### Chapter 7301

"You can watch it this time. Many young talents will gather here to discuss the method of thunder cultivation, which may be helpful to you."

Ye Shiwei rarely opened his mouth and said a few more words with Ye Chen. Instead, he made Ye Chen look at the new patriarch with new eyes. His talent was very good.

Although he is a puppet now, who knows what will happen in the future.

And good at hiding ninjas, either waste wood or cruel people.

This man doesn't look like a waste wood.

After talking with Ye Chen for a while, ye Shiwei left first. He was not interested in participating in the ceremony at all.

The whole celebration banquet of Tailei God sect was in full swing. The two elders of xuanming felt that they were in power and were very happy.

After ye Shiwei took office, he temporarily lost his use value, so he put it aside.

The whole celebration lasted two days, and ye Chen didn't communicate with too many people.

After all, his strength is too low. Others only need to take a look to know the depth, so they disdain to communicate with Ye Chen.

What ye Chen wants is this effect. In the past two days, he has understood the architectural layout of taileishen sect and touched the structure of the whole sect door.

The most likely place to hide the thunder monument is a god tower standing between the western mountains.

According to the people of the Terai sect, the pagoda was set up to hold serious criminals. People from the sect are not allowed to approach it.

But ye Chen opened the reincarnation heavenly eye and noticed a different breath through vanity.

The appearance of the divine tower was dark, deep and restrained, the thunder was flashing, and the golden light was faintly blooming.

If there are really imprisoned demons and Demons here, those who commit serious crimes will never have such powerful visions.

Ye Chen decided that there was something fishy inside the tower, but there were many guards outside the west mountain. Ye Chen couldn't break through, so he had to leave temporarily.

After the celebration ceremony, ye Chen, the saint and others left here and flew in the direction of jiulei temple, but when they were halfway there, they suddenly heard a roaring sound behind them.

In a moment, Lei Guang broke through the protectorate array and reached the cloud order, which changed the color of the whole heaven and earth.

"What happened!" someone exclaimed.

They had just come out of the Terai sect, and there was such a vision. Could it be that there was a big war there?

At this point, the elder of Jiulei temple, who led the team, rushed back immediately. When he came to the holy mountain, he found that the outer clan protection array had been charred, and the streamer in the sky flickered and jumped in the clouds. Soon, the golden divine light and thunder light were intertwined, and a strong sense of war broke out.

"What's in there? The light is terrible!"

When Lei Xiu saw the golden light fighting with thunder, he couldn't help exclaiming for a moment.

Because it was not the cultivation skill of the thunder system, I broke into here at this time and attracted several elders of the thunder god sect to attack together.

Ye Chen used his reincarnation heavenly eyes to barely see the scene in the clouds. It turned out to be a dragon. He was fighting against the thunder all over the sky and roared up to the sky.

And Ye Chen noticed a familiar smell from the Golden Dragon.

Suddenly, he seemed to think of something, and his face suddenly changed.

If he's right, it's her!

Yelol!

.....

The war here attracted a lot of people's attention, and the people of Taileishen sect were angry one after another.

Because this dragon sneaked here and tried to steal the God tablet hidden in their sect when the sect door was relaxed at the end of the celebration meeting!

That sacred tablet, but the foundation for their survival and cultivation, must not be taken away by others, otherwise the whole sect will become a source without water.

Fortunately, the defense of Zhenshen tower was very strong. They blocked the Dragon outside and warned the zongmen. Only then could they find the abnormality.

The battle in the sky became more and more intense. With the formation of the thunder array, the Golden Dragon could only fight and retreat, and finally was close to the range arranged by the zongmen.

When the array was launched, the blue smoke like mist spewed out and instantly turned into a sea of corpses, almost drowning the world.

The dragon also felt the unknown danger. It swayed its tail and soared up, and its scales burst into bright golden light.

At this moment, he tore the void, broke the heaven and earth, and even broke the blockade formed by several Tailei elders.

After flying into the void, there were only a few drops of blood left in this land boundary, which was left by the divine dragon.

The almost invincible golden dragon was injured at this time!

After entering the void, the Golden Dragon fled quickly, but the two xuanming elders had sacrificed the Dharma thunder staff and quickly chased it to make it nowhere to hide.

Along the way, a lot of golden blood splashed out. It can be inferred that the dragon was seriously injured.

On the other side, ye Chen has put on the ghost tooth mask and summoned Longyuan Tianjian to help. The Dragon came out of the void and flew to a vast mountain and forest boundary. If you want to see it, you will escape from the void.

But at this time, the two elders of xuanming had arranged a defensive thunder array. They were separated in the East and west directions, and quickly blocked the space here with two thunder war god knives as the eyes of the array.

The Golden Dragon struck several times in a row, making a sky shaking sound, but it could not escape.

Its dragon body failed in front of this array!

The tall xuanlao looked at the Golden Dragon and said with a cold smile, "it's just a miscellaneous dragon. He dares to be so arrogant on my territory."

The Golden Dragon's pupils were cold. Since it couldn't escape, it just fought hard. It gave a roar, and the roaring sound scattered, and immediately destroyed dozens of miles of mountains and forests.

At this moment, the huge rocks turned into powder. With a wave of dragon claws, the golden light rushed out like a wave to counter the power of thunder.

However, the strength of xuanming two elders was better after all. They started directly and blocked the escape route of the golden dragon one by one.

Then xuanlao blew out his fist, which was so powerful that he almost broke the mountains and cut off the strong ancient trees!

Suddenly, the head and tail of the Golden Dragon were attacked, and the huge dragon body curled up and smashed into the ground.

The golden dragon was completely defeated in the confrontation with the two, so it was ridiculed by the two elders of xuanming!

"You are a dragon. Your Tao rules are incomplete. However, you seem to have an opportunity against heaven and have a bit of the smell of the world. Even so, you want to hide us with such low-level means? It's wishful thinking! Let you show your true face now."

Chapter 7302

As xuanlao said, he took out a bundle of small ropes, which suddenly opened and fell in the air, like an invisible net. The thunder array in the land under his feet cooperated with each other, and immediately blocked the whole void, making the Golden Dragon unable to move.

The tiny rope soared in an instant, and then tied the body of the Golden Dragon and made it immobile.

"Maybe we can use its meridians to make a thunder whip. In that way, there will be another treasure in the sect!"

The woman, who had been silent and as cold as a mummy, said at this time. As soon as she said this, she immediately surprised the Golden Dragon.

However, just when the thunder rope was about to bind the golden dragon, a heavenly sword fell from the sky, and the violent breath came to my face. The blood red virtual shadow was like a God, surging and powerful.

The mighty sword broke out and cut the thunder god chain in two. Then, a man in black wearing a ghost tooth mask appeared here.

It was he who cut the thunder rope of xuanming two old men with his sword.

"Who are you?"

The two strong men who followed stopped.

