Chapter 7041

But the voice she made was very sad, as if someone had forcibly broken off the skull, tore the heart and lungs, and the pain was extreme.

Many people feel numb when they hear such screams and dare not look back.

Chu Rou's shrill voice lasted for three days, getting weaker and weaker day by day. Until it disappeared, someone went up the mountain to check. Only then did they see the place where he stood before, leaving only a pile of ashes.

Many disciples of Jianjia sword sect always feel that they should be separated. However, due to the dignity of the senior elders, they only dare to put this in their hearts and dare not say it openly.

But as a result, a seed was quietly planted.

Perhaps the next person to be burned is one of them?

.....

meanwhile.

At the junction of the frozen snow field and the xuanhai sea, a taboo entrance emerged with a dignified figure and entered the snow area.

She also carried two attendants with her and escorted a panicked figure.

Her whole body was covered by a white robe, emitting a mysterious smell, distant and powerful.

This time, it was the head of Shengbing family, who was personally received by Tan Xue at the east gate.

The East Gate explored the snow, arched its hand, and then brought it into the depths of the altar.

There, there is always the darkness of the boundless sky. When you look at it, you can't see the end, and from time to time, an extremely dangerous smell comes to frighten people's hearts and souls.

After the mysterious man came to the bottom of the altar, he lifted his veil and revealed his real face. Unexpectedly, it was Shen Mengchen, an elder of Jianjia sword sect.

After the East Gate snow probe brought him in, he was also very knowledgeable and soon retreated.

Now there are only Shen Mengchen and boundless darkness left in the dark altar.

Her attendants were really worried about such a strange atmosphere.

"Don't be sneaky, come out." Shen Mengchen said to the abyss of the altar.

Sure enough, there was a change under it soon, and a dark light shone brightly.

"Hehe, Shen Mengchen, do you know how to come to see me... Why, seeing me like this, you have a sense of achievement, don't you?"

The hoarse voice was the son of Jianjia. Although it was as sharp and fierce as before, it still couldn't hide the weakness in his words.

"What happened? Why did you get so badly hurt?"

Shen Mengchen frowned. She came in this time because she knew about sun Yerong, so she took another child disciple to enter here through the taboo method.

But the injury of Jianjia Shengzi should not be so serious.

"What happened?" he said. He did not want to say more. He condensed a memory bubble directly, and the foam burst in the air. The scene at the beginning of the battle appeared in Shen Meng's eyes.

Shen Mengchen was surprised to see ye Chen running away after using the startling sword.

And sun Yerong also shot. He didn't die twice. No wonder the monster was so worried.

"This time, I brought you a good thing by the order of the patriarch. Just take it. It should be able to make up for some injuries."

With a wave of Shen Mengchen's hand, the two guards of Jianjia sword sect set up the female disciple and walked forward.

The female disciple seemed to be aware of something, and her look became very frightened. She hurriedly said no and even begged.

Her aura has been blocked by Shen Mengchen. She can't use all kinds of martial arts and magical powers. Now she has to obey her fate.

"Elder Shen... No... no, you said you brought me into the Qinhuai mountains. Why did you come here?"

The female disciple struggled desperately but to no avail, and was directly thrown into the abyss by the two guards.

It was as if a chaotic gap had been opened, and endless waves of air rolled out, swallowing the female disciple in the blink of an eye.

"Help..."

The scream of the female disciple came up from the bottom of the cave. It was very sad, but it could only stop abruptly in the end.

The black light was blazing for a moment, like a poisonous snake that chooses people to bite, tearing the female disciple into several parts, and then tasting it carefully.

"Ah... This wonderful virgin's blood is much better than those defective products sent before. Shen Mengchen, go back and tell the people of Jianjia sword sect to send more next time, or my spirit will soon die."

Shen Mengchen on the shore glanced at him without expression and said nothing. He turned back with two guards.

"Ha ha... It's a pity that you are no longer a virgin. Otherwise, I want to absorb your virgin essence and blood. In that way, my accomplishments can be greatly increased."

When Shen Mengchen heard this, he stepped forward and looked back at the cliff coldly.

"Ha ha, it's just a joke. Why take it so seriously?"

This time, Shen Mengchen did not pay attention to him, but walked out of the underground sacrificial palace and returned to the outside world.

Every time Jianjia sword sect lets people enter here, it has to spend great efforts. Therefore, for thousands of years, the sect has adopted the way of exile to send the virgin's blood to Jianjia Holy Son.

In order to prevent it from recovering too quickly and escaping from the seal, every time Jianjia sword sect selects only one female disciple with the lowest strength and sends her here as a sacrifice.

"By the way, I forgot to tell you. This time I ventured in to deliver fresh blood for you. It's not free. We need your help to catch a female disciple and her partner."

Shen Mengchen said.

Hearing this, the joy in the eyes of Jianjia Shengzi was instantly extinguished, and a pair of gray white fog evolved.

"Hehe, I know who it is if you don't say it."

Jianjia Shengzi's strength is rapidly recovering. This trace of virgin blood has brought great benefits to him, making his whole skin glow with shining luster, and the dark light on his body flows continuously, Yingying like jade.

"Ye Yatian, sun Yerong, you two wait for me! The Holy Son will tear you to pieces!"

Jianjia Shengzi's terrible thoughts reverberated in the abyss and filled the air, tearing the whole space apart.

On the altar of the outside world, a cloud of robbery gathered, which became bigger and bigger, almost covering half of the city of ice and snow.

Some powerful elders looked dignified after seeing this, because they knew that the son of Jianjia was in a rage, and I'm afraid the wind and cloud in this world will change color!

At the same time, in the ice field thousands of miles away from here, ye Chen, sitting on the ground, suddenly opened his eyes, and a Buddha light emerged, filled with golden light, just like ten thousand Buddhas chanting, and clear scriptures came out, which made people's spirits feel particularly relaxed.

There are even some functions of washing dirt and improving the quality of the soul.

Chapter 7042

Sun Yerong sat aside, feeling the surging and mysterious power of Ye Chen, and couldn't help being surprised.

The waterstop sword displayed by Ye Chen contains the momentum of nothingness. It is the oldest and powerful existence in the world. Any practical law is vulnerable in front of it.

At this time, the Buddha light that appeared on Ye Chen seemed to go beyond the ordinary law between heaven and earth and enter the realm of magic and hazy.

"Ye Chen, where did you inherit this skill? I've never seen it before?"

Sun Yerong couldn't help but ask curiously.

Ye Chen opened his eyes, and the overflowing Buddha light turned into a dragon and integrated into his eyes.

