Chapter 721

"And this time, I will let the door of medical God step on the peak of Kunlun Xu!"

"The decline of medicine? Do you respect martial arts? From today on, I Ye Chen will rewrite the situation! "

"Not a butcher, but a lamb!"

At this moment, ye Chen is full of heroic spirit, and the jade order in his hand is also shining with dazzling light.

However, after returning to Kunlun Xu, his first thing was not to care about that day's war. After all, there was still some time to go before that day.

He is more concerned about the whereabouts of the master.

After arranging the mother and all the people properly, I will go to the killing place of Yucang mountain.

At the moment of Ye Chen's thinking, the reincarnation cemetery suddenly sounded an old voice!

"Disciple, come in!"

Ye Chen is stunned and finds that it is Duan leiren's voice.

No longer hesitating, he entered the samsara cemetery directly.

Among the hundred tombstones, Duan leiren is standing in the center waiting. When he sees Ye Chen appear, he turns around.

Ye Chen also finds that Duan leiren's body is a little dim. It is estimated that it will soon dissipate.

"Master!"

Duan leiren nodded and then said, "disciple, I forgot to ask you about one thing. Last time, you refined Taigu Xushi Dan with the immortal Lord?"

Ye Chen remembered that Duan leiren had mentioned Taigu Xushi Dan many times.

It is said that this Dan can make Duan leiren substantive and break through the limitation of reincarnation cemetery.

Ye Chen quickly took out a jade bottle.

The last refining of the six Taigu Xushi pills, for the father to take two, there are still four.

"Master, this is the Taigu Xushi pill refined by me and the immortal Lord last time. The product level is not too high, but it should be able to help Shifu."

When Duan leiren sees the jade bottle, his eyes are a little anxious. With a grip of five fingers, the jade bottle suddenly appears in Duan leiren's hand.

After opening the jade bottle, a strong fragrance of medicine was sent out. Then Duan leiren's fingers shook and four archaic Xushi pills were suspended in front of him.

"Good, good!"

Duan leiren even said three good things. His ancient eyes shot at Ye Chen and said excitedly, "disciple, would you like to give me three pills, which are very useful to me! Once I have these three pills, I will stay in Kunlun for three days

"After three days, I can find a way to extend the time!"

"Although my power is limited, with the help of some means, there should still be more than ten days. These ten days are very important. As a teacher, I need to go to a place and do something. Kunlun Xu has a lot to do with that ancient war. I have to make sure that there are some things behind the ancient war. Besides, when I go out, I can also seek opportunities for you! "

"You should notice that your own talisman can absorb thunder and lightning, but the thunder point of thunder robbery is not enough for you! If I find something like that, plus the flame of the eternal fire in your eyebrows, you can at least protect yourself in the face of that force from now on

Ye Chen Mou son tiny Mi: "that force? Master, what kind of force is it? "

Duan leiren shook his head and didn't intend to go on. Instead, he said, "apprentice, your current cultivation is far from enough. We can actually hide some things from you. Once you know, the heart of Tao will be damaged."

"This force, even in the present state of our great powers, is not necessarily qualified to touch! The only thing I can do is to have a look. When Chen Tianli stepped into Kunlun Xu, he went to the wanjianzong. He left some clues, and I must follow the clues to confirm what I think in my heart. "

When ye Chen heard this, he knew that these powerful things could not be touched by his current strength. He nodded and said, "master, since you need those Taigu Xushi pills, take them."

Duan leiren did not hesitate to hear ye Chen's permission. The three Taigu Xushi pills suspended in front of him were lightly touched three times, and instantly turned into countless powders!

Just like the stars!

Countless stars surround Duan leiren, but the dim figure is gradually becoming real.

Even the breath is stronger.

Duan leiren closed his eyes and opened his hands. Countless auras from the reincarnation cemetery rushed towards him madly!

In the blink of an eye, Duan leiren's clothes seem to have changed.

The gold robe agglomerates, and the sword on the waist overflows with thunder and lightning.

Countless thunder arcs wound around the whole body.

A look, even let Ye Chen seem to see the lightning in the pupil release.

He knew Duan leiren's skill of Lei system, but he didn't expect it to be like this.

Duan leiren enjoyed the acme and clenched his fist slightly: "for a long time, I haven't felt this kind of power for a long time."

"It's a pity that it is tens of thousands of times different from the power of my noumenon at that time. Alas."

Suddenly, Duan leiren's eyes look at Ye Chen, step out, move like thunder!

"Disciple, it may take some time for me to leave this time. I will come back when I find out about it."

"Originally everything can be handed over to Lin Qingxuan. Unfortunately, with Lin Qingxuan's character, he will never do anything until the critical moment, so many things still depend on you." Ye Chen nodded, suddenly thought of what, said: "master, do you need me to go with you?"

Duan leiren shook his head: "first, I know that you are going to look for your external master. In the past five years, you owe him a lot, and some of your kindness really needs to be paid back. Second, your current strength must not be exposed too early. The reincarnation graveyard is your biggest secret. If that force detects you and me, the consequences will be very troublesome. I am enough alone. "

"Before I leave, I'll teach you one thing that will at least protect you from most dangers."

With that, Duan leiren pointed his feet, and the invisible air wave suddenly rolled, and his body was suspended in the air.

Countless thunder and lightning of samsara cemetery rushed down madly and hit Duan leiren's body.

But this thunder and lightning not only can't hurt Duan leiren, but also makes Duan leiren's breath even more afraid!

It's like the heaven!

"Apprentice, this time I taught you the nine sky thunder sword!"

"When the sword comes out of the sky, ask the sky sword with the dragon in your hand, and then cooperate with Wanjun's thunder idea, which is enough to make the sky shaking!"

Duan leiren stepped out of the void with a roar!

Thousands of thunder and lightning fell on the sky!

The thunder turns into a huge thunder ball!

Once it explodes, it's absolutely shocking!

Duan leiren closed his eyes in the thunder ball and said in a soft voice, "look at me!"

Open your eyes!

Like stars in the night!

Then, the long sword on his waist directly came out of the scabbard, and the sword technique danced!

Sword with a trace of light and electricity, as if on the sky painting something!

A few seconds later, ye Chen found that there was an ancient Sanskrit on the sword meaning!

Then, Duan leiren a drop of blood essence forced out!

Rune fragmentation!

"Jiuxiao thunder sword! The sword comes out of the sky and kills the world of mortals

Chapter 722

A startling roar!

A hundred tombstones shake!

At the same time, the lightning of the sky shrinks rapidly!

In the blink of an eye, it turned into a thunderbolt beast and ran from the sky!

Every step is to make the space vibrate!

Before falling, ye Chen is constantly retreating because of the air waves in the air.

Even spit out a mouthful of blood!

This power is so damn bad!

Don't mention the general holy Kingdom, even if it is the peak of the holy King's realm, or even return to the virtual realm, it is not necessarily qualified to resist!

Ye Chen retreated a full hundred meters, the breath just feels better!

And that thunderbolt beast fiercely toward the ground!

"Bang!"

A great noise resounded!

It's splashing dust!

The aftereffect of the ground shaking cannot be dissipated for a long time! It's like the end of the day!

Is this the real strength of Duan leiren?

It's too damn scary!

When the dust is gone, everything is clear!

Ye Chen saw a pit almost as big as a basketball court!

This pit is not so simple. If you look at it carefully, you will find that there are tens of thousands of sword marks made at the same time!

This move can not only kill one person, but also hundreds of thousands of practitioners!

Before ye Chen reacts, Duan leiren in the air falls slowly and comes to Ye Chen's body.

Then he glanced at the sword lying quietly in the distance. He asked the sky sword and said, "before the plane falls, you can use it according to my sword. I'll see how much you have mastered."

Ye Chen's face was pale, but he nodded seriously: "cut the dragon and ask the sky sword, come on!"

A cold light flashed by, and the sword appeared in his hand.

He stood in the middle of the samsara cemetery and began to display.

