### Chapter 7331

Buzz!

The thunder ripples from the fist face become more and more intense.

The thunder all over the sky was like a crazy snake, constantly twisting the thunder body and breaking out a dull explosion.

Immediately, the passage in front of Ye Chen was blocked, and he punched out a fine crack.

WOW!

A thunderstorm blew, slightly motionless, but it completely cracked the light curtain and collapsed like a metal mirror.

When the crack appeared, ye Chen flashed into the channel and went to the fourth floor smoothly.

At the moment when his figure disappeared, the thunder curtain gathered again and became intact, waiting for the challenge of the next person entering the tower.

The spectators were stunned.

This guy's strength is so weak. How did he break this blockade?

They don't understand.

Perhaps stimulated by Ye Chen, some of the people who were ready also began to fight, causing thunder and roaring on the thunder curtain. Soon, some people entered the fourth floor smoothly!

However, when they entered the fourth floor, ye Chen's figure had disappeared.

Ye Chen shuttled through the void at a high speed. Under his feet, one thunder flower after another bloomed. With each click, it would explode and produce an incomparably strong driving force.

It was driven by this that he came to the depths of the fourth layer.

The thunder scene here is quite different from the first three floors!

If the thunder on the first three floors is violent and turbulent, then the thunder on the fourth floor is dark and silent!

The thunder here flickers occasionally, and the sound of thunder is also deep, but the thunder power contained in it is frightening.

Ye Chen came here. Although there are many challenge arenas here, the number of people sitting around has been much less, and they are calm and powerful.

Everyone is immersed in the atmosphere of cultivation,

He urged the thunder deflector, only to hear a bang.

**Boom!**

Ah. The dark clouds turned up and were very threatening.

If it doesn't explode, it's amazing.

The thunder on the fourth floor is obviously not good.

When the sky thunder fell, it was almost silent. Suddenly, a powerful silencing force broke out!

Ye Chen seemed to shield all the information from the outside world. The thunder in his body flowed with his blood, and in his eyes, there was only this threatening thunder.

Boom!

Boom!

The continuous harsh thunder made Lei Xiu open his eyes and looked here with surprise.

Where did this guy come from? I'm so afraid of death.

Doesn't he know that the thunder on the fourth floor is no small matter?

In their opinion, ye Chen is a pure iron head!

But ye Chen's whole mind coagulates into it. He can feel that the chaotic force in his body is becoming stronger and stronger, and is gradually becoming clear in a slow way.

Ye Chen can feel that the chaotic divine thunder is restoring its strength in an unimaginable way and has become the foundation of the thunder's ten thousand methods.

The thunder on the fourth floor seemed to be angered by him. The sky thunder released one after another was very violent and powerful. Even some powerful Lei Xiu disciples nearby were surprised to see it.

Ye Chen shrinks her mind and body is gradually adapting to these silent Tianlei.

And his body, in the constant thunder quenching, has also changed.

Next, ye Chen accelerated the rhythm of thunder. Almost all the dark clouds in this area gathered above his head and released one silent death thunder after another.

One after another, the thunder kept falling. It was amazing. Lei Xiu's disciples on the fourth floor also found this scene. They all looked around and became shocked.

Especially when they saw that the person who gave birth to this scene was a new disciple, they became even more surprised.

"Is this guy crazy?... it's so big!"

They could not believe that ye Chen had the courage to challenge the dignity of the fourth layer of thunder.

Which disciple was not careful and frightened when he first entered the nine thunder god tower?

Few people are as arrogant as him! Be that early bird and attract everyone's attention.

In a flash, eight days passed quietly.

The ninth Thor tower has been opened for one third of the time. The Tianjiao who climbed to the sixth floor is already on the edge of the seventh floor. Maybe he can climb to the seventh floor in a few days!

This news surprised many people.

After the five floors of the nine Thor tower, it is very difficult to climb each floor. It can be said that climbing the top floors fully reflects the talent and toughness of a Lei Xiu.

So far, hundreds of powerful leixiu have climbed to the fifth floor.

And seventeen more people climbed the sixth floor!

These 17 people are the top Tianjiao and are the true disciples of each sub hall.

It is also the envy of countless people!

Almost everyone pays attention to the top Tianjiao, and few people pay attention to the newcomers.

Tianleizi, Wang Cheng and Ying Hongyan went through a lot of hardships and finally stepped into the fourth floor in half a month!

"These nine Thor towers are really not ordinary things. It took me five days from the third floor to the fourth floor!"

Wang Cheng hasn't recovered from his stamina yet, and his face is a little pale.

He just exhausted all his strength and broke through the thunder curtain on the fourth floor.

Ying Hongyan, too, breathed a sigh of relief after reaching the fourth floor.

Tianleizi was the only one who seemed more relaxed.

Although they broke through the fourth floor at the same time, tianleizi still had a lot of spare power. He believed he could break through the fifth floor.

As a newcomer, I broke through the fifth floor of the nine Thor tower. I think this achievement is very dazzling!

He did not pay attention to Wang Cheng and Ying Hongyan. The limit they reached this time was on the fourth floor.

Wang Cheng found a stone platform, sat down and began to recuperate.

"The thunder power of the fourth layer is much stronger than that of the first three layers. If you practice here, you will soon break through to a new level!"

Wang Cheng's face showed a trace of satisfaction.

This scene made tianleizi even more proud.

The real strong should dare to climb new peaks instead of being satisfied with the status quo.

His goal is the fifth floor, the sixth floor, and even the legendary ninth floor!

Wang Cheng was satisfied only when he reached the fourth floor.

This is the gap between him and Wang Cheng!

Therefore, there is no need to say too much to Wang Cheng. The swallow and the bird know the ambition of the swan!

Ye Shitian, who was brilliant in the selection of newcomers, also disappeared at this time. I think he must still stay on the first and second floors and struggle hard.

Thinking of this, tianleizi was in a good mood. Ye Shitian stole the limelight at the selection meeting. He must get back at the trial meeting of the nine thunder Tower!

Chapter 7332

Ying Hongyan on the other side also felt that the thunder force in her body was hollowed out.

She sat on a stone platform and quietly absorbed the thunder energy here. The most Yin thunder body is similar to the silent thunder here.

So it absorbs very fast.

Tianleizi made a little adjustment and planned to move towards the depth of the fourth floor. All three of them noticed that there were thunders flashing in the depth. It must be a powerful elder martial brother or elder martial sister breaking through the shackles.

"Let's go ahead and have a look!"

Several people quickly set off for the depths of the fourth floor.

Here, many people have gathered.

They were awakened by Tianlei. When they woke up from their cultivation state, they saw the scene in front of them and were really shocked.

Deep in the sky, dark clouds accumulated, forming a layer of violent storm, and in the center of the storm, thunder eyes were constantly forming, releasing strong and powerful thunder and roaring downward.

Ye Chen sat cross legged like a giant Buddha, and a large number of silent thunder poured into his body, overwhelming and non-stop.