He smiled and explained, "this method is called Tianlong eight divine sounds, which is one of the thirty-three Tianhong Mongolian methods."

"33 Tianhong Mongolian law?"

Although sun Yerong had never seen such a magic power, he was surprised to hear it.

She has read many ancient books and has a wide range of knowledge.

This thirty-three Tianhong Mongolian Dharma is the Hongmeng original power burst out in chaos at the beginning of heaven and earth, and can be regarded as the source of cosmic power.

These original forces were later condensed and decomposed into 33 secret methods, each with its own magic, which were not shaken by human power.

Born in response to the fortune of heaven and earth, it has the potential to reverse heaven and earth. Every Hongmeng secret method is a supernatural existence.

This magic power has not been displayed in the xuanhai, or sun Yerong has never met anyone who has it.

In fact, it can be understood that xuanhai is in an isolated area, and few supreme treasures fall here. The main battlefield of the real world is still in the heavens and the supreme world.

"Wow... The things in your hand are so precious."

Sun Yerong is full of envy. Up to now, she only has a hundred flowers divine sword and several other magic weapons to protect her life.

It's still far from ye chenlai!

She can feel that the bearers will bear great pressure when the dragon eight divine sounds are displayed.

If there was no strong strength support, it would have gone up in smoke.

At this time, ye Chen is sneaking into the ground with the Buddha Qi in the sound of the eight gods of heaven and dragon to find the trace of the ancient bronze gate.

But it was at this time that the rumbling sound sounded. There was a towering brilliance outside the iceberg. In an instant, it burst out an ancient flavor, frightening the world. It was more mysterious and profound than in ancient times.

This breath seems to take heaven and earth as the melting pot, which is instantly transformed into dark and gloomy, mixed with the power of ice and snow that can destroy heaven and earth, which is shocking.

Ye Chen raised his head and looked dignified.

He could feel the surging momentum. It was the son of Jianjia who came to the door.

But didn't I give him a heavy blow not long ago? Why are you so ferocious and energetic today.

The shadow of the black snow and ice all over the sky slowly condensed, and a pair of cold eyes stared at Ye Chen.

"I've warned you not to do stupid things, or I'll keep an eye on you."

The Jianjia Holy Son, who was formed by the shadow, grinned and felt very sad.

Ye Chen didn't expect that this guy could find himself so quickly, and his face became a little dignified.

Sun Yerong was about to get up and summon a hundred flowers divine sword to deal with him.

Ye Chen stopped it.

"Don't be impulsive. I don't know how strong this guy has recovered. Let me meet him first."

Ye Chen said, raised his hand, bit his fingertips, and the blood of reincarnation blood fused with the sound of Tianlong eight gods.

A jade slip condensed together!

All I heard was a crash, a restless sound, straight into the sky.

Endless brilliance blooms in an instant.

The breath contained in the jade slips is very distant and powerful. It is no less than the way of heaven here, and even better than the ancient Yun rules.

The ancient Hongmeng characters, like golden messengers, are connected with spirituality and form an array surrounding Ye Chen.

With Ye Chen's strength and blood becoming more and more powerful, the previous hongmongolian method has also been upgraded, far exceeding the peak and brilliance of the past.

"Tianlong eight gods sound!"

Ye Chen seemed to be opened to Ren Du's two veins, and his breath soared in an instant, just like an ancient god Buddha, resurrected between heaven and earth.

Eight ancient syllables, circling and reverberating in the air, frighten the miles of ice sheet.

The endless golden light burst out from him like a cloud.

Before long, the vision behind Ye Chen had surpassed that magnificent iceberg and became extremely magnificent and majestic.

"Reincarnation blood! The meaning of Zhenwu, open!"

Ye Chen whispered, his blood boiling, the power of reincarnation, terrible.

Now his body is many times stronger than before, so the feeling of splitting headache has disappeared.

In the incomparably powerful golden light, a vast amount of Dharma was gushing out. At this moment, it was smashed out and condensed into several sacred and majestic holy dragons.

The holy dragon roared, the heaven and the earth shook, and the sun and the moon were tarnished. Even thousands of miles away, you can feel the extremely frightening pressure.

I'm afraid Jianjia Shengzi didn't expect that ye Chen took the lead in killing before he did it.

A moment later, his face became ferocious.

"Do you think these means are useful to me? Now you are just dying, and the son will never let you go for the second time."

Chapter 7043

As he spoke, the dark shadow around him suddenly turned into a strong wind and swept over, violently colliding with the Golden Dragon formed by the eight divine sounds of the dragon.

These two violent breaths struggled and collided with each other, which split and opened into the void.

Even the Jianjia son, who has recovered his strength, has suffered some impact.

Thirty three Tianhong Mongolian law is not so easy to deal with.

"Hehe... If you want to beat me with this move, I'm afraid you're a little worse!"

Jianjia Shengzi's face changed rapidly. Two virtual shadows flew out of his cuffs and turned into ugly poisonous insects. The fluctuations emitted were extremely amazing.

As soon as the two insects opened their mouths, they burst out with ice spikes and ice cones, like a pear blossom rainstorm, pouring down, covering the whole ice field, so that people can't escape!

This is one of his talent skills. The insect evolved from the spirit carries an extremely powerful dark power.

He once used this move to devour a realm of creatures and refine them into his own Taoist power. The means are extremely terrible and cruel.

Ye Chen's expression also gradually became dignified. The ancient evil spirit contained in the dark insect can't be compared with ordinary insect demons!

"Your spirit hasn't returned after all. It's just relying on the body to survive."

At this point, ye Chen didn't hesitate. He summoned the Longyuan Heavenly Sword. A roaring blood rose into the sky and went straight to the sky, eclipsing this ice field!

His breath swept in again. It was an invincible momentum, shuttling from the distant chaotic time and space. It was almost unmatched.

Ye Chen has destroyed many enemies with this water stop sword. Even if he can't destroy them, he can temporarily damage each other's vitality and escape.

In the first World War of the city of ice and snow, Jianjia Shengzi immediately fell into a weak state after receiving his sword. It can be seen that he was powerless and tyrannical.

Even sun Yerong retreated to one side when performing these sword techniques. She has seen the horror of shuistop sword many times. It is the most powerful force in heaven and earth. People who understand it can perform the most exquisite sword techniques regardless of strength and realm.

Even the elders of Jianjia sword sect can't withstand this attack regardless of their strength.

But at this time, Jianjia Shengzi, located in the center of the storm, was not nervous at all. Instead, he grinned and showed a strange smile.

He slowly raised his palm and grabbed it in the void.

