

Physician 701

Chapter 701

They thought it was the real power of Ye Shitian just now. Who could have thought that ye's genius at the moment is the power of the evil king of Kunlun!

It's even more difficult to see the acme!

It's as if you're going through a great shame!

Looking at all the disciples and elders around him, the anger in his heart rushed to the top of his head!

Damn it!

He hesitated for a few seconds, or took out a piece of jade from his pocket, which is similar to the Chinese mobile phone.

Used for communication between clans.

He did not dare to bet with the fate of the blood League. Even he could not resist the power that ye had just exerted!

For now, the only thing he can be sure of is that he can't move his sword!

Otherwise, he will die.

He must look for allies. The existence of Ye Shitian is too rebellious!

If you let him leave today, the next time is to kill the blood alliance!

Anyway, ye Shitian must die!

A drop of blood essence permeates in the jade, shining.

"Find ye Shitian! This son is in my blood League! Kunlun Xu signed a hundred hunting sect, all people send strength to come! If ye Jitian is released today, we will die next time! "

With that, he crushed the jade directly.

What he can do is to wait for the clan to come to support him!

Several clans close to the blood League will surely dare to come at the first time after receiving the news.

Finish all this, sword blood sink, eyes a cold, toward Ye Chen crazy and go!

He directly sacrificed a spear in his hand!

If the sword is controllable, he doesn't believe that the spear can be controlled!

"Ye Shitian, good! very nice! I'd like to see what the hell you have

The long gun in his hand broke through the air!

Above the sky, thunderclouds roll in an instant!

In turn, countless thunder and lightning fell on the spear heavily.

This strike, triggered the violent thunder and lightning!

Thunder and lightning are like armor on the body of the sword!

The sword is bloody and the eyes are shining bloodthirsty and crazy!

In the past month, how many people have been killed by Ye Xiantian!

Since the incident of Yibao Pavilion, blood alliance has become a joke of Kunlun Xu!

Who is willing to bear this shame!

Anyway, ye Shitian must die!

Ye Chen looks at the long gun full of violent thunder and lightning, which is far from the prestige and power he can fight against now.

Helpless, he can only five fingers open: "broken Yang Sword, come on!"

The thunder and lightning of Ye Chen's life talisman burst out, and the ten thousand sword techniques were condensed. The sword shadow seemed to be dozens of Zhang, which also turned into thunder and left after collision!

The two forces collide!

But this time, ye Chen directly retreated 30 steps.

The gap between them is too big!

Blood alliance is the Lord of a clan!

The strength far surpasses those elders, the other side's full strength, how to contend!

The sword was bloody, and a successful smile appeared in the corner of his mouth: "ye Shitian, Kunlun is rumoured, your strength is returning to the virtual state. Now it seems that your real strength is at most in the Holy Land! It's just so! "

" you cheated the whole Kunlun void! But I will not

"You have killed so many blood alliance disciples. Today, I will cut off your head and hang it outside the door for three days! Let all the strong men of Kunlun Xu know that I killed ye Shitian, the nightmare, with a bloody sword

The breath of sword blood sinks suddenly, and the meaning of spear breaks out.

In an instant, the aura of heaven and earth gathered madly towards the spear!

Countless thunder and lightning, air concussion!

Gradually, the spear broke away from the bloody hand of the sword and quickly swept towards Ye Chen!

The cold wind is howling and killing intention is coming.

The spear, as if in a flash, turned into ten thousand feet.

Sword blood sedimentation Qi acts on the foot and is suspended in the air.

His eyes were slightly narrowed, and a trace of excitement broke out in his heart.

At the moment, ye Chen looks at the long gun, and his head turns quickly.

His elixir field's true Qi almost has no, wants to resist this blow is very difficult.

Really can't, he can only ask Master Duan leiren to do it!

He also had four Taigu Xushi pills. As Duan leiren once said, Taigu Xushi Dan was extremely important to him.

It can even make him substantive.

Once it's real, it can be done for him in real life.

Looking at the gun is getting closer and closer, ye Chen no longer thinks about it. He just wants to communicate with Duan leiren, but Yu Guang notices a simple silver needle in the samsara cemetery!

This is the original in front of the qingxuanfeng stone tablet, the time to understand Lin Qingxuan's medical ethics.

The silver needle embodies the spirit and spirit.

Lin Qingxuan told him that the needle would be one of his most important means to protect his life. Although he did not elaborate, ye Chen could feel the extraordinary silver needle. The next second, the silver needle appeared between his fingers.

As soon as the silver needle came out, large black clouds surged over the sky.

Cover the sky and block out the sun, as if the last day came!

Even the thunder cloud on the top of the sword's bloody head felt something wrong and suddenly disappeared.

Sword blood sink in the heart suddenly produce a kind of bad premonition!

Natural vision, is there any change?

He looked at the young man not far away and found that the other side had not used any weapons!

Instead, he held a silver needle in his hand!

"Boy, do you still want to use silver needle against my blood spirit thunder gun! Look for death

"You may as well tell me that you can't use up your blood to make a thousand years ago! The key point is that I and this gun have blood to recognize the Lord, only I can control it

"For a hundred years, the blood spirit thunder gun has at least infected nearly a thousand people's lives! And you are the smallest of them! Die

A roar, the light of gun light suddenly accelerated, toward Ye Chen's chest stab!

No one can stop it.

But at the moment Ye Chen, looking at the spear more and more old and closer, no longer hesitated:
"although not used, but Lin Qingxuan is so sure, absolutely not weak!"

"Silver needle, let me see your power today!"

Ye Chen draws the silver needle of those two fingers!

In an instant, the light was shining all over the place!

"Whoosh!" The silver needle broke free of Ye Chen's arm and flew out!

It seems to be towards the blood spirit thunder gun!

"Boom!"

Suddenly, the power of heaven and earth is used!

Boundless energy, condense, the small silver needle actually expands on the spot!

In the twinkling of an eye, it turned into a red hundred Zhang spear!

There was a crackle.

Even let everyone in a trance found that the hundred Zhang long gun to break everything in front of him!

"Ding!"

The red hundred Zhang spear directly collided with the blood spirit thunder gun!

Originally the strong blood spirit thunder gun in this moment on the contrary becomes incomparably small!

After the big bang, the blood spirit thunder gun of sword blood sinks directly into powder!

The power of a blow can't be stopped!

This is far from over!

A violent air wave suddenly surged, the dazzling fire flickered, and the earth trembled violently.

The hundred Zhang spear is bloody towards the sword again!

Once it falls, it turns into blood mist directly!

The rest of the strong members of the blood League were completely frightened. Who could have thought that this attack was so terrible!

The key is that it's a silver needle!

Bloody sword, stiff smile!

He was cold as if locked in death!

Chapter 702

"What power is this! This is not martial arts This is a lost medical method! "

"Lin Qingxuan! Lin Qingxuan in ancient times once broke out this blow

The sword's blood sank, his eyes suddenly shot at Ye Chen, and the voice of fear rang out: "ye Shitian, who are you in the end! Why do you still know how to cure! Why

Seeing that a hundred spears are about to fall, sword bloodbath has no chance to consider!

If he wants to live, he must stop!

No more thought, he hastily forced out a drop of blood essence!

At the same time, the fingers quickly pinch!

A simple red gate suddenly stands up! In front of him.

The red gate is simple and simple, with numerous Sanskrit inscriptions on it!

This is the core of the blood alliance, and so is the tattoo on the neck of every blood alliance person.

This is also the biggest method of sword ESR.

He has no choice now!

As soon as the Red Gate comes out, the sky vibrates.

When the gate is closed, it seems that a red barrier has been formed around the sword!

There was a sense of supreme authority.

And the hundred Zhang spear did not stop at all!

The power of heaven and earth is within the hundred Zhang spear, and the power of heaven and earth is used by ourselves.

Changes in the way of medicine, everything is silent!

As if across the long history of the supreme years, the world stabbed in two.

Half for life, half for death!

The big dark clouds like the end of the day were also broken, and a ray of light came over.

Boom!

Heaven and earth vibrate, mountains and rivers are silent.

The red gate can't be stopped. It's broken!

The only thing we can do is to minimize the power of the hundred Zhang spear!

This moment, as if the collision of two planets, rippling out endless firelight.

