood color appeared in his pupils.

Under the burning of reincarnation essence blood, the power of virtual spirit divine pulse erupted to the extreme, and the surrounding space was heavily broken.

Under the broken space, ye Chen created a void door on the spot.

"There should be no problem, sir. Let's go in."

Ye Chen's eyes were full of confidence and stepped directly into the door of nothingness.

Ren extraordinary also secretly praised Ye Chen's means, so he stepped in together.

They passed through the gate of the void, crossed the forbidden system of the palace and directly entered the palace.

After entering the palace, ye Chen thought he would see the remains of emperor panwu and the legendary magic weapon, snow buried stardust.

But an amazing scene happened.

As soon as ye Chen entered the palace, he found a coffin in the center of the palace, which was overturned and empty.

There is no doubt that this coffin is the resting place of panwu emperor.

But now, the coffin was overturned, and the body of panwu Tiandi was also missing.

"Gone?"

Ye Chen was stunned. The scene in front of him was obviously beyond his expectation.

The remains of emperor pan Wu disappeared, and the legendary magic weapon, snow buried Stardust, disappeared. It seems that it has been taken away.

"Did anyone get there first?"

Ye Chen was surprised. He looked at Ren Feifan and felt unimaginable.

You know, the forbidden system of the palace has not been broken, and there is no sign of damage in any extraordinary array.

In other words, no one has ever entered the palace, but the remains of emperor panwu are gone, and the most precious magic weapon, snow buried Stardust, has disappeared.

"It's impossible! If someone can break through my array blockade, I can't feel any sound. "

Ren Feifan's face is very ugly. The scene in front of him is obviously beyond his imagination.

"Who took away the bones of emperor panwu and the magic weapon snow buried in Stardust?"

Ren extraordinary's eyes are murderous. He is determined to get the snow buried stardust. If an outsider dares to touch, he will kill no one. Even if emperor Shi Wanye dares to rob, he will kill.

Now, the remains of emperor pan Wu and the snow buried Stardust both disappeared. The situation was too abrupt and unimaginable. Ren extraordinary was so angry and surprised that he pinched his fingers with his right hand to deduce the cause and effect behind the performance.

Chapter 6539

Under a burst of deduction, Ren extraordinary's pupils contracted and blurted out three words:

"Emperor Shitian!"

Hearing the three words "emperor Shi Tian", ye Chen was stunned and said, "elder Ren, what are you talking about, Emperor Shi Tian? Did he take away the bones and magic weapons of panwu Tiandi? "

Ren Feifan said: "the secret of heaven is too complex for me to clarify, but I'm sure it's the hand of emperor Shi Tian."

Ye Chen looked a little strange and said, "how did emperor Shitian come here?"

Ren Feifan smiled and said, "it must be the guidance of emperor Shi Wanye. This guy still refuses to be at ease. He can't rob me, so he asked his younger generation to come and compete for it, but it's just a heart devil tumor, and he deserves to fight with me? He's gone into lost time. We'll kill him. "

Ye Chen said, "emperor Shi Tian has gone to the lost time and space?"

Ren extraordinary nodded and said, "yes, he knows that hiding in the real world can't escape my secret tracking, so he ran to the lost time and space, but it's still too naive. I want to kill him. Unless he hides in the world, who can save him?"

Lost time and space, in fact, is a special time and space formed after the collapse of the real world. The laws there are very special, but they do not jump out of the scope of reality after all. They are still shrouded and affected by the mystery of cause and effect.

Therefore, even if the emperor released heaven and hid from the lost time and space, it was calculated by Ren extraordinary.

Ren extraordinary's eyes are cold and frightening. Ye Chen knows that he has moved his heart. Emperor Shitian is afraid that he can't live today.

If you dare to rob the magic weapon with Ren extraordinary, you're looking for death.

Before Ren Feifan, he didn't want to be contaminated with cause and effect, so he didn't manage the struggle between Emperor Shitian and ye Chen. All problems were left to Ye Chen to solve by himself.

But now, if emperor Shitian dares to step on his head, he will not be polite.

The tomb of emperor panwu is very close to the lost time and space. This place is already about to collapse.

Ren Feifan went out from the palace, immediately tore the void and took Ye Chen to the lost time and space.

"Lost time and space is a lost and collapsed space. When people go in, they will easily fall and never get out."

"If you want to keep yourself in the lost time and space, you need the protection and guidance of the 'lighthouse'."

Ren Feifan reminds Ye Chen.

Ye Chen said, "lighthouse?"

Ren Feifan said, "yes, it's a lighthouse. You can understand it as something that can protect your heart. Boy, you're my lighthouse. If I'm alone, I really don't dare to mess into the lost time and space, but I'm not afraid to get lost with you."

Ye Chen's heart was warm and shocked again. Unexpectedly, he was the lighthouse in Ren extraordinary's heart.

"Senior, my lighthouse is also you."

