

Physician 6651

Chapter 6651

"Elder..."

Ye Chen looked around, but there was no Senluo Tianjun. Only this big heart was beating fiercely.

"I'm right in front of you."

There was an old voice in the void.

"What?"

Ye Chen was stunned and looked at the huge heart in front of him.

Is this heart the ancestor of Luosheng ancient family, Senluo Tianjun?

Senluo Tianjun said, "this heart is me. When the king of phagocytosis, Taigu gluttonous came and ate my flesh, I only have this heart left."

Hearing the speech, ye Chen was shocked.

Senluo Tianjun, since he is the ancestor of Luosheng ancient family, I think his strength is no worse than that of Tianxi ancient emperor. He should also be an expert in boundless territory.

However, such masters were eaten by the devouring king. It can be imagined that the devouring king was terrible and worthy of being a divine beast under Hongjun's ancestral seat.

And Ren Feifan, who was able to repel the king of phagocytosis with one hand, was even more terrible.

Bang, bang, bang!

The beating of the heart and the huge heartbeat spread all over the universe, which made Ye Chen's heartbeat resonate.

"I didn't expect the Lord of reincarnation to visit our Luosheng islands, which is the glory of our Luosheng ancient family."

Senluo Tianjun's voice was sighing.

Ye Chen hurriedly said, "elder, I'm joking."

Senluo Tianjun said, "I just didn't expect that the cultivation of the reincarnation Lord of this life would be so weak, only half a step too true."

Ye Chen gave a "Er" sound, and was embarrassed. She said, "I have low accomplishments, which makes my predecessors laugh."

Senluo Tianjun said, "I know your real combat effectiveness must be more than that, but in the real world, it is eternal power after all. It is difficult for you to give full play to the full power of reincarnation blood."

Ye Chen said, "that's right. I'm also practicing hard. I don't dare to relax one day."

Senluo heavenly king "um" gave a sound and said, "you can lift the Luosheng dark bell and have a relationship with my Luosheng ancient family. I can give you an opportunity and maybe help you become stronger."

Ye Chen said, "Oh?"

He didn't expect that Senluo Tianjun called him to come directly to present the opportunity.

Senluo Tianjun paused and then said, "that chance is actually a pill called reincarnation pill."

Ye Chen's pupil contracted and said, "reincarnation elixir? Is it related to reincarnation? "

Senluo Tianjun said, "well, I got a fragment a long time ago, which is the fragment of reincarnation holy soul heaven and Heavenly God soul Tao."

There are six pieces of reincarnation holy soul heaven, and the God soul Tao is one of them.

Ye Chen was surprised when he heard Senluo Tianjun say that he had actually contacted the God soul way.

Senluo Tianjun continued: "unfortunately, I can't refine the fragments of the divine soul path that day. I just refined the aura and refined a reincarnation elixir. Now I'll give it to you. It should strengthen your reincarnation blood."

Ye chenlian hurriedly said, "Sir, where are the fragments of the divine soul path that day? Is it still in your hand? "

What reincarnation elixir is only a pill after all. Ye Chen doesn't care. What he wants is the fragment of the God's soul road.

After all, this reincarnation elixir is only refined from a wisp of aura of God fragments.

Senluo Tianjun was quite helpless and said, "it's gone. The king of phagocytosis invaded the boundary of our Luosheng islands. The fighting was very fierce. The fragments of shenhundao were also lost in the war that day. I don't know where to go."

Ye Chen was rather disappointed and said, "really?"

But when you think about it carefully, where is it so easy to get the fragments of reincarnation holy soul day? You have a little peace in your heart, and then ask:

"Master, what about the reincarnation pill? I'm very grateful that you will give it to me. With that elixir, I may be able to trace the secret of heaven and find out the whereabouts of the fragments of the gods! "

Reincarnation elixir, after all, is the refining of the aura of God fragments. If you take this elixir as a clue and deduce the secret of heaven, you may be able to find out the real location of God fragments.

Senluo Tianjun smiled and said, "I give you pills. It's my intention. The fragments of the God are lost. Now we can only trace back and find them by relying on the reincarnation pill."

After a pause, Senluo Tianjun said again, "however, you must promise me that if you can find the fragment of the God, you will protect the peace of my Luosheng ancient family in the future. I have a hunch that the luck of the Luosheng ancient family will be scattered, which is a sign of destruction. Now you can only seek the shelter of reincarnation."

Ye Chen heard Senluo Tianjun's request, thought it over slightly, and nodded: "yes, sir, as long as I can find the fragment of the God, I am willing to protect the peace of the Luosheng family."

Hearing Ye Chen's answer, Senluo Tianjun was overjoyed and said, "very good, Lord of reincarnation, it's really pleasant. Take this reincarnation pill."

The voice fell, the void was torn, and a medicine bottle floated out.

Ye Chen took the medicine bottle and opened it. There was a golden elixir in it, filled with strong elixir fragrance.

When smelling the danxiang, ye Chen's blood had a refreshing feeling and a resonance.

This pill is obviously related to reincarnation.

It seems that Senluo Tianjun is right. This reincarnation elixir is indeed forged with the aura of God fragments.

Ye Chen was trying to take the pill, but Senluo Tianjun hurriedly stopped it and said, "don't be impulsive."

Ye Chen was stunned and said, "what's the matter, senior."

Senluo Tianjun said: "after taking the reincarnation pill, there will be a short reincarnation soul power blessing. That is the residual energy of the God fragments, but it can only exist for a very short time. If you take it now, it will be wasted."

Chapter 6652

"Why don't you wait ten days, and the showdown between you and Xi Xuantian is coming. It's not too late to take it again."

Ye Chen suddenly said, "OK, I see. Thank you for reminding me." Now collect the pill first.

Senluo Tianjun said "well" and said, "good. Go out first. I wish you all the best."

Ye Chen saw Senluo Tianjun with only one heart left and said, "senior, do you need me to reshape your body?"

Senluo Tianjun smiled and said, "no, I'm the Tianjun of boundless territory. Even if you kill yourself now, you'll be dissatisfied with my flesh and blood. Life and death are life and death, as long as you promise to protect my people. As for my life and death, it doesn't matter."

Ye Chen was quite embarrassed when he heard Senluo Tianjun's words, but he ignored the gap between the realm.

Before Senluo Tianjun, he was an expert in boundless territory. It's not so easy to reshape his flesh for him.

The master of immeasurable realm is the legendary supreme heavenly king. His power is so terrible that a drop of blood can destroy the universe. It is extremely difficult for a strong man of this level to rebuild after his body is broken. He may not be able to recover a little flesh and blood after consuming tens of thousands of cosmic natural materials and earth treasures.

Ye Chen didn't say anything, but he heard Senluo Tianjun say, "Lord of reincarnation, see you later."

Summoned a Hongqiao and sent Ye Chen out.

Ye Chen left the void and returned to the outside again.

Luo Xi and Luo Linsheng hurried forward and asked in unison, "what did my grandfather say?"

Ye Chen took out the bottle of reincarnation elixir and said, "master Senluo Tianjun, gave me this..."

He simply said what had just happened.

Luo Xi and Luo Linsheng were a little surprised.

Luo Linsheng murmured, "I didn't expect my ancestors to give you shelter from the life and death of our family."

Ye Chen said to Ren Feifan, "elder Ren, I'm not strong enough now. I still need your help if I want to protect the Luosheng ancient family."

Ren Feifan nodded slightly and said, "I know that Senluo Tianjun asked you to protect him. He mostly wanted to ask me to do it."

Elder Luoxi said happily, "the holy emperor of heaven, with the protection of you and the Lord of reincarnation, my luoshenggu family will be fine, and I can live in seclusion at ease."

Ren Feifan said, "don't forget your promise. The stars change."

Hearing the speech, elder Luoxi showed a very painful look and said, "I know that I will explain the mystery of star change to the Lord of reincarnation. I just hope it can end as soon as possible. Alas, I really don't want to mention the past."

