

Physician 6541

Chapter 6541

Emperor Shi Tian's cultivation of mind demons is currently the level of the eighth floor. After getting the gate of celestial burial, he integrated his mind demons and gods with the gate of celestial burial, and the power of mind demons' sword Qi also soared greatly.

The heart demon flying sword was cut out, and the surrounding space was turbulent. A trace of ancient sins were spreading madly, invading people's spirit.

Ye Chen saw that the heart demon flying sword was killed, but he felt the spirit shaking. The heart demon in his heart seemed to be seduced.

"Hongmeng big starry sky, open!"

Ye Chen quickly opened the Hongmeng starry sky, resisted the demons, and turned to Ren extraordinary.

But seeing Ren extraordinary, he was still calm and unmoved.

Hiss, hiss, hiss!

The countless heart devil flying swords were killed on any extraordinary body, but they all burst and completely smashed like raindrops.

Whoa, whoa, whoa!

Pieces of sacred light and incomparably bright vast white light burst out from Ren extraordinary.

His heart seemed to have only pure light and pure holiness, and there was no sin of heart demons. The flying sword of heart demons had no effect on him at all.

"Sure enough..."

Emperor Shitian's face was slightly distorted when he saw that the heart demon had failed to kill, but his eyes were dejected.

Ren Feifan's right hand was held violently, and the invisible strength was released. The heart demon flying sword burst and smashed in an instant.

"As I said, my heart is open and aboveboard. There are no demons that can be used by you."

Ren Feifan stared at the emperor's release day, as if looking at a dead bone, his eyes were cold to the extreme.

Emperor Shitian smiled miserably and said, "elder Ren, you think you are aboveboard, but you also have heart demons. Your heart demons are the Lord of reincarnation. You want to help reincarnation, defeat wanxu, and even prove that there is nothing. This is your heart demons."

"If you want something, there must be a heart demon. Unfortunately, my cultivation is not enough. If my heart demon and God can practice to the ninth floor, you may not be able to stop my killing."

Ren Feifan snorted and said, "if you want to practice to the ninth floor, I'm afraid you don't have this chance."

Words fall, let the extraordinary palm shake in the air.

Emperor Shi Tian gave a "puff" sound, opened his mouth and spewed out blood. In a moment, his internal organs burst into pieces. He was seriously injured, and a grain of dust floated out of his body.

This grain of dust, white as frost and snow, has a great magic atmosphere, and seems to contain thousands of worlds behind it.

"Is this the snow buried Stardust?"

Ye Chen looked at the dust and felt peace in his heart. It was as if standing in the world after snow, he could hear the natural voice of heaven and earth.

The dust is the supreme artifact of the thirty-three days. The snow buried Stardust, which ranks second, is not a magic weapon to kill logging, but a gain aid. After refining, it greatly increases the Taoist heart.

If emperor Shitian can refine, his mind, demons and gods can soar to the ninth floor, which shows the power of this magic weapon.

Unfortunately, this magic weapon has too much power and it is difficult to refine. Therefore, after emperor Shitian got it, he has not had time to refine it. At present, his heart demon God communication is still the eighth layer.

And this snow buried Stardust also plays an extremely huge role for Ren Feifan.

Ren extraordinary's martial arts are already very powerful. There will be no breakthrough in ordinary cultivation. If you want to make a breakthrough, you can only harden the heart of the Tao.

When the Taoist heart is refined, the cultivation will naturally follow the breakthrough.

Burying stardust in snow is the best magic weapon to gain Tao heart.

Ren Feifan grabbed the snow buried Stardust, held it in his hand, looked at the emperor and said, "do you want me to do it or end it yourself?"

Emperor Shi's eyes were dim and he looked up to the sky and sighed: "it's a pity that my wish to judge the world and wash the universe has finally come to naught."

When the voice fell, Emperor Shitian offered a heart demon flying sword and wanted to kill himself.

"Slow!"

At this time, an old cry suddenly sounded.

But I saw a withered palm coming down in the air, with a force of the emperor's authority, shooting down the emperor's flying sword.

"Huh?"

Emperor Shi Tian was stunned, but he saw the void break and an old man emerge.

The old man was filled with a majestic and domineering atmosphere, with an immortal atmosphere of the sun and the moon. He was unexpectedly a strong man at the level of immeasurable heavenly monarch.

Moreover, what's more amazing is that the old man's appearance is three points similar to Ren extraordinary!

"Grandpa!?"

Ren Feifan was surprised to see the old man coming.

But he saw the old man fly down and catch emperor Shitian with his big hand. He said, "emperor Shitian, you are deeply guilty, but you can't die so cheaply. The plot between you and Emperor shiwan ye has been understood by the feather emperor's palm sect. You can't atone for your death. Come back to wanxu with me!"

Emperor Shi Tian said, "you are..."

The old man said, "I am the ten Heavenly Kings family, the ancestor of Ren family, honored as Dugu Tianjun, Ren walking alone."

Emperor Shitian was shocked when he heard the old man's name.

Ye Chen was also surprised. Unexpectedly, the other party was one of the top ten ancestors and the ancestor of the Ren family.

Isn't that to say that Ren alone is Ren extraordinary's ancestor?

"Why are you here?"

Ren extraordinary looked at Ren walking alone with very complex eyes.

He has many families, one of which is in the Taishang world. In fact, he is the person of the Taishang Ren family and the descendant of Ren alone.

In those years, the top ten ancestors soared, Ren walked alone and multiplied in the Taishang world. Ren's family was very prosperous. They were born two peerless Tianjiao, Ren Feifan and Ren tiannv, and were feared by the feather emperor.

Chapter 6542

However, for a long time, the emperor did not dare to make things too difficult for Ren's family. After all, Ren Duxing was one of the partners in creating wanxu. If he had no choice, the emperor did not want to tear his face.

Ren walked alone and looked at Ren extraordinary. His eyes were also very complex. With many emotions such as nostalgia, helplessness, sobbing, sadness and so on, he finally sighed and said:

"Xiao Fan, Emperor Shi Tian and Emperor Shi Wanye colluded to bury stardust in snow and refine the poison tumor of heart demons. This conspiracy has been known by the feather emperor's palm sect."

"The feather emperor's palm sect has suppressed emperor Shi Wanye, ordered me to capture emperor Shi Tian and bring him back to the ruins."

When Ren Feifan heard the word "Xiaofan", his expression was greatly touched, and even showed a trace of pain. Many past events in his youth were recalled.

At the end of those endless years, he lived in the Taishang world and was the destiny of Ren's family. It can be said that he was extremely noble and glorious, but later he was suspected by the feather emperor and had to flee.

The Ren family is afraid of the majesty of the feather emperor and dare not protect Ren extraordinary.

Ren Feifan wandered all the way. He rose against the sky by relying on his own perseverance and luck. Recalling the ups and downs of his life, Ren Feifan turned his head and said in a deep voice:

"Lao Zu, if you want to take emperor Shitian away, take him away. I wanted to give him a good time. It seems that I can't do it."

With the character of the feather emperor, if you catch the emperor Shi Tian, it will definitely be a cruel torture. Life is better than death.

Emperor Shi Tian's face changed wildly. Knowing the end of falling into the ruins, he wanted to kill himself, but he was so angry that he was shrouded by Ren alone, but he couldn't move.

Ren Duxing is the ancestor of the Ren family and one of the top ten ancestors. His cultivation level has also reached the boundless realm, far beyond the emperor Shitian, which is naturally difficult to resist.

Ren alone looked at the snow buried stardust in Ren extraordinary's hand and said, "Xiao Fan, there's this magic weapon..."

Ren Feifan said, "what do you want to do?"

Ren Duxing sighed, "in addition to the emperor's release of heaven, the feather emperor's palm sect ordered me to bring back the snow buried stardust. Please give me this magic weapon."

Ren Feifan's face sank and said, "emperor Shitian, you can take it away, but I can't give you this magic weapon."