With Ye Chen and Jian Xueshen as the center, the land of hundreds of meters around seems to have been overturned.

Once upon a time, the glorious palace of blood alliance was razed to the ground on the spot.

The dust is flying and the gravel is splashing.

A hundred spears touched the sword and sank. They pierced directly!

"Poof!"

Sword blood sink spits out a mouthful of blood!

The body is like a nail in the ruins.

Death is useless.

He wanted to speak, but the price of every word he said was to spit out blood.

One side of Ye Chen is surprised, he did not think that silver needle should have such strength!

It's too scary.

As soon as he wanted to take a step forward, he felt the pain all over his body. Not only that, but also the aura of Dantian completely disappeared.

The strong anti - bite meaning let him also spit out a mouthful of blood, is nearly collapsed.

He found that the silver needle is powerful, but the effect is not what he can bear now!

Ye Chen quickly took out some herbs and pills and chewed them.

It still doesn't work.

Helpless, he can only endure the pain, step by step toward the sword blood sink and go.

The bloody body of the sword is too embarrassed. Though seriously injured, his face is still ferocious!

"Ye Shitian! I don't care what you're from! If you kill me and destroy the blood alliance, you will only make the countless forces in Kunlun void want to kill you even more! "

"Your existence, heaven and earth, Kunlun void even more

"The rules established by Kunlun for thousands of years have been destroyed by you. The power behind you and the clan will cause accidents to all the people around you! This is not alarmism! "

Ye Chen didn't pay attention to it. He laughed and held the broken Yang Sword in his hand.

Even if the whole body is uncomfortable, the sword's blood sink must die!

At this moment, ye Chen seems to be a sword out of the body. The light of the sword is flashing and the sword spirit is overflowing.

A single look seems to destroy everything in the world.

He looked at the corpses around him and laughed: "sword is bloody. Don't you want to know what I look like?"

"In that case, I'll give you a chance today."

Ye Chen's left hand grasps on the mask, the mask is taken off directly, revealing a handsome face.

One second.

Two seconds.

Three seconds.

The atmosphere completely solidified.

The sword is so bloody that his eyes almost stare out!

Ye Shitian is actually Ye Chen of China!

He finally understood why ye Shitian wanted to save Ye Tianzheng!

This is father and son, why not save!

In fact, he suspected from the beginning that the details of the two men were too ingenious.

But he will ye Chen's strength and Ye Shi Tian a contrast, but it seems impossible!

Suddenly, a long cold sword fell steadily on the bloody neck of the sword.

It was Ye Chen.

"I gave you a chance, but you don't cherish it. Your blood alliance shouldn't have done anything. It's my parents. Today I'll cut off your head!"The sword is bloody and his eyes shrink. He can feel that the sword has penetrated into his skin. If he gets closer, he will die!

"Ye Chen, if you are willing to let me go, you and I will guarantee that the well water will not offend the river water!"

"What's more, I've already informed the rest of the clan to come. If you want to leave here, it's impossible without me!"

"If you crush the blood alliance today, can you guarantee that the next time, when 100 schools attack you, you are entitled to live?"

As soon as Jian Xueshen wanted to continue talking, he heard the sound of footsteps.

No accident, it's a nearby clan gate!

There are not many people, there are only 50 strong!

But now ye Chen's body almost collapses, he does not have the power of the first World War.

Seeing that Xuemeng and Jian Xueshen were so embarrassed and miserable that they took a breath of cold air.

Sword ESR can feel Ye Chen's weakness. The strength of silver needle is estimated to be ye Chen's strongest strength!

With Ye Chen's present state, unable to bear anyone's load, this is the biggest opportunity!

The new patriarch looked at the shocking scene and exclaimed: "this How could it be so! "

Jian Xueshen thought about everything, and quickly roared: "Lord Fang, hurry up! Kill the little beast! Come on! He has no strength to resist now

The newly arrived patriarch Fang and the strong man behind him reacted in an instant. Just as he wanted to start, countless footsteps sounded behind him!

The sword is bloody and the heart is full of joy!

Another hundred hunting orders are coming!

Today, both ye Chen and ye Shitian are difficult to fly!

Sword blood sink regardless of the body's injury, spit out blood, but at the same time the gloomy smile way!

"Should I call you ye Shitian or Ye Chen? Now you can experience despair

"At the cost of my serious injury, even if my accomplishments are lost, I will win your father and son's life in the end!"

"In the future, there will be more and more ancestral gates surrounding here. You have no chance! Can only fall here! Ha ha

Language down, a hundred figures rushed in!

Holding a long sword, the opportunity to kill is awe inspiring! The momentum is magnificent!

Surround everyone!

Jian Xueshen and Lord Fang were stunned when they saw so many strong men.

What clan is so efficient?

Suddenly, Jian Xueshen saw the leader of the old man!

It's actually a master of swordsmen!

But wan Jianzong is a little far away from here. How could he arrive so soon?

He didn't think much about it. He swallowed a mouthful of blood and said seriously, "Lord Ling, you and your wanjianzong are interested in it. Unexpectedly, you come so quickly. With your help, ye Shitian will surely die!"

"Lord Fang, Lord Ling, if it's too late, it will change. Kill this little beast!"

Lord Fang nodded, just wanted to move, but found that he had a sword on his neck!

It's a golden robed elder of wanjianzong!

What the hell is this?

At the time of Fang Zong and Jian Xueshen confused, the leader of wanjianzong stepped out, came to Ye Chen's face, and knelt down directly!

"Wanjianzong lingyundu, meet your master!"

Then, the hundred strong men of wanjianzong knelt down together!

A startling roar rang through!

"Shen Shixi, see your master!"

"Disciple, see Master!"

An invisible evil spirit enveloped the audience!

From the belief of wanjianzong!

Chapter 703

At this moment, the air seemed to solidify.

The whole world was silent.

The echo of the word "master" resounded through the world!

For a long time.

See a hundred people kneel down together, a piece of black pressure!

This picture is enough to startle the eyeball!

This is wanjianzong!

Although wanjianzong is not a big power in Kunlun, but in many sects, the top 50 is absolutely ranked!

If Jianding is enough to ask about the ten thousand swordsmen!

This is the existence, but now all kneel down!

What the hell is this!

The key point is that even Ling Yundu, the leader of wanjianzong, is so!

Ling Yun's sword is extremely powerful and arrogant. He usually talks to people with cold intention!

Xu is also known for his stubborn temper in Kunlun!

Such a person should kneel down to the young man in front of him!

Lord Fang and dozens of people behind him held their breath and even rubbed their eyes.

Like a dream!

The key, this all happened is too illusory!

Some even slide their swords on their arms.

Tingling, extremely clear.

It's true!

"Hiss!"

The crowd took a breath, and their eyes were still staring at the cold and proud youth.

Young people are scarred, but they stand like green pines!

That eye is like a cold star, once touched, it is killing.

This is ye Shitian, the one who frightens countless families in Kunlun?

Sword is bloody and his face is ugly. Now he can't resist at all!

I thought wanjianzong came to suppress ye Shitian!

Now what the hell is he standing there?

Master?

How can a boy in his twenties be the master of wanjianzong!

No way!

Jian Xueshen forcibly swallows a mouthful of blood, stares at Ling Yundu, who is half kneeling, and asks, "master Ling, you Are you sure you are right? This is your master? He's old enough to be your grandson

Ling Yundu still lowered his head and said faintly: "the sword is bloody. If you talk nonsense again, I will kill you!"

With that, he looked at Ye Chen and said respectfully, "master, what should I do now?"

Ye Chen looked around the kneeling of 100 people, do not know what to do.

Is this the way Chen Tianli left himself in Kunlun?

Although wanjianzong is not a top sect, it is enough to fight against everything at present.

Did Chen Tianli deliberately arrange this piece of chess?

He no longer thought about it and waved his arm gently: "get up."

In such a sentence, all the people of wanjianzong stand up, just like javelin, with cold eyes!

"Master!"

"Brush, brush, brush!"

Neat to the extreme!

At the same time, a kind of invisible killing intention covers all people's hearts!

It was only at this moment that master Fang and sword's blood sank that ye killed naively the master of wanjianzong!

Otherwise, a clan can't make fun of this kind of thing!

