

Physician 6551

Chapter 6551

Just before they hesitated, heaven and earth had been obscured by the dazzling light, and the evil Saint ancestor had to retreat first. Seeing the retreat of the main Messenger, the saint Qiang of the two demon families naturally followed.

However, an eye popping scene happened, and the self explosion imagined by everyone did not happen. After the dazzling light dissipated, the great devil disappeared in place and disappeared no longer.

On such a big and messy battlefield, only Ye Chen stood in the air with Yu's brothers and sisters.

The previous continuous war has made Ye Chen bathe in blood at the moment. Thanks to the Bagua Tiandan technique, he has recovered a trace.

"It's the boy..."

At the moment, the evil Saint also found Ye Chen's abnormality. This should be the most humble real boy, but he played around with the master of his great evil temple!

"Die!"

The ghost Saint Zu who reacted stretched out his hand and patted a bloody palm across the void, which was bound to beat Ye Chen into meat mud at one stroke.

Ye Chen's eyes were sarcastic and said softly, "this revenge is not a gentleman. In the future, I need you to wait for several people to pay for it!"

After that, the space around Ye Chen began to collapse. When the bloody palm just touched half of Ye Chen's clothes, the broken space gave a "bang", wrapped Ye Chen and others and disappeared in place!

The huge afterwave photographed by the bloody palm destroyed the whole battlefield. The son of Youtian temple was only impacted by the afterwave, his face flushed and a touch of blood gushed out. He was already seriously injured.

The palm cut off all the vitality within a hundred miles. There was no grass and sorrow everywhere.

Even the huge waves on the lost sea have evaporated more than half!

"This palm... It's terrible!" Both the golden winged ROC and the red blood giant ape looked at the boy like guy in front of them in surprise and didn't dare to say anything.

These peerless strong men have been fooled. How dare they interrupt?

"So you are the new master of the demon Tianshi!" In the eyes of the evil Saint at the moment, there is no calm as before, full of boundless killing intention.

"What a strong space rule... I didn't find it." The evil Saint immediately shouted, "this boy can't run far. Send someone to search immediately, regardless of life or death!"

For a time, the high level of the demon temple was angry and issued a demon hunting order, allowing many experts in the lost sea to hunt down.

Even the Youtian hall is the same. The reason for the external claim is that ye Chen killed the strong Han Feng of the Youtian hall, which can't survive!

"I see where you can go!" The shadow of the demon Saint disappeared slowly in place.

.....

At the same time, hundreds of miles away.

The void fluctuated and a crack appeared.

The figure of Ye Chen and others fell from it.

"Hoo..." a moment later, ye Chen took the lead in getting up and looked at the Yu brothers and sisters who were unconscious around him. "Sure enough, the virtual spirit pulse and virtual tablet are not suitable for everyone!"

Only those who master the power of space rules can walk through the void unharmed. Under the protection of Ye Chen, the Yu brothers and sisters are still affected by this powerful impact.

"It's close to the lost time and space, and the space boundary wall is so overbearing!" Ye Chen was also trembling in his heart. It was simply dangerous.

The great devil in the demon Tianshi was unusually quiet. Only the demon Tianshi flashed. Ye Chen saw it and said softly, "don't worry, this revenge will be compensated by blood!"

He clenched his fists, his arms trembled uncontrollably, and his fingertips pierced into his skin. Under the shape of his fist, a trace of red overflowed and dripping on the soft land. His clothes gave off a strong smell of blood after the war.

The demon Tianshi in the Dantian seemed to hear ye Chen's words. After a flash of light, it was calm.

"Cough!" With a light cough, Yu Jue and Yu Qingyin woke up one after another.

The Yu brothers and sisters looked at everything calm in front of them. They didn't know why. Just now they looked like they were going to die in a big war. Now they are calm.

"It's all right!" Ye Chen gently greeted, and then opened his mouth to explain.

Hearing the causes and consequences, Yu's brothers and sisters were silent. Yu Jue couldn't see any emotion on her face. All his brothers died in this war!

Even the lives of his brother and sister were saved by Ye Chen.

"Live well. I can't revenge alone!" Ye Chen seemed to see through Yujue's deathly sad expression, and then began to say.

Sure enough, Yu Jue raised her head and looked at Ye Chen and said, "thank you!"

Between men, there is no need to say more.

At the moment, Yu Qing looked at Ye Chen and thought of something and said, "well... In fact, I'm hiding something from you."

"No hurry, speak slowly!"

Ye Chen knew that all the major forces gathered near the lost sea, the demon temple and the Youtian temple, but they were a little famous among them.

No wonder Ren Feifan asked him not to use the nine heavenly gods and powerful martial arts here. Once discovered, the consequences would be unimaginable.

"This time I was ordered to marry the saint of Youtian temple. In fact, it's just a chess piece on the surface. Youtian Temple wants to cling to the power of the demon temple!"

"Oh?" According to Ye Chen's idea, the Youtian temple is also a giant in the demon family. He saw the strength of the two demon family Shengqiang with his own eyes. If he didn't have a plan... He couldn't start in person.

"I'm just a tool. Whether I answer or not, there will be a Yuqing Yin to marry the son of Youtian temple!"

As Yuqing Yin said, ye Chen understood that even if she wanted to turn out of the demon temple, the ancient jade around her waist would invade her consciousness, occupy her body and complete the task for her!

"Once married, the demon temple will have a reason to stand out for the Youtian temple. What they want in this is one thing!"

"What?" Ye Chen is a little surprised. What can make these people fight like this?

Is it more powerful than the nine heaven magic and the thirty-three heaven supreme artifact?

Yuqing nodded Yin and revealed everything she knew. This can be regarded as a reward for ye Chen's saving his brother and sister.

"Although I am a saint in the temple, we have no right to ask about many core secrets. What I know is just a few words."

Then, ye Chen listened to Yuqing * *: "the marriage of the demon temple to the Youtian temple is not only for alliance, but also for the Youtian temple to control the ancient relics in the ancient city of Youtian!"

"The ancient city of Youtian is the land of the lost sea, one of the most prosperous and hot main cities, and also a paradise for intelligence vendors. Here, as long as you have strength, you can get everything you want!"

"A few days ago, a shocking news broke out. There is an ancient relic hidden in the ancient city of Youtian, but it has been sealed by supreme power, so it has been hidden in the city for thousands of years!"

"Now, perhaps because of the passage of time, or the influence of lost time and space, the sealing force began to weaken, so it was sensed by the strong in Youtian ancient city!"

"But after all, it is sealed by the supreme art of thousands of years ago. Even if all the experts near the lost sea are gathered, they still can't be broken."

"There are rumors these days that the power of the seal is declining day by day. The major forces are jointly preparing to break the seal in ten days and send their younger brothers to enter the ruins and compete for fortune!"

Ye Chen nodded. I'm afraid the ancient strong man was in the same era as panwu Tiandi.

The influence of lost time and space has opened these relics.

Ye Chen's eyes coagulated and then said, "so the marriage between Youtian temple and Yinmo temple is just a bright guarantee for the cooperation between the two sides in competing for relics?"

"Good!" Yuqing Yin was miserable and helpless. Saints like them just wanted to be victims of the temple.

"What is there in the ruins that is worth gathering all the forces of the lost sea to compete for opportunities?"