They were surprised and suspicious. They were not sure who the other party was for a moment!

However, even if they found that ye Chen's strength was inferior, they just forced out with the magic weapon in their hands.

Old Xuan sneered. He's a suckling boy. What's the qualification to yell at them here.

"Death!" Xuan Lao immediately drank, his eyebrows raised, his face serious, not angry.

However, ye Chen didn't pay attention to him, but showed his exquisite sword technique. Suddenly, the blood color on the Longyuan Heavenly Sword surged out, intertwined with the sky thunder, just like the rising sun.

"Longyuan Tianjian: the sun is red and brilliant!"

The fierce sun almost covered up half of the sky and fell into the eyes of the whole sect.

"What's this move? Can there be such a powerful vision? This son's strength is amazing!"

"Where did he come from, friar? He's not Lei Xiu at all. He should be an accomplice of the dragon!"

"I said I was an accomplice, but I always felt strange..."

"....."

It's not just them. The two elders of xuanming become dignified. The power of this sword is so powerful that it can be comparable to the way of heaven! The blood contained in it is solemn and cold, and the rules of Tao are very strong.

I'm afraid the strength of the people in front is extraordinary. It's not as simple as the surface!

"You follow me. Don't move!"

Ye Chen spoke to the Golden Dragon. The Dragon hesitated for a moment and nodded.

"I don't know what you are arrogant about. It's just a small sect in the world of heaven. I call myself a big force. I'm ashamed of you!"

Ye Chen said arrogantly. At the same time, the hot sun in his hand directly cut through the defense left by the xuanming two elders, making the whole space wall shaky.

The golden dragon also took the opportunity to shrink, became only as big as a palm, and then quickly drilled into Ye Chen's sleeve robe.

One sword will destroy the emperor of heaven and one palm will shake heaven and earth.

Daqianchonglou palm, strike it out in horror!

Ye Chen felt the breath in the lost time and space, and the palm of his hand spewed out a flame, while behind him emerged a huge image of the Buddha.

His hands were folded and golden. The Buddha's face was kind. When he opened his eyes, he was awe inspiring, like a huge mountain, which crushed the spatial laws everywhere.

"Ba Bu Fu Tu Qi!"

"Daqianchonglou palm!"

Ye Chen combines these two supreme treasures into one and uses Buddha Qi to cover up the breath of daqianchonglou palm.

Such a terrible breath makes people feel afraid from the bottom of their heart.

That was... No breath!

Xuanlao took the lead in responding. He had never seen the power of Wuwu, but when this true Qi came out, only the most extreme Wuwu was worthy of it!

Even when he reached this level, he could not compete with the ultimate Tao of nothingness.

The two elders of xuanming looked at each other and immediately became serious. They made a seal with their hands and retreated quickly at the same time.

Immediately summoned a solid thunder wall to block in front of him.

The attack of Daqian Chonglou palm is no different. When the mind reaches the top, you can urge this palm technique.

With Ye Chen's current strength, he can solve the field around the blockade, but the premise is that the two old xuanming will no longer catch up.

In the sky, the clouds opened, and the empty air flow was more than reversed, making a violent whistling sound.

Daqianchonglou palm came down with a bang, while the two old xuanming were looking at the thunder robbery God cloud. They were surprised and chose to retreat for the time being.

Even they are unwilling to resist such towering power.

Sooner or later, when ye Chen took advantage of Daqian Chonglou's palm to play, he took out the sword again, stirred the wind and cloud, and the void collapsed violently, making everything in front of him blurred.

He slipped out, took the Golden Dragon and left here. In the blink of an eye, he jumped several voids. Finally, he transmitted it from the empty monument to a safe place. He was relieved.

As he expected, the Golden Dragon rose in the air and turned directly into a pretty girl in a red skirt, not ye Luo'er but who she could be.

"How do you know it's mine?" there was some doubt in ye Luo'er's smart eyes.

Ye Chen smiled and said, "I'm very familiar with your breath. Even if I just realized a separation, I can recognize it carefully. Not to mention your presence, the faint body fragrance can't escape my nose!"

Chapter 7303

Hearing these words, ye Luo'er could not help blushing. Brother Ye actually talked about her body fragrance? How did he smell it? When did you smell it?

Immediately, ye Chen asked her why she came here, and was chased and killed by Tailei God.

Ye Luo'er's eyes became dim. It turned out that she was sent by the supreme goddess. In order to make up for the mistake she made last time, the supreme goddess asked her to enter Tianlei mountain, steal the God tablet of Tailei sect, take it back to the supreme world and make atonement for her achievements.

So she changed into a holy dragon and wanted to take away the God monument by the change of heaven, but the demon lock tower was equipped with a fanao mysterious array. When she forcibly broke through, she shot an ancient thunder light,

After the failure to break through the seal, then the elders of tarpaulin sect came.

She was injured under the impact of the divine tower, and the elders of the other party had come, so she had to retreat and fight.

If ye Chen doesn't show up in time, I'm afraid she has been captured by the two elders of Xuanming and can only let him deal with life and death. The end may be very miserable.

Ye Chen could not help frowning when he heard this.

The means of the heavenly daughter is too cruel! With ye Luo'er's own strength, how can he get the treasure of Zhenzong among the Tailei gods.

That's not easy to get!

Even after staying in the sect gate for two days, he couldn't get close to the top of the West Peak, let alone break through!

However, he also determined one thing: the xuanbei he wanted was probably in the Zhenshen tower on the top of the mountain!

Then, ye Chen used a trace of reincarnation blood to eliminate the lingering thunder force on ye Luo'er's wound and help him recover from the injury.

After treating Ye Luo'er's wound, he used a reincarnation of blood and the eight trigrams heaven pill to quickly recover his energy and eliminate the effects of thunder.

Ye Luo'er followed him to the wasteland thunder hall! When flying thunder god Zun saw Ye Luo'er himself, he was also slightly surprised.

He can remember that ye Luo'er is now a popular man around the supreme daughter of heaven. In terms of status, he should still be above their Twelve Gods.

At the beginning, ye Luo'er was the spokesman of the supreme daughter in the outside world. She had strong talent and strength, and her means of dealing with things were more superb.

Now it's reduced to this. I'm afraid I've lost the love of my lady!

Flying Thunder God thought a lot in his heart.

After thinking about it, I'm afraid many things are still related to Ye Chen.

In the next few days, ye Chen also concentrated on Cultivation in the wasteland thunder hall.

On this day, flying thunder god Zun brought good news. It turned out that Tailei God sect was preparing to select core disciples. It was necessary to select the most potential young people from the younger generation of Lei Xiuzhi as the core training.

Such news can be said to shake the whole Tianlei holy mountain. You know, Tailei God sect has not publicly accepted core disciples for hundreds of years.

This is also a great opportunity for them.

The core disciple of Tailei God sect, also known as inner gate Tianjiao, has really entered the ranks of inheritors.