The point is, this is totally illogical!

Is it that ye Shitian is not a youth at all, and his roots and bones are also disguised?

His real identity is a great power of wanjianzong?

From ancient times to the present?

The more they think about it, the more likely they are. Otherwise, Ye's killing heaven alone will not achieve this effect.

It can also explain why the power of killing the sky and the leaves is low! There are so many magic weapons against heaven!

Lord Fang felt the killing intention behind him, and knew that it was impossible to take ye Shitian in front of wanjianzong.

He could only bow his hands and smile and said, "master ye, I'm really sorry. I listened to the lie of Jian Xueshen, so I rashly took the action. Since all this is a misunderstanding, I will take my disciples and leave. "

He knew very well that if he didn't leave, there would be no chance!

"Let's go!"

With a big wave of his hand, Lord Fang just wanted to turn around and leave, but he found ten elders of wanjianzong blocking the gate of blood alliance!

Ten long swords are offered, direct at them!

I'm not going to give way at all.

"Lord Ling, you are..."

Lord Fang looked at Ling Yundu and pretended to be surprised.

Lingyun degree cold hum, arrogant release: "sorry, no master's order, no one can leave!"

Patriarch Fang was stunned, and his face sank: "Ling Yundu, are you a little too much? I have nothing to do with your master, and I have not even started. Do you want to keep me here forever? "

Ling Yundu didn't pay attention to it, but looked at Ye Chen and said faintly, "master, how do you deal with these people?"Ye Chen Mou son tiny MI, the vision swept one eye everybody.

Within sight, countless people retreat!

Fear does not come from the strength of Ye Chen, but the identity behind Ye Chen!

Even Ling Yundu should be called master. How can such people offend!

"No hurry."

Ye Chen's voice fell faintly, as if to all people on probation.

Then, he walked towards the sword, every step was like the steps of death.

Soon, his steps stopped and looked down at the sword's blood sink: "you have been trapped in my father, don't you know what? Tell me everything you know, and I may give you a good way to die. "

Sword blood sedimentation is very clear, this war he defeated thoroughly!

But as the leader of blood alliance, he will not yield!

Suddenly, he burst out laughing, laughing madly!

"I don't care whether you are ye Chen or ye Shitian! I know your secret! I've always wanted to confirm the relationship between you and the xuye family in Kunlun.

Now I am very sure that you must have something to do with the xuye family of Kunlun! "

"You think it's over if you kill me?"

"Dream!"

"When you still have the blood of the xuye family in Kunlun, it will not end well!"

"The net of heaven is magnificent. In addition to my blood alliance, someone has found out your secret! Even the xuye family of Kunlun has discovered it! "

"You and ye Tianzheng are doomed to be vagabonds in their lives, and never know when the nightmare will come!"

"Ye Jingtian, since you want to know, I can tell you! When your grandfather left Kunlun Xu, he took something he shouldn't have taken! This is the evil thing suppressed by the xuye family of Kunlun, although no one can solve the secret inside! But no one is entitled to take it away! "

"Now it seems that the secret of this evil thing must have been solved by you! Do you think about the consequences? "

"There's wanjianzong behind you, that's right! Your strength is mysterious, it's true! But you can resist those forces hidden in the dark

Hearing these crazy and loud words, ye Chen's expression is dignified to the extreme.

He is not sure whether the evil object in the mouth of sword blood is a reincarnation graveyard!

But he is sure that the black stone of the tomb of reincarnation of the sack is from Ye's family!

My grandfather didn't know why he took the treasure from the xuye family in Kunlun.

The sword is on the side!

If it's true, he and his father may be targeted by the forces in the dark.

Chapter 704

There must be a reason why the other party did not appear or did something about it.

Perhaps they are not sure, or their own performance is not in their eyes.

Fortunately, when he broke out in Kunlun, he was in the identity of Ye Shitian.

The group did not know that ye Jingtian was themselves.

Otherwise, maybe the power that lurks in the deep has already started.

At this moment, ye Chen seems to feel that there is a chess game in front of him, and he is a chess piece.

Every step of the trend, will affect everything!

Why did my grandfather leave Kunlun Xu and lay out in China?

Why do you have to give yourself the reincarnation cemetery?

Perhaps only the Ye family has the answer.

At the beginning, he stepped on jiangdaoshan and met his grandfather's shadow. He didn't explain too many things clearly.

Mr. Guo's words to help the old man to resist will be the same to you

That Guo Haiyun, ye Chen met, but it's a pity that he disappeared before he had time to ask.

All the clues to the reincarnation cemetery and the Ye family are in this Guo Haiyun.

He still remembers that when the stone tablet fell to the earth, it was obtained by the Ye family, with an inscription, time, place, and his name, ye Chen.

However, this text has always been sealed, and the Ye family did not notice at that time.

But grandfather was able to find out because he broke some kind of prohibition.

Then set the overall situation.

Relying on foreign things, Ye's ancestors practiced very fast and their blood was awakened. The Ye family once became the first family in Kunlun. However, when things were extremely powerful, they attracted countless powerful people to spy on them! Some betray the family for the benefit of Ye!

Fall apart!

Ye Jiaqiang risked his life to resist, but eventually went to decline.

Ye's ancestors were killed mercilessly, and the foreign things were occupied by many clans and families in Kunlun!

The huge stone was carved up and the stone tablet was taken away. Even the Ye family is still in name. Now only one member of the Ye family is struggling!

However, they never thought that the most important thing of the foreign things was the black stone in the middle!

Even if only the Ye family was left in Kunlun, it should not be underestimated.

Dozens of years ago, the xuye family in Kunlun was very strong, but no one held fast to their faith except grandfather! The legend of the ancient times is no longer. They regard the things outside Ye's home as evil things, and ye Chen's name, in their eyes, is a celestial evil spirit and a lonely star.

Ye Chen has become a taboo of Ye family, and it is a rule that any Ye family's children can't have Chen word from now on!

They always believe that the rise and fall of the Ye family is all due to this name.

If that's true, I will not be accepted by the Ye family.

He is not rare.

What's more, since my grandfather took away the evil things, why didn't the xuye family of Kunlun pursue responsibility and take it back from China?

Instead, it seems to acquiesce in everything?

Do they wish the evil things to leave Ye's house?

Even after his grandfather's accident, the xuye family in Kunlun took away his ashes.

A lot of things are combined together, even contradictory.

Ye Chen frowns, the only explanation is that there are two forces in the virtual Ye family of Kunlun.

One is behind his grandfather, the other is an obstacle, which is also the main existence of his grandfather leaving the xuye family in Kunlun.

No longer thinking about it, ye Chen put his eyes on the bloody body of the sword and said, "what else do you know? Say it all together. "

Jian Xueshen knew that he couldn't live. He looked at Ye Chen and said, "I still have a secret, but you can only know it. You can come here."

Ye Chen Mou son tiny MI, have a kind of bad premonition, but still close a few minutes.

Just when he was only a dozen centimeters away from the sword's ESR, his bloody hand directly grasped Ye Chen's foot!

"Boy, even if I die, I will take you as the back! Ha ha

With the words falling, the bloody body of the sword seems to be turned into magma, and the feeling of blazing heat strikes!

His body was expanding.

Blow yourself up!

Ling Yundu's face changed greatly!

The self explosion of sword bloodbath is not what the master can bear!

"Master, get out of the way!"

He just wanted to rush past, but saw Ye Chen stretched out his hand, eyes indifferent.

Then the fingers pinched, a ray of light twined in the palm.

His breath is like a fairy.

Lingyundu stopped without any action.

He chose to believe in the master. Since the other side can become the disciple of wandaojianzun, he naturally has strength! At the moment, the sword is bloody and ferocious to the extreme!

"Ha ha, it's worthwhile for me to pull ye Shitian, who is afraid of countless people in Kunlun, to hell!
Blow it up

The words fall, the sword blood sink, the whole body radiates the dazzling light, the accumulated energy suddenly releases!

This energy is so rampant that it can't be countered by the king!

In his eyes, the boy will die!

At the moment when the energy is about to devour Ye Chen, ye Chen's voice falls into the sea of knowledge, where the sword's blood sedimentation is about to disappear.

"Sorry, your abacus may be wrong."

