

Physician 6581

Chapter 6581

.....

meanwhile.

On the suspension bridge connected by the Tongtian chain, the mysterious man in the demon temple, the son of Youtian temple, Youming, the descendant of forgetful Valley, and the demonized Zheng Shanqing all feel a sense of oppression like facing the abyss!

"This is..."

At the moment, a look of ecstasy appeared on Zheng Shanqing's face, as did the descendant of the forgetful valley. Even the mysterious man in the demon temple was intoxicated, "up there, come on!"

Several people looked at the sky chain that went straight into the sky, shot out at their feet, and began to climb up one after another.

"Mr. Ye..."

Zheng Yi also watched silently. He did not appear on the suspension bridge, but stood on the gate of Youtian ancient city and silently watched what happened on the bridge.

Suddenly, an inexplicable feeling came to my heart. Zheng Yi, who should have followed the big army, turned and looked back at the dilapidated ancient city. His figure flashed and disappeared at the end of the ancient city

In the Jasper palace, there was a murmur in the dark hall: "success or failure depends on your choice!"

.....

On the scorched earth, ye Chen looked at the fallen devil's body and fell into meditation. The burst breath of the demon Tianshi clearly affected it.

Sooner or later, just when he wanted to continue his next action, the fallen devil suddenly trembled, and the hundreds of miles of scorched earth instantly lit up a vast scarlet flame to light up the silent and dark earth!

At the foot of Ye Chen, the scarlet fire is burning. He wants to escape, but he can't move. The pain that is close to his soul is burning his soul all the time.

"Ah!" A roar resounded through the sky.

The fallen demon body began to struggle. On the periphery of the battlefield, countless demon families gathered under the sky, howling and laughing, trying to tear Ye Chen's eardrums.

"Dong!"

"Dong!"

The huge demon body got up again and moved in two steps towards Ye Chen. To be exact, it came towards the direction of the demon Tianshi. The scarlet demon Tianshi seemed to reveal a hint of resistance at the moment.

Stubborn began to flicker in the floating air

"Roar!"

The huge headless devil body roared and beat his chest and feet. The turbulent devil Qi exploded from the supreme devil body. In just a moment, ye Chen's seven orifices began to bleed. Just when his body

was about to break, the stone statue of the evil sky rushed to Ye Chen as the protector, which stabilized his body.

"Cough..."

Ye Chen vomited blood, which stabilized his mind. He stared at the crazy demon body not far away and said, "it's just an emotional change. I'm going to die... If it weren't for the demon Tianshi, I'm afraid it would have been the soul under the nine springs!"

"Are you on my side?" Feeling the good thoughts from the demon Tianshi in the Dantian, ye Chen curled up and looked at the recovering demon emperor in front. Even if he had no head, the supreme magic power was breathtaking.

As time passed, the tall demon body stood on the scorched earth and seemed to recover some intelligence. He turned to the direction where ye Chen was. If he had a head, he must be staring at Ye Chen!

With one arm and an overwhelming force, ye Chen was firmly pressed on the ground. The scarlet fire on the scorched earth began to burn around him!

"Come!"

The devil's body gave an old cry. It seemed that the bloody spear that nailed the green man through the air felt the master's call, turned into a little Guangyu collapse, and condensed again in the devil's hand!

The God body of the green man lost the support of the sealed spear and hit the ground heavily. The pierced wound on his chest sprayed endless blood essence, followed by the change of heaven and earth.

Bursts of golden thunder roared and drops of golden blood poured down, which extinguished all the scarlet fires on the vast scorched earth.

Between the whole heaven and earth, there is a strong breath of destruction.

"Whoosh!"

The devil raised the spear in his hand and threw it gently. The sound of breaking the air sounded. A peerless fierce spear stained with divine blood appeared in front of Ye Chen.

Ye Chen, who has just been saved from the boundless fire, has no time to rejoice. A new opportunity to kill has come.

"Ding!"

With a crisp sound, the blow of the peerless fierce spear was bounced away. I don't know when, the green man not far from ye Chen's side had got up. He didn't see the slightest look in his eyes. He was dull, and there were only the remaining fighting instinct.

The attack of the demon body just now was offset by the power of the law by the residual body of the wind saint, and ye Chen was safe.

When the old enemies met, they were extremely jealous. The tall devil body and the God body of the wind Saint woke up at the same time, and the two peak combat forces wrestled together again.

At the moment, the pressure of the blood dripping is gradually dissipating. It seems that the demon body that is recovering the spirit is obviously stronger than the green man in front of him.

"Wu Tao reincarnation map!"

Ye Chen no longer focuses on the first battle between the two great powers in front of him. In the final analysis, it is just obsession. Finding the reincarnation map of martial arts is the key to this trip. Now the action is resumed and the situation must be broken as soon as possible.

Ye Chen dodged and opened the distance. Under the guidance of the demon Tianshi, he came to an array. Eight dark stone pillars were arranged in an irregular direction. Among them, a corner array eye was missing on the stone platform.

"Whoosh!"

The evil celestial stone floated to the array eye on the stone platform. In an instant, the eight sky pillars burst into supreme brilliance, reaching the sky.

Above the sky, a blood red picture of mountains and seas slowly unfolds. The brilliance reflected in each corner shines on the earth, killing countless creatures and dead bones!

In an instant, the grievances and dead souls that have been condensed here for thousands of years are constantly broken.

"Wu Dao reincarnation map, according to breaking thousands of mountains and rivers!" Ye Chen stared at the ancient battlefield where the dust returned to the earth. He sighed.

With the development of the blood red picture, on the whole ancient battlefield, except for the two great powers still fighting in the center, other creatures turned into smoke and clouds under the divine light.

"Roar!"

Seeing the reincarnation of martial arts, the huge demon body no longer attacked the green man, but turned and ran towards the bloody picture on the sky!

When a spear was thrown, the blow through the mountains and rivers with infinite destructive force stabbed on the picture scroll of mountains and rivers. Within the picture scroll, mountains and rivers surged, but for a moment, the blood spear collapsed! Into a stroke in the painting!

"Such a blow was sealed?" Ye Chen looked at the scene in front of him in disbelief. The blow of the supreme power was that even the weapons were sealed and turned into a handwriting in the atlas.

"Can't it be the mountains and rivers in this picture..." Ye Chen can't imagine what a terrible existence is sealed in the reincarnation map of martial arts.

The devil's body retreated a few steps, which seemed to drain the strength of his whole body and lose his fighting spirit. Even the green man on one side had a half clear vision in his muddy eyes.

"Damn it!" He frowned and stared at the holy map above the sky, but he didn't know what to do.

Ye Chen's figure moved forward quickly, "senior, can this reincarnation map of martial arts be contained?"

If this situation continues, even they may become a handwriting in this picture!

Chapter 6582

"The reincarnation map of martial arts is the most precious. I didn't master it in my heyday in the past. It's also a collection of good and evil. It's really hard to tame!"

Under the green shirt of the wind Saint general, ye Chen can clearly feel his tension and a little... Fear at the moment!

"Even such a strong man is in trouble." Ye Chen couldn't bear to think about it. The green man on the side of the body said, "you must have met my other half of the spirit body when you came here. Did he ever explain it to you?"

Ye Chen carefully explained the whole story.

"I see!" The man in green shirt is staring at Ye Chen at the moment, "Lord of reincarnation, demon Tianshi is infected with you. It seems that only you can stop this reincarnation map of martial arts!"

"Please make it clear!" Ye Chen respectfully said that under the sky at the moment, the mountains and rivers are still shining with bloody light. All the shining places are turned into mountains and rivers.

The man in green shirt said, "this reincarnation map of martial arts is a treasure that existed in ancient times. It is a sacred thing bred by the supreme power. In the first World War in ancient times, the body of the Turing fell, and the sacred thing has a spirit. This newly evolved Turing is as young as a child, and its intelligence is not open!"