The people recruited at the end of Tianlei ancient road are just preparatory disciples. They can't even enter the outer door.

Now, Tai Lei Shenzong needs to supplement fresh blood, open the quota to the whole Lei Xiu group, and hold an open attitude to Lei Xiu in Tianlei Shenshan and even the whole world of heaven.

Knowing Ye Chen's strength, flying Thunder God asked with a smile whether to take part in the test, and ye Chen readily agreed.

He is also trying to find a way to get close to the Tailei God sect. Now he has such a good opportunity in front of him. Naturally, he has to hold it!

After instructing flying Thunder God to take good care of Ye Luo'er, ye Chen embarked on the road to Tailei God.

In the rolling mountains, after the god dragon seizing the monument, everything recovered as before, as if nothing had happened.

Ye Chen stepped on the steps and came to the gate of the holy mountain. He looked up and saw that the thunder protection array of taileizong gate opened a small gap for the selection competition.

Regardless of their strength, participants can participate in the competition as long as they are under the age of 200.

When ye Chen arrived, there were a sea of people outside the mountain. Countless young Lei Xiu were eager to try and want to show his fist at the selection meeting.

Ye Chen uses his pseudonym ye Yatian to enter it and draws the serial number. Next, he will face the audition war.

This time, the disciple selection competition was held very grandly. After entering here, tens of thousands of young Lei Xiu came to Tianlei square at the foot of the mountain.

There stood a magnificent statue, standing proudly, pointing to the sky, pointing a thunder stick to the sky, and the cloak behind him rose with the wind. The whole person seemed to be fighting against heaven and earth, which was very majestic.

He is the founder of the thunder god sect: Immortal Yue Lei. It is said that immortal Yue Lei got a trace of original thunder in chaos, cultivated and expanded it, and broke the endless Tianlei Avenue, so he became the top Lei Xiu!

In the long history of Lei Xiu's development, Yue Lei's real person's strength and status are second only to the two thunder emperors.

He created the thunder god sect in one fell swoop, and then managed well, recruited talents, and left a systematic inheritance of thunder law, which led to the flourishing thunder god sect today.

In terms of strength, immortal Yue Lei may not be the strongest, but in terms of operating sects, no one in the whole leixiu world can be better than him.

Under the sky, there are several figures falling slowly. They are members of the supreme Presbyterian group, each with great strength.

Among them, an old Taoist with a goatee, holding a dust brush, with a childlike face and hair, was kind-hearted. He first glanced around the square with a smile, and then coughed twice. He said solemnly: "you are all the hope of the future of Lei Xiujie. It is my great honor to participate in the selection of Tai Lei Shenzong today, but since it is the selection, there will be cruel competition."

"I'd like to explain here that if you are not firm in mind, you can quit at any time. I'm too Raytheon to insist on such choices. I hope you can think twice before you act!"

Then, with a wave of his arm, two ferocious beasts appeared in the vast white clouds.

That's the thunder tamer they're going to face. As the name suggests, the thunder tamer is domesticated for Lei Xiu. To some extent, it can restrain Lei Xiu. It can also measure the strength of a Lei Xiu.

Everyone in the square should be transferred to a void space. Whoever kills the most thunder beasts with thunder method or has the highest level can be ranked and enter the next round of competition.

In the square, many leixiu talked one after another. Some of them had been exposed to such thunder tamers and knew their power, so they became a little shy.

Chapter 7304

Therefore, some people quit and others continued to stay. The elder with Hefa Tongyan led the supreme elder group and fell in front of the statue of Tianlei's ancestor. Unexpectedly, Qi Qi bowed to express his respect for the ancestor!

Then, the vast force of thunder spewed out from the palm of the old man, opening a wide channel in the virtual space.

"After you go in, you start timing. The trial will end in three hours. At that time, this space will automatically record the number of thunder domesticated animals you killed. Therefore, you don't have to worry about other things. You can complete the trial wholeheartedly."

After he finished, he raised his hand to start the competition.

The person in front took a deep breath, stepped in and disappeared in the void channel. Ye Chen also followed in.

The space in front of them changed, and then they came to a completely different independent field.

There is no jungle with beautiful mountains and rivers, nor the towering peaks. There is only a cracked wasteland, which creeps on the earth like a spider web.

The thunder spread, the black air was vertical and horizontal, and countless roaring sounds came into your ears, which made people tremble.

Ye Chen was transported to a highland and looked up. Countless thunder tamed animals roared up to the sky.

They spread their thunder wings on their backs and attacked the recent experimenters.

Some people responded in time. After calming down, they used thunder method and began to kill the domesticated animals in front of them.

Some people didn't react for a long time until they were knocked down by the thunder tamer and their wounds were torn out, which made them scream in pain.

When they choose to beg for mercy, this trial space recognizes their begging for mercy and will send them out.

The scenes of advancing and giving up are being staged in this space.

When ye Chen saw this, his eyes were cold, his body shape moved rapidly, and he came to the middle of hundreds of thunder tamed animals.

His five fingers were close together, pulling the force of thunder. At this moment, ye Chen's body used a cave power, firm and violent, almost covering the nearby wasteland.

With the thunder falling all over the sky, he hit the ground hard. Ye Chen rushed into the herd like a lightning bolt.

In this process, a thunder field was formed around him.

The three thunder lilies in Ye Chen's body shuttle through the meridians and flow along the blood to the limbs, forming a strong defense, glittering and shining, just like a layer of light armor.

Ye Chen carried the attack of many thunder tamed animals through the defense of this layer of thunder armor,

On the surface, it seems that he was devoured by these thunder tamed animals and his life was not lost, but in fact, he was feeling the law of Taoism and thunder.

In the wide sea of consciousness, thunder fell and endless divine light burst out, sweeping like the sea tide.

Ye Chen was like a boat, standing in it, swaying and sinking with the tide, but the layer of thunder armor on his body could ensure that he would not be worried about his life.

And he wants to find his own source law in this endless thunder.

The strong thunder continued to fall in the sea of consciousness, startling a large number of terrible sounds!

In an instant, ye Chen opened her eyes and flew up directly. With the momentum of lightning, she rushed into a strong thunder like a mountain and caught a thunder light of different colors!

It was a red thunder, which flashed and passed in a flash, but it was left by Ye Chen.

Chixiao thunder seems to have self-awareness, struggling violently and trying to escape, but ye Chen grabs it directly and makes an amazing move the next moment: put it into his mouth!

The thunder, along the vein of reincarnation, was refined to the utmost. In a short moment, the red sky thunder disappeared and became a force in Ye Chen's blood.

At this time, ye Chen has been submerged by a pile of thunder tamed animals.

After he was covered up by the thunder domesticated animals, no one paid attention to his movements.

In the center of the wasteland, several Lei Xiu Tianjiao flew into the air.

