### Chapter 6641

Xi Xuantian hugged Xi Futian's body and cried loudly. When everyone heard his cry, they thought that they had deep love and righteousness between their brothers.

"Ye Shitian, you killed my brother. I want to avenge him!"

Xi Xuantian gnashed his teeth and looked at Ye Chen angrily.

The strong men of the Xi family were also alert to hatred.

Because it was Ye Chen who stabbed Xi Futian with a sword.

"Xi Xuantian, you!"

Ye Chen was angry. Although he had seen many great storms, he had never encountered such a frame up and slander today. He was so angry that he couldn't speak.

"Come on, catch him! Avenge my brother! "

Xi Xuantian stood up and shouted.

The strong men of the surrounding Xi family immediately pulled out their weapons and roared wildly around them.

Ye Chen sees something bad and is ready to tear the void away.

"Lord of reincarnation, I can't imagine that you dare to dig away the heavy pupil of the son of God in Futian. You can't atone for your death!"

But at this time, Xi Taichong, the master of Xi Xuantian, came in a strong way. Under one hand suppression, the void was blocked.

Ye Chen only felt a burst of suffocation. Under the pressure of the emperor, he couldn't resist at all. He was knocked down on the spot and couldn't move.

The strong Xi family around rushed up and put the shackles on Ye Chen.

"Siqing, go!"

Ye Chen is in danger. He drinks loudly and urges Ji Siqing to leave.

Ji Siqing stayed and wanted to save Ye Chen, but seeing the power of Xi Taichong Tianjun, he knew that everything was in vain. If she stayed here again, she was afraid that she would die together.

In the crisis, Ji Siqing hurriedly fled against the wind.

Seeing the grim situation, Xi Mingfeng felt bad and fled against the wind.

Xi Taichong's eyes were cold and said, "Xi Mingfeng's rebellious son colluded with the Lord of reincarnation to harm the son of God Fu Tian. It's unforgivable. Catch him quickly."

"And the woman, who is a reincarnation bitch, can't let go of Qu Chenyan. Chase her quickly!"

The voice fell, and the strong people around Xi family should say, "yes!"

At present, many powerful people of Xi family are frantically chasing and killing out, and the horn of vigilance is also sounded everywhere on Tianxi Island, and strong people rise up in all directions.

Xi Mingfeng wanted to escape, but was immediately surrounded by countless strong men and directly suppressed and captured.

Ji Siqing, however, was also besieged by countless strong men when he escaped. His face was pale and he felt hopeless to escape.

"Wish sky star, a knife without thinking!"

At this time, the white light burst, the void was torn, and a huge planet emerged, which was Ye Chen's wish.

Wish there is a figure on the sky and star, it is Xia Xuansheng!

Xia Xuansheng urged wish Tianxing to kill all the pursuers behind Ji Siqing.

Then, he led Ji Siqing to the wish star, fled directly, and left Tianxi island in an instant.

When ye Chen saw Xia Xuansheng appear and took Ji Siqing away, he was relieved.

He had lent the wish Tianxing to Xia Xuansheng, but he didn't expect to leave a hint. Finally, he was lucky. Now at least Ji Siqing escaped.

Xi Taichong's face changed slightly when he saw Ji Siqing escape.

However, a Ji Siqing will not affect the overall situation.

Now ye Chen and Xi Mingfeng were captured. Xi Taichong was relieved and shouted, "put these two sinners into death row!"

"Yes!"

The strong men of the Xi family immediately escorted Ye Chen and Xi Mingfeng to the death prison of the Tianxi ancient family and imprisoned them for the time being.

And the people present, the commotion continued.

No one expected that this challenge duel would end like this.

Xi Futian was not dead, but ChongTong was dug away and now he was really killed. This change is too fast.

In this duel, Xi Xuantian was really defeated. Even if he caught Ye Chen, his defeat was irreparable.

Xi Xuantian was worried and looked up at the sky. Fortunately, there was no special phenomenon in the sky, and the ranking of the forbidden list did not change. It seems that even if he was defeated, he finally caught Ye Chen and managed to make up for the defeat and was not squeezed out of the list.

"Master, next..."

A trace of murder passed in Xi Xuan's eyes and asked Xi Taichong for instructions.

Xi Taichong's face is gloomy. He naturally knows the truth that Xi Futian's heavy pupil has been dug. Now in order to keep a secret, he can only take ye Chen as a scapegoat.

"The reincarnation Lord must be killed, but he can't act rashly. The protector behind him is a first-class expert in the world, Ren extraordinary. If Ren extraordinary comes, the consequences will be unimaginable."

Xi Taichong's tone was dignified. In fact, he just wanted to kill Ye Chen, but he was worried about the protector behind reincarnation, but he didn't dare to move lightly.

Xi Xuantian was awestruck and said, "is it the destiny of the Ren family? This man's strength is really terrible. It is said that he is a great man beyond natural reason. I wonder if our ancestors of Tianxi ancient clan can suppress him. "

Xi Taichong shook his head and said, "Lao Zu is no match for Ren extraordinary."

Xi Xuantian was shocked and said, "master, what do you say? Can't even our ancestors beat Ren extraordinary? How is that possible! "

The ancient emperor Tianxi, the ancestor of the ancient Tianxi family, fought with the devil ancestor Wutian in those years. The two sides fought back and forth. It can be seen that the ancient emperor Tianxi was strong.

But now, Xi Taichong said that the ancient emperor of Tianxi was not Ren extraordinary's enemy, which greatly surprised Xi Xuantian.

Xi Taichong said, "if it was in the past, Lao Zu might have been able to suppress Ren Feifan, but recently, I heard that Ren Feifan had been buried in the snow and Stardust, made a breakthrough in Tao heart, and made great progress in cultivation. Now Lao Zu should be no match for him."

Chapter 6642

Xi Xuantian said, "what should I do? Do you want to let Ye kill heaven because of this extraordinary Ren?"

"

Xi Taichong said, "the Lord of reincarnation, naturally, can't let go of murdering the son of Futian. Let's ask our ancestors for instructions first."

At present, Xi Taichong ordered good people to let the strong of Xi family maintain the order of Tianxi island. At the same time, he sent more people to guard Tianxi death prison and prevent Ye Chen and Xi Mingfeng from escaping.

After so busy for most of the day, when night fell, Xi Taichong and Xi Xuantian came to the center of Tianxi Island, a towering mountain.

This high mountain stands a thousand Zhang statue, which is the stone carving of the ancient emperor Tianxi.

Xi Taichong and Xi Xuantian came to the statue, knelt down respectfully and said in unison, "see your father!"

At that time, the sky was dark, the bright moon was in the sky, and the moonlight shrouded the statue, showing wisps of Green Fairy Spirit and detached dust.

Buzz!

Suddenly, the statue burst into strange light, and then an old voice said, "have you caught the Lord of reincarnation?"

Xi Taichong said, "yes! Lao Zu, the Lord of reincarnation plotted against the son of Fu Tian and stole the son's heavy pupil. He deserves to die... "

"Needless to say, you can't hide this conspiracy from me."

The old voice is naturally the ancestor of Tianxi ancient family and Tianxi ancient emperor.

He interrupted Xi Taichong's words and said, "Xuantian, the heavy pupil of the son of Futian, was poached by you as a brother, didn't you?"

When Xi Xuantian heard this, he burst into a cold sweat. Unexpectedly, the ancient emperor Xi had already seen through everything.

"Lao Zu, I....."

He was sweating and trembling, but he didn't know how to answer.

Xi Taichong was also pale and said, "Lao Zu, Xuantian, he was just confused for a moment..."

The ancient emperor Tianxi said sternly, "needless to say, brothers kill each other. Xuantian, your sin is not light. You can't atone for your death."

Xi Xuantian banged his head and said, "please forgive me!"

