

## Physician 7101

### Chapter 7101

Tianxue's heart whispered to Ye Chen, "the great God must be on this mountain. Their cultivation is extremely terrible. I'll help you create opportunities. You go to find Linger and the great God! Ask him out of the mountain!"

A startling sword burst into light. The ice blue frost Hua sword directly stabbed the existence of the handheld folding fan. The elegant scholar just smiled faintly, and the fan opened and closed in his hand. The fan made of ink and paper made a crisp sound.

"Ding!"

Unexpectedly, he resisted a straight stab of Tianxue's Xinsuanguhua sword, while the man opposite was only floating and retreating only three steps away, and his breath was not more than half disordered.

"The killing intention has been restrained for a few minutes, so I'll rush to this point and save your life!" Wuji smiled and came straight forward, closed the folding fan in his hand and pointed it out one by one. There is a chance Tao on the sky.

On the other side is the spirit pole of limitless array. Obviously, he is also very interested in fighting with Tianxue's heart, but he is itching again. He looks at the flute in his hand and says:

"So and so, play a song for you!"

At the moment when the melodious flute sounds, Ye Chen and Tian Xuexin perceive that there is a great deviation, and the spirits are extremely shocked.

Soul skill of Tianjun level! So terrible!

"There's something wrong with the flute!"

Ye Chen shows the great star sky, which makes him feel good. Subconsciously, he wants to say something to remind Tianxue's heart, but when he looks up, he sees that countless limitless have rushed to Tianxue's heart.

Frost Hua in his hand broke out countless ice meanings, forced Wuji back, and immediately spread a message to Ye Chen: "I can delay for a while, these two people don't kill heart, you hurry up!"

"Nine days frost Hua: extinguish!"

A sharp blue sword crossed, and ye Chen's figure disappeared in situ!

Wuji and LINGJI looked at each other and smiled, but they didn't intervene to stop Ye Chen who trudged all the way to the top of the mountain.

.....

"It's strange that these two people obviously have terrible strength, but they are somewhat clumsy when they fight with Tianxue heart!" through the layers of empty Ye Chen, they can't help but have some doubts. "Moreover, when I came here, I didn't see these two people stop, and I didn't feel malicious from them!"

Soon, ye Chen frowned slightly and slowed down.

"The aura of the law between heaven and earth is so strong that even my actions are affected! It's a little strange."

The pace of Ye Chen's feet gradually slowed down, but the mountain top led by the unreachable stone steps seemed to be close in front of him.

No matter how ye Chen steps out, but in the end, he can't step out.

"Illusion?" at this time, ye Chen obviously found an abnormality, but the real touch under his feet and the calm and stable spatial fluctuation all remind Ye Chen that all this is true.

"Path... Stone steps... Silence!" Ye Chen suddenly thought of something, "the derivative illusion of the six gods array of stars and moon, from the beginning, there was no green forest at all!"

Hongmeng's great starry sky exerted to the extreme, and the soul force urged it with all its strength. The reincarnation of the heavenly eye broke out. Ye Chen's knowledge of the sea sent a tingling feeling. When he opened his eyes again, the world had already changed in front of him.

"Why is this breath similar to the xuanbei of samsara?"

Now ye Chen has got eight xuanbei of reincarnation, awakening the red dust God pulse, Lingfeng God pulse, zhidark God pulse, ancient poison God pulse, Longyan God pulse, Wanling God pulse, holy devil God pulse and Xuling God pulse respectively.

Are the remaining two reincarnation xuanbei coming out?

Ye Chen's perception will not go wrong. It seems that this trip is really related to ling'er. This dark tunnel should point to the existence related to the xuanbei of reincarnation!

A trace of spiritual power escaped, and there seemed to be more memories in Ye Chen's mind that he had never seen before.

"The heavens fall, the stars collapse, and a group of people are fighting!"

"It's strange who they are fighting. They can't see the trace!"

Ye Chen firmly determined his mind and quickened his pace, and the scenes gradually flickered

"The heavens fell..."

Countless scenes flew across Ye Chen's eyebrows and eyes, so fast that we couldn't catch everyone's face.

Suddenly, in the dark and narrow tunnel, a little spark lit up, and soon the spiritual power in Ye Chen began to burn.

"Although this stone can spy on a wisp of will ten thousand years ago, it is also so overbearing and wants to burn my spiritual power!"

Ye Chen turned the Longyuan Heavenly Sword in his hand. Facing the starry net in front of him, he had to break it with strength.

If you burn like this, you will only end up exhausted.

"Water stop sword! Broken!"

Without hesitation, he directly used the legendary water stop sword. The chaos of lost time and space seemed to perceive Ye Chen's dangerous situation. He arrived here through countless light years, like the dawn in the dark.

An extremely terrible breath rises from the ground and almost rushes into the sky in a destructive posture. All things in the world can't stop it!

Ye Chen's waterstop sword contains the momentum of nothingness. It is the oldest and most powerful existence in the world. Any practical law is vulnerable in front of it.!

"Yi!"

The harsh voice sounded, the light net bound around Ye Chen melted, and the line of sight became clear again.

"Here is..."

It was just a sword. The scene in front of him changed again. Ye Chen stood in a magnificent bronze temple. On the whole bronze pouring hall, rust stains could be seen everywhere. Even in his breath, there was half a smell of copper smell.

On the bronze columns of the eighteen top beams, ye Chen felt inexplicable pressure. The inscriptions and symbols engraved on them felt burning and tingling at a glance.

"The basic talisman of this array is engraved in front of you, but you can't spy!"

Ye Chen couldn't help but be dumb. With such a confident means, it seems that the strength of the master of the hall must depend on the invincible existence between heaven and earth!

"Dong!"

A bell rang in Ye Chen's ear, and the aftersound circled around the beam. It circled on the eighteen bronze columns and even spread.

Less than half of the pain, ye Chen's eardrum began to overflow bright red blood.

"It's the familiar smell!"

"Is it really related to the remaining reincarnation xuanbei!"

As far as the eye can see, on the huge throne, there is no imagined figure of Wei'an or senior masters, but a dark black spirit stone floating on it.

Judging from its appearance, the spirit stone on the throne doesn't seem to be a complete piece, but... A remnant stone!

That familiar feeling is the reincarnation xuanbei that was found after nine cattle and two tigers!

However, this should not be the remaining two reincarnation xuanbei, but the same divine stone that originally made the reincarnation xuanbei.

Ye Chen rushed forward with an arrow and stepped on the throne, and the rhythm in his ear also stopped suddenly.

"Ling er..."

Ye Chen felt Linger's breath on the throne in front of her. There is no doubt that she must have been here before.

Chapter 7102

Ye Chen stretched out his hand to explore the remnant of the spirit stone in front of him. At the moment when his fingertips touched the spirit stone, a gentle light curtain appeared, just like the light curtain enveloping the boundary with this place in front of the green forest.

"Kill!"

Suddenly, a killing intention rushed into the sky from Ye Chen's fingertips. At that moment, Ye Chen saw thousands of troops and horses attacking and killing himself. The war flag in his hand was stabbed in his chest before he could see the whole picture!

"Bang!"

The soft light curtain flashed away, and Ye Chen's figure flew upside down, and his body was like a shell directly to the bronze column behind him!

"Sure enough!"

Still that inexplicable voice, behind Ye Chen, a powerful big hand dragged himself.

Feeling the big hand behind, ye Chen suddenly turned around in a hurry, and a tall man with Hefa Tongyan came into view.

Gently raised his hand and erased a trace of red from the corners of his mouth. Just now, it was just a thread of perceptual mind that was immediately wiped out by the spirit stone. He didn't even notice when the man behind him appeared.

The white hair in front of the purple robe is elegant, and the snow-white long hair is like a long waterfall, with a faint radiance lingering.

The eyebrows are dignified, and there are no wrinkles between the temples. At the corners of the clothes and cuffs, the golden dragon totem flows. Glancing at it, it is only the breath of the dragon head in the clothes room that startles Ye Chen.

A golden crown hung overhead and stood smiling in front of Ye Chen.

"Is this the Immortal Emperor?"

For a moment, such an idea flashed in Ye Chen's mind.

"Little fellow, do you know it's a big taboo to come here!" the white haired man whispered. Although his tone was gentle as usual, his half anger had condensed the air of the whole bronze palace.

