Chapter 671

A pool of blood.

A generation of genius has fallen.

Seeing that the immortal master and ye Chen did not make a statement, they turned their heads and looked at Ye Chen: "this adult, I am willing to recognize the Lord as your weapon! I can at least erase a lot of unnecessary trouble for you

He has been free at the price!

It's the only possibility of survival.

But the immortal master sneered: "do you still want to help the reincarnated tomb master? I'm sorry, you're too rubbish to qualify! "

The words fall, the immortal Lord's five fingers open, patted on the body of the spirit.

Dissipate on the spot between heaven and earth!

It was too late for the spirit to scream in horror.

Everything returned to calm.

The old fan fell to the ground.

The immortal Lord glanced at it, drew the ancient fan and threw it to Ye Chen: "although there is no spirit in it, it's a very precious array eye. Take it as an array. It's of great benefit. Take it away."

Ye Chen nodded and put away the ancient fan. At the same time, he looked at the immortal master and spat out a few words: "thank you for your help."

The immortal Lord was surprised to hear the two words of master, but his eyes were filled with a trace of relief.

"I didn't want to admit you, but you are indeed qualified to be the disciple of my immortal Lord through the test of this period of time."

"I have a bad temper these days. Please don't mind."

"Unfortunately, my time is almost over. After today, I can't help you any more. I don't know how much I can teach you."

"Well, this is your chance. I'll go into the samsara cemetery first. The existence of the outside world is too much of my strength. Come to me when you've finished all your work. "

The immortal Lord's eyes were desolate, and he entered the reincarnation cemetery.

Ye Chen can feel the other side's mind weak too much, almost transparent.

But there are a lot of things that he can't block.

This is the significance of the existence of samsara cemetery.

Every time I grow up, I bring these great expectations.

There is no turning back.

He could only go down step by step.

The hundred said they were their turn over.

The only thing he can do is to unlock the secret and save the hundred people.

Only in this way, he may be entitled to see the real bodies of these 100 people again.

Ye Chen no longer think much, looking at all the desolation around, hurriedly toward Ji Lin.

One will Ji Lin embrace, take out a pill in the hand, and then the silver needle slowly falls under the guidance of true Qi.

With the silver needle, the true Qi penetrates into Ji Lin's body.

Her pale face grew red.

Ye Chen breathes out a long breath. Fortunately, Ji Lin wears the supreme treasure of Ji family and resists most of the injuries. Otherwise, the consequences will be unimaginable.

After a while, Ji Lin gently groaned and opened his big eyes!

When she saw Ye Chen, she quickly broke free and said, "we are still alive?"

Her surprised eyes looked around and found Bai Zhanyuan dead!

All those men are dead!

Blood and bodies all around!

Not only that, but also the spirit has disappeared.

"How could..."

Ji Lin exclaimed in surprise. The whole area was 100 meters, and there were only her and ye Chen.

She's in a coma, so she can't do it.

Can ye Chen kill the spirit and everyone?

How could it be!

Although the boy knows the array inexplicably, his cultivation is still very weak! No strength at all!

She looked again at the startling sword marks on the ground and the dark clouds that did not float above the sky.

She sniffed at her nose and found that there was another powerful breath around her!

This breath is not ye Chen's!

Can't it be that when she's in a coma, there's a master here!

She quickly looked at Ye Chen and asked, "Ye Chen, what happened just now? Is there any great power? Someone is helping us in the dark? "

Ye Chen naturally can't tell the story of the immortal Lord.

The secret of the samsara cemetery belongs only to him.

Don't mention Ji Lin, even his parents can't reveal that this is the first powerful Luo Yuntian to explain when the reincarnation cemetery was opened.

For a moment, ye Chen didn't know how to explain it.

Suddenly, Ji Lin found a plum blossom on the ground.

The plum blossom may have been brought from the outside just now. Originally, it was meaningless. But Ji Lin picked up the plum blossom and exclaimed: "is it the Kunlun Xu who made countless sects afraid of Ye Shitian! Yes, with such strength, the plum blossom left here is definitely ye Shitian! "

Ji Lin's voice is very positive.

Ye Chen was stunned, but he did not expect that the other party would have such association. He laughed: "to be honest, I am ye Shitian..." Ji Lin glanced at Ye Chen and said sarcastically, "don't think you can kill heaven by pretending to be ye. You want to take all the credit to yourself, ha ha! If you have one percent of Ye's killing heaven, I will burn high incense. "

Ye Chen:

Knowing that the other party would not believe it, he could only say to Ji Lin, "well, to tell you the truth, I saw a man with a mask suddenly appeared just now. I don't know why he would help me. Besides, there seems to be a dragon on his body, and thunder and lightning fall on the sky. It's too terrible. He killed Bai Zhanyuan and all the utensils! Before I could react, the man disappeared

"It seems that he hates the bully most..."

Ye Chen can only follow the trend.

Although there are many loopholes, Ji Lin touched his chin and nodded: "I knew it was like this. Looking at ye Shitian's actions during this period of time, there should be some chivalrous heart. Moreover, the other party's character is very crazy. It seems that he can't stand the strong man of Kunlun, and his hand is normal."

"I thought ye Shitian was just the holy kingdom. Now it seems that I underestimate him. I think this guy is returning to the virtual realm, even higher!"

"It's said that ye Shitian's root bone is only in her twenties. How can he be more rebellious than her sister? Is this the descendant of Kunlun Mountain hermit family

Ji Lin murmured, his eyes were more and more radiant, and he was obviously more and more interested in this leaf killing heaven.

After a few seconds, she looked at Ye Chen and said with a bad smile: "Ye Chen, I want to tell you some bad news. Recently, my sister is very interested in ye Shitian. You may have a rival in love."

"Although my sister has been helping you for five years, I can't understand her behavior. She may be looking at you pitifully. It's said that my sister likes you, so don't take it seriously. Even if my sister is really a little interested in you, the appearance of Ye Shitian will break everything. "

"Which beauty in the world doesn't love heroes? My sister is bound to be conventional, so you die and pursue my sister's heart."

Ye Chen almost vomited out a mouthful of old blood.

In the world, countless people fear or admire ye Shitian.

But I don't know, this leaf kills the sky is the fan root youth Ye Chen that bears innumerable ancestral door ridicule.

Chapter 672

Ye Chen doesn't need to explain.

Because even if you explain, no one will write.

When everything is right, the secret will be known to the world.

On that day, maybe the whole Kunlun Xu people would be shocked by their chin.

Ji Lin suddenly thought of something, even busy way: "Oh, forget the business! We must go to qingxuanfeng as soon as possible! "

Ye Chen frowned, surprised: "you also go to qingxuanfeng?"

"Nonsense, I'm here. Why don't I go to qingxuanfeng? No, you mean, where are you going

Ji Lin blinked his eyes and suddenly thought of something.

"I heard from my sister that the door of the God of medicine seems to be a vein of Lin Qingxuan. Did you go to qingxuanfeng to seek the highest road of medical ethics?"

"You've been in the medical God gate for a few years, but if you think about martial arts all the time, it's estimated that medical skills are not so good."

Ye Chen is also too lazy to explain, nodded: "be regarded as."

