

Physician 7061

Chapter 7061

At this moment, both the supreme elder and the Jianjia patriarch looked dignified and bowed their heads to show their worship.

Because the person appearing in those pictures is the founder of Jianjia sword School: Jianjia fairy.

The intertwined lines of the sun and the moon are the totem of Jianjia sword school.

The sun and the moon represent two different extreme sword techniques. Together, it means friendly exchanges and embracing all rivers, highlighting the original meaning of Jianjia sword school.

It's a pity that today's successors have completely forgotten these profound meanings!

Now the elders of Jianjia sword sect are overjoyed that xuanjiyue can summon the figure of Lao Zu. You know, they have sent people to try many times before, but they have not received the response of Lao Zu.

"Ye Chen, there will be a war between us. It's better to start now!"

Xuanji moon took a step forward, and the sun and moon changed accordingly.

Ye Chen's face remained unchanged. He also summoned the half of the mother sword formula of all things.

The two sides hold each other half, confront each other, and do not give in at all, and the nine heavenly divinities they get are the same in all aspects.

Now it depends on whose talent and skills are better!

"When I came to xuanhai to practice in seclusion, I thought I might not see you in my life, but who could have expected you to come here."

Xuanji moon sighed and looked a little sad.

For ye Chen, her feelings are very complex, not absolute love and hate.

Ye Chen stared at her and immediately shook his head to deny it.

"You think too much. I'm here because of you, which is one of the reasons, but it's not the main reason. It's the lost nine heaven magic in this place."

Ye Chen answered very seriously.

If the reincarnation Lord of the previous life still had feelings for Xuanji moon, but when he came here, they were completely transformed into clouds and smoke.

The so-called feelings in his heart are nothing but revenge!

"In that case, there's nothing to say. Let's do it."

Xuanji Moon said faintly. With a wave of her slender hand, the invisible air wave immediately spread out, like the arrival of the queen.

With the light surging between her palms, the formula of the mother sword of all things turned into a sword about one meter long. It looked crystal clear and very beautiful. When it was waved, there was a faint light, which was sacred and inviolable.

In this way, the surrounding void is blocked, leaving only one space law.

"Try this power."

Xuanji's sword was picked by the moon. The void on the ground that day was like a lightning bolt. It was instantly condensed into the beauty of the emperor, tore part of the rules and ran to Ye Chen's face.

"Hehe, you really think highly of yourself."

Ye Chen smiled coldly. In an instant, he also offered a long sword condensed by the mother sword formula of all things, and swept out of the void.

Both sides use common moves, which is relatively fair.

The mother sword formula of all things, which is divided into two, suddenly collided at this moment, and condensed into a very strong momentum, just like the surging river, out of control.

Two of the world's top Tianjiao also met at this moment.

This is Ye Chen's fight with xuanjiyue again after a long time. He won't be like before. He only knows to run around.

The detonated sword gas splits out and turns into a surging phantom, which seems to ignite an explosive object. The rumbling sound can be heard all the time.

The sword spirit of the mother sword formula of all things spread everywhere. Except for those top dignitaries, others had to avoid it, so they lamented that the power of the fight between the two people was so amazing.

If they were replaced, I'm afraid they would lose within ten moves.

The mother sword formula of all things on both sides turned into a streamer and returned to their respective hands.

After a while, ye Chen didn't hesitate. He waved his hand and rolled up his sleeve robe with a strong wind. Suddenly, a huge tornado swept out and talked endlessly.

Although he is a little arrogant, he will never despise it.

He knows the strength of Xuanji moon, not to mention that after entering xuanhai, she has received part of the inheritance of Jianjia fairy, coupled with the bonus of xuanhai's luck, which can not be underestimated. As the future heir of the fate world, she has extraordinary strength and is now strong enough to be unshakable by ordinary people.

But he is the Lord of reincarnation! He will also be a great man ruling the heavens.

The blood of reincarnation may not be weaker than the power of fate!

On the other side, the mother sword formula of all things turned into streamer and scattered around. She put a shining gauze on Xuanji moon. Suddenly, bursts of light surrounded Ye Chen and filled the space between heaven and earth.

The moonlight sign of the Lord of destiny looms and takes shape in the center of his eyebrows, just like penetrating the distant ages and leaving a thick ink in the long river of time.

Such light can be seen in nine days and ten places, and the chaos of the universe is illuminated.

Boom!

The two fought again, and both sides promoted the formula of the mother sword of all things at the same time, but sometimes it didn't turn into a spirit sword.

Sometimes it evolves into chaos, struggling in it, sometimes it turns into a heavy hammer, surging and powerful, carrying the trend of the river and falling boldly.

The two fought inextricably and contributed to the famous scene of a battle.

People with weaker strength simply can't see how the light flickers. They can only see the residual shadow passing by, and then they don't know anything.

"All things grow together! The best of times!"

Xuanji Yuejiao drank. She condensed the power of a thread of the mother sword formula of all things to the extreme, and then turned it into a slender sword with a length of 100 meters, burst and cut it out.

Bang! Bang! Bang!

Countless vast powers turned into light waves, stretching continuously, independent of the world, as if to cut the void in front of Ye Chen in half.

This time, Xuanji yuemingxian used the killing move and suddenly stabbed it out!

"All things overcome each other! Point to point!"

Ye Chen also drank violently, shook his hand and moved, just like a weapon. He turned the sword light into a shield surging in the undercurrent, and the sunset stood in front of him.

Boom!

Xuanji moon's sword poured all over the shield.

WOW!

Only a huge noise was heard, which spread all over the sky. At this moment, the whole Jianjia Valley trembled.

Although their strength has not reached the peak, they have been inherited by the mother sword formula of all things, so their spiritual level is very high.

And this can also affect these four weeks.

The two collided and drew again. Ye Chen's shield was broken, but xuanjiyue's sword was also broken.

"Your strength has indeed made great progress compared with before."

Even Xuan Jiyue has to admit that ye Chen is not the guy who ran away when she was chased and killed a few years ago.

In addition to the formula of the mother sword of all things, she also attached her own sword killing moves, which at least doubled her lethality!

Even so, ye Chen took it lightly, proving that the other party didn't use all his strength.

Chapter 7062

Now ye Chen has the ability to compete with her alone.

This is also what she is worried about. The stronger Ye Chen's strength is, the more dangerous her situation will be.

Therefore, we must think of a method. We need to completely eradicate Ye Chen!

The light of the mother sword formula of all things disappears and melts into heaven and earth.

"This battlefield is not suitable for you and me to fight with all our strength. If you want to have a good time, come with me."

Xuanji moon turned and left, stepping on the board of void in another direction.

Ye Chen hesitated for a moment and then followed.

Today, even if it is a tiger's den, he will break through it.

Even if xuanjiyue gets part of the inheritance of Jianjia fairy, it is impossible to digest it all!

If you could hit each other hard before, so will you today!

They came to a barren mountain. Not far from it was a cliff crack, hundreds of meters wide. The black clouds fluttered under it, which looked very gloomy and strange.