"He was bewitched by the evil demon Tianshi at that time, so this little guy is also right and evil at the moment!"

Ye Chen was surprised and said, "demon Tianshi?"

He felt the demon Tianshi connected with his blood in the Dantian at the moment.

"Yes, the demon Tianshi in your body is also a child's mind, but it is quite attached to you!"

Ye Chen has also heard that the Lord of the demon Tianshi has always been a tyrannical and murderous generation. They are all affected by the Demon Stone and have a bad end in their later years.

"What you think is good, but the demon Tianshi you are in contact with at the moment is not as smart as the current reincarnation map of martial arts. If you can give good guidance, you may be able to go a different way..."

The man in green shirt opened his mouth and said, "you must be its inspiration when you come here... Invisible, the sky is fixed!"

Ye Chen was confused. The man in green shirt also knew his situation and was not willing to explain too much. He just told him that he would understand in the future.

"The top priority now is to accept the reincarnation map of martial arts!" The man in green shirt said.

"It sensed the existence of the demon Tianshi. It recognized you as the main. This little guy is likely to hit you and try to frighten it!"

At this moment, under the carelessness of the man in green shirt, a touch of starlight from the picture of mountains and rivers shines on him. In just a moment, he is like being hit hard!

"Cough!" A mouthful of blood coughed up, and the green man's eyes gradually dimmed, "we must find a way..."

Ye Chen wants to say something again. The eyes of the green man have been completely dim. At the moment, he is already a real corpse!

There are no more thoughts. The reincarnation map of martial arts is just a ray of light, which cuts off the vitality of the supreme strong. Such is the horror!

The demon body not far away also burst out of fear. It seems that the original information is wrong. The reincarnation map of martial arts is not a treasure, but even their supreme beings are afraid!

The ancient blood robbery in the past may also be caused by the torture of the martial arts reincarnation map, but they may have mastered some way to subdue the martial arts reincarnation map, which led to the later lost time and space, the fight between the human race and the demon clan!

After all, accepting the existence of this fierce means controlling a lot! Even for ye Chen to play a very important role against the feather emperor!

Today's reincarnation map of martial arts was born again with the "help" of the demon Tianshi!

Ye Chen's eyes were frozen, and the bloody light on the sky was still raging. He had a dispute in his heart. If he wanted to accept the reincarnation map of martial arts, he couldn't live without the demon Tianshi and his cards!

"Frighten it... Enlighten..." Ye Chen, who calmed down again, carefully recalled every sentence of the green man, and only thought of four words in his mind:

"Reincarnation cemetery!"

Each of the eight stone pillars is transformed into a chain, which firmly locks the four corners of the reincarnation map of Wudao, so that it can't leave this world!

"Reincarnation cemetery!"

Ye Chen stared. The endless blood light blooming between heaven and earth never interrupted his thoughts. Every scene entering the holy ancient ruins emerged in front of him frame by frame.

Finally, the picture was fixed in front of the old hall, the scene of first meeting with the wind saint.

"How is it possible? Why can he control the demon Tianshi?"

The sigh of the wind Saint general completely opened Ye Chen's thoughts.

"It seems that we must use reincarnation graveyard and demon Tianshi at the same time!" As soon as his eyes lit up, he immediately had a dispute in his heart. The reincarnation cemetery shone brightly, and at the same time, the ancient and simple atmosphere came to his face!

At this moment, the power of Ye Chen's reincarnation is surging, trying to urge the reincarnation cemetery, and hundreds of empty tombstones are looming behind.

At the same time, a Buddha magic phantom is transformed!

The huge picture scroll of mountains and rivers is the curtain. The Buddha has a wide forehead and abundant Yi. He sits upright near the river. He is gentle, graceful, kind and dignified. He is solemn and respectful.

"Get up!"

With Ye Chen's fierce drink, the happy demon Tianshi in Dantian seemed to be much more lively than usual. A touch of scarlet light surged out and rushed to the center of the Buddha's eyebrows. In an instant, the painting style suddenly changed!

Blood eyes become Buddha, and the breath is like a demon!

Such a huge shadow, half of which radiates divine brilliance and half of which radiates magical killing intention!

"Reincarnation graveyard and demon sky stone, condense the power of Buddha and devil!" Ye Chen's eyes suddenly opened. The pure light of his eyes seemed to penetrate the heaven and earth. Behind him was the virtual shadow of Buddha, who was both right and evil.

The golden light in the left eye crosses thousands of people, and the scarlet awn in the right eye slaughters the creatures in the world!

In the reincarnation of martial arts on the void, the landscape painting is also like a spirit, which is shocked by the scene in front of us.

Even the blood light shining continuously paused.

"Not enough!" Ye Chen burst into a drink and immediately scolded the tall devil body below: "although you are a devil, you are only obsessed now. If you surrender to me, you can reproduce the peak in the future!"

The devil body below trembled and knelt slowly after several struggles!

Ye Chen's eyes looked at the tall and straight, but he had already lost his vitality. The man in green shirt looked calm and elegant.

"Master, today, with the help of God's body, help me Buddha to cross the reincarnation map of martial arts. When I take charge of reincarnation, I will resurrect you and come to Jue Dian again!"

The figure of the green man below bloomed a golden divine awn and immediately floated to the left eye of the Buddha's virtual shadow.

The demon body on one side saw it, and the posture of kneeling also got up. With a loud drink, it floated into the right eye of the virtual shadow of the Buddha.

In an instant, the power of Buddha and devil wanted to devour the sky!

Chapter 6583

Ye Chen, like a God, slapped the scroll above the sky, and the Buddha's virtual shadow smashed the thousands of mountains and rivers!

The reincarnation map of martial arts sends out a buzzing sound, which seems to be angry and want to kill Ye Chen!

.....

At this moment, ye Chen's idea seems to have come to the world of Wu Dao reincarnation map.

Sure enough, he found Turing very young.

"Hey, little guy, you and I don't know each other. How about you? Are you interested in fighting the first person in the world with me?"

"Who are you? I'll take the demon Tianshi! " The sound of milk sounded.

"There are many enemies outside who want to erase our will..." the young voice of the demon Tianshi sounded. While looking at Ye Chen, he looked at the Turing of the reincarnation map of martial arts.

It seems hesitant.

Ye Chen said at the moment: "in the past era, you were all supreme beings. Although you don't know what happened, it's inappropriate for you to open your own door now!"

"Then stay here!" Turing uttered a cry of disdain.

Wait, this reminds Ye Chen that the reincarnation map of martial arts is trapped here by these eight sacred pillars. Although he is overbearing, he can't leave this ancient battlefield.

"Well, I'm friends with the demon Tianshi, and his friend is my friend. I'll help you leave here. As for where you want to go in the future, I don't care what?" Ye Chen asked tentatively.

Sure enough, the child's childlike Turing was set by Ye Chen and immediately asked, "seriously?"

"Seriously!" Ye Chen said firmly, "you and I work together, and I will help you break these eight God pillars!"

.....

At the moment, on the vast scorched earth, the mountain and river picture scroll made efforts again, and the blood light shone on the Shenze chain, but the chain did not move!

Ye Chen closes her eyes.

Then, suddenly open!

Hold the Heavenly Sword and cut it out with one sword!

The highest essence of Kendo is to stop water and break waterfalls and reverse heaven and earth.

At this moment, ye Chen's sword is full of the charm of water stop kendo. When it is cut out, the roads of the heavens are obliterated. All the laws of reality collapse layer by layer, and the sword Qi is torn, and the space becomes a chaos.

To be exact, it is neither chaos nor nothingness. It is a gray area that can't be explained clearly, the Tao is unknown, can't use any realistic words, and can't be described.

That is the breath of law without time and space!

The breath of nothingness comes down, and all the existence of reality is collapsing.

The chain of Shenze was broken, "little guy, come on!"

