

Physician 71

Chapter 71

Those two people are very clear that the other side is so powerful.

They can't run.

"Plop!" A sound, two people kneel directly in front of Ye Chen's body, the body trembles, the crotch place is to spread a burst of urine bashful gas.

"Don't Don't kill me We are from Qingmen... "

Ye Chen looked at two people from a commanding position and said faintly, "Zheng Jingming, where are you now?"

They were so scared that they quickly pointed to a gate at the end of the corridor and said, "Zheng General manager Zheng is in the building to discuss business with the people of M.... "

"He heard the alarm outside?" Ye Chen Dao.

The two quickly shook their heads and explained, "no, the sound outside and inside is completely isolated, and they can't hear it at all. But the movement here should have been heard by the security department on the 37th floor, and they will catch up soon..."

Ye Chen nodded thoughtfully, regardless of these two people, directly put his hands in his pocket and walked towards the door at the end of the corridor.

When ye Chen had taken dozens of steps, the two men saw that they were out of danger, looked at each other, and no longer hesitated. They took out a small weapon from their ankles. Just as they were about to shoot, ye Chen shot two jets of air in their hands.

The air flow is shaped like a blade.

"Poof!" Two, directly shot through the throat of two people, blood gradually dye, fell on the ground.

.....

At the same time, the 39th floor of Qinghe group closed the meeting room.

On Zheng Jingming's left sat three men with blond hair and blue eyes, all of whom were spies and arms dealers from m country.

China has always been very interested in China.

They know that they can't control China on the surface, but once they control the underground forces of China, they will control the key points of China.

Jiangcheng, as the port city of Jiangnan Province, once it is captured by them, it is definitely a big step forward for the ambition of M country.

On the right side of Zheng Jingming sat two strong men of Qingmen.

Qinghe group appears to be a manufacturing group, but it is actually infiltrated by Qingmen. Zheng Jingming is just a puppet to Qingmen.

It seems that Zheng Jingming controls Qinghe group, but in fact, it is Qingmen!

In the conference room, a middle-aged man with an eagle nose looked at Zheng Jingming and said seriously: "Mr. Zheng, our country m is coming with sincerity. As long as you provide us with the number of ships entering and leaving Jiangcheng port and the map of the armament airport in Jiangnan Province, our m Congress will provide you with the strongest armed equipment.

I know that you Chinese ancient warriors are very strong. We also have weapons specially designed for them, which can greatly improve their strength. As long as you nod, our cooperation will maximize the benefits of both sides. "

Zheng Jingming Mou son some serious, he knew this matter has the very big risk, slightly careless, is the treason crime.

But in front of the huge interests, he was a little moved.

Indecisive, he looked at the two strong men on the right. Both of them closed their eyes and didn't seem to express any opinions.

Seeing that Zheng Jingming had not yet made a decision, the man continued: "Mr. Zheng, add one more item. Our country m is willing to provide 10 sets of high-precision automatic equipment for your group. I think this is very necessary for the development of your group."

Hearing this, Zheng Jingming can't help it any longer. The market price of a high-precision automatic equipment is 50 million yuan.

Five hundred million of them are unexpected.

The key equipment is the existence of price but no market!

Zheng Jingming didn't think about it any more. He stood up directly, put out his hand, and said with a smile, "Mr. Mike, how can I refuse these conditions that you put forward Happy cooperation. Please say hello to Mr. Trang when you return to m country. "

Eagle nose man eyes full of surprise! I didn't expect that things could be discussed so soon.

As long as state m takes the port of Jiangcheng, their spy forces will be able to penetrate bit by bit, and then they will be able to control the underground forces in Jiangcheng.

Once the underground forces are controlled, they can spread to the spider web, until the whole territory of China is spread and China is in a mess!

"Mr. Zheng, happy cooperation!"

When two hands are tightly held together, the sudden change protrudes.

"Bang!"

The door of the meeting room suddenly burst open, two steel door panels directly twisted and deformed, and even smashed and broken the conference table.

The two strong men with their eyes closed also stood up and shot out an opportunity to kill them.

"Good Chinese people don't do it, but they go to be the dog of M country."

A cold voice fell down and resounded throughout the conference room.

Everyone looked at the gate one after another. There was a young man in a stiff suit standing at the door.

With a document in his hand, the youth is somewhat like a business elite.

Zheng Jingming stares at the young man in a suit. He doesn't know why. He always feels familiar.

"Ye Chen?"

The name came to him subconsciously, but it was soon forgotten by him. That ye family waste has been dead for a long time and can't die any more. How could it be here.

They just look like each other.

The key is that someone broke in. How come those armed men outside didn't react at all?

What a bunch of crap.

Ye Chen, regardless of everyone's reaction, went directly to Zheng Jingming, put the document in his hand on his desk and took a pen by the way.

"Signed him."

His voice was commanding, as if to say something beyond doubt.

Zheng Jingming glanced at several words on the document and his eyes shrunk.

Unconditional transfer of equity?

This kid's brain is so funny that he even dares to take the equity of Qinghe group?

He has seen many crazy people in his life, but he has never seen such a crazy person!

Kill directly to the top floor of Qinghe group, even let him sign a ridiculous document!

Who gave him the courage!

The two masters of Qingmen snorted coldly and came towards this side.

The man with a hooked nose in M, his eyes motioned to the strong man standing beside him, and said in a low voice, "kill him."

No one has the right to destroy their country's plans.

Destroyer, die!

The m strong man instantly took out a special weapon from his waist, and without hesitation, aimed directly at Ye Chen's head.

Just at the moment when the other party is ready to pull the trigger, ye Chen takes up the pen in his hand and shoots it out directly!

"Puff!" With a sound, the pen directly pierced the brow of the strong man of M.

Nailed to the wall!

There was even a touch of red blood on the wall!

Like a plum blossom.

His eyes were wide and full of fear, and his body fell back.

One shot killed.

The two strong men of the green gate couldn't sit still. A short knife appeared in their hands one after another, and came directly to Ye Chen.

Ye Chen has no intention of doing anything. He has already seen through the cultivation of those two people, and half step into the realm!

Even if you look at the whole Jiangnan Province, you can be regarded as a strong one.

But in his Ye Chen's eyes, nothing counts.

Two short knives carry the strong wind to Ye Chen and take his vital points.

One of the knives is a heavenly cover for splitting Ye Chen!

Very fast.

Ordinary martial arts strong people can't escape. Maybe their bodies will be split in two.

At the moment when the dagger is about to touch Ye Chen, an invisible breath condenses around Ye Chen, and Ling lie's killing opportunity suddenly breaks out.

"Poof!" The whole conference room is stained with blood!

Chapter 72

All the people saw the blood appeared, one after another happy heart, all thought that the uninvited guest had been killed.

But when they see the picture in front of them, everyone's smile is completely frozen!

I saw two broken arms hit the ceiling, and the blood fell on the conference table.

Shocking!

The key is that the young man in suit is intact at the moment!

They didn't even see what he did!

And the two strong arms are broken! Blood flows!

Under one move, two strong men with half step strength were actually cut off their arms.

How could it be!

Zheng Jingming was scared pale, but he knew how terrible the two masters of green gate arranged here.

Once they slaughtered more than a dozen hired killers, and they could break a giant tree with one hand!

He will never forget that scene in his life.

But what kind of ghost is the young man in suit!

Before he reacts to come over, two strong men in the green gate feel a heartrending pain, and the whole person cries out.

The two men were afraid to step back. They looked at Ye Chen in horror and said in unison: "martial master! You are a master

At this moment, the whole world seemed to be quiet.

What does martial master mean? Everyone here is very clear!

But how can such a young martial arts master exist in such a small place as Jiangcheng!

One of the strong men in Qingmen realized that something was wrong. He was just about to run outside. A blade of air cut through the sky and directly pierced his heart!

"Bang!" His body fell down and his eyes were ferocious.

Death is not in peace.

Seeing this scene, Zheng Jingming and another injured strong man of the green gate completely dare not move, and their bodies are almost stiff.