Ye Chen is like a god of war submerged in thunder, shielding all contact with the outside world!

From the outside, you can only see the thunder, but you can't see the trace of one of them!

Some powerful Lei Xiu saw this scene and marveled at it one after another.

This guy's life card shows that he has just entered the nine Thor tower. For the first time, he attracted such violent power. It can be seen that his strength is incomparable.

"His cultivation is obviously so low, but why can there be such a movement? The silent sky thunder can't even carry me down!"

Some Lei Xiu didn't understand that their strength was much stronger than ye Chen, but they couldn't keep up with Ye Chen.

The disciple who can trigger such a strong thunder bombardment on the fourth floor is absolutely unique.

Before long, tianleizi and other three people also came here.

Seeing all kinds of raging thunder, tianleizi was amazed.

"Whoever stays here to practice must be a very powerful elder!"

Tianleizi said almost confidently.

"His thunder power is too strong! After the cultivation, I must go to ask him for advice!"

Tianleizi's heart is hot.

From the mouth of many people, he heard about the difficulty of the nine Thor tower on this floor. Basically, the people who can step on the fourth floor are more prominent Lei Xiu.

People who can attract thunder on the fourth floor and are so crazy and rampant are either crazy or genius. They absolutely have great strength.

So tianleizi really wants to see it.

He quickened his pace and sped to.

Wang Cheng and Ying Hongyan were also quite curious. They followed the past and wanted to see such a fierce man.

Not far from that area, several figures stood in the air.

There are two figures among these people. Ye Chen has seen them before. It is one of the top Tianjiao of Tailei sect: the man in purple.

His name is Lin Tianxuan. He is one of the most powerful Tianjiao in Tailei sect. He has the strength to step into the sixth floor and may even impact the seventh floor!

But now he is still on the fourth floor, and others don't know what he wants to do.

"Who is this guy sacred? It's so fierce. Even I'm not sure I can carry such a degree of thunder. This guy actually takes all of it."

Lin Tianxuan said with a smile. He was inferring the fate of this thunder and wanted to know which opponent was sitting in it. However, after sending someone out to inquire, he found that almost all Tianjiao in the sect had stepped on the fifth floor.

Since it's not them, who will be in front of them?

"Elder martial brother Lin, maybe you don't have to be too surprised. We are too Leishen sect, but leixiu is the most brilliant sect. It is a well deserved leader. There are many hidden dragons and crouching tigers everywhere. It is estimated that many people practice alone. When they wait for the opportunity, they will fly to the sky!"

When Lin Tianxuan heard the speech, he also thought it was natural, because he also came from this way. Once he became famous, people only saw his infinite scenery, but who saw the sadness behind him.

"That's reasonable. Let's wait and see."

Lin Tianxuan was waiting here, but not far away, a beautiful woman wearing a palace veil appeared again.

It is also one of the top Tianjiao of Tailei sect, called situ Hujin.

"I didn't expect younger martial brother Lin to be here. I didn't climb the tower. I thought I was the only one who was lazy."

Situ Hujin came over with a smile. The thunder she controlled was a white light God thunder called phantom.

"Elder martial Sister Zhang is joking. My strength is limited. I'm afraid I can only stay here this time!"

Lin Tianxuan was modest and asked situ Hujin to kiss his mouth.

However, both of them were curious. They had never seen who was the person who caused the thunder.

With the passage of time, the place where the thunder light filled the figure began to dissipate gradually.

"Look, the sky thunder there is beginning to weaken!"

Someone found something unusual and quickly exclaimed.

They also looked for prestige. In the sky, the thunder that had been entrenched and rotating began to weaken, and gradually showed a ripple like pattern.

After the thunder dispersed, it did not return to its place, but drifted away on the spot. Many people were surprised to see this scene.

Because it also means that the people inside absorbed all the power of thunder.

How terrible thunder talent can produce such cultivation effect!

Chapter 7333

For a time, many people cast their eyes to see what kind of people sit and practice in it.

Not only the old people in the sect, but also some new disciples were curious, including Tian Leizi and others.

When countless eyes gathered, the chaotic thunder in Ye Chen's body temporarily tended to be saturated. He sat on the challenge arena, and the silver thunder was like a armor, which immediately wrapped him.

In the depths of his body, chaos God thunder is like a full baby, slowly sleeping, and the power contained in God thunder is several times stronger. Ye Chen can even feel the towering power of chaos God thunder.

The looming light of divine thunder has become extremely bright, and the strange fluctuations spread slowly, which shocked his heart.

"It seems..."

Ye Chen was not sure, because he saw that the black light floating in his body fluctuated and all gathered in one place.

Chaos thunder!

Black spots appeared on the surface of the chaotic God thunder, like solar ions, all fused into chaos and connected them.

At the moment when the chaotic thunder was connected with the black light, ye Chen's heart suddenly shook, because he saw the light emitted.

Then the ancient and boundless breath suddenly took shape, as if passing through the endless void, carrying the ancient and mysterious magic sound, came openly.

"Born in chaos, male in heaven and earth!"

"Ten thousand thunder, I'm the only one!"

The sixteen character mantra, like the voice of the great emperor penetrating from ancient time and space, was born quietly with an inexplicable and strange feeling.

At the same time, a sacred seal appeared in front of Ye Chen, which seemed to penetrate the endless space and quietly integrate with the chaotic God thunder.

The thunder method summoned by Ye Chen also has a new fluctuation! It seems to be turning into shape, circling over Ye Chen's air sea.

Ye Chen let the thunder enter the sea of Qi and connect with Dantian.

The strange array pattern suddenly rippled and turned into mysterious and obscure Ancient Runes, which condensed into the mark of martial arts, standing like a mountain.

Boom!

The martial arts mark evolved into a picture in the depths of Ye Chen's body, becoming brighter and brighter, and ye Chen also saw its true appearance.

The chaotic divine thunder turned into a bright sun and burst into an inexplicable luster in Ye Chen's air sea.

Almost for a short moment, ye Chen's body was intertwined with dark and dark blue light, wrapping his body.

Ye Chen sensed an inexplicable power and felt strange, but soon he seemed to understand.

The hot sun was full of mysterious brilliance, burning its brilliance, and the mysterious lines were all over the body, revealing a strange fluctuation.

The thunder far above the sky seems to feel something. It changes again and shoots continuously.

Between the black light circulation, ye Chen absorbed the thunder into the body and fell into the black sun.

In the center of the black thunder sun, there are thunders that are flashing and condensing into an incomparably wide arc, which is very deep.

This change seemed to make ye Chen feel something. He suddenly understood something. He looked into the distance, moved his mind, turned into a bright light, rose into the sky and went straight into the sky.

Under the gaze of countless horrified eyes, ye Chen unexpectedly chose to shake with Tianlei!

Boom!

The fourth floor suddenly sounded the sound of shaking mountains and earth. With the explosion of thunder, it was like the end of the world. Countless thunder lights intertwined and formed in shock.

