Chapter 6911

On the top of Ye Chen's head, there was a great dragon circling. The strong dragon Qi spread, like a layer of waves on the water, with amazing power.

Ye Chen's hand suddenly appeared a silver white giant sword, showing a dazzling brilliance, just like a silver moon blooming, colliding with the ghost crying hell, showing a trend of sweeping thousands of troops.

The whole earth core shook violently for a while, the heaven and earth trembled, and the mountains and rivers echoed and roared.

The hell was repulsed by the silver light of kendo. For a moment, everyone was surprised.

Hong Tianjing's Tianhong treasure technique was fairly stable. After a while of turbulence, it returned to its original state and became ghostly again.

However, at this time, his heart was obviously not as calm as the surface. It seemed that the reincarnation Lord had not erupted such a powerful world power in the last war with him, and this time, his strength seemed to rise to a higher level, vaguely, and had a complete transformation.

"Even if you are the Lord of reincarnation and break through the avenue of reincarnation, don't forget that the world is vast and talented. Your way of reincarnation is not the only one in the world."

Hong Tianjing's tone was cold. He wanted to hit Ye Chen with confidence.

"I don't need you to teach me. Take care of yourself. After being locked up for so many years, I don't know how to repent. Finally, I need someone else to save you." Ye Chen responded coldly.

"You... Want to die!" Hong Tianjing was stabbed in the past that he didn't want to recall, and immediately became angry.

He is one of the supreme heavenly kings and ancestors in the world. I'm afraid he's really impatient to dare to talk to him like this.

"Lord of reincarnation, although your talent is strong, it doesn't mean that no one in the world can cure you."

Hong Tianjing said faintly. His tone was very strong, like a contempt for ye Chen.

Ye Chen disdained to smile.

He was well aware of Hong Tianjing's character, rebellious and independent as king.

And once he was extremely powerful, but that doesn't mean he should bow down to him.

"Don't talk so much nonsense. Come if you want to fight!" Ye Chen just responded.

"Good, good."

Hong Tianjing even said two good words and laughed angrily.

On the day behind him, Zhushan was boiling again, reflecting the shadow of the sky and shaking the world.

Ye Chen is standing on the top of the mountain, sitting here, surrounded by the sacred silver light. Behind it, there is a hidden shadow of the divine dragon, which is very powerful.

Seeing this, Hong Tianjing's eyes suddenly looked cold. Of course, he saw that ye Chen had accepted the sky dragon soul and successfully escaped from the lost time and space. Now his strength is further and harder to deal with.

If it continues to grow, I'm afraid it will be a great disaster in the future.

As soon as he read this, he stopped holding his hand and urged the strongest means refined over the years.

"Tianhong treasure art, one finger vanishes!"

Hong Tianjing whispered, and in a moment, the yellow spring and ghost city he summoned all stood still, and then gradually turned into an illusion. In the sky, clouds rolled and thunder came, just like the God of destruction came here to harvest people's worthless lives.

His move was deduced from Tianzhu Mountain and combined with the origin of the avenue to give birth to a new treasure art.

A vast air stream seeps from his chest, flows and blooms on Hong Jinbao, which makes people worship. This is the Tianhong treasure technique evolved from it. It has a very powerful power, which can frighten ancient and modern times and reverse heaven and earth.

The clouds in the sky spread on both sides, and the magnificent atmosphere filled the air, containing the majesty of the ancient vicissitudes. At the next moment, the magic gas ran through, occupied the whole sky in the twinkling of an eye, and even the universe turned into a dark ancient land.

A huge finger came out of nowhere and pressed on the sky, shaking the whole world.

And that finger is like a huge sword, burning, and everything is eclipsed by its reflection.

"Brahma's divine skill, list the words!"

Hong Tianjing integrated the two together and gave birth to a great road supernatural power belonging to self rules.

This huge finger points to Ye Chen!

All the heavy pressure poured down in an instant, as if to pierce the world in an instant.

Ye Chen also felt the strong pressure. He superimposed the wish sky star and the snow hidden stars to build a defense shield against snowflakes and stars.

Sure enough, under the cover of the invincible dark gas, these two thirty-three day super artifact could not support for too long. They finally failed and returned to Ye Chen.

Ye Chen naturally knows that these two treasures alone can't resist the void giant finger.

So he was not in a hurry, but took advantage of the opportunity to jump up and summon Longyuan Tianjian. Under the stimulation of blood gas, a towering force erupted in his body, and the blood color and scorching sun rose and reached the peak of the sky.

"Longyuan Heavenly Sword, the Star River Falls!"

This is the move that ye Chen understood in the Dragon Palace. The strength of the blood dragon is greatly enhanced, and ye Chen has a lot of feelings.

In an instant, his figure changed rapidly. Unexpectedly, he performed the skill of flying in the nine days, like a divine dragon, tossed and broke through the clouds and reached Hong Tianjing.

Until this moment, the torrent of stars attracted by the towering blood and gas came boldly. Countless stars fell one after another, carrying the flames that destroyed the sky and the earth, and ignited the air here at one stroke. The sea of fire and the giant finger of the void formed a confrontation.

Chapter 6912

Hong Tianjing stood with a big body and indifferent eyes. He was not nervous about the battle.

After practicing and understanding in Tianzhu Mountain, his strength has reached the level of heavenly king with half a foot, and he has understood the essence of the supreme and most holy magic weapon. The Jiutian divine skill is more powerful by virtue of Tianhong treasure. It can be said that it is not too much to push everything.

Even if ye Chen gets the sky dragon soul, his strength has not yet reached the peak, so Hong Tianjing is very confident.

"Lord of reincarnation, let it fall today. Nothing in the world can hinder the hegemony of the wanxu temple!"

Hong Tianjing thought, and at the same time, he poured all his strength into the empty giant finger, so he used a move to bring down the other party and make it disappear.

The fire dyed the air and covered the sky with giant fingers. Today's shocking picture makes all people in the earth's core feel weak and at a loss.

Ye Chen's eyes became flexible. He knew that Hong Tianjing had broken his boat at this time, and was going to take the strongest means to defeat him.

"Hong Tianjing, if you want to kill me, why don't I take your dog's life? Let's decide the victory today."

Ye Chen holds the Longyuan Heavenly Sword and is extremely aggressive. His eyes seem to be burning blood that can devour heaven and earth. He rushes out and surrounds the evil sword and the falling dust dragon subduing sword.

At this time, the Longyuan Heavenly Sword radiated a power to destroy the sky and the earth.

"Fusion!"

What ye Chen is doing now is to sacrifice these two divine swords and turn them into the power of Longyuan Heavenly Sword to deal with the strong enemy.

Ye Chen's hands had been fused with many artifacts. At that time, he protected the force in his body by Wanlong blood pill, so he withstood the reverse bite.

And now he integrates these two supreme swords again!

The four source symbols of darkness, thunder, Geng gold and Wutu revolve around them and rotate rapidly to form an array.

And the central point around all is Longyuan Tianjian.

Wow.

A cold hurricane blew thousands of miles around, coming from the depths of the void, floating and suddenly taking shape.

On the sky, countless thunders rolled in like thousands of troops and horses, covering all the light of the day!

