

Physician 6811

Chapter 6811

The big mouth of the empty giant beast is getting bigger and bigger, and it has almost reached the point of swallowing heaven and earth. Nangong asked Heaven and there is nowhere to hide, and it is about to be swallowed.

At this time, an extremely dazzling fire suddenly came.

The fire light ignored the rules of all things, the dark cage, and cut off the offensive of the empty beast.

The bright red flag turned into a streamer, like a magic sword flying, and the forces of destruction and combustion coexisted.

Black and red, the light flows continuously, fearless of all things in heaven and earth, cuts directly into the huge void beast, and blends the flame into the sword.

Rolling red fire, completely engulfed the figure of the empty beast.

On the Longyuan Heavenly Sword in the distance, ye Chen's whole body was penetrated by sweat, his skin was burning, as if magma was flowing in it.

He is urging the reincarnation force to control the Longyuan Heavenly Sword to absorb the great power of the avenue, so as to form a flame storm.

In his body, several ancient steles loomed, as if they were all awakened and came to help him.

The first thing to bear the brunt is the burning stele containing the power of endless fire in the reincarnation Xuan stele!

Yanbei is ancient and boundless, with infinite Taoist rhyme. After countless upgrades and polishing by Ye Chen, it has finally completed its transformation. It can be regarded as a super first-class treasure in the world of heaven.

Ye Chen's chest has a faint flow of star brilliance. They cooperate with each other, but they are completely different.

Wish heavenly stars and snow hidden Stardust, these two thirty-three heavenly gods, play a role in protecting the body at this time.

Ye Chen couldn't care so much. His breathing became heavier and heavier, and his body gradually became weak.

This is his strength to use his cards and the door of xuanzun.

This power has only one chance to play in this life.

Moreover, this power is simply unbearable for your current physical body, and may even be severely damaged!

He wondered whether it was worth it.

He is not related to the eternal temple.

But not absolutely.

Guarding here is not only because of the eternal temple, but also because of the eternal old, the eternal ancestors and their own commitments.

Finally, he cut out the sword.

One sword determines the outcome, and half a move points to life and death.

This is the meaning of invincible sword that practitioners should understand.

If you can use these moves to the extreme, it's nothing to break a star field with a sword and destroy a world.

Ye Chen is well aware of the strength gap between him and the empty beast. He doesn't intend to consume it. Instead, he bites his teeth, runs his reincarnation blood, and desperately mobilizes every minute of energy in his body.

His chest glowed and slowly outlined a strange pattern, which was the symbol of the xuanzun gate. At this time, he had been connected and integrated with the xuanzun gate.

The power of xuanzun entered the body and came into contact with the reincarnation blood, which produced a powerful and turbulent force for a time.

Next to Nangong Yaqing, she looked at Ye Chen deeply and couldn't speak for a moment.

She didn't expect Ye Chen to work so hard for the eternal temple.

"Thank you... Ye Shitian, but I still can't figure out why you take such a big risk?"

Nangong Yaqing opened her mouth gently, as if she was whispering to herself and asking Ye Chen.

Ye Chen glanced at him and wondered whether to answer.

If so, it's for the door of xuanzun! I'm afraid there will be worries.

It seems unreasonable to say that he worships Nangong and wants to save him.

After thinking about it, ye Chen finally found a good reason.

"For you."

The three understatement words made Nangong Yaqing freeze as if she had been struck by lightning.

He did it for me?

Nangong Yaqing recalls the various processes she met with Ye Chen, from when ye Chen risked her life to enter the bottom of the lake to crack the sword array, to when her father was injured and closed, and the temple was in danger, ye Chen chose to stay with her.

Now at this time, ye Chen still didn't escape, but became the main force against the attack of the demon clan.

All this seems to have no rules, but there are actually traces to follow.

Nangong Yaqing thought more and more deeply and thought more and more far. Her eyes looked at Ye Chen's side face and looked a little crazy.

If this body can marry such people with intentions, why not!

Ye Chen has no time to observe the emotional changes of Nangong Yaqing.

In the distant battlefield, the claws of the void beast were blocked by invisible forces, and even felt the extreme.

"What power is this...?"

Yao Ye, who was integrated with the void beast, felt the majestic pure power and was surprised for a time.

His eyes looked far away, broke through the void and reached the position of Ye Chen. The dark flame danced in the huge eyes, emitting an extremely lonely and terrible light.

He is not sure who ye Chen is, but he is sure that ye Chen must have the supreme treasure! It is even comparable to the thirty-three days of Hongmeng treasure, chaotic artifact and nine days of divination.

"Hum, what if you have a treasure? In the face of absolute strength, all cunning is nonsense! "

Yao Ye launched the last blow. Countless black holes of different sizes and shapes appeared all over the empty beast. Endless thick fog surged out and came into contact with the air. Sharp and harsh ghosts and wolves burst out. The sky shook and the world shook. Even the strong king of heaven had to retreat for a few minutes.

The black fog vomited by the empty giant beast seems to condense into an abyss hell. It comes to Changsheng island with an incomparably strong posture to destroy all living beings and eliminate all things!

Nangong Wentian had no bottom in his heart. He could only bite his teeth and raise his sword to the sky. The silver gradually gathered the power of the moonlight and came together.

A crescent moon rises into the sky and turns into a defensive array.

"Damn... I've lost some contact with xuanzun's gate. I'm afraid I can't give full play to its great power!"

Ye Chen bit his teeth. He was affected by the evil spirit of hell and couldn't give birth to the strongest state.

He looked towards the battlefield. Tens of thousands of Shura evil spirits were eating the silver moon awn. Each one was extremely excited and powerful.

"Yaqing, you go to other places first. I'll go there to communicate with xuanzun's gate!" Ye Chen gave a voice to remind him.

But Nangong Yaqing shook her head.

"I will live and die with you, and no one can separate you and me."

Ye Chen felt strange when he heard this word, but it was too late to think more. He stretched out his hand and grabbed Nangong Yaqing's Yingying waist, urging Longyuan Tianjian to tear the void and cross a hundred miles in an instant.

"Xuanzun gate, lend me your power! Let me help you cut off these monsters! "

Ye Chen roared up to the sky, and the xuanzun door above his head seemed to hear the call, pouring a light five-color brilliance.

At this moment, ye Chen is the noumenon of xuanzun's door!

Chapter 6812

Holding the Longyuan Heavenly Sword, he flashed and flew higher.

The objects composed of various colors are surrounded by sword light. A small golden tower is suspended on the side of his body. Above the top of the tower, the brilliance of the stars always exists.

Heaven and earth xuanhuang Tower!

Wish sky star!

In addition, ye Chen now has reincarnation blood, which is equivalent to having three Heaven connected treasures.

"Ba Bu Fu Tu Qi!"

"Xuan goblin blood!"

"Water stop sword!"

In fact, ye Chen seldom burns Xuan demon blood, mainly because his strength is becoming stronger and stronger, and there are fewer opportunities to use Xuan demon blood.

Of course, another important reason is that burning xuangoblin blood will cause irreversible damage.

This has something to do with the body and future cultivation.

So you don't have to.

However, today's Ye Chen still chooses to burn part of it.

