

Physician 6621

Chapter 6621

"Puff!"

In an instant, the ten thousand dust peak, even its internal organs, was eroded by the disaster gas, opened its mouth and spewed blood, and its face was instantly pale.

"Damn it, get out!"

Wan CHENFENG clenched his teeth and deeply felt Ye Chen's horror. If he stayed any longer, he would definitely be killed by disaster Tianjian and Douzi Jue.

Between the lightning and flint, ten thousand dust peaks rose against the wind and fled away.

The martial artists around only saw a fine awn in the disaster gas smoke, such as a white rainbow running through the sun, which is the ten thousand dust peak.

"The island Master is defeated and fled!"

People were shocked to see wanchenfeng defeated and escaped.

You know, ten thousand dust peak is the strong one in the six layers of the hundred yoke territory. It's incredible that it was defeated by Ye Chen.

Ye Chen's strength is so powerful.

"Want to run?"

Ye Chen sees that Wan CHENFENG wants to run, and is ready to use the heavenly demon God rope to bind each other.

Oh!

But at this time, a clear cry came from the nine sky sky, but there were rosefinches, filled with Xianxia and Ruiqi, falling from the sky.

"Rosefinch gate, suppress it for me!"

There was a loud yell.

It's Ji Siqing's voice.

Ji Siqing emerged in the sky. With a wave of his slender hand, a red ancient door crashed down the town.

That's the rosefinch gate in the nine gates of Honghuang!

"No!"

Wan CHENFENG suddenly changed his look when he saw the door of the rosefinch.

His whole body had already been eroded by the fighting spirit of disaster, and his state was very bad. At this moment, he escaped the critical moment and suddenly encountered Ji Siqing's suppression, so he couldn't resist at all.

Boom!

The door of rosefinch has thousands of gods and auspicious Qi. It is surrounded by countless rosefinches and Phoenix divine birds. It is very spectacular. It is severely suppressed and instantly suppresses the body of WanChen peak.

Wan CHENFENG was pressed under the door of rosefinch and couldn't move at once.

"Siqing, why are you here?"

Ye Chen was surprised and happy to see Ji Siqing coming.

Ji Siqing smiled and said, "you asked me to stay in beimangzu, but I'm still too boring alone, so I came to you."

Ye Chen sighed and was very grateful.

He let Ji Siqing stay in beimangzu, in fact, he didn't want her to get involved in the danger of whirlpool.

However, Ji Siqing is deeply affectionate. After all, he can't bear to watch ye Chen fight alone, so he comes to accompany him.

"Thank you."

Ye Chen gently stroked Ji Siqing's cheek with tenderness in her eyes.

Ji Siqing also smiled. They looked at each other with full affection.

Wan CHENFENG was furious when he saw this scene.

Ye Chen and Ji Siqing actually fell in love with each other in front of him, completely ignoring him.

He struggled desperately, but he was suppressed by the rosefinch gate and couldn't move.

When Xia Xuansheng saw that wanchenfeng was defeated and suppressed, he was secretly relieved and thought, "Dad, the hall Lord avenged us."

"Wanchenfeng, you spy of wanxu, what else can you say?"

Ye Chen's eyes fell on WAN CHENFENG and said coldly.

Wan CHENFENG's eyes were cracked and said, "Lord of reincarnation, I'm not a spy in wanxu. Don't be bloody. Today I was defeated by you. You bullied more and less. I have nothing to say. Kill if you want."

He knew he would die, so he didn't make a gesture of begging for mercy, just wanted to die quickly.

As for the secret of wanxu, he naturally refused to expose it.

Even if he died, his Taoist heart did not collapse and lived up to the reputation of wanxu.

Seeing Wan CHENFENG's stubborn appearance, ye Chen smiled and said, "don't you agree?"

Wan CHENFENG looked at Ye Chen and Ji Siqing and said, "of course I don't accept that you bully more than you bully less."

Ye Chen's eyes were cold and said, "very good. If you don't accept it, I'll hit you."

After that, ye Chen grabbed the body of wanchenfeng from under the door of rosefinch and grabbed his collar.

Wan CHENFENG breathed slowly and said, "what do you mean?"

Ye Chen snorted, and the light of the eight trigrams heaven elixir surged in his palm, as well as the immortal spirit copied by the immortal Koi.

Under the treatment of Bagua Tiandan and Tianxian Koi, wanchenfeng's injury recovered rapidly, and all the disaster Qi dissipated, and soon recovered to the peak.

Aware of the recovery of his own breath, Wan CHENFENG was shocked. Unexpectedly, ye Chen not only didn't kill him, but treated him instead.

"Lord of reincarnation, what do you want to do?"

Although the breath of wanchenfeng recovered, ye Chen still held it in his hand. He was restrained by his Qi machine, but he didn't dare to move rashly.

Ye Chen said, "it's nothing. If you say you don't agree, let's call again."

When the words fall, ye Chen loosens the ten thousand dust peak.

Wan CHENFENG quickly retreated, distanced himself from ye Chen, carefully sensed his breath, and found that the injury had completely healed, and his vitality had recovered completely. Even after the serious injury was healed, there were signs of breaking and then standing, and his strength had improved a lot.

"You said you wanted to call again?"

Wan CHENFENG's eyes were gloomy and glanced at Ye Chen, but he felt that ye Chen's momentum was much weaker than that just now.

After all, the repeated use of daqianchonglou palm, Douzi formula and disaster Tianjian consumes too much Reiki. Now ye Chen's momentum is not as terrible as before.

Wanchenfeng is in a perfect state.

Ye Chen's face was indifferent and said, "yes, fight again. You can do it."

He doesn't want to kill wanchenfeng so easily. It's too cheap for him. What he wants is to completely defeat the Tao heart and dignity of wanchenfeng!

Wan CHENFENG felt unimaginable. He didn't expect to have a chance to fight again.

"Ye Chen, no!"

When Ji Siqing heard Ye Chen's words, he hurriedly dissuaded him.

Chapter 6622

If we fight again and are overturned by wanchenfeng, it will be in trouble.

After all, wanchenfeng is the strong one in the six layers of baijiating, which can never be underestimated.

"Temple Lord, never!"

Xia Xuansheng was also startled and hurriedly dissuaded him.

"Don't worry, it's just an ant. Don't worry."

Ye Chen waved his hand and was not moved at all. In the battle just now, he had found out all the martial arts details of wanchenfeng and was sure to win.

"Hey hey, Lord of reincarnation, you want to die yourself. Don't blame me."

Wan Feng Feng smiled coldly, and there was a kind of carefree life in his heart. He gathered in his hands and became a gun again.

"Dou Zi Jue, Qingtian shot!"

With a violent drink, wanchenfeng and the gun swept out.

For the rest of his life, he was more powerful than before. This gun was overbearing and fell down like the collapse of the universe.

"Be careful!"

Ji Siqing's pretty face changed. He only felt that the gun of wanchenfeng was so powerful that he could not resist it.

If she is hit, she can be sure that she is absolutely broken, and even the garbage will not remain.

In the crisis, Ji Siqing quickly retreated.

But ye Chen, however, was like a light cloud and light wind. Standing in place, he saw Wan CHENFENG hit with a gun, but he was unmoved.

"Boy, are you scared?"

Wan CHENFENG snorted, his aura burst to the extreme, and the war gun god was bright. His momentum was like the vast sea hitting the sky and hitting Ye Chen's head.

Seeing his gun, ye Chen's head was about to explode, but at this time, ye Chen finally moved.

"Reincarnation to heaven, rise!"

Ye Chen drank violently and raised his hands. The reincarnation blood began to burn, boil and roll. The reincarnation energy burst out, and a vast world opened up above his head.

It is the world of reincarnation heaven, full of solemn atmosphere everywhere, like an eternal holy country, where countless reincarnation believers pray and worship and sing loudly.

Bang!

The ten thousand dust peak was startled by a shot and fell on the reincarnation heaven, but it was like a leaf falling into the sea without any waves.