"Take a walk. Since it's on the way, it's best. I'll protect you. If I'm here, God and ghost will make way."

"By the way, maybe it's because of me that ye killed the sky. I think it's because of my sister's beauty, so he flatters me."

"Ye Chen, look at it. In fact, your salvation is totally in my light! Don't thank me

Ye Chen:

Two people directly on the horse, toward qingxuanfeng.

Qingxuan peak is towering into the clouds and extremely steep. The top part of the mountain is in the clouds, just like a fairyland.

When they reached the middle of the mountain, they could not get on the mount at all, so they could only walk up.

An hour later, they finally arrived at the top of Qingxuan peak.

The whole Qingxuan peak is like a huge hourglass. Although it is steep in the middle, it is vast on the top of the mountain.

They didn't move on because there was a mountain protection block in front of them, so they had to stop.

There are runes flowing over the mountain protecting array.

The rune is cold, and seems to have a pair of eyes staring at Ye Chen and Ji Lin.

Ji Lin looked at Ye Chen: "don't you know the array? Try to see if you can break the array, or we can't get in."

Ye Chen nodded and closed his eyes to feel the direction of array eyes.

There are only two ways to break the array.

First, the strength is far more than the array. Break it by force.

Second, find the eye and break it.

But soon, ye Chen's expression is solidified.

His psychic sense penetrated into it and disappeared!

Can't detect the eye!

This is a very powerful array!

It may even have existed since ancient times!

Otherwise, qingxuanfeng would not have survived for so many years.

Did Lin Qingxuan set up an array before the accident to protect future generations!

Ye Chen wants to find Lin Qingxuan by entering the samsara cemetery, but finds that the other party is completely silent.

I don't know if it's closed or disappeared.

Ji Lin on one side saw Ye Chen's reaction and shook his head: "I thought you had a strong array, but now it seems that it is just so."

"Forget it, I'll have a try."

Ye Chen looked at Ji Lin and said curiously, "do you know the array?"

Ji Lin smiles, the next second, directly sacrifice a green sword, the momentum of his body suddenly climbed to the extreme!

With a sword!

"If you want to know the formation, just split it."

Ji Lin's most powerful blow directly hits the array ripple!

At the same time, a red light suddenly appeared.

The next second, a cold killing opportunity shot directly out of the array and went towards Ji Lin.

Ji Lin didn't expect that this array could even concentrate and kill the opportunity!

Not waiting for her reaction to return, a strong wind whirled, ye Chen directly hugged Ji Lin, but also toward one side.

And it was exactly in the same place that a deep sword mark appeared.

Ji Lin exhaled a breath, looked at Ye Chen, or said: "thank you, today I saved you, now you save me, we are even."

Ye Chen:

At this time, more than a dozen figures came out of it. It was obvious that Ji Lin had just moved the array and triggered the alarm inside.

"Who dares to touch our array of qingxuanfeng! Look for death

It was a man in cloth with his hands behind him.

The man does not have any weapon, but that look is with a trace of cold.

His sight toward Ye Chen, ye Chen naturally became the object of his suspicion.

"Your hand?"

Seeing someone coming out, Ji Lin quickly stepped out and said seriously, "Hello, I'm Jilin of the Ji family. Entrusted by the Ji family, I'd like to invite the descendants of Lin Qingxuan to the Ji family! Please

The man in cloth looked at Ji Lin again. When he found out that it was a little girl, he sneered: "no cure, go away."The simple three words are the expression of attitude.

Obviously, they have the confidence.

Ji Lin's expression changed. Naturally, he was not willing to give up. He continued: "what do you want, we Ji family can take it out! Make a condition. "

The man in cloth suddenly looked serious and said, "my words are very clear. Get out! Although your Ji family has some power in Kunlun, it's nothing in my qingxuanfeng. If you don't go away, don't blame me for being merciless. "

Ji Lin almost blew up!

How could she have been so angry!

Her Ji family is not a small family in kunlunxu!

Suddenly, something came to her mind.

This group of people's attitude is bound to be due to one reason, that is, the conditions are not enough!

No longer hesitating, Ji Lin's hand appeared a golden elixir.

As soon as the golden elixir came out, countless auras poured into it, and the strong fragrance of medicine spread out.

The man in cloth and everyone behind him took a breath.

They grew up in qingxuanfeng, accepted the supreme medical principle, and had an incomparable understanding of pills and medical ethics.

And the smell of pills in front of you is extremely rich, not ordinary.

The man in cloth was moved and ordered, "give me this Dan, I will think about it naturally."

Dan Ji can only give me an exact answer

The man in cloth seemed to feel that his authority was questioned. He snorted: "I am the descendant of Lin Qingxuan. If you need me to give me this pill, you have no qualification to discuss conditions."

"If you don't want to, it won't do me any harm."

At this moment, Ji Lin wavered.

Father is in danger, only the people of qingxuanfeng can be saved.

She had to let Lin Qingxuan's descendants go down the mountain.

She bit her teeth, no longer hesitated, handed the pills in her hand.

The man in cloth has hot eyes and a smile on his mouth.

All the people of qingxuanfeng are the descendants of Lin Qingxuan. What's more, he promised to help, but he didn't promise to save his life.

Get an ancient pill for no reason, this business is too profitable!

He pulled out the array of qingxuanfeng. He had already seen through the strength of these two men, so he didn't have to be afraid at all.

Just as he was about to take off the gold elixir in Ji Lin's hand, ye Chen on one side grasped Ji Lin's wrist and pulled it back directly.

"I don't think so." The voice of indifference rang out.

Ji Lin was stunned and curiously looked at Ye Chen: "Ye Chen, what are you doing?" Chapter 673

Ye Chen said, "is there something wrong with Ji family? Your family? Is this the real reason why you came to qingxuanfeng? "

He can see the strength of men in cloth at a glance.

Martial arts, but not necessarily good.

What's more, the man's eyes are erratic, taking pills really will cure?

In terms of medical skills, he may not be the opponent of Lin Qingxuan's descendants.

But there is Lin Qingxuan in the samsara cemetery!

What descendants are you looking for! Ask him ye Chen directly!

Ji Lin did not hide the need: "my father is in a coma now, and my sister asked me to come to Lin Qingxuan's descendants, which is the only hope."

Ye Chen nodded and said: "do you forget that my way is also medical? In order to find these uncertain people, it's better to let me do it, and I don't want Jindan. "

Ji Lin glanced at Ye Chen and said, "my father's disease can not be cured by ordinary means. I know that you come from the door of medical God, and you are also a doctor, but My father's illness is very difficult. Your master may not have a way, let alone you. "

"The elder sister said that only Lin Qingxuan could have hope, but Lin Qingxuan had already dissipated between heaven and earth, and Lin Qingxuan's descendants were the only chance."

Ye Chen a Zheng, just want to speak, a silver needle directly shot over!

Cut through the air and the silver glitters.

It's locking his heart!

It's obviously a shot to kill him!

He snorted coldly, and his right hand reached out, and a silver needle appeared steadily in the palm of his hand.

Then, his cold eyes at the hand of the cloth man, cold way: "you do this, is not over?"

The man in cloth obviously didn't expect Ye Chen to catch his silver needle.

