Chapter 6671

As soon as Ren Feifan waved his hand, he emerged a vast sea level. A giant whale flipped and jumped, sending two wisps of faint light to Ye Chen.

Ye Chen stretched out his palm, took the two light blue lights, held them in his hand, and suddenly came a cold but soft touch.

"At a critical time, these two giant whales can be integrated into the heavenly beads in the spirit ruins to enhance their destructive power. Remember, they can't be used until the critical time."

The power of these two whales given by Ren Feifan contains vast and great power. The rule will of the supreme emperor condenses in it, and even the emperor can't bear it.

Ye Chen's face was solemn. He understood Ren extraordinary's meaning.

This is for his life.

Suddenly, ye Chen had to leave XuanZhen island in advance.

On the way, he said goodbye to Ren extraordinary and went to the inner earth alone.

Ren Feifan tore open a space crack and sent him away. Then he disappeared into the vast starry sky.

The space channel built by the Supreme God was very fast. In just a few hours, ye Chen left the dark forbidden sea and stepped into the inner earth.

This spatial means is more terrible than the virtual spirit pulse and virtual monument.

But yes, after all, ye Chen's strength is not too true, and his control over the reincarnation xuanbei is not enough, so he can't give full play to the real strength of the virtual tablet.

.....

Geocentric domain.

As soon as ye Chen's eyes coagulated, he found that he had not stepped into the earth's core for a long time, and there had been great changes here.

The aura here is a little thin, with clouds covering the sky, haze diffuse, and giants passing over the distant horizon.

The mountains and rivers have changed color, dark and light. It is obvious that some Tao rhyme rules are suppressing the growth of all things.

Ye Chen takes out the wish sky star and wakes Xia Xuansheng and Ji Siqing.

Ji Siqing returned to the center of the earth again with a slight emotion in his eyes.

But there's no time to think about it now.

According to the clues provided by Ren Feifan, the area where the third Jiuding array comes is relatively remote and located at the edge of the geocentric region.

Ye Chen had no time to go to the ancient city to meet his old friends and rushed to the area without stopping.

Just stepped into a wasteland, the scene in front of several people changed rapidly, like touching a magnetic field. At the eye, the flame burned, the earth burst, and the meteors in the sky turned into a raging fire, which fell hard on the ground and hit a lot of holes.

More than a dozen volcanoes erupted collectively, and the magma was towering, just like the end of the world.

Ye Chen's sight reaches the far end of the wasteland, where there is an ancient giant tripod.

Around the top of the giant tripod is an old Dharma face sitting cross legged. The face of the Dharma face is quiet and connected to the sky and the earth. The cosmic stars are twining in his hands, and the heaven, earth, sun and moon rotate at his feet.

The shadow of the feather emperor!

Thousands of miles away, ye Chen has felt the oppression brought by this virtual shadow.

Whether on the wasteland or in the jungle, the fierce fighting, red faced powerful beasts also stopped fighting, crawled on the ground and worshipped the virtual shadow!

"Let's go."

Although Ye Chen exclaimed, he was not half afraid.

He is the Lord of reincarnation and the person who will come to the heavens and command the world. If he is afraid of his opponent's spiritual and virtual shadow, how can the Tao heart succeed?

Xia Xuansheng is essentially the Lord who is not afraid of heaven and earth. He silently took out the big knife on his back and followed Ye Chen behind him.

This peerless genius who killed six ancient beasts on that battlefield and shocked the old alliance with a knife without thinking also became Ye Chen's partner at this time.

"Temple Lord, I will destroy this tripod with you today. I will remember everything you have done for the yin-yang temple!"

Xia Xuansheng's voice was dull and his emotion was very sincere.

Ye Chen smiled and motioned him not to be so outspoken.

Over time, according to Xia Xuansheng's talent, he will certainly become the leader of the hegemony. At that time, it is likely to be a great help around Ye Chen.

What's more, ye Chen, as the heir of the yin-yang temple, is duty bound to save the clan compatriots!

Ji Siqing's red skirt was windless and automatic, and the burning rosefinch flame bloomed at her fingertips, reflecting that beautiful and cold pretty face.

The girl is also stubborn. She also plans to fight.

Qu Chenyan was willing to fall for the layout of the Lord of reincarnation. Ji Siqing of this life will not change.

She is willing to give everything for ye Chen.

Ye Chen shook his head. He was very clear about Ji Siqing's feelings for himself, even if he fell into hell forever.

"Good! In that case, you two will help me destroy this damn tripod! "

In Ye Chen's body, Longyuan Tianjian suddenly broke out, broke through the clouds and shook the heaven and earth.

In the distance, the sword points to the Jiuding array.

Today he will go against the sky against the feather emperor.

.....

At the same time, the world.

There was a riot of heaven and earth visions in the geocentric region, as if passing through the space barrier from bottom to top to reach the super world.

Shentu family, Shentu temple.

The Shentu people who were practicing magic in front of the main hall square were shocked by the change. Looking up, they saw the carved beams and painted buildings on the middle of the mountain and the sky over the huge palace. It was like a cloud turning into a cloud, tearing out an extremely violent tornado.

Creak——

The palace gate, which had not been closed for a long time, was quietly opened. Before long, footsteps sounded in the whole hall square. It was not urgent or slow, but every step stepped on the hearts of the people.

Finally, the footsteps stopped, dressed in yellow and a sword.

Proudly between heaven and earth.

"Is that... Shen Tu Wan'er?"

"Otherwise, Shen Tu Wan'er closed here according to the master's order. Who dares to rush in without special instructions?"

"It's ten years. It seems that the time is far from here. Even if the law of time is changed, it can't be so fast..."

The people of Shentu family whispered and talked one after another.

Shen Tu Wan'er, who had returned from the customs, was holding a powerful Heavenly Sword. She looked cold and exquisite.

She stood there with the momentum of climbing nine days, and the breath of the emperor's way came to her face.

Those with strong strength can see Shen Tu Wan'er's luck.

It is the Tao that belongs to the supreme one alone, vast and unpredictable.

After a joss stick, Shentu Tianyin came and was surprised to see his daughter's cultivation of supreme kendo.

"Wan'er... It hasn't been ten years yet. Do you mean you have understood all the unique skills?"

Shentu Tianyin takes Shentu Wan'er to the main hall, where only mother and daughter are left.

Rao is her superior. She is usually well-informed and calm. At this time, she can't help asking questions.

Shen Tu Wan'er showed a rare smile and said:

"My mother, I have read all the Scriptures and unique skills in the palace. Kendo has also integrated with me, and my accomplishments have also broken through many. I still want to thank my mother for many opportunities left in it. Now, I really have nothing to stay, so I choose to leave the pass."

Shentu Tianyin smiled happily and immediately checked Shentu Wan'er's physical condition. There was no abnormality.

Chapter 6672

Shen Tu Wan'er stared at the mighty Heavenly Sword and fell into meditation.

"Daughter, what's the matter with you?"

Shen Tu Wan'er looked at her and said, "Mom, I'm afraid I'm going to go to heaven and man to personally end the bad relationship I've forged over the past few years. Only I can cut it off myself without asking about the past and focus on the Tao."

Shentu Tianyin didn't expect that after Shentu Wan'er left the customs, her heart became so hard that she didn't know whether it was good or bad for a moment.

On second thought, she thought of the Ying Ying Yan around Ye Fan and agreed with Shen Tu Wan'er very much.

"The hidden dragon is in the abyss, and the Phoenix is flying. Wan'er, there are still many excellent people in the world worth waiting for. There is no need to cover your eyes with a leaf. "

"Although Ye Chen has good potential, there are more demons in the world than him."