"I have a master named Lin Qingxuan. His name is Lin Qingxuan. He is a doctor who can communicate with God. He crosses the martial arts road."

His voice, like thunder, exploded in the bloody sea of knowledge.

The bloody eyes of the sword widened!

Total horror!

Just because of one name - Lin Qingxuan!

In ancient times, the myth of Lin Qingxuan resounded through Kunlun void!

It wasn't martial arts at that time!

It's the respect of medical ethics!

When Lin Qingxuan stepped on the ground, those who were strong in martial arts retreated one after another.

How can this boy get the true story of Lin Qingxuan?

In his afterglow, see ye Chen's palm clap down!

Countless lights cover!

His self destructiveness is gone!

As if bound by an ancient power!

Is this the way of medicine!

He should have thought of it long ago. The silver needle that seriously injured himself is the art of medicine!

From the thought of the sword's bloodbath, an invisible force vibrated in his body.

In panic, the body exploded and turned into a blood mist on the spot!

Everything is quiet.

Ye Chen's whole body is suffused with a golden light, without a drop of blood stained with Ye Chen's casual clothes.

Everyone could not speak at all when they saw this scene.

This is the way of medicine!

Master has mastered the ancient medicine!

Ling Yundu and the disciples of wanjianzong are short of breath. The strength of master represents the strength of wanjianzong!

If you have more than one master, you will have ten thousand umbrellas!

Even though the master is only a transcendent realm now, they believe that the strong behind the master will definitely let him step onto the sky step by step!

Otherwise, how could ye have the reputation of killing heaven.

Chapter 705

Ye Chen finished all this, turned around and looked at Fang Zongzhu and dozens of strong men behind him.

Naturally, he would not let go of these people.

If there was no wanjianzong, I'm afraid I would have died under the sword of these people.

He is not a kind person, and the last thing Kunlun Xu should have is kindness.

"Lingyundu!"

"Master, I'm here."

Lingyun degree step out, bow.

Ye Chen pauses for a few seconds, and then, a few words slowly fall in the air: "except for the disciples of wanjianzong, none of them will stay!"

"Yes, master!"

Ling Yundu stood up and offered his sword. The cold killing machine covered it!

Bloodthirsty! insane!

But the patriarch's face changed greatly. He didn't expect that he didn't do it at all, but his fate was determined by the words of a boy!

No one left. What a big voice!

He sacrificed a huge axe in his hand, staring at Ye Chen: "Ye killed heaven! What the hell are you, you dare to move me

He just wanted to chop towards Ye Chen with an axe. Ling Yundu and several elders of wanjianzong fell down quietly with the wind and rain!

The sword rises.

Ten thousand swords devour everything.

Those disciples of wanjianzong were also reduced to fragments, just like a giant beast sweeping the people!

At this moment, only sword light and blood were left between heaven and earth.

Lord Fang was stabbed by a sword in his ferocious face.

After the calm, a dead body and blood, grief everywhere.

The whole blood League turned into a dead city!

Just because of a young man.

Ye Chen looked at the scene in front of him, indifferent, he closed his eyes, the blood dragon in the body drilled out.

Devour all the killing and blood.

This is the best tonic blood dragon.

Ye Chen found that this time, the blood dragon was a few times as large, and its breath was full of fury.

The next time the blood dragon comes out, the vision of heaven and earth will only be more terrifying.

Killing Dao Jun once told him that the reincarnation cemetery is his card, rather than the blood dragon is his real card.

When the blood dragon turned into a hundred Zhang and condensed into essence, he became the master of heaven and earth.

The song of a dragon shakes Kyushu.

The Dragon roars, the mountains and rivers are broken!

Of course, all this is far from ye Chen.

Ling Yundu, who was injured a little bit, and many strong swordsmen came to Ye Chen.

"Master, I'm lucky not to disgrace my life, but not to stay."

Ling Yundu had some disdain for such a young master, but when ye Chen showed his way to cure God and said that he would never die.

Once such a decisive person appears, it will disturb the overall situation of Kunlun.

Maybe the master's strength can make wanjianzong advance dozens of steps and even become the top sect!

There are too many strong sects in Kunlun. Wanjianzong always wanted to be the top ten sect, but found it extremely far away.

At this moment, there is hope.

Ye Chen nodded, took out some pills and threw them to Ling Yundu.

"Take these pills. They will help relieve the injury."

Ling Yundu saw the pills in his hand and was short of breath: "thank you

"By the way, master, today the two clans in Kunlun have disappeared completely. If anyone who intends to do so, it is likely to find the master. Otherwise, we will announce to the public that there is a conflict between the two sects. How about destroying the sect?"

Ye Chen shook his head, his eyes found something, picked a plum blossom, and then put it in the place where the sword sank and Fang Zongzhu fell.

Then, he said, "you don't need to carry the pot. It should be carried by someone who doesn't exist."

Ling Yundu frowned and did not respond to it. Shen Shixi, who had not spoken for a long time, suddenly said: "Isn't this plum blossom branch used by the Xuyibao Pavilion of Kunlun, which was famous for killing heaven at the beginning! Master, you are going to tell everyone that Xuemeng and Zhen Haizong were killed by Ye Tian!"

Ye Shitian itself is the nightmare of many sects of Kunlun Xu. As a result, most of the sects of Kunlun Xu will be immersed in the shadow of Ye Shitian.

Not only that, it is more like Ye Shitian's release of a hundred hunting orders! If anyone dares to pursue Ye Shitian, Xuemeng and Zhen Haizong will be the only one who dares to pursue Ye Shitian. Then Baizong will not dare to chase Ye Shitian!

Master, high, really high

Many disciples of Ling Yundu and Wanjianzong suddenly realized it! The heart is more admirable.

This pusher is perfect.

Without the leadership of the blood alliance, it is estimated that the remaining clan will not look for Ye Shitian at all costs.

It's no different from looking for death!

Since this is the case, do you want to join us

Ye Chen shakes his head: "I still have something to do, Wanjianzong, I will go naturally, but not now, you go back to Zongmen." "If anything, I'll let you know. You just have to hide in the dark."

Lingyundu nodded and just wanted to leave, but Ye Chen stopped Lingyundu.

Then, a finger in Lingyundu's eyebrows, an instant flow of information into the frenzied influx.

Next second, Lingyun degree heart ecstasy!

"Wan Jian Dao Fa" and "Zhen Jian Gui Yuan Yi"

this is a long lost martial skill of Wan Jianzong!

The master gave him such a precious thing!

"Master..."

Lingyundu is excited to the extreme!

Ye chensong opened his hand and said, "now you are my first strength in Kunlun. These two martial arts skills are suitable for you, and they are gifts given to you by the master. If you are strong, you are strong, you are strong. Search the blood League again, and make sure it's safe. "

"Thank you, master!"

Ling Yundu's body was shaking. He stood up and took a deep look at Ye Chen, then he took the disciples of wanjianzong to the blood alliance hall.

But ye Chen looks at the comatose father, no longer hesitates, pulls up the sword of beheading the dragon and throws it into the reincarnation cemetery.

Then he carried his father behind him: "Dad, I'll take you home."

Father is in danger and must be treated immediately.

Qingxuanfeng has the best herbal medicine and aura, which is undoubtedly the key to cure his father.

After ye Chen and ye Tianzheng left, all the people of wanjianzong also came out of it.

Ling Yundu was not at ease, and even used the technique to search the land within a radius of ten miles.

There is no life. Everyone should be dead.

After that, Ling Yundu left with wanjianzong.

The square of blood League is dead, leaving only the sea of blood and the enchanting plum blossom.

Three hours later.

An altar in the secret place of the blood League.

On the altar, eleven sarcophagus!

Among them, a red sarcophagus in the middle of it vibrated wildly.

"Bang!"

The lid of the sarcophagus suddenly broke!

A man soaked in blood suddenly opened his eyes.

His eyes were scarlet and cold.

With endless killing opportunities.

Gradually, the man in the sarcophagus got up, took a look around, and patted it gently.

The remaining sarcophagus disappeared completely.

Even the altar was reduced to ruins.

The man looked at his hand in surprise, and his expression was ferocious: "my strength How did it happen? "

Chapter 706

.....

Qingxuanfeng.