How can you be so responsive?

"Boy, this little girl's words are very clear, but you want to do me bad?"

The man in cloth said coldly.

Ye Chen ignored and looked at Ji Lin: "if you believe me, put away the pills. I will take care of your father's illness, and I promise that as long as Lin Qingxuan can cure it, I Ye Chen can do the same! "

At this moment, ye Chen burst out of a strong self-confidence.

It's like a thousand rays of light.

Ji Lin lost his mind for a moment, and even subconsciously planned to put away the golden pill.

The man in cloth had long regarded the golden elixir as his own thing, and could not care about his face. He opened his fingers directly and came towards the golden elixir.

See this scene, ye Chen Mou son shrinks, cold hum a, that just two fingers clip silver needle to shoot out directly!

As fast as lightning!

When the man in cloth noticed the crisis, he sneered and his arm shook. He thought he could destroy the silver needle, but he didn't expect that the silver needle went through the air wave directly!

It's more accurate through his arm!

The next second, he felt his whole arm paralyzed.

"How dare you do it to me! Do you know my identity in qingxuanfeng? "

Men in cloth want to force out silver needles, but find it impossible!

The silver needle seems to have an invisible force to protect it.

The key is not only that his arm is stiff, but the sense of stiffness is spreading!

He was sure that soon the whole body would be petrified and unable to move!

What is this technique?

How is it like a rune?

His ferocious eyes were staring at Ye Chen: "boy, what have you done to me? This is in qingxuanfeng. Can you think about the consequences?"

Ye Chen hands embrace chest, light way: "since you are Lin Qingxuan's descendant, won't even a silver needle can't force out."

The man in cloth turned red in an instant: "such a sorcerer, you are supposed to come to qingxuanfeng to make trouble! In that case, don't blame me for being rude! Everybody, take this boy

Ji Lin naturally felt these people's bad deeds. He drew out a long sword and pointed at all the people: "he can't even force out a silver needle. He also said that he is the descendant of Lin Qingxuan. You almost cheated Jindan! If anyone dares to step forward, aunt Ben will cut off three legs of you men first

As soon as this is said, those who have not yet done so will feel cool.

This little girl is crazy, too.

"Do it!"

The man in cloth urged.

The next second, those people of qingxuanfeng quickly plunder, killing opportunities broke out!

Ye Chen and Ji Lin sneer and go away.

Shadow array, sword light soared to the sky.

In ten seconds, everyone fell to the ground.

These people are involved in both medical and martial arts, leading to incoherence. Naturally, they are not the opponents of Ye Chen and Ji Lin.

Of course, Ji Lin didn't kill her. After all, she came to ask for help. People who offended qingxuanfeng were not good for him.

Ji Lin didn't even plan to see these people. He went straight to the depths. "Ye Chen, all of us are here. Let's go in together. No matter what, I must see the descendants of Lin Qingxuan."

Ye Chen shook his head helplessly.

He can't explain that Lin Qingxuan is in the samsara cemetery.

However, there are more important things for him to come to qingxuanfeng this time.

On the one hand, for Lin Qingxuan's account, on the other hand, he is looking for other people in the door of medical God.

Two people walk 100 meters, is to see a huge black stone tablet!

There are seven strong words on it!

Lin Qingxuan!

A sense of antiquity came to me.

Solemn and sacred.

In this is, ye Chen actually felt the vibration of the reincarnation cemetery.

Obviously, the inscription on this tombstone was mentioned by Lin Qingxuan himself.

And the reincarnation of the cemetery of the road Lin Qingxuan the first time to detect!

The next second, a figure is emerging in Ye Chen's side.

It's Lin Qingxuan!

Lin Qingxuan stares at the stone tablet, as if meeting the ancient things in his eyes.

Complex, sad.

There's even anger.

At the same time, there are cracks on the stone tablet, which seems to bear the anger in Lin Qingxuan's heart.

Ye Chen can't think that Lin Qingxuan will rush out. However, he takes a look at Ji Lin, and the other party doesn't notice it. He should be able to see it only by himself.

With his hands behind his back, Lin Qingxuan finally said: "I am respected for my medical ethics, and I am independent of the world. How can heaven abandon the medical doctrine, and heaven destroys the medical God, the way of all things, the heaven is disillusioned, the ancient and modern run through, dissipate the world, the medical doctrine is immortal, and the heaven can be destroyed forever!"

"Disciple, I thought that for thousands of years, one of my descendants would be able to break the stone tablet I left behind and achieve the supreme medical principle."

"Now it seems that I was wrong."

"They don't deserve to inherit my mantle. They don't deserve it."

Suddenly, Lin Qingxuan looked at Ye Chen and said seriously, "close your eyes, touch the stone tablet with your palm, and tell me what you can see! Come on

"If you can understand what's in it, it means you are qualified to step on the supreme medical principle. The strongest way of medical treatment is not to save people, but to be invisible."

Ye Chen hesitated for a few seconds, or reached out and touched the black stone tablet.

The next second, the vision rises.

Above the sky, the city is covered with dark clouds, blocking out the sky and the sun!

A golden light came over the stone tablet.

Chapter 674

Ye Chen sees the golden light seeping into the stone tablet, and the four words of "doctor, doctor and God" are also suspended.

These four words seem to be a whirlpool of darkness. As far as you can see, there is endless pressure.

"This is..."

Ye Chengang wanted to ask what, Lin Qing xuanxu shadow beside him said: "the heart has no distractions. My descendants have no ability. I would like to see if the reincarnation tomb owner has this qualification!"

"You have practiced the complete nine day xuanyang Jue, and you have no rejection. You have been selected by the reincarnation cemetery. There must be a reason. I just want to know whether this reason has something to do with Lin Qingxuan."

"If you can't understand what's inside, I'll still help you a little, but I won't give all of my supreme medical knowledge to you, because you are not qualified."

Listening to Lin Qingxuan's words, ye Chen nods, no longer thinks about it, closes his eyes, and even penetrates spiritual consciousness into it.

Ji Lin was obviously aware of the change and said curiously, "Ye Chen, what are you doing? If we don't go in again, when those people recover, we won't have a chance to go in again. "

Ye Chen did not answer, still closed his eyes.

Ji Lin gnaws his teeth, but he thinks that ye Chen must have his reason to do so. He still waits quietly beside him, so he should protect Ye Chen's Dharma.

Her big eyes curiously looked at the tombstone, she could feel a force in the tombstone, as if connected with Ye Chen.

Is it because Lin Qingxuan is one of the medical gods where ye Chen is.

Is this a chance to accept Lin Qingxuan?

Thinking of this, Ji Lin denied that Lin Qingxuan, a great man, naturally left the best things to the descendants of qingxuanfeng.

Although the door of medical God is also one of his veins, ye Chen is totally dispensable to him.

This is just like the Ji family. Compared with himself, the Ji family obviously cares about himself.

At the moment, ye Chen feels that he is surrounded by an invisible pressure.

The pressure made him breathless.

He wanted to break free, but found it impossible.

All of a sudden, he thought of something and ran nine days of xuanyang Jue. A golden air stream surged from the elixir field and flowed toward the four limbs and hundreds of skeletons.