"And if he offends the emperor, he will end up dead."

Shentu Tianyin advised.

Shentu Wan'er slightly reached her head and couldn't see what was in her mind. Then she said goodbye to Shentu Tianyin and walked out of the palace.

When she was about to go out, a mysterious smile flashed across her mouth.

.....

At the same time, the picture turns.

An unprecedented chaos broke out in the geocentric region almost in a moment.

The third nine tripod array arranged by the Yu Huang ancient emperor started the defense. The illusory monsters around the array tripod rose up in the air and roared up to the sky.

Monsters with a height of up to 100 feet spread all over the world and surged like a tide. They instantly swallowed up the endless wasteland. The day was covered. The endless underground magic gas steamed up, blackening the sky and covering the stars.

Xia Xuansheng and Ji Siqing ran quickly from left to right.

The virtual shadow of monsters in the sky is close at hand.

Xia Xuansheng didn't draw his sword until this moment. The long-standing sword light penetrated nothingness and cut off tens of thousands of monsters.

He suddenly raised his eyes and his eyes were full of color. At that moment, all the brilliance went back against the current, making his pupils very clear and transparent.

This unthinkable knife needs to unify the body and mind to the extreme, and put aside all distractions, so as to achieve the unity of form and spirit and create a new world.

The sword field formed by Xia Xuansheng's sword wielding has firmly trapped tens of thousands of monsters. When he wields his sword, the monsters will be separated by the overflowing knife pricks.

"A knife without thinking! Put it out! "

The veins on Xia Xuansheng's arm burst, which was a sign of the extreme power.

It was with this knife that a vacuum channel appeared within hundreds of miles in front of Xia Xuansheng.

It's like a corridor forced out by the tsunami.

Ji Siqing and ye Chen followed him and pushed forward quickly, one point closer to the destination Jiuding array.

Ye Chen was moved by Xia Xuansheng's knife.

After Tianxi Island, the boy's strength entered the country very quickly.

"Temple Lord, time is limited. Go to the Ding quickly!"

Xia Xuansheng said hurriedly.

Ji Siqing is also opening the way for ye Chen.

The rosefinch door was used by her as a shield. Whenever the door opened, the hot rosefinch spewed out of the fire, swept all directions and cleared the obstacles ahead.

Ye Chen Ran in the last place, kicked his feet and rose into the sky. The Dragon Qi erupted by Longyuan Tianjian magnified rapidly, echoing with the remaining millstone sun.

"The way of water stop, the sun is red and bright!"

Ye Chen drank in a low voice, held the sword in both hands, and waved the burst sword light compressed to the extreme.

At this time, Longyuan Tianjian incarnated into the rising sun and rose to the sky with a lightning speed. The mighty golden divine light dissipated the darkness for thousands of miles. Where it passed, the fierce beast condensed into black fog screamed and disappeared completely.

This sword shakes the eight wastelands, and 100000 floating clouds are divine soldiers.

Ye Chen is a startling force, shining with golden light and mighty Tianwei.

A man, a sword and hundreds of millions of fierce animals could not resist such a towering attack.

The point of the sword is the Jiuding array.

The third Jiuding array arranged by the ancient emperor Yu Huang is more magnificent than the first two. It stands on the plain like a creeping dragon.

The dragon has eyes and overlooks all living beings. At the top of the Jiuding array, two huge eyes were filled with fierce light, like the awakening of the devouring dragon in the famine era, and the whole world trembled!

Ye Chen could clearly perceive that the two eyes began to emit blood red light.

"Lord of reincarnation, you finally come."

The distant and indifferent voice resounded through the endless wasteland.

Not only the dragon's eyes of Jiuding array, but also the virtual shadow of the feather emperor.

In other words, the awakening of the virtual shadow of the ancient emperor Yu Huang led to the awakening of the Jiuding array.

"The feather Emperor... You finally came."

Ye Chen was not surprised. The significance of this virtual shadow here is not just decoration.

He was infused with the spirit of the feather emperor.

"Ha ha... How can I see you if I don't come?"

The Jade Emperor, with white eyebrows and beard and a dignified face, looked at Ye Chen carefully,

Ye Chen quietly put away his momentum and collected his accomplishments.

"Well, your cultivation progress has exceeded my imagination, but you still stay in the true state. You can enter the too true state only one step away."

"No one in our ten thousand ruins temple can match such a talent."

In the words of the feather emperor, there is a rare sense of sigh.

He knew that although the Lord of reincarnation had not stepped into the Baijia territory, he could not find a few people in the world to match his ability to fight beyond his level.

Chapter 6673

The Jade Emperor is really regretting that if ye Chen is not the reincarnation of the Lord of reincarnation, he will try his best to let him join the wanxu temple and cultivate him into his successor.

Unfortunately, there is no if.

"The third Jiuding array is about to be completed. Whether you promise or not, the dust has settled and cannot be changed."

The feather emperor closed his eyes. It seemed to him that everything had settled.

In the eyes of the people, the shadow of the feather emperor turned into an eternal golden light, extending to the end of heaven and earth, holy and glorious, and the glow flowed.

The golden light of the sky has changed into a tall ancient tree, integrated with the dragon, dotted with the vitality of the avenue, and the complex road is presented on it, which is obscure and difficult to understand.

Ye Chen was stunned. What kind of means did the feather emperor use? He has never heard of it.

At this time, Huang Lao, who had been silent all the time, made a sound, and his voice was extremely peaceful in the sea: "if I remember correctly, the means he used was channeling. In the flood and famine period, Wu Zu used this method to win the fruit of the ancient bodhi tree, which greatly increased his strength."

"The virtual shadow of the Taoist emperor contains the powerful power of the Taoist fruit. Through the medium of the virtual shadow and the channeling of the tripod array, he will guard the Jiuding array. Even if you burn the reincarnation blood, it is difficult to shake."

"It's strange that Ren Feifan should have expected this scene."

Ye Chen tried to suppress the vibration in his heart. He would try hard anyway.

He knows that Ren Feifan believes in himself. He and Ren Feifan are lighthouses for each other!

He believes he can solve this crisis!

The mighty golden light divine tree broke out an inexplicable smell, sudden and rapid, and the crystal branches were sharper than the divine spear.

With a bang, a rosefinch flew out of the magma wave and blocked the branch. Both of them turned into ashes at the same time.

"Ye Chen, are you okay?"

Ji Siqing urged the door of rosefinch, and the flame blew wildly to resist hundreds of roots and vines.

Xia Xuansheng also rushed up with his hands shining. The blade is sharp and powerful!

Ye Chen spits out a mouthful of turbid Qi, the palm glow flashes, and the disaster Sky Sword appears. In an instant, it expands rapidly, runs through the void, and splits the endless disaster Qi into the golden light divine tree.

"Disaster Tianjian, natural disaster desolation!"

The substantial disaster Qi broke through the sky and dispersed the clouds. It was vast and boundless, and the magic clouds rolled in an instant.

Ye Chen stood still on the top of the mountain. The little man with a big palm sat on his arm, only the size of a finger.

A closer look, it turned out to be a small terracotta soldier.

"Military formula, thousands of troops!"

On the endless wild land, cracks spread like cobwebs, and iron blood arms climbed up from the abyss under the ground. They were wearing endless armor, their faces were dark, but their pupils were like burning flames, and their war intention was endless.

Above the head is the disaster sky sword, and below is the word formula of soldiers.

Ye Chen finally used part of the strength of reincarnation blood, and the red blood rushed in the meridians.

Otherwise, he cannot support the release of the two magic weapons and martial arts.

The whole heaven and earth turned pale, the disaster gas rendered the sky, covered the starry sky, and the dark army was all over the mountains and rivers.