Ye Chen is not in a hurry to solve these two people, Mou son fell on M country only two person body. Step by step.

The footstep is very light, but for the two m people, it is the step of death.

One of the fire merchants of the M army knew that the suit boy in front of him was the ancient warrior of China. He did not dare to be careless. He held out his hand and touched the gun at his waist.

The next second, the trigger pulls, shoots directly at Ye Chen's forehead!

The whole process is flowing, and ye Chen is not given the chance to interrupt.

He even saw the picture of Huaxia boy's head exploding in front of him.

"Hua Xia boy, you go to die for me!"

"Bang!"

There was a gunshot coming from the office, which made everyone happy. Even if the boy was an ancient warrior?

The power of thermal weapons is not something he can resist.

As soon as this kid dies, all the crises are over.

Ye Chen naturally knows that the other side shoots, Mou son a congeals, serious rise, the true Qi of his Dan Tian gushes.

Step lightly, in front of unexpectedly agglomerate a gas wall.

The bullet hit the air wall and slowed down.

Then, ye Chen body slightly side, at the same time out of a hand, even directly caught the bullet.

"Ding."

The bullet was dropped on the conference table, the sound was incomparably clear.

At this moment, all people are confused, the brain is blank.

Sleeping trough!

All the bullets were caught? Catch it!

What the devil is this!

Those two m people are all wet through! He knew that China had always been very mysterious, but he did not expect that there would be someone in this world who could catch the bullet with his bare hands!

That arms dealer instantly clear come over, ready to continue shooting, ye Chen can not give him another chance.

He grabs the bullet on the table and flicks, "give it back to you."

The bullet rubs violently in the air, and the next second, it goes straight into the weapon that is about to fire.

"Bang!"

The weapon exploded directly, and the fragment penetrated into the neck of the arms dealer, killing him on the spot.

"Don't kill me. I'm still a diplomat. If you move me, the Embassy of M will certainly make difficulties for China!" The eagle nosed man took a look at his companion's body. He was completely flustered and stepped back a few steps. "I have money. I have a lot of dollars. How about buying my life with this money?"

"Money?" Ye Chen took out a piece of RMB from his pocket and played with it. "I don't lack money, and I prefer RMB."

The eagle nose man's face changed, just wanted to say something, ye Chen continued: "Jiangcheng is where I grew up, Huaxia is also my country. I do not allow others to destroy my life, let alone anyone to destroy my stable foreign country! The violator, die

"Whoosh!" With a sound, the coin in Ye Chen's hand shot out!

The next second, directly shot through the body of the man with the hook nose, and finally did not enter the wall with blood!

Another man was killed! Ye Chen looks flat, looked at the mobile phone on the table, took it directly and put it in his pocket.

He is sure that there should still be people who have the idea of Jiangcheng port. When the time comes to hand over the mobile phone to bailibeng, it can be regarded as doing something for Jiangcheng.

After all this, he looked at the injured strong man of the green gate and Zheng Jingming.

That green door strong person and Zheng Jingming see ye Chen come over, whole body all tremble.

They witnessed the whole process!

This guy is a killer without blinking an eye!

Such means are not compatible with the image of a gentleman in a suit!

The strong man of Qingmen could no longer bear the pressure of death and said, "I don't care who you are. Where did we offend you in Qingmen? Why do you want to kill all of you? Once you kill me, the leader of Qingmen will find you and kill you with his own hands! "

Ye Chen leaned against the conference table and lit a cigarette, as if listening to each other's threats.

For a long time, his eyes just looked at the two people on the ground and said, "finished? It's my turn. First, it's not the green gate that bothers me. It's the Qinghe group. Second, now I have changed my mind. This evening will be the last night of the existence of Qingmen. "

The strong man in the green gate glared, and then said with a sneer: "do you think you are the only martial master in the world? Our master of green gate has stepped into the realm of master! I think you are playing with fire! If you offend Qingmen, we will kill all your family... "

Words have not yet said export, ye Chen has come to his body, "click!" I broke my neck.

"To your disappointment, I have no family."

Only Zheng Jingming and ye Chen were left in the conference room, and the atmosphere was extremely dignified.

Zheng Jingming thought of what, quickly stood up, shaking out the pen, on the desk that document signed, is printed fingerprints!

"I sign, I sign everything, as long as you let me go! We have no injustice or hatred. I can be your puppet. I can help you control the Qinghe group. All the money of the group belongs to you As long as I only want my dog alive

Ye Chen smiles and comes to the French window and looks at the scenery of Jiangcheng. He carries his hands behind him, and an invisible evil spirit surges all over his body.

Zheng Jingming all looked silly, how could this person have the red evil spirit? The key to see this guy's red evil spirit, he even has some difficulty breathing!

For a long time, a cold voice sounded in the whole conference room:

"Zheng Jingming, do you really forget who I am? Do you dare to forget the night of Yunhu villa five years ago? "

Chapter 73

Hear that.

Zheng Jingming's pupil is almost enlarged. He stares at the young man in a suit in front of the French window.

A thin figure many years ago seems to overlap with the figure of the youth.

More and more familiar.

His body almost trembled.

I don't know if it's anger or surprise.

Five years ago!

Yunhu villa!

He will never forget that night.

That night, he watched his brother die in front of him.

That night, he also witnessed the Ye family erase from Jiangcheng overnight!

Since then, he has got everything he has planned.

He enjoyed the pleasure of power and money.

But even so, he always wakes up from nightmares in the dead of night!

In the dream, he saw the family three open blood sparkling hands to him for life!

He didn't believe in evil, not to mention ghosts.

But this moment the ghost of the dream really came!

as like as two peas in front of the window, the young man in the suit turned around. The cold eyes were just like those of the leaf family.

Although the temperament has changed dramatically, Zheng Jingming certainly won't admit his mistake!

The youth in front of us is Ye Chen!

Ye Chen, the waste of Ye family who has disappeared for five years!

Zheng Jingming was scared to get cold. He moved his legs and retreated to the corner: "you Who the hell are you! Are you a man or a ghost? "

Ye Chen's mouth outlined a evil smile, step by step toward Zheng Jingming.

When he came to Zheng Jingming, he stopped and looked at Zheng Jingming from a commanding position and said, "five years ago, you killed my family. Did you forget me so soon?"

Zheng Jingming has completely determined the identity of the youth!

He grew up his mouth and exclaimed, "you are ye Chen, you You're not dead When you fell to Dongqian Lake and was washed away by the river! How could... "

"You wonder why I'm not dead, are you?" Maybe I don't want to die because I don't want to die

Zheng Jingming couldn't care about everything. He even said, "Ye Chen, listen to me. Things are not what you think. How can uncle..."

"Bang!"

There was a shot.

The bullet went through Zheng Jingming's knee and exploded.

"You're not my uncle, never."

"Ah Zheng Jingming was sweating bitterly. When he saw his knee bleeding, his face turned pale.

His heart was filled with horror! When did the famous Ye family waste in Jiangcheng become so terrible!

When did this guy start practicing?

What's more, how did he break through the barriers and get to the top!

Damn it, who can tell him what the crap has done in five years!

"Zheng Jingming, I don't like to use this kind of heat weapon." Ye Chen continues to say, the next second, the weapon is directly squeezed into a ball by Ye Chen.

Hard to squeeze into a ball of iron pimple!

Seeing this scene, Zheng Jingming was scared to be incontinent!

Is this guy a devil!

"I prefer simplicity and rudeness." The voice of Ye Chen falls.

The next second, he stepped on Zheng Jingming's other leg and heard "click!" A sound, Zheng Jingming bone fracture!

It's bloody.

One leg is completely broken.

Zheng Jingming was going crazy. The strong pain almost made him faint, but ye Chen lightly touched his neck, and he woke up again.

"Ye Chen, please Please let me go For all these years... "

He begged, and he had no choice.

Ye Chen laughed and laughed wildly: "I let you go. Why didn't you let go of my Ye family? Why don't you let my parents go!

My parents are sorry for you

"Bang!" Zheng Jingming broke one hand completely.