Vaguely, the blood dragon in Ye Chen's body surged up and the Dragon chanted.

Not only that, his eyes flashed a little blood red.

This pair of eyes is like a dragon gazing at the earth.

All of a sudden, ye Chen found that the words had changed completely, and gradually became a figure.

The figure stands on the top of the mountain, holding a silver needle in one hand and a slender sword in the other.

Put it behind your back.

It doesn't move like a mountain.

Ye Chen is very clear that this figure is Lin Qingxuan in ancient times.

Lin Qingxuan, a doctor and God!

The secret of the stone tablet is this picture!

Autumn wind bleak, no intention to kill, but let Ye Chen feel cold.

This cold comes from the bone marrow.

Later, the picture of the stone tablet changed.

In front of that figure, there are countless strong men!

Hand holding magic weapon, breath terror! These people are even far beyond the realm of the king!

Wu Dao breath is like a giant dragon, soaring for nine days and swallowing everything!

But Lin Qingxuan closed his eyes without fear.

Countless strong people sweep the fury breath, the storm is coming! Killing the sky!

Lin Qingxuan is still closed eyes.

When countless swords were about to pierce his body, his cold eyes suddenly opened.

Step on it!

The sword is suspended in the air!

Time and space seem to be still!

Then, Lin Qingxuan stretched out his hand, and the silver needle between his two fingers shot out!

Silver needle golden work!

Turn into a thousand feet!

On the spot, he tore all the sword ideas and killing opportunities, and even the shadow of the Dragon disappeared between heaven and earth.

"Today, it's still the way to suppress it."

"It's a pity that it's hard to cultivate medical ethics. It needs not only talent, but also chance. Maybe only one person in the world can touch the road of medical ethics."

"Even if Lin Qingxuan dissipates in heaven and earth one day, someone will suppress everything with medical treatment."

From then on, he represented the way of Wuxu

Language down, solidification of time and space, Lin Qingxuan quietly walked through.

With both hands behind, the aura between heaven and earth can't be touched.

As if touching would be a blasphemy.

Until the figure of Lin Qingxuan disappeared in the sight, the countless strong men of ancient times howled everywhere, blood mist bursts!

Blood rain all over the sky, just like a vision!

When seeing this picture, ye Chen was completely frightened and pale.

In his memory, the old man taught him the supreme medical skills of the God of medicine, just to hang a pot to help the world, or to protect himself. No one can save the decline of the door of medical God.

In ancient times, although Lin Qingxuan was very powerful, there were few things left.

To the back, the door of medical God became the only one of Kunlun Xu.

Even ordinary martial Taoist sects disdain provocation.

The old man's only hope is to travel around Kunlun and Huaxia, hoping to find a person who can change against the weather.

And saving yourself is the beginning of everything.

Fortunately, ye Chen really shows a strong talent on the basis of medical ethics. His array and alchemy are extremely excellent.

If ye Chen doesn't take revenge, he may become the next leader of the medical God sect.

There are some things that can't be lost.

But now, ye Chen is to feel the real medical ethics, killing in the invisible.

How powerful it is to turn a silver needle into a hundred Zhang spear!

Those martial arts strong in such a strong blow, only blood fog is their destination.

At this time, ye Chen found that the spirit of the spirit of his body continuously gathered, is drilling into the stone tablet.

The images in the stone tablet are all swallowed up by spirit and spirit!

The four words of "medical Tao Tong Shen" also disappeared completely.

The infinite aura and power on the stone tablet are all concentrated in one point, falling on the spirit spirit.

The power of destroying the withered and decaying suddenly burst out a dazzling golden light.

After the golden light, ye Chen found that it had agglomerated into a silver needle.

Although the silver needle is small, ye Chen can see the simple lines on it, showing extraordinary everywhere.

What's more, the name of Ye Chen is engraved on it!

One side of Lin Qingxuan has been paying attention to the change of Ye Chen. Ye Chen can see that picture, which is nothing.

After all, he practiced the complete nine day xuanyang Jue.

This picture, in qingxuanfeng several descendants should also be able to detect.

But when he saw that ye Chen actually understood the silver needle technique, the Gujing bubo smile was astounded!

"How could it be!"

From the moment of his death, he only hopes to understand the Tao!

But don't want to, God gave him a huge surprise.

Ye Chen is simply born for medical ethics!

Now the pattern of Kunlun's Xuwu road should be changed!

Chapter 675

"It seems that the selection of this person by the reincarnation cemetery is the most correct choice. At least in my opinion, there are countless empty amazing talents in Kunlun, but maybe only Ye Chen can save a hundred of them

No longer thinking about it, Lin Qingxuan quickly ordered Ye Chen: "disciple, quickly drip blood to recognize the Lord, take this needle! It's going to be one of the best ways to save your life right now

Ye Chen hears the voice that rings in the ear, no longer hesitates, the fingertip forces out a drop of blood essence.

When the blood essence touched the silver needle, a thousand Zhang auspicious clouds suddenly appeared in the sky of qingxuanfeng! blot out the sky and cover the sun.

The sun and the moon fade!

The key is that a line of words appeared on the auspicious cloud.

The way of medicine connects with God, and the way of martial arts is subject!

A thousand feet of auspicious clouds are surrounded by lightning in an instant!

Even so, the thunder clouds could not restrain the auspicious clouds.

At the same time.

Kunlun Xu Ji family.

Ji Siqing stood in the middle of the yard, looking at the strong man of Ji family kneeling in front of him, and asked, "hasn't Ye killed the sky yet?"

The strong man of Ji family shook his head: "Ye Jingtian has no trace after the appearance of Zuixian tower."

"But..."

"But what! Say it clearly

The strong man's eyes of Ji family shrunk and even said: "according to my investigation, after ye Shitian took Lixin, Lixin died in front of the grave of shisan, the God of medicine."

"Why did ye Shitian deal with the Li family when he first appeared in Kunlun Xu? It seems like revenge. Miss, I wonder if ye Shitian has something to do with shisan? Or is it related to the medical God gate? Of course, it's just a small guess. It's said that ye Shitian is a righteous person. If you don't like it, you'll start it. Maybe it's the other party's whim. "

Ji Siqing did not speak.

When she heard the three words of doctor's gate, she thought of Ye Chen in her mind.

Even for a moment, she was wondering whether ye Shitian would be ye Chen.

After all, the relationship between Ye Chen and shisan is not bad. It's OK for him to avenge shisan.

But the idea was suddenly overturned by her.

At the beginning, although she was optimistic about ye Chen, ye Chen's growth could not be so fast.

It is said that ye Shitian's strength is at least above the holy King's realm in Kunlun. However, when Ji Lin went to China, ye Chen seemed to be in a dynamic state.

A few months is not enough.

No longer thinking about it, Ji Siqing looks at the strong man of Ji family and orders: "before there is absolute evidence, I'll investigate the relationship between Ye Jingtian and Shi San. Isn't Shi Zhenhai gone? Try to find out how to find this person. He must know the truth. By the way, don't hurt Shi Zhenhai. Everything is about the dead. "

"Yes, miss." The strong man of Ji family will step down directly.

Ji Si's delicate eyebrows are frowning, and the snow-white skirt yarn is dancing in the wind, which has a unique aesthetic feeling.