"Here, you can feel another different style of Jianjia sword school."

Xuanjiyue turned around and said with a smile.

Ye Chen ignored her, but she was right.

The battle surrounded by people really can't let go.

"It seems that you're doing well here. You're not only getting well-off, but also improving your strength so fast! It took you half a day to refine the mother sword formula of all things? Or what kind of shady means did you use to win it."

Ye Chen looked at her and asked.

"Are you trying me?" Xuanji Moon said calmly.

But the eyes deep in the bottom of my eyes are a little cold.

"Whatever you think it is, it is."

Ye Chen replied calmly. At the same time, he summoned a ray of blood light, which was integrated with the mother sword formula of all things, and the time was very angry.

On the mother sword formula of all things, an illusory dragon shadow slowly appeared.

"If I were outside, I might not be your opponent, but the boundary under your feet is xuanhai, the territory of Jianjia fairy."

"I have to inherit the Jianjia fairy, and now I get the half of the nine heaven magic. Do you know what this means?"

"No matter how you play, you won't be my opponent."

Xuanjiyue said faintly. Her face was cold and beautiful, her skin was white and delicate, and she was filled with the dusty temperament of not eating fireworks.

With the improvement of cultivation and the inheritance of some refined Jianjia fairies, Xuanji moon's overall appearance has risen to a higher level.

This time she practiced in Jianjia sword school, she got great benefits, not only her strength improved, but also her image and appearance made a qualitative leap.

With a wave of her palm, the mother sword formula of all things instantly evolved into a light blue long sword, rippling with clear water waves.

It is full of brilliance and very shining, and there is a thick and deep sense of invincible sword in the sword.

Ye Chen felt the Kendo spread by Xuan Jiyue and looked dignified.

The blood gas he held became more and more rich, and there was a bottomless abyss between them, inexplicably scary and terrible.

Countless Jianjia disciples watching the war have changed their looks.

Because the smell of the two is too strong.

The cold light blue sword seems to have a connection with the whole Jianjia valley. When most people don't understand what's going on, Jianjia patriarch has shown a gratifying smile.

Even the two supreme elders were quite surprised and turned to look at the Jianjia patriarch.

"Xuan Jiyue has understood the meaning of Jianjia sword? She can actually make contact with the original power of the sect."

The resolute and ruthless supreme elder asked.

Jianjia patriarch nodded: "yes!"

"You didn't tell us about such an achievement!"

Another supreme elder also asked.

"A trivial matter is nothing to mention." Jianjia patriarch smiled faintly.

“.....”

Others couldn't help but marvel. The meaning of Jianjia sword was inherited from ancient times. In those years, Jianjia fairy took the lead in understanding it. With this sword, xuanhai was isolated from other worlds and grew alone in the open space.

It is precisely because of this sword that xuanhai is separated from other worlds and avoids the invasion of foreign enemies. Now Jianjia sword sect can maintain its hegemony.

In the later years, four patriarchs understood the meaning of this sword. When they grew up, they all became one of the best experts in xuanhai.

Since ancient times, people who can understand the meaning of Jianjia sword are one in a million talents, which can be called amazing and gorgeous.

Seeing this scene, these elders sighed in their hearts.

Although the disciples of Jianjia sword sect don't have much in-depth understanding of the legendary meaning of Jianjia sword, they still know something.

They are both envious and jealous.

Jianjia sword means how many Jianjia sword sect disciples' lifelong goals! But even if some people are extremely poor all their life, they can't get access to such supreme martial arts.

Xuanji month has just come. Not long ago, she has made such shocking achievements, which is really very eye-catching.

At this time, the light blue long sword in xuanjiyue's hand rose from the ground.

A sword stabs out, the wind and cloud changes color, and everything is silent.

With it came the endless mighty sword meaning. One sword suppressed heaven and earth, and countless sword Qi soared out, cutting dense arrow marks in the valley.

In the center of the two men's battlefield, the mountains and forests under their feet have been destroyed, the trees have been uprooted, rolling up a dark and deep whirlpool black hole.

The void is broken, and the sword is brilliant.

The light blue light of Kendo is distant and profound, and connected with this heaven and earth, and everything is controlled by it.

"You look good. This is the sword meaning I learned from the martial arts of Jianjia sword school."

Xuanji moon cut out a sword, as if it had brought out an abyss, killing time and ravines.

Unparalleled sword intention rushed over along the ground, like several angry dragons, and didn't take ye Chen seriously at all.

Ye Chen's face was very calm, and his eyes didn't fluctuate.

Xuanjiyue's move was just stimulating him.

Is he such an angry man?

Although this sword is powerful, it has not reached the point of perfect harmony. At most, it contains a little Jianjia Qi.

It's far from perfect.

Ye Chen took a deep breath. He could see the flaw in Xuanji moon's sword meaning, but the wisp of sword spirit contained in the other party was integrated into the mother sword formula of all things.

In this way, the power formed is extraordinary and magnificent, which can completely cover up the deficiency of kendo.

The essence of sword meaning, or the final destination, is the sword, not other containers.

Although Xuanji moon is powerful, it can only be said that she is deficient in sword meaning.

Chapter 7063

Does she really want to cover up the lack of sword meaning with that vigorous move?

Ye Chen closes her eyes and feels the wind blowing through her ears.

It is the power of heaven and earth formed by nature. It is closely related to the huge valley where Jianjia sword school is located. It has never been separated for a moment.

The so-called Jianjia sword meaning just now is to take a ladle and drink it at the source.

The change of water is infinite, but the root of change also lies in water.

As the old saying goes, no small steps, no even a thousand miles, no small streams, no rivers.

All martial arts accomplishments are natural and will become perfect.

From the performance of Xuanji Yue just now, ye Chen feels that he has embarked on a road of no return.

This road may be quick, but it will never reach the peak of martial arts.

"Your Jianjia sword meaning is not complete, it's just superficial."

Ye Chen shook her head and gave her own evaluation.

Xuanji moon despised his words.

"If you say it's incomplete, it's incomplete? In my opinion, it's just that you can't eat grapes and say grapes are sour."

Xuan Jiyue ignored Ye Chen's evaluation and stabbed it with a sword. The magnificent and turbulent Jianjia sword idea floated in the air. The thunder was mighty and the momentum was amazing.

Ye Chen felt the stabbed blade carefully. Although it was vast and incomparable, it lost a little light.

The sword came out like a dragon, and then the cold light flashed.

That cold light is the essence of the whole sword!

The so-called vast and magnificent, but that is to abandon the essence and take the dregs, around the long road, but think that a shortcut.

Over the years, he has seen a lot of Tongtian sword ideas, but each sword idea is similar to him.

But the rules of heaven and earth contained in them will have different constituent orders in different places.

Of course, those sword meanings inherited from the ancient times may need to be understood overnight in order to release their greatest power.

Ye Chen has a high vision, high standards and requirements, and his understanding of the meaning of the sword is beyond the reach of ordinary people.

The blood light around him turned into a long dragon.