"What!"

Wan CHENFENG was completely shocked and couldn't believe his eyes.

Is this the peak of reincarnation blood?

Under the burning of reincarnation blood, ye Chen's momentum at this moment soared thousands of times than that just now. Thousands of small worlds were born and died in every pore and every inch of skin.

These small worlds are all surrounded by the world of reincarnation heaven, as if on a pilgrimage. Ye Chen stands in the void, as if he has been worshipped by the world of heaven, and the power of reincarnation has reached the extreme.

"Wanchenfeng, you lost again."

Ye Chen stares at the dust peak like a dead dog.

Reincarnation blood, reincarnation's martial magic power, is his self-confidence and confidence.

Daqianchonglou palm and shuistop Kendo are created by outsiders after all. Only reincarnation is the eternal belonging to Ye Chen.

Whoa, whoa, whoa!

The reincarnation of the God of heaven burst out and spread out, enveloping the body of wanchenfeng.

Wanchenfeng only feels the mighty reincarnation and singing, constantly impacting the mind.

"Puff!"

He opened his mouth and spewed out a stream of dirty blood. Under the suppression of reincarnation, his fighting spirit began to fade and his heart began to collapse.

"Don't kill me, Lord of reincarnation, don't kill me!"

Wan CHENFENG was completely flustered. He knelt in front of Ye Chen, unkempt, but he didn't look just arrogant anymore, just like a lost dog.

He climbed to Ye Chen on his knees and kowtowed.

The martial artists on poxu Island were shocked to see that their incomparably respected island Master had fallen to this place. It seemed that some faith had been broken in their hearts.

Under the pressure of reincarnation, the Tao heart of wanchenfeng has been completely broken and has lost all fighting spirit.

Ye Chen smiled and said, "wanchenfeng, are you the spy of wanxu?"

Wan CHENFENG said, "yes, yes, yes!" Then he slapped himself in the face and said to the martial artists around him,

"Ladies and gentlemen, I'm the spy of wanxu. I'm sorry. The ancient emperor Yu Huang sent me."

Hearing Wan CHENFENG's words, the whole audience was in an uproar.

No one expected that wanchenfeng was really a spy in wanxu.

"Good, good, do you want to end it yourself or do you want me to do it?"

Ye Chen disdains a smile and stares at wanchenfeng road.

Wan CHENFENG trembled, kowtowed like garlic and said, "Lord of reincarnation, don't kill me. I'll tell you a secret, don't kill me."

Ye Chen said, "Oh, what's the secret?"

Wan CHENFENG looked around. There were many people with mixed ears and wanted to talk.

Ye Chen remained silent, directly opened the virtual spirit pulse, opened up an independent space, isolated the outside world, and only let Ji Siqing and Xia Xuansheng stay, saying, "you say."

Wan CHENFENG swallowed his saliva and said, "there was another person besides me who attacked the yin-yang temple."

Ye Chen said, "is there anyone else? Who is it? "

Wan CHENFENG said, "Tianxi, the Holy Son of the ancient family, Xi Xuantian."

Ye Chen said, "Tianxi ancient family, Xi Xuantian?"

Wan CHENFENG said, "yes, Tianxi ancient family is one of the three ancient families in the dark forbidden sea. The family name is Xi."

"These three ancient tribes have a very long history and can be traced back to the old days."

"In the old days, the tianwu immortal gate had not been destroyed, and the evil ancestor Wutian had not fled to the dark forbidden sea. At that time, the rulers of the dark forbidden sea were the three ancient tribes."

"They are: Tianxi ancient clan, Luosheng ancient clan and XuanZhen ancient clan!"

"Later, after the collapse of tianwu immortal gate, the evil ancestor Wutian fled to the dark forbidden sea, established the old alliance, intimidated the three ancient tribes and became a new ruler."

"But even so, it is difficult for the demon ancestor Wutian to destroy the three ancient families."

"Because the foundation of the three ancient tribes is too deep."

"At present, the old alliance and the three ancient families maintain a delicate balance. The magic ancestor Wutian can't get close to the boundaries of the three ancient families, and the three ancient families won't disturb the layout of the magic ancestor Wutian. Both sides have fears, and no one can do anything."

Hearing Wan CHENFENG's words, ye Chen frowned, and even the devil ancestor was afraid of Wutian. It seems that the Xi ancient family had a lot of details that day.

"Xi Xuantian, is this man the Holy Son of Tianxi ancient family? The name seems familiar. "

Ye Chen frowned deeper. It seemed that he had seen Xi Xuantian's name on the stone tablet of the forbidden list, but he was not sure.

Wan CHENFENG said, "this Xi Xuantian ranks second in the list of forbidden days. He has cultivated seven layers of heaven in the hundred yoke realm, which is much more powerful than me."

Hearing the speech, ye Chen's face was shocked and said, "what, the second in the list of forbidden days, the seventh floor of the hundred yoke territory?"

He didn't expect that Xi Xuantian in the mouth of wanchenfeng was the second expert in the forbidden sky list, and even reached the terrible seven layers of heaven in the hundred flail realm!

You know, the seven layers of heaven in baijiajing is already in the late stage. Compared with the six layers of heaven, it is a qualitative transformation!

Chapter 6623

"It was this Xi Xuantian who destroyed the earth vein of the yin-yang temple?"

Ye Chen deduces the secret of heaven and catches something in an instant.

At first, the yin-yang temple was stationed on an island, but the earth vein of the island was broken by a mysterious man, resulting in the loss of the earth vein support of the yin-yang temple, which was finally robbed and killed by wanchenfeng.

If the earth vein is still there, the yin-yang temple will not be so embarrassed, and Xia Xuansheng's father may not die.

Wan CHENFENG said, "yes, it's him!"

When Xia Xuansheng heard this, he was surprised and whispered, "so my father died because of Xi Xuantian?"

Wan CHENFENG hurriedly said, "yes, it's none of my business. Everything is Xi Xuantian's fault. Please don't kill me!"

Xia Xuansheng bit his teeth and said, "this Xi Xuantian is just an accomplice. The last murderer is you. Don't want to live today!"

After that, Xia Xuansheng pulled out his long knife and wanted to kill Wan CHENFENG with one knife to avenge his father.

Wan CHENFENG was so frightened that he knelt down and said, "don't kill me, don't kill me. If you kill me, you can't find Xi Xuantian for revenge."

Ye Chen's face sank, stopped Xia Xuansheng and said, "don't be impulsive. Look first."

After a pause, ye Chen asked Wan CHENFENG, "I have no gratitude or resentment with Tianxi ancient clan. What Xixuan heaven, why attack the yin-yang temple?"

Ye Chen carefully deduces the secret of heaven, and it is difficult to see the secret behind it. On this day, the Xigu family is too old, and all the secret of heaven is shrouded in the fog of years.

But vaguely, he still felt something different.

Reincarnation in previous lives, it seems that he had contact with Tianxi ancient family, but it was a kind contact. Ye Chen didn't feel gratitude and resentment.

Then why did Xi Xuantian attack the yin-yang temple?

Wan CHENFENG said, "Naxi Xuantian wants to seize the reincarnation Heavenly Sword."

Ye Chen said, "reincarnation Heavenly Sword?"

Wan CHENFENG said: "yes, he is less than a thousand years old this year, but his accomplishments have reached seven layers of heaven in the hundred flail realm. He has excellent talent and boundless power. The martial arts magic is amazing, but he lacks a weapon. He dreams of getting the reincarnation Heavenly Sword. He attacks the yin-yang Temple just to find the clue of the reincarnation Heavenly Sword."

Xia Xuansheng said, "there is no clue of reincarnation Heavenly Sword in my yin-yang temple. I don't know where the reincarnation Heavenly Sword is."

Wan CHENFENG said, "even so, the mistake has been made. Your father died because of Xi Xuantian. Our top priority is to find Xi Xuantian for revenge."