After entering the realm of Wu Xu, ye Chen took a step closer to the way of heaven and mastered the power of law to a higher level.

The battle rhythm has entered his field.

Xia Xuansheng and Ji Siqing hurriedly retreated and came to the edge of the wasteland. They can't participate in the battle at this level.

When they looked at each other, they both saw the horror in each other's eyes.

At the beginning, ye Chen also participated in the trial with him. They were known as the stars of hope of the old alliance.

Over time, ye Chen's opponent has become a top figure in the world like the ancient emperor Yu Huang.

Even if it's just a small virtual shadow, it's the virtual shadow of the feather emperor. Most of the Baijia realm can't compete, let alone Ye Chen who hasn't stepped into the too real realm!

Ji Si's clear and bright eyes are full of affection. No matter how the result of this action is, the hero in her heart will always be Ye Chen.

Previous lives, so.

In this life, it will never change!

.....

At the same time, the inner earth, wasteland and battlefield.

Dark clouds are pressing on the city to destroy it.

It has turned into a messy battlefield, with golden lights everywhere. Tall armored soldiers are fearless and have full firepower. It's like a battle between gods and demons. Alas!

Although Ye Chen has exploded the power of some reincarnation blood, he still can't destroy the golden tree standing on the top of the dragon.

"Damn... The fruit of this golden tree is protected by heaven and earth. Ordinary means can't destroy it at all."

The way Ye Chen can think of is to completely stimulate the reincarnation blood. Maybe he can cut off the tree.

But then the full burst will be over and he will fall into recession.

This time, no special Ren came to save him. With Xia Xuansheng and Ji Siqing, I'm afraid they can't resist the remaining means of the feather emperor.

It seems that the feather emperor doesn't want to entangle with Ye Chen any more. The golden light is diffuse. Thousands of vines gather into a huge spear as strong as a mountain, which runs through the sky and shakes down the stars.

At this moment, the armored army stopped fighting, as if trapped by time and unable to move.

The giant spear straddles the sky, like a God coming, and is invincible.

With one move at will, the Jade Emperor can make ye Chen fall into a dilemma.

There is not much time left for ye Chen.

He thought quickly and made a choice quickly.

Use reincarnation blood, supplemented by the power of giant whales.

As for whether to live or die afterwards, it depends on fate.

When the power of the giant whale emerged, Jingguang sacred tree had obvious hesitation and frustration.

As soon as ye Chen clenched his teeth and was about to use his reincarnation blood, there was a loud bang in the sky.

The clouds spread to both sides, and the bright stars scattered on the earth, bringing some vitality to the bloody desolate wasteland.

At the end of the sky, a gorgeous figure slowly appeared. Her black hair was scattered, her appearance was beautiful and her face was expressionless.

When ye Chen saw her, the whole person was stunned.

It's Shen Tu Wan'er!

According to the news he got, didn't Shen Tu Wan'er enter the depths of Shen Tu temple and start a ten-year closed door practice?

Now it's not even half the time. Even if Shentu Tianyin uses means to change her time rules inside, it's impossible for the outside world to get out of the customs so quickly even if it's one day and one thousand years inside.

But now, the reality is that she went through the customs.

Shen Tu Wan'er Ling stands between heaven and earth, and the Ling force emitted by her is freezing to the bone.

The mighty Heavenly Sword stands proudly and has a touch of humanized high cold.

The golden light divine tree obviously noticed the abnormality and rose to the same level as Shen Tu Wan'er.

"Shentu's daughter, don't mind your own business."

The golden tree made the voice of the ancient emperor.

Shen Tu Wan'er still looked cold and looked at the golden tree indifferently.

"It's just a virtual shadow that can't even be separated. What's the qualification to tell me what to do?"

"When I closed the door, I understood a lot. I just took you for a try!"

Chapter 6674

Say it sooner or later.

Wu Wei's Heavenly Sword burst out. Unparalleled sword Qi pierced the sky, shook the sky and opened up chaos. It's too fierce and overbearing.

The whole wasteland rumbled and shook, setting off 10000 pieces of gravel and countless pieces of void burst.

That momentum, like a rainbow running through the sun, the Milky way falling, and the atmosphere is myriad.

The golden tree is incomparable.

Numerous vines form a defensive array to resist the wind wave of Wuwei Tianjian.

Finally, ye Chen only heard the sky shaking and earth shaking burst. The golden tree was suddenly bounced out, its branches were broken, and its light was dim.

Ye Chen was stunned. Why did Shen Tu Wan'er close the door and become so powerful after coming out?

Is it true that Shentu Tianyin changed the rules of time by great means in the closed place? In fact, Shentu Wan'er has stayed in it for thousands of years?

Shentu Waner came to Ye Chen with a sword and looked at him condescending, with red lips slightly open.

"Ye Chen wants to die, but also under my sword. No one can take over."

Ye Chen was deeply moved and just wanted to say a word to thank Shentu Waner. Unexpectedly, the other party looked at him coldly and said such words.

He can feel the indifference of the other party's words and attitude.

This feeling is like facing a complete stranger.

"Wan'er, you..."

"Don't call me Wan'er."

Shen Tu Wan'er turned her back to Ye Chen, and her momentum became more and more awe inspiring. She had exceeded the shackles of the hundred yoke realm and entered a higher level.

"This is..."

Ye Chen's pupils are extremely constricted. Shen Tu Wan'er, who holds the sword, is surrounded by the shadow of the sword, like a phoenix crowing for nine days.

She should have used some kind of secret method to raise her strength to the hundred yoke realm, otherwise she could never reach this level in a short time.

However, the Shentu family must have an extremely terrible background if they can take charge of the Heavenly Sword.

Did the Shentu family put all their attention on Shentu Waner?

In an instant, the sword thundered, all the eight wastelands were shocked, and the dragon head on the Jiuding array sent out a low whine.

Shentu Wan'er's sword connects time and space and crosses the star domain. The chain rules of the ancient world are intertwined into thunders in the sky, which appear in nothingness.

The magnificent Jiuding array was also swallowed up by the sword spirit, and the golden tree disappeared in the twinkling of an eye.

This scene directly stunned Ye Chen. He never thought that Shen Tu Wan'er would become so brave after she left the customs.

The sword light lasted about half an hour, and everything disappeared. The Jiuding array showed its original shape and became broken. The dragon head of the Ding array was divided into two, and there was no smell of the ancient road.

This tripod is a failure!

Ye Chenchang breathed a sigh of relief and showed a relieved smile.

He broke the external defense of Jiuding array with Longyuan Heavenly Sword, and Shentu Wan'er made another 10%. This record is the result of their joint cooperation.

Ye Chen came to Shen Tu Wan'er and was about to speak. Suddenly, she was surprised and retreated quickly.

A sharp sword spirit crossed from the position where he stood one second ago.

"Wan'er, what are you doing?"

Ye Chen was stunned and asked very puzzled.

Shen Tu Wan'er didn't respond. She turned to her sword, broke the aura barrier and took Ye Chen's throat.

Ye Chen had no choice but to activate the red dust divine pulse and lift the sword to block.

Not far away, Xia Xuansheng and Ji Siqing changed greatly. Unexpectedly, Shen Tu Wan'er's means were extremely cruel, and even Longyuan Tianjian gave a cry.

Shen Tu Wan'er in a violent state severely suppressed Ye Chen.

Ye Chen had no choice but to change the virtual shadow of the dust tablet, which was still smashed by Shen Tu Wan'er.

He realized that there must be something wrong with Shentu Wan'er, so he retreated while fighting and observed carefully.

Sure enough, Shentu Wan'er's temporary fluctuation was large, and her eyes were sometimes violent and sometimes clear.