A vast river of blood surged in the twinkling of an eye and roared loudly. At this moment, the incomparable sword meaning condensed and eclipsed the whole world.

And this powerful sword idea echoed with Xuanji moon from afar, moving and quiet, which matched very well.

In Ye Chen's body, the iron block left by Hongjun's ancestor glittered with Yingying luster.

A wisp of deep breath came into his mind, and suddenly it burst like thunder. Countless mighty Qi emerged, vigorous and extremely bright.

It was a man waving a long sword. His white clothes were floating and his body was natural and unrestrained. He showed his free and easy original intention in one move.

It was vaguely recognizable that it was the figure of Hongjun's ancestor.

What does he want at this time? Do you want to teach yourself swordsmanship?

Thinking of this possibility, ye Chen was shocked.

At the next moment, the ice blue Jianjia sword meaning collided with the startling blood dragon, and broke out an endless rage.

The void suddenly disappeared, and unspeakable waves overflowed everywhere, which made the hearts of the weaker disciples jump wildly and feel inexplicable fear.

The damage around here has deepened for several points. If the elders hadn't protected the land boundary by Reiki, I'm afraid the whole battlefield would be reduced to ashes.

When the waves of terror dissipated, the abyss emerged and blood gushed.

Xuanjiyue stood proudly between heaven and earth with a light blue sword. There were countless visions emerging behind her, all around her.

At this time, she is the emperor here.

Ye Chen retreated more than a thousand steps, so he was not hurt, but his momentum was already weak.

"Surrender, this is my home, with the blessing of terrain, you can't fight me."

Xuanji Moon said faintly.

But ye Chen's look didn't change much.

Because just now, after Hongjun's ancestor evolved the Jianjia sword meaning in his mind, he realized that there was another inheritance of Jianjia sword meaning.

This layer of inheritance belongs only to male disciples, which is more vigorous and powerful.

"Jianjia sword sect has only trained female disciples since ancient times and despised male disciples, but this does not mean that there is no inheritance of male disciples in the sect!"

Ye Chen murmured to himself. The visions all over the sky evolved and paved in his mind. Finally, they became a faint golden light around him.

Many disciples of Jianjia sword sect cheered for it.

But when they saw that ye Chen was knocked down by xuanjiyue's sword, they stood up again and talked to themselves like a madman, without any trace of injury, and the cheering stopped suddenly.

A moment later, a wisp of mighty spirit emanated from him, and with his short-distance slow movement, Golden Lotus blossomed under his feet.

The endless power of air transport converges at one end at this moment.

"What?"

After perceiving the breath, several elders in the high place took the lead in changing their faces.

"What's that smell? It's so powerful!"

The golden lotus at the foot of Ye Chen seems to be connected with the world. It is ethereal and no one can understand it.

It is in this situation that the golden light he transformed contains supreme merit and luck.

Many people's eyes were both surprised and surprised.

Chapter 7064

Xuanjiyue's eyes became deeper and deeper. She never thought that under her sword, ye Chen not only did not sink, but gave birth to a more terrible vision.

What kind of monster is this guy? Power is terrible.

She used the power of the soul to feel the mysterious power emerging from her body.

But immediately his face changed.

"It's impossible... This breath has the same root as my Jianjia sword!"

Xuan Jiyue was not calm.

She has been practicing in Jianjia sword sect for a long time and has been immersed in the sword pool for a long time. Only in this way can she make a breakthrough in one fell swoop.

But ye Chen has never practiced in Jianjia sword sect before. Why can she understand the meaning of Jianjia sword?

She must have felt wrong!

Xuanjiyue thought of it in her heart.

But the Jianjia patriarch and the two supreme elders were directly shocked.

They are all masters who have understood the meaning of Jianjia sword. Although they have not completely succeeded in cultivation, they all have their own understanding and will never admit their mistakes.

"It's really Jianjia sword! It resonates with zongmen, and I can feel the power contained in it. I'm very familiar with it."

Jianjia patriarch's eyes seemed to penetrate the void and see through the vanity. All his mind was on Ye Chen.

In her eyes, ye Chen at this time has turned into a golden light. Every move is quite similar to the Jianjia body method inherited from ancient times.

However, in this body method, there is more masculinity and perseverance, which not only does not weaken, but also becomes stronger.

"I'm surprised at his ability to understand." the leader of Jianjia clan said aloud, "do you remember the calligraphy left by our ancestors? We all had contact at the beginning."

The two supreme elders nodded.

In the forbidden area of Jianjia sword sect, they once discovered a wisp of spirit left by Jianjia fairies.

Some unknown things are recorded in the consciousness left by that wisp of spiritual thought.

For example, the sword technique of Jianjia sword school is actually divided into yin and Yang, but since ancient times, Yin has flourished and Yang has declined, which is deliberately done by Jianjia fairy.

What she wants to create is a sect with women as the main combat power.

As for the sword technique of the Yang sect, the Jianjia fairy didn't mention it too much. She just said that yin and Yang coexist to create the most mellow and accessible sword meaning.

Therefore, the Jianjia sect leader has always suspected that the Jianjia sword technique of the Yang sect may still exist in the world, but it has not been found.

As soon as she read this, she had a killing intention in her heart.

Jianjia sword sect used to be dominated by women, but now it can only be so.

If the inheritor of Yang sect sword technique appears, I'm afraid it will have a very adverse impact on her position.

As the head of a sect, she will never allow this to happen.

At the other end, Ye Chen gradually merged with Longyuan Tianjian. Thousands of Rui strips rushed past him, transferred to the sword, and evolved many visions.

This auspicious phase represents merit and luck. The more, the better, the brighter and stronger.

"I can't imagine that the Jianjia sword school's skill can be divided into yin and Yang. I'm afraid the Jianjia fairy created the sword advice of the Yin school. Although it is powerful, the Tao Yun rules are still incomplete, so we can only take its appearance, like a rootless tree."

"But I'm afraid the sword technique of Yang sect came from Hongjun's ancestor! It's extremely perfect in all aspects, and even reached the peak here."

Ye Chen sighed in her heart that Hongjun's products must be high-quality products.

Many thoughts appeared in Ye Chen's heart. He didn't expect that this small iron piece had brought him such a huge help.

Is it the secret layout of Hongjun's ancestors? Or is it just an accident.

Entering the abyss from the beginning, it was as if there was a big hand controlling everything invisibly.

Ye Chen even suspected that there were a pair of eyes in the depths of the void, staring at him all the time.

Otherwise, how could he get through many difficulties by coincidence every time.

Forget it, everything depends on fate!

Even if Hongjun's ancestors had a layout, it must have been carefully considered, not a temporary move.

Suddenly, ye Chen's eyes showed a brilliant scene.

After the colorful light flashes, there is endless darkness.

It seems that there is a vast single horn looming in the abyss of Jianjia sword valley.

The single horn seems to be rooted in this world. I don't know how many ancient years it has existed.

Ye Chen's eyes penetrated one after another. He wanted to see through the ground and go in to find out, but suddenly, the monstrous evil spirit surged wildly, forming a strong impact on his eyes.

