Chapter 7291

Some monks also saw such an embarrassing picture and couldn't help laughing.

After seeing ye Chen's strength, he suddenly understood.

"It's the lowest level Lei Xiu! Who gave you the courage to come here? Ha ha, get out quickly!"

"I can still see such talents, such weak strength, and even want to break through the ancient Tianlei road? I'm impatient!"

“.....”

Taunts, taunts, and ridicules continued to ring out.

The monastic world has always been like this. The law of the jungle. Whoever has a big fist has a hard truth, and those with weak strength must suffer!

Only when one's own strength becomes tough can one be qualified to shut others up!

Ye Chen ignored those people, but fell into thinking.

Why did the spirit liquid in the spirit pool avoid him and make a detour?

No longer thinking about these, ye Chen walked step by step, but found an invisible barrier in front of him. When he reached out and touched it, lightning roared and burst into a burst of scorch in his palm.

Some people around laughed louder.

Laughing Ye Chen doesn't know the height of heaven and earth. With such strength, he dares to take the Tianlei ancient road. He really doesn't know how to write the word death!

And ye Chen's look was completely cold.

It's a big deal that Leigu road won't go this day. What do you mean by doing so again and again?

Just when ye Chen wanted to use the blood gas in his body, suddenly, something happened in front of him.

The divine lotus in the thunder pool flew out automatically and stopped in front of Ye Chen.

The thunder light flickered and the arc wound, forming an independent field around Ye Chen.

The laughter stopped abruptly.

What's going on?

I saw that several lotus flowers were spliced together, taking lightning as a bridge, and turned slowly into a pair of armor!

And he opened the door to Ye Chen, as if to let him wear it.

Ye Chen was stunned for a moment. He didn't hesitate any more. He went straight over, opened his arms and pasted them on the thunder armor.

The next amazing scene happened. I saw that the armor suddenly burst out into the sky, which could pierce the sky and shoot down the big stars outside the territory!

Almost everyone was stunned and stared at the scene. When the thunder disappeared, they didn't react.

"This..."

Many people looked at each other and wondered what had happened.

But ye Chen didn't give them time to reflect. He integrated with the thunder armor transformed by the lotus, and his heart moved. The armor with dark blue light could be hidden into his body.

Summon again and you will emerge.

And a void door appeared in front of Ye Chen, all composed of thunder.

He hesitated for a moment and went in, but people outside couldn't see the door. He could only see ye Chen disappear from his face without any sign.

"What's the matter? Where's the low-level Lei Xiu?"

"I don't know! But I must have got some adventure."

"He is not a low-level Lei Xiu now. Have you ever seen a low-level Lei Xiu who can take all three Lei Lian magic drugs away?"

"....."

They can't reach that level.

Ye Chen's eyes were dark for a moment. When he opened his eyes again, he appeared in a new place. Looking back, he saw the ancient city gate, towering, magnificent and magnificent.

It seems that he is still on the ancient Tianlei Road, but now he has reached the end.

There are several leixiu not far away. It seems that they are the people in Leishen mountain that day.

They were stunned when they saw Ye Chen. They immediately reacted. One of Lei Xiu with a thunder gun came over and asked, "Congratulations, you are the first Lei Xiu who passed the Tianlei ancient road! You can get..."

The leixiu stopped talking.

Because he found that ye Chen's strength was very low, even terrible. It seemed that he had just practiced soon, and the thunder rules had not been completely condensed into runes.

"How did you get here?"

The other leixiu also came over, full of doubts.

Tianlei ancient path is an ancient Shinto and a channel to test Lei Xiu's strength and talent!

Only those with outstanding strength can take the lead out of the ancient road and enter the real holy mountain!

But the low-level Lei Xiu in front of them obviously did not meet their needs.

Ye Chen shook her head and said she didn't know. She walked like that and came here.

He guessed some reasons in his heart. It should be that Leigu road chose himself this day.

Maybe his thunder cultivation talent is really strong, or maybe it is because of the great Qi of reincarnation blood, which makes Tianlei ancient path feel.

But he would never say it.

The color of doubt in the eyes of those people became more and more intense, and even faintly vigilant. They didn't believe Ye Chen could enter Tianlei mountain with such low strength.

Not to mention that Tianlei ancient road opened the back door for ye Chen, because there has never been such a special case in thousands of years.

Soon after, someone finally came out of the dark ancient road. He was the young man who first set foot on the Tianlei ancient road. He was thundering all over and his momentum became more fierce.

He felt that he was the first to reach the end. When he came here and saw Ye Chen, he was stunned.

He was not sure whether ye Chen was inside or outside.

Another Lei Xiu with a knife looked at the young man and said faintly, "he is the first."

The rest of Lei Xiu, who was stationed here, nodded one after another.

The knife wielding Lei Xiu went up to the young man and handed him a token.

"Congratulations, you have become the first Lei Xiu to go out of the ancient Tianlei road. You have the qualification to directly enter the Tailei God sect and become a disciple of the sect."

Even the young man boasted of being invincible and arrogant. At the moment, he couldn't help feeling a little excited when he heard the news.

"Thank you, my Lord!"

He took the token, raised his head and stood straight as if he were doing something sacred.

After these Lei Xiu, a sword wielding Lei Xiu wanted to say something, but his position was the last and had no right to speak.

Finally, he can only come to Ye Chen and say sorry in a low voice.

Ye Chen smiled and said nothing more.

The sword wielding Lei Xiu thought for a moment, took out another old token and handed it to Ye Chen.

"Take it! Go to Tianyang leizong and try it! Maybe you can raise your accomplishments and participate in the selection of taileishen Zong later!"

Lei Xiu, who held the sword, said as if comforting.

He knew very well that with Ye Chen's strength, there would be no sect to choose him.

And ye Chen must have used some means to be transmitted to the first one. It is unknown whether the people of Tailei God will be held accountable.

Sure enough, Lei Xiu, who was holding the knife, looked over here and looked cold.

Chapter 7292

"I don't know how you cheated the Tianlei ancient road. You're the first to wear it, but I know you're definitely not qualified! Such a humble Lei Xiu doesn't want to improve his strength, but goes astray! Come on, drive him out of Tianlei mountain."

The sword wielding Lei Xiu shouted angrily, and the powerful pressure immediately spread out, all falling on Ye Chen.

The thunder burst and hung in the void like a crazy knife.

This sword wielding Lei Xiu has reached the level of Lei Hua's physical cultivation, which can't be underestimated.

And ye Chen's eyes were filled with an incomparably cold look.

This guy is too bullying! He was judged by his own conjecture, and he had to be expelled from here.

Judging from his strength, he is only half a step away from the realm of the heavenly king. As long as ye Chen works hard and wields the sword light, he can be killed at any time!

At the back of the dark ancient road, three or two figures have gradually appeared, which are Lei Xiu from the outside world.

Holding a knife, Lei Xiu was beside him. Another man grabbed him and whispered something.

The look of Lei Xiu with the knife changed for a moment, and he immediately took back the thunder crazy knife.

