Chapter 681

Lin Ruhai's eyes widened when he heard the inexplicable joke.

Why did the ancestor say such a thing!

Isn't it the ancestor who inspired the vision!

Someone else?

"Grandfather, you didn't trigger this vision?"

Lin Ruhai is still surprised.

The old ancestor of qingxuanfeng frowned: "are you kidding? I'm so old. How could I trigger such a vision? If it wasn't for this vision, I wouldn't leave the pass in advance! Forget it. I'll talk about it later. I'll get rid of the little animal who doesn't know how to live or die

The ancestor of qingxuanfeng put down Lin Ruhai and stood up. The misty breath turned into supreme pressure and went towards Ye Chen.

Step out.

Everyone on your knees! Respectfully said: "see my grandfather!"

The ancestor of qingxuanfeng did not move at all, but said to Ye Chen one word at a time: "the most wrong thing you have done is to move our qingxuanfeng people."

"Although ancestor Lin is not here, I still guard qingxuanfeng!"

"I will never allow any despicable rubbish to do anything to qingxuanfeng!"

The voice exploded in the sky.

If the bell rings, it will spread over thousands of miles.

The sound waves seemed to turn into countless silver needles, and then turned into real sword Qi, sweeping towards Ye Chen.

The sky is covered with dark clouds.

It's like the end of the day.

"Poof!"

Under a blow, ye Chen can no longer bear, he spits out a mouthful of blood on the spot.

The gap between them is too big.

Not only he, but also Ji Lin and Xiao Bigen could not bear it.

Their faces are hard to see!

If you are careless, you will die under this pressure.

Ye Chen bit his teeth and went directly to the two people's bodies. He said in a cold voice, "you should quickly step back, and the farther away you are, the better! Even if you leave qingxuanfeng! "

Then, ye Chen clapped out a palm, an invisible air wave spread from the palm, and pushed the two people toward the rear!

"Leave qingxuanfeng!"

This is the last sentence that two people heard Ye Chen spit out. Before reaction, they appeared thousands of meters away.

The bondage of the body is completely gone.

After all this, ye Chen wiped off the blood stains on the corners of his mouth, and took out the sword directly!

At the same time, a thousand swords will be cut down directly!

Blood dragon sacrifice directly!

Dragon chanting!

This life talisman is also a sacrifice!

Thunder and lightning burst out!

He can feel the danger of the other side, extremely dangerous.

He wanted to ask Lin Qingxuan to come forward to solve the problem, but he didn't expect that the other side was silent again!

Damn it!

Helpless, he can only bear!

The rage of Wandao sword turns into countless beasts running towards the ancestor of qingxuanfeng!

This sword is incomparable!

Ye Chen is also able to break out the strongest blow!

Blood dragon and thunder rob merge!

The ancestor of qingxuanfeng frowned as he looked at the sword meaning with blood dragon shadow and thunder and lightning.

He did not expect Ye Chen's strength to be so terrible.

"This boy is clearly in a state of mind, but he can explode beyond the power of entering the holy land, which is unheard of."

"What's more, why haven't I ever seen it in Kunlun?"

"It seems that this boy has a big secret! What a secret

"In that case, I will suppress you and get the secret."

The ancestor of qingxuanfeng laughed, pinched his fingers, and a rune was suspended on the palm of his hand.

The seal of God.

Suppress everything with the spirit of heaven and earth and the meaning of Qingxuan.

Extremely overbearing and ethereal, ordinary people have no right to stop.

If he had not felt the horror of Ye Chen's sword, he would not have done so.

A drop of blood essence is forced out and radiates on the seal of Tongshen. It shines like a dazzling star.

A light chant spreads and opens, and all things return to silence.

"Chop!"

The ancestor of qingxuanfeng gently vomited out a word, his wrist shook, and the magic seal flew out.

In a twinkling of an eye, he came to the top of ten thousand swords.

No explosion, no roar, not even a wave!

The whole Qingxuan peak is too quiet.

Then, ye Chen is surprised to find that his wandaojian idea has disappeared!

Completely disappeared.

The blood dragon's empty shadow is turned into stars, and countless blood gas returns to Ye Chen's body.

"Puff!"

There was no disturbance, but ye Chen felt a force penetrating his body.

The spirit of the concussion, viscera as if to be torn.

Push the pedal. His body retreated a dozen steps, until he bumped into a tree.

"Is this the strong doctor? What the master said is that the killing is invisible

Ye Chen wants to trigger the flame array, but he finds it impossible.

An invisible force enveloped him.

It's hard.

Lin Ruhai was overjoyed to see that his ancestor had suppressed Ye Chen casually!

"Laozu, there must be something wrong with this son's nine heaven xuanyang, which seems to be more complete than what we have cultivated. I doubt that this son has been inherited by some Lin Qingxuan who accidentally left in the world!"

The ancestor of qingxuanfeng nodded: "I know."

The voice was flat.

And then the seal of God was condensed again.

His bent body was instantly swept by the red light.

A gust of wind, red light spread out, as if stretching thousands of miles.

The body of the ancestor of qingxuanfeng suddenly disappeared!

When ye Chen reacts, he finds that the old figure has already stood in front of him.

"There is a big gap between you and me, but you have something I'm interested in. I'd like to see what adventures you have!"

Finish saying, the ancestor of green Xuanfeng points out, point directly on Ye Chen's eyebrow heart.

His smile was full of disdain.

For such a small generation, he really disdains to hand, if it is not the other party may have the things of ancestor Lin, he would not have done this behavior.

He just wanted to drill into Ye Chen's consciousness sea when an invisible obstacle swept through.

The obstruction made his smile stiff.

"Break it for me

He snorted coldly, and a light came from his fingertips.

But the light has not yet touched Ye Chen, but is to his body!

"Poof!"

His face was a little flustered!

What's the way for this boy? Why can't I rob his memory?

What he did was the method of plundering the spirit together with the God of medicine!

Don't talk about mind wandering, even if it's holy land, it's still useful.

All of a sudden, he found that ye Chen's eyebrows twinkled with a golden light, which seemed to penetrate his fingers and go towards his mind!

How could it be!

Not only did he not plunder the spirit of this boy, but was robbed by the boy!

He was sure that this technique was Lin Qingxuan's method of plundering spirits! And more advanced!

Just as he was flustered, a shadow was floating in his mind.

See this figure, the next second, his body trembled!

Eyes are even more red!

He is so familiar with the shadow!

The founder of qingxuanfeng, Lin Qingxuan! Ancestor Lin!

"Ancestors You How can you be here! "

Chapter 682

Lin Qingxuan sneered and said, "even if you are an ignorant younger generation, do you dare to move? You think you've lived too long. "

Lin Qingxuan!

The ignorant younger generation!

These sentences make the old ancestor of qingxuanfeng flustered.

He is sure that the shadow in his mind comes from ye Chen!

He had no idea that Lin Qingxuan was not dead, and that he was still in the boy's body!

This fantastic thing happened!

"I'll give you one last chance. As for what it is, you can take it yourself."

"What's more, ye Chen is my most proud apprentice. The green Xuanyu I gave you at the beginning also belongs to Ye Chen!"

Language down, Lin Qingxuan in his mind that empty shadow completely disappeared!

But the ancestor of qingxuanfeng is staring at Ye Chen.

He finally understood why qingxuanfeng had the change of medical ethics and God!

It's all because of the youth in front of you!

In the end, everyone in qingxuanfeng offended his ancestors!

"Plop!"

In everyone's horror, the ancestor of qingxuanfeng directly knelt down on his knees!

Kneel in front of Ye Chen!

"See you later Mr. Ye

"I didn't know Mr. Ye's identity just now. Please forgive me."

As soon as the words came out, the whole world seemed to be quiet.

Lin Ruhai and even those disciples of qingxuanfeng stare with big eyes and small eyes, which looks like hell!

Younger generation?

Mr. Ye?

Kneel down?

What the hell is going on here!