Ren Duxing said, "Xiao Fan, don't make it difficult for me. If I can't bring back the snow and bury the Stardust, I can't make a job. I'm afraid the feather emperor's palm sect will kill me."

Ren Feifan said, "the feather emperor, how dare he? You are one of the founders of wanxu. He dares to tear his face? "

Ren Duxing smiled bitterly and said, "it has completely broken up. The heavenly daughter wants to stand on her own and fight with the feather emperor palm sect. The Ren family is involved. At present, the people of the supreme Ren family are almost killed, and I am about to face great disaster."

As soon as Ren Feifan's pupils contracted, he said, "has it broken?"

He naturally knew that there was a huge dispute between Ren tiannv and the ancient feather emperor, but he always maintained a delicate balance and did not completely break down.

But now, Ren Duxing says that Ren tiannv and the ancient emperor have completely broken up.

The consequences of the break are naturally serious.

The people of the Supreme Master's family were almost killed by the feather emperor.

Ren Duxing said, "you may not know that half a month ago, the heavenly daughter got the wish fairy pool. She has publicly betrayed wanxu and established the wish fairy cult. She is the leader of the wish fairy cult."

Hearing this, Ren Feifan, ye Chen and Emperor Shitian were shocked.

The wishing fairy pool is one of the four fairy pools. It is said that it can realize any wish of people. It is very powerful. If you want to rank, the wishing fairy pool can rank third among the supreme artifacts in the thirty-three days.

Now, the Empress Dowager has obtained the wish fairy pool, directly betrayed the wanxu, set up her own door and established the wish fairy cult.

This is an earth shaking event. It is expected that the current Taishang world is deeply involved in a fierce vortex struggle.

Affected by this matter, the people of the supreme emperor Ren's family were almost killed by the ancient emperor Yu Huang.

Ren walked alone and was about to face great disaster. Naturally, he didn't want to die.

The more people have, the less they want to die.

A strong man like Ren Duxing has gone through many twists and turns and endured many thousands of years of ups and downs from quenching body to limitless realm, from a humble mole ant to the supreme emperor. Where are you willing to fall?

Ren Duxing said, "now the feather emperor's palm teaches me to bring back the emperor's release day and the snow buried stardust. If it goes well, he said he would allow me a safe rest of my life, but if I can't do it, he will kill me right away."

The magic weapon of snow burial of Stardust ranks second, higher than the wishing fairy pool, and it is the existence of the attribute of Tao heart.

If the feather emperor gets this magic weapon, he can easily deal with the supreme daughter.

The Empress Dowager practices Jiutian baopu Jue, and this Jiutian baopu Jue is the magic power of heart cultivation. The Taoist heart boundary of Jiutian baopu Jue is shrouded, and even the feather emperor can't crack it.

But if he can get the snow buried Stardust, he can break the protection of the supreme daughter.

Therefore, it is also very important for the feather emperor to bury the star dust in snow.

Ren Feifan held the snow buried stardust in his hand, but he didn't want to give it up. He said in a deep voice, "Lao Zu, it's my bottom line to let you take away the emperor Shitian. This snow buried Stardust can't be given to you. Go back."

Ren Duxing's knuckles clicked and said, "Xiao Fan, I can't make a job. Didn't you let me die?"

Ren extraordinary's face was silent, his eyes struggled, and finally said decisively: "I don't know. In short, I can't give you this magic weapon anyway. If you really want to kill me, you can seize the treasure and leave."

Ren Duxing smiled miserably and said, "your cultivation level is growing rapidly. Now martial arts are far above me. How can I be your enemy? If you really want to fight, you can break me into pieces within three moves. "

Ren Feifan is completely silent. Naturally, he doesn't want to see Ren die alone, but he can't send out snow to bury stardust.

If the snow buries the Stardust and falls into the hands of the feather emperor, the woman will die that day.

This snow buried Stardust is just a sharp weapon against Jiutian baopu Jue.

Ye Chen looked at Ren extraordinary's silent appearance and knew his inner struggle and contradiction.

This magic weapon, whether handed over or not, will have serious consequences.

Either Ren died alone, or Ren tiannv died. We can't have both.

After all, it's better to stay in your own hands than to give it to the feather emperor.

Ren Duxing's eyes are bloodshot. There is deep fear and despair behind his eyes. If he can't make a smooth job, the feather emperor can't let him go.

"Xiao Fan, I'm your ancestor at least. You have my blood and cause and effect. Do you really want to deceive the teacher and destroy the ancestor and watch me die?"

Ren Duxing didn't want to fall. His voice begged, "bullying teachers and destroying ancestors" was said very seriously.

Chapter 6543

Ren extraordinary's body trembled. Looking at Ren's lonely and frightened appearance, he bit his teeth and said, "well, you can bury the Stardust with snow. In that sentence, martial arts will win a decisive victory. If you can't beat me, then you will fight with the Lord of reincarnation. As long as you can defeat the Lord of reincarnation, I will give you the snow buried stardust."

Ye Chen was shocked and said, "elder Ren, how can I..."

Ye Chen's current state of cultivation is only eight layers of heaven in the real realm. If the peak erupts, he can kill the strong ones in the five or six layers of heaven in the hundred yoke realm, but that's the limit.

However, Ren's self-cultivation has reached the boundless realm, which is the highest realm of real martial arts. He is truly boundless and immortal and the supreme emperor.

If they fight, ye Chen will be killed if she can't support any single move.

And Ren alone can't support Ren extraordinary's three moves, which shows Ren extraordinary's power.

If Ren extraordinary moves, it is a sure bet, but if ye Chen is called to fight, it will be defeated.

Seeing the hope of life, Ren Duxing was overjoyed and said, "Xiaofan, you... Did you ask me to fight the Lord of reincarnation? This... Although the big bully the small, it is invincible, but... "

Ren Feifan said, "Grandpa, before you fight, you must first suppress your cultivation level to three levels of the hundred yoke territory. You can't bully the small with the big."

After a pause, he looked at Ye Chen and said, "boy, this is an opportunity for you to make a breakthrough in martial arts. My grandfather is a real boundless heavenly king. Fighting with such experts is a rare opportunity in your life. Don't let me down."

Ren Duxing was disappointed when he heard that he wanted to suppress the realm. He carefully felt Ye Chen's breath. On the surface, although there were only eight layers of real realm, his real combat effectiveness was afraid to be greatly exceeded.

"It's said that the reincarnation Lord has become a thousand heavy tower palm. He has great prestige. He's afraid he'll kill him with one move. I can suppress my cultivation to five layers."

Ren Duxing carefully calculated that the five layers of the hundred yoke realm was a relatively suitable realm. When suppressed to this realm, the victory or defeat of his battle with Ye Chen was just fifty-five, which was acceptable to both sides.

And Ren Duxing, with many years of combat experience, he is confident to defeat Ye Chen in the end.

Ren Feifan said, "it's OK to have five layers of heaven in the hundred yoke territory. What do you think, boy?"

Ye Chen's face sank. He wanted to fight against the strong man on the fifth floor of the hundred flail realm, and he was a heavenly king. He might be more terrible than some existence on the sixth floor. He had to break out at the peak before he had a chance to win. It was really not easy.

However, since there was a chance to fight with Tianjun, ye Chen didn't want to miss it and said, "OK, elder Ren, I can fight."

Ren extraordinary way: "very good."

Ren walked alone with a smile. He didn't have to fight with Ren Feifan. He just wanted to fight with Ye Chen. He was a lot more relaxed and said, "I heard that reincarnation blood is above the heavens. Today, I finally have the opportunity to ask for advice. I'm worth my life."

After that, Ren walked alone without nonsense and directly began to suppress his cultivation realm.

His cultivation breath was suppressed all the way, and finally reached the five levels of Baijia territory.

Ye Chen looked at Ren walking alone. Originally, he couldn't see the details of Ren walking alone, because the cultivation breath of immeasurable heavenly king was too vast for him to peep.