A breath of indifference also rises from the rage under the earth, even close to the way of destruction.

He quickly withdrew his mind. He also inadvertently detected such images.

The terrible monster hidden under the ground seems to be very powerful.

Even he felt the thrilling threat of terror. For a moment, he could only suppress the idea of exploration, so let it go.

However, under Jianjia sword sect, why is such a terrible existence sealed?

Everything was between the lightning and flint. It was only a few moments later. When a brilliant golden light appeared around the body surface, xuanjiyue's light blue long sword trembled faintly.

I don't know if it's because of fear or other visions!

The golden light on the body soared in an instant, and the Golden Lotus blossomed in the air.

Even in that moment, it broke through the limitation of the space boundary wall and was above the heavens.

Xuanjiyue was shocked by the explosion. The whole person was distracted and lost the focus for a moment.

She doesn't know that Jianjia sword is divided into Yang sect and Yin sect. Although she is now the direct disciple of the sect leader, she can't get access to all the core secrets of Jianjia sword sect.

In terms of momentum, ye Chen's masculinity is not what she understands the meaning of Jianjia sword.

Boiling domineering, arrogant and arrogant, carrying the awe inspiring meaning of arrogance.

Incomparably dignified and domineering, they floated out of Ye Chen.

The fierce meaning of that arrogance turned into several strands of Rune rules, dark and deep, and constantly wound around him.

Thousands of Jianjia disciples were shocked when they saw this vast figure, and the divine sword they wore around their waist also changed one after another.

"What's the matter? Why does my Tianjing divine sword react with it?"

"So is my jade pupil sword!"

"Me too!"

“.....”

All the disciples spoke one after another and didn't know why.

When Jianjia patriarch and two supreme elders saw this scene, they couldn't help worrying.

The secrets of Yang Sword and Yin sword must not be revealed.

Chapter 7065

"Xuan Jiyue, you go all out to kill this colleague, and I will help you secretly."

The secret voice of Jianjia patriarch was sent to Xuanji moon's ear, which made her look chilly.

The breath released by Ye Chen is absolutely unusual! Otherwise, the leader of Jianjia will not put down his body and specifically ask himself to kill him.

"Yes, Lord."

Xuanjiyue responded in her heart. She looked up at the majestic and magnificent giant divine sword, the light blue long sword, outlining mysterious and complex lines.

"Summon Jianjia sword spirit!"

Xuanji moon whispered, and a vast sword light rose from the ground, like a cosmic Star River, brilliant.

"Your moves are useless to me!"

Ye Chen said indifferently. His hair fluttered and patted on his indifferent handsome face, which made him feel a little weird.

The fierce sword roared out and burst in an instant. Between heaven and earth, countless Rune laws rushed out, and even the space avenue where they passed collapsed one after another.

Both sides were hit fiercely. After all, under such violent moves, it is difficult for anyone to be alone.

Ye Chen retreated several steps and almost fell down. His Qi and blood vibrated. Such an impact could not be formed in a moment and a half.

If it had been put before, I'm afraid xuanjiyue would have to use his best to resist the sword Qi.

But now, his whole person has been reborn and become very powerful.

Xuanjiyue was also angry. She thought that after accepting the inheritance of Jianjia sword school, her strength would become stronger and her status would be more respected.

But in front of Ye Chen, all this seemed to be beaten back to its original shape. Her strength could not defeat a boy who had just entered the xuanhai sea.

"Ye Chen, you don't want to leave here alive today.

As soon as xuanjiyue's voice fell, a mysterious smell flew over. In the blink of an eye, it disappeared into her body.

Her strength has been greatly enhanced, and even the Jianjia patriarch has mixed a trace of the mystery of Jianjia divine sword.

With the blessing of this power, Xuan Jiyue waved her sword again, and this time, the invisible field burst out instantly, carrying the unique chaotic power of Jianjia fairy.

Rising into the sky, suffocating.

"Jianjia sword formula: silent sword technique."

This set of sword technique is inherited from Jianjia fairy. It is said that in that distant era, Jianjia fairy went to the desolate place to look for a great opportunity in order to treat Hongjun's ancestors who were seriously injured and trapped.

At that time, Hongjun's ancestors were still in the stage of growth and had not yet fully ascended the world. They were plotted by their enemies in a battle.

If there were no Jianjia fairy who sacrificed her life to save her, I'm afraid there would be no Hongjun ancestor who later shocked the world.

It was this encounter of life and death that made Hongjun's ancestor regard Jianjia fairy as the most important person in his life.

So that after the Jianjia fairy fell, he had no nostalgia for the real world, directly tore the boundary wall between reality and nothingness, and left.

In a dying situation, the sword technique created is powerful and indomitable, containing a strong momentum.

When this sword light killed the Tao, ye Chen felt the five kinds of energy contained in it. He waved his sword obliquely from bottom to top, and condensed a white golden thunder light at the tip of the sword.

In the blink of an eye, the thunder light gathered together, like the brilliance blooming among the clouds, turned into a roaring thunder light column, and suddenly collided with Xuan Jiyue's sword Qi, breaking out a fierce sword Qi, which was extremely powerful.

"Hum! Don't think you can really understand the essence of Jianjia sword school after learning a few moves. I don't think you deserve it!"

During the fierce battle, Xuanji moon naturally wants to frustrate Ye Chen's spirit.

"Then try it."

Ye Chen is as motionless as a mountain, like a towering mountain, interwoven with thunder all over the sky, forming a gorgeous picture.

The surging thunder, like a roaring ancient beast, hit the iron wall hard.

In the twinkling of an eye, both suffered varying degrees of shock.

Xuanji moon summoned the half of the mother sword formula of all things, and the brilliance was sprinkled to form a protective cover.

Ye Chen is the same, but he summoned the wish star, waved and sprinkled, countless stars condensed to the extreme, and then appeared in front of him.

The aftermath of their collision was also terrible, and almost spread to the whole Jianjia sword sect.

Everyone was shocked!

These two people are too strong.

You know, Xuanji month has got part of the inheritance of Jianjia fairy. In addition, xuanhai is the home, so it will be the result.

That ye Chen is an outsider. How terrible should he be to do so?

After the collision, ye Chen's whole body splashed countless dust. He stayed in it and gasped. Obviously, such a violent attack could not be easily controlled by his strength.

On the other side, Xuan Jiyue didn't look very good.

She has used the power given by the patriarch, but she still can't break the Yang and hard sword Qi. It's really annoying.

This scene also fell into the eyes of others.

Jianjia patriarch has been keeping his eyes closed and using his soul to perceive what is happening around him.

Now, after all, she can't help it.

If it goes on like this, xuanjiyue will not win, but may lose.

She can still remember that the boy had another nine heavenly divinity: the crown of thorns.

And from beginning to end, it has not been used, enough to see that the thorn crown is its last means of life protection.

The power of the nine heavenly divinity is unfathomable and can not be shaken by human power!

Even she is not sure that she can completely leave the nine heavenly gods.