"This man is so strong!"

Ye Chen suddenly had such an idea in his heart. The man in front of him could kill himself as long as he wanted.

Is he... Too God?

"Emperor Haishan?"

The man in front of him seemed to see through Ye Chen's idea. He immediately nodded and replied, "yes, I'm the person you're looking for!"

In the face of such a strong man, as long as the person in front of him has the intention to kill, no matter how he resists, it is futile. It's better to get straight to the point.

"I'm here to find my friend, ling'er!" Ye Chen said.

Although I still want to ask about the method of resurrection of the remnant soul, linger is obviously more important now.

There seemed to be thousands of meteorites in the eyes of the man in front of him. He looked at Ye Chen several times up and down, and his tone was quite appreciative:

"I thought you would say something else!"

"Part of the reason why you came here is also for this stone?"

Facing the questioning of Taishen, ye Chen thought for a long time and said:

"This stone... It can be regarded as it. Breaking into here is more important to find my friend, ling'er!"

The God with the crown on his head whispered, "interesting little guy!"

"Do you have many questions?"

Ye Chen nodded and said, "in fact, a voice guided me here!"

Hearing the speech, Taishen's eyes seemed to be looking for something in his memory. After a long time, he said, "sure enough, the agreed period has passed. You still have to choose to return!"

"Elder, what do you mean?"

Ye Chen saw that Taishen was so fascinated, and immediately whispered.

"Let me tell you a story!"

"Lost time and space, in fact, was not lost time and space, but a holy land. A long time ago, the primates of heaven and earth, the human race skillfully seized the creation of the heavenly palace, and those who become gods are endless. What's more, traveling in the star sea is just a reverse palm!"

"I don't know when, the mind is chaotic, and all sentient beings don't know where to start, it's fate!"

"On the last battlefield, a strong man in the southwest frontier stood up to help in the presence of gods..."

Taishen recalled the past and spoke slowly.

Ye Chen didn't bother, so he sat on his legs and listened carefully.

In the meantime, a trace of mystery can be found. The reincarnation xuanbei is likely to be related to some things in ancient times.

"The spirit in your mouth is the spirit bred by the wisdom derived from the xuanbei!"

"The xuanbei of reincarnation is the layout of the Lord of reincarnation in the previous life."

"But there are too many variables in the layout."

Taishen smiled and then said, "even I can't break the prohibition of reincarnation xuanbei by brute force, and you can make some fluctuations with only one finger!"

"The Lord of reincarnation deserves his reputation!"

When Taishen called out these four words, a sense of familiarity flashed in his eyes.

"Elder, I....."

Ye Chen just wanted to speak, but the man in front of him interrupted him.

"What you saw in the cave when you came here was just a picture restored by my magic!"

"In the rest of the world, there are actually similar to the reincarnation xuanbei! But those can't be compared with the reincarnation xuanbei. I'm afraid the reincarnation xuanbei is the greatest masterpiece in the world, unparalleled."

.....

At the same time, another place.

"Bang!"

The violent power is like a devil tearing the sky. Tianxue's heart is bounced off again. It is difficult for her to get the upper hand in the face of the joint force of Wuji and LINGJI.

"Leave now, master. Shut up and don't see anyone!"

Tianxue's heart took back the frost sword and stopped attacking. Instead, she said in a deep voice: "the Terran is in danger in the lost space-time area. If too God doesn't come forward, the alliance will collapse and the Terran will no longer attack."

"Master, shut up and hide from the world. Don't see anyone!"

This is still the sentence in response to her.

.....

Screen rotation.

"Although this spirit stone is destined for you and can make your reincarnation xuanbei stronger, take it with your current ability!" Taishen shook his head gently and muttered, "it's too weak!"

When ye Chen heard the speech, he got up and said, "dare you ask me, what kind of cultivation is it at my age?"

Ye Chen's eyes were firm and stared at the existence in front of her!

"Hmm?" for many years, no one dared to talk to a god like this. He was still an unknown hairy boy.

"If you pass the test, I'll let you take the spirit stone!"

Too God looked at the ordinary guy in front of him. Although he had some talents, he was so proud that he was destined to go not far.

"What test?" Ye Chen asked.

Taishen didn't answer. Instead, he patted Ye Chen on the shoulder. Thousands of stars reflected in the eyes of the white haired man.

Ye Chen only felt that his feet were empty, and the feeling of heaven and earth was rising from top to bottom. When he looked again, the network of starlight in the previous cave was now enlarged in front of him. Every light was a star shining.

"The test is very simple. Get out of the Star River and I'll wait for you in the bronze temple!"

Taishen just left a simple explanation, and soon his figure disappeared.

In the huge bronze temple, a voice sighed: "reincarnation xuanbei, six reincarnation!"

Chapter 7103

.....

Ye Chen's eyes coagulated and looked at the scene in front of him.

"Thousands of stars, how to get out of this, there is no hint!" Ye Chen set foot in the illusory universe and made a difficulty.

"No, I must have missed some details!"

Ye Chen Hongmeng uses the big starry sky to show that a piece of starry sky is suspended around the body, and then uses the reincarnation blood to gather the eyes, and the Ancient Runes in the reincarnation heavenly eyes circulate.

He found an enlarged version of the starlight net in front of him. Every point was a shining star.

Ye Chen carefully recalled the previous scene of breaking the reduced version of the star network.

"Hongmeng starry sky swallowed the light spot and was cut open by my sword!" Ye Chen thought, "swallow, light spot!"

"Is it difficult for me to extinguish the light of thousands of stars?" a bold idea sprouted in his heart.

Dark source rune, thunder source Rune and earth source Rune come out one after another and turn into stars and connect into an array! One of them was shrouded in an instant, and the light was dim under one blow.

"It seems feasible!"

Ye Chen was overjoyed when he saw this. He continued to follow the previous method and tried to break the second star.

"Sure enough!" looking at the two stars that extinguished the starlight, ye chenmao made full efforts and launched a strong attack again towards the third star.

But then, a scene that stunned him happened. I don't know when the two stars previously broken by Ye Chen rose up again.

At the moment when ye Chen was surprised, the third star echoed again.

"It seems that the galaxy array is not so simple!"

Ye Chen frowned. Starting from stepping into Taishen mountain, it seemed that the scene around him was real and unpredictable.

At this time, Huang Lao said, "this test seems to be related to the idea of God, and the idea of God is related to reincarnation. Between reality and emptiness, only experience can awaken."

"Divine thoughts..."

Huang Lao's words seemed to make ye Chen think of something. He suddenly remembered that the previous scenes of Lingshi were engraved into his mind, which was completely the product of his own spiritual force.

"In that case..." Ye Chen felt a wisp of divine thoughts and gathered in one of the thousands of stars. Immediately, he only felt that his soul was pulled out in an instant, and then he lost consciousness in another instant.

"Is reincarnation the end of the test?"

.....

At the moment, ye Chen seems to have experienced a lifetime and returned to youth.

But not on earth.

In front of us is an unknown world!

Fengyun taidabi!

"Meteorite!" the young man's long gun flashed cold, and the sharp cutting breath rushed into the sky in an instant, approaching an indifferent figure!

The strong middle-aged man in black on the top of the stand exclaimed at this scene: "the strength of the owl is more terrible. This shot already contains the power of will. I'm afraid some elders of the family can't take it down!"

"It's really a tiger father without a dog son!" the people on the VIP seat held it.

One side, ye Xiao's father, the current head of the Ye clan, smiled and said to the middle-aged man in Black: "this is also inseparable from the careful teaching of Qingyang sect. Half of the credit belongs to Qingyang sect!"

The middle-aged man in black smiled gently and continued to look at the fengyuntai!

"This is his strongest killing move? Is it just this degree?"

"Who am I and why am I here?"

"Who is the Lord of reincarnation? Who is Ren Fanfan? Why does a voice mention these two names?" the indifferent young man muttered. The next moment he seemed to have made up his mind. If that's all, you'll stop here!

"The way of destruction!" centered on the young man himself, layers of brutal murderous Qi condense and wrap it. The young man's gun is like a swimming dragon!

The strongest duel between spear and shield!

There is smoke everywhere in the field, and people can't see the situation.

"The young man named Ye Chen is the son of Ye Tianzheng, a member of the Ye family. He is young and extraordinary!"