"Tianxi ancient clan is magnificent and vast, and the territory is strict. It is difficult for outsiders to step in, but I have a friendship with Xi Xuantian. As long as you let me go, I can take you to see him and avenge him."

His voice trembled slightly. In order to live, he shirked his responsibility and pushed all his sins to Xi Xuantian.

After all, if Xi Xuantian had not broken the earth vein of the yin-yang temple, he could not have hurt the people in the yin-yang temple.

After hearing Wan CHENFENG's words, ye Chen smiled and said, "are you finished?"

Looking at Ye Chen's deep expression, Wan CHENFENG secretly complained and said, "Lord of reincarnation, please let me go. If you kill me, you can't step into the boundary of Tianxi ancient family."

Ye Chen said, "you are a spy in wanxu. Do you think I will let you go? As for the Tianxi ancient clan, you don't have to worry. I have my own way. "

"It seems that for your sake, I can give you a good time."

When the words fell, Ye Chen made a sign in her eyes and looked at Xia Xuansheng.

Xia Xuansheng was murderous in his eyes, nodded and waved a knife to cut Wan CHENFENG's head.

Wan CHENFENG shouted in horror, "don't kill me!" Hurried away.

But the surrounding space is blocked by Ye Chen. Where can he run away?

Puff!

Xia Xuansheng waved his sabre, and with an unthinkable sabre, he was so cold that he cut off Wan CHENFENG's head.

Wan CHENFENG's head was in a different place. Even the spirit was annihilated in Xia Xuansheng's blade and fell completely.

Ye Chen put away the power of the virtual spirit divine pulse and released the space. The martial arts outside clearly saw the broken head and body of WanChen peak, fell from the air and completely buried in the deep sea below.

"The island owner is dead!"

"Is the island leader really a spy in wanxu?"

"It's impossible!"

Everyone was in a panic and afraid of suffering from the fish in the pond, so they fled in confusion.

Ye Chen and others were too lazy to hunt down. In an instant, all the people on the broken virtual Island escaped, leaving only Ye Chen, Xia Xuansheng and Ji Siqing.

Boom!

At this time, the sky shook, and a stone tablet emerged from the sky.

That's the stone tablet of the forbidden list!

But on the stone tablet, the name of wanchenfeng, which ranked third, was completely erased.

New name, climb up.

It's ye Shitian!

Wan CHENFENG was finally killed by Xia Xuansheng, but in the final analysis, ye Chen defeated him himself.

Therefore, this record naturally belongs to him.

Ranked third in the forbidden list, ye Chen only felt that his luck had improved.

"Congratulations to the hall Lord. You are the third on the forbidden list!"

Xia Xuansheng was full of joy and congratulated Ye Chen.

In this battle, ye Chen ranked third in the list of forbidden days. He also avenged his father himself. It can be said that everyone is happy.

"Don't be happy too early. The enemy hasn't been cleaned up yet."

Ye Chen's eyes narrowed slightly and stared at the stone tablet in the sky.

On the three characters ye Yatian, it is the name of Xi Xuantian!

Xi Xuantian ranked second in the forbidden sky list, surpassing Ye Chen.

Ji Siqing said, "do you want to find Xi Xuantian for revenge?"

Chapter 6624

Ye Chen clenched his fist and said, "since you want revenge, it's natural to be thorough. This Xi Xuantian can't be let go."

Under the capture of Tianji, ye Chen also peeped into the Taoist field of Tianxi ancient family.

Tianxi ancient people are hundreds of thousands of miles away in a place called Tianxi island.

That day, Xi island was the Taoist field of the ancient Tianxi family.

Xi Xuantian is the brightest pearl on Tianxi island and the dazzling son of God!

Hundred flail territory has seven layers of sky. This strength can be called terror.

Even today's Ye Chen feels extremely difficult in the face of such experts.

However, the hatred of the yin-yang Temple must be washed by snow, otherwise it will never emerge from the haze.

Today, he came to the third place in the list of forbidden days. His momentum was vigorous and it was a good time to avenge Xi Xuantian.

"That Xi Xuantian, but the seven layers of heaven in the hundred yoke territory."

Ji Siqing was worried.

"Temple Lord, why don't we go back first and take a long-term view? After all, the strength of Xi Xuantian is more terrible than wanchenfeng."

Xia Xuansheng is also full of worry. In addition to his superficial cultivation, the background of Xi Xuantian is also much more terrible than wanchenfeng.

This Xi Xuantian is the Holy Son of the Tianxi ancient family, and the Tianxi ancient family is afraid of even the devil ancestor, which has been unable to be eliminated for tens of thousands of years.

The Tianxi ancient family, inherited from the old days, has a long history, profound origins and rich accumulation. If you go to Tianxi island and find Xi Xuantian for revenge, you'll be doomed to death.

"It doesn't matter. I'll meet Xi Xuantian. You can go back first."

Ye Chen waved his hand. Although the enemy was strong, the hatred of the yin-yang Temple must be reported. He would not shrink back.

He has absolute confidence in his strength. Even if he can't beat Xi Xuantian, it's easy to retreat. No one can stop him.

"No, I want to be with you."

Ji Siqing took Ye Chen's arm. She decided to come out of Beimang ancestral land, so she decided to live and die with Ye Chen and wouldn't go anywhere.

"Temple Lord, since you really want to go to Tianxi Island, I'll go with you."

Xia Xuansheng's eyes are dignified. Now he is the second leader of the yin-yang temple. Naturally, he can't sit idly by when it comes to revenge.

"Good. Let's go to Tianxi island."

Ye Chen smiled and then used the eight trigrams heaven elixir technique to disguise her appearance and hide her breath.

Tianxi ancient people, after all, are great ancient people. If you rashly step into their territory, you should be careful.

Ye Chen, Ji Siqing and Xia Xuansheng all changed their appearance, hid their identity and pretended to be ordinary people.

Then, the three flew to Tianxi island.

Tianxi Island, in the north of Poxu Island, is separated by more than 100,000 Li.

The three of Ye Chen flew for two days and finally arrived.

Just flying, no means to tear the void, mainly to save physical strength.

In the battle with Wanchenfeng, Ye Chen's consumption is really not small. After these two days of flight rest, Ye Chen's state has completely recovered to the peak.

When they arrived at the boundary of the ancient Tianxi nationality, they saw a vast island suspended above the dark forbidden sea and a magnificent palace house built on the high sky. The golden light surrounded the whole island with thousands of auspicious Qi and extremely brilliant weather.

"Is this Tianxi island?"

Ye Chen's eyes narrowed slightly and looked at the huge Island above, but he saw that there were many martial artists and many businessmen on the island. The people were noisy and very lively.

The Tianxi ancient people have multiplied here for more than 100000 years, and the population of ethnic groups and collateral branches is as large as tens of millions.

In addition to their own people, there are many foreign warriors and businessmen on Tianxi island.

Tianxi island has a strict boundary, but it is not completely closed. As long as you pay a rich enough sacrifice, you can land on the island.

The aura on Tianxi island is very rich, so there are many martial artists outside. After hearing the news, they pay and worship to land on the island only to practice and improve their accomplishments on the island.

There are also many businessmen who want to trade on the island.

Therefore, the whole Tianxi Island presents a prosperous scene.

"Let's go and have a look."

Ye Chen flew to Tianxi island with Xia Xuansheng and Ji Siqing.

They are still in a state of easy modification and have not revealed their identity.

Near the entrance of Tianxi Island, two guards came out and stopped the three.

"Stop! Who? Report your identity. "

"Foreign tourists want to do some business on Tianxi island."

Ye Chen answered calmly.

The two watchmen nodded slightly and didn't investigate deeply.

Because behind Tianxi Island, Tianxi ancient people are in charge. Even the old alliance dare not make trouble. They are not afraid of outsiders to make trouble.

"To land on the island, you need to pay for worship. Recently, the son is refining the xuanhuang tower in heaven and earth. He urgently needs a lot of magic weapons as materials. You can land on the island by paying each of you a super artifact."