She sighed and was about to enter the room when suddenly there were visions in the sky.

Ji Siqing raised his head and looked at a direction!

The beautiful and cold eyes were full of fear.

"After Lin Qingxuan's disappearance, there are still people who can gather the vision of medical ethics and unblock God? Although this vision is very weak, and the other party should not have fully understood it, it can stimulate such a vision. As long as the person is given enough time, he is qualified to suppress all martial arts of Kunlun

Ji Siqing pinched his fingers, and then his expression became more colorful.

Because the direction of this vision is qingxuanfeng!

Qingxuanfeng is the land of Lin Qingxuan's posterity. Did the descendants understand what Lin Qingxuan left behind?

"Kunlun void is going to be lively. There was ye Shitian Wu Dao suppressing numerous forces, and then there were descendants of qingxuanfeng who were able to communicate with the gods. It is estimated that Kunlun Xu will have a big event this year."

"Xiao Lin should have arrived at Kunlun now. Ask the girl then."

And now in Qingxuan peak.

In a magnificent building.

There is a statue of Lin Qingxuan in the building. The statue is made of countless spirit stones. For Lin Qingxuan's descendants, this is priceless.

Around the statue of Lin Qingxuan, more than a dozen old people and young people closed their eyes and kept practicing.

There was a red air stream all over them.

At this time, everyone opened their eyes, and they obviously found the abnormal movement of qingxuanfeng.

"This breath, is it difficult for someone to feel the supreme medical principle of our ancestors in qingxuanfeng?"

"Are we saved? With the help of the people who are able to communicate with the gods, the medical way is enough to suppress the wudaozong sect at the foot of the mountain! "

"But who is this man? A dozen of us are practicing here, obviously not us... "

"Is it the ancestor?"

"Possible! If there is one person in the whole Kunlun void who can understand the supreme medical principle, it can only be the old ancestor. Unfortunately, he closed down under the cliff and no one can disturb him... "

People are very sad, they want to see the demeanor of their ancestors, but they are destined not to disturb. I dare not.

Just when they were frightened, an awkward figure appeared outside the door.

"Master, it's not good! There are two people who don't know where they came from. They broke the array and killed Qingxuanfeng! More than a dozen of us have been injured! "

"It's very likely that these two people came from the Wudaozong sect at the foot of the mountain, and one of them said that she came from the Ji family!"

It's the man in cloth who was wounded by Ji Lin and Ye Chen. When he wakes up, he will report it at the first time.

Hearing this, the faces of more than a dozen people changed!

At this juncture, my grandfather is stepping into the realm of medical ethics and opening up the gods. Unexpectedly, two people came to kill me, absolutely to destroy my breakthrough!

His heart can be punished!

All people directly stood up, eyes flashed a trace of murder!

"Since those two guys are here, put them down here forever!"

"Our Qingxuanfeng has been silent for a long time. Since our ancestors have broken through, today we'll let those Kunlun Xu guys see if Lin Qingxuan's medical skills have declined!"

Language down, more than a dozen figures opened the door, directly swept out!

"Lead the way!"

The man in cloth just reacted to this. He was very happy. He had just wanted to invite several people. Now all these elders and masters have taken action. The end has been decided!

"Yes, yes, please follow me. They seem to be at the stone tablet where ancestor Lin mentioned the word."

Chapter 676

.....

And ye Chen at this time, of course, did not know that this move would have such a big response.

He had the antique silver needle in his hand.

Holding it in his hand, he could clearly feel an energy swimming in it.

Once inspired by him, although it is impossible to achieve the most powerful attack like Lin Qingxuan, it is still possible to kill some virtual strong people in Kunlun!

One side of Lin Qingxuan saw Ye Chen take the silver needle, arm gently waved, a light smoke wrapped Ji Lin.

Ji Lin is stunned, and his eyes are full of confusion.

"Disciple, although the girl around you is not a threat to you, but for the sake of safety, I temporarily erase the sense of vision in those seconds."

"It's not an accident that the vision of doctor's way and God's communication happened in qingxuanfeng, but try not to let the outside world guess that it's you, or those martial Taoist sects will not let you live."

"Your presence is their greatest threat."

"Well, I can't stay outside for too long. I'll go to the samsara cemetery first. I'll tell you about the specific things later."

"If none of my descendants meets my requirements, that thing is not qualified to guard."

With the fall of words, Lin Qingxuan dissipated between heaven and earth.

And Ji Lin is also sober up, her eyes are at a loss, when she saw Ye Chen, she just responded: "how can you still stare at this stone tablet, go, or when those guys report information, we may not even be able to get in."

"Good." And the deep meaning of Ji Lin is taken directly by Ji Chen.

There are a lot of people coming and going. These people stay on Ye Chen and Ji Lin for a few seconds, and they don't care much.

After all, it is very difficult for ordinary people to enter the array of qingxuanfeng.

If they really enter, they must be allowed by qingxuanfeng.

Suddenly, a voice sounded behind Ye Chen.

"Ye Chen?"

There was a hint of uncertainty and excitement in the voice.

Ye Chen's body is suddenly stiff and stops!

He is so familiar with the sound!

Xiaobi!

Among the disciples of the medical God sect, only three have a good relationship with Ye Chen.

Shi San, Xiao Bi and Lao Xue.

Xiaobi is the only girl among the three, one year younger than ye Chen.

Although he didn't know martial arts, he had a good talent in medical science. He was very good at alchemy. Even the old man had to sigh.

Ye chenmeng turns around, a girl in green is graceful and graceful, holding a broom in her hand.

A waterfall like black hair tilted down, slender Phoenix eyebrows, a pair of eyes like stars, such as the moon, exquisite Qiong nose, pink cheek slightly halo, dripping cherry like vermilion lips, perfect melon seed face with surprise, light figure, refined elegance.

Really Xiaobi!

Just now, the girl just called out with uncertainty. When ye Chen turned around, she covered her mouth subconsciously, and her eyes were only shocked and excited.

"You Aren't you in China? How can it appear in qingxuanfeng? "

The girl exclaimed.

Before she finished her words, ye Chen stepped out and came to Xiaobi: "Xiaobi, are Shifu and other senior brothers in qingxuanfeng? Where are they now? "

This is the key to Ye Chen stepping into qingxuanfeng. Can you not be excited!

He knew, well, if there were no such people, he would have died.

Now that we have the ability, we should naturally repay the kindness of those five years.

Small green eye Mou some dodge: "Ye Chen, I ask you first, how can you appear here?"

Ye Chen just wanted to answer, but he noticed the broom in Xiaobi's hand.

In his impression, Xiaobi's identity in Kunlun Xu is also good. The family behind her has some power, saying that she is not too rich and seldom picks up a broom.

After all, this is the biggest direction of her future development.

But in front of me, how to do this kind of rough work?

The more critical Xiaobi has a thick cocoon on her hand. Obviously, this kind of thing has been done for a long time!

The original sharp eyes are full of fatigue.

"Xiaobi, what happened? How could you sweep the floor in qingxuanfeng? "

Xiaobi hesitated on her face and thought for a few seconds, but she still decided to say it.

"Ye Chen, in fact, master and we come to qingxuanfeng..."