He has become a waste.

Zheng Jingming wants to bite his tongue and commit suicide, but he can't do it. He finds that an invisible force surrounds him, making him unable to have any action at all.

This NIMA is too painful. He vaguely remembers that ye Chen didn't know where he ordered him just now, and then no matter what ye Chen did, he was extremely sober, and the key sense of pain was also strengthened dozens of times!

"Zheng Jingming, the acupoints of the human body are very mysterious. They can save people, kill people, and enjoy endless pain."

Ye Chen's voice is extremely insipid, just like telling an extremely common thing.

"You should not know that I have killed the Chen family and Yao Jingu, the party planner. You are the fourth. You should feel lucky. After all, I have let you live for so long."Zheng Jingming's eyes widened.

suddenly he thought of the news of the previous day. Chen family and his son were killed and no suspect was found.

He never thought it was made by Ye Chen!

What's more, ye Chen killed the big man named Yao as well?

My God!

Yao seems to be a martial arts master too!

Is this kid a devil?

Master Wudao will not let go!

Does he want to kill all the people involved in the Cloud Lake Villa?

Madman, complete madman!

"Ye Chen, you killed so many people, you You will be punished! " Zheng Jingming stretched out his hand and pointed to Ye Chen Dao.

Ye Chen smiles: "retribution? May let you down, my life, even the way of heaven can not control! Who has the right to take it! "

With that, ye Chen had ten silver needles in his hand. The silver needles shot out and directly penetrated some of Zheng Jingming's acupoints.

Zheng Jingming felt something strange happened to his body and said in horror, "you You What have you done to me! "

Ye Chen lit a cigarette and walked to the door of the meeting room.

When he reached the gate, he stopped: "the old man told me that the acupoints of the human body can make doctors and Yama fight for their lives."

"You can also let those high gods kneel down and beg for mercy!"

Ye Chen finished this sentence and disappeared.

After he left, Zheng Jingming felt a terrible pain!

His body gradually turned red, like thousands of ants biting!

This kind of pain, almost magnified a thousand times more than!

"Ah He cried out in pain!

His body expanded, and after a long time, he exploded and turned into a pool of blood mist.

When ye Chen left, he met a man in clean clothes and cap.

He could feel that the other party was very dangerous. He thought it was a person from Qingmen. He just wanted to take off his hat. The man took off his hat and said respectfully: "the Lord of the temple, it's the king of Nanjiang who asked me to come here. I'm the scavenger. I'm responsible for cleaning up some unclean things."

Ye Chen takes back the true Qi and nods.

Although he did not want to be involved in too much with Nanjiang king, he was very clear that the power of Nanjiang king could save him a lot of trouble.

Moreover, the reason why he kept a distance with Nanjiang king was that he hoped that this power would not be known by outsiders.

His relationship with the king of Nanjiang must be hidden in the dark.

It's invisible to anyone.

The identity of the temple master can only be announced under the circumstances of necessity.

But he was a little curious. If those people knew the identity, what kind of expression would they have.

"Ye family waste? Ha ha, this identity is confused many people, perhaps I also want to thank Chu shuran. Because of her words at that time, these high-ranking guys would never think that ye family trash would come back to revenge! "

Chapter 74

Ye Chen came to the lobby in the elevator.

The little girl at the front desk has been looking around. When she saw Ye Chen, her eyes were all shining. She said, "Sir, have you seen director Meng?"

Ye Chenyang raised his hand on the document: "the contract has been signed, later maybe I will come here often."

The little girl trembled and said excitedly, "great!"

Ye Chen frowned: "well?"

The little girl realized her loss of state, touched her nose and said shyly, "Sir, I don't know your name. My name is mengxiaoqi. If you need to make an appointment in advance, I can contact me. This is my business card. There is my micro signal on it."

Another front desk looked at mengxiaoqi and said with a smile: "little Qi, you are not righteous. Just now a man asked you to wechat. You don't give it to me. Why do you give this handsome guy a card?"

Mengxiaoqi stared at her colleagues and blushed.

Ye Chen took over the card and smiled and said, "my name is Ye Chen. Thank you."

He thought in his heart, it seems that he should wear more suits later, which has the function of peach blossom luck.

Ye Chen came out of Qinghe group, just ready to take a car to find Qingmen, a slender hand suddenly from behind him, directly patted on his shoulder.

"Ye Chen!"

He subconsciously grabbed the hand and wanted to throw one of the people behind him over his shoulder, but he stopped soon.

Because he knew the person who patted him on the shoulder, the police of Jiangcheng police station spent 100 li of ice.

But today's Baili ice is not in uniform, but a shirt with cowboy, it is very casual.

"How can you be here?" Ye Chen is a wonderful way.

Bai Li ice twisted her arm and was almost dislocated by Ye Chen. She gave her a white look at Ye Chen: "this sentence should be my question. I am doing the task nearby. How can you appear here?"

Baili Bing noticed the dress of Ye Chen's suit, and was slightly surprised, and said, "Yo, you wear this way, I almost didn't recognize it. Are you here to find a job in Qinghe group? You need to find a job by your means? "

"I should not have answered your obligation." Then ye Chen went out.

Hundred miles ice always feel wrong, just want to catch up, "huh!" A loud bang from above!

Hundred Li ice subconsciously raised his head, soon found that the top of the Qinghe building smoke rolling, the fire started.

Suddenly, her eyes were full of panic! Because a shadow is coming to her!

The explosion directly led to the falling of a huge building block on the top floor!

Speed is fast to the extreme.

It is obvious that it is too late for the hundred Li ice to hide.

She can see clearly a broken steel bar in the stone. Once it is smashed, she will die of ice in a hundred miles!

Her legs were trembling and her back was cold and sweaty. She thought about her countless ways of death. After all, she faced many dangers when she did this business, but she never thought she would be sad to be killed by a high-altitude stone.

She has not even experienced the joy of that kind of male and female love.

Just at this juncture, ye Chen moved!

He was in place into a shadow, directly put on the hundred Li ice, when holding the ice moment, his feet suddenly force!

The body was stagnant.

"Huh!"

He hit the ground with a hundred miles of ice, and the Armani suit was torn by friction.

The boulder fell and a huge pit was smashed on the ground not far away.

The crowd screamed around.

At the moment, Baili ice is blank in her brain. She didn't think that ye Chen would save herself in such a dangerous situation.

Is this guy dead? There is no obvious relationship between the two.

She can clearly feel the strength of the other hand around her waist and the other holding her butt.

If it was to be normal, she would have been angry. But at the moment, she had only the rest of her life to be blessed.

"Ye Chen Thank you Thank you You. "

"She was pale, and she was obviously frightened," said Bai Li ice softly.

Ye Chen climbed up, holding a hundred miles of ice on one side, looking at the boulder not far away helpless shake his head.

So, what is the so-called scavenger doing this?

Even if you want to destroy the evidence, you don't have to blow up the top floor.

Although so clean and clean, but this movement is too big, regardless of other people's death and life?

If he doesn't save a hundred miles of ice, it would be like killing her.

Not many times, a few men in casual clothes came to the side of the hundred miles of ice, worried: "Captain Do you have anything? "

Bai Li ice then sobered up, his face returned to cold: "you a few are still in a daze to do what, above explosion, immediately block the scene, seek support. also! You guys are going to check it out right away. ""Yes, Captain!"

Several people rushed into Qinghe group.

At the moment, the whole Qinghe group was in a mess, and all the staff inside rushed out, in a mess.

There were even some stampedes.

Baili ice came to Ye Chen in front of him and said in a low voice, "thanks to you for what happened just now, and I will compensate you for this set of Armani on you."

Ye Chen took a look at his clothes and shook his head: "no, it seems that I really don't fit to wear this kind of clothes, but it broke on the first day. I think I should honestly wear my own old clothes."

Baili ice just want to say what, her eyes shrink, notice a few men who rush out along the crowd!

These men's eyes did not have the slightest panic, only serious!

At the same time, they have a mysterious gate tattooed on their necks!