Ye Chen's body rose in the air. A touch of blood appeared on his head, spread and expanded, and then burst into colorful brilliance.

In that void, the giant finger twinkled with colorful light without falling, and built a slowly flowing eight diagrams of heaven and earth.

In mid air, the Longyuan Heavenly Sword was suspended in the air, and its body had soared to more than 100 meters, emitting a bright cold light.

But that's not enough! The two swords once obtained by the sword world also flew in from the periphery and stabbed into the hilt and tail of Longyuan Tianjian respectively. Immediately, the whole long sword trembled violently, and the terrible temperature broke out.

It is enough to run through ancient and modern times and eliminate all things. The concussion breath rushes out of the sky, which is frightening.

A blood dragon sits in the air, roars up to the sky, and differentiates a second soul from its body. It is a giant dragon in the sky with silver white all over!

The two dragons meet, and the endless dragon Qi envelops Ye Chen.

Ye Chen's body was shocked. After the integration of the blood dragon and the sky dragon, many moral forces were born, wrapping the sword idea in his mind.

His whole body was full of energy and magnificent clouds, like the son of heaven born from bathing in the holy light. Only this endless way of heaven could make him feel a trace of awe.

Everything else is an ant!

Longyuan Tianjian absorbed a lot of Taoist sources and gradually grew larger step by step. The two divine dragons were also intertwined. They roared up to the sky, and the ice cooled and sacred luster gradually spread, reflecting the whole sky into two colors.

The Longyuan Heavenly Sword has not stopped, but continues to change, from the initial less than two meters to a kilometer long.

The whole heaven and earth seemed to be pierced by this heavenly sword, reaching the peak of ten thousand ways in the world.

Ye Chen was also unkind to the empty giant finger. He moved clank. After absorbing part of the power of heaven, his strength reached the peak for a short time.

He clanked and moved, and sucked all the immortal aura into his body. When it erupted, a dark light rushed into the sky, and endless blood gas churned in the dark clouds.

This is the way of Longyuan Heavenly Sword he understood.

After reaching 1000 meters, Longyuan Tianjian finally stopped growing. Although its volume was not as big as that giant finger through the void, it was extremely shocking.

"Longyuan Tianjian, the king of the sky."

In Ye Chen's hand, the empty shadows all over the sky gathered into a normal sky sword, which was just controlled by light and shadow.

He suddenly changed his look, cut out a sword, and the flame soared through the clouds. Suddenly, it turned into a thousand feet in size, as terrible as the end of the world.

The giant finger of the void has come with amazing power. It brings endless sky storms. There are no clouds around. It is scattered by it.

On the other hand, Hong Tianjing on the side of Tianzhu Mountain didn't look very good. He still underestimated Ye Chen's strength. Unexpectedly, this guy took the risk to sacrifice two divine swords to complete the Longyuan divine sword.

A half bloody and half Silver Dragon rose up in the air, wrapped the star giant finger, and forcibly stopped the falling trend of the void giant finger by using its majestic power.

The brutal force swept away, the mountains and rivers broke, and the trees collapsed. Both the running lion and the soaring goshawk felt great pressure, stopped killing and chasing, and stood in place at a loss.

At this moment, countless creatures sobbed.

The mighty dragon power was transformed into thousands of images, as if a huge Tai Chi diagram was sketched in the sky. Yin and yang are generated and overcome each other, and blood gas and silver light flow in turns, pushing the two sides of the giant finger of the void and crushing it slowly.

Hong Tianjing was hit hard and spit out a mouthful of blood. His breath was depressed for a few minutes.

He never thought that ye Chen did not absorb the main force of the sky dragon soul, but his sword and blood dragon, inherited the power of the sky dragon soul, and burst out the endless power of the divine dragon!

And behind the endless dragon power, a thread of lost space-time chaos has evolved.

That is close to the existence of nothingness. Just a glance is enough to make people scared.

"No... it's impossible." Hong Tianjing stared and couldn't believe it. It was the sky vision that ye Chen could evolve. It was very powerful and mysterious, almost invincible to the heavens.

If ye Chen's strength at this time has reached the level of hundred flail, I'm afraid this sword can make him ashes!

Hong Tianjing bit his teeth and revealed a determination in his fierce eyes.

Lord of reincarnation, since you want to fight, the king will fight with you to the end!

Chapter 6913

He bit his five fingers, and the blood color and fierce light rose into the sky, as if to tear the heaven and earth apart. With the towering combustion, the destruction of stars and countless cosmic debris falling one after another, he solidified into the supreme virtual shadow of Tao fruit.

These five threads of blood and gas penetrated into the void giant finger, which made it surge immediately and burst out endless brilliance.

Countless visions evolved behind them and rushed out one after another, like countless demons fleeing hell and coming here to strengthen the combat effectiveness of the void giant finger.

The glow is dense, the clouds are all over the sky, and the void giant finger has completely changed its color, from blood gas surging to black clouds rolling. The violent breath is as terrible as the disaster of extinction.

The huge dragon body of the blood dragon could not be rolled up. The two-color dragon roared up to the sky, but still could not resist the growth of rage power.

In Ye Chen's eyes, there was a flash of determination.

The battle of life and death is nothing more than who is more cruel.

It's fun to fight with heaven. It's fun to fight with people. Heaven and earth are limitless, regardless of life and death. Only the top of the extreme Tao is the peak pursued by a martial artist!

Abandon life and death, regardless of achievements, just to pursue the power in your heart!

"Xuan goblin blood, burning!"

"Reincarnation blood, burn it for me!"

At this moment, ye Chen ventured to burn the Xuan demon's blood essence and reincarnation blood at the same time!

And the amount of xuangoblin blood burned is extremely huge.

If in the past, this force is enough to tear Ye Chen apart.

But now the flesh and strength are enhanced, which is his limit!

Ye Chen knows that this is too expensive, but now he has no choice!

He wants to challenge his limits of life and death!

Ye Chen's aura roared out, and even the time and space of hundreds of miles around him were torn and shocked. His eyes have completely evolved into a part of this world.

There are thousands of stars in the left eye, which flow, deep and undetectable. Countless stars shine on the world.

In the right eye, a golden sun appears. The brilliance of the light and the scorching temperature seem to destroy this heaven and earth.

Ye Chen held the sword in both hands and lifted up a sword light. It was this moment that seemed to attract the stars in the sky.

Each star is connected to a planet, one after another. They have gone beyond the boundary of the sky and stand on the top of the universe.

This force contains the supreme profound meaning of Tao Yun, which has become an ancient gate of Heavenly Sword. It is mysterious and difficult to hide the secret.

At the end of the Tianjian gate, an ancient and boundless Tianmen gate made a loud noise, and then suddenly opened. Endless ancient forces roared out and turned into a bright star river stretching hundreds of millions of miles.

There are countless divine swords floating in the star river. They seem to be conscious. They are not afraid of any difficulties and obstacles. They fall from the sky, endless and boundless. The immortal sword will be bombed. Everywhere they go, everything in the world will disappear!

At that moment, the most intense collision broke out between the bloody dragon and the void giant finger.