This scene shocked everyone. They thought for a long time. They didn't expect that this guy was so brave that he dared to confront Tianlei head-on.

That's the sky thunder born by Lei Yu! Strong enough to be unimaginable, even the top Tianjiao dare not challenge its majesty.

Immediately, they saw the thunderclouds, burst into a startling roar, and the violent thunder surged, and then gathered somewhere.

The thunder clouds on the fourth floor, even in this state, have changed from dark and gloomy to red and shining into the sky, which has never happened before.

The blazing thunder surged in all directions and lasted almost half an hour. Only then did it gradually subside, overcast again and swept by the black wind.

"This guy is too reckless. It is estimated that he has been killed by Tianlei now."

Among the crowd watching the war, some people disdained the tunnel.

More people are immersed in shock and have not yet recovered.

"Let's go! There's nothing to see! We can't rush in like him with a broken brain."

They looked at each other speechless and planned to sit down and continue their cultivation.

But at the next moment, a hole was suddenly torn in the thunder cloud, and the brilliance of the scorching sun emerged, which immediately became introverted and deep and turned into a person's figure.

The figure was wearing a black robe. His face was beautiful and indifferent. His eyes were like stars. His every move seemed to coincide with the thunder rhyme of heaven and earth, and there was no trace of injury at all.

Those who were about to leave saw that someone had escaped from the clouds. They were disappointed and surprised. They immediately changed again, like seeing a ghost.

Some people immediately opened their eyes and couldn't believe it. If they remembered correctly, this guy should be a new entrant.

After Tianlei's crazy attack, I'm still alive.

When he saw the waves all over him, the shock in those people's hearts was hard to describe in words.

Such a weak strength can enter the fourth floor. It's not human to bloom such a powerful brilliance!

The others were puzzled. Only tianleizi stayed in place like a wood and didn't move.

Wang Cheng and Ying Hongyan stood aside, one laughing so hard that he couldn't close his mouth, the other laughing loudly.

"I said, tianleizi, aren't you going to find that guy? Go and ask him for advice!"

Wang Cheng couldn't help joking. As soon as he said this, tianleizi's face turned more red.

He never thought that the person who attracted the violent sky thunder and tamed it was Ye killer! He thought ye Shitian was still on the third floor below!

Ying Hongyan also added: "yes, tianleizi, you've always been eager to learn. Now there's just an opportunity in front of you. Don't hurry to learn."

Their jokes made tianleizi angry, but he had no choice, because he really said those words himself.

"You... Don't coax again. I'm just saying it casually!"

Tianleizi ran away like greasing the soles of his feet. Now he just wants to find a place to be quiet.

Ye Shitian, whom he despises, has reached a level he can't imagine. Why does he feel embarrassed?

Chapter 7334

On the fourth floor, there was a lot of discussion. Many people didn't know who ye Shitian was before. At this time, they became interested and inquired about his identity everywhere.

Some new disciples told about Ye's past achievements.

Starting from the introduction, kill more thunder tamed animals than the historical number, then go to the thunder Dharma hall to openly challenge the core disciples of the inner door, and finally make a bold move to resist xuanlao's thunder intention.

All the stories spread more and more widely, which surprised the inner disciples who were busy practicing.

Many of them are busy practicing or going to the outside world to deal with some things. Where can they have the energy to pay attention to such trials.

"The strength of this new man is so strong that the waves behind the Yangtze River push the waves ahead!"

"Yes, yes, we will have another peak figure in the future. When we enter the tower for the first time, we can enter the fourth floor. It's already very good!"

"It's him? It's said that Zhen Xingyu has been looking for his trace on the second and third floors and wants revenge. It turns out that this guy has already come to the fourth floor. It's estimated that Zhen Xingyu below will receive the news soon."

When it comes to Zhen Xingyu, the people on the fourth floor don't make too many comments. They just feel sorry for ye Chen.

Zhen Xingyu's backstage is too hard. Even they don't dare to provoke easily.

When tianleizi heard this, his eyes turned twice, even though he quietly rushed to the third floor.

Ying Hongyan heard these conversations not far away. When she saw the direction of tianleizi, she seemed to guess something. Xiumei wrinkled slightly and snorted coldly at the same time.

"A villain!"

Seeing this, Wang Cheng shook his head.

He always felt that a person's cultivation can be low and his talent can be mediocre, but his quality must be correct.

He disdains people like tianleizi who have a small stomach and Chicken Intestines and turn around.

"Maybe we can tell ye Shitian about it and let him prepare early!" Wang Cheng suggested.

Ying Hongyan nodded, and she meant it.

The real newcomers on the fourth floor, in addition to them, there are the twins.

But when the twins came up, they were already injured.

"What happened?"

Ying Hongyan and Wang Cheng hurriedly came to them.

The twins' strength and talent are also very good. They look the same and have almost the same height, but they are fat and thin, which is also easy to distinguish.

The fat twin told their story angrily. It turned out that they were blocked by Zhen Xingyu and asked ye Shitian's whereabouts. Anyone who dared to praise ye Shitian would be beaten by Zhen Xingyu and his companions.

The two of them escaped to the fourth floor with all their strength when Zhen Xingyu didn't pay attention.

The more Wang Cheng and Ying Hongyan listened, the more gloomy their eyes became.

.....

After swallowing Tianlei, ye Chen came to the deepest part of the fourth floor. He planned to practice for half a day and began to attack the fifth floor.

But no matter where he went, there would be a lot of surprise around him. Looking at him made him not used to it.

In this regard, ye Chen was also a little surprised. He didn't expect that his cultivation would attract so many people's attention.

"I'd better leave the fourth floor for the time being!"

Ye Chen thought that the fifth floor would be much quieter, so he planned to break through.

But just as he turned and left, a voice sounded from behind.

"Ye Shitian!"

Hearing someone calling his name, ye Chen turned to have a look.

"Oh? You're here, too."

From far to near, it is Wang Cheng and Ying Hongyan.

"Your cultivation has attracted many people's attention! It has also brought disaster to many people!"

Ying Hongyan came to Ye Chen and said.

"What happened?" Ye Chen was a little strange. He didn't seem to disturb others when he practiced his!

So Ying Hongyan said what happened in the next three layers.

"Zhen Xingyu still hates you in his heart. Maybe he saw you enter the nine thunder god tower without the protection of the Pope, so he wanted to trouble you, but he didn't expect you to enter the fourth floor, so he sprinkled the fire in his stomach on the newcomers on the lower third floor!"

"Also let those new people not practice until they force you out."

Ying Hongyan told the whole story, and there was a trace of anger on her pretty face.

When ye Chen heard this, his eyebrows wrinkled, his expression quickly became indifferent, and a trace of anger gushed out of his eyes.

He knew that Zhen Xingyu was aiming at him!

And the other party also asked Ying Hongyan to come out and threatened to let the dog men and women taste the power.

Whether for his own dignity or to rescue those trapped newcomers, ye Chen is duty bound!