For two hours, he studied in the samsara cemetery.

He found that the sword was not as simple as it seemed.

The true Qi of one's own elixir field, the thunder robbery of his life talisman, and even his strength are far from enough.

He could not bear the momentum alone.

Jiuxiao thunder sword is very difficult to use now unless the weather is favorable, the place is favorable and the people are in harmony.

"Chen'er, it's Kunlun Mountain International Airport."

Hearing Jiang Peirong's voice, ye Chen woke up and left the samsara cemetery and returned to reality.

When they got off the plane, soldiers of dragon spirit were waiting at the airport in their SUVs.

Through the cross-country vehicle and some walking road sections, ye Chen took four people into Kunlun Xu.

Because of the identity token of qingxuanfeng, those gatekeepers were not as difficult as the first time.

Just stepping into Kunlun Xu, Jiang Peirong and Sun Yi have found some physical changes.

It's like being reborn.

"Xiaochenzi, is this Kunlun Xu? It doesn't look too far. It seems to be in Kunlun Mountain of China. Why has this place never been seen on the map? "

"It's so vast and unscientific."

Ye Chen smiles and explains: "in ancient times, Kunlun Xu and Huaxia were originally one body, and there was no division. However, later, some great powers wanted to distinguish practitioners from those who could not cultivate, so they forced to divide them!"

"It's said that thousands of top-level arrays are able to set up an array together to block the aura in Kunlun void. This is an excellent place for practitioners. You can practice here more than ten times faster than the outside world. To some extent, it's not much different from Huaxia, and even the architecture and dressing style are similar. It's just that some external technologies are disdained by the practitioners here. "

Jiang Peirong didn't care about the place, but said, "chen'er, how far is it from your father?"

Ye Chen naturally knew the mother's eagerness to see his father, and said, "let's go. If it's fast, we can get there before dark."

A group of people went towards Qingxuan peak.

Ye Chen is at the front, but he doesn't notice that Wei Ying has not spoken all the time.

Even a little pale.

The stone on her neck is a bit dark.

The silent voice reappeared.

From evil blood cold body!

"Wei Ying, I know you like Ye Chen, but do you think that ye Chen likes you?"

"He didn't push you down with such ambiguous posture in ice city that day. As a man, should I say he is a gentleman, or is he not interested in you at all?"

"This is Kunlun Xu. It's full of aura. It's very suitable for me. As long as you take the stone off your body, I can let you stand in front of that boy with an unquestionable identity!"

"What's more, there are more dangers here than you think. How long can this boy live with his arrogant character? Now only I can help him! "

I don't think Wei Ying's words are all in front of me! From then on, I will not let you succeed! ""Ye Chen said that as long as I practice and improve my strength, I can not only be unaffected by you, but also devour you and make me stronger!"

When Wei Ying heard this sentence, she stopped talking.

The boy gave Wei Ying a cold heart and asked Wei Ying to practice. Now Wei Ying has no intention to practice, which leads to extremely slow progress.

If she continues to practice, Wei Ying's spirit and consciousness will be extremely strong, and she can only become a vassal at that time!

At last, the night green came.

When Jiang Peirong stepped on qingxuanfeng, her eyes were looking around her, as if she were looking for something.

But for a long time did not find Ye Tianzheng, she is extremely anxious.

She was even afraid that it was a dream!

Suddenly, a voice sounded behind Jiang Peirong!

"Peirong!"

Hearing this familiar and magnetic voice, Jiang Peirong's body was stiff and turned violently.

When she saw Ye Tianzheng behind her, tears twinkled in her eyes. All the pressure in these days was released!

She tried her best to practice for the sake of family reunion!

When she came out of the ghost prison, she thought everything was OK.

But I didn't expect Lin Juelong to appear!

Take ye Tianzheng!

They destroyed the happiness of their family.

When ye Chen seriously injured Lin Juelong and killed the guardian in wudaotai, she thought that life was getting better.

But I didn't expect to get involved in something bigger!

And in front of her eyes, all this was realized in front of her.

Jiang Peirong and ye Tianzheng hold each other tightly.

Complex emotions spread.

Or moved, or warm.

Ye Chen looks at the scene in front of him and suddenly feels that everything is worth it.

Even if the injury does not know how many times, as long as the result is in front of him, then he has no regrets.

If there is no reincarnation cemetery, where are you now?

Although his blood is very special, with the Kunlun xuye family's blood, plus the spiritual pulse of his mother.

Huaxia and Kunlun virtual detection machine can not determine his talent and blood, only with van root to determine.

Chapter 723

In the eyes of those who are at the top, the real talent is only detected by them.

And he was destined to be mortal!

Doomed to be severely trampled on the foot!

Now that we have come to kunlunxu, some things should be taken back.

He not only wants to use ye Shitian to shake Kunlun Xu, but also the name Ye Chen!

I don't know what kind of expression it will be when Kunlun Xu, a group of heaven's favourites, or the master of the supreme sect, finds out his true identity.

And Kunlun xuye family and daocong!

Think of here, the warmth of Ye Chen's eyes is turned into anger!

"How did Kunlun xuye family treat my grandparents in those years? This time, I will let them suffer this pain!"

"Stepping into China, my grandfather knew that his life span was out of control, so he put all his hopes on me, set the overall situation and wait for my strong return!"

"Maybe grandfather is waiting for now."

"And the master of the medical God sect. In those five years, you tried to protect me and give up my dignity. I once blamed you for not teaching me martial arts, or even hated you. Now think about how ignorant you were at that time. You have guarded me for so many years. If you had not saved me from Dongqian Lake, maybe there would have been no Ye Chen in the world for a long time. Now it is up to me to protect you. "

When ye Chen was silent, the ancestor of qingxuanfeng came quickly.

"Mr. Ye, please move."

The ancestor of qingxuanfeng was afraid of destroying the harmony in front of him. He didn't want to find Ye Chen, but the situation in front of him was better to Tell ye Chen earlier.

Ye Chen nodded and came to the corner with the ancestor of qingxuanfeng.

"What's the matter?" Ye Chen asked.

The old ancestor of qingxuanfeng said directly: "Mr. Ye, since the last time the array plate found your master in the area of Yucang mountain, I sent a disciple to pay attention there."

"Just this afternoon, the disciple sent a message to me. Daozong has sent several strong men into the killing place of Yucang mountain. I'm afraid daocong also found your master's existence and is ready to start.

In that war, although your master defeated the people of daocong, he was forced by the master of daocong to abandon the elixir field, just like a dead dog. If someone hadn't reacted to it, the consequences would have been unimaginable. "

"Since then, the leader of daocong has been closed down. After that, he sent the powerful taocong to slaughter the medical God gate. Fortunately, your master brought some disciples here in time, otherwise the consequences would be unimaginable."

"Now your master is exposed. According to the character of the Taoist patriarch, he will never let anyone who threatens him live."

Ye Chen Mou son overflows a road anger.

Shifu is in danger!

And extremely dangerous!

Although he is a master of medicine, his elixir field has been abolished. If there is a real struggle, Shifu is definitely not the opponent of that group of people!

"Mr. Ye, there are some people in Kunlun to inquire about your whereabouts. I asked some disciples to follow those people and found a more important thing. These people have a lot to do with daocong!

Daocong seems to know that you have entered Kunlun from Huaxia. I'm afraid it's because of your master's reason. I'm afraid that he will do something to you

"My suggestion is that you and your parents should rest here. It's better not to expose them during this time. I'll go to the killing place of Yucang mountain and try to bring your master back!"

Before he finished speaking, ye Chen interrupted: "no, what you have to do is to protect my parents' safety here. With qingxuanfeng array and your presence, it is definitely the safest place at present."

"Mr. Naye, you..."

The corner of Ye Chen's mouth outlined a cold radian: "I went to Yucang mountain, I would like to know this Taoist sect. If he dares to move my master, I will kill the whole clan!"