People of Qingmen!

Bailibeng has been investigating this force for a long time. Qingmen is a cancer of Jiangcheng, but Jiangcheng police can't get any favorable evidence. They only know that Qingmen has some connection with Qinghe group in Jiangcheng.

So these days, bailibeng has been taking a few of his men to squat near the Qinghe group.

Now she caught such a good opportunity, naturally will not give up!

He didn't care about ye Chen, and said directly, "I have something to do now. I'll come back to you after I've dealt with it. That's it."

With that, Baili ice got on a bus.

Seeing that the people in Qingmen had already driven away, she naturally wanted to follow up.

She is very clear, these people leave so nervously, there must be a reason! Maybe it's going to their base camp!

As long as we take evidence, we can mobilize reinforcements, and then we will kill all the cancer!

Ye Chen looked at Bai Li Bing's figure and shook his head helplessly. Then he called a taxi and said, "master, go to No.112 Taining road in the west of the city."

The driver was stunned and said in surprise, "little brother, where are you going and what are you doing? It's too far away, and there are only a few abandoned factories. Are you mistaken? "

Ye Chen handed over 500 yuan and said directly, "master, go to the address I said."

When the driver saw 500 yuan, he said with a smile: "OK! You can go wherever you like. "

He only needs 40 postage for this trip, so he can make 460 net profit today, of course.

Ye Chen looked through the window at the smoke rolling green grass building, eyes slightly narrowed.

"Dad, after three days, I want everyone in Jiangcheng to know that your Tianzheng Group is back!"

Chapter 75

Taining Road, west of the city, abandoned factory.

Bailibeng noticed that Qingmen's car had stopped. She didn't dare to continue driving in. She stopped the car in a hidden place, got out of the car and followed up carefully.

"I wonder why I can't find the headquarters of these people. It's in this place."

Baili ice body jump, directly avoid the door several people's inspection, drill in.

Her strength in the eyes of ordinary people is absolutely a master in the master, and has rich anti investigation experience, it is easy to avoid the investigation at the door.

Inside, she found that there were many containers coming in and out. Although she was surprised, she did not dare to expose too much to others' sites. She could only use her mobile phone to steal photos and collect evidence.

She wanted to call for support, but she found that there was no signal in this area. It should have been deliberately blocked.

Soon, she saw the men who came out of Qinghe group.

"Helmsman, something happened to Qinghe, and there was an explosion on the top floor. Most of the people we arranged for in Qinghe died. Even Zheng Jingming did not survive." One of the men lowered his head.

In front of the man stood a middle-aged man, the middle-aged man was wearing a black dress, his body was filled with a trace of martial spirit.

The middle-aged man named Xu Dingfeng is a helmsman of Qingmen, who is in charge of several forces of Qinghe group.

Xu Dingfeng snorted coldly and scolded: "it's a group of rubbish. We have arranged so many people in Qinghe in Qingmen. You are the only one who survived!"

Those men quickly knelt down!

"Helmsman, we don't know what happened! There are fluctuations in thermal weapons there. I suspect there are experts who want to deal with us in Qingmen. "

One of the men was busy.

Words fall, Xu Dingfeng a palm buckle in that man's heavenly cover!

The man's mouth is white, and his mouth is full of blood.

"You have to say it! Obviously, someone is going to deal with us, Qingmen! Waste

Another man saw this scene and was completely afraid to speak.

Xu Dingfeng's eyes fell on the rest of the people.

"Do you think you're rubbish, too?"

His gloomy voice was chilling.

"Yes, yes, yes!"

Those people were so scared that they didn't dare to breathe.

With a cold smile, Xu Dingfeng's eyes suddenly fell on the place where Bai Li ice was hiding. He said, "you are really rubbish. You have brought people here!"

Bai Li Bing, hiding in the dark, changed her face. She knew she had been found!

The next second, no longer hesitant, directly toward the exit!

"Since you are here, do you still want to walk out of our green gate?"

Xu Dingfeng roared. In a blink of an eye, he came to the back of Baili ice. He reached out and grabbed the clothes of Baili ice. Then he made a fierce force and threw Baili ice back!

Bai Li Bing's eyes are full of surprise. I didn't expect that the other party was an ancient warrior! The key strength is higher than yourself!

The next second, she lost her center of gravity.

All you hear is "bang!" The sound of her body heavily hit the wall!

Pale!

Xu Dingfeng smile, step by step toward bailibeng: "Oh, I didn't expect to be a beautiful woman. I'm curious about what you're a girl doing here in Qingmen!"

Bailibeng knew she was in trouble. She knew she would be waiting for support!

At the moment, she has almost no way out!

She could only take out the certificate in her hand and said in a cold voice, "I advise you to be arrested! My colleagues have already known this place. If something happens to me, you will die in Qingmen! "

She thought that the other party would be afraid of some points, but Xu Dingfeng sneered: "I didn't expect to come to a top class girl, but I didn't wear that uniform, otherwise it would be very cool!"

Bai Li Bing's face was full of anger. He raised his legs fiercely and kicked directly to Xu Dingfeng, "you want to die!"

Very fast! With gusts of strong wind!

Seeing that this foot was about to kick Xu Dingfeng, Xu Dingfeng moved. His right hand snapped fiercely, and Baili ice felt a stabbing pain in his lower leg instantly!

Later, Xu Dingfeng grasped the foot of Baili ice and threw it out fiercely!

It was thrown directly in front of seven or eight young men.

Bai Li Bing felt that his internal organs were injured and his right foot was almost broken.

She must die now!

Xu Dingfeng moved his body and untied his belt. He looked at the green men's men and said, "I, the helmsman, have not given much benefits to his subordinates. Otherwise, we can enjoy it together today."

Those under the green gate heard this sentence, the whole person was excited to the extreme!

Although the woman under the body was injured, but the face and figure is simply the best.

Thank you, helmsman"Ha ha, the helmsman is mighty!"

Bai Li Bing's heart completely falls to the bottom of the valley, and she will not let these garbage insult her death!

She should never have acted alone!

She even regretted coming to this small place! It's not good to stay in the family!

She did not care what, roared: "you move me to try, my father is the Southwest Military Region hundred Li Xiong! If something happens to me, you will be buried with the whole Qingmen! "

Xu Dingfeng is stunned. He has heard of bailixiong's fame!

That's the existence of the head level! Even the big family in Beijing should give Bai Li Xiong face!

The key opponent is still a martial arts master!

But with such a strong presence, how could his daughter become a police officer in Jiangcheng?

Xu Dingfeng sneered: "I care who your father is, even if it's bailixiong. When we kill you, we'll deal with you clean, and no one can find out! Ha ha, let's go together

Bai Li Bing's face is extremely pale! She would rather die than end up insulted like this!

Seeing Xu Dingfeng coming, she subconsciously prepared to bite her tongue and commit suicide!

At this time, an extremely cold voice came from the roof: "Hey, since people don't want to, why do they want to force it?"

Hearing this sound, Bai Li Bing's face is full of surprise!

CHEN Ye is!

This is Ye Chen's voice!

Xu Dingfeng Mou son a congealing, the body quickly retreats, then looks toward the top of the head!

I saw a young man in a suit standing on a steel bar! The young man, with his hands on his back, looks indifferent, just like a master!

The key is that the weight of the steel bar is not twisted!

Xu Dingfeng instinctively felt a trace of danger, took out the heat weapon in his waist, facing Ye Chen, pulling the trigger!

"Boy, do you know where you are now! How dare you come to Qingmen? I think you are looking for death

Ye Chen's mouth outlines a radiant, step on the foot, steel twisted, his body directly from the high altitude jump down!

The strong wind blows, the suit is directly blown up, such as wearing a black cape.

It's like a God coming down to earth!

"Sorry, I don't just want to come to Qingmen, I have to kill all the people in Qingmen!"

Chapter 76

Kill all the people in Qingmen?

Xu Dingfeng laughed.

All the people under Qingmen laughed!

Laugh very loud!

Do you know how many strong people there are in Qingmen!