"Come on, let's go to the second floor!"

Ye Chen said to Hongyan and Wang Cheng.

Ying Hongyan nodded: "OK! I believe in your strength. Zhen Xingyu is really arrogant. He only has the courage to bully Lei Xiu who has just stepped into the road of cultivation. If he changes to the Lord of reincarnation, he will be able to spend money!"

"Lord of reincarnation?"

Ye Chen was stunned when she heard the speech.

Why is this related to the Lord of reincarnation again?

"Yes, if the Lord of reincarnation is here, do small people like Zhen Xingyu dare to be arrogant? The Lord of reincarnation is the most powerful young Tianjiao in the world. Even the ancestors of the Hong family in the world will be defeated by the Lord of reincarnation. We can imagine their strength!"

Should the red face said seriously, with a fanatical worship in her eyes.

Chapter 7335

In the view of their new generation of young friars, the strength of the reincarnation Lord is accumulated by hard battles.

Relying on one's own strength, it can be said that such strength has never been seen before.

Ye Chen couldn't help but be ashamed. Unexpectedly, he was boasted so badly.

Wang Cheng also nodded and echoed: "I also think the Lord of reincarnation is the strongest Tianjiao now! Those people in the wanxu temple are just superficial! When they saw the Lord of reincarnation, they were beaten and fled?"

Ye Chen thought for a moment. He had fought several tough battles and won at the last minute. There's no need to exaggerate!

At that time, in addition to strength and will, there were also elements of luck, none of which was indispensable!

But thinking of Zhen Xingyu, ye Chen's eyes gradually turned cold.

Ying Hongyan also observed Ye Chen. She found that ye Chen was no longer angry after the initial anger, but had an extreme calm.

His dark eyes were filled with chilling luster, like a beast in the dark, extremely wise and calm.

"Miss Ying, thank you for telling me. I'll go down first!"

Ye Chen arched his hand and said with a smile.

"There's no need to be polite between you and me. I still owe you a promise!"

Ying Hongyan pulled the hair around her ear and smiled.

Her move was light and casual, but there were thousands of customs. Many male disciples around couldn't help looking more.

However, Ying Hongyan's eyes only look at Ye Chen.

She felt that ye Chen's temperament was profound and unimaginable. She had a charming charm. She was clearly a beautiful young man, but she seemed to have experienced all the vicissitudes of life.

And ye Chen's talent is far more than the surface.

"Come on, show me!"

Ye Chen came to the twins. He said to them, with no sadness or joy, but Ying Hongyan and Wang Cheng standing behind him knew that ye Chen was now a volcano about to erupt.

The twin brothers nodded and immediately took Ye Chen to the next floor.

An hour later, they came to the second floor, very fast.

The nine Raytheon tower is characterized by slow going upstairs and fast going downstairs.

At this time, on the second floor, there was a place where many people gathered.

They were all newcomers to the tarpaulin sect this time. There were 70 or 80 people present, and nearly half of the newcomers gathered here.

In front of them, there are several arrogant young people with sharp eyes and superior strength. They are not rivals at all.

A group of new people talked and talked in a low voice. There was no small resentment in those words.

Some of them can climb to the third floor to practice, but they are forcibly blocked here, like a spirit dog tied with a rope, which is extremely oppressed and bent.

In front of them, a young man in a navy blue robe stood with his hands behind his back, proud and complacent. He was Zhen Xingyu who took the lead in blocking the new couple.

At this time, Zhen Xingyu stood in place, not in a hurry or slow, full of energy.

He has grasped the lifeline of Ye Shitian, so he is not afraid that he will not come.

Those who come with it should have a beautiful face!

This time he will catch the dog men and women!

Before the trial meeting, he got the latest news about ye Yatian from his grandfather. It turned out that ye Yatian was just a chess piece used by xuanlao to detect the holy thunder sea. Now after it lost its function, it turned into a pool of mud and no one dared to help!

It was precisely because of this that he dared to do it and lost the protection of the patriarch. What is ye Yatian?

For Ying Hongyan, he must get it, but grandpa has told him that he can't easily seize Yin and thunder.

You have to wait until Ying Hongyan is accepted as a disciple by Mingnu and teaches Lei Gong.

In that way, the most Yin thunder power deprived is the most suitable for treatment.

Zhen Xingyu sweeps around these newcomers. When they are trapped here at the beginning, some people try to resist, but they are beaten back by Zhen Xingyu and his running dogs.

Those newcomers were trapped for several days, but they didn't give up. Instead, they discussed their experiences with each other, and their relationship was much closer than before.

And they believe that Ye Shitian will come back to save them.

But others expressed concern.

The people Zhen Xingyu brought this time are all powerful people in the inner door. Their strength is very good!

Although Ye Shitian's strength is good, he has just entered the realm of Lei cultivation. How can he defeat the inner disciples who have been practicing for a long time?

Of course, they didn't see the shock caused by Ye Chen on the fourth floor.

Otherwise, it will change the existing view!

Liu Zeqi and Zhang Yueyou are also internal disciples, and they have a good relationship with Zhen Xingyu. The important thing is that they want to climb the big tree behind Zhen Xingyu!

Therefore, they agreed to Zhen Xingyu's invitation without hesitation and helped Zhen Xingyu teach these newcomers a lesson.

If this matter is spread to the outside world, it may be punished by the Pope, but compared with setting up a resource line, this punishment is nothing!

"I'll go to the third floor and see. You two stay here!"

Zhen Xingyu said and left.

Liu Zeqi and Zhang Yueyou stay here, and there are seven or eight inner disciples who all act as thugs.

Before long, Liu Zeqi, who closed his eyes and rested, suddenly noticed the abnormality. When he opened his eyes, a streamer flashed in the distance.

In the light and shadow, a figure rushed in, and a thug recognized the person. It was ye Shitian.

Liu Zeqi immediately sneered.

"How dare you really come? Then you'll never come back!"

After hearing the sound, those newcomers looked up one after another. When they saw Ye Chen, they immediately looked surprised.

"Ye Shitian is back!"

"I knew ye Shitian would not leave us!"

The movement from below alerted several inner disciples who were responsible for guarding them.

Those people disdained to kiss one after another.

Ye's talent is good, but without a corresponding backstage, how can he beat Zhen Xingyu.

"Let me clean up this hairy boy. When Zhen Xingyu comes back, he can see the credit of you and me."

Zhang Yueyou rubbed his hands and smiled at Liu Zeqi. Immediately, it was like an arrow from the string, and the powerful thunder force burst into light.

"I've been waiting for you for a long time! Die! Look at my heavenly bear thunder fist, let you see what the real supreme thunder method is!"

Zhang Yueyou was tall and muscular. He clenched his fist and smashed it down with the momentum of thunder.

The thunder clouds on the second floor were driven by him, crackling and roaring.

All the thunder attacks rushed to Ye Chen.

The people who followed Ye Chen changed their looks. They couldn't bear such a towering thunder fist.