Ye Chen shouted angrily. Wu Dao reincarnation tried to collect all the Qi. The atlas closed slowly and turned into a flash of light.

"Broken!"

With the last sword, the huge battlefield space was broken by Ye Chen. This was his last strength with the help of the two gods. The next second, he completely lost consciousness.

Usually, the sword of water stop is expensive. What's more, it is a sword he uses external force, not a sword he can control at present!

.....

In the dark, ye Chen had a long dream, where he became friends with the Turing of the reincarnation map of martial arts.

"I recognize you. Leave your name!" The voice of milk gas said.

"My name is Ye Chen!" He happily looked at the little one in front of him. A beautiful and simple picture scroll slowly unfolded. This time, there was no killing opportunity, and the mountains and rivers on it were beautiful.

A golden pen appeared in Ye Chen's hand. The milk voice said, "tell me your name!"

"Ye... Chen" Ye Chen felt inexplicable pressure on his right hand when he picked up the pen. When he wrote a few words, he was bleeding from the seven orifices and his body was almost broken... He just left his surname and couldn't afford the title of the book.

A big dream. When he woke up again, ye Chen was already lying on the Jasper hall. On his side, the man in green shirt was watching.

"Are you awake?" He asked.

"Well, what about the reincarnation map of martial arts?" Ye Chengang wanted to say that the last Turing had disappeared.

"Congratulations on getting the treasure, the reincarnation map of martial arts!" The man in green shirt smiled and looked at him.

"Huh?" This time, it was Ye Chen's turn to be stunned. At this look, he found that there was a landscape painting waiting in the Dantian.

"Is it true to dream?" Ye Chen whispered. The man in green shirt asked, "dream?"

Ye Chen told the green shirt man his dream, but the wind Saint general on the throne laughed: "sign a contract with the reincarnation map of martial arts. You are the first person in ten thousand years. Although you haven't left a name, it's also wonderful!"

"You can really sign a contract if you make great achievements someday!"

"That Turing broke away from the lock spirit array I laid ten thousand years ago. It takes some time to recover. When it recovers its will, you can talk to it!" The man in green shirt seemed to see through Ye Chen's idea and was like a treasure, but he didn't know how to use it.

.....

"Where's Yuqing yin?"

"She is still accepting the family inheritance..." the green man wanted to say something, but his eyes were cold. "It seems that the person who is looking for trouble is coming!"

Ye Chen followed his reputation. I don't know when the demonized Zheng Shanqing and others have stood outside the hall. Their figures are full of killing in the dark.

The mysterious man of the demon temple, the son of Youtian temple, Youming, the descendant of forgetting Valley, Zheng Shanqing and others are here.

"I see. They have been taken away by the demon clan!" Ye Chen looked into the eyes of Zheng Shanqing and others, filled with disgust.

Zheng Shanqing said, "where is the emperor of our family?"

Obviously, they also felt the magic power when the immortal devil body woke up.

"It's just a wisp of remnant soul. Dare to be presumptuous here!"

This is the Holy Land in Ye Chen's mind. The demon clan will never be allowed to run rampant here. No matter what cultivation they had before, now the remnant soul is only the five-tier heaven realm of Bajija realm. Ye Chen can kill as many ants as they come!

With one blow, Zheng Shanqing's body burst open, and ye Chen bathed in blood, just like a demon God!

"You..." the descendant of forgetful valley was surprised and wanted to kill. At the next moment, ye Chen had swept close!

"Boom!"

With a solid blow on the graceful figure, the red powder skeleton is dust to dust to earth.

"Jie Jie!" The mysterious man in the demon Temple smiled, "Ye Chen, the demon Tianshi really recognizes you as the Lord!"

"It seems that you have the reincarnation map of martial arts!"

That hoarse voice is so familiar.

"In that case, I'll take you on the road!" Just when ye Chen was stunned, the Holy Son of the nether world hit and killed. Ye Chen's injury had not healed yet. In a trance, he was drilled.

"Ding!"

At the critical moment, a black iron sword blocked the fatal blow for ye Chen. It was Zheng Yi. At the moment, he no longer scattered his cultivation. On the contrary, the charm was like a sword.

A shocking sword.

Chapter 6584

"You..." Ye Chen looked at Zheng Yi in surprise. "Have you broken through?"

The green man on the throne nodded gently, "several old brothers, it seems that your descendants have also been found!"

"Lucky to inherit and shoulder the mission!" Zheng Yi nodded gently to Ye Chen, but in a sword, the nether head was cut off!

"Pa Pa Pa!"

A burst of applause broke out, "worthy of being praised by the demon Tianshi, a good means!"

Said the hoarse voice.

"Who the hell are you!"

Ye Chen stares at Mou, this voice, he already thought of a person.

Demon saint!

The mysterious man's hoarse laughter disappeared, "that's all for you!"

At the next moment, his figure was so fast that ye Chen and Zheng Yi could not react.

Clap a palm on Zheng Yi's chest. Zheng Yi, who has broken through the shackles of cultivation, was photographed flying!

When ye Chen didn't react, another palm was printed on his chest.

Too fast!

"Cough!"

Ye Chen coughed and retreated again and again, but the mysterious figure opened his mouth and said, "the evil spirit is breaking the sky, open!"

The next second, with a wave of his arm, he separated the space rules one by one.

"He wants to summon the door of space!"

Ye Chen came forward again and wanted to stop the mysterious man, but he was slapped again!

"Jie Jie! Lord of reincarnation, I have been waiting for this day for a long time! " Behind the door of space came a throbbing laughter.

The figure of blood red robe comes across the border!

"Demon saint!"

Ye Chen secretly sighed. This old guy is a real strong man. He even took that step!

"Jie, this time, thank you for your efforts!"

He looked sideways, with a playful smile on his bloodless face, licked his shriveled lips and looked at the figure on the throne, "reincarnation, the wind saint of the Xuanwu army, the figure of God in the past, but now it's like a God without God and a ghost without ghost!"

The man in green shirt heard the speech and said nothing.

"Unfortunately, at that time, I never dared to talk to you like this, but now, you are a dead soul, there is no need to struggle here!"

That tone is very obvious. Dare to stop, even you will be destroyed!

"Now the demon clan in the lost space-time area is like this! I admit you're strong now. " The man in green shirt narrowed his eyes and looked cold.

Ye Chen heard the speech and gave a clatter in his heart. This guy is really strong!

"Bring it!" The blood colored robe of the demon Saint left only a shadow. His slender fingers were about to grip Ye Chen's neck. For a moment, he threw himself into the air.

This is the joint action of the virtual spirit pulse and the wind Saint general!

"What an overbearing space means! Worthy of being the Lord of reincarnation and the saint General of the wind... "

Looking at Ye Chen's figure disappearing in situ, the bloody robe makes a sound of hunting, and the momentum on his body is rising.

"But it still can't change the ending!" With a regretful blow, he shot at the green man on the throne.

"Boom!"

With a loud noise, the huge Jasper palace collapsed into slag!

Not even a bit of rubble was left.

The man in green shirt narrowed his eyes and said, "what a domineering Demon power!"

"You're such a mole ant. I can crush you in that era. It's the same today!" At the moment, the man in green shirt is gone, and a silver armor is shining in the void!

"I want to see how much power you can waste!" The young man in the blood robe had a hoarse voice, and his killing intention only increased!

"Boom!"

Another blow sounded through the sky, and the whole space of Shenggu relics began to collapse.

Before the ancient city, 108 chains were broken, and the huge waves of the sea of the nether world poured into the sky. In this moment, the earth fell and the mountains and rivers turned upside down!

.....

As soon as Yuqing Yin left the pass, she met this terrible scene. At the moment, she also made a successful breakthrough!

"This is..." she looked up at the sky city, two figures fighting fiercely, and covered her thin lips in surprise.