Although there was only a short moment, ye Chen still caught the pain in Shen Tu Wan'er's eyes.

It's a little like yelol's situation at the beginning.

But there is a big difference.

She seems to be fighting herself?

Boom!

The two beams of sword light were extremely fierce, wrapped the two sides of the war, and destroyed the sky and the earth.

Ye Chen was shocked more than ten miles away by the residual sword Qi, and stepped through several peaks one after another before he could stop.

Looking up, Shen Tu Wan'er's silk pattern did not move.

But the next moment, Shen Tu Wan'er hugged her head and her expression was very painful.

She whispered something. Ye Chen mobilized a trace of reincarnation blood into her eyes. Only then did she see Shen Tu Wan'er's mouth!

She said, go!

Ye Chen was shocked. His guess was right. Shen Tu Wan'er was not possessed.

But for another reason.

Ye Chen is going to help. Shen Tu Wan'er picks up Wuwei Tianjian, and one eye is cold again.

The other looked at Ye Chen and begged everywhere.

Go! I can solve it! You go!

Shen Tu Wan'er's lips kept repeating.

She can't speak!

Ye Chen took a deep breath and stared at Shen Tu Wan'er's direction. While turning around, he used the virtual monument in his body to open a space-time black hole.

"Come with me!"

Ye Chen let Xia Xuansheng and Ji Siqing follow him and enter the void crack together.

This is the place where the ancient emperor Yu Huang arranged the tripod array. Maybe the will of the Emperor Yu Huang will come again.

Don't stay long.

After ye Chen and the three fled here, Shen Tu Wan'er's eyes lit up and fell to the ground slowly, with all kinds of emotions surging in her eyes.

In fact, since she left the pass, her body has been firmly occupied by the sword spirit, and she can't control it by herself.

And her quick breakthrough also has a lot to do with Wuwei Tianjian.

But then again, the sword spirit grasped the idea in his heart and came here to help Ye Chen cut off the third nine tripod array. It's still useful.

She raised her beautiful eyes and stared at the sky.

The whole wilderness trembled violently.

The golden light suddenly appeared, the avenue circled, the wind rolled the clouds of fire, and the five lights roared. A stone pillar connecting the sky came here with an invincible posture, breaking the earth and shaking the sun, moon and stars in an instant.

"Shen Tu Wan'er, how dare you stop my Jiuding formation! Do you think the good life of the Shentu family has been going on too long? "

Once this statement was made, the whole world was boiling and the divine light shrouded.

The separation of the ancient emperor Yu Huang came here and loomed in the illusion, which was obviously bound by the rules and order of the universe.

Even so, the whole inner earth can feel the surging anger that is enough to destroy the sky and the earth.

All nations submit, and the heavens tremble.

In the face of the supreme emperor, Shen Tu Wan'er looked very calm.

She came here along with the obsession in her heart. As long as she could protect the light, she would not hesitate to die in the end.

"Yuhuang ancient emperor, I Shentu Wan'er did everything today. It has nothing to do with Shentu family. If you want to settle accounts, just find me alone."

The thunder was furious and roared everywhere.

"Presumptuous!"

The ancient emperor Yu Huang released the regular divine chain, extending in all directions and dense, completely covering Shen Tu Wan'er's head.

Chapter 6675

Shentu Waner didn't resist. She knew that even if the sword spirit occupied her body again, her strength could not resist.

What's more, the spirit of the sword has been awed by the breath of the feather emperor and dare not show up in the powerful sky sword.

"The rules of heaven and earth Avenue do not allow me to bring you back to the supreme world now. When the emperor sets the remaining Jiuding array, you can open some void channels. Then you will return to the wanxu temple for trial."

The voice of the feather emperor was cold and heartless.

Shen Tu Wan'er closed her eyes and said nothing, just like a sculpture.

The wasteland gradually returned to calm.

.....

At the same time, ye Chen manipulated the virtual tablet and went through two empty wormholes with the help of ling'er before returning to the XuanZhen ancient family.

With his current strength, he needs to rest for another two days to send them back to Beimang nationality.

Xia Xuansheng was still terrified and said, "Hall Lord, I thought that the devil ancestor Wutian was the peak of the world. Unexpectedly, he was weaker than one in front of the prestige of the feather Emperor..."

Ye Chen nodded, deeply convinced.

The Yuhuang ancient emperor is the absolute core figure to unify the supreme world and overthrow the rule of tianwuxianmen. In other words, he is the God of the new era.

Although Wutian is powerful, he is a man of the old era. His body is not accepted by the new era. He urgently needs to find a new container.

Since ancient times, winners are crazy and losers are sad.

In terms of momentum, the Jade Emperor is unparalleled.

What Xia Xuansheng admired more was that ye Chen dared to challenge the ancient emperor! Even if it's a virtual shadow that doesn't even count as a separate body, it's simply facing the gods with a mortal body.

Ye Chen didn't answer. Her mind was full of Shen Tu Wan'er.

There is too much uncertainty about the rest.

Has she escaped from that place and when will she come to find herself? Also, is she hurt.

In the past years, Shen Tu Wan'er and he were very sentimental and had deep feelings. That time has been unforgettable to him.

Later, Shen Tu Wan'er was constrained by her family and had to return to the supreme world to practice in seclusion.

A long time has passed in a flash.

Even if Shen Tu Wan'er didn't appear today, ye Chen might not think of Shen Tu Wan'er.

Xia Xuansheng saw that ye Chen was a little heavy, so he didn't disturb him.

Ji Siqing sits aside with blinking eyes. As a close fether of Ye Chen in her previous life, she doesn't change her love for ye Chen in this life. Where can she not see his emotional change at this time?

As a woman, Ji Siqing actually has a trace of bitterness in his heart, but he doesn't show it on his face.

Like Ye Chen, an unprecedented young hero, no woman can't see Huaichun? You should be more open-minded.

Ji Siqing took some magic medicine from XuanZhen ancient family and gave it to Ye Chen to help him recover from his injury.

Those who covet Ji Siqing's beauty can only walk away when they see this scene. They have no confidence and the Lord of reincarnation to rob women.

In this way, three days later, ye Chen still didn't get any news about Shen Tu Wan'er, and she was a little anxious.

He stayed in the cave, frowning, and heard the sound of scolding outside, followed by a strong breath coming here.

Someone's coming!

Ye Chen looked shocked and immediately swept out of the cave and flew straight into the air.

XuanZhen's father's robes are flying and he is confrontation with one person.

The man came down from the sky, not the enemy, but Shentu Tianyin, Shentu Waner's mother.

At this time, Shentu Tianyin was wearing a black skirt with elegant temperament.

The expression was very angry.

"Let Ye Chen roll out to see me."

Shentu Tianyin's tone was cold, his eyebrows stood upright, and his eyes were murderous.

Old XuanZhen looked heavy.

He hasn't seen the voice of Shentu, but he has heard of it. The power holders of big families from the world are not so easy to deal with.

Just when he was going to protect Ye Chen, ye Chen came, and his eyebrows were more dignified.

Ye Chen knew very well that if something important had not happened, Shentu Tianyin would not burn the secret method to summon separation and came to XuanZhen island to find himself.

"Ye Chen, my daughter lied to me to cut off the cause and effect with you in order to save you! I believe it, but I didn't expect that the girl lied to me again. She came down to save you! "

"And you ran away without permission and left my daughter there. How dare you call yourself the Lord of reincarnation? Now my daughter is trapped by the feather emperor, and the feather emperor has sent someone to catch my daughter and take her to an unknown place! "

Shentu Tianyin was very excited. She stared at Ye Chen and gnashed her teeth.

Ye Chen's brain roared.