Qingxuanfeng has a supreme position of the ancestors actually kneel in front of a young man, is to call his younger generation!

This is too illogical.

Lin Ruhai, who was injured, recovered a little bit and said weakly, "ancestor, you are..."

What did the ancestor of qingxuanfeng think of, he snorted coldly: "everyone kneels down at once!"

"From today on, qingxuanfeng only listens to orders. That's Mr. Ye. If you disobey, I'll be the first to kill him!"

"What's more, Lin Ruhai, green Xuanyu should be on you. Take it out quickly and give it back to Mr. Ye!"

"Under the heaven, only Mr. Ye is qualified to control Qingyuan jade!"

At this moment, the order of the ancestors, all people kneel down together!

Only Lin Ruhai is still in a state of muddle.

He still has to hand over qingxuanyu?

This is a jade pendant containing Lin Qingxuan's power!

So give treasure to an unknown boy, by what!

The ancestor of qingxuanfeng naturally noticed Lin Ruhai's resistance and snorted coldly. He came to Lin Ruhai's body in an instant!

Powerful pressure covered and down!

Lin Ruhai can't bear to kneel down directly!

"Laozu, why does his attitude towards this boy change so much Why

The ancestor of qingxuanfeng snorted: "some things, you have no right to know! If you don't kneel, Mr. Ye, I'll break your arm first! "

The next second, a palm sacrifice, Lin Ruhai's left hand on the spot!

This scene, let those qingxuanfeng people's eyes burst out!

"Qingxuanyu, take it out!" The grandfather ordered.

Then, a voice was introduced into Lin Ruhai's ear: "I might as well tell you that it was not me who triggered the vision of medical Tao and the supernatural, but Mr. Ye!"

Lin Ruhai resisted the pain. When he heard his ancestor's voice, he held his breath and took a deep look at the distant proud Ye Chen. He still took out a green jade pendant.

It is the existence that he looks forward to all his life.

But I didn't expect to be climbed by a young man about 20 years old.

With five fingers, the jade pendant flew to his hand. He quickly came to Ye Chen's face, knelt down directly and presented it to him.

Carefully said: "Mr. Ye, this jade is green Xuan jade."

This series of changes, ye Chen this just reacts.

Obviously, Lin Qingxuan has just made a move.

In a word, it has changed the situation.

He took the jade pendant and did not care to study it. Looking at Lin Ruhai, he asked, "where is my master and other disciples?"

Lin Ruhai didn't dare to show any disrespect any more. He even said, "I'd like to report to Mr. Ye. A few months ago, the head of the medical God sect came to qingxuanfeng with several disciples. He also traded a magic weapon and asked me to take in his apprentice."

"I couldn't resist the temptation of that magic weapon, and took it in, and even more caressed his apprentice."

"As for him, I understand his character. It is impossible for him to live in qingxuanfeng. After settling these apprentices, he went to find a way to break the game

Ye Chen frowned, the old man's personality he also knew, it is impossible to stay under the eaves of others.

And he won't let the door of medicine fail. All along, he wanted to revive the door of medicine.

But I didn't expect that this kind of thing happened now.

But how can he find the way to break the game?

Although the old man has strong medical skills, his elixir field was damaged decades ago.

Nothing can fix it by any means.

This is also a pity of his life.

He can kill people with medical skills, but if he really meets some strong martial arts, he will not be defeated.

How can one fight?

At this moment, he was worried about the old man.

This stubborn old man, can't you be more mature? Isn't it good to stay here and wait for yourself to come back?

No longer thinking about it, he asked Lin Ruhai: "I always have a doubt in my heart. Half a year ago, why did my master take all the people out of the door of medical God, as if he was avoiding something? What's the situation in your mouth

This is his biggest confusion.

Lin Ruhai looked at Ye Chen in surprise: "Mr. Ye, don't you know that matter?"

"What's the matter?"

Lin Ruhai hesitated for a few seconds, and then said: "decades ago, the battle between the two most powerful shocked Kunlun Xu. Your master's Dantian was also smashed at that time. In that war, he killed a top-notch Kunlun man who was as good as the sun! Famous Kyushu

"Your master is not just the head of the medical God sect. His martial arts strength was extremely terrible in those years. It was also a nightmare for countless people. Even now, I am not his opponent."

"It's a pity that although your master won that war, he completely offended a force."

"That force is even more contrary to morality and morality. When he is weak, he uses the method of opposing heaven to destroy his elixir field, making him unable to use force all his life."

Chapter 683

"If it wasn't for his friend's help, your master would have been gone."

"After you recover a life, your master will be in a state of depression. You know that you can't get revenge. You can only train your disciples with the medical God sect."

"He had no desire or desire, and taught medical knowledge. He never stepped into martial arts, nor did he teach any martial arts, nor did he accept any challenge from anyone."

"All his women and friends have left. Kunlun Xu is so realistic. Your master has no value. Everyone is like a dog in the water. Alas..."

Hearing these words, ye Chen's heart rolled up with anger.

He didn't know that the master had such an experience!

He finally understood why the old man tried to admonish him when he knew he wanted to go to China for revenge.

When you are sure that you can't convince yourself, you are fully supportive!

He personally lowered his posture and begged him to be his apprentice.

He also taught himself the supreme medical principles, refining medicine and so on.

In fact, the old man saw his shadow in his own body!

He pinned all his hopes on himself, that is, he hoped that he would no longer follow his footsteps!

At this moment, a strong sense of killing covers Ye Chen's whole body.

Blood dragon condenses again!

But this time, the blood dragon is huge many times, even gradually substantial!

Anger and killing intention are the best nourishment for the blood dragon empty shadow!

Silent for a long time, ye Chen's calm voice suddenly sounded: "what was the force that destroyed my master's Dantian, destroyed my master's life, and even now pursue and kill the medical God's gate?"

His voice seems to have no fluctuation, but it is full of anger!

Lin Ruhai looked at Ye Chen with a little deep meaning and said, "daozong."

"One of the top virtual forces in Kunlun, daozong."

Ye Chen frowned, strange to these two words.

At this time, the ancestor of qingxuanfeng seemed to see the doubts in Ye Chen's eyes and explained: "Mr. Ye, I know a little about daozong. This is a sect existing in ancient times."

"This sect is also strange. It has little movement in Kunlun Xu, which can be said to be an extremely mysterious force. However, there is a special point in this sect, which is to recruit all kinds of talents of Kunlun Xu all year round. There are doctrines of medicine, martial arts and even the rest. "

"Their method of absorbing the strong is extremely crazy. If the people they identify do not agree to join daozong, those people will suffer endless torture."

"Join or torture to death. They can't have it, and no one else can get it! "

"There are many talented people in Kunlun void who have no influence. Even if they are targeted by daocong, they have no choice but to join."

"What's more, I've heard that daocong began to be laid out as early as ancient times, but I don't know what it is."

After hearing this, ye Chen said curiously, "how are you compared with the strong one of daocong?"

The old ancestor of qingxuanfeng shook his head: "I haven't stepped into the real doctor's way to communicate with God. I'm not the opponent of the strong Daoists. Moreover, if I remember correctly, there was a descendant of ancestor Lin who went to daocong. This man is also a traitor of qingxuanfeng."
"

"If he doesn't leave, I'm afraid he will be where I am now, and may even have stepped into the stage of medical ethics and divinity."

"As for whether the other party is alive or not, I don't know."

"But Mr. Ye can rest assured that they dare not come to qingxuanfeng. After all, this is the hometown of Lin ancestors."

The ancestor of qingxuanfeng seemed to see the killing intention of Ye Chen's eyes and added: "Mr. Ye, although you are standing behind you, it's better not to play daocong's idea. Daocong is not so simple."

Ye Chen kills an opportunity to astringent, sneer a, did not speak.

If Lin Qingxuan stood behind him, he would not dare to go to daocong.

It's a pity that there are hundreds of great powers behind him!

What should be afraid of as a reincarnation tomb owner?