"It's reasonable for the boy to lose to Ye Xiao. After all, the resource inclination of the clan is unmatched by the division!"

The smoke of gunpowder scattered everywhere. Surprisingly, at the end of the crossbow, it was Ye Xiao who staggered!

On the other hand, on the side of the indifferent youth, ye Chen's breath only increases, and the fierce sword gas cuts the space with a buzzing roar. He wants to end the game in one fell swoop!

Ye Xiao's eyes on the stand coagulated and said softly, "birds in cages, trapped in chains, rising in the wind, are greedy!"

As soon as the voice fell, ye Chen felt hot and embarrassed. In a few breaths, the skin of his whole body expanded rapidly at the speed visible to the naked eye. It seemed that every cell of his whole body seemed to have life. They were jumping wildly and rushed to Ye Chen's Tianling acupoint!

The sharp and solid sword Qi broke in an instant. The boy lost consciousness and fell directly on the wind and cloud platform!

"In this war, ye Xiao, the clan of Ye family, won!"

There was thunderous applause under the stage!

Yu Guang, a middle-aged man in black, glanced at the owner of the Ye family, who was sitting on the VIP seat with smiling eyes, and frowned.

"Brother!" Mei Mei's graceful figure appeared on the Fengyun stage. She gently lifted the pale boy, but her eyes were staring at the boy's father, ye Tianzheng!

Just last night, she overheard the conversation between father and son.

"Chen'er, tomorrow's war will be lost or won!" a middle-aged man sighed helplessly to the boy.

"Why? I can win." the boy looked at his father puzzled.

"There are different rooms and one pulse. No one is allowed to surpass the imperial clan. Besides, ye Xiaogui is not only the leader of the imperial clan, but also the inner disciple of the imperial clan Qingyang sect. You lose to him in this big competition. No matter what the result of this big competition, the spokesman of the Ye family can only be ye Xiao!"

.....

The boy woke up and found himself lying on the bed. His sister was lying in front of the bed in a big coat and was sleeping soundly.

The boy raised his hand gently. A sharp pain in his abdomen made him roar. At the moment, he noticed that the Dantian was broken and his muscles and veins were broken!

All your accomplishments will dissipate once!

"Brother, you're awake!" my sister was awakened by the noise. She looked at the boy with joy and said, "I'll call Uncle Ye!"

After a while, ye Tianzheng pushed the door and entered. His eyes dodged and didn't dare to look directly at his son.

"This is fate!" the boy laughed miserably.

Ye Tianzheng was silent and clenched his fists. His nails were embedded in his flesh and blood was dripping.

If you don't resist humiliation, you will die!

The curse flowing in the blood is destined to accompany you all your life!

The mantra of the imperial clan can burn his blood. If the jade pendant left by his mother didn't play a role at the critical moment, I'm afraid his soul would have returned to jixiao now!

"These days, I took my sister around Qingzhou City. I can't protect her anymore. When she's almost well, I'll send her home!" the expression on the boy's pale face changed constantly, and finally turned into deep helplessness.

Chapter 7104

He rubbed the jade pendant hanging around his neck, which had lost its color and became extremely dim. For a moment, he was disillusioned.

The road ahead is broken!

All the young Ye Chen's meridians and Dantian were destroyed in this life. Since then, he has been hurt in endless time and space.

.....

The picture turns again, Kyushu mainland.

In this world where thousands of ethnic groups compete for supremacy, ghosts travel at night, demons are rampant, the human race is withered, and the killing and clearing of the reincarnation of heaven can't hide.

Although extremely dangerous, it is also full of endless opportunities!

At this moment, one of the three most ferocious places in China, the wild frontier.

It is said that the barbarian giants here live on blood and are extremely vicious and cruel.

Two figures, one tall and one thin, stood on the vast land of slaughter, with gusts of killing intention blowing in the howling wind.

"This is the territory of fierce beasts. Ye Chen, you can figure it out. Do you want to recruit fierce beasts as disciples here? Or barbarian giants?"

"I have my own arrangement." Ye Chen took his hands behind him, smiled indifferently, and looked at the giant man with a tower more than three meters high in front of him!

"If you leave your name on the atlas of common people, you will be the Lord of the holy land. At the same time, you will also tell the world that another sect holy land is established here!"

With a wave of the giant hand, a glittering golden scroll was displayed in front of Ye Chen.

In this martial world, as long as you have strength and resources, you can start your own school!

Of course, if you are besieged and destroyed, you can only say that your skills are inferior to those of others!

Above the nine grades, it can be called holy land!

At present, there is only one holy land in China - ethereal villa.

As ye Chen stopped writing, the golden brilliance of the atlas of life spread all over China, sending such a message:

"Chinese practitioners know:

Establish a new martial arts Holy Land in the wild frontier!

Ye Chen, we will recruit disciples to gather practitioners with great talent in China to fight on the immortal road! "

As soon as the news came out, China was surprised!

"Why did ye Chen create a new holy land?"

"Is it the strong emperor of the hidden world?"

A sect leader said, "we are willing to be the vanguard and fight on the immortal road!"

A sect elder said, "the wild frontier orcs are willing to fight with us!"

.....

Ye Chen led the crowd to incarnate a god of killing, and his blood stained the sky.

Standing on the top of the mountain, the broken sword in his hand cut a crack in the sky. In the crack with chaotic atmosphere, countless gods and Demons flew out, hovered in the void and roared.

"Welcome my master back!"

The gods and Demons surrounded the tall and mighty devil body in the middle. After a moment, they only heard his indifferent voice penetrate the three realms: "my evil intention will not disperse, which can help you fight on the fairyland for a thousand years!"

"My spirit, conceived in a thousand years, will reappear in the world!"

Ye Chen in this world is above the heavens and is respected all over the world!

.....

In the third world, ye Chen turned into an emperor and came to the small country in the northwest border. He was glorious and loved by his people all his life.

In the fourth generation, ye Chen of the villagers in the mountains did not see any fluctuations in spiritual power. He worked at sunrise and rested at sunset. The days were long and plain.

In the fifth generation, ye Chen wore armor, guarded the border city, fought until the last soldier, and died heroically.

.....

"Wake up? Don't sleep here!"

With a gentle fragrance, the middle-aged beggar woke up. The burning sun shone on his face, the dead skin on his shriveled and cracked lips spread out, and his throat was dry.

"We're going to be open. Go to sleep elsewhere!"

The young woman in the cloth shop woke the beggar and urged him to leave quickly.

The middle-aged beggar who got up nodded, limped on one leg, held the eaves of the door in the street with both hands and left slowly.

"Dead lame, get away!"

He kicked the beggar's thin body firmly from behind, and the beggar fell to the ground.

"Cough..."

A mouthful of blood coughed up. The middle-aged beggar struggled to get up, looked back at the rich child who despised him in front of him, immediately nodded and bowed, smiled, bent his body and hurried out of the way.

The drizzle beat on the eaves from door to door, playing the most pure and natural melody between heaven and earth.

The trace of red flowed from the beggar's feet to the distance along the rain.

Originally ill fated, weak and ill, he came to the end of his life because of the foot of the rich child.

The eyelashes blinked, the water mist mixed with the breath in the mouth wetted the eyes, and a small figure stopped in front of the body.

"Do you want sugar?"

Vaguely, a little girl with a pigtail stood in front of the beggar, looked at him who was seriously injured and dying, and handed him the last touch of sweetness in the world.

This face is very familiar.

"Are you... Linger?"

Confused, somehow, a name came out of the beggar's mouth. This scene was familiar.

"Ling'er... What a familiar name!"

"Who am I?"

Scenes of the past hovered rapidly, with their own, others, princes and generals, cloth grass medium.

"Ye Chen, the demon family will seize and give up the demon emperor in the end. We don't have much time left!"

"Lord of reincarnation, your opponent is wanxu. Only destroying wanxu is the end."

"The door of space won't last long. Hurry up!"

Countless pieces of memory are grouped and arranged, and then fall into the conscious world again.

"I am the Lord of reincarnation!"

There was a star in his eyes. Ye Chen suddenly opened his eyes and looked at the familiar scene of thousands of stars. Ye Chen suddenly began to sweat.

"All this is true!"

Ye Chen feels the pain of his skin. The previous scenes are his own reincarnation forever!