Ren Feifan said, "don't worry, it's only ten days. It won't make you suffer for too long. After ten days, you can be completely relieved."

Rosie breathed a sigh of relief and said, "I hope so."

Ren Feifan stared at Ye Chen and said, "boy, in these ten days, you can understand the mystery of the change of stars. I'll pick you up in ten days."

Ye Chen arched his hand and said, "yes!"

At present, Ren Feifan turns around and leaves. He must remain secret and cannot be exposed for too long, otherwise he will be watched by the feather emperor.

Besides the ancient emperor, Ren tiannv also wants to kill him. His situation is more dangerous than before.

Ren tiannv has defected from wanxu, established a desire immortal cult on her own. She has completely broken away from the ancient emperor Yu Huang and urgently needs to expand her strength.

If you can kill Ren extraordinary, she is the only destiny of the Ren family, and no one will compete for her luck.

Therefore, if Ren tiannv locks Ren Feifan's Qi engine, she will launch the battle of destiny in advance and fight to the death with Ren Feifan.

And Ren Feifan's current strength can rank fourth in the world. There is still a little gap with tiannv. If we go to war directly, it will be extremely disadvantageous.

Therefore, Ren Feifan is also very cautious and will never stay too long in the real world.

He gave Ye Chen to Luoxi and left completely.

"Ye Xiaoyou, let's go."

Luo Xi's face was helpless and painful. In fact, he didn't want to mention star change again, but since he promised, he naturally wanted to do it.

Then he took Ye Chen, tore the void and came to his cave.

Roche built a cave on sky island and hid it in the void.

The cave is antique, but it is a little crude.

Luo Xi has been living in seclusion, so the furnishings in the cave are simple.

"Ye Xiaoyou, my cave is a little shabby. Please don't be surprised." Rosie said.

Ye Chen said, "it doesn't hurt."

They sat cross legged in the open space at the entrance of the cave.

Ye Chen solemnly said, "senior, I know you don't want to recall the events of that year, but the dispute between Xi Xuantian and me is no small matter. If I lose, my lips will die and my teeth will be cold. I'm afraid that the Luosheng ancient family will also be suppressed by the Tianxi family. Therefore, please tell me the secret of the change of stars and let me prepare in advance."

Roche nodded slightly and said, "naturally, I will keep my promise."

With that, Luo Xi's eyes narrowed slightly and recalled the secret of the change of stars. Such memories made him recall his regrets in the past. His facial features suddenly twisted and his bones clicked, as if the devil was about to explode.

"Senior."

Without any trace, ye Chen summoned the Hongmeng starry sky, and a ray of starlight shrouded Luo Xi, slightly stabilizing his mind.

Luo Xi breathed a sigh of relief and said, "don't worry about me, ye Xiaoyou. I can still bear the pain of ten days, but the stars have become very complex. I don't know if you can understand it in these ten days."

Ye Chen said, "as long as I know a little trick, I can deal with Xi Xuantian."

Ye Chen was most worried about Xi Xuantian's sudden star change, which caught him off guard.

Therefore, it is necessary for him to contact the secret of star change and prepare in advance.

"Well, the change of stars is one of the eight prohibitions of the flood and famine. It is a secret method to dominate the stars in the sky."

Roche spoke slowly and began to explain the profound meaning of star change.

"After this star becomes a master, it can control the great power of the stars and evolve all star powers."

While talking, Luo Xi's hands were sealed, and a ray of star light suddenly burst out on his body, which was full of the breath of Hongmeng ancient method.

"This is... The mighty spirit of the star emperor!"

Ye Chen was shocked when he saw the stars on Luo Xi.

This is the divine power of the star emperor!

Xingdi Haoran Qi is one of the thirty-three Tianhong Mongolian dharmas, second only to the six samsara Dharma and crape myrtle fatalism. Xuanyuan moxie, the former enemy of Ye Chen and the master of Tiandao palace, is in charge of Xingdi Haoran Qi.

This time, Luo Xi's body also burst out the mighty spirit of the star emperor.

Luo Xi said: "yes, after the stars change, all other star powers can change except Hongmeng's great star sky, which can't evolve. This star emperor's Haoran Qi is no exception."

"At that time, I realized that the stars had become 90%. Although I haven't understood them thoroughly, I also stepped into the threshold and mastered many magical powers of star change."

Luo Xi's palm was slightly frozen, and the starlight in his palm gathered and turned into a star core.

"In this star core, the secret of star change is recorded. Of course, it's just a residual formula. It's less than 10% and can't be completed. Have a good look."

Chapter 6653

Luo Xi gave the star core to Ye Chen.

"Yes!"

Ye Chen took over the star core, held it in the palm of his hand and concentrated on feeling.

Boom!

His brain seemed to be suddenly opened by hundreds of millions of stars, and a beautiful starry world appeared in front of him.

The stars change and gather the power of the stars in the sky. It is very mysterious. After practice, you can arbitrarily control the power of the stars in the universe, and even the mighty Qi of the star emperor can evolve.

Ye Chenwu is very gifted, but when he understands this star core, he also feels a lot of obstacles and can't understand it in a moment.

Luo Xi said, "don't try to cultivate. This star has become a forbidden art!"

Hearing this, ye Chen said, "yes! I was almost careless. "

Luo Xi's face relaxed and said, "you only need to observe and understand the secret method of star change. As long as you master the flow of star Qi, you won't be easily suppressed against Zhan Xi Xuantian ten days later."

"Yes!"

Ye Chen astringed his mind and didn't want to practice. He just realized the secret method of changing stars from the perspective of onlookers.

It would be much simpler if he just looked on and didn't intend to practice. Many tips and essentials of star change and the law of gas engine operation were reflected in Ye Chen's mind one by one.

"If you come across something you don't understand, just ask me," said Rosie

Ye Chen should say, "yes."

Ye Chen meditates and ponders the changes of the stars silently. Occasionally, he meets something he doesn't understand, so he asks Luo Xi.

Luo Xi answered one by one and secretly marveled at Ye Chen's talent.

There are very few things ye Chen doesn't understand. He can basically figure out the whole set of star change secrets by himself, and even if he asks, the questions he asks are the right point.

This talent made de Luoxi extremely appreciate and praise. In the end, he couldn't help praising and said, "Ye Xiaoyou, your talent is excellent. Your achievements in the future will not be weaker than that of the holy emperor."

Ye Chen smiled helplessly. Ren Feifan was the goal he pursued, but Ren Feifan's cultivation was really too terrible. He didn't know whether he had a chance to catch up in his life.

In this way, ye Chen was in Luoxi's cave to observe and understand the wonderful method of changing stars.

His own talent is very high, and he has Luoxi's guidance. Therefore, he realizes very quickly, and everything he doesn't understand and obscure can be solved easily.

Unfortunately, this set of stars has changed, but it is incomplete, with a difference of 10% of the content.

When Luo Xi got the star change script, he was still 10% away from it. As a result, he was robbed by the Tianxi ancient family. Since then, he has no chance to understand it, which is a lifelong regret.

Now ye Chen sees that the stars have become 90% of the content, and it's nearly 10% that he didn't see it. He just makes his heart itchy. The avenue is incomplete, which is very uncomfortable.

This star change is one of the eight prohibitions in the wilderness. It is very mysterious and subtle. Such a subtle magic power can't see the whole picture. Ye Chen almost feels sick to spit blood.

So after eight days, ye Chen has turned over and over the fragments of the star change, but he can't touch the last part of the content, but he feels extremely painful in his heart. He really wants to rush to Tianxi ancient family immediately and seize the complete secret script of the star change.

"Elder, I understand your mood."

Ye Chen smiled bitterly and looked at Luo Xi, feeling a little pity for each other.

The main road is not complete, and you can't see the whole picture of divine skill. It's really a great suffering. A heart is numb and itchy like ten thousand ants.