"Get out of here! Don't let me see you again."

Holding a knife, Lei Xiu immediately turned away and smiled gently at the top ten people who reached the finish line.

When did ye Chen receive such insults? It will break out immediately. Even if his identity is leaked today, he will kill this Liao.

But just when the reincarnation blood was about to explode, he was stopped by Lei Xiu with the sword.

The other party's status doesn't seem to be high. His armor is obviously much worn compared with other people, and his eyes are also a little vicissitudes.

"He is a member of the thunder god sect. If you resist him, you are contradicting the thunder god sect. It will be difficult to stay in the thunder god mountain in the future."

The sword wielding Lei Xiu patted Ye Chen on the shoulder and said something earnest.

"Young man, don't be impulsive in doing things! This white eye is nothing. Don't be like me. You'll lose your future by showing off your spirit. Only by concentrating on Cultivation and being strong enough to be fearless can you get the respect of others!"

He seemed to think of something in the past, with a look of pain in his eyes.

Seeing this, ye Chen took back the Longyuan Heavenly Sword that was about to burst out.

This sword wielding Lei Xiu seems to have experienced many unpleasant things before he became so miserable.

"His thunder foundation has been broken. If it is not broken, his talent should be very good!"

In Ye Chen's consciousness, the voice of chaotic Leidi came.

Ye Chen knew immediately.

This guy must have experienced some painful past that he didn't want to look back before he came to this point.

"Thank you for your advice. I remember."

After thinking for a while, ye Chen decided to stop temporarily and asked, "senior, are you a person of Tailei God?"

The sword wielding Lei Xiu smiled happily and replied, "you are a hero if you can bend and stretch. Take this token and try it. With your strength, you can't enter the thunder god sect for the time being."

"Remember, younger generation."

Ye Chen looked solemn and solemnly replied.

But soon he heard the sneer from a distance. It was the name of Lei Xiu with a knife!

"You call this waste a senior? Hehe, it's really a waste match! Hey, come here quickly. There's something else for you to do!"

The sword wielding Lei Xiu and the other two shouted at the sword wielding Lei Xiu.

Holding the sword, Lei Xiu struggled twice, still bit his teeth and walked over.

"Senior, may I know your name?" Ye Chen asked.

"My name is Ji Wuji."

"Good!"

Ye Chen also turned and left. It doesn't matter to him whether he enters Tailei God sect or not.

He wants leibei!

In his perception, he is getting closer and closer to leibei!

Ye Chen left this place and came to the real Tianlei mountain.

Sure enough, as the legend describes, Tianlei mountain is rolling and vast. When a storm blows, countless thunders respond and explode over the mountains.

At this time, Lei Xiu will go to the sky and receive the bath of violent thunder.

Ye Chen walked all the way to see the flowers, and also came to the noisy place. The audience was more leixiu talking and talking about the method of practice.

And his perception of the law of thunder and Taoism is getting deeper and deeper.

Listening to others' words will naturally contain some strange news and aspirations.

Just like this time, he heard a Lei Xiu make a slip of tongue after drinking in the tavern, saying that there is a sacred stone tablet in the Tai Lei sect, which can produce heaven thunder and help the true disciples of the Tai Lei sect complete the transformation of the invincible Lei body.

He also said that this is the fundamental reason why Tailei sect dominates Tianlei mountain.

But soon, he was beaten up by the disciples of Tailei God sect.

Ye Chen heard this in his heart. There are six rounds in his body, which can induce with the xuanbei.

If there is really a thunder tablet in the Tai Lei God sect, he should be able to sense it!

So ye Chen used the method of emptiness to mobilize the power of the virtual monument, integrated into his body, tore part of the space and came to the periphery of the sect of Tailei God.

However, after the desperate situation of death, ling'er seems to be still sleeping in the empty monument. I think, in the desperate situation of death, her injury is too serious.

Tailei Shenzong is the largest sect of Tianlei Shenshan. The sect gate is built with great atmosphere. The golden gate is at the foot of the mountain, and a road leading to heaven goes straight to the sky.

Chapter 7293

The outer wall was shocked by a thunder and protected the door. Even mosquitoes with large fingernails could not fly in.

It is said that Tai Lei Shenzong has occupied the blessed land of Tianze. This is the thickest place of Tianlei Shenshan.

When you enter the training center, your perception speed can be up to half faster than that outside!

Ye Chen integrated his body into the void and released half of his spiritual thoughts. From his overlooking perspective, clouds and fog floated and thunder light shone. The whole Tailei sect covers an extremely wide area and is completely isolated from other places.

He opened the reincarnation heavenly eye and explored some external situations. Judging from the intensity of Reiki, it is indeed richer than the outside world!

Ye Chen used the blood power of reincarnation, and a sea of blood appeared behind him.

In the sea of blood, many eyes emerged, which contained strong spiritual power.

Ye Chen's mind pierced through the sky and wanted to detect the secret.

However, before ye Chen completely penetrated his mind into the Tai Lei God sect, there was a roar of shock and roar.

"Who is it? Don't you want to live if you dare to spy on me!"

The voice of rage suddenly came, which shocked Ye Chen.

No, I was discovered by the strong man of the thunder god sect!

Ye Chen was immediately surprised, immediately took back his mind, and then ran away.

The power of reincarnation drove him in an instant and turned into a streamer!

However, his trace has been locked by an invisible God thought from the Tailei sect.

Soon, a streamer came out of the thunder protector array. It was extremely fast and burst out with the strongest thunder speed! In a trance, beyond the speed of light!

Ye Chen's heart is not good. He shows his blood and Qi and urges him to move forward.

He used the empty stele in his body and heard a loud noise, but his face changed the next moment.

Because he found that he could not use the power of reincarnation to open the virtual monument, as if an inexplicable force had imprisoned the void here and made it unable to exert its power.

"What!"

Ye Chen was shocked.

He didn't expect that the strong man of Tailei sect had such divine power. It seems that he was careless.

It's a close call now. If he gets caught by these guys, he doesn't know what will happen.

Ye Chen clenched her teeth, intending to stimulate the extreme of reincarnation blood and try her best to escape here.

At this time, several illusory thunder shadows had appeared about 100 meters away from him, surrounded by a layer of clouds.

"Hum, I don't know who you are. How dare you shoot me with your mind without authorization? Did you eat the bear heart and leopard courage?"

The voice was full of anger, like thunder, which spread all over the eight wastelands, and the whole sky trembled with it.

The other person seems to be a woman. Her voice is soft and flexible, but it contains a strong killing opportunity.

"No matter who it is, don't let it go. Take it back to the Pope's door for a good interrogation. There must be no mistakes at this critical time."

"Of course."

Said the low voice.

Even if separated by a layer of clouds, ye Chen can feel the terrible strength of the two people, which is definitely far more than the current him!

What's more, he has now fallen into the trap of thunder, and no matter how much struggle is useless.

Ye Chen is rapidly thinking about countermeasures. If reincarnation blood doesn't work, he will take out the integration technology of the mother sword of all things and the crown of thorns, and forcibly break the blockade here.