Don't say it is a martial arts master to come, even if several martial arts masters come, it is not necessarily moving Qingmen!

A member of the green gate even pointed to the fallen Ye Chen and said with a sneer: "what the hell are you, even we are green gate dare to move?"

He just wants to show it to the helmsman!

If you kill this arrogant boy carelessly, the helmsman may reward him with something when he is happy.

His legs power, the whole person like a cheetah, like a tiger down the mountain, directly came to Ye Chen.

Keep your fists moving! Face to the door!

It's a fist with hundreds of Jin. If you hit it, ye Chen will die!

If you can enter Qingmen, you can't have any strength.

There was a cruel smile on the corner of the man's mouth.

He likes to kill people, more like to watch others die helplessly in his hands.

At the moment when his fist is about to touch Ye Chen, ye Chen moves!

His eyes were cold, his body slightly on one side, and his fist just passed by like this!

At the same time, he stepped out with his left foot, bent his knee, and hit the man's abdomen directly!

"Bang!"

The man only felt a sharp pain spreading all over his body, and his internal organs seemed to be rippled away by a force!

He couldn't help but spit out a mouthful of blood.

But this is not over. Ye Chen reaches out and grabs the other party's body directly. The next second, he smashes at the Qingmen disciples around Baili ice!

This smash simply carried the force of annihilation! Incomparable!

"Bang!"

In the blink of an eye, those green disciples who had ideas about Baili ice all fell to the ground, and people were tumbling!

Three seconds!

The whole process took only three seconds!

Most of the Qingmen disciples in the room have lost their fighting ability!

It's too scary.

Baili ice has a small mouth, and her beautiful eyes are full of fright.

Because of her birth, she has been in contact with Wudao since her childhood. As an adult, she has become a special police officer. No one has more say than her in fighting!

She found that every movement of Ye Chen in front of her eyes was incomparably simple and fluent, without a trace of fancy. She was just like a fighting machine.

How can there be such a terrible guy in Jiangcheng?

She knew that ye Chen was the Ye family waste who fell into Dongqian Lake.

But in just five years, how did a waste grow to such a horrible level?

It's impossible to practice and fight every day!

"Pa Pa Pa Pa Pa!" A burst of applause!

Xu Dingfeng clapped his hands toward Ye Chen and said, "I didn't expect Jiangcheng to have such a strong man as you. It seems that I have to do it."

From the battle just now, he has roughly seen that ye Chen's cultivation should be the peak of internal strength.

The realm of ancient Chinese martial arts can be divided into: external force, internal force, small success of internal force, great success of internal force, peak of internal force, half step transformation of realm, and master of Huajing.

And he just like Ye Chen a higher realm, half step into the realm!

This is one of the reasons why he became the helmsman of Qingmen.

In Jiangcheng, under the master, he is almost invincible!

So the boy in front of him, he didn't care.

"Boy, I don't care who you are or where you come from. As long as you kneel in front of me, I will..."

Words have not finished, he found that ye Chen has moved!

"You talk too much."

Ye Chen's voice is extremely cold, like the low voice of death.

See ye Chen in situ into a shadow, blink of an eye appeared in front of him, a blow out.

Xu Dingfeng didn't care about other things. He was so strong that he smashed it out!

"You dare to fight with me even though you are just the top of your strength. You garbage, go to hell!"

"Bang!"

The two fists collided.

The next second, Xu Dingfeng's confident face is almost distorted!

It's the twist of pain!

It turned into a horror!

He felt a terrible force rush into his arm!

All his bones are broken!

The whole arm's flesh and blood gradually dyed, directly broken by the hard hit!

"You You are not the top of your inner strength. You are the master... "

Words have not finished, ye Chen clapped on his head, his mouth spit out a mouthful of blood, eyes ferocious, body is heavy fall on the ground.

Completely dead.

"I said, you talk too much."

Ye Chen dropped a word and walked toward Baili ice. "Well, did you get hurt?" Ye Chen picked up a hundred Li ice, and then gently put it on the sofa not far away.

Bai Li Bing shook his head and pressed his hand consciously on his leg: "I have nothing to do. By the way, how can you Why are you here... "

"Don't pretend it's time for me." Ye Chen takes Bai Li Bing's hand away directly.

"Tear A sound, he directly and violently tore the pants of Baili ice, instantly, a pair of long and white thighs exposed in front of Ye Chen.

Even the little pink inside is showing up.

Well It's Piggy's pattern.

Ye Chen a Zheng, immediately on the mouth holds a trace of smile.

No one would have thought that such a vigorous police captain would wear this style of underpants.

Baili ice's face was like a red apple. He quickly took a rag to block his lower body. He was more angry and said, "Ye Chen, what are you doing! Do you want to take advantage of others! Believe it or not... "

Her voice stopped abruptly.

Because she felt Ye Chen's big hand gently stroking on her thigh, at the same time, there was a heat flow in her body.

She can clearly feel the heat flow, so that the pain in her thigh is gradually alleviated.

Originally unable to move the thigh, as if resuscitated in general, but also full of vitality.

"This..."

Bai Li Bing's beautiful eyes are full of surprise and confusion.

She didn't understand how Ye Chen did it. There was still such magic medicine in the world?

She has never heard of it!

The heat even slowly penetrated into her body, a kind of unprecedented comfort hit.

She even couldn't help moaning: "well, how comfortable..."

At the moment of saying this, she quickly covered her mouth and found Ye Chen staring at himself.

Bailibeng, how can you make such a sound in front of a man!

Lost dead!

"How do you feel when you come down for a walk?" Ye Chen Dao.

Bai Li Bing nodded, she tried to stand up, without any pain.

"It's really good!"

She jumped again, completely unhurt.

She even raised her leg and kicked her foot. As soon as she kicked it out, she noticed that her trousers had been torn open and her slender leg was quickly retracted.

"That Ye Chen Thank you How can you have such a magic way, if you go to be a doctor Absolutely... "

Before she finished her words, ye Chen had already turned to leave.

"Ye Chen, where are you going

Ye Chen stopped, did not look back, said: "I said to solve the Qingmen people, you do not follow up, I will not save you a second time. What's more, this mobile phone is for you. It should have something to do with Qingmen... "

Ye Chen throws out the mobile phone in his pocket, which is obtained from the hands of those m countries. The things inside should be useful for Jiangcheng police station.

Chapter 77

Baili ice subconsciously takes over the mobile phone that ye Chen throws, show eyebrow a frown.

She can see at a glance that this mobile phone is m country spy special mobile phone.

Even if it has nothing to do with Qingmen, there are some state secret documents inside.

Where did ye Chen get the key?

She stopped thinking and went straight to the exit.

She had to report to the headquarters immediately. After all, it was too big.

She thought there were some Qingmen Men Men outside, but when she went outside, she found a cold corpse lying on the ground.

Dozens of people!

"These people are all solved by Ye Chen?"

Baili ice subconsciously covered her mouth, even if her work let her see the dead, see the scene in front of her is still a little frightened.

She even found that these corpses have one thing in common, that is, a bloodstain on the neck, as if someone had sealed his throat with a sword.

The key is that she did not see any weapons in Ye Chen's hands.

All of a sudden, her eyes shrunk and she noticed a few leaves stained with blood.

Even a few leaves have fallen into the ground several centimeters! It's like a piece of iron nailed on!

"This Is this a leaf picking injury? "

Even though Bai Li Bing knows Ye Chen is very strong, it's too exaggerated to kill people like this.

She didn't just imagine the picture.

How desperate these people are!

It suddenly occurred to her that Xu Dingfeng had said the word "master" before his death.

Is Ye Chen a master of martial arts? Is there such a young master in Huaxia?

She took a deep look at the abandoned factory, and then walked quickly to the place where the car was hidden.

She knew that ye Chen might really kill all the people in Qingmen today.

.....

At the same time, ye Chen with Xu Dingfeng's body, through the identification of the elevator, directly down to the third floor.

According to ye Lingtian, the real headquarters of Qingmen is on the third floor, which is just a cover up.

"Ding."