The two watchmen asked Ye Chen and others for offerings.

"Need to pay too much artifact?"

Ye Chen's face twitched slightly. It was too expensive. It was a lion's big mouth.

Super high level artifact can be said to be the ultimate magic weapon, among which 33 heavenly artifact is the most precious.

Of course, what the two defenders asked for was not so outrageous as the thirty-three heavenly artifact, but an ordinary super artifact.

But even so, it was a lion's big mouth.

"We don't have a super artifact. Can we use pills instead?"

Ye Chen whispered.

The two guards said, "it depends on the quality of the pill."

Ye Chen's heart moved and secretly urged the yellow spring map to refine millions of Dayuan pills by using the holy water of the yellow spring.

Now he has profound Taoism and no trace of alchemy. The two defenders didn't notice it at all.

"Are these pills OK?"

Ye Chen threw out a large number of pills, all of which were quenched with the holy water of the yellow spring. Their appearance is excellent.

When the two watchmen saw it, they were overjoyed, took the pill and said, "yes, yes, you go in."

Ye Chen breathed a sigh of relief and officially landed on the island with Ji Siqing and Xia Xuansheng.

Finally boarded Tianxi Island, ye Chen only felt bursts of majestic aura, whistling. Even taking a breath, he felt washed, very happy.

On Xi island that day, the aura of heaven and earth was 100 times more abundant than that of the outside world, and even condensed into smoke and mist, floating between heaven and earth, refreshing, magnificent and spectacular.

Ye Chen's eyes narrowed slightly, but he saw a huge statue standing in the distance, and many people were worshipping it.

"Let's go and have a look."

Ye Chen also didn't know where Xi Xuantian was, and planned to see him walking.

At that moment, ye Chen, Ji Siqing and Xia Xuansheng walked to the huge statue.

The statue is a man in an emperor's robe, full of dignity, with a persistent sword and a vigorous momentum of opening up the territory.

"Tianxi ancient emperor, I don't know if he is dead."

At this time, ye Chen heard the voice of Huang Lao in the reincarnation cemetery.

Huang Lao looked at the huge statue and seemed to miss it.

"Huang Lao, who is this statue?"

Ye Chen asked rather curiously.

Chapter 6625

The old man's thoughts drifted away. After a long time, he said, "it's the ancestor of Tianxi ancient family. He is called Tianxi ancient emperor. He is a giant in ancient times. I had a hand with him in those years. It took a thousand moves to defeat him. I don't know if he is still alive."

Ye Chen was stunned, but he didn't expect that Huang Lao had fought with the ancestor of Tianxi ancient family.

"Now, I'm going to worship the ancient emperor Xi this day?"

Ye Chen looked around and found that many martial artists were worshipping statues.

Huang Lao yawned and said lazily, "whatever you want, but I advise you to stay away. I always feel that the statue is strange."

Ye Chen was stunned and said, "what's strange?"

Old Huang smiled and said, "if I'm not mistaken, the statue seems to have a role, that is, it can sense the hatred of the people who landed on the island. If someone tries to do something wrong, the statue will immediately explode."

Hearing the speech, ye Chen's face changed and said, "why didn't you say it earlier?"

He and Ji Siqing and Xia Xuansheng hate Tianxi ancient people and want to avenge the Holy Son Xi Xuantian. If what Huang Lao said is true, he must be exposed.

Buzz!

At this time, ye Chen looked up and saw the eyes of the statue, flashing a strange red light.

The sudden red light surprised all the worshippers present.

"What's going on?"

"Is there an enemy coming?"

"Who dares to plot against the law?"

The people were stunned, but they saw the red light in the statue's eyes, which suddenly shot out and finally fell on Xia Xuansheng.

Xia Xuansheng was stunned and immediately felt that his hatred had been exposed and had been discovered by Tianxi ancient family.

Besides him, ye Chen and Ji Siqing were not exposed.

The grotesque red light of the statue did not shoot at them.

"No!"

When ye Chen saw Xia Xuansheng exposed, his face suddenly changed.

He and Ji Siqing were not exposed. They thought it was the effect of reincarnation of blood, which was not noticed by the statue.

However, Xia Xuansheng did not have the protection of reincarnation blood, and his hatred was completely exposed.

The eyes of the whole audience fell on Xia Xuansheng.

Someone shouted, "this man is a spy!"

The strong patrolmen near the statue, aware of the difference, pulled out their swords and rushed to surround Xia Xuansheng.

Xia Xuansheng's face sank and his palm pressed the handle of the knife.

Ye Chen and Ji Siqing looked at each other and were shocked. They didn't expect such an accident.

Fortunately, there were many people around. They mixed in the crowd and were not exposed. Only Xia Xuansheng was exposed.

"Who? How dare you plot to make trouble on Tianxi island! "

Many strong patrolmen were extremely vigilant and surrounded Xia Xuansheng, but they didn't dare to do it casually.

Because they could feel that Xia Xuansheng was about to explode, and that ferocious and ferocious knife intention was suffocating.

Someone sent a flare, someone sounded a warning horn and asked for reinforcements.

Xia Xuansheng looked at Ye Chen, but he didn't know what to do.

Ye Chen whispered, "go!"

With a flick of his finger, a grain of dust flew silently to Xia Xuansheng.

That's the dust of the stars.

Ye Chen knew the power of Tianxi ancient family. Xia Xuansheng was alone and might not be able to escape, so he lent him Tianxing.

When Xia Xuansheng got the wish Tianxing, he was determined and immediately turned and ran away.

"Want to run? Stop him! "

The strong patrolmen around shouted loudly, waved their swords and chopped at Xia Xuansheng.

"A knife without thinking!"

Xia Xuansheng bit his teeth and cut out with a backhand knife. With the fierce light of the knife and the terrible power of crushing the real world, he cleaved to many strong men.

The people were surprised. They only felt the power of the knife. It was as terrible as heaven, enough to wipe them out in an instant.

Buzz!

Seeing that the people were about to be killed, but at this time, the statue of Xi ancient emperor burst out a bright red light that day, turned into a boundary and covered them.

Xia Xuansheng slashed wildly and couldn't break the barrier.

Hiss!

Then, the statue came to life again, and the pupil of the eye shot a sword like fine awn, stabbing Xia Xuansheng in the head.

Xia Xuansheng was shocked. He only felt that the power of the fine awn was extremely fierce, but he couldn't resist it.

"Wish sky star, get up!"

At a critical juncture, Xia Xuansheng urged Tianxing to stand in front of him.

Poof!

The fine awn from the statue shot on the wish star, but it could not break the protection of the wish star.

Xia Xuansheng secretly called for luck and said, "thank you, hall Lord!"

He quickly put away his wishes and fled away.

Seeing the weather of wish star, people shouted:

"Wish sky star is the magic weapon of the Lord of reincarnation!"

"This man is the Lord of reincarnation!"

"Does the Lord of reincarnation want to murder Tianxi ancient family?"

Everyone present misunderstood Xia Xuansheng's identity when they saw wish Tianxing. They just thought Xia Xuansheng was the Lord of reincarnation, but they didn't expect that wish Tianxing was actually borrowed by Ye Chen.

Xia Xuansheng fled quickly under the shelter of wish Tianxing. His figure was very embarrassed, but he was not hurt.

Ye Chen secretly breathed a sigh of relief, but saw the whole audience in a commotion and chaos. People thought that the Lord of reincarnation came to deal with Tianxi ancient family, which naturally shook extremely.

"Let's go."

Ye Chen left quietly with Ji Siqing.

Then they found a Inn on the island and settled down temporarily.

Ye Chen plans to inquire about the location of Xi Xuantian here.

There is no doubt that Xi Xuantian is on Tianxi Island, but the territory of Tianxi island is really not small. It is by no means easy to accurately find the location of Xi Xuantian.

Then ye Chen inquired from the waiter and asked, "this little brother, we are businessmen from other places. We admire the demeanor of the son of Xi family. I don't know where the son of Xi is practicing in a treasure land?"