Shen Tu Wan'er, didn't she run?

Can it be said that she deliberately stayed there to attract the attention of the feather emperor in order to help me escape.

For a moment, all kinds of bitterness and guilt surged into his heart. Ye Chen took a deep breath, looked at Shentu Tianyin and said the causes and consequences.

After hearing this explanation, Shen Tu's look eased, but it was still as cold as frost.

"I hope you can save my daughter within half a month, otherwise you will disappoint her sincerity to you!"

"Also, if she dies because of you, no matter where you go, I will kill you and bury her!"

Shentu Tianyin's figure gradually became illusory. She promoted the secret Dharma of Shentu family to come and separate. At this time, she has been supported to the limit.

Ye Chen stood still for a long time and fell into meditation.

Chapter 6676

According to the news from the other side, Shentu Wan'er is still in the inner earth and controlled by the people of the ancient emperor of the feather emperor. In half a month, she will be taken to the supreme world. At that time, Shentu Wan'er will face the ancient emperor of the feather emperor.

Once so, there is only one way out.

Ye Chen tried to deduce, but found that there was no clue at all.

"Shentu Tianyin can't know Wan'er's whereabouts. I'm afraid it's difficult to deduce my accomplishments."

"Even if the deduction comes out, can I really save Shen Tu Wan'er?"

"We must strengthen our strength as soon as possible."

"Master Ren mentioned the martial arts reincarnation map many times. Although I accepted the martial arts reincarnation map, if I want to use it, I'm afraid I have to eliminate the cause and effect behind the martial arts reincarnation map. The one mentioned Tianxue heart and the place of Tiangong before, but I don't know where to start?"

Yu Qingyin said she was going to investigate. Up to now, the jade pendant she gave me hasn't moved. "

Ye Chen has some headaches, but more is a sense of powerlessness.

He vaguely felt that if he wanted to determine Shen Tu Wan'er's whereabouts, he must first deal with the cause and effect of Wu Dao reincarnation map.

Fortunately, now Shentu Waner should not be in danger.

When ye Chen was dignified, suddenly, the jade pendant given to him by Yuqing Yin twinkled with dazzling light!

"Ye Chen, there's news. Come to the place of coordinates quickly!"

This is the voice of Yuqing Yin!

Yuqingyin finally has a movement!

Ye Chen's eyes coagulated and no longer thought much. He directly used the virtual spirit pulse and virtual tablet to tear the void and go in one direction!

.....

Half a day later.

Ye Chen returns to the area near the lost time and space.

I don't know whether it is the influence of the Yuhuang ancient emperor Jiuding array on the whole territory or something. Ye Chen vaguely feels that the rules here have also changed slightly.

"Ye Chen." Suddenly a voice sounded behind Ye Chen.

Ye Chen's eyes coagulated and turned fiercely, and he saw the jade Qing Yin he hadn't seen for a long time.

What makes Ye Chen wonder is that there is a trace of injury on Yuqing Yin.

"What's the matter with you?" Ye Chenning said.

Yuqing Yin shook her head. She turned around Ye Chen. Her beautiful eyes were full of strange.

She sensed that the breath on Ye Chen was much stronger than before. I'm afraid it's also an opportunity these days.

Does this benefit from the reincarnation map of martial arts?

Or something else?

Ye Chen no longer thought much and asked directly, "have you got the news of Tianxue heart?"

Yuqing Yin nodded and continued: "I have investigated and determined a lot of things these days. In fact, many years ago, the Lord of the demon temple, that is, the ancestor of the demon, the old guy seemed to have a war with Tianxue heart, and the result was a complete defeat!"

Ye Chen heard the speech and felt a chill in her heart!

"That's why the temple Lord is closed and never born!"

As the dark saint of the temple of evil spirits, Yuqing Yin cannot lag behind in the news channel.

"The strength of Tianxue's heart is not only that. She is also the leader of Tiangong Shenjiao, and Tiangong Shenjiao is located in the place of Tiangong."

"This snow heart is not a fuel-saving lamp!" Yu Qing's Yin eyebrows and eyes were full of dignity. He just continued, "have you ever heard of the temple of heaven?"

Ye Chen shook his head. "Is this heavenly temple cult also a sect force?"

Yuqing nodded Yin. "Yes, the influence of the temple of heaven in the land of the temple of heaven is not weaker than the position of the temple of the evil spirit in the lost sea!"

"What!" Ye Chen feels that things are out of control. The original intention of Jifeng Shengjiang is not to let his daughter get involved in this cause and effect. In his opinion, to find Tianxue heart now is to pull her into this mire vortex.

"Tianxuexin is the current leader of Tiangong Shenjiao. Her accomplishments are quite terrible. As early as now, the holy ancestor of the Yin devil was completely defeated by her. Now I'm afraid..."

"With her status, I'm afraid we don't even have the qualification to see her!" Yu Qing Yin sighed, but she was helpless.

"Moreover, the heavenly temple god religion has always been exclusive. Even the local indigenous forces have their nostrils facing the sky and squint at people, but under the leadership of tianxuexin, this god religion does have the capital to be arrogant!"

Invisibly, ye Chen and other two people want to see the leader of Tiangong Shenjiao, which is as difficult as heaven.

Everything originally planned was out of control. Even ye Chen had a headache when things developed to this point.

But in the current situation, it is an inevitable step to see tianxuexin if you want to save Shen Tu Wan'er.

After all, there is an opportunity in the reincarnation map of martial arts for Tianxue heart. If Tianxue heart gets the opportunity and is happy, he is willing to help himself find Shentu Wan'er, it will be easier.

Tianxue heart is not restricted by rules like Shentu Tianyin.

"No merit, no reward. Now it's such a clue. Take a chance!" Ye Chen said, anyway, if you promise others, you still have to do it. I'm afraid this is a test given to you by the reincarnation map of martial arts.

"But..." Yu Qingyin wanted to say something else. She only heard Ye Chen continue: "the ancient relics have been understood, but the hidden things behind it are not simple. The old stories of ancient blood robbery and reincarnation of Xuanwu army are inseparable from the reincarnation map of martial arts. As a descendant of the jade family, you can't hide the cause and effect."

"Now it is estimated that the lost sea area has known that you and I have won the treasure of ancient relics and will come to hunt down. It will be endless looting for you to stay in the ancient city of Youtian and even the land of the lost sea!"

"I'm afraid your injury has something to do with hunting."

Chapter 6677

"The heaven palace is a temporary shelter for you."

Ye Chen spoke out his thoughts in one breath, both public and private. This place of the heavenly palace must go.

Yu Qing nodded Yin. The land at present was indeed full of murders.

"By the way, what's the mystery of this reincarnation map of martial arts?" Yu Qingyin asked at the moment. She had never seen the power of the reincarnation map of martial arts.

Ye Chen was also stunned, but the milk voice that had been silent for a long time came from the Dantian:

"I can seal everything in the world!"

In Ye Chen's mind, the big devil's blood spear hit a long time ago, which was easily dissolved by the reincarnation map of martial arts, and became a little clear ink in the volume. He couldn't help taking a breath in his heart.

"Don't think about it. You're far from that now! However, you can try to activate some of your power when you step into the Wu Xu realm. " A ladle of cold water poured down, breaking Ye Chen's fantasy, but leaving a glimmer of hope for ye Chen.

Ye Chen hesitated for a few seconds and sat cross legged. Since the other party said so, he still had to try.

If you can use part of the power of the reincarnation map of martial arts, I'm afraid some things will become extremely simple!

.....

meanwhile.

Hundreds of miles away, two figures are looking for something aimlessly.