Roche said, "just understand. I've been suffering for tens of thousands of years."

In fact, star change is a forbidden art. No matter Ye Chen or Luo Xi, they don't want to practice, but since they can't see the whole picture, they are always suffering.

Ye Chen held a fire in her heart, and even returned to the wish star. She fought with Ji Siqing for hundreds of rounds, and the fire was difficult to extinguish.

This is the fire of martial arts.

The desire for martial arts is something engraved in the bones of every practitioner.

"When I defeat Xi Xuantian, I may be able to snatch the secret script of changing the stars!"

Ye Chen clenched his fist and just wanted to fight Xi Xuantian quickly.

This battle is not only for revenge, but also for the change of stars!

Two more days later, the ten day period has arrived. Ye Chen has thoroughly found out the change of the stars into 90%, and has great confidence in the coming World War I.

"Elder, thank you for your ten days' guidance. If I can defeat Xi Xuantian and get the secret script of star change, I will give you a copy."

Ye Chen solemnly thanks Luo Xi.

Luo Xi's eyes brightened, as if he was excited and looking forward to it. It was not easy to suppress it and said, "if I can do so, I will have no regrets in my life."

Ye Chen came out of the cave. It was early in the morning. The wind was clear and the air was cool. A white light came down from the sky. Ren extraordinary came.

"Boy, how's it going?"

Ren extraordinary asked.

Ye Chen said with a smile: "senior, I have probably found out the secret of star change. Even if Xi Xuantian uses this forbidden art, I am not afraid."

Ren Feifan said, "it's very good. Then we'll go to Tianxi ancient family."

"OK."

Ye Chen offered a wish to heaven and stars, and then he and Ren extraordinary controlled the stars and flew to Tianxi ancient family.

Because it's still early in the morning, it's still early, so you don't have to hurry.

Ye Chen just controls the sky and stars to fly, does not tear the void, is to save physical strength.

"The duel is coming. It's time to refine this reincarnation elixir."

Ye Chen moved in his heart and took out the reincarnation elixir given to him by Senluo Tianjun.

The golden elixir, filled with a trace of warm medicine fragrance, only belongs to the breath of reincarnation, which also resonates with Ye Chen's blood.

At that moment, ye Chen swallowed the elixir and refined it with his knees crossed.

Once the elixir is taken, the soul power of reincarnation is released from it, nourishing Ye Chen's lifeblood.

This reincarnation elixir is refined from the aura of God fragments, which is very consistent with Ye Chen's blood.

Under the nourishment of the reincarnation elixir, ye Chen only felt his own blood. As expected, there was a slight growth, and the reincarnation soul body also grew a little.

"I just don't know where the God fragment was that day."

Ye Chen calculated like this and immediately pushed back and traced along the breath of reincarnation elixir, trying to deduce the whereabouts of God fragments.

At present, his reincarnation holy soul heaven already has two fragments. If we can collect the fragments of the God soul Tao, we will make great progress.

Tracing back to the secret of heaven, ye Chen seemed to find the whereabouts of the fragments of God in a hazy way, but the fog of cause and effect was too thick for him to be sure.

"Where is this God fragment?"

Ye Chen frowned, refused to give up, took a deep breath, mobilized the strength of reincarnation blood, and concentrated on the deduction again.

Whoa, whoa, whoa!

Soon, ye Chen saw a stormy wave, blowing a terrible gale everywhere, the tsunami, huge waves thousands of feet, the sky was dark, and a scene of the end of the world.

Chapter 6654

In this dark and violent world, under the deep sea, there is a sacred golden light, incomparably bright, as if there is a sun hidden under the seabed.

"Where is this?"

"Is this where the fragments of God fell?"

Ye Chen was surprised and wanted to check carefully, but the storm around him became more and more fierce, even sweeping his mind.

Plop!

Ye Chen's spirit suddenly fell and fell into the deep-sea vortex.

"No! I was eaten by the secret! "

Ye Chen was surprised and knew that this was a sign of the reversal of the heavenly mystery. There were too many things involved behind the fragment of the Heavenly God, which was in great danger.

His deduction now touched the cause and effect behind it, and was immediately backfired. The whole person's spirit was deeply trapped in the torrent of the deep-sea vortex, and he couldn't get rid of it.

"Hey, boy, what's the matter with you?"

Ren Feifan saw Ye Chen's eyes closed and clearly took the elixir, but his face suddenly became pale, as if he had encountered some great changes.

Ye Chen heard Ren extraordinary's words, but he couldn't respond, because his spirit has been lost in the endless whirlpool, torrent and ocean storm, just like a leaf boat, which will be swallowed at any time.

"Damn it, you're still going to deduce the secret of heaven."

As soon as Ren extraordinary's eyes jumped, he saw that ye Chen suffered from the counterattack of heaven's secrets and lost his spirit. If there is a slight difference, he may fall in this life and never get rid of it.

Now ye Chen's situation is very dangerous and is likely to fall. However, Ren extraordinary can't help him. He can only climb out by himself.

Ye Chen suddenly saw a ray of golden sword light in the endless deep-sea vortex and fierce storm.

The sword light has the breath of reincarnation.

It is the highest reincarnation Heavenly Sword among the eight heavenly swords!

"This is the seal place of reincarnation Heavenly Sword?"

"The fragment of the divine soul path fell near the reincarnation Heavenly Sword?"

Ye Chen was surprised when he noticed the sword light of reincarnation.

He traced back to the God fragments and saw the light of the reincarnation Heavenly Sword. There is only one explanation, that is, the God fragments fell near the reincarnation Heavenly Sword.

"No wonder I will suffer from reverse bite. It turns out that there is the cause and effect of reincarnation Heavenly Sword behind me!"

Ye Chen suddenly realized that it was the first time he had encountered the situation of being eaten by the enemy and the spiritual fall. It turned out that he was affected by the killing of reincarnation Tianjian.

Now that he knew the reason, ye Chen immediately settled down.

With his current strength, it is difficult to accept reincarnation Heavenly Sword, but it is easy to get rid of the influence of reincarnation sword Qi.

After all, the reincarnation Heavenly Sword is made of the Heavenly Emperor bone of his previous life. The core of the sword is a segment of the Heavenly Emperor bone, which is a part of his body.

"As the Lord of reincarnation, I should transcend life and death and eliminate cause and effect."

Ye Chen took a deep breath, calmed down, kept breathing rhythm little by little, and climbed out of the deep-sea vortex little by little.

In the outside world, Ren Feifan saw Ye Chen's face, recovered a little ruddy from the terrible pallor, and knew that ye Chen was at the critical juncture of self-help.

He quickly stopped wishing Tianxing and looked at Ye Chen nervously.

Ji Siqing and Xia Xuansheng were also watching nervously for fear that ye Chen might have an accident.

Ye Chen feels the changes in the outside world. Naturally, he is very anxious. He just wants to get rid of it as soon as possible, but he also knows that if he wants to be quick, he can't reach it. Now he can only do it step by step.

Ye Chen kept the rhythm and let his spirit gradually get rid of the influence of reincarnation Heavenly Sword and climb out of the deep-sea vortex.

It takes time.

The time outside, bit by bit, passed. Ye Chen and Xi Xuantian made a battle today. Although they didn't say a specific time, they couldn't exceed noon, otherwise it would be too impolite and the momentum would be weaker.

After two hours, it was almost noon, but ye Chen didn't break free.

Ren Feifan, Ji Siqing, Xia Xuansheng and others all waited a little impatiently.

Xia Xuansheng said, "master Ren, he won't have an accident, will he?"

Ren Feifan's eyes were burning and said, "he's fine. He just had a little accident. He can solve it by himself, but it takes time."

Ji Siqing said, "there's no time now. It's almost noon. If we don't go quickly, we'll miss the appointment."

Ren Feifan said, "I won't miss it. It's just a little late."