When the waiter heard Ye Chen's inquiry, he was immediately vigilant and said, "you came from other places to inquire about the whereabouts of the son of God. What do you want to do?"

Ye Chen said quietly, "just ask, we want to see the style of the son."

The waiter said, "you can see the true face of the son? I advise you not to waste your energy and make random inquiries. If you are regarded as a foreign spy, you will be in trouble. "

The three ancient tribes of the dark forbidden sea, Tianxi ancient clan, Luosheng ancient clan and XuanZhen ancient clan, have disputes with each other and are not harmonious.

Therefore, within the three ethnic groups, many important high-level figures, young Tianjiao and the place where they practice and live, are secrets and will not be announced to the public.

Ye Chen's face sank. It seemed that it was more difficult than he thought to inquire about Xi Xuantian's whereabouts.

For a time, ye Chen had no good way, so she asked for a room and stayed with Ji Siqing that night.

While ye Chen and Ji Siqing were spending a good night together, in a remote bamboo forest on Tianxi Island, a man sitting cross legged slowly opened his eyes, and there was a fine light in his eyes.

Chapter 6626

"I seem to catch the breath of reincarnation. Is the old man coming?"

The man murmured, then took out a tortoise shell and divined a divination, but the divination image was good luck.

"Did he come? And the female martial god... "

"They finally formed a good marriage?"

The man was quite surprised and surprised. After thinking for a while, he called a maid and gave orders.

The maid nodded again and again, with a look of surprise and doubt on her face, but she didn't ask much at last, and turned away.

.....

Ye Chen and Ji Siqing slept all night in the inn, full of spirit.

In the early morning of the next day, they woke up from their sleep and went out together, ready to find another way to find out where Xi Xuantian was.

However, as soon as they went out, they saw a woman dressed as a maid standing outside the door, as if she had been waiting for them for a long time.

"Lord of reincarnation, Lord nvwushen, welcome to Tianxi island. My master has been waiting for you for a long time. Please go to the youhuang bamboo forest."

The maid opened her mouth in a crisp voice and even reported the title of the Lord of Ye Chen's reincarnation and the female martial god of Ji Siqing.

Ye Chen and Ji Siqing were shocked and thought they were exposed.

Looking around, fortunately, there was no one else in the inn in the early morning.

The maid seemed harmless.

If there is malice, it should be the overwhelming strong Xi family, not just her, who is waiting for ye Chen now.

"Who is your master?"

Ye Chen's face sank, and countless thoughts flashed in his heart, guessing the maid's intention.

Even, ye Chen thought that the maid was a subordinate of Xi Xuantian.

Xi Xuantian sent her here to give himself a bully.

The maid said, "my master's name is Xi Mingfeng. He is the son of the first two generations of Tianxi ancient family."

"Xi Mingfeng?"

Ye Chen and Ji Siqing were shocked when they heard the name. Their heads ached. It seemed that some memories were recalled.

In Ye Chen's mind, a pretty handsome man's face with sword eyebrows and stars emerged.

The man's name is Xi Mingfeng!

Ten thousand years ago, Xi Mingfeng was the Lord of life and death!

In other words, ye Chen in his previous life fought with Xi Mingfeng.

Ye Chen naturally won the war.

Xi Mingfeng was defeated by the Lord of reincarnation. He was going to die, but the Lord of reincarnation showed mercy and finally released him and forged a good relationship.

Xi Mingfeng was very grateful and said he would repay.

But later, ye Chen in his previous life heard that Xi Mingfeng had been deprived of his identity as the son of the ancient Tianxi family because of his defeat, and even expelled from the family!

He can't protect himself. Naturally, he can't repay reincarnation.

"Your master is Xi Mingfeng, not Xi Xuantian?"

Ye Chen wondered and looked at the maid.

The maid smiled and said, "yes, my master wants to invite two people to get together and invite two adults to show their appreciation."

Ye Chen was delighted. Xi Mingfeng was an old friend of his previous life. They didn't know each other. If they could get together again, they might be able to find out the whereabouts of Xi Xuantian from Xi Mingfeng's mouth.

"OK, please lead the way."

Ye Chen nodded and agreed. She also wanted to see Xi Mingfeng.

"Two adults, please."

The maid made an invitation gesture, took Ye Chen and Ji Siqing out of the Inn and walked to the West.

Along the way, many strong patrolmen of the Xi family saw the maid with a mocking look and shouted:

"Xiao Lan, why are you still serving that loser?"

"Xi Mingfeng, the waste, was defeated by the Lord of reincarnation and lost the face of my Tianxi ancient family. What's the use of you staying with him?"

"Yes, it's better to accompany me."

Listening to those harsh taunts, the maid was unmoved, her face was still quiet, as if she was used to it.

When ye Chen and Ji Siqing heard this, they all frowned.

Ye Chen defeated Xi Mingfeng with a move against the sky.

The news was sent back to the ancient Tianxi family, and the Ju family was shocked.

Victory or defeat is a common thing for soldiers. If it is an ordinary defeat, it doesn't matter, but Xi Mingfeng was defeated by one move, which can be described as extremely bleak.

At that time, he was the Holy Son of Xi family and had a high status. However, after this tragic defeat, he was deprived of all his status and expelled from the ancestral land of the family. He was ridiculed for thousands of years.

This maid named Xiao Lan is the only one who accompanies Xi Mingfeng.

Ye Chen sighed, but did not expect that the war had such a great impact on Xi Mingfeng.

Under the leadership of the maid Xiaolan, ye Chen and Ji Siqing soon came to the western suburb of Tianxi island. There is a large desolate bamboo forest, far away from people. It is the youhuang bamboo forest where Xi Mingfeng now lives.

Xiao Lan said, "after my master was expelled from the family, he lived in seclusion here. He often mentioned the prestige of the Lord of reincarnation and said that it was worth fighting with reincarnation, even if he was deprived of his son's identity."

Ye Chen nodded and strode into the bamboo forest with Ji Siqing, but heard a pleasant sound of piano from the depths of the bamboo forest.

The sound of the piano is quiet, like jade beads falling on the plate. It is particularly refreshing in the morning.

Both ye Chen and Ji Siqing were in high spirits. When they came to the depths of the bamboo forest, they saw a handsome man in simple clothes playing the piano.

The man saw ye Chenji Siqing coming, smiled, stood up, arched his hands and said, "Lord of reincarnation, female martial god, two reincarnations, with the same style. Do you remember my old friend?"

This man is naturally Xi Mingfeng.

Chapter 6627

Ye Chen saw Xi Mingfeng's face, and his memory of his previous life came to mind. He could remember the decisive battle between life and death with Xi Mingfeng.

"Young master Mingfeng's martial arts are all powerful. Of course, I remember that I won by luck with my blood talent. If I really had a martial arts duel, I might not be the opponent of young master Mingfeng."

Ye Chen smiled and bowed back.

Xi Mingfeng sighed and said, "defeat is defeat. I have nothing to say. When you didn't kill me and spare my life, I was very grateful and always wanted to repay. Later, I heard that you were killed by Xuan Jiyue. In fact, I also wanted to avenge you. Unfortunately, I was trapped in Tianxi Island, and my family didn't allow me to go out. It's a pity."

After a pause, Xi Mingfeng asked, "Lord of reincarnation, what can I do for you, now you have changed your appearance and landed on Tianxi island? Do you want to fight me again? "

Ye Chen and Ji Siqing are both modified by Yi Rong. They can hide others, but they can't hide Xi Mingfeng.

Because Xi Mingfeng and ye Chen in his previous life had a decisive battle of life and death. The cause and effect entanglement is very deep, and will not dissipate for ten thousand years.

Therefore, as long as ye Chen appears nearby, he can feel it immediately.

Ye Chen said, "no, I came to Tianxi island to find someone."

Xi Mingfeng's eyes narrowed, as if she had guessed something and said, "do you want to find the Holy Son Xi Xuantian?"