Ye Chen almost blurted out that Ren extraordinary had helped him for many years. If anyone in the world could be his lighthouse, there was only Ren extraordinary.

Ren Feifan laughed and said, "it's interesting. Unexpectedly, we are lighthouses for each other."

When the voice fell, he took Ye Chen and officially came to the lost time and space.

This lost space-time is a misty, chaotic world. The laws of time and space are almost static, suffocating and filled with an extremely repressive atmosphere.

Stepping into the lost time and space, ye Chen only felt his head spinning, and the whole person seemed to fall.

This lost space-time is more terrible than the cosmic black hole and can completely devour people.

Fortunately, ye Chen has a lighthouse.

He looked at Ren extraordinary and felt much more secure.

Ren Fanfan is his lighthouse.

With the protection and guidance of this lighthouse, ye Chen will not fall even in the lost time and space.

And Ren Feifan always keeps a suitable distance from ye Chen, not too far away.

Because ye Chen is also his lighthouse.

If separated, he is also in danger of falling.

"Lord of reincarnation, let's be safe as an elder."

At this time, a steady voice came from the side.

Ye Chen looked sideways, but saw the lost fog dispersed, and the figure of emperor Shi Tian emerged.

Emperor Shitian was alone and had no lighthouse, but he did not fall. He stood in the air. His face was calm and calm. It seemed that he had expected Ren extraordinary to come.

"Emperor Shitian, how dare you rob me of magic weapons!"

Ren extraordinary stared at the emperor's way of releasing heaven with sullen eyes.

Emperor Shi Tian said: "heaven and earth are the most precious treasures. Those with virtue live there. The snow buried Stardust has not been refined by predecessors. It is an ownerless thing. I got it by luck. It is my thing."

Ren Feifan smiled and said: "very good, very good, you make a lot of sense. When you practice your mind magic power to the eighth floor, your mind is much calmer than before. You are not afraid to see me and want to rob the magic weapon with me."

Emperor Shi Tian said, "fear of nature is fear. If any elder wants to kill me, it's enough to snap his finger, but fear is useless. If I want to establish an ideal country, I naturally want to overcome all dangers and fears."

When he mentioned the Republic, there was a great momentum in his tone. It seemed that he was not afraid even if he died.

Ye Chen felt the great wish of the emperor to release heaven.

Judge the world, wash away sins and establish the legendary ideal country. This is the great wish of the emperor to release heaven, and this wish is also the lighthouse in his heart!

He can keep his body in the lost time and space without falling. Obviously, it is also because the desire in his heart is not extinguished, so the lighthouse is not extinguished.

Chapter 6540

Ren Feifan said, "well, you are very courageous. Unfortunately, you have too many accomplishments for me. You are not qualified to rob the treasure with me and hand over the snow buried stardust. I'll leave you a whole corpse."

The emperor's desire to release heaven is too great. His plan to judge the world and establish an ideal country is too crazy. Ren extraordinary also wants to get rid of him for a long time.

Now, Emperor Shitian robbed the treasure with him and violated his bottom line. He also wanted to kill emperor Shitian, which should be to cut off the future trouble.

Emperor Shi Tian said with a smile, "master Ren, naturally I'm not your opponent, but don't worry. When I practice the heart demon curse sword to the ninth floor, I'll fight you again."

"I've benefited a lot from talking to you today. I guess what your devil is. Goodbye."

The highest state of mind demon magic can surpass the gap between States and use mind demons to attack and kill enemies.

If emperor Shi Tian really knows Ren Feifan's heart demon, he will have the opportunity to judge Ren Feifan and kill him.

At that time, Ren Feifan's heart demon was detonated. In fact, Ren Feifan himself was the one who really killed Ren Feifan, not the emperor.

Heart demons never kill with their own power.

It is precisely because of such strange characteristics of heart demons that they are called malignant tumors in the world.

"You deserve to judge me? A mole ant, even if you have demonic powers, how about practicing to the ninth floor? I let extraordinary be open and aboveboard. What demons will judge you? "

Ren Feifan snorted and didn't bother to talk nonsense. With a flick of his finger and a wisp of blood moon sword gas, he shot at the emperor's head.

Emperor Shi Tianzheng turned around and left. When he saw Ren extraordinary's blood moon sword coming, his face didn't change color. He suddenly kneaded the formula and shouted, "Pan Wu Tiandi, stop him for me!"

The voice fell, and the emptiness beside emperor Shitian was distorted. A strong man in emperor's robe emerged.

"Emperor pan Wu?"

Ren Feifan was surprised to see the strong man in the imperial robe.

The strong man in the imperial robe is actually the legendary panwu Heavenly Emperor!

But at the moment, the pan Wu Emperor had no life on his face, only the gloom of the dead. His eyes were empty and dead, and he was wrapped with heart demons, like a puppet.

"Ah, he was controlled by the demon of emperor Shitian!"

Ye Chen took a look at panwu Tiandi, immediately caught the secret of heaven and understood everything.