But now, he can clearly see that Ren Duxing's current cultivation is the five layers of heaven in the hundred flail realm, and the physical strength, Qi and so on have also been suppressed to this realm.

Ren extraordinary's body flashed. He grabbed emperor Shitian and stood in the distance to watch the war.

Ye Chen and Ren walked alone, suspended in the void, facing each other faintly.

Ren Duxing said, "Lord of reincarnation, you move first."

Ye Chen's heart was pounding. He had never had a hand with Tianjun before. He couldn't help feeling a little excited. He took a deep breath and calmed his spirit a little. He said, "old master, I've offended."

The voice fell, and ye Chen's body shot out, exploding the Buddha light all over, and slapped Ren Duxing.

"Ba Bu Fu Tu Qi!"

The magnificent Buddha light exploded from ye Chen's palm, turned into a thousand storey pagoda, and went frantically towards Ren Duxing.

This move is powerful, but in fact it's just a test. Ye Chen hasn't used his cards yet.

Ren Duxing's face remained unchanged. He waved a palm lightly. When he lifted the weight as light as a light, he disintegrated Ye Chen's futu pagoda and prestige.

Ye Chen saw his martial arts technique, which was mellow and satisfactory. It was like heaven. He couldn't see any moves at all, but he turned his offensive lightly.

"It is worthy of being a strong emperor!"

Ye Chen exclaimed, knowing the power of Ren Duxing, pulled out the Longyuan Heavenly Sword on the spot, and summoned the blood dragon.

Roar!

The mighty body of the blood dragon is wrapped around the sword. The dragon is vast.

Ye Chen held the sword in his hand, and the momentum soared.

"The blood moon slaughters the sky!"

At the next moment, ye Chen drank violently, mixed with the power of the blood dragon, and directly cut the bleeding moon to the sky.

For a moment, seven rounds of blood moon rose in the air. Ye Chen's sword was as powerful as the vast sea, and he took his head and cleaved to Ren alone.

"Hehe, Lord of reincarnation, there is still a big gap between your sword technique and Xiao Fan."

Ren walked alone and looked at the seven blood moons in the sky. His face didn't change color. His palm suddenly broke out like lightning. Unexpectedly, he locked the weakness of Ye Chen's sword Qi. His palm fell like a knife, and the void was cut and exploded. There was an endless storm in the lost time and space.

The seven blood moons in the sky burst out with sobs in the storm and dissipated in an instant.

Ye Chen's blood moon Tu Tian was cut off, but it was broken in an instant.

Chapter 6544

Ren Feifan's face sank and opened his mouth to point out: "don't use this move. Lao Zu, he knows all the details of the blood moon sword technique, and directly use your strongest nine heaven magic."

Ye Chen said, "yes!"

The next second, ye Chen wants to use Daqian Chonglou palm.

However, Ren Duxing knows the power of Daqian Chonglou palm, but he won't give ye Chen a chance to show it.

"The Dragon subduing seal of the devil!"

Ren walked alone with both hands to make a seal, and then a powerful big handprint, with rolling magic spirit, patted Ye Chen's head with the spirit of subduing dragons and subduing tigers.

This seal of heaven demon subduing the dragon is one of the thirty-three Tianhong Mongolian methods. It is a very common magic power. However, it has the power to turn corruption into magic when cast in Ren's hands alone. The momentum of the palm print is very vast.

Ye Chen immediately felt suffocated. For a moment, he had no time to use Daqian Chonglou palm and quickly waved Longyuan Tianjian to block it.

Fortunately, he was in charge of the Heavenly Sword. His sword Qi was very sharp. When the Heavenly Sword was waved, Ren walked alone with a pair of meat palms, but he didn't dare to approach too much. Just his palms flew in succession, suppressing Ye Chen, and didn't give him the opportunity to show the nine heavenly gods.

Ye Chen was beaten back and suffocated.

Facing the pressure of Ren walking alone, it is greater than Zhan Changmo Jun.

It is also the five or six layers of heaven in the hundred yoke territory, but Ren alone is, after all, an immeasurable heavenly king, and a man of the ten thousand ruins. There is the will of the ten thousand ruins behind it, and the martial arts is very powerful.

"Tianyin ghost kill stab!"

Ren walked alone, pressed step by step, turned his palm into a finger, and then used a move of hongmongol method. One finger was like a thorn, stabbing Ye Chen's heart. All moves were directed at the key and left no room.

He knows the key to this battle. If he can't defeat Ye Chen, he won't get the snow to bury the Stardust and return to wanxu. It's definitely a dead end. Therefore, this move is deadly and very fierce.

"Empty spirit divine pulse, open!"

Seeing that the situation was unfavorable, ye Chen even had difficulty breathing, so he immediately opened the virtual spirit pulse.

As soon as the virtual spirit pulse opens, the surrounding space suddenly distorts.

Ye Chen looked at the opportunity, a flash, flew away to the distance, and finally gasped.

"No!"

Ren Duxing saw Ye Chen suddenly escape, and immediately secretly shouted that it was not good.

"Nine heavenly gods, daqianchonglou palm!"

As soon as ye Chen got her breath, her eyes suddenly burst into murderous Qi. Her whole body's aura and will converged. Behind her, there was a vast world, and the majestic weather of ten thousand pavilions was revealed.

Immediately, ye Chen slapped hard, with earth shaking, pushed the power of the universe, and rushed out towards Ren alone.

This is the strongest martial art he mastered, and also the strongest nine heaven God skill, Daqian Chonglou palm!

As soon as this palm comes out, the heaven and earth are shaken, the universe is turbulent, the roads of all circles are wiped out, and the power is fierce and fierce. It can be called the peak of martial arts in this world.

Boom!

Daqian Chonglou's palm pushed sideways and rolled up thousands of heavy air waves. It's very strong.

Ren Duxing's face changed greatly. Against the background of the palm technique of daqianchonglou palm, his old body looked very small like a boat in the storm.

"Earth mother source divine light, absorbed by me!"

At the critical moment, Ren walked alone and waved his hands, making a hazy light of the earth.

This light is the divine light of the earth mother source, a pseudo divine art evolved from the formula of the mother sword of all things.

The mother sword formula of all things, the nine heavenly gods, is hidden in the xuanhai sea, and has not been seen in wanxu. However, the wanxu temple has a rich collection. There is no mother sword formula of all things, and there are still some pseudo gods, so Ren alone also controls the divine light of the mother earth.

Ye Chen has naturally seen this magic power. When people of xuanhai Jianjia sword sect took Xuanji moon away, they used this false magic skill to block his Daqian Chonglou palm.

However, ye Chen at that time was at the end of a powerful crossbow, and it was difficult to wear a pickaxe, so he was blocked. Now ye Chen is in full power. He is only a hypocrite. It is a fool's dream to block his palm.

"Break it for me!"

Ye Chen drank violently, and the palm of the thousand towers was pushed to the extreme. The palm power soared all the way, directly crushed Ren's solitary earth mother source divine light, and severely killed his body.

Ren walked alone and his look changed greatly. He had expected that daqianchonglou palm was strong, but he didn't expect it to be so strong.

Seeing ye Chen clap it, Ren Duxing flashed countless lights in his eyes, but he didn't avoid it at last. Instead, he rushed up against the palm.

"The hand of the dark devil, broken!"

Ren Duxing drank violently and used a move of hongmengyuan skill, which was a magic power transformed and upgraded from the Dragon subduing seal of the heavenly devil. His palm exploded black like a dark devil and hit Ye Chen's chest.

Ye Chen's pupils contracted. He didn't expect Ren Duxing to be so fierce. In the face of his qianchonglou palm, he didn't avoid, but still attacked.

Ye Chen didn't expect this sudden change, so he hurried back, but he was still half a step slow and was beaten.

"Puff!"