Ye Chen's sword burst out a strong pure black, like the eternal divine awn in the limitless world, silently reaching the extreme of kendo.

One sword, cut to the enemy!

This sword cut through thousands of stars, and the surging sword Qi penetrated the fields outside Changsheng island.

This sword blooms incomparably dazzling brilliance. It talks endlessly and endlessly.

At this moment, although it is not his real strength, but with the help of the power of divine objects.

After the show, the price is huge.

But if you feel stronger, you can lead yourself to move in this direction faster.

Therefore, ye Chen at the moment doesn't care about everything at all.

.....

At the same time, a mysterious place that does not belong to extraterritorial and eternal void.

An indescribable figure sat in the depths of the nebula and looked at the countless stars that were constantly disappearing. His eyes seemed to show a thoughtful color: "I thought that boy had forgotten this thing."

Suddenly, in front of him, the void was torn, and a young man in purple appeared in front of the figure.

The purple robed youth looked at the figure shrouded in chaos and said faintly, "Why are you observing the Lord of reincarnation?"

The figure in the chaos looked at the purple robed youth and said, "third brother, why do you always appear when I observe?"

If ye Chen were here, he would recognize the figure in the chaos. It was the heavenly demon that almost swallowed it that day!

Among the ten thousand worlds of the heavens, there is only one of the four demon ancestors, the Xuan demon!

The purple robed Xuan demon snorted coldly, "that little guy burns my blood essence. Naturally, I feel stronger than you."

The heavenly demon stretched his waist, looked in a direction and said, "Lord of reincarnation, it's not far from us now, but what I didn't expect is that this guy is still related to the xuanzun gate, and even used the power of the xuanzun gate."

"It's a lucky guy who doesn't want to die."

The Xuan demon was stunned and said, "do you need us to do it?"

The sky demon shook his head: "if I can't do it, I won't do it, okay?"

.....

At the same time, there was a loud noise in the forbidden area of the ghost temple in the lost space-time area.

"Bang!"

The stone chamber of the forbidden area was blown to dust by the sky thunder. In an instant, the whole space formed a strong magnetic field, with dark clouds and purple electricity crisscross.

For a time, the top powers of the demon Temple gathered here, but there was no sound, and there was a dead silence in the air.

"The forbidden area has been razed to the ground. The boundary formation of the demon temple is about to be unable to carry it. If autumn, there will be no mistakes."

A heavy voice broke the dull atmosphere. It was the elder of the demon temple.

"It doesn't matter. Inform all the strong outside the temple to return to prevent outsiders from invading and enter the first-class alert state. In addition, block all information in the forbidden area and don't disclose it. We're waiting for the result!"

A group of people left after receiving the order. At last, only the elder of the demon temple was left.

"This robbery..."

The elder shook his head and looked at a loss.

He stared at the invisible nothingness in the forbidden area and remained silent for a long time.

Mo Ruqiu woke up again and thought she was in hell. Looking at the endless gray around and the raging purple lightning in the sky, the pain from all over stimulated her nerves.

"Are you dead? Looks like this is hell" Murmured Mo Ruqiu.

"Little girl, you are the first person in the world."

Mo Ruqiu suddenly opened his eyes and saw that the gray old man was almost face to face with her, his eyes opposite, and fell into silence for a time.

"Who are you?"

The mysterious old man didn't respond. Instead, he said to himself, "your good friend, yuqingyin, something big has happened during your closed time!"

Mo Ruqiu heard the speech, and his heart clicked.

She has been closed for some time. She doesn't know what happened outside. Now she hears that something happened to yuqingyin. How can she not be disordered?

The mysterious old man's figure on the void slowly dissipated, but for a moment, it had disappeared.

Mo Ruqiu read it, exhausted his whole body's spiritual power, engraved the nothingness and darkness into his left eye, printed the purple thunder on his right eye, and staggered out of the forbidden area.

Listening to the footsteps from far to near, a figure standing outside the forbidden area showed expectant eyes.

"Ruqiu, congratulations on your breakthrough!"

The elder of the demon Temple opened his mouth.

"Grandpa, did there ever be a new situation in the demon temple during my seclusion?" Mo Ruqiu has just broken through at the moment, and her mind is not stable. The mysterious old man in the secret room spoke, which makes her uncertain.

Then he asked.

The elder of the demon temple was stunned and immediately said, "take a break first. A lot has happened. I'll talk to you later!"

"I want to know about Xiaoyu!" Mo Ruqiu went straight to the point and said.

Mo Ruqiu and Yu Qingyin grew up together. Although they are not biological sisters, they look like biological sisters.

"Alas..." the old man sighed and immediately left Mo Ruqiu a figure behind him. "Come with me!"

After a incense stick, Mo Ruqiu understood something.

"So, Xiaoyu is now the identity of the defector of the demon temple?"

Mo Ruqiu, who had just left the customs to understand the recent situation of the demon temple, was also very puzzled after hearing what his grandfather said!

"That girl has difficulties to hide, I also understand, but his highness Shengzu always does things like this, and it's not something we can guess!"

The elder of the demon Temple sighed, and there was nothing he could do.

"The devil's heavenly stone... Ye Chen..." Mo Ruqiu, as the person of the devil's temple, naturally knows the meaning of the devil's heavenly stone. "Xiaoyu is now infected with the cause and effect of Ye Chen, won't it be dangerous?"

Chapter 6813

Mo Ruqiu is obviously the most concerned about the safety of his friends.

"Don't worry, that Ni Zi is now charged with being a defector, but she hasn't done anything at all. Even the blood prohibition of the demon temple has been erased by the boy named Ye Chen!"

"She is now in the temple of heaven!" The old man also said.

"It's just that ye Chen is mysterious. It seems that he hasn't been in the heaven palace recently. I always feel that if ye Chen appears next time, I'm afraid it will make the pool more muddy."

Mo Ruqiu heard that he was silent, but his grandfather continued: "during your seclusion, a lot of things have happened in the demon temple. The heaven palace Land alliance meeting is coming, and his Highness the holy ancestor also recalled Mu Qing. This time, he went to the Heaven Temple to perform a mission. The girl Yuqing Yin found a trace and almost died under the palm of Tianxue heart!"

"Mu Qing? He's back? " Mo Ruqiu's mind came up with the guy who was quickly covered in black and ruthless.

"Yes, many tasks of the holy ancestor have been entrusted to him. Now that you leave the customs, I believe you will match Ye Chen and Yu girl soon!"

The elder of the demon Temple narrowed his eyes and said, "you girl is soft hearted. Yuqing Yin is your friend again. I know what you think in your heart, but I still want to remind you that it's not easy to fake on the saint's side!"

Mo Ruqiu nodded gently, which she naturally knew.

In fact, their pulse is very similar to Yuqing Yin, and they all have to suffer. If they don't have to, I'm afraid they will

As a grandfather, how can you not know what your granddaughter thinks?

The old man immediately said, "at this stage, it is definitely not the best time to fight against the demon temple!"

Mo Ruqiu tooted his mouth. Instead of answering grandpa's words positively, he smiled and asked, "have Mu Qing met with Ye Chen?"

The old man was suspicious, "it's hard to say without a positive confrontation! But even the holy ancestor suffered a dark loss when he fought against the ancient relics! "

Mo Ruqiu smelled the speech, and suddenly came to his strength and said, "playing tricks, are there people who are better than Mu Qing?"