Emperor Tianxi said, "well, fortunately, you have caught the Lord of reincarnation, and there is still a chance to save it."

Xi Xuantian was stunned and said, "I don't know how to save it. Please show me."

The ancient emperor Tianxi said, "reincarnation blood is superior to the heavens and controls life and death. As long as you kill the Lord of reincarnation and deprive him of reincarnation blood, you can revive the son of Futian."

"Moreover, the Lord of reincarnation opened his heavy pupil today, and he can just dig it out and give it to the son of God in the dog days."

"In this way, your brothers have heavy pupils. In the future, you don't have to fight anymore. Work together to strengthen our Tianxi ancient family."

Xi Xuantian was overjoyed and said, "what my grandfather said is that if my brother can be resurrected, I will change my past!"

Xi Taichong was also happy. He was trying to kill reincarnation. Now Tianxi ancient emperor also meant this. It happened to coincide.

The ancient emperor Tianxi said, "there is also the Xi Mingfeng, an abandoned son of a family, who was defeated by the Lord of reincarnation. It really lost the face of my ancient Tianxi family and killed him together."

Xi Taichong said, "yes, Lao Zu, I will hold a ceremony to worship heaven tomorrow, kill these two people, and then deprive them of reincarnation blood."

The ancient emperor Tianxi said "well" and said: "it's so good. Since the Lord of reincarnation dares to challenge alone, we should be ready to fall, ha ha..."

Xi Taichong thought of Ren Feifan and said, "Lao Zu, just behind the reincarnation, the protector..."

The ancient emperor Tianxi said, "Ren family's destiny, Ren extraordinary?"

Xi Taichong said, "exactly!"

The ancient emperor Tianxi said, "well, Ren extraordinary is indeed a super first-class strong man. Especially after he got the snow buried Stardust, his heart broke through. Now among the experts in the world, he can be among the top five. I am not his opponent."

Xi Taichong said, "Lao Zu, what if that extraordinary comes?"

Tianxi ancient emperor pondered for a while and said, "Ren extraordinary is entangled with cause and effect. The feather emperor and the heavenly daughter are desperately trying to kill him. He doesn't dare to be exposed easily."

Xi Taichong said, "Lord of reincarnation, that is the object of Ren extraordinary protection. He can never watch reincarnation fall!"

The ancient emperor Tianxi said: "indeed, we want to kill the Lord of reincarnation. Most of him will come and stop it, but rest assured that this is the territory of my ancient Tianxi family. I rely on the earth's pulse and Qi, which is enough to compete with Ren extraordinary. I don't have enough to kill, but

it's more than enough to defend myself. He can't turn over any waves unless he dares to fight for jade and stone."

Xi Xuantian swallowed his saliva and thought, "I'm afraid that Ren extraordinary will burn jade and stone to save reincarnation."

The ancient emperor Tianxi said, "go back. I'll arrange a big array tonight, do a good job in defense and beware of this extraordinary disturbance. You will hold a ceremony at noon tomorrow to kill the Lord of reincarnation and Xi Mingfeng to worship heaven."

Xi Taichong and Xi Xuantian replied, "yes!" Turn around and leave.

The ancient emperor Tianxi sighed and murmured, "Ren extraordinary, I want to see how powerful you, the legendary son of destiny, are."

.....

At the same time, Ji Siqing and Xia Xuansheng were extremely anxious when they thought of Ye Chen's capture after escaping from Tianxi island.

Xia Xuansheng said, "Miss Ji, the hall master has been captured. What should I do now?"

The ancient Tianxi family has a profound heritage, and there are even strong people at the level of Tianjun. The legendary Tianxi ancient emperor is a super expert in the boundless realm, and has reached the point of eternal immortality.

If you want to save Ye Chen in the territory of Tianxi ancient family, it is naturally difficult to ascend to heaven.

Ji Siqing thought of Ye Chen's entrustment and said, "I'll invite Ren extraordinary senior! He must have a way! "

At that moment, Ji Siqing sent out a flying sword letter.

She is endowed with reincarnation blood, so she has the breath of reincarnation. Under the influence of cause and effect, her missionary can naturally be received by Ren extraordinary.

After a long time, a virtual shadow of the blood moon appeared in the sky. The blood moon was buzzing, and a human shadow appeared and came down. It was Ren extraordinary.

Let the extraordinary body resist the wind and land on the wish star.

Ji Siqing was pleasantly surprised. He knelt down and shouted, "elder Ren, you finally came, ye Chen, he..."

Ren Feifan waved his hand and said calmly, "I know. This boy dares to break into the boundary of Tianxi ancient family. It's too impulsive."

Ji Siqing said, "sorry, elder Ren, ye Chen, he can't help it. It involves the cause and effect of the yin-yang temple."

Ren extraordinary's eyes coagulated and continued: "I have understood everything. This boy's martial arts has always been so publicized. If he really keeps a low profile, he is not him."

"At present, it's a bad thing, but it's a good thing for him. Otherwise, how can it be called Lingxiao Wuyi?"

Ji Siqing said, "master Ren, what should we do now? Only you can save Ye Chen, but that day, there were many experts in the Xigu family, and there were many strong heavenly kings. I'm afraid..."

Chapter 6643

Ren Feifan frowns lightly. He is an expert in Tianxi ancient family. He is naturally not afraid. Especially after refining snow and burying Stardust, his strength has greatly improved. Now he is even sure to suppress the whole Tianxi ancient family.

However, the cause and effect behind him is too huge. If he rashly takes action, I'm afraid he will be locked in the Qi machine by the feather emperor and the heavenly daughter, and even the evil ancestor Wutian will find a way to deal with him.

Now, it's not time to tear your face. If you expose it rashly, it may lead to something wrong with the chessboard.

After weighing, Ren Fanfan said, "Since ye Chen is in danger, I won't sit idly by. Don't worry."

Ji Siqing was worried and continued: "elder Ren, but if you are exposed..."

Ren extraordinary way: "no harm, I will pay attention to discretion."

Ji Siqing said gratefully, "thank you, elder Ren!"

Ren Feifan nodded gently, then rested on the wish star and waited for tomorrow.

.....

Tomorrow noon, Tianxi ancient family, Tianxi island.

The sun shrouded the whole island, filled with a golden radiance everywhere, but the people on Tianxi Island did not feel a trace of warmth.

All people feel is the atmosphere of solemnity, coldness and strictness.

The sky and the earth are full of the strong men of the Xi family. The ancient guard array is opened, and a layer of boundary shield covers the whole island.

Many people were stunned and wondered why Tianxi ancient people were so ready. Were they afraid that someone would come and rob the Lord of reincarnation?

However, looking at the whole dark forbidden sea, even the old alliance did not dare to casually infect the cause and effect of Tianxi ancient clan. Who was the Xigu clan on guard against that day?

People don't know. They only know that today is the day to kill reincarnation, which is destined to be remembered by all heaven and all circles!

In the central square of Tianxi Island, the elders of the Xi family have already prepared the ceremony of offering sacrifices to heaven.

The statue of the ancient emperor Tianxi stands in the center of the square. Near the statue are full of sacrificial livestock, magic tools, natural materials and earth treasures.

Around the square, there are the ethnic people of the whole Xi family and external spectators.

It was Xi Xuantian, the contemporary son of Xi family, who presided over the ceremony of offering sacrifices to heaven!

Xi Xuantian, dressed in a robe, sat on the high platform seat in the north of the square, his eyes were clean and his face was dignified. It seemed that he had come out of the shadow of yesterday's failure and was full of the momentum of the strong.

Behind Xi Xuantian is his master Xi Taichong, a strong man at the level of emperor.

Although Xi Xuantian was dignified on the surface, he was very nervous in his heart. He looked back at Xi Taichong.

Xi Taichong nodded, motioned him not to panic and said, "everything has the protection of our ancestors. Don't worry. Let's start the ceremony."

