

Physician 6601

Chapter 6601

The majestic magic Qi burst out, shaking the world and stifling the void.

"No, it's Hongjun seven treasures, magic compass building!"

Jiuyou evil king was shocked when he saw the magic weapon.

The magic compass building in Wutian's hand is actually the supreme artifact of the thirty-three days and one of the seven treasures of Hongjun.

Jingzhuang was originally a Buddhist tool, but in the famine era, Hongjun's ancestor had profound Taoism. He believed that all dharmas share the same origin. Buddha is the devil, and the devil is the Buddha. All dharmas are empty. Everything should return to dust. Everything in the real world is false, and nothing is eternal.

Therefore, there is no difference between Buddha and devil in Hongjun's mind.

The Buddhist Scripture building was also refined into a magic weapon by Hongjun's ancestor, which is the magic compass building in Hongjun's seven treasures.

This magic compass building has both the source gas of magic and the source gas of Buddha. Magic and Buddha share the same origin.

However, in the hands of Wutian, the magic weapon completely shows the charm of the devil's way. The demonized words are dense, enveloping the world and extremely powerful.

"No!"

Jiuyou evil king's look changed greatly, but he saw the articles of the devil's way, overwhelming and intertwined with each other, completely blocking Ye Chen's way in all directions.

Ye Chen breathed and suffocated. He only felt the heavy magic Qi, which was fiercely suppressed.

The demonic articles he saw in front of him, every demonized text, had a heavy weight like stars. It was impossible for people to resist at all. Unless the emperor came, no one could resist.

If these demonized words are suppressed, ye Chen will die.

"Grave master, I'll help you escape."

"Remember, one day, go to xuanhai to kill Xuanji moon and save my real body. Don't forget to avenge me!"

Jiuyou evil king bit his teeth and made a decision at the moment of life and death.

Then, Jiuyou evil king burned the spirit madly, but he wanted to sacrifice himself to help Ye Chen escape.

Boom!

Under the crazy burning of the spirit, ye Chen's body erupted into a volcanic sound. It was the spirit of Jiuyou evil king, who roared out of the peak with the fierce old energy in the violent burning riot.

Click, click, click!

The surrounding space is broken.

One article after another, all of them were crushed.

The magic weapon of the devil ancestor, the magic compass, and all the visions of evil Qi were blasted out.

Regardless of sacrifice, the evil king of Jiuyou burned out the spirit, and the energy burst out was extremely terrible.

"Master!"

Ye Chen was shocked. Unexpectedly, Jiuyou evil king would sacrifice himself.

"Run!"

Jiuyou evil king drank violently, and then the spirit dissipated completely and exhausted all his energy.

Under the impact of the burning energy of his spirit, all the blockades around him were crushed.

Ye Chen's eyes are bloodshot and sad about the death of Jiuyou evil king, but it is also clear that now is not the time to mourn and must leave as soon as possible.

"Withdraw!"

Ye Chen made a quick decision and immediately turned to fly away.

The devil Zu wudian saw the nine you evil king disappear and stayed for a while. His eyes were dejected. He saw Ye Chen escape and didn't catch up.

"Don't let that boy run away!"

But I heard a burst of loud cheers.

Behind the devil Zu Wutian, a powerful Dharma protector rushed out.

The Dharma protector, one by one, showed the nature of the star beast, which was a Baqi snake.

Boom!

Baqi serpent, with eight heads and eight tails, appeared in the void and stirred up towering storms and waves, with a fishy smell.

"Ow!"

Baqi snake roared, and the eight snake heads opened their big mouths and devoured Ye Chen madly.

Ye Chen was suffocating and felt bursts of pressure.

The cultivation of the eight Qi serpent has reached five levels in the hundred yoke realm. If he was in peacetime, he would naturally be killed, but now he is very weak. Especially after the spirit of the nine Youxie King disappeared, he has also been affected and is difficult to fight again.

"Snow buried Stardust, get up!"

In the crisis, ye Chen opened his mouth and sprayed a cloud of wind, snow and stardust.

Hoo Hoo!

The storm of snow and Stardust turned into a miasma like barrier to block the Baqi snake.

Baqi snake fell into the Stardust and was surprised: "no! It's the second artifact, snow buried Stardust! "

He heard that the snow burial of Stardust could affect Tao's mind. After falling into the storm of Stardust, he hurried to keep his mind, but he didn't dare to chase Ye Chen too much.

Ye Chen took this opportunity to fly by the wind and finally escaped. Then he tore the void and returned directly to beimangzu.

Hoo

The weather of snow burying Stardust, sinking down.

Ye Chen's figure completely disappeared in place.

When the whole audience saw Ye Chen escape, there was a commotion.

No one expected that ye Chen could completely escape under the eyes of the devil Zu Wutian. This is incredible.

People's eyes gathered on the devil ancestor Wutian.

The devil Zu wudian bowed his head, and his eyes were full of sadness, as if mourning the death of Jiuyou evil king.

No one dared to disturb him. After the commotion for a while, they were completely silent. Everyone knew that what happened today had a great impact on the devil ancestor.

Ye Shitian, whom he had high hopes for, turned out to be the Lord of reincarnation, his mortal enemy, and his younger martial brother Jiuyou evil Jun stood on the side of reincarnation. Finally, he even sacrificed his own spirit in order to resist him.

After being silent for a long time, the evil ancestor waved helplessly and said, "go back."

Then he tore the void and took the people away.

In the Forbidden City of the world, when the family members saw that the evil ancestor had gone, they were all pardoned, and many people were scared to the ground.

Now Gu Xi, the head of Gu's family, and Tu Su, a small customer, have run away with Ye Chen. If the devil ancestor doesn't investigate, it will be light for Gu to destroy the family.

But the devil ancestor had no heaven, but he didn't vent his anger. It was family luck.

On the way back to the old alliance, Baqi snake asked in a low voice, "Lao Zu, the Lord of reincarnation escaped. Please show me how to deal with it later."

The devil Zu wudian heard the word "Lord of reincarnation". In his dim eyes, he recovered a trace of edge, looked at the devil emperor, and finally ordered: "find a way to kill him, cut the grass and root, and don't leave future trouble."

Eight Qi big snake heart a Lin, want to say what or swallow down, finally can only answer: "yes!"

The Lord of reincarnation has great luck and is really not easy to kill. But since the demon ancestor has no command from heaven, he will try to kill Ye Chen even if he kills himself.

After a pause, the devil Zu wudian ordered: "in addition, check the cause and effect of the seabed and look for the entrance of the xuanhai. Don't forget about it."

Magic ancestor Wutian never forgot. He always wanted to go to xuanhai, but he couldn't find the entrance.

He heard that there might be an entrance to the xuanhai sea at the bottom of the sea, so he has been sending people to investigate.

Baqi snake took orders and said, "yes!"

Chapter 6602

.....

At the same time, ye Chen tore the void and returned to beimangzu.

"I can escape this time. In fact, the devil ancestor hesitated."

Ye Chen sighed secretly. With the cultivation of demon Zu Wutian, if he was angry, ye Chen could not survive.

Even if the evil king Jiuyou offered sacrifices to the spirits, it would be difficult to stop Wutian.

Now ye Chen can escape because the death of Jiuyou evil king shocked the demon ancestor. Finally, he hesitated for a moment and let Ye Chen leave smoothly.

If the evil ancestor Wutian is the ruthless and cruel character of the ancient emperor Yu Huang, ye Chen must be dead today.

"However, he let me go once. He has done his utmost. Next time he sees me, he will kill me mercilessly."

In the dark, ye Chen caught a ray of severe killing, and the demon Zu wudian obviously wouldn't let him go.

He must be careful when he moves in the dark sea.

After successfully returning to beimangzu, Xiao Huang was surprised and pleased to see ye Chen coming and said, "master, why are you here?"

After a pause, Xiao Huang said with some worry: "I just seem to be aware of the boundless breath of the demon ancestor. Won't you fight?"