When the old man mentioned Ye Chen, his face was obviously heavy: "not only that, this young man has the most precious treasure such as the demon Tianshi. Among the ancient relics, he has won the reincarnation map of martial arts. With this, it is reported that he killed dozens of strong people at the top of the wanshen snow mountain some time ago!"

Mo Ruqiu skimmed his mouth, "I can do it!"

The old man shook his head and said in a deep voice, "dozens of strong people have been wiped out, and his strength is less than Baijia!"

Mo Ruqiu stared at his grandfather: "less than Baijia territory? How is this possible? "

Obviously, such amazing achievements have never been heard of.

"I've been following this young man for a long time!" The old man waved his arm, looked out of the window and said calmly, "I really want to talk to him, but this person has disappeared recently."

"Can we please him?" Mo Ruqiu also felt the value of Ye Chen to them from his grandfather's tone, but the old man shook his head gently, "now is not the time to contact him!"

"The blood prohibition on the jade girl is different from ours. He may not be able to untie it. Once the matter is exposed and known by the holy ancestor, our blood will be cut off!"

Why doesn't the old man want to be controlled? But now we can only choose to hibernate.

"Did the holy father know about my exit?" Mo Ruqiu asked softly.

The old man pondered a little, "now the Holy Father is not in the sect, and Mu Qing is recovering from his injury. When he gets the news, the Holy Father will also know that you may need to complete many tasks in person!"

Mo Ruqiu smiled and nodded gently: "I know. If ye Chen comes back, I will take this opportunity to contact this ye Chen first. I'm also curious about what the young man praised by grandpa looks like!"

The old man frowned and said nothing.

The news of Mo Ruqiu's exit soon swept the whole mountain gate.

"Have you heard? Elder martial sister muruqiu has passed the customs! She is at the top of the list among the Seven Saints in the demon temple! "

"Before elder martial brother Mu Qing appeared, she was the well deserved first expert of the younger generation in the temple. Now elder martial brother Mu Qing is injured. Elder martial sister Mo Ruqiu doesn't know if she will..."

"Shh, I can't guess such things!"

"Such a young saint!"

.....

The figure of Mo Ruqiu appeared on the boundary of the demon temple. Many disciples who came and went looked at each other and bowed their eyebrows.

"Senior sister Ruqiu!"

Mo Ruqiu nodded gently, his graceful steps never stopped, and his figure disappeared at the end of Cuiyu.

"Oh? Mo Ruqiu has passed the customs? "

Obviously, after hearing the report from his subordinates, Mu Qing learned the news of Mo Ruqiu's exit for the first time.

"Boss, Mo Ruqiu is coming to your house. I don't know what he means. Do you want to?"

The man in black covered his whole face, got up and said in a hoarse voice, "it doesn't matter. I haven't seen this rumor all the time. The leader of the demon temple has been recalled by the master these days and has been busy with all kinds of things!"

Under the black mask, only two pairs of eyes exposed looked out of the window and said, "later, the ink is like autumn. Just take it directly to the reception hall. I'll come later!"

"Yes!"

My subordinates are ordered to leave.

.....

Chapter 6814

.....

At the moment, outside the distant sky, the figure of a bloody robe looked at the flying sword handed over in his hand, and said in a hoarse voice: "the Mexican girl has gone through the customs. It seems that Mu Qing has a headache, but he can also take this to see the intentions of some people!"

Mo Ruqiu's figure came straight to Mu Qing's mansion. Just as his front foot stepped in, the breath of fireworks filled the air. Warm wine and cook tea to treat it politely.

"Miss Mo, my child has ordered me to see you in the living room if you come!"

Mo Ruqiu looked around and said with a slight smile, "you have good news. In that case, lead the way!"

The two turned in all directions, and Mo Ruqiu's eyes condensed on the reception hall, which covered their appearance in black.

"I've heard the name of the dark devil temple as dark as autumn. When I see it today, it's really beautiful!"

Mo Ruqiu was noncommittal and looked up and down at the figure in front of him: "are you Mu Qing?"

Recently, Mu Qing's name is also famous in the demon temple. The ancient relics are outstanding in the world. He sneaks into the temple of heaven to steal divine weapons and retreat.

It is also rumored that this guy worked hard with Tianxue, the leader of Tiangong Shenjiao, to survive!

These achievements can already be called the posture of demons!

"Exactly!"

That covered his face, revealing only a pair of eyes. At the moment, he also looked directly at the ink like autumn.

Mo Ruqiu was a little impolite. He casually found a straight chair to sit on, picked up the already prepared tea and took a sip: "just left the customs, the news was blocked, but even so, I heard brother Mu Qing's name!"

"Tianxuexin and other strong people have never won you!"

Mo Ruqiu joked.

"Miss Mo really flattered me!" Mu Qing didn't ask him to do it. He shook his head and said with a bitter smile, "if it weren't for the help of the holy ancestor, I'm afraid I would have died on the wasteland. The power of that strong man, even if he shot thousands of miles away, would be enough to destroy the sky and the earth!"

There was a flash of awe in his eyes.

"Brother Mu Qing is too modest. I've heard the names Mu Qing and Ye Chen the most since this time!"

Mo Ruqiu got up, looked at the spirit fish swimming in the spirit tank in the reception hall, and smiled gently.

"Ye Chen..."

Mu Qing also muttered to himself. In his mind, he thought of the man who met him several times but never fought.

"He's an interesting guy, but I haven't fought with him!" Mu Qing also moved slowly, and his sight fell in the spirit tank. "Do you know why I like raising this kind of spirit fish?"

Looking at the ugly and ferocious toothed spirit fish, Mu Qing asked.

Mo Ruqiu didn't answer, turned and stared at Mu Qing, as if waiting for the answer.

"Because they know the rules and are fierce. In the world of the law of the jungle, they are a group of emotionless killers and can complete the task well!"

Mu Qing's fingertips gently crossed the cylinder surface, and a sharp toothed spirit fish hit it with his head. The spirit cylinder made of unknown material showed a crack, and he immediately laughed.

"Days are so orderly or at will, like grass, green in spring and withered in the East." Mo Ruqiu smiled gently, "I'm different from brother mu. I always like freedom!"

"Be free..." Mu Qing didn't answer this, but instead said, "no, recently, I went to Tiangong Shenjiao to perform a secret mission. Tianxuexin chased me, and I was hurt!"

"Miss Mo, you and I belong to the same clan. You mentioned Ye Chen earlier. It happens that people in Tianqing Palace are also preparing to kill Ye Chen. There is not much time left for Tiangong Shenjiao. If I

guess correctly, ye Chen will appear these two days. How about you? Are you interested in going to have a look?"

"For you who like freedom, go out for a walk?"

Mo Ruqiu nodded gently, "I just want to see what's different about this guy who is in the limelight these days!"

Mu Qing handed Mo Ruqiu a note. The address on it pointed to Lintian city.

Mo Ruqiu took it, stopped talking and turned away.

"Follow her and look at the girl's attitude!" Mu Qing remembered the entrustment of the holy ancestor of the evil spirit a few days ago and ordered his men to be humane, "hide a little, don't be found, there are any changes, don't scare the snake, wait for my arrangement!"