"It's not too late to take him down. First crush the spiritual pulse of the whole body."

The woman's voice sounded very moving, but her words were very vicious.

Rao was determined by Ye Chen. At this time, he couldn't help trembling all over.

The basis of his survival is reincarnation. If he is forcibly crushed, I'm afraid it will have an irreversible impact.

At this point, ye Chen has taken out the mother sword formula of all things from the reincarnation cemetery. Suddenly, the vast sword light drifted out and condensed the clouds here temporarily.

"Oh?" the woman outside was a little surprised. "It's actually a double cultivation of sword and thunder. Haven't you stepped into the thunder path long? Hehe, let's see what the real Lei Xiu is!"

Boom!

The thunder all over the sky seems to have been summoned and rushed madly. It can't stop the momentum of attack at all.

Ye chenqiang clenched his teeth and was ready to force against these thunder.

But sooner or later, a misty purple thunder fell from the sky, which was extremely abrupt and unexpected.

The purple thunder rolled Ye Chen's body and immediately crushed all the restrictions of the void!

Ye Chen doesn't know who helped him, but his reaction ability is very fast. He immediately seizes the opportunity, forcibly urges the reincarnation blood, opens the virtual monument, and escapes from the crack of the void under the guidance of the purple divine thunder.

"No!"

The two of the Tai Lei God sect thought they had a winning ticket, so they relaxed. Unexpectedly, they were exploited by the mysterious man.

When they reacted, ye Chen had disappeared.

In the sky above the God of thunder, there was a roar of thunder. It was the anger of the elder of God thunder.

.....

Ye Chen borrowed the empty stele and fled to another boundary. In front of him, the purple thunder also completely lost its function and gradually dissipated.

He breathed a sigh of relief and congratulated himself. It seems that he can't act rashly in the future. He has to find out the strength of the other party first.

After calming down, ye Chen looked at the surrounding environment. Here is a quiet mountain forest, and a stone gate stands here, quiet and leisurely.

At this time, behind the stone gate, a tall figure came out.

"Young master Ye! We meet again!"

The man gave a hearty laugh.

Ye Chen was shocked when he looked at it.

"Flying Thunder God? Why are you here?"

In front of him, he is one of the Twelve Gods under the supreme daughter: Flying Thunder God.

Flying Thunder God is still the same as before. He is tall, burly and strong. He looks like a giant crossing the wasteland. He exudes a powerful and domineering spirit.

He had met with the virtual shadow of flying Thunder God. At that time, he was in a holy mountain, and ye Chen also captured the cause and effect between flying Thunder God and heavenly prison God Emperor.

I didn't expect to meet under such circumstances.

This time, ye Chen was even more surprised that it was the body of flying Thunder God, not the virtual shadow.

Flying thunder god Zun is smiling. There is an unspeakable cause and effect between him and ye Chen, which is also one of fate.

"Ha ha, to tell you the truth, this time the heavenly lady sent me!"

The flying thunder Master immediately said the purpose of this trip. Ye Chen was not surprised when he heard the speech.

If it weren't for the dispute between the supreme daughter and herself, I'm afraid the Twelve Gods wouldn't do their best to help him.

The flying thunder venerable continued to smile and said, "Mr. Ye, last time I talked to you through a faint shadow, and this time, I came in person. I want to ask you if you are willing to join the wasteland thunder temple? Even if you are a sacrifice!"

Chapter 7294

After hearing this, ye Chen immediately couldn't laugh or cry. The flying thunder Master was really persistent. He had asked last time. After he politely refused, he continued to ask.

"To tell you the truth, there are too many fatalistic feelings and grudges in my reincarnation cause and effect. No sect can accommodate my giant Buddha. Otherwise, I may be involved and even suffer the disaster of extermination!"

Ye Chen shook her head and refused directly.

He doesn't know his situation and can't bring disaster to his partners or friends.

If you want to fight against the heavens, he will go up alone! It won't involve too many other things.

What's more, he doesn't want to be bound by flying Thunder God. He likes to be unrestrained and carefree, but he doesn't want to be supervised!

Reincarnation blood is the top blood in this world. No one is fully qualified to surpass it.

Seeing this, flying thunder god sighed and looked a little disappointed.

But on second thought, even the heavenly prison God Emperor and Wolong God failed to pull Ye Chen into the camp. It is understandable that he failed.

"Flying Thunder God, thank you for saving me! But I'm a little strange. Why did they find out that I hid the power of reincarnation very well?"

Ye Chen has some doubts. According to reason, his reincarnation power is extremely secret. Unless there is a great God, any extraordinary strong person here may feel it.

But other strong people are determined not to feel his existence!

"Young master ye, you haven't been here for a long time. You may not know that the sky belongs to the thunder god sect! Moreover, they set up a thunder array on the sky and hid it very well. You can't find it when you first arrive!"

Flying thunder god Zun said that he had been here for some time. Naturally, he understood the things of Tailei God very clearly.

i see!

Ye Chen suddenly.

In this way, he is equal to exercising reincarnation under the eyes of the elders of Tianlei Shenzong. It's strange not to be found!

"Is the invisible thunder array so terrible? I didn't even notice it."

Ye Chen shook her head and sighed.

Flying thunder god Zun explained: "it's a large array left over from ancient times. People of Tailei God sect can only exert part of its power, but these are enough to place the whole sect door under the thunder array, isolate it from the outside world and form a more abundant cultivation space. This is also one of the reasons why many Lei practitioners want to enter Tailei God sect!"

The flying Thunder God is one of the Twelve Gods in ancient times. He is the servant of the supreme daughter of heaven and the great power of the lower world. He has the background of the ancient gods and his strength is very good.

His conclusion is basically correct.

"Young master ye, let's go back to the wasteland thunder hall first!"

"Oh? Is there a branch Hall of the wasteland thunder temple here?"

Ye Chen was a little surprised.

Flying thunder god nodded.

"Of course! Lord tiannv sent me here. In addition to helping you, I also want to establish a sect that can gain a foothold in Tianlei mountain."

When the flying Thunder God's respect is up to now, it's hard to tell other secrets.

Ye Chen didn't investigate deeply. He knew that it was related to the layout of the heavenly daughter and wouldn't reveal too much to himself.

Then ye Chen followed the flying Thunder God to the wasteland thunder hall.

The wasteland thunder hall here has not yet formed a large scale. At this time, hundreds of disciples are sitting in the square in front of the temple to practice.

"These are the disciples I recruited. There was no big publicity in the initial stage."

Flying thunder god Zun smiled.

Ye Chen thinks it's nothing. After all, flying Thunder God has a mission! Don't be too public.

"The five element star ring given to me by my predecessors has played a great role!"

Ye Chen remembered that a long time ago, the flying Thunder God had dropped a virtual shadow and wanted to take himself as a disciple.

But he finally didn't agree. Flying Thunder God didn't care, but sent a source soldier to himself.

The five element star ring is like a golden wheel. It can easily kill the enemy. It is a sharp weapon like a hemp.