Now, there are three powerful people in the samsara cemetery. It is impossible for ordinary people to move him.

However, the matter of daocong can not be solved by himself at present.

Because there's a big problem to deal with.

Extremely important.

That is the blood alliance.

The reason why he came to qingxuanfeng first this time is that qingxuanfeng is separated from Xuemeng mountain.

Father is trapped in the blood League at the moment, he must find a way to save his father.

At all costs!

Father is also the only one who knows his real Kunlun virtual life experience!

His cold light twinkled, his eyes on a mountain not far away!

There is a blood red gate above the mountains, suspended in the air.

He looked at the ancestor of qingxuanfeng and said curiously, "since you are not allowed to move the Taoist sect, what about the blood alliance?"

The ancestor of qingxuanfeng was stunned and his expression was strange.

Does Mr. Ye still have a grudge against Xuemeng? He thought about it for a while and then said, "Mr. Ye, the blood alliance and the daocong can't be compared. If I do, I should be able to open with the blood alliance's five five five. It's a pity that I have a ban on me. If I don't break the prohibition, it's hard to leave qingxuanfeng."

"How long will it take to break the ban?"

"Two days."

Ye Chen Mou son tiny MI, nod a head way: "then you go to break the ban now, two days later, I may need you."

"Yes, Mr. Ye!"

Although do not know ye Chen and blood alliance have what hatred, but ye Chen's command, he must obey.

In Ye Chen's mind, ancestor Lin exists. It's only a matter of time before ye Chen steps into the real medical way.

When the time comes, don't say blood alliance, even daocong can't resist Ye Chen's adverse trend.

After explaining everything, ye Chen thinks of something and plunders directly to Qingxuan peak.

Just for the safety of Xiaobi and Jilin, they were chased away. They should not be hurt.

When ye Chen was just about to leave the peak of qingxuanfeng, the two figures were quickly swept by.

It is Ji Lin and Xiao Bi.

The beautiful eyes of the two were red, and they were obviously sad just now.

In the eyes of Ji Lin and Xiao Bi, ye Chen's action is undoubtedly sacrificing himself, just to save them!

Xiaobi naturally doesn't want Ye Chen to have an accident!

Ye Chen is the master's favorite apprentice. If something happens, the master will not be able to bear the blow.

What's more, she can't see ye Chen. She doesn't want Yin and yang to be separated!

Ji Lin is the same.

Although all along, she is always sarcastic to Ye Chen, but this sarcasm is with a trace of warmth.

She sympathizes with Ye Chen's past. When she meets again today, she finds that ye Chen has changed.

Become a little strange, become more powerful.

Ye Chen's fate has just changed. If it falls, it would be a pity.

Even the elder sister's heart of martial arts will be shaken by Ye Chen's death.

She didn't know why her sister cared so much about a mortal.

She had been unable to think about it, but one day of contact, she suddenly felt a bit suddenly.

When the tears in their eyes twinkled, a cold and proud figure was standing not far away.

The sound of magnetism suddenly rings.

"You two are not crying for me, are you?"

This moment, two people open big eyes, full of surprise!

They never thought that qingxuanfeng was so powerful that ye Chen could still live!

Chapter 684

"Ye Chen!"

Ji Lin can't control himself at this moment. He rushes to Ye Chen quickly!

That small body is directly pounced on Ye Chen's body.

Arms around Ye Chen, afraid Ye Chen will leave.

She was so depressed just now.

To some extent, ye Chen died because of her.

She would feel guilty all her life,

now seeing ye Chen living miraculously, she was naturally excited to forget herself.

However, she soon realized that something was wrong. She broke away from ye Chen and said unhappily, "how can you do this? You want to eat my tofu again. Believe me or not, I will complain to my sister."

Ye Chen almost spits out a mouthful of old blood, even if you want to say eat tofu, it is Ji Lin who eats him.

He didn't move at all.

Ji Lin revolved around Ye Chen. When he found that ye Chen had no injuries, he breathed out: "tut Tut, ye Chen, what kind of luck are you? Why can't I feel any scars on you? Are those people in qingxuanfeng mercifully let you go? It's not like that."

"What happened just now?"

Xiaobi also walked up quickly and said with concern: "Ye Chen, it was the ancestor of qingxuanfeng just now. Although I haven't seen it before, I heard from the master that this man is a patron saint of qingxuanfeng because of his skillful means."

"How can such a powerful existence let you go?"

Facing the doubt of the second daughter, ye Chen smiles: "if I say that qingxuanfeng is under my control now, do you believe it?"

Ji Lin gave Ye Chen a white look: "Ye Chen, I just thought you were very righteous. I finally found some of the only shining points on you. As a result, you bragged here again?"

"It's still under your control. I guess you don't even dare to enter the array of qingxuanfeng."

"Well, I'm a failure. Now it's up to my sister to find the guy."

Ji Lin shook his head helplessly.

She wanted to exchange the gold elixir for Lin Qingxuan's descendants, but now it seems impossible.

I'm totally offended. I'm lucky to be alive.

To find another door is undoubtedly to seek death.

At this time, ye Chen said: "your father's problem, leave it to me. After two days, if I finish solving the matter in front of me, I will go with you to Ji family."

Ji Lin just wanted to say something, but a figure in the distance is coming in a hurry.

It is Lin Ruhai of qingxuanfeng!

When Ji Lin and Xiao Bi see Lin Ruhai coming, they have a sense of hostility and crisis. They sacrifice their weapons and are ready to make a move at any time.

"The other party is alone. Let's do it together."

Ji Lin said coldly.

But soon, something weird happened.

"Mr. Ye, your three rooms have been arranged. Do you need to go inside and have a rest?"

At the moment, Lin Ruhai is respectful to the extreme! Smile with flattery!

And just that difficult face is a heaven and a ground!

Ji Lin and Xiao Bi stare big eyes, and even subconsciously pinch their own.

What the hell is this?

Mr. Ye?

Key Lin Ruhai how so attitude!

The pain in the hands tells them that it's all true.

Ye Chen also ignored the two people's plans, toward the depths of qingxuanfeng.

Two days later, he will go to the blood League to save his father.

He can't bet everything on the ancestors of qingxuanfeng.

You have to make yourself stronger.

In addition, Taigu Xushi Dan must also be refined.

Taigu Xushi pill is very important to Duan leiren.

With Duan leiren's help, it is 100% possible to rescue his father.

When ye Chen was ready to leave, Ji Lin took Ye Chen's hand and said in surprise, "Ye Chen, what happened? Why is this guy's attitude? You mean, you want to kill me. "

Ye Chen smile: "I said you do not believe."

Ji Lin suddenly speechless, suddenly, she thought of what, curiously said: "not this time is that ye killed the sky to fight."

"It's not right. Even if ye Shitian is stronger, it should not be the strength of the ancestor of qingxuanfeng."

Ji Lin said, suddenly eyes a bright, hurriedly to Ye Chen way: "Ye Chen, since this guy listens to you, can you let this guy go back with me to Ji family?"

Ye Chen stopped, surprised: "is your father's condition very serious? Can't you wait another two days? If I do, the odds will be higher. "

Ji Lin naturally doesn't believe it. In her eyes, ye Chen's age is here, and the time to step into medical practice is too short. Compared with Lin Ruhai in front of her, the gap is too big.

This is just like most people in China who go to see traditional Chinese medicine and are more willing to trust older doctors.

"Ye Chen, I appreciate your kindness, but my dad's problem is really serious this time. He told Ji Jialao that the sooner the better. Since you have something to do, you can persuade this guy to go back with me." "If you promise, how about I go to my sister's and say something nice?"

"I can't. I'll give you all my snacks and chips."

Ye Chen took a look at Ji Lin, hesitated for a few seconds, or nodded, and ordered: "Lin Ruhai, then you and Ji Lin go to Ji's home."

"Yes, Mr. Ye, I will do my best."