This is what ye Chen is concerned about. If it's a skill pill or something, he's not very interested. After all, he hasn't fully mastered many treasures he has on hand.

No matter how strong things are, they can't be compared with their own qianchonglou palm and snow buried stardust.

He hasn't refined the half of the snow buried Stardust yet. If he refined it, it is estimated that his strength will be improved a lot.

"It's said that there are ancient skills and elixirs..."

Hearing Yu Qingyin say this, ye Chen's interest has gone half way, but then he hears a keyword.

"It seems that there is also a reincarnation map of martial arts drawn by Da Neng through painstaking efforts in ancient times!"

This word shocked Ye Chen.

"Wu Tao reincarnation map?" Ye Chen asked again.

"Some old guys in the temple say so, but they just don't know what this thing does!" Yu Qingyin answered truthfully.

Others don't know. Ye Chen is clear and tight. This martial reincarnation map is the thing of reincarnation family!!!

Although they do not belong to themselves, they are extremely valuable for their reincarnation blood!

There is even the secret of reincarnation!!

It's about reincarnation, about the disappearing reincarnation family. Anyway, he must participate!

"Wu Tao reincarnation map..." Yu Jue also muttered to himself. It seems that he wants revenge. This Wu Tao reincarnation map and other things are a great help!

"It seems that we coincide!" Ye Chen smiled and knew what the brother and sister were going to do. As for why they told all the information, it was self-evident.

They also want to find a strong partner. There is no doubt that ye Chen is this person!

"Now the target is too obvious. Those guys must be chasing us. They will act separately for the time being!!" Ye Chen said faintly.

"Take these pills. You'll gain some for the recovery of the injury these days!" He shook his hand and handed his brother and sister some pills refined by the eight trigrams heaven pill.

Yujue is not a hypocritical person. He knows the interests of the matter: "thank you, brother Ye!"

"Then, everybody, let's meet at the top!"

So far, ye Chen and Yu's brothers and sisters separated and went to the ancient city of Youtian alone.

Ye Chen, who took separate actions, stepped on the road to Youtian ancient city alone, but he knew more about the demon temple in his heart.

"You tiandian has offended. From the moment he killed Han Feng, tie must have become a member of his blacklist!"

"Demon temple..."

This is also a time bomb. In any case, the demon holy ancestor has known that he is pregnant with the demon Tianshi. At the moment, ye Chen and the demon temple are mortal enemies.

This is also why Yuqing Yin society chose to cooperate with him. As for what Yuqing Yin said earlier, the Lord of the demon Tianshi is the Lord of the demon temple, even if you think about it, after all, ye Chen is a little weak compared with the giant of the demon temple.

"First go to the ancient city of Youtian to explore the situation!"

Ye Chen changed into clean clothes and ran towards the ancient city.

Not long ago, at the end of the dense forest full of cliffs and thorns, a straight and wide avenue appeared in front of us, with no end in sight.

"It seems that the ancient city of Youtian is coming!" Ye Chen took up 12 points of spirit, but also slowed down and climbed the avenue.

Out of the endless dense forest, ye Chen's eyes are a magnificent city. About 500 feet away, there is a huge city gate 100 feet high. It is simple and powerful, emitting a touch of authority.

"This ancient city... Shouldn't have existed in ancient times!" Far away, ye Chen felt a sense of oppression from his bones, which was the most powerful pressure from the bottom of his heart.

The surging waves beat the coast. In front of us, 108 sky chains made of ten thousand years of dark iron lead to the sky, firmly locking a dilapidated and simple suspension bridge to the simple gate in front of us.

"Youtian ancient city is a city built on the sea!"

Ye Chen smacked his tongue secretly. It seems that the ancient city has many secrets. At least the 108 links to the sky can't see the end at a glance, as if they were things in the sky.

As for how a city can exist in the extreme deep sea, it is different from common sense. Ye Chen has a feeling like facing the abyss.

"The ancient city of Youtian is really unusual!"

Chapter 6553

Ye Chen walked on the dilapidated suspension bridge step by step, and the ten thousand feet of startling waves rose into the sky and raged. The dilapidated suspension bridge connecting the coast and the ancient city was towering and motionless. Under the roar of huge waves, it was as stable as Mount Tai.

At the foot of Ye Chen is the boundless deep sea. He feels the storm blowing around him. His long clothes are hunting, but his steps are not swaying.

After crossing the suspension bridge, you can see the towering city. The ancient gate is like the devil's huge mouth.

It seems to be welcoming the lovely people who are brought to my mouth.

"Young man, the ancient city of Youtian is not an ordinary boundary. Once you enter it, it is as deep as the sea and has no idea of ending the dust. I advise you not to step on it easily, otherwise you will feel like facing the abyss and shudder without fighting!"

Just as ye Chen was about to step into the city gate, an old man dressed in rags and a beggar called him with a smile.

Then, no matter how ye Chen asked, the old man just looked at him with kind eyebrows and good intentions, but the smile on his face never decreased, but he didn't answer.

In front of the city gate, a crowd of people crowded on the other side, wondering what they were looking at.

Ye Chen has never been a person who likes to join in the fun, and especially now he is still chasing and killing by the forces of both sides. It's better to keep a low profile!

After determining the idea, ye Chen nodded and smiled at the old man's house and wandered with the strange crowd. He gently bowed his head and walked slowly towards the evil mouth of the devil.

"I've found the target. I've entered the city. Kill me!" A tall and straight figure took off a notice in public from the crowded crowd on that side shortly after ye Chen entered the city.

For a moment, all the crowded people looked up and showed their ferocious eyes and the sword around their waist.

With the order of the mysterious man, everyone disappeared in place at the same time!

For a moment, at the gate of Youtian ancient city, which was still crowded for the last second, there was no one else, except the mysterious beggar who was still giggling and nodding.

Ye Chen is now walking on the street of Youtian ancient city, looking at all kinds of people. He wants to find a way to mix with the ruins first.

Those who have the opportunity to get the reincarnation map of martial arts are all external forces, or the top families in the ancient city.

Ye Chen is not familiar here.

"So..." Ye Chen felt quite a headache and had to find a way. When he thought about it, countless ways of killing came out!

Ye Chen's eyes coagulated and showed a smile. He tore off a wisp of clothes and was still in place. He immediately rushed to the alley on the street. Dozens of people in black followed him, which was bound to take ye Chen's head!

.....

After several twists and turns, ye Chen walked into a dark alley.

The rustling footsteps sounded behind him. Looking back, dozens of people had blocked it in the dark alley.

"It's a good place. Let's solve it here!" Ye Chen put her hands behind her and said faintly!

"Confirm the target and kill!" The leader in black seemed to be organized. He glanced at Ye Chen. After determining the target person again, he waved to a group of subordinates, and dozens of people in black rushed up!

"Worthy of being the ancient city of Youtian!" Ye Chen sighed, the battle here must be decided quickly!

In the quiet alley, the killing intention exploded, and soon the pungent smell of blood was transmitted.

A child of about four or five years old trotted to the deserted alley, looked around, quickly untied his trousers and belt and became reckless.

Deep in the alley, I don't know when the bright red liquid has flowed to the children's feet

Ye Chen, deep in the alley, kicked away the mysterious middle-aged man who had lost his vitality and took out something from him. It was his own hunting order!