"Get out, the space here won't last long!" Ye Chen's figure appeared. He had just been saved by the law of the wind Saint general, hidden in the void, and contacted the spirit outside for the first time!

"Ancestor, he....." Yu Qingyin nibbled her thin lips and hesitated.

Ye Chen grabbed her jade hand and didn't have the leisure to feel the warmth. He said, "at that time, he has made a glorious sacrifice. Now he is alive, but he is paving the way for us!"

"It's his last glory to fight the demon family again at the moment!"

Ye Chen thought carefully. The silver armor in the distance was shining. Obviously, he also heard Ye Chen's words. The man was in high spirits and said, "good boy, you're entrusted you. Don't let me down in this world!"

He laughed and jumped at the figure of the bloody robe again.

"Damn it!" The young man in bloody robes seemed to be tightly dragged by a residual obsession. He never thought that he could do nothing with a residual obsession in the past ten thousand years!

Ye Chen shouted to the silver armour above the void: "younger Ye Chen, send your predecessors to die!"

The wind Saint general on the void heard the speech and laughed. The silver armor pierced the sky. After the loud explosion, the ancient relics collapsed

.....

Outside the door of space, the three jumped out.

"This is outside the ancient city of Youtian. You are hiding. Now the holy ancestor of the evil spirit has broken into the holy ancient ruins. All families have known that he has fallen into a passive group attack, and there has been chaos in the ancient city!"

Chapter 6585

"Elder Ren's power of pill is coming to an end. It's time for me to return to my place."

Ling'er exhaled and opened his mouth.

From the beginning, she was outside ready to send Ye Chen away with the power of the virtual monument.

"The reincarnation map of martial arts has been obtained?" When Yu Qingyin saw that Ling'er disappeared, several people were temporarily out of danger. They also relaxed their vigilance and planned to start studying the reincarnation map of martial arts.

Ye Chen himself was also inexplicable. In the final test, after helping him get out of trouble, he lost his consciousness. Looking at a picture book in the Dantian, he was also at a loss.

"The reincarnation map of martial arts was a sacred object in the hands of our ancestors in the past. I'm afraid it can't be opened by people of our jade family..." Yu Qing Yin analyzed.

What Ye Chen didn't say was that the sage General of the Wind, that is, the ancestor of Yu Qingyin, was just a child in front of the reincarnation map of martial arts. Maybe he had reached some agreement with it, which left him in the holy ancient ruins.

"Things are far from so simple..." Ye Chen also wanted to explain, but looking at Yu Qing's Yin look, he gave up again. After all, the Wind Saint General, that is, her ancestors were God-like figures in her heart, and she would not believe Ye Chen's words.

In the Dantian place, the picture in Ye Chen's hand was in his hand. Yuqing Yin looked at an ordinary picture in his hand like a curious baby and glanced. "This is the legendary reincarnation map of the most precious martial arts?"

Ye Chen nodded gently and said, "as for how to call, I don't understand!"

At the end of his speech, he shook his hand and handed the reincarnation map of martial arts to Yuqingyin.

"Aren't you afraid of me running away with this treasure?"

She smiled playfully and joked to Ye Chen.

"Your family's things are returned to their original owners!" Ye Chen also responded generously.

What Yuqing Yin didn't understand was that the Turing in the reincarnation map of Wudao had already signed a contract with him, even the ends of the earth.

The girl nodded with satisfaction and said, "don't worry, the princess has always kept her promise. This martial reincarnation map is yours!"

Her eyes rolled, very cute, and continued, "but I can use my blood to help you open this holy map and spy on the secret!"

Yuqing Yin is also kind-hearted. Ye Chen can't bear to refuse. Again, the Turing mind is not open at the moment, and it is easy to be bewitched. The fewer people know the secret, the better. It is also a kind of protection for Yuqing Yin.

"Try it..." Ye Chen said, but she had already expected the result. The reincarnation map of martial arts is not a thing of the jade family. Her blood essence can work. That's the hell!

Sure enough, a drop of blood essence covered the scroll, and a burst of resistance rose into the sky, shaking them away.

"Boom!"

In the dense forest, both mountain birds and fish are surprised. A tingling feeling that stirs the soul strikes. If they force them to do it again, they must return to the nine springs.

"Poof!" Even Yuqing Yin, who had mastered the supreme skill of the Yu family, was spewed out with blood under this impact, and the powerful breath was instantly withered.

You know, after the inheritance, the breath of Yuqing Yin has been extremely terrible. Although it has not yet had time to stabilize the realm, it is also a real strong party.

In contrast, ye Chen on the other side was only in the real state. He just coughed a few times and staggered back two steps. He looked ruddy and didn't see any damage.

What is stronger? Stand tall and see!

"This reincarnation map of martial arts is hard to open even for me at the moment. If it were not for the children of the jade family, they would be robbed!"

After adjusting for a long time, Yuqing Yin opened her eyes and made her own judgment.

Ye Chen looked at this scene and didn't know how to round the field. Fortunately, at this moment, Turing in Dantian woke up.

"What was it just now that a drop of blood tried to control me?" The tender voice sounded with disdain.

Ye Chen had to smile bitterly, comforting the little guy and explaining to Yuqing Yin:

"This reincarnation map of martial arts is brought out by me from the ruins. I should be able to communicate!"

He insisted.

"Don't try easily. If the fluctuation happens again, you and I will be buried here!" There was a flash of panic in Yuqing's Yin eyes. Her lineal successor had no solution. As an outsider, isn't Ye Chen going to have a big event?

Before she could speak, a drop of Ye Chen's blood had flowed on the scroll.

"Hoo..." a moment later, the silent reincarnation map of martial arts didn't make a half response, and Yuqing Yin sighed, "fortunately, your blood doesn't work, if..."

Before the words fell, a scarlet light rose into the sky. The atlas in the reincarnation of martial arts slowly unfolded, and a landscape painting appeared in front of them.

This picture scroll of green mountains and green waters, Yuqing Yin was the first time to see it. She stared at the beautiful picture in the void.

Ye Chen stared. He knew that things were not so simple. Sure enough, the beautiful dark scenery gradually changed into a scarlet painting style, and a breath of awe struck his face.

An ancient battlefield that could not see the horizon appeared in front of them. Yu Qing stared at them. On the vast scorched earth, countless creatures fought, and the blood flowed back to the sky. The only blood color of the whole sky dotted everything.

"Bare!"

The sharp blade tore open the flesh and blood. Even the powerful weapons had been stained with blood and lost their divine power. The strong were everywhere, and the bones piled up into a mountain. A violent wave set off, and the bodies flew all over the sky!

"Such a terrible battle..."

Yu Qing looked at the scene in front of her, and there was already a feeling of vomiting. The smell of blood was chilling across the picture scroll.

With the violent fluctuation, the picture turned. In the deepest part of the battlefield, the green man confronted a demon. At the moment, ye Chen's eyes narrowed.

"It was the scene of the last war in ancient times!" At that time, the nameless devil had not had his head cut off, and the man in green shirt had never stained his long shirt with blood.

"Boom!"

The two strong forces collided, and every wave spread. All the creatures in the peripheral battlefield were shocked and destroyed. Jiuxiao was sad and palpitating!

Seeing this, ye Chen quickly sat cross legged. At this moment, he had some understanding of martial arts. Previously, he had personally experienced the subsequent amazing battle through the ancient battlefield, and the strong martial arts of the wind Saint general had also blessed him.

Now I have a deep feeling when I look at the first World War in the past.

In the picture, every blow of the great devil and the overwhelming destruction attack were relieved by the green shirt man. With each passing day, he took the lead.

"If you don't want to cross the wind, you can also lead mountain torrents!"

Ye Chenwu's Taoist heart was strengthened for a few points.

Chapter 6586

Suddenly, the man in green shirt looked at Ye Chen and said faintly:

"Lord of reincarnation, remember my wish!"