Ji Siqing said, "it's too late. I'm afraid I'll be laughed at."

Ren Feifan's face sank and said, "don't be impatient. Now you can only wait."

.....

At the same time, the duel platform on Tianxi island was already full of people.

Today is the day when the famous reincarnation Lord and Xi Xuantian fight again in the dark forbidden sea.

In the dark forbidden sea, many warriors came to watch the war after hearing the news.

Even the people of the old alliance wanted to come to watch the war, but they were stopped by the Tianxi ancient family.

After all, there was a lot of resentment between the Tianxi ancient clan and the old alliance in the past. It was impossible for them to let the old alliance land on the island. Otherwise, the secret of the ancient clan would be known by the old alliance, and I'm afraid there would be another massacre.

In the duel platform of Tianxi Island, the audience was already full of people. It can be said that there was a roar of people.

However, as time passed, it was almost noon, and ye Chen didn't appear yet.

The audience couldn't help but make a little commotion.

"Is the guy named ye Yatian afraid of the son of the Xi family and run away?"

"By the way, it's said that the son of Xi's family, cultivating forbidden art, stars change, and his strength increases against the sky. Ye kill the sky is by no means his enemy."

"Stars change? One of the eight prohibitions? I'm not afraid of death if I practice such forbidden skills. "

"If the Lord of reincarnation doesn't come, isn't the son of Xi family practicing in vain? Hahaha, if he is killed by the forbidden art, he will be wronged. "

Everywhere in the audience, there were voices of discussion and all kinds of arguments.

Xi Xuantian, the Holy Son of Xi family, sat on a throne and listened to the discussion of the people in the field with a light frown.

With the help of the ancient emperor Tianxi, he has now mastered the change of stars. The price is extremely huge. If ye Chen doesn't come to fight, all his efforts will be in vain.

"The stars change in my cultivation. The burden of meridians is too heavy. I must kill ye Yatian and seize his blood to have the possibility of recovery. Wouldn't I be bad if he didn't come?"

Xi Xuantian secretly planned that he was more eager for ye Chen than anyone.

Now what he fears most is Ye Chen's retreat.

.....

The picture turns and wishes to be on the sky and star.

Ye Chen kept saving herself and climbed out of the deep-sea vortex with a little spirit.

Finally, half an hour later, ye Chen returned to his place, opened his eyes and completely returned to reality.

Chapter 6655

"Elder Ren, I....."

As soon as ye Chen opened his eyes, he saw Ren Feifan, Ji Siqing, Xia Xuansheng and others looking at him with great concern.

"Stop it. The duel will begin right away. Let's go!"

Ren Feifan saw Ye Chen wake up. Without saying a word, he directly grabbed Ye Chen's arm, tore the void and rushed to Tianxi island.

Hiss!

At the next moment, the void broke.

Ye Chen and Ren extraordinary figure emerge in the sky over Tianxi island.

For today's decisive battle, Tianxi island has prepared many protective barriers, and there are large arrays everywhere.

However, these large arrays and blockades cannot be stopped at all.

Ren extraordinary came from tearing the void without any obstacles.

Many elders and strong men of the Xi family took a breath when they saw Ren extraordinary's figure. They felt almost desperate.

The world's fourth master, beyond the existence of natural reason, is really too terrible.

The Xi family has provoked such a big man. It's really hard to kick the iron plate.

Fortunately, today's duel is a personal life and death battle between Ye Chen and Xi Xuantian. Both sides agreed that they should solve it. Life and death are up to heaven, and the elders can't intervene.

In other words, even if ye Chen is killed, Ren Feifan has no excuse for revenge.

This makes many strong people in the Dexi family feel a little relieved.

"Look at you, boy!"

After Ren Feifan brought Ye Chen to, he immediately flashed and disappeared in situ.

The audience also heard the legend of Ren extraordinary's destiny. Now they see Ren extraordinary's real body. Under the heavy array prohibition of Tianxi Island, they come and go freely. They can't help but praise him secretly.

"Ren Feifan is a real hero. I'm afraid the whole Tianxi ancient family can't compare with his spirit."

Many people exclaimed. Ren Feifan is the fourth best master in the world. He transcends the laws of heaven and can see the true face of such a strong man. Today, no matter what the outcome of the decisive battle is, everyone feels it's worth it, and even feels that his life is worth it.

When ye Chen saw Ren Feifan leave, his eyes suddenly coagulated.

He knew that the next duel would depend entirely on himself. Life and death were under his control. Ren Feifan would not fight again.

"Should I call you ye Chen or ye Shitian? Or the Lord of reincarnation? But it doesn't matter. You finally came. I thought you escaped. "

When Xi Xuantian saw Ye Chen coming, he was very happy. He smiled at the corners of his mouth, as if he saw the long-awaited prey.

Ye Chen said, "it's just noon. It's not too late. Let's do it."

After that, ye Chen landed on the duel platform and looked calm.

Xi Xuantian looked at Ye Chen carefully, but found that ye Chen was vaguely shrouded in a layer of soul power, and he couldn't help but feel a chill in his heart.

This layer of soul power is actually the reincarnation soul power briefly blessed by Ye Chen after taking the reincarnation elixir, which is a small gain.

From that layer of soul power, Xi Xuantian felt the breath of reincarnation, but he didn't dare to be careless. He immediately took up 12 points of spirit and landed in the duel platform, confronting Ye Chen left and right.

When they saw the two people, they finally appeared on the stage together. The audience also broke out a burst of warm voices. Some even opened the opening and bet on gambling.

Ye Chen ignored the disturbance of the outside world, only looked at Xi Xuantian and said, "I heard you practiced forbidden art?"

Xi Xuantian's cultivation of the forbidden art of changing stars has spread in the dark forbidden sea. It is difficult to hide the weather of changing stars. After all, it is one of the eight prohibitions of the flood and famine.

"Hehe, you're well informed. I paid a lot of money to kill you today."

Xi Xuantian smiled coldly and didn't hide anything. He clenched his fist directly and burst into a mighty star.

A huge phantom emerged from behind him.

That is the legendary star emperor, the emperor's virtual shadow of the stars.

"The star emperor is mighty, open!"

When Xi Xuantian drank violently, the stars changed and directly evolved the divine awn of the mighty spirit of the star emperor. The virtual shadow of the star emperor behind him was ten thousand feet high and towering.

He pulled his sword out of its scabbard, and a ray of mighty starlight gathered on his sword. Even with the momentum of cutting through the world, he killed Ye Chen.

Vaguely, from Xi Xuantian, ye Chen even saw the shadow of Xuanyuan ink evil. The mighty spirit of the star emperor recalled many of his memories.

"Disaster sky sword, up!"

Ye Chen pulled out the disaster sky sword. Now is not the time to recall. Seeing that Xi Xuantian's star light cut, he immediately waved the disaster Sky Sword and hit up.

Zheng!

When the two swords clashed, ye Chen looked at the flaw in the Qi mechanism of zhunxi Xuantian. A sword hit the weakness of his sword potential, and sparks splashed everywhere.

"Huh?"

Xi Xuantian's face changed. He just felt that ye Chen seemed to see through his divine power Qi machine, and could accurately lock his weakness, which made his aura slightly shocked and turbulent.

"It's just a coincidence."

Xi Xuantian calmed down a little, waved his long sword, and cut hundreds of millions of swords in an instant. The sword took the mighty starlight.

Boom!

The sky shook and night fell, shielding the hot sun.

Countless bright stars emerged in the sky, and a series of surging starlight fell down like a waterfall and poured into Xi Xuantian's sword.

Xi Xuantian sword dances with the stars, and the vastness is extremely overbearing.

The most powerful thing about the stars is that they can control the energy of the stars in the sky. Now the Xi Xuantian sword technique is launched. The stars in the universe seem to be cheering him up. It's very powerful.