Chapter 7066

What's more, ye Chen still has the other half of the incomplete nine heaven magic in his hand, which must be powerful when superimposed.

Jianjia patriarch and the two supreme elders looked at each other and nodded.

They've decided to do it now.

However, in the face of the Jianjia sword meaning of Zhiyang and Zhigang, we must not be violent.

Jianjia patriarch closed his eyes and meditated for a moment. When he opened his eyes, a trace of hidden sword Qi floated out of her celestial cover.

This wisp of sword spirit contains terrible and creepy resentment and endless violent emotions, as if condensed into a purgatory.

But in addition to that wisp of resentment, there is also a mighty sword spirit, which is just hidden in the light as thin as silk thread.

It is a law of order, a god chain condensed into, connected with this space, flickering and amazing.

Jianjia patriarch pinched the thin thread and bent his fingers.

Silently, the fierce killing opportunity condensed into a cold awn and moved forward quickly.

Except Jianjia patriarch and the two supreme elders, no one noticed at all.

The corners of their mouths raised a strange smile.

Next, you can wait for a good play to be staged. With Ye Chen's strength, it is impossible to find this wisp of cold awn.

It will be cut in half and the vitality will die out.

At the far end of the sky, ye Chen's golden and white light intertwined into a huge defense network, dense and very solid.

Even though xuanjiyue's offensive is like a tide, such as a storm, ye Chen stays still and looks for a chance to fight back.

But at this time, ye Chen suddenly felt the existence of a strange object. He frowned and looked up. He saw that the void rippled twice, and something emerged.

He thought it was an ambush set by the enemy, but when he looked at it, his heart shook immediately.

It was a light cyan bead, hanging in the air, emitting a thin light.

"That's..."

Ye Chen's pupil suddenly shrinks, because he senses an unusual breath.

Among the light cyan beads, it seems that countless creatures are walking, struggling, and turned into a picture of rapid wandering.

He saw the frozen snow field and the boundless snow, which occupied most of his sight and could not see the end at a glance.

This time, he can determine what it is.

Azure Pearl!

But isn't this bead on sun Yerong?

After sun Yerong's death, the bead should also become an ownerless thing and return to its original place.

Why stay here now?

With a move, the bead seemed to understand his words and slowly came to him.

At this time, ye Chen found that the azure god pearl was not only cyan, but also a faint white light.

Seeing this scene, his eyes suddenly looked cold.

Because he found that what was wrapped around the beads was actually a wisp of remnant soul.

That trace of soul is integrated with the cyan light. Under its protection, the last soul remains.

This is sun Yerong's soul!

When he reacted, he stretched out a hand and slowly approached the green god pearl that day.

The bead trembled for a moment and gradually calmed down. Due to the influence of sun Yerong's residual soul, the bead did not reject Ye Chen's breath.

But let Ye Chen's palm touch it.

When I came into contact with the wisp of white ghost, I immediately urged my consciousness and entered the other party's sea space.

He only saw a beautiful and lovely girl lying quietly in the vast white world.

Her eyebrows and eyes are picturesque. After closing her eyes, her eyelashes are long and moving.

But now, it seems to be a corpse without any vital signs.

Ye Chen's consciousness broke through the flesh and saw the last brilliant fire contained in the depths of his brain.

If it were not for the existence of this flame, I'm afraid sun Yerong would have become a broken body.

Ye Chen immediately felt happy, because it also meant that sun Yerong did not die completely and retained the last fire.

His consciousness withdrew, then put the bead away and put it into the storage space.

Although it is very difficult to save the remnant soul, as long as there is hope, you can't give up!

Fortunately, sun Yerong's body carried this azure pearl, which was not crushed by the sword spirit. Instead, it played a role in saving sun Yerong's last remnant soul.

Carefully studied the bead, but unexpectedly, it trembled at the next moment, and the cyan light became extremely sharp.

The light turned into an arrow, pointing in one direction.

Sooner or later, he used the power of the mother sword formula of all things to wrap up a dark shadow shot from the dark night.

It was a thread as thin as hair!

Its goal is Ye Chen.

"What is this?"

Ye Chen looked at it with a big hand and took in the thread.

There is a monstrous magic power and a violent breath rolling like thunder.

If you hit him and the sneak attack is successful, I'm afraid Ye Chen will be seriously injured without precautions.

Thinking of this, ye Chen's eyes flashed cold.

He just wanted to do it, but the magic gas contained in the thin thread broke out in advance.

Resentment, hatred, hatred.

This series of violent emotions took shape and swept directly.

A sharp voice blew in his ear.

That monstrous evil spirit, like monsters, came together, emitting an incomparably decadent atmosphere.

Ye Chen was immediately surprised, because the rotten smell was so bad that it invaded his body in an instant, and half of his body was paralyzed.

He quickly retreated and wanted to avoid, but the wisp of magic gas was like a bone maggot and refused to disperse at all.

Even reincarnation blood can't stop its invasion. It seems to ignore all kinds of Taoism and rules in the world and only take people's lives.

What the hell is this?

Ye Chen's look became very ugly. He made a seal with his hands and kneaded the formula. The towering momentum rushed to the sky and condensed into shape at this moment.

But even the guardian array can not stop such attacks.

When ye Chen was burning with anxiety, the azure God bead burst out an extremely bright light, released a palpitating force and surrounded Ye Chen.

"It seems that it's time to find a way out."

Ye Chen thought in his heart that he had got the last soul of Tianqing Shenzhu and sun Yerong. It was meaningless to fight again.

It's better to go out and find a way to revive sun Yerong.

It's just a pity that the half of the mother sword formula of all things was absorbed by Xuanji moon and could not be robbed in a short time.

After making such a decision, ye Chen quickly retreated and left here anyway.

The elders of Jianjia sword sect also saw that he wanted to escape.

Chapter 7067

How could they allow it!

"Want to leave? I'm afraid it's not that easy!"

The ruthless black venerable moved in an instant and came to a place not far from ye Chen. The sky over the Jianjia sword sect seemed to be much darker.

The oppressive breath came to my face, wrapped in thick flames.

The black venerable was expressionless. There was a black sun rising behind her. In that, the black iron sword slowly turned, and the deterrent force was very amazing.

She is a legend of Jianjia sword sect. She is famous for her black and mysterious sword. She is powerful in all directions and has experienced countless wars.

Black and white double venerable, unparalleled in the world, this name is not blown out!

Since the black one has come forward, the white one will not fall.

Bai Zun didn't have such a heavy evil spirit. She held a red magic sword. Her whole figure was very vague and disconnected from space, as if she was not a person of this dimension.

This is also related to the empty sword practiced by Bai Zun. The sword comes and goes without trace. The killing is invisible and extremely terrible.

Anyone who wants to provoke Bai Zun must think in advance whether he can bear the price.

Some people even speculate that the white venerable is dead. Now all he has left is a body, which is colder than the frost.

The black-and-white unparalleled venerable one hit from left to right. The cold light penetrated the space and blocked Ye Chen's retreat.