Xi Xuantian nodded slightly and felt at ease. He took a deep breath and shouted majestically, "take ye murdering heaven and Xi Mingfeng up!"

When the voice fell, several strong guards of the Xi family took Ye Chen and Xi Mingfeng to the square.

Xi Mingfeng was bloody, full of scars and dying. It was obvious that she was brutally beaten in prison yesterday.

Ye Chen was in prison clothes, but there was no trace of injury and torture.

Although the Xi family decided to kill reincarnation, they didn't dare to offend too much and were afraid to touch heaven's anger.

Ye Chen looked around and looked at the Xi family as if they were facing a great enemy and defending everywhere. He thought, "most of them are defending against Ren, but I don't know if Ren will come and save me."

He had made a decision in his heart. If no one came to save him, he would burn out his reincarnation essence and blood, and he would also kill him. He must not really die here.

Xi Xuantian stared at Ye Chen, then looked at Xi Mingfeng, and shouted, "Ye kills heaven, Xi Mingfeng, you two sinners collude with each other to murder my brother Fu Tiansheng son. What else can I say?"

Xi Mingfeng was severely beaten and tortured, but she couldn't say a word.

Ye Chen calmly stood in place, looked indifferent and said, "you will regret what you did."

Xi Xuantian snorted, just wanted to solve it as soon as possible, and ordered him to shout: "come, take these two sinners to the statue of the old ancestor, directly deprive their blood and kill the sacrifice to heaven!"

"Yes!"

Several Xi family strongmen marched out and escorted Ye Chen and Xi Mingfeng to the statue of Tianxi ancient emperor, forcing them to kneel down.

Xi Mingfeng knelt down in embarrassment, but ye Chen's body was as straight as a javelin. The strong Xi family could not make ye Chen kneel down.

Xi Xuantian didn't care. He said, "please show your spirit and kill reincarnation at the launching ceremony!"

On the square, the sacrificial ceremony and array have already been arranged.

At that moment, several elders of the Xi family lined up and sang in a low voice. Their aura was released to drive the array.

Buzz!

Suddenly, a green fairy light appeared in the whole square, vaguely resonating with the statue of Tianxi ancient emperor.

On the statue of the ancient emperor Tianxi, thousands of red mans burst out in an instant, like a turbulent flow of swords and swords, falling from the sky, hissing and cutting off towards Ye Chen and Xi Mingfeng.

Xi Mingfeng only thought that she would die and close her eyes to death.

Ye Chen clenched her teeth and burned her blood, ready to fight to death.

"I make a wish, Emperor Xi Jinglei, destroy the world!"

Suddenly, a cold and dignified cry sounded from the sky.

But the holy white light burst and rolled in the sky, showing the shadow of a planet.

That's the legendary wish star!

A strong figure came down from the wish star.

It is Ren extraordinary!

Chapter 6644

"Senior Ren!"

Ye Chen was overjoyed when he saw Ren extraordinary coming.

However, Ren's extraordinary cultivation aura broke out at this moment. The majesty of the supreme Heavenly King roared across the sky. The whole guard array of Tianxi Island burst into pieces in an instant under the rolling of his momentum.

At the same time, the endless thunder light blew up on the wish star, which was the divine art of Xi Huang's thunder seal.

Hundreds of millions of purple and gold lightning fell from the sky, with the terrible momentum of destroying the whole universe, and exploded madly towards Tianxi island.

"No!"

Many elders of the ancient Tianxi clan were shocked. The hidden Tianjun also burst into action and cast spells together to form a barrier to resist any extraordinary lightning.

Bang bang!

A series of thunder and lightning, split and exploded, and blew up the border in a concussion.

Many elders of the Xi family tried their best to join hands to stop Ren extraordinary's thunder and anger. Many elders vomited blood on the spot and fell to the ground seriously.

"Can you stop it?"

Ren Feifan snorted, and people came down like a magic sword and a rainbow. With a clap of his hand, he smashed the protective barrier completely.

Then, thundering all over the sky, he went to Tianxi island to destroy the whole Tianxi island.

But at this time, the statue of Xi ancient emperor suddenly appeared. Thousands of sword like red mans went to Ren Feifan to kill.

Boom!

The towering red mans collided with Ren's extraordinary lightning power, and suddenly burst into a shocking air wave. The heavy void collapsed and the sky broke.

Click, click!

The statue of the ancient emperor Tianxi also burst under the impact of the collision.

However, under the protection of the ancient emperor Tianxi, Tianxi island was not destroyed by Ren extraordinary, but some buildings were crushed like paper paste and turned into dust.

Everyone in the audience was stunned and shocked when they saw Ren Feifan's invincible figure.

"Who is this man!"

"What a strong breath, stronger than the emperor!"

"He... He should not be a strong man in boundless territory, the legendary supreme emperor!"

"The supreme ruler? God, how can such existence appear on earth? "

Bursts of cold breath were heard, and the whole audience trembled.

Many strong people of Tianxi ancient family only feel that they are as small as mole ants. In front of Ren extraordinary, they are completely insect like, and there is no possibility of resistance.

If it hadn't been for just now, there would have been a spiritual guardian of the ancient emperor Xi. Maybe all the people of the Xi family had been killed by Ren extraordinary town.

"Ren family's destiny, Ren extraordinary, visit Tianxi ancient family."

Ren extraordinary's face was calm, came down and reported his name.

All kinds of prohibitions and protective arrays of Tianxi Island were destroyed and smashed when he stepped on the island. He couldn't even exert any effect.

Everyone in the audience, looking at Ren Feifan's almost invincible posture, was shocked and speechless.

"Master, he... Is He Ren extraordinary?"

Xi Xuantian was sweating, and he only felt the extraordinary breath, which could not be described in earthly language. He had never seen such a powerful existence.

"It's said that the destiny of the world can surpass the existence of natural principles. It's really terrible. If he does it, our teachers and disciples will turn into powder in an instant."

Xi Taichong also broke out in a cold sweat. He grabbed Xi Xuantian's arm and his heart pounded. However, he no longer had the authority of the emperor of heaven. He just wanted to run away immediately.

But under the threat of any extraordinary momentum, no one dared to move around in the audience, and they all stood still.

"Ren family's destiny, really good spirit!"

At this time, an old shadow rose from the debris of the statue of Tianxi ancient emperor turned into dust.

That is the ghost of the ancient emperor Tianxi.

"Lao Zu!"

Seeing the ancient emperor Tianxi's revelation, the strong people of the Xi family seemed to see the Savior and prayed one after another.

The ancient emperor Tianxi narrowed his eyes slightly, stared at Ren extraordinary and said, "Ren extraordinary, it seems that I still underestimate you too much. Your cultivation has reached the later stage of immeasurable territory, and is about to reach the peak of real martial arts?"

Ren Fanfan said calmly, "Tianxi ancient emperor, the Lord of reincarnation is my friend. I don't allow anyone to hurt him."

The ancient emperor Tianxi smiled and said, "well, if you want to take him away, kill me."

Ren Feifan's face sank and said, "there is no great feud between you and me, and you and my ancestors also have friendship. I don't want to fight with you."

He knew that the ancient emperor Tianxi had the blessing of the earth pulse and Qi of Tianxi island. If there was a struggle, it would be a hard struggle. If it was delayed too long, it would be exposed.

Even if you really want to fight, it's also to fight outside. If you're outside, Ren Feifan is sure to kill Tianxi ancient emperor in three moves.

But in the boundary of Tianxi Island, he must fight hard.

The ancient emperor Tianxi said, "I don't want to fight with you. I see that your strength has exceeded the principle of heaven. Looking at the world, you can rank fourth. I'm by no means your enemy."

The ancient emperor Tianxi's eyes are fierce. He has seen Ren's extraordinary cultivation, extreme metamorphosis and terror. He is an expert in the world, enough to rank fourth.