The old ancestor of qingxuanfeng changed his face when he heard this lie and said, "Mr. Ye, you can't make it! Daocong is not like blood alliance. The gap between them is like heaven and earth. You can break the blood alliance, but that Dao clan can't break it. Even I can't shake it! "

"What's more, the reason why the blood League is so easy to have trouble is that the one of the blood League has already traveled around. If he comes back and finds that there is something wrong with the blood League, he will be angry, and the only elders of this sect will be as good as the one who travels around! Not to mention the Taoist master. "

Ye Chen is also too lazy to explain: "I know quite well, you also don't persuade."

With that, he left for Jiang Peirong and ye Tianzheng.

The ancestor of qingxuanfeng sighed at Ye Chen's distant back.

Of course, he doesn't want Ye Chen to have an accident!

He doesn't want it more than anyone else!

Of course, there is Lin Qingxuan behind Ye Chen, but it is estimated that it is only a divine thought, which can not help Ye Chen too much.

If ye Chen is dead, the mind will surely dissipate!

Who will carry the banner of medical ethics!

Medical ethics in Kunlun has been lonely for so many years. It is rare that there is any existence that can shake the status of Wudao. Now this guy is going to find daocong trouble!

Isn't this a death hunt!The key is that ye Chen is stubborn!

I can't persuade you!

On this day, ye Chen almost stayed with his parents and left as much time as possible for his family.

It's not easy to get together. It's not appropriate to leave immediately.

However, he was still worried about the situation of the medical God gate.

"Chen'er, are you worried?" As a mother, Jiang Peirong discovered the difference for the first time.

Ye Chen quickly shook his head: "no, just feel like a dream."

Ye Tianzheng heard this sentence and said, "chen'er, if you don't guess wrong, what you are worried about now should be the master who saved you."

When ye Chen was not in qingxuanfeng, he also learned something from his ancestors.

Naturally guess the reason why Ye Chen is absent-minded now.

Ye Chen did not speak, but ye Tianzheng continued: "chen'er, our Ye family members are not ungrateful people. Your master is kind to you. Without him, everything we can do now is impossible. Anyway, you should go to Yucang mountain. "

"Dad, but..." Ye Chen hesitated.

"No, but you can go directly. Besides, if we get along here, you will become a light bulb. This is not good."

Ye Tianzheng joked.

Although Jiang Peirong did not know anything, she also supported Ye Chen.

"Be careful, mom. Don't ask for safety."

A few seconds later, I found the master and thought about it

"We'll go to xuye's house in Kunlun at that time!"

"Good."

Ye Tianzheng is also angry when he hears about the virtual Ye family in Kunlun.

The Revenge of killing my father!

Originally with the old man's body, now absolutely still incomparably strong!

But the xuye family of Kunlun is pushing ahead! Is to use this despicable means to drive parents out of the Ye family! Let your parents die at the same time with pills!

Plunder life!

Animal behavior!

Anyway, I can't swallow it.

Chapter 724

After ye Chen left, Jiang Peirong looked at Ye Tianzheng curiously: "Tianzheng, what happened to the xuye family in Kunlun that you just told chen'er?"

Ye Tianzheng sighed and said all the things he knew.

There is no need to hide anything between husband and wife.

When Jiang Peirong heard about the old man's accident, he killed him! The heart also vibrated a bit.

Her eyes gradually changed from shock to determination. She looked at Ye Tianzheng and said seriously:
"Tianzheng, the old man is not only your father, but also my father. We can't always rely on chen'er."

"He's under a lot of pressure, and he's under more than we thought."

"From today on, you and I will practice together. I hope that when chen'er comes back, he will be surprised."

.....

The next morning.

The periphery of Yucang mountain.

Ye Chen has not entered, is frightened by the scene in front of him.

There are hundreds of people on the outside!

There's a bunch of people around looking at people coming and going.

The key is that some people have made flags, which are obviously recruiting people.

After all, the killing place is very dangerous. If only one person enters, the chance of winning is too small.

Most people organize a team of about four.

In the face of some danger, there will be no dead end.

"It's one person short. Do you want to go in with us? There is a king in this town! But the strength of the entrants is at least above the fifth level of the Holy Land! "

The team of three yelled a few times there, and soon they got together.

After all, the king's land is a strong one here.

If strong people enter together, at least a few points can be guaranteed.

Many teams are pulling people, but those who enter Yucang mountain will be pulled away immediately.

It's like a job fair in China. It's very hot.

But ye Chen is no one to disturb, because his breath is the second level of transcendental realm, such breath, here is the lowest group.

Nature disdains it.

Who is willing to bring a burden?

Ye Chen naturally doesn't plan to form a team, but he is not familiar with Yucang mountain. If he really wants to enter it, he must have a lot of trouble.

It is undoubtedly the best to find someone to lead the way.

When ye Chen is puzzled, a fragrance comes, and a woman about eighteen or nine years old appears beside Ye Chen.

Women have clear pupil, slender willow eyebrows, just right.

Long eyelashes embellishment, together with white skin, cherry like mouth, but also count as a little beauty here.

However, women's clothes are somewhat nondescript, it seems that men's clothes, but also some generous.

To Ye Chen's surprise, the clothes on this little beauty have the sign of dragon spirit.

The Dragon Spirit will send some clothes to the dragon soul team members to deal with the special environment, but how can it appear here?

Is this man from the Dragon Spirit?

Ye Chen has a good memory, but he has never seen this girl.

The girl laughed and stretched out her hand: "that My name is Wen Shishi. We are short of one person. Do you want to join us? If you don't gather four people in the killing place, it's very dangerous. "

Wen's poems can see the doubts in Ye Chen's eyes and affirm that the other party is coming for the first time.

Although the cultivation is too low, but it is still a person, barely able to handle.

Of course, the more important reason why she invited Ye Chen was that the clothes on the other party were obviously from Huaxia.

Ye Chen frowned, did not agree, but said: "where is the clothes on your body from?"

Wen Shishi was stunned and then said with a smile: "it seems that I really did not guess wrong. You should come from Huaxia. This dress belongs to my father, but she came in 20 years ago. According to your age, she should not know each other."

"My father is in the killing place of Yucang mountain. This time I plan to go with my sister..."

The words have not finished, a cold voice suddenly sounded!

"Poetry, who is this guy?"

Ye Chen raised his head, and when he saw the woman speaking, his expression became extremely strange.

because this woman as like Wen Shi Shi is as like as two peas!

Twins?

Fortunately, Wen Shi Shi's hair is long and straight, and the cold woman with her hair tied up shows her ability.

But the other side's eyes seem to have a trace of hostility.

The woman took Wen Shi Shi's hand and scolded him: "I said, don't talk to any strange man. Have you forgotten?"

Wen Shishi quickly pointed to Ye Chen and explained, "elder sister, aren't we still short of one person? Just him. "

"No! He is so extraordinary that he will only give us trouble and find other people! "

The woman incomparably decisive, looks at Ye Chen's eye is also extremely disdainful. Wen Shishi quickly grabbed the woman's clothes and said: "sister, this man and dad come from the same place. Do you forget that dad has been talking about China? If dad saw him, he would be very happy

Hearing Huaxia, the woman's eyes were astringent for a few minutes. Then she stares at Ye Chen and says, "how can you prove that you are from Huaxia? Clothes alone can't identify you! "

Ye Chen is regarded as the woman in front of her eyes. However, you should be careful when you are in Kunlun Xu. If you are a little careless, you will be responsible for your life here.

He took a look at the woman who was talking and said, "if I guess correctly, your father should come from the dragon spirit of China."

Hearing the Chinese dragon soul, the woman's eyes finally appeared a little surprised.

But the surprise flashed away. He turned and held Wen Shishi and went to another man.

"In that case, it's up to you. Get ready, and we'll start right away."

"What's more, there may be danger before entering the killing place. We will not care about your life and death. What you have to do is to survive at all costs."

"What's more, my name is Wen Tingting. If you have any questions, come to me. Don't look for my sister, or you will be responsible for the consequences!"