Although Ye Chen wants to help the Ji family, his father's safety is obviously more important than outsiders.

What's more, Lin Ruhai's medical skills in Kunlun Xu can be regarded as a top group of people. Maybe he will be able to solve the problem.

At the moment, Ji Lin is quite dizzy by happiness. She never thought that the things that were more difficult than going to heaven were solved because of Ye Chen's simple words.

How did ye Chen do it?

Why is this guy covered with mystery after he came back from China?

Now, of course, it doesn't matter to her anymore.

The most important thing is the father's condition.

She looked at Lin Ruhai and urged, "in this case, we will go on our way at once."

"Yes, Miss Ji."

.....

Ji Lin and Lin Ruhai left completely.

And ye Chen came to the training room arranged by Lin Ruhai to prepare for the two-day retreat.

These two days are too important.

When the door closed, the black stone in his slacks pocket flew out.

Suspended in mid air.

The reincarnation graveyard is completely revealed.

The meaning of antiquity is covered.

There are hundreds of tombstones, and Duan leiren and Lin Qingxuan are silent.

There is only one figure between heaven and earth.

The immortal Lord.

Before that, the immortal Lord is about to dissipate. He asks Ye Chen to find him after everything is safe.

Now is the time.

Now the figure of the immortal Lord is almost transparent, and the breath on his body is more weak.

Don't know why, see this scene, ye Chen heart some sad.

The only drawback of the samsara cemetery is the separation time after time.

These people are all his masters. Although some of them have only known each other for a few days, they still have the feelings of master and apprentice.

Ye Chen's cold blood does not mean that he is merciless.

The way to kill doesn't mean indifference.

The immortal Lord turned to show a gratifying smile: "disciple, you finally come."

"Let's go."

Chapter 685

Ye Chen looks at the immortal Lord, and just wants to speak, the immortal Lord is a wave of his arm, and a Dan Ding directly appears in front of Ye Chen.

"Disciple, I know what you are thinking now. I have observed the half of Taigu Xushi pill these days. I can't refine this pill at all. The only way is to use your hand."

"I have been good at too many ways in my life. If I really want to say what I am good at, I should be refining pills and refining utensils."

"If you master me, it's only good for you, not bad for you."

"I don't know how long my strength will last. I can only do my best."

"Now, close your eyes, I will teach you some alchemy experience, which should enable you to go further in alchemy, but more things need to be understood slowly."

Language down, the immortal Lord is to appear in front of Ye Chen's body, a point in Ye Chen's eyebrow heart.

In a flash, a powerful flow of information surged in.

Countless pictures of refining pills filled my mind!

Not only that, but also the ancient prescriptions!

Simple and mysterious.

Ye Chen's head almost burst open.

He was very clear that a small part of these things, put in the auction of Kunlun Xu, would be destroyed by countless forces and clansmen.

How precious!

For a long time, the immortal Lord let go of his hand and said faintly: "you can slowly understand and comprehend these things. For you, the first step you should do is to try to refine Taigu Xushi pills."

"The materials of Taigu Xushi pill can be found in the samsara cemetery. The refining methods of this pill are extremely complicated. If you are careless, you will be eaten back by the pill. Be careful."

"If I bite back, my current strength may not be able to save you! So every alchemy must concentrate on it

Ye Chen nods, the Dan Fang of Taigu Xushi Dan has already appeared in his mind.

He looked at the Dan Ding in front of him, his eyes coagulated, his face was serious, his hands clapped on the top of the Dan Ding!

At the same time, nine days xuanyang decided to move, a silk of true Qi gushed out of the arm, and even more into the Dan Ding.

"Boom

A flame suddenly formed.

"It's not enough! This kind of flame can't condense Taigu Xushi Dan at all

Ye Chen also understood, no longer hesitated, arm opened: "blood dragon, come!"

The reincarnation graveyard instantly resounds the Dragon chant!

Blood dragon dive down from the sky!

Dan Ding directly wrapped in front of you!

The blood dragon once entered the dragon vein of Qinling Mountain in China. It has a trace of fire from the dragon vein. It is very suitable for condensing Dan fire.

Almost instantaneously, the fire rises, and the temperature of the whole samsara cemetery rises a lot.

"Now, sacrifice medicine!"

Ears ring out the voice of the Lord, ye Chen does not hesitate, according to the order of the medicinal materials into!

With the passing of time, the temperature of Dan Ding is getting higher and higher, and a strong smell of medicine is sweeping up in an instant.

Ye Chen is excited a few minutes.

Is it so simple?

When ye Chen was just ready to be happy, suddenly, the whole Dan Ding vibrated, and then, a burning smell covered it.

Before the strong smell of medicine completely disappeared!

Not only that, a shock force swept across, ye Chen's body was shaken out on the spot, the corners of his mouth exuded purplish blood.

"Damn it."

Ye Chen erases the blood and returns to the Dan Ding.

The immortal Master said with a faint smile: "ancient pills are not so easy to refine. Your current cultivation can't support it. Well, I'll give you a strength."

The bright heart is not out of the field.

Ye Chen has already begun the second refining.

This time the situation is much better, and the traditional Chinese medicine fragrance of Dan Ding is more and more rich.

And ye Chen's whole body has been soaked.

He found that the true Qi of the elixir field passed quickly!

It's too old to be true. It's too expensive.

"Disciple, I'll force out a drop of blood essence! Come on! Blood essence is the guide! "

Ye Chen one Zheng, hastily forced out a drop of blood essence, directly sacrifice into the Dan Ding.

Blood mist! A red flash!

Vaguely, ye Chen saw a red pill.

Sweat flowed down his forehead, and the real Qi of Dantian was almost gone.

Ye Chen can only rely on swallowing Ju Qi Dan.

"This life talisman, come out!"

Almost instantaneously, countless thunder and lightning twined on the tripod, which can make ye Chen better alchemy.

"Go

With a slight hum, at the moment of energy explosion in the Dan Ding, the true Qi in ye Chenyang's body erupted at the same time.

The powerful energy turns into the essence breath, suppresses the violent breath in the Dan Ding!

Under Ye Chen's crazy suppression, the Dan Ding shakes violently, as if to burst.

Ye Chen, the whole person seems to be pulled out from the water in general, incomparably embarrassed. He looks serious to the extreme! I dare not be careless.

"Go

After a few hours of silence, ye Chen roared, and countless auras of reincarnation cemetery went towards Dan Ding.

The flames were dying out.

A golden beam of light shot out of the cauldron in an instant!

Straight into the sky!

The whole world, silent!

Taigu Xushi pill, even refined!

Ye Chen opens the Dan Ding and finds six of them!

Although the product level is not too high, but also to achieve the general level!

The immortal master touched his beard and nodded: "it's not bad. It's much faster than I imagined."

Ye Chengang wants to say something to the immortal Lord, but he feels the shadow of the latter to the extreme.

He vaguely remembered that the immortal Lord seemed to send out a force in his body.

It seems that most of the reasons for the success of refining come from the master.

"Go on, disciple. I have six hours left."

The immortal Lord is serious.

Ye Chen nodded and concentrated on alchemy.

The reincarnation cemetery is golden.

.....

At the same time, the blood League hall.

The blood alliance leader's face is not very good.

For a whole week, they almost searched the whole Kunlun village, but still could not find the trace of Ye Shitian.

Once again, the nightmare of many forces in Kunlun disappeared.

Jian Xueshen looked at the elder kneeling in front of him and asked, "forget it, it's not practical to spend all the time looking for ye Shitian. Let half of the people come back. At present, our blood alliance still has very important things to do."

"What about ye Chen? Last time we sent so many strong blood alliance, no one survived. The God of war in the blood war hall has fallen completely. Are we not only led by Ye Shitian, but also led by a small Chinese animal? "

The elder's face changed greatly: "report to the leader, it seems that someone has deliberately closed down the affairs of China. No matter how I investigate, there is no news."