"Ruqiu, no matter what the situation is now, you should remember that if you really see ye Chen this time, what you represent is still the ghost temple!"

Before leaving, the great elder of the demon temple, that is, Mo Ruqiu's grandfather, ordered that any change could cause chaos in this troubled autumn.

"Grandpa, don't worry. I understand the propriety. Ye Chen is this person. I will pay more attention!"

In this way, Mo Ruqiu also left the demon temple with Mu Qing's clue.

.....

The picture turns, eternal void.

The towering flame of xuanzun's gate contains supreme power to cover the whole cloud.

This towering flame seems to contain all the visions of the heaven and the world. People outside can even see the floating and heavy things in the world through the shining red light.

Ye Chen used many cards and even Xuan demon blood essence to play the strongest blow!

"This... This is impossible..."

The empty beast also felt the great threat. He issued a low roar, which was deafening like thunder.

The whole sky is like a huge ancient battlefield, surrounded by bright stars. The twinkling stars are like holy light, and a breath of nothingness envelops it.

This is the beginning of the power of xuanzun's door!

As one of the ancient portals in ancient times, the gate of xuanzun communicates with heaven and earth and connects with all things, floating like an independent legacy.

Even the boundless empty giant beast can handle hundreds of thousands of stars with its mouth open. At this time, it can't block the fiery light as the sun.

"Array word formula!"

At the last moment, ye Chen launched the killing move with the help of the residual temperature of the burning blood of the Xuan goblin.

With the blessing of xuanzun's power, he pinched his fingers and used the nine heavenly gods, and his eyes burst with bright golden light.

And the surrounding void drilled out of a rune, all into his eyes, even condensed a mirror that can reflect the world.

This mirror reflects the battlefield in front of us. Countless runes are intertwined to build an unparalleled array. It is outlined and surrounded along the track of the fire and rises into the sky in an instant.

The whole three treasures, together with xuangoblin blood and the blessing of a nine heaven divine skill, ye Chen also tried his best to keep the door of xuanzun. His Qi and blood kept surging, temporarily transferred the reincarnation blood in his body, and even burst into a sense of dizziness.

Chapter 6815

"No... impossible!"

Yao Ye, who was integrated with the empty giant beast, never thought that he would be beaten out of breath by a younger generation who manipulated the door of xuanzun.

In the face of this supreme offensive like the gods coming down to earth, the big leader Yao night knew that he could not carry it.

He bit his teeth and decided to retreat first in order to save the ship made of the empty beast.

The space around him was completely opened, and whirlpool black holes were rotating and connected at a high speed, merging into a void door stretching for thousands of miles.

"All members of the demon clan, evacuate quickly!"

The leader of yaoyeda gave such an order.

After hearing this, the people of the eternal demon clan are still unwilling, but now the defeat has been decided, and they are unable to return to heaven.

Many people in the demon clan fled madly and returned to the huge ship in the void, but they were chased and killed by the people of the eternal temple.

The two sides have changed one after another, and the sound of fighting and shouting can be heard all over the sky.

Nangong Wentian had exhausted his strength and was at the end of his powerful crossbow after blocking the heavy blow of the empty giant beast, but he still stood up under the eyes of everyone and condensed his sword intention.

"One thought of Eternity: Tao generates eternity."

He finally showed a thought of eternity.

The mighty long sword rushed up to the sky and turned into a torrent of steel. It has unparalleled edge and condensed a huge sword array.

Around the sword array, there are several silvery white lotus flowers rotating slowly, with streamer and color, which capture people's heart and soul.

At first glance, there are several, but if you observe carefully, you will find that there is only one lotus, and the rest are illusory FA Xiang.

"Go!"

With Nangong asking the sky and scolding, the petals of those lotus flowers suddenly flew up and turned into a flying sword shining with divine light. It never stopped like a storm, blocking other areas outside the blazing flame.

However, no one noticed that the flower core of the lotus turned into a secret streamer and entered the gate of xuanzun.

Before that, every time Nangong Wentian released the sword, there was a light integrated into the door of xuanzun.

The boundary barrier built by the empty beast trembled violently and was about to fall. The holy lotus sword light has penetrated part of the enchantment in the blink of an eye.

Sword light and Hongyan cooperate with each other, and their momentum is huge and amazing.

The enchantment of the void beast is almost out of support.

But now there are a small number of demon people who have not withdrawn and are fighting with the people in the temple.

"It's too late..."

Yao night whispered, and the two pairs of blood red eyes like the setting sun blood moon emerged with a determination.

The void passage opens, and the void beast that occupies most of the sky sails back, slowly drills into the black hole and wants to leave Changsheng island.

"No!! Chief, we haven't gone up yet! "

"Wait, wait!"

"Damn, these people can't get rid of..."

The cries for help came one after another, but Yao yequan didn't hear it.

The people of the eternal demon clan standing on the deck of the empty giant ship also looked complex and looked gloomy.

They not only failed, but also failed miserably!

Originally, he took advantage of the east wind to attack the eternal temple. He was determined to win, but he failed and was on the verge of success in the end.

Thinking of this, they looked at the ancient xuanzun gate standing between heaven and earth, and their eyes were full of hatred.

In particular, the young figure like a phoenix spreading its wings was the main reason for their defeat.

Who the hell is he?

Yao Ye stared at Ye Chen, trying to find something from him.

At the last moment, he saw Ye Chen holding up the mighty Heavenly Sword, and several bright blood moons emerged from his side.

The vast and endless blood brilliance pervaded the sky and echoed with the door of xuanzun.

At the next moment, the blood moon still flew out, carrying the powerful momentum of destroying the sky and the earth, and broke the solid void barrier with a destructive attitude.

Most of the hulls of the void monster had disappeared into the black hole, but they were still attacked by the two rounds of blood moon, and several dark holes were blown out in the stern.

The brilliance of the bright moon and the blood moon intertwined with each other and shrouded Ye Chen, which was unreal.

But Yao Ye noticed an unusual smell, mighty and invincible.

He immediately knew who ye Chen was!

"The Lord of reincarnation... Unexpectedly, it was him, and I'm afraid the true legend of the blood moon was handed down by its Taoist protector Ren extraordinary."

Yao night's limbs and senses are integrated with the giant beasts of the void, including the spirit. He can feel how terrible the aggressive power contained in that round of blood moon is.

Finally, when the last broken stern completely disappeared in the void, the fleet of the eternal demon family retreated.

The strong of the eternal Temple cannot completely leave each other. If they do, they may pay a more tragic price.

It's better to let the other party escape. They can also take a breath here.

The people of the eternal demon family on Changsheng Island were over in an instant. They were captured before the war was over.

In desperation, he had to surrender and save his life.

The people of the eternal Temple cheered for it. Their eyes were fanatical and their faces worshipped. Now in their hearts, ye Chen, who turned the tide with his own strength, is a god!

Even Nangong Wentian didn't get such treatment.

Nangong Yaqing is regarded as a God. Both of them have the power to control the door of xuanzun. In the future, they must be a combination of beads and jade to frighten all sides.

Chapter 6816

Nangong Wentian was very pleased to see this scene.