The evil ancestor came without a day, and even used the magic weapon magic compass building to shake the whole dark forbidden sea. Xiao Huang also felt in Beimang ancestral land.

Moreover, he found that ye Chen seemed to have the smell of demon Zu Wutian, and he couldn't help worrying.

With a sigh, ye Chen revealed the things in the Forbidden City of the world, his identity of killing heaven, and finally broke with the evil ancestor Wutian.

When Xiao Huang heard this, he was shocked and said, "master, you broke up with the devil so quickly. I'm afraid..."

Ye Chen waved his hand and said, "it doesn't matter. I had expected that there would be a break one day. Don't say this. Did you find the map of xuanhai?"

Xuanji moon went to xuanhai, and there were two opportunities in xuanhai: the mother sword formula of all things and the crown of thorns. Ye Chen didn't want to miss it.

It is now certain that Xuan Jiyue was taken away by the Jianjia sword sect. She must inherit the orthodoxy of the Jianjia fairy.

But the mother sword formula of all things and the crown of thorns, these two nine heavenly divinities, have not yet fallen into the hands of Xuan Jiyue.

At present, these last two divine arts are still in a state of no owner.

If divinity has a lord and is successfully practiced, there will be an amazing weather, affecting all heaven and all worlds.

Just like Ye Chen's training into daqianchonglou palm, the weather directly shocks all time and space in the real world. Now everyone knows that daqianchonglou palm is the standard configuration of the Lord of reincarnation!

However, the mother sword formula of all things and the crown of thorns have not yet been heard. These two divine arts are obviously ownerless.

Xuanji moon inherits the Taoist tradition of Jianjia fairy, which is already a great luck. Ye Chen must not let the mother sword formula of all things and the crown of thorns fall into Xuanji moon's hands.

Moreover, he wants to fight against the demon ancestor Wutian. These two nine heavenly divinities are also the key.

If you can reap the opportunity of divine magic and fight against the evil ancestor Wutian, it will be much easier.

Unfortunately, no one knows the way to enter the xuanhai sea. Even the demon ancestor Wutian doesn't know.

It is said that there is a map of the entrance of xuanhai in Beimang ancestral land. Ye Chen only hopes that Xiao Huang can really find it.

Xiao Huang shook his head and said, "not yet. Zu Di said big and small. It's not easy to find a map."

The territory of beimangzu land looks like an island on the surface, but there are many spatial folds and different emptiness in the island. It is obviously not easy to find a small map in many time and space worlds.

Ye Chen naturally knew this, so he didn't blame Xiao Huang and said, "keep looking, but don't be in a hurry."

Xuanhai's business can be planned later. Now the top priority is to find the life extension spirit root as soon as possible and take out the fragments in Gu Tusu's body.

The fragment of the human soul path is very important to Ye Chen. It is a part of the reincarnation holy soul day. If he misses it, he may fall into the hands of the evil ancestor Wutian.

Ye Chen released Ji Siqing, Gu Tusu, Gu Xi and others from the picture of the yellow spring.

The three experienced great changes, and their faces were all afraid.

If ye Chen fails to escape, they may all be killed by the demon ancestor Wutian.

At present, Xia Xuansheng is still in a coma after being wounded by the demon ancestor Wutian.

Ye Chen tried to treat him, but found that the effect was weak. After all, it was the injury caused by the devil Zu wudian. If you want to treat it, how can it be so easy?

"Master, where is this place? I don't think I've ever seen... "

Gu Tu Su looked around and was still terrified.

Ye Chen said, "this is the ancestral land of mengyan Protoss and Beimang family."

Gu Tu Su was stunned and said, "so we really escaped?"

It's unimaginable to escape from Wutian, the demon ancestor.

After a pause, Gu Tu Su said again, "master, what shall we do next?"

Ye Chen said: "nature is to find a way to take out the fragments of the human soul in your body."

At present, ye Chen's cultivation is nine layers of heaven in the true realm, which is only one step away from the true realm.

Ye Chen dreams of making a breakthrough as soon as possible. If he can make a breakthrough, the Wolong God will give him a page of tianwu Wolong Sutra in Taizhen, which will be a great opportunity.

The fragment of the human soul path is a great opportunity for ye Chen. If he can get it, his cultivation will be improved. Even if he can't break through, he can at least stride forward.

Chapter 6603

Gu Xi, Gu Tu Su and his son looked at each other, then Gu Xi bowed his hand and said in a deep voice:

"I look after my family for generations and guard the fragments of the reincarnation holy soul day. I hope that one day the Lord of reincarnation can appear. Since Lord Ye is the reincarnation of the Lord of reincarnation, you can take the fragments of the holy soul. Don't worry about my son's life or death. If he dies, you will take charge of the reincarnation peak and revive him!"

Previously, Gu Xi worried about his son and refused to send out the fragments of the human soul path, but now he knows Ye Chen's identity and ye Chen escaped with them. He also changed his attitude. Even if he tried to sacrifice his son, he should hand over the fragments of the human soul path to Ye Chen as soon as possible.

Gu Tu Su looked righteous and said, "that's right! Master, since my fate is doomed, take out the fragments in my body as soon as possible! Anyway, if it weren't for the master, I wouldn't be able to survive under the hands of Mo Zu Wutian. "

Ye Chen saw that the two father and son were so determined. He was moved. Finally, he waved his hand and said, "don't be impulsive. I have another solution. Maybe I can not hurt Tu Su's life."

Gu Tu Su said, "master, do you have a life extending spirit root?"

If you want to take out the holy soul fragment without hurting your life, unless you find the legendary life extension spirit root.

Only xuanhai can grow this material.

Ye Chen secretly asked Huang Lao, "Huang Lao, are you sure that the life extension spirit root is at the bottom of the sea?"

Lao Huang said: "time has passed for too long. I'm not sure. I just let you take a chance."

Ye Chen's heart sank. It seems that it's not so simple to find the spiritual root of life renewal.

At that moment, ye Chen said to Gu Tu Su, "let's have a rest for a few days. After a few days, I'll take you to a place to see if we can find a life extending spirit root."

Ye Chen has just escaped from Wutian, the demon ancestor. Ye Chen consumes so much that even Jiuyou evil king has fallen. He needs time to rest.

Gu Tu Su said, "yes! Everything is at master's command. "

In the next few days, ye Chen rested in beimangzu land.

After five days, ye Chen recovered completely.

Ji Siqing also successfully refined the door of rosefinch, and his cultivation was promoted to the second level of baijjajing.

Xia Xuansheng's injury improved slightly. Although he didn't wake up, at least his life was not in danger.

"When Xia Xuansheng wakes up, I have to ask him where the second main altar of the yin-yang temple is."

Ye Chen secretly calculated that he always wanted to find the second altar of the yin-yang temple, but he couldn't find it.

Xia Xuansheng, however, is inextricably related to the yin-yang temple. From him, we may be able to see the secret of the yin-yang temple.

When everything is ready, ye Chen, Ji Siqing and Gu Tu Su leave beimangzu and set off for the dark forbidden sea.

As for Gu Tusu's father Gu Xi, he stayed in beimangzu to help Xiao Huang find the map of xuanhai.

"Huang Lao, where is the spiritual root of life renewal?"

Ye Chen asked secretly.

The old man said, "go to the bottom of the sea first."

Ye Chen nodded and dived into the sea with Ji Siqing and Gu Tusu.

"Probably this way."

Huang Lao secretly gave advice and showed Ye Chen the way.

The bottom of the dark forbidden sea is an absolutely dark area. You can't see the slightest light. In this bottom of the sea, there are endless dangers.

Ye Chen copied the golden and white Koi, surrounded by the immortal light, dispersing the darkness.

"At the bottom of the dark forbidden sea, but at the origin of the xuanhai sea, there are many treasures buried. The life extending spiritual root is among them. There should be no root yet."

Huang Lao instructed Ye Chen to move forward, and said slowly.

"The origin of xuanhai?" Ye Chen is quite surprised. Is the undersea boundary still related to xuanhai?