Half of the thousands of stars in front of us fell out, and the only half of the stars glittered behind Ye Chen.

"Reincarnation xuanbei, six reincarnations!"

At the moment, ye Chen was dressed in rags, his beard and hair had already covered his face, and he was dressed like a primitive man.

"Eternal reincarnation, in this galaxy array, only a few stars take me for thousands of years!"

Ye Chen is unwilling to shout angrily. At the moment, even if he can break through the array, ten thousand years have passed. The vicissitudes of life, where should he go?

.....

In the bronze temple at the moment, Taishen stared at the residual stone on the throne and murmured, "such a talent, I woke up so soon."

"Worthy of being the most qualified existence in the world to take charge of reincarnation."

"To tell you the truth, I really want to see the day when you take charge of reincarnation. I'm afraid at that time, the feather emperor and the ancient emperor will become a piece of loess."

The picture turns around, ye Chen.

"Eternal reincarnation, after all the looting waves, in the end, it came to such an end!"

Ye Chen looked calmly at the eclipsed half of the Star River in front of him and murmured.

Endless reincarnation, everything he has experienced is vivid, and a trace of obsession in his heart is slowly dissipating.

As soon as you read it, the stars die!

In the twinkling of an eye, thousands of stars and rivers fell out, and ye chenmu's eyes were black.

Chapter 7105

"Congratulations, welcome back!"

The voice of the great God sounded from his ear. Ye Chen opened her eyes and looked at the great God who was still the king's posture.

"Can I take ling'er?"

At the moment, ye Chen is a little more introverted. In his words, he is calm and abnormal. His eyes look at Taishen. What is very similar is that there is the brilliance of thousands of stars in his eyes.

"Six samsara, it took you only three hours to finish my first year. It's amazing!"

In the eyes of Taishen at the moment, he does not hesitate to appreciate. Compared with before, the appreciation at the moment comes from the bottom of his heart.

"Three hours?" Ye Chen looked at the scene in front of him suspiciously. No wonder he imagined that the reincarnation of all ages was a trapped array of three hours?

But that kind of real experience and senses... It can only be said that the other party's attainments are too strong.

For a moment, ye Chen was overjoyed. He arched his hand to Taishen and said, "thank you for your guidance!"

In fact, the so-called star river array test is actually an opportunity given by the God.

The road of cultivating martial arts must finally have the feeling that the wave of robbery is still alive today.

Otherwise, the world and many strong people would not be trapped in some realm for so long!

Perception is the key.

Although Ye Chen sees nothing, his age is still too shallow compared with those old monsters.

Now Taishen's array can be regarded as making up for some things.

These feelings and state of mind completely broke the shackles of Ye Chen when he set foot in Baijia state in the future.

Taishen smiled: "you are the person selected by reincarnation. I just follow the trust of my old friends. In this reincarnation, if you can get out, the opportunity is yours. If you are trapped in it, the eternal time is also a reality!"

Ye Chen was shocked when he thought about it now. If Linger's voice hadn't awakened him, he might have been lost in the galaxy array until eternity!

"Elder, I don't know where Linger is at this time?" Ye Chen asked directly. After all, the main purpose of his trip is to find Linger in addition to helping the heaven palace move rescuers.

"Haven't you met in your last life?"

Taishen smiled and looked sideways at Ye Chen. He seemed to see the doubts of the young people in front of him. Taishen then said, "the spirit stone on the throne in front of you is among them. She is also suffering at the moment. Different from you, she needs to find something that originally belongs to her!"

"You can take the spirit stone away and ask her for details when she leaves the customs!"

When Ye Chen heard the speech, he came forward and gently touched his fingertips. The soft light curtain intimately attracted his fingertips, turned into a flash of streamer and disappeared on the throne.

At the same time, a spirit stone stood quietly in Ye Chen's Dantian.

"I'm also entrusted by loyal people!" there was a little more free and easy on the face of Taishen.

"Senior, there's one more thing I want to talk to you." when Ye Chen saw that Linger's matter was solved safely, he remembered the entrustment of Tianxue's heart, even when he opened his mouth.

A little hesitation flashed across Taishen's eyebrows and immediately said, "take my keepsake and go to bring Tianxue's heart to see me!"

A jade seal floated to Ye Chen's hand, and ye Chen turned and left.

"Alas... I have finished what you entrusted me with, but after all, I have deviated from the established road. Anyway, when things happen here, I can feel at ease into reincarnation!"

"For thousands of years, living is really boring! Especially after experiencing the bright, living in this dark era..."

What ye Chen didn't realize was that since he took away the divine stone of the same origin as the reincarnation xuanbei, there was a slight disorder in the breath of Taishen.

But the breath of such a strong man can't be captured by Ye Chen at present!

.....

meanwhile.

Tianxue outside the green bamboo hurriedly paced back and forth, and the killing intention appeared again, but due to their strong strength, they had to give up.

In front of the Wuji LINGJI two people are walking around, and they don't care about Tianxue's eyes.

"Do you feel it?"

"Well..."

Wuji and LINGJI seem to feel a faint wave, and there is a little more sadness on their faces who have never been familiar with the world.

At this time, a figure galloped out of the green forest. When Tianxue saw the arrival, he finally raised half a smile on the Frost's face.

.....

At the same time, another place.

Shenwu temple.

"There is no news from Tianxue heart and ye Chen?" a hoarse voice asked, "Tianxue heart is your business. Ye Chen, I must get it. He has too many things I want."

The supreme elder of Shenwu temple had a strange expression: "previously, the Lord of reincarnation seemed to evaporate from the world, but not long ago, a message came from the dark forbidden sea. Ye Chen appeared there. It seemed that he had a friend to be robbed by heaven."

The hoarse voice paused for a moment and said, "your news is too late. The devil emperor of heaven has long failed. However, according to my guess, heaven will not give up this container, so the Lord of reincarnation must save people."

"The Lord of reincarnation is too weak to be an opponent of Wutian. I don't want Ye Chen to die in Wutian's hands. I don't have the strength to rob Ye Chen from Wutian's hands."

"Therefore, ye Chen must be brought out as soon as possible."

The supreme elder of Shenwu Temple thought of something and said, "there is news. Not long ago, ye Chen seemed to have appeared in the heaven palace and contacted the guy of the spirit heaven family, but now there is no specific news about where ye Chen is."

As soon as the eyes of the evil Saint Zu brightened, he showed a smile: "it seems that the Lord of reincarnation is infected with the cause and effect of Tianxue heart, just in time."

"By the way, I haven't asked you one thing for so many days. What happened when Shenwu was imprisoned in the tower!"

The demon holy ancestor obviously resented this. The Shenwu Temple joined forces with the strong men of many demon temples and was still rescued by Ye Chen. Tian Xuexin didn't say that the Shenwu prison tower collapsed because of this.

The supreme elder of Shenwu temple was in a cold sweat and obviously didn't dare to lie, because the strong in the demon temple could testify at any time, but fortunately, they were trapped in the heaven and earth gourd in the most critical period.

"At the beginning, I had already taken Ye Chen, the old fellow of zunlingtian family. He used heaven and earth gourd to suppress many strong people in the temple. I don't know what secret method he used to help Ye Chen. Unexpectedly, he mobilized the purple Qi in the dead tower and broke out of the Tower..."

The later things, the holy ancestor of the evil spirit knew, and the devouring ghost beast exploded and covered Ye Chen and others to slip away.

However, the supreme elder of Shenwu hall did not mention that ye chenyuantian magic sword absorbed Hongmeng purple gas and evolved into Yuantian Hongmeng sword, as well as the "God" order of the early hall Lord.

Chapter 7106

Obviously, the old guy also moved his mind. At the critical moment, he wanted to save a backhand for his life.

Seeing the doubts of the demon holy ancestor, the supreme elder of the Shenwu Temple immediately opened his mouth and said, "holy ancestor, my life is in your hand. If you don't believe it, you can take it at any time!"

The evil saint's eyes narrowed and his heart immediately moved. He saw that half of the body of the supreme elder in the Shenwu hall suddenly lit a transparent flame. There was no burning heat, but the old man was crying.

"This is an disrespectful punishment for you. If you do well, we will not treat you badly!" the evil Saint snorted coldly and immediately removed the burning soul karma from the supreme elder of the Shenwu temple.