They summoned the pit thunder hidden in the sky. With a wave, thousands of thunder came and smashed the thunder tamed animals into meat powder.

But this is only the beginning, not the end. After those domesticated animals die, a small light core will float out, like dandelion seeds, fall to the ground slowly and integrate into the incomplete flesh and blood again.

With it as the core, the surrounding corpses and meat seem to have been summoned and put together again to become a new thunder tamer, which goes back and forth.

According to historical records, the construction of the field here refers to the practice of the Lord of reincarnation!

Take thunder as reincarnation, but the soul can be resurrected. As long as the sect door is not destroyed, it can cycle this testing place infinitely!

In order to build such a unique space, the original leader of Tailei sect also invited one of the six magic generals under the Lord of reincarnation at a high price.

The six magic generals under the Lord of reincarnation in the previous life have no reincarnation power, but they have followed the Lord of reincarnation for many years. More or less, they have a unique opinion on reincarnation.

With the six demons around as a reference, this area was soon built up and became an important barrier for the selection of disciples of Tailei sect in the future.

In addition, the scene in the trial space is transformed into a huge image and thrown into the square outside. The elders of tarrell sect are watching their performance.

Chapter 7305

"The young man named tianleizi has good strength. He has killed 463 thunder tamers in just half an hour. His potential is very good!"

The famous elder nodded and was very satisfied with Lei Zi.

"Elder Wang, that's bad!"

Another elder shook his head and denied his statement.

"Although Lei Zi killed many domesticated animals that day, his thunder road is not complete! His future achievements are limited, and I don't think I can choose him."

"What the two elders said is wrong. In my opinion, Wang Chengcai is the most potential person!"

"I don't think you're right!"

“.....”

Many elders argued endlessly, and at least three or four geniuses were selected.

The performance of these people is extremely outstanding, and they can't tell who is good and who is bad for a time.

"Come on, don't argue. It's only half an hour now. The winner is the one who can last!"

Finally, it was xuanlao's words that stopped the debate.

But what they didn't find was that a corner of the thunder field had quietly changed.

.....

meanwhile.

After ye Chen understood the law of thunder, he quickly solved several thunder domesticated animals around him.

He opened his eyes in the chaos of war and burst out incomparably powerful bright power!

If he was in a suppressed state just now, now he is the master of these thunder tamers!

The roaring voice suddenly sounded, which made people feel numb. Under the control of this law, ye Chen still burst out an unparalleled thunder power.

This time, he really understood the thunder method here.

"The original true meaning of the original unsolved thunder is like this..."

Ye Chen murmured to himself. On his arm, the thunder wound wantonly, but he didn't let it go. When those thunder tamed animals rushed up again, he bombarded them quickly and wore hundreds of tamed animals!

On the other hand, he was like walking around in a leisurely manner, without any difficulty at all.

Another light thunder, like smoke, took the lives of hundreds of domesticated animals. At this time, someone finally noticed him in the square.

"Look there!"

A sharp eyed elder found Ye Chen's situation, so he hurried to say.

Other members of the Presbyterian group also turned their attention to the corner of the huge image.

There, a thunder light rose into the sky and went straight to the sky.

All the thunder training animals within a radius of tens of miles were cut off by this lightning.

At the same time, they also saw Ye Chen's appearance clearly. They saw that he looked very indifferent. Every time they shot, they waved a rope thick thunder light from the palm.

No light, colorless, extremely ordinary, but when the thunder light entered the thunder tamed animal group, it burst into a supreme look!

It's terrible!

Those elders were greatly surprised when they saw Ye Chen's handwriting. Some people even exclaimed why Ye Chen's cultivation was so low, but why could he burst out such a powerful thunder force.

This rhyme rule can be compared with the top Lei Xiu in the world!

Even the xuanming two elders also paid attention to Ye Chen.

"Good boy! Look at the thunder cultivation in his body. It should be that he has just entered the thunder cultivation realm for a short time, but his comprehension is so powerful! He can be called a demon!"

Xuanlao couldn't help sighing.

The thunder tamed beast cultivated by the Tai Lei God sect is extremely fierce. It is made of thunder debris and mixed with the power of stars!

If you want to kill it, it's not enough to rely on the cultivation of thunder power in your body. The key to really killing and training animals is Lei Nian.

It is also a Lei Xiu's perception of Lei FA's Taoism.

To some extent, the perception of Lei FA is even more important than his cultivation strength.

Because a Lei Xiu's perception ability, commonly known as the upper limit, determines a Lei Xiu's future achievements!

The core disciples they want to recruit are the leaders of the whole Terai sect in the future. Their strength can be low now, but their potential in the future must be unlimited.

"The suppression of rules in this area is not small. The thunder tames animals at the right time and place, and has the advantage of quantity. I'm afraid it will launch a counterattack!"

Some elders said.

Another humanitarian: "the number will not necessarily increase, but those old beasts will come forward. I'm afraid these little guys will become uncomfortable."

"Ha ha! Isn't that what you want? If those old beasts don't come out, it's enough to prove that none of these testers is worth their shot."

"Elder situ is right!"

"....."

All the senior members of the supreme Presbyterian group are waiting quietly.

In the first round of selection, almost most of the contestants will be eliminated.

In the end, only 200 people were left to enter the second round.

Two hours have passed since the competition, and the final hour is the time to see the final result.

Next to the huge screen image, a row of names and the number of domesticated animals they killed are displayed.

Lei Xiu, named tianleizi, who was at the top, killed 1799 heads in two hours.

In second place was Wang Cheng, who killed 1624.

The difference between the top ten people is not very big.

People have been paying attention to the change of ranking, and suddenly someone exclaimed.

"Look! That name is so fast!"

Following the sound, the onlookers found a guy named ye Yatian, who was still at the bottom of the list. Then he jumped up like a rocket, and had squeezed into the ranks of the top 200.

"He only killed three domesticated animals the other hour. The efficiency and speed are terrible!"

Someone in the field took a breath. If it was calculated according to this killing speed, plus the previous hour, ye Chen's number of kills was enough to rank in the top 20.

There were many discussions and exclamations outside, but ye Chen in the field was distracted. There was only a vast battlefield in his eyes.

After he used the thunder, the thunder beasts seemed to regard him as the greatest threat.

The eyes of thousands of thunder monsters twinkled with light blue lightning. They all looked at him. The huge pressure poured into the sea, but they couldn't bend Ye Chen's knees for half a minute.

Ye Chen also saw that thousands of thunder domesticated animals stopped. Although their eyes showed fierce light and their tusks appeared, they were still waiting in place. It seemed that they had received some order.

Boom!

Boom!

Ye Chen heard the sound of the earth shaking and looked up. There was a huge thing in the distant wilderness, which was coming this way.

It turned out to be a thunder tamed beast with a back reaching the heaven and earth. Its four legs are like moving mountain pillars. Every step makes the heaven and earth tremble.