Lao Huang said: "yes, the xuanhai sea was at the bottom of the sea at first, and then it rose to heaven and degenerated. Therefore, the seabed boundary is the origin of the xuanhai sea. There are many treasures left, and the life extension Linggen is one of them."

The xuanhai sea is very special. It is a sea of heaven. It is said that it is above the sky. At first, the xuanhai sea was actually at the bottom of the sea.

"I see."

Ye Chen's eyes coagulated. No wonder there was a life extending spirit root growing on the seabed. It turned out that it was the origin of xuanhai, so there were many rare treasures of xuanhai.

Then ye Chen followed Huang Lao's instructions and walked all the way to the middle of the seabed.

On the way, ye Chen also caught the breath of the old alliance. It seems that the strong of the old alliance is also searching for something at the bottom of the sea.

However, in order to avoid extraneous branches, ye Chen did not expose and hid his breath.

When ye Chen came to the center of the seabed, he found that the underwater world has a unique cave and is incomparably vast. Especially in the central area, there are many palace buildings, pearl palaces and beique, cities and towns and so on.

However, these places are shrouded in an invisible prohibition, which is not true.

The underwater world seems to have a powerful force behind it, guarding something.

"Huang Lao, how do you enter the world under the sea?"

Ye Chen looked at the underwater world in front of him and frowned when he saw those powerful prohibitions.

He did not expect that the underwater world was covered by a layer of prohibition cage. If he wanted to enter, he had to break the prohibition first.

With Ye Chen's current strength, it may be feasible to break the ban by force, but it is bound to cause unnecessary trouble.

"I know there are two entrances. You go this way."

Huang Lao looked at the scene in front of him and seemed to recall many memories.

In those years, he had set foot on the bottom of the sea and witnessed the wonderful scene of the rising of the xuanhai sea.

At that moment, he guided Ye Chen and asked Ye Chen to find the entrance.

Ye Chen nodded, took Ji Siqing and Gu Tusu, followed the instructions of Huang Lao, shuttled among many coral reefs, strange plants, strange mountains and rocks on the seabed, and soon came to a place full of pink submarine plants.

This is a silent submarine volcano, but the volcano is inlaid with a portal, which is full of the breath of ancient famine. It is one of the nine gates of famine!

"This is..."

Ye Chen looked at the door and caught bursts of strong breath. He suddenly widened his eyes.

"Yes, this is one of the entrances to the underwater world, called the black dragon gate."

Huang Lao narrowed his eyes and looked at the front door.

The portal, called the gate of black dragon, is one of the nine gates of the flood and famine. Many totem patterns of black dragon are engraved on the door, which is magnificent, ancient and spectacular.

Ye Chen said, "the gate of the black dragon?"

Lao Huang said: "exactly, the black dragon gate is made of the bones of the ancient dark ancient dragon. This door has an instrument spirit, which is the legendary dark ancient dragon. I told you that the life renewal spirit root is under the care of the dark ancient dragon. It's not so easy for you to seize it."

Ye Chen said, "now, I want to open the door of the black dragon and enter the underwater world?"

No matter what the cause and effect behind the life extension spirit root is, if you want to get it, you must at least enter the underwater world first.

Old Huang smiled and said, "the black dragon door is very firm. You can open it again."

Ye Chen's eyes coagulated and said, "try it!"

Chapter 6604

At that moment, ye Chen asked Ji Siqing and Gu Tusu to stay next to guard and step towards the black dragon gate.

"Roar..."

When ye Chen approached the door of the black dragon, there was a deep dragon roar from the door. With dignity and resistance, it seemed to refuse ye Chen's arrival.

"Break it for me!"

Ye Chen raised his palm and drank violently. He turned his spiritual power and slapped it hard on the door of the black dragon.

Bang!

His palm fell, and under the bombardment of his palm, it shook violently and made a loud noise.

"Ow!"

In the doorway, the sound of dragon singing became fierce and angry. The carving patterns of those black dragons suddenly came alive. More than a dozen huge black dragons came to Ye Chen like crazy.

Gu Tu Su shouted, "master, be careful!"

Ye Chen took his time and directly pulled out the Longyuan Heavenly Sword. With a roar, he waved his sword and cut off the empty shadows of the black dragons.

Buzz!

Blood burst.

The body of the blood dragon emerged from the sky sword and tore up all the virtual shadows of the black dragon.

The shadow of the black dragon disappeared, but the door of the black dragon was still closed without any sign of opening.

"Won't open the door yet?"

Ye Chen frowned. He felt that there was a strong will blocking him in the black dragon door.

In fact, with Ye Chen's current martial arts strength, a mere door can't stop him. He can break it with one palm.

But it happened that he could not break the door because there was a strong will behind the black dragon door.

"It seems that Haidi doesn't want you to go in."

Huang Lao sighed when he saw this scene.

Ye Chen was stunned and said, "Hai Di? Who is this? "

He thought that behind the black dragon gate was the will of the spirit. Unexpectedly, Huang Lao said it was the sea emperor.

Huang Laodao said: "the sea emperor is the emperor who rules the underwater world. His name is Zhang Taixu. He is an old friend of mine. In those years, he almost took charge of the thorns crown. Unfortunately, he was not lucky enough and was finally rejected. When xuanhai ascended to heaven, he failed to follow him and finally stayed at the bottom of the sea."

At the beginning, xuanhai was at the bottom of the sea. The crown of thorns and the mother sword formula of all things were at the bottom of the sea. Only later, xuanhai ascended to the sky and

transformed into the sea of heaven. These two nine heavenly divinities were separated from the scope of the earth.

Huang Lao then said, "the black dragon gate is the magic weapon of Haidi. The spirit of the black dragon gate has the same relationship with Haidi as you and the blood dragon. Now it seems that Haidi's will is resisting you."

Ye Chen's face sank and said, "what should I do? Want me to break the door? "

If you use Daqian Chonglou palm, ye Chen is confident and breaks through the door directly.

Although Haidi is resisting him, after all, Haidi is an old friend of Huang Lao. As long as Huang Lao is willing to speak, Haidi will accept it.

At that time, get the life extension Linggen from Haidi, and all problems can be solved.

Lao Huang said, "make your own decision."

Ye Chen's eyes coagulated and looked at the black dragon door again. Vaguely, he felt that the will of the sea emperor in the door gave him a very familiar feeling.

"Do I know the sea emperor?"

Ye Chen murmured in her heart, only feeling unimaginable.

Zhang Taixu, the sea emperor, is an old friend before Huang Lao. He is very old. It is reasonable that ye Chen can't know, but he just has a very familiar feeling.

In doubt, ye Chen took a deep breath. In his palm, there was a vast world, and the weather of ten thousand pavilions appeared.

"Daqian Chonglou palm, break it for me!"

As soon as ye Chen gritted his teeth, he wanted to break out with all his strength and forcibly used daqianchonglou palm to break the door.

Ji Siqing and Gu Tusu hurriedly retreated, running Reiki to protect their bodies, lest they be affected.

Click.

Just when ye Chen wanted to break the door, the black dragon door was suddenly opened from inside!

The person who opened the door was a bright and fresh girl, surrounded by Xianxia. She was magnificent. There were two dragon horns on her forehead. She was actually a dragon woman.

As soon as ye Chen saw the girl, he suddenly exclaimed and was stunned.

This girl he knows is the last saint of the abyss dragon family, the Dragon Girl Tianjun Aoye!

The abyssal dragon family was once a race of the supreme world. Later, it was knocked down by the old lord. The remaining branches were in the inner earth. Ye Chen had met them before and collected part of the energy of Tianlong Xianchi to transform the blood dragon and Longyuan Tianjian.

Ye Chen still clearly remembers that the dragon daughter Tianjun Aoye was born from the eggshell. Then he inherited the blood cause and effect, went to the dark forbidden sea, and said he wanted to find the demon ancestor Wutian for revenge.

Ye Chen never thought that he would really meet the dragon lady Tianjun at the bottom of the dark forbidden sea.

He wanted to break the door with one palm, which was very powerful. The dragon lady Tianjun suddenly opened the door. His thousand heavy tower palm was about to blow the dragon lady's head.