Ye Chen is a little bit muddled, also did not agree?

Wen Shishi turns around and winks at Ye Chen, which is quite playful.

After a while, the two sisters came with another man with a sword in his hand.

The man is a sword eyebrow, tall, breathing in the fifth floor of the holy land.

When he found out that the last one was a waste who had not even entered the holy land, he looked at Wen Tingting and said, "Tingting, this boy is the fourth person? It's better not to look for it

Wen Tingting gave a cold hum: "Xiao Jian, if you are not satisfied, you can leave. Also, my name is Wen Tingting. We are not familiar with it. We can omit the surname! If you call Tingting again, I'll cut you with one sword! "

There is a trace of domineering and strong in Wen Tingting's words, which is in sharp contrast to the tenderness and playfulness of her sister Wen's poetry.

Wen Tingting and Wen Shishi have just taken a few steps, but they find something and stop.

A pair of cold eyes shot to Ye Chen, and asked, "why don't you follow?"

Chapter 725

Ye Chen sneered. He wanted to take Wen's poems into the land of killing.

The other side is obviously the child of the dragon soul warrior, although he is the old generation dragon soul warrior.

Can or will he.

But what he didn't expect was that Wen Tingting, the elder sister, seemed to be in charge of everything.

She didn't want to listen to this man's orders.

In other words, this kind of woman is the most troublesome!

Ye Chen shakes his head and goes toward the inside: "excuse me, I can go in alone."

Wen Tingting was stunned and her face pulled down!

Just extraordinary, a person into the killing place?

Isn't this a death hunt!

I guess I'll be dead before I get to the killing place.

What a shame!

"Do you think your strength can survive?" Wen Tingting sneered.

Wen Shishi was obviously worried about ye Chen, so he said softly: "that I don't know what your name is

"Ye Chen."

Ye Chen replied that he had some affection for his sister Wen's poems.

At least knowing that his accomplishments are not high and inviting himself is enough to prove kindness.

"Ye Chen, this killing place is not a joke. You don't understand it. There are not only people who kill more treasure, but also a happy killer. Because the blood of the killing place is too heavy, the spirits and beasts of Kunlun Xu are mutated and extremely cruel, which is the reason why we form a team."

Despite Wen's persuasion, ye Chen shook his head and said, "don't worry, those things can't help me. If you are in danger, you can come to me. Of course, you can follow me. For the sake of your father's dragon soul, I can guarantee that no one will dare to touch you when you enter the killing land. "

As soon as this was said, not only Wen Shishi was stunned, but also Wen Tingting and Xiao Jian were quiet.

Their expressions were so strange that they seemed to hear the funniest joke in the world.

How can we protect the holy land?

I'm afraid this kid is a brain wreck.

Xiao Jian laughed and said: "boy, you are afraid that your brain is not working well. This killing place is one of the most dangerous places in Kunlun. These four words are enough to prove the danger. If you go in alone, don't say you pass it, it's a problem to hold on for a few minutes."

"Don't think that your surname is ye, and you will kill heaven as ye! I advise you to follow us

Wen Tingting gave a cold hum and grabbed Wen Shishi's hand: "since some people are determined to die, let them die. Try. You remember to follow me. Although there are three people, they should be enough to cope with some unexpected situations."

With that, Wen's poems went to the depths. Xiao Jian also took a look at Ye Chen, sneered and followed him.

He hoped Ye Chen would not follow.

These are two excellent twin beauties. If there is a chance on the way, and then you can get it, won't you be frank?

Shuangfei has never tried.

When the two sisters disappear completely, ye Chen follows up.

.....

When entering the depths of Yucang mountain, ye Chen instantly felt that there were countless murders hidden in the darkness.

The killing machine seemed to regard itself as prey.

Not only that, but he also smelled the blood in the air.

The ground was covered with bodies.

Some of the bodies are even fresh.

"No wonder it's called the land of killing."

"It's not close yet. The killing spirit is so strong that if it gets inside, the consequences will be unimaginable."

"Even the Taoist mind of ordinary practitioners will be affected by the killing spirit."

"But it's harmful to others, but it's good for me!"

Ye Chen sneers, he can feel the body of that blood dragon excited to the extreme!

I can't wait to get out of my body right now!

However, ye Chen didn't want to expose the blood dragon, so he let it slowly absorb the killing Qi in his body.

After that, ye Chen went toward the inside, and there was no one around. I didn't know where the two sisters had gone.

When ye Chen was ready to go inside, a rustling sound sounded in the grass not far away.

Ye Chen eyebrows a frown, instinctively felt a trace of murder.

The next second, the grass tore open, and then a huge black tiger came directly over.

Black tiger has a strong evil spirit.

There was blood on the fangs and even some human skin on the corners of his mouth. It was obvious that the animal had just eaten a man.

From the residual breath, the black tiger killed a strong man entering the Holy Land!

Good boy!

Is the murderer in this killing place so terrible?

Or is this one more terrifying?

And ye Chen became the second prey of the black tiger.

What's more strange is that the killing machine on the black tiger is obviously stronger than all around. Extremely dangerous!

Seeing the black tiger coming, the tiger's paw came with cold light.

This power is more than a thousand catties! Once hit on the body, it will inevitably turn into a pool of mud.

Ye Chen Leng hum a: "little beast, really think people are so easy to bully."

Ye Chen didn't move his sword. His arm flashed with thunder, and his fist went out directly!

"Bang!"

A fist and a tiger's paw collide!

The giant tiger was photographed flying out on the spot!

To know ye Chen's real strength is far beyond the holy land. How can a fierce beast do to him!

Not only that, but his murderous spirit is much stronger than that of the black tiger!

When the giant tiger landed, he spat out a mouthful of blood, and his eyes were obviously afraid of it!

It did not think that this breath is far weaker than a human kind of guy, incredibly so terrible!

He just wanted to withdraw, limbs force, ye Chen has appeared in front of him!

There is a cold sword in my hand. Cut it directly!

"The black tiger skin on you is not bad. I'll take it!"

Black tiger fear extremely, roar a sound, but can't resist at all, the head is directly cut down by Ye Chen!

Ye Chen just wanted to peel off his skin, but he found countless breath!

The next second, a full dozen black tigers appear in front of Ye Chen!

What's more, the body of the front black tiger is far more than everything else.

It's obviously the leader of this group of black tigers.

This leader has a strong sense of killing, and his whole body is covered with blood!

An ancient rune is engraved on the forehead!

The whole body is blackened, the limbs are extremely thick, the claws are pointed out of the toe, and the tail is like a bent iron bar!

Majestic and majestic, the body is streamlined, full of fear of power.

The rest of the black tigers also follow this head, awe and surrender.

"The tiger lives alone, and it's not a wolf. How come there are so many tigers all at once?"

When ye Chen was surprised, a roar of tigers resounded through the mountains and forests. The next second, he directly jumped up!

Countless dark shadows with rage and murder!

Once touched, you will die!

In their eyes, this human must die!

Ye Chen was indifferent, moved his neck for a moment, and said faintly: "to be honest, I'm not interested in you animals, but I'm interested in the guy behind you! It's too tiring to drive, just missing a mount! "

Language down, ye Chen with the sword in hand directly rushed out!

Chapter 726

The black tigers are not even qualified to touch.

Countless swords twinkle!

It's a sword given to Chen Daoli!

If you can't deal with a group of animals, it's really ridiculous!

The shadow of the sword is so dense that it seems to turn into a long dragon and drill into the tigers.

A wave of air exploded like substance, and the whole earth trembled faintly.

"Bang!"

All of a sudden, the blood mist filled!

The first few black tigers turned into blood fog on the spot!

At the same time, ye Chen did not stop at all!

Strong sweep!

The terrible storm swept away, which made those black tigers ready to swallow Ye Chen suddenly.

They never thought that ye Chen's strength was so terrible!

They stayed in Kunlun for too long, and even had some wisdom!

They feel fear, but it's too late. The only qualification of countless black tigers is to die!