Ye Chen said, "exactly."

Xi Mingfeng's face sank and said, "what are you looking for Xi Xuantian for? Do you want to challenge him? Compete for the ranking of the forbidden list? "

He didn't know that Xi Xuantian's gratitude and resentment with the yin-yang temple only thought that ye Chen's landing on the island was to compete for the ranking.

In the past hundred years, many people want to challenge Xi Xuantian and compete for the ranking, such as crucian carp crossing the river. Xi Mingfeng is not surprised.

After all, Xi Xuantian ranked second in the list of forbidden days. If he can win the list successfully, he must have great luck.

Ye Chen shook her head and said, "no... there are other gratitude and resentments between me and Xi Xuantian. We can only meet each other in life and death."

The cause and effect of the yin-yang Temple involves too much, and ye Chen has not exposed it. He just says there are other gratitude and resentments.

"Meet life and death? Is it so serious? "

Xi Mingfeng was surprised, looked up and down at Ye Chen and said, "Lord of reincarnation, your cultivation in this world is too weak. There are only nine layers of heaven. Although your real combat effectiveness must be more than this, it is still too far from Xi Xuantian. Don't waste your life."

The light of Xi Xuantian is too dazzling. The contemporary son of Tianxi ancient family, who is less than a thousand years old, has achieved seven levels of heaven in the hundred yoke realm, ranking second in the forbidden heaven list. This talent and achievement is enough to amaze everyone.

Ye Chen said, "young master Mingfeng, I don't know where Xi Xuantian is. Please tell me that I want to meet him. I have a great hatred with him."

Xi Mingfeng was shocked and didn't know how ye Chen and Xi Xuantian formed an enemy. He said:

"You want to avenge Xi Xuantian? That's impossible. Now, Xi Xuantian practices in the ancestral land of Xi family and is guarded by family elders. Even if your blood is against the sky, you can reverse the gap in the realm and defeat him, you don't have a chance to fight. "

"The ancestral land of Xi family?"

When ye Chen heard a clue, he suddenly stared and said, "young master Mingfeng, looking at the friendship of that year, can you help me enter the ancestral land of your Xi family?"

Xi Mingfeng's eyes flickered. He was forgiven by Ye Chen and always wanted to repay. Now ye Chen wants to enter the ancestral land of Xi family. If he can do this, it will be the best reward.

"Lord of reincarnation, I'm not afraid to tell you the truth. I was defeated in the war with you. I was expelled from the Xi family and became an abandoned son of the family. I'm never allowed to step into the ancestral land of the Xi family. I can't even go in, let alone take you in." Xi Mingfeng sighed.

The struggle between martial arts and Taoism is cruel. The winner is the only one, and the loser eats the dust. Xi Mingfeng was defeated ten thousand years ago. Today, he is still the laughing stock of the Xi family. He was ridiculed by everyone and was looked down upon.

He is in such a state that he can't set foot in his ancestral land.

"Really?"

Ye Chen was rather disappointed.

But Xi Mingfeng turned and said, "but..."

Ye chenlian hurriedly said, "but what?"

Xi Mingfeng said, "it's not without a chance to return to ancestral land, but I need your help."

Ye Chen said, "Oh?"

Xi Mingfeng said, "my Xi family has rules. If the family abandons its son and can complete one of the three tests, they can return to the family and enter the ancestral land for cultivation."

"Each of these three tests is very difficult."

"The first way is to get the sky dragon soul. It's almost impossible. The sky dragon soul, the wanxu temple and the old alliance are staring at it."

Ye Chen nodded and said, "what about the second way?"

Xi Mingfeng said, "the second test is to become the top three of the forbidden list, which proves my strength and talent. I have been closed for thousands of years. Unfortunately, I lost miserably that year. My heart shadow is too heavy. Now my cultivation has regressed. There is only one layer of heaven in the hundred yoke realm. I can't compete for the top three of the forbidden list."

At present, in the ranking of the forbidden list, the third is Ye killing heaven, and the second is Xi Xuantian. Xi Mingfeng wants to compete, but it is difficult to compete.

If Xi Mingfeng really wants to compete for the list, he will fight with Ye Chen again.

And his hundred flail territory has a layer of heaven's strength. Ye Chen can crush it with one finger.

Ye Chen frowned. It seemed that neither of the two tests could be completed.

"What about the third way?"

"The third test is to retrieve the bones of Xi Futian, the first evil spirit of the Xi family and the former Holy Son of Xi Futian, which were left in the desperate place of Tianxi Island hundreds of years ago and hung deep under the ground!"

"Xi Fu Tian?"

Ye Chen felt a little moved in his heart. As long as he completed one of the three tests, he could let Xi Mingfeng return to his ancestral land. The first two were impossible, but this third way might have a chance to find the bones of Xi Futian.

Xi Mingfeng said, "yes, I am the son of the previous two generations. After I was deprived of my identity, it is Xi Futian who inherited the throne of the son. He is also the brother of the contemporary son Xi Xuantian."

Ye Chen was quite surprised and said, "is it Xi Xuantian's brother?"

Xi Mingfeng said, "yes, in those days, Xi Futian was born with heavy pupils, and there was a vision of nine halos in his eyes. His talent was against the sky, and he had unlimited talent of the king of heaven, which was highly expected by the family."

Ye Chen was surprised and said, "born with heavy pupils? It's still a nine halo. It's not easy. "

Heavy pupil is the different phase of the talent of the heavenly monarch, with the nine halos as the highest.

The heavy pupil with nine halos is not only the qualification of ordinary Tianjun, but also the boundless Tianjun. It is possible to reach the peak of real martial arts!

Xi Mingfeng sighed and said, "I had a good relationship with Xi Futian. He inherited my son's power. I'm very satisfied. Many people in the family wanted to kill me, and he solved it for me. I'm very grateful."

Chapter 6628

"Unfortunately, he finally fell into the deep hanging of the earth for some reason. That was the desperate situation of Tianxi island. If people fall in, they will die. No one has ever been able to come out of the deep hanging of the earth alive."

Ye Chen frowned and said, "the ground is deep and hanging. This place is so terrible?"

Xi Mingfeng nodded and said, "if it's not terrible, it won't be called a desperate situation. This is the abyss formed by the collapse of the world law after the Tianxi ancient emperor's war with the devil ancestor. It's very terrible."

Ye Chen's pupil shrinks, but unexpectedly, the original place is deep and hanging, which is also related to the devil's ancestor Wutian.

Xi Mingfeng then said, "the place is deep and has restrictions on the realm. The strong in the later stage of baijiaying can't step in, but the younger generation of disciples go in and never come back alive. It's a real desperate place."

Ye Chen frowned and said, "young master Mingfeng, what do you mean..."

Xi Mingfeng smiled bitterly and said, "Lord of reincarnation, I want your help. Accompany me to the deep earth to find the bones of Xi Futian. The first two tests are impossible to achieve. Only this test has some hope of achievement."

"If the test passes, I can return to Xi's house, and I can take you to ancestral land to have the best of both worlds."

Ye Chen said, "are you sure you want to go to the deep hanging ground? Don't you mean that no one has ever come out of that place alive? "

Xi Mingfeng said, "Lord of reincarnation, you have deep luck. With your company, you can tide over any difficulties and dangers."

Ye Chen laughed and said, "you look up to me too much."

After a pause, ye Chen looked at Ji Siqing and said, "Siqing, what do you think?"

Ji Siqing took Ye Chen's arm and said, "I listen to you."

Xi Mingfeng said, "Lord of reincarnation, I divined last night. It's the divination of good fortune. We can turn bad luck into good fortune."

Ye Chen nodded, meditated for a while and said, "well, now there's only this way. Then I'll go to the deep place with you."

Xi Mingfeng was overjoyed and said, "it's so good, so it's not too late. Let's go to the consular hall to take the test."

The consular hall is the place where Tianxi ancient people release tasks. The disciples of the Xi family can receive entrusted tasks in the consular hall. After completion, they can get corresponding rewards.