Fortunately, ye Chenwu's foundation is extremely deep, and all the magical powers are harmonious and satisfactory. The qianchonglou palm has reached the level of sending and receiving freely. Seeing that the Dragon Girl Tianjun is about to be killed by herself, she quickly takes back the palm power.

"Miss Ao, it's you!"

After ye Chen took back his palm, he still looked at the Dragon Girl Tianjun in disbelief.

The dragon lady Tianjun patted her chest and said, "Oh, Lord of reincarnation, your palm is so powerful that you almost didn't kill me."

The momentum of daqianchonglou palm obviously shocked her. Fortunately, ye Chenwu is exquisite and can be retracted and released freely. Otherwise, she has been killed by one palm.

Ye Chen wondered and said, "Miss Ao, you... Why are you here?"

The dragon lady Tianjun smiled and said, "I'm the female emperor in charge of the underwater world. Of course I'm here. I thought outsiders were patting the door and wanted to resist the enemy. Seeing that it was you, I opened the door."

Hearing the word "female emperor", ye Chen was stunned and said, "do you say you are Haidi? Isn't Haidi Zhang Taixu? "

The dragon lady Tianjun said, "Zhang Taixu died long ago. I am a new generation of sea emperor. Now I am in charge of the underwater world."

"What, Zhang Taixu is dead?"

Ye Chen was stunned. When Huang Lao heard this, he was also surprised by "ah".

Zhang Taixu, the sea emperor, is his former friend. This time he came out to look for the life extension Linggen. He had planned to get together with his old friends if he had the opportunity. Unexpectedly,

the other party died. At present, the Dragon Girl Tianjun Aoye dominates the underwater world. She is a new generation of female emperor.

The Dragon Girl Tianjun said, "come in and talk about it, otherwise the aura of the undersea earth vein will leak out and be found by the demon ancestor Wutian."

When it comes to the devil's ancestry, the Dragon Girl Tianjun has a sense of fear in her tone, and quickly invites Ye Chen and others to enter.

Ye Chen and Ji Siqing looked at each other. They took Gu Tusu with them, followed the dragon lady Tianjun, passed through the black dragon gate and officially stepped into the underwater world.

This undersea world is full of brilliant and crystal palaces. There are many mermaids, mackerels and half human and half dragon creatures playing in the sea. Everyone has a peaceful atmosphere. It seems to be a real paradise, not shrouded by the shadow of the outside world.

Chapter 6605

"Lady emperor!"

Many patrolling guards saluted one after another when they saw the dragon lady Tianjun, with a very respectful attitude.

Ye Chen secretly said strange, looking at the Dragon Girl Tianjun. Has she really become a new generation of Haidi?

"Don't look at me like that. I don't want to. Zhang Taixu passed the orthodoxy to me before he died."

Longnv Tianjun shrugged her shoulders and said helplessly.

Ye Chen couldn't help asking, "how did that Taixu die?"

He was quite worried. If Zhang Taixu died, he didn't know if he could get the life extension spirit root.

The dragon lady Tianjun said, "he was killed by the demon ancestor Wutian."

Hearing this, ye Chen's face changed slightly, and he was a little surprised. He murmured, "is it really the devil's ancestor without heaven..."

The dragon lady Tianjun said, "the devil Zu wudian wanted to find the entrance to the xuanhai sea and pressed the sea emperor many times, but the sea emperor really didn't know. He was afraid of the devil Zu wudian's anger and completely blocked the underwater world. However, the devil Zu wudian had great powers. He took off the sea emperor's brain bag by taking advantage of the broken virtual door in Honghuang nine gate. The means was extremely cruel."

While talking, the dragon lady Tianjun took Ye Chen and others to a pool. She pinched the formula with her slender hands. The pool was steaming and turned into a picture.

In the picture, we can clearly see an emperor with a royal blue crown and a scepter, sitting on the throne of the palace, accompanied by a girl.

This emperor like figure is naturally Zhang Taixu, the former sea emperor.

That girl is the Dragon Girl Tianjun.

The sea emperor Zhang Taixu's face was full of dead spirit of despair. He seemed to have expected that he would fall. He looked at the dragon daughter Tianjun and said, "I will be killed by the demon ancestor Wutian immediately. In the future, the underwater world will be under your control. You say you are a friend of the Lord of reincarnation. If you have the opportunity in the future, remember to ask the Lord of reincarnation to revive me."

As soon as he had finished speaking, the void in front of him twisted and a door appeared.

This portal is full of strong space law energy, as if it can shuttle hundreds of millions of time and space, ignoring the constraints of all rules.

"This is... The broken void gate in the nine gates of the wilderness?"

Ye Chen's pupil shrinks slightly and catches the secret of heaven.

The gate of breaking emptiness is the supreme artifact of the thirty-three days, one of the nine gates of famine, and the first of the nine gates of famine!

The legendary gate of breaking emptiness is very mysterious. It can kill people across the air regardless of space constraints.

But I saw the broken virtual door, the door was open, and a terrible big hand, with rolling magic gas, came out of the door.

That is the palm of the devil!

Zhang Taixu, the sea emperor, blocked the underwater world, but the magic ancestor had great powers. He unexpectedly broke the blockade of space by using the door of breaking the void and waved across the air.

"Zhang Taixu, if you refuse to tell the mystery of xuanhai, I'll make a wine cup with your skull. You killed yourself. I can't blame you."

The voice of demon Zu Wutian also sounded in the palace. Then he grabbed Zhang Taixu's head and killed him completely.

Zhang Taixu's headless corpse, splashed with blood, died in a very tragic manner, and fell in front of the dragon lady emperor.

He didn't even have the ability to resist in front of the devil.

When the picture comes here, it disappears completely.

When ye Chen saw this picture, he only felt cold sweat, creepy all over, and his neck was cold.

An illusion was born in his heart. It seemed that his head would also be taken away by the demon ancestor Wutian.

The gate of breaking the void is so strong that it can directly break through the void, ignoring the limitations of the laws of space. From hundreds of millions of miles away, it's like looking for things.

"Boy, what are you afraid of? Your virtual tablet and virtual spirit pulse are 100 times stronger than this broken virtual door."

Huang Lao noticed Ye Chen's fear and disdained to hum coldly.

Hearing Huang Lao's words, ye Chen immediately calmed down.

Huang Lao is right. Reincarnation blood is superior to the heavens. Every divine vein has subtle and mysterious places. For example, ye Chenxin's awakened virtual spirit divine vein has much more powerful control over the laws of space than the door of breaking the void.

Just because ye Chen's accomplishments are limited, he has not been able to give full play. Otherwise, he can easily break through the void, crush all the real time and space, hundreds of millions of miles away, and kill people with one breath.

This is a mysterious realm. Of course Ye Chen can't do it now. He estimates that he can't control such a mysterious magic power until he is the king of Jin.

"Alas, the death of Haidi is really terrible."

The Dragon Girl Tianjun sighed. She witnessed Zhang Taixu's death with her own eyes. Her head was directly taken away. The picture was extremely bloody. Now she recalls it, still with a trace of fear and trembling.

After a pause, she looked up at Ye Chen, smiled and said, "Lord of reincarnation, I can inherit Haidi's orthodoxy. Thank you."

"Thank me?"

Ye Chen was stunned and then understood.

Sea emperor Zhang Taixu knew that he would die, unwilling to fall, and always held the hope of resurrection.

The dragon daughter Tianjun happens to be ye Chen's friend. He passes down the Tao, hoping that the dragon daughter Tianjun can speak, please move Ye Chen and revive him.

"Miss Ao, I understand what you mean, but I don't know when to wait until I take charge of the reincarnation peak and decide life and death."

Ye Chen reluctantly shook his head. Although he also wanted to revive Zhang Taixu, he obviously couldn't do it now.

Where is the ultimate mystery of the law of life and death so easily broken?

Chapter 6606

Even Hongjun's ancestors could not take charge of life and death in those years. They could only escape into no time and space and seek the ultimate of life and death.