The elevator door opened.

There are several strong people guarding the green gate at the elevator entrance, just want to say hello to Xu Dingfeng.

It was found that Xu Dingfeng's body fell directly at the door.

The faces of those people changed greatly. Just as they tried to ring the walkie talkie on their waists, a pair of big hands stretched out directly from the elevator.

"Click!" A sound, that pair of big hands directly broke his arm, but also wrapped his arm around his neck, and heard "click!" With a sound, the whole body fell to the ground.

Completely dead.

The rest of them lost their fighting ability in an instant.

Ye Chen walks towards the inside.

Wherever he went, he killed him easily.

The strength of some of the green men's subordinates in the periphery is not strong at all. At most, they have great inner strength, which is much worse than Xu Dingfeng.

He didn't want to kill them.

But when he heard these people chatting about rape, killing, looting and so on, some even planned to plunder a few college town girls for enjoyment on Saturday and Sunday.

He changed his mind.

He is not a good man, and he doesn't want to be a hero, but what makes him unhappy is that he won't stay.

This is his principle.

Unknowingly, his Armani suit has been covered with blood, ye Chen as if the whole person climbed out of the sea of blood.

.....

At the same time.

The deepest part of the third floor is Qingmen general rudder.

There are eleven chairs in all.

There are five on each side, with different core personnel of Qingmen.

These people are also the strongest experts in the green gate.

On the top of the chair, there was an old man with gray hair and a Chinese tunic.

The old man had a short, hard moustache, and his brown eyes were deep in the sockets of his eyes.

All of a sudden, the old man opened his mouth. His voice sounded like an ancient bell, powerful and powerful.

"I received a phone call just now. Something happened to Qinghe group. Not only our puppet died, but also those guys from m country. As for the cause of the matter, we are still investigating. I have a bad feeling Someone's going to do something to us, Qingmen. "

The second middle-aged man sitting on the right stood up and said, "master, our Qingmen have been rooted in Jiangcheng for so long, and they have gradually expanded their influence to Jiangnan province. Who dares to touch us? You know, we Qingmen are the local villains of Jiangcheng, and those who make our ideas are dead! "

A robed old man on the left also stood up: "master, I'm willing to ask for instructions to investigate! No matter what the reason is, I will find out the power behind the scenes! "

The rest of the people have come forward to express their attitude.

Most of them are disdainful!

After all, Qingmen has been standing in Jiangcheng for such a long time that the police and the official forces dare not move them. Who dares? The most important thing is that their headmaster is a martial arts master. Not only that, they also have two strong quasi masters! Although has not entered, also cannot underestimate!

The leader of the green gate sighed: "what I fear is not the power of Jiangcheng, but the power above."

The upper part of the gate is not as tight as the old one

Several other strong members of the green gate just wanted to make a statement. The leader of the green gate made a silent gesture.

After hesitating for a long time, the head of the gate said: "I am not afraid of the rest of the forces. I am only afraid of one person. That is ye Lingtian, the king of Nanjiang."

Hearing this, the whole world was quiet.

Everyone knows what these words mean!

The king of Nanjiang controls the underground forces in Jiangnan province!

Is to continue to extend the power towards the capital!

If this kind of colossus is aimed at them, they are not even qualified to live!

But is it possible?

How can the king of Nanjiang see the small place of Shangjiang city?

All people in Jiangnan province know that his goal is not in Jiangnan Province, nor in the capital, but in the whole of China!

The man in the legend wants to control the situation in China and control everything!

"Headmaster, I think you think too much. The reason why you think so is because the king of Nanjiang came to Jiangcheng a few days ago. As far as I know, the king of Nanjiang just wanted to see the rudder master of Yuhao club. After all, the rudder master is his subordinate..."

"I hope so." The head of the green gate nodded thoughtfully. He immediately thought of something and said, "what's the matter with those fake medicines? Southeast Asian guys should be ready. "

"Please rest assured that everything is ready there, only Dongfeng. As long as the medicine is introduced into Jiangcheng, we will not earn hundreds of millions of dollars, but billions! Ha ha

Everyone in the room laughed!

Even if Qinghe group loses, it doesn't matter.

Because as long as this project is successful, their Qingmen will be the biggest beneficiaries. As for those half dead patients, what's the matter with them!

When all of us are in joy, "bang!" One, a startling noise in everyone's ears!

See not far from the gate directly split!

Countless sawdust shot at everyone, some even stabbed on the wall like an arrow!

It's very impressive!

Who could have expected that the gate of the Qingmen general helm would be broken!

You can't die!

Chapter 78

"Who on earth is looking for death?"

"Why don't you stop that group of rubbish outside?"

"I want to see who dares to break through the green gate!"

The whole house broke into a pot and looked at the door one after another.

A figure gradually emerged among the countless sawdust and dust.

When we saw the figure, everyone in the room was stunned.

This figure is enough to become the nightmare of their life.

It was a cold and proud young man in a suit.

There's blood on the suit!

It's like a sea of blood.

The young man carried a bloody corpse in his hand and threw it directly in front of them!

It is a core high-level of Qingmen!

He is a half step strength!

But now it's dead.

"The rest of Qingmen should be here."

A lazy voice came out of the youth's mouth.

Then, the young man took out a cigarette from his pocket and lit it slowly. It was strange that his hand was not stained with a trace of blood.

Kill so many people, how can the hand drip blood not to touch?

Then, the youth step by step toward them.

The steps are light.

But the whole world seems to be the steps of that young man.

At the moment, everyone's eyes are not looking at the youth, but looking behind him!

They saw a corpse lying outside the door!

In a row.

No one was standing.

All Qingmen's men are destroyed!

One man killed all the people in Qingmen?

Is this guy a devil!

A sense of death spread throughout the house, and no one spoke for a moment.

I don't know how long it took for the youth to stop. A strong man in the green gate suddenly rushed out. The knife in his waist turned and chopped at Ye Chen's neck with gusts of strength!

Under a knife, there is death without life!

"Who gives you confidence?" Ye Chen faint voice falls, the next second, the body back a step, and then arm out, directly holding the other side's wrist!

The strong man of the green gate is obviously not a vegetarian either. He steps on the ground and twists his body 90 degrees. He jumps into the air and presses down on the shoulder of Ye Chen!

"Break into my green gate, die!"

This one foot has the strength of several hundred jin. Once it is smashed, he has the confidence to make the boy in front of him become a waste man!

Ye Chen mouth corner outlines a radian, the other hand sticks out, grabs the other side's ankle directly.

The powerful impact stopped in his hand.

The strong man's face changed greatly, and his pupil was even more frightened.

Their own cloud legs were actually stopped by the other side?

And it's easy to stop.

How could it be?

Can't help but his surprise, ye Chen suddenly sends out the force, fiercely the man on the hand smashes on the ground!

At the same time, step high, suddenly split!

"Poof!"

One foot fell, the strong man in the green gate spit out a big mouth of blood, and directly passed out.

At this moment, the whole room fell into silence, and there was no breath.

All the strong people in the green gate all stare big eyes, just like sculpture, stupidly standing in place!

Dare to kill people in front of them, how crazy this boy is!

The leader of the green gate suddenly stood up, and his turbid eyes burst out a killing opportunity.

Qingmen has been established for ten years!

Who dares to kill in front of him!

Never!

"Boy, are you too much? I have no injustice or hatred with you. Why should I have such a cruel hand? "

The cold voice of the headmaster fell like thunder, and those who were strong in the green gate were also ready to go.

As long as the headmaster says a word, he will immediately start to kill this boy!

"After?" Ye Chen will put out the smoke in his mouth, "the fake medicine in your hand, those dead women and children, can't it be?"

The headmaster shook his head helplessly. He heard that the other side seemed to be fighting for justice. He said, "boy, even if you have been cultivating yourself, how about it? The world is not as simple as you think. Control of power is the king.

If you want to come to Qingmen to uphold justice, you are wrong. Qingmen is also called dead gate. All the people who come in are dead.

But I think your strength is good, as long as you are willing to join Qingmen, I am willing to let bygones be bygones.

