

Physician 7361

Chapter 7361

When the five fingers beat hard in the void, the fine cracks spread rapidly, and golden lights burst out, drowning Ye Chen.

Behind him, a golden Buddha emerged.

Fighting against Buddha is magnificent and powerful. He is a fighting madman among the gods and Buddhas.

The fight defeated the Buddha. The palms were folded like a bell, and the dazzling golden light scattered and expanded.

WOW!

After the thunder bridges came into contact with the Buddha light, they were all broken.

However, xuanlao was not affected. On the contrary, several elders who followed him were swept out after suffering this fluctuation, their chest collapsed and blood vomited wildly.

But soon, the ghost girl released a layer of frost and thunder, covering the surrounding space and forming a shield.

The face of the nether woman is no different from that of an ordinary woman, but insiders know that she is very old this year. It is only because she has a good face that she looks so young and beautiful.

Just that face, like the eternal frost, always has an expression!

No one has ever seen her try her best, but it is said that her real strength is not under Xuan Lao.

Even if ye Chen is a reincarnation body with strong blood and thunder assistance, it is still very difficult to fight with a strong person like xuanlao.

The two have shuttled back and forth in the thunder clouds, and hundreds of moves have been taken.

The people below can only see that in the sky, thunder flashes and the breath is amazing. They don't even dare to approach half a step.

However, compared with Ye Chen, the surprised color in xuanlao's eyes is getting stronger and stronger.

He is a mighty king.

In addition to the former patriarch, he is the first person worthy of his reputation.

Even if the other party is the Lord of reincarnation, he has not grown up!

What if you have great talent!

Fall into his hands and let him handle it.

But when it comes to real action, that's not the case.

Now, he is the first person who can't subdue a fledgling boy even with hundreds of moves.

The boy's means are endless, extremely strange and contain unparalleled power.

Xuanlao can assert that if you give this boy another ten years, I'm afraid there will be no rival for the young generation of the universe.

Xuanlao even regretted why he used him as a victim.

If we can treat each other well and cultivate them sincerely, maybe we can really cultivate an earth shaking big man.

Then, won't he be able to enjoy the cool under the big tree?

But this is already the case and cannot be changed.

Xuanlao has never been an indecisive person. He simply doesn't do one thing or two.

Let you be the Lord of reincarnation! It's on my turf now.

"Tianzong thunder!"

Boss Xuan drank, like Kunpeng spreading his wings and flying for nine days. His sharp eyes stared at Ye Chen.

Above the sky, the thunder clouds rolled, and the extremely strong thunder slurry poured down. It was like a tsunami, earth shaking and roaring in groups, drowning all the places where ye Chen was located.

This guy's strength is terrible!

Ye Chen retreated quickly and could only hide again and again.

Even if he has a deep understanding of Leifa, there is a fundamental gap in strength.

Such a gap can not be filled by just a few thunder methods.

Ye Chen fought and retreated, thinking about the way out of trouble.

Now he has exposed his identity. If he wants to get Lei Bei, he may have to win with his strength.

Otherwise, you will have no chance to come again next time.

"Boy, lend you my strength."

Huang Lao, who is in the reincarnation cemetery, said at this time.

"Take mine too!"

Xuanhanyu also opened his mouth.

Chaotic thunder emperor and chaotic Yan Emperor wake up from the reincarnation cemetery one after another to help Ye Chen.

But ye Chen shook her head and refused their kindness.

"No, in addition to him, there is a strong man of the same level. I'm afraid I can't beat them back with your strength."

Ye Chen knows very well that these are two real heavenly kings and ancestors.

In addition to them, there are several elders who have stepped into the level of emperor and ancestor.

Beat back one and another.

It was his strength that was consumed in the end.

It was easy for him to escape, but it would be very difficult for him to get close to the Zhenshen tower again!

Witnessing this scene, the people watching the war at the bottom became numb and stunned. For a moment, they didn't know what to say.

At the last moment, ye Chen also broke the record of zongmen. He was regarded as the pride of heaven and has a bright future.

But at the next moment, his true identity was exposed. It turned out that the Lord of reincarnation sneaked into the sect door. He must have a different purpose!

Zhen Xingyu stood in the crowd, smiling at the corners of his mouth and never stopped.

He hated Ye Chen so much that he made a fool of himself in public and was forced to leave. It was his wish all the time.

His wish came true.