"The demon temple and the Youtian temple are really good hands and eyes!" Ye Chen's eyes were cold. How long had the war ended? His hunting order had been posted to the ancient city of Youtian. It seems that the murderer should be the underground organization in the ancient city.

"The soldiers found my trace. In that case... It's easy to look." Ye Chen knows that his identity has been fully wanted in this ancient city. It seems that he must change his face in order to mediate in this ancient city!

Soon, ye Chen's figure disappeared in place.

"Have you heard? The Kendo genius of the yuan family fought with the boy around Miss Zheng Shanqing! "

"You mean Jiang Shenyu? It is said that ten thousand years will have the opportunity to understand what kind of waterstop sword, the fourth young genius on the Shura list? "

"Yes, the opponent is the dead waiter next to Miss Zheng's family. He is also a sword repair with a body sword. The battle between the two experts must be very interesting!"

Ye Chen was stunned. "A sword of water stop?"

In the real world, no one can transcend the limitations of the law of reality and can't conceive a "sword of water".

Only Hongjun's ancestors, who really see the super strong without nothing, can rely on the understanding of nothing and push out the essence of kendo, that is "water stop", reverse the general trend of heaven and earth, ignore the limitations of the laws of reality, break everything and crush everything.

I finally got the fur of water stop. Now someone can feel the sword of water stop?

Although it may be realized ten thousand years later, it is also extremely terrible.

The key is that few people should know this sword of water. Who sent it?

He looked in the direction of the crowd and was lost in thought.

Chapter 6554

.....

At the same time, in the ancient city of Youtian, in the unknown dark room.

A virtual shadow said, "the strength estimation is wrong. All the killers sent out have lost!"

In the void, I heard his voice when I didn't see him. The hoarse voice came: "it doesn't hurt to know that the boy came to the ancient city!"

"He will also appear. The law of space and the power to destroy the Tao seal, and even there seems to be the cause and effect of the nine heaven divination. It's interesting..."

The virtual shadow didn't answer. Instead, he heard the dark hoarse voice and said again, "has the girl Yuqing Yin fallen?"

"There are eyebrows and eyes. Once it is determined here, start!" The virtual shadow responded.

"Be sure to capture her alive. She is the most important person. Without her, the demon Tianshi is not important. It's really a great world! Luckily I didn't miss it! " The hoarse voice came again, with some emotion.

"In that case, I'll arrange the deployment!"

After that, there was no sound in the dark room.

.....

Screen rotation.

Ye Chen followed the crowd and came to a square. He wondered who had the talent to master the waterstop sword.

Under the setting sun, two figures stood still.

"Zheng Yi! In this land of the lost sea, I have handed over all sword repairs. Without exception, they are the souls under my sword. Although you are a slave, I am willing to admit your strength! " On the challenge arena, a man in black was holding a cold frost sword with a killing intention!

The frost like sword made the audience shudder. At the moment when the man Jiang Shenyu's eyes turned cold, the frost sword in his hand made a buzzing sound, as if responding to his master!

"This is pure killing!" Ye Chen under the stage is also stunned at the man's demeanor in the challenge arena. This momentum is the same as that when he wields the sword, but it is still far from the water stop, because Jiang Shenyu is pure killing intention!

Ye Chen has no doubt that Jiang Shenyu has been killed by the cleverness of the cold frost sword, which has affected his will. If he continues to practice like this, sooner or later, he will become a sword slave and a servant of the sword spirit!

Of course, the combat power will definitely soar in a straight line to reproduce its glory of that year.

"The frost sword is really extraordinary. In Jiang Shenyu's hand, it is really a sword given to the hero!"

"Yes, it seems that Zheng Yi is going to explain here today. I heard that Jiang Shenyu traveled all over the world and killed countless young Kendo geniuses before he returned!"

"I heard that I came back for a picture!"

"Shh, I dare not talk nonsense!"

How can the whispers of the people under the stage hide Ye Chen's ears and eyes? All the information is collected in the bag.

"Frost sword!" Ye Chen stared at the dark sword body in Jiang Shenyu's hand, which was full of blue and different awns. The killing meaning on it was self-evident.

"Unfortunately, his Kendo is in the wrong direction." Ye Chen looked at Jiang Shenyu on the challenge arena again, and thought of the Kendo he had learned in the Shifang sword master.

"Huh?" Jiang Shenyu's eyes suddenly turned to the bottom of the challenge arena, and his divine sense accurately captured Yi Rongguo's Ye Chen.

At the moment, ye Chen has a scholar atmosphere, which gives people a sense of mediocrity. Jiang Shenyu looks directly at Ye Chen. After several thoughts, he finally takes back his eyes.

"Strange, it's clearly a stronger sword idea!" Jiang Shenyu also took back his eyes and looked suspiciously at Ye Chen under the stage again. "Do I feel wrong?"

At this time, another Zheng Yi, wearing a long coarse cloth shirt and holding an ordinary iron sword, boarded the challenge arena in full view of the public.

Jiang Shenyu's whole attention was attracted by the rough man.

Seeing this, ye Chen was secretly relieved, but for a moment, he was perceived by the frost sword.

It seems that Jiang Shenyu should be in pursuit of the ultimate power and deliberately submit to the sword spirit, so as to achieve the unity of man and sword in a very fast time!

"No wonder, as a sword slave, the sword spirit really needs good health support!" Ye Chen murmured.

Jiang Shenyu's achievements in this life are limited. Ye Chen has seen through it at a glance.

As for the sword of still water, it's impossible.

At this time, ye Chen paid attention to another challenger, Zheng Yi, who was ugly and even dressed in some rags!

"Is this guy a sword repairman?" Ye Chen wondered. Except holding a pig iron broken sword in his arms, it didn't look like a sword repair, but its amazing breath announced that everyone was extraordinary!

"The slave of Baijia territory, the third miss of the Zheng family is so powerful!" Ye Chen knew from everyone's comments that the rough man in front of him was just a woman's slave.

At this time, Zheng Yi, who appeared on the stage, smiled and looked at a beautiful figure. He only heard the figure say indifferently: "play at will. If you lose, just find a place to die!"

When ye Chen heard the sound, she turned her head and looked away. Her back was walking away. Then there was a comment on the woman in the noisy crowd.

"Zheng Shanqing, the third miss of the Zheng family, is really overbearing. She doesn't even give face to her own people. It seems that she really treats Zheng Yi as a slave!"

"Slaves? Have such powerful slaves? "

"Zheng Yi is not a good man. He has done a lot of things and killed a lot of people for the third miss of the Zheng family!"

.....

There was a lot of discussion, but the real protagonist had left first. Only on the challenge arena, the man with coarse linen smiled and nodded after hearing his young lady's orders.

Jiang Shenyu looked at Zheng Yi with extremely contemptuous eyes and said, "I respect your strong strength. You really have no character to beg for mercy in front of a woman!"

Zheng Yi smelled the speech, still just smiled foolishly and nodded like a child. He didn't remember Jiang Shenyu's sarcasm at all, but said, "Miss, just said, you can kill you!"

After that, he scratched his head with embarrassment.

This scene makes Ye Chen under the stand a little uncertain. I don't know whether this guy is playing tricks or he has such a heart.