The dragon lady Tianjun said with a smile, "although there is little hope, it's better than nothing. By the way, you don't have to call me miss Ao in the future. My law name of the dragon lady Tianjun has been given to the supreme lady. She said that she would give this Law name to one of her subordinates. I inherit the Taoist tradition of the sea emperor Zhang Taixu and change my name to Zhang in the future. You can call me Zhang tingling."

When ye Chen heard the name of the supreme daughter, he was shocked and said, "have you seen the supreme daughter?"

The dragon lady Tianjun smiled and said, "yes, look what this is." He pointed to the pool next to him.

The pool is full of immortal gas. There are tens of millions of dragon shadows in the transpiration of clouds, which is very spectacular.

"Four immortal pools, Tianlong pool?"

Ye Chen stared at the pool. His pupils suddenly narrowed and recognized that it was the supreme artifact of the thirty-three days, the Tianlong immortal pool in the four immortal pools!

When ye Chen and blood dragon went to explore the secret territory of the abyss dragon family in the heart of the earth, they had obtained the Tianlong immortal pool, and quenched the Longyuan Heavenly Sword to integrate the blood dragon and the Longyuan Heavenly Sword.

But at that time, what ye Chen refined was only a tributary of Tianlong Xianchi. The real source of Tianlong Xianchi was in the world.

Now in the pool next to the Dragon Girl Tianjun, the dragon spirit is extremely powerful and strong. Obviously, it is not a branch, but the real mainstream. She brought the Tianlong fairy pool back from the world!

The dragon lady Tianjun said with a smile, "I took the flying moon ferry and narrowly crossed the sea of hardship. I have been to the supreme world and met the supreme lady."

Ye Chen said, "did you sneak in?"

He carefully sensed the breath of the dragon lady Tianjun. It was probably four layers of heaven in the hundred yoke realm. This strength could never soar to the supreme level.

Obviously, the dragon lady Tianjun took the flying moon ferry to smuggle.

The flying moon ferry is a warship built by using the aura of Wangshu Tianzhu. If you are lucky, you can even take the flying moon ferry to cross the sea of hardship and reach the paradise on the other side.

The dragon lady heavenly king said: "exactly, if I don't sneak into the world, I can't go to the supreme world. After I met the supreme lady, I got a great favor. She knew that I was the last saint of the Deyuan dragon family. She found the Tianlong fairy pool for me and gave it to me. She was really a good person."

Ye Chen said: "the heavenly daughter is naturally generous and generous. She is very kind to others, but she is not a good person, but it is difficult to say."

The dragon lady heavenly king said, "in this world, where is it so easy to distinguish between good and bad? She gave me the Tianlong immortal pool. I had nothing, so I gave her my law name as a gift in return. "

Ye Chen said, "your law number..."

The dragon lady heavenly king said, "I'm the saint law of the abyss dragon family. The dragon lady heavenly king has atmosphere behind it. Naturally, it's a gift that can be taken. The heavenly daughter accepted my law and gave her a subordinate named Ye Luoer. In the future, the dragon lady Heavenly King is not me, but ye Luoer."

Ye Chen's heart was shocked. Ji Siqing next to him heard ye Luo'er's name, which was also a shock.

"It turned out to be Luo'er. Is she the Dragon Girl Tianjun in the future..."

Ye Chen recalled the scenes of Ye Luo'er, his eyes blurred and murmured in his mouth.

Ye Luo'er became a heavenly king. It should have been something to celebrate, but Ye Chen thought of the many causal battles behind her, but her eyes were extremely dignified.

"Lord of reincarnation, I will no longer be the dragon lady heavenly king, but the successor of Haidi Zhang Taixu's orthodoxy and the master of the dark sea forbidden underwater world. The female emperor Zhang Tingling, Zhang Tingling is my new name. I hope you don't forget."

Longnv Tianjun, no, to be exact, it should be Zhang Tingling. She smiled and looked at Ye Chen.

"Zhang Tingling... OK, I see."

Ye Chen nodded and remembered the new name of the Dragon Girl Tianjun.

Zhang Tingling said: "now the underwater world is in danger, and the shadow of the old alliance lingers. Lord of reincarnation, are you here to help me break the situation? I have nothing to repay you. "

Ye Chen frowned slightly, and naturally understood the danger of the underwater world.

The evil spirit of the devil ancestor was too heavy. He always wanted to go to the Xuanhai. It was difficult for him to break through the earth vein of Beimangzu land, so he focused on the underwater world, hoping to find clues to go to the Xuanhai from here.

Even if the sea emperor Zhang Taixu is dead, he will not give up this clue easily.

Ye Chen said, "if you are in danger, I will naturally help, but I'm here mainly for another thing."

Zhang Tingling said, "what's up?"

Ye Chen said, "I'm looking for a treasure called Xuming Linggen. I heard you have it here."

Zhang tingling was slightly surprised and said, "do you want to continue your life? This kind of natural treasure is extremely rare and precious. Although there is an underwater world, it does not belong to me, but is under the care of the dark ancient dragon. "

Ye Chen said, "dark ancient dragon?"

He also heard that Huang Lao had heard that the life extension spirit root seemed to be guarded by the dark ancient dragon.

Zhang Ting said: "yes, the dark ancient dragon is the spirit of the black dragon gate. It is currently living in seclusion under the Tianlong immortal pool. I can't command it. If you want to get the life extension spirit root, unless you get its permission."

Ye Chen moved in his heart, looked at Tianlong Xianchi and said, "I want to see the dark ancient dragon now."

Gu Tusu stepped forward and said, "master, I'll go too!"

He was very excited when he heard the news that there was a life extension spirit root. If he could find a life extension spirit root, he wouldn't have to die.

Zhang Ting Ling said, "I'm afraid not now."

Ye Chen said, "why?"

Zhang Ting Lingdao said: "I reckon the secret of heaven and feel that there will be a strong one in the old alliance in these days. We must be prepared to resist the enemy. Tianlong Xianchi will be used at that time. Now we can't open it indiscriminately."

"Will there be a strong one in the old League?"

Ye Chen's face changed slightly. Now he broke up with the devil Zu Wutian. If he met the strong man of the old alliance, he would inevitably be killed.

Zhang Ting said, "yes, Lord of reincarnation, do you want to stay and resist the enemy with me?"

Without thinking, ye Chen nodded directly and said, "this is nature. We are friends."

He has broken with the devil Zu Wutian. If he can kill the strong ones of the old alliance through the power of the underwater world, he can naturally suppress the devil Zu Wutian's arrogance. The opportunity should not be missed.

Zhang tingling was overjoyed. He came up and took Ye Chen's hand and said, "well, Lord of reincarnation, I'm not afraid of you."

After the agreement, ye Chen, Ji Siqing and Gu Tu Su lived in the undersea palace.

"I don't know who the strong old alliance will be."

Ye Chen thought that if it was the Dharma protector of the general old alliance, such as the jade toad fairy, he would be enough to crush it easily, but if it was the arrival of the demon emperor covering the sky, it would be troublesome.

Chapter 6607

Ye Chen didn't want to meet the weapon of the devil emperor. He could only pray silently in his heart.

After three days like this, suddenly I heard a fierce knock on the door outside.

Someone is bombarding the black dragon gate!

In the underwater world palace, there were bursts of Warning horns everywhere, and many strong men came out, surrounded by the female emperor Zhang tingling, ready to fight.

Ye Chen, Ji Siqing and Gu Tu Su also came out and looked at each other. Their faces were slightly dignified.

Ye Chen could clearly feel that there were a lot of people outside, but she didn't know who came.

"Sinner Zhang tingling, I'm the supreme protector of Baqi of the old League. Open the door and surrender quickly. I'll give you the xuanhai map. I'll spare you!"

There was a cold cry outside the black dragon's door.

Zhang tingling's pretty face sank, and the magic water of the fairy pool in his hand showed a picture.

The picture shows the world outside the door.

There are tens of thousands of old League strongmen surrounded outside the door.