Ye Chen of course does not know that the blood alliance has something missing, and that the blood League also hides a sarcophagus.

Even if he knows, he has no time to take care of it now. It is the key to wake up his father.

He put his father on a thousand year old ice on qingxuanfeng.

Ice can effectively suppress father's disordered breath.

Then ye Chen takes out some spirit stones and arranges the array!

Not only that, ye Chen even took out Bai Zhanyuan's folding fan as array eyes!

This folding fan is an ancient sight!

Condensing array, double effect!

A faint light instantly penetrated through the ice of the millennium and wrapped his father's body.

Later, ye Chen took out dozens of silver needles!

The silver needle burst out! Fall steadily on the acupoint.

It's too fast.

Dozens of silver needles shaking violently, the meaning of the Millennium ice instantly drilled into his father's body along the pores.

Finally, ye Chen points out, points on the eyebrows of his father.

Endless Qi rolling away!

His other hand was not idle, with the blood essence as the guide, he directly grasped the herbs on the table in the palm of his hand and gently threw it.

No medicine tripod, direct refining.

This is what Lin Qingxuan taught him just now.

This action continues to disappear for three times, and the sweat of bean is exuded from ye Chen's forehead.

The loss of genuine gas is particularly severe.

But fortunately, father's pale face appeared a trace of ruddy!

It works!

This action even inspired the father's two Taigu Xushi pills.

The dissolution speed of pills is accelerated, and the spirit is recondensed!

In the fourth disappeared, ye Tianzheng suddenly opened his eyes on the ice and sat up fiercely!

A sharp gasp.

And ye Chen is also by this sudden rise of one stone, shock fly out!

It's hard to hold on.

Ye Tianzheng looks around in doubt. He vaguely remembers that he should be in the dungeon.

Why have you never seen it here?

All of a sudden, his sight shrank and he saw Ye Chen naturally!

His eyes widened, and then gradually became red: "chen'er! You - you saved me? "

Ye Chen laughed and nodded fiercely: "Dad, how do you feel about your body?"

Ye Tianzheng stood up. Although he was very weak, he didn't have any big problems. He just stayed on the ice for a long time, and his body was paralyzed.

"Chen'er, I'm not in a big way. By the way, the blood League is heavily guarded, and ye Hongbin, how did you bring me out?"

Ye Tianzheng's eyes are full of doubts. He knows that ye Chen has disappeared for five years, and his strength is very strong. He has broken the ghost prison in China.

But in the virtual blood League of Kunlun for so long, he roughly heard something about the situation of the virtual Kunlun.

Kunlun Xu is not the same as Huaxia. There are too many strong people here. Even the top powerful people in China may not be able to shake a sect disciple here.

Ye Chen will blood alliance happened things roughly once, of course, a lot of things are saved.

In Ye Tianzheng's ears, ye Chen, a friend of wanjianzong, came to fight with countless strong men.

Ye Tianzheng didn't think much about it. Then he said excitedly, "chen'er, your mother is also here?"

Ye Chen shakes his head: "Dad, mom is in the Chinese capital now. I'll go back to Huaxia later and pick up Ma."

Qingxuanfeng has that old ancestor sitting in the town. With the ancient array, it is obviously much safer than Huaxia, so we should bring our mother and others in.

Now he has the ability to protect himself.

Ye Tian is nodding and calming down. Suddenly, he thought of something and said, "chen'er, do you still remember that I gave you a stone at the beginning?"

Being trapped for so many days, he actually thought about a lot of things.

Kunlun xuxue league wants to grasp itself, in fact, it is for the black stone in the final analysis.

Ye Chen is surprised to see a father, just intend to take out, ye Tianzheng is to stop.

"I don't know what it is, but since so many people are jealous, you must take good care of it, even if it is me."

"Before your grandfather died, he repeatedly explained that the Ye family could be destroyed, but the stone could not fall into other people's hands."

"And the stone belongs to you alone."

"It's about the fate of all of us."

"What's more, during this period of time, I sorted out the words your grandfather told me at first and the things interrogated by the Kunlun xuxue League. I found that the Kunlun xuye family should be regarded as our real family, and your grandfather came out of it. This also explains the special blood vessels in you and me. Although I don't know why the people in the martial arts circles of China gave you all the tests of ordinary roots, I vaguely felt that it was not that our blood vessels were too weak, but that our blood vessels were too strong. The instruments of Huaxia were not qualified for testing! "

Ye Chen heard his father's analysis, but he was surprised. Every word his father said was confirmed by him.

No mistake.

The water of xuye family in Kunlun is extremely deep.

Suddenly, ye Chen thought of something and took out two pieces of jade pendant from the samsara cemetery.

A jade pendant was obtained from elder Zheng of blood League in the airport war.

This jade is engraved with the word ye, which must have come from the xuye family of Kunlun. As for how elder Zheng got it, it is no longer important.

As for the other one, ye Chen found it in the garage of Jiangcheng's old house and hid under the Audi.

Cheated everyone.

It is also a jade pendant of Ye family.

No accident, my grandfather should have stayed on purpose.

It's just that this jade is quite different from another piece of Ye family jade pendant.

One is ordinary, the other is carrying the supreme aura.

Duan leiren told himself that from the perspective of the energy in the jade, the identity of the person who held the jade was not low, even not just the leader of a family!

To control this jade pendant is to control a clan!

And Duan leiren asked Ye Chen to take care of it, and never fall into the hands of others, or there will be endless troubles!

Ye Chen guesses wrong. This jade pendant has something to do with his grandfather's real identity.

When the two jade pendants came out, the blood in Ye Tianzheng's body suddenly boiled, and a ray of light gushed from ye Tianzheng's eyebrows!

It is the power that has been protecting Ye Tianzheng.

The next second, ye Tianzheng stretched out his hand. He wanted to grasp the jade pendant with the supreme aura, but found a layer of obstruction and directly flicked his hand away.

It's like, the jade doesn't belong to him.

Ye Tianzheng smiles and reaches out to hold another jade pendant of the xuye family in Kunlun.

Hold the palm of your hand.

A powerful flow of information suddenly surged.

After that, the scenes flow through!

Ye Tianzheng's eyes widened, and his face was even more pale.

Ye Chen was a little worried and concerned: "Dad, how do you feel?"

In the outside for a second, but in Ye Tianzheng's mind, it seems that it is ten thousand years.

In a trance, he raised his head and looked at Ye Chen, which was extremely complicated.

He finally understood why his father took himself away from the dispute and lived in seclusion in a small city in China.

Also understand why the father wants to set up such a grand Bureau, let Ye Chen go down.

Chapter 707

"Dad, what's wrong with you? How do I feel your eyes are different. " Ye Chen frowned.

Ye Tianzheng thought about it and asked Ye Chen, "chen'er, is there any smoke?"

Ye Chen a Zheng, father but quit smoking for ten years, how suddenly smoke up?

What's the change of jade pendant and the change of father's eyebrow?

Ye Chen or from the samsara cemetery pulled out a package of Yellow Crane Tower, shaking, handed to his father, fingertip a flame, light.

Later, ye Chengang wanted to point one for himself, but was directly taken away by Ye Tianzheng.

"What's the child smoking? Stop it."

Ye Chen:

Ye Tian was leaning on the ice for a long time. When a cigarette was half smoked, he opened his mouth and said, "chen'er, I want to go to the xuye house of Kunlun."

When you come out, you don't react at all.

Although Ye family is no longer in ancient times, the xuye family in Kunlun can not be underestimated.

From the mouth of Ye Hongbin and Jian Xueshen, it is known that the xuye family in Kunlun is in a dormant crisis, and it is not that ordinary sects can fight against it.

Mysterious to the extreme.

The key is that my grandfather left the xuye family in Kunlun. It is likely that he had something to do with the people inside!

Father went to Ye's house, didn't he seek death?

Ye Tianzheng took a look at Ye Chen and continued: "do you know the real reason why your grandfather left?"

Ye Chen Mou son heavy, shake head.

Ye Tianzheng shook the ash and said, "your grandfather was actually driven out."

"By the Kunlun xuye family's people smashed the elixir field, abandoned all accomplishments, and drove out of the Ye family."

In the words, ye Tianzheng's fingers are shaking.