Seeing Xi Xuantian's overbearing sword posture, many people were secretly amazed in the audience.

The strong men of the Xi family and Xi Taichong, the master of Xi Xuantian, also nodded secretly. It seems that today's battle is stable.

However, in the face of Xi Xuantian's attack, ye Chen was not afraid at all.

His eyes were as bright as fire. In a moment, he saw all kinds of flaws in Xi Xuantian's sword technique.

In the past ten days, ye Chen has been practicing in the Luosheng ancient family and has mastered the secret method of changing stars into 90%.

Therefore, when he saw Xi Xuantian's sword move, he felt very familiar with it. All the qi circulation seemed to be in his expectation.

Even, ye Chen can predict the action of one step in the world.

"Hehe, the so-called stars change, but so."

Ye Chen disdained to smile and waved the disaster Heavenly Sword. In a moment, he also cut hundreds of millions of swords and competed with Xi Xuan Heavenly Sword.

Countless swords collided fiercely, and the void burst everywhere. Even though there were prohibitions on the duel platform, many prohibitions were broken layer by layer under the impact of Ye Chen's and Xi Xuantian's swords, which aroused a shocking wave of anger.

Xi Xuantian's face changed. He only felt that all the hundreds of millions of swords he wielded were seen through by Ye Chen. Each sword was blocked and each sword was dissolved.

"How is this possible!"

Xi Xuantian was shocked. His sword technique was broken, and the starlight rolled back, shaking him back and forth.

Chapter 6656

"Sorry, I've seen through your martial arts."

Ye Chen smiled coldly and stabbed the disaster Heavenly Sword, pointing to the center of Xi Xuantian's eyebrows.

"It's impossible!"

Xi Xuantian couldn't believe it. Seeing ye Chen's long sword stabbing, he quickly mobilized the power of starlight and gathered his left hand.

"Star fingerprint, suppress it for me!"

With a violent drink, Xi Xuantian slapped wildly and roared out.

This palm of stars twinkled and turned into a huge palm shadow in the sky. There are many star veins on the palm shadow, which rotate like the trajectory of the universe. It is very spectacular.

This vast palm hit Ye Chen's head with his head.

"The sun is shining!"

Ye Chen didn't panic at all. He saw through the structure of the star fingerprint and immediately burst into a sword. The sun fairy gas gathered and cut out wildly. With a continuous stream of disaster gas and a hiss, he broke the star fingerprint of Xi Xuantian with a sword.

Xi Xuantian was shocked. Unexpectedly, all his powers were seen through by Ye Chen. Seeing that ye Chen's Heavenly Sword was killed, he quickly rolled on the spot and dodged in a very embarrassed way.

"This... What the hell is going on?"

In the audience, many elders and strong men of the Xi family were also amazed at this scene.

Now everyone can see that the Martial Way of Xi Xuantian has been seen through by Ye Chen, and there is no secret.

They can't believe it. How on earth did ye Chen do it?

"Ye Shitian, you can actually see my magic power. It's very good. I'll see how you break this move."

"Starburst, sky meteorite, fall!"

Xi Xuan's eyes and canthus were all cracked. He knew that his martial arts were exposed, but he was not too alarmed, because the star changed and was unusually strong. Even if ye Chen could see through, he could not really resist it.

His aura erupted, and the stars in the sky would be attracted. Stars rumbled and turned into meteorites, and fell like an explosion, turning into an apocalyptic meteor shower, pouring into Ye Chen.

When ye Chen saw this move, his pupils contracted slightly.

Because although he could see the changes of the gas mechanism of the meteor shower, the energy of the stars was too terrible to dissolve.

Boom, boom, boom!

Star meteorites hit Ye Chen.

Ye Chen's body kept flashing and moving left and right to avoid the attack of the meteorites. At the same time, he waved his heavenly sword to open the meteorites one by one.

However, the number of meteorites and meteor showers is too terrible to be completely broken.

In an instant, ye Chen felt a little suffocated and difficult to deal with.

"Hey, how about ye Shitian?"

Xi Xuantian saw Ye Chen's embarrassed appearance and smiled proudly.

After all, star change is a forbidden art. He paid a great price for his cultivation. The ultimate power of explosion is naturally terrible.

The killing power of this meteor shower is sustained and huge.

Even, Xi Xuantian thought that he had the opportunity to attack the first one in the forbidden list!

No. 1 in the list of forbidden days, which is the supreme glory. He has been longing for it for a long time.

However, the No. 1 master in the forbidden list is so powerful that he can't compete at all.

However, now that he has mastered the change of stars, Xi Xuantian feels that he can challenge him.

"Hey, ye Shitian, when I kill you today, your blood is the best help for me to climb the forbidden list!"

Xi Xuantian licked his lips, took his sword and strode out. With the power of the star explosion, the sword Qi rolled like thunder and surged towards Ye Chen.

He just wanted to kill Ye Chen immediately and seize Ye Chen's reincarnation blood.

In this way, he has absolute confidence that he can crush the first one in the forbidden list and climb to the top against the sky!

Ye Chen felt the fierce power of Xi Xuantian. His face was slightly cold, but he was not afraid. He said coldly, "it's too naive for you to want to kill me."

"Reincarnation, double pupil, open!"

With a violent drink, ye Chen immediately opened her heavy pupil, and her eyes burst out a halo of tens of thousands of weight, as if countless sun and moon were sinking in it.

After the heavy pupil opens, ye Chen can see more clearly that the Qi machine of Xi Xuantian flows.

"I'd like to see if it's your forbidden art or my nine heavenly gods."

"Daqian Chonglou palm, break it for me!"

Ye Chen drank violently, clapped out his left palm and used the palm of a thousand towers.

Boom!

The fierce palm wind without a couple stirred in Ye Chen's palm, and the sky was suddenly turbulent, and the stars burst, showing the vastness of the world.

Then, the towering weather of heavy buildings emerged behind Ye Chen. The exploding meteorites could not destroy the heavy buildings.

Boom!

Ye Chen roared out and burst the starry sky. The meteorite rainstorm falling all over the sky also rolled out and killed Xi Xuantian.

However, seeing ye Chen's fierce attack, Xi Xuantian was not alarmed and seemed to be ready.

"Tianxi heavy pupil, open!"

Xi Xuantian roared and opened his heavy pupil, and the nine halos burst out. Although it was not as terrible as ye Chen, his strength also improved a lot with the blessing of heavy pupil. Vaguely, there was even a trace of communication with the earth vein of Tianxi island.

"Earth power, virtue and load!"

Using the energy of the earth vein, Xi Xuantian spread a layer of boundary shield in front of him.

Bang!

Ye Chen slapped hard and hit the barrier shield.

The strong palm power of daqianchonglou palm broke the boundary, and the earth vein of Tianxi island was also involved.

Chapter 6657

The whole Tianxi Island vibrated violently. Thousands of mountains outside rumbled and collapsed, and the underground plates cracked. There was an explosion of underground magma. There were cries of birds and animals running away everywhere. It was a mess.

However, the earth vein of Tianxi Island, after all, accumulated deep, and soon recovered calm after the fierce shock.

The palm power of Ye Chen's daqianchonglou palm was also dispelled.

"Good chance!"

Taking advantage of this opportunity, Xi Xuantian immediately swept out, broke through the void, waved his big hand, and a towering pagoda emerged from his hands, and then fiercely smashed it at Ye Chen.

This towering pagoda is one of the seven treasures of Hongjun, the xuanhuang pagoda of heaven and earth!

Ye Chen had just used up the daqianchonglou palm, and his breath had not recovered. Seeing that the xuanhuang tower fell down, the situation was extremely dangerous.

"Wish heavenly star, block it for me!"

Fortunately, ye Chen reacted very quickly, drank violently, and immediately offered up the wish Tianxing, firmly in front of him.

Bang!

Xi Xuantian's heaven and earth xuanhuang tower smashed on the wish star.