The first person was a middle-aged man with a sinister face, wearing a black robe with a totem of a giant snake printed on it. The giant snake had eight heads and eight tails and grew very ferocious.

This person is the sixteen Dharma protectors of the old League and the eight Qi serpent venerable! It is also known as Baqi sky snake!

The cultivation of Baqi big snake is about four or five days in the hundred yoke territory. It is not strong for ye Chen, but the other party has brought a large army of 10000 people to form an array, and the Qi machine is connected into one, which can not be underestimated.

"Ba Qi Tian snake, it's him."

Ye Chen was relieved to see that the strong one who came from the old alliance was not the devil covering the sky.

What he was most afraid of was to meet the short soldiers of the devil emperor.

At present, he has broken with the devil ancestor Wutian, but the devil emperor who covers the sky is still under Wutian's hand. Once Wutian goes crazy and forces the devil emperor to deal with him, it will be in trouble.

"Lord of reincarnation, whether this man is Baqi big snake or Baqi sky snake, I ask you, can you deal with this man?"

Zhang tingling looked at Ye Chen and said.

Ye Chen's eyes narrowed slightly, thought for a moment and said, "yes, do you want to kill?"

Zhang Ting Ling said: "if you can kill, it would be better."

Ye Chen nodded. If he was serious, even if Baqi big snake took an army of 10000 people, it would not be his enemy.

"Lord of reincarnation, if you can kill Baqi snake, I will give you the life extension spirit root."

At this time, a sound of vicissitudes and ancient times sounded from the void.

Ye Chen was stunned and looked at the void around him.

Zhang Ting Ling said, "it's the voice of the dark Cologne!"

It turned out that the sound was made by the dark Cologne.

Ye Chen's eyes lit up and said, "I hope the elder keeps his word."

The dark Cologne said, "of course I won't lie to you."

As soon as ye Chen was happy, he said to Zhang tingling, "Miss Ao, no, Miss Zhang, please open the door."

Zhang tingling nodded and immediately opened the door of the black dragon.

Behind Zhang tingling, many strong people in the underwater world are extremely nervous.

After the gate was opened, tens of thousands of old League strongmen appeared in front of everyone.

"Ye Shitian, it's you!"

Baqi snake was bombarding the gate. Unexpectedly, the gate suddenly opened. To his surprise, the man standing in front of him was Ye Chen.

"The eight Qi venerable ones are safe."

Ye Chen's eyes were cold and stared at Baqi snake. When he escaped from the Forbidden City, he was almost stopped by Baqi snake. Fortunately, he used snow to bury Xingchen and narrowly escaped.

At that time, ye Chen was very embarrassed under Baqi big snake.

But now, ye Chen's breath has recovered. Looking at Baqi snake again is like looking at an mole ant.

"Ye Shitian, why are you here?"

"Ah, and you, Gu Tu Su! Why are you there? "

Baqi snake was even more surprised when he saw that Gu Tu Su was standing behind Ye Chen.

You know, Gu Tu Su is the container of the fragments of the human soul path. He also appears here. Does Ye Chen have any way to take out the fragments of the human soul path?

"Master, this man has a strong breath. Can you really kill him?"

Gu Tusu felt that the breath of Baqi big snake had reached about five layers of Baijia territory. For him, it was simply an invincible existence. He couldn't help worrying about ye Chen.

Ye Chen smiled and said, "it's just a mole ant. It's not enough to be afraid."

Baqi snake heard Ye Chen's words, but he felt very harsh and sneered: "mole ants? Ye Shitian, you are a little arrogant. If I were alone, I might be afraid of you, but there are enough people under me. How dare you be presumptuous in front of me? "

He relied on a large number of people and did not put Ye Chen in his eyes.

"There's so much nonsense. Die for me!"

Ye Chen's eyes were suddenly cold. With a clang sound, Longyuan Tianjian pulled out and cut off the sword towards Baqi snake.

"Lord of reincarnation, I'll help you!"

Zhang tingling waved his slender hand, and a water vortex appeared in the palm of his hand. In the water vortex, thousands of feet of dragon Qi and ten thousand feet of rosy clouds gathered on Ye Chen's Heavenly Sword.

This current vortex is exactly the meteorological evolution of tianlongxianchi.

The aura of Tianlong immortal pool poured madly into Ye Chen's Longyuan Heavenly Sword.

"Roar!"

Nourished by the Tianlong immortal pool, the body of the blood dragon emerged from the sword, roared and shook up to the sky, and its momentum was brilliant to the extreme.

"The sun is shining!"

Ye Chen drank violently. The sword body blew up the fine awn as bright as the sun and cut the body of Baqi snake.

The edge of Longyuan Heavenly Sword is mixed with the domineering of sun Xianhuang. This sword is extremely fierce.

Baqi snake's eye pupil contracted. If he fought alone, he could never block the sword.

"End the battle! Ten thousand snakes bite the sky array, open! "

Fortunately, there are ten thousand people behind him now.

With the roar of the Baqi snake, ten thousand people were connected to each other and formed a large array in an instant.

Buzz!

The formation of a large array, a dark array boundary, emerged on the earth.

Hiss, hiss, hiss, hiss

Countless poisonous snakes appear in colorful colors. They emerge from the array, hissing and spitting out poisonous gas. The scene is extremely terrible.

This is a large array of Baqi aristocratic family, called ten thousand snakes devouring the sky array. Once it is opened, there is a terrible momentum of ten thousand snakes devouring the sky.

Zhang tingling, Ji Siqing, Gu Tusu and others saw countless poisonous snakes explode and hurried to run the magic weapon of divine power to resist.

Ye Chen was trying to cut the Baqi snake with a sword, but his sword body was also entangled by countless poisonous gases, and even countless poisonous snakes suddenly appeared in the void to entangle his sword. The scene was very strange.

"You deserve to show off your array accomplishments in front of me?"

Ye Chen saw this scene, but he was not in a hurry and sneered.

"Array word formula, Sky Sword Tenglong array, open!"

Ye Chen looked up to the sky and drank violently, which directly broke out the formula of array words.

With the blessing of the array formula, the Longyuan Heavenly Sword flew out, and then fell into an array, turning into a magnificent vast array.

Chapter 6608

This array takes Longyuan Tianjian as the core, and the surrounding aura is surging. It turns into dragons rising into the sky. The divine light is as bright as a star falling waterfall, which is very spectacular.

Thousands of dragon shadows soared into the air, and all the visions of poisonous snakes and gas around them were disintegrated and crushed by the mighty dragon power.

"What! Array word formula? Where did you learn the power of the Yuhuang family? "

Baqi snake was shocked when he saw this scene.

However, under the impact of Ye Chen array's word formula, his ten thousand snakes devoured the sky array and were broken on the spot. Many strong members of the old alliance were backfired and vomited blood on the spot.

Baqi snake also felt the blood churning between the chest and abdomen, which was very uncomfortable.

"Hum, you don't care where I learned it. In short, it's more than enough to kill you!"

Ye Chen snorted coldly, and the array word formula broke out. The Longyuan Heavenly Sword rose from the ground. With thousands of brilliant dragon shadow sword Qi, it gushed like a vast sea and split towards Baqi snake.

Baqi big snake took a breath of cool air and felt that ye Chen's sword Qi was so strong that it was incredible.

"Are you really on the ninth floor?"

He couldn't believe it. On the surface, ye Chen's accomplishments were only nine layers of heaven in the real world, but the war power now erupted, even he, a strong man in the four or five layers of the hundred yoke world, felt extremely panic and fear.

"Withdraw!"

Baqi snake made a quick decision, regardless of the life or death of his men, and immediately turned and flew away.

He knows very well that if he stays again, he will definitely be killed by Ye Chen.

"Want to run? TIANYAO Shensuo, I'm bound! "

Ye Chen exposed the murderous look in her eyes and directly sacrificed the heavenly demon God rope to bind Baqi snake.

"No!"

Baqi snake was bound all over and felt it was difficult to move.

"What magic weapon is this?"