Among the experts in the world, the first is the ancient emperor, there is no doubt.

The second and third is the struggle between the supreme goddess and the demon ancestor.

The fourth ranked master was originally the second generation of heaven, but now, Ren extraordinary cultivation breath has surpassed heaven. He is the fourth master in the world.

Considering that the evil ancestor has no days, the old days have declined, and has not won a new container, it is not impossible for Ren extraordinary to compete for the first three.

When they heard the words of the ancient emperor Tianxi, they were even more shocked. Unexpectedly, Ren extraordinary was so powerful that even the ancient emperor Tianxi was ashamed.

Ren Feifan said, "since you are not my enemy, let go and don't force me to kill."

The ancient emperor Tianxi said with a smile: "the Lord of reincarnation and the contemporary son of my Xi family have deep gratitude and resentment. We must distinguish between life and death. Moreover, the previous generation of the son of Fu Tian died in the hands of the Lord of reincarnation. I also want to take revenge and revive the son of Fu Tian with the blood of reincarnation."

Ren Feifan's eyes were cold and said: "I guard reincarnation and will never allow the Lord of reincarnation to have any accident. You insist on killing the killer, that is, there is no discussion. Let's fight to the death. Even if I fight with jade and stone, I will kill all your Xi family today!"

When the sound fell, Ren extraordinary pulled out his sword and scabbard, the color of heaven and earth changed, and the sky turned into blood red. Nine blood moons hung in the sky, which was very spectacular.

Then, behind Ren extraordinary, a towering tree appeared. The tree's aura floated, turned into the virtual shadow of a giant whale and rushed to heaven.

The giant whale soared into the sky and the blood moon came to the world. The amazing weather was shocking.

Tianxi ancient emperor's facial features were slightly distorted. Unexpectedly, Ren Feifan was so decisive that he really had to start immediately and was not afraid to expose himself.

Chapter 6645

"Ren Feifan, don't be impulsive."

The ancient emperor Tianxi eased his face and said, "the gratitude and resentment of the younger generation will be handed over to the younger generation to solve. You and I don't have to intervene."

Ren extraordinary's eyes were cold and said faintly, "Tianxi ancient emperor, what do you want?"

The ancient emperor Tianxi pondered for a while and said, "well, let's make an appointment of life and death. Ten days later, let the Lord of reincarnation fight with the son of my Xi family. No one can interfere. What do you think?"

Hearing the words of the ancient emperor Tianxi, Xi Xuantian and Xi Taichong all changed their looks and shouted, "Lao Zu!"

They know very well that ye Chen is powerful.

Xi Xuantian has been defeated once. If he fights again, he will be defeated.

The ancient emperor Tianxi waved his hand, as if he was holding the victory, and said, "don't panic, I have my own decision."

Hearing the words of the ancient emperor Tianxi, Xi Xuantian and Xi Taichong looked at each other and thought to themselves, does the ancient emperor Tianxi have any secret method to turn defeat into victory?

But listening to the ancient emperor Tianxi, he continued to ask Ren Feifan, "Ren Feifan, what do you think?"

Ren extraordinary frowned. Since the ancient emperor Tianxi dared to make a contract, and it was about ten days later, he must rely on it.

However, he also believes in Ye Chen's strength.

If the younger generation can solve the problem by themselves, he doesn't have to be involved. Naturally, it's best.

Ren Feifan took a look at Ye Chen and asked for his advice.

Ye Chen said, "master Ren, promise is that I have surpassed Xi Xuantian once, not the second time."

"Very good."

Ren extraordinary nodded and said to the ancient emperor Tianxi, "as you said, let the younger generation solve it. After ten days, let them decide life and death again."

The ancient emperor Tianxi said, "it's so good, Ren extraordinary. You go. I'll wait for you to come back in ten days."

With that, the ancient emperor Tianxi waved his hand and imprisoned Ye Chen and Xi Mingfeng.

"Let's go."

Ren Feifan doesn't talk nonsense. With Ye Chen and Xi Mingfeng, he boarded the wish star and left Tianxi island.

Ji Siqing and Xia Xuansheng were both on the wish star. Seeing ye Chen's safe return, they were overjoyed and shouted:

"Ye Chen!"

"Lord hall!"

Ji Siqing flew to Ye Chen's arms and almost burst into tears. He knelt down to Ren Feifan and said, "thank you, elder Ren. Without you, ye Chen would be dead today."

Ren Feifan waved his hand and said, "you're welcome. This boy's spirit is endless. In fact, even if I don't do it, he can escape by burning his reincarnation blood, but he has to pay a great price."

Ye Chen said, "master Ren, anyway, I really want to thank you this time. I finally escaped. Then I'll rest for ten days and prepare to fight with Xi Xuantian again."

Ren Feifan said, "rest? I'm afraid not. "

Ye Chen was stunned and said, "why?"

Ren Feifan said: "since the ancient emperor Tianxi dares to put forward a decisive battle, he must rely on it. I guess he may have to use the forbidden art to forcibly pull up the strength of Xi Xuantian within ten days. At that time, you will be defeated, or even severely damaged!"

Ye Chen said, "forbidden art?"

Ren Feifan said, "well, there is an access control technique in Tianxi ancient family, called star change, which is one of the eight prohibitions of the flood and famine. If it is really used, it will be very powerful."

Ye Chen said, "the eight prohibitions of the flood and famine, and the stars change?"

Ren Feifan said: "yes, the eight prohibitions in the flood wasteland are the eight access control techniques derived from the flood wasteland era. Each door is extremely powerful and can greatly improve people's combat effectiveness, but the cost and side effects are great. It can't be used lightly unless it's a last resort."

"And the change of stars is one of the eight prohibitions of the flood and famine. It is in the charge of the Tianxi ancient family. If the ancient emperor Xi really used the change of stars that day, you may not be able to win the decisive battle."

Ye Chen frowned and said, "elder Ren, what should I do?"

He didn't expect that the Tianxi ancient family still had cards. It seems that the decisive battle in ten days is not as simple as he imagined.

Ren Feifan's face was calm and seemed to have been prepared for a long time. He said faintly: "now, we must find a way to break the magic power of the stars. I'll take you to see a friend. He may have a way to solve the mystery of the stars."

At present, Ren Feifan takes Ye Chen and flies to the dark forbidden Hainan.

Ye Chen's face was dignified, but he didn't know who Ren extraordinary's friend was.

.....

At this time, on Tianxi Island, people were terrified.

The advent of Ren extraordinary has brought great seriousness to the whole Tianxi ancient family. Everyone has a sense of crisis that great disaster is imminent and will perish.

The last time such a serious crisis was due to the untimely arrival of the demon ancestor, which was more than 100000 years ago.

From a certain point of view, the pressure that Ren extraordinary brings to everyone is even more terrible than Wutian.

Because, in those days, the evil ancestor Wutian led a large number of experts to invade.

And Ren extraordinary is alone.

His momentum is as powerful as thousands of troops and horses. He is almost invincible. Looking at the whole real world, his combat effectiveness can rank fourth and surpass natural justice. It is really an indescribable terror.

In the serious crisis atmosphere, Xi Xuantian, at the center of the vortex, was brought to a battlefield ruins by the ancient emperor Tianxi.

This battlefield ruins is also the place where he fought with the devil ancestor in the past. There was a fierce war, and even the earth vein was interrupted. Therefore, this ruins did not even exist, just like the environment of space. Pieces of gravel, dust, withered yellow leaves and water droplets floated everywhere. The scene was a spectacle.

"Xuantian, do you have confidence in the decisive battle in ten days?"

The ancient emperor Tianxi asked coldly with his hands on his back.

Chapter 6646

Xi Xuantian was sweating coldly, kneeling on the ground and said, "Lao Zu, I have no confidence at all. I... I falsely claim to be the second in the list of forbidden days, but I can't defeat the reincarnation Lord Ye killer days."