Chapter 7336

However, ye Chen didn't avoid it. Seeing the scene in front of him, the chill in his eyes was more intense.

In order to force him out, these people should imprison so many newcomers here, which is really against morality and morality!

For every newcomer, if he can stay in the nine Thor tower for another quarter of an hour, he will gain more.

Some of them may be able to break through the shackles of the second layer and enter the third layer. The thunder energy contained therein is multiplied by hundreds.

And Zhen Xingyu and others just rely on their own interests, which has delayed the cultivation time of so many people.

Thus, how selfish and arrogant!

In the face of this fist, ye Chen's face was also cold. He immediately held his five fingers, and the thunder in his body emerged. In the hot sun, there were 88 roulette marks, one of which flashed out and merged into the meridians of Ye Chen's arm.

In Ye Chen's mind, mysterious words emerge.

"Ten thousand thunder methods: the method of shaking thunder!"

This is one of the 88 inscriptions. It was born out of chaos and has extremely powerful power.

Thunder is the sound of shaking the sky. The thunder fist blows out, and the endless deep spiritual power condenses in the twinkling of an eye. Soon, the broken breath rises abruptly.

Ye Chen's eyes seemed to be burning with flames, forming a huge and ancient mark on his fist, square and upright, vast and infinite.

Bang!

Two equally shocking forces collided with each other, which almost drove the scene to collapse.

The majestic power came in an instant, destroying the withered and decadent, and almost condensed to the extreme.

In this process, the ancient seal carried by Ye Chen did not break, but went further and burst out dual forces.

After the two fought, they quickly separated and retreated two steps respectively, with equal strength.

Zhang Yueyou was surprised. He was an inner disciple who had practiced thunder method for many years. Now he has reached the level of eight layers in the hundred yoke realm. How can he defeat a newcomer!

Ye Chen stood firm and calmed the surging breath in his body.

He looked up with deep eyes.

The strength of the other party is not trivial. If he uses the power of reincarnation, he can take it easily without effort.

But now, on the one hand, he is to hide his identity and can only use Lei Xiu's power. On the other hand, he wants to test the mystery of the thunderbolt method.

"Just a newcomer! Dare you be arrogant in front of me?"

Zhang Yueyou snorted coldly, clenched his fists again, and his strength soared. Behind him, there was a violent illusion of a giant bear. When he looked up and roared, thousands of thunder came together.

This is his natural thunder beast: Tiangang thunder bear. It is also one of the top thunder beasts in the world of heaven.

He absorbed the soul of the thunder beast and turned it into his own use. If it comes to the hardness of the thunder body, I'm afraid few people in the whole sect can compare with him.

But the boy in front of him could fight with him, which made him very unhappy.

"See how I deal with you!"

Zhang Yueyou punched out, and the Tiangang thunder bear roared. The rolling thunder force penetrated the void and surged majestically, gathering into a huge offensive on the surface of his fist!

"Presumptuous!"

Ye Chen's eyes were cold, and the ancient seal of thunder entrenched in front of him burst out again. The amazing spiritual power was superimposed layer by layer, just like a rough wave, carrying 10000 great power!

Qiang!

The endless thunder force swept away with the sound, shaking the world.

Zhang Yueyou was shocked by the surging force and retreated for thousands of kilometers. His throat was fishy and sweet, and he immediately spit out a mouthful of blood. He was bitten by the force, his body trembled, and his skin surface was scratched.

Obviously, in this hard collision, he lost the upper hand!

Liu Zeqi, who had not yet started, was obviously stunned and stared at him. He couldn't believe it.

"What?! how is it possible?"

His figure disappeared, came to Zhang Yueyou and helped each other up.

Those newcomers were also surprised when they saw this scene.

Ye Chen no longer looks at Liu Zeqi and Zhang Yueyou, but turns around and falls among the besieged freshmen.

"Brother Ye!"

Someone shouted boldly.

Then there were bursts of applause among the new people.

Several other people in charge of guarding the array did not dare to move at this time. Even Zhang Yueyou lost. They must not be ye Chen's opponents.

For the sake of their personal safety, they decided to hold the position.

"Are you all right? I'm sorry. I'm sorry to have kept you here for a long time because of me."

Ye Chen's eyes looked around. There were surprises and gratitude in those people's eyes, but there was no resentment, which made him a little ashamed.

After all, Zhen Xingyu did it because of him.

"Don't worry, brother ye, although these guys are arrogant, they still don't dare to fight us!"

A flat headed man said brightly.

"Yes! If they really dare to do it, dozens of us will lie here and can't get up! Look how they explain to zongmen!"

After these people were rescued, their mood relaxed.

But the twins are not very optimistic.

"In fact, the person who really gives orders is Zhen Xingyu. These guys are nothing. If Zhen Xingyu comes back, things will become tricky!"

Ye Chen nodded and said lightly, "don't worry, people don't offend me. I don't offend. They don't make sense in this matter! If you swallow it again, it will make the villain succeed."

Chapter 7337

With that, ye Chen looked at Zhang Yueyou, who was full of anger but didn't dare to do it, and said, "call Zhen Xingyu. Doesn't he want to find me? I'll wait for him here!"

Zhang Yueyou and Liu Zeqi both gave a cold hum.

"When Zhen Xingyu comes, see how arrogant you are!"

Ye Chen glanced at him and immediately closed his eyes to practice. It seemed that he didn't pay attention to him at all.

"You..."

Zhang Yueyou was angry, but this move involved the wound again, and he immediately felt so painful that he took a breath.

Liu Zeqi took him and went to the third floor to find Zhen Xingyu.

There was a lot of trouble here. It spread at the speed of light in an instant. Before long, many disciples of taileishen sect knew it.

Those people rushed over to find out.

Some newcomers who were not surrounded also came. After hearing this, they were angry, but they didn't dare to scold.

Because Zhen Xingyu's background is not for fun.

In the distance, there are also some inner disciples with high status. Look here. They want to see how ye Shitian wants to solve this situation.

Now ye Shitian and Zhen Xingyu have completely torn their faces in public. Those two people must decide the victory or defeat before the matter can be settled temporarily.

When ye Chen closes her eyes to refresh herself, she should stand aside with some guilt in her eyes.

"I'm really sorry. It's all because of me."

Ying Hongyan is full of apology.

It was a small matter, but now it affected the whole new group, delayed everyone's cultivation progress, and made ye Yatian suffer inexplicable pressure from all directions. She was really sorry.

Ye Chen raised her eyes slightly and smiled.

"It doesn't have much to do with you. Don't blame yourself. Whoever comes here will fight back. If he Zhen Xingyu is domineering, he will have to suffer the consequences of such behavior."

Those newcomers also know the source of this matter more or less, and a trace of blood can't help pouring into their hearts.

Why do they deserve to be bullied. Just because the other party has a tough background?

After that, who dares to practice among sects? Who can hold his head up in the temple of thunder?