He had some reservations and temptations about ye Chen before, but after this war, he had determined Ye Chen as his future successor with unlimited future.

The fire light and the sword light penetrated the void, smashed a small half of the void ship, reflected the heavens, burned thousands of boundaries, and the infinite fire light has not dissipated until now, burning the sky red.

After the war, the finishing work was extremely difficult.

Many buildings of the eternal temple were destroyed, and the earth vein was shaken, resulting in a less profound aura than before.

This may take time to recover.

In addition, there are many tragic deaths inside and outside the eternal temple.

However, after this time, there was an advantage, that is, she completely opened Nangong Yaqing's reputation. Although she did not have a main attack in the war, she still undertook a lot of tasks.

The endless red inflammation dissipated, and ye Chen was freed from the array and fell to the ground.

His injury was so serious that he felt such a heavy bite for the first time.

But he didn't show anything in front of outsiders.

Nangong Yaqing came to him with a smile and put her hand around his arm.

Ye Chen suddenly became stiff and smiled bitterly in her heart, but it was not good to brush Nangong Yaqing's face in public at this time, so she could only let him be happy.

He didn't want to be tainted with beauty, but now it seems that the girl is really immersed in it.

What should I do?

"Brother Ye is really a young talent with superior strength. It's really my eternal temple's blessing!"

The elder of the eternal Temple led the way and bowed with his hands. His expression was full of respect and admiration.

The other high-rise of the eternal temple also came over, and their eyes were full of admiration and admiration.

Nangong Yaqing listened to those words praising Ye Chen and couldn't close her mouth. She was happier than being affirmed.

However, after the battle, ye Chen, who recovered from his frenzy, felt that things were not so simple.

He did display the door of xuanzun and burst out the power of shaking the sky and the earth, but these offensives could not make the empty giant beast flee in confusion.

During this process, Nangong Wentian helped him several times, which seemed to be helping him, but after each time, ye Chen absorbed a steady stream of vast power from the door of xuanzun.

To say that all this has nothing to do with Nangong asking for heaven, I don't believe him.

After the war, Nangong Wentian did not return here, but directly returned to his ancestral land to practice in isolation.

Ye Chen wanted to recover from the injury, but on second thought, he couldn't stay too long. It would be better for him to heal from the injury. He decided to go to Zudi to ask. After obtaining the consent of the elder and Nangong Yaqing, he went to the back mountain of Changsheng island alone.

It has beautiful scenery, overlapping mountains and quiet rivers flowing slowly, just like a paradise, which has not been affected by the external war.

The ancestral land of the eternal temple is a world of its own. Former retired Temple owners or elders all cultivate and practice here.

Holding a token, Ye Chen stepped into the boundary of a mountain, where there were verdant ancient forests, long cicadas and gently echoed.

He walked through a jungle and saw a bamboo forest on the flat slope of the mountain.

There is a small house in the middle of the bamboo forest. In front of the door are several tables and chairs.

Nangong asked the sky, dressed in a white robe, sitting there, drinking and drinking.

He seems to have been waiting here long ago.

"Don't worry about your injury."

"Forget it, you should know. Sit down. This mountain wine is brewed from pure mountain springs. With the fruit picked there, it tastes mellow, thick but not greasy. Try it."

Nangong asked the sky with a smile. The clouds were light and the wind was light. His sleeve robe was rolled, and the cup of clear fruit wine flew to Ye Chen.

Ye Chen didn't pinch, so she took a bite.

When the small wine entered his throat, there was a gentle force flowing into his body along the wine, nourishing the internal organs and walking through the blood, moistening things silently.

It even alleviated his recoil and injury.

"It's really good!"

Between heaven and earth, everything is the eternal truth.

This cup of fruit wine without any complicated practices just reflects this.

The most primitive and innocent.

Ye Chen put down his glass and looked up, but she found that she couldn't see through Nangong.

After he first came here and cracked the sword array, Nangong Wentian showed his ambition and wanted to use him as a chess piece to get more benefits.

At that time, ye Chen felt that Nangong asked was naturally cunning and should not make deep friends.

But now Nangong asks heaven, just like an expert detached from the world, without such worldly intrigue and desire.

Which one is the real him?

Nangong asked Heaven as if he could see through what ye Chen thought. He smiled calmly and then said, "Lord of reincarnation, I will answer all your doubts one by one, but don't worry, everything I do has no malice."

As soon as he said this, ye Chen suddenly turned up a storm in his heart.

It turned out that Nangong Wentian had already seen through his identity!

"Don't panic. In fact, when you cracked the sword array, I didn't find your identity, but in the later eternal ceremony, I showed a thought of eternity, and a wisp of the idea of heaven helped me break through. At first, I thought it was luck, but later I found that it was a wisp of your sword power!"

"It was not until I was seriously injured and closed, and checked the situation in my body that I found that it was your reincarnation power that protected my origin, so that I was not really hurt by the eternal God, and I found your true identity."

Ye Chen recalled the scene at that time. He really separated a wisp of divine thoughts and gathered them on Nangong Wentian.

However, he did not expect that his own strength was the key to help Nangong ask heaven to understand "one thought is eternal".

Wait, ye Chen found a problem and was suddenly surprised.

"Nangong hall leader, do you mean that the news that you have not recovered from your serious injury is false?"

Nangong asked Heaven and nodded with a smile: "yes, my injury has completely recovered before."

So far, ye Chen is in a trance.

He wondered why Nangong Wentian didn't stop the eternal demon family from the beginning, or show his strength directly, leaving Yao night and the senior management of the eternal demon family.

But why did you let them go in the end?

With the strength of Nangong Wentian, I'm afraid none of the eternal demons can leave if they really do it.

"Before they attacked Changsheng Island, I had spied on the cause and effect." Nangong asked Heaven, "your reincarnation power protected me from being killed by the eternal God. And I followed the way of heaven and saw the door of xuanzun, and its holder is you! "

Chapter 6817

"Then I knew that you and the door of xuanzun had an inseparable fruit."

"Later, I followed the way of heaven and helped you secretly after you took over the door of xuanzun."

"Now it seems that the cause and effect of the way of heaven is not false. You can really play the real power of the door of xuanzun. You can see your talent."

Nangong Wentian is a strong man at the level of emperor of heaven. What he said involves the cause and effect of heaven, which can never be false.

It seems that the connection between Ye Chen and xuanzun's door is not false or sudden.

However, one yard to one yard. If Nangong didn't ask heaven for false defeat and then help in the dark, I'm afraid Ye Chen couldn't repel the eternal demon family with the power of xuanzun's gate alone.

"You don't have to thank me. In addition to conforming to the cause and effect of heaven, I want to help the temple repel strong enemies. However, there is no perfect method in this world. There will be sacrifice if there is struggle. I just give up the small and take the big."

Nangong sighed slightly in his tone of asking the sky. He poured himself another glass of wine and drank it up.

Then his palm turned, and an ancient token appeared on it, engraved with the mark of the xuanzun gate.

"I don't know how many years ago, the xuanzun gate was already the Zhenzong treasure of my eternal temple. Now I have fate with you, so I'll give it to you. I hope you can cherish this cause and effect."

Ye Chen took the order of xuanzun in his hand and looked solemn.