Therefore, when ye Chen's identity was exposed and chased, he began to see a good play.

But somehow, those newcomers chose to believe Ye Chen.

When they were blocked on the second floor by Zhen Xingyu and were in a dilemma, ye Chen appeared in time and forced the enemy back!

Not everyone can do such a move!

But obviously, their opinions can't control the war.

After knowing Ye Chen's goal, Tailei God still took action.

The elder led the troops to block the town god tower, and sent three elders and five elders to block two ways out.

Many experts went out and surrounded the place so tightly that even ordinary mosquitoes could not enter.

But no one noticed that there was a cold look on the edge of the forest of Raytheon mountain that day, looking straight here, and then disappeared.

.....

Tailei Shenzong, the top of the mountain.

Boom!

Two unparalleled thunder forces collided again.

This time, the dark blue thunder didn't carry it. It blasted back tens of thousands of meters, smashed through the soil layer, and dozens of miles of ancient trees were broken.

Xuanlao stepped out with one foot, and the strong thunder fell deeply into the ground, like a cold knife, sharp enough to open the world.

Ye Chen had to use reincarnation to shuttle and constantly escape each other's attack.

He can use three heavenly swords or Daqian Chonglou palm.

But even if xuanlao is pushed back, there are still netherworld women.

The elder is also eyeing in the distance.

In this way, you will only consume your physical strength faster and faster, so as to get into trouble.

Xuanlao naturally saw what ye Chen was thinking. He immediately snorted coldly and shouted, "if you want to get close to the Zhenshen tower, it depends on whether you have that ability!"

Crazy thunder roared out, unmatched and crushed to the utmost.

Xuanlao used his housekeeping skills. Huge thunder was entrenched all over the sky. Thunder and lightning surrounded the column, resulting in countless lightning throwing knives.

The auspicious sun is shining brightly.

This thunderbolt fell fiercely, like the law of heaven, turned into reality and blessed the earth.

The magnificent weather, like the highest peak, broke away from the shackles of layers of rules, and the breath broke out is amazing.

Chapter 7362

And xuanlao was covered with thunder all over, looking sacred and dignified.

At this moment, he incarnates as the Lord of thunder, controls all kinds of thunder in the world, and is qualified to leave a name in history between heaven and earth.

Thunder is as high as the sun and moon, and lightning travels like a meteor.

Countless thunders flow like chanting scriptures.

Xuanlao's inheritance comes from a quasi Lei emperor in ancient times.

When the thunder emperor used his unique skill, he was like a God. The divine glory came to the world and made the enemy lose his life in admiration and worship.

At this time, xuanlao was just like this.

Such a powerful thunder force almost suffocated Ye Chen.

He runs the reincarnation blood in his body madly, and the chaotic thunder is also madly left behind.

But even so, ye Chen can't break through this taboo.

"Damn... The thunder light released by this guy completely blocked the way!"

Ye Chen wanted to move, but she found that her blood seemed to be coagulated without any reaction.

At this time, if he wants to escape, I'm afraid he can only use the empty stele in his body.

Do you really give up?

Ye Chenxin is unwilling!

Now it's not just thunder stele, but also the famine demon saint in the town god tower and millions of powerful demon families.

Ye Chen has planted the soul mark. After those demon families surrender, they must not betray him.

If you can recover him and become an invincible demon king under your own hands, you can help him sweep the sky in the future!

When my mind flashed, the thunder had come!

Now it seems that only one of the two can be chosen.

He bit his teeth, and the empty tablet in his body was ready to move.

But just then, there was a loud noise in the sky and it seemed that a heavy thunder exploded.

Almost everyone stopped their movements and looked up into the sky.

The thunder was so amazing that it almost filled the whole sky.

"I'll see which of you dares to touch him."

A soft voice came from the sky, but it was sonorous and powerful, showing arrogance and awe inspiring.

Boom!

When the thunder came, the wild snake flew and went straight to xuanlao.

Xuan Lao's eyes twinkled for a moment. He still didn't choose to connect hard, but retreated thousands of miles away.

There was a figure wrapped in the thunder light.

When the divine thunder dissipated, xuanlao and others saw the man's face clearly.

Everyone present had their pupils narrowed.

He also has silver thunder jumping on his body. He is tall, brave and extraordinary, and his eyebrows and eyes are like a sword.

Those broad palms are even more eye-catching.

These two palms are his sharp weapon and the unique skill on which he became famous.