The picture in my mind is vivid!

Shocking!

Because the former owner of the Ye family jade pendant witnessed all that!

Ye Tianzheng not only saw his father was destroyed by force!

I saw my mother seriously injured by a man.

The heart rending picture completely touched him.

Two people are fed two pills.

Although I don't know the origin of the pill, the painful expression on the parents' faces shows that the pill is no different from the poison!

A cold word even rang through my ears.

"You are not qualified to fight for the power of the Ye family, and the principle of your protection is ridiculous. From today on, you two should leave xuye's home in Kunlun and stay out of my sight. "

"What's more, those two pills can only let you live for another few decades. In a few decades, you two will die completely, and no one can cure you in this world. You can also enjoy the feeling of suffering mandarin ducks."

"I will send someone to pick up your ashes. At least you are the first successor of the Ye family. It's a pity that you met me."

"No matter the skill and strength, I am more qualified than you to control the Ye family."

"Now, go away! You and your descendants are not qualified to step into the Ye family again. "

"By the way, maybe you can't even have younger generations. Even if you do, I'm afraid it's a waste that can't be cultivated."

Ye Tianzheng is burning with anger. The initiator of all this is a man named Ye Fudong!

That is, the master of the xuye family in Kunlun!

After Jiangcheng, ye Tianzheng often found that his mother's face was ferocious, as if suffering from some pain.

He thought it was an old problem, but he didn't expect it was the torture of this man!

He and Jiang Peirong gave birth to Ye Chen only a few years ago, and their parents left one after another.

It's a coincidence.

I thought it was the romance of the two old men. I went to the netherworld together, but I didn't expect to be persecuted!

In those years, the old man took Ye Chen to many places.

He and Jiang Peirong have never understood, now he finally suddenly.

Father this bureau, endure for so many years, is to want Ye Chen to break open!

He wanted Ye Chen to take back some things he had lost!

Ye Tianzheng smoked another cigarette and finished all these things one by one.

Although he was angry, he could feel Ye Chen's blood rage more.

At the moment, ye Chen clenched his fist, and his veins burst out.

On the spot, the Dragon flew out of the body.

The sound of the Dragon howling is like thunder.

The sky over Qingxuan peak is overcast.

Ye Tianzheng felt that the situation was not right. He put out the smoke in his hand and said to Ye Chen, "forget it, it's not urgent."

"Chen'er, just remember that name."

"Your grandfather has been preparing for so many years. He doesn't want to fail at this moment."

Ye Chen's eyes are full of blood. He holds the jade pendant in his hand. The jade pendant seems to notice Ye Chen's anger with a trace of blood light.

Suddenly, ye Chen said, "Dad, since you have seen those pictures, do you know ye Fudong's accomplishments?" Ye Tian is nodding: "a few decades ago, ye Fudong's realm seemed to be in the eighth level of Xuwang's realm."

At this moment, ye Chen felt his own insignificance.

He is very clear about the cultivation system of Kunlun Xu.

It includes quenching body state, Kaiyuan state, Qidong state, Lihe state, Zhenyuan state, Shenyou state, transcendental state, Shengwang state, Huixu state, Xuwang state, Daoyuan state, etc.

There are nine levels in each realm.

Now he is in the transcendental realm, can crush Kunlun virtual into the Holy Land strong, and even with the help of cards can kill the existence of the holy kingdom.

But the virtual kingdom is too far away from him.

Although there are samsara cemeteries, there are huge limitations.

The stronger he is, the stronger the power of reincarnation graveyard and the strength of great power will be.

This is a virtuous circle.

At present, the most important thing is to enhance the strength.

Thinking about everything, ye Chen looked at Ye Tianzheng and said seriously, "Dad, give me a few months. Then I'll take you and mom to the xuye house in Kunlun."

"Some people think they are in charge of everything and are respected by thousands of people. Then I will let them know what the fury of burning the sky is!"

"I didn't care about the xuye family in Kunlun, but since he asserted that granddad's descendants would never be able to enter the Ye family, I would not only go to the Ye family, but also take the position of the head of the Ye family with my own hands! Take this man down from the altar! Let him feel the pain of hell

At this moment, ye Chen broke out an extremely murderous opportunity!

The blood dragon falls from the sky and rushes into Ye Chen's body!

And the jade pendant in Ye Chen's hand is flashing a strange light.

The light disappears.

The jade pendant is decorated with a dragon with blood flowing through the sky, which is popular all over the world.

On the back of the jade pendant, there are two Ancient Runes named Ye Chen!

Unknowingly, the jade actually recognized the Lord!

Ye Tianzheng took a deep look at Ye Chen and nodded: "good."

Just as indignant and dignified, there was a knock on the door.

The voice of the ancestor of qingxuanfeng suddenly rings out!

"Mr. Ye, can you be in it? I have something important to discuss! "

"Just now, with the blood sacrifice array, I realized the whereabouts of the master of the medical God sect!"

Ye Chen heard this sentence, anger completely dissipated, fingers gently grasp, the door directly open!

"Come in!"

The whereabouts of the master is extremely important to him!

Chapter 708

When he saw Ye Tianzheng, he was surprised.

The expression is very strange.

He just went out of the pass, naturally did not know that ye Chen went to the blood League, not to mention what happened to the blood League.

It must have been more surprising to know.

"Mr. Ye, this is..."

In the future, his father will not be responsible for any loss of his father's safety

The old ancestor of qingxuanfeng was stunned. He clearly remembered that ye Chen's father was not in the blood alliance?

Why did it come out all of a sudden?

Did the blood alliance agree to release people?

He just wanted to say hello to Ye Tianzheng, and ye Chen said, "say business."

The ancestor of qingxuanfeng just looked at Ye Chen and took out an array plate.

Then the finger pinched, and there was a flash of light on the array disk.

The light spot is weak.

"Mr. Ye, this light spot represents your master. With the array plate as the center, the eye of the array is our Qingxuan peak. According to the location, it is speculated that he should be in the area of Yucang mountains. As for the specific location, it is not very clear."

"What does my master do in Yucang mountain? And what's special about this place? "

Ye Chen has a wonderful way.

The ancestor of qingxuanfeng hesitated for a few seconds, and then said, "there is something special about yucangshan. It is also called the place of killing. It belongs to the xusanwu area of Kunlun."

"It's also very difficult for some of kunlunxu's clan Alliance forces to take charge of that place. Gradually, it became a paradise for some special people.

Some of the people who were chased or wanted by the clan went there. "

"Then it led to the industry, and now it is very prosperous."

"Once you get inside, you will be stripped of all your honor. The door behind you can't help you. The only thing you can rely on is yourself."

"It's crueller than most parts of kunlunxu. According to the investigation, hundreds of people die every day. Here, human life is the least valuable. Of course, the chance there is far stronger than most places in Kunlun

Ye Chen frowns tight, master's character, he knows, for this kind of killing breath is disgusting.

His body is a kind of cool and free and easy temperament, for this kind of place can not be integrated.

How did you go?

The ancestor of qingxuanfeng took a look at Ye Chen and continued: "Mr. Ye, there is something I haven't said yet. This Yucang mountain is still the only place to enter daocong.

I'm really not sure if your master is going to find daocong or go to this killing place to look for opportunities. "

"But don't worry, Mr. Ye. The flashing light will prove that your master won't have any problems in a short time. I can at least guarantee that there will be no accident in ten days."

"And ten days later?" Ye Chen Dao.

The ancestor of qingxuanfeng sighed for a long time. He wanted to hide it, but he still said: "the disaster of blood."

"That's one of the reasons why I'm so eager to see you."

Ye Chen did not fluctuate too much, instead, he was extremely calm.

"I see."

"Mr. Ye, I have already broken the shackles of qingxuanfeng. Or I will go there in a few days and try to find your master?"

Ye Chen waved his hand: "no, you can protect my father here. I'll leave the rest to me. I'm going to go to Huaxia. When I come back, I'll go to Yucang mountain. "

Since the master is not in danger for a short time, take the mother over first.

Isn't Mother practicing day and night just for this day?

After coming back, it's not too late to go to Yucang mountain.

.....

At this time, a shocking news spread out, shaking the whole Kunlun Xu!

Kunlun Xu has no microblog of China, but has Kunlun Xuling newspaper.