The endless pressure broke the surrounding peaks in an instant, leaving no debris, while the appalled disciples of the wanxu temple were wiped out, both form and spirit!

Under such invincible power, the void giant finger has become a vulnerable existence. Even if the blood of the active Tao is connected, it is useless. It is forcibly torn and plunged into a situation of irreparable destruction.

Tianzhu Mountain was blocked because of the arrangement of Jiuding array, but the fourth tripod of the nearly perfect Jiuding array was still damaged, and part of the tripod furnace fruit was incomplete.

Hong Tianjing is the second bearer of this invincible sword intention. It is difficult to imagine the reverse bite he suffered. Even though he has recovered some of the power of the heavenly king, he still can't carry it down.

I'm afraid the world has never seen Hong Tianjing so weak. He fell powerlessly on the top of the mountain and leaned against a stone cut off by more than half. There are countless blood holes all over his body, and the black blood is slowly flowing out.

And his whole person's breath was depressed and his expression was weak, and even his spirit suffered great fluctuations.

"My king... Never thought... After the fusion of the power of the Dragon Spirit and the blood dragon, it turned out to be so powerful..."

Hong Tianjing murmured to himself. His drooping eyes were full of remorse and chagrin.

He finally lost to arrogance and arrogance!

If he had had the thick face to ask the feather emperor for two more precious treasures or super weapons, he would not be broken by the blood dragon and sky dragon soul array today.

But it's too late.

Outside Tianzhu Mountain, a clear and crisp sword roared slowly but firmly into the sky.

Followed by a bloody dragon!

The huge eyes of the bloody dragon stared at the top of Tianzhu Mountain.

At the dragon's head, ye Chen stood with her hands on her back. She looked indifferent, but her back was very great.

If today's World War I is spread, I'm afraid it will make him famous for thousands of years!

"Hong Tianjing, since you were released, you have been acting as the running dog of the wanxu temple. You have never done anything beneficial to the heaven and the world! Today I will walk on behalf of heaven and kill you, a dog thief!"

Ye Chen's face was pale and the price was too high, but he forbore to bite back and stared angrily. He suddenly raised the Longyuan Heavenly Sword in his hand and pointed directly at Hong Tianjing.

Hong Tianjing, who was seriously injured and fell to the ground, couldn't stand the pressure of such a Heavenly Sword. He spewed a mouthful of blood directly, and the whole person almost fainted.

Chapter 6914

"You... Lord of reincarnation, don't be arrogant too early! The feather emperor will clean you up one day."

Hong Tianjing stared and said viciously.

Without saying anything, ye Chen stepped directly across the void and cut off Hong Tianjing's head with a sword.

After the head was separated from the body, it was still rolling on the ground.

A hidden cause and effect line also disappeared with Ye Chen's sword.

After the head fell to the ground, there was a streamer from the fracture, which rushed out with a lightning speed and wanted to escape from here, but the action of Longyuan Tianjian was one step faster than him and directly wrapped this wisp of small residual soul.

"Want to escape? This is your burial place today!"

Ye Chen directly urged the power of Longyuan Heavenly Sword. The blood dragon mastered the way of killing and cutting gods and was indifferent to all enemies.

The mighty dragon is like a rising blood color, thick and viscous, and like countless volcanic magma, it suddenly erupts and gathers between heaven and earth, shaking the whole sky.

These forces of destroying heaven and earth gathered on the blood light and rolled it.

The threat of the blood dragon frightens the four fields, and the Six Harmonies and eight wastelands tremble!

Burning heaven and earth.

Silence the starry sky.

Destroy everything!

Ye Chen used his remaining strength to break out a supreme blow and completely crush Hong Tianjing's virtual shadow into dust.

The first generation of Tianjun ancestors, the most powerful people in the world, made outstanding contributions to the Hong family at the turn of the new and old times, Hong Tianjing.

At this moment, the ashes disappeared and fell completely. His unwilling roar before his death spread all over the four fields, but it was still useless. He was ruthlessly killed by the limit of blood dragon virtual shadow and ye Chen.

After this, it can be regarded as an end to his evil life full of blood and killing.

When ye Chen received his sword, Tianzhu Mountain began to collapse.

The power support of the tripod belonging to Hong Tianjing lies in Hong Tianjing. Now he has fallen, and the nine tripods array naturally can't stand, so it can only collapse and collapse one after another.

The faint ripples release a layer of signal, which spreads around with Tianzhu Mountain as the center. Soon, it will spread all over the earth's core.

But everyone didn't notice that ye Chen's eyes, nostrils and ears were all bleeding.

His face was extremely pale, his cultivation was declining, and his vitality seemed to dissipate.

He is using his martial ancestor's heart and Lingxiao's martial intention to support hard, otherwise he has fallen.

He knows very well that after this war, his injury may take a long time to recover.

The cost of burning reincarnation blood and xuangoblin blood this time is too high.

Not only him, but also the blood dragon.

Although the price is huge, it's worth it!!!

Soon, some strong people got the news from this circle of ripples and were shocked one after another, with an unbelievable face.

Ren Feifan, Shen Tu Wan'er and others also received the ripples on their way to the inner earth, and immediately stopped their body shape.

This time, whether Shen Tu Wan'er, the eternal king or Xiao shuihan, they suddenly solidified like sculptures.

Ren extraordinary's eye hole is like a candle, running through the void and overlooking a distant place, where ye Chen is holding a head, standing on the top of the sacred mountain and accepting the worship and submission of all creatures.

He had only seen such grace in a few people.

Today, those people are endless masters of heaven and earth, holding amazing vast power and dominating one side.

"Unexpectedly, he really did it..."

"Is this his limit?"

"Although Hong Tianjing has not recovered the strength of the heavenly king, he is by no means a person who can be killed in a too real environment..."

In Ren extraordinary's tone, there are many exclamations.

After a few people stopped for a moment, they quickly rushed to the boundary of Tianzhu Mountain. At this time, these visions have attracted the attention of the whole geocentric region.

Ye Chen killed people at the level of the ten Heavenly Kings and ancestors this time. Its significance is different from those sent before the wanxu temple.

Although Hong Tianjing has been suppressed by the Empress Dowager for so many years, he still exists at the mention of his name.

The feather Emperor gave him the important task to return to the top ten Heavenly Kings and ancestors.

.....

At this time, it is far away in the wanxu temple in the world.

It is a place for cultivation and isolation built deep underground. The layout is simple. The bronze gate is half open and half closed. It looks broken, but it contains the ancient and boundless spirit.

One side is a fairy pond, dotted with green bamboo. The Taoist rhyme is extremely terrible. It is the green bamboo fairy pond.

On the futon woven from grass roots, an old man full of endless Majesty was shocked and fiercely opened his eyes.

His eyes burst out endless chaotic light, which was sucked away by the bronze gate.

If you put it outside, I'm afraid no one can bear such an amazing vastness!

This man is the first strong man in the world, the supreme ruler of the world, the feather emperor.

He was in the process of closed door practice and understood the last secret of the military word formula, but he sensed a special cause and effect, so he woke up from the state of practice.

"What's the matter with such a palpitating feeling? I haven't realized it for many years..."

The feather emperor frowned and was not angry. He was surrounded by a natural emperor's aura, which lasted for a long time.