In this way, the void is like a solidified colloid, which is forcibly torn open a wide crack, and what appears in it is not a violent and disordered void turbulence, but another ice sheet!

When the sword meaning of the water stop sword was torn to the extreme, it burst out, like water stop.

But the power contained in it has reached the realm of nothingness! Even the most powerful defense can't resist this sword.

After ye Chen got out of the sword, he looked up for the first time. He saw that the water stop sword, with a bang, entered the void crack, and even set off a huge storm in the ice field!

Ye Chen's eyes suddenly gathered fiercely!

Almost in the blink of an eye, the destroyed ice sheet, with the help of waterstop sword, poured out like a storm coming at the end of the day, expanding the void crack to the extreme.

The endless hurricane swept the ice sheet!

"What!"

Ye Chen couldn't believe that the water stop sword he burst out was stopped by this guy.

Not only that, but a evil spirit emerged, condensed in the sky ice front in the hands of Jianjia Shengzi, carrying the supreme breath of destroying the sky and the earth.

This sword is absolutely shaking the past and the present. The vast ice clouds are torn into pieces and no longer exist. What surges up from the ground is hot magma, which rises into the sky in a moment, and the hot temperature bursts out at this moment.

"Go back!"

Ye Chen urges the form shifting footwork and reminds sun Yerong at the same time.

The space field around them has been completely surrounded by the sword idea, forming an unparalleled blockade.

In the rear, there are a steady stream of ice clan elders coming.

Ye Chen frowned. He looked at the violent sword intention. With a wave of his palm, the stars scattered all over the sky. He hoped that the defense array formed by the stars broke the boundary wall of the space.

Taking advantage of this opportunity, ye Chen directly summoned the futu God tower. The sacred Buddha light was like two big knives that cut through the sky directly, and finally cut the void crack, making it collapse and disappear into dust.

Ye Chen spits out a mouthful of turbid air, and then sacrifices the futu God tower.

The waterstop sword has lost its effect. Wuwu's strength is also the first failure, which has an impact on Ye Chen's state of mind.

But now we can't sigh, we have to fight to death!

On his arms, green tendons burst up, and bright red blood flowed inside. You can see clearly through the eyes of reincarnation.

It was as if it was about to burn. Countless soldiers were ready to move forward and vowed to shoot down the sky.

He wants to completely stimulate the reincarnation blood, and display the nine heavenly gods' skill, the great thousand towers palm.

This slap should be implemented and completely break the surrounding darkness. There can be no difference.

Boom!

Ye Chen was like the ancient god of war surrounded by molten slurry. When he stepped out, he rushed forward with a hot breath, opening up an extremely wide fire road.

The power of God shakes heaven and earth.

Chapter 7044

This place has completely turned into a sea of blood, where magma and blood blend with each other and remain deadlocked.

The purgatory of the world is nothing more than this!

At this time, ye Chen only felt the crackling of his bones, and every inch of pores seemed to be stretched to the limit, allowing reincarnation blood to flow out and incarnate into the strongest killing move.

But he can't give up! Once surrounded by the blood, I'm afraid there's no place to turn over. The other party's real strength has exceeded the emperor!

"Since you want to help that female disciple, you should think about the price today."

The son of Jianjia is like the highest god in the heavens. The power of cold ice directly turns into a space behind him, which is an unfathomable plateau of ice.

And he himself, with a gentle wave of his hand, let the glacier plateau fall from the sky.

At this moment, it was like the void in ancient times was broken, the stars fell, and the endless wasteland breath swept through, just like the night occupying the earth.

Ye Chen's heart sank to the bottom of the valley, because he could detect how violent and terrible the ancient authority contained in it was, which was far from being intercepted by ordinary people.

But he decided to give it a shot.

When he was ready to mobilize all the reincarnation forces in his body to one place, sun Yerong, not far away, suddenly came to him.

"Ye Chen, go quickly. I'll hold it here!"

Sun yelong shouted loudly. She had seen that if this sword was not avoided, ye Chen would be seriously injured.

Ye Chen was stunned when he heard the speech, even in such a tense state.

"Don't be so impulsive! His strength is very strong."

Ye Chen held sun Yerong's hand and shook his head slowly.

Seeing ye Chen so nervous, sun Yerong smiled.

"If you want to break this situation and completely suppress him, only you can do it, so you must escape anyway."

When sun Yerong said this, his wrist shook and broke away from ye Chen's control. He was like a dancing butterfly, suddenly showing a killing opportunity in mid air.

Her expression was very peaceful and calm, and the holy radiance gradually spread out and turned into thousands of petals of different colors.

Each petal has a light flow, which is as mysterious as rune, and contains the mystery of Tao rhyme between heaven and earth.

Sun Yerong closed her eyes, and the hundred flower sword was suspended above her head, emitting a brilliant light.

The killing and cutting spirit between heaven and earth gradually subsided under the comfort of countless laws and flowers, and even the Jianjia holy son felt a little stunned.

"What's the matter? What is the identity of the female disciple of Jianjia sword sect?"

The son of Jianjia was puzzled. He snorted coldly and waved out again. This time, hundreds of insects turned into a terrible black storm, tore the void, smashed all the petal runes in front of him, and went forward bravely.

Ye Chen had a bad secret in his heart. He just wanted to step out and sprinkle the wish sky star over sun Yerong's body.

But unexpectedly, a burst of inexplicable power emerged, which made the time of this heaven and earth become much smoother. Ye Chen's eyes were shocked, because he found that the son of Jianjia was the same.

Both of them were bound by this mysterious force. Sun Yerong was the only one who was calm and indifferent.

She stood in the middle of the sea of thousands of flowers, shining and holy, with the appearance of Dharma. A huge purple lily was in full bloom, as if it had brought infinite vitality to the dead ice field.

The cold and ruthless bleak snow field has become warm at the moment.

"With my blood, sacrifice the sword and summon the gods."

Sun Yerong's pure face had a pious look. She looked up at the sky and muttered to herself.

Hearing this, ye Chen looked crazy. Now he understood what sun Yerong wanted to do!

She wants to take the blood essence as the guide, use the flesh as the tripod furnace, break through the ancient void, go upstream from the long river of time, and reach the long silent ancient demon battlefield.

In the mysterious battlefield of gods and demons, there is the unyielding will of wild gods, who are eager to seize and give up their rebirth.

And these sacrifices need strength!

"Sun Yerong, stop quickly! Those ancient gods and demons are not good things. If you are careless, you will become their second flesh! The gods and spirits will disappear completely."

Ye Chen roared below, trying to stop sun Yerong, but it didn't help.