Not only that, but I'd like to give you a chair in this room! "

Hearing this, the strong people around the green gate are not calm.

The sect leader is going to recruit this boy. The key is to give the other party the conditions to join the core power center of the helm!

But they've been fighting for this place for ten years!How can he de!

"Headmaster, this man has such a heavy heart to kill, can't be!"

"Master, yes, to take this boy is tantamount to raising a tiger."

.....

All of them tried to persuade them, but the head of the gate glared at them, and they didn't dare to speak again.

Naturally, the head of the sect has his consideration. He has already felt Ye Chen's cultivation and is likely to be a master!

If there is another master in Qingmen, you will have a chance to enter Jiangnan province!

The loss of hundreds of people in Qingmen today is not as important as one more master!

At this moment, all eyes are focused on Ye Chen.

Waiting for his reply.

But ye Chen refused!

He looked at the leader of the green gate and said, "do you want me to join the green gate? You deserve it

"What's more, after today, there will be no green gate in Jiangcheng!"

Extremely arrogant.

I'm very arrogant.

Words fall, ye Chen moved, his body directly in those green door strong free!

This is a lightness skill. It is called Canglong magic body determination. It can raise people's speed to the extreme. Ordinary experts can't touch their sleeves!

He did not dare to take it lightly.

Although his skills are extremely overbearing and his strength is far beyond that of martial arts master, it is still dangerous for him to unite with other powerful men.

He had to kill these people immediately and not give them a chance to unite.

Ye Chen suddenly appeared in front of a strong man in the green gate. His whole arm was wrapped with genuine Qi, and his fist was smashed out!

"Poof!"

The man was blown out, hit the wall and lost his life!

At the same time, ye Chen has come to the rest of the strong men in front of the green door, a step, the body jumped up, the right leg with rolling Qi, with the momentum of annihilation to these strong men to chop!

Everywhere we go, it's a mess!

The heads of several strong men in Qingmen were cut down by his feet!

Shocking!

The thick smell of blood spilled from the whole room, which made people feel palpable.

A minute later, there were only two people standing in the room.

Ye Chen!

Master of Qingmen!

The eyes of the latter only have endless horror and shock

It's not that he doesn't want to do it, but he doesn't use it!

The other side's means are extremely rough, and each move is a kill move, straight to take life!

In the crowd, it's a killing machine!

How to do it?

More importantly, ye Chen's pace, he simply can't understand ah, as if there were countless shadows in place!

Many strong people in the green gate think that the shadow is Ye Chen himself. With one move, he is defeated!

On the contrary, it shows a flaw and falls into a dead situation!

What should he do now?

Fight with each other?

It's easy to say, but it's really hard to fight. With the ruthlessness of the youth's wrist, he can't hold on to three moves!

The leader of the green gate is a little old. He steps back and sits on the chair!

"You Who are you... "

Ye Chen glanced at him coldly, and his voice was cold: "Jiangcheng Ye family, ye Chen."

Chapter 79

"Ye family in Jiangcheng, ye Chen."

The leader of the green gate heard these words and looked at Ye Chen as if to see a ghost.

Jiangcheng Ye family!

How many ye families can Jiangcheng have!

Besides the Ye family, who was destroyed five years ago!

Ye Chen The name is familiar to him.

He also understood what happened in Jiangcheng at that time. One of the three people who died was Ye Chen!

I just heard that ye Chen is a waste rejected by a circle. How can he become a martial arts master now?

Suddenly, he thought of something!

He finally understood why the other side wanted to kill Qingmen!

Because the predecessor of Qinghe group is Tianzheng Group!

Tianzheng Group was the Ye family's industry five years ago!

At that time, it was also eroded by their Qingmen and some Jiangcheng forces!

Ye Chen Come back to revenge!

At the moment, the head of the green gate has no blood on his face. He should have thought of it!

Since the accident of Qinghe group, everything has been controlled by this man!

But who could have thought that a dead man turned into a martial arts master!

It's the Revenge of coming back with great evil spirit!

Ye Chen step by step close, eyes incomparably plain, as if the next thing to do is a very ordinary little thing.

When they were only one step away, the green gate took the initiative!

He has no choice. He is going to die. It's better to fight with life!

He suddenly got up, his feet in front of the body light, the whole body with a burst of energy to jump up, at the same time, the right hand fiercely seized the chair under the body! High up, strong gas vibration, toward Ye Chen hard beat!

Ye Chen did not move the slightest intention, let the other side hit!

"Bang!" The chair broke! Into pieces of sawdust.

Strange things happened, this chair did not hit Ye Chen's body at all!

Ye Chen is still standing still, like a mountain.

The head of the gate opened his eyes, because he found that there was a gas wave in Ye Chen's body. The air wave formed a huge bell to cover Ye Chen!

This force is completely hit on the air!

Even sawdust didn't get a trace of Ye Chen's suit.

"This is Condensing Qi shield You are not a master, and you are not an ancient warrior! You are a practitioner

This sentence was almost roared by the leader of the green gate, and the voice was even sharp.

Surprised.

Fear.

No one can understand what kind of storm is set off in the heart of the green gate master at the moment!

The peak of the ancient warrior is the master of Huajing, which is the so-called master's realm.

There is almost no realm above!

Therefore, they are masters of martial arts, but their strength can be greatly different!

But the practitioners are totally different!

The master's realm of ancient martial arts is just the beginning for practitioners!

This is what he got from a friend who has disappeared for decades!

He has never seen a practitioner, and he is not qualified to touch this existence in his position!

But there it is!

This young man in a suit is a practitioner!

Ye Chen heard that sentence a little bit surprised: "unexpectedly recognized by you, it seems that practitioners in China is not a secret."

"Plop!" With a sound, the leader of the green gate knelt down directly!

"Master ye, please spare my life I will be your servant! For you to open up the country! By the way, you must not have your own influence when you come to Jiangcheng. I can help you. I have resources, contacts and money I can give master Ye everything he wants The green gate master excited way!

He seems to have found his own value!

He was sure that as long as he followed the young man in front of him, the whole China would become his battlefield!

"No need."

The cold voice sounded like a bolt from the blue in the head of the green gate.

The next second, I saw a blade of wind with rolling Qi across the neck of the leader of Qingmen gate! The blood was pouring out.

He subconsciously covered his neck, staring at Ye Chen, and said, "why Why do you want to kill me... "

Ye Chen put his hands in his pockets and walked out.

The figure is lonely.

Before he left, there was only one sentence left in the room:

"sorry, the king of Nanjiang is already under my command. And you don't deserve it. "

Hearing this, the pupil of the master of Qingmen suddenly enlarged!

Everything is connected!

He finally understood why the king of Nanjiang came to Jiangcheng in person!

It's for this young man in suit!

He can no longer control, the blood on his neck erupted and fell to the ground. Blood gradually stained the earth.

Qingmen was destroyed.

From then on, there was no Qingmen in Jiangcheng.

.....

Half an hour later, a police siren sounded!

Bailibeng arrived with all the people from Jiangcheng police station.

The whole abandoned factory was sealed off.

Some law enforcement officers have seen the world, but they still can't help but hide to vomit when they see so many bodies.

Bai Li Bing took a look at his colleagues and ordered: "everyone should search around regardless of others. The base camp of Qingmen should be in other places."

She was suddenly worried about ye Chen.

Even though ye Chen is a martial arts master, she has heard that there are several martial arts masters in Qingmen!

After all, ye Chen has only one person, and he is facing the underground forces that have been rooted in Jiangcheng for ten years.

If something happens to Ye Chen, she will never be at ease for the rest of her life.

"Captain, come here quickly. We have found that there is an elevator going down here."

Baili ice immediately rushed past, through the bodies in the elevator, they soon came to the third floor.

When the elevator door opens.

The policeman next to him only felt the river and sea in his stomach! I couldn't help it any more. I vomited.

"Captain I Well Sorry Well... "

Baili ice looks at everything in front of her eyes, and her beautiful eyes are full of horror.