"You have caused such a great loss to Jianjia sword sect. Do you still think you can run away?"

The voice of the black venerable was cold and ruthless, and directly sentenced Ye Chen to death.

Without saying a word, Bai Zun directly sacrificed the void sword and quickly locked the target. Finally, the tip of the sword pointed to a place in the north.

"Do you want to escape from there?" Bai Zun, without expression, directly waved his sword and cut.

The hidden space passage was also destroyed.

Ye Chen's heart suddenly sank, because Bai Zun guessed right.

At the same time, around the white venerable, a mighty sword soared up, tearing the sky, and even the stars outside the region were tottering.

This is the embodiment of the cold sword idea. Lengjuechen, one of the five elders, also shot.

She was hurt by sun Yerong. Now after conditioning, she has almost recovered.

The invincible frost Kendo appears, which is shocking in all directions.

"Since you're here, there's no need to go. Leave all your things here."

Lengjuechen took the lead in killing out.

You don't need her to use all her strength to deal with Ye Chen!

Three elders at the venerable level shot at the same time, and ye Chen immediately became dangerous and narrowly escaped death.

And in the depths of the silent space, ye Chen madly urged the reincarnation blood in his body to break the blockade.

Originally, the two sides also formed a rivalry, but when Jianjia patriarch summoned the Heavenly Sword: Jianjia sword, he completely lost the battle.

Even if you summon a sword to stop water and launch an attack, you can't break this layer of defense.

The elders of Jianjia sword sect have their own magic powers and burst out together, leaving Ye Chen nowhere to retreat.

Even if ye Chen is defeated in this war, it is still glorious though defeated!

For thousands of years, no one can let several senior leaders of Jianjia sword sect encircle.

Xuan Jiyue stood in the distance and watched quietly.

A satisfied smile came from the corner of her mouth.

To some extent, if ye Chen doesn't fall in her hands, it may make her promotion go more smoothly.

After all, if she killed the Lord of reincarnation herself, no matter what, she would be eaten back by reincarnation, and no one knows how much damage she would have.

It's certainly the best thing to have the elders of Jianjia sword sect to fight for her now.

But suddenly, xuanjiyue's eyes looked into the distance, as if she saw something very incredible!

"That's..."

The pupil of Xuanji moon contracted suddenly.

Because outside the Jianjia sword sect, where the sky was clear and the sun was shining, there were changes and hurricanes in that very short moment.

This concussion also spread to Jianjia sword sect, which stopped the offensive of several elders.

The elders were shocked and withdrew their moves.

From the depths of the far sky, a giant whale attacked, and the sea rolled, setting off tens of thousands of meters of huge waves.

The giant whale roared like countless strong winds, and its body was like a mountain.

Ye Chen felt a burst of soft power in an instant and rushed to his face, which relieved him.

Then came a cold hum, so that all the siege turned into bubble phantoms, and broke up.

The elders of Jianjia sword sect looked suspicious, as if they had encountered some incredible thing, which made them open their eyes.

Ye Chen raised her head and looked at the deepest part of the cloud. A figure in white came floating, immortal and dusty.

This person stands out as Ren extraordinary.

There was no smile on his face, all of them converged, only serious and solemn.

"Jianjia sword sect, as the first sect in xuanhai, even sent two or three supreme elders to a younger generation. I really think highly of it."

With a cold hum, Ren extraordinary seemed to have tens of thousands of thunder across the sky, breaking the dome of this area.

The black venerable frowned. She was very unhappy that her magic power was destroyed by the man in white.

"Who are you? You know this is Jianjia sword sect. How dare you speak so rudely?"

Chapter 7068

Several other venerable elders stared at Ren extraordinary coldly, with both vigilance and killing intention in their eyes.

Who the hell is this person? Judging from the vigorous degree of their spiritual power, their strength should not be lower than any of them.

Ren Feifan ignored them, but separated the power of a giant whale and wrapped Ye Chen's seriously injured body.

That ray of monstrous magic gas caused great damage to the origin of Ye Chen's spirit.

So that ye Chen now has some difficulty in urging the reincarnation blood. If it takes a while, I'm afraid he will be completely swallowed up by the attack of these venerable elders, so as to fall into an irreparable situation.

"Master Ren, here you are."

Ye Chen spits out his turbid breath, and has some doubts in his heart.

The prohibition in xuanhai seems not to be transferred by people's will. How did Ren extraordinary come here?

"The space barrier of xuanhai became weaker. I felt your crisis, so I tried and successfully opened the channel."

Ren Feifan speaks lightly, but ye Chen doesn't know. If you want to pass through the space barrier limited by the rules of heaven, you need to make great efforts!

"You have a good rest first, and I'll teach them a lesson."

Ren Feifan said to Ye Chen and immediately stepped out.

At this moment, the wind and cloud changed color, and countless strong winds howled angrily, as if they were building momentum for Ren extraordinary.

"Who the hell are you?"

This time, even the supreme elder of Jianjia sword sect couldn't sit still. They thought about it. There were no such powerful people in xuanhai.

Except the suzerain of xuanhai leizong and dari Zong, who can compete with them, other opponents are vulnerable.

"Needless to say, it doesn't matter who I am. What matters is that I can suppress you when I raise my hand."

Ren extraordinary was expressionless. His black hair was flying and his eyes were moving like candles at this moment. It seemed that he wanted to burn the whole world into a sea of fire.

Above his head, the scarlet blood moon showed that the giant whale divine tree roared, and the unparalleled power burst out, gushing like the torrent of stars.

The strength of the giant whale divine tree does not lie in combat, but if Ren Fanfan wants to use it as a combat weapon, he can also burst out extremely powerful power.

The black-and-white double venerable was at the forefront. Naturally, he was also the first to feel the prestige spread by Ren extraordinary, and his face changed greatly immediately.

The two people were connected, and immediately joined hands. The bloody sky surged in turn, and the great magic power spread to the sky, making endless blood fog into a cage.

As long as the giant whale tree enters here, it will be swallowed and surrounded by the blood net.

But Ren Feifan didn't even blink his eyes. He took a step forward and trampled on the void. Countless cracks spread out, reaching almost synchronously with the star torrent, shaking all the black and white dignitaries.

The two strong heavenly kings have no power to fight back in front of Ren extraordinary.

And in order to enter the boundary of xuanhai as soon as possible, Ren Feifan tore the space barrier and suppressed part of his strength.

Now he has only used less than 30% of his strength.

People with a clear eye can see that Ren extraordinary just moves at will, which makes the black-and-white double venerable instantly defeated. I'm afraid even the supreme elder of Jianjia sword sect can't do this.

"Rise to the array and resist foreign enemies!"

Jianjia patriarch immediately shouted. At this time, she couldn't care to maintain her majestic image as the patriarch.

Because now there is a bigger crisis.

The man in front of him, surnamed Ren, came through the space barrier.

In her impression, there is only one person in the world who has such a powerful power.

Ren family's destiny, Ren extraordinary!

But why does Ren extraordinary have anything to do with ye Shitian?