The ancient emperor of Tianxi gave a "um" sound and did not blame him. He said, "the blood of the Lord of reincarnation is too outrageous. You are not his enemy. That's nothing, but the decisive battle in ten days is related to your life and death and the luck of the ancient Tianxi family. You will never allow failure."

Xi Xuantian guessed something vaguely. He trembled and said, "Lao Zu, what do you mean..."

The ancient emperor Tianxi said, "I'm going to use the forbidden art to improve your combat effectiveness in ten days."

Xi Xuan's eye pupil shrunk and said, "Grandpa, do you want to use the stars to change?"

He knew that there was an access control technique in the ancient Tianxi family, which was one of the eight prohibitions of the flood and famine, called Xingchen change.

After using this access control technique, you can mobilize the power of the myriad worlds and billion trillion stars to infuse yourself, so as to control the power of the stars. It is very powerful.

However, the side effects of this access control technique are also extremely huge. The meridians will be under great pressure and will explode and die at any time.

Since ancient times, there has been only one person in charge of the change of stars, that is the wife of Hongjun's ancestor, Jianjia fairy!

Jianjia fairy once took charge of the star change and made great progress in cultivation by using the power of the stars. However, the huge burden brought by the star change made her meridians extremely vulnerable. At last, when she preached everything, she was devoured and defeated. Finally, she died miserably in unspeakable pain.

Xi Xuantian didn't want to be in charge of star change, because it would cause his meridians to bear a huge load and become extremely fragile.

At that time, his martial arts cultivation will be limited and it will be difficult to break through. Maybe in this life, he will stop at the hundred yoke state and will not have the hope of becoming a king of Jin.

He is less than a thousand years old and has cultivated to seven layers of heaven in the hundred yoke realm. Where is he willing to stop here?

The ancient emperor Tianxi said, "yes, I'm going to let you practice star change and improve your strength in ten days. In this way, you can defeat the Lord of reincarnation."

Xi Xuantian panicked and said, "Lao Zu, this star change is a forbidden art. The price is too high. I can't practice. The Jianjia fairy died because of practicing the star change. I don't want to repeat her mistakes!"

The ancient emperor Tianxi's face sank and said, "how can you defeat the Lord of reincarnation if you don't practice star change?"

Xi Xuantian was speechless. Indeed, the decisive battle began ten days later. There was only ten days. There was no other way to make his martial arts advance by leaps and bounds and overcome reincarnation.

The ancient emperor Tianxi said, "if you die in the hands of the Lord of reincarnation ten days later, everything will come to naught. If you want to overcome reincarnation, you have to practice forbidden art."

Xi Xuantian struggled in his heart, but there was nothing he could do. He said, "yes, Lao Zu, I know. I... practice is."

The ancient emperor Tianxi nodded slightly and said, "this is the secret script of star change. You can understand it well in these ten days. With your talent, you will understand thoroughly and master the power of the stars in the sky within ten days."

While talking, he flexed his fingers and shot a ray of starlight into Xi Xuantian's mind.

Xi Xuantian's whole body was shocked. He only felt a subtle, ancient, vast and profound magic script poured into the sea.

That's one of the eight prohibitions of the great famine, the secret of changing stars.

"Please rest assured, when I become a star, I will kill reincarnation and expand the glory of my Xi family."

Xi Xuantian bit his teeth, sat cross legged and began to realize the wonderful method of changing the stars.

For the family, he is a dazzling star.

But to my grandfather, he was just a chess piece.

This is a bit ironic.

But he had no choice.

.....

At the same time, Ren extraordinary also took Ye Chen to the extreme south of the dark forbidden sea.

This place is filled with a trace of ancient and dense aura. There are islands floating in the sky, and the breath is quiet, just like a paradise.

"What is this place?"

Ye Chen was quite surprised and asked.

Ren extraordinary way: "Luosheng islands, the territory of Luosheng ancient people."

Ye Chen said, "Luosheng ancient people? Is one of the three ancient tribes? "

There are three ancient families in the dark forbidden sea. In addition to Tianxi ancient family, there are also two, one is Luosheng ancient family and the other is XuanZhen ancient family.

Ye Chen didn't expect that Ren Feifan came to the territory of Luosheng ancient family with himself.

Ren Feifan said, "yes, I'll take you to meet a friend. He is the head of Luosheng ancient family, named luolinsheng."

Then Ren Feifan flew to Luosheng islands with Ye Chen.

Ji Siqing and Xia Xuansheng stayed on the wish star for the time being.

Ye Chen was surprised and thought, "elder Ren is really amazing. He actually knows the patriarch of Luosheng ancient family and is still a friend."

They came to the boundary of the Rosen islands. There are many statues standing on the island, some of which are actually Ren's extraordinary appearance.

There are many people in the Luosheng ancient family who are dedicated to extraordinary, and the incense is quite prosperous.

"Elder Ren, this Luosheng ancient family is still worshipping you?"

Ye Chen was even more surprised.

Ren Feifan smiled and said, "a long time ago, Taigu Taotie attacked the luoshenggu family. I beat back that Taotie, so I also have many believers in this place."

Ye Chen's expression was strange and lost his voice: "Taigu gluttonous is... One of the four animal kings under Hongjun?"

Under the seat of Hongjun, there are four animal kings, one of which is Taigu gluttonous, named the king of phagocytosis.

Ren Feifan's eyes coagulated and said faintly, "exactly."

Hearing this sentence, ye Chen was shocked secretly. Unexpectedly, Ren Feifan also fought with the king of phagocytosis, and even drove the other party back.

After Ren Feifan and ye Chen stepped into the boundary of the Luosheng islands, there were many strong patrols. When they saw Ren Feifan coming, they were shocked and came up to say hello respectfully:

"Heaven has ordered the holy emperor to come. I Luosheng ancient people are far from welcome. I hope you will forgive me."

Ren Feifan said, "it doesn't matter. I'll meet my old friend. Is your patriarch there?"

The patrolling strong man said, "report back to the holy emperor of heaven. The patriarch is on the blood moon island. I'll report it now."

Ren Feifan nodded and said, "OK, please."

Among the Luosheng islands, the core island is called XueYue island. Ren extraordinary used the blood moon to kill the sky and beat back the Taigu gluttonous food on this island. Therefore, this island was named.

The strong patrolman quickly went down to report. After a while, a burst of hearty laughter rang out, but he saw a powerful middle-aged man flying out of the blood moon island.

The man, dressed in silver armor, has powerful facial features, is dignified, and has a momentum of long-standing battle and great atmosphere.

Chapter 6647

"Brother Ren, you're all right!"

The man came quickly and bowed his hand respectfully to Ren extraordinary.

Ren Feifan said with a smile, "chief Luo, I haven't seen you for a long time."

Then Ren Feifan introduced to Ye Chen: "this is the contemporary patriarch of Luosheng ancient family, Luolinsheng."

Ye Chen bowed and said, "younger Ye Chen, I've seen chief Luo."

Luo Linsheng looked at Ye Chen, his eyes narrowed slightly, and said with a smile, "brother Ren, this is the Lord of reincarnation you often mention? It's really a talent! "

Ye Chen said, "chief Luo laughed."

Luo Linsheng praised Ye Chen a few words, exchanged greetings for a while, and said, "brother Ren, I just saw the direction of Tianxi Island, and the weather of blood moon giant whale appeared. A fight broke out between you and Tianxi ancient family?"

Just on Tianxi Island, Ren Feifan rolled over the four sides with a startling posture. The weather even felt the Luosheng islands hundreds of thousands of miles away.

Vaguely, Luo Linsheng had guessed that there was a great struggle between Ren Feifan and Tianxi ancient family.

Ren Feifan nodded slightly and said, "yes."

Then he explained the cause and effect of Tianxi island in detail.