He looked at the rope on his body and was shocked. In a panic, he hurried to open his real body.

Roar!

The real body of Baqi snake, the figure of eight giant snakes with eight heads and eight tails, suddenly emerged, roared up to the sky, rolled up a bloody rain, and was extremely fierce.

The real body of his giant snake, I don't know how long it is, its waist is like a mountain, its teeth are like a sword and halberd. With a slight swing of its tail, it will crush and explode thousands of heavy spaces. It is very strong.

However, with the emergence of the real body of Baqi snake, ye Chen's heavenly demon God rope also grew larger and still bound him firmly.

"How possible!"

Baqi snake roared in horror. Unexpectedly, he could not escape Ye Chen's lock when he opened his real body.

"Virtual spirit, divine pulse, blade of space, kill!"

Ye Chen's eyes were cold. He directly opened the virtual spirit pulse, tore the void, flashed, flew to Baqi snake, and cut down his palm like a knife.

With the opening of the virtual spirit pulse, ye Chen's control over the laws of the surrounding space reached the extreme state, and the space energy tore and collapsed into a sword like killing.

His palm was mixed with the fierce space killing force, and its edge was as strong as a Heavenly Sword.

Puff!

A palm fell, and the fierce space killing broke out. The huge body of Baqi snake was cut off by Ye Chen on the spot, and blood splashed out.

"Ye Shitian, you..."

Baqi snake's facial features are distorted. Unexpectedly, ye Chen really wants to kill him.

"Wait for me, Lao Zu... Lao Zu will avenge me!"

Baqi snake groaned. Under the rolling of space, the flesh and spirit died instantly.

Everyone in the audience was shocked to see ye Chen break the ten thousand snake devouring the sky array and kill Baqi snake.

The strong men of the old alliance dropped their weapons and knelt down to surrender.

Under the influence of Ye Chen, they completely lost their fighting spirit.

"Lord of reincarnation, you are too powerful!"

Zhang tingling's face was full of excitement and joy. He never expected that the old alliance's offensive would be solved by Ye Chen so easily.

Ye Chen smiled and said, "it's nothing. This cultivation is far from the magic ancestor Wutian."

He knew very well that the eight Qi serpent was just an ordinary Dharma protector. The real supreme in the old League was the demon ancestor Wutian!

With Ye Chen's current strength, it is naturally easy to kill ordinary Dharma protectors, but it is difficult to fight against the devil ancestor Wutian.

After the battle, the remaining members of the old Japanese League were captured by Zhang tingling and temporarily imprisoned in the dungeon.

Ye Chen naturally won't intervene in these things. He just wants to get the life extension Linggen as soon as possible.

"Miss Zhang, that life extending Linggen..."

Ye Chen reminded.

Zhang tingling said with a smile, "of course I know. Master dark Cologne said he wanted to give it to you. It should be no problem. Go and see him."

In this war, ye Chen almost crushed the attack of the old alliance with the momentum of destroying the withered and decaying, and easily killed Baqi snake. She didn't even need to send Tianlong Xianchi.

The dark ancient dragon said that if ye Chen could kill Baqi snake, he would give him the life extension spirit root.

At present, Zhang tingling opens the prohibition of Tianlong Xianchi and lets Ye Chen in.

"Life extension Linggen can finally get it."

Ye Chen thought in her heart, and her heart throbbed. She entered the Tianlong immortal pool and directly dived into the world at the bottom of the pool.

The dark ancient dragon lives in seclusion at the bottom of the pool. It opens up a void world under the pool. The earth vein of that world is based on the Tianlong immortal pool. It has a strong aura and is very suitable for seclusion.

Ye Chen came to the bottom of the pool, as if inspired, and directly shuttled to the world of the dark ancient dragon.

This world is like a desolate ruin. The sky and earth are dark and the new wind is howling. Grains of sand and dust are mixed in the strong wind and hit head-on, which makes people's cheeks ache.

Chapter 6609

Ye Chen walks in this world, but sees nine Optimus pillars standing in the middle of the world.

"Master dark cologne?"

Ye Chen called, but there was no echo, but he vaguely saw the nine Optimus pillars, which seemed to hover with the shadow of the black dragon.

His heart moved and he walked towards Optimus Prime in the middle of the world.

When ye Chen got closer, he found that the nine Optimus pillars were actually nine straight and steep peaks, towering into the sky, unusually vigorous and severe.

A black dragon with vicissitudes of life, black scales all over, only the dragon beard is white, the eyes are turbid, and filled with the gas of decay. It swam slowly between the nine Optimus pillars.

"Are you the Lord of reincarnation? As expected, he is magnificent and not weaker than Hongjun's ancestors. "

The black dragon stared at Ye Chen and looked at Ye Chen Yingwei's tall and straight shape. He seemed to be very satisfied and full of praise.

"Have you seen Hongjun, elder?"

Ye Chen arched his hand, saluted the black dragon, and asked curiously.

The black dragon smiled and said, "I'm the spirit of Honghuang nine doors. Guess if I've seen Hongjun?"

The nine gates of Honghuang are all magic weapons from the Honghuang era, and Hongjun's ancestor is the most legendary figure in the Honghuang era.

In other words, the spirit of the black dragon gate, the dark ancient dragon, must have seen Hongjun.

Ye Chen smiled awkwardly, then thought of this and said, "master, I'm so praised. How can I compare with Hongjun's ancestor."

The dark Cologne "um" said, "you can't compare with Hongjun now, but your future achievements may not be worse than Hongjun. Your qualifications, talents and blood energy are especially above Hongjun."

Ye Chen smiled helplessly and said, "I hope so, elder. Don't say this first. I don't know where the life extension spirit root is. You said you wanted to give it to me."

Hearing Ye Chen's words, a cunning look flashed in the dark ancient dragon's eyes and said, "can I give you the life extension spirit root? You can take it. These nine Qingtian mountain pillars are the life extension spirit root."

"What?"

Ye Chen was stunned. He thought that the life extension Linggen was something like medicinal materials. Unexpectedly, the nine steep peaks in front of him were the life extension Linggen.

"Elder, if these nine mountain pillars are the spiritual roots of life extension, I don't know how to use them?"

Ye Chen hurriedly asked how to use and eat the same things as the nine mountains in order to save Gu Tusu's life, but he didn't know.

The dark ancient dragon showed an old and crafty smile and said, "Lord of reincarnation, I just said I would give you a life extension spirit root. As for how to use it, you should explore it slowly."

Ye Chen's face sank. The dark ancient dragon is worthy of being a figure in the primitive times. He is good at calculation. It seems that it is not easy to get the life extension spirit root from it.

"What else do you have to tell me, sir? I'll do whatever I can."

Ye Chen hugged his fist and understood the meaning of dark Gulong. In fact, he wanted him to exchange more chips.

"Smart, worthy of being the Lord of reincarnation, a little is transparent."

The dark Cologne smiled and was very proud. Then he sighed sadly: "I'm not afraid to tell you the truth. I'm very weak now. The magic weapon is worn out too seriously. I need a special baby to restore my aura."

The black dragon gate is a magic weapon handed down from the famine era to the present. It is too old. Even people may wear out, let alone a magic weapon.

At present, each of the nine Honghuang gates is seriously worn, and the black dragon gate is no exception.

Therefore, the dark Cologne wants to entrust Ye Chen to find some special treasure to help him recover his aura.

Ye Chen's heart moved and asked, "I don't know what the elder wants."

The dark ancient dragon said, "the soul pearl of the dragon soul in the sky."

When ye Chen heard the word "sky dragon soul", he was shocked and said, "senior, do you want to capture the sky dragon soul?"

The sky dragon soul, but the four beast kings under the seat of Hongjun, the divine soul of the early days of Tianli and the sky dragon king, has fallen into the lost space and time. It is difficult to capture it than to ascend to the sky.

The dark ancient dragon shook his head and said, "the sky dragon soul can't be in charge unless it's an atmospheric transporter. I'm not a creature of this era. I'm not qualified to capture the dragon soul. I just want a soul bead."