Jian Xueshen snorted: "it seems that the Chinese government intends to protect Ye Chen! Hum! It's hard to know if you are against my blood alliance! "

"Since those people are protecting this little animal, I want to see if they can protect it!"

Jian Xueshen suddenly stood up with a look of indifference to the extreme: "take me to see the man of the blood league's hunting plan."

"Yes, Lord!"

Chapter 686

The sword's blood sank in the elder's lead to a stone gate.

The gate of the stone gate is heavily guarded, and its killing intention is extremely high.

"Alliance leader!"

The gatekeeper half knelt.

Jian Xueshen nodded, looked at one of the gatekeepers and asked, "how is the guy inside?"

"Have you had any recent attacks?"

The gatekeeper shook his head and said, "tell the alliance leader, except for the first movement, everything is quiet."

The sword blood sink nods, five fingers press on the stone gate, instantly the stone door red light flickers, completely opens.

Stone gate inside, incomparably vast, the central place has a huge altar!

On the altar, there are eleven huge sarcophagus.

There are ancient runes on the sarcophagus.

The sarcophagus in the middle of the body is red, and the meaning of killing is constantly overflowing.

The sword was bloody and his eyes were a little excited. Suddenly, the elder said, "leader, the hunting plan has not been tested. What should this guy do if he strikes you?"

Jian Xueshen gave a cold smile: "do you want to do it to me? If I change him, he dares to fight me! "

"I can make him, I can destroy him!"

The words fall, the sword blood sink, gather the true spirit under the foot, come directly to the altar!

I saw a corpse lying in ten black sarcophagus!

These bodies are covered in blood!

There is no trace of vitality and Aura!

Their eyes are ferocious and red!

It was as if he had been tortured with great pain.

But the red sarcophagus is the opposite!

It's full of life and killing!

It seems that all the nutrients on these ten people have been absorbed by the red sarcophagus!

The sword was bloody, the corner of his mouth outlined a smile, a hand pressed on the sarcophagus cover, and the vigor swept over, "creak!" A sound, instant overturn!

I saw a burly man in the blood of the sarcophagus!

Men are full of scars!

Extremely ferocious.

He has a bloody tattoo on his neck.

If ye Chen is here, he will surely find that this man is Lin Juelong.

In the first battle of wudaotai in Beijing, Lin Juelong was seriously injured! And then it was mysteriously missing!

It is said to be brought into the Kunlun deficiency treatment.

Even if ye Chen makes the Lin family disappear in this world, Lin Juelong is still not there.

Who would have thought that Lin Juelong had become the main man in the hunting plan of the blood League at the moment!

Jian Xueshen looked at the comatose Lin Juelong and said with a gloomy smile: "Lin Juelong, Lin Juelong, you are a member of the blood League. At the beginning, you were seriously injured and on the verge of death. It is better to make some contributions to the blood league than to save you."

"However, this plan allows you to absorb the strength of the top ten. You should feel lucky."

"If this project is successful, I can even give you the position of elder!"

"What's more, maybe you can take revenge. Ye Chen is a monster now. You can't turn over in your life without the help of external forces."

Perhaps because hear ye Chen these two words, the blood is rolling!

Lin Juelong suddenly reached out his hand, too fast!

The next second, I even caught the bloody hand of the sword!

With only such a grasp, the bloody arm of the sword was penetrated directly!

It's bleeding!

"Alliance leader!"

Seeing this, the elder rushed up in a hurry and slapped on the comatose Lin Jue dragon.

"Bang!"

Something strange happened!

Lin Jue long did not have any damage, but that elder actually flies upside down! Heavy hit on a black sarcophagus!

It's bleeding!

Sword ESR also felt something wrong, no longer hesitated, five fingers open, a drop of blood essence forced out!

The huge waves roll, and the aura of the surrounding heaven and earth seems to be controlled by sword bloodbath!

"Bang!"

His crushing blow was on Lin Juelong's arm, and his veins burst out!

"Boom With a sound, he reluctantly removed the bloody arm of the sword.

Then he closed the sarcophagus with difficulty!

Everything returned to silence.

The wounded elder came with many scars: "alliance leader, we will send someone to destroy the Lin Jue dragon after we leave!"

However, Jian Xueshen held out his hand and said seriously: "why destroy it? This guy can actually hurt me now, which shows that our plan is half successful, but I don't know when Lin Juelong will wake up. "

"We've used ten of the strongmen of the king's land, and it doesn't make sense to produce only one corpse."

"You try to make Lin Juelong wake up and let me know as soon as there is a sign!"

The elder was stunned, took a deep look at the red sarcophagus and nodded: "yes, alliance leader!"

.....

Qingxuanfeng.

Ye Chen has been in the samsara cemetery for nearly a day. The immortal Lord has gone from weak to almost blank.

On this day, ye Chen did not know how much he had learned.

But every time it was as painful as a needle.

Because we have to watch the immortal Lord fade away.

In the end, it's almost transparent!

"Well, I'll probably have to walk here with you."

The immortal Lord stops and looks at Ye Chen.

Extremely complex.

He had few apprentices in his life.

However, I didn't expect that there would be an apprentice in the residual divinity.

He is also an apprentice who will make great achievements in the future.

Although not accompanied for too long, but has been worth it.

"I want to thank you for being a teacher."

The immortal Lord laughs.

This smile is a little pale.

Ye Chen's eyes are slightly red!

Iron man, never shed tears!

But he is flesh and blood after all!

Sometimes he wondered why the samsara cemetery must bear the pain of separation between masters and apprentices?

"Master, why thank me? I thank you. "

The immortal Lord laughed: "do you still remember that I despised you at the beginning. In fact, I identified you as an apprentice from the very beginning. I had too many regrets in my life. The biggest regret is that I did not accept an apprentice seriously, and I had no children under my knees. During this period of time, I even regarded you as a child."

"It's a good feeling."

"Ye Chen, you have to go the next way by yourself. However, there is Duan Lei Ren and Lin Qingxuan. I don't have to worry about you too much."

"Well, it's almost time. I have to go first! As a teacher, I can't stand such sensational scenes. "

Ye Chen Mou son a congealed, even busy way: "master, wait a minute. I want to know, in the future, can we meet again? "

The immortal master was stunned and looked at Ye Chen with interest and said seriously: "at the beginning, I didn't think we could meet again, but now I believe. The reincarnation cemetery has chosen you, in fact, it is our hundred people who have recognized you! "

"This time, you are the turning point of our hundred people. When you are strong enough, you will have access to the secrets of the ancient times and more likely to see the essence of our hundred people. "

"I hope this day will come soon! Don't read it

Words fall, the figure of the immortal Lord turns into stars all over the sky, and all of them drill into Ye Chen's body!

Ye Chen has not yet had time to be sentimental, it is found that the body has a very strong breath of breakthrough!

The breath seems to go straight to the sky!

Chapter 687

At this time, Duan leiren appeared in time: "apprentice, sit cross legged quickly, ready to break through! Come on! Otherwise, the breath of breakthrough is enough to burst your body

"Yes

Ye Chen quickly cross legged and sit, nine days xuan yang will run!

There is a golden light all over the body!

The blood dragon also felt something, hovering over the samsara cemetery!

Nine days of dragon dance!

His elixir field seems to have endless real Qi!

The layers of obstacles in Shenyou are easily broken!

At the moment, he seems to have entered a delicate realm.

Everything is wonderful.

His whole body was covered with a red light, and the strong breath made the ground tremble.

Before long, a black stone flew out of Ye Chen's pocket.

Directly above his head! And then a column of light came up!

Although in the samsara cemetery, but this light column is displayed in the whole Qingxuan mountain!

"Broken!"

Ye Chen roars, the shackles of the body are all broken!

The cultivation is rising rapidly!

"Come again!"

It's a breakthrough again!

Every time it breaks through a small realm, the blood dragon in the sky is huge!

It's getting more and more substantial!

The whole body's light column is also more and more terrible!

Soon, ye Chen has reached the peak of Shenyou!