Luo Linsheng heard that ye Chen and Xi Xuantian would decide life and death in ten days. He was slightly surprised. He looked at Ye Chen and said, "Ye Xiaoyou, your cultivation is only half a step too true. Can

you defeat Xi Xuantian? He is a strong man in the seven layers of Baijia territory! Even I have to be afraid of three points. "

At present, Luo Linsheng's cultivation is eight layers of heaven in the hundred yoke territory.

Looking at the whole Luosheng islands, in fact, luolinsheng's strength is only in the middle stream, not even the top.

The real top experts of Luosheng ancient clan are all hidden elders. They are busy practicing and rarely appear in peacetime. Therefore, the worldly affairs are left to Luo Linsheng.

Therefore, even Luo Linsheng felt difficult in the face of Xi Xuantian and dared not say that he was 100% confident of victory.

Ye Chen said calmly, "if it's a normal duel, I'm enough to kill Nazi Xuantian, but this duel, they may use forbidden art."

"Forbidden art?"

When Luo Linsheng heard this, he suddenly changed his face and blurted out, "is it the stars?"

Ye Chen said, "that's right."

Luo Linsheng said, "the change of stars is one of the eight prohibitions in the flood and wasteland. It was once the forbidden art of Jianjia fairy cultivation. It fell from the xuanhai a long time ago. I Luosheng ancient family competed with Tianxi ancient family. Unfortunately, they took away the secret script of the change of stars."

Ren Feifan said: "in this decisive battle of life and death, the ancient emperor Tianxi must use the stars to change, otherwise he will never have a chance to win."

Luo Linsheng frowned and said, "it's no small matter that the stars change this access control technique, which can be in charge of the divine power of the stars. If this forbidden technique is really used, ye Xiaoyou, even if you have reincarnation blood and master the water stop sword, you may not be able to match."

The legend of waterstop Kendo can reverse the reality, but with Ye Chen's current cultivation, it is naturally impossible to ignore all the laws of reality. After all, it is still limited by reality.

Under the limitation of the law of reality, he wanted to crack the change of stars, but it was more difficult than going to heaven.

Ren Feifan said, "that's right. The star has become very tricky. I don't even have a way to solve it. Therefore, I'm here to ask clan leader Luo for your help."

Luo Linsheng frowned deeper. Obviously, he knew that the star had become terrible. It was not easy to crack it.

"Brother Ren, you saved my life when Taigu gluttonous made trouble. I'm very grateful. I'm your most loyal follower. You can do anything you ask me to do, but there's nothing I can do to crack the star change. That prohibition is too mysterious."

Luo Linsheng sighed, but there was no way to break the forbidden art.

He really wants to help, because he owes Ren extraordinary kindness.

A long time ago, Taigu Taotie made a riot in Luosheng ancient family. Even the ancestors of Luosheng ancient family were injured. Finally, Ren extraordinary turned the tide and saved Luosheng ancient family.

Therefore, Luo Linsheng is very grateful to Ren Feifan, but this star change is really too mysterious and complex. He can't crack it anyway.

Ren Feifan said, "it doesn't matter, clan leader Luo, I heard that there is an elder of your Luosheng ancient clan who has studied the mystery of star change. If you can invite him out of the mountain, maybe you can help me."

Luo Linsheng changed his face and said, "brother Ren, you... You mean elder Luo Xi?"

The secret script of Xingchen change once belonged to the Taoist tradition of Jianjia fairy. Later, it accidentally fell from xuanhai.

The fierce battle broke out between the Tianxi ancient clan and the Luosheng ancient clan.

Although in the end, the secret script of Xingchen change was robbed by Tianxi ancient family.

However, during the competition, the Luosheng ancient family also took charge of the star change for a short time. An elder studied it carefully and knew the secret of the star change.

This elder, his name is Roche!

Ren Feifan said, "yes, clan leader Luo, can you invite elder Luo Xi out of the mountain for me? I would appreciate it if he would give me some advice. "

The change of stars is one of the eight prohibitions of the great famine. It is too mysterious. He can't see its mystery. Therefore, now he wants to ask elder Luo Xi to go out of the mountain and point out Ye Chen.

If ye Chen doesn't get guidance and doesn't know how to solve the change of stars, he will be defeated in the decisive battle in ten days.

"This..."

Luo Linsheng was a little embarrassed and said, "elder Luo Xi, when he understood the change of stars and realized 90%, the secret script was suddenly robbed by the Tianxi ancient family. He was so angry

that he vomited blood. His mood has become very extreme. At present, he is living in seclusion, and even his children and disciples are missing. I'm afraid it's difficult to ask him to go out of the mountain."

Chapter 6648

Ren extraordinary frowned and said, "let me come forward. Can you ask elder Luo Xi to come out of the mountain?"

Luo Linsheng was startled when he heard that Ren Feifan wanted to come forward in person and said, "brother Ren, you don't have to bother you about this. I know you have a lot of cause and effect, and I can't bear you to be contaminated with evil numbers."

After a pause, Luo Linsheng clenched his teeth and said, "well, I'll try. I can ring Luo Sheng's bell and call elder Luo Xi out of the mountain."

"Elder Luo Xi lives in seclusion and doesn't show up at ordinary times. Only when something big happens to his family and rings the Luo Sheng Ming bell can he get out of the customs. I ring the bell to summon him."

Ren Feifan's face relaxed and said, "thank you so much."

Ye Chen also hurriedly arched his hands and said, "thank you, clan leader Luo."

Luo Linsheng smiled and said, "you don't have to thank me. If you remember the kindness of my luoshenggu family, it will be when you take charge of the peak of reincarnation and resurrect all the fallen people of my luoshenggu family."

Ye Chen smiled awkwardly, but he didn't know when he was in charge of the reincarnation peak. He said, "sure, sure."

"Come on, I'll take you to sky Island, where elder Rohi lives in seclusion."

Luo Linsheng waved his hand and took Ye Chen and Ren extraordinary to sky island.

All the islands of the Rosen islands are suspended in the sky, and the sky island is the highest place in the sky, representing the supreme status.

This sky island was originally the place where the ancestor of Luosheng ancient family, Senluo Tianjun, lived.

Later, when Senluo Tianjun saw elder Luo Xi, he was so angry that he vomited blood and almost became possessed by the devil because of the change of the stars, he let the sky island out and let elder Luo Xi live and regulate his breath.

Luo Linsheng took Ye Chen and Ren Feifan to the sky island.

On the sky Island, there are many strong young people guarding the town. They are the ethnic descendants of elder Rohi.

"I've seen chief Luo."

Seeing that Luo Lin was born, they bowed, but the tone was a little cold and there was no respect.

Because Luo Linsheng, the patriarch, is actually a chore, dealing with worldly sundries.

The real core masters of the Luosheng ancient family are the reclusive elders, who are super strong at the level of heavenly king, but they are not comparable to luolinsheng.

For example, elder Luo Xi's accomplishments have surpassed the hundred yoke realm and is an expert in the realm of the heavenly king.

These young watchmen naturally look down on Luo Linsheng.

Luo Linsheng nodded and said, "I want to ring Luo Sheng's bell and call elder Luo Xi out of the mountain. Get out of the way."

As soon as the defenders heard this, they were alert and humane: "clan leader Luo, why did you call the elders out of the mountain? Is there any great change in my Luosheng ancient family? "

Luo Linsheng said, "there's no big change. It's the holy emperor of heaven. I just want to see elder Luo Xi."

As soon as they heard this, they gathered their eyes together on Ren extraordinary, which recognized Ren extraordinary's identity.

They are disciples of the younger generation. They have never seen the extraordinary power of Ren in those years. When they see the statues everywhere in the Rosen islands, they even have some resentment in their hearts.

"Is this Mr. Ren extraordinary? What do you want to see elder Roche? "

A watchman looked at Ren extraordinary with vigilance, and his tone was not respectful.