At this time, if there was no call, it came into his ears. It was in the temple of heaven, and someone was reporting to him.

If it were not an extremely important thing, the people in the wanxu temple would never disturb his practice as the supreme emperor.

"Accurate."

The feather emperor said, and a flying letter came down from above and arrived in front of his closed cave.

The ancient emperor did not need to open the book to read. He only needed to inhale the aura like a water mirror into his body to know all the contents.

A moment later, there was a rare fluctuation in the mood of the feather emperor.

It is a rare phenomenon that he has reached such a high road and is only the last step away from the peak of the real world.

"Lord of reincarnation, it's you again..."

The blue veins on the emperor's forehead beat one by one, and he forced down the anger that was hard to contain in his heart.

Then the ancient emperor Yu Huang rehearsed the way of heaven and played back the scene of Ye Chen killing Hong Tianjing.

When ye Chen summoned the bloody and silver dragon, the eyelids of the feather emperor couldn't help jumping.

It seems that the Lord of reincarnation has gained a lot in the lost time and space. He found the remaining soul of the king of the sky and refined it successfully!

In this way, it has more contact with Hongjun's ancestors, which is not good news for the wanxu temple.

"Hong Tianjing, Hong Tianjing, it was your arrogance that led to the defeat in the war. If the Emperor didn't turn the tide in the end, do you think you could achieve what you have now? Even if you were * * by Ren Tian, you were defeated in the hands of the Lord of reincarnation."

Chapter 6915

The feather emperor sighed and shook his head. His tone was very disappointed. After a moment, he adjusted his mind and began to deduce his own cause and effect.

His spirit came to the void space and became one with countless stars.

As long as he is willing, he can deduce the past and future of most people in the universe, and even make changes to determine a person's fate.

Among the small group of people he can't spy on, there are Ren tiannv, Ren extraordinary, and the name of the Lord of reincarnation.

It's a few people who give him a great headache!

The consciousness of the feather emperor advanced continuously, and finally came to the desolate darkness and chaos. There is no color and light here, but an endless ocean.

Here is the end of the real world, which can also be called a barrier.

Since ancient times, many seekers have regarded it as the end of the world until Hongjun's ancestor sat in place and his mind became a sword, tearing open the cage and shackles of the real world.

People understand that there may be a more vast existence outside the reality.

What he is pursuing at this time is an opportunity on both sides.

For all martial artists in the real world, it is taboo to spy on the secret of the future. The Tao of heaven will not allow such heresy to exist.

But every strong man has his own way, especially the peak strong man like the Emperor Yu, with many means.

He directly took out a sword, stabbed it into the center of his eyebrows and disappeared, and there was a source of the main road flowing slowly in the cavity of his eyebrows.

Its consciousness has entered a space-time isolated from the real world.

"The art of Wuyuan."

The jade emperor used a forbidden art inherited from ancient times, avoided the rules between heaven and earth, and looked for his future in the endless river of consciousness.

Even the ancient emperor Yu Huang, with superb means and great strength, was inevitably bitten by such prohibition, but he ignored it and continued to move forward.

He continued to deduce the secret of heaven and wanted to know the progress in the future. When a wisp of nine heaven Qi merged into this chaos, the endless ocean of consciousness began to boil and turn into pictures.

But all colors are dark as ink and cannot evolve. The specific body shape and appearance only have outline.

The feather emperor saw his final result from the depths of the ocean. He floated and sank in the dark ocean, blurred and unreal, but the flash picture was captured by him.

He was stabbed to death by a sword. He hit his heart and had no vitality. And the man who stabbed him, high above, high spirited, judging by the outline, who can he be if he is not the Lord of reincarnation?

There is a person around to help. His posture is flying and refined. It is the destiny of that family.

The feather emperor was shocked and withdrew from the mystery rehearsal. With a gloomy face, he sat in place and didn't speak for a long time.

Before today, he had also deduced the secret of heaven. There was no such picture. It must be that after the Lord of reincarnation killed Hong Tianjing, he was one step closer to coming to the supreme world to destroy himself.

I'm afraid Ren extraordinary's strength has reached an unimaginable level before he can get the result of such deduction.

He closed his eyes and meditated for a long time, his thoughts surging in his heart.

Then he tore open a space crack with his hands. On this trip, he wanted to go to the place where the rules of heaven could be found and look for the figure of heaven!

Before long, the feather emperor crossed the endless void and came to a vast place. Above the boundless space, a mass of white material was sleeping and resting.

It is the invisible and colorless reason.

"Yuhuang ancient emperor? What can I do for you?"

Tianli first discovered the arrival of the ancient emperor Yu Huang, and couldn't help asking.

It was a long time ago that it last met the emperor.

At that time, it had a fight with the ancient emperor Yu Huang on the ancient star road, but later talked about Ren Fanfan and made a deal with the ancient emperor Yu Huang.

"Just come and see your old friends. I don't want to."

The feather emperor was aware of the breath of heaven and was more depressed than before.

Before, it was the top three strong person in the real world, with an endless smell of laws, and also represents the source of natural reason. It can be said that the laws used by all living beings are bred from inside.

But now the breath of natural reason has weakened, and the control power is not so strong. Some laws even break away from the control of natural reason and form a vein.

"Hehe, the ancient emperor of the feather emperor, I haven't seen you for a long time. What's the latest trend of that heavenly daughter? She hasn't gone crazy to obstruct you like before?"

It also didn't ask about the dragon soul in the sky. After all, with the strength and identity of the feather emperor, entering the lost time and space, I'm afraid it will be surrounded by countless chaotic rules in an instant.

So he was not in a hurry. For a while, he also knew that no one could get the sky dragon soul before the chance came.

The feather emperor said slowly, "I have laid several arrays on the ancient XingKong Road, but two of them have been destroyed by the Lord of reincarnation. I'm afraid you have to rebuild an order on the ancient XingKong road for me. The rules accommodate the Jiuding array and come again."

"What?"

The voice of justice suddenly rose a lot. It was unclear whether it was male or female, but it had its own emotions.

The ancient path in the starry sky is the area it protects. The two secretly made a deal. In order to get the sky dragon soul, he gave up the ancient path and made a lot of sacrifices.

But now the feather emperor told it that the ancient star path had been destroyed.

"I have already agreed with you that the ancient road will be lent to you, and the opportunity is in your hands. In exchange, you will find the sky dragon soul for me! But now you let me repair the ancient star road. Do you know that my soul will be consumed every time I repair it?"

"In my current state, do you think I can help you? I'm too busy!"

The feather emperor also felt a little bored for the first time.

When he led the army to defeat tianwuxianmen, he never encountered such a difficult thing.

But again and again, in the hands of the Lord of reincarnation.

Tianli was silent for a while and said, "I really didn't expect that someone in this world could obstruct your plan again and again. I thought it would be Ren extraordinary, but later I found out that he couldn't intervene in your Jiuding array. It seems that the reincarnation Lord is really your Tiansha lone star."

The feather emperor put his hands behind him, showing an extremely helpless look.

He is the strongest man in the world. Yes, but he still has a headache.

He can't come directly. If he comes, the mysterious power will surely fight.