The fierce collision between the pagoda and the planet immediately set off an infinite storm, and the space shook violently.

"Damn it!"

Xi Xuantian bit his teeth, but he didn't expect Ye Chen to react so quickly.

Under the shock of the wish star, he only felt a great force coming and hurried back.

Ye Chen was also greatly shocked. She took a deep breath, stood in place and adjusted her breath silently.

Xi Xuantian is worthy of being the strong one in the seven layers of the hundred flail realm. After the cultivation of stars, his strength has made great progress. Now he has brought great pressure to Ye Chen. Even ye Chen dare not say that he can win this decisive battle of life and death.

"Ye Shitian, your strength is beyond my imagination. It seems that you must pay a great price to kill you."

Xi Xuantian gently sighed and felt that ye Chen's strength was a little abnormal. It was just half a step too real. It actually made him feel so difficult.

"Well, even if you fall into great weakness after the war, I'll kill you first."

Xi Xuantian held his hands high, as if he wanted to hold the whole starry sky in his arms, and his eyes were determined.

"The stars change and wanyang collapses!"

The mighty singing sound was emitted from the mouth of Xi Xuantian. The secret method of changing the stars was urged to the extreme.

An amazing scene appeared.

I saw the star dome in the night sky, and suddenly a round of hot sun appeared, which turned the whole night into day again.

Buzz, buzz, buzz, buzz!

Round after round of scorching sun, as if inspired, emerged in the sky one after another.

In the blink of an eye, there were thousands of scorching suns hanging in the sky, with extremely terrible blazing temperatures.

With thousands of suns shining, the terrible temperature came down, the earth and forests burst into flames, and even the stones were blown to pieces by the terrible high temperature. The sea water under Tianxi Island evaporated, and hundreds of millions of tons evaporated at once, turning into heavy water vapor.

These water vapor turned into a rainstorm, but the rain fell into the air and was immediately evaporated by the hot temperature of tens of millions of suns.

"So hot!"

The audience in the audience stirred up one after another and hurriedly operated the skill to protect themselves from the sun's light.

Thousands of suns, suspended in the sky, burst out of terrible high temperature, I'm afraid even steel can melt.

Everyone looked at Xi Xuantian in amazement, with incomparable shock in their eyes.

Xi Xuantian's move is the most powerful killing move of the stars, which is called "wanyang collapse".

The sun is also a kind of stars, and it is the largest star.

The most powerful killing of the stars is to summon thousands of rounds of the sun and explode together, so that the enemy will completely perish in the terrible high temperature and explosion.

"What!"

Ye Chen looked at the brilliant picture of thousands of suns floating in the sky, and his face suddenly changed.

He couldn't see through the Qi mechanism of the killing move when he looked carefully.

Because, calling the sun, wanyang collapse, is the last content of the stars.

Ye Chen learned 90% of the content from Luo Xi, and the last 10% didn't even know Luo Xi. Naturally, he didn't know.

Now, seeing Xi Xuantian's means, ye Chen finally understands.

The ultimate killing move of star change is to summon the sun and completely kill the enemy at the cost of thousands of rounds of sun collapse and explosion.

"Ye Shitian, I will bury you in the sun!"

Xi Xuantian's eyes were cold and flew high into the sky. Behind him was the sun of thousands of rounds. He was as majestic as the ancient sun god of war. He looked down on Ye Chen as an ant.

Boom!

At the next moment, Xi Xuantian waved his hand, and the ten million rounds of the sun were wrapped in a terrible flame storm, which spread all over the world and exploded wildly towards Ye Chen.

Ye Chen's pupils contracted, and he only felt that hundreds of millions of universes, all suns and stars, blew their heads at him at this moment.

The terrible flame of the burning sun was billions of times more intense than his brilliant cut of the sun, which could hardly be described in earthly language.

This is the ultimate meaning of the forbidden art and the change of stars!

Ye Chen completely suffocated. The round of the sun exploded around him, the void was crushed, and everything that existed was submerged in the storm of the hot sun.

The indescribable high temperature made Ye Chen's muscles and meridians violently twisted and painful, almost scorched.

In a crisis, he can only use the yellow spring map, the wish star, the ten thousand demon fairy pool, the spirit Monument and so on to temporarily protect his body.

However, the explosion of tens of millions of suns is endless, but he can't defend all the time. Sooner or later, he will be broken.

Chapter 6658

"Ha ha, ye Shitian, you're dead. Even if you use the sword of water stop, you can't break the suppression of my stars. You're dead!"

Xi Xuantian stood high in the sky and laughed up to the sky. He was extremely arrogant.

He has crazy capital, because the final meaning of the stars is really terrible. The bombing of thousands of rounds of the sun is invincible on earth. No one can stop it unless the emperor comes.

And ye Chen, even if he wields the sword of water stop, he may not be able to break it.

After all, he is not really a strong man without infinite steps. He is always limited by the laws of reality.

The violent explosion of tens of thousands of rounds of the sun is too powerful. I'm afraid even the sword of water can't be broken.

In Xi Xuantian's eyes, ye Chen is already a corpse. He will win today's decisive battle.

The audience was also shocked. The explosion of tens of millions of suns was so spectacular that they were stunned.

The strong men of the Xi family, some reclusive heavenly kings, have shot one after another to open up an independent void and move the audience in, so as not to suffer from fish in the pond.

Boom!

With the explosion of the sun, the whole duel platform was razed to the ground.

The mountains and rivers, forests, rivers and various buildings around the duel ground were also reduced to ruins under the explosion of the sun.

The center of Tianxi Island, a hundred miles around, was flattened in the breath. Fortunately, Tianxi ancient people arranged many prohibitions outside, so that the explosion did not completely rage.

Otherwise, the collapse of tens of millions of rounds of the sun will blow up the whole Tianxi island.

Such a fierce explosion, we can imagine what a terrible situation Ye Chen is facing.

"Boy, do you want me to do it?"

At this critical moment, Huang Lao and Xuan Hanyu both made solemn voices, and obviously felt the danger of the situation. If they delayed any longer, they were afraid that ye Chen would really fall.

"No! This is my life and death battle with Xi Xuantian. No one else needs to intervene! "

Ye Chen shook his head. This war was his personal war with Xi Xuantian. He didn't want others to intervene.

He wanted to be upright, kill Xi Xuantian, avenge the dead in the yin-yang temple, and prove his qualification and status as the Lord of the temple.

Moreover, if Xi Xuantian is killed by others, his forbidden list may not be ranked and cannot compete for the list.

Seeing the sun exploding around him, ye Chen knew that it would be impossible to break out without paying a price.

"Ten thousand demon fairy pool, Chi!"

Ye Chen waved the disaster Heavenly Sword and pointed to the ten thousand demon fairy pool from a distance.

WOW!

The pool water of the ten thousand demon fairy pool rolled back madly and gathered on Ye Chen's sword body. The continuous evaporation of the pool water and the majestic energy began to pour into Ye Chen's sword body.

Old Huang was slightly surprised and said, "boy, what are you going to do?"

This ten thousand demon fairy pool is one of the four fairy pools, and it is the body, not a fragment or tributary.

The aura of the ten thousand demon fairy pool is very strong, which is enough for ye Chen to use the realm of Tianjun. The tens of millions of rounds of sun explosion can not evaporate the pool water. It can be seen that the power of the ten thousand demon fairy pool is not the means of Tianjun and can not be erased.

But now, ye Chen is actually sacrificing the ten thousand demon fairy pool and takes the initiative to evaporate the water.

After the pool water evaporated, the majestic spirit and evil spirit poured into Ye Chen sword.

Ye Chen's disaster Sky Sword suddenly showed the strange weather of thousands of demons. All kinds of demons cried and howled. It was very fierce. It was the aura of the ten thousand demon fairy pool and the explosion of the vision.

In an instant, ye Chen evaporated the pool water completely.

"Huh?"