In front of her were hundreds of bodies, a river of blood, far more terrifying than anything else.

The key person means extremely fierce! Don't give these reactions a chance at all!

Step by step, Baili ice walked towards the inside, her body slightly trembled, and goose bumps all came out.

She could not imagine that ye Chen could kill so many people on one person.

No picture can fill the brain!

Soon, she came to Qingmen helm.

Her slender hands touched the nearly broken door, and her face grew paler.

Then she saw an old man in her sight.

This old man, she knows, is the helmsman behind the scenes of Qingmen!

A generation of Xiaoxiong fell down like this. She even noticed that the eyes of the other party were widened, as if she had seen something terrible before she died.

"Ye Chen, how did you do it and what did you do here?"

Bai Li Bing's body was standing like this, and the cold meaning behind her made her shiver.

She even felt a pair of eyes staring at herself in the dark, like death from hell.

She knows, this is Ye Chen's eyes.

I don't know how long after that, she woke up and took her cell phone out of her pocket.

There's a signal.

She broadcast a phone call.

On the screen, there are a few words written on it: Chinese dragon soul commando, Ying Qing.

The phone is on.

"Senior brother, the sky is going to change in Jiangcheng."

Chapter 80

I'm surprised to hear this sentence.

Isn't Jiangcheng the place where bailibeng is a policeman.

What's the matter with him?

"Younger martial sister, what happened?"

Bai Li Bing thought about it and said, "wait a minute. I'll shoot a video to send you."

After a while, Yingqing received a video on wechat.

When he watched the video, his face changed, and he quickly broadcast back to Baili ice.

"What's going on there? What's wrong with you? If you can't, go back to the chief! "

Baili ice hesitated for a few seconds, corresponding to Qing: "still remember the youth on the video a few days ago?"

"Ye Chen

"Yes. Elder martial brother, actually Ye Chen did all this by himself. He not only saved me, but also destroyed the whole Qingmen. He also killed several martial masters of Qingmen. "

Yingqing at the other end of the phone was silent for several seconds. Suddenly, a cold voice came: "younger martial sister, I will fly to Jiangcheng immediately. Remember, don't have any contact with this person. This person is extremely dangerous! And in the case of Qingmen, you all stop. I'll send someone special to take charge of it. "

"Elder martial brother, but your task..."

"The task in my hand is not as important as this guy. I want to see what evil Ye Chen is!"

.....

Wanda Plaza, Jiangcheng.

Ye Chen has destroyed the clothes with blood on his body, wearing a white shirt again came to the Armani brand store.

The store manager recognized Ye Chen at a glance and ran over with a smile: "Mr. Ye, are you here to buy clothes?"

Ye Chen nodded and casually picked out two sets of clothes.

"Wrap it for me."

"Yes, Mr. Ye, just a moment, please."

Soon, ye Chen came out of the Armani store.

A suit, a casual suit.

Casual wear on the body, as for the suit is packed away, when Sun Yi asked to deal with.

However, ye Chen always felt that Armani's casual clothes were not comfortable, so he went to an Adidas store to buy a set of sportswear.

It's a lot easier to change into a sportswear.

Ye Chen is just about to leave Wanda when he sees an acquaintance.

Summer is like snow.

At the moment, Xia Ruoxue is sitting in a coffee shop, absent-minded, stirring coffee with a spoon.

In front of her sat a plump woman with noble temperament. She looked thirty or forty years old. She was well maintained, with fair skin and no wrinkles.

The key, and Xia Ruoxue a bit similar, no accident, should be Xia Ruoxue's mother.

This temperament and appearance, it is not too much to say that she is Xia Ruoxue's sister.

"The life of rich people, they still drink afternoon tea..."

Ye Chen sighed, then walked toward the exit, and Xia Ruoxue inside had picked up the coffee cup, just ready to drink, beautiful eyes naturally noticed Ye Chen passing by the window.

With a little surprise on her face, she quickly put down her coffee cup and trotted out.

"Mom, wait for me!"

.....

"Ye Chen, wait! What are you doing so fast? "

Soon, Xia Ruoxue caught up with Ye Chen.

Ye Chen stops and looks at Xia Ruoxue in front of him.

"Why? I'm just passing by. You're not going to buy me coffee

Summer if snow beautiful eyes with a trace of anger, at least she is also a beauty, this guy is necessary to use this kind of disgusting tone?

She looked around, straightened her chest and said, "you slept before I haven't settled my business with you yet

"Well, it's you who sleep with me. That's my bed."

Xia Ruoxue did not intend to pursue such details. Her beautiful big eyes turned and said, "I don't care. It's you who sleep with me. Now I'll give you a chance to make up for me. As long as you help me, how about we write off everything..."

"I'm sorry, it's not so good. I don't want you to make up for it. Goodbye." Ye Chen finished and prepared to go.

Xia Ruoxue can't let Ye Chen go. She hugs Ye Chen's arms tightly and even touches her proud peaks. She doesn't think so.

What are you doing in Huaxia street?

Just as he was about to speak, a cold and unhappy voice sounded behind him:

"ruoshue, who is this man?"

Xia Ruoxue and ye Chenqi are stunned.

Ye Chen just wanted to open his mouth. Xia Ruoxue changed his posture directly and held Ye Chen in a rather intimate way. He turned around and said, "Mom, how did you come out..."

Xia's mother stares at Ye Chen. If her eyes were an arrow, ye Chen would be full of holes."Who is this man? What's the standard of you to hold him on the street like this! Besides, didn't you promise us not to associate with any boys? "

Summer mother's voice gradually cold.

Xia family has arranged marriage for Xia Ruoxue, so Xia ruoshue should be very clear about the consequences of doing so at present!

If the man knows that Xia Ruoxue has an indistinct relationship with a man in Jiangcheng, the relationship between the two families will not only break up!

Xia family will even get crazy revenge!

At that time, the Xia family will be in danger!

Ye Chen can feel Xia Ruoxue beside her, and her fingers are still clinging to his arms.

Fear.

Lost.

Helpless.

All kinds of emotions make Xia Ruoxue's eyes red, and a tear even falls down her cheek on Ye Chen's hand.

She supported Huamei group with a soft body, but she was a woman after all.

Born in a big family, destined to have no choice.

Xia's mother stares at Xia Ruoxue and Ye Chen coldly, and orders: "If snow, let go of your hand! Come back to Xia's home with me today! In these five years, your Huamei group has not made any achievements at all. Xiajia group will take Huamei group in the name of acquisition, and then the family will arrange someone to help you manage it. "

Xia Ruoxue's body trembles, five years of painstaking efforts are denied by a word, her heart has countless pain, and even nearly collapsed.

She could not escape the wheel of fate.

She was born to be the trading product of Xia family!

Her tears drop by drop fell on Ye Chen's hand.

It was the first time she cried in five years.

A girl who is proud and iceberg will cry.

Summer mother step forward, voice with a trace of anger: "I don't want to say the third time, if snow, release your hand! The men in Jiangcheng are not worth your nostalgia. When you return to Jiangnan Province, you will see the real favoured ones, and you will gradually understand how unbearable and rubbish these men are.

I don't care what you have to do with the man in front of you. You should understand that you will only hurt him if you continue to be with him, because no one can disobey your father, no one. "

Xia Ruoxue gradually released her hand, and she chose to compromise.

She wanted to use Ye Chen to let her mother give her some more time.

But now it seems that there is no need at all.

Ye Chen is innocent, the only relationship between her and ye Chen is only sleeping for one night.

Nothing happened.

She doesn't want to hurt Ye Chen. The anger of Xia family is not ye Chen can carry.

He had only a prescription of great value, but how pale and powerless the prescription was in front of the Xia family.

The Xia family can buy thousands and tens of thousands of such prescriptions.

Xia Ruoxue completely released her hand. She was just about to go to her mother, and a big hand went directly over her waist.

At the same time, a magnetic voice sounded:

"Auntie, I'm sorry, if snow can't go with you, because she's already my woman, and she has my child in her belly, so I'm willing to be responsible for her."