It is Ye Jurong, the former leader of Tailei hall, who mysteriously disappeared and was said to have fallen!

"Why, xuanlao, are you surprised to see me?"

The Lord of Tai Lei hall looked at him with a smile, but there was hatred in his eyes.

Revenge for seizing the throne!

Today he came back to collect his debts.

The other elders were stunned one after another. Except for the dark woman's face, it was still as cold as frost.

The other high-level leaders in the sect were stunned and immediately became unbelievable.

"The patriarch... Has not..."

They seem to have become mute and can't believe it.

The Lord of Tailei hall looked at xuanlao and said lightly, "the news you heard is that I was killed in battle, right? Hehe, what's the so-called death in battle? It's just a conspiracy planned by xuanming and Ming. It's to let me be buried outside. I'll become a wandering soul and wild ghost in this life. I can't go back to the sect again."

As soon as this remark came out, all four were surprised.

People never thought that the real cause of the patriarch's death was his murder, not the failure of robbery.

Those new disciples were stunned.

They have never seen Ye Jurong, but only know that ye Jurong died during the robbery. In order to commemorate him, the supreme Presbyterian group also erected a statue for him in the square.

But in any case, they didn't expect that the Lord of Tailei hall not only didn't die, but also killed him back from adversity, revealed the truth, and caused an uproar.

The calmest person is not him, but xuanlao.

After the initial shock, xuanlao narrowed his eyes and looked at the Lord of Tailei hall.

"Although you survived, the origin of thunder power has been almost destroyed by thunder robbery. The reason why you can recover your strength is entirely supported by a strong external force!"

The Thunder God's eyes of xuanlao have been tempered by different fire, so they can see through the current situation of the Lord of Tailei hall.

The body of the Lord of Tailei hall is full of holes. Even the sea of Qi is broken into several pieces. A burst of dark flame twines into silk to maintain the operation of the sea of Qi.

If the flame disappears, the body of the Lord of Tailei hall will explode directly.

And the fragile spirit no longer exists.

Seeing this scene, xuanlao was relieved, and his eyes immediately became cynical and disdainful.

"How long can you last with your body? What's it like to go back to the sect, not to die?"

Xuanlao doesn't care about the truth at all. Now it's a foregone conclusion. He is the highest authority of Tailei God sect.

The law of the jungle has never changed.

This remark caused an uproar.

They never thought that now their Ye Jurong was dragging a tired body.

This state comes to Tailei Shenzong. In the face of xuanming two elders, aren't you afraid of complete fall?

"Whether to deliver or not has the final say."

Ye Jurong disagreed, and a touch of irony appeared in the corners of his eyes.

"What's more, I inspired him. Don't be difficult for him."

The voice fell, and ye Jurong looked at Ye Chen not far away.

If ye Chen hadn't been exposed today, he wouldn't have appeared easily.

But now the situation is urgent and he is not allowed to think more.

He came back for other reasons besides revenge!

Chapter 7363

Hearing this, Xuan laoleng shouted, "ha ha, my good Temple Lord, it seems that you are going to completely betray Tailei God sect. Do you really not know that he is the Lord of reincarnation?"

A questioning tone made the whole surrounding momentum become extremely cold.

Others can only sigh that xuanlao is shameless.

Obviously, he designed to frame the patriarch, but at this time, a basin of dirty water poured on the victim.

The temperature of xuanlao suddenly dropped.

Those newcomers, when they felt such a powerful momentum and the extreme cold temperature, immediately retreated,

Even the top level of the Tailei God sect, even most of them are the realm of the heavenly monarch and ancestor.

This sudden outbreak of the situation made them a little frightened.

Ye Jurong's eyes coagulated and disdained to say, "today I'm going to take him away. As for the gratitude and resentment between you and me, it's another account!"

He knew that his body was full of holes, and now he was able to get here. He was trying his best to maintain the operation of the air sea.

But if this flame disappears, his body will explode completely.

Even their own spirits will be greatly affected.

In other words, his spirit is also in a split state. If he strongly supports the injured body to fight, he will bear great risks.

Seeing this, xuanlao immediately shouted, "do you really think this is still your mountain? Elders, it's time for you to take action now. I hope you won't disappoint us!"

His eyes were cold and looked at the high-rise buildings in the door.

Many senior executives are entangled. It's not easy to promise, but it's not easy to refuse. They simply don't take their heads in the past.