At that time, such a magic weapon was a rare good weapon for ye Chen!

Although there were many cracks in the star ring, it still played a role later.

This time, the flying Thunder God came to Tianlei mountain and established a sect. He stayed dormant for a long time. It must be not only because of himself, but also because the supreme goddess may have a more exquisite layout.

That woman has a deep mind. Even Ren extraordinary of the same race can't guess what's on her mind.

Ye Chen thinks that he is not the opponent of the heavenly daughter, and he and Ren are especially on one side.

Even now, God takes him as the core of the pig raising plan and takes good care of him, he knows that both sides are ultimately driven by interests. In the end, they will turn over and become sworn enemies.

Therefore, ye Chen has been avoiding some situation and doesn't want to get involved with the heavenly cause and effect with the supreme daughter and her faction.

Otherwise, you can't get rid of it at that time!

Flying Thunder God did not know that ye Chen flashed so many thoughts in his mind in a short moment.

He took Ye Chen to the top of a mountain. The next day, there was a long distance from the main peak of Raytheon mountain. When he looked at it, he was hazy and could not really see it.

"Have you noticed the fluctuation of reincarnation xuanbei?" flying thunder god Zun suddenly asked.

Ye Chen was stunned. He was surprised that flying thunder god Zun knew the purpose of his trip!

Chapter 7295

"Don't be surprised, these are all divined by Lord tiannv. I don't have the ability to wait for the sky! But Lord tiannv asked me to tell you that what you want should be among the Tailei God sect and regarded as the treasure of Zhenzong."

Flying thunder god Zun's eyes were deep. He looked in the direction of Tailei God sect. Deep in his eyes, it seemed that there were some unspeakable secrets.

Ye Chen didn't deny it.

"Yes, I'm really here to find the thunder tablet in the xuanbei of reincarnation, so as to enhance the strength of reincarnation blood. Can you tell me what's the situation of taileishen sect?"

"Of course."

Immediately, flying thunder god Zun repeated all the things he knew.

The most powerful force of Tianlei Shenfeng is Tailei Shenzong. It is said that it has been inherited from Taigu. It once guarded Tiandao thunder robbery, and then Tiandao left, but this place is still the holy land of Lei Xiu.

Therefore, there are many powerful leixiu left here to serve as elders or worship in the Tailei God sect.

However, with the passage of time, the reputation of Tianlei mountain in Lei Xiu group has become more and more famous over the years. Although Tailei Shenzong is still a dominant family, other sects have sprung up and won a place in this Tianlei mountain.

The barren thunder hall here is a small sect at best!

Of course, this is also the result that flying thunder god Zun doesn't want to expand rapidly. As long as he shows real strength and waves with the help of the resources of the world, thousands of Lei Xiu want to enter the wasteland thunder hall!

"Mr. Ye, before I came here, the heavenly daughter didn't say those words clearly to me, so I can only guess that what you want is in the Thor sect! But if you want to confirm, you need to go in and explore it yourself!"

Flying Thunder God is forthright and not good at lying. In addition, he has a good impression of Ye Chen in the previous two times, so he didn't hide some lies.

Ye Chen didn't feel strange when he heard the speech.

Instead, I am extremely grateful.

It is almost certain that the thunder tablet is hidden in the thunder god sect.

If you want to determine whether it is really a Lei stele, you need to enter the Tai Lei God sect to confirm it.

"In that case, I'd like to enter the Tai Lei God sect to have a look, but it shouldn't be so easy to enter the Tai Lei God sect."

Ye Chen thought and said what had happened to him, but ye Chen didn't say it. He got the three lotus flowers when crossing the Tianlei ancient road.

He doesn't know much about Tianlei ancient road, so it's better to be careful.

However, the flying Thunder God was greatly surprised when he heard the speech.

"Tianlei ancient road? That's the supreme Shinto passed down from ancient times. There were two Lei emperors in that ancient road, both of whom are arbitrary figures in the star domain for thousands of years!"

The God of flying thunder knows some secrets and rumors of the ancient Tianlei road. In that very distant era, this ancient Tianlei road was a divine object admired and pursued by countless people.

At that time, the mainstream of the cultivation of the heavens was not sword cultivation, nor physical cultivation, but thunder cultivation!

At that time, Lei Xiu was strong for a time and occupied almost half of the world of the heavens.

The main reason is that Lei Xiu produced two supreme Lei emperors, who almost unified the world and ordered the heroes in the world.

But this is an ancient past. It's not worth mentioning today.

Today's Lei Xiu is just one of many cultivation systems, which is not so brilliant. Most Lei Xiu are gathered near the area of Lei Shen mountain on this day.

If all the flowers are in full bloom and cross the heavens, how can it be the turn of the Tailei family to dominate.

"Elder, how can I enter the thunder god sect? Before I came here, some people said that my strength was not enough to enter the thunder god sect."

He didn't tell Lei Xiu that he was making trouble for himself with a knife. It's better to keep this little revenge later. There's no need to mention it now.

When flying thunder god Zun heard Ye Chen say so, he closed his eyes and meditated for a long time.

"If you really want to find out, you have to enter it first. Just seven days later, Tailei God sect will hold the inauguration meeting of the sect leader. The new sect will be at the helm. When the celebration begins, it will be open to the sect gate of Tianlei god mountain!"

"Then you can go in and find out!"

Ye Chen heard the speech and thought it was also a good way.

He talked with Tianlei shenzun for half an incense. They deliberately avoided the causal cycle they talked about.

The master of flying thunder can't drag out all the things explained by the supreme daughter, and Ye Chen can't completely trust him, so both sides have reservations.

Under the arrangement of flying Thunder God, he lived in the wasteland thunder hall. In the evening, the night came, and there was a trace of silence here.

Ye Chen feels the reincarnation power in his body and circulates again and again. The three thunder lotus plants in his body appear a little strange.

Ye Chen suddenly felt curious. These three thunder god pearl lotus were taken from Tianlei ancient road.

At that time, before he used any strength, the three divine lotus became armor and parasitized on his surface.

Under careful feeling, ye Chen can feel the surging thunder power contained in it.

Is this the adventure brought by the Lord of samsara?

Ye Chen watched attentively. He used his mind to approach the thunder and refined it slowly step by step. During this period, he was free from any obstacles and was as comfortable and natural as clouds and flowing water.

Ye Chen didn't see that his body glowed faintly in the dark and lingered like a phoenix bathing in fire.

"Get up!"

Ye Chen suddenly opened his eyes. His whole body was filled with incomparably strong thunder power. It was powerful and glittering. It was like a divine fetus, glittering and translucent like jade.

The three sacred lotus plants gradually melted, sometimes transformed into armor, and sometimes turned into a long sword. The trace is elusive.

The thunder swam in his body, with all kinds of power, which almost penetrated the mountain.

However, at the last moment, ye Chen forcibly pressed down the thunder breath that was about to burst out, and did not make it spread.

However, the residual power of the thunder could not be dissipated. It condensed into a flickering thunder frost, which immediately smashed through two mountains and made many thunder beasts flee in panic.