There are too many hidden things in this world.

Perhaps only by peeping into the complete nothingness like Hongjun's ancestors can we completely free ourselves from the real world.

Chapter 6916

As for reincarnation, if you don't kill it at this time, I'm afraid that when it grows up and master the six reincarnations, no one in the world can beat it.

"Come on, what are you going to do next?" Tianli asked.

"Don't you know anything?" the feather emperor asked.

Tianli is a collection of rules and the convergence of all natural laws. I don't know what happened between heaven and earth!

"Tianli" sighed: "to tell you the truth, my strength is gradually weakening every day. In order to reduce the rate of decline, I have to stop receiving the information of the heavens and the world."

Hearing this, the ancient emperor Yu Huang even hesitated to tell Tianli the bad news.

"You say, I still have this psychological endurance."

The ancient emperor Yu Huang hesitated for a moment and told the news that ye Chen killed Hong Tianjing.

Although Tianli was surprised, he didn't lose his manners. After all, he also knew that Hong Tianjing had been suppressed by the supreme daughter for many years. This comeback did not fully restore his strength. He just lamented that ye Chen's growth rate was too fast and had the posture of a future emperor.

But the next words of the feather emperor made heaven's reason not calm.

"Tianli, do you know that the reason why the Lord of reincarnation can kill Hong Tianjing completely depends on the sky dragon soul of lost time and space."

"Without the power of the sky dragon soul, the Lord of reincarnation will die!"

"What?" the tone of Tianli suddenly changed from gentle to sharp: "you said that the reincarnation Lord defeated Hong Tianjing with the power of the sky dragon soul?"

"Yes."

Tianli seemed to be unbelievable. It turned into a streamer and rushed out, and soon came back.

The feather emperor could feel that another part of its seemingly vast breath evaporated.

Prying into the cause and effect of a secret will consume a source.

Tianli has been turning around in the air, quite anxious.

The sky dragon soul to him, but must get something! It is absolutely impossible to give up.

But now he has a new master, how can he not be angry.

"Anyway, you must help me get the sky dragon soul!! the king of the sky is the first generation of heaven. What he left is very important to me. With that dragon soul, I have the opportunity to become an entity."

Tianli opened his mouth and said to the feather emperor, in an anxious tone.

Seeing the anxious appearance of Tianli, the feather emperor sneered in his heart.

This guy disclosed his conversation with it in the inner earth, and revealed the secret of Jiuding array, so he gave a back stab.

This account hasn't been settled with it yet!

The feather emperor smiled and said, "the sky dragon soul is so important to you. I didn't expect it. However, with your current strength, I'm afraid you can't win the sky dragon soul. After all, there is Ren extraordinary behind the Lord of reincarnation."

"That damned Ren extraordinary!" Tianli clenched his teeth. Although he had no teeth, he still heard such anger from that tone.

"Now that the plan of Jiuding town has been seen through, the emperor doesn't know who should be blamed. Why can they always know the news in advance?"

When the emperor finished saying this, he could clearly feel the light of heaven.

"This... Let's not talk about it for the time being." Tianli said with a guilty heart.

The feather emperor smiled: "I don't want to argue with you about the past. In that way, it will only make the enemy more powerful. Now I need you to help me stop Ren extraordinary, and I will force a touch of will to kill the Lord of reincarnation!"

"But I..."

"You have no choice! Since you choose to cooperate, the emperor will show great sincerity. I will give you a tripod in the nine tripods array as help. In that way, you will have a temporary entity and your power will increase sharply."

"Your task is to stop Ren extraordinary. I will kill the Lord of reincarnation and peel things from his body to you."

The ancient emperor Yu Huang's voice fell, and he sat still, waiting for the answer of heaven.

After a while, Tianli finally sighed and agreed to cooperate with him.

"OK! I promise you! I will stop Ren extraordinary at all costs."

The feather emperor nodded: "I hope we don't make the secret of our cooperation known to the world like last time. In that way, it won't do any good with you and me."

"....."

The two strong men who ranked among the top five in the world of the heavens held a dialogue, and in the inner earth, Ren extraordinary and others all rushed to beimangzu.

Shen Tu Wan'er looked at the vicissitudes of life head in Ye Chen's hand, still full of residual shock.

As a person of the world and the proud daughter of the Shentu family, she naturally understood how brilliant Hong Tianjing's achievements were in those years, which was frightening.

Even though he was trapped by the rules of the supreme goddess and imprisoned for thousands of years, he still could not erase the divine source rune. As soon as the time came, he could restore his strength.

"You boy ran out of the lost time and space. We went in and looked for it for a long time. We didn't see your news. We almost thought something had happened to you."

Ren especially Ye Chen's protector, more like an elder, patted him on the shoulder to show encouragement.

Chapter 6917

"Let you worry." Ye Chen smiled and threw Hong Tianjing's head to Shentu Wan'er.

Shen Tu Wan'er was startled, but she still caught it. She immediately complained, "why do you give me a head..."

Ye Chen solemnly explained: "although Hong Tianjing is cunning and insidious and does all kinds of evil, his body once lived the same life as heaven and earth, containing a strong aura, which is the same as the operation rules of the supreme world."

"You grew up in the world. Take it back and extract the spiritual essence from his body and turn it into your own use, which is of great benefit to yourself!"

Ye Chen also dragged Hong Tianjing's headless body into Shen Tu Wan'er's storage ring.

Shen Tu Wan'er could not laugh or cry about this. She was warm in her heart, but she always felt that it was strange for ye Chen to give herself a corpse as a gift.

On one side, Ren extraordinary looked a little strange. The demon emperor hid his head and seemed to be holding back a smile. Xiao shuihan and the eternal holy King smiled directly.

"Master, I didn't expect you to give such a unique gift." Xiao shuihan said with a smile.

Ye Chen scratched his head, and then followed them into the depths of beimangzu. Xiao shuihan, the eternal king and Shentu Waner came here for the first time.

Seeing the division of heaven and earth, the reverse growth of all things, and the entrance of void channels everywhere, I couldn't help but wonder.

Ji Siqing, Xia Xuansheng and Xiao Huang have been waiting here. Seeing the familiar figure, Ji Siqing can no longer control his feelings. He rushed over directly and rushed into Ye Chen's arms.

Ye Chen was a little stunned. Immediately he felt something wet and wet his chest. His heart couldn't help but be soft. He raised his hand and patted Ji Siqing's back.

Xiangrun was in her arms, but another murderous look glanced over.

Shen Tu Wan'er looked straight at her and her face became cold.

"The news from the inner earth said that you were defeated by Hong Tianjing, fell into lost time and space and died completely. I thought I would never see you again in this life..."

Ji Siqing raised his hazy eyes and looked at Ye Chen affectionately.

"It's all right now. Don't worry. Hong Tianjing has been defeated by me." Ye Chen smiled and comforted.

"Really?" Ji Siqing's eyes suddenly lit up. Of course, she knew what it meant to kill Hong Tianjing. It was completely two concepts: defeat.

But then he found that the eyes of several people around him were looking at her. He felt a little embarrassed and hurried away from Ye Chen's arms.

"Master, it's great that you're all right!"