Both patriarchs are here. They can't choose.

No matter who you choose, morally or in the future, it is a problem that will affect your future.

"What else do you want to say to them? Go straight ahead! If there is one today, you have to stay!"

The dark woman's face was like frost, and she didn't seem to want to talk more nonsense.

Xuanming two old men immediately surrounded them completely.

The endless thunder and lightning law tightly surrounded Ye Jurong in front of him, while the frost thunder law wrapped and carried them towards Ye Chen in an attempt to leave them completely.

Lightning intertwined with frost, like a beautiful map of ice and snow, mixed with glittering lightning, the whole sky became dark.

"Ha ha! I want to see who wants to keep him."

At this time, a loud voice suddenly came from the distant sky.

A very deep dark force suddenly entered these lightning and frost, and there was a faint tendency to resist it.

"I don't know which friend came?"

Xuanlao hesitated for a long time, still arched his hands towards the sky and said with a smile.

But he and the dark woman cooperated closely. Knowing that the other party was not good, they looked at each other, and they immediately opened the defense array.

I only saw a man in black robe suddenly appear from the sky. I only saw that his whole body was a very obscure dark law. That looming power came from the demon ancestor Wutian!

"The power of Jiuyou? What's the relationship between you and the devil ancestor Wutian?"

Xuanlao's face has finally changed. If this person has contact with Wutian, I'm afraid he can't give up today.

The evil ancestor has no heaven. That's an extremely powerful existence! They are absolute overlords not only in a certain field, but in the whole universe.

It's Ye Chen's good friend, the devil emperor.

Together with Ye Jurong, he arrived here.

But now he didn't answer xuanlao's words, but came to Ye Chen.

"Are you okay?"

The demon emperor was expressionless, but his words were full of concern.

Ye Chen shook his head and said, "it doesn't hurt. Why are you here? The breath on you... Is from the devil's father!"

"Never mind who it is. If I don't come again, I'm afraid you can't leave today."

Ye Chen nodded. He knew that there would be a steelyard in the heart of the demon emperor.

What can be done and what can't be done, he will know better than himself.

Everyone present was surprised. Unexpectedly, the reincarnation Lord had so many contacts.

This handsome middle-aged man should be inextricably related to the magic ancestor Wutian, or his successor!

If this is the case, I am afraid that the spread of such news will shock the heavens and the world.

After all, under the command of magic ancestor Wutian, there has been no real successor.

What is the character of Mo Zu Wu Tian? That is the existence that even their xuanming two elders can't provoke. This kind of person who dominates the heavens puts great pressure on them.

Seeing that they ignored themselves, the clay figurine was still angry, and Xuan Lao's face was unhappy.

"Your Excellency, do you really think this is your own home? Even if it is really related to the magic ancestor Wutian, this is our Tailei God sect. You want to take the Lord of reincarnation away? Have you asked me for my opinion?"

Xuanlao's tone is very overbearing and indisputable.

"When is it your turn to decide again?"

Ye Jurong's power of lightning condensed in an instant. A virtual shadow of lightning light appeared behind him, and a mark of lightning law also appeared on his forehead.

The place illuminated by thunder and lightning is comparable to the boundless light, which looks unprecedented.

"What? You are so full of holes that you want to fight with me?"

Xuanlao was even more angry. He could kill each other for the first time and for the second time.

The first time was a secret plot, and the second time after such a long time, he was sure to kill Ye Jurong.

But even he didn't expect that the other party would come back so quickly!

"Why not?"

Two figures collided in an instant.

At this moment, the sky blocked out the sun. The world around them was crisscrossed with all kinds of thunder. It was like the thunder suppressing the earth, and the people seemed to be out of breath.

The endless sky thunder, like the spirit of life, constantly falls and shuttles from ye Jurong.

Let the world around him become constantly distorted, and the roar of the breath of lightning is low and loud!

This power from the law of thunder immediately changed xuanlao's face, and a touch of surprise appeared in his pupils.

"I didn't expect that you could use such a powerful force with such a dilapidated body!"

Ye Jurong did not answer. At this moment, he seemed to incarnate lightning.

All the forces in the whole body have been urged. You want to destroy the other party completely!

Xuanlao is unwilling to show weakness. The wings of lightning are changing behind him.

It seems to be a nine color streamer, showing the power of lightning.

The gap between the two sides seems small, but it is a world of difference.