In the outside sky, Xi Xuantian was surprised when he saw the Heavenly Sword of Ye Chen and suddenly burst out the visions of countless demons.

"What does this boy want to do? Does he still have a card to break my star?"

Xi Xuantian's face turned pale and hard to believe.

Ye Chen held the sword in both hands, her eyes were sharp, and her heart flashed over the mysteries of the waterstop sword way.

"The ultimate martial arts, no time and space, give me strength, a sword of water, break it for me!"

Ye Chen sings in his mouth. In the mysterious space-time, a ray of terrible energy leaks out and pours into Ye Chen's sword.

With the blessing of this energy, all kinds of demons on Ye Chen's sword suddenly burst into the sky.

Tens of thousands of demons, one turned into a hundred feet high and covered the sky, even obscured the light of the sun. The strange howling, ghost crying and wolf howling of Jie Gaga spread all over the world.

"What is this?"

Xi Xuantian and the audience were stunned when they saw the vision.

Then they saw a more terrible vision that they would remember all their lives.

A sword light, with a terrible smell that does not belong to the real world, burst out of Ye Chen's hand.

This sword light cannot be described in earthly language, because the sword Qi is attached with energy without time and space!

This is a sword of water!

Hiss, hiss

A sword of water stops, and the light of the sword passes by. The world seems to collapse. In this world, there is nothing that can stop the invasion of Wuwu.

The thousands of suns floating in the sky touch the sword light of Ye Chen. All the brilliant suns burst like paper paste, and then crushed into nothingness by an invisible energy.

The vision of countless demons and ghosts crying touched the sword of the water, but it also flew out like ashes, and there was not even any residue left.

A hundred miles around the duel platform, it had been flattened by the explosion of the sun, but when ye Chen's water stop sword exploded into the sky, this ruins land collapsed and burst again. It was crushed into ruins in the ruins by the sword gas without time and space. Even the earth vein collapsed, and the dust became nothingness. Finally, all the existence of reality became chaotic and desolate like the universe.

The killing of sword spirit is not over yet. The sword light rises into the sky, and the sword meaning of water is shrouded for thousands of miles. The prohibition of Tianxi island can not be stopped.

Ye Chen's waterstop sword directly broke through the limit of a hundred miles, and destroyed all the prosperous buildings, ancient cities, towering mountains and dense forests in other parts of Tianxi Island, as long as they exist in reality and have the laws of reality.

In an instant, Tianxi island was broken.

Everything seemed to break at this moment.

The Taoist field of the ancient Tianxi clan, which had not been crushed even by the devil ancestor, was completely broken under the cover of Ye Chen's waterstop sword.

Waterstop Kendo, ignoring the law of reality, can reverse heaven and earth and crush everything that exists in reality.

At the moment, ye Chen, with the sacrificial energy of Wanyao Xianchi and the water stop sword on display, actually achieved the scene of approaching nothingness and crushing all the laws of reality.

Chapter 6659

Even if Ren Feifan and Mo Zu wudian tried their best, Tianxi Island, which could not be completely broken, was crushed by his sword.

In the whole Tianxi Island, there are only a few core buildings, such as ancestral hall, Kung Fu hall, weapon Pavilion, magic weapon Pavilion, pill Pavilion and so on. Under the personal maintenance of the ancient emperor Tianxi, everything else has been crushed.

There are only a few isolated buildings left on the prosperous Tianxi island in the past.

What's more terrible is that Tianxi island is thousands of miles away, and the dark sea has disappeared in an instant.

It is not evaporation, it is direct disappearance, swept by the power of no time and space, and turned into nothingness.

Tianxi island is thousands of miles around. Except for those lonely buildings, we can't see what exists in the real world. This place has become a chaotic nothingness of the universe, full of desolation and desolation.

Ren Feifan was not far from Tianxi island. He saw that thousands of miles were crushed by the energy without time and space. He was surprised and looked at the direction of Ye Chen:

"This boy, Kendo is so terrible. It's said that the water stop sword and mole ants can fight the gods. It's true."

He was deeply shocked, because even he could not destroy Tianxi island with the accumulation of more than 100000 years.

But ye Chen really did it, which is unimaginable.

This is the power of nothing!

At the center of the battle, ye Chen was panting violently, his bones were almost falling apart, and his meridians were tingling unprecedentedly.

He consumed too much of this sword.

This waterstop sword can explode such terrible power, in fact, because he sacrificed Wanyao Xianchi.

Wanyao fairy pool is one of the four fairy pools. In terms of quality, it is only a little inferior to the wishing fairy pool.

When the Empress Dowager gets the wish fairy pool, she dares to immediately betray wanxu, establish the wish fairy cult on her own, and call herself the leader. It is conceivable that the power of the four fairy pools.

The power of the ten thousand demon fairy pool is also extremely strong. Ye Chen directly sacrificed it, and the energy burst out, you can imagine.

Now the ten thousand demon fairy pool has completely dried up, leaving only an inkstone like thing. It flies back to Ye Chen's palm, and the light is completely dim.

With the sacrifice of the ten thousand demon fairy pool, ye Chen's waterstop sword burst out with unimaginable power. The borrowed energy without time and space is 100 times stronger than his previous killing of the old black mountain demon.

And the damage caused by these terrible no energy is also very serious.

The whole Tianxi island was crushed by Ye Chen. The Tianxi ancient family accumulated more than 100000 years of Qi, and at least 80% of it was lost.

Unfortunately, the ten thousand demon fairy pool has only one share, and he can't sacrifice any more.

Moreover, the price of this sword is too high.

"Ye Shitian, you... You..."

When Xi Xuantian saw the terrible damage caused by Ye Chen's sword, he was stupid.

He fell from the air and fell to the ground. Under the influence of Ye Chen's sword Qi, his heart had collapsed and completely lost his combat effectiveness.

"Xi Xuantian, do you want to fight?"

Ye Chen stood up shakily with his sword. There was still a trace of power in the waterstop sword. It was more than enough to kill Xi Xuantian.

The audience, as well as the strong man of Xi family, were all shocked and looked at Ye Chen.

No one expected that ye Chen's waterstop sword would have such terrible power.

Even Xi Taichong, the master of Xi Xuantian, was sweating in cold sweat. He thought, "if that sword kills me, I'm afraid I'll become a powder in an instant."

He is a strong man at the level of emperor, but even he has no confidence to fight against Ye Chen's sword.

It can be imagined that ye Chen's sword is so terrible and powerful that it can kill the real emperor.

Of course, this does not mean that ye Chen is really capable of fighting Tianjun now.

His sword just erupted from sacrificing Wanyao Xianchi. He has only one magic weapon such as Wanyao Xianchi.

The next time you want to break out again, unless it's a sacrifice to the yellow spring map or a wish to the sky star, but the cost is too high and the gain is not worth the loss.

Under normal circumstances, ye Chen's waterstop sword, with the help of the power of sacrificing other things, kills the strong in the later stage of the hundred yoke realm, which is the limit. It is impossible to really surpass the limit of reality and kill the heavenly king. After all, he still lives in the time and space of this world and does not really control the power of nothing.

Plop!

Under the pressure of Ye Chen, Xi Xuantian was completely flustered, knelt on the ground, kowtowed repeatedly and said:

"Ye Shitian, spare your life, spare your life! You win, I admit defeat, I admit defeat! "

The sword of water stop, mixed with no energy, is really terrible. Xi Xuantian felt the pressure of no time and space for the first time in his life.

He finally understood why Wuwu realm would be known as the ultimate of cultivation. Countless martial artists dream of stepping into Wuwu.

Because, without time and space, it is too terrible. Without energy, you can easily crush reality. All the laws of reality are as fragile as paper paste in front of nothing.

When ye Chen saw Xi Xuantian kneeling down to beg for mercy, he felt happy and said, "where's the secret of the change of stars?"