"You guys, you must all know the reason for this. Just because you failed to flirt with the girl, Zhen Xingyu wanted to kill us all, regardless of the progress of our cultivation."

"Such humiliation, if we don't rise up and resist ourselves, there will only be more and more in the future. We can't solve the problem. No matter how powerful he Zhen Xingyu is, he can't kick everyone out of the sect."

"Today, ye Chen wants to be a striker. Let you know that the newcomers may not be able to beat the old man!"

When ye Chen said this, the indifferent light in his eyes suddenly became hot, and when he said this, a very fierce and domineering momentum broke out all over his body.

This share of authority is extremely strong, shaking heaven and earth, and is by no means weaker than any Tianjiao.

After feeling such a high spirited atmosphere, the dozens of newcomers also waved their arms and shouted.

"Yes! Everyone is a disciple of the sect. Why should we be bullied by him for no reason?"

"For nothing else, just get justice for Ying girl! Why should she be punished after being teased by others? It's clearly the other party's sin!"

"Brother Ye is a righteous man, but he was bullied by your inner disciples. As the largest sect in the Lei cultivation world, what's the reason? What's the justice?"

“.....”

Those new disciples seemed to feel the surging breath and issued questions directly against their souls.

Those inner disciples who were temporarily outside the door were sweating and faltering. They couldn't say a word for a long time.

They did not expect that the reaction of this group of newcomers was so great that it was beyond their control.

There are new people around, who constantly join in, as if they were infected by some kind of breath, shouting for justice.

The old sect disciples who passed by were surprised.

They looked wonderful when they understood the cause and effect of the matter.

If these people don't dare to say anything and keep their heads down, it will have no impact on Zhen Xingyu.

But if someone twisted them into a rope and wanted to make the matter big, even if the elder stood behind Zhen Xingyu, he had to come forward and give an explanation to calm the public anger.

Otherwise, if you say it out, you will lose the face of the entire Raytheon for thousands of years!

Even the elder dare not deliberately press such a thing that damages his reputation.

After all, Zhen Xingyu is still too young! If you think you have a backer, you can do whatever you want in the door.

As everyone knows, people's words are terrible. If the pressure of public opinion accumulates to a certain extent, it can surpass Mount Tai!

He Zhen Xingyu is not strong enough to be fearless!

In the distant clouds, a man and a woman stand here.

These two people are Lin Tianxuan and Situ Hujin!

"Elder martial sister, what do you think of this boy?"

Lin Tianxuan looked at Ye Chen with great interest and turned to ask Situ Hujin.

Situ Hujin smiled. His eyes were like the clearest gemstones in the Linghe river. They were very moving.

She smiled gently, and even the wind and thunder around were drunk, staggering and disoriented.

The country and the city, but so it is!

"He is very smart and knows how to build momentum. Maybe he has the strength to defeat Zhen Xingyu alone, but he doesn't want to, because in that way, all the pressure will be on him. If the elder is accountable, I'm afraid there will be big trouble."

Situ Hujin carefully analyzed it.

Lin Tianxuan nodded and gave a thumbs up.

"Elder martial sister is right!"

Situ Hujin turned his eyes and continued, "and he has a natural leadership temperament! I can't tell what kind of feeling it was. Just at that moment, I even wanted to rush over and shout for the injustice they suffered!"

Situ Hujin shook his head and his eyes were full of confusion.

"It's not just elder martial sister who feels this way! Even I want to take out Lei song's sword and help him!"

Lin Tianxuan sighed.

Situ Hujin smiled: "let's see the result. I want to see how far the fire can burn."

"As long as he is invincible, the fire can burn all the time!"

“.....”

Not many people heard the conversation between the two top Tianjiao of zongmen.

Almost everyone's attention was focused on an area on the second floor.

It's like an uprising army is about to explode here. Many people stay in one place, rubbing their hands and spitting anger in their eyes.

In addition to the newcomers, many people who had been bullied by Zhen Xingyu also stood up one after another to vent their depression.

Count carefully, the number has reached more than 100!

Chapter 7338

There are many disciples with good potential. They must be the backbone of the sect in the future.

Liu Zeqi was quite at a loss. He and several other inner disciples retreated slowly and were overwhelmed by the momentum.

But at this time, a flash of light flashed across the sky, turned into a rainbow and rushed to attack.

When the light disappeared, Zhen Xingyu's figure emerged. His look was cold and sharp, and his eyes swept directly over Ye Chen.

"Why? Are you trying to beat me up by uniting so many people? I'm afraid you're not qualified!"

In the face of this formation, Zhen Xingyu sneered, and the sarcastic voice spread slowly.

Over the years, his strength and accomplishments have not increased much. There are many ways to suppress others.

Seeing those angry newcomers, mixed with some old faces, his expression was flat, but he was surprised.

Why do these people dare to stand up against him now? This has never happened before.

"Well, I'll investigate all your information and find out one by one! It depends on which of you dares to be the leading bird now!"

His voice suddenly became cold and fierce. This sentence was not a joke, but a real threat!

The faint thunder force followed and let those newcomers see his strength again.

Although it's not very top-notch, it's not something these newcomers can stop!

The color of anger in some people's eyes faded instantly and immediately became a little hesitant.

They can't just be brave for a while. They have to think about the future!

Zhen Xingyu was very satisfied with this scene.

That's what he wants!

Only fierce can make people afraid.

But the next moment, ye Chen took a step forward, his palm pressed down, releasing the invisible reincarnation power.

The six reincarnations and Lingxiao martial arts are fearless and can eliminate the demons in your heart!

The invisible ripples spread slowly, swept through the people, and dispelled the fear they were worried about.

And ye Chen's voice also sounded in time, as if with a special magic, which can make people feel stable.

His words are like a sea god needle! It calms people down quickly.

"Don't take your selfishness for granted! I understand why you occupy such good cultivation resources, but your strength is so poor. People who only bully men and women and bully the soft and fear the hard don't deserve to stand in a high position."

Ye Chen speaks frankly and belittles the other party to nothing.

Hearing this, Zhen Xingyu suddenly changed his face and looked as gloomy as water.

"I advise you to think about how to speak before you speak in your next life! Otherwise you don't even know how to die."

When Zhen Xingyu came back, he was followed by two people. His strength was stronger than that of Liu Zeqi and others.

These two people obviously also want to climb the relationship of Zhen Xingyu.

However, ye Chen is not afraid at all. His thunder strength has already broken through.

On the surface, he doesn't seem to have much cultivation, but he has actually entered the top level. Even in the face of one of the best Lei Xiu Tianjiao, he can fight!

Those two people are among the top 20 in the inner door. They have stepped into the sixth floor. They are more powerful than ye Chenlai!

They were naturally confident and didn't pay attention to Ye Chen at all. They just felt that these newcomers were a little tricky in front of them.

Zhen Xingyu is not in a hurry. Even if ye Chen defeats the other two, he doesn't think ye Chen can beat the two behind him.