Xiao Huang jumped happily and wanted to follow Ji Siqing's example, but he was ruthlessly rejected by Ye Chen.

"Xiao Huang, I seem to be hurt. Go and get me some pills!"

Ye Chen's injury is really serious now. I'm afraid any baijiajing can easily kill him in the later stage.

Hearing this, Xiao Huang, who was still a little depressed, immediately promised and flew away.

Other people saw this scene with a knowing smile.

Ye Chen's eyes suddenly fell on the demon emperor.

The demon emperor of the sky covered has a lot of smiles today, which is in great contrast to his usual indifference.

It is even very different from the previous "break".

Ye Chen knew that the breakup of the demon emperor was just for his own good.

Otherwise, you won't find yourself at all costs when you have an accident.

Perhaps he felt Ye Chen's eyes and covered the eyes of the demon emperor.

"Now that you've got out of trouble safely, it's inconvenient for me to stay for a long time, so I'll leave first."

The devil emperor of the sky arched his hands at the people and wanted to turn around and leave.

Ye Chen's eyes became a little complicated. His life and death were uncertain. The emperor of the devil rushed to the lost time and space to find himself at the first time, which was enough to prove that what he had done before was not his intention!

But the idea of the demon emperor is hard to shake.

"If you need any help, be sure to tell me!" Ye Chen shouted at the back of the demon emperor.

The shape of the demon emperor paused, and then replied, "OK, sure."

Then he disappeared in beimangzu.

Ye Chen could only take back his mind and sighed. There was a fundamental contradiction in the matter of covering the demon emperor. If it could not be solved from the source, it would be difficult to reconcile.

Just think of some more ways. You must help your old friend!

.....

Geocentric domain.

The area where Hong Tianjing and ye Chen fought was a mess and pathetic.

The void suddenly fluctuated.

A figure appeared.

If ye Chen is here, he will recognize it. This is the annihilation sword spirit.

The first battle between Hong Tianjing and ye Chen annihilated the sword spirit and never appeared.

It's weird.

Annihilation sword spirit wants to appear several times. Even if he sacrifices himself, he should guard Hong Tianjing.

But they were all rejected by Hong Tianjing.

Although Hong Tianjing is dead, he still has a game of chess.

The executor of this game is annihilation sword spirit

Annihilation Jianling's eyes were red, stared in one direction and said word by word: "Lord of reincarnation, I will avenge my master myself!"

The language fell, the void closed, annihilated, and the sword spirit completely disappeared.

However, annihilation sword spirit didn't notice that a girl was looking at her not far away.

The girl has strong dragon spirit and temperament.

It's yelol.

.....

At the same time, the Taishang world is a base of the desire god religion.

Here is a completely separated space with bright flowers and green trees. A small river winds through the ancient forest.

There are countless miraculous medicines in this ancient forest. They are everywhere. Taking some of them casually can trigger many forces to rob.

At this time, it was regarded as the food of several spirit beasts and chewed at will.

At the edge of the clear river, there is a beautiful figure in plain clothes. She has long hair and shawl. She is flexible and natural. She doesn't apply powder, but she is better than all kinds of scenery in the world.

At this time, she was floating on the river, her eyes drooped, and her beautiful eyes seemed to see through all the vanity in the world. She was staring at the flashing images on the river, including the flying dragon shadow and the towering giant finger.

A moment later, she smiled gently.

"I didn't expect this little guy's strength to improve so quickly."

This beautiful woman is the leader of the wish god religion and the supreme daughter of today.

With a smile on her face, the lotus steps moved gently and touched the river, with a circle of faint ripples.

Several small fish in seven colors surfaced and automatically padded under her feet.

These small fish, one by one, will grow up to be the overlord beasts of the deep sea! At this time, he is willing to be a stepping stone.

The empress came to the boundless grassland, stretched out her hand and moved forward. The bustling and lush ancient forest scene changed into other shapes.

The ancient forest that showed its true face turned out to be a dark land with white bones, and the spirit beasts that were swallowing the genius treasure were just a few wolves with dry fur.

This is the so-called auspicious place of the God of hope, but it is just desolate.

"Master Jin ti is healthy! Fu Shou Wan Jiang!"

One of the most magnificent hungry wolves ran over, crawling on both legs, spitting out words and kneeling to lick the heavenly daughter.

After the arrival of the empress dowager, the wolf group leader took the initiative to give up his territory and work for the Empress Dowager. His attitude was extremely humble.

The supreme lady nodded slightly. Although the wolf was in a deserted place, it was still very discerning.

"Have you arranged what I asked you to do?" asked the Empress Dowager.

"Madam Huitian, everything has been done!"

The leader of the wolf pack respectfully said that he was a wolf, but his body contained the blood of the wolf, so he became the leader of the wolf pack in the endless barren forest, and his strength had even stepped into the level of the junior heavenly king.

Chapter 6918

"Well, remember, guard there and wait for my command. This place is built for a man, but he hasn't come to the world yet."

The empress said faintly.

"Yes, master!"

The wolf leader retreated with the wolves. With the palm of the supreme lady's hand, the barren land became green mountains and rivers, rippling rivers, butterflies flying, fresh air, and everything was so natural and beautiful.

"What is true? What is false? Who can know? Little guy, you gave me a surprise this time. Will you have it next time? Hehe, I look forward to your performance. If you perform well, there will be gifts."

“.....”

.....

Screen rotation.

Ye Chen has returned here to practice in seclusion. On the one hand, it is for cultivation, and on the other hand, it is the sky spirit obtained by enlightenment.

It has to be said that the dragon soul left by the king of the sky is indeed very powerful, and ye Chen seemed to see the scene of dragon singing and tiger roaring and breaking the earth, and his strength in his body was widened.

The blood dragon has benefited a lot from it. Its noumenon and spirit are complete and powerful. Now it has injected new power. The two are one. It seems that it wants to break through the rules of Longyuan Tianjian and become one.

After this understanding, ye Chen's divine soul power has been raised to another level. His eyes open and the illusory dragon shadow roars out, which is very disturbing.

But even though his recovery ability is terrible, there are Bagua Tiandan technique, Tianxian Koi copy, and even the spirit tablet of recovery power, the speed is still very slow.

The price is too high this time.

At present, the strength is only restored to the eighth floor, and the water stop sword can not be used as far as possible.

Just when ye Chen was worried, linger's voice suddenly sounded: "did you see any picture?"

"I seem to find that something has happened in the heaven palace."

Ye Chen was stunned. He didn't think much about the previous war. Although he had entered the lost time and space, there are rules to protect the lost time and space inside and outside, which is difficult to perceive.

Now ling'er suddenly mentioned it, which made Ye Chen think of this period of time, and several scarlet pictures appeared in his mind.

This is a sign of great evil.

Is this omen about the land of the heavenly palace?

At this moment, ye Chen's eyes are extremely dignified, Tianxue heart, Yuqing Yin, Tiangong Shenjiao, all of which have their own cause and effect.

If something really happens, I'm afraid I have some contact with myself.

If I had not stepped into the heavenly palace, I'm afraid there would be no follow-up.

"Ling'er, let's go!"