"Holy Father, what should we do now?"

The old man grinned and struggled to get up. On his twisted face, gray corpse air floated, bowed his head and asked.

The evil Saint looked into the distance and said, "since the Lord of reincarnation has appeared nearby, it proves that he will take action, and this action must be before rescuing the demon emperor.

This is my only chance. If I can't win Ye Chen, I'm afraid Ye Chen will really die in the hands of heaven, and there will be trouble at that time.

Last time, for a Ye Chen and a Tianxue heart, the old blood devil and blood Shura Luo Cheng were seriously injured. The whereabouts of the Lord Wu Xiao of the Shenwu hall were unknown. Even this seat was almost affected by the self explosion of the evil animal! "

"All forces of the alliance have suffered heavy losses. How can they only lose one Tiangong God cult!"

The cold voice of the evil Saint ancestor was fierce.

"When the Tiangong cult was destroyed, other forces bowed their heads to us. At present, there is only one Tianfeng Pavilion left. Since old man Wen would rather die than obey, we will take action from now on. The destruction of Tianfeng Pavilion will inevitably lead to Tianxue's heart. Tianxue's heart will appear, and the Lord of reincarnation will also appear."

In the eyes of the supreme elder of the Shenwu hall, a trace of abnormality flashed and said, "however, in our current state, it is unwise to invade the Tianfeng Pavilion on a large scale."

The ghost saint's hoarse laughter echoed in the cold hall and said, "you forget that the lost demon domain Baiyue demon gate attacked and killed Tianxue heart at the top of the snow mountain?"

The old man asked, "moon worship demon gate?"

"Yes, there are many monsters in several spaces in Tianfeng Pavilion. If you encounter the attack of animal tide..."

"Previously, the demon loving beast had a blood descendant in the demon domain. Although its strength was low, a little operation was enough to make Tianfeng Pavilion in a mess!"

The supreme elder of the Shenwu Temple brightened up and then said, "if the animal tide does not retreat, the Tianfeng Pavilion will certainly ask for help at that time. The other forces do not express their position. Only the demon temple can rush to help!"

"The Tianfeng pavilion was destroyed by the animal tide, only because ye Chen seduced and killed the giant in the demon domain and loved to destroy the ghost beast!"

Jie, the holy ancestor of the evil spirit, smiled and motioned the supreme elder of the Shenwu temple to arrange matters.

On the empty hall, blood colored robes stand alone.

"Aren't you afraid of the old man's deception?"

A voice sounded. It was the vice Lord of the evil Temple hidden in the dark. His strength was equally terrible.

"You don't have to go out. You'd better stay in the dark. After all, your identity is not time to be exposed!"

"That old fellow, I have just tried. The imprint of the spirit is still there. His life is in my hand at any time. With his character, he dare not betray!"

Smelling the speech, the dark voice responded faintly: "it's up to you!"

"I just want the blood of the Lord of reincarnation and the xuanbei of reincarnation on him."

.....

Tianfeng Pavilion is the land of the heavenly palace.

"The big competition arranged by Tianfeng Pavilion this time, our team will certainly win the first place. As long as we successfully find neon Phoenix grass, with the strength of senior brother, the champion must be ours!"

A petite girl looked at the man sitting cross legged beside the campfire.

Another fat man in the three person team added a trace of firewood to the fire and said with a smile: "what a bastard looking at mung beans!"

When the girl heard the speech, she grabbed the fat man's ear and asked, "fat man, what are you talking about?"

My ears hurt. The fat man shouted quickly, "I'm wrong, aunt. Beauty is in the eyes of lovers!"

Just a word, the girl blushed, turned her back and stopped looking at them.

The young man sitting cross legged opened his eyes and immediately ordered: "stop it. The star vein forest is close to the lost time and space, and there are many fierce beasts. We have gone deep into the hinterland of the forest to find neon Phoenix grass, which will lead to trouble for monsters!"

The fat man moved to the elder martial brother and asked softly, "elder martial brother, I heard that the neon Phoenix grass clothes can fall into a false sleep state. Is it true or false?"

The young man thought for a moment and replied, "the refined pill will have side effects in this regard, but no one has done it like this and can't prove it!"

"It's getting late. Have a rest. Later, I'll look for neon Phoenix grass and retreat immediately. The forest is not safe!"

The girl smiled and said, "elder martial brother is a strong man who is half a hundred Jias. You can go to this world!"

When the young man heard the speech, he frowned and shook his head. He stopped talking and closed his eyes to rest.

Seeing this, the girl also stuck out her tongue and winked with the fat man, but she no longer made a sound.

Before long, a beast roared across the sky.

The young man's pupil Rune flows, and with a big hand, he removes the array hiding his figure. The fat man and the girl are also packing their bags. The three person team is ready to embark on the journey of looking for neon Phoenix grass.

"Still not!"

The fat man slapped a sharp toothed bear in the middle of the true state, looked back and forth around it, and said with regret.

This is the fifth cliff he found.

"It's said that this place where neon Phoenix grass grows is the favorite place for sharp toothed wolves. I've visited so many places, but I still haven't found a clue!"

"Hey, fat man, look, is this the legendary neon Phoenix grass?" just when the girl was ready to give up and look for another place, a setting sun shone down.

"How can this grass reflect light?" the girl subconsciously covered her eyes, but the next second she was stunned in situ, "huh? Reflect light?"

At the gap of the cliff, a touch of golden luster flowed in the green bushes.

"Found it, neon Phoenix grass!"

The fat man also came upon hearing the news. He saw a golden sword like herb in the gap of the cliff and pulled it off.

"Oh, you!" the girl tried to grab it. "I found it first. You can't take it alone!"

The fat man smiled, twisted his big ass and ran to the other side, shouting: "senior brother, I found the neon Phoenix grass!"

The young man turned and made a silent gesture, looked at the fat man and girl who trotted in, and quickly stopped.

He seems to have found something.

Chapter 7107

However, in another place at the moment, several pairs of eyes were staring at them.

"Invade Tianfeng Pavilion on a large scale immediately. First, attack Tianfeng city. I want to see if these guys who boast of being supreme friars will ignore the blood flowing in the cities in China!"

The two sharp tusks flashed, and the dark green eyes scattered fierce light, spitting out people's words.

On his side, all kinds of fierce animals were crawling, and his frightened eyes looked at the big head filled with fog in front of him.

Soon the next second, the fat man's cry startled the animals.

"Who!"

The nether beast turned around, and the dark green eyes instantly locked on the young man's body.

"Fat man, Xiao Yun, get out!"

Knowing that his whereabouts had been exposed, the young man turned and ran towards the periphery. He didn't forget to pull a hand at the fat man's side.

"Elder martial brother, this is neon Phoenix grass!"

As soon as the fat man spoke, he saw his senior brother's rare dignified color. He just pulled the neon Phoenix grass with his left hand, holding the fat man with his left hand and the girl Xiaoyun with his right hand, and flew into the sky at top speed.

.....

"What? Where are you going to escape?"

Bursts of gray smoke rose, and the flowers and plants around the three person team began to wither gradually.

"Fat man, we go deep into the hinterland. There must be strong people secretly protecting Tianfeng Pavilion. We issue Dabi's abstention order to lead the strong people in our sect. I'll try my best to hold them down!"

The young man drank loudly and looked very nervous.

Although the fat man and Xiaoyun don't know what happened, seeing the senior brother's expression, it must be a big thing. Moreover, the fog around them is obviously not morning fog. Their vision has been blurred!

"Human beings, dare to intrude into the hinterland of Xingmai forest!"

The cold voice echoed in the three people's ears. The token in the fat man's hand flashed, a flash of streamer rose into the sky, and immediately exploded.

"I'll hold them first. Your strength is not enough. Let's go!" the young man protected the fat man and the girl firmly behind him and rushed out by himself.

"Tianfeng Wudao: Liuying!"

At the moment when the body moved, the fingers of both hands turned, and small scarlet swords came out.

"Hmm? Can you still lock my position in the dark fog?" the leader of the dark beast couldn't help but be surprised. Immediately, he looked fierce. Two tusks flashed a cold light. He turned into a human and ran towards the young man in the dark fog.

"You kill the fat man and the girl, and I'll deal with the boy!"

.....

"Xiao Yun, you go first!"