It's like newsletters.

The spirit newspaper published all the major events in Kunlun Xu.

You can even view the pictures inside with the technique.

Every sect and faction of Kunlun Xu will receive Kunlun Xuling report at the first time.

The contents are extremely rich, ranging from the opening of the secret realm, or the so and so sect's talented disciples, to the sect's hatred and fighting.

But today's Kunlun Xuling Bao was slaughtered by a piece of news. On the same day and in the same place, the two main branches of Kunlun Xuling newspaper were destroyed!

Blood alliance leader sword blood sedimentation and hundreds of elders and disciples are all killed!

The blood alliance is almost in ruins!

Master Zhen Haizong and dozens of his disciples were killed! No one survived!

Just an hour before the accident, Jian Xueshen started a hundred pursuit orders, telling them that ye had found out that ye had killed the world! Ask for support!

When the rest of the clan felt the blood alliance, they saw the unforgettable picture forever!

A sea of blood and thousands of bodies, shocking!

What a slaughter and cruelty!

I haven't seen Kunlun for a hundred years! But in this sea of blood that plum blossom branch is incomparably clear.

Everyone knows what plum blossom branch stands for!

The devil ye Shitian!

Kunlun Xu, your nightmare is back!

An invisible sense of depression seems to be hanging over the empty sky of Kunlun.

In addition to the top families and clans, all the rest dare not even smile!

This is the fear ye Jingtian brings to them!

In ten days, Li family, Gao family, Zhen Haizong, Xuemeng all had an accident!

Who knows who's next!

After the news was sent out, the Qing Yang sect, which had a hundred hunting orders, announced its withdrawal!

Lin yunzong announced his withdrawal!

After that, all the remaining 90 sects announced that they would never pursue ye Shitian!

Even some zongmen are willing to attract ye Shitian at a high price!

A stone stirs a thousand waves!

More bizarre thing, Kunlun Xu plum tree suddenly reduced!

Each major sect let the elders and disciples cut down all the plum trees in a ten mile radius!

Plum trees even become ominous!

Who could have thought that a man would make ordinary plum trees RARE!

Kunlun Xu Ji family.

Ji Siqing looks at the spirit newspaper in his hand and frowns.

"Zhen Haizong and Xuemeng are not equal to one? What is the origin of Ye Shitian? Why didn't any news come out in 20 years, just this month? In other words, this ye Shitian has endured for 20 years for today? "

"What kind of man is he?"

She sighed and looked at the door not far away. She didn't know what she was thinking. Lin Ruhai of qingxuanfeng had been in for almost a day, but still had no result.

I don't know if my father will wake up this time.

At this time, Ji Lin saw the content of the spirit newspaper and said curiously: "sister, if you face this ye Shitian, how many% are you sure? You are the seventh immortal genius in the history of Kunlun Xu to enter the realm of returning to emptiness at the age of 20. "

Ji Siqing shook his head: "there is no comparability. We have to see it before we know. There are too many rumors outside. Some people say that ye Shitian is the holy King state, but some people say that ye Shitian is returning to the virtual realm. Some even say that he is the virtual King state! This leaf kills the sky too strange, also don't know what looks like. Judging from his behavior, he has a strong desire to kill. He is afraid that he is a man with a beard. "

Ji Lin thought of something, and suddenly said: "even a beard is better than ye Chen's small white face. Ye Chen is very annoying. Although his strength has increased a lot, his face is thicker. Last time, he said that he was that ye Shitian. If I hadn't been wise enough to expose him, this guy would have been fooling around."

Ji Siqing heard Ye Chen's name, and his eyes flashed a trace of complexity.

She naturally does not believe that ye Chen is ye Shitian.

It's a big gap.

Day by day, like a Gulf.

"By the way, you went to Huaxia to give ye Chen the jade order. Once a year, it will start again. According to the strength of Ye Chen now, he should not be as embarrassed as he was at the beginning."

Chapter 709

Jade order?

Ji Lin just remembered what, nodded his head and said: "elder sister, that jade makes me hand over to Ye Chen, just don't know this boy can go."

"His current strength is really good, but his biggest hard injury is that his training time is too short, and his blood is general. It is estimated that fan Gen can't find a few in Kunlun Xu. His only chance of winning should be the array momentum."

This period of time, although Ye Chen's strength subverts Ji Lin's cognition, she is still not optimistic about that matter.

It was a battle of martial arts and Taoism.

Countless opportunities.

It is also the best way to test Kunlun's talent of Xuwu Taoism.

That's why my sister Ji Siqing rang through the whole Kunlun void!

And four years ago, they met Ye Chen for the first time.

Ye Chen at that time was his first year in Kunlun Xu.

Stumbling.

The head of the medical God sect knew that ye Chen's intention of killing and revenge was too heavy. After numerous persuasions, he could not erase the anger in Ye Chen's heart.

He couldn't teach ye Chenwu Dao, so he could only bring ye Chen to the door in person and invite hundreds of followers to accept it.

I hope someone can teach ye Chenwu Tao.

Unfortunately, the word "fan gen" is too dazzling in Kunlun.

It is so dazzling that no clan is willing to accept a waste that will not achieve much in the future.

At that time, ye Chen was the waste.

The cultivation is not high, and there is no potential.

It seemed to indicate the gloom of his next life.

Ye Chen does not believe in evil, eager to prove himself.

The best opportunity is the annual battle of talents among different sects.

Key, once the top 50 people, they are entitled to a great opportunity and the support of the top families.

The more forward, the more chance.

Most of the people who get the chance are not for the chance, but for the support of the top clan!

The head of the medical God sect got a jade order by accident because he saved a sect elder who was on the verge of death.

After all, with the influence of the declining medical God gate at that time, there could not be a quota.

He hesitated for a long time, or gave the jade order to Ye Chen, hoping Ye Chen could see the real strong man of Kunlun.

Talent is not as good as that group of people.

But unexpectedly, ye Chen is determined, not only want to watch the peak of the battle, but also sign up for the competition.

Ridicule, abuse.

What a thousand people have pointed out.

It turned out that he didn't even have a chance to take office.

He was knocked off the stage by several people.

There are even some people ready to waste one hand of Ye Chen, but Ji Siqing appears.

This is the first time for the stag.

The name of Kunlun is empty.

Such a beautiful girl of heaven, respected by thousands of people, is the dream goddess of countless young strong men.

You can only see from afar, not to play.

But it is such a goddess level existence, but openly want to protect Ye Chen, no one dares to block.

The violator, kill.

There was an uproar.

If the eyes could be turned into knives, ye Chen at that time would have been full of holes.

It is precisely because of this matter that ye Chen's name is increasingly questioned.

Even for a period of time, the heat was almost the same as that of Ye Xiantian.

It's just that one is famous for its waste and the other is for its strong posture.

The gap between heaven and earth.

At the moment, Ji Lin wakes up from a trance and suddenly thinks of something. He asks Ji Siqing, "by the way, sister, will you still participate?"

Ji Siqing took a look at Ji Lin and shook his head: "let's talk about it. If there is no top strong person willing to stand up in Kunlun, what's the significance of my participation?"

"What's more, the organizing committee has asked me for my opinion. If I don't participate, I may have to serve as a judge."

"Well, if I were a judge, those guys would not have a problem with Ye Chen."

Thinking of this, Ji Siqing's red lips pursed.

"However, I always have a premonition that this is not simple. Lin'er, do you think ye Shitian will take part in it?"

Ji Lin just wanted to say something, "creak!" The door of father's room opened!

Lin Ruhai of qingxuanfeng came out.

At the moment, Lin Ruhai looks pale. Obviously, such a long time has consumed his great skill.

The breeze is blowing.

Ji Siqing has appeared in front of Lin Ruhai: "elder Lin, it's hard. I don't know how my father is now?"

Lin Ruhai breathed out a breath, and his expression was somewhat dignified: "Miss Ji, I have tried my best. Your father can wake up, but now there is still one biggest problem. He has been devastated by his spirit, which is very troublesome. Even if he wakes up, his intelligence may be only three years old, and it's hard to recover. "Ji Siqing was stunned, clenched his fist, and then said, "master Lin, if I have not guessed wrong, you should still have a way."