When ye Chen heard the speech, he immediately disdained a smile.

Then his body rose slowly and finally looked at Zhen Xingyu in parallel.

Ye Chen stretched out his hand, hooked it at him and said, "don't talk nonsense. If you want to find face, you can do it yourself to prove that you are not a waste who can only rely on the backstage."

As soon as ye Chen said this, the freshmen were stunned one after another, but immediately there was a warm cheering voice.

How dare you!

A new disciple who had not entered the sect for a long time dared to challenge the old man in the sect on the spot.

And the old man is still extremely arrogant.

Ye Chen knows it's not so easy to get Lei Bei. Maybe if he offends this person completely, Lei Bei will have a turn for the better!

Today, Zhen Xingyu didn't expect a more arrogant than himself!

He was carried to the fire rack by the other party, so he had to harden his head and go on!

Zhen Xingyu's eyes were cold in the lunar calendar, like a blade scraping Ye Chen's skin, and he wanted to eat him alive!

His complexion was particularly cold, because ye Chen's attitude really made him lose face and difficult to ride a tiger.

When was he so forced?

He organized people to force Ye Chen out. What he wanted to see was not this scene.

What he wants to see is the scene where ye Chen kneels down in front of him and asks for mercy. Let others know that he Zhen Xingyu is not easy to provoke.

But I didn't expect that the facts were reversed!

Since the boy is still so ignorant, he can only use his fist to tell him plainly that the freshman of taileishen sect should learn what to be a low-key man!

"You two don't have to intervene. See how I deal with this guy who doesn't know heaven and earth!" Zhen Xingyu said in a gloomy voice to the two behind him.

The two men nodded and said no more!

They guard here. Presumably those freshmen don't dare to mess around. Zhen Xingyu can concentrate on cleaning up Ye Chen.

Three powerful inner disciples gathered together to deal with the newcomer. I'm afraid he can't escape.

"This boy is so brave. Looking at the whole Tailei Shenzong, few people dare to provoke Zhen Xingyu. He not only provoked, but also provoked to the point of immortality. It depends on how he ends!"

"Ha ha, let's just watch the fun, but it's good. Zhen Xingyu, with his background, does evil everywhere and bullies the weak. It's time to suffer!"

“.....”

Seeing the two men, the spectators on the other side understood that Zhen Xingyu had never been so provoked, and his heart must be extremely angry.

Although his strength is not at the top of the family, it should be enough to deal with a newcomer.

Those people immediately looked at Ye Chen in front of them. After talking, they retreated.

Chapter 7339

"You think you are invincible after defeating several people around me? Hehe, I can only tell you that your knowledge is still too shallow! Now, I have to regret to tell you that you will be severely hit by me next! If you kneel down and kowtow to me now, I may consider letting you go."

Zhen Xingyu said with a gloomy face.

On his body, there was also a crackling thunder. Immediately, his palms were slowly held together. The violent thunder turned into a powerful light and rose into the sky.

A burst of surging breath emanated from his body. The thunder force and pressure spread rapidly, which made many newcomers below change their faces.

That level of thunder power is much stronger than them. I'm afraid they have reached the peak of the hundred yoke realm!

Although Zhen Xingyu is a dandy and arrogant, the Lei Li cultivation accumulated with heaven and earth treasures can not be underestimated.

As a descendant of the sect elder, Zhen Xingyu's strength is not weak, but he is usually addicted to wine and sex and has been hollowed out!

If you rank among the inner disciples, you can't say that you are weak at about 40!

Some people can't help looking at Ye Chen. They are not optimistic about ye Chen!

However, ye Chen's look was still that of Gu Jing. There was no wave in his eyes, and there was no fear or fear because of Zhen Xingyu's thunder power.

"You give me two kowtows, I can consider letting you go."

Ye Chen said faintly.

Many people couldn't help laughing when they heard this.

This guy is arrogant and interesting!

"Boy, I gave you a chance. You don't cherish it yourself, but no wonder !!"

Zhen Xingyu's eyes sank, his face was cold, and there was a strong sense of killing.

Immediately, his figure rushed out suddenly, like a domineering thunder beast!

"Let you see what is the real saint ray martial arts!"

"Sky thunder earth method! Thousands of thunder explosions!"

This is one of the top martial arts handed down by the Tailei God sect. Since ancient times, it has been cultivated by the top Tianjiao!

He clenched his palms and blasted out with a fist. The thunder roared and glittered, sweeping out like a sea wave,

The amazing wave of shaking the sky is as fast as thunder, and impacts Ye Chen like a wild devil.

In Ye Chen's eyes, several leaping thunder lights appeared.

"So what?"

Ye Chen's clear pupil reflected the thunder that flashed, which was frightening and sensational.

The chaotic thunder in his body also felt the provocation from the outside and couldn't help but force it.

Pop!

The chaotic thunder suddenly exploded. Almost in an instant, the majestic power gathered and quickly poured into Ye Chen's arm. The flashing thunder was extremely dazzling and impeccable from inside to outside!

Lei Li came from his arm and spread into a river, almost drowning Ye Chen's whole body in the thunder light.

He gave a low cry and bent his fingers together. In the next moment, he stabbed fiercely, and a thunder light more than ten feet long swept out of his fingertips, like a golden magic gun, which was extremely fierce.

Boom!

The two thunder forces collided with each other fiercely. The low sound of the thunder force collision spread, and the thunder light was dazzling, and both of them immediately annihilated.

On the first blow, they were equally divided, and no one took advantage.

The thunder force has not dissipated and is entrenched in mid air.

Zhen Xingyu looked at the scene, his eyes narrowed slightly, as if through the thunder curtain, staring at Ye Chen opposite.

Boom!

At this time, a sudden change occurred.

A vague figure suddenly passed through the annihilated thunder like a ghost and appeared above Zhen Xingyu.

Zhen Xingyu suddenly changed his look. He never thought that ye Chen could hide from his blockade, penetrate Lei Guang and come to him.

His palm suddenly clenched, and a black light appeared on the thunder fist, which condensed into a towering shield.

Boom!

Ye Chen's attack seems gentle, but it is actually flexible. He turns his fist into a palm and then into two fingers. He points on the shield. It seems powerless. In fact, he bursts out with an inch of strength, and unparalleled power suddenly sweeps through.

Zhen Xingyu thought the thunder shield he built could stop Ye Chen's attack, but he was wrong.

The strength between the two fingers, like a violent thunder snake, roared and rushed over, immediately tore the void in front of him and rolled up thousands of waves.

"It's impossible. This is the best defense treasure handed down by my grandfather. How can you break it easily?"

Zhen Xingyu couldn't believe it. He roared and gathered almost all the thunder in his body in front of him.

Boom!

Then he punched out, roared out, and shrouded Ye Chen with an amazing wave of thunder force.

The fist light supported by thunder roared. That kind of fluctuation also made Ye Chen look slightly frozen.

It seems that this guy still has some strength, otherwise he can't have such combat effectiveness!