"It should be around here. Obviously, she was chased and killed. The girl even risked to investigate others. It's really brave, but the blood ban has been erased by the jade girl. I can't accurately capture her position!"

The girl in the front row wore a black robe to hide her graceful figure. She didn't even see her face. She was in general dress when she first met Yuqing Yin with Ye Chen.

They are the people of the demon temple.

"Are you kidding me? This area has a general appearance for hundreds of miles. Look for it here? " A beautiful shadow in the rear said dissatisfied. If ye Chen is here, he will be surprised to find that this person is the demon saint who shot her and Yuqing Yin down on the sea!

"I said the demon, the holy ancestor asked us to hunt down yuqingyin. This time, regardless of life or death, it seems that she was very angry. I don't know what the girl got in the holy ancient ruins!" The woman in the robe opened her mouth calmly, and there seemed to be some expectation in her tone.

"What? Are you excited? " The demon charm's tone is rising. Why isn't she? Now the ancient relics have been destroyed, and the treasures in them are all on Yuqing Yin. She and her two have managed to get this fat difference by relying on their perception over the years. As long as they can bring back Yuqing Yin's body, she can explain it!

"Aren't you the same?" The woman in black glanced at the demon saint and continued, "at present, all forces in Youtian ancient city are surging. I heard that the sword repair boy of the yuan family died in the holy ancient ruins. The old guy of the yuan family sprinkled fire on the head of the demon temple. He is crazy now!"

"There's a lot of civil strife in the ancient city of Youtian. I heard that a strong man stepped in. Now the city is really dangerous. You and I kill Yuqing Yin here. Once we succeed, we will be reborn..."

They both had their own worries in their hearts.

"Find someone first. Although the investigation information is that yuqingyin is alone, I don't see the boy around her, but I feel that the boy is very strange. Be careful!" The demon spirit Saint opened her mouth and reminded.

.....

The picture turned around. Yu Qing Yin, who was preparing to heal, glanced at Ye Chen who had settled on the edge and frowned slightly.

She could feel that ye Chen seemed to have something on her mind.

"Alas..."

Yu Qingyin, who was ready to heal, just closed her eyes, but felt an unusual breath, which made her tremble.

"This feeling..."

She has a kind of inexplicable palpitation. Before the blood ban was lifted, she often had this perception, which usually represents that something big is going to happen!

Now, although the prohibition has been broken, the perception in the bones will not go wrong. When it comes to crisis

"Demon temple!" Yuqing looked cold. She had thought of the worst result. Someone came to attack and kill the demon temple!

I'm afraid these days, even though I carefully inquired about Tianxue heart and the place of Tiangong, I was found by the demon temple!

With an arrow step, Yuqing Yin jumped into the distant forest. A moment later, "strange, is it my perception wrong?"

Looking around and checking, Yuqing Yin couldn't see the trace of someone passing by. She was suspicious. Was it because she was careless?

"Whoosh!"

Just then, a broken voice sounded, and Yu Qing subconsciously flashed, and a broken blade rubbed the bridge of her nose.

"Huh? It didn't succeed! "

In the dense forest, two figures walked out slowly.

"Yuqing Yin, Yuqing Yin, it's ridiculous that you stay here instead of running away after such a long time."

"You hold the battle, I'll solve her!" The evil spirit Saint said to the black robed figure on one side. Before waiting for the person next to her to answer, she continued to explain, "this girl has always been tricky. You know, if she runs away again, it will be difficult for us to explain when we go back!"

"There's a boy around her. She should be hiding in the dark. You watch!"

The figure in black didn't answer when he heard the speech. He pulled back a few steps and looked around warily. After all, this is not the time to quarrel.

"Demon!" Yu Qing's Yin looked cold.

The demon Saint said, "you used it last time and escaped. Today, it's time to calculate the general ledger!"

Yu Qingyin is in a very bad state at the moment. Her cultivation will be affected by injury.

If she continues to stabilize her state and restore her peak, she may still have the possibility of World War I, but what she lacks most now is time!

Yu Qing's Yin eyes turned and said, "you are a roaring moon wolf. You are also forbidden by blood. I have a way to untie it!"

But the demon saint on one side didn't care, "do you know my body is the roaring moon wolf? Unlock the blood ban? Depend on that boy? "

"What about my revenge?"

The demon enchanted Saint looked calm, but the killing intention in her eyes exploded in an instant.

"You..." Yuqing Yin wanted to know that there was no solution today!

Yuqing Yin takes the lead in rushing towards the demon saint. She wants to win the first chance!

"Death is coming, dare to be wild here!" The evil spirit saint's eyes were cold and it was useless to say more. Her angry figure took Yu Qing Yin's palm with the intention of killing!

Yu Qing was happy and fearless. She looked firmly at the demon saint who was closing in front of her and said, "well, let's finish here!"

In the next second, her smart and violent momentum burst out, and Yuqing Yin galloped towards the demon saint. She wanted to take this palm!

"Yu Qing Yin is going to explain here! It's time to end. "

The woman in black narrowed her eyes and guessed.

Chapter 6678

"Boom!" A stone stirred thousands of waves, and smoke filled the dense forest.

The aftermath of the explosion in the field slowly spread out. I saw that Yuqing Yin was still standing on the spot, and a layer of light blue light lingered on the surface of the body, as if he had awakened the dragon spirit, and his character was not reduced at all!

On the other hand, on the side of the demon charm saint, she stepped back and staggered, and the killing intention in her eyes only increased.

"Well, today, even if the emperor comes, he can't save you. Go to hell!" The demon Saint roared and her breath soared!

She wants to forcibly erase yuqingyin!

Use ontology to suppress.

At the next moment, the demon spirit Saint strongly urges the skill!

With a roar, the bones around her made a sound and broke inch by inch. A huge roaring MOON WOLF walked out slowly and stared at Yuqing Yin!

"How dare you look directly at me, just like you?" The invincible will appears in Yuqing's Yin eyes, overlooking all sentient beings!

The next second, the air around her began to boil, and even began to burn in the incredible eyes of everyone!

The golden light shone on the whole sky, and soon scattered all over the sky. The golden light and rain condensed into a dragon shadow!

The golden scales made the black robed women present dare not look directly, and their blood red eyes overlooking all living beings!

A dragon's song shook the sky!

In contrast, the roaring moon wolf, under the gaze of the dragon's blood red eyes, trembled first and shook the sky with a dragon sing.

Xiaoyue wolf's body began to chapped inch by inch, and his blood vessels burst. However, he was seriously injured in a moment!

Bow your head under the threat of the Dragon shadow!

If the Dragon shadow launches an offensive, then

The roaring moon wolf was seriously injured, and the demon spirit Saint spewed blood. She stabilized her body and looked at Yuqing Yin. Her original eyes full of killing intention became stunned and frightened at the moment of the emergence of the Dragon shadow, and finally turned into deep reluctance

Just when Yuqing Yin was about to kill, there was a surge of Qi and blood in her body.

"Damn it, the sequelae appears!" She secretly sighed that it was not good. There was another saint in black beside her, and she was in a very dangerous situation!

Yuqing Yin only felt dizzy. The Dragon shadow in the void dissipated slowly, as if it had never appeared. The scene was once silent.

"Cough..."

Yuqing swallowed the blood she was about to cough up. At the moment, she was at the end of a powerful crossbow.

The state has not yet been stable, she has been able to force her hand.

The palm of the evil spirit saint has reversed her spiritual power and law, and there are signs of disorder in her meridians. If the evil spirit Saint continues to launch a fierce attack, Yuqing Yin will not be able to resist the second move!

Although the inheritance in the ancient relics is against the sky, it is impossible for them to fight the current situation with seriously injured bodies!