Ye Chen vomited blood on the spot. He only felt that his chest bones burst, his internal organs churned and twisted, and the pain was abnormal.

And Ren walked alone. Without avoiding, he was slapped by Ye Chen.

Da Qianchong Lou's palm was a trifle. Ren Duxing was slapped hard. His bones were almost crushed, he vomited blood again and again, his face was instantly pale, and his injury was heavier than ye Chen.

"Elder, you..."

Ye Chen gasps repeatedly and uses the eight trigrams heaven elixir technique to smooth the injury.

Ren Duxing also took out a pill for healing, which was a elixir refined in the green bamboo fairy pool of wanxu. Take it to recuperate the injury. Hehe said with a smile:

"I can't lose the momentum of fighting in martial arts. Even if I lose both sides, I won't step back."

He is very experienced in martial arts. He just competes and duels. In fact, he is fighting for one breath. In any case, he can't be weak.

Therefore, even in the face of the palm of a thousand towers, he never retreated and had to rush to attack. He would rather lose both sides or even hurt himself more seriously than show weakness.

Ye Chen was deeply shocked and felt the boundless spirit and will of the heavenly king.

However, seeing that Ren Duxing took the healing pill, his injury improved slightly, he immediately concluded the handprint and released the magic weapon.

Although his injury has improved, his breath has not recovered. Now he is going to attack.

"The Golden Wheel of the sun, like the sun coming!"

Ren walked alone and drank violently, and a golden round wheel was released from his hands.

The golden round wheel is brighter and more powerful than the sun.

The fierce light shone down, and ye Chen couldn't even open his eyes.

"Be careful! It is the supreme artifact of the thirty-three days, the great sun golden wheel, and the magic weapon quenched by the heavenly daughter! "

Ren Feifan saw the big sun Golden Wheel coming, and his voice reminded him with a trace of dignity.

"Big Day Golden Wheel?"

Ye Chen looked at the dazzling golden wheel and caught the secret.

It turns out that the big sun golden wheel is the last of the thirty-three days of supreme artifacts.

This magic weapon was not originally listed in the ranking, but its quality has been greatly improved due to the quenching of the heavenly daughter, so it is listed in the ranking.

Chapter 6545

The first is the monument of the heavenly king, the second is the snow burial of Stardust, and then there are the four immortal pools, the seven treasures of Hongjun, the nine gates of Honghuang, and the ten Heavenly pearls. Plus this big sun golden wheel, it is exactly 33.

As for the reincarnation holy soul day, because no one has been in charge for a long time, and reincarnation is only respected, it has long stripped the ranking and is above the supreme artifact of the thirty-three days.

Once the reincarnation holy soul day, when it was still at the top of the list, there was no big day golden wheel. It was only because the reincarnation holy soul day was stripped off and a position was vacated that this magic weapon was included.

Although the ranking is the last, it can be seen that the supreme daughter is strong.

Ren walked alone and his breath was not restored. It was obvious that he was desperate to attack.

He knows that he can't lose this battle. If he loses, he will die. Therefore, even if he rushes to attack and tries to fight back, he must defeat Ye Chen as soon as possible.

Ye Chen was afraid to see the other party so fierce.

He had not recovered from his injury. In the face of the suppression of the great sun golden wheel, he immediately felt incomparable pressure, as if there was a hot sun blowing his head at himself.

"Reincarnation holy soul day, soul body transformation, reincarnation soul body, open!"

At a critical juncture, ye Chen drank violently, supported by his left hand, and a black awn burst into his palm. The word "ghost" shone in the black awn, which was the Holy Spirit breath of the ghost killing way.

Reincarnation holy soul day, instant opening.

But I saw a hazy sky full of haze and ghost gas emerging from ye Chen's head.

The reincarnation soul body was also opened. Ye Chen's soul body was transformed, and his breath soared wildly.

Although Ye Chen only collected a fragment of this reincarnation holy soul day, his blessing on the reincarnation soul force is very huge.

Now his body is injured, but his spirit is not injured. His soul power is released and his soul body is transformed to support the sky of reincarnation holy soul and resist the attack of Ren alone.

The big sun golden wheel that Ren walked alone came as powerful as the scorching sun.

But this round of scorching sun cannot decipher the weather of the holy soul sky.

Ye Chen's reincarnation of the holy soul day stubbornly blocked the attack and killing of dari Jinlun.

"What!"

Ren walked alone with distorted facial features. Unexpectedly, ye Chen still had this card.

"I make a wish that thousands of towers will threaten the eight wastelands!"

Ye Chen roared up to the sky and offered up the wish sky star. With the power of the wish sky star, he once again cast the great thousand towers palm.

Boom, boom!

But I saw endless palms exploding on the wish star. Each palmprint, with the power of a thousand towers, spread all over the world to kill Ren alone.

Ren Duxing's face changed wildly, but he couldn't resist the killing of thousands of heavy palms.

"The emperor's majesty destroys the sky and destroys the earth!"

At the critical moment of life and death, Ren Duxing can no longer suppress cultivation, immediately release all constraints, and restore his strength to the realm of immeasurable heavenly monarch.

As soon as his realm was restored, the majesty of the heavenly king burst out. With a flick of his finger, he immediately destroyed all the palms in front of him.

With Ye Chen's current strength, even if ye Chen wields daqianchonglou palm, it is naturally impossible to fight against the heavenly king. Moreover, Ren Duxing is not an ordinary heavenly king, but an infinite heavenly king, let alone Ye Chen.

However, Ren Duxing no longer suppressed, but revealed his true accomplishments. He had lost the contest.

"Old master, I promise."

Ye Chen arched his hand, put away his wish, Tianxing, and said.

At the last minute, Ren Duxing forcibly restored his strength and fought against Ye Chen. That was against the rules of the martial arts competition. Naturally, ye Chen won.

"This..."

Ren Duxing was stiff and speechless. His face was dark and gray for a moment. His eyes were dead and his thoughts were lost.

Thinking of the consequences of defeat, if the snow buried Stardust can't be taken back, it must be killed by the feather emperor. He can't help sweating and shaking badly.

Ren Feifan took a step forward and said, "Lao Zu, you lost. Let's go."

Then, Ren Feifan threw the body of emperor Shitian to Ren Duxing.

Ren Duxing trembled all over and his eyes were full of great fear. He knelt down to Ren Feifan on the spot and said, "Xiao Fan, I don't want to die. Please give me the snow buried Stardust and let me take it back to work. Otherwise, the ancient emperor Yu Huang must torture me to death by extremely cruel means."

His kneeling surprised Ren Feifan.

"Grandpa, why?"

Ren Fanfan retreated again and again, but he didn't dare to kneel down by Ren Duxing. After all, Ren Duxing was his ancestor. He hurried to resist the Reiki across the air and helped Ren Duxing up.

Ren Duxing begged Ye Chen again: "Lord of reincarnation, please give me the snow buried stardust. After I made a smooth assignment, the feather emperor said that he would allow me to live a stable rest of my life. I will live in seclusion and never fight with you."

Ye Chen looked at Ren Duxing's pitiful appearance, and secretly hated the cruelty of the feather emperor. He said, "elder, I'm sorry, I can't be the master."

Ren walked alone, shivering and frustrated.

Ren Feifan said, "Lao Zu, it's at least a credit for you to take the emperor Shitian away. The feather Emperor may not kill you."

Ren Duxing said with a wry smile, "you don't know the temper of the feather emperor."

Ren Feifan said: "in short, you lost this contest. According to the agreement, I can't give you the snow buried stardust. Please forgive me. You can take the emperor Shitian away."

Ren Duxing looked at emperor Shi Tian, and a glimmer of hope lit up in his dim eyes.

Perhaps, as Ren extraordinary said, it's a credit to bring the sinner of emperor Shitian back to the ruins. Maybe the feather emperor will be kind.

"Heart devil tumor, come back with me!"

Chapter 6546

Ren Duxing bit his teeth. In fear and sadness, he spread his anger on emperor Shitian and grabbed emperor Shitian's collar.