Sun Yerong slowly opened her eyes and looked at Ye Chen. She smiled gently, her eyebrows and eyes were picturesque, revealing two sharp little tiger teeth.

"Thank you, ye Chen. Over the years, I have been alone and have never experienced what is the happiness of the world. You have given me this incomparable memory."

Sun Yerong's voice was ethereal and sweet. It was introduced into Ye Chen's heart and made his heart tremble hard.

From beginning to end, he regarded sun Yerong as a friend and did not mix other emotions.

But every time he reaches a place, a woman can't help falling in love with him.

So is the daughter of the Lord of the eternal temple, and so is she when she comes to xuanhai.

The most difficult thing in the world is the beauty!

Sun Yerong's move was to hold the Jianjia Holy Son for him. A moment later, the top of the sky showed a auspicious vision. In a trance, a sacred heavenly palace came quietly.

The holy palace stretches and looms in the clouds, and the power of the cold ice around it is transformed into pure auras and scattered on the ground.

In the middle of the palace, a beautiful woman in a gorgeous dress stepped out. Her eyes contained a faint smile. She looked at the floating sun Yerong and moved her fingers forward across the void.

"I lend my strength to you."

The woman's red lips opened lightly and said faintly. An invisible force surrounded the space.

For a moment, the whole heaven and earth changed color, the sun, moon and stars became dim, and even the chaos in the depths of the universe seemed to be frightened,

There was a rumble of thunder and lightning.

Jianjia Shengzi's look gradually became dignified. As the top genius in the xuanhai, he had eyes higher than the top since he was young, and few people he could see.

Today, the female disciple of Jianjia sword sect makes him look at him differently.

"Cultivating the sword meaning of Jianjia sword sect can actually communicate with ancient gods. What are those old people thinking? Send these talents to the ice field, ha ha."

Jianjia Shengzi's look became a little strange. Rao would definitely not send such amazing sect disciples in from his point of view.

After the ancient gods gave strength and support, they disappeared in the sea of clouds, and the sacred palace disappeared.

Chapter 7045

At this time, sun Yerong possessed a hundred flowers, and his strength was particularly strong. The hundred flowers divine sword also turned into various colors and blocked all the surrounding fields.

"Hurry up! Otherwise my call will be in vain. Don't worry about me. I have my own way to save my life."

Sun Yerong waved a hundred flowers sword and cut a void crack near Ye Chen. It looked dark and deep from the outside, leading to a far place.

Ye Chen was not indecisive either. He looked at sun Yerong deeply, then drilled into the void crack and disappeared.

"You dare!"

Jianjia Shengzi was furious immediately. His eyes became extremely fierce. His palms launched countless black tides, shuttled rapidly, and soon reached sun Yerong.

He wants to use this to destroy the empty passage and force Ye Chen back from it.

But will sun Yerong let him do it?

Her strength at this time was comparable to that of the gods. The flower god summoned gave her a trace of ancient famine, and countless thunders fell when she raised her hand.

The son of Jianjia, who was in a hurry, broke away from the black fog and showed his body.

Up and down his body, there were countless dark ghost spirits surging and condensed into a cold wind and frost blade.

His body is actually wearing a red robe, even his hair is red, and the whole person is like a bloodthirsty devil.

"You want to die."

Jianjia Shengzi said such a sentence, and then the evil spirit rushed into the sky.

There is a balance between heaven and Tao.

He had been restrained before, that is, he didn't want to be contaminated with the cause and effect of such heaven, and let the ice family solve these things for him.

Both the strong and the weak have their own way. On weekdays, the well water does not violate the river. If the boundary gap is too large, the way of heaven will take the initiative to check and balance.

But now, sun Yerong has used the power of the flower god, which does not belong to the ranks of the weak.

The black fog and petals shrouded the ice sheet completely, and the people watching the war outside can only see the vision, but can't catch a glimpse of what happened.

"It's so terrible that someone can fight with Jianjia Shengzi!"

"It's hard to say. It seems that the man summoned the ancient gods and forcibly improved his strength. Only then did he have such a result."

"Wait and see what happens. There may be a stalemate for some time, but the son will win in the end."

In the ice and snow plain, a crowd of spectators talked about it one after another. In addition to the ice people, there are strong people of other races who also came here.

The war on the ice and snow plain was detonated and could not be extinguished for a while.

On the other side, Ye Chen went in through the void crack and encountered some trouble.

In the nearby void, the storm takes shape and the void turbulence is like a tsunami. If you are careless, you will be involved in it and be broken into pieces.

The power of heaven and earth cannot be countered by ordinary people! Ye Chen should be very careful when entering here.

There are storms everywhere, lightning and thunder, tsunami, and unreal mountains nearby, collapsing one after another. This scene is like the end of the world.

This void is located at the junction of Xuanhai Sea and frozen snow field. It is very mysterious on weekdays, and almost no one dares to break in.

And the vast pressure piled up into a mountain, fell down, and became extremely terrible.

Even ye Chen struggled to resist. He turned his reincarnation blood and nourished his whole body, which became better.

Ye Chen was thinking about where to break through, but at this time, a subtle sound came into his ears.

"Help... Help me..."

That voice, if any, contained some pain.

"Who?" Ye Chen immediately became vigilant. In this endless void, who would call him at will.

"Help..."

Still the same voice, it seems to be hidden in the endless tsunami storm, and it is difficult to identify the source.

This time, ye Chen only had a thrill.

What is trapped in this nothingness.

"You are the Lord of reincarnation. You can save me..."

"As long as you save me, I can give you the most powerful treasure in the world."

"If you save me, I will tell you where all the inheritance is, including the nine heaven divination..."

When ye Chen heard this, his eyes suddenly looked cold.

Who the hell is this guy? Actually know the nine heavenly gods.

More importantly, he said that he knew what the position of all the nine Heavenly God trees meant. To know that there is only the formula of the mother sword of all things left in the nine Heavenly God skill of no lord.

Ye Chen releases his spiritual thoughts and probes outside, but he can't find any results.

At this time, he saw a magnificent figure in the tsunami through his heavenly eyes.

The figure is really incomparably great, but it is bound by invisible chains and imprisoned in the depths of the void.

"Who the hell are you? Why should I save you? And I can't save my life. What can I do to save you?"

Ye Chen was trapped in this void. For a while, he couldn't find his way out. He simply took back his mind and calmly looked at the towering tsunami.

When the mysterious man saw Ye Chen talking like this, he seemed to use some force. The surging tsunami was imprisoned and stopped abruptly in an instant. The current flying thousands of meters high was like an iceberg.