Facing the pursuit of a bunch of powerful demons, Xiuwei was just a fat man in the early stage of Taizhen. He looked at the weakest cloud and stood in front of him.

"I always bully you. This time, fat brother, I won't argue with you. Go and find the master to save us!"

He pushed the girl away and the fat man rushed up the trunk.

"The line of fire is shrouded!"

A touch of streamer tore open the thick fog, and the indiscriminate attack instantly lit up the girl's way back.

"Poof!"

Just for a moment, the sharp fangs passed through the chest, and the blood came out of the chest, trickled down the trunk and slowly spread to the direction of the girl's evacuation.

"Bang!"

The fat man landed heavily and hit a deep pit with a calm look.

Listening to the figure of the battle behind him gradually disappear, Xiao Yun wiped the warmth from the corners of his eyes, shook his fists, and quickened his pace!

"Hoo..."

A ghost beast in the dark has been dormant for a long time. Looking at the girl attacking below, he opened his mouth and bit it!

.....

"Damn it, the signal has been sent for so long. The strong in the door should have come long ago!"

The young man kept dodging and pulling. At the moment, his spiritual power was almost in deficit. A deep wound in his abdomen spread to his back, and his viscera could be seen.

"Little guy, you're hiding here!"

The voice of Yin measurement sounded from the man's ear. A sharp blade pierced into his body through the trunk, and the young man also fell heavily to the ground.

"Are you waiting for him?"

The indifferent voice sounded. The ghost beast with double blades kicked a corpse out at random. Looking at the figure, it was the three elders of Tianfeng Pavilion.

"How could it be... Three elders!"

The young man looked at the dead figure in front of him. The three elders of Tianfeng Pavilion fell here.

"This guy is very difficult to deal with. It's a pity if you're waiting for him!"

The dark green pupil is full of banter.

"Tianfeng Pavilion, what a pity!"

"When we besiege Tianfeng City, the whole Tianfeng Pavilion will be destroyed!"

Words echoed in the young man's ears. His clenched fists trembled: "die!"

The man raised his hand and stabbed countless silver needles at the nether beast.

"Ding Ding!"

Stabbed on the iron body of the nether beast, there was a crisp sound. His strongest blow did not even break the enemy's defense.

"Go to hell!"

The netherworld beast severely stepped on the man's chest, his eyes gradually relaxed and lost vitality

.....

After the nether beast leaves.

The young man's body moved slightly.

"Cough..."

A violent cough sounded, his sight was blurred, and he felt dizzy, mixed with sharp cutting wounds on his abdomen and chest. His breathing was violent.

"It seems that this neon Phoenix grass can really make people fall into a state of suspended animation..."

The last attack was just a cover up. He took the opportunity to take the neon Phoenix grass given by the fat man in his arms.

The staggering figure struggled to get up, "Hoo..."

"These demon families are going to attack Tianfeng Pavilion!"

The young man took off the keepsake belonging to Tianfeng pavilion from the three elders who had already passed away and left step by step.

"Fat man..."

In a deep pit, the figure of the fat man lies quietly in the pit, looks calm and looks straight ahead.

The young man remained silent and stared blankly at the younger martial brother who chased him the night before. Now his bones are cold.

Looking at the direction the fat man gazed at until he died, a strong sense of fear poured out of his heart, unwilling to face the flat path.

"Xiao Yun..."

Sure enough, not far from the direction of the fat man's gaze, only the lower half of the body was discarded into the bush.

The man saw at a glance that it was Xiao Yun!

Half of the body was swallowed by the ghost beast, and the spirit died.

The team of three is now fragmented.

The sound of teeth breaking splashed, and a wave of hatred rose into the sky in the star vein forest.

.....

"Oh? When Tianfeng pavilion was in a big competition, there were monsters in Tianfeng city?"

When Wen Qingshan frowned, there was always an inexplicable feeling lingering in his mind.

"Tell the pavilion leader that it's normal for the monster in the star vein forest to attack occasionally. After all, it's a kind of beast. I think it's better. How about elders leading the team and counting this fight against the monster as one of Dabi's items?"

The second elder of Tianfeng Pavilion smiled and suggested.

Chapter 7108

This statement has also been recognized by several elders.

"HMM... even counting, the third has not returned yet..." Wen Qingshan said with a smile, looking at a group of old guys in Tianfeng Pavilion.

"Your Excellency, the third is here. He will certainly agree. He took his precious apprentice to the Xingmai forest to look for neon Phoenix grass. He can't come back for a while. I agree instead of him!"

The second eldest brother grinned.

Wen Qingshan also lost his smile. "OK, you are going to Tianfeng city. This time, fighting against monsters is one of the big competition assessments!"

.....

For what happened outside, ye Chen and Tian Xuexin, who are far away from Taishen mountain, don't know at all.

"Ye Chen?"

Seeing the figure walking out from the depths of Cuilin, Tianxue's heart doesn't know why. It's always reassuring as long as he's there.

Ye Chen's eyes coagulated, nodded gently, and whispered to Tianxue's heart, "it's all solved. Ling'er is closing the door. I see too God!"

"What did he say?" Tian Xuexin looked at Ye Chen with eager eyes.

"Too God, you agree with us!" Ye Chen replied with a smile, but she was thinking, hoping that this trip can solve Tianxue's heart knot.

"Although the master agreed to meet Tianxue, her killing intention increased instead of decreased. We won't let her pass through this green forest unless you can defeat us!"

Infinite opening.

What is different from before is that the limitless at this moment is different from the temperament of the elegant scholar when he first met him.

"Wuji..." LINGJI seemed to notice something and said a word to remind him.

Wuji waved his hand and said, "I know he has the jade seal granted by the master, but I don't agree with this murderous man. Meet the master!"

"You and I know the master's layout." LINGJI wanted to say something, but because ye Chen was there, he thought for a long time and didn't speak.

"Bloodthirsty?" although Ye Chen knows that Tianxue's heart is bitter about Tiangong Shenjiao, his heart knot is difficult to open, so that his body is stained with a trace of killing intention.

But if it is said that he is bloodthirsty, it is a bit unreasonable.

"Wuji elder, you see me, but you are a murderous generation?" Ye Chen opened his mouth at the moment, his thin lips opened, and his clear eyes looked directly at the two strong men of Wuji and LINGJI.

Wuji looked at Ye Chen up and down and answered, "I think you have a beautiful face and refined temperament. It's not too much to say that dragons and phoenixes are among people. Otherwise, you won't become the Lord of reincarnation..."

"In that case, elder Wuji, I offend you!"

In the twinkling of an eye, ye Chen's breath soared, and the evil intention spread from himself. The scarlet eyes were just a glimpse, and the whole green forest was printed with a layer of blood in an instant.

Ye Chen, the whole person, incarnates the murderous God out of hell, and looks directly at Wuji and LINGJI with indifferent eyes.

At the same time, reincarnation blood gathers all over the body!

Although they are powerful, there is a big gap between the martial arts and the strong Emperor they met.

In the face of such people, we can only use the nine heavenly gods to break their Tao heart!

"Nine heavenly gods, daqianchonglou palm!"

The surging palm strength, containing the immortal breath of eternal vicissitudes, suddenly rises, shocks the world, twinkles in the sky, and even the thunder and earth world is a sensation.

A faint light rose into the sky and broke through chaos. Between the clouds, hundreds of vast palm prints emerged, as fierce as a falling meteor, instantly locking the limitless.

True and false crisscross, the tide rises and falls, and no one knows which is the real daqianchonglou palm.

Ye Chen's qianchonglou palm burst out an extremely bright light. It can reach all ages from heaven to earth.

Under the reflection of those rays, the whole heaven and earth became a sun like day, thousands of miles without clouds, ending in palmprints.

The waves seemed to turn the whole bamboo forest into ashes.

But ye Chen didn't intend to kill. Daqian Chonglou palm didn't show up, but it was invincible.

"This is... Terrible killing and magic..."

Wuji was shocked to find that in front of Ye Chen, he couldn't even mention his courage to do it.

What kind of martial arts is this!

Even more terrible than master's martial arts!

If ye Chen didn't reach Baijia state, he might have fallen!

"Moreover, this guy's breath is even close to the master. He has a small Taizhen realm, and the feeling of martial arts is so terrible. A few hours ago, it was far from that!"