When Jiang Shenyu heard the speech, he looked cold. "Stop pretending. You have less lives to die for that bitch Zheng Shanqing? Today, I will walk on behalf of heaven! "

The audience was silent. Indeed, the reputation of Zheng Shanqing, the third miss of the Zheng family, is loud in this Youtian ancient city.

Of course, it's the notorious one.

Zheng Yi, the slave and killer around her, is naturally not accommodated by the public, but his mind also makes Zheng Yi himself not so much trouble.

Chapter 6555

"I'll take you on the road today!" Jiang Shenyu obviously doesn't want to argue with Zheng Yi, a slave. The reason why he challenges again is to prove his name!

A cold sword light has been killed to Zheng Yi's throat!

Zheng Yi on one side seemed to have sensed for a long time. Without thinking, he jumped up and avoided the fierce sword. The iron sword in his arms was no longer held, but held in his right hand.

"This is..." Ye Chen looked at the strange scene. The look on Zheng Yi's face told everyone that he didn't respond to Jiang Shenyu's tentative sword, but he really avoided it.

"His fighting instinct is so terrible!" Ye Chen's eyes narrowed. It seems that the outcome of the war is hard to say.

Seeing that his tentative sword was dodged, Jiang Shenyu said calmly, "you are qualified to be my opponent. Let's move!"

Zheng Yi's eyes didn't see the intention of killing, but his hand was not vague at all. The iron sword in his right hand waved around on his thick arm, like a child's house wine, but the sword rules like the thickness of the trunk mouth flew away to Jiang Shenyu like a dragon!

"Kendo is so free and interesting!" Jiang Shenyu put away his previous calm color between his eyebrows. Although he still despised Zheng Yi, there was a tiger at his feet, and the blue body of the cold frost sword roared low.

Jiang Shenyu waved a sword. Just a thought, the coarse linen Sequoia in Zheng Yi's chest was cut!

A touch of crimson overflowed from Zheng Yi's chest. Jiang Shenyu drew an arc at the corner of his mouth and immediately turned around to leave!

In his eyes, his chest was hit by a cold frost sword, his heart pulse had been destroyed, and he was already a corpse!

"It's over?" The unknown spectators were stunned when they looked at Jiang Shenyu who was going to walk down the challenge arena and Zheng Yi who had not moved on the stand.

Just as everyone was about to make a judgment, a roar under the stage surprised everyone!

"Roar!"

Zheng Yi beat his chest and feet and made a hissing roar, which stunned Jiang Shenyu, who was about to turn and leave. He suddenly turned back.

"How possible!" Jiang Shenyu looked at Zheng Yi with unbelievable eyes. At the moment, a touch of red has indeed turned out on the opponent's chest, but that's all. Even the flesh and blood just tore open the skin.

Zheng Yi was in pain and rushed towards Jiang Shenyu with an iron sword in his hand. The iron sword was in the hands of the strong man and used some extremely random movements.

It seems that Zheng Yi completely takes the iron sword in his hand as a stick.

It is this disorganized fierce chopping that makes Jiang Shenyu, who is proficient in sword skills, feel powerless.

"Bang!"

Without paying attention, Jiang Shenyu was hit by the back of the iron sword and flew out upside down.

Just when everyone exclaimed, Jiang Shenyu firmly stabilized his figure in the air and stood a few meters away from Zheng Yi.

There was a trace of blood on the corner of his mouth and he was hurt!

"Fighting with you is really insulting the name of Jianxiu!" Jiang Shenyu looked cold and wiped the traces from the corners of his mouth, "let's see what sword repair is!"

The frost sword with the same intention as Jiang Shenyu's is shining brightly at the moment, "the sword idea is now!"

With his fierce drink, the frost sword did not change, but Jiang Shenyu's momentum began to rise, which was a kind of fortitude!

"Frost sword, a stab!" It was still a light blow and straight stab. This time, the speed was more than countless times faster. Rao could not escape with Zheng Yi's strong fighting instinct.

That stab is the heart!

Zheng Yi had no choice but to subconsciously resist the iron sword across his chest!

"Ding!"

With a crisp sound, the iron sword in Zheng Yi's hand broke in full view of the public, turned into a powder and dissipated in the world.

"God, what power is this!"

"The black iron sword was blown to powder?"

.....

"The gap between Kendo and strength is too big." Ye Chen looked at Jiang Shenyu, who was very graceful on the stage, and sighed in her heart that the victory or defeat had been divided.

But somehow, ye Chen felt a similar feeling of water stop and sword from Zheng Yi.

Why does this person have a sense of water in his body when he clearly doesn't have any Kendo?

Ye Chen thought it was an illusion, but looking back on the scenes just now, he found that Zheng Yiyuan was not so simple!

Seeing this, Jiang Shenyu couldn't help sniffing and said faintly, "it seems that you are just like this. You haven't mastered the meaning of the sword. How to fight with me!"

"Frost sword, out!" It was still a random sword. This time, Zheng Yi couldn't escape.

"Yi!"

The sound of the blade piercing into the flesh and blood sounded. Jiang Shenyu picked Zheng Yi's huge body with an upside down gold hook!

Then he threw it gently and hit the ground!

"Bang!"

In a huge pit, Zheng Yi's chest was bleeding, his vitality began to dissipate, and his consciousness began to blur

"Take you on the road!" Jiang Shenyu didn't intend to let Zheng Yi go. The blue awn of the frost sword in his hand was very prosperous, and a startling sword was opened!

However, the mutation process!

"Ding!"

A crisp sound and an indifferent figure appeared in front of the pit. The previous fatal blow was also stopped by him!

"Who are you?" Jiang Shenyu was very unhappy when he saw that he was stopped when he claimed his life, but he still had some basic self-restraint as a child of an aristocratic family.

Chapter 6556

"My name is ye Shitian! He is an alchemist and healer. " Ye Chen smiled lightly and replied faintly.

At the same time, release a trace of Taoist spirit fire around the body.

At the moment, he did not dare to put the big name in the newspaper, and the power to destroy the Tao seal and space rules could not be exerted in full view of the public.

Sure enough, Jiang Shenyu closed his eyes and concentrated. When he felt the huge Taoist fire running around Ye Chen, he looked quite better and politely hugged him with a fist: "master, why did you stop me?"

That meaning is self-evident. You are an alchemist. I respect you!

But if you can't give a good reason, I won't let you go!

This is the pride of Jiang Shenyu, a supreme sword practitioner who has understood the meaning of frost sword!

Ye Chen did not speak, but took out a pill, turned and stuffed it into Zheng Yi's mouth. At the same time, he secretly used the eight trigrams heaven pill to cure each other.

After a few breaths, the giant man in the deep pit blinked his eyelashes and struggled to get up.

"The doctor takes it as his duty to help the world by hanging a pot. He is bewitched by others. Although there are many killing sins, he will not repay you after all!"

Ye Chen said faintly. Jiang Shenyu also knew that these alchemists believed in cause and effect.

Anyway, after this sword, Zheng Yi's whole body cultivation has been abandoned. For a martial artist, he has lost his ability to stand beside his body. Sooner or later, he will die!

As for the cause and effect Ye Chen said, it is probably that someone else will take his life!