However, if that is the real strength, there is no need to fight him, because he is bound to be a loser.

Ye Chen's eyes were fierce and almost swallowed up the world.

"Yi Yang Lei Zhi!"

Zhen Xingyu bit his teeth and used a unique skill. Before the battle began, he didn't think he would fight with Ye Chen to such an extent.

His body was motionless, his single finger pointed out in the air, and the thunder swept through. On the flickering thunder, it seemed that there was an invisible flame passing by.

Then, with Zhen Xingyu pointing out the wind, it turned into a burst of thunder light, tore the air, and heavily pointed on the thunder light fingerprints.

Dong!

The two fierce offensives collided head-on, and immediately there was a visible thunder shock wave sweeping through. The gold and black thunder force relied on each other, wriggling madly, trying to destroy each other.

"Break it for me!"

Seeing that the two thunder forces were deadlocked, Zhen Xingyu's eyes sank. At this time, the thunder force in his body completely broke out, clapped it with one hand, and immediately Lei Guangguang made a great work. Finally, he suppressed the thunder force formed by the death seal of nasenro, and finally burst away with a bang.

Shua!

His thunder light finally broke Ye Chen's attack.

However, the impact of Lei Li has just been resolved, and a figure has rushed in. The fist wind roared, and the shadow of the fist palm mercilessly shrouded around Zhen Xingyu.

Ye Chen didn't use too much thunder at all, so he rolled it directly with his flesh.

Such a gesture seems to have completely ignored Zhen Xingyu.

Bang bang!

Facing Ye Chen's fierce attack, Zhen Xingyu sneered, urged Lei Li, pointed out the wind, and blocked the attack from ye Chen.

In the sky, two lights and shadows entangled together, and the black awn golden light broke out, which was quite dazzling.

In this area, countless eyes are looking at the two figures in the sky. The violent thunder from there, even the old man who has stepped into the door, looks a little dignified.

Chapter 7340

Ying Hongyan, Wang Cheng and others also looked at the fight with dignified faces.

There is no doubt about ye Chen's strength, but they were surprised to fight so hard with Zhen Xingyu.

Anyway, they all hope Ye Chen can win.

In that way, it can be regarded as a bad breath for the bullied newcomers.

But they are worried about one thing.

Although Ye Chen's thunder power comprehension and talent are very high, his real cultivation is not enough. If he is fighting a hard battle, I'm afraid he can't support a lot of consumption.

If he is more powerful than Lei Lixiong, he is naturally inferior to Zhen Xingyu. Therefore, if this stalemate continues, it will not do him much good.

"Boom!"

While these thoughts flickered in their hearts, there was a loud thunder in the sky, and the two figures entangled together were also shot out upside down.

Ye Chen's sleeves were torn, and Zhen Xingyu's long hair became a lot scattered. Obviously, the previous two people didn't keep their hands when they started.

"Boy, I have some abilities. I can force me to such a point. It seems that your cultivation progress is pretty good."

Zhen Xingyu sneered that ye Chen's strength was no worse than their core disciples.

This situation makes Zhen Xingyu more willing to kill.

The stronger Ye Chen is, the greater the threat to him.

He will never allow a sharp thorn to grow under his eyes.

"Just don't be arrogant! The battle has just begun! You'll feel better next."

Zhen Xingyu's eyes suddenly sharpened. He stepped out step by step. The thunder light shone continuously, and his scattered hair fluttered into thunder needles, making him look like a god of War born in a thunderstorm.

"Battle of thunder Saint: Thunder God body!"

Zhen Xingyu used the strongest stunt handed down by the elder: Thunder God body.

This constitution is a unique skill that could be practiced by the prospective emperor in ancient times. Once you read 31 complete thunderbolts, you can step into the realm of the Lei emperor and become the supreme Lei Zun.

The bright black light surged out of his body and stretched indefinitely, just like thousands of black clouds surging.

He has now condensed nine complete thunderbolts. He can step into a new realm with only one step away.

Those thunderbolts are as thick as columns, like towering peaks, lying in mid air. They are extremely huge and can be changed into any form at any time for their use.

"Cut it off!"

Zhen Xingyu's handprint changed and shouted loudly.

The dark clouds all over the sky suddenly surged and immediately surged in front of it.

For a time, it changed into a huge thunder sword to block out the sky and the sun.

These giant swords trembled and hummed, and there was an extremely powerful fluctuation.

For a moment, the wind began to thunder, and the countless dark clouds scattered in the air. The appearance of thunder light giant sword broke the silence here.

Zhen Xingyu's world thunder force changed violently, and he became a little irritable, as if he wanted to break through this void.

All the people in the battle were amazed at it, because they also knew that this was the skill of the great elder.

Once used, it is earth shaking and can turn everything into ashes.

"The boy is strong. Although Zhen Xingyu is a medicine jar, the medicinal materials accumulated by the elder have played a lot of roles over the years. At least I can't beat him."

"It's not just you! How can we compete with others who don't have enough talent and no background?"

"You don't have to discuss this. Feel at ease. At first, I thought Zhen Xingyu would win, but now it's really bad. Instead, I'm a little optimistic about this boy."

Those disciples of the sect who watched the war talked in a low voice.

Suddenly, I heard a loud bang in the sky. The thunder light giant sword had come and blocked Ye Chen's retreat.

But ye Chen was happy and unafraid, straight up, and there was an inexplicable brilliance in her eyes.

At the sea of Qi in his body, chaotic thunder kept churning, stirring his reincarnation blood boiling, as if he would break out in the next moment.

"Don't get excited! Since he wants to play, play with him! I'd like to see how many tricks he still has."

Ye Chen smiled. In the blink of an eye, he had swept ten thousand meters away. The thunder fist in his hand suddenly took shape. At this moment, it was intertwined with bright lightning.

"Thunder ten thousand methods: Electric magic fist!"

In Ye Chen's body, the chaotic divine thunder penetrated from the sea of Qi to the Dantian, and finally reached the spirit sea. The endless thunder mixed with reincarnation blood and burst upward!

The power of circulation suddenly rose and formed a thin layer of armor on Ye Chen's body surface.

Therefore, ye Chen can not be afraid of the damage of the thunder light giant sword and directly use the thunder fist to crack the other party's defense.

Zhen Xingyu stood in the void and formed several powerful fields around him.

"There's no need to struggle. It's meaningless. In the face of the peerless thunder technology of Tailei God, your only end is to wait for death!"

Zhen Xingyu's eyes were cold and fierce, as if he had foreseen the result of Ye Chen's failure.

He lowered his head and sneered, raised his hand, and the printing method changed.

I saw the thunder and light giant sword all over the sky, the momentum condensed to the extreme, and suddenly turned the direction.

First, like a raging thunder, it soared into the sky, and then it suddenly turned and rushed down, turning into a hot torrent!

Bang, burst the air, with bursts of roaring sound, blocked Ye Chen's retreat with an extremely fast speed.