Emperor Shi Tian's face sank, looked up at the sky and said loudly, "my emperor Shi Tian is not a man. Even if I die, I will never become a prisoner in wanxu! Heart devil sacrifice, explode it for me! "

A vast mass of light, brighter than the sun, the golden wheel, the sun and the moon in the sky, surged out of the heart of emperor Shi Tian and exploded.

This light is actually the demon of emperor Shitian!

Anyone who asks for something must have a demon.

Emperor Shi Tian is no exception. In fact, he also has his own demons.

His evil spirit is to launch a trial, wash the world and establish a legendary ideal country.

This is not only his wish, but also his obsession, but also his demons.

This heart devil, however, is vast and bright, without a bit of secular dust and darkness, representing the ideal of emperor Shi Tian's whole life.

Even if he died, he didn't want his ideal to be disillusioned.

But now, he is about to become a prisoner in wanxu, and he can't die.

Therefore, he even detonated his inner devil, that is, his deepest desire, by directly sacrificing!

This sacrifice represents the disillusionment of the ideal.

In the future, even if emperor Shitian survived, he was a walking corpse who lost his ideal.

Bang!

As soon as the heart demon ideal was sacrificed, the vast light exploded, and the body of emperor Shitian became dust in the explosion.

"No!"

Ren walked alone, his face changed greatly, and hurried back to avoid the impact of the explosion.

Seeing the spirit of emperor Shi Tian, he also wanted to annihilate in the explosion. At this critical moment, Ren extraordinary made a bold move.

"Whale tree, get up!"

As soon as Ren extraordinary brushed his sleeve robe, the giant whale tree was released.

A giant whale, flying out of the sky, came to Emperor Shitian and protected his spirit in the fierce explosion.

Emperor Shi Tian blew himself up and left no room. Even if he died, he didn't want to be a prisoner in the wanxu stage.

However, as soon as Ren Feifan made a move, he couldn't even die. Although the body exploded, the spirit was protected by Ren Feifan.

"Ren extraordinary, what do you want to do?"

Emperor Shi Tian was so angry that the spirit was protected by the giant whale, but it was also bound and could not move.

Ren Feifan said, "sorry, Emperor Shitian, I can't let you die yet."

After that, Ren Feifan handed over the spirit of emperor Shi Tian to Ren Duxing.

In any case, Ren Duxing always had to take something back to pay the assignment. Therefore, Emperor Shitian can't die now.

Ren Duxing's face turned blue and white. He gasped violently and shouted breathtaking.

If emperor Shi dies naively, he will be completely finished. The feather emperor will not let him go.

Now save emperor Shitian, at least you can take him on duty.

Emperor Shi Tian is the only person in charge of the heart demon curse sword between heaven and earth. He is also valuable. The ancient emperor Yu Huang will not let him go easily.

"Xiao Fan, thank you very much."

Ren Duxing wiped his sweat and sealed the spirit of emperor Shitian into the big sun golden wheel.

Emperor Shitian yelled: "Ren extraordinary, you can't die easily!"

He could not die, and his ideal was destroyed by sacrifice. Later, living was also suffering, not to mention falling into the hands of wanxu. Whether he died or lived, he was destined to be tragic.

"Xiao Fan, thank you so much this time."

Ren Duxing thanked again, looked at Ye Chen, then took out a jade pendant and said:

"This jade pendant is the key to open the Forbidden City on earth. It may be useful to you."

Ren Feifan said, "Forbidden City on earth?"

Ren Duxing said, "well, the Forbidden City on earth is very secret in the dark forbidden sea. Even the demon ancestor can't touch it. I went to the dark forbidden sea to hide spies and occasionally got the

key of the Forbidden City on earth. Unfortunately, the place is in the dark forbidden sea after all, and it's difficult to reach the ruins. Therefore, Emperor Yu didn't step into it, so I gave you the key."

After a pause, Ren walked alone, looked at Ye Chen and said, "Lord of reincarnation, there is a fragment of reincarnation holy soul heaven in the Forbidden City of the world, which is about the soul Tao of the world. It may be useful to you. I lost in your hand. I am inferior to others. I don't blame you."

"I'm probably going to die when I go back to the world this time. This key should be my last gift to you."

Then Ren Duxing handed the jade pendant to Ye Chen.

"Human soul way? "Forbidden City on earth?"

Ye Chen's heart moved. There were six fragments in the reincarnation Holy Ghost day. At present, he had only one fragment of the ghost killing path. Now, Ren Duxing said that in the Forbidden City on earth, there was another fragment about the soul path on earth.

If you can collect it, you can complete the reincarnation of the holy soul day.

"Thank you, elder."

Ye Chen accepted the jade pendant and thought of Ren's future fate alone. Her mood was very complicated.

Ren Duxing smiled sadly and said, "I can at least take the emperor Shitian back. The feather Emperor may not kill me. Maybe I will have a chance to see you in the world."

Ye Chen and Ren Feifan are silent.

"Xiaofan, you should be careful in the future. The ancient emperor Yu Huang is the first expert in the world. He is the most likely existence in the world to prove that there is nothing in the world. If you and the Lord of reincarnation want to fight him, it's almost impossible to ascend to heaven."

"Also, the heavenly daughter wants to kill you."

"She said that heaven can't tolerate two days. The Ren family can only have one lucky son, that is her."

"When you return to the world, she will probably kill you and seize your destiny."

"Alas, it's all wrongs. I thought it was rare for my family to have two geniuses. I didn't expect you to meet again in the future."

Ren Duxing looked at Ren extraordinary deeply, told and warned, and sighed up to the sky.

Ye Chenda was shocked and thought, "tiannv wants to kill Ren elder?"

He had never expected it.

Ren Feifan had expected for a long time, his face was calm and indifferent, and said, "I know all about it, Lao Zu. You can go back at ease."

Ren's old body trembled for a while, and finally turned away in silence.

Dugu Tianjun, who was once the master of his family, now looks like a poor old man.

Ye Chen looked at Ren's back and saw a light faintly.

That's the light of the lighthouse.

This light, slightly fluctuating, can vaguely see the shadow of the feather emperor.

It turned out that the lighthouse in Ren Duxing's heart was the ancient emperor Yu Huang!

This discovery shocked Ye Chen.

I think it's the ancient emperor of the feather emperor who leads the way to the sky and is accompanied by him all the year round. Therefore, he is in worship and awe and regards the ancient emperor of the feather emperor as a lighthouse and God.

Now, the light is gradually extinguished, and the shadow of the feather emperor will soon disappear into a bubble.

Ren walked alone and wanted to kill himself. He naturally couldn't accept such a tragic outcome, and the lighthouse went out.

Finally, Ren Duxing left completely and disappeared.

Chapter 6547

Ye Chen and Ren Feifan looked at each other and were silent for a long time.

Many thoughts flitted through Ye Chen's heart.

Emperor Shitian was taken to the wanxu temple. I don't know what fate will be waiting for him.

In the geocentric region, the fate demons have gone, and the two great powers have been lost. It will be more difficult to fight against the ruins in the future.

There is also the supreme daughter of heaven. She said that heaven can't last two days. She wants to kill Ren extraordinary. I'm afraid it will be difficult to go to the supreme world in the future.

"Boy, I'll give you half of the snow buried stardust."

Ren extraordinary voice pulled Ye Chen's thoughts back.

But seeing Ren extraordinary's finger stroke, he divided the snow buried Stardust into two parts, and gave half to Ye Chen.

"What?"

Ye Chen was stunned.

Ren Feifan said: "the remains of emperor panwu have been polluted by the heart devil, and their blood can't be absorbed. Fortunately, we can get it smoothly. Then one person and half. I have half of the snow buried Stardust, which is enough to break through the heart of the Tao."

Ye Chen said, "can this magic weapon be divided?"