This is the last voice left in the world, which is full of reluctance and helplessness.

Yuqing Yin and ye Chen's four eyes were opposite. This war was earth shaking. Countless strong people died like mole ants. The last war was not for the reincarnation of martial arts to seal the demon family spirit.

I'm afraid the lost space-time in ancient times will be pierced by life!

But the last glance and advice of the wind Saint through the long river of time cooled Ye Chen and Yu Qing's back.

One of the gods of ancient times has guessed that ye Chen and others will see this scene today. This unpredictability can be called amazing!

"But what did our ancestors say?" Yuqing frowned, her last wish... She turned her head and looked at Ye Chen.

"Although I have been to that battlefield, the wind Saint general at that time has lost his vitality. What remains is just a wisp of obsession driving the residual body!"

Ye Chen shook his head. He also confirmed that he didn't know. Is it difficult that there is still a shocking secret here?

"Do you want to know what she said last?" The tender voice sounded in Ye Chen's ear, which was the Turing of the reincarnation map of martial arts.

Ye Chen has some doubts. Is there really a secret?

Turing flashed and said, "see for yourself!"

A picture flashed, and the man in green shirt stood with his hand behind his back. It was obvious that the man in front of him had died and really died in the battle with the evil Saint ancestor just now. The subversion of the ancient relics had been buried.

The scene in front of me is just a picture left in my life.

"Latecomers, although I don't know who you are, since you are the selected person and the martial reincarnation map recognizes you, your achievements are destined to be extraordinary!"

"Being here proves your invincible heart and extraordinary posture. I can trust you with my future affairs!"

"The jade family bears the heavy responsibility of reincarnation of the Xuanwu army. Since I took up the burden on my shoulder, I have expected the result that I can't end well. As for why, you will understand in the future. I won't say more here!"

"In the past, I had a daughter with my beloved, called Tianxue heart!"

Hearing the speech, ye Chen was surprised. Were the descendants of the wind Saint general in that era? No, to be exact, it's your own blood. If you're still alive, how good is it?

"Once the cause and effect of reincarnation Xuanwu army is contaminated, it will end up like a jade family, and all the doors will be destroyed!"

"On the day when the little girl Xuexin was born, I covered the cause and effect with divine skill and sealed her in the heaven palace. There is a secret in this reincarnation map of martial arts, which is given to the little girl. I hope later people can help me!"

The back of the man in green shirt is facing Ye Chen. He can't see his thoughts at the moment.

"The reincarnation map of martial arts has a deep origin. With it, all kinds of causes and consequences come. I hope you can make a good fortune and solve a disaster in the future!"

Ye Chen said in her heart, is this a warning for fear of not doing anything when she takes advantage of it?

After all, without merit, ye Chen will understand this cause and effect, even without the current alarmist.

With a wave of his sleeve, the figure of the man in green shirt disappeared, and everything returned to peace.

Yuqing Yin on one side saw Ye Chen fall into the mood of insight breakthrough, and dared not speak out. For fear of breaking Ye Chen's way of perception, she didn't know that ye Chen was cooking for her ancestors.

"How's it going?" Seeing ye Chen open his eyes, Yuqing Yin asked.

Ye Chen smiled and said, "I've got something!"

"However, there is one more thing..." Ye Chen told Yu Qing Yin all the last words of the former king of the wind displayed by the Turing of the reincarnation map of Wu Dao. After all, he is a direct family member and should have the right to know.

After hearing Ye Chen's story, Yuqing Yin widened her eyes and looked incredible, "this... Is this true?"

A few words in a row were speechless and choking.

I thought I was the only descendant of the Yu family. How did I know that suddenly there was an ancestor?

"Sealed in the heaven palace!" Yu Qingyin, who calmed down, began to frown. The land of the heavenly palace is similar to the land of the lost sea. It is a territory outside the domain, and there are countless sects.

How is it possible to look for a seal in such a big heavenly palace?

It's like looking for a needle in a haystack.

"Have you ever had specific and detailed information?" Yu Qing Yin asked.

Ye Chen shook his head and said, "I don't know, and I don't know all about it. The wind Saint didn't mention any useful news. Even if there is, it's unknown whether the sealed land has changed..."

They fell silent together. The news was really shocking, but there was no way to verify it.

"Alas... It seems that we have no place to look for snow heart this day!" Ye Chen shook his head helplessly. He felt that he could not take people's money but eliminate disasters for others. After all, he accepted the reincarnation map of martial arts and made a lot of efforts.

"Who are you talking about?" Yuqing Yin accurately captured the key point!

Ye Chen was surprised, but he reconfirmed: "it's Tianxue's heart. It's right. The wind Saint mentioned the name several times!"

"Is it her?" Yuqing Yin murmured.

Ye Chen said, "why, have you heard this name?"

In his impression, the name was very strange. Unexpectedly, Yu Qingyin knew it.

Yu Qingyin hesitated for a long time and said, "Ye Chen, wait for me for some days. This jade pendant is for you. I need to determine one thing. Once determined, I may know the whereabouts of Xuexin this day!"

With that, Yuqing Yin didn't wait for ye Chen's reaction and went away quickly in one direction.

Chapter 6587

Ye Chen wanted to say something, but he still didn't say it. Now that Yuqing Yin has been inherited and has made a breakthrough in cultivation, there should be no great danger here.

What's more, the one in the demon temple is estimated to be injured, and he has no time to estimate Yuqing Yin.

But if the injury is good, the first time is to find yourself.

At present, it's better to leave here before there is any movement on Yuqing's Yin jade pendant.

As soon as ye Chen's eyes coagulated, he thought of an important thing, that is the Forbidden City on earth!

"In any case, the reincarnation soul must be complete. Only in this way can we be qualified to fight the feather emperor!"

Then ye Chen tore the void and went to the dark forbidden sea.

After arriving at the dark forbidden sea, ye Chen puts on his mask again and takes Yin Tian Shen Dan to restore Ye Tian's appearance so as not to attract attention.

Then, ye Chen took the jade pendant given by Ren Duxing and flew to the Forbidden City on earth along the secret breath on the jade pendant.

On the way, Jiuyou evil king sighed and said:

"I feel that the cause and effect of the demon temple will be contaminated all the time. Tomb owner, you should be careful."

"By the way, after so many days, I don't know how the emperor Shitian is. The emperor Shitian is also the number one person. Unfortunately, he finally became a prisoner in wanxu."

Thinking of the scene of lost time and space in the past, the devil in the heart of emperor Shitian was in a bright state, not stained with any secular dust. He only had the great wish of establishing an ideal country in his heart, and even Jiuyou evil king was shocked.

Now emperor Shitian has become a prisoner in wanxu, and his ideal has been completely disillusioned, which is quite sad.

In fact, if he dies directly, it may also be a relief and the best outcome.

Now I'm imprisoned in wanxu. I'm afraid life is better than death.

"I just hope Ren's ancestors can save their lives in front of the feather emperor."

Ye Chen doesn't care about the life and death of emperor Shitian. After all, the two sides have fought for a long time, and the accumulated blood feud is too deep. He can't forgive emperor Shitian.

Now, ye Chen only hopes that Ren's ancestor Ren can walk alone and save his life.

Ye Chen also benefited a lot from fighting with Ren Duxing before. He didn't hate this person. Besides, Ren Duxing was Ren's extraordinary ancestor. Naturally, he didn't want to see it fall.

After flying all the way, ye Chen spent half a day and finally came to the Forbidden City on earth.

This forbidden city on earth is not on the sea, but on the bottom of the sea!

Ye Chen dived into the bottom of the sea and saw an ancient ruins. The ruins were surrounded by many eddies, surrounded by dust and seaweed.

"Is this the Forbidden City on earth?"

Ye Chen took out the jade pendant and gave it to him. He felt it carefully and found that the breath on the jade pendant was indeed connected with the ruins.