Then the thunder and lightning stopped, and the endless mountains were hiding elsewhere at the moment.

The whole void becomes silent, as if it is separated from the law of reality and becomes another world.

Chapter 7046

Ye Chen's eyes suddenly changed. This means can't be sent by ordinary people.

He more and more confirmed that the identity and status of the people trapped in the long river of nothingness were definitely not simple.

"Now you can rest assured? I cleared the obstacles for you to go out. I just want you to save my life..."

The ice layer of the tsunami cracked inch by inch, but it could not show the specific appearance of the trapped man. Ye Chen could only see him. Even if he was entangled by countless ropes, he still stood tall and unyielding.

He was wearing a suit of blood red and bright armor, and the ancient and magnificent breath filled the sky.

And his whole body rose up with an ancient great power, in which all the heavens, stars and moons flowed.

In addition, ye Chen also noticed a force of unspeakable laws, in which the Tao rhyme flows, which is very hidden and obscure.

There is still auspicious Qi around, which turns into a vision, rises into the sky, and slowly condenses into a long gun.

Ye Chen fell into memories. He seemed to have seen such a formation somewhere, but he couldn't remember it in a short time.

"Why should I save you?" Ye Chen asked this sentence slowly.

The sealed man was silent. After a while, he said aloud, "you have an original power left by my master! My master once said that he would choose an heir after falling. Now you are the heir of my master."

Hearing this, ye Chen was stunned.

Successor?

Why isn't he impressed?

"My master, you should remember that you may not have seen him, but... You should still remember the momentum he has."

Then the man's eyes seemed to emit electric light, and the sharp killing intention came in an instant.

The vast breath is rising, such as the Golden Wheel rising, the full moon rising, and the inexplicable power, which is extremely shocking.

Ye Chen's eyes suddenly changed.

He seems to know who chose him as the inheritor.

It was the man he saw in the abyss. At that time, he followed the ancient road into an inexplicable abyss and saw the mysterious throne.

At that time, he also evolved a starry vision. He went to the ancient demon battlefield with the throne and experienced a wild killing war.

That illusion was hard for him to forget.

The man on the throne, dressed in a war robe, was majestic and just like an invincible overlord who was arbitrary for ever.

But at that time, the man never turned his head.

Ye Chen kept this matter in mind. Unexpectedly, he met his subordinates here today.

"Who the hell are you?" Ye Chen asked.

The man was silent for a long time and sighed faintly: "that era is too old. You won't know if I told you. My master chose you as his successor. He must have taken a fancy to you. He still has some things left in me, but he has to wait for you to save me."

Ye Chen frowned, thought for a moment, and finally agreed to his request.

"How can I save you?" Ye Chen asked.

The man evolved a vision in the clouds, suspended in the vast battlefield of heaven and earth, and took shape in horror at the moment.

Seeing this, ye Chen looked a little dignified. Because among the images of heaven and earth, there are incomparably ancient visions, which are shining, fascinating and powerful.

"What does this mean?" Ye Chen asked.

The man shook his head.

"Only by finding the vision in the picture can I be rescued. What is liberated now is just a wisp of my soul."

Ye Chen's face gradually became dignified, because in that vision, there was a violent thunder, which gathered like blood, and came in a vast and unimaginable way.

Among the clouds, lightning and thunder, red blood filled the air, which can be said to be mixed with the anger of heaven.

Ye Chen looked at the thunder cloud under Qiongyu and observed it very carefully.

What's the matter with those thunder and where did they evolve from?

The mysterious man just said to show him what kind of secrets are hidden in these thunder robberies?

"This is a wisp of mind left by my master's enemy, which is integrated with the void, and it is also the main reason why I am trapped here." the man said slowly.

Ye Chen knew it in an instant. It seems that as long as he breaks this thing, he can release the man in the void.

"How can we break this thunder cloud?" Ye Chen asked.

The man said, "you don't have to attack deliberately. Try other means to see if you can break it."

Ye Chen nodded. He released a breath of reincarnation. He didn't release hostility near here.

But the thunder cloud felt that in an instant, the witch red light was surging, just like the disaster of destruction, which was about to come here.

The mighty voice of thunder hovered here, leading the whole void to the extreme of depression.

Just now, ye Chen felt his reincarnation blood and seemed to bring a special rune.

And the thunder clouds all over the sky seemed to respond. The red thunder robbery condensed into a towering war spear, which was impressively aimed at his side.

The strong thunder overflowed and shone like a sky array under repression.

Ye Chen only felt that the void around him had become fragmented, and the invisible power came in the air, which was extremely powerful.

It contains the power of rules. It is extremely powerful and can almost be called destroying the sky and the earth.

"Be careful, he has noticed your breath and wants to kill you here." the man's voice came out and reminded Ye Chen, looking a little dignified.

At this time, ye Chen was in the center of the storm, and his mind was full of clouds and rain.

Seeing that the thunder cloud was about to fall on his head, a sudden change occurred.

In the middle of Ye Chen's eyebrows, a wisp of strange symbols poked out and burst into bright light.

The shadow was vague and even imaged, but it was arbitrary in all aspects.

The locked man was tears in his eyes. He knew that his master's soul had awakened. Unconsciously, his body trembled violently and tears filled his eyes.

"Master... You are finally back!"

He muttered to himself, looking very shocked.

The next moment, the virtual shadow seemed to look at him.

Then endless breath burst out.

The law is crushed and the void is torn.

Everything vibrates and chaos opens again.

The stream formed by the black virtual shadow met the cloud of thunder. Set off countless storms, let the whole void turbulence, have changed the direction.

And the terrible thunder cloud was directly broken by this breath.

Ye Chen was surprised to see this scene. He never thought that the mysterious man on the throne he saw that day had left a wisp of soul seeds on him.

Chapter 7047

This time, Lei Yun stopped moving and all the disasters stopped.

The thunder was like a defeated soldier, broken and followed by a click.

The man seemed to come from the ages, the wind stopped blowing, and even the dust was not moving.

Ye Chen can see that those chains burst in an instant. The man regained his freedom, broke free from the chaos of the void and escaped here.

"Sure enough, God has made arrangements. The master asked you to save me, which is a test for the heir, and you have passed the test."

The man's look and tone were very emotional. At this time, he dared to report his name. His name was Xu Yang.

Next, Xu Yang gave Ye Chen something. It was a key with inexplicable luster.

"This is the key to the inheritance of the treasure, but the treasure is not here now. You may have to spend some time looking for it. I can give you this trace of soul mark. After I finish, I will follow this trace of soul mark and come back to find you."