Over the years, the gate of xuanzun is not only an ancient artifact, but has become the heritage and inheritance of a sect. Ye Chen took over the power of sentient beings, not ownerless things.

"Besides, can I ask you for a promise?"

Nangong Wentian suddenly asked, staring at Ye Chen with bright eyes.

Ye Chen's eyes coagulated and nodded.

"If my daughter is in trouble in the future, you should help her."

Nangong Wentian's look at this time also became solemn. He straightened his body and said a very solemn event with Ye Chen.

Ye Chen naturally understood his mind.

Nangong's words to heaven did not mention the eternal temple, but Nangong Yaqing, of course.

Ye Chen doesn't have much origin with the eternal temple. In the final analysis, he doesn't care whether it is dead or dead.

Moreover, this kind of commitment will not necessarily be recognized by heaven, and simply don't bother to mention it.

But when it comes to Nangong Yaqing, it's different. Ye Chen and Nangong Yaqing have at least one explicit engagement, and this is also well known.

Whether ye Chen intentionally or unintentionally breaks this array, it is his son-in-law selected by Nangong Wentian. Even ye Chen himself can't refute it.

In the future, when Nangong Yaqing takes over the eternal temple, she has a connection with it. Ye Chen is helping her, too.

These reasons need not be included in the scope of the oath of heaven, but ye Chen must not be able to shirk it in the future.

Since knowing that ye Chen is the reincarnation of the Lord of reincarnation, Nangong Wentian is quietly making this plan.

The catastrophe of heaven and earth will eventually come. In recent years, the turbulence of the eternal void has become more and more obvious and may not continue.

If all kinds of empty traps of the eternal void are broken, this land will be exposed to the heavens and the world. At that time, we don't know how many dangers there will be.

So now he has to plan ahead, make plans for his daughter, and find a strong man who has the chance to climb to the top of heaven and earth in the future.

He also heard some rumors about the outside world. There are countless enemies under Ye Chen's tree.

As strong as the ancestor of wanxu, that is, the legendary Yuhuang ancient emperor, is the peak mountain that ye Chen will eventually cross.

The leader of the old alliance, Mo Zu Wutian, also had a fierce battle with Ye Chen.

The first female devil in the world, the supreme goddess, once had disputes with the Lord of reincarnation.

What ye Chen has to face is almost the most powerful strength in the world of heaven.

But ye Chen was not without any counterattack. Behind him stood Ren extraordinary, the top four in the world. This big backer was enough to stop all for him.

Moreover, it is said that the Lord of reincarnation can grow up all the way up to now. He is the master who has the atmosphere to move around the body and appears in order to move the world.

Of course, Nangong Wentian admits that there is an element of gambling, but isn't everything in the world and the reincarnation of the heavens a bet?

Of course, ye Chen also thought of these, but the request came suddenly. He could not weigh it from the perspective of the eternal temple like Nangong asking heaven.

"Well, I promise you, within my ability, I will never let Nangong Yaqing suffer any fatal injury."

Ye Chen promised to come down.

Nangong asked Heaven and nodded. Don't worry.

Next, he wants to strike a higher realm of eternity, so that when the world changes in the future, the eternal temple can have the power of self-protection.

Ye Chen got the token of xuanzun gate from him. With this token, he can completely master the power of xuanzun gate.

Nangong asked the sky, which is equal to giving him the same opportunity.

He came to the outside of the ancestral land, and a streamer came from the sky. It was the door of xuanzun.

Ye Chen engraved his soul on the door of xuanzun. His heart moved slightly, and the door of xuanzun suddenly fell down slowly, becoming the size of a palm. It was extremely pocket.

This xuanzun gate is different from other treasures. It has no function of recognizing the Lord.

Ye Chen specially found a secluded place and tried to refine the door of xuanzun in the cave.

Chapter 6818

However, I don't know whether it is the injury problem or other reasons. In the process of refining, there are many problems. The door of xuanzun can follow Ye Chen's arrangement, but it is very exclusive of refining and integration.

Almost several times, ye Chen was scattered by the door of xuanzun before he began to wrap it with spiritual power.

Ye Chen was a little strange. He asked Nangong to ask heaven, but he didn't get a good solution.

In desperation, he can only give up temporarily and collect the door of xuanzun into his body.

.....

At the same time, across countless light-years of the supreme world, the supreme daughter in the center of the magnificent palace opened her beautiful eyes.

"This guy... Has really broken through to this level."

The heavenly daughter knows Ye Chen's true state by reading her mind. However, before ye Chen leaves, Ren Feifan shields the secret of heaven, so the heavenly daughter can't find out Ye Chen's location.

"Ren Feifan... I raise a pig. Why do you obstruct it again and again? Even if you want to stop him, you can't let him escape the fate of being a mermaid, and the person who subdues him is me. "

The supreme lady closed her eyes again, but this time her thoughts crossed the distant space and time and reached the sea of Wolong God's brain far below.

The Wolong God, who was closing down in the lower world, quickly received the order. After receiving the information from the supreme daughter, the Wolong God muttered to himself.

"Has the Lord of reincarnation grown to such a point? Anyway, it's time to give him the wuwolong Sutra that day. "

"It's just that I'm still closed now. It seems that I'm going to force my way out of the customs as soon as possible."

As the servant of the supreme daughter of heaven and one of the Twelve Gods, Wolong God has always only followed the instructions of Ren tiannv.

Although Ye Chen and Ren tiannv are not closely related, they still don't tear their faces.

"The Lord told me to send this message to the Lord of reincarnation and let me be ready... It seems that Wuzu's opportunity has really been taken by this boy."

.....

The supreme goddess cannot determine where ye Chen is, but her mental Kung Fu has reached the peak.

As long as she wants, ye Chen can hear her whenever and wherever she wants.

"Tianwu Wolong Sutra is ready for you to get. Don't run around. Wolong God is still closed. It should end in a few days. You can get it then."

A ethereal voice broke through the void channel and went straight to the eternal temple. Ye Chen's eardrum was shocked by the mighty voice far away, and the whole person suddenly woke up.

He was also immersed in the process of refining the gate of xuanzun. It was a pity that he tried hundreds of times and failed without exception.

He just heard the voice of the supreme daughter. He breathed out a long breath. He was still thinking about it a few days ago. He didn't expect to inform him now.

After all, there is a page of tianwu Wolong Sutra in the hands of Wolong God, waiting for him to get it.

Tianwu Wolong Sutra is a peerless collection left by Wu Zu. 95 pages of it have been scattered in the world without trace. According to the legend, it is most likely to be buried in the treasure of the old lord.

His own hands, including the general outline, have got three pages, and now he is about to get the page in the hands of Wolong God.

The remaining page is in the hands of the judge.

The Lord of the previous ruling made him surrender and was willing to exchange it. Unfortunately, ye Chen refused.

But the last time he saw the judge and saved his life, he might ask to borrow his scriptures.

As for the gate of xuanzun, he has no way to break it for the time being. He can only wait until he looks for an opportunity or Ren extraordinary comes to investigate after he leaves the pass.

He collected the door of xuanzun into his body, lined up side by side with the xuanhuang tower of heaven and earth, and then went out of the cave to the main hall.