Lin Ruhai nodded: "the spirit is injured. There is only one pill in the world that can be saved."

"Taigu Xushi Dan!"

Ji Siqing suddenly made a sound.

Lin Ruhai nodded: "it's this pill. It's just that it existed in ancient times. Now it's hard to get it. But miss Ji doesn't have to worry. Although Taigu Xushi pill is the best one, I still have some chronic treatment for your father."

Ji Siqing didn't continue to talk. She found that she couldn't avoid the leaf killing the sky.

The only time there was news of Taigu Xushi pill in Kunlun was that it was taken away by Ye Shitian.

Although the pill is a waste pill, ye Shitian must have his reasons since he took it.

Ji Siqing's mouth showed a smile: "master Lin has worked hard, and I've got my servants ready for the dinner party."

Lin Ruhai shook his head: "Miss Ji, I have something else to do with qingxuanfeng. I need to go back quickly. By the way, I can help to ask my grandfather if there is a prescription for Taigu Xushi pills. "

"Then there is master Laurin."

After Lin Ruhai leaves, Ji Siqing and Ji Lin rush into the room, and his father's complexion is obviously much better.

If you really want to wake up, you can.

But now there is something wrong with the spirit, and waking up is also a torment.

"Sister, what to do next?" Ji Lin raised his head and worried.

Ji Si's delicate hand is placed behind him, gently swings, the breath sends out, the ground turns into ice.

Her cold voice sounded in the whole room: "from today on, Ji Jia will go to look for ye Shitian at all costs!"

"Any place where ye Shitian appeared should be searched all over. I don't believe that ye Shitian, a big living man, can suddenly disappear!"

"What's more, Ji Lin, you'll go to Kunlun Mountain in China right now. There must be a reason why ye Shitian appeared there for the first time."

"Yes, sister!" Ji Lin nodded. Suddenly, a figure flashed in her mind, "elder sister, ye Chen is familiar with Huaxia, or should I go to qingxuanfeng to find Ye Chen?"

Ji Siqing shakes his head: "no, maybe Ye Chen is preparing for that event in the closing ceremony at the moment, so we don't want to disturb him."

Chapter 710

"This time he saved you is the result of hard training. If you let him spend time looking for someone you don't know, it will be useless."

"All right." Ji Lin has no choice but to agree to come down. He is a little disappointed.

Although Ye Chen's strength is not very strong in Kunlun, if you can go with him, many people will have many hopes, and there is a person who can speak on the road.

At the same time, China, Kunlun mountain.

Ye Chen came out of the Kunlun void, feeling the sudden lack of external aura, but he was a little uncomfortable.

He took out his mobile phone from the samsara cemetery and just turned it on, he received countless SMS and wechat.

Xia Ruoxue, Sun Yi, Zhu ya, Wei Ying, bailibeng and even Shen Haihua of Tianzheng Group have sent many short messages.

He glanced at it and didn't reply.

Mother and others should be at Ye's house in the capital city. It's just a surprise for them today.

The one who said to protect the Ye family naturally believed it.

No longer think about it, ye Chen is heading for Kunlun Mountain International Airport.

Because there is no one around, and there is no substitute for walking, you can only walk. Fortunately, ye Chen's strength has stepped into the extraordinary realm, even if walking, the speed is extremely fast.

When ye Chen is 3000 meters away from the airport, a mountaineering team is in Ye Chen's sight.

There are six people in the team.

They are both young men and women.

But some of his face is dusty, even can be said to be embarrassed.

The altitude here is too high. It really takes effort for ordinary people to come up here.

One of the girls was dressed in mountaineering clothes, her eyes were like water, her slender thighs could not even be covered by climbing pants. Her big wavy hair was tied up high and her face was covered with sweat and rosy clouds. She was a first-class beauty even in China.

It is this woman that attracts Ye Chen's attention.

Not because of each other's appearance, but because ye Chen knew each other.

Du Yunyan.

Students of Beijing Normal University.

The first time ye Chen flew from Jiangnan province to the capital city, he met Du Yunyan and her mother. In an accident, he narrowly saved Du Yunyan's mother.

They even invited him to live in a villa near the normal university for one night, only to be driven away by Du Yunyan's father.

After that, ye Chen met several times in the normal university.

Later, she was never heard of.

He didn't expect to come out of Kunlun, and the first acquaintance he met was Du Yunyan.

However, it's normal to think about it. Du Yunyan likes excitement and is keen on traveling. Besides going to school, he plays outside. It's not strange to be here.

He had no choice but to shake his head. Naturally, he would not stay for Du Yunyan, and quickly walked towards the direction of the airport.

But before they had gone a few steps, they were discovered by the six men.

Two of the tall men came over and blocked Ye Chen's way.

They had a large backpack with a folding tent inside. They were obviously looking for a place to camp.

"Well, to ask you something, have you just come down from above? How long is it from the top of the mountain? "

The man's tone of inquiry is somewhat arrogant, obviously his identity is not general.

The key point is that the attitude is not to ask the way, but to question others.

Ye Chen does not pay attention to, and two people pass by.

That cold and arrogant attitude, let two people trance for a few seconds.

"Who the hell is this? I'll pretend to force me to ask for the way?"

The man who asked the way couldn't hang on his face and said angrily.

He knows that the two girls behind him are watching.

Today, I finally cheated two beauties from Beijing Normal University to climb the mountain to watch the sunrise.

One of the key points is the best beauty.

At the top of the mountain, camping is definitely the best chance.

Of course, the two women are very defensive. Along the way, they don't even give them the chance to touch.

This made them a little annoyed.

"Forget it, the little boy is going to be born again, and it's coming soon."

"In the evening, you know."

Another man patted the talking man on the shoulder and said with a bad smile.

Just here, a clear and excited voice suddenly rang out: "Mr. Ye?"

Obviously, Du Yunyan noticed Ye Chen, who was preparing to leave.

Although it is just a back figure, but the momentum on the body is too similar.

as like as two peas, the person who left the key is almost the same as his leaf and hair.

After the headmaster left, ye Chen may have gone abroad.

There has been no movement.

But Du Yunyan knows another identity of Ye Chen, major general.

It is estimated that what happened in Normal University during that time had something to do with Ye Chen. Ye Chen steps a meal, or stopped.

Du Yunyan Mou son a Xi, know the other side is Ye Chen, hurriedly trot over: "Mr. Ye, how clever, you are here?"

Ye Chen took a look at Du Yunyan and looked at several people behind him: "don't go in again, it's almost here."

This is a reminder from ye Chen.

After all, if you go deeper, you may meet some practitioners.

Although practitioners don't know how to deal with ordinary people, it doesn't mean there are no evil people.

Du Yunyan was stunned, took a look at the top of the mountain and nodded his head earnestly: "is Mr. Ye ready to go down the mountain now?"

"I'm going to the airport."

Du Yunyan's face suddenly showed a happy look, and hurriedly returned to the position just now and carried a pink mountaineering bag behind him: "Mr. Ye, in this case, with me, I can't bear to walk up again. I happen to be with Mr. Ye."

After that, Du Yunyan waved to another girl: "Chen Xia, come here quickly. This is a professor of our normal university. We're almost here. Why don't we go down together?"

The girl named Chen Xia doubted a little bit, and then looked at several people around her and nodded.

In fact, she regretted going up the mountain.

Although sunset and sunrise are beautiful, Kunlun Mountain is the best place to watch, but the two men around her make her feel very uncomfortable.

"Good."

With that, Chen Xia also came to Ye Chen's side and nodded: "good Professor Ye."

Although Ye Chen is young, her whole body is full of mature temperament. In Chen Xia's eyes, there is nothing wrong with calling a professor.

Seeing Du Yunyan and Chen Xia leaving, the two men's faces were filled with a trace of anger.

I thought it was an ordinary passer-by, but he robbed them directly?

The ducks fly, which makes them happy?

"Yunyan, you can't do it like this. You can walk a few steps to the top of the mountain. I've heard that the sunset and sunrise in that place are very beautiful. Don't you think it's a pity to give up just a few steps?"

"It's not too late to go back."

A man said seriously.

At this moment, Du Yunyan hesitated.

Ye Chen didn't want to pull more here, and said directly: "there is no scenery above, maybe only corpses."