Ren's extraordinary breath is restrained, and there is no outbreak of the majesty of the supreme emperor, so these defenders do not know his power.

As for the old legend, Ren extraordinary turned the tide, defeated Taigu Taotie and saved the luoshenggu family. It's just an ancient rumor. These young disciples don't believe it.

Ren extraordinary's eyes were cold. If an outsider dared to be so rude in front of him, he would have killed him with a sword.

But these guards, after all, are disciples of the Luo family. Ren Feifan is inconvenient to attack. He endured his anger: "I want to see elder Luo Xi. There is something important to discuss. Please get out of the way."

A watchman sneered and said, "if you say get out of the way, get out of the way? I really think I'm the holy emperor of destiny. You're just an outsider. Your statue doesn't deserve to stand in the boundary of my Luosheng ancient family! "

In the Luosheng ancient family, the elders are very respectful and impressed with Ren Feifan, which makes the younger generation of disciples very dissatisfied. They think that the giant of the Luosheng ancient family should bow to an outsider, which is humiliating.

Therefore, now I see these young disciples behind Ren Feifan Zhen, who don't respect them and even deliberately provoke them.

Ren Feifan's face sank and said, "you shouldn't be so!"

He knew that the other party was deliberately provocative and wanted to lead him to make a good article, but his temperament was very strong and could not be insulted. When the other party said rude words, he immediately slapped him.

Bang!

The watchman, who received a special slap on his chest, vomited blood on the spot, smashed his bones, fell to the ground and was dying.

Fortunately, Ren Feifan knew the discretion and left a little force. He just hit the other party hard and didn't kill him.

Qiang!

Seeing that Ren Feifan dared to do it, the surrounding defenders immediately pulled out their weapons and surrounded Ren Feifan and ye Chen.

Someone rang Luo Shengming bell to call elder Luo Xi out of the mountain and preside over justice.

Luo Linsheng was so frightened that he hurried out to make things right and said, "brother Ren, have something to say. Don't be angry with the younger generation. Compared with you, they are just a group of mole ants."

Ren Feifan knew that if he didn't make a movement today, ye Chen wouldn't have a chance. He said, "mole ants bite people, it's natural to crush them."

Dang!

At this time, the Luo Shengming bell was also sounded by a watchman.

Luoshengming bell stands in the center of sky island. It is a dark old clock, which is engraved with inscriptions. The source gas flows, which is very mysterious.

As soon as the luoshengming bell rang, the loud bell spread all over the sky island.

WOW!

As the bell rang, a void in the sky island was in full bloom. It seemed that a vast force was startled out.

Click!

The space is broken, and a white haired old man appears.

The old man has a heavy pupil in his eyes, has a triple aura, wears a purple gold Taoist robe, and exudes a fierce majesty. His cultivation has exceeded the hundred yoke realm. He is a strong man at the level of the heavenly king.

"See elder!"

The watchmen on sky Island, the younger generation of disciples, saw the old man coming and knelt down and kowtowed.

This old man is elder Luo Xi. He was almost in charge of the existence of Xingchen. He was an expert at the level of Tianjun.

"Elder, this Ren extraordinary is making trouble in our sky island. You must punish him!"

A young disciple hurried to Rosie.

As soon as Luo Xi saw Ren Feifan, he first showed a look of shock, followed by excitement, admiration, worship, shame and so on. When he heard the words of the young disciple, he knew everything for a moment.

Chapter 6649

"A group of waste, when the holy emperor of heaven comes, you don't have any respect. What crime should you commit if you don't respect heaven?"

Luo Xi was so angry that he slapped the young disciple with his back hand that he exploded his body, leaving only a wisp of remnant soul.

The disciples around him were stunned when they saw that Rosie was so angry.

Luo Xi stepped forward quickly, plopped, knelt down in front of Ren extraordinary, and said: "my husband Luo Xi, I have seen the Heavenly Emperor. I wish the Heavenly Emperor to take charge of the heavenly principle as soon as possible, dominate the heavens, surpass the feather emperor and dominate the world."

Ren Feifan smiled, picked up Luo Xi and said, "Mr. Luo is too polite. Please get up quickly."

Many disciples around were stunned and couldn't believe their eyes when they saw this scene.

In their hearts, elder Luo Xi, who was of incomparably high status, knelt down and saluted directly at the sight of his extraordinary arrival. How could this be possible.

In their hearts, it seems that even their faith has collapsed and people are stupid.

Is this Ren extraordinary really so powerful?

Ye Chen was surprised when he saw this. Although he knew Ren was very powerful, he didn't expect to be so powerful. Even the elder Luoxi was also his disciple.

Elder Luoxi calmed down, looked at Ye Chen and said, "this is the Lord of reincarnation?"

He wanted to kneel down and salute again. Fortunately, he was stopped by Ren extraordinary.

Ye Chen quickly arched his hands and said, "younger Ye Chen, I've seen Luo Changlao."

Elder Luo Xi nodded slightly and said, "it's Ye Xiaoyou. You're only half a step away from the Taizhen realm and you're the third on the list of forbidden days. You'll have a great future. You'll be able to join hands with the holy emperor of destiny to dominate the heavens and threaten the universe."

Ye Chen smiled awkwardly and said, "elder Luo laughed."

The young disciples around knew that ye Chen was the Lord of reincarnation, and were even more stunned.

Luo Xi said, "Ye Xiaoyou, the holy emperor of heaven, you come to me. I don't know what you do. Alas, I'm tired of the world and have been living in seclusion. I really don't want to set foot in the world of mortals. If you have anything, you'd better ask clan leader Luo to solve it."

In his tone, his interest was waning. Obviously, he didn't want to get involved in the cause and effect of the world of mortals, but just wanted to live in seclusion.

Ren extraordinary way: "Luo Changlao, this matter can only be solved by you. If you disturb me, please forgive me."

Rosie said, "I don't know what it is?"

Ren Feifan said, "it's the change of stars..."

At that moment, I briefly explained the battle between Ye Chen and Xi Xuantian, and the ancient Tianxi family's use of star changing forbidden art.

"The stars change..."

When Luoxi heard these three words, his pupils contracted for a while, his face was gray, and he staggered back a few steps. It seemed that some evil spirit was touched. With a crash, he opened his mouth and vomited blood, and fell to the ground.

"Elder!"

The young disciples around hurriedly stepped forward to help.

Roche staggered to his feet, but his face was pale.

Ren Feifan and ye Chen were surprised. Unexpectedly, the other party had such a big reaction.

Ren extraordinary way: "Luo Changlao, what's the matter?"

Luo Xi said with a wry smile, "this star change is my evil spirit. I really don't want to think of it again. I once got the secret script of star change and understood 90% of it. I was only a little short of success. In

the end, I was taken away by Tianxi ancient family. This is my eternal evil spirit. I have lived in seclusion on sky island for thousands of years. I am very angry and painful. You mention it today, But it reminds me of very painful memories. "

The most painful thing for a person who practices martial arts is that he has half understood martial arts and supernatural powers, but he is interrupted by others, and he still has no hope of understanding them all his life. This can make people feel uncomfortable and spit blood.

Roche, who had suffered such pain, almost realized the change of stars, and finally failed.

Ren Feifan said: "that star change is a forbidden art. Understanding it may not be a good thing, but it may hurt yourself. Elder Luo, you are lucky if you don't understand it in the end."

Luo Xi waved his hand and said, "the so-called morning news, death can be done in the evening. The holy emperor of heaven, I think you also know this truth. After all, star change is one of the eight prohibitions of the flood and famine. It is very subtle and mysterious. I can almost see the star avenue. In the end, it failed miserably. You can imagine my mood."

Ren Feifan was silent. Luo Linsheng looked at Ye Chen and didn't know what to say to comfort him.