Ren Feifan nodded and said, "among the supreme artifacts of the thirty-three days, the snow burial of Stardust is a very special existence. This magic weapon is like a rare pill. It can be directly refined orally and integrated into the blood. As long as we don't die, this magic weapon will exist forever."

Ye Chen was stunned and took the snow buried Stardust into his hand. A grain of dust was in his hand. He only felt cold, as if a snowflake had fallen from the palm of his hand.

"Since this magic weapon can be divided, why not give your ancestors a share?" Ye Chen asked.

Ren Feifan said: "it's useless. What the feather emperor wants is a complete snow burial stardust. If it's incomplete, it can't deal with the nine days of the heavenly daughter."

Ye Chen said, "elder Ren, you and the heavenly daughter..."

Ren Feifan said, "I expected that there would be a war between me and her. It was a battle of destiny. It was inevitable. Either I killed her or she killed me. There was no possibility of reconciliation."

Ye Chen's heart shook and said, "elder Ren, when your final decisive battle comes, I will stand on your side!"

Ren Feifan waved his hand and said, "no, this is the fate between me and her. There is no need for others to intervene. You can watch on the wall. I don't need your help. If I die, you can collect the body for me."

Ye Chen said, "master..."

Ren Feifan said, "well, don't say it. I've been entangled with my ancestors for too long this time. I'm afraid I'll be locked by the feather emperor. I must leave as soon as possible. Go to the Forbidden City on earth. I won't go with you."

"Also, if you want to stay nearby, try not to use the nine heavenly gods, the Heavenly Sword, or even the samsara Dharma. It's extremely easy to be noticed by the ancient emperor Yu Huang. Without me around you, once you use it, it's possible to be found."

"The place of cause and effect is close to the lost time and space. There are many strong ones. It's best not to be too deeply contaminated."

Ye Chen said, "OK."

Ren extraordinary nodded and said goodbye.

There was also a light behind him. It was the light of the lighthouse. Ye Chen saw his figure.

He is an extraordinary lighthouse.

After Ren Feifan left, ye Chen stayed in place for a long time.

Roar!

Suddenly, a startling dragon chant woke Ye Chen up.

Ye Chen was surprised and looked into the depths of lost time and space.

The Dragon chant came from the depths of lost time and space, with strong penetration, almost piercing Ye Chen's eardrum.

"Is it the sky dragon soul?"

Ye Chen's heart moved and seemed to catch the breath of the dragon soul in the sky.

Previously, in the dark forbidden sea, the emperor zhetien devil fought with the ancient emperor Yu Huang, resulting in the loss of the dragon soul in the sky.

Now, ye Chen heard the voice of the dragon soul in the sky.

Ye Chen takes a step forward and wants to enter the depths of lost time and space to find out.

However, the law of lost time and space is too complex. If you run around, it's easy to get lost.

"Master, I seem to smell the breath of the dragon soul in the sky."

The body of the blood dragon emerged, showing a trace of salivation and desire.

The spirit of the king of the sky is the dragon soul, which is connected with his Qi machine.

If he can refine the soul of the sky dragon, he must be able to transform against the sky, and even incarnate into a new generation of natural justice, take charge of the divine punishment of heaven and dominate the world!

"It's still too dangerous here. We'll come back later."

"Maybe Yuqing Yin may know."

Ye Chen thought for a moment and made a decision immediately.

With his current strength, it is too risky to go deep into the lost time and space to find treasure.

At least, we should wait until the reincarnation holy soul is perfect and the reincarnation soul body reaches the peak.

"Well, alas, it would be a pity if the sky dragon soul was really lost."

In the blood dragon's heart, he was extremely eager for the sky dragon soul and couldn't bear to see such opportunities lost.

However, the place of lost time and space is too dangerous after all. Now is not the time to win the treasure.

The blood dragon lurked back to the dragon Yuan Heavenly Sword, and ye Chen quickly went in one direction.

He still has one cause and effect unresolved.

It is Yuqing Yin.

Somehow, ye Chen always felt that there was a thread around Yuqing Yin, lost time and space, the demon Tianshi, and the sky dragon soul.

A line that can't be seen clearly and the road is unknown.

Soon, ye Chen returned to the cave where Yu Qingyin had been arranged. Along the way, he felt many powerful killing opportunities passing by.

I'm afraid these people haven't given up looking for yuqingyin and her brother.

When she came to the cave, ye Chen saw yuqingyin pacing back and forth in the cave. Her beautiful eyes were full of dignity. When she saw Ye Chen appear, she finally breathed out.

She thought Ye Chen would never appear again.

After all, the two met by chance. Even if there was the causal contamination of the demon Tianshi, ye Chen wouldn't take such a risk.

When she was completely disappointed, ye Chen appeared.

Ye Chen's eyes coagulated and found something. He stretched out his hand, grabbed Yuqing Yin's wrist and said, "let me see your blood prohibition."

Yuqing Yin had some doubts. Hasn't the blood prohibition been solved?

Ye Chen looked more dignified, because there was still a trace of blood prohibition!

If it is not completely solved, the consequences will be very serious!

Ye Chen sat cross legged, completely absorbed in the world of erasing the blood ban!

Just when ye Chen was ready to wipe it out completely, it changed and protruded!

"Boom!" With a loud bang, ye Chen woke up.

"Someone is bombarding the array. It seems that this array won't last long!" Ye Chen's face is dignified. The discovery of the array means that a strong man has come. He can see through the array he has arranged. The visitor is at least five layers of heaven in Baijia territory!

If it were normal, ye Chen could wipe it out with one hand, but not long ago, he spent his mind and energy to wipe out the prohibition with Ren Duxing, and he was not sure how much of his combat power would remain after success.

"Temple Lord, you go first!" Yuqing looked cruel. "I didn't intend to go out alive. I'll make money if I can kill one!"

Ye Chen heard the speech and didn't say a word. A moment later, he took a deep breath, "don't worry, although he found the array I arranged, it will take a while to break it. Don't be distracted and continue to break the ban!"

Chapter 6548

"But..." Yuqing Yin wanted to say something, but was stopped by Ye Chen's expression.

"There's still a chance. Don't worry. I still have my cards. It's useless!" Ye Chen smiled gently. Somehow, at this moment, Yuqing Yin had an illusion.

An unspeakable subtle feeling.

.....

At the same time, the outside world.

"Worthy of being the boss, this array can be broken in a short time. The people inside will be turtles in a jar!"

At the moment, on the coast, all kinds of people gathered. Several strong people who were half a hundred Jias crowded in front of Han Feng and began to flatter him.

"Speed up the progress. I don't want to wait until the two temple lords come. We haven't even dug out anyone!"

Han Feng's eyes have an attractive and fierce look, which can't be found in anyone else's eyes at the moment.

After a long time, Han Feng looked at the disappearing moonlight, and his impatient expression was more obvious.

At this moment, in the space in front of everyone, there was a cracking sound of "Ga Ka".

"Work harder, the array space will be broken!"

Not only who shouted, but all the strength of the crowd gathered at one point, ready to break the barrier!

"Hum!"

Han Feng had a happy look on his face and snorted with disdain. Soon the evil spirit broke out and turned into a silver white giant wolf, dozens of feet high. The wolf bared its sharp teeth, spit out its long blood red tongue, and threw its tail on the border.

No one thought Han Feng was a demon family!

"Bang!"

Ye Chen's large array arranged not long ago was broken!

The large array was broken and exposed to the public. It was a small hill that had been swept away half of the mountain.

There is no doubt that people are in the cave.

"The coast is endless. Out of the cave, see where you can escape!"

Han Feng is still a giant wolf. A pair of green eyes emit a strange light in the night. The wolf's mouth is long and narrow, with 42 tusks.

With Han Feng's posture, the rest of the people behind him changed.

In the dim night, the green light like fireflies flickered continuously, and the wolf's eyes were shining ferociously.

Little by little, a group of wolves came.