Jianjia patriarch straightened out his thinking in an instant.

She knows that Ren is the protector of the Lord of reincarnation.

The Lord of reincarnation is called Ye Chen! It is the most shining pride in the world of heaven and has the greatest strength among countless young talents.

The blood of reincarnation is extremely strong. It can be said to climb to the top of the six ways.

"This man is Ren Jiaren extraordinary, a super strong man in the world, and what he guards is the Lord of reincarnation, ye Chen!"

The voice of Jianjia patriarch at this moment shocked everyone.

After they reacted, they all looked crazy, and their hearts were difficult to calm down.

Of course, they have heard of the name of the Lord of reincarnation. Such young heroes who dare to fight against the wanxu temple are both admirable and adorable.

"You quickly lead the people to evacuate, and we'll cover."

The two super elders said in a deep voice. They also realized that this person's strength was extremely powerful. I'm afraid the whole Jianjia sword sect can't fight together.

Many people of Jianjia sword sect feel flustered.

Xuan Jiyue was in it and looked at Ye Chen with a slight sigh in her heart.

It's only one step away to get the formula of the mother sword of all things, but it still falls short in the end.

Since Ren Feifan came, even if the ancient emperor Yu Huang came in person, it was more difficult to kill Ye Chen, let alone them.

She shook her sleeves and walked away.

The two supreme elders of Jianjia sword sect look dignified and like facing a great enemy.

Without saying a word, the two of them combined their own divine swords. The original white and cold divine swords suddenly became red like magma and spread red. With long ancient traces, they crushed the sun, moon and stars and stood in the void.

Dang!

The sound, as crisp as a bell, vibrated and spread, just like the sound of Buddhism and Taoism that came to the world. It rumbled and rumbled, and the divine wind was mighty and the sword was vertical and horizontal.

The ancient divine sword seems to become the most sacred Providence between heaven and earth, firmly locking any extraordinary position.

This is the joint attack array of Jianjia sword sect: stars and moon shine.

Only those who have reached a certain level can produce the effect of destroying the sky and the earth.

But Ren Feifan was not afraid at all in the face of such an attack. With a wave of his hand, he grasped it in the air. From the crack in the deep space, a huge thunder phantom suddenly appeared and burst out.

"Nine heavenly gods: Xi Huang Lei Yin!"

This move is one of the moves of the nine heavenly gods. It has been handed down from ancient times and is extremely powerful.

Ren Feifan was forced to use the nine heavenly gods. The people of Jianjia sword sect also successfully angered him. It was an achievement.

Even if Ren extraordinary now only uses 20-30% of his strength, it is absolutely shocking and terrifying.

"Xihuang thunder seal, broken!"

Ren Feifan stood tall and majestic. He raised his palm in no hurry and calmly made a seal. In the depths of the dome that day, golden thunder billowed and exploded, intertwined and hot, as if to cover up all this land.

The thunder seal, carrying the supreme power of the eternal God Emperor, fell boldly and vigorously.

Under the sweeping of Xihuang thunder seal, the offensive gathered by the two supreme elders instantly disappeared and could not stir up any storm at all.

Chapter 7069

Ren Feifan's Xihuang thunder seal contains the supreme majesty of the road and performs the duty of nine sky thunder punishment instead of heaven.

Among them, there is the supreme power of thunder.

The remnants of the ancient emperor Xi are all sealed in this thunder seal. As long as future generations fully stimulate it, they can be proud of the world and become a hero.

That heavy silent thunder shadow, like the vicissitudes of the world, is changeable and fleeting.

The ancient sword of Jianjia sword sect was submerged in the hot thunder, trembling and falling apart at a speed visible to the naked eye.

Cracks spread rapidly and were immediately conveyed to the swordsman.

The two supreme elders were also severely hit by thunder. For a moment, they were convulsed. They were still majestic, but now they are as miserable as abandoned dogs.

Unable to support their body shape, they immediately fell down and fell to the ground. They looked extremely embarrassed.

"Who is this? That's the supreme elder of Jianjia sword sect. He was defeated so easily."

"I don't know who it is. The strength is definitely more than everyone in our sect. My God! Why do we provoke such existence?"

"Even if it's the patriarch, I'm afraid it's not his opponent. Where is such a terrible figure in the xuanhai..."

“.....”

All the disciples of Jianjia sword sect talked one after another, and their world outlook suffered an unprecedented violent impact.

In the past, they thought Jianjia sword sect was the first sect in the sea of blood, so they could walk horizontally wherever they went, which also formed their arrogant and domineering habit.

But now, the top master who is the pillar of faith in their hearts is rubbed on the ground like a dog.

The strong psychological gap is unacceptable to many people.

But the facts are before us and we have to accept them.

Ye Chen stood not far away and felt the Xihuang thunder seal struck by Ren extraordinary. He couldn't help but wonder secretly.

He still remembers that Ren Feifan didn't burst out such a strong vision when he last performed these nine heavenly gods.

Now Ren extraordinary can produce such an amazing effect just by using it. It can be seen that its strength is so strong that few people in the world can rival it.

"The smell of thunder is too terrible."

Ye Chen had seen the strongest thunder skill before, which was Ren Feifan's move to kill the sword spirit. It can be called Vientiane strictness.

Now, the power of the same move has increased by several grades.

The towering killing contained in the thunder has the profound meaning of the vicissitudes of the arbitrary era.

At this point, ye Chen thought of the rumor about the nine heavenly gods.

Long ago, the nine heaven divination had existed. The years of creation are very old. No matter how strong people are, they can't explore its source.

But there is also such a possibility that green is better than blue! A strong inheritor plays a stronger role than the creator.

"Those who dare to hurt me will pay the price!"

After Ren Feifan succeeded, he looked coldly at the people of Jianjia sword sect behind the array, especially Xuanji moon.

Xuanji moon's eyes, which were as unchanged as the eternal cold pool, finally got a little flustered.

Ren Feifan gently waved a finger, and then let the void of this array tear, and there was a big gap.

The people hiding behind thought that this array could last for a period of time, but they didn't expect to be cut open by one of their fingers and ran away immediately.

The thunder released by Ren extraordinary was impartial, just aimed at Xuanji moon, and the severe power of heaven and earth blocked it and trapped it in a narrow cage.

Xuanjiyue tried her best to resist, but it didn't help.

The thunder all over the sky evolved into a sword storm, mixed with purple light and thunder. The double breath of Buddha and devil broke out instantly. Even heaven and earth could not accommodate such cruel forces.

Although xuanjiyue used the power of fate judgment to send herself out, the towering sword Qi had swept over and hit her hard.

Xuanjiyue was hit hard, and the blood spilled out of her mouth. The formula of all things mother sword summoned in an instant could not completely protect her.

But she ignored it and ran away with her life.

At this time, a thunder came again, which was about to split Xuanji moon's body in half.

However, Jianjia patriarch came forward after all and blocked the blow for Xuanji moon.

And she herself is not much better.

After using the power of Jianjia divine sword, at least Ren extraordinary thunder attack was stopped.