It turned out that emperor Shi Tian had already entered the mausoleum and came to the outside of the main tomb to feel the breath of panwu emperor.

After the fall of emperor panwu for many years, the vitality has long disappeared, but there is still a trace of the will of martial arts.

This trace of remaining martial will is obsession, which can evolve into heart demons.

Emperor Shi Tian used his inner demonic power to control panwu Tiandi and refine him into a puppet.

Ye Chen and Ren Feifan, in the main tomb, saw the coffin overturned, and panwu Tiandi and snow buried Xingchen disappeared.

In fact, it was pan Wu Tiandi in the puppet state. He broke the coffin and took the magic weapon to the emperor Shitian.

Now, Emperor Shi Tian wants to use pan Wu as the puppet of emperor Tian and delay any extraordinary moment.

Just delay a moment, that's enough.

He has got the snow buried Stardust and can go to Emperor Shi Wanye and go directly to the supreme world.

As long as he goes to the supreme world and is guarded by Emperor Shi Wanye, he can escape Ren extraordinary's pursuit and bury the Stardust with refined snow.

When the snow buried Stardust is refined successfully, his heart will greatly change, and the heart demon God communication can breakthrough to the ninth floor.

At that time, he will become the first person of the eternal heart devil, surpassing all eras, and using the special attributes of the heart devil, he can even ignore the gap in the realm and kill all the people he wants to kill!

"Pan wukaitian, broken!"

The puppet of Emperor Wu suddenly appeared with a big hand and a huge axe, and fiercely attacked Ren Feifan and ye Chen.

Ye Chen's breath suddenly suffocated. This axe was about to make a breakthrough in the world. It was very powerful, showing the atmospheric spirit of panwu emperor in the past.

"Emperor Shitian, just a puppet, you want to stop me? It's too naive. You won't understand my realm in your life. "

When Ren Feifan saw emperor Shitian, he actually wanted to escape under his eyes. He suddenly gently sighed and didn't get angry. He just felt that emperor Shitian was poor.

Because his cultivation level is too much to surpass emperor Shi Tian. All the other party's plans and tricks are vain in his eyes and will not have any effect at all.

"The blood moon slaughters the sky and kills it for me!"

Ren Feifan drew his sword out of its scabbard, and with a gentle sword, the fierce blood moon sword was shot out, cutting like a bamboo.

Puff!

The puppet body of Wu Tiandi, with the huge axe of Wu Dao, was cut off by Ren extraordinary sword in an instant.

Emperor Shi Tian's eye pupil shrunk, but he saw that the body of Emperor Wu was completely turned into a bloody rain under Ren extraordinary sword Qi.

The sharp blood moon sword Qi pierced through the blood rain and continued to cut towards him with the momentum of destroying the withered and decaying.

His accomplishments only existed in the early stage of Baique territory. Under Ren extraordinary sword, he was like a mole ant.

If he is hit by this sword, he will be destroyed.

"The gate of celestial burial, coming!"

At the critical moment, Emperor Shitian drank violently and waved his hands. The magic light behind him emerged, showing a door.

This door is full of the ancient flavor of the flood and wasteland. It is surrounded by the whole body of magic gas and filled with the smell of purgatory like burial. It is actually the gate of celestial burial in the nine gates of the flood and wasteland!

Emperor Shi Tian urged the gate of celestial burial to block any extraordinary sword Qi.

Zheng!

Ren extraordinary's sword Qi was cut on the door of the funeral that day, and suddenly there was a sound like the sound of gold and iron, sparks splashed, and strange images of maple leaves burst out on the door of the funeral door.

"How can you hold the gate of celestial burial?"

Ye Chen was surprised to see the door of the funeral that day.

You know, this is Jiang Chenzi's magic weapon.

After a little thought, ye Chen woke up. After emperor Shi Wanye killed Jiang Chenzi, he also took away the door of celestial burial. I think he finally gave it to Emperor Shi Tian, so this magic weapon is in emperor Shi Tian's hand.

The door of the funeral on that day was obviously quenched by Emperor Shi Wanye, with the will of emperor Shi Wanye, so it even blocked Ren extraordinary's sword.

"What's the use of struggling in vain?"

Ren extraordinary's face remained unchanged, his wrist moved, his sword awn burst, and the blood moon sword Qi came out again.

This time, he made at least five successes. Even if emperor Shitian had the defense of the gate of celestial burial, he could never stop it.

Emperor Shitian's face changed greatly. He knew that there was a big gap between his strength and Ren Feifan. No matter how hard he resisted, he was in vain, but he was always unwilling to wait to die.

"Heart devil big curse sword, kill!"

At the critical moment of life and death, Emperor Shitian opened the door of celestial burial, but as soon as the door was opened, countless dark magic swords exploded out of the door and cut off Ren Feifan.

These swords are the swords of heart demons. They are integrated with the gate of celestial burial and have extremely strong lethality.