Before the words were finished, more than a dozen horrible breath suddenly came.

Even more directly appeared in front of Ye Chen and Ji Lin.

Eyes kill.

The man in cloth was among them.

Xiaobi saw the appearance of these people, pale, and quickly knelt down, respectfully said: "see you adults!"

But no one paid any attention to it!

All people's eyes are staring at Ye Chen and Ji Lin. The man in cloth stepped out and said to an old man behind him, "master, these are the two men. These two men are very powerful in martial arts. They break the array by force. They are not good at coming. Please suppress them directly! "

The old man glanced at Ye Chen and Ji Lin, and said, "who is sacred behind you! Dare to make trouble in qingxuanfeng! What a sin! "

Seeing the old man's momentum, Ji Lin knew that the other party might be Lin Qingxuan's descendant. He arched his hands and said, "this elder, I'm Jilin of the Ji family. I'm here this time..."

Before he finished speaking, the old man interrupted directly: "what about Ji family! Even if the old man of Ji family comes to qingxuanfeng in person, he should be respectful in front of me, and dare not touch my disciples! "

"I only give you a chance to discard your accomplishments, break one hand, and then get out of qingxuanfeng!"

The old man's words are full of no doubt.

One side of the small Bi Wan did not expect Ye Chen back the first thing is to offend qingxuanfeng!

She looked pale and looked at Ye Chen. She still gnawed her teeth and said, "my Lord, there must be some misunderstanding in this. Ye Chen is a disciple of our medical God sect, and is also the lineage of ancestor Lin. please let Ye Chen go! I know her. He didn't mean to! He must have come to see me. That's what he did Please show mercy

As soon as this word came out, the old man who spoke was surprised a little: "the door of medical God? Why is there such a strong sense of killing

The man in cloth was afraid of any accident. He glanced at Xiaobi and said in a cold voice, "how about the medical God gate! If we didn't accept you, you would not have existed! "

"What's more, what qualifications do you have to talk to the master! What qualifications do you have to ask for mercy? "

"Get out of the way!"

The next second, the man in cloth kicked Xiaobi's chest.

In the eyes of qingxuanfeng, although there is a connection between the medical God gate and qingxuanfeng!

But the people of the medical God gate are just humble ants!

Even if you kick this woman to death, what is it!

Seeing that foot will touch Xiaobi's chest, a figure appears in front of Xiaobi's body.

Five fingers open, caught the cloth man's ankle.

Ye Chen looks at Xiaobi, who kneels down, and sighs: "when has the door of medical God reduced to this point?"

Chapter 677

Xiaobi wanwan didn't expect Ye Chen to stop him.

She knows Ye Chen well.

Although Ye Chen had no intention of healing in those five years, he always wanted revenge, but his practice time was too short.

This is in qingxuanfeng. Once there is a conflict, the consequences will be extremely serious!

Before he left qingxuanfeng, Shifu said in a good voice that before he found the way to break the situation of the medical God gate, the only thing the doctor had to do was to be patient!

Even in qingxuanfeng, I have to swallow it.

Living is more important than everything.

Xiaobi looked at Ye Chen and her eyes were like water: "Ye Chen, please apologize quickly. I beg you. You have been in China for half a year. You don't know a lot about Kunlun Xu."

"The situation has changed completely. In the past six months, a lot of things have happened in the door of medical God."

Xiaobi even stretched out her hand and grabbed Ye Chen's clothes, with a trace of bitterness in her tone.

But ye Chen was not moved.

He looked at Xiaobi in front of him and sighed.

He only left Kunlun Xu for half a year, and the edges and corners of this group of medical Shenmen disciples were completely smoothed.

Xiao Bi, who he once knew, was arrogant and could not kneel down to anyone except his master.

But in front of me, it is for myself to ask these people hard.

This is not a kind of sadness.

He had no choice but to shake his head and push his arm gently to push the cloth man out.

Although did not use true Qi, but this strength makes the other party a stagger, a buttock sits on the ground.

The man in cloth has a hot face, which is a shame!

He stood up awkwardly, came to the old man's side, respectfully said: "master, you also see, even if you are here, this son is also so arrogant!"

"I don't think I need to talk nonsense with him any more, so I will suppress him directly!"

At the beginning, the master took in these little odds and ends of the doctor's gate, which made him unhappy.

He was afraid that the master knew that ye Chen came from the medical God gate, so he didn't even investigate.

The old man looked at Ye Chen with interest and said, "I have never seen you in the medical God gate. Whether you are a member of the medical God gate or not, it is not the reason for you to rush into qingxuanfeng and hurt my disciples."

"The opportunity I gave you just now remains the same. I'll give you ten seconds to think about it. When the time comes, I'll do it myself!"

Ye Chen looked at the old man and said faintly, "are you sure you know something?"

"First, we didn't break the array of qingxuanfeng, but your apprentice let us in. Second, your apprentice will fight first. Won't I fight back? I can only blame him for his incompetence. He can't even force out a silver needle I shot into my body. If this guy represents qingxuanfeng, I think qingxuanfeng is really a big joke!

With respect for medical ethics, do you really deserve Shanglin Qingxuan

Ye Chen's words are not polite!

Xiaobi hears Ye Chen dare to say so. Qingxuanfeng is so scared that she doesn't dare to breathe.

She wanted to stop Ye Chen, but found it was too late.

Crazy!

The world is crazy!

All the people at qingxuanfeng were gloomy to the extreme.

The old man also looked at the man in cloth and said, "is this boy telling the truth? You can't even force a silver needle out of your body? "

Of course, the man in cloth couldn't admit it. He shook his head fiercely: "master, what this son is doing is magic. My body has been closed for a short time. What silver needle is there?"

"Besides, I'm from qingxuanfeng. How can I lose to others in the art of silver needle?"

The old man nodded thoughtfully and then looked at Ye Chen: "you and your companion are still four seconds. If you don't start again, don't blame me for being rude!"

Ye Chen sneered, the next second, a common silver needle appeared in the hand.

"That's so much nonsense. I'll know if I try it."

Language down, silver needle seems to cut through the air, toward the cloth man and go!

The cloth clothes man's face changed greatly, but he knew Ye Chen silver needle's overlord, did not dare to take lightly, in the hand also shoots out a silver needle.

But the silver needle was not out of his hand, but there was a violent collision!

His arms are almost completely paralyzed!

At the same time, a silver needle went into his body!

He found himself unable to move at the moment!

It's the feeling again!

A sense of fear spread in an instant!

"Master, help me!" The man in cloth asked for help.

The old man snorted coldly, and naturally noticed the strangeness of Ye Chen's silver needle.

Five fingers open, a stream of air from the palm of the hand into the cloth man's body!

Then, five fingers suddenly closed!

An invisible force swept through, and the silver needle rushed out directly from the body of the man in cloth!

It turns into dust!

We can see how terrible the old man's strength is. "Thank you, master."

"Master, you can also see the means of this little beast. This kind of person can't stay!"

Men's way in cloth clothes.

The old man nodded and glanced at Ye Chen and Ji Lin, and the faint voice fell down: "it's time. Since you two don't make a choice, it's no wonder we qingxuanfeng."