Not only the thunder beast, but also the disciples of the wasteland thunder hall were disturbed and came out to check the situation.

"What happened? Did the wild thunder beast come again? We didn't touch its offspring!"

"No, you think too much! That's the thunder road coming, someone broke through!"

"I don't know who it is! This is the barren thunder hall."

Flying thunder Master was practicing in the back mountain, feeling the thunder way, but he was suddenly awakened by a mighty momentum.

He hurried out to check, but found that it was the place where ye Chen was, blooming with thunder.

Is this guy's strength or physique breaking through again?

Chapter 7296

The thunder Master was also stunned. Until he saw Ye Chen wrapped in thunder, he confirmed that this guy understood the supreme way of heaven thunder.

Suddenly, his mind trembled and he couldn't speak for a moment.

Such a vast atmosphere is far beyond the reach of ordinary people!

And look at his nature.

In the thunder, ye Chen's body is suffering from the counterattack of Tianlei. He didn't expect that the clever thunder has learned to resist.

Nine thunders rolled in his air sea, forming faintly, with electric light flowing, mixed with light and haze of various colors.

Those thunders, like duckweed, floated around, bumped and broken, and finally melted into the thunder light, making the nine thunder crossings more and more powerful.

Ye Chen sat quietly, as if there were nine thunder volcanoes about to erupt in his body.

The nine thunder volcanoes slowly took shape and outlined a void black hole above his head. The force of thunder reached here.

"This is thunder nine cave sky!"

The thunder Master was completely shocked.

In any case, he didn't expect that ye Chen, who had just stepped into the way of Lei Xiu, had realized the nine holes of thunder!

After entering this road, any Lei Xiu will condense the cave in his body.

The so-called cave heaven can be absorbed, transformed and even stored together with the Dantian sea of Qi. It can also drive thunder and ward off evil spirits and serve as a cave for cultivation.

Several elders of the barren thunder hall recognized the vision on Ye Chen's head and immediately screamed, because it was too frightening.

It's said that there are nine caves, but when Lei Xiu's talent potential reaches the top, there will be nine caves!

Those who can get out of the eight caves are unparalleled talents.

Since the development of leixiu for thousands of years from ancient times, only two people have bloomed the eight cave sky!

Both of them eventually passed through the ancient Tianlei Road, grew into the supreme Lei Xiu, and became legends of the great emperor,

At that time, they joined hands and almost unified the heavens. The world met, which was very huge.

Only those who have trained the eight caves can have the qualification to become emperors.

Ye Chen shows such a vision! Obviously, there is a trend of becoming emperor.

As soon as he read this, the flying thunder Master took a breath of cool air, and his heart suddenly became vigilant. He must first tell the fairy goddess the news.

The nine caves seem to be real caves, blending with the whole Lei Di, almost like the confluence of heaven and earth.

The disciples of Huanglei hall were very surprised. They also saw this guy in the daytime, but they quickly moved away after glancing at him.

A low-level Lei Xiu has nothing to pay attention to.

Now they are shocked by the talent shown by the low-level leixiu!

For Lei Xiu, it is very difficult to condense the five caves. Only atmospheric transporters can reach them.

Not to mention the nine caves, it's not human.

These low-level Lei Xiu don't understand the meaning of the nine caves, but flying thunder god Zun knows it very well!

"Lei Xiu has different strengths and talents. There are all kinds of Lei Xiu in the world. It can be said that no Lei Xiu can reach the peak in all thunder fields!"

Flying thunder god muttered to himself, and he hasn't recovered from the shock.

In those years, the two Leidi dominated the nine heaven and ten earth, crisscrossed the ten thousand boundaries of the heavens, and only opened eight caves.

There is no one to reach the legendary nine cave sky. That's just the realm that exists in the legend!

If someone can reach the nine cave sky, it will be the first Lei Xiu in the ages!

Among the endless thunder, the glow is thin. The thunder turns into a long river and hides in the void. The mysterious symbols flicker and turn into a thunder volcano. It flourishes and reflects the ups and downs of thousands of years. The scene is very spectacular.

However, such a scene limited the scope, and only the people of Huanglei hall could see it.

After about half an hour, ye Chen finally completed the evolution of thunder, and the nine cave days gradually subsided.

"Listen, no one can reveal what you see today!"

Flying thunder god Zun turned around and looked coldly at hundreds of disciples in the sect.

He doesn't want to divulge today's matter. He needs to report it to the lady of heaven at the first time, and she will make a decision.

Thinking like this, with a wave of the palm of flying Thunder God and the power of thunder between his fingers, he wound out and blocked the field here.

This is to help Ye Chen hide his breath in case people of other sects find such a monstrous vision.

I'm afraid Ye Chen didn't want others to find out, so he suppressed the shocking momentum generated by the nine caves. Otherwise, with the power of the nine caves, where would he only destroy the two peaks?

Even mountains with a radius of thousands of miles may be completely collapsed and no longer exist!

In the thunder cave, ye Chen's body surface gradually returned to normal.

His consciousness gradually separated from the nine caves and returned to the noumenon. When he opened his eyes, there was a visible thunder flash, swallowing and drowning the void in front of him. The thunder force was very powerful.

Ye Chengang wanted to ask chaotic thunder emperor what the nine caves are. Unexpectedly, chaotic thunder emperor took the lead in opening his mouth.

His spirit emerged, floating and hanging, and his eyes as deep as thunder became extremely complex.

"It seems that I still underestimated you, or that I have always overestimated myself."

Chaotic Leidi sighed, wondering what kind of complex taste was in his heart.

Chapter 7297

Since his birth, chaotic thunder emperor has always been one of the strongest thunder friars, and he was born between the origin of heaven and earth. He has the supreme power of chaos. Without much practice, he can reach a height that most thunder friars can't reach.

With his talent, he passed the most comfortable beginning of chaos, and defeated many strong men of the same level during this period.

Later, chaotic Leidi felt that the ancient times were too boring, so he chose to sleep. When he woke up, he had entered the ancient middle of the struggle for hegemony. Fu Xi and later Hongjun ancestors gradually dominated the world.

And their group of early strong men born in Hongmeng chaos gradually lost their hegemony.

Not only him, but also the five sons of chaos. They thought they had great talent and were taken care of by Hongmeng, so they acted recklessly and didn't want to make progress.

When I really entered the ancient times, I realized that my strength was far from enough, and I was beaten by a group of overlords.

In the end, we can only place a wisp of spirit in the reincarnation cemetery and pray for change.

He came out of Hongmeng and brought his own thunder repair system founded by the way of heaven, which can be called the first thunder repair in the world.

However, his existence is too old for future generations to know his information. Therefore, they do not know that Lei Xiu with nine thunder caves did appear in the world of the heavens.

"The nine thunder caves you opened up are the most powerful talent of Lei Xiu. They have nothing to do with strength or experience. They have something to do with Qi luck. You are an atmospheric transporter!"

"For thousands of years, there has never been nine days Lei Xiu! Your talent in Lei Dao can be regarded as the second person since the beginning of the world."