It was his means of saving people that really made Jiang Shenyu look sideways. You know, even if he didn't make the last sword, Zheng Yi would die within a few seconds. Unexpectedly, such a dead man could recover!

Ye Chen took a look at Zheng Yi and continued, "you go!"

This time, Zheng Yi seemed to understand. He made a big gift to Ye Chen, covered the wound on his chest, and chased the girl who had left with an indifferent tone. He muttered to himself, "Miss, miss..."

Seeing that Jiang Shenyu didn't stop him, they all let him leave.

What storms can a disabled person set off even if he leaves!

"Master, I'll sell you face. Can you fulfill my wish! I feel Kendo from you. "

Until the sunset, Zheng Yi's figure disappeared at the end of the sky. It seemed that it was to reassure Ye Chen. Jiang Shenyu turned his head and said to Ye Chen.

Ye Chen hung a smile on her face, but she sighed in her heart. She thought that the alchemist's means could frighten this person.

I didn't know that although others gave face, Jiang Shenyu was obviously a martial fool and felt his sword intention. Today's war is inevitable!

After all, it's normal for him to be noticed that he has practiced Kendo from the ten sword saints, holds three heavenly swords and can also use a sword of water.

"Please!"

It's better to be invited by others. Judging from Jiang Shenyu's divine posture today, he may be the son of a big family in the ancient city of Youtian. It would be better if he could get a place in the ruins.

This is one of the reasons why Ye Chen risked universal condemnation to save Zheng Yi, in order to attract people's attention!

Seeing that the other party understood him so well, Jiang Shenyu couldn't help but give birth to a trace of appreciation: "be careful, my Kendo is fatal everywhere!"

Ye Chen nodded, smiled and said, "in this way, ye kill heaven to understand!"

Jiang Shenyu was still like when he faced Zheng Yi, "cold frost Kendo! Break the sky! "

It contains a sharp sword meaning, and even a sword spirit that can tear up the space!

Although Ye Chen can kill Jiang Shenyu with one sword, he obviously doesn't intend to be exposed too much and be found.

Ye Chen dodged everywhere and didn't exert all her strength.

"In that case, take it seriously!" Seeing that this tentative move didn't work for ye Chen, even if he blessed the sword, he still couldn't hit the enemy, which was better than nothing.

The next second, Jiang Shenyu's momentum climbed again, "this time, people and swords are one!"

The fierce breath was scattered at an extreme peak. It seemed that the strong sense of senhan impacted everyone's heart.

Ye Chen looked around. Jiang Shenyu's figure had already disappeared in place!

But soon, ye Chen showed a smile, the next second, and made a sword finger. The core meaning of Shifang Kendo gathered in it!

In an instant, the two extreme Kendo touch each other!

In an instant, the shocking explosion spread to the whole ancient city!

.....

At the same time, in the elegant seat of a teahouse, a cup of fragrant tea wafts a touch of heat in the hands of the beautiful shadow near the window.

"Hoo!"

When the shadow blows gently, the tea fragrance overflows, and the two thin lips gently point on the tea cup, which makes the entrance refreshing.

A playful smile was outlined at the corner of her mouth.

At this moment, not far away, a faint blue sword flashed across, covering up the fiery sunset, and the whole sky was blue.

"It seems that the fight is inseparable!" At the moment, the red color on the girl's face was shrouded in dark blue, and there was a sense of forest cold and terrible killing.

"Miss Qing, Zheng Yi is back!"

At this moment, the servant came to report.

"Huh?" Zheng Shanqing raised her eyes and looked at the servant who came to report, and then looked at the blue sword in the distant sky, "so it's not Zheng Yi who fought with the boy of the yuan family?"

The servant didn't dare to say anything when he heard the speech.

"Well, let that waste man heal. In a few days, let him kill some people for me!" The girl took out a page of the register from her arms and threw it on the ground,.

"Return... Report to miss Qing!" Several servants trembled and knelt directly on the ground. I didn't know whether to speak, for fear of angering the girl in front of me.

Zheng Shanqing frowned and said, "speak!"

"Zheng... Zheng Yi was abandoned by the yuan family's Shenyu, and now..." the servant who knelt on his knees looked down at the famous post with trembling, and even began to tremble.

"What!" The girl heard the speech and put down the tea cup in her right hand. Her eyes were extremely cold.

"In that case, tell Zheng Yi that my Zheng family doesn't need waste!" The girl looked calm, just like the ripples caused by the breeze blowing over the tea face, "drive him out of the house. In addition, find some people and bury him in the back mountain!"

"I'm a slave of the Zheng family. I have to die in the hands of the Zheng family!" Zheng Shanqing ordered that the kneeling people in front of him tremble and get up and leave.

"Alas, he is also a spineless waste!" Zheng Shanqing looked at his men who had taken the order and said this in a whisper.

At this time, a dark shadow flashed across a corner of the teahouse. The man who had been ordered to leave burst into the sky and rolled to the girl's feet until his round pupils stared at the girl.

Chapter 6557

Zheng Shanqing, a young girl, took up the tea cup in her hand with satisfaction. The fragrance was still everywhere, but the tea surface was a little more bloody and fishy. The young girl drank the whole cup of tea in front of her: "shadow, go ahead!"

A dark shadow disappeared in the dark. There is no doubt that the previous girl's instructions were also given to the mysterious man.

"Who the hell are you?" Zheng Shanqing looked at the distant sky. The dark blue of the night was gradually dissipated by the golden halo. The next second, a towering heat wave hit and blew her veil on her shoulders, revealing a touch of warmth.

"Who can fight with Jiang Shenyu to this extent..." Zheng Shanqing whispered.

.....

At the moment, on the platform of Ye Chen and Jiang Shenyu, the smoke dispersed, everything was intact, and the spectators under the stage were stunned.

"What's the matter? These killing moves haven't even destroyed the challenge arena?"

"God, I thought I was going to die!"

They looked at what had never happened before and didn't know what to do.

"Look, ye Shitian and Jiang Shenyu!"

Following the prestige, I don't know when a middle-aged man stood in front of them. His eyebrows were somewhat similar to Jiang Shenyu.

"Look, it's the second master of the yuan family!"

"It was his old man who killed us. God!"

.....

The middle-aged man on the platform shouted angrily: "Shenyu, such recklessness will bring harm to the innocent. How can our yuan family gain a foothold in this Youtian ancient city!"

Jiang Shenyu shrunk his eyes and lowered his arrogant head. How can there be the arrogance that killed all the characters in the world just now?

"Second uncle, i..." Jiang Shenyu smiled and began to explain.

Although the middle-aged man has blame between his eyebrows and eyes, his tone is full of pride. Today's World War I, his nephew Jiang Shenyu is afraid that he will be famous for the younger generation of Youtian ancient city.

How can we not be happy when there are younger generations like this?

He listened to Jiang Shenyu's explanation carelessly, but his eyes turned to Ye Chen.

"I'm young, but I seem to be in the real world, but I have such strength. I'm still an alchemist. It's really respectable!"

This is the first comment of the middle-aged man on Ye Chen. He looks directly at Ye Chen as if he wants to see through his spirit.

"Another strong man whose strength is higher than mine!" Ye Chen was surprised secretly. It seems that the yuan family is also a super power. He just doesn't know which is stronger or weaker than the two demon family saints in Youtian hall?