Nangong Yaqing is cooperating with the temple elders to maintain order and restore reconstruction. When she sees Ye Chen coming, she smiles. She is beautiful and charming. In an instant, she has all kinds of feelings.

Even among the beauties Ye Chen has seen, Nangong Yaqing is ranked number one.

It's a pity that Luohua is intentional and ruthless. He came here just to get the secret of xuanzun's door.

"Miss Yaqing, I came today to say goodbye to you."

The smile on Nangong Yaqing's face suddenly froze.

"Are you leaving now? You still seem to be hurt. Don't leave until you recover in a few days? "

Nangong Yaqing hopes that ye Chen will promise in this way.

Ye Chen nodded: "it's urgent to do something important."

The injury is nothing to Ye Chen. Tianxuexin and Tiangong can't wait too long.

Nangong Yaqing seems to have known at this time that a young man with a gift of evil like Ye Chen must have a very difficult way of cultivation.

"Then... Will you come back?"

Nangong Yaqing bit her lips and her eyes were tearful. She didn't want to give up Ye Chen, but didn't know what would happen in the future.

Heaven and earth are long and flow very fast. I don't know when to see you again.

Ye Chen didn't care about these love affairs. He walked down Changsheng island and returned to the eternal city.

After leaving the eternal city, he has to do one more thing before going to the heaven palace, that is to find the trace of Xiao shuihan and yonglao.

He and Xiao shuihan are teachers and disciples, so he can locate his trace and mobilize the power of the virtual monument in his body. Ye Chen directly crossed the void and came to the land boundary.

Xiao shuihan and the eternal holy king are in the state of cultivation. At this time, they have changed a little.

The eternal holy King's body flows with almost golden blood, and the breath rises one by one, forming a nine cycle week.

In the nine endless reincarnation weeks, the fleeting images of the myriad worlds of the heavens emerge, just like the evolution of the world here, fixed at an eternal moment.

Ye Chen quietly appeared not far away, but did not disturb him, but felt some emotion in his heart.

At the beginning of Ye Chen's growth, the two met, and during this period, the eternal holy King helped Ye Chen many times. Now ye Chen is very happy that the eternal holy king can get such luck.

"You're here?"

The eternal King opened his eyes with a smile on his face.

Xiao shuihan heard the speech and opened his eyes. The blood power of the eternal holy king was also summoned on him. The Dharma phase of arhat King Kong emerged behind him, and every time the mighty bell rang, the real body of the Dharma phase became frozen.

"Master." Xiao shuihan shouted in surprise.

Ye Chen smiled and nodded, and came forward to congratulate the eternal holy king on entering a new realm.

"Compared with you, my old bone can be said to be a snail crawling." The eternal holy King shook his head and glanced at Ye Chen: "you can't see through your current realm with my strength, but there must be a harvest on this trip."

"Yes, I have to thank yonglao for finding a way for me to enter the eternal temple. By chance, I got the door of xuanzun."

Chapter 6819

Ye Chen said, spreading out his palm. A small ancient door emerged out of thin air and hung quietly in the palm of his hand.

Although the door is small, it exudes endless majesty. Just looking at it, it seems that it can be attracted by the mysterious and profound temperament and can't extricate itself.

"Is this the legendary gate of xuanzun? It is said that those who have got it can spy on the origin of the avenue, so as to achieve a sharp improvement in the realm. Even this thing is directly related to the entrance of xuanhai. "

Xiao shuihan came together and was quite curious. He also heard some legends about the xuanzun gate in those years.

This door is said to be mysterious, and many great powers failed to dig out the secret.

The eternal King seemed to see the door of xuanzun again, and his eyes filled with a lot of remembrance.

He remembered that when his ancestors were at their peak, he thought he was alone in the world, so he abandoned everything to pursue the legendary ethereal realm, thus ignoring the development of the ethnic group.

It has been a pain in his blood for so many years.

Ye Chen also knows the state of mind of the eternal holy king. This time, he came here to unlock the secrets contained in the door of xuanzun, and to untie the knot for the eternal holy king.

"Yonglao, when I successfully enter the xuanhai sea with the help of this thing, the door of xuanzun will belong to you."

Ye Chen's sudden promise stunned the eternal holy king and Xiao shuihan.

Xiao shuihan opened his mouth and just wanted to say something, but since it was the master's decision, all he could do was respect.

The eternal king returned to God after a long time, and his look was very complicated.

If so, he will be able to get rid of the demons and return to the peak of his ancestors.

However, the eternal King shook his head and refused, looking very calm.

"Most of my demons have been dissolved. Now I don't need to untie them. You need this xuanzun door more than I do. Take it."

"Well, it seems that you still have an injury. Please heal it as soon as possible. Also, you still have cause and effect. Just leave first. When Xiao shuihan and I finish our cultivation, we will go back from time to time."

Ye Chen wanted to say something, but he still didn't say it. He just nodded and said, "OK."

The next second, he went in one direction.

That is the exit of the eternal void.

He may have needed a lighthouse before, but now he has the door of xuanzun and the cause and effect of the eternal temple, so all this is not needed.

I just don't know. When will I come back here next time?

Ye Chen wanted to find Wolong God Zun, but he thought of the heavenly daughter's previous notice that Wolong God Zun was still closed and needed a few days. These days can solve the cause and effect of Tianxue's heart.

He vaguely felt that the cause and effect of the lost space-time area was like the tip of an iceberg, and under the tip of an iceberg was a magnificent chess.

This game of chess has something to do with wanxu, Tianli, Wuwu and the distant Hongjun and Wuzu.

But he was not entirely sure.

All this is mysterious.

.....

.....

A few hours later.

The land of the heavenly palace, the heavenly temple.

The void fluctuated. When ye Chen's figure appeared in the temple of heaven, several people breathed out.

"Ye Chen, where have you been these days? Why is there no movement at all?"

Yuqing Yin stepped forward and just wanted to continue to say something, but she found that the breath on Ye Chen was stronger than when she left before.

How long has it been?

What has Ye Chen experienced during this period?

Tianxuexin naturally found the changes in Ye Chen, and as a strong person at her level, her perception ability is far better than that of ordinary martial artists.

Tianxue looked at Ye Chen, thought for a few seconds and said, "have you gone to the eternal void? And hurt? "

Although Ye Chen's recovery speed is amazing, this time it really exceeds the load of his body, and the recovery speed is much slower.

Ye Chen was stunned and said unexpectedly, "you also know the eternal void?"

Tianxue glanced at Ye Chen lightly and said, "lost time and space are actually a little similar to eternal void. Even there is an entrance to eternal void in lost time and space. Once, I stepped into it, but I didn't stay too long. I killed several empty beasts and the strong of eternal demon family, and left."

"Forget it, at this time, I still don't discuss other things."

"Many forces in the heavenly palace have formed a stronger Terran alliance. The key is for the purpose. I guess it's for the divine martial order."

"Conservatively, I have only ten days left."

"If you don't take back the God's martial order in these ten days, the consequences will be extremely serious, and even the temple god religion will no longer exist."

"That's why I don't hesitate to use the jade pendant to contact you."

"Yuqing Yin and I can't go. We have to rely on you."

"Also, the news of the divine martial order came out of the Lintian city in the heaven palace not long ago. I also sent disciples, but all the disciples are missing without exception. You can take a chance under the condition of ensuring your own safety."