Chaotic thunder emperor said with a solemn look. He can foresee that ye Chen is destined to shine in the world with thunder in the future.

After hearing these words, ye Chen was stunned.

He knew that the nine thunder caves were not simple, but he never thought they would be so scarce.

"This..." Ye Chen couldn't help asking, "who is the first person?"

Chaotic Leidi smiled bitterly.

Ye Chen immediately understood that the first person was the chaotic thunder emperor in front of him!
I can't help sighing.

This chaotic Leidi is one of the five sons of chaos in ancient times. It represents the ultimate power of Hongmeng. It has always been at the top of the world. Even the spirit enters the reincarnation cemetery and maintains a high attitude.

Perhaps this is one of the reasons why they disappeared in the long river of history. They are too self-conscious, unwilling to put down their body shape, and unwilling to contact the martial arts of other Taoism, so they will gradually wither.

Chaotic thunder Emperor didn't want to talk about the past, but let Ye Chen relax his mind, and he explored a chaotic thunder and explored the nine caves in Ye Chen's body.

Those nine caves are the basis of Ye Chen's later practice of thunder. Other people may only have two or three caves, which can absorb thunder and transform it into their own thunder power.

Ye Chen's nine caves can work with all his strength to help him cultivate. The speed is more than ten million times that of others.

One more cave, the cultivation speed of Lei Dao will be ten thousand times faster!

Such a talent, you can imagine how terrible it is.

Moreover, chaotic thunder emperor once contacted Ye Chen's spiritual thoughts and knew all he had experienced in the past.

Ye Chen not only has great luck, but also has great perseverance. His heart is like steel and tenacious.

It has to be said that it meets all the conditions of emperor Cheng.

Chaotic Leidi can almost conclude that he will witness the slow rise of a great emperor.

"OK! Now I'll tell you what the nine caves really mean!"

Chaotic thunder emperor decided that he would tell Ye Chen his experience in thunder cultivation since ancient times and the secrets he knew, which could be regarded as training a successor.

Ye Chen closed his eyes, the spirit was still open, and then an extremely strong golden thunder spread out from the eyebrows of the chaotic God Emperor.

The golden thunder, which embodies the essence of ancient times, is not even accessible to the two eight hole heavens.

Ye Chen, without reservation, integrated the golden thunder into his body.

In his mind, there are many mysterious and ancient information, which still needs time to digest gradually.

After doing this, chaotic Leidi looked a little tired and went back to the reincarnation cemetery to have a rest.

Ye Chen divided a divine thought and told flying thunder god Zun that he still needs a breakthrough! The area where he is can be closed as a restricted area.

In this way, six days passed.

Ye Chen finally absorbed the wisp of thought passed by the chaotic thunder emperor. When the thunder gushed out of the whole person again, it became different.

The thunder he summoned can change colors, light to transparent and deep to sea blue.

In short, he condensed the thunder to the extreme.

Of course, there is no lack of the help of inheritance!

The golden thunder seal summoned by the chaotic thunder emperor makes Ye Chen familiar with ancient and modern things. From the beginning of Hongmeng, the opening of heaven and earth, the birth of thunder, to the rampant practice of thunder, to the decline of today, they are hidden in it and follow the flow of all ages.

Of course, he also knew the meaning of the nine cave heaven he practiced.

That is the supreme existence in the Lei Xiu system!

If there are no accidents and grow up safely, ye Chen will become the most powerful Lei Xiu in the world.

If we can integrate the power of thunder and reincarnation blood, and jointly take charge of Tiandao thunder and six reincarnation, what kind of state will it reach?

Ye Chen has a faint expectation in her heart.

At this time, a wisp of his mind fluctuated and made the old token on his chest react.

The token also flickered with thunder light, but the thunder light was red and very strange and bright.

Ye Chen recognized it. This red thunder light is also a inheritance!

He accepted the thunder light and entered his consciousness. When he learned the information, he was a little surprised!

Because this is the name plate of Tianyang leizong!

He absorbed this nameplate and became the leader of the new generation of Tianyang leizong!

But what kind of existence is Tianyang leizong? Ye Chen still doesn't know.

After the red thunder entered his consciousness, it turned into three light groups. Ye Chen picked up a light group from among them and selected a secret script.

"Nine turn thunder Jue body."

This is a secret method that only the descendants of Tianyang leizong can cultivate. When they reach the peak, they can rely on the body of lightning to fight against the emperor and ancestors without losing the wind!

Ye Chen drew another ring from the glittering light.

The ring is swarthy black, but there are thunder lines on the surface. It creeps on it, which is extremely realistic.

Moreover, the thunder on the ring surrounded the line and worshipped the purple beads in the center.

Chapter 7298

"Yulei Tianxuan ring!"

Ye Chen knew the name of this ring from the consciousness inherited there.

The last light mass was suspended with an object that ye Chen couldn't understand.

That thing is like a trident cone, but it is extremely strong, long and strong, and the three spikes almost come together quickly, showing a curved arc at the tip.

It looks like a long gun.

Like a cone, not a cone, like a gun, not a gun!

Ye Chen took out this seemingly ordinary weapon, watched it carefully, and then found that it could be included in the reincarnation cemetery.

These things will be studied slowly later when he has time. Now his main purpose is to blend in with the Tailei God sect and inquire about the reincarnation thunder monument.

Seven days have come. The next day is the time for the opening of tarrell sect.

The re selection of the leader of Tailei Shenzong is a great event in Tianlei Shenshan. Ordinary people can't enter it easily.

All entrants need vouchers!

Tai Lei Shen Zong invited the major forces of Tianlei Shenshan, as well as many powerful casual practitioners, as well as the talents of the younger generation, in order to let many Lei Xiu witness the appointment of the youngest patriarch!

After this kind of news was released, many people smelled an unusual smell.

With the mentality of watching the excitement, many people have arrived at the tarpaulin sect ahead of schedule the night before.

Those who have not received the invitation cannot participate!

Each of the ten sects of Tianlei mountain can only bring a limited number of places.

In this regard, ye Chen went to discuss with flying Thunder God to see if he could get a place for him.

"Easy to handle! I once helped the leader of Jiulei temple. She still owes me a favor. Let her return it this time."

Flying thunder god Zun said with a smile, waved his hand and didn't care. He didn't mention Ye Chen's breakthrough in the nine holes.

Sometimes it's enough for everyone to know.

On that day, ye Chen came to Jiulei temple with flying Thunder God.

Jiulei temple is one of the top ten forces in Tianlei mountain, and it is also a sect that comes from behind.

Among the nine thunder palaces, most of them are female Lei Xiu. The patriarch Yi Weihuan is also a high-level Lei Xiu, ranking among the top ten in Tianlei mountain.

Jiulei temple is also located in a thunder vein. Although it is not as powerful as the thunder of Tailei sect, it is also much stronger than the outside world.

When ye Chen entered the boundary of the gate, he found that there was a unique cave inside. Layers of peaks rose from the ground, scattered and beautiful, and on the peaks, there were groups of palaces.