LINGJI obviously also found Ye Chen's abnormality, and immediately started, and the melodious flute sounded, trying to counteract the momentum suppression of Ye Chen's qianchonglou palm!

But this is the nine gods!

How can Wuji and LINGJI's martial arts attainments resist?

.....

Tianxue looked at the scene in front of her in surprise. She never thought that ye Chen's strength was so terrible.

Ye Chen waved his big hand and took back daqianchonglou palm.

"Bang!"

With a dull noise, both Wuji and LINGJI retreated for several meters, which stopped their body shape.

"Ye Chen!"

In the eyes of Wuji and LINGJI looking at Ye Chen at the moment, the previous color of frivolity and disdain dissipated and was replaced by a full shock.

"Elder, I have offended you!"

Ye Chen bowed slightly and whispered.

Wuji kept silent, turned his back to Ye Chen, but the spirit pole on one side opened his mouth suspiciously: "Ye Chen, have you ever been instructed by the master in these hours?"

Ye Chen nodded gently and recalled the robbery of eternal reincarnation in his mind.

For a moment, LINGJI saw the thousands of stars hidden in the depths of Ye Chen's eyes, which was very similar to his master Taishen!

"I see!"

Obviously, LINGJI knows the reason.

"Alas... It's done, limitless. You and I can't stop the progress of the world, even the master!"

Wuji was silent, but did not refute LINGJI's words.

"Elder Wuji, I have killed many people, but they are all damn people. I think I have done nothing wrong!"

"Tiangong Shenjiao was destroyed, and countless disciples fell here. Tianxue Xinzhang sect has this knot, which is unusual!"

"Even you may have the intention of killing just now."

Ye Chen grabs tianxuexin's arm, opens his mouth to limitless and stops.

The figure with his back to Ye Chen was obviously shocked. After a long time, he said, "just go!"

Tianxue's heart was also happy when she heard the speech. She immediately said, "thank you, elder!"

Looking at the figure of the two people leaving, Wuji also said with difficulty: "who created the martial arts? It's so terrible. My strength can crush this son, but just at that moment..."

LINGJI naturally knew that they were in the same space and said, "the Lord of reincarnation wants to shake the existence of wanxu. He is not the same as us, and the gap will only become larger and larger."

Both Wuji and LINGJI sighed, "it's better than a teacher, and it's just making wedding clothes for others..."

.....

"Do you mean that ling'er has found the source here? Need to shut up?"

Along the way, ye Chen told Tianxue Xin about the encounter with Taishen. Of course, he hid his experience in the Star River array and experienced the robbery of eternal reincarnation.

Chapter 7109

Tianxue thought of something and said, "do you think I've changed? Am I too murderous now?"

Ye Chen didn't answer her, but instead opened his mouth and said, "if one day, the holy ancestor of the evil spirit and the holy temple of the evil spirit all fall into your hands, what will you do to them?"

Snow heart smell speech, fell into silence.

The slightly trembling hands told ye Chen that there were waves in the beauty's state of mind at the moment.

.....

At the same time, Tianfeng Pavilion.

"What, Feng ER is seriously injured and dying. Something happened to the third?"

Wen Qingshan got the news for the first time. According to the news from the young man, someone tried to attack Tianfeng Pavilion.

"Pavilion master, what Feng ER said is true. The third man's soul monument... Is broken!"

The elder of Tianfeng Pavilion came quickly at the moment, and a trace of killing intention flashed on his face.

"It must be the ghost of the demon temple!"

"Lord, fight with them!"

The Presbyterian group of Tianfeng Pavilion burst into flames in an instant. A group of old guys are brothers and sisters. Now someone has been killed, how can they sit still?

"The younger generation of Tianfeng Pavilion should also be the best. Our older generation also have the power of a war. Fight with them!"

Wen Qingshan frowned when he heard the speech.

"No, it's a bad policy to fight hard!"

"They use the beast tide to draw our attention. I'm afraid the Tianfeng city has been surrounded by the Youming clan!"

The second elder said in a cold voice, "the little guys are there. We have to go to support!"

"Once you support, you will fall into the trap of the demon temple. Have you forgotten how the temple of heaven was destroyed?"

Wen Qingshan said.

"But it's all the blood of zongmen!"

At this moment, the head of Tianfeng Pavilion, the demigod Wen Qingshan, also fell into a dilemma.

Once rushed to the rescue, the demon temple can shout the slogan of solidarity and invade the headquarters of Tianfeng Pavilion on a large scale.

But if you don't rush to help, the younger generation and many elders in the wind city will have an accident that day

"You wait here and I'll go to Tianfeng City alone!"

Wen Qingshan said, "stay and take charge of the headquarters. If you dare to come to the demon temple, you will urge the sect door protection array to meet the enemy!"

When Wen Qingshan decided to pay attention, there was an old voice outside the door. Then, an old man dressed as a beggar stepped in with a ragged gourd and drank liquor at the mouth of the book. The bright patches on his clothes were particularly eye-catching.

"Old man, don't bother so much!"

The people in Tianfeng pavilion have always been popular, but Wen Qingshan was suspicious and said, "respect the Lingtian family?"

The two elders spoke to Wen Qingshan and said, "Lord, the legend of this Lingtian family is true. If it is contaminated with cause and effect, it will be disadvantageous to our Tianfeng Pavilion in the future."

Wen Qingshan also frowned. No one dared to mention the name of zunlingtian family.

This terrible family, powerful cause and effect.

"You don't have to worry. I won't be contaminated with the cause and effect of Tianfeng Pavilion when I come here!"

"Entrusted by Ye Chen, I'm here to help Tianfeng Pavilion!"

Drink another mouthful of the spirit in the gourd, the old man laughed, and the smell of terror was undoubtedly revealed!

"You are...!"

"This leaf Chen, unexpectedly have so great ability?"

Obviously, everyone is excited about the help of strong people such as zunlingtian family.

"Made a big fuss in the Shenwu temple and saved Ye Chen from Tianxue's heart?"

There is no airtight wall in the world. As one of the top forces in the heavenly palace, Tianfeng Pavilion still has this intelligence ability.

"In that case, what are you going to do?" the enemy of the enemy is a friend. What's more, Wen Qingshan has no time to make old friends with the old leader of Tiangong Shenjiao.

Wen Qingshan naturally readily accepts the help of respecting the elderly.

"You sit here!"

"I'm pretending to be you. Now Tianfeng city is rushing to help. Don't worry, your cubs. I'll try my best to protect you!"

The elder opened his mouth to see the mountain and said the plan. In fact, it was also ye Chen's advice before going to Taishen mountain.

.....

At the same time, Taishen mountain, above the hall.

"That's the case. The demon Temple leads the silkworm cannibal alliance. The Terrans at the edge of lost time and space are about to collapse. Please come forward and preside over justice for the Terrans!"

Tianxue heart tells the original story and bows down to ask Taishen to come forward.

"Alas... After all, all these years have gone against my original intention. Anyway, since the alliance started because of me, this last thing should fall because of me!"

The great God Emperor Hai Shan sighed and looked at the two people who wanted to ask themselves out of the mountain at all costs. He was also a little confused.

"Girl, if you are the leader of this alliance, how are you going to deal with rebellion?"

The word of God is so similar to the previous Ye Chen.

"I..."

For a time, Tian Xuexin, who was unprepared, was speechless when asked by the towering God in front of him.

The man wearing the crown smiled softly and stopped asking questions. Instead, he looked at Ye Chen with appreciative eyes:

"Lord of reincarnation, it's not impossible to ask me to go out of the mountain. Promise me a request and help you solve the difficulties of the alliance!"

Ye Chen was stunned. Why did he pull it on his head again?

"Me?" Ye Chen pointed to himself, at a loss.

"Yes!" replied Taishen.

Ye Chen thought for a moment and asked suspiciously; "What do you want?"

Taishen also raised his index finger, waved it and said, "you reminded me. Just one request. Take my move and I'll help you!"

"What?" Ye Chen and Tian Xuexin exclaimed at the same time.

What kind of test is this? It's obvious that I don't want to go out of the mountain.

After thinking for several times, Tianxue's heart swings his arms around his chest. It is obvious that he wants Ye Chen to die before he agrees to do it.

Now ye Chen is powerful, but in the face of the existence of Taishen level, one blow is fatal.