Xi Xuantian's face was pale. He immediately gathered the starlight and turned it into a star core. He handed it to Ye Chen and said, "this is the complete secret script of star change. Ye kill heaven. You can take it. Please spare my life!"

He was less than a thousand years old, so he trained to seven layers of heaven in the hundred yoke realm. He had unlimited future. He really didn't want to die.

Ye Chen took the star core and felt it carefully. Sure enough, he found that it was a complete version. The secret method of calling the sun and wanyang collapse was also among them.

"It turned out that the last 10% of the content was like this."

Ye Chen breathed a sigh of relief. The mystery in his heart was solved. The fire of martial arts was finally extinguished and no longer tormented his heart.

After a pause, ye Chen strode to Xi Xuantian. The tip of the sword pointed to his nose and said, "do you really admit defeat?"

Xi Xuantian said, "I admit defeat, I admit defeat!" Then he banged and kowtowed.

The strong men of the Xi family were stunned to see the Holy Son in their hearts, who was so swaying and begging for mercy.

The audience also showed a look of contempt.

Chapter 6660

Ye Chen nodded and continued: "well, tell me, who dug up the heavy pupil of the son of God in the dog days?"

Xi Xuantian hurriedly said, "I poached it. I'm despicable. I poached my brother's heavy pupil and deceived the world and stole fame. I deserve to die!" Then he opened his hands to the left and right, slapping himself in the face.

The strong men of the Xi family and the audience were in an uproar when they heard Xi Xuantian's confession.

"What, it turns out that the heavy pupil of the son of God in the dog days was dug up by him!"

"No way! How could the son of the Tianxi family do such things? It must be the Lord of reincarnation who coerced him, so the son had to give in. "

"Yes! The Lord of reincarnation has captured the heavy pupil of the Holy Son in the dog days. It is insidious and vicious. It should be cut thousands of times. "

"Please do it!"

"....."

Ye Chen didn't care about the anger and curse of those people of Tianxi ancient clan. After a long time, he raised his head and looked around coldly.

"A group of fools said that I took the heavy pupil of your son. Have you ever seen the thousands of streamers in the heavy pupil of Xi Xuantian?"

"The heavy pupil of only nine rays of light, I disdain to rob."

This sentence, like a sharp knife, pierced into Xi Xuantian's heart, making his face more pale.

The voices of those Tianxi people around him gradually decreased. Anyone with eyesight can see that ye Chen's power of heavy pupil during the battle is far greater than that of Xi Xuantian.

Around the void boundary, Xi Taichong's look sank to the extreme.

"Your brother values love and righteousness. Even if you deprive him of his heavy pupil and fall into the bottomless abyss, he has no complaints, and you will only think of yourself from beginning to end, ignoring the feelings of brothers."

"There's only one word for people like you."

Ye Chen said expressionless, and the disaster sword in his hand turned into a shape.

"No, don't... Lord of reincarnation, I beg you, don't kill me."

Xi Xuantian shook his head again and again, with a look of supplication in his eyes.

Just then, at the far end of the sky, the silver streamer rushed in, carrying thousands of thunder and falling down.

"You dare!"

It was Xi Taichong, the master of Xi Xuantian, who raised his eyebrows and took a slap. The majesty of the heavenly king attracted the vibration of the ruins and walls within a hundred miles, which turned into streamer whirlpools, completely blocking the field around Ye Chen.

Those whirlpools rolled up many debris at an invisible speed. At this moment, the mountains and rivers were razed to the ground, the rubble collapsed, and the endless ocean current flew into the sky like a wild dragon.

The unprecedented destruction storm mixed with purple thunder is magnificent and extraordinary.

Strong thunder broke out in Xi Taichong's eyes.

"Gale and thunderstorm!"

Xi Taichong drank violently, and the green lightning exploded in his palm and went to Ye Chen.

This is the emperor's killing, earth shaking!

Ye Chen's eyes narrowed. In a weak state, he only felt that the hand lifting the sword was particularly hard.

He has just used the water stop sword of the ultimate meaning, and his strength has been evacuated. Where can he resist such pressure.

Seeing the startling thunder and lightning, he was about to kill him, but at this time, a blood moon sword came through the air and smashed all the thunder and lightning with a hiss.

Ren Feifan tore the void and held a long sword in front of Ye Chen.

Ye Chen was surprised and shouted, "senior Ren!"

The sky where Ren Feifan stands has completely collapsed, white clouds have disappeared, black holes have started a prairie fire, and the dazzling sky light that people can't look directly into the world.

Xi Taichong looked at Ren Feifan blankly. From Ren Feifan, he felt an extremely sharp momentum. It was the breath of the immeasurable heavenly king, threatening the universe and rolling the earth.

Although he is a strong emperor, he is extremely small in front of Ren extraordinary.

"Ren extraordinary, how dare you do it?"

Xi Taichong bit his teeth. Unexpectedly, Ren extraordinary dared to come. Aren't you afraid of the exposure of cause and effect and being discovered by the big man behind him?

"If you Tianxi ancient people dare to violate the rules, don't blame me for being ruthless."

Ren extraordinary's tone was indifferent, and the killing opportunity flashed in his eyes.

"Ren Feifan, you..."

Xi Taichong wanted to explain something, but suddenly he felt his neck cool and the whole world went dark.

A bloody moon sword cut off his head and annihilated him with the spirit.

Ren Feifan took back the long sword and killed Xi Taichong in the blink of an eye, just like killing an insect.

"What!"

Seeing this scene, the audience and the strong men of Xi family were shocked.

You know, Xi Taichong is a master at the level of Tianjun. He has a high status in the Xi family.

To cultivate a heavenly king, I don't know how many resources and Qi will be consumed. However, if it exists like this, Ren extraordinary will kill it directly with a sword like crushing mole ants.

It's ruthless!

"Master!"

When Xi Xuantian saw Xi Taichong fall, he was scared to death.

He wanted to escape, but, under the threat of any extraordinary breath, he couldn't move at all and was stiff in place.

"Elder Ren..."

Ye Chen also stared at Ren Feifan. He didn't expect Ren Feifan to be so fierce. He even wiped out the strong at the level of Tianjun.

"Lao Zu, Lao Zu, help, help!"

Xi Xuantian's heart completely collapsed and shouted at the sky. He wanted to ask Tianxi ancient emperor to fight against Ren extraordinary.

However, Tianxi ancient emperor, the ancestor of Tianxi ancient family, didn't know where to hide. He saw Xi Taichong fall and a generation of Tianjun die, but he didn't show up. It seemed that he was afraid of Ren's extraordinary majesty and didn't dare to tear his face immediately.

After all, the whole Tianxi island was completely destroyed by Ye Chen's sword of water stop. It has accumulated more than 100000 years of Qi, lost 89% and lost the support of the earth's Qi. Even the ancient emperor Tianxi can't compete with Ren extraordinary.

"Boy, don't you want revenge?"

Ren Feifan looked at Xi Xuantian and Ye Chen.

Hearing the word "revenge", Xi Xuantian's pupils contracted, and his heart collapsed, he knelt down to Ye Chen and said, "Ye kill heaven, spare your life!"

Ye Chen's face was silent, but he was extremely cold. With a wave of the disaster sword in his hand, the infinite disaster gas swept out and swept over Xi Xuantian's body.

Xi Xuantian uttered a shrill scream. Under the erosion of the sword Qi of the disaster, his body turned into dead bones in an instant, and his form and spirit disappeared completely.

"The son of Xuantian is dead!"

The audience, as well as the strong men of the Xi family, were shocked to see the death of two teachers and disciples of Xi Xuantian.

Boom!

At this time, the sky shook and a stone tablet emerged.

That's the ranking stone of the forbidden list.

On the stone tablet, Xi Xuantian ranked second, and his name completely faded away.

The three characters of Ye killer Tian, ranked first, directly replaced Xi Xuantian and ranked second!

"Finally ranked second."