With that, Xu Yang slowly spread out his palm, and an ancient seal rotated and circulated, which was full of vitality at this moment.

"Lord of reincarnation, you are in bad luck. My master is optimistic about you. I'm afraid it's also because of this, but you haven't fully grown up and can't control the treasure."

Although Xu Yang got out of trouble, he was detained here for too long and his flesh was seriously worn.

Now he's going to find a way to repair the flesh.

"I give you this key. I hope you can accept the inheritance. One day, you will really cross the void of the universe, reach the ancient god and devil battlefield where your master is located, and fight side by side with him."

Xu Yang said seriously word by word, as if he were doing a very sacred thing.

Ye Chen nodded and took the thing in Xu Yang's hand. Soon, Xu Yang's figure gradually disappeared.

"Elder Xu, where are you going?" Ye Chen asked.

"I'm going to another place. In addition to repairing the body, I still need to do some unfinished things!"

With that, Xu Yang disappeared in situ, directly disconnected this space and led to another nothingness.

Ye Chen also took a deep breath. He left this void and returned to the xuanhai.

Where did Xu Yang come from and go, and how did his master exist?

The so-called ancient battlefield! Xu Yang should have realized that he once saw the gods and Buddhas fighting in the void. The vision was extremely terrible.

It seems that only when he is strong can he be qualified to explore such secrets.

Two hours later, the mountain protection array of Tianjian sect surged up.

It's like a drop of water falling on the calm lake.

Ye Chen stretched out his hand to cut open the Forbidden Space and returned to Tianjian sect.

At this time, Tianjian sect was silent. Many sect disciples were still practicing and had not gone out.

Soon after ye Chen came back, he saw an ancient bridge on a cliff, connecting the cliffs at both ends.

Zhuge Zong came from the other side. He must know that ye Chen is back, so he came to express his condolences.

"Ye Chen, I ordered the whole sect to look for your whereabouts, but there was no news." ZHUGE sect leader's tone was worried. "Later, I learned that you went to intercept the elders of Jianjia sword sect alone. It's very dangerous!"

In the eyes of Zhuge sect leader, ye Chen is the future leader of Tianjian sect. He wants to inherit the unification and must not die easily.

Facing the kindness of Zhuge Zongzhu, ye Chen smiled and expressed his understanding.

He can solve his own affairs by himself without dragging down Tianjian sect.

When Zhuge Zongzhu asked, ye Chen roughly said what he had encountered, but hid some of the details.

Zhuge sect leader was also stunned when he heard the speech. He didn't expect Ye Chen to be so bold and dare to hijack the escort team of Jianjia sword sect alone!

You know, there is an elder of Jianjia sword sect leading the team, which is extremely powerful.

"Before the next action, you must tell us that although Tianjian sect is not a first-class top force, we won't be afraid of anyone!"

Zhuge Zongzhu said to Ye Chen, with a serious expression and a sonorous tone.

He really wanted to cultivate Ye Chen as the future, so he also made up his mind to defeat whoever blocked him in front of him.

"Thank you for your love!"

Ye Chen was also slightly moved and had a long talk with Lord Zhuge.

After he left, ye Chen returned to the cave, sat cross legged and counted the harvest of these days.

This time, when he went to the frozen snow field, he not only received the guidance and gifts of Tianze divine tree, but also the treasures brought by the man in the void.

But ye Chen's heart is still hard to calm, because at the last moment, sun Yerong burned his blood essence, summoned the flower god and blocked the enemy, so that he could escape.

Now sun Yerong's life and death are uncertain and his whereabouts are unknown, but he himself has become a deserter.

The more you think about it, the more unwilling Ye Chen is. You can only blame yourself for not being strong enough to deal with such a powerful enemy!

"If my strength level is strong enough, Jianjia Shengzi can't stop the water stop sword!"

When ye Chen thought of this, he was poured head-on by a basin of cold water, cool from head to foot.

After this failure, he suddenly woke up. Although the Tao of nothingness summoned by waterstop sword is the peak of martial arts, it may also lose its function in the face of opponents with too large strength gap!

Chapter 7048

Ye Chen knew that he was relaxed before. He thought that he could get through all difficulties after using the sword of water stop. Now he thinks that such an idea is really misguided.

Fortunately, this failure came in time, so we had the opportunity to correct and improve.

Ye Chen sinks her mind into her own sea of Qi and Dantian, in which endless light flows and churns.

After breaking through the limit again and again, his strength has been improved. Now the integration of the body and the soul is getting higher and higher, and there are faint signs of breakthrough.

Now he needs to stabilize Shenhai, and then plan to go to the frozen snow field to find sun Yerong.

.....

After ye Chen escaped from the xuanhai sea, the battle of the frozen snow field lasted two days and two nights. It was dark and dark, alternating day and night. The ice field that had not appeared in the dark for thousands of years was forcibly torn into a large void, which became dark and lonely.

Countless aborigines on the frozen snow plain were thrilled. They saw the powerful Jianjia son and the style of the flower god.

The two collided with each other, and the resulting afterwaves destroyed countless icebergs and snow veins.

Finally, Jianjia Shengzi was a little better. He manipulated the endless black gas, incarnated into a huge demon mountain, beat down the flower god and fell into the abyss.

Take a picture, there will be countless pieces of ice and snow, for which they fall, and the sun, moon and stars will be eclipsed.

After the battle, Jianjia Shengzi returned to the place where the altar was located. The abyss at the bottom seemed extremely desolate and terrible.

And he was hidden in a black fog, closed his eyes, released his mind, and tried to find the trace of sun Yerong.

After he shot down sun Yerong with his unique skill, he didn't find her.

Sun Yerong disappeared as if in situ, and couldn't find any trace at all.

For such a situation, Jianjia Shengzi was very confused. He expanded the search scope inside, and his powerful divine consciousness was immediately released, which surprised many people in the snow ice field.

Because this mind is so powerful that they are a little out of breath.

Soon, the head of the Shengbing family, exploring the snow at the east gate, came to the bottom of the altar.

"Have you ever seen the figure of that woman?"

The East Gate detective Xue frowned and asked. He led several of his generals. They searched the neighborhood, but they didn't find sun Yerong.

After it fell into the ground, it seemed as if the world had evaporated without a trace.

Not long ago, a hill piled up of black stones slowly floated into the air. On the top of the hill, Jianjia Shengzi stepped out.

With a wave of his hand, the hill composed of black stones changed rapidly and condensed into a chair for sitting and lying.

And Jianjia son's eyes were like electricity at this time, especially gloomy. He sat down, shining a mysterious totem behind him, flowing with the light.