The task signs of the three tests were hung in the most conspicuous place of the consular hall. The signs were covered with dust. Obviously, no one had ever received them.

Xi Mingfeng took Ye Chen and Ji Siqing to the consulate hall.

In the consular hall, there are already many Xi family disciples looking for suitable tasks.

"Oh, isn't this child Mingfeng?"

"Has it been thousands of years or tens of thousands of years since I saw you? Young master Mingfeng, why did your cultivation retreat again? There is only one layer of sky left in the hundred yoke territory. How can it be compared with the son? "

"You'd better not come out and make a fool of yourself."

Seeing the appearance of Xi Mingfeng, many Xi family disciples began to sneer. Even the younger generation had no respect for Xi Mingfeng.

Although the hundred flail realm is a layer of heaven, which is excellent among the younger generation of the Xi family, after all, the former Xi Mingfeng was too talented and was the son of the previous two generations. Now he has been reduced to this place, which is not worthy of his original identity.

Moreover, compared with the brilliant weather of Xi Xuantian, Xi Mingfeng is too far away and too dim.

Xi Mingfeng listened to the ridicule around him as if she hadn't heard it. She seemed to be used to it. She strode to the consular hall and took off the task sign of looking for Xi Futian's skeleton.

Seeing Xi Mingfeng take off the sign, everyone was shocked.

"Hey, Xi Mingfeng, what do you want to do?"

"You're crazy. Are you going to hang deep in the earth and look for the bones of the former son?"

"So you want to die. You might as well wipe your neck with a sword. It's even happier."

When the people saw Xi Mingfeng's move, they were all very surprised. The deacon in the consular hall hurriedly came out to stop it.

"Xi Mingfeng, do you want to make trouble?"

"No, I didn't make trouble. I'm going to go to diyuanshen to find the bones of Xi Futian."

Xi Mingfeng's face was dignified and put the task sign in her arms. She didn't mean to joke at all.

The deacon of the consular hall was shocked and said, "do you really want to go to the deep ground?"

Xi Mingfeng was too lazy to talk nonsense and said to ye Chenji Siqing, "brother ye, Miss Qu, let's go."

Ye Chen and Ji Si nodded and left with Xi Mingfeng.

Recalling the situation in the consular hall just now, ye Chen frowned and said, "young master Mingfeng, are you all right?"

Xi Mingfeng waved her hand and said, "I'm fine. When I finish the test, everyone will be impressed!"

This test is extremely important to him. If he can pass, he can return to his family and wash away all humiliation.

Ye Chen thought that Xi Mingfeng fell here because he was defeated by him. He was still too cruel in his previous life. One move frustrated people and didn't leave a face.

If you could put a little water, perhaps Xi Mingfeng's situation would not be so bad.

"Don't worry, I'll help you pass the test."

Ye Chen looked at Xi Mingfeng solemnly and wanted to help him once.

If he can pass the test, he can also follow Xi Mingfeng to the ancestral land of Xi family, see Xi Xuantian and revenge!

"Thank you!"

Xi Mingfeng thanked Ye Chen with an arched hand. She was very grateful.

The place was deep and hanging. After all, it was a desperate place. Xi Mingfeng didn't dare to step in rashly. After receiving the task, he prepared many pills, natural materials, earth treasures, amulet and imperial edict, and finally said goodbye to his maid Xiao Lan.

Three days later, everything was ready. Xi Mingfeng took Ye Chen and Ji Siqing to the deep hanging ground.

Chapter 6629

The ground is deep and hanging. This is the most famous desperate death place on Tianxi island. It is a battlefield ruins left by the magic ancestor Wutian and the ancient emperor Tianxi, the founder of the Xi family, after the amazing war.

This place is in the northernmost part of Tianxi island.

When ye Chen came to the deep hanging of the earth, he saw that the legendary deep hanging of the earth was actually a huge Tiankeng. From this Tiankeng, he only saw a dark abyss.

Around the Tiankeng, there are strands of magic spirit lingering, and the magic spirit turns into strange ancient characters.

Those ancient characters make ye Chen feel a little familiar.

That is the text of the magic compass among the seven treasures of Hongjun!

It seems that the legend is true. A long time ago, the evil ancestor Wu Nai and the ancient emperor Tianxi broke out a war here.

The magic weapon of the magic ancestor and the weather of the magic compass building are still left after tens of thousands of years. It's shocking to linger on this battlefield ruins.

"For more than 100000 years, the devil's way has never been destroyed, and the devil's father's boundless cultivation is a little too terrible."

Ye Chen secretly exclaimed in his heart, and felt that the devil ancestor had no heaven. If he and the devil emperor wanted to defeat the devil ancestor, he was afraid it would be more difficult than climbing to heaven.

Xi Mingfeng stood at the edge of the huge pit and looked at the dark abyss. His back was sweating slightly. His cultivation was only a layer of heaven in the hundred yoke realm. He would never dare to step into the deep hanging ground without the protection of Ye Chen's Qi.

After biting her teeth, Xi Mingfeng crossed her heart and said, "brother ye, Miss Qu, let's go down."

As long as you enter the deep hanging ground and find the bones of Xi Futian, you can pass the family test, return to the ancestral land and wash away the shame, which is very important to Xi Mingfeng.

Ye Chen came back and nodded.

Xi Mingfeng took out a stack of talismans, which he had prepared in recent days. There were all kinds of talismans with various attributes, such as protecting the body, protecting life, healing, expelling poison and dispelling spells.

He took out a "golden light ten thousand Buddha talisman" and burned it in his hand. In a moment, golden light emerged. In the golden light, there were virtual shadows of Buddha, which guarded him.

Ready, Xi Mingfeng drew out two protective symbols and handed them to Ye Chen and Ji Siqing.

Ye Chen said, "no, I can protect myself. Go down."

"OK."

Xi Mingfeng answered, his eyes coagulated, took a deep breath and took the lead in jumping into the abyss.

Ye Chen took Ji Siqing's hand and jumped down.

As soon as he jumped into the abyss, ye Chen immediately felt that the law of the abyss was very strange. The Reiki riot was violent. It was difficult to fly against the wind, so he had to keep chasing down.

And the strange laws of the abyss also spread the darkness.

Xi Mingfeng was protected by the "golden light ten thousand Buddha talisman" and was surrounded by Buddha light, but the Buddha light could not spread out, as if it had been suppressed by darkness.

"This place is really strange."

Ye Chen was aware of this scene and was also secretly paying attention. At that time, he ran eight Fu Tu Qi, and a dazzling Buddha light brighter than the sun burst out from his body.

This Buddha light, compared with Xi Mingfeng's, I don't know how many times it should be bright. The darkness of the surrounding abyss was suddenly crushed and burst, and the surrounding was full of mighty Buddhist righteousness.

"Brother ye, you deserve it. You are really strong!"

Seeing this scene, Xi Mingfeng couldn't help but sigh with admiration. He only felt the majestic Qi of Ye Chen Buddha. If he fought, it would be no more difficult to crush him than to crush an ant.

Under the protection of Ye Chen's eight Fu Tu Qi, the three landed smoothly and came to the bottom of the abyss.

Under the deep hanging ground, white bones are buried everywhere, shocking.

Some of these bones were left by the adventurers of the Xi family who broke into this place and fell directly.

A large part of it comes from ancient times. It is the bones left by the forces of both sides in the fierce battle with the ancient emperor Tianxi in the year when the evil ancestor Wutian.

Countless skeletons are piled up in the underground world, forming wisps of ghost fire and wisps of miasma.

"Qingxin Jingqi talisman!"

Xi Mingfeng quickly drew out a talisman and burned it to protect herself from the surrounding miasma and ghost fire.

"Tianxian Koi copy."

Ye Chen was not in a hurry. He began to copy the Tianxian Koi. The Xianjia Koi weather burst out continuously, surrounded by it, directly dispelled all the miasma.