The disciples of Jiulei temple are all dressed in uniform blue and white skirts and robes. They are based on plain white and added with blue thunder array pattern.

The power of thunder flickered all over the sky. From time to time, you can hear the cheers of those female disciples.

This place is somewhat similar to Jianjia sword school. The difference between Jianjia sword school and Jianjia sword school lies in the separation of men and women.

Most of the male disciples entering Jiulei temple have mediocre qualifications and can't stand out, so the training resources allocated are also poor.

Ye Chen walked all the way to the highest palace.

On the lotus platform, a dignified woman in a plain white house robe was sitting and practicing.

That's the leader of Jiulei temple. Yi Weihan!

"Lord Yi, I'm afraid the old man came here today to disturb your cleaning!"

Flying thunder god Zun laughed and walked out.

Yi Weihan opened his eyes and a faint smile appeared on his face.

"The presence of the Lord of God here makes the nine thunder Temple shine. Where can it be called disturbance!"

Yi Weihan and flying thunder god Zun immediately talked.

The two entered the hall and sat down and talked. Ye Chen followed silently all the way without making a sound.

After a circle, Fei Lei Shen Zun said that ye Chen was the son of one of his old friends. This time, he wanted to go to the inauguration ceremony of Tai Lei Shen sect and see the world. I hope Yi Weihan can take him with him.

"Of course not."

Yi Weihan's eyes turned, stayed on Ye Chen for a moment, and then moved away.

"Then thank Lord Yi!"

Flying thunder god Zun whispered to Ye Chen and told him to put safety first in everything, so he left.

Ye Chen is neither arrogant nor impetuous. He is neither timid nor arrogant. Instead, he listens to Yi Weihan's arrangement and comes to a mountain peak.

Before he came here, he continued to hide his accomplishments and was still a low-level Lei Xiu.

However, it is better than before, and can barely reach the entry stage.

Before he got Lei Bei, his choice was to be able to gou and not let too many people notice him.

Yi Weihan sent someone to arrange him in a miscellaneous house made of wood at will, and then he didn't ask.

Seeing that ye Chen's accomplishments were not as high as his own, the factotum disciple pointed out his residence for him, then turned away and left.

Ye Chen smiled and didn't care too much.

The world is fickle.

Once a person has strength and faces the heavens, he will be sought after by thousands of ways and worshipped by hundreds of millions of people.

But if you have no strength, you can only be bullied! Wherever you go, you suffer cold eyes.

Of course, more people don't care.

Who cares about a mole ant crawling on the ground?

He has nothing else to do now. As soon as he has free time, he meditates and practices, temper his body and understand the Tao of reincarnation.

By the way, I study the desperate situation of death, but I don't have much clue. It's better to practice.

But not long after he fell into this state, he was interrupted.

Chapter 7299

There is a beautiful shadow in the bamboo forest of the mountain. She is wearing a luxurious white skirt, with long hair, delicate eyebrows and eyes, snow skin, peach blossom eyes and clear spring eyes. She is a rare beauty!

After she came to the bamboo forest, she began to use the thunder method and summoned a lot of thunder power.

She gathered the thunder in the palm of her hand and manipulated it with five fingers. The slender thunder must pass through the dense bamboo forest without damaging a branch or a leaf. Only when it returns safely can it be considered successful.

The woman in white shook her jade arm, and the thunder in the palm of her hand rushed out quickly. She walked forward at a very fast speed, turned seven and twisted eight, quickly crossed the gap between the woods, formed a curve and shuttled back!

Seeing this, ye Chen in the wooden house nodded.

With his nine cave talent, he can easily see through the ways of the woman in white.

The strength of the woman in white is really good, but the manipulation is still one point away from perfection.

After a few eyes, ye Chen returned to his bed.

But at this time, a cold voice came from outside.

"Come out."

Ye Chen opened her eyes and was stunned.

"Didn't you hear the saint call you out?"

Thunder and lightning suddenly hit Ye Chen sitting on the bed through the window.

Ye Chen reacted in an instant and fled here almost in an instant. His body flashed and stood in the middle of the sky.

The wooden house where he was located was shattered by thunder without leaving any trace.

"Why hide here and peek?"

The woman in white raised her eyes and looked coldly at Ye Chen.

Ye Chen is confused!

When the woman disagreed, she released the thunder. If the person who reacted slowly, I'm afraid she had been seriously injured at this time.

It can be seen that this woman's action is of no importance, all by joy, anger, sorrow and joy!

"I'm in there to have a good rest. What's the matter with you?"

Ye Chen was also angry, and immediately retorted.

When the woman in white heard the speech, she was stunned for the first time.

She really didn't expect that someone dared to refute her in public in the nine thunder temple!

"You want to die!"

The woman in white immediately became angry from her heart. Her jade fingers spread out, and there was thunder jumping between her five fingers, which soon condensed into a solid thunder light with a grinding plate.

When ye Chen saw this, his eyes could not help but coagulate!

The woman in white is killing him!

At this point, his heart also filled with a sense of killing.

Just when the woman in white was about to start, a streamer flashed from the sky, preventing the two from fighting!

"It's all our own people. Don't do it!"

It was the factotum disciple who came. After he left, he found that thunder appeared on the mountain where Ye Chen was located. He rushed back immediately. Fortunately, he avoided a misunderstanding.

The woman in white is Yang Yuexi, the saint of Jiulei temple. She is cold and aloof. When she heard that Ye Chen will go to the ceremony of Tailei sect with the nine most outstanding people of the sect, she couldn't help laughing.

"What a cat and dog can play! If it's not for this relationship, what qualifications do you have to join us?"

Yang Yuexi's sarcasm was not disguised and was reflected in his words.

But after hearing Ye Chen's background, she also gave up her plan to do it.

The other party was introduced by flying Thunder God. If you hit him seriously, flying Thunder God will come to ask for advice, and there will be a lot of trouble at that time.

After all, the strength of flying Thunder God is not weak. Even the patriarch doesn't want to offend him easily.

At this point, Yang Yuexi took back the thunder light.

"Since you want to go with us, please stay at the end of the line and don't make a noise easily, so as not to lose the face of our nine thunder temple!"

Yang Yuexi said impolitely, condescending like an elder giving orders.

"Why should I listen to you?"

Ye Chen is extremely unhappy. He comes to the nine thunder god sect to live temporarily. It's just an exchange of interests. It doesn't mean that he wants to be respectful to the saint of the sect.

Even if the patriarch annoys him, he will make a big noise. If it's a big deal, he will leave. Who can control him?

The smile on Yang Yuexi's face was even more ironic.

"A capable maniac is called domineering, and a incompetent maniac is called stupid! If you have the talent and courage of the Lord of reincarnation, even if you let this Saint be a cow and a horse, this saint will never say no!"

Yang Yuexi said firmly.

Hearing this, ye Chen was stunned for a moment.

Yang Yuexi's disdain became stronger when he saw his appearance.