It's only a step away from the extraordinary!

Because ye Chen's breakthrough is based on the power that can be left behind!

His mind wandering state is equivalent to the extraordinary state of most powerful people in Kunlun!

And his extraordinary state, almost equal to Kunlun empty into the Holy Land!

"From today, I will cross the realm of heaven

"Blood dragon help me to break open!"

The blood dragon on the sky directly rushes into Ye Chen's body!

There was even a "crackling" sound coming from his body. He could clearly feel that every muscle in his body was shaking.

Disillusionment, rebirth.

"Boom!"

His body is like a big wave surging, a strong breath, like breaking through all the shackles!

A long cry, shaking nine days.

Powerful air waves are rolling in qingxuanfeng mountain!

Ten thousand feet of light condense!

Thunder clouds gather! Fall!

Outside at the moment, the ancestor of qingxuanfeng looked at the vision of the sky and looked at the resting place of Ye Chen. His eyes were startled!

"Mr. Ye, you can't measure it from an ordinary person's point of view."

"After this breakthrough, I'm afraid it's a step closer to the doctor's way of communicating with God."

"Kunlun is an evil spirit, and daocong and Xuemeng are not qualified to stop it."

.....

The vision of qingxuanfeng lasted for three hours.

Only then did everything return to silence.

Ye Chen opens his eyes and shoots out a cold light. His body seems to have an immortal spirit and his eyes are clear and bright.

Just a look, as if with Dao.

This is transcendence.

It's transcendent.

This time, he suppressed the breakthrough for a long time, and had not made a breakthrough. Only in this way can he step into a great realm.

If we want to make such a breakthrough in the future, it will depend on the opportunity.

Now he is steadily staying at the second level of transcendence.

No further.

Come to the top of the mountain, look at the direction of a league.

There's another day.

Suddenly, he felt something, a drop of blood essence in his mind kept flashing.

Blood style!

After coming out of the door of the God of medicine, he said goodbye to Xue Fenghua and Shen Shixi.

But I didn't expect the blood to appear here.

Obviously, xuefenghua is now preparing to go to the blood League!

No longer hesitant, ye Chen toward the blood alliance and go!

A minute later, ye Chen stopped and saw a man full of scars!

The man saw Ye Chen and quickly knelt down: "Mr. Ye, I finally see you!"

Ye Chen helped the blood Fenghua up: "what's the injury on your body?"

Xue Fenghua shook his head helplessly: "I intended to enter the blood League. At least, I could provide Mr. Ye with some information, but I didn't expect that when I had an accident, the blood League would eliminate me, and even more could not step into the blood League."

"And this is the blood that we worship."

Ye Chen Mou son tiny Mi: "since so, then forget it, tomorrow I will also personally go to the blood League."

Hearing this, Xue Fenghua was stunned and said in surprise, "Mr. Ye, you can't! Although I was expelled from the blood League, I found that many strong people outside the blood League have all come back! "

"It's like something is brewing! Now, it's really dangerous to go to the blood alliance at this critical moment! Think again, Mr. Ye! ""What's more, this time I heard a news that Xuemeng once brought back a man with many scars in China. This man seems to be carrying out some plans, and it seems that he is going to succeed soon!"

Hearing this, ye Chen's face changed slightly!

The first thing he thought about was Lin Juelong!

If it was not for the guardian, Lin Juelong would have been killed by him, and it is impossible to run away!

No matter what the plan is in the mouth of xuefenghua, as long as it is in front of him, he will crush it all!

"Mr. Ye, there is another piece of news on the grapevine. I'm not sure whether it's true or not. There's a change in the blood League dungeon today. I'm worried about whether the blood League will attack your father."

Ye Chen heard this sentence, completely not calm.

He doesn't want it to be empty.

Even if all the blood alliance is killed, it is impossible to determine the whereabouts of his father. What's the point.

Hesitating for a long time, ye Chen takes out a mask from the tomb of samsara, which covers his face.

"In that case, I'll go to Xuemeng in advance!"

Xuefenghua was stunned and quickly advised: "Mr. Ye, never! If you go, it's hard to get out! "

Ye Chen shakes his head: "although the world is big, it's not so easy to trap me. Today I just don't go to see the dungeon. I'll leave whenever there is a situation."

Don't wait for blood Fenghua reaction, ye Chen is toward the blood alliance quickly plunder!

Soon, ye Chen appeared at the gate of the blood League.

As the blood Fenghua said, the gate is extremely guarded, and there are constantly strong blood alliance into it.

What's even more ridiculous is that the population is talking about almost those three words.

Ye Jingtian.

Ye Chen knew he would be famous in Kunlun, but he didn't expect to be in this way.

And from the tone of these people, it's just fear.

Even some people have passed on their own to return to the virtual state of the strong, is the God down to earth!

Chapter 688

"It's true that three people become tigers. Everyone thinks that I have hidden the realm, but they don't know that my real state was the mind wandering state."

Ye Chen goes around the crowded place and finds a place where people rarely go.

No one is stationed.

But the array here is binding everything.

It's extremely difficult to get into.

When the bird approaches, it turns into blood fog on the spot.

It can be seen that the array is terrible.

Ye Chen stretched out his hand, wrapped his arm with genuine Qi, and gently touched it. He felt a strong pressure sweeping over him.

However, he did not let go, but closed his eyes and felt his eyes.

In one day, the immortal Lord not only taught him to refine ancient pills, but also taught him some means to break the battle.

Although it is not mainstream, it is not too difficult to deal with the current problems.

It's just that it takes a little bit of real gas.

Suddenly, ye Chen opened his eyes, a cold light shot out, and then he quickly pinched his fingers.

A drop of blood essence is forced from the finger and shoots directly on the array.

At the same time, there are gold runes in Ye Chen's palm!

Runes are constantly encircling, full of fury, and are attached to the array!

Ye Chen a point out, up and down, gently slide!

There is a gap in the array!

Endless aura is pouring out madly!

Ye Chen eyes a joy, no longer hesitation, the moment to drill into it!

Close the array.

Everything returned to silence.

But ye Chen just came to the inside, but did not expect a long sword to penetrate!

It's cold.

"What man! Why do you appear in my training room! "

Shit! Found out!

Ye Chen looked at the fierce sword, no longer hesitated, stretched out a hand, two fingers directly clamped the sword!

He found out it was a man in black.

Strength is probably in the early days of transcendence.

He also found that he broke the array to the point where others practice!

No wonder it will be noticed!

The sword is in the air, it can't go any further!

"Well, I wanted to go at random. Unfortunately, you found me, and I have to shut up. Sorry, brother

"However, you are a member of the blood League. It's the same if you die sooner or later. It's better to send you on the road now."

Ye Chen's indifferent voice rings out.

That blood alliance person coldly hums: "on the realm, I am higher than you, where do you come from self-confidence!"

"Chop!"

The blood alliance man wants to draw the sword from ye Chen's hand!

But found that he even if the cohesion of strength is also the sea of stone!

"Let go

"Oh."

Ye Chen released his hand, and the heart of the blood alliance was happy. He just wanted to move the sword, but he found that the sword in his hand turned into a pile of powder and dissipated between heaven and earth!

"This..."

His expression is ferocious in an instant!

This sword is made by the meteorite of Xuemeng. It can't be broken by ordinary force. But now it's turned into powder by two fingers of the other side?

What is the power of this?

"Before you die, I'll teach you a sword."

Ye Chen glanced around and grasped it with five fingers. The flowers on the vase on the table fell directly into his hands.

Branches and leaves waved out, burst out the sound of dragon chant.

Hum!

With the sound of the Dragon chanting, the sword body vibrates, and layers of waves spread out like substance.

Ye Chen's killing spirit is also spreading out.

That blood alliance person's eye is big, this means!

The other side is covered again!

He suddenly thought of a man!

Ye Shitian!

The blood alliance looks for the guy who can't be found in the Kunlun void, even appears in the blood League!