"Break through the cave!" At the command of Han Feng, the wolves went crazy and rushed into the hole without depth!

"Ouch!" the shrill wolf howled!

"Damn it, it's the wolves on the moon night. The people in the Youtian hall are here!" Yu Qing's dark face was dignified and worried.

"Huh? There are demons here too?" Ye Chen looked at the girl Yuqing Yin, and only heard her continue: "the leader is Han Feng, who is the strong man of Youtian hall. His strength is terrible!"

"Because of their ethnic characteristics, their combat power will soar under the bath of the moon!"

"Han Feng at the moment is absolutely dangerous!"

Ye Chen's eyes showed a dignified color. He thought he could hold on for a while. Unexpectedly, the big array was broken so quickly.

"Boom!"

After another explosion, the wolves still didn't come!

"Go on! The prohibition is still the last one! " Ye Chen thought for a few times and decided.

"But..."

"If you don't want your brother to die, listen to me!" Ye Chen shouted.

Yuqing Yin also understood what was going on and closed her eyes again!

.....

Outside the cave.

A figure appeared and interrupted the crowd!

"I didn't expect you to be disabled and dare to come and die!"

Han Feng looked at the wolves scattered by a blow. From the dense forest behind, a human shadow staggered.

The black skirt was soaked with blood, and the gurgling bright red liquid rushed to the ground, which was dragged out by him step by step.

"Today is your death!"

Han Feng slapped Yu Jue right in the chest and swept him away.

Yu Jue, who was seriously injured, fought back the wolves with that blow. It was the end of a powerful crossbow.

Now, with this blow, the vitality began to gradually dissipate

"You shouldn't offend the Youtian temple!"

Han Feng did not see the slightest pity in his indifferent wolf eyes, and stepped down with one foot!

"Boom!"

At this moment, the huge demon wave spread, like a huge wave in the sea!

Han Feng was shocked back a few steps, and then he stood again.

I don't know when, ye Chen and Yuqing Yin's figure have stood at the entrance of the cave. A man and a woman are like relegated immortals facing the dust. At the moment, the black gauze girl's veil has been covered on her face again.

But even so, it is still difficult to stop the outstanding posture.

Ye Chen probably glanced at the war and handed out a pill. He said faintly, "feed this pill to your brother!"

He shook his hand and gave yuqingyin a pill, motioning her to take Yujue and leave quickly.

.....

At the moment when ye Chen and his companions erased the blood ban and left the pass, a figure galloping from the distant sky stopped.

The young man in a bloody robe stood up with the void. He wiped a trace of red flowing from the corners of his mouth, and muttered in a hoarse voice: "the blood prohibition of Yuqing Yin has been broken, and it is really a demon Tianshi!"

"Is it over there?" The bloody robe seemed to be the only light in the dark night at the moment. His figure seemed to be induced and left quickly.

At the same time, the Youtian temple in another place also sensed something.

"This wave..." the two hall masters and the Holy Son of Youtian hall felt the inexplicable spread of power.

The eyes of the Lord of the second hall were frozen and full of evil spirit. He turned into a roc bird. The other two stood on the back of the ROC and shook their wings!

.....

Ye Chen appears at the moment. It seems gorgeous. In fact, he knows his own passive situation. He can't delay any longer. He must make a quick decision!

"Who are you!" Han Feng said that the evil spirit around him was still strong, and the cold awn of the faint green light looked directly at Ye Chen. He could feel the breath of Ye Chen, not an ordinary person.

"The man who killed you!"

Ye Chen's fierce momentum exploded. The current situation does not support him to fight a long war with the other party. He must make a quick decision, solve the guy in front of him, and then retreat!

Fortunately, the other party is a demon clan!

Han Feng instantly turned into a huge wolf and roared, and one claw patted Ye Chen's head! The endless space fluctuates faintly!

It can be seen how amazing the power of this blow is!

"Bang!"

The gravel rises and the strong wind disperses.

The fists and claws collided, and the wolf claws several feet wide were blocked by Ye Chen's thin fist!

Under the wolf's claw, ye Chen's body burst into the sky, and his scarlet eyes looked directly at the huge wolf's eyes. At this moment, ye Chen had chosen the body of the demon and possessed with the help of the demon Tianshi!

Since it is easy to be discovered by the ancient emperor Yu Huang by using the Heavenly Sword and the nine heavenly gods, that's the only way!

Ye Chen was so evil that he hit the wolf's right leg with a fist.

"Ow!"

A painful howl, the ferocious look of the wolf's head had opened his mouth and bit Ye Chen. That punch unexpectedly interrupted the giant wolf's right leg!

Facing the demon family, ye Chen is completely above it!

Chapter 6549

"Destroy the nine heaven of Daoyin!" Ye Chen summoned up the last strength, contained the power of destruction rules, covered the whole body, and the momentum climbed again!

The scarlet blood began to overflow the skin. In a flash, ye Chen was covered with blood. His eyes coagulated and rushed to the giant wolf!

The silver white wolf in the void saw Ye Chen rushing with flesh and blood, and immediately the huge wolf spit out a blazing flame and attacked Ye Chen!

"Silver wolf spits out breath!"

The overbearing power spurted out, and ye Chen still didn't hide or flash. He went up against the hot light from the wolf's mouth and got into the giant wolf's mouth!

"No!" Yu Qing Yin saw Ye Chen's tiny body breathing in the face of the silver wolf, which was like the destruction of heaven and earth. She drilled into the mouth of the giant wolf and closed her eyes in despair.

Yujue, who swallowed the pill and recovered his mind, frowned when he saw Ye Chen's methods of fighting.

The giant wolf's eyes showed joy and swallowed Ye Chen!

"Curfew! I don't know the height of heaven and earth! " The giant wolf swallowed Ye Chen and roared up to the sky. Although he broke a leg, he was still outstanding!

"Next, it's time to deal with you two mole ants!" The wolf opened his mouth and roared loudly. Everything was silent. Yu's brothers and sisters were injured and disabled at the moment. Yu Qingyin got up at the moment, "don't forget, I'm still the dark saint of the ghost temple!"

"I'm not a soft persimmon!"

The wolf sniffed and smiled contemptuously.

Han Feng in the state of giant wolf obviously doesn't want to kill the two brothers and sisters below. This is the existence that the hall Lord wants to catch alive.

"You....." the giant wolf just wanted to speak, but he saw something different in the eyes of the Yu brothers and sisters below, and immediately realized that it was wrong.

At a glance, I found that a scarlet light was shining on my abdomen, and the fiery scarlet light was shining brighter and brighter!

"Noisy!" Ye Chen's indifferent voice came from the belly of the giant wolf, and then the sharp pain made the giant wolf dozens of feet high fall from the air, and then began to roll all over the ground!

In the whole dense forest in the hinterland of the lost sea, a crazy beast was running recklessly.

"You come out!"

The wolf Han Feng roared, but his four claw steps were still rolling on the earth, and his limping appearance was very embarrassed.

As the roar of the giant wolf began, the scarlet awn on its abdomen became brighter and brighter.

"Bare!"

Finally, it was the sound of the sword tearing flesh and blood!

"Ouch!"

A sad cry shook Jiuyou, the animal body with tens of feet fell down, and the dying green eyes gradually closed.

Blood gushed from the belly, dyed Silver White Wolf mane, and turned into a handful of streams on the earth.

The scarlet awn from the belly of the giant wolf flashed. In the void, ye Chen's figure appeared from the bright red light.

At the moment, ye Chen was no longer able to fight, and his clothes had been bathed in blood into a bright red color.

Above the chest and right arm, there was the residual burning flame of the silver wolf's breath, and the silver flame was still burning.

Ye Chen's figure fell from the void. Yu Qing saw it in Yin and held it in his arms. All three lost their combat effectiveness!

"Get out!"

Ye Chen staggered up and pulled them up to leave here.