"Why should I compare you with the Lord of reincarnation? He is the most outstanding genius in heaven and earth. In the future, he must rule the six ways and control the heaven and the world! That is the only person in the world who can be admired by this saint!"

Yang Yuexi continued, and ye Chen's eyes were strange and couldn't help asking.

"Have you ever seen the Lord of reincarnation?"

This sentence immediately stopped Yang Yuexi, almost abruptly.

"Have you seen it? What does it have to do with you? You'd better worry about yourself. Don't make a fool of yourself at the meeting at that time. It's all the face of our Jiulei temple!"

With these words, Yang Yuexi turned and left.

Ye Chenpo was a little embarrassed.

This place is somewhat out of touch with foreign countries. I don't know myself, but it's normal to have heard of myself.

If Yang Yuexi found out the truth, what kind of expression would it be?

Ye Chen is considering when to restore her true identity. At that time, you can focus on observing her expression.

.....

The next day, Yi Weihang and several powerful elders sat on the Wind Eagle beast and flew on their way. The ten disciples they were selected were flying against thunder and rushed to Tailei God sect.

Ye Chen also flew with them to resist the thunder, but his technique was a little strange. The thunder clouds condensed were faint and unstable.

Therefore, it also attracted the laughter of several people.

After flying for two hours, they finally saw the shining Thunder Mountain.

Today, Tailei Shenzong opened half of the clan protection array, and the rolling thunder force flowing in it steams out like Zixia. Friars near here can cross their knees to practice and seize this rare opportunity even if they can't enter Tailei sect.

The thunder beasts in the mountain forest also knew that it was a chance and found a place to make a breakthrough. For a time, several high-grade thunder beasts were born nearby.

Further away, there was also streamer, and people from other sects arrived.

In addition to the people who opened the ten main doors, many strong casual practitioners were also invited. Ye Chen roughly calculated that there were only more than a thousand people who came to this Inauguration Ceremony!

And these people are elites with extraordinary strength.

After entering it, ye Chen felt the luxury and grandeur of the Tailei God sect, the largest sect in Tianlei mountain, and the spiritual power contained in it was far from comparable to that in other places.

Chapter 7300

Moreover, the palace complex is very magnificent and far away, which complements the landscape waterfalls, forming an ink splashing ancient painting with a long artistic conception.

However, on the dome of the sect, there are more endless thunder, emitting rolling divine power!

Ye Chen followed Yi Weihang and others to the palace on the main peak. It was built very wide. The ground was made of divine stones mined from the mine.

As soon as I stepped on it, I felt the power of thunder from the soles of my feet to my whole body, which made me feel comfortable and relaxed.

At this time, many people have gathered in the square of the main peak. The consuls of various sects sit high and talk and laugh, and their accompanying disciples are to find their own seats.

Ye Chen came to a corner and sat down safely.

After what happened last time, he didn't open the power of reincarnation at will, but looked around and looked at the door.

After walking around the mountain here, ye Chen didn't find any trace of Lei stele!

But a kind of intuition told him that leibei was right here!

He patiently returned to the main hall square, and at this time, the inauguration ceremony had begun.

With the narratives of the people of the Tai Lei God sect, they gradually know what happened before!

The last patriarch entered the deep mountains of Tianlei mountain, took the thunder fruit and fought with the guardian beast for three days and nights.

Finally, he killed him at the cost of serious injury and got the divine fruit. Before he could take it, he died!

A powerful Lei Xiu fell here.

The newly appointed patriarch is the son of the previous old patriarch. He is also a genius for practicing thunder.

But only a few people know that the new patriarch at this time is actually just a puppet under the two old hands of xuanming.

The xuanming two elders of the Tai Lei God sect refer to two people sitting on both sides of the sect leader. One of them is a white haired man with silver hair and beard. His eyes are vicious and dangerous. It's hard to provoke at first sight.

The other is a woman who can't see her real age, but her face is like frost and has no emotion, just like a frozen sculpture.

These two people are extremely powerful and powerful. Looking at the whole Tianlei mountain, almost no one dares to provoke them.

Xuanlao, one of the two xuanming elders, stood up and slowly swept the crowd with his arrogant eyes like lightning.

"Today is the day when ye Shiwei, the new leader of taileishen sect, ascends the throne! Thank you for coming!"

Its sound is like thunder, which frightens all directions and contains extremely powerful spiritual power.

The leaders of those sects, or the casual practitioners, all stood up and bowed.

"Old Xuan, you're welcome! This is what we should do!"

"Yes! Today I come here to congratulate the Lord on his accession to the throne and offer some care!"

Then, the leaders of those sects presented their offerings to xuanlao.

It was said that it was the grand ceremony of the new patriarch's succession, but the first seat was still empty, and there was no one to see.

Everyone is waiting!

Soon, a man dressed in a star robe and facing the mighty came slowly from the end of the thunderous Avenue. He was Ye Shiwei, the leader of Tailei sect.

But at this time, ye Shiwei didn't have much smile on his face, but walked like a puppet.

Under the gaze of many eyes, the coronation ceremony was completed, but people with clear eyes could see it. The new patriarch is just a puppet.

It is the supreme elder group headed by xuanming two elders that really controls the power.

Next, there is a celebration meeting.

On the surface, xuanlao and mingnu respect Ye Shiwei. They follow behind him and drink and talk with others. In fact, they are preventing him from saying anything wrong.

At the end of the celebration meeting, ye Chen saw Ye Shiwei's look and suddenly collapsed. He became cold and had no feelings!

The xuanming two elders also let him go alone.

With the blood of the former patriarch, after the replacement of the old and the new, you can master the power in your hand.

As for ye Shiwei? It makes no difference whether you die or not.

Ye Chen thought for a while and felt that if he changed to himself, I'm afraid he couldn't accept it! Anyone who has some ambition and ideas will not be willing to become a chess piece at the mercy of others.

The celebration is coming to an end. In addition to drinking and having fun, there are also martial arts exchanges and experience exchanges.

Looking around, there was a lot of excitement. Ye Chen was one of the few aliens. He sat alone in the corner and tasted wine carefully, and so was Ye Shiwei. After changing into a casual suit, Tailei Shenzong became the home of xuanming two elders.

Whether intentionally or unintentionally, he has been ignored.

Suddenly, ye Shiwei saw someone drinking alone like himself in a corner not far away. He immediately thought and came over with a wine pot.

Ye Chen looked up and saw that the visitor was Ye Shiwei. He arched his hands and said, "Lord Ye!"

Ye Shiwei was stunned when he heard the speech.

"Unexpectedly, there are still people willing to call me the Lord! I should be called a puppet."

Ye Shiwei smiled like a mockery. Obviously, he also knew that he was just a puppet. If he used it, he would abandon it.

Ye Chen smiled and didn't say anything. He won't easily intervene in other things.

"Brother, where are you from? You should have just stepped into the realm of Lei Xiu!"

Ye Shiwei seemed to be interested in Ye Chen. After looking at his eyes, he asked.

Ye Chen didn't deny it. After all, he hid his strength and didn't want to attract too much attention here.