Jiuyou evil king said, "try to get close."

"Yes."

Ye Chen nodded and flew close to the ruins, but found that there was an ancient prohibition on the periphery of the ruins.

He picked up the jade pendant and pressed it on the forbidden barrier.

Click!

There is a crack in the forbidden barrier. It turns out that this jade pendant is the key to open the forbidden barrier.

"Sure enough, there is a hole in the sky!"

Ye Chen's heart moved and immediately flew in.

After he passed through the forbidden barrier, the scenery in front of him was suddenly open, but he saw a city built on ruins.

On the surface, the city is at the bottom of the sea, but in fact it is an independent void, forming its own heaven and earth. A plaque is hung at the gate of the city, on which the words "holy city on earth" are printed.

"Is this holy city on earth the Forbidden City on earth?"

Ye Chen narrowed her eyes, but saw that the city was quite lively. There was a blazing atmosphere in the world, a festive appearance.

"Hey, ye Shitian, why are you here!"

While ye Chen was watching, suddenly a familiar female voice came from the side.

Ye Chen looked sideways, but he saw a girl in white, with a happy face, flying like running over and holding his arm.

This girl is Leng MuQing.

"Leng MuQing, why are you here?"

Ye Chen was stunned. She didn't expect to meet an acquaintance in the Forbidden City.

Leng MuQing reunited with Ye Chen, and his face was full of joy and excitement. Recalling the beautiful pictures that ye Chen had healed her before, he couldn't help blushing and took a few deep breaths to calm his mood slightly, saying:

"I also want to ask you, why did you come to the Forbidden City? This place is very secret and protected by prohibition. How did you get in? Did your martial uncle call you here? "

Leng MuQing only thought that ye Chen's access to the Forbidden City on earth was the guidance of the devil's ancestor.

Ye Chen said, "it has nothing to do with my martial uncle. I came by myself. What about you?"

Leng MuQing wondered secretly, but she didn't ask deeply about ye Chen's special identity and many secrets. She said, "I came under your martial uncle's command."

Ye Chen was slightly surprised and said, "is it the devil Zu wudian who called you?"

Leng MuQing said, "yes, although the Forbidden City on earth is secret, the old alliance has known it for a long time. Just because here, there is a holy soul fragment of the human soul path, which may be related to the Lord of reincarnation. The old alliance doesn't want to be contaminated."

"However, recently, the demon ancestor Wutian and the reincarnation Lord seem to have a struggle between gratitude and resentment, so he sent me to investigate the cause and effect here. It would be best if he could take away the holy soul fragments of the human soul Tao."

Leng MuQing has successfully passed the previous hunting conference. At present, she has joined the old Japanese League. She is a disciple of the old Japanese League.

This visit to the Forbidden City was her first mission after she entered the old League.

Ye Chen's face sank. If the demon Zu wudian also wanted to seize the holy soul fragment, it would be troublesome.

"Do you know where the holy soul fragment is?"

Ye Chen looked at the Forbidden City on earth. The territory seemed not small. It was not easy to determine the location of the holy soul fragment, so he asked Leng MuQing.

Leng MuQing said, "you know, all the intelligence is in the old League. The fragments of the human soul are in Gu Tu Su, the son of the city Lord."

Ye Chen was surprised and said, "the holy soul fragment is in the son of the city Lord?"

Leng MuQing said, "yes, the son of the city Lord has been a container of holy soul fragments since he was born. He has been tortured all the time. He even fell asleep in the last ten years. He couldn't wake up. It was half a month ago that the magic ancestor gave him a panacea to wake him up."

"The city Lord Gu Xi is going to hold a celebration to celebrate his son's awakening. Today is the day of the celebration banquet. My old League was also invited. I was invited. Ye Shitian didn't expect to meet you. Let's go to the celebration together!"

Speaking of the end, Leng MuQing was very happy. She had a rare chance to get together with Ye Chen. She dreamed of it and couldn't get it.

Ye Chen's heart moved. He didn't expect that the holy soul fragment would be in the body of the city Lord's son. He didn't know how to take it out, and what consequences would it have.

"OK, let's go to the celebration."

Thoughts are uncertain. Ye Chen nods and plans to go to the celebration with Leng MuQing.

Chapter 6588

Leng MuQing's face was full of joy, so she took Ye Chen's arm and moved forward with great intimacy.

Her intimate behavior even made her two regiments soft and close to Ye Chen's arm, which showed her intention. She liked Ye Chen, so she took the initiative and had a very passionate attitude.

But Ye Chen knew that she didn't really like herself, but was infected by reincarnation blood, so she had the illusion of emotion.

Ye Chen doesn't want to make trouble or hurt Leng MuQing's heart, so she just keeps ignorant, neither responds nor refuses.

They kept a delicate atmosphere and came all the way to the gate of the Forbidden City on earth.

"Hello, Miss Leng!"

The two guards guarding the gate obviously met Leng MuQing. Knowing that she was a disciple of the old League, they quickly saluted respectfully.

Leng MuQing nodded, then introduced Ye Chen to the guard and said, "this is the martial nephew of Mo Zu wudian, ye killer."

The two guards were shocked and said, "so this is Lord Ye killing heaven? I've heard a lot about your name. Today, Lord Ye is here. The holy city is shining. Congratulations. "

Seeing the attitude of the two guards, ye Chen expected that his deeds had also spread in the Forbidden City.

"Don't be polite."

Ye Chen bows back at will, and then enters the Forbidden City with Leng MuQing.

"Grave master, this place smells a little strange!"

After entering the Forbidden City on earth, the voice of Jiuyou evil king came from the reincarnation cemetery, with a trace of vigilance and vigilance.

Ye Chen said, "elder, what's the matter?"

Nine you evil Jun Ning said again, "I seem to smell the old breath."

Ye Chen was slightly stunned and said, "the old breath? Is there an old warrior hiding here? "

Jiuyou evil king said, "I'm not sure. I have to deduce carefully. You go to the celebration first. If there's any trouble, I'll tell you."

Ye Chen paid attention and said, "OK."

The celebration was held in the city center. Ye Chen and Leng MuQing came to the city center. Here is a huge square. There are many celebration activities in the square, which is quite lively.

Ye Chen looked around and vaguely found the breath of many strong people. It seems that the accumulation of this forbidden city on earth is also quite deep, which can not be underestimated.

After strolling with Leng MuQing for a while, a middle-aged man came up with several followers and saluted them.

"Miss Leng, Lord Ye, why don't you come to my house?"

The middle-aged man smiled and said.

Leng MuQing said, "take care of the city Lord. I'm going to visit you at the celebration. It's not too late to visit you again."

He whispered to Ye Chen, "he is Gu Xi, the leader of the Forbidden City on earth and the head of the family."

The Forbidden City on earth is in the charge of Gu family. This middle-aged man, named Gu Xi, is the city master.

The fragment of the human soul path was in Gu Xi's son.

Gu Xi said with a smile, "the banquet will begin soon. Please move to my home with Miss Leng and Lord Ye."

After a pause, Gu Xi looked at Ye Chen and said, "Lord Ye, the dog admires your reputation and says he wants to see you. Please don't dislike it."

Ye Chen said, "Lord Gu, it's very kind."

Then ye Chen and Leng MuQing followed Gu Xi to Gu's residence.

The closer he was to the Gu family, the more Ye Chen felt a fiery spirit of the earth, as if there were some special magic weapons hidden in the Gu family.

At this time, the voice of Jiuyou evil king came from the reincarnation cemetery.

Jiuyou evil king said, "tomb owner, I caught it. There is indeed an old smell here, and it is a traitor in my tianwuxian sect!"

Ye Chen was slightly surprised and said, "traitor of tianwu immortal sect?"