Ye Chen said, "what is the soul bead?"

The dark ancient dragon said, "it is the beads refined by using the energy of the sky dragon soul. The refining of this soul bead will not hurt the origin of the dragon soul, so you can rest assured that I just

want a soul bead to repair the wear and tear and restore the aura. As long as you promise me, I will give you the life renewal spirit root and teach you how to refine it."

Ye Chen was stunned and said, "senior, the sky dragon soul is not in my hand."

The dark Cologne nodded and said, "I know that as long as I promise your reincarnation, the sky dragon soul falls in the lost time and space, and it is difficult for outsiders to find it, but you have great luck in reincarnation. If you want to find it, you can find it."

He believes in Ye Chen's good fortune. Now he only wants Ye Chen's promise.

Ye Chen pondered for a while, thinking about making this promise. He didn't have any loss. He said, "OK, senior, I promised you."

When the dark Cologne heard Ye Chen's promise, he was overjoyed and said, "very good, very good, Lord of reincarnation, it's really a pleasant word. You can take this life extension spirit root."

After saying that, the dark ancient dragon soared into the air, with a wave of its claws, a pillar of Qingtian mountain rose from the ground and roared. Then the mountain burst and broke, revealing a crystal stone with a big fist.

The crystal stone is like jade, showing a biyingying color and a trace of warm aura.

"The heart of this stone is the core of the life extending spirit root. If you give it to Gu Tu Su for refining, you can take out the fragments of his human soul without hurting his life."

The dark ancient dragon waved his claw and handed the crystal stone to Ye Chen.

He deduces the cause and effect, and already knows Ye Chen's intention, that is, to protect Gu Tusu's life with the life extension spirit root.

And this crystal stone is the core of life renewal spirit root!

Ye Chen was so happy that he accepted the heart of the stone and arched his hand to the dark ancient dragon: "thank you, master!"

The dark ancient Dragon nodded slightly and said, "you can take these stalactites. They may be useful to you."

After the mountain of Xuming Linggen was pulled up, a deep pit appeared on the ground. The pit was filled with strands of milky white Lingye. Those Lingye were stone stalactites with tens of thousands of years of fire, which were spiritual objects flowing from the heart of the stone.

Ye Chen's heart moved. He only felt the stalactites, and the aura was very strong. He thought, "if you take it to Xia Xuansheng, maybe you can cure his injury."

Xia Xuansheng was wounded by the evil ancestor Wutian. He is still in a coma. The injury is very serious. Even ye Chen feels very difficult. These stone stalactites have such strong aura that they may help heal the injury.

Chapter 6610

"Thank you."

Ye Chen thanked again and received all the stalactites in the Yellow Spring picture.

The dark Cologne smiled and said, "Lord of reincarnation, don't forget your promise."

Ye Chen said, "please rest assured, elder. I will remember."

I thought, "if I have a chance in the future, I still have to go to the lost time and space to find the dragon soul in the sky. I don't know what happened to Yuqing Yin, and the jade pendant hasn't moved yet."

After reading, ye Chen said goodbye to the dark Cologne, left the world and returned to the outside again.

Ji Siqing, Zhang tingling and Gu Tu Su were all waiting. When they saw Ye Chen coming out, they gathered around and asked in unison, "how's it going?"

Ye Chen smiled, took out the core of the continued life Linggen and said, "everything is going well. The continued life Linggen has been taken."

Gu Tu Su stared at the heart of the stone on Ye Chen's palm and said in amazement, "master, is this the spirit root of life renewal?"

Obviously, the appearance of this life extension spirit root was also beyond his expectation.

Zhang Ting said: "Lord of reincarnation, did the dark Cologne embarrass you?"

Ye Chen said, "no, everything is going well, Miss Zhang. I want to borrow your place for a few days."

The spirit root of life extension has been obtained. Next, take out the fragments of the human soul path from Gu Tu Su's body!

Once the human soul path and holy soul fragments are taken out, the weather of heaven and earth will affect greatly. Ye Chen doesn't want to attract the attention of the outside world. If he can stay in the underwater world and take advantage of the prohibition and protection of the underwater world, he can avoid a lot of trouble.

Zhang tingling nodded and said, "yes, we are all friends. This little thing is no problem."

Ye Chen said, "thank you!"

After the agreement, ye Chen found a quiet palace in the underwater world and went in with Gu Tusu to take out the holy soul fragments of the human soul path.

Ji Siqing was outside the palace, strictly guarding the Dharma against accidents.

"Tu Su, it's hard for you."

Ye Chen gives Gu Tusu the heart of the stone of the life extension Linggen.

Gu Tu Su's forehead was sweating slightly, but he looked at Ye Chen's calm face and settled down. He said, "master, I'm fine. Just do it!"

After that, Gu Tusu sat down cross legged, pinching the heart of gravel, and a wisp of aura filled the air.

He absorbed all the aura of the heart of stone.

In an instant, his body was shrouded in a thin mist, like an ancient shelter.

Ye Chen took a deep breath and was slightly absorbed. He felt that there was a special fragment in Gu Tu Su's body.

That fragment is the fragment of the human soul path!

Buzz!

The fragments of the ghost killing path in Ye Chen's body were buzzing, vaguely resonating with the human soul path.

If you can collect the human soul Tao, his reincarnation holy soul heaven will have two pieces, and his power will be greatly improved.

"Tu Su, are you ready?"

Ye Chen's eyes were sharp and her palms were closed. She was ready to start and forcibly took out the fragments of the human soul path.

Gu Tusu bit his teeth and said, "master, I'm ready!"

"Very good, empty spirit divine pulse, open!"

Ye Chen drank violently, his right palm suddenly popped out, tore the void, penetrated into Gu Tu Su's body, grabbed the holy soul fragment of the human soul path with one hand and grabbed it directly.

If someone is here, you will see a very strange scene.

Ye Chen's right palm disappeared. There was a space black hole suspended at the disappearance, which was very strange.

In fact, this vision is because ye Chen opened the virtual spirit pulse, the space burst and gave birth to a black hole.

His palm penetrated through the black hole and directly into Gu Tusu's body.

In other words, instead of disappearing, his hand broke through the void and went into Gu Tu Su's body.

At present, ye Chen's cultivation of space law is not as divine as the demon ancestor Wutian. He can take people's lives thousands of miles apart, but it's easy to probe into other people's bodies and extract something within a short distance.

"Ah!"

Gu Tu Su uttered a sharp scream, and ye Chen's palm came into his body. His internal organs were a burst of severe colic.

"Bear it."

Ye Chen's palm is covered with a layer of dark blue Taoist awn, which is the light of Bagua Tiandan. With the help of Bagua Tiandan, his damage to Gu Tusu can be minimized.

Ye Chen's palm was drawn from Gu Tusu's body. The palm was stained with blood, and a transparent crystal fragment was pinched between his fingers.

This crystal fragment is printed with the word "man". The soul energy is extremely majestic. It is the fragment of the human soul Tao in the reincarnation holy soul sky!

Seeing this fragment of the human soul Road, ye Chen suddenly showed a burning look in his eyes. He was very happy and said excitedly: "the human soul Road, finally got it!"

Boom!

With the birth of human soul road fragments, there are also huge visions between heaven and earth. Palaces everywhere in the underwater world are full of smoke and fairy gas, and there is the divine sound of the avenue in the void.

Fortunately, the underwater world is sheltered by special prohibitions. The visions here have not spread out and will not attract the attention of outsiders.

"Master..."

Gu Tusu called out with great weakness, and the fragments of the soul path were taken out. He seemed to have been taken away his backbone, his face was very pale, and his forehead was covered with cold sweat.

If it hadn't been for the protection of the life extension spirit root, he would be dead now.

"Tu Su, thank you very much. Don't worry, I won't let anything happen to you."

After ye Chen got the fragments, he didn't refine them immediately. Instead, he sacrificed the fragments and suspended them on Gu Tusu. His aura kept urging him.

The fragment aura of the human soul path was released and shrouded in Gu Tu Su's body, nourishing his lifeline.