It's like looking for your own death!

She said in a deep voice to Ye Chen: "Ye Chen, forget it, let's go!"

Taishen's words to Tianxue's heart flashed an abnormal look in his eyes, and immediately looked at Ye Chen.

"No!"

Ye Chen raised her eyes and looked at Tianxue's heart, looked straight at several interest rates, and immediately shook her head.

"Elder, I'm willing to take you!"

The great God smiled and said, "good boy, have courage!"

"Ye Chen, you don't want to die!"

Tianxue comes forward and protects Ye Chen behind her. She has the courage to fight with you to the end.

"Don't worry, I have a lot of cards. I'm sure to block a blow!"

"By the way, I also want to feel the power of the strong at this level."

Ye Chen whispered to Tianxue.

Taishen's combat power should be weaker than Ren extraordinary and Wutian.

I certainly can't bear any extraordinary blow, but if I'm too God, I can try with the help of cards.

In the plan to save the demon emperor, we will inevitably encounter Wutian.

No day will keep his hand.

Therefore, in the face of a strike from too God, it should be regarded as a rehearsal.

More importantly, he believed that there must be a reason why Taishen would not really kill himself.

Otherwise, he would not give himself the divine stone that belongs to the xuanbei of samsara.

Chapter 7110

"Ye Chen, the heaven palace has nothing to do with you. I can't let you take risks!"

Tianxue hesitated and bit her lips, but refused.

Ye Chen pushed it away without waiting for Tianxue's heart reaction. Even when he stepped out one step, he smiled and said, "my Wuzu Taoist heart doesn't allow me to refuse."

With that, ye Chen said in a deep voice, "please give me your advice!"

Taishen gathered his smile from the corners of his mouth, and the absolute power came in an instant. The void fluctuated, and ye Chen pressed on the ground with one knee.

It's just coercion. Looking at it with one eye, ye Chen can't even drive his own dust Monument and gold armor.

Even if ye Chen wants to use the Hongmeng starry sky, it is impossible.

"Surrender, impossible!"

The huge soul force acts out, and thousands of stars are bound directly to the Taishen. However, the soul force of the Taishen is also terrible.

Ye Chen thought of the demon emperor covering the sky, the Wutian and the feather emperor, and the dead people. His eyes were full of determination. The golden light of Taoism appeared in his flesh. The next second, when he got up, his waist stood upright. He saw that the Taishen's right hand waved gently and thousands of stars disappeared. He woke up and said, "coming!"

"A finger to the broken sky!"

Without moving half a minute, the index finger of his right hand waved it gently. In an instant, the whole Taishen mountain lost its color.

The sun is burning in the sky, but the light does not shine into taishenshan!

.....

At the moment, people were shocked at the foot of Taishen mountain.

"Father, father, how did the sun lose its light!"

The child looked at his father in front of him in surprise. This man is his whole world.

"This..."

People who came to Taishen mountain to worship were shocked to find that the sun in the sky had become dim at some time.

"The divine light in the temple appears!"

"Look, there are colorful gods among the five peaks!"

"I feel life emerging!"

"God, I'm dozens of years younger!"

A middle-aged man who worshipped made a sound of surprise. At the moment, he looked like a young man.

"Master, let's go!"

LINGJI and Wuji looked at the scene in front of them in horror. Although ordinary people lamented that it was moistened by God, it was tantamount to asking for life in their eyes.

.....

At the moment, ye Chen was not afraid. He offered the disaster Heavenly Sword. The power of reincarnation gathered in it. The light of the sword was incomparably bright, the endless gas of disaster surged rapidly, and the magic light was a little bit.

At the same time, Longyuan Tianjian and Huangmo Tianjian were also sacrificed!

The three heavenly swords burst out disaster gas, magic gas and dragon gas, and three figures emerged behind Ye Chen!

The three swords unite to resist the strike of the great God.

But not enough!

Ye Chen's eyes are full of dignity. Once the pattern of the three swords is broken, it is difficult for him to resist.

But at present, the three heavenly swords are powerful, but ye Chen's strength can't completely call the power of the three heavenly swords at will.

Ye Chen thought about whether to sacrifice the falling dust dragon subduing sword or the evil sword. However, at this time, Huang Lao opened his mouth.

"Boy, did you forget the sword you got here?"

"If the four swords are not good enough, try to use the martial arts reincarnation map. This map has not been used for a long time. I'm afraid it has absorbed a lot of heaven and earth energy."

Ye Chen was stunned and immediately thought of something.

Earlier, when saving zunlao, he accidentally got a sword called Yuantian magic sword.

I wanted to combine the Yuantian magic sword with the famine magic sword, but there has been no good opportunity.

Later, when saving Tianxue's heart, Yuantian magic sword accidentally absorbed the Qi of Hongmeng and named it Yuantian Hongmeng sword.

Although rarely used, ye Chen knows that the power contained in this sword is not necessarily much weaker than Tianjian!

In that case, you might as well try!

"Yuantianhong mengjian!"

Ye Chen has a sword in his hand, and the three heavenly swords are suspended. In the face of the stars and broken awns pointed out by that, it is very dignified. There is no doubt that touching the body will die.

"Ding!"

In an instant, Yuantian Hongmeng's sword was bounced off, but ye Chen also spit out a mouthful of purplish blood, and his face turned pale.

The blow of such a strong man is not so easy to bear.

Seeing this, Taishen showed a look of surprise: "three heavenly swords plus this sword, the luck of the Lord of reincarnation is indeed invincible!"

"Damn it!"

The counterattack has consumed all the spiritual power of Ye Chen. At the moment, his elixir field calls the Yin demon Tianshi and the reincarnation xuanbei, trying to awaken stronger power.

But it was suppressed by the will contained in the broken awn, cutting off the connection with the xuanbei of reincarnation!

"Hongmeng purple gas!"

The powerful swallowing power flashed away and was destroyed by all the broken awns.

"Whoosh!"

A broken awn entered through Ye Chen's eyebrows in an instant.

"No, ye Chen!" Tianxue's heart looked at Taishen, like Ye Chen whose ink paper was easily torn, and roared.

"Boom!"

The broken awn entered Ye Chen's eyebrows, and the violent fluctuation was to tear Ye Chen's body completely.

"Wu Dao reincarnation map, seal it for me!"

Ye Chen folded his palms, and the landscape painting behind him appeared, but he was still jumping and breaking, the flying waterfall annihilated inch by inch, and the mountain Luan collapsed.

The invincible samsara of martial arts is also cracked at the moment!

"Too deep a blow, so overbearing!"

Ye Chen stabilized his figure and immediately shouted, "Tao heart and soul power, I can't lose anyone!"

The next second, the myriad stars in Ye Chen's eyes reunited, and the virtual shadow of a great devil appeared in the world of Wu Dao reincarnation map.

The broken awn of Taishen pierced the reincarnation map world, but it was stopped by the great devil. With a wave of the war flag in his hand, the broken awn integrated into the flag, adding a bit of killing breath to the war flag. It soon sank and disappeared, and there was no trace again.

"Blocked... Blocked?"

Tianxue's heart looked at the big magic virtual shadow that suddenly appeared in front of her. Just waving the war flag in her hand, she hid the killing opportunity to destroy the world and stared at her eyes.

Ye Chen's body, which was about to collapse, no longer spread.

"Hoo..."

Ye Chen gasped heavily. He had experienced the feeling of narrowly escaping from death countless times, but this time it was very shocking.

Fortunately, as Huang Lao said, the power of Wu Dao reincarnation map can help yourself.

Otherwise, something will happen.

"This is..." the great devil's virtual shadow dissipated. In the world of the reincarnation map of Ye Chenwu Road, a star emerged and the breath of terror filled the air. What really surprised him was that he could drive it!

Ye Chen was overjoyed and immediately struggled to get up and said excitedly, "thank you for your blessing!"

If this is used to attack, will it be equal to a strike of God.

Emperor Haishan smiled and nodded, "this finger contains the power of my will. If you are in danger, you can save your life!"

"In that case, I'll give you a chance and a wisp of good fruit!" the great God said in his heart.

"Elder, since Ye Chen has passed the test, the alliance of heaven palace and earth..."

Tianxue heart said at the moment, delay one more point, and the danger of the alliance will be a few more variables.