This is the beast king among the domesticated animals!!!

Chapter 7306

Beside it, there are three slightly smaller domesticated animals. According to their size and appearance, they should be divided into gender.

These three thunder tamers may be the mate of the beast king.

Those ordinary domesticated animals have made way for the four.

In this land, the king of beasts and several big beasts are the absolute masters!

Other people in the testing ground also turned their heads and looked dignified when they saw this scene.

Now there are only a few thousand people left in the test field. The rest of the contestants were swallowed by thunder tamers and lost their qualification for promotion.

Before the competition, xuanming two elders said that the thunder field seems to be a hunting war, but it is actually a screening competition. There are only ruthless killing and elimination. We should select the strongest 200 people from tens of thousands of Lei Xiu.

This is the threshold of the first level!

This first level alone will eliminate the vast majority of people, which can be seen from the degree of cruelty.

But now, the strongest of the contestants are also in trouble.

After the three thunder beasts, under the instructions of the beast king, they all ran in different directions, impressively aiming at the three Lei Xiu geniuses who killed the most in the list!

"Who says these guys are unconscious? I think they are very smart!"

Wang chengleng, who ranked second, snorted and without saying a word, summoned a huge thunder spear to cover his head.

This is his life skill: Thunder carburetor!

Under his control, thunder can be transformed into weapons of different forms. Its power is thousands and hundreds of times stronger than usual.

Under his control, he killed many powerful enemies.

A thunder beast picked him, and must have recognized the power of Wang Cheng's moves.

After the other two thunder beasts, they aimed at tianleizi and another female leixiu respectively.

These three people can be said to be the strongest except ye Chen.

The situation in the field changed dramatically. The three highest ranked leixiu talents were trapped by wild animals and couldn't get away

The situation of others is not much better.

Because after these big guys appeared, more powerful thunder domesticated animals emerged. Their level is between the animal king and ordinary domesticated animals. They are very cruel and ferocious.

The number of more than a thousand people soon decreased, leaving only seven or eight hundred!

Every battlefield is cruel!

But the most striking place is the nameless corner!

There were fierce battles elsewhere, but this corner was silent, as if in a strange state.

Since the thunder beast king came, he didn't move around. A pair of electric eyes stared at Ye Chen, as if to see through it.

The surrounding thunder tamers retreated slowly, expanded the encirclement, and still didn't leave.

Ye Chen felt a strong sense of war from the beast king's eyes, and suddenly he was speechless.

His apparent strength is the bottom among these dozens of people. The beast king doesn't deal with more powerful guys, but he focuses on him.

It is estimated that this big guy is aware of the thunder cave in his body, so he will regard himself as the biggest enemy.

Beasts born in thunder can always detect unusual things! Even if ye Chen disguises it well.

When he saw the body movement of the thunder beast king, his eyes were not cold.

The guy was squatting slowly, and the thunder around him was gradually turbulent.

It's going to attack.

Ye Chen was sure of this idea. In the palm of his hand, thunder burst out, gathered at a high speed, and condensed into a shallow shield.

Sure enough, the thunder beast king is accumulating strength!

His eyes suddenly became extremely prosperous, condensing the most powerful thunder power in the world. When he opened his mouth, the laser shot everywhere, a thunder breath burst out, tore the endless void in front of him, and went straight to Ye Chen.

Facing the strongest thunder beast king here, ye Chen didn't dare to neglect it. He pushed out the palm thunder with both arms. At the same time, his body retreated rapidly.

The thunder breath vomited by the thunder beast king was earth shaking and almost swallowed up here.

And ye Chen's palm thunder is very insignificant, like two wandering electric snakes, as if it would be completely destroyed in the next moment.

But the collision between the two produced violent fluctuations!

The thunder was shining and the lightning was shining.

Two electric snakes, which showed a ferocious face.

They opened their huge thunder mouths and swallowed up the thunder breath of the beast king. Both of them were turned into ashes in the noise.

The beast king was furious and soared straight up, like a huge mountain, passing through the raging battlefield. There were thunder and lightning in his eyes, which turned into two thunders and smashed at Ye Chen!

But ye Chen has summoned a powerful law of thunder at this time, wrapped his body, and his hair is also erected under the surround of thunder.

A sneer appeared at the corner of his mouth, and then the whole person rushed up into the sky, like a shell launch, bringing up a fierce air flow in space!

The powerful law of thunder is silent, but it suppresses heaven and earth!

The so-called pupil lightning is vain in front of him.

In the corner that outsiders can't see, the nine thunder cave opens with a bang, like an interstellar explosion. Countless thunder slurry rolls and boils, conveying unprecedented violent power to Ye Chen!

"I'll try my cultivation results with you today!"

Ye Chen's eyes have abandoned heaven and earth. What lies in front of him seems to be a distant thunder ancient star.

Chapter 7307

That's the transformation of consciousness and the realization of God's mind!

"Thunder ten thousand laws, the beginning of a new era!"

He saw the real thunder ancient star, which is the birthplace of all thunder repair, and the thunder ancestor star of the beginning of heaven and earth and the origin of Hongmeng.

Although it was only a flash of thought, it was enough to make ye Chen's idea stronger.

He reached out his hands and escaped from the package of thunder! Directly caught the beast king's electric pupil light.

This scene stunned the members of the Presbyterian group who watched the battle. They stood up one after another and couldn't believe it!

Even the two elders of xuanming couldn't suppress the shock in their hearts. They looked at each other and looked at each other.

In the other direction of the battlefield, the three Tianjiao showed their full strength to solve the thunder beast in front of them, and they were in high spirits for a time.

But when they looked around, they found that ye Chen fought against the thunder beast king with his flesh!

"Is this guy crazy?..."

Wang Cheng was stunned. He couldn't believe it at all.

That's the thunder beast king! There are endless thunder rules on his body. Which Lei Xiu dares to confront him head-on? Even if you want to win, you also rely on sophisticated thunder methods.

Tianleizi and the female leixiu also stopped and looked here.

The shock in their hearts is no less than that of Wang Cheng!

The thunder beast king, who is at the center of the battlefield, seems to have never thought that for thousands of years, someone dared to fight with his bare hands.

Then it became very angry.

In the land of thunder, the beast king is respected. It will never allow practitioners to provoke his dignity.

The lightning in the eyes of the thunder beast king became more bright, as if to penetrate this void.

And ye Chen's palms held the two lights, which had turned scorched black at this time!

Even with his thunder body, he can't completely block the attack of lightning!

After all, in this thunder field, only Lei Xiu's power can be used. The reincarnation blood in his body seems to be sleeping and can't be awakened at all.

Therefore, if he wants to win, he can only rely on the power of thunder!

But at the next moment, the thunder beast king spits out a powerful thunder breath. The thunder pillars all over the sky roar like the ancient fierce beasts in the flood era. They are domineering and ferocious. They can't stop swallowing!