Ye Chen can even kill the strong in the holy King's territory. What are these animals!

When ye Chen kills zhengshuang, a startling roar rings through the sky, and then a huge black shadow covers it.

Sharp claws like a blade, toward Ye Chen's chest!

There is a trace of blood on the claws!

The most terrifying giant tiger has finally shot!

Ye Chen Mou son shrinks, a sword to giant tiger and go!

"Ding!"

To his surprise, under a sword, he didn't cut off the tiger's paw of the other side. On the contrary, there was a violent spark!

A strong air wave swept over!

Ye Chen's body directly retreated ten steps!

Yeah?

What terrible power the giant tiger is!

This attack alone will be enough to fight against the practitioners in the later stage of entering the Holy Land and even in the early stage of the Holy Land!

Interesting!

Obviously, the giant tiger also knew that ye Chen was not easy to be provoked. He rushed over again, just like a meteorite falling to the earth!

Ye Chen did not dare to be careless, but he did not move his sword, but stood steadily!

When the giant tiger came to Ye Chen with a cold killing opportunity, ye Chen roared: "the blood dragon comes out!"

Tiger is the king of beasts!

And the dragon is the ancestor of all animals!

It's better to give everything to the blood dragon than to do it with a sword!

A burst of dragon chant resound, the next second, a blood dragon out of Ye Chen's body.

The blood dragon absorbed a lot of killing gas, and his body was extremely huge. Seeing the black tiger dare to attack Ye Chen, he was furious!

Directly towards the giant tiger!

"Bang!"

The collision of two forces is obviously not the same level!

Blood dragon in the blood on the strong suppression!

Giant tiger flies out!

The body is with a trace of trembling!

It's no match at all!

The blood dragon may not be so strong against some cultivators!

But for this fierce beast, whether it is blood and breath, it is completely crushed!

Almost instantly, everything of the giant tiger collapsed!

The next second, the giant tiger knelt down directly!

A gentle roar of the tiger came.

The blood dragon did not continue to kill, but returned to Ye Chen's side, coiled around Ye Chen.

Giant tiger looked at the youth and blood dragon not far away, eyes slightly shrink, low head.

Ye Chen did not expect that things would be so easy, but he found the biggest advantage of blood dragon!

Suppress all bloodthirsty beasts!

In this land of killing, it's just tyranny!

No longer think about it, ye Chen came to the giant tiger and said in a cold voice, "you can be a mount. If you want to, you can condense your blood essence!"

Giant tiger deeply looked at Ye Chen and hesitated for a few seconds. His mouth was open and a drop of black blood essence was suspended in front of Ye Chen.

Ye Chen nodded, five fingers a grip, will blood essence.

In an instant, I saw the shadow of a black tiger.

"It's not bad. With you, I should be much easier."

Ye Chen step into the giant tiger!

Giant tiger fierce stand up, majestic, kill the opportunity to release!

"Go

With Ye Chen's command, the giant tiger roars, which is to quickly plunder towards the depth!

At each step, the ground vibrated.

Ye Chen, sitting on the giant tiger, also feels that all the murders hidden in the depths have disappeared!

Obviously, the giant tiger's status in this killing place is not ordinary. A single roar will shake back hundreds of fierce beasts!

.....

And deep in the jungle.

Wen Tingting and Wen Shishi are not happy. The team of four is now three. It can't condense the array, and its strength is weakened a lot!

As soon as the key entered here, several men caught their attention. They tried their best to push those men back.

At the moment, the two men were out of breath, and their hands shaking slightly.

Wen Tingting's cold eyes glanced at Xiao Jian. Naturally, she found that this man's strength was obviously comparable to her, but she didn't exert too much force from the beginning to the end, which was obviously strange.

"Xiao Jian, as the only man in the team, you hide behind us like this?"

Xiao Jianyi Zheng, immediately smile: "Tingting, you this is what words, I can raise enough energy to do big things."

His eyes swept in front of the sister flowers, eyes are full of desire.

They even want to put them down immediately.

"Please call me my full name! We're not so familiar yet! "

Wen Tingting said coldly.

All of a sudden, she found something, frowned and said, "what are you going to do?"

Xiao Jian took a look at the injuries of the two sisters. Knowing that they were almost finished, Xiao Jian clapped his hands: "of course, it is necessary to do You two beauties

The words fall, three dark shadows come out from the depths and stand behind Xiao Jian.

Wen Tingting's face changed greatly when she saw this scene!

She just reflected that Xiao Jian had a team for a long time!

And he took the initiative to join them, which is obviously the purpose!

Damn it!

Four eyes some hot, with evil desire!

Xiao Zhan licked his tongue and said: "Tingting, there are also Shi Shi's younger sister. It's hard to survive in the killing place. You two women still need to find a backer. What do you think of me?"

Don't worry, I Xiao Jian is not a man who has played and refused to accept the bill. How about you when I am Xiao Jian's woman in the future? "

Wen Tingting's cold eyes were cold, and the sword pointed at Xiao Jian: "dream! I shouldn't have joined you! "

"It seems that my father's friends are not good things either! I recommend you so much! "

After that, she looked at Wen Shishi: "sister, when I move my sword, you will run in the opposite direction. The farther the better, don't worry about me."

Wen Shishi was stunned and his eyes watered with water: "but elder sister, these people are all in the holy land. You are hurt and can't move them at all..."

"No nonsense, go!"

The next second, Wen Tingting fiercely retreats Wen Shishi, and at the same time, a sword goes towards Xiao Jian!

The sword's meaning is vertical and horizontal!

But even though she has good strength, she can't stop Xiao Jian in the face of Sheng!

Under the three moves, she vomited a mouthful of blood, like a broken kite hit the ground.

His face was pale.

Wen Shishi has not run far away, but is also caught by one of the clothes, fiercely thrown on the ground.

It's really embarrassing.

Xiao Jian saw two sister flowers lying in front of him, and his desire broke out completely: "don't say, I haven't played twins in Kunlun for such a long time. In this case, I'm not polite."

"When I'm finished, it's my brothers' turn!"

Words fall, Xiao Jian then toward two girls and go!

"Sister!" Wen's poems were in a state of confusion.

Wen Tingting wants to pick up the sword on one side, but finds that her arm has no strength.

"Damn it!"

"Sister, let's blow ourselves up together!"

At this moment, Wen Tingting's eyes are determined.

"Well!"

Just as they were ready to defend themselves, a roar of tiger suddenly sounded.

The tiger roars to the sky!

The ground is shaking!

Everyone's face changed suddenly!

"No! This is the voice of the black tiger! And the king of the black tiger

Chapter 727

Xiao Jian's hand stopped completely.

Don't dare to get close to Wen Tingting!

Life matters? Or is desire important?

The latter, of course!

An invisible sense of fear came to my mind.

Because this is not a general crazy black tiger!

This is the king of the black tiger!

Only one of the ten thousand black tigers will be born!

Order ten thousand tigers!

The fierce beast king of the real killing land!

Only a crazy black tiger is enough to devour a practitioner who enters the Holy Land!

Not even the power to fight back!

The key is that the crazy black tiger is also a vicious beast living in groups!

Even if you kill one head, there may be dozens of them!

Once surrounded, you will die!

A man behind Xiao Jian said in a trembling voice, "brother Jian, the fierce beast is coming. Otherwise, let's run quickly. But I heard that the king of crazy evil black tiger appeared, and he must bring ten thousand tigers. With our strength, we can't resist it."

Another man also said: "it's not right. The king of the black tiger has not moved for a long time, so he shouldn't be here. However, the vision of tiger roaring is getting closer and closer. Anyway, let's withdraw first."

Xiao Jian took a look at the two beautiful girls in front of him.

He had wanted to put wentingting's thorny rose under his body for a long time, but he didn't expect that it was destroyed by an animal in the end!

Wen Tingting stared at Xiao Jian with cold eyes and said in a cold voice, "Xiao Jian, I'd rather be bitten to death by such a fierce beast, and I won't make you such a mean and shameless person!"