After a pause, Ren extraordinary then said, "Mr. Luo, I only ask you one thing now to guide this boy and let him know the secret of the magic power of the stars. In this way, when the decisive battle begins ten days later, he can at least have a way to deal with it."

Luo Xi smiled bitterly and said, "I don't want to mention that the star has changed into three characters at all. Don't you ask me to tell him the pain of the devil?"

It can be said that the three words "stars change" are the eternal pain of Roche, and he is no longer willing to recall it.

Ren Feifan is speechless and knows the difficulties of Luoxi.

Luo Xi pondered for a moment and said, "well, the holy emperor of heaven, you have great kindness to my Luosheng ancient family. Now you are in danger with reincarnation, and I can't sit idly by. If the Lord of reincarnation can lift this Luosheng bell, I will promise to give him directions."

With that, Roche pointed to the ancient clock in the center of sky island.

The luoshengming clock, dark and heavy, stands on the sky island. Few people can lift it for tens of thousands of years.

Ren Feifan's face sank and said, "Luo Changlao, you are deliberately embarrassed. The prohibition of Luo Sheng's Ming clock is strong, and you can't lift it by strength alone. I heard that since the birth of Luo Sheng ancient family, only six people can lift it, and these six people are epoch-making existence. You call ye Chen to lift the clock, which is too difficult for him."

Chapter 6650

This luoshengming bell, Ren Feifan also knows that its quality is extraordinary. It's very difficult to lift it.

If he did it, he could naturally lift it up, but ye Chen's words, of course, are reincarnation blood, and his current strength is unlikely to do so.

Luo Xi's request shows that he deliberately embarrasses Ye Chen so that they can retreat.

He still didn't want to mention the change of stars. After all, the pain in the past was too deep.

Elder Luo Xi smiled and said, "if the legendary Lord of reincarnation can't even lift an ancient clock, I don't need to point him out."

The implication is that ye Chen doesn't deserve his advice if he can't lift Luo Shengming bell.

Ye Chen's eyes were cold and said, "elder Ren, I want to try!"

Ren Feifan said: "no, the Luo Shengming bell can only be raised after the realm of the heavenly king. If you force the bell to be raised before your realm is reached, it is likely to be eaten back."

Ye Chen said, "we can't underestimate it."

Elder Luo Xi smiled and said, "the holy emperor of heaven, let him try. Maybe reincarnation can create miracles."

Ren extraordinary's eyes twinkled for a while, weighed again and again, and finally nodded: "well, just try, boy, be careful. If you really can't lift it, don't be hard."

Ye Chen said, "don't worry, elder Ren, I know."

With that, ye Chen took a deep breath and went to the front of Luosheng Ming clock.

Luo Xi, Luo Linsheng and Ren extraordinary stared at Ye Chen.

The young disciples of the Luo family around also looked at Ye Chen curiously.

They wanted to see if the legendary Lord of reincarnation was really so powerful that he could lift Luosheng's bell.

After all, there are only six people in the Luo family who can lift this ancient clock for more than 100000 years.

Even Luo Xi can't lift himself.

Ye Chen took another deep breath, squatted down, sank into the Dantian, inserted his hands into the bottom of Luo Shengming clock, and drank: "get up!"

His arms were blue and sudden, and he tried his best to lift Luo Shengming clock.

However, to Ye Chen's surprise, the Luo Sheng Ming bell seems to have taken root, with a strong prohibition, connected with the earth vein.

If you want to lift this ancient clock, it is tantamount to breaking the earth's vein. It is simply impossible.

Ye Chen tried his best, clenched his teeth, even his neck was thick red, and his green veins on his forehead were exposed, but he couldn't shake the ancient clock.

"Wish sky and star, yellow spring map, Hongmeng big star sky, reincarnation, holy soul sky, soul body transformation!"

Ye Chen, aware of the difficulty, immediately gave a violent drink and sacrificed the wish sky star and the yellow spring map. Then he opened the Hongmeng big star sky and the reincarnation holy soul sky. The soul body was transformed. Many auras were poured into his body, and his strength suddenly soared.

When the power soared, ye Chen tried to lift the clock again, but an unexpected scene happened. He was still unable to shake the ancient clock.

"How is this possible!"

Ye Chen was completely stunned. Unexpectedly, Luo Shengming clock was so powerful that he tried his best to lift it.

"Hahaha, it seems that the so-called Lord of reincarnation is just like this."

"I advise you to give up."

"Your blood is too weak. You also want to lift the Luo Sheng Ming bell before you reach the realm of the heavenly king?"

The young disciples of the Luo family around them laughed at Ye Chen's embarrassed appearance.

"Shut up!"

Elder Luo Xi's face sank and gave everyone a look.

They immediately shut up, but they did not dare to go against the will of the elders.

Ye Chen clenched his teeth and tried many times, but he still couldn't lift Luo Shengming clock.

When Ren Feifan saw that ye Chen was going to fail, he sighed in his heart: "is God's will so?"

Ye Chen is angry and wants to give up.

At this time, he heard the voice of the old in the reincarnation Cemetery:

"Boy, can you only use brute force? If you want to lift this rotten clock, you can't use brute force alone. You need a clear heart. "

"Clear heart of Tao?"

Ye Chen was stunned. When he heard Huang Lao's words, he suddenly felt a sense of enlightenment.

"I see!"

He took a deep breath and shouted:

"Wuzu Taoist heart, reincarnation, double pupil, open!"

The next moment, ye chenwuzu's heart opened, and his reincarnation pupil also opened. There was a circle of aura blooming from his eyes.

For a moment, ye Chen's breath became extremely fierce and pure. Although his strength did not improve, his heart became clear, and the whole person's breath also changed.

"Huh?"

Luo Linsheng, Luo Xi, and the Luo family disciples around him were surprised when they noticed the change of Ye Chen.

"Get up!"

Ye Chen drank violently, and his hands made a sudden force and clicked. Finally, he lifted the Luo Sheng Ming clock from the ground.

This time, ye Chen suddenly felt a lot easier. The ancient clock became weightless. After he lifted it, he even raised it directly above his head with one hand.

Seeing this scene, the whole audience was shocked.

Roche was also shocked and whispered, "it's impossible to do this?"

Now ye Chen is not only lifting Luo Sheng's bell, but even lifting the top with one hand. It's incredible.

You know, none of the six people of the Luosheng ancient family had tried this height before.

Boom!

As ye Chen raised the Luosheng bell, the earth vein of the whole Luosheng islands seemed to be torn off, and a great shock occurred. The four fields of heaven and earth roared like thunder.

"Lord of reincarnation, please come and get together."

At the same time, the void on the sky Island burst, a rainbow bridge stretched out, and an old and desolate voice sounded from behind the void.

"Lao Zu!"

Luo Linsheng and Luo Xi were surprised at the sound.

That's the voice of Senluo Tianjun, the ancestor of Luosheng ancient family!

Senluo Tianjun gave the sky island to Luoxi to live, but he didn't leave, but hid in a very deep space and time.

Now, aware that ye Chen raises the ancient bell, Senluo Tianjun's voice comes out from the deep space and time, and wants to invite Ye Chen to get together.

Ye Chen was stunned. He didn't expect Senluo Tianjun to invite him.

"Elder Ren..."

He looked back at Ren extraordinary.

Ren Feifan said, "since Senluo Tianjun has an invitation, you can go to see him."

"Yes."

Ye Chen nodded and agreed, immediately put down Luo Shengming clock and stepped on the Hongqiao.

Hongqiao shuttle, with Ye Chen, through the void, to the deep mysterious time and space of sky island.

There was chaos and darkness here. There was no one. There was only a huge heart hanging in space. It beat violently and made a loud noise like a sky drum.

This heart is indescribably huge, much larger than the sun and stars. Ye Chen looks very small in front of this heart, ten thousand times smaller than mole ants.

But against the backdrop of the chaos of the vast universe, this heart seems small.