In an instant, a huge storm blew in the distant sky, and ye Chen was shaken back for a few minutes. Then the golden wings that covered the sky and blocked the sun came into their eyes.

"Sorry, you can't go!"

An indifferent voice echoed on the lonely earth at the moment. With a flash of gold, the three figures appeared in the void and looked directly at Ye Chen!

Ye Chen looked at two middle-aged people and a young man in the void. A dignified color appeared in her eyes for the first time!

"How strong!"

At the moment, ye Chen has no spare power. Even in his heyday, in the face of two of them, he has to fight hard to escape.

Among the three of Ye Chen, the only one with combat effectiveness at the moment is Yu Qingyin.

"Xiaoyu, what secret are you hiding? Tell it. Maybe Youtian hall can protect your life!"

Youming, the son of Youtian temple, looked at the girl below and said eagerly.

"Thank you, your highness, for your kindness, but I have no luck to accept Yuqing's Yin. I'm afraid the Youtian temple can't accommodate me!"

Yu Qingyin flatly refused at the moment.

There was a chill in Youming's eyes, but his stubbornness still didn't allow him to sit and watch the girl in front of him. He was about to speak, but the golden winged ROC next to him waved his arm:

"Noisy, ungrateful girl!"

Ye Chen and others didn't know what had happened. Yu Qing's Yin was a mouthful of blood, and his body flew upside down.

A touch of crimson floated from ye Chen's eyes and dropped on the earth.

Such a terrible golden winged ROC just glanced disdainfully at the three people who fell to the ground and whispered, "take them back to custody and wait for them to fall!"

He turned to leave, but ye Chen struggled desperately, but he was exhausted.

Just when ye Chen had decided to give up resistance and make plans again, an old voice sounded in his mind: "you boy can really cause trouble. Anyway, you are contaminated with this cause and effect because of me. I will help you today!"

The next second, ye Chen only felt a warm feeling rising at the Dantian, and soon the scarlet light burst out, enveloping the whole lost sea!

Chapter 6550

The golden winged ROC who was about to turn and leave suddenly stopped and looked back at Ye Chen. At this moment, he seemed to understand something and shouted, "no, second brother, hurry!"

Another middle-aged man on one side, the second brother shouted by Jinji Dapeng, had found a clue when he spoke.

After all, they are all the top strongmen here. He shouted loudly, the evil spirit broke out, and his body soared countless times. He turned into a red hundred Zhang giant ape and slapped Ye Chen!

Its power is far from that of South Korea.

One palm out, the wind and cloud change!

The whole island was trembling under my feet. It seemed that the dead thing had a sense of wisdom and trembled in fear!

Ye Chen was wrapped by a group of scarlet light. In an instant, the sea of blood bloomed. He stretched out a huge arm and slapped the giant ape!

From the sea of blood turned into Ye Chen's body, the great devil began to emerge!

Then slowly solidified and turned into a hundred feet, and the hollowed out heart in the chest was still ferocious and terrible!

The golden winged ROC cried: "the demon Tianshi, it turns out that the old immortal ghost has not dispersed!"

He obviously recognized who the great devil was. He carried a golden flame on his claws and attacked the great devil's throat!

At this time, ye Chen fell from the sea of blood, fell to the ground and fell into a coma.

"Hum, the dead will is attached to an ownerless stone and wants to fight with me?"

Red giant ape, roaring loudly.

The great devil seemed to have only a mechanical fighting instinct. He turned a deaf ear to the words of the two demon powers, and still repeated the posture of hitting and defending.

For a moment, the great devil fought with two powerful demons.

Seeing the opportunity, Yuqing dragged Ye Chen, who was already unconscious, to leave.

At this time, under the nourishment of Ye Chen's elixir, Yujue can also stand Qiang Qiang. The three will take advantage of the chaos and escape.

"Don't think about it. Today, you can't go anywhere!" Youming, the Holy Son of Youtian temple, appeared behind the three people. He didn't choose to sneak attack, but looked at the three people quietly.

In front of him, the three injured people seemed that he could not raise the desire to fight, but it was certain that the nether world would never let them go!

The nether world had not yet opened its mouth, but suddenly heard a hoarse voice from the void: "it's really lively. It seems that I came at the right time!"

A handsome young man in a blood red robe appeared on the battlefield, and his hoarse voice smiled sadly.

The great devil fighting with the two demon families Shengqiang on the earth saw the blood robe and moved between his eyebrows and eyes!

At the moment, ye Chen's eyes were frozen. He had guessed that these people came all for the evil Tianshi. It seems that the old resentment can't be resolved.

"So and so..."

Originally, ye Chen had the intention of holding hands and then making plans. Now the appearance of the bloody robed man made Ye Chen worry again.

He immediately began to spread words through the virtual shadow of the battle in front of the Yin demon Tianshi in Dantian. That's why the great demon looked a little moved, unwilling and resentful after seeing the bloody robed man in the void.

"The green mountains are not afraid of no firewood. In today's war, power should be a measure of each other's details!" Ye Chen continued to preach to the devil, "once you fold here, there is really no hope. You must go today!"

The great devil was silent. With their current strength, it was tantamount to looking for a dead end against the two strong demons and the terrible young guy in front of him.

"Demon Tianshi..."

In the void, the young man in a bloody robe licked his bloodless lips. His hoarse voice seemed to split the world. His eyes were full of joy and joy.

"What do you say, demon saint?" The golden winged ROC and the red blood giant ape of the Youtian temple are the two demon families Shengqiang. Looking at Han Feng killed by Ye Chen, his eyes are burning with anger. All this is to help the demon temple.

The bloody robed boy called the holy ancestor smiled, and his hoarse voice then said, "you two, help me capture this Liao alive today. I'm sure of that, my demon temple!"

The golden winged ROC and the red blood giant ape look happy. If the demon temple is willing to help the Youtian temple... Then the Youtian temple will win it!

Even the son of the Youtian Temple who chased Ye Chen and others below heard the opening of the ancestor of the demon Temple above, and his eyes showed enthusiasm!

"These old people are still involved in interests..."

Ye Chen's eyes turned. He was thinking about how to retreat and revenge. He could only plan again!

The great devil in the void seemed to be inspired. He was evil and began to attack aimlessly!

For a moment, on the battlefield, there was chaos!

Ye Chen and others also took advantage of the chaos and got rid of it from the sight of the Holy Son of the Youtian temple.

"Jie Jie!"

The back of the bloody robe looked at the three fleeing Ye Chen below, holding his cheek in one hand and murmured, "I'm still doing a meaningless struggle, well, I'd like to see what waves you mole ants can set off!"

At the moment, his purpose was to catch the great devil and find the demon Tianshi. Anyway, he didn't expect that a boy who only had the cultivation in the real world would be the new master of the demon Tianshi!

"This Liao is an ownerless thing. You must catch him alive!" The holy ancestor of the evil spirit looked cold and looked at the great devil with amazing strength below. He had determined his mind.

"Take the bait and start the second stage plan!" Ye Chen preached to the devil.

The golden winged ROC and the red blood giant ape are also the big demons crazy at the bottom, and launched an offensive again!

"Although I don't understand why you are so embarrassed, it doesn't matter!" The holy ancestor of the evil spirit murmured, and immediately his body flashed and disappeared in place. He also chose to attack decisively!

For a moment, the three great powers attacked the big demons below.

It's just a moment. The great devil has been retreating, and his breath is becoming more and more vain. It may collapse and dissipate at any time!

"Roar!" The great devil uttered an unwilling roar and immediately raised his momentum again. The huge power spread from his feet in circles, shaking for hundreds of miles. Huge waves surged on the lost sea!

"This guy wants to explode, stop it!" There was a bit of panic in the eyes of the demon Saint Zu. This guy only had fighting instinct and had to fight hard!

The golden winged ROC and the red blood giant ape on one side frowned and burst out. It's not fun.

Can you stop it? Once you are involved, you can easily damage the yuan God. Falling accomplishments are common!