Seeing this, Xi Mingfeng simply put away the talisman and said, "brother ye, with you, I'm afraid any danger can be resolved."

Ye Chen nodded and said nothing more. "Find the bones of Xi Futian as soon as possible and leave here."

There are too many bones buried around. Ye Chen can't tell who is who.

Xi Mingfeng said, "Xi Fu has heavy pupils every day, and his bones are different from ordinary people. His bones are golden. If there are bones left here, it should be easy to find them."

He looked around, but all the bones around him were white, but there were no golden bones.

"Let's look carefully."

Xi Mingfeng then moved forward. The deep hanging area is not small. It is at least a hundred miles around. It is not easy to find a skeleton.

The three walked all the way. Suddenly, there was a strong wind in the oblique thorn, a huge roar and a skeleton demon rushed out.

"Be careful!"

Xi Mingfeng lost her voice and exclaimed. She was about to pull out her sword to meet the attack, but ye Chen took a palm and crushed the skeleton demon in the room of lightning and flint.

"Brother ye, how fast."

Xi Mingfeng exclaimed with self injury.

He was defeated by Ye Chen at that time, and now there is still a shadow. His cultivation retreated to a layer of heaven in the hundred yoke territory. The slightest disturbance made his heart fluctuate and yell.

On the contrary, ye Chen was always calm, as if the universe had collapsed, which would not make him afraid at all.

Ye Chen was also aware of Xi Mingfeng's situation and thought, "his heart is too cloudy. He wants to disperse it unless he can return to Xi's house."

The three continued to March. On the way, they encountered a lot of crises. There were many demons and ghosts hanging in the deep land. Countless ghosts were nourished in the earth vein, killing and bloodthirsty, which was creepy.

However, these crises are not the slightest threat to Ye Chen.

Now ye Chen, the fighting power of martial arts is too strong. It's just a demon. He can't even hurt a hair.

All the way, looking for three days in the deep hanging of the earth, ye Chen, Ji Siqing and Xi Mingfeng were not hurt, but there was no gain.

"Are the bones of Xi Fu Tian really in this place?"

Ye Chen frowned and looked for it for three days. He almost hung the whole place. He didn't see any golden bones.

"It's really a little strange. The bones of Xi Futian should be here. Why can't we find any clues."

Xi Mingfeng also felt strange.

Ji Siqing said, "will Xi Futian not be dead?"

Chapter 6630

Xi Mingfeng shook her head and said, "no, his family life card has been broken, which proves that the man is dead and can't survive. He died in this place, but I don't know where the bones have gone."

Ye Chen's eyes were cold and said, "look for another two days. If there is no result in two days, we will leave."

Ye Chen can't stay here all the time. If there is no result, he plans to leave directly and find another way to get close to Xi Xuantian. He can't waste time here.

Xi Mingfeng was rather disappointed and said, "well, brother ye, as you said."

Next, the three continued to look in the deep hanging ground. After two days, they still had no harvest.

Xi Mingfeng's face was gray. The result was obviously beyond his expectation.

It's rare to be accompanied by Ye Chen, which can solve the threat of all demons hanging deep in the earth. However, if you can't find the bones of Xi Futian, you are doomed to return in vain. If you can't pass the test, you can't return to the family.

In Xi Mingfeng's heart, nature is extremely painful.

"Young master Mingfeng, let's go."

Ye Chen has no time to waste and is ready to leave.

Xi Mingfeng nodded painfully, but also helpless.

Ye Chen Ran eight Fu Tu Qi, surrounded by Buddha light, shrouded Ji Siqing and Xi Mingfeng, rose against the wind and returned to the outside world.

"Hey, hey..."

Just when the three of Ye Chen just took off and the back door was wide open, a cold laughter suddenly sounded.

Then, he saw a sharp golden light, like a knife like a sword, burst out from one side and stabbed Ye Chen on the back.

This is a sneak attack!

Ye Chen's eyes narrowed. Unexpectedly, there was an enemy hiding behind him. When he was most careless, he gave him the most deadly sneak attack!

The Raiders hid very well. In the past few days, they were not exposed, let alone shot. They kept calm and waited for the opportunity to shoot.

Now ye Chen is ready to leave. His mental defense is lax, and the sneakers attack violently.

This golden light is extremely fierce and hard to guard against.

"Want to sneak on me?"

Ye Chen's face twisted for a moment, and her reaction was also very fast. Seeing the golden light coming, she immediately opened the red dust God pulse.

Zheng!

As soon as the red dust God pulse opened, a set of gold armor covered Ye Chen.

The golden light of killing and cutting hit the armor, exploded Mars and penetrated the armor, but the momentum of killing and cutting was just exhausted, and the golden light dissipated.

"Who is it?"

Ye Chen bit his teeth. The strength of the sneaker is not weak. He can break through his armor in one fell swoop. His accomplishments should be six layers in the hundred yoke territory.

Ji Siqing and Xi Mingfeng also burst into a cold sweat during the sneak attack.

Fortunately, ye Chen was the target of the Raider. If the golden light was aimed at them, they would be dead. There is absolutely no possibility of prevention.

"The Lord of reincarnation is really strong. It can't kill you."

An exclamation sounded.

But in the dark abyss, the space was distorted, and an old man in a golden Taoist robe emerged.

The old man's body is illusory. It's not a human body, but a spirit body made of pure aura. It looks like a spirit.

"Eh?"

Ye Chen looked at the old man and found that the old man's cultivation breath was only four layers of hundred flail territory, which was not as powerful as he imagined.

But just now, the power of killing the golden light is definitely more than four layers of Baijia territory.

Ye Chen thought that the old man was a tool spirit. Obviously, he could break out such a powerful attack with the help of the energy of the magic weapon body, but he didn't know what magic weapon it was.

"Old tower, it's you!"

When Xi Mingfeng saw the old man, she was shocked and widened her eyes.

Ye Chen frowned and said, "who is this old guy?"

Xi Mingfeng said, "it's the spirit of the xuanhuang tower in heaven and earth. It's strange how he could be here."

Ye Chen said: "heaven and earth xuanhuang tower, the magic weapon of Xi Xuantian?"

When he landed on the island, he seemed to have heard the watchman say that Xi Xuantian was refining the magic weapon heaven and earth xuanhuang tower recently, so those who landed on the island had to pay magic weapon materials for worship.

Xi Mingfeng said, "yes, the xuanhuang tower in heaven and earth is the supreme artifact of the thirty-three days. It is one of the seven treasures of Hongjun. It is also the magic weapon of Xi Xuantian's life. This old man is the spirit of the instrument."

Ye Chen heard Xi Mingfeng's words and vaguely caught the secret of heaven. It seems that the earth vein of the yin-yang temple was broken by Xi Xuantian with the xuanhuang tower of heaven and earth!

The old man looked at Xi Mingfeng coldly and sneered, "Xi Mingfeng, you dare to collude with the Lord of reincarnation and plot to subvert our Tianxi ancient family. What crime should you commit?"

Xi Mingfeng said, "old tower, why are you here?"

The tower is always the spirit of the xuanhuang tower in heaven and earth. Unexpectedly, he also came to the deep hanging ground. Moreover, it seems that he has been here for a long time. Does he also want to look for the bones of Xi Futian?

Vaguely, Xi Mingfeng only felt that there was something strange behind the matter.

Old tower sneered, "don't worry, you traitor, dare to collude with reincarnation. When I kill the Lord of reincarnation, I'll ask you to be buried with me."

After saying that, old TA stared at Ye Chen and laughed again. "Lord of reincarnation, I wanted to attack and kill you directly so that you could die quickly. I didn't expect you to find your own pain. Now it won't be so easy to want to die."

Ye Chen's face sank and said, "you smashed the earth vein of the yin-yang temple?"

Old tower said, "what if it's me?"

"Die!"

Ye Chen suddenly became angry. His palm was like a mountain avalanche and tsunami. He shot it out wildly. The surrounding dark abyss burst layer by layer, and infinite divine light burst out.