Jiuyou evil king said, "exactly! In those days, we tianwu immortal gate and wanxu Temple fought for hegemony. The decisive battle was fierce. A traitor took the opportunity to steal a magic weapon. "

"The magic weapon, called the rosefinch gate, is the supreme artifact of the thirty-three days. It is one of the nine gates of the great wilderness. The traitor's name is Xing Gulie. After he stole the rosefinch gate, he disappeared."

"Rosefinch gate?"

Hearing the name of the magic weapon, ye Chen faintly felt the breath of the magic weapon, which resonated with Ji Siqing.

Ji Siqing's martial arts also have the meaning of rosefinch. If we can get the door of rosefinch, it will greatly improve Ji Siqing.

"Elder, you mean that traitor Xing Gulie is right here?"

Ye Chen asked.

Jiuyou evil king said, "that's right! I can catch the traitor's breath. Although he has been greatly weakened and even seems to have no flesh, his soul is still alive. He hasn't died yet. He is dormant nearby and is likely to make trouble. "

Ye Chen said, "what about the door of rosefinch?"

Jiuyou evil king said, "the door of rosefinch, this magic weapon is also nearby. It seems that it has not been completely worn."

While they were talking, ye Chen came to Gu's house under the leadership of Gu Xi.

"By the way, the traitor Xing Gulie and the magic weapon rosefinch gate are all in the family house. They are probably hidden in the back Mountain vein!"

Jiuyou evil king caught it carefully and clearly perceived that the door of rosefinch and Xing Gulie were hidden in Gu's house, and may be in the earth vein of Gu's back mountain!

Ye Chen's eyes narrowed slightly and looked into the depths of his family. Sure enough, he could see a mountain peak with beautiful mountains and rivers, but there was a special burning breath hidden in the earth vein, which even he felt.

"Tomb owner, since you have found Xing Gulie's traitor, you have to find a way to get rid of him."

When Jiuyou evil king mentioned Xing Gulie's name, he was full of anger and hatred.

Chapter 6589

Naturally, everyone hates the traitor, and Xing Gulie once stole the magic weapon of tianwuxianmen at the most dangerous moment of tianwuxianmen.

Ye Chen moved in his heart and said, "please rest assured, elder. Since there are old traitors here, I will get rid of them."

Ye Chen has just made a breakthrough and experienced the ancient relics and the Wu Dao reincarnation map. Although the Wu Dao reincarnation map is not completely controlled and temporarily unavailable,

it is an indisputable fact that Wu Dao cultivation has been strong. With his current strength, if he wants to solve an old traitor, it is naturally as easy as turning his back.

However, now the family banquet has just begun, it is not suitable to start.

Ye Chen endured and entered the Gu family hall with Leng MuQing under the guidance of Gu Xi.

In the family hall, there have long been a large number of banquets, and all kinds of delicacies have been presented.

"Dad."

A young man stood up from his seat and ran to Gu Xi, ye Chen, Leng MuQing and others.

Gu Xi smiled and said to Ye Chen Leng MuQing, "this is Gu Tusu, the dog."

Then he said to Gu Tu Su, "Tu Su, come and meet two adults."

Gu Tusu hurried forward, arched his hands at Leng MuQing and ye Shitian, and said, "boy, Gu Tusu, have you seen Miss Leng, Lord Ye."

After a pause, he looked at Ye Chen, full of excitement and worship, and said: "Lord Ye, I heard that you have understood the sword of water stop. The sword way surpasses the real world and is the first in the world. I also learn sword. I admire your style very much. Can you give me some advice? It would be great if I could be my master. "

Hearing Gu Tusu's words, ye Chen was stunned, but he didn't expect that as soon as the other party met, he wanted to worship the teacher.

His waterstop Kendo is too abstruse and exquisite. It can not be described by the language and laws of the real world. It can only be understood and can not be taught. Even if he wants to teach, it is impossible for him to teach others.

Gu Xi was startled and quickly apologized: "Lord Ye, the dog has been sleeping for ten years. He doesn't know how to be human and worldly. His words offended a little. Please forgive me, Lord Ye."

He glanced at Tu Su and said, "Tu Su, why do you want to worship the teacher as soon as you meet, and you're not afraid of being abrupt?"

Gu Tu Su Shan smiled and said to Ye Chen, "sorry, Lord Ye, it's my faux pas. Please sit down."

Then he invited Ye Chen into the hall.

"No harm."

Ye Chen nodded and faintly saw Xiao shuihan's shadow from Gu Tusu.

When Xiao shuihan was young, he also had this blazing appearance, which made Ye Chen miss it very much.

Ye Chen and Leng MuQing came to the hall and sat down in the VIP seat.

The host and guest exchanged greetings and enjoyed eating, drinking and drinking, but they were also happy.

After three rounds of drinking, Leng MuQing's cheeks were quite intoxicated with a faint drunken blush.

She smiled and blossomed. The people in the hall secretly praised her. She was a beautiful woman who was beautiful and refined.

But Leng MuQing put down his glass and said to Gu Xi, "Lord Gu, I have another thing to discuss with you this time."

Gu Xi said, "Miss Leng, I don't know what it is. My family has promised to pay a treasure of heaven and earth to the old alliance every year as a sacrifice. Please don't make it difficult for me to take care of my family."

The Gu family has been living in seclusion in the Forbidden City on earth, guarding the holy soul fragments of the soul Road on earth, and never fighting with outsiders. This time, the old alliance took the initiative to contact.

Gu Xi, for the sake of the devil's father's boundlessness and saving his son, is also willing to pay tribute and bow down to be a minister, but this is the bottom line. As for the struggle between the old alliance and the wanxu temple, he never wants to participate in it.

Leng MuQing said, "it's not a matter of worship. Our old alliance wants to talk to you about the holy soul fragments."

Hearing the word "holy soul fragment", Gu Xi's face changed.

All the guests and family members were calm and changed color. The hall, which was just very lively, suddenly became quiet. Obviously, this fragment of holy soul is very important to everyone.

Leng MuQing said, "the old ancestor said he wanted the fragments of the human soul Tao. Please make a condition."

When this was said, there was a commotion and whispering.

Gu Xi's face became ugly. Gu Tusu blinked, looking quite innocent, and said to Leng MuQing, "Miss Leng, the holy soul fragment is in my body. If I take it out, I'll die."

Hearing this, Leng MuQing was stunned and said, "what?"

Gu Xi said, "Miss Leng, don't you know?"

Leng MuQing said, "I... I don't know. After the holy soul fragment is taken out, will the child die?"

Gu Xi sighed and said, "yes, my family has guarded the holy soul fragments for generations, and it is my duty to protect reincarnation. It is said that the demon ancestor has no heaven and has a lot of gratitude and resentment with the Lord of reincarnation. My family is also in a dilemma. I don't know what to do."

Leng MuQing said, "you people are forbidden to the sea in the dark. Naturally, you should support your ancestors."

Gu Xi said, "you're right. Without the boundless protection of the demon ancestor, the dark forbidden sea would have been wiped out by the ruins, and there would be no existence of my family. I'm willing to support the old alliance, but the holy soul fragment can't be taken out in the dog. Please forgive me, Miss Leng and Lord Ye."

Ye Chen's eyes moved slightly and said to Gu Xi, "Lord Gu, I'm proficient in medicine. Maybe I can take out the holy soul fragments in the young master's body without hurting his life."

This holy soul fragment is also wanted by the demon Zu wudian. Ye Chen can't let it fall into the hands of the demon Zu wudian.

He is determined to get this fragment.

Gu Xi was startled and said, "Lord Ye, never. The holy soul fragment has long been integrated with the blood of the dog and cannot be decomposed. Once it is forcibly taken out, he will die on the spot."

Ye Chen frowned and couldn't take out the holy soul fragment. It's troublesome.

Leng MuQing said, "Lord Gu, if I can't get the holy soul fragment, I can't go back to work."

Gu Xi was sweating and said, "Miss Leng, please forgive me. I only have tu Su's son. I must not watch him die."