Ye Chen nodded and said, "within ten days, I will get back the God's martial order for you."

With that, ye Chen's figure went in one direction!

.....

meanwhile.

Outside the temple of heaven, in the dense forest, a blood sword flew by.

A middle-aged man lost the flying sword in his hand and looked at the young man behind him:

"Don't worry, yun'er, I've got the news. Ye Chen, who has disappeared for a long time, has returned to the heavenly temple and will soon go down the mountain to look for the trace of Shenwu order!"

Chapter 6820

The man in front of the middle-aged man is a little decadent. He holds his left fist tightly, and the palm holding the handle of the giant blade in his right hand emits a little cold sweat. If ye Chen is here, he will surely find that this person is Jiang Yun who was defeated by Ye Chen in the Temple of heaven.

That day, the two masters and disciples of Qinggong resented Ye Chen's previous strong hand in Tiangong Shenjiao.

"This bureau set up by the demon temple is for the alliance conference, and the heavenly temple can spit out some things!"

"We have set up a big array. If ye Chen dares to come, I will catch him at the first time!"

"Don't worry, that guy seals your spiritual power. I will make his life worse than death!" The middle-aged man's vicious voice came. This is a great time for revenge!

.....

After a incense stick.

The border area of the heavenly palace, adjacent to the Heavenly City.

A paradise for intelligence vendors.

At the ancient gate thickened with black and gold texture, a man with a huge blade stands with one hand.

He looked around and could not see his inner monologue at the moment on his handsome face. Only the corners of his mouth raised from time to time and his murderous eyes announced that his superficial calmness was pretending to be reserved.

The man with a huge blade stepped slowly into the inner hall of the Tibetan gold building under the constant urging of a middle-aged man in plain clothes behind him.

Their figures disappeared at the end of the stairs in a few minutes. What left people endless aftertaste was the eye-catching sign of Tianqing Palace on the middle-aged man's long shirt.

"Master, has the news of the people in the demon Temple been accurate? Will ye Chen really pass by from this Lintian city?"

The man said.

"Yes, this Tibetan gold building is a paradise for the major intelligence vendors in Lintian city. Although some news can't be trusted, the news coverage here is the most complete." The middle-aged man murmured.

"Moreover, ye Chen wants to collect information about any divine martial order. He must pass through here. We'll wait for good news here!"

The middle-aged man shows his killing intention in his words.

"What's the external wind evaluation now? Ye Chen, for some reason, seems to have been missing in the heaven palace for a long time. His combat power is good!"

After that war, Jiang Yun was really broken by Ye Chen. People who practice martial arts have a lot of scruples at the moment.

The middle-aged man shook his head secretly and said in a deep voice, "I'm afraid that guy went to explore some secret place. He suddenly appeared. He must have been injured before he came back. It's not worth mentioning that he is a teacher!"

Jiang Yun shook his head. He always felt that things were not so simple. This was not fear, but a simple intuition.

"Now Tiangong Shenjiao has become a hot spot in the gambling on the black market. If tianxuexin doesn't get support this time, Tiangong Shenjiao will eat flat, which is a great blessing for Tianqing palace!"

"Maybe we can share some of this huge cake." The middle-aged man narrowed his eyes and replied with a smile.

"I hope so, so it's very important for us to win Ye Chen today!" Jiang Yun also confirmed his faith again and looked at the giant blade in his hand.

"Hum, the wood is beautiful in the forest, and the wind will destroy it. This is both a blessing and a curse. Today is the time for ye Chen to die. If he dares to set foot in the Heavenly City, this will be the place where he buried his bones!" The middle-aged man is fierce and weak.

Between the words, a human shadow passed by, and a flying sword appeared at their desks!

"The dense forest outside the city, about ye Chen, come quickly!"

As soon as the middle-aged man's eyes coagulated, he quickly got up and charged, "yun'er, start immediately."

Shortly after they left Tianqing palace, a servant in the box next door reported: "childe, the two of Tianqing Palace are on their way to block Ye Chen."

The man smiled. "Everything is under control. I hope the guy in the Green Palace won't let me down this day!"

.....

Screen rotation.

At the same time, ye Chengang left Tiangong Shenjiao, but he had a bad feeling.

Is it because of his own existence that he was perceived by the feather emperor?

Elder Ren has repeatedly warned that strong martial arts should not be used near the lost time and space.

Because of the lost time and space, there is only a mysterious boundary between this area and the supreme world.

Although the boundary cannot be crossed, it will be perceived if there is a strong martial arts.

On the firmament of the dense forest, ye Chen's figure is speeding rapidly.

"Kill God!"

The cold light of the middle-aged man's long gun flashed violently. In an instant, the fierce cutting breath rushed into the sky and approached Ye Chen!

Ye Chen's eyes, which shuttled through the dense forest, seemed to feel something. The void fluctuated and easily avoided.

Of course, ye Chen dodged, but at the moment when he saw this scene, he exclaimed: "the strength of the visitor is not weak. The power of this gun is not only in the later stage of Baijia territory."

"It's worthy of you. You dodged this blow. What about the next blow!" Deep in the forest, the elder of Tianqing palace walked out slowly.

"It's you!" When ye Chen saw this, his eyes coagulated. On his side, the void fluctuated. Jiang Yun, holding a huge blade, walked out from one side.

That day, the two people in Qinggong intercepted him here!

Feeling the floating breath from Jiang Yun's body, ye Chen smiled: "it seems that your cultivation is really cheap for you!"

Jiang Yun heard the speech and looked cold: "Ye Chen, today is your death! Master, I want him to live better than die! "

The middle-aged people also have fierce eyes and cold eyes with long guns in their hands!

"Is this your strongest killing move? Just to this extent? " Ye Chen looked at the middle-aged man and muttered to himself. At the next moment, he seemed to have made up his mind. If it was only like this, you would stop here!

"The gun takes the heaven and earth!" With himself as the center, the cruel murderous Qi condenses layer by layer and wraps it. The long old gun of Tianqing palace comes straight from you long!

Ye Chen was stunned, and the red dust God pulse was activated. With the help of the dust monument, it seemed that a layer of gold armor was attached, and immediately rushed out!

Smoke and dust were everywhere in the forest, and the void fluctuated. Endless martial arts broke out. Jiang Yun could not see the situation.

However, in his understanding, Shifu can never lose to a guy who has not entered the Baijia realm.

.....

After a few breaths.

Under the scattered smoke of gunpowder, the huge blade in Jiang Yun's hand can't help holding it tightly for a few minutes. The situation between Ye Chen and his master is quite delicate. For the fleeting fighter, whoever wins first is the real winner.

The smoke of gunfire dispersed everywhere. To everyone's shock, the elder of Tianqing palace was at the end of his strength and staggered.

On the other hand, ye Chen's burst breath only increased. The fierce killing intention cut the space and sent out a buzzing sound. His eyes coagulated and looked at the middle-aged man in front of him indifferently.

The next second, it will be killed!

Seeing this, Jiang Yun, on the side of the dense forest, his eyes coagulated, pinched his fingers, and gently read: "birds in cages, trapped in chains, rising in the wind, are greedy!"