She knew very well that this time, fate played a trick.

You're going to die.

It is better to be the food of this kind of animal than to be unclean and defiled by people!

She even looked at her sister Wen Shishi and held her sister's sweaty hand tightly: "don't be afraid, there's a sister here!"

Although Wen Shishi was afraid, she didn't want to worry her sister. She nodded: "sister, it's OK. To tell you the truth, I've seen the crazy black tiger, but I haven't seen the king of the black tiger. It's just right with me."

Xiao Jian saw that the two sisters had such an attitude, and there was a rage in his heart!

Do you really think you can't control them?

Just now it was just a roar of a tiger. The crazy black tiger doesn't necessarily come to this side!

No longer thinking about it, Xiao Jian said to the three people behind him: "you set up a big shield array! There is an array, the crazy black tiger can't find it! Today, no matter what, these two women I must go to! "

After Xiao Jian, the three people looked at each other, and finally went to three directions.

Three fingers pinched, a drop of blood essence forced out, gradually a barrier to cover.

Xiao Jian saw this scene and snorted coldly. His greedy desire was staring at Wen Tingting: "Stinky bitch, do you really think I'm afraid of the crazy black tiger? Even if the king of the black tiger comes, I will kill you again! "

Words fall, Xiao Jian whole person rushed up.

Wen Tingting naturally can't be at the mercy of the other party. She starts shaking and grabs the sword that falls beside her, and then she goes to Xiao Jianci with a sword!

"Pa!" But the long sword had no power at all, let alone the sword spirit. It was easily photographed by Xiao Jian on the spot.

At the same time, Xiao Jian's right hand choked Wen Tingting's neck and lifted it fiercely!

A sense of suffocation came.

"Bitch, how dare you resist?"

At the moment, Xiao Jian is in between madness and violence, and then fiercely throws Wen Tingting out!

Wen Tingting was injured. With such a blow, she spat out a mouthful of blood.

To the extreme.

"Sister!"

Wen's poetry subconsciously blocks Wen Tingting's body.

With five fingers, there is also a sword in the palm.

Her hands trembled, but she said without hesitation, "you are not allowed to move my sister!"

"Since you are going to stand in front of your sister, I've changed my attention and started with you first!" said Xiao Jian

The next second, Xiao Jianhua is the shadow, and the five fingers are pulling away from Wen's clothes!

Once the power falls, it is impossible for Wen Shishi to carry on!

Her face turned white and her eyes closed subconsciously.

And in this critical moment, it is a startling tiger roaring through!

Then a dark shadow flashed by.

The three people who were originally concentrating the array felt a gust of wind. When they saw the shadow's face clearly, they just wanted to talk, but they were swallowed by one mouthful!

Three blood fog suddenly generated!

Such a startling voice opened the eyes of Wen's poetry, which was originally closed.

But see in front of the picture, that beautiful eye son completely stare big, just like the ghost general.

This How could that be possible!And Wen Tingting, who was seriously injured, is the same!

Her cold eyes were staring at a huge black tiger behind Xiao Jian!

The giant tiger is majestic and breathtaking!

She was almost sure that this was the king of the black tiger!

This breath is like the holy King's realm of human friars, extremely terrible!

This is not the most surprising thing to both of them!

What is more surprising is that there is a young man sitting on the back of such a fierce beast!

The youth's face is cold and proud, and his eyes are full of clouds and breeze.

As if nothing could make him fluctuate!

The key is that the two sisters have just met each other!

It's the extraordinary Ye Chen!

How could it be!

An extraordinary boy, is there such a fierce animal to escort here?

Even reduced to mount!

This fierce beast is extremely proud and powerful. Let alone the holy King's realm, even the strong who return to the virtual realm can't conquer it.

Xiao Jian naturally felt the danger behind him, surrounded by bursts of blood.

Gradually, he stiff around the neck.

When I saw the king of black tiger and ye Chen, I was shocked!

And then a chill came over the whole body!

"Ye Chen How can it be! "

He could no longer bear the pressure of the crazy black tiger, his legs softened and fell directly on the ground.

He wanted to run, but so close, the giant tiger could turn him into a blood mist!

Ye Chen looked down at Xiao Jian and said, "how do you want to die?"

Five words, like death's judgment.

Xiao Jianguang wants to say what, crazy black tiger a tiger roar!

Xiao Jian scared of the body came a smell of urine Sao!

"Mr. Ye, it's because I don't know Taishan. Please let me die. I'd like to give these two women to you!"

He said in a trembling voice.

It seems that this is not enough. Xiao Jian took out another bottle of pills and said cautiously, "Mr. Ye, this pill is given to me by my master. It's of high grade. It's very suitable for you. It's my filial piety..."

Ye Chen snorted coldly and waved his arm gently. The jade bottle turned into pieces on the spot.

Pills also disappeared.

"I don't like this kind of rubbish pill. Xiaohei, it's solved."

Ye Chen's words fall slowly.

Along the way, he thought of a few names for the crazy black tiger. They all felt that they were too obstinate, so he chose one of the most common names in China.

Hearing Ye Chen's command, the Mad Black Tiger roared again, and his ferocious fangs directly bit off Xiao Jian's head!

Chapter 728

Then, the huge tiger's paw fell down!

Who can bear such a force!

Blood splashes!

Xiao Jianlian's body could not be complete, only a pool of blood mud was left!

the two sisters Wen Tingting and Wen Shishi were completely stunned when they saw this scene.

No one would have thought that this would be the end.

The one who disdains them most is the one who finally disdains them.

Wen Tingting's cheek seems to be an invisible slap, thinking that before because of his contempt and indifference, but with a top strong brush shoulder.

The whole black jade mountain belongs to the black tiger!

What else does he want to form a team!

Wen Tingting thought Ye Chen could not climb up to their two sisters, but now, she can't stand up!

Sister Wen Shishi reacted first, exhaled a breath, and looked at Ye Chen's eyes with a trace of excitement. She bowed slightly: "Ye Chen, no, no, Mr. Ye, thank you for your help."

Ye Chen came down from the top of the crazy black tiger, took out a pill and threw it out directly.

"Take this pill and you'll feel better."

Wen Shishi looked at the red pills in his hands, and smelled the strong fragrance of the medicine on the tip of his nose, and knew that the pills were of great value.

Ye Chen becomes more and more mysterious in her heart.

Fortunately, he made friends with Ye Chen at the beginning, otherwise the consequences would be unimaginable.

"Mr. Ye, you saved my sister and I just now. We have nothing to repay. This pill is too expensive. Please take it back."

Ye Chen waved his hand: "I saved you because of your father. To be honest, I am also from the Chinese dragon spirit."

"I've never met your father, but it's systematic."

Wen Shishi looked at Ye Chen suspiciously, and wrote down the kindness in silence, and then took the pills.

When the pill was imported, the efficacy was scattered, and her internal organs seemed to be wrapped by a force, which made her feel comfortable to the extreme.

But now on the ground sister wentingting is difficult to stand up, want to apologize, but can not say, finally can only reluctantly spit out two words: "thank you."

Ye Chen did not pay attention to, directly on the crazy evil black tiger, just ready to leave, Wen Tingting hurriedly called Ye Chen: "Mr. Ye, wait a minute."

She knew very well that it was very difficult for her and her sister to rush out of here to kill!

The only chance is the mysterious youth.

Ye Chen stops and doesn't speak.

Just then, "plop!" A, always proud of wentingting is kneeling in front of Ye Chen!

Her face turned red and she said, "Mr. Ye, just now there was a verbal conflict. I hope Mr. Ye doesn't take it seriously. It's Tingting's heart.

Tingting knows that she can't let Mr. Ye down. She can only show her determination by death! Seeing that my sister has no malice towards you, I would like to ask Mr. Ye to take her sister, Wen Shishi, safely to the killing place until I see my father. "

Language down, Wen Tingting picked up the cold sword on the ground, suddenly toward the neck.

Either way, one of them must live!