Hearing the evaluation of the middle-aged man, ye Chen didn't dare to belittle himself. He hugged his fist to show his respect: "senior, it's just a fluke!"

Jiang Shenyu didn't know what he said to the second uncle's voice. The middle-aged man looked at Ye Chen a little differently.

"Where do you come from? Your breath doesn't seem to belong here. "

Geocentric domain Ye Chen thought and said.

"Geocentric domain?" The middle-aged man thought for several times, "the land of the lost sea has been very wide, but I haven't heard of it!"

Ye Chen was stunned. Then he remembered that few people knew about the inner earth, and there was some distance between this place and the inner earth.

"It's reasonable that you don't know a remote place!" Ye Chen replied in an unassuming manner.

"Why did you come to the ancient city of Youtian?" The fine light flashed in the middle-aged man's eyes.

Ye Chen's eyes narrowed slightly. He thought that he had passed through a place of netherworld holy flowers with Ren Feifan before. Ren Feifan explained this thing and said, "to tell you the truth, as soon as I made a good friend, the spirit was extremely seriously traumatized. I heard that the lost sea has the most precious spiritual material, netherworld holy flowers!"

The middle-aged man frowned when he heard this. He only heard Ye Chen continue:

"I know my strength is low, but I am eager to save my friends. I cross the sea of loss regardless of obstacles!"

The middle-aged man sniffed and frowned, "just you?"

It's not that the second master of the Jiang family belittles himself. Even he doesn't dare to set foot in the storm force field in the hinterland of the lost sea. Otherwise, with the strength of his family, he would have begun to expand his power territory. How can he be willing to live in this corner?

"Of course not. I went out secretly. When I met a storm, I almost fell. If my master hadn't saved me, I would have died!"

"Huh?" The middle-aged man was surprised when he heard the speech. Is this boy's master a hidden strongman?

This son can fight in Baijia state if he is still in the real state. His master can cross the sea of loss, and his cultivation is far better than himself!

"Where is your master now?" The tone of the middle-aged man became more and more gentle. In his opinion, ye kill heaven, don't offend!

Ye Chen's alertness to the old guy is also quite a headache. In front of this, he had a war with Jiang Shenyu. He was wiped out by one hand, and even a mouse was not hurt in the aftermath of the battle.

It can be seen that there is a huge power gap in front of us. Once we find our identity, it will be a sheep into a tiger's mouth.

As for the master he said, it was just a lie.

Even if he is carefully investigated, his previous differences with Ren extraordinary should also be noticed.

Ren Feifan and he are also teachers and friends. This lie has no flaws.

The key is to let extraordinary existence crush everything.

"Master, I'm still looking for the holy flower of the nether world in the hinterland of the lost sea..." Ye Chen said here and on the sidewalk, "it's my low strength that dragged the teacher back. He sent me out by means of heaven and told me to wait for him in the ancient city of Youtian!"

Ye Chen said softly.

"Today, I came here purely by accident. I watched Jiang Shenyu fight with Zheng Yi. Because I learned the art of samsara deduction since childhood, I saw that Zheng Yi was a bad star. If I rashly took action, it would be contaminated with cause and effect. That's how to stop it!"

Ye Chen explained.

Chapter 6558

At the moment, Jiang Shenyu said, "second uncle, I hurried back when I received the news..."

The second master of the yuan family quickly winked for fear that his nephew would reveal any secrets.

Jiang Shenyu understood it and coughed softly. Then he avoided the important and took the easy way: "in order to test the meaning of the sword, all the sword repairs in the lost sea have become the souls under my sword. It's really a spur of the moment to come back today to fight Zheng Yi. In addition, the wind evaluation of Na Nizi of the Zheng family is not good..."

"This is the temporary intention to kill Zheng Yi. It is expected that the disaster star was arranged by Zheng Shanqing's cunning girl to add this cause and effect to me. Fortunately, brother ye saved me!"

Jiang Shenyu not only explained that ye Chen's appearance was not deliberately arranged, but also gave Ye Chen a face and saved him, which is tantamount to a good fate.

Ye Chen is not important, but the master behind him is so terrible.

Young master Jiang, I can't imagine this.

The second master of the yuan family understands that his nephew behaves like this. How can he not understand as an uncle?

"I see. Thank you, little friend!" The second master of the yuan family hugged his fist to thank him. You know, this etiquette is unique among his peers. His behavior is self-evident.

"I'm afraid I can't pick the netherworld holy flower!" The middle-aged man looked regretful and said.

"Why?" Ye Chen pretended to be frightened. Seeing this, the middle-aged man laughed, "don't worry, little friend!"

"This holy flower of the nether world is the treasure of the ancient city of Youtian. Every time the strong people of our family come to this season, they will organize an army to pick it in person. Not long ago, my eldest brother, yu'er's father, picked a batch of New Holy flowers and came back. I'm afraid I'll be empty if I respect my teacher!"

Ye Chen pretended to be stunned.

The second master of the yuan family continued: "little friend, please contact your teacher and ask him to return quickly to the yuan family in the ancient city of Youtian. You saved yu'er today. A precious medicine is given by the yuan family!"

The second master of the yuan family looks forthright. His words have given enough face to each other.

Ye Chen is not hypocritical and bows at the middle-aged man.

He immediately sent a flying sword to the sky.

"Thank you, saint. I have told my master that I will arrive in a few days!" The second master of the yuan family was relieved by this means.

If the yuan family can have the help of master ye Yatian, it will definitely become a real giant here!

"Since you're here for the first time, you'll come back to the house with me. Live safely these days and compete with yu'er in martial arts. You can also wait for your teacher to come!"

Ye Chen smiled and waited for you! The reincarnation map of martial arts may also rely on the strength of the yuan family!

"In this way, it will disturb the saint!"

.....

In this way, ye Chen openly lived in the yuan family residence. These days, he also had a good talk with Wu Chi Jiang Shenyu. They exchanged some things about sword cultivation and alchemy.

As long as ye Chen throws some understanding of Kendo at will, it is enough to fascinate Jiang Shenyu. After all, ye Chen is the first person to master the waterstop sword!

On Kendo, it is absolutely invincible!

Ye Chen also learned that in addition to the local forces such as the Youtian temple and the demon temple, several families in the ancient city of Youtian are also unfathomable.

Its details are only a few points worse than the ghost temple.

The Jiang family and the Zheng family are one of several big families. Ye Chen learned from the side that the strength of Jiang Shenyu's father is even more amazing!

"I don't know how Yu Qingyin is now!"

Ye Chen thought about it. On his side, he contacted the yuan family. Although he hasn't touched the news of the ancient relics, it's just that he hasn't been fully trusted!

As long as the next play is complete, his cheap master will show his skills again. He is not afraid that the yuan family will not form an alliance with Ye Chen.

In this way, the ancient relics are readily available. After all, the ancient relics are a top priority. All major families are looking for partners. I heard that the Jiang family and the Zheng family are quite against each other.

Once the yuan family can't do anything, the rival Zheng family is also a move of Ye Chen. Previously, ye Chen had a war with Jiang Shenyu.

.....

At the moment, listening to the report of the shadow, Zheng Shan's green eyebrows frowned and said, "so, this ye Shitian has an extremely powerful master?"