But the flesh has become incomplete and fragmented, and has tended to the edge of collapse.

At this time, Ren extraordinary stopped.

As a top power in the world, he naturally knows what is limited by the way of heaven.

Breaking the space barrier between xuanhai and the myriad boundaries of the heavens and forcibly breaking in itself has violated the rules of heaven and earth.

Moreover, he also hurt so many senior leaders of Jianjia sword sect, which has reached the tolerance limit of heaven.

If the slaughter is wanton again, I'm afraid Tiandao will break out a fierce battle with it.

"I'll let you go this time. If there's another time, don't blame me for being rude."

Ren Feifan lost his hands behind him. His tone was flat. It was as easy as killing the weak.

Ye Chen also came forward and came to Ren extraordinary.

He knows very well that the reason why Ren Feifan does this is that he doesn't want to be contaminated with cause and effect and attract the attention of heaven.

All things in the world always have a balance, and the way of heaven is the point of balance.

Even the first person in the world like the ancient emperor Yu Huang will not oppose the way of heaven. Otherwise, the thunder disaster he will bear will be calculated by a hundred times and a thousand times.

"Let's go. The rules here don't allow me to stay long. I'll tell you what happened slowly on the way."

Ren Feifan took the lead in turning and leaving. Ye Chen followed him. He turned back and looked at Xuanji moon deeply. He looked dignified and left quickly.

Next time, anyway, xuanjiyue must die!

The sky gradually returned to silence.

But the people of Jianjia sword sect can't calm down.

They looked at the riddled Jianjia holy land and had mixed feelings in their hearts.

Who could have thought that a giant in the xuanhai sea would be beaten so miserable by an outsider.

Maybe Jianjia sword sect is not as powerful as they think. It's just that they have been watching the sky all the time.

.....

At the same time, ye Chen followed Ren Feifan across the void channel and finally left the boundary of xuanhai.

Before stepping out of here, ye Chen couldn't help asking, "elder Ren? How did you get in?"

According to his understanding, the xuanhai should be isolated from the heaven and the world.

Even if the four great powers in the world come at the same time, they can't break the restrictions of the rules of heaven.

Does it mean that Ren extraordinary has the ability to strongly break the way of heaven?

Chapter 7070

Ren Feifan smiled and explained: "the two nine heavenly gods in xuanhai have been taken out. In addition, the recent turmoil of Jianjia sword sect has weakened xuanhai's luck, so I can find a gap and enter here."

Ye Chen's face showed a sudden color. When Ren Feifan asked who got the two nine heavenly divinities, ye Chen honestly smiled and said he had a share.

At this moment, Ren extraordinary was stunned.

"What does it mean to have a share?"

Ye Chen had to briefly say his treasure hunting experience and summarize it in complete words, that is, he got a half of the nine heaven divination.

Rao, with Ren's extraordinary concentration, was dumbfounded when he heard this.

This boy is worthy of being the Lord of reincarnation. He is born with great luck.

How can fate compare with reincarnation.

He now has one and a half of the two ownerless nine heavenly divinities that no one has found for thousands of years.

If those people knew, wouldn't they be so angry that they vomited blood and died?

After about half an hour, they finally came out of the passage of xuanhai and returned to beimangzu land.

At this time, Ji Siqing, Xia Xuansheng and others had been waiting here. Xiao Huang flew around in the air and looked out of his head from time to time.

"Elder Ren has gone to xuanhai. He should be able to save the master..."

Xiao Huang muttered to himself and kept talking.

Ji Siqing even paced back and forth, looking anxious. She was relieved when she saw Ye Chen's broken figure, and a smile appeared on her face.

"Finally back!"

Seeing the crowd gathered around, ye Chen smiled and said, "I'm all right. Don't worry."

Xia Xuansheng came over and bowed: "temple Lord, you're all right! The yin-yang temple can't live without you."

"Don't worry."

Ye Chen seldom has a moment to relax. After Xiao Huang turned out of his original body, he insisted that ye Chen walk around in his arms. Only then did he fly to dinner with satisfaction.

Ji Siqing came over, pulled the corner of Ye Chen's clothes, whispered something in his ear, and then blushed and ran away.

Ye Chen smiled and agreed, with meaningful eyes.

At night, he built a private space with the wish stars and called Ji Siqing. They lay on the soft grass and looked up at the stars.

Meanwhile, ye Chen pretended not to understand, which provoked Ji Siqing to turn over himself.

"Tonight I am the master and you are my slave!"

Keith said quietly.

Ye Chen was stunned. He didn't expect Ji Siqing, who has always been calm and calm, to say such words.

Without waiting for ye Chen to make a sound, she took the lead in launching a lasting war.

During this period, the two armies fought each other for seven rounds.

The stars floating on the stars flickered and disappeared with the fierce battle, as if they had read something.

When dawn came, they went directly to the top of the tree to watch the rising sun.

Ji Siqing's face was full of satisfaction. She lay beside Ye Chen, motionless, and the whole person seemed to collapse.

After a long time, ye Chen came to her ear and said softly, "how about you being the master all the time?"

Ji Siqing's face was tinged with a faint blush. She pretended to be asleep, but her trembling eyelashes had betrayed her.

The blush, like a glow, bloomed quietly on her cheek, complementing the rising sun of birth.

After the war, ye Chen came to Ren extraordinary's cave to discuss the next things with him.

Xiao Huang followed Ye Chen, flapping his wings and listening quietly.

Ren Feifan has his own cave in beimangzu, which is built next to the entrance of chaos and emptiness, surrounded by several swirls of time and space.

Three rounds of the sun rose, forming an incomparably spectacular scene here.

It would be elegant to add a set of tables and chairs, place two pots of good wine, and invite three or two friends to enjoy the day and talk.

Ren Feifan's cave is relatively simple. He rejected the request of the nightmare Protoss to build a temple for him and chose this simple world.

Only a humble room can make people alert, and only peace can make people meditate.

There is a pot of tea beside Ren extraordinary, and the curling heat hovers on it for a long time.

This method of making tea is recommended by Ye Chen to Ren extraordinary. Even as the top power in the world, there are still worldly worries.

Make a pot of tea, smell the fragrance and drink the tea, and the whole person can empty his mind.

"Elder Ren, I have encountered something strange in the xuanhai. I still need you to answer it for me."

Ye Chen said, taking out what he got in the void.

At the same time, he will also meet the mysterious man on the throne and talk to Ren extraordinary.

And the whereabouts of the man he saved at the last moment were also quite strange.

Are all these things designed long ago or by coincidence? Filled with too many mysteries.

After listening to Ye Chen's story, Ren Feifan also fell into meditation.

The mysterious throne, the ancient battlefield, and the unknown ancient things.

All factors combined, shrouded in a layer of mysterious gauze.

Ren Feifan tried to use the art of deduction to help Ye Chen reproduce the past, but he encountered great resistance.

"I'm afraid the strength of the dark blocker is not under me. He just wants to prevent others from watching what happened in the past."