Ye Chen blocked the lightning and thunder breath at the same time. His body shape was gradually retreating, and his thunder body suffered more and more damage. There were many wounds and cracks all over his body.

Seeing this scene, many people's faces showed disappointment one after another.

"I thought he was sure to defeat the beast king, but I didn't think he was just showing off his courage!"

"The thunder beast king itself is the most powerful law of thunder! How stupid this son wants to defeat him with his flesh!"

"Since ancient times, no experimenter can defeat the beast king simply by virtue of his own Lei xiurou body. Even the supreme Lei emperor 20000 years ago failed to do so when they were young!"

“.....”

The audience of elders and the eliminated contestants kept talking. In the thunder field, tianleizi shook his head.

Now there is only less than half of the time left before the end of the final trial. They have determined the promotion quota, and the top three are far ahead of others.

Ye Chen is out of the top 200. Now he is reckless against the thunder beast king. He looks about to lose and has no hope of promotion.

"This kind of reckless man doesn't deserve the attention of you and me!"

Tianleizi sneered with disdain, turned and left, waiting for the end of the last time.

The woman Lei Xiuyan's mid autumn wave flows. She looks at Ye Chen and finally keeps up with Tian Leizi. She has a good talk with him.

Wang Cheng, who was in the third place, picked up the lightning axe in his hand, shook his head and turned away.

But at this time, Wang Cheng suddenly stopped and moved his body back. A surprised look gradually appeared in his eyes.

"Look!"

Wang Cheng couldn't help exclaiming.

Tianleizi and nvleixiu turned their heads.

Tianleizi is a little unhappy. How could he be so immature and make a fuss! I'm interrupting my conversation with female Lei Xiu!

But when they looked back and saw the scene in the distance, their pupils could not help shrinking.

Because in the distant battlefield, a huge vision gradually appeared around Ye Chen!

That vision was about to turn into a physical form and entrenched behind Ye Chen. He was tall and majestic, with long dark blue hair rising into the sky.

In one hand, he holds a thunder blade, while in the other hand, he holds a big knife that can pass through heaven and earth.

This vision appeared for about ten seconds, making Ye Chen's thunder power reach the peak!

Then it disappeared, as if it had never been here.

But outside the space, xuanming two old men got up in shock.

The people of the supreme Presbyterian group have never seen the two old men who have always been calm. They are so impolite.

Xuanlao stared at Ye Chen's position, and his breathing became urgent.

He looked at the ghost girl, and they both found something unusual.

"Old Xuan, female Ming, what happened?"

Someone asked.

Xuanlao's eyes were shocked, which was extremely profound.

For a long time, he said: "the vision he summoned is the chaotic thunder Emperor... It is said that the first Lei Xiu in the world and the only emperor in the world. It is said that he opened the nine thunder Cave... Whether it is true or not is not important."

As soon as xuanlao said this, everyone present was moved by it.

They are not fools. Naturally, they understand what this means!

It means that ye Shitian, who has just entered Lei Xiu, has the qualification comparable to chaotic Lei di.

In other words, he has been recognized by chaotic Leidi!

.....

Minefield, battlefield.

The remaining dozens of contestants did not know what had happened and looked a little confused.

They only saw Ye Chen's momentum rise abruptly and reach an unprecedented peak.

Whether it is lightning or thunder, it suddenly stops.

The beast king of thunder opened his huge eyes and was a little flustered for the first time.

No, it's the master of thunder. This space is a well deserved king. You can't be bullied by a younger generation!

Just when it gathered all its strength and planned to use the burst lightning strike, ye Chen was like an unstoppable beast, breaking through the obstacles of lightning and thunder breath.

He cut off all the thorns in front of him with a thunder knife! Like Kunpeng spreading his wings, he goes straight into the sky and crosses the height of 10000 meters in an instant.

When he fell, he stepped on the top of the thunder beast king and inserted a ray of lightning light into his head.

It was this little ray of thunder that made the thunder beast king struggle violently, issued a painful roar, and struggled in the clouds.

All the people present were shocked and speechless. They fled one after another for fear of being hurt by the terrible afterwave burst out by the thunder beast king.

Chapter 7308

In that way, all their previous efforts will be wasted!

Ye Chen's body also bounced away, fell thousands of miles away, stood with her hands down, floated in the void, and her eyes were very mysterious and profound.

No one knows that at the last minute, chaotic thunder emperor lent him a little strength, completely broke the thunder law here and condensed all the thunder forces in one place.

He also broke through the blockade, plunged Lei Li into the body of the thunder beast king and wiped out all vitality.

At the same time, there is a virtual shadow of chaotic thunder emperor behind him, which makes people mistakenly think that he has accepted some inheritance, or awakened the supreme chaotic thunder emperor!

Boom!

With a loud noise, it spread all over the thunder space, and the thunder beast king also declared his death.

His huge and boundless body turned into pieces of broken meat, falling like hail, and the air was filled with a thick smell of blood.

The three hour trial time also ends at this moment.

The people outside found that at the last moment of the end, ye Chen's name jumped from 200 to the first, and was much ahead of the second!

A thunder beast king is enough to make people win the first World War!

In the space in front of them, an illusory crack appeared, which opened slowly and transmitted everyone out.

When they went back to the square of tera Raytheon, they felt like an afterlife.

It turns out that all this they have experienced is true.

Members of the Presbyterian group came down one after another, and almost everyone had a smile on their faces.

"Congratulations, you are qualified for the next round!"

It was still the elder with a childlike face and Hefa who said aloud, but his eyes always looked at Ye Chen intentionally or unintentionally.

However, they did not greet Ye Chen, but announced that they would continue the second round of trial after a half-hour break.

Twenty contestants had only half an hour to recuperate and recover to their peak state.

They no longer hesitated when they heard the speech. They immediately found a place to sit down and adjust the thunder power in their body.

Fortunately, the thunder power in the Tai Lei God sect is abundant enough to increase their cultivation speed a hundred times.

Facing this situation, ye Chen also found a cave and entered it.

At the first time, he isolated all external perceptions with thunder force and formed an independent space. At this time, the figure of chaotic Leidi slowly floated out.

Seeing this, ye Chen immediately said, "thank you for helping me just now, otherwise my situation will be dangerous."

"I didn't expect that the thunder beast king's counterattack at the last moment was so sharp. Fortunately, it was dangerous."

Chaotic Leidi heard the speech, smiled and said:

"Even if you don't have my help, you can defeat the thunder beast. Your talent is not under me. If you can persist, this way will become a great thing in the future. Don't worry, I will do my best to help you."

Up to now, chaotic thunder emperor has fully realized the horror of Ye Chen's talent, which is worse than him.

The idea of cultivating future generations in his heart is becoming stronger and stronger.

As a generation of Lei Di, he must not let his inheritance fail!