"I also used the spirit to find a big circle, but I couldn't find it. Maybe she entered a closed and overlapping space-time and hid inside."

Jianjia Shengzi held his chin in one hand and fell into meditation.

The East Gate's snow exploration is also confused. It is reasonable that there can be no privacy space they have not found within a thousand miles.

But why can't you find sun Yerong?

"Find it again! Even if you find an earth shaking one, you must find it."

Jianjia son gnashed his teeth and said angrily. This time he must bite sun Yerong into pieces and swallow it!

You can't get such superior food on weekdays. You must not let it escape easily.

With sun Yerong's help, his strength can go to a higher level. It's impossible to break through the taboos laid by the old tree within half a year.

The East Gate snow inspector nodded, turned and went out. He wanted to mobilize all the high-end forces in the ice and snow city, even if he turned the thousands of miles of ice field upside down.

But none of them thought that under the ground of the city of ice and snow, there was a whirlpool black hole slowly forming, flowing like ink.

Just half an hour ago, sun Yerong was seriously injured and fell into the abyss. The flower spirit she summoned was crushed to ashes under the towering power of the son of Jianjia.

She wanted to burn the last wisp of blood essence to escape from here, but unexpectedly found that the sacred tree key given to her by Ye Chen was blooming with extremely brilliant light.

Not far away from her, an ancient portal appeared in front of her, deep, mysterious and undetectable.

Sun Yerong was stunned for a moment and was ecstatic. She suddenly understood that this was the entrance of the bronze gate, which would react with the sacred tree key.

There is a sacred thing buried in the frozen snow field: the azure God bead. As long as you can get this bead, you can seal the Jianjia Holy Son.

As soon as sun Yerong read this, he no longer hesitated. Holding the key, he stepped into it.

After she disappeared, the land fell into endless darkness. Two powerful ice clan elders dived into the abyss to check the situation, but when they passed the abyss, they seemed to be covered by some force.

In the end, they reported to the top that nothing had happened.

The whole Shengbing family searched for several days and found no trace of sun Yerong.

Jianjia Shengzi's eyebrows were almost wrinkling out of the water. In this case, he had judged in his heart that sun Yerong must have obtained some wonderful adventure and entered a very hidden space.

That's why they can't find the result.

Jianjia Shengzi thought of another possibility and ordered someone to send a message to Jianjia sword sect, saying that sun Yerong might escape to xuanhai and let him pay attention.

After receiving the news, Jianjia sword sect immediately assigned people to keep an eye on the entrance of the snow ice field.

Several people came on the stage to block sun Yerong, but at this moment, sun Yerong held a silver sword, cut a void crack, immediately escaped into it and disappeared.

Even when she left the frozen snow field, no one found it.

All this is due to the silver white sword in her hand, which is the nine heavenly divinity magic transformed from the mother sword formula of all things!

It turned out that after entering the illusory space, sun Yerong not only got the Tianqing divine pearl, but also accidentally found the formula of the mother sword of all things, one of the nine divine arts.

So she brought out the formula of the mother sword of all things, which was an ownerless thing.

After she came out, Feng hurried to Tianjian sect.

On the other side, ye Chen has been recuperating for several days. Because his physical state has recovered to the peak, this time he goes out and goes to the frozen snow field.

Anyway, he will go to save sun Yerong! Even if the other party is dead, he should also confirm the whereabouts of his body and find the Tianqing god pearl and the mother sword formula of all things.

Chapter 7049

When he flew ten miles away from Tianjian sect, he suddenly felt a familiar wave. Looking back, the void behind him was torn open by the mysterious force, and then a familiar figure appeared.

It's sun Yerong!

When ye Chen saw this, he was immediately delighted. He brushed twice and rushed to her.

"Did you get out of trouble? How did you get out?"

Ye Chen asked in surprise.

He was planning to use his magic power to find sun Yerong, but he didn't expect that she had escaped from the ice field.

Sun Yerong narrowly escaped death. Seeing ye Chen, she couldn't help but sour her nose. She couldn't suppress her emotions and rushed to Ye Chen's arms.

She also saw Ye Chen's action, and expected to save her.

Ye Chen's body suddenly stiffened. He put down his hands and gently patted sun Yerong's back.

They are also some kind of alliance, and too many things have happened during this period of time.

Maybe in xuanhai, they are the only one they can rely on each other.

"It's all right. Just come back."

He took sun Yerong back to Tianjian sect and went to the cave to recuperate.

Sun Yerong was able to breathe at this time, so he told ye Chen his experience in the frozen snow field.

When ye Chen learned that she had entered the range of the ancient bronze gate, she couldn't help but look dignified.

That door is not easy to enter. There is a great danger in it.

In addition, another piece of news almost made Ye Chen lose his chin.

"You mean you've got the formula of the mother sword of all things?"

Ye Chen's whole body sat straight, looking at sun Yerong in such a stupefied way, with an incredible face.

He really didn't expect that sun Yerong got the Tianqing divine pearl and the mother sword formula of all things at the same time.

Sun Yerong smiled. She shared hardships with Ye Chen. They had spent many dangerous moments.

From this point, they have developed into real good friends.

So it's understandable to tell each other the secret.

"When I opened the bronze gate, the nine heaven magic came into view."

The nine heavenly divination in the state of no lord is indeed a great opportunity.

Ye Chen can only regret this.

At the same time, he was relieved. Although he didn't get the nine heaven divination, it was also a good result. After all, sun Yerong got the nine heaven divination. After refining it, he had another means to protect his life.

"You should be careful. Recently, many rumors are aimed at you. I heard that Jianjia sword sect has issued a wanted notice for you. You must not show up easily now."

Ye Chen timely reminded him that although he was closed in the cave recently, he also received a lot of news from xuanhai.

After the sword meteorite space came out, the situation of the whole xuanhai seemed to have undergone some subtle changes. Jianjia sword school issued a notice. If anyone can provide clues about sun Yerong, it will be highly appreciated.

Hearing this news, ye Chen also felt guilty. After all, sun Yerong was punished by Jianjia sword sect after blocking the gun for him.

"In fact, these are not important..." sun Yerong's look became a little gloomy.

She grew up in Jianjia sword sect when she was a child. Although she didn't have much contact with the same sect, she had deep feelings for the sect.

Now it's like this, it's also sad.

Sun Yerong sighed secretly for a while. Then she straightened her mind and came back to her senses. She took out the formula of the mother sword of all things, and suddenly the whole cave was shining.

If it wasn't covered by the array, I'm afraid the dazzling light could pierce the sky and shake the whole xuanhai.