Ye Chen no longer thinks much, tears the void and goes in the direction of the heavenly palace.

.....

The land of the heavenly palace.

The dawn light shines on thousands of rivers and mountains, and the sun rises again in the heavenly palace, which looks like Huansheng.

In the village at the foot of Lintian City, hunters are also closed and cut off their livelihood.

The spreading maple leaf red comforted some people. A firewood farmer took his son all the way up the mountain, soaked in sweat.

"Father, can mother's burn really be cured?" the innocent child asked with big copper bell eyes.

The farmer's tall body trembled obviously, and his eyes were a little ruddy. He said, "Xiaoguang, Fenglin platform is the place where the gods gather these days. If we can get a trace here, mom will be saved!"

"Yes!"

Excited, the child raised his fists over his head and said happily.

Step by step, farmers feel that the atmosphere of the week is becoming more and more bleak. Even the sun makes them feel a little cold.

"Sir, don't move forward..." I don't know when, not far from the steps, a young man stood side by side with the little girl, looking a little pale on his beautiful face.

The farmer looked at his clothes. He didn't look like an ordinary person. He just wanted to speak. The indifferent young man before meeting shook his hand and gave him a pill. The slightly tired voice said, "take this pill for your wife!"

Looking at the glittering and translucent treasure medicine in his hand, the farmers were very happy. Unexpectedly, there was a God on the maple forest platform?

He quickly kowtowed with the child and, at the urging of the young man, went down the mountain. After he left, on the step-by-step green stone path, the holy blood flowed back and soaked the earth.

"Sure enough, something really happened here. I used my skills to check. There were traces of many Tianjun level strong men fighting on the Fenglin platform, but... There was no breath of Tianxue heart!"

Ling'er looked at the direction of the farmer's departure and said with a heavy face.

"She has too many secrets for those guys. She should be captured now, but she should have no worries about her life. The most important thing now is, what about the others of Tiangong Shenjiao?"

Ye Chen's face was ugly. This time, the incident had been seriously out of his control.

"There have been many traces left by the self explosion of the strong nearby. Is it difficult..." in the depths of the maple forest, the world has long been devastated and fragmented.

"When they escape, they will go by the path. There must be a clue in the depths of the maple forest!"

Ye Chen's eyes coagulated, as if he had caught the last straw, and his figure quickly swept to the depths of the maple forest.

The bottomless pits left by the self explosion seem to cut the deep mountain. In the broken mountains, the atmosphere of despair is filled!

"Ye Chen, here..." ling'er walked out from one side. The expression on her small face was unknown. She just covered her face gently and pointed to the forest covered by maple trees.

Chapter 6919

Ye Chen felt bad at heart and stepped forward to the depths of the maple forest step by step. In the softness of the ground, a woman with a broken arm fell quietly on the ground. Thousands of maple leaves were used as quilts. Only the pale face was filled with a faint smile.

The woman in front of him had already lost her vitality. Ye Chen thought of the scene when he was near Tiancheng.

Shenwu Temple held a sect to besiege Tiangong cult. The figure who stood up for the first time was Xiao Xin, the youngest female elder of Tiangong cult!

Xiao Xin is dead!

At this moment, ye Chen burst out a strong killing intention.

There is nothing wrong with Tiangong Shenjiao. Who is wrong?

Shenwu temple?

Ghost temple?

Or is everyone wrong?

Ye Chen's killing intention became more and more terrible, and there were dark clouds on the sky, just like the end.

At this time, ling'er said, "you still have injuries on your body. Don't be angry. More importantly, you killed Hong Tianjing. The feather emperor must focus on the lower boundary."

"The next time, here, we have to be more careful."

Ye chensong opened his hand and restored calm.

If he completely takes charge of reincarnation, he will certainly revive Xiao Xin and others.

But at present, the most important thing is to find the remaining people of Tiangong Shenjiao and Tianxue heart!

The alliance conference had ended hastily. No one knew what had happened in Fenglin platform except the core forces present at that time.

Although the news can be blocked temporarily at the moment, the paper can't hold the fire after all. All the people from Tiangong Shenjiao are missing. So many strong people, including a super strong person, evaporated overnight. The whole Tiangong land is waiting for an explanation from the alliance!

.....

At the same time, another secret place.

"The heavenly temple is not enough for suffering. Are you ready?"

"Jie, the world knows that the demon temple and the temple of heaven have always been incompatible. Now the matter has been solved. The alliance side... Take tianxuexin away and pry her mouth open!"

The hoarse voice echoed in a secret room, and the faces of the wicked were discussing how to divide the prey.

"Your Shenwu temple has always been neutral. Tianxue's heart is in your hands. It's no better to behave! Even in the face of external questions, you can detain it for investigation!"

A figure in the secret room got up and walked out, but he turned back and confirmed again: "does the deal between us still count?"

"I only want Ye Chen. As for the others, I'm not interested!" the hoarse voice answered faintly.

"Then I'll find an excuse to wipe out the remaining evils of the heavenly temple God cult!"

A killing machine spread!

.....

Ye Chen naturally doesn't know all this. He has come to the Mountain Gate of Tiangong Shenjiao.

"The heavenly temple God cult has closed the mountain gate!"

In the heavenly palace, the mountain rain is coming and the wind is blowing all over the building. Maybe closing the door can stop the loss in time.

But does this door really stand?

Meeting the strong will come to naught sooner or later.

Ye Chen closed her eyes and said, "Ye Chen requests to enter the temple of heaven!"

With that, ye Chen stared at the big array in front of her, just stepped into it and waited for someone to come.

.....

At the same time, the temple of God, within the temple.

The vermilion door of the front hall is open, the lights inside are always on, Wu Yuzhi's figure is in front, and then behind him, the core disciples are standing, and the inner disciples kneel outside the hall.

The eyes of the old man in plain clothes were covered with blood and the killing was awe inspiring. For the first time, he felt endless killing in front of the amiable former leader of Tiangong Shenjiao.

In the quiet temple, endless incense smell filled the air. On the huge incense table, the first column of 18 God soul steles were broken!

No one spoke in the huge temple of heaven, and all the core disciples stood solemn.

"Ye Chen is here. He brought back elder Xiao's... Body!"

At this time, a message came from the external disciples. They felt that someone had entered the array. It was Ye Chen.

The old man trembled slightly. Wu Yuzhi, who was behind him, also had red eyes. He only heard the old man's whisper: "bring ye Chen here!"

Stepping into the temple again, ye Chen's state of mind is very different from that before.

The smell of killing array covering here is no longer, but the murderous air lingering over the forbidden area of Tiangong Shenjiao is almost solid!

Before stepping into the temple, the eyes of the disciples of Tiangong Shenjiao fell on Ye Chen's back, the dead figure.

Ye Chen clearly felt the emotions of all the inner disciples that were about to erupt, but he did not say a word and continued to walk towards the ancient gate with firm steps.

All the disciples present know that ye Chen is the Lord of reincarnation. Although they don't know that ye Chen killed Hong Tianjing in the inner earth, they also know that ye Chen's strength and Qi are almost invincible!

Looking at the temple gate in front of us, the thousands of inner disciples behind us suddenly burst out and knelt on one knee:

"Mr. Ye Chen, bless my heavenly temple!"