Just at the moment when the sword was about to cut her neck, a blade of wind came furiously, and the sword in her hand broke directly.

"Your life is not worth money in my eyes."

"I can take you away, but remember, out of this killing land, you have nothing to do with me."

Wen Tingting responded and quickly knelt down to thank him: "Mr. Ye, this kindness, I will always remember Wen Tingting!"

"If I have the chance, I will pay it back at all costs!"

Finish saying that, she looked at the younger sister, then pulled the younger sister silently to follow in the crazy evil black tiger behind.

Ye Chen glanced at her sister Wen Shishi, who was a little weak, and whistled.

The next second, out of the dark two black tiger shadow!

It's a black tiger!

But the two ends of the breath than ye Chen body fall more than ten times!

Two black tigers bend their front legs and crawl on the ground, apparently to let the second daughter climb up.

Some fear in the heart of the two women, the key to their strength, never thought there would be a crazy black tiger for riding ah!

Wen Shishi swallowed his throat and said to Ye Chen, "Mr. Ye, you are..."

Ye Chen rode crazy evil black tiger to the front, the light voice fell: "go up, these two guys won't hurt you."

At the moment, ye Chen has already controlled the crazy evil black tiger in the ten mile radius!

The second daughter hesitated for a few seconds, or climbed up the crazy black tiger's body, the next second, the two heads ran up, toward Ye Chen.

Three head crazy black tiger instantly let the surrounding hidden killing all disappear!

Some human friars are approaching the killing place. When they see the three running figures, their expressions are frozen.

It's like hell!

How could someone subdue the crazy black tiger in this place?

And it's three fuckers! Unfortunately, because the speed of the crazy black tiger is too fast, they can only see that there are two women and a man on the black tiger.

As for identity, I don't know.

.....

Fifteen minutes later.

Ye Chen stopped, because he was in front of a magnificent city gate.

There are four words written on it.

Inside the city gate are all kinds of high-rise buildings, and some even go straight into the sky.

The whole city, an ancient array guard!

But the sky above the sky is full of blood!

Even in broad daylight there is a blood moon.

Not only that, ye Chen found that the blood dragon breath in his body was more and more rich!

As if by what guidance, eager to rush out of the body immediately, devouring the blood moon.

Wen Tingting comes down from the crazy black tiger and respectfully says to Ye Chen: "Mr. Ye, this is the place of killing, and the mount can't enter generally. If Mr. Ye insists, the consequences will be very troublesome. "

Ye Chen nodded and jumped down.

The urgent task is to find the master quickly. Unfortunately, the ancestor of qingxuanfeng could only confirm that the master was in the killing place, but he did not know the specific whereabouts of the master.

However, the ancestor of qingxuanfeng has sent a disciple to wait inside. I hope this disciple has the whereabouts of his master.

At this time, sister Wen Shishi came up, and her pretty face was slightly red: "well, Mr. Ye, you all said that you want to see my father, otherwise, we go in together, we can't delay you too much time."

Ye Chen thought for a few seconds, or agreed to come down: "good."

The dragon soul is the second. Ye Chen learns from the second daughter that their father has been here for a long time. Maybe he knows the whereabouts of the master.

"By the way, Shi Shi, don't call me Mr. Ye, just call me ye Chen or Ye elder brother."

Ye Chen said again.

He had a little affection for this kind girl, of course, only because of her personality.

Wen's poems were jubilant and seemed excited: "OK, ye Xian Brother Ye

One side of Wen Tingting looked at her sister like this and sighed, knowing that her little heart had been occupied by this man.

Chapter 729

However, this is also normal, Kunlun virtual strong is respected, and ye Chen is not only powerful, but also their Savior. Only these two points, which girl can not shake her heart.

Even if it was her, if she really wanted to talk about it, she still had some palpitations in her heart.

Ye Chen took a look at the crazy black tiger and said: "you go in, and when you need you, I will communicate with the seal of the sea."

Three head crazy black tiger deeply looked at Ye Chen, turned and then went toward the depth of the forest.

"Let's go."

Ye Chen hands in the back of the walk, although the gate has inspection, but also not too harsh.

After all, everyone is entitled to enter the killing place, but it does not mean that everyone can survive!

When stepping into it, ye Chen is to feel countless eyes toward them.

Not good.

It's cold.

Among them, there are some powerful kings.

"Mr. Ye, our father is in a place called Wanshui Pavilion. It's only a kilometer to the north. Wanshui Pavilion is owned by my father."

Wen explained.

And the north point, the negative leaf in the back.

As for those with murderous eyes, he completely ignored them.

These people are just clowns. If they really want to move themselves, they don't mind letting the whole killing land turn red with blood!

Maybe it's because ye Chen bursts out with a strong sense of killing and self-confidence, and those eyes finally dissipate.

Wanshui Pavilion.

When the three arrived, they found the door closed.

Wen Tingting showed her eyebrows with a frown and knocked at the door: "Dad?"

But the door didn't open for a long time.

Just as she was about to give up, the door suddenly opened, and then a cold voice sounded from the strength: "come in quickly!"

Wen Tingting and Wen Shishi no longer hesitated, but hurriedly entered the side of the body.

However, ye Chen glanced at the top floor of another building, and then stepped into it.

.....

At the moment, on the top floor, two young men in long robes looked down from above.

Because of the glass barrier, it is impossible for the outside world to see these two young people.

"Eh?"

One of the young people suddenly said, his eyes full of doubts.

He looked at another man beside him and said, "why do I feel like the last kid who came in found us?"

"But there is an array in the periphery, not to mention the extraordinary state. Even the strong people who return to the virtual state can hardly find us."

"Old pan, do you feel it?"

Another young man will be in the east-west direction similar to a telescope, frowning and not speaking.

The young man said again, "Lao pan, what are you doing? Do you feel it? Wen Lifeng of Wanshui pavilion has that treasure hidden in his hand. If we don't understand this boy, what can we do if the baby is transferred from flower to tree? "

The young man, who was called Lao pan, suddenly thought of something and took out a picture!

In the portrait is a young man's face!

It's Ye Chen!

Seeing that his guess was confirmed, pan gave a cold smile: "I didn't expect to have an unexpected harvest today. Ha ha, God helps me!"

The young man was stunned, and his face became more and more suspicious: "Lao pan, what do you want to express? The twins are really good, but the value of the baby is far more important than that of a woman. Besides, if you get something like that in Wen Lifeng's hand and give it to the master of daocong, maybe your status will rise! "

The smile of old pan's mouth was cold, and then he threw the portrait to the youth: "jiangluo, although I care about that baby, I found something more valuable."

"The last boy to enter, named Ye Chen, is from Huaxia and is the disciple of Duan Huai'an, the doctor's door!"

"Originally, the order given by the patriarch was to take Duan Huai'an in the killing place, but I didn't expect that the Huaxia waste apprentices of Huai'an also came. It happened that both of them were won. Next year, I will be an elder of daocong!"

"God help me too!"

Jiang Luo took a look at the portrait, and his eyes were also happy: "old pan, when will you start?"

Old pan looked down at Wanshui Pavilion, his eyes seemed to be in charge of everything: "don't worry, the net has been set, who can escape from the pursuit of my daocong!"

And now, Wanshui Pavilion.

A middle-aged man pressed a button, and the dark hall was completely bright.

The middle-aged man was wearing a combat suit.

The battle uniform still bears the symbol of dragon spirit.

It's just that the clothes are old, and even the symbol of dragon soul is different from the present.

"Dad

When Wen Shishi and Wen Tingting saw the middle-aged man, their voice was excited to the extreme.

The middle-aged man is obviously Wen Lifeng. Wen Lifeng saw that his two daughters were safe and sound. He sighed: "just come back, just come back! I want to pick you up for father, but now there are some special circumstances that make you suffer. "

"By the way, how did you two get here through the land of beasts?"

Wen Shishi and Wen Tingting's eyes fall on Ye Chen, who has never spoken.