Chaotic Leidi stretched out his hand and a golden light flew out and fell into his hands in the reincarnation cemetery.

It was a thread bound ancient book. At a glance, it seemed that people were exposed to the ages ago. At that time, it was in the beginning of chaos, and everything was in a hazy state.

Its breath is very magnificent.

This golden thread bound ancient book is called Wanfa thunder. It was born together with chaotic thunder emperor at the beginning of Hongmeng and the formation of heaven and earth.

Ten thousand thunder can be said to be the basis of all thunder cultivation.

The sage once said that any martial arts is inseparable from its origin. Since there is inheritance, there must be a source.

To some extent, this ten thousand law thunder is the root of countless Lei Xiu's martial arts.

Chaotic thunder emperor taught it to Ye Chen. When ye Chen knew the identity of this ancient book, he was shocked physically and mentally. He immediately sat upright and looked solemn.

"You just need to accept the inheritance. When you complete the cultivation of this method, you will understand everything. There is no need for me to say more."

Chaos Leidi said slowly, and then the ancient book rose automatically, and the dazzling golden light turned into a fire meteor, straight into Ye Chen's head.

He closed his eyes and let the golden light enter from his mind and spread all over his body.

Then came the surging power of thunder, along with the supreme inheritance of Kung Fu, integrated into Ye Chen's consciousness.

In this way, I don't know how long it took Ye Chen to open his eyes. He has turned the thunder 10000 methods into his own source of thunder cultivation.

A month passed in the consciousness, but the actual time was less than a quarter of an hour, which was the result of chaotic Leidi's deliberate control.

In the Tai Lei God sect, there is the power of thunder. The chaotic thunder emperor can be mobilized at will. Even if he breaks through the void at this time, it's not a problem to go against the current time.

"It turns out that this method is so mysterious that it is worthy of being the supreme method born in chaos." Ye Chen felt the bursts of rules in his mind and saw the golden light in his eyes.

Thousands of visions emerged in his pupils, and countless thunder worlds were infinitely changeable and extremely vast.

There are hundreds of millions of Lei Xiu who worship and send their own power of faith for the cultivation of chaotic Lei di.

Although the chaotic thunder emperor has declined, the power of faith is still a force that can not be ignored. It melts into Ye Chen's body and makes him as brilliant and dazzling as the Lord of the world.

However, outsiders can't see such amazing phenomena. Chaotic thunder emperor has blocked this place. From the outside, it looks no different from the ordinary leixiu cave.

Chapter 7309

When ye Chen came out, just half an hour passed, and another 199 Lei Xiu also stepped out one after another.

Except for some monks who were seriously injured, others have recovered to their peak.

The cultivation holy land of Tianlei Shenfeng is not blowing! Indeed, it has infinite mysteries.

"In order to be cautious, you need to continue to hide the thunder Taoist method in your body and show the rules you have learned in the alien space. Don't be careless."

Chaos Leidi reminded.

After all, the nine thunder cave hidden in Ye Chen's body is too terrible. If it is found, it will not be respected as a genius, but will attract suspicion.

Tailei God sect really needs a guide, but it doesn't want that guide to get beyond the control of Tailei God sect.

Ye Chen just has that strength. When he urges Jiulei Dongtian to the extreme, he can control the whole thunder repair world.

That kind of power is not what the Thor sect wants!

Ye Chen also understood the meaning of chaotic thunder emperor's words, and suddenly his eyes were slightly frozen.

Chaotic thunder emperor said: "in addition to these old guys, I can feel other breath in the dark. It's also very powerful. I must spy on you in the dark! So it's better to be careful. Take this pill and cover up the breath. Even the two mysterious monsters can't find it!"

Chaotic thunder emperor took out a heaven thunder pill and let Ye Chen take it to cover up the strong law breath in his body.

"Good!"

Ye Chen nodded and urged the reincarnation blood to spread all over his body. After integrating the power of the pill, he covered up the law of thunder in the depths of his body.

Then he stepped forward and came to the second level test site.

Along the way, people looked at him and became different.

Ye Chen is not surprised at this. He has seen too many human feelings since the counter attack of waste.

In this world, the strong are respected. Whoever has a hard fist is the truth!

Conversely, truth is just an illusion. Whoever has a hard fist will stand on his side.

Ye Chen had already practiced a state of mind of being flattered or disgraced, and followed others into a towering mountain.

This mountain range is called Leifa Dojo!

The so-called Leifa Taoist field is just hollowing out a mountain, which is surrounded into a circle, and in this mountain, a huge martial arts training field is formed.

Looking from the inside out, the whole mountain is up to 100 meters high.

It is surrounded by thunder, but it shines very brightly on the training ground.

Two elders stood at the door. This time, they wanted to find out the specific information of 200 Lei Xiu, even the past of cultivation.

Ye Chen frowned when he heard the speech. He couldn't prove his origin.

Do you want to say that you become Lei Xiu when you reach Tianlei Shenfeng? I'm afraid no one believes it!

"Welcome to thunder dojo. Please let go of the spirit of memory. Let's check it!"

The two elders naturally saw the scene of Ye Chen's killing the thunder beast king. They knew that his talent was terrible and might become a big man in the future. Therefore, they spoke in a respectful tone.

Ye Chen was relieved when he heard this. He thought he was going through what kind of inventory. It turned out that he was just watching the past memory.

It may be very difficult for others to make false memories, but it is easy for the Lord of reincarnation.

After all, reincarnation controls the cycle of life and death. When the six chess boards reach their peak, they can change the operating rules of the whole universe, and even bring back the people who have died for thousands of years.

Just change a memory. It's no big deal. You can even make it up.

Ye Chen's mind moved slightly, so he made up a set of memory process for himself, from sword repair to Lei repair, and then stepped on the peak of life.

The two elders began to explore. After knowing Ye Chen's experience and age, they were greatly surprised.

"You're not even 100 years old?"

They were stunned and shocked. Lei Xiu, a genius under the age of 100, can be said to be rare.

And it was such a young guy who killed the thunder beast king.

The talent visible to the naked eye is indelible.

Ye Chen nodded calmly. He was indeed less than 100 years old. Even in his fabricated memory, he pulled his age to nearly 100.

But unexpectedly, others said they were too young.

Although he is less than 100 years old, he fought back and forth in countless battlefields, honed life and death, and his psychological age is even stronger than some thousand year old strong men!

After receiving the test, ye Chen officially stepped into Leifa dojo.

He didn't know what the test content was, so he could only take one step at a time.

At this time, he heard a burst of breaking sound, thunder surging and domineering burst.

Looking around, it was the female Lei Xiu who had a dispute with the disciples of the Tai Lei God sect.

For some unknown reason, female Lei Xiu smashed a thunder ball and seriously injured the disciple of Tailei sect who smiled lightly.

This behavior also angered the remaining disciples of Tailei God sect. They flew up one after another and blocked the way of female Lei Xiu.