"Get in touch with me and see if you can attract me to the Zheng family. If the ancient relics can get their master's hand, the reincarnation map of martial arts is what I have in my Zheng family's bag!"

"By the way, have you solved Zheng Yi's problem..." Zheng Shanqing asked.

The shadow in the dark was silent for a long time: "because I learned about master Ye murdering heaven, my subordinates came back to report without authorization. Zheng Yi has not been destroyed yet..."

Zheng Shanqing nodded gently and said, "it doesn't hurt. It's just a waste. You can take the time to dispose of it. This leaf kills heaven. Find a way to contact it. If you can't do anything, erase it." Immediately she made a gesture to wipe her neck.

"I see!"

At Zheng Shanqing's command, the shadow in the dark floated away.

.....

Screen rotation.

"Brother Jiang, do you have time to take me to the ancient city?" Ye Chen, who lived for a few days, didn't think of herself as an outsider at all. When he met Jiang Shenyu who hurried to the conference hall, he stopped and asked.

Jiang Shenyu didn't stop. He looked a little hurried. He explained to Ye Chen, "I won't go. There are some important things to discuss in the family. Brother ye can just stroll around and write down the account of my Jiang family!"

When he finished, he hurried away.

"Could it be that something happened to the ancient relics?" Looking at Jiang Shenyu's back, ye Chen murmured, "it seems that my master has to come forward as soon as possible. I'm afraid I'll lose the first chance if it's late!"

Ye Chen's hands were behind him and he was thinking about the reincarnation map of Wu Dao. Suddenly, he found something and said faintly, "it's time to come out after following me for so long."

The void fluctuated, and a figure appeared: "Mr. Ye Shitian, my miss, please!"

The other party was neither humble nor arrogant, and said in a deep voice.

"Oh?" Ye Chen muttered in his heart and found himself so quickly. It seems that the Zheng family's efficiency is really unusual.

.....

At the same time, there were only three people in the meeting hall of the yuan family, and the large meeting hall seemed quite empty.

"My father hurried to call me, but something unusual happened to the ancient relics?" Jiang Shenyu, who was wearing a long black shirt and carrying a frost sword behind him, had an unparalleled momentum in kendo.

Before he came, there were two middle-aged people in the Council hall, his father and second uncle!

One of the top strengths of the ancient city.

"Not long ago, I went to the ruins of panwu Heavenly Emperor, but I found that someone got there first. Although there were not many traces left, I could feel that the other party was very strong and even made me look up to him. We can't count on it. "

"I haven't had time to inform the family elders about this. However, in recent days, the array of the ancient relics containing the reincarnation map of martial arts has become weaker and weaker. We can work together as scheduled!"

Chapter 6559

Jiang Shenyu is gearing up for a big fight, but his father continues:

"But that's exactly the case. Once we old guys step in, it may lead to the collapse of the space at the relic gate. At that time, we will never come back..."

"This? Is it..... "Jiang Shenyu doesn't understand.

"This means that the old guys of our generation can't step into that space! The task of searching for the reincarnation map of martial arts can only be completed by you! "

Jiang Shenyu's second uncle said at the moment.

"Yes, in this way, your pressure..." Jiang Shenyu's father is worried at the moment. Although his son's strength is beyond doubt, his pride is also a trouble.

When Jiang Shenyu heard the speech, he smiled gently, "father, rest assured that I am the land of the lost sea. Among the young generation, I am not afraid of anyone!"

This is the pride of sword cultivation alone, and the courage of one sword to cold 19 continents.

"This time, we also discussed again and again and decided that each family should send two younger children to join hands to break through the holy ancient ruins. My Jiang family, in addition to you, yu'er, you should recommend another candidate!"

Jiang Shenyu's father said at the moment.

"This....." now Jiang Shenyu is also in trouble. In addition to him, there are also several talented people among the younger generation of the yuan family. But these people have a good bone in the secular world, but they can't stand even half of their moves.

It's just a shame to go to the ancient relics.

"I have a candidate!" Thinking over and over again, Jiang Shenyu brightened his eyes and hurried to speak.

Jiang Shenyu's second uncle stood up and frowned: "you mean ye killer?"

"Yes, his strength is similar to mine. It's hard to say who won the last war. I even feel that he has retained his strength, and as a Dandao genius, he is qualified to help me!" Jiang Shenyu is telling the truth.

"Oh? And these people?" Jiang Shenyu's father was full of doubts and looked at his second brother. When he asked, he understood the context of the matter.

"Kendo and Dandao go against the sky at the same time?"

Jiang Shenyu's father frowned. If it was true, even he had to treat him seriously. You know, the strong Dandao is a treasure for every practitioner who pursues breakthrough!

"Is it reliable?" The Lord of the yuan family now spoke again and confirmed.

"There's nothing unusual at present. Ye Shitian himself is really a Dan master. He also taught me many alchemy methods, but I'm not talented in this regard..."

Jiang Shenyu knew that he was not made of that material. If it were so simple, there would be no shortage of alchemists among the martial arts!

"There are still a few days left. If ye Yatian's master appears, you can consider ye Yatian running through the ruins with you, otherwise..." the master of the yuan family gave an order at this moment.

"In recent days, don't run around. I don't know what small moves the hell devil temple and Youtian temple have made. Many people and horses have been sent to the ancient city of Youtian, as if they are tracking down someone..."

"Report!" Just when the leader of the yuan family told Jiang Shenyu, the guard below came to report, "the Zheng family sent someone to contact Ye kill heaven!"

The second uncle of the yuan family looked cold. "It seems that the Zheng family is also discussing to win over Ye kill heaven!"

The master of the Jiang family didn't think so. He waved his hand and said, "yu'er, you can deal with this matter!"

.....

At the same time, the teahouse is elegant.

"Mr. Ye, it's really the talent of Tianzong. It was here yesterday evening. I appreciated your style!"

At the moment, Zheng Shanqing smiled, gracefully picked up the cup in her hand, took a sip and praised.

The indifferent figure sitting opposite her was not very formal. After looking around, he whispered:
"Miss Zheng, invite me to come today, not just talk about the wind and moon!"

"If only talk about the wind and moon, you can!" I saw the beauty's eyes on the opposite side were affectionate, and her pulse of eyes stared at Ye Chen. Her graceful posture was looming under the gauze, her thin lips bited gently, and her voice was soft.

Ye Chen can't help feeling secretly. What a wonderful goblin!

"Oh? That's it? " Ye Chen also moved his upper body forward and looked at the beautiful woman face to face. His four eyes were tightly opposite. He could clearly hear each other's breathing voice.

With this move, Zheng Shanqing was shocked, but she immediately separated from ye Chen: "I heard that Mr. Ye killed heaven, but is he a Dan master? And the teacher is still nearby? "

She chose to go straight to the subject!

"Nature." Ye Chen replied truthfully that there was nothing to hide. What he wanted to see was what chess Zheng Shanqing would play.

"Have you ever returned to the ancient city of Youtian these days?" Sure enough, Zheng Shanqing seems to be asking. He is also considering the value of cooperation with Ye Chen. If he is alone, he is not worthy to join the game.

Ye Chen picked up a cup of tea and blew it gently. The fragrance came into his throat. Then he whispered, "my teacher has written and will arrive in a few days!"