Wen Lifeng paid attention to this strange man.

Extraordinary.

It's nothing in the land of killing.

It's at the bottom.

Even his two daughters' accomplishments are much higher than him.

What's your daughter doing here with this kid?

Wen Shishi quickly explained: "Dad, thanks to brother ye, if it wasn't for brother ye, my sister and I would have died there."

"And Dad, Xiao Jian arranged by your friend is a scum! Beast

Of course, Wen Lifeng also has some hostility to Ye Chen. He stayed in the killing place for too long.

He knows better than anyone!

No one can save without a reason!

What's more, this boy's cultivation is not in line with his strength, which is obviously hidden.

There is absolutely something wrong with this kind of person!

Wen Lifeng took out some top-grade spirit stones and handed them to Ye Chen: "little brother, thank you for saving my two daughters. If you can use it again in the future, please come here to find me. I will never say goodbye

Obviously, he wants the spirit stone to return ye Chen's love.

Let Ye Chen leave.

Anyway, it's very time now. No one is allowed to stay here more.

No one knows what the real identity of this strange man is.

Wen Shishi was obviously aware of his father's misunderstanding and quickly explained: "Dad, you've made a mistake! Brother Ye is a good man, and brother Ye is also from China! He knows the Chinese dragon spirit

Hearing this, Wen Lifeng's eyes shrunk, but he has a sense of belonging to the dragon spirit.

If it wasn't for the accident, he wouldn't have been here.

He wanted to go to China countless times, but found that he could not leave the killing place now.

He has a more important mission!

Wen Lifeng looked at Ye Chen and said seriously, "I don't know you are..."

Before he finished speaking, ye Chen lost a certificate.

A calm word resounded through the hall.

"Ye Chen, chief instructor of dragon spirit!"

Chapter 730

Chief instructor of dragon soul?

These five words let Wen Lifeng's expression suffocate.

He knows the meaning of these five words better than anyone else.

Although he is an old group of dragon soul soldiers, even here the strength is far more than the original several strong Chinese.

But he always regarded himself as one of the Dragon spirits.

Never changed!

And in front of me, this young man is actually the present dragon soul chief instructor!

Only these words, let his blood boil!

His body trembled slightly!

The next second, the body straight, the standard salute!

"Chinese dragon soul Wen Lifeng has met the chief instructor!"

Sound vibration, endless air wave release.

Such a scene scared Wen Tingting and Wen's poetry.

They know their father better than anyone else. Wen Tingting's arrogance is inherited from her father.

But at the moment, my father is so kind to Mr. Ye?

"Chief instructor?"

What is Mr. Ye coming from?

Ye Chen nodded. In this way, things became much simpler.

Although Wen Lifeng's strength is above the realm of the holy king, in his eyes, it is nothing.

"Drillmaster, how can you be here? What about the brothers of Chinese Dragon Spirit? Also, do you know a man named Lei Shuwei? Is he still alive? "

Wen Lifeng is quite excited to say.

He has not been to China for 20 years.

Things are different, I don't know how my comrades in arms used to be!

And ye Chen in front of him undoubtedly knows all he cares about.

Even though ye Chen has confirmed the relationship between Wen Lifeng and Longhun, he never thought that the other party knew Lei Shuwei.

It's a coincidence.

But look at their age, I'm afraid Lei Shuwei and Wen Lifeng had a life-long friendship.

Ye Chen then said, "Lei Shuwei is in charge of the dragon soul now. He applied to the position of the chief instructor of mine."

"He has a good relationship with me. In that case, you and I are my own people."

Wen Lifeng heard Ye Chen's words and became more and more excited!

More murmured: "I knew that Leizi would climb up, but I couldn't witness it."

Suddenly, he looked at Ye Chen and said, "drillmaster, you live here these days. It's not peaceful outside."

"There are powerful arrays to protect here. It's very difficult for ordinary people to enter."

"What's more, I'm sure someone noticed you in the dark. If you go out again, someone will find you."

"At that time, it will be me Wen Lifeng who will harm the drillmaster."

Hearing these words, ye Chen frowned: "what do you mean?"

Wen Lifeng hesitated for a few seconds, but he did not know how to speak.

Ye Chen will understand: "since it is not convenient, then forget it."

Wen Lifeng took a look at his two daughters, bit his teeth, and said, "drillmaster, this matter is not a secret, you wait for me here."

Later, Wen Lifeng entered a room.

When he came out, he had an extra box in his hand.

There are ancient lines on the box, and the rune is revealed.

It's extraordinary.

Suddenly, ye Chen's face changed slightly.

He found that when the box appeared, the blood dragon in his body looked like a strange fury.

If it was not for his suppression, the consequences would be unimaginable!

What is in the box?

Why did the blood dragon change so much?

Wen Lifeng took a look at Ye Chen and explained, "drillmaster, this thing was left by a guest. I wanted to return it to that guest, but I found that the guest died strangely. And most of the people that this guest came into contact with had an accident. "

"If I'm right, someone is looking for it."

"Look for it at all costs."

"These days, I have felt that someone is watching me near Wanshui Pavilion, and the forces in the killing place are complicated. Although there are forces behind Wanshui Pavilion, those people dare to be so unscrupulous and will certainly attack Wanshui Pavilion."

"If it wasn't for the formation, I'm afraid these people would have come in."

"It's just that I have the box, but I don't have the key to open it."

Ye Chen hears Wen Lifeng's words, reaches out his hand and touches the box.

A warm and cool feeling came.

The next second, ye Chen's blood dragon's power is all condensed on his right hand.

Vaguely, the blood dragon seems to have penetrated the box and penetrated into it!

"Click!" A strange thing happened.

The simple box opened a gap directly!

Wen Lifeng and the two sisters were stunned to the extreme. Wen Lifeng tried to open the box by all means, but it seemed that the box was made by meteorites from other countries. Even with swords, it could not be broken!

It's impossible for him to open it without a key.

What is the ghost in front of you?

The instructor stroked it gently and opened it directly.

Or is that what the instructor is good at?

As if aware of all people's doubts, ye Chen shrugged and explained, "I don't know why. It's just that there is a force that attracts me."

Wen Lifeng eased his mind and said, "drillmaster, if you can open this thing, it is to prove that this thing is predestined with you. In this case, it will be handed over to the drillmaster."

Ye Chen didn't push back, and the blood dragon in his body seemed to transmit sound in his mind: "we must get it! Must get it

For the first time, he felt such a strong belief in the blood dragon!

No hesitation, ye Chen will open the box directly!

In a flash, the red light flashed!

I saw a red bead lying quietly inside the box!

The pearl is crystal clear, but it contains supreme aura and evil spirit.

This evil intention a, Wen Lifeng and Wen's sisters simply can't bear, body quickly back!

Only Ye Chen did not move.

His blood seemed to be boiling with it!

Blood dragon roars!

In the blink of an eye, the blood dragon is again into the red beads.

The speed is too fast, even Wen Lifeng and others just see a shadow passing by.

Ye Chen regardless of the evil intention, forcibly holds that red bead, he immediately discovers that the real Qi of Dantian rolling is madly absorbed by this bead!

At the same time, the blood dragon with the red beads, crazy surge!

In the end, they actually get into the samsara cemetery.

Ye Chen closed his eyes, he could clearly feel that the red beads had been suspended in the sky of the samsara cemetery, just like a dazzling star.

Beads release a strong evil spirit and aura, the entire samsara cemetery is filled with this force.

But the blood dragon then plate Rao around the red bead, the body actually gradually substantial.

"What is this? Why is it so highly consistent with the blood dragon

When ye Chen doubts, a figure floats in the world.

It was Lin Qingxuan who never appeared.

Duan leiren has gone to Kunlun to deal with the matter. Now ye Chen has only one great power to communicate with.

It was Lin Qingxuan.

Lin Qingxuan raised his head and looked at the picture of blood dragon playing with beads, but his eyes were heavy.

A few seconds later, he said, "boy, where do you get this blood bead?"