"Bold, how dare you openly hurt people in the Tai Lei God sect. Don't you want to take part in the trial?"

A young man wearing a purple robe and wearing a crown jade suddenly roared. He was the inner disciple of the Tai Lei God sect. He had strong cultivation and extremely respected status.

He took a fancy to the woman Lei Xiu and wanted to take her into his concubine room, but he was severely rejected by the other party.

One of his younger brothers was so angry that he wanted to use strength to force female Lei Xiu, but he didn't expect to be seriously injured by female Lei Xiu.

As a big brother, how can he sit idly by? With a wave of his hand, he surrounded female Lei Xiu with several younger brothers.

Female Lei Xiu, named Ying Hongyan, comes from the Lei Xiu family outside. She wants to be one of the special disciples of Tai Lei Shenzong when she enters Tianlei Shenfeng this time.

But she did not expect that she had become the hunting target of the inner disciples.

For her, this is not a good thing. Before she entered the sect, she had offended the powerful inner disciples.

"Take her down and send her to the cave. Before the second trial begins, I will let you taste the taste of losing your body!"

Zhen Xingyu's eyes were very aggressive and swept around the concave and convex figure of female Lei Xiu.

He coveted the female Lei Xiu, not only because of her appearance and figure, but also the special thunder power in her body!

He found this when female Lei Xiu killed the thunder beast! That's why I moved my evil thoughts.

Although he is an internal disciple, he suffers from a rare disease. Only the power of Yin thunder can cure him.

After so many years, he finally met a woman with the power of Yin thunder. Naturally, he was very happy. The domineering habit he had developed over the years made him want to take female Lei Xiu as his own right immediately.

Chapter 7310

More than a dozen sect disciples around him were obviously his subordinates. When these people did evil, no one dared to say a word at the scene.

Lei Xiu, a woman named Ying Hongyan, looked anxious.

Her eyes looked at tianleizi, with a pleading look, but tianleizi, who talked and laughed with Ying Hongyan all the way, turned away and pretended not to see.

He doesn't want to get into this trouble!

Zhen Xingyu has a great background. He knows it very well.

Ying Hongyan was disappointed and her eyes were dim. She admired tianleizi very much and even fell in love with him, but she didn't expect such a cold response.

Then her eyes swept over those Lei Xiu one by one, hoping that someone could help her, but those people looked at her indifferently.

It's none of your business. Hang up.

Some elders of the supreme regiment opened and closed their eyes when they saw this scene.

Anyway, the game hasn't started yet. Let Zhen Xingyu make a fuss! Who calls him Grandpa? He is second only to xuanming two elders in Tailei sect.

Such a strong background has become the capital of Zhen Xingyu's tyranny in Tailei sect.

One of his men, Lei Xiu, said coldly, "don't struggle! Take refuge in child Zhen Baili without harm. You have found yourself such a big backer!"

"Yes, it's your honor to give you a chance. Don't be ignorant!"

Ying Hongyan's face became more and more pale. She clenched her hands and was unwilling.

She still has the ideal of becoming a powerful Lei Xiu. How can she be willing to succumb to others!

Although Zhen Xingyu has a strong background, he himself is a real jerk!

To be a concubine to such a person, she would rather die.

When she was in despair, she suddenly caught a glimpse of a look looking towards her side.

That's Ye Chen.

At this time, ye Chen's eyes turned to this side intentionally or unintentionally, with a slight color of thinking.

Ying Hongyan suddenly felt a chill in her heart and her brain turned rapidly.

Ye Chen's performance in the thunder field is obvious to all. It's simply too powerful!

In terms of talent, ye Chen is definitely the strongest among them!

With such low strength, you can use such domineering thunder power. If you wait for him to grow up, you can still get it!

Between electro-optic flint, Ying Hongyan made a choice.

She has only one way to go now!

Ying Hongyan clenched her jade finger and turned into a bully fist. Suddenly, a heavy thunder burst out of her body, and suddenly burst out along her arm. In a trance, it was like a dark wind from hell blowing in the past, which made people shiver!

What she cultivates is the power of extreme Yin thunder, which can be called the power of Taiyin!

The power of Taiyin has been inherited from ancient times. It is one of the best gifted magical powers in Lei Xiu.

Normally speaking, with such talent, Ying Hongyan has no doubt that she can have a foothold in Tailei God sect.

It's a pity that she met Zhen Xingyu, who was tougher backstage.

The thunder power of Taiyin is like a demon and a devil. It rolls and roars, condensing a dark bridge in the void, which almost shakes away all the disciples of Tailei sect.

Ying Hongyan took this opportunity, just like lightning shining, and immediately passed through the channel to Ye Chen.

Others were surprised.

Such strength is too amazing!

They were unprepared and had to hide for a while.

The beautiful eyes of Ying Hongyan are covered with cold and frost. Against the background of the thunder force of the Taiyin, they are like an ice flower of hell, shining and cold!

"Bold! You're afraid you're impatient! Get back quickly."

"Ha ha, stupid woman! Do you think you can escape the thunder god sect?"

The disciples of the outside school laughed at him one after another.

But soon they were stunned.

Because Ying Hongyan didn't try to escape from the thunder god sect, but came to an indifferent man with a pleading face.

"Ye Shitian! Can you help me? As long as you can save me this time, I will do anything for you!"

Ying Hongyan grabbed Ye Chen's hand and begged. Her eyes were full of tears and she wanted to cry.

She has a strong premonition that ye Chen wants to save her and can also save her.

That's the sixth sense that only belongs to women!

Ye Chen did not shake off Ying Hongyan's hand for the first time, but hesitated.

Therefore, Hongyan should be more sure that her judgment is accurate!

Ye Chen was speechless.

He didn't expect that the woman's intuition was so strong!

For him, he really wanted to save Ying Hongyan.

Just now, chaotic Leidi gave him a voice, saying that Ying Hongyan might be the key for him to crack the town god tower.

In that tower, there is a xuanbei of reincarnation.

Not long ago, the Golden Dragon transformed by Ye Luoer tried to crack the tower, but it ended in failure at the beginning, and was strongly backfired, which has not been completely recovered so far.

It can be seen that the danger factor of this Zhenshen tower is very high! With Ye Chen's current strength, if you break through, I'm afraid you will only end up seriously injured.

Chaotic Leidi told him that the Taiyin thunder force contained in Ying Hongyan was the key to breaking the seal of the tower!

According to chaos Leidi, the power of the Taiyin in Ying Hongyan's body is not an ordinary Taiyin, but a Taiyin thunder inherited from ancient times.

Neither she nor her family found it!

If ye Chen can integrate the thunder power of ancient Taiyin, he can forge the immortal thunder body. At that time, the reverse bite of Zhenshen tower will be a joke to him!

Ye Chen understood the benefits, but hesitated.