When he was about to speak, he just heard a roar that exploded, and the divine waves seemed to turn into substance. The flowers floated and hit each other's chest,

"this power, Ye Shi..."

Looking at the man who was full of horror, ye Chen's cold light flickered: "you can keep this secret forever."

Words fall.

The sword will explode.

"No..."

Blood alliance people can only watch helplessly, the power seems to turn into a dragon, toward their own phagocytosis.

What is this move!

Sword wave terror, sword spirit essence!

The key opponent didn't use the sword!

The hand is just a flower!

Ye Shitian is too terrible!

The youth of blood League was completely engulfed and turned into a blood mist.

Ye Chen finished all this and chose a black robe of the other party and put it on his body directly. Then he opened the door and went to the blood League dungeon. Soon, he came to the blood League dungeon near.

Not close, is to see the blood alliance many long old surrounded by a middle-aged man respectfully said what.

Ye Chen frowns slightly, he can feel that the middle-aged man is not a blood League person, cultivation breath is completely different.

For some reason, his body's blood was seething.

"How could that happen?"

When ye Chen doubts, suddenly, his eyes shoot to a direction!

The middle-aged man has a jade pendant on his waist!

this jade peas like as two peas of his leaf!

Is this person from the xuye family of Kunlun!

The lower right corner of the jade pendant is also engraved with three characters -- Ye Hongbin!

When ye Chen is looking at it, the middle-aged man is also aware of something. He suddenly turns his head and shoots his eyes towards the direction of Ye Chen!

But at the moment, the place is empty.

"Master ye, you are..."

A blood League elder said.

The tone is full of caution.

They can't get any answers from ye Tianzheng.

Jian Xueshen is already angry and asks them to dig out all the secrets of Ye Tianzheng within a week!

Helpless, they can only favor Ye Hongbin!

Ye Hongbin has the blood of the xuye family in Kunlun. However, he was not recognized by the xuye family of Kunlun, and he was forced out in 20 years.

However, with his talent, he became the elder of Kunlun Xu.

High status.

This person is the key to breaking Ye Tianzheng's secret!

Ye Hongbin shook his head in surprise: "just now it seems that some of you have seen flowers. By the way, where are you talking about?"

The elder said with a smile: "it seems that elder Ye hasn't had a good rest recently. Our blood League has prepared a room for him. Of course, there are several beautiful women from the blood League. They can make master Ye sleep well." Ye Hongbin shook his head and said, "let's get down to business."

The elder, with a stiff smile and no nonsense, said seriously, "the leader asked me to ask you something. Has anyone from the xuye family of Kunlun ever been in China?"

"What's more, are ye Chen and ye Tianzheng above the genealogy of the xuye family in Kunlun?"

Ye Hongbin pondered for a few seconds and said, "at the beginning, my identity was not high in the xuye family of Kunlun. Besides, I don't have much to do with the Ye family now. As for whether there is anyone from the Ye family flowing into China, I don't seem to have heard such a saying."

"But..."

"Master ye, but what?"

Ye Hongbin frowned and said, "it seems that for more than ten years, the xuye family of Kunlun sent someone to China and took back some things and put them in the Ye family ancestral hall!"

Chapter 689

The elder whispered.

He remembered one thing.

It seems that ye Chen's grandfather died in China.

Since Kunlun Xu put things in Ye's ancestral hall, it proves that there must be something wrong with Huaxia!

Is it true that ye Jia is related to Kunlun Xu?

If so, ye Tianzheng's secret is worth a lot!

No longer think about it, the blood League elder looked at Ye Hongbin and said, "elder ye, please follow me. I will take you to see ye Tianzheng."

"This time, we have traveled thousands of miles to invite you to come, just to want you to get out of Ye Tianzheng's secret!"

"There is a force protection in the human body. We can't break it at all. We suspect that it's the Ye family's blood. According to the investigation, it seems that only people with the same blood can solve the problem."

Ye Hongbin nodded and agreed: "yes! There is indeed a guard force in every ye family blood vessel. This power is different according to the talent and blood strength. No one can help you except me. After all, the xuye family of Kunlun rarely comes out. Go! Lead the way. "

The elder's heart a joy, quickly took out a special jade pendant, dungeon door completely opened.

A stream of yin and evil Qi came to my face.

Ye Hongbin frowned, his hands behind him, and stepped directly into it.

After ye Hongbin disappeared, ye Chen came out of the darkness.

There was a chill in his eyes.

It seems that for such a long time, the blood alliance people still have no progress from their father.

But judging from their conversation, the next thing is very important.

It could be about father's comfort.

He can't wait till tomorrow.

I have to get my father out today.

Otherwise, late will change!

Although there is no help from the ancestor of qingxuanfeng, he still has some cards in his hand, which should be enough to deal with the matter in front of him.

No longer hesitant, ye Chen toward the blood League dungeon and go.

Not close to five meters of land, a few angry ring!

"The leader has orders! You are not allowed to go near the dungeon

Ye Chen, dressed in a black robe, did not speak. Instead, he pinched his fingers and offered his life talisman directly.

The ground overflowed with thunder and lightning.

In an instant, a shielding array is formed.

This array can isolate all fighting atmosphere from the outside world, but it is not a long-term plan.

These people fall, the jade card of life is broken, the blood alliance must be the first time to detect.

When the time comes, we will naturally guard here with countless strong men.

If you are not careful, you are a turtle in a jar!

So he has to make a quick decision!

"I'll go inside and find someone."

"If you get out of the way now, you may live a little longer. If not, the consequences will be very serious."
"

"Besides, I don't want to kill you. After all, it will make things difficult."

Ye Chen can feel the strength of the guard in front of him.

Maybe it's because of the care of his father, the guards are all in the transcendence!

Even most of them are in the Holy Land!

One of the old people's breath is close to the king's realm!

The guard's face changed slightly when he heard Ye Chen's words.

They thought the man in black with a mask was a member of the blood League, but they didn't expect that the other side was going to break into the dungeon!

One of the burly men stood up and said faintly, "with your extraordinary state, do you want to kill us?"

"Beyond my ability, today I will let you feel what fear is!"

Language falls, that burly man steps on, a fist toward Ye Chen to smash!

I don't even have the intention to use weapons!

Such a waste is not worth his sword!

Like mountains and rivers, heaven and earth suppress!

A tyrannical killing intention broke out from the deepest part of the body.

As if between, such as a head of a huge beast galloping, the power of terror to Ye Chen.

"Body builder? Compare strength with me? Are you sure? "

Ye Chen coldly smiles, next second, a fist blows out!

A flat, light punch.

Even the real Qi of Dantian didn't use much!

"Bang!"

A loud noise, such as thunder burst!

Accompanied by the frightening cry of the big man!

His right arm just broke!

The sound is very clear!

Not only that, an invisible force seems to gush out of Ye Chen's body!

The big man's arm turned into a mist of blood.

A gust of wind swept over, and the burly man flew out like a broken kite.

Lost combat power!

Completely faint!

This scene changed the faces of the rest of the guards. Quiet!

The scene fell into a dead silence.

Who could have thought that the black robed youth was more terrible than he believed!

"I don't want to step into the dungeon any more. I just want to stop looking for people."

"I only say that twice."

Ye Chen's indifferent voice falls down like this.

However, there is no effect at all. The figure of six or seven roads will immediately surround Ye Chen!

Only the old man in the holy Kingdom didn't make a move. Standing in the distance, his eyes narrowed slightly, as if waiting for the opportunity.

Ye Chen looked around several people and their body overflow of cold killing machine, but shook his head: "it seems that you have made a choice."

"You can break through the blood League, little beast! No matter who you are, stay here forever

With a roar, the six swords are offered!

The wind whirled and his robes crackled in the cold wind.

Push it!

they step out!

Breath rising!

Like a long wind and waves!

The alliance leader's sword bloodletting makes them guard here. If something happens, they will die!

Although I don't know why people from outside don't respond, it doesn't matter.