Gu Tusu felt a faint danger. He was depressed and said to Leng MuQing, "Miss Leng, do you want to kill me?"

Leng MuQing looked at his innocent face and said with a smile, "don't worry, child Tu Su, I won't kill you. You go back to the old alliance with me. The old ancestor has great powers and must have a way to crack it."

Gu Tusu heard that he was going to the old alliance and said, "that's good. I've heard that the demon ancestor Wutian is the second best expert in the world. If he did it, he might be able to take out the fragments from my body smoothly. Alas, this holy soul fragment has been lodged in my body for many years. I've had a headache. If it can be solved, it's natural."

After a pause, Gu Tu Su looked at Ye Chen with interest, flashing a light in his eyes and said, "Lord Ye, I'll sacrifice the fragments of the holy soul, which is equivalent to making great achievements. Can you accept me as an apprentice at that time?"

Chapter 6590

Ye Chen looked at Gu Tu Su's blazing eyes and was slightly stunned.

If, as Gu Xi said, the holy soul fragment is integrated with Gu Tu Su's blood, it is almost impossible to take it out smoothly. If you want to take it hard, it will hurt his life.

At that time, when others are dead, how can we worship teachers?

Gu Xi obviously knew that the situation was serious, and said sternly, "Tu Su, don't talk nonsense!"

After a pause, he said to Leng MuQing and Ye Chen, "Miss Leng, Lord Ye, you'd better discuss this matter again. You'd better send a flying sword letter and go back to the old Alliance for inquiry. If the demon ancestor can make a promise, even if he takes out the holy soul fragment, he won't hurt my son's life, I'll give him to you."

Leng MuQing looked at Ye Chen and said, "Hey, ye Shitian, I listen to you. What do you think?"

Ye Chen thought for a moment and said, "then tell my martial uncle to have a look."

Leng MuQing nodded and sent a flying sword letter back to the old alliance to ask the demon ancestor Wutian.

Then they waited for a reply, but there was no reply until dark.

Family care people are also waiting nervously.

Gu Xi said, "it seems that this matter is no small matter. The devil ancestor has to consider it. Miss Leng and Lord Ye, you can stay in our house tonight."

Ye Chen said, "good."

Seeing Leng MuQing holding Ye Chen's arm, Gu Xi asked, "do you want one room or two rooms, two adults?"

Leng MuQing said, "one room."

Ye Chen said, "two rooms."

They spoke and answered, almost together.

After hearing this, Gu Xi was stunned and embarrassed.

Leng MuQing blushed and was embarrassed.

Ye Chen coughed and said, "two rooms, next to each other."

Gu Xi hurriedly replied, "yes, yes, I'll arrange it right away."

That night, ye Chen and Leng MuQing stayed in the family's guest room.

In the dead of night, ye Chen felt carefully, but caught the earth vein of Gu's back mountain. The blazing breath seemed particularly hot in the night. It was the aura fluctuation of the rosefinch gate.

The traitor named Xing Gulie was obviously attached to the door of rosefinch.

"Grave master, set out at night. Since you find the traitor, you can't let it go."

In the reincarnation cemetery, Jiuyou evil king secretly reminded him.

Ye Chen nodded and said, "I just have this idea. It's good to solve it easily."

Then ye Chen stood up and prepared to go out.

Benedictine Benedictine——

But just then, there was a knock on the door outside.

"Who?"

Ye Chen has caught Gu Tusu's breath. It is obvious that Gu Tusu is knocking at the door, but he still subconsciously asks.

"Lord Ye, it's me."

Naturally, it is the voice of Gu Tu su.

Ye Chen said, "come in."

Squeak.

Gu Tu Su pushed the door in, then suddenly flopped, knelt in front of Ye Chen, banged and kowtowed, and said, "Lord Ye, I admire your Kendo very much. Please take me as an apprentice and teach me the sword of water."

Ye Chen was surprised. He didn't expect Gu Tu Su to worship at night. He quickly picked Gu Tu Su up and said, "get up first."

Gu Tu Su's eyes were full of sincerity and said, "Lord Ye, please accept me as an apprentice!"

Ye Chen was helpless. He didn't expect that the other party would never forget. He still wanted to worship the teacher and said, "I'll talk about it later."

Seeing that ye Chen refused to accept it, Gu Tusu thought he was not sincere enough and said, "Lord Ye, what do you want? I have a rich family foundation. I can find a way to give you whatever you want. "

Ye Chen said with a wry smile, "No."

Gu Tu Su's eyes turned and seemed to think of something and said, "by the way, Lord Ye, you come with me. There is a magic weapon that you must be very interested in." Said he wanted to take ye Chen out.

Ye Chen stood still and said, "what magic weapon?"

Gu Tu Su said, "it's the door of rosefinch. It's one of the nine gates in the wilderness. It's hidden in the deep vein of my family. Take you to have a look."

Ye Chen's heart jumped when she heard the word "door of rosefinch".

The rosefinch gate was the magic weapon of tianwu immortal gate in the past, which was later stolen by Xing Gulie.

He was about to kill Xing Gulie and recapture the rosefinch gate. Now he heard Gu Tusu mention it, and his heart jumped violently.

It seems that the Gu family also knows about the rosefinch gate and will send someone to guard it. It's not easy for ye Chen to get close.

Now Gu Tusu wants to take ye Chen to see the rosefinch gate. It's a convenient opportunity.

Ye Chen remained calm and followed Gu Tu Su out.

Gu Tusu looked excited. He just wanted to honor Ye Chen and worship his teacher smoothly. He took Ye Chen all the way to the back mountain of Gu's house.

There are more than a dozen strong people who take care of their families and guard at the gate of Houshan cave.

"I've seen you, young master!"

Seeing Gu Tusu bringing people to the House late at night, the dozen strong family members were puzzled, but they saluted immediately.

Gu Tu Su nodded and said, "I have something to go down. Get out of the way."

Everyone looked at each other, even more confused, with a trace of vigilance.

A strong man's eyes coagulated and asked, "young master, I don't know what it is?"

Gu Tu Su said, "it's nothing. Lord Ye wants to see our family treasure. Don't panic and don't tell my father."

They were stunned, but they expected that ye Shitian was a big man of the old alliance and would not rob them of their family things, so they stepped aside one after another.

With a burst of joy, Gu Tusu took Ye Chen and stepped into the cave.

There is a passage in the cave, all the way down, which seems to extend to the depths of the underground spiritual pulse.

"Master, the rosefinch gate is underground."

Gu Tu and Su Xing rushed.

Ye Chen said, "don't call me master."

Gu Tu Su said, "yes, master."

Ye Chen was speechless for a while, but he was too lazy to say anything. He followed Gu Tu Su all the way to the ground.

The deeper into the ground, ye Chen felt a burst of fiery earth vein breath, like magma, hot and hot.

Finally, after walking for two quarters of an hour, ye Chen came to the underground world of Gu's family.

But here, there is a dark red color everywhere. The temperature is very high. There are magmatic rivers flowing on the ground. The surrounding mountain wall stones seem to be about to crack at any time under the baking of magma. The bubbling sound of magma sounds a little dangerous.

At the source of the magmatic River, it is a huge portal.

The door is red and engraved with many flying cloud wing patterns. It is a magnificent spectacle. It stands on the ground, a hundred feet high. The top of the door reaches the top of the mountain. People standing in front of the door are as small as mole ants.

"Is this the door of rosefinch?"

Ye Chen looked carefully, but there were many ancient vicissitudes of cracks on the portal. It was obviously a long time ago and seriously worn. It was supposed to be the magic weapon of the flood and famine era.

"Master, this is the treasure of my family, the rosefinch gate. It is said that this rosefinch gate is a magic weapon in the old times. It accidentally fell into the earth vein of my family. Over the past ten thousand years, this magic weapon has been integrated with my family earth vein."