In fact, according to the injury in Yuqing's Yin at the moment, after a few palms, her Qi and blood had reversed.

If the demonic Saint hadn't taken face into account and used her body to suppress strongly, I'm afraid Yuqing Yin would have turned into a pool of meat mud.

Yu Qingyin smiled bitterly. Although the demon demon saint was injured, she still had combat power. Besides, there were still black clad saints around her... Are you really going to fall here?

meanwhile.

At this moment, ye Chen enters the world of Wu Dao reincarnation map again.

His whole body fluctuated in the void, as if countless ancient marks appeared.

The mark is mysterious, as if it does not belong to the real world.

Even a sense of nothingness.

"It turns out that this is the sealing power of the samsara map of martial arts!"

In Ye Chen's mind world, the Turing of Wu Dao reincarnation map quietly fell beside him.

"In fact, the power of the reincarnation map of martial arts depends on how strong the person controlling it is. In the past, that guy sealed the whole Youtian ancient city with my power!"

"The relics you saw at that time are actually the existence of ancient times!"

The tender voice of milk sounds. The difference between Turing and the demon Tianshi is that its will evolves more skillfully and can communicate with Ye Chen without obstacles. At present, the demon Tianshi can't do this.

"Seal..."

Ye Chen suddenly thought of it. He thought that Nian Jinfeng had sealed his daughter Tianxue's heart. Did he also use the reincarnation map of martial arts?

"With your current ability, the power of sealing may be very weak!" Turing's voice came, and ye Chen had to smile awkwardly.

"In addition to the power of seal, the killing power is the most terrible means. Unfortunately, my current ability can't be used!"

Turing is also a flash of regret. The reincarnation map of martial arts in ancient times is a big killing tool that can kill the six realms!

At present, the reincarnation map of martial arts held by Ye Chen is similar to his own cultivation, but it is just a growth period.

Holy things have spirit, and it takes time to grow!

"Drink!"

Ye Chen shouted loudly, and the virtual shadow of the reincarnation map of martial arts behind him gradually solidified. Behind him, a huge picture scroll slowly unfolded and painted a scroll of landscape.

"Seal!"

At the command of Ye Chen, the space of dozens of meters around her body gradually distorted. Soon, a dark pit appeared in place.

And at the corner of the picture behind it, there are a few strokes that outline several trees, that's all.

The space in front of Ye Chen has been dug up. A huge black hole in the dense forest appears on the spot. Once it gets close, it will be sucked into the turbulent flow of space.

"With such an overbearing seal, even space can be hanged!" Ye Chen stares at her eyes. Once you use these means, you must kill them all.

Chapter 6679

Once the news that the reincarnation map of martial arts is in his hand is leaked, such a treasure will surely lead to death!

Ye Chen waved his arm and scattered the power of the seal. In a twinkling, the black hole that was still emitting space turbulence restored its original calm and lush trees, as if it had never been disturbed.

"Your current sealing power is to this extent. If you want to seal people, it is very difficult for the strong in the later stage of Baijia territory, even the heavenly king, to be on guard!"

"Also, the reincarnation map of martial arts does not necessarily succeed again and again. You should be mentally prepared."

Turing saw Ye Chen's sealing power and gave the most pertinent evaluation.

"But don't worry too much. With the improvement of your cultivation, if you can leave a name on the reincarnation map of martial arts, your future achievements..."

Turing didn't say everything, but gave Ye Chen a reverie, but how to go in the future was all up to him.

Ye Chen was silent and looked at the picture scroll intertwined with gold and scarlet behind him. Suddenly, a little light ink in his eyes attracted his attention.

"That is the blood halberd sealed in the holy map!" A bold idea suddenly appeared in Ye Chen's mind.

He put his hands together and began to meditate.

"This is... Stop!"

Turing saw that the situation was wrong and hurriedly reminded him, but at the moment, ye Chen, who wanted to verify his inner thoughts, couldn't listen to Turing's advice at all.

"Open!"

Another big drink.

This time, it is no longer the power of seal, but release!

A touch of light ink on the scroll began to become nihilistic. In front of Ye Chen, a peerless killing device broke out of the space in the scroll, but the halberd tip showed a little. The infinite killing intention rose into the sky and moved in the clouds of Kyushu!

"This is..."

Not far away, the black robed Saint looked at the demon saint. They were all from the demon temple. To some extent, they were the descendants of the demon family.

Among the ancient relics, the devil who fought with the commander of the wind, the unparalleled killer in his hand, was summoned by Ye Chen at the moment. What gave the second daughter was the power of terror in the depths of her soul.

Make their blood coagulate and their spiritual power reverse.

Yu Qing saw this and knew it was her best chance, so she suddenly disappeared into the dense forest. At the moment, she was in a terrible state. If she fought again, she would die!

"Damn it!" The two daughters of the demon Temple looked far away, but they were sweating all over. Once they failed, they fell into the hands of the hall Lord!

"Chase!"

Looking at a careless, missing Yuqing Yin, they raised their pace again and chased away.

.....

Screen rotation.

"Ye Chen, stop!"

Turing shouted anxiously.

Ye Chen himself was unheard of. The spiritual power of his whole body surged wildly. The spear halberd broken out from the space in front of him was even more prosperous.

"Boom!"

Suddenly, a loud explosion sounded in Ye Chen's ear. His figure flew upside down and hit the ground heavily, coughing up blood.

"You're in such a mess!"

Turing scolded: "with your current ability, if you want to reverse the power of the seal and fight with the things in it, your body is far from being able to withstand the erosion of the power of the seal!"

Ye Chen struggled to get up and felt the state of his body at the moment.

"Hoo..." after a long time, he took a breath and smiled at the corner of his mouth, but he didn't answer Turing's words.

Shentu Waner is still in danger. If ye Chen wants to save people, he must use the reincarnation map of martial arts.

Therefore, he must learn the ability to fight with the samsara map of martial arts as soon as possible.

Ren Feifan emphasized the reincarnation map of martial arts for many times before leaving. There must be a reason.

"Yuqing Yin, why did she go?" Ye Chen noticed that Yuqing Yin was not near here.

"Terrible..." Ye Chen suddenly felt an unknown premonition. He closed his eyes and felt it, and his powerful spiritual consciousness covered his surroundings again.

"There is no..."

"Not here either."

"This is..."

After several searches, ye Chen looked at the trace in a direction under his feet. His eyes coagulated, but he couldn't help frowning, raised his eyes and looked deep, whispered, "is it over there?"

.....

Another place.

"Whoosh!"

Another sound broke through the air, and countless laws flowed. A short blade was inserted in front of Yuqing's dark face. The girl gasped and stopped.

"Drag a disabled body and run very fast!" I don't know when the two figures in front of me have blocked Yu Qingyin's way.

It is the black saint and the demon saint.

"Your tracking skills are amazing, but do you really think you're going to eat me?" Yu Qing Yin sneered, forced a hint of irony on her pale face, and looked at the demon saint who had fought with her before.

When the demon Saint heard the speech, the ferocious color on her face did not converge, and her killing intention was awe inspiring.

"I will let you know the price of hard talk!" The demon Saint shouted angrily and disappeared in place.

The void fluctuated, and the next second appeared in front of Yuqing Yin.

"It's just an animal. I tell you, I Yuqing Yin will never wait to die!" Yu Qing mocked on her Yin mouth, but her eyes were full of vigilance. The current situation was unfavorable, so she could only provoke each other to find flaws!

Kankan dodged the blow, but the exhausted Yuqing Yin was still careless. Her slender neck was full of scars, and blood flowed from it.

"Tut tut!"

The demon charm saint's look is still publicized, and the color of ridicule is not overflow.

That touch of red is like a trophy of glory.