"Lin Yuan, Lin Ming, do it! Abolish the Dantian of these two guys and add a hand. "

Language down, two middle-aged men directly rushed out!

Clap a rune in your hand.

And, the whole body overflows a golden light!

Ye Chen is very familiar with the feelings of these people. He is very clear that these people are the existence of practicing the nine day xuanyang Jue.

But the mystery of the nine days is absolutely incomplete!

Looking at the two people have come to the body, ye Chen did not dodge, step out.

"I didn't want to fight you, but why do you have to fight each other?"

"I came here only to get back what belongs to me and to see my master."

The faint voice rings out, the nine day mystery on Ye Chen's body suddenly erupts!

He practiced nine days of xuanyang far better than anyone present!

What's more, the breath produces crushing!

The two men also for the hand, is to feel the real spirit of Dantian, as if met something afraid of things, have dissipated!

Without the support of true spirit, great changes have taken place on both faces!

Have not waited for them to react to come over, ye Chen actually appears in two people's side, two palms clap out!

Roll directly!

They flew out on the spot and spit out a mouthful of blood.

"Master, you see, this boy still dares to hurt two elder martial brothers. It's really a crime. I suggest..."

Before he finished speaking, the old man roared: "shut up!"

At this moment, the man in cloth was completely confused.

He never thought that the master should yell at himself for an outsider!

Not waiting for him to react to come over, his master is a step forward, looking at Ye Chen's eyes extremely hot!

Word by word: "where does the nine day xuanyang of your body come from?"

At the moment when ye Chen releases the breath of the nine day xuanyang Jue, he feels the particularity of Ye Chen's breath!

He had detected it in his closed ancestors.

Even more refined!

Obviously, this son's nine days xuanyang is absolutely not ordinary!

Can he not be excited!

Although the doctor's gate is also Lin Qingxuan's, and he has seen the leader of the medical God's sect, the nine days xuanyang Jue mastered by the other party is even worse than himself!

Chapter 678

Why did the apprentice of the old man of the medical God family change his breath?

Ye Chen glanced at the old man and said, "what's the matter with you? Where is my master? "

To some extent, Lin Qingxuan is standing behind Ye Chen.

What are these descendants!

What's more, Xiaobi is so afraid to sweep the floor here. Ghost knows what happened here during this period of time!

How could he have given the group a good look.

Hearing this, the old man's face changed completely.

In his opinion, the boy in front of him is the nine days xuanyang on everyone's body, which will be strong to the extreme!

In the hand is the sacrifice sword!

The cold is surging and the sword is strong.

The cold breath even wrapped Ye Chen, and ye Chen's pupils shrank. He didn't expect that none of these people who focused on medical ethics were weak.

This breath is enough to suppress themselves!

Chapter 679

No longer hesitating, ye Chen's hand appeared a spirit sword.

He took a look at Xiaobi and Jilin, and said faintly, "you hide behind me. Give me all this!"

Small Bi and Ji Lin white one eye leaf Chen, ignore: "you what strength, I still don't know."

This sentence, almost with one voice.

Ye Chen shakes his head helplessly, strides out step by step, and ascends to the extreme!

It is beyond the realm of transcendence!

The breath of breakthrough is more and more dignified.

At this moment, he seemed to turn into a mountain, standing between heaven and earth.

Everyone looks at Ye Chen's mind wandering state, sneers repeatedly!

They stare at Ye Chen, just like starving wolves, showing fangs in the night!

Innumerable long swords vibrate and the sword Qi overflows!

The sky seems to condense a blood wolf virtual shadow! Toward Ye Chen crazy bite!

At this moment, ye Chen felt his blood coagulated.

He should not be careless. The thunder and lightning of his life talisman covers his whole body!

The whole person's momentum becomes extremely sharp!

After that, the sword danced, and countless swords passed through!

When the sword moves, the sky is silent!

The sword of terror spread.

Nine days xuanyang Jue breath shrouded!

There seemed to be a layer of holy light on him.

The old man looked dignified when he saw this scene!

The nine days xuanyang determined by Ye Chen was very different from what they practiced!

Seems more complete!

Is it possible that this son has been inherited by Lin Qingxuan in other places?

In that case, we need to suppress this boy!

The secret belongs only to him!

"Boom

Countless thunder and lightning crazy overflow, roar how to open.

Ye Chen's sword sense directly breaks through the blood wolf's virtual shadow.

However, ye Chen is not well, he is in the center of the storm!

He was the first to get hurt.

The blood was surging up, he forced the blood down!

Before he reacts, Ji Lin and Xiao Bi rush into the crowd.

They can't let Ye Chen bear it!

If you can't die peacefully today, you'll find a way to die, regardless of life or death.

However, the strength of the two men is too small in front of these ten strong men.

The next second, the bodies of the two people were mercilessly hit and fly, and they spit out a mouthful of blood in the air, and their faces were pale to the extreme.

Especially Xiaobi!

He doesn't know how to fight at all!

It's a dead man to do so!

"Why don't you believe me."

Ye Chen pinches his fingers to form an array directly, protecting the two injured in the array.

Looking at them, they are still trying to break the array. However, ye Chen can only solidify their bodies and can't move.

"Ye Chen, what are you doing?"

Ye Chen didn't pay attention to it. He stared at the old man and said, "you know, you let Lin Qingxuan very disappointed."

The old man snorted coldly: "the name of ancestor is not you can call directly! Insult the ancestors, die

The old man's breath is completely released!

He knows that ye Chen's martial arts strength is far more than the mind wandering state! Otherwise, it is impossible to survive under a dozen strong blows!

No matter what, ye Chen must not stay!

A talisman appeared in his hand!

The wrist trembles, the rune vibrates, the mountains and rivers are silent!

"Ancestors in the upper, with the power of array, suppress everything!"

Aura burns instantly!

The whole Qingxuan peak vibrated!

The temperature went up suddenly!

Heaven and earth seem to be a sea of fire.

Between heaven and earth, as if it is a furnace, the heat wave is constantly rolling!

The atmosphere of fanaticism gradually converged, and finally there was a little chill.

This is a killing intention, extremely cold!

Try to devour Ye Chen and the other two!

Ye Chen wants to start, but he finds an invisible force that binds him.

You can't even send your own talisman!

This is a killing array left by Lin Qingxuan!

Ancient killing array!

The intention of killing is becoming stronger and stronger.

It's creepy.

The old man carried his hands behind him, enjoying the ultimate.

"Boy, if you kneel down in front of me and hand over your nine day xuanyang resolution! I may consider removing this array, or you will be devoured by the fire and struggle to death. This fire is an ancient flame. Ancestor Lin left it! Don't mention the state of mind wandering and transcendence. Those who enter the Holy Land and even the king's realm have no right to live! "

Once eroded by this fire, all spirits will be destroyed! He decided Ye Chen would beg for mercy!

This is the only choice!

That terrible sea of fire has swept away, like a giant flame beast, trying to devour everything.

The casual clothes on Ye Chen's body have been burned.

The whole body coagulates, the blood suppresses.

But ye Chen does not have the slightest fluster, on the contrary the corner of the mouth outlines a smile.