After the dazzling white light dissipated, ye Chen saw clearly that what was suspended in sun Yerong's hand was a small lightsaber.

The little sword swings from side to side, and its whole body is silver white, as delicate as the stars.

Every time the little sword moves, it emits an amazing smell. It cuts the surrounding space only slightly.

In this way, a strong sword Qi field is formed, and on the back of the sword, there is a mysterious Rune flow, which is extremely profound at a glance.

This is one of the nine heavenly divinities: the formula of the mother sword of all things.

Ye Chen sensed this divine skill, and the reincarnation blood in the whole body had a little restlessness and a desire to swallow.

Sun Yerong also saw the swallowing impulse contained in Ye Chen. She smiled and even split the mother sword formula of all things in two.

The exquisite and ethereal vitality is also separated and integrated.

Ye Chen was surprised when he saw this.

"I'll give you this formula of the mother sword of all things. Take it. You won't encounter space barriers in the xuanhai, but you can come and go freely."

"You can even go to the dark forbidden sea at any time, or come to xuanhai at any time."

Sun Yerong divided the mother sword formula of all things into two, and the soft light immediately spread around them, making them feel like they were in a trance near a fairyland.

When ye Chen saw this scene, he couldn't help sighing. He came to the xuanhai to find the nine heavenly gods. Now it has been completed and can return successfully.

"Ye Chen, when are you going to leave?"

Sun Yerong can also guess what ye Chen thinks, so she asks.

Ye Chen thought and hesitated for a long time before answering her words.

"Maybe I'm leaving soon. There are two reasons why I came to xuanhai. One is to kill xuanjiyue. But now, xuanjiyue is guarded by many strong people in Jianjia sword sect. It's difficult for me to do it. I can only wait for the opportunity. Another more important thing is to get the nine heaven magic and go back to save a friend of mine."

Chapter 7050

"Is it male or female?"

Sun Yerong suddenly asked such a question.

This question stunned Ye Chen.

Sun Yerong then felt that his problem seemed too direct, and there was a blush at the root of his ear.

"I... I don't mean anything else. Don't mind."

Sun Yerong hesitated and muttered. Although she knew Ye Chen was just her good friend, somehow she just wanted to know the result.

"It doesn't matter. It's my friend and teacher. It's a man."

Ye Chen didn't take these words to heart. He and sun Yerong were in the cave to recuperate and adjust their body.

After sun Yerong experienced a great war, there were wounds of different sizes inside his body, some of which directly hurt the spirit and origin and needed treatment.

Ye Chen took on this responsibility. He used the spirit tablet in the xuanbei of reincarnation, plus the reincarnation blood, to inject the reincarnation blood into sun Yerong's body, convert it into pure blood, and open up the meridians closed by the magic Qi.

After repeating this several times, sun Yerong was pleasantly surprised to find that his meridians had been widened a lot, and his aura was like a canyon and a river rushing past, extremely fast.

"Thank you! Ye Chen, in this way, I will be more sure to understand the meaning of the next layer of Baihua sword!"

Sun Yerong said confidently.

Ye Chen looked at her, smiling, but she sighed at the bottom of her heart, worried.

So he made a samsara token and handed it to her. If sun Yerong was in any danger, he could crush it and form a high connection with him.

"OK, I see. Don't worry. I'll find a hidden place to avoid the limelight first, and then come out to find you."

Sun Yerong knows the power of Jianjia sword sect. In this sea of blood, almost no one can match, so she won't do that stupid thing.

"You too, you must take care!"

She knew that ye Chen had more important things to do and could not be consumed here all the time, so she took the remaining nine heavenly divinities and left alone.

Ye Chen saw this, and his heart was not the taste, but now the matter of covering the devil emperor is urgent. He must leave the xuanhai and go to the dark sea.

Before leaving, he wanted to refine these two nine heavenly divinities: the crown of thorns and the mother sword formula of all things, so as to make them completely his own means.

Unfortunately, it is not a complete mother sword formula of all things.

However, although it is only half, it is also a good ending for myself.

Ye Chen continued to stay in the depths of the Heavenly Sword sect to practice, and also arranged an array to prevent the breath of the nine heavenly gods from leaking, causing turbulence in the world and causing unnecessary trouble.

The blood color mixed with the sword shadow hung above Ye Chen's head and circled for three days and nights. Only then did it integrate into the reincarnation blood and become Ye Chen's own magic power.

When ye Chen opened his eyes, the shadows of these two door gods were reflected in his pupils.

He slowly vomited out a mouthful of turbid air. Up to now, he finally succeeded in obtaining these two ownerless nine heavenly divinities. Next, he will go to the dark forbidden sea.

I just hope it's still time.

Ye Chen went to say goodbye to the elders of Tianjian sect. All along, he didn't officially join Tianjian sect, but just installed the name of a registered disciple.

Although Zhuge Zongzhu and others feel sorry, they can't force them to stay. They can only let Ye Chen leave and let him have a look when he has time.

Ye Chen flew out of this beautiful valley. It took half a day to arrive at the southernmost end of xuanhai from Tianjian sect.

This is the closest place to the heaven and the world. It is desolate and vigorous. Almost no one comes here on weekdays.

When ye Chen came to the edge, he suddenly sensed something. He turned back and stared in the other direction.

There seemed to be a voice calling him to go. He could feel that something bad was happening.

Ye Chen's eyes twinkled. He chose to return to the north, which is the place left by the zongmen of Jianjia sword sect!

.....

At this time, the peace and tranquility of Jianjia sword school were broken.

Because someone is trying to break into this place!

The clan protection array of Jianjia sword sect has existed for thousands of years. It is indestructible and unbreakable. It evolved from the cosmic stars and is extremely mysterious and profound.

So now it's not as powerful as it used to be, but it's also a clear symbol of a super sect.

But now, someone holding a sword tried to break the array outside the sect, which attracted the surprised eyes of many disciples.

The challenger was no one else, but sun Yerong, who escaped from the frozen snow!

Among the curling fragrance of flowers, there is a terrible sword idea.

Flower is the representative of life and symbolizes vitality. It should be one of the most beautiful things in the world.

But now the flowers have turned into a murderous sword, which can make people frightened and cold all over.

The person in the middle of the flower sea is sun Yerong with a cold look.

Her eyes were cold and distant, penetrating the protectorate array to the mountains shrouded in clouds.

There, there is a steady stream of Jianjia sword sect high-level leaders coming together.

"Sun Yerong, you still have the face to come back!"

When someone saw her, he immediately gave a big drink and looked angry.