As long as the boy dies, it's over!

The long sword dances, and the fierce sword idea is like a tornado sweeping towards Ye Chen.

Ye Chen snorted coldly. He stepped into the transcendental realm. It was too simple to deal with the powerful people who entered the holy land!

The next second, his hands sacrifice soul sword!

"Cut the sky with one sword!"

Tear and pull

The terror of the sword spread, and the powerful sword spread.

A dull tearing sound came, and the space seemed to be torn completely.

When the blade passes, the ground splits.

With strong sword power and cultivation as support, ye Chen's sword technique is extremely strong!

Touch!

Between the electric light and flint, this sword is to collide with the guardian of the blood League!!

Just break it!

"Click!"

The sound of bone breaking came in an instant.

At the same time, the six people spit out a mouthful of blood! Fly back out!

Ye Chen Mou son a cold, under the feet surging old illusory body Jue, constantly free between six people.

Not yet! Everyone fell to the ground, no longer capable of fighting.

A hundred meters round, there are only two people standing, ye Chen and the blood alliance king of the strong!

"Pa Pa Pa Pa Pa!"

Instead of anger, the king's strong man stretched out his hands and clapped.

As expected, I do not admire the name of the war god

Ye Chen didn't expect that his identity would be found out so soon. He glanced at the zhenhun sword, and then he suddenly felt a little bit.

It seems that weapons have sold themselves out.

Chapter 690

Looking around, Zhou Daojun found that all the people were motionless and said: "I still wonder why no one in the blood League is aware of such a big movement. It seems that you are not good at lightsaber, but you are still a master of array. However, our blood League has always looked down on you. This should be the reason why the blood alliance always has accidents in China. I think the leader will be very happy to see your head. "

The words finished, a cold killing opportunity swept up.

"The leader expected that you would come to the dungeon one day, but I didn't expect it would be so fast! Since you are here, stay. "

Words down, Zhou Daojun moved!

And there was a strong burst of air.

Ye Chen, facing the strong king, is also the strongest breath release!

The momentum of the two men, rising from the sky, turned into a strong wind, whistling in the world.

Between heaven and earth, there is a sense of awe.

A red stick appeared in the hands of Zhou Daojun!

He held one end in his hand and pointed it out!

The terrible pressure is like a huge mountain pressing towards Ye Chen!

There was a cruel smile on the corner of his mouth!

It's too easy to fight against a transcendental realm!

Although his holy kingdom is the result of pills, the actual combat ability is much worse!

But what! It must be rolled!

Ye Chen looks at the red spirit stick to break through the sky, does not dodge, but strides out step by step!

This life talisman sacrifice!

"Thunder falls!"

A flash of cold light, such as the nine gods of thunder, hit and fall.

At the same time, a sword!

The speed of Ye Chen's sword is not only fast to the extreme.

Everywhere, drag out a piece of virtual shadow, let people's eyes, even can't keep up with.

Ye Chen wants to see if he has a strong sword technique or the other party's red spirit stick!

What Wan Dao Jian Zun taught him is that Kunlun Xu's rubbish skills can be resisted!

Boom

In the twinkling of an eye, there was a violent roar.

The impact of terror, the birth of a layer of substantial air waves, toward the surrounding swept away.

Between the sky and the earth, the air waves are flying.

Each air wave, with its substantial lethality, is splashed on the array of Ye Chen.

It almost broke the array!

Zhou Chenqi and Daoye retreated!

Since it is a draw under one move!

How could it be!

"Why can we have the same strength as me when we are in a state of transcendence?"

Zhou Daojun this just gap to oneself far lower than ye Chen!

Before he reacts, ye Chen has appeared in front of him!

The breath of Ye Chen at the moment is extremely violent.

He is not going to waste any more time.

It must be killed in one move!

"Ten thousand swords belong to the clan!"

The necropolis of samsara was shaken.

The whole body momentum erupts, the air wave billows, the light blooms.

All the power of wanjian Guizong is released!

Turn it into a sword formula!

"Go!"

The only trace left in the body is pushed out to activate the sword formula.

That sword formula shoots directly at the opponent.

The next moment, in the sword Jue meet Zhou Daojun moment, suddenly burst open.

Zhou Daojun's eyes widened, but it was too late to resist!

The whole earth twisted as if it had collapsed.

"Boom!"

In the roar, in the extreme light, came the scream.

On the verge of death, Zhou Daojun looked at Ye Chen's cold eyes and suddenly thought of something!

The two paintings on his waist completely coincide!

"Ye Chen, ye Shitian..."

Before he had finished speaking, he fell to the ground.

Then, ye Chen directly took out the key of the blood League elder Zheng, broke the dungeon, and went towards the dark depths!

.....

In the dungeon.

A quiet place in the corner.

Xuemeng elder and ye Hongbin see ye Tianzheng, who is sitting cross legged and with his eyes closed.

Ye Tianzheng has long been used to this group of people to see themselves every day, or to ask some baffling questions.

He pretended to be deaf and dumb, and the group had no choice.

"Ye Tianzheng, I advise you to cooperate with me, or you will regret it!"

Blood alliance elder cold voice way.

"Oh."

Ye Tianzheng did not intend to pay any attention to it.

This can make the blood alliance leader old-fashioned, just want to start, but ye Hongbin stopped the blood League elder, a look.

Then he found a stool and sat on Ye Tianzheng's body.

"Ye Tianzheng, do you know the xuye family in Kunlun?"

"And who are you?" Ye Tianzheng opened his eyes and looked at each other curiously. I don't know why, this man made him feel familiar.

Ye Hongbin's eyes narrowed slightly and said, "do you feel the blood boiling in your body now? Or do I feel familiar? "

Ye Tianzheng just wanted to say something, ye Hongbin interrupted: "there is only one explanation for the feeling of you and me, that is, you and I are all flowing with the blood of Kunlun xuye family."

"Since we are a family, I'm not talking nonsense. Is the reason why your son is so powerful has something to do with the xuye family in Kunlun?"

Ye Tianzheng heard the other party mention Ye Chen, recovered a trace of soberness, stretched: "I care where you come from, my words are very clear, don't know anything, you start to kill me if you have the ability."

Ye Hongbin's expression was suddenly cold, and he snorted: "I wanted to use soft ones, but now it seems that it can't be used. It's good to see if it has anything to do with you when Xu Ye's family in Kunlun entered China more than ten years ago."

Words fall, ye Hongbin a point out!

Point on Ye Tianzheng's eyebrows.

This time, he didn't get any back bite and attack!

See this scene, those blood alliance elder heart a joy!

It works!

Ye Hongbin's mouth also outlines a confident smile!

If he can't suppress an ordinary person who has no accomplishments, he doesn't have to hang around in Kunlun!

He just wanted to rob Ye Tianzheng's memory!

All of a sudden, deep in the sea of knowledge, an old figure emerged!

That old figure incomparably fuzzy! Only those eyes can see clearly!

With endless killing intention!

"Get out of here!"

The next second, ye Hongbin felt the whole blood boiling! Then hibernate! As if to see what the existence of terror!

Not only that, but his Qi and blood are surging up!

Spit out a mouthful of blood on the spot!

Shocking!

"Who are you! Why do you have the Supreme Soul root of Ye family

Soul root is a kind of spirit root!

Extremely ethereal and rare!

The whole Kunlun void, only the Ye family can exist!

But in the long years, less and less.

Up to now, no one has mastered it except the ancestors and patriarchs of the xuye family in Kunlun!

But the middle-aged man who didn't have accomplishments in front of him was like this!

It's incredible, isn't it!

Only this Supreme Soul root is a great secret!

A supreme fear spread in Ye Hongbin's mind.

He envies, he envies!

If he is in control of this rebellious spirit root, he will not be reduced to this point!

The Ye family dare not drive themselves out!

He even thought that if he handed Ye Tianzheng to the xuye family in Kunlun, he would have the qualification to re-enter the Ye family!