In his mind came a cold voice of reprimand: "my disciples of Lin Qingxuan, do you still want to use the array left by me to kill? Ridiculous

The next second, Lin Qingxuan's arm of reincarnation cemetery waved!

The endless flame turns into a long dragon in an instant, and strangely goes towards the people of qingxuanfeng!

At this moment, the smile on the old man's face was stiff!

Those who are strong in qingxuanfeng are all confused!

How can this array attack them on the contrary!

The fire dragon is about to devour.

The howls resounded!

"Get out of here! Why? Why does the array fail "

the old man's eyes are red and he roars loudly.

He kept pinching, trying to control the array, but found that a strong pressure hindered everything.

"Puff!"

The old man spewed out a mouthful of blood essence, and his face was pale to the extreme.

At this time, under the fire dragon, a young man in casual clothes came slowly.

Ignore all restraints.

It's Ye Chen!

Ye Chen looked down at the people surrounded by fear and said faintly: "this array seems not to listen to you?"

"Come on

Ye Chen's five fingers open, gently grasp, the Dragon seems to be under command, dive down! Towards the old!

In a flash, everyone's eyes widened!

It's not that the array fails, but the array is manipulated by this boy!

How could it be!

Fire rolling, in the eyes of the dragon to devour all people, suddenly stop!

The endless flame scorched the hair of the old man and even all the people of qingxuanfeng. If he went further, he would surely die in the sea of fire!

Ye Chen is in charge of the ancient flame array, and the cold words slowly fall down: "now, I'll give you a chance to kneel down!"

Chapter 680

Xuanfeng did not think that everything would be reversed.

A second ago, Lin Qingxuan's descendants let Ye Chen kneel down.

After a second, it is Ye Chen who controls the fire array and makes everyone kneel down!

The old man and even qingxuanfeng felt the hot cheek!

It's like being slapped in the face!

They are oppressed!

But I can't help it!

Who knows that the array left by Lin Xianzu will be invalid at this time. It is even more inexplicable that ye Chen is in charge of it!

They felt the flame getting closer and closer, and they were extremely miserable.

Kneeling, it represents qingxuanfeng's submission to a collateral medical God!

If you don't kneel, you may not even have a life!

This array left by Lin Qingxuan is not a joke!

Enough to destroy anyone!

"Master, what should I do?"

Someone said to the old man of qingxuanfeng.

The old man's expression was unprecedented dignified. He raised his head and stared at Ye Chen: "boy, I have something to do with your master. Otherwise, I can't accept this group of medical God disciples. Today, do you really want to do so?"

"It's not good for you, or for us, qingxuanfeng."

"And, to be honest, you should also see the vision of the sky just now. It is a sign of medical ethics and the spirit. There is an old ancestor under the cliff of qingxuanfeng. He seems to have stepped into the highest realm. If he finds out, the consequences of your behavior are really unthinkable."

"Stop it. The only thing I can promise you is to stop investigating."

This is the biggest setback for the elderly.

He can't pull his face down and kneel down!

I thought this would let Ye Chen agree, but I didn't expect Ye Chen to hum: "don't you like the countdown? Now I'll give you ten seconds. If you don't kneel, I'll let you know what flame is! "

As soon as this word comes out, the face of the old man and many people who are against the gate of Qingxuan changes greatly!

They never thought that ye Chen should be so shameless!

What's more, I don't know what to do!

I have given him a way back. Why should I do this!

"Boy, you forced me to rush into qingxuanfeng today. If ancestor Lin knew about it, you would surely die!"

Someone said angrily!

If Lin Qingxuan were here, how could they be so humiliated!

When ye Chen heard Lin Qingxuan, he said faintly, "if I say it's Lin Qingxuan, I want me to deal with you!"

"By the way, there are six seconds left."

Everyone was stunned and immediately sneered!

How can Lin Qingxuan fight against future generations!

Besides, he's long gone!

"Two seconds to go."

The top of the flame seems ferocious to the extreme, the air temperature suddenly rises, open mouth, as if to swallow all people immediately.

This sense of oppression makes them suffer to the extreme!

"Last second, array, fall!"

With a roar, ye Chen's fingers fiercely press down, the endless flame towards all people devour and go!

The cold killing made them cold.

"Plop!"

Some people can't stand the terrible pressure and kneel down directly!

Then, a large number of strong people knelt down together!

In ten seconds, only the old man remained motionless!

He clenched his fists, and his bloodshot eyes were staring at Ye Chen: "if you want to kill, you can do whatever you want."

"It's impossible for Lin Ruhai to kneel down to you!"

His eyes are full of determination to die!

Ye Chen knew the name of Lin Qingxuan's descendants for the first time. He just wanted to use the array to suppress him. In the reincarnation cemetery, Lin Qingxuan's voice suddenly rang out: "disciple, killing this person or not has nothing to do with being a teacher. He has almost no blood with me. Although he is not too far away from the road of medicine, he is not satisfied with him, so he killed him."

"But before you kill him, you have to ask a question."

"What's the problem?" Ye Chen has a wonderful way.

"Where is the green jade I left behind?"

When ye Chen heard this, he knew that the green Xuanyu was what Lin Qingxuan asked him to ask these people to take back.

The value is absolutely brilliant!

No longer hesitating, ye Chen looked at Lin Ruhai and asked, "if you want to live, it's not that you don't have a chance. Where is that green Xuanyu in those years?"

As soon as this word comes out, Lin Ruhai's face changes greatly, and his big eyes look like hell.

There are only two people in qingxuanfeng who know qingxuanyu!

In addition to him, he is the ancestor of seclusion, but how does Ye Chen know!

It's impossible for Laozu to Tell ye Chen!

"Who are you! Who sent you! The door of medicine is not qualified to touch these things

Ye Chen's identity becomes more and more mysterious in Lin Ruhai's eyes. Besides, the secret of seizing the power of the emperor Xuanqing!

What kind of identity is this boy!

He even thought it was Lin Qingxuan who came out!

"I don't know what green Xuanyu is. If you want to kill it, you should cut it at will."

Lin Ruhai overthrows all the speculation in his heart, and reason wakes him up.

At the same time, he pinched his fingers, and the aura of heaven and earth around him condensed!

A drop of blood essence!

Instant into a red silver needle!

"Even if I die today, I'll pull you, a little beast, on the back!"

The roar of anger resounded!

Ye Chen's eyes do not have the slightest sympathy. The flame array left by Lin Qingxuan rolls away like a hunter devouring everything!

Whether it's for the sake of the medical God or for yourself, killing this person will not have any impact on him.

The endless flame climbed up Lin Ruhai's body. Lin Ruhai screamed wildly, trying to break free, but found it impossible!

This feeling is too painful!

In the blink of an eye, he is a burning man!

Those disciples of qingxuanfeng took a breath of cool air when they saw the situation!

They didn't know that Lin Ruhai, as a descendant of the ancient great power of medicine, would be reduced to this level!

The key is still qingxuanfeng!

The ancestor of qingxuanfeng nodded: "hum, some people don't know how to live or die. I will make him regret coming to the world!"

"By the way, when I was in the closed door, I found that there was someone in qingxuanfeng who had aroused the vision of healing the gods. Who is my disciple of qingxuanfeng?"