"It's time to take you on the road!"

The demon Saint didn't intend to let Yuqing Yin go. She knew Yuqing Yin very well.

With the cunning degree of Yuqing Yin in her eyes, as long as she doesn't die for a day, she can't take it lightly.

Another fatal blow, Yuqing Yin chose to avoid.

After several rounds, her body was soaked with blood, and she even shivered when standing.

"Well, do you feel cold all over?" At this moment, the demon Saint completely put down her guard against Yuqing Yin.

"Demons are addicted to poison..." Yuqing Yin also found something wrong. She was cold and hit the spirit, and her consciousness gradually blurred.

"Poop!" Yuqing Yin knelt on one knee and her eyes began to relax.

The demon spirit Saint walked forward slowly and said from a commanding position: "you and I have fought for so many years, and today we can finally have a chance to finish!"

At the end of her speech, she stepped on the shoulder of Yu Qingyin's half kneeling posture, and looked at Yu Qingyin, who was at the end of a crossbow and had difficulty breathing.

"You..." the demon spirit saint's posture as a winner was full of ecstasy. She just wanted to speak, but her hair suddenly began to rise.

This is a physiological and subconscious response. Before the demon Saint acts, the words "Yuqing Yin is deadly" sounded in her ears:

"I haven't given up yet, shadow kill! Out! "

Chapter 6680

A cold light flashed past, just like a meteor, and endless laws bloomed at this moment.

The situation in the field changes rapidly.

The demon spirit saint, who had removed her whole body's guard, only felt a flower in front of her, and severe pain hit her. She looked at her abdomen with incredible eyes. A huge blood hole was drenched, and the vitality of her whole body was passing away.

"Damn it!"

A shrill roar rang through the whole dense forest. At the moment, ye Chen, who was running, obviously heard something.

As soon as his eyes coagulated, the virtual spirit and divine pulse moved, and the surrounding emptiness fluctuated and rushed to the battlefield.

.....

Now.

In the blood gushing wound, the demon Saint collapsed to the ground. The black Saint glanced at one side and said, "don't worry, you can't die!"

The bright hole looks terrible, but it is not fatal for the saints in the demon temple.

"If I hadn't done it, you would be finished!" The black Saint glanced at the demon saint who was seriously injured on the ground and said with disdain.

It turned out that the saint in black, who had been holding the array, had expected that yuqingyin was not willing to wait for death. She was on alert all the time.

Finally, the shadow kill, the key fatal blow, was also her timely shot and pulled the demon saint, which made her avoid the fatal stab.

"You lost..." at the moment, Yu Qingyin was really at the end of the mountain. The last blow originally planned was not able to take a cushion.

At the moment, I really have no more strength. I don't even have the strength to stand up.

Yu Qing's Yin body hit the ground heavily. In addition to her eyes still turning, her whole body had no strength. The side effects of the evil spirit's addiction to poison were also gradually eroding her consciousness.

"Is it really over?"

She had too much reluctance in her heart. If she had stabilized the realm earlier, even if they worked together, they would not be their own enemies. Unfortunately, there was no if.

The saint in black came forward with no mercy in her eyes.

"You are indeed a qualified opponent. Even the demons are broken in your hands several times. Unfortunately, if you betray the temple, you have to die!"

The demon saint on one side struggled to get up. The big bloody hole in the wound was still terrible. She said in a deep voice, "what do you say to her dead man? Do it quickly!"

"Ha ha ha!"

Yu Qing collapsed to the ground, smiling on her pale face. After a few laughs, a mouthful of blood gushed out and dyed her cheeks red. Now she said:

"I'm already dying. You're no better!"

Yu Qingyin said softly with her last strength, "the heavy treasure on me has nothing to do with you."

Then Yu Guang glanced at the saint in black.

Sure enough, the suspicious demon Saint also opened a safe distance from the black saint and looked at her vigilantly.

Yuqing Yin's words are true. If the saint in black at the moment gives her a hand, she can't run away. After all, people's hearts are unpredictable.

The saint in black was a touch of ridicule and said faintly: "I didn't forget to play tricks to separate before I died. If I wanted to take her life, I wouldn't save her!"

Seeing that the last plan failed, Yu Qingyin closed her eyes in despair and no longer struggled.

"Why, did you give up?"

At this critical moment, a voice sounded. Yu Qingyin, who had closed her eyes and waited for death, smiled.

Ye Chen came. She knew that she was saved!

"Who!"

The black robed Saint flashed, looked around vigilantly, looked around, and found that there was a figure standing still on the sky.

The void around the figure fluctuates, but it comes from tearing the void.

This is near the lost time and space. It is not ordinary people who can tear the void casually!

Even the demon saint was shocked. Although she was injured, she still felt it. When the man in front of her came, she didn't notice it. Even the black saint who hadn't done anything was surprised.

People stood in front of us and still didn't find it.

The man in front of us has unfathomable strength!

This is the first conclusion drawn by the saint in black.

"Although it's terrible, it hasn't entered the too real realm yet. I'm afraid we can't surpass our level!" The black robed Saint had a dispute in her heart. Her pupils were full of the mark of entering and leaving the devil, and she put on a fighting posture to prepare for the battle.

At the moment, she was the only one with combat power on their side. As for the demon saint on one side, she had no power to fight again.

"Faking ghosts..." the demon Saint looked at the figure on the void. Even if she wanted to scold, the word "ghost" had not been exported, and the figure on the void had disappeared. In an instant, a powerful palm had pressed on her neck!

The demon spirit saint's hair suddenly rose all over her body. Between the four words, she already smelled the smell of death, and subconsciously wanted to break free from ye Chen's lock.

But it's still a second slow.

"Although I haven't stepped into the Taizhen realm, I'm already the second existence in the forbidden list."

Ye Chen's two fingers pinched hard and directly cut off his vitality.

A generation of saints in the demon Temple fell here!

All this happened between the lightning and flint. The black robed Saint next to her saw everything, but she was unable to stop it. Ye Chen's action was too fast for her to respond.

What's more, this guy said he was second in the forbidden list?

Naturally, she has heard of the forbidden sky stick of the dark forbidden sea. Let alone the second, even the tenth, it is a terrible existence!

"Damn it!"

With a dark sigh, the saint in black has sprouted a retreat, and ye Chen's posture is almost invincible.

The saint in black looked back at Yuqing Yin who was in a semi coma on the ground. She didn't want to leave. She was only one step away from success. How could she be reconciled?

"With one blow, kill Yuqing Yin and withdraw!"

With a worry in her heart, the saint in black stirred up the ghost spirit all over her body. The ghost spirit burst out. With her as the center, the smoke of gunpowder was everywhere, and her figure rushed towards Yuqing Yin.

"Go to hell!"

Another short blade shot out and pointed directly at Yuqing's Yin throat. Her plan was to succeed in this attack and retreat quickly.

The tip of the short blade was only half a distance from Yuqing's Yin skin, but she could no longer inch in. In front of her, there were a pair of indifferent eyes staring at her!

The black robed woman also knew that she missed the blow. She definitely had no chance to take Yuqing's negative life. She turned over a few times and fluctuated in the void, so she had to retreat.

After all, your life is the most important.

"I've come. Do you still want to go?"

In the ghost spirit everywhere, no matter how the black robed woman tossed and turned to avoid, she always felt that her indifferent eyes were staring at her.

"Damn it, this boy didn't even step into the Taizhen realm. Why can't I even escape! How can his sense of oppression be more terrible than those strong people in the later stage of baijiajing? "

"What evil is this?"

The saint in black is really flustered at the moment. She seriously underestimates Ye Chen's strength. At the moment, she can't even retreat!