"Mr. Ye Chen, bless my heavenly temple!"

"Mr. Ye Chen, bless my heavenly temple!"

The figure in front of the temple obviously trembled, but did not turn back. He stepped firmly into the inner hall. At the moment, the figure seemed to ignite a little starlight, burning sincerely and warmly.

When ye Chen stepped into the temple, his eyes locked on the broken tablet of 18 gods and spirits for the first time. It seems that the temple of heaven has known the situation.

"Tianxuexin's whereabouts are unknown. All the elders of Tiangong Shenjiao died in battle!"

When ye Chen said these words, the color of sadness and anger on his face was obvious, his eyes were bright and full of war.

Wu Yuzhi clenched her fists and stared at the figure on Ye Chen's back for a long time.

"Elder, I came here to share weal and woe with the temple of heaven!"

Looking at the bleak and haggard body that night, the temple god religion at the moment is distracted!

Hearing the speech, the old man raised his eyes, and a vast breath swept the whole temple again.

"This..."

Ye Chen knows more about the old man's physical condition. In the battle on the top of the snow mountain, the blood and Qi have long been exhausted. Now everyone has paid so much for the mountain gate.

"Ye Chen, I'd like to thank you for sending Xiao Xin's body back to the mountain gate, but at present, Tiangong Shenjiao is an eventful place, so I won't keep you!"

As soon as the old man said it, he ordered to leave!

Ye Chen knows the old man's intention well. Since the demon Temple dares to take advantage of the alliance to fight against the heavenly temple, the current sect must be in turmoil.

The enemy's large-scale attack will arrive soon.

"Senior, Tianxue's heart is old to me. Anyway, since Tiangong God taught me to come back, I won't leave!"

Ye Chen's eyes coagulated, and suddenly his killing intention suddenly dispersed. It was only stronger than the momentum condensed by the old man's body!

In the inner hall of the temple, all the twelve core disciples present were affected by Ye Chen's killing intention. They were in a cold sweat!

Even Wu Yuzhi, the most powerful young generation of the temple of heaven, felt endless pressure in his heart!

Chapter 6920

"Whoosh!"

On the inner hall, the smell of incense condensed in an instant and no longer dissipated. Even the long-standing lamp that was arranged by the ancestors of the temple God sect that day went out in an instant!

The immortal inheritance can't bear Ye Chen's endless anger.

"Wu Yuzhi, you are a disciple of Tianxue's heart. Now that the leader is not here, you are the leader of the new generation of Tiangong Shenjiao!"

Ye Chen's arrogant momentum makes anyone present dare not look directly at him!

"I....." Wu Yuzhi clenched her thin lips, clenched her fingers, and her fingertips were deeply embedded in the flesh and blood. She raised her eyes and looked at the old man. She immediately loosened her fists and said:

"I see!"

After saying that, she got up and walked out. Outside the hall, thousands of inner disciples were looking forward to it!

"It's elder martial sister Zhenzhi!"

"Elder martial sister, we fought with the demon temple!"

"Yes, elder martial sister, give orders!"

Wu Yuzhi's figure walked out of the inner hall of the temple and looked at the array of people below. The killing intention of Chongxiao almost blinded everyone's mind.

But she understood that everyone could be emotional, but she couldn't, but it was still difficult to speak when she choked several times.

Ye Chen walked to her side and patted the girl on the shoulder. Zongmenheng was devastated. His heavy voice said:

"I can understand everyone's mood here. Among the 18 dead, some of them are even your teachers of practice, even more than the love of their parents. I can clearly tell you that all of them chose to explode themselves except the body of elder Xiao Xin I brought back!"

Thousands of people in the field want to split their eyes, but it is abnormal silence. If they don't break out in silence, they will perish in silence!

"Without exception, they also chose to guard at the end of their life!"

"Who is guarding? It is you standing in front of me at the moment!"

In a word, ye Chen felt countless eyes staring at himself. The strong hope made him choke for a time.

"I can lead you to fight to the death with the demon temple until the last soldier dies!"

"But is this the end that your deceased elders want to see?"

Everyone clenched their fists and there was silence.

"Mr. Ye, what should we do?"

One person asked a question, and thousands of people's eyes focused on Ye Chen.

"Blood feud, can't forget!"

"But you should always remember that those who kill your close relatives are the top strongmen in the heaven palace!"

"I hope you can live!"

"Alive!"

"Alive!"

"Alive!"

These two words always echo in everyone's heart. Yes, there is hope only when you live, and revenge only when you live!

"Practice well. I hope one day you can cut your enemies in person!"

"Before that, I hope you can live!"

Wu Yuzhi is also looking sideways at the man in front of her. What kind of suffering has she experienced to have such a responsibility?

"Although you have left now, you will always be people of Tiangong Shenjiao. I hope you don't forget your identity!"

"Gathering is a fire, scattering is full of stars!"

Ye Chen nodded gently at Wu Yuzhi. Immediately, the beautiful woman's shadow came forward and said in a deep voice: "from now on, inform all places that the Tiangong cult has announced its dissolution, and all external disciples and the sect will arrange evacuation!"

"Inner disciples, those who have been in the door for less than 200 years, stand out!"

At the command, half of them, line up!

"You are the real hope of the sect. Mr. Ye Chen and I, senior brothers and sisters, will protect you to the death! I hope that one day, some of you can tell the world and restore the glory of our sect!"

"Heavenly temple, immortal!"

Wu Yuzhi's eyes were filled with tears, and thousands of disciples of the inner gate left in order.

.....

"Elder martial brother, take care of yourself!"

"Younger martial brother, the future will be long!"

Row by row, scenes of parting were staged on the side of the martial arts platform where the old days were hot.

In the courtyard deep in the forbidden area, ye Chen and ling'er are secretly discussing something.

"Time waits for no one. Such a large-scale evacuation will take a long time. According to the style of the demon temple, it will be done completely tomorrow at the latest!"

"It costs a lot to transmit virtual steles to others. If you use arrays and virtual steles to transmit space, can you hold it?"

Ling'er also frowned and said, "if you don't know the coordinates, you can try!"

"What do you mean?" Ye Chen asked suspiciously.

At this time, Wu Yuzhi's figure came slowly, sat down in front of the steps of the overgrown courtyard and said, "that is to say, the inner disciples transmitted through space will appear everywhere, even cliff Jedi!"

Ling'er sighed and nodded gently.

"Even so, it's safer than staying here!" Ye Chen got up and continued to Wu Yuzhi. "Gather the remaining disciples of the sect. I have something to give them before the decisive battle!"

Ling'er also brightened his eyes and said, "is it difficult to be an array?"

Ye Chen nodded: "I have some harvest in addition to the sky dragon soul in the lost time and space."

.....

At the same time, another place.

"Unexpectedly, you old man will come!"

The old man of the blood demon sect smiled, looked at the old man in front of Huashan and looked around: "why, you Shenwu temple also want to take a share?"

"Oh, everyone just works for the alliance!" the Lord of Shenwu hall replied perfunctorily. Yu Guang glanced at the old blood devil and said faintly: "it's just a dog leg!"