Zheng Shanqing's bright eyes flashed, "it seems that there is a possibility of cooperation between us!"

"Oh?" Ye Chen pretended to be surprised, "I came to the ancient city of Youtian just to get the holy flower of the nether world. How can I talk about cooperation?"

Zheng Shanqing covered her mouth and smiled softly. She was quite sweet and said, "it seems that the Jiang family also treats brother Ye as an outsider!"

"What do you say?" Ye Chen read secretly. What a clever girl, she began to sow discord.

Chapter 6560

"In the future, a relic in Youtian ancient city will be opened. I hope to cooperate with brother Ye. You are powerful and a Dandao genius. Your teacher must also be interested in the things left by the ancient great energy. After it is completed, all the medicinal herbs and treasures in the relic belong to you!"

Zheng Shanqing finally explained her intention.

Ye Chen was silent. The girl also kept a hand. She didn't mention the reincarnation map of martial arts. If she hadn't known the information in advance, I'm afraid she would have been deceived.

"It sounds tempting. What do you want?" Ye Chen is obviously not a fuel-efficient lamp, he asked with a fixed eye.

"I need a favor from your master! In the future, when my father breaks the boundless, I hope to respect the teacher and spare no effort. All the income from this relic belongs to respect the teacher. It can be regarded as the deposit of my Zheng family! "

Zheng Shanqing's answer is also watertight, in love and reason, are impeccable.

Ye Chen didn't answer, smiled and left. Zheng Shanqing didn't make any retention and let him leave. When ye Chen came to the end of the corridor, he turned around and stared at Zheng Shanqing.

The goblin seemed to have known that ye Chen would turn back and was already smiling.

"I have no deep friendship with the yuan family. Can I weigh the pros and cons?" Ye Chen didn't rush to agree or refuse.

"Yes!" Zheng Shanqing smiled.

.....

Looking at Ye Chen's figure disappearing at the end of the corridor, the dark shadow said in a deep voice: "Miss, do you need a hand?"

"If there is a strong man behind him, he will be excited about this gift. If not, we will not be able to handle it at that time? You can promise him now and go back on it later! "

"Don't offend him in recent days. It's the worst. Don't let him stand against us in front of the holy ancient ruins!"

The girl's figure got up and left. The shadow didn't follow. Instead, she looked at the light rain outside the window and looked away!

.....

Ye Chengang was going back to Jiang's house, but he found something and went in one direction.

"Poof!"

I don't know when, in the light rain, a little red flowed at Ye Chen's feet. In the deserted street, a figure flew upside down and hit the ground heavily!

It's Zheng Yi!

He struggled to get up, but a sharp long sword passed through his chest with a "whoosh", firmly nailing his eight foot body to the gravel paved ground.

"Miss, miss!"

Zheng Yi's mouth is still shouting softly.

A figure came from the dark, and the man in black who covered all his faces looked at Zheng Yi. When he looked at Zheng Yi, there was a little movement in his dark pupils. He looked at the people on the ground with a complex look: "your heart makes you less painful!"

"You may not know that it's the lady in your mouth who wants your life."

With that, he will give a fatal blow!

Two short daggers passed through his throat. Zheng Yi's eyes widened in horror. He didn't expect to die. The first person to chase him was his most trusted master and Miss Zheng Shanqing.

"Don't be the Zheng family in the afterlife!"

The man in Black got it and walked away!

"Ye Chen, save him!" At the moment when the man in Black shot, ling'er, who had not opened his mouth, shouted anxiously.

Ye Chen wondered why linger was interested in a disabled man and asked herself to save him?

"Why?" Ye chendao.

Ling'er said excitedly, "this guy is chenmie sword body! Do you know what the dust killing sword means?"

"If this person cultivates the dust killing nine swords, it will definitely be a great help to you!"

Ye Chen wondered more and more: "what dust kills the nine swords? What dust killing sword body? Is it more powerful than a sword that stops water? "

Ling'er was anxious and said, "I can't explain clearly. Anyway, this guy's potential is terrible. I'm afraid he has been buried in the yuan family. If this person succeeds in cultivating the dust killing nine swords, he will burst out the power of the ninth sword, and even help deal with the feather Emperor!"

Ye Chen was stunned and said, "but I don't have the skill of dust killing nine swords?"

Ling'er glanced at Ye Chen and said, "I have. I went to many places before going to China and accidentally got the skill of chenmie nine swords. It's a pity that outsiders can't practice this chenmie nine swords. Only those who can practice chenmie sword can. I didn't tell you."

"Unexpectedly, your boy's luck is terrible!!! You actually met the chenmie sword body. You really deserve to be the Lord of reincarnation! Before, I didn't believe you could fight against the feather emperor. Now I really believe it! "

"Don't be stunned, save people!"

Not long ago, ye Chen's figure appeared in place, looking at Zheng Yi lying on the cold earth with lax vitality and dignified look.

Ye Chen could not help feeling that he was chased and killed by his loyal master. However, since ling'er wanted him to save, he saved him. He used the eight trigrams heaven elixir, and a drop of blood slipped into each other's mouth at the same time.

His own blood contains a trace of reincarnation blood and strong recovery power, which is better than all pills.

At the same time, the spirit monument was sacrificed and suspended in front of Zheng Yi.

The visible wound began to heal slowly.

Zheng Yi's lax consciousness also began to recover gradually. He opened his eyes, looked at Ye Chen and said nothing.

"I saw you fight with Jiang Shenyu before. You just lost by sheer brute force and instinct. You can cultivate the nine swords of dust destruction. If you succeed in cultivation, you will be reborn."

Ye Chen pointed at Zheng Yi's eyebrows. In an instant, a powerful flow of information drilled into Zheng Yi's mind. The intermittent light rain beat the rain, and the flowers splashed in front of Zheng Yi.

"It should be noted that when Ling Yunzhi was young, he was once the best in the world!"

"The mountains and seas have their own time of return, the wind and rain have their own meeting, the meaning is difficult to calm, there will be reconciliation, and everything will be happy!"

Ye Chen got up and left, leaving only Zheng Yi's back. The whirling figure in the rain can no longer be seen clearly, but its sound is deep in the ear.

Ye Chen doesn't want to say anything more. Zheng Yi's heart is dead, and he is the only one to break the game.

As for how awesome the body of the dust killing sword in Linger's mouth is, he doesn't know.

But he remembered that when he was in the challenge arena, Zheng Yi didn't understand Kendo, but he had the momentum of approaching the water stop sword. I'm afraid it had something to do with the body of chenmie sword.

However, can this person really help himself against the feather emperor in the future?

While ye Chen was thinking, a flying sword biography suddenly appeared. This flying sword biography is Ren extraordinary cause and effect.

After all, I lied to the outside world about a powerful master.

If this master doesn't appear before the place is opened, I'm afraid it's difficult to get the reincarnation map of martial arts.

The great power of reincarnation cemetery mostly exists in divine thoughts, which is difficult to appear independently.

The big devil in the hell devil Tianshi can't appear.

Neither xuanhanyu nor Shuo Lao.

Therefore, now we can only trouble Ren extraordinary.

If you have any special help, you must get the reincarnation map of martial arts, which is extremely simple!

But this time, will Ren Feifan really reappear?