Ye Jurong knew very well that after this pressure, he would run out of oil and the lamp would dry up.

So that their own spirits will completely dissipate between heaven and earth.

But now he can't care so much. It's his lifelong wish to kill the xuanlao in front of him!

Chapter 7364

At this moment, the situation between heaven and earth changes, and two different thunder methods are constantly colliding.

It's hard to distinguish between the two sides for a moment.

The dark girl on one side could not help frowning.

Fully maintain their spiritual power and make their strength quite strong in a short time.

Ye Jurong is trying his best to maintain it, but even if it is this situation.

Xuanlao, who has reached the level of emperor and ancestor, is also overwhelmed and even seriously injured!

But now the attitude of other senior leaders in the sect is not very clear. They can't sacrifice too much!

The dark woman was about to make a move. She saw Ye Chen and the devil emperor, like two huge banks, standing quietly in front of her. Her eyes were full of disdain.

Her face, as cold as ice, was neither sad nor happy.

"What? You want to stop me?"

Seeing these two people blocking the way, the dark woman looked a little unhappy. If xuanlao wasn't in an emergency, she wouldn't mind leaving this person related to the magic ancestor Wutian.

"Don't worry, all three of them have to stay today!"

While the dark woman hesitated, xuanlao, who was fighting not far away, distracted and said that his eyes were full of resentment. He disturbed his good situation today and would not make the three feel better.

The dark woman slightly Han's head, instantly urged the power of thunder and frost, and the endless law of thunder and frost spread all over her body in an instant. A burst of piercing light made other senior levels in the sect frown.

The strength of the dark woman is strong again!

The information revealed in this way makes them feel at a loss.

Is today's choice good or bad?

In their hearts, there is no definite answer.

"It seems that it will hurt today."

The demon emperor of Zhetian looked at Ye Chen. He knew that this man had reached the realm of the emperor of heaven. Even if he joined hands with Ye Chen, he might not be his opponent.

The endless magic is driven in an instant, full of strangeness.

These forces burst out towards the nether woman in an instant. The terrible law of thunder and frost can't beat back these monstrous demons.

The dark woman's eyes were full of darkness, and the demon emperor in front of her seemed to have turned into darkness. When she completely integrated into it, even she couldn't distinguish each other's real body.

It is worthy of being a character related to magic ancestor Wutian!

"Futu pagoda! Eight futu Qi!"

Ye Chen directly smashes the futu pagoda to the ghost girl in the distance.

At this moment, eight Fu Tu Qi, an ancient Buddha statue, stood between heaven and earth.

Full of infinite golden light, extremely dazzling.

"Damn it!"

Zhen Xingyu, standing in the crowd, looked very ugly.

He hated Ye Chen and wanted to make a fool of him in public.

Originally thought that such a wish could be achieved, he also had the idea of watching a good play.

But now it seems that ye Chen is not so simple!

How many means have not been used? Is the Lord of reincarnation really so powerful?

Those newcomers looked at the scene of the changing world around them.

Can not help but fall into meditation. This level of duel is extremely wonderful.

Even they are not sure about such a context.

As for the other high-level in the zongmen, needless to say!

Ye Chen and Zha Tianmo emperor, the cooperation between them is quite in place.

One attack and one defense, even the ghost girl didn't take much advantage!

At this time, the ghost girl roared directly.

The endless frost condensed into essence in an instant, freezing those towering magic Qi in an instant, and the pressure from the level of emperor Tianjun and ancestor instantly landed on the body of the devil emperor covering the sky.

The demon emperor of Zhetian immediately launched the Jiuyou magic skill, and a continuous stream of magic Qi was sent from his whole body and spread all over the sky, forcibly breaking these frost.

At this moment, ye Chen calls the Buddha, the god Buddha standing in the sky, with his hands folded.

The endless golden light behind him launched his fierce golden light attack towards the frost field that has turned into reality.

This level of fierce attack made him a little unable to control for a time.

"Hehe! It seems that you two guys have a little ability!"

The dark woman sneered. The power of the law of thunder continued to be blessed and turned into sky thunder. The sky was covered with dark clouds. The endless thunder and lightning, like raindrops, fell on the earth and spread all over these towering magic Qi.

The emperor of the hidden devil didn't notice for a moment, but it was too late to stop.

A mouthful of cold blood suddenly spewed out, and the two sides had fallen into the disadvantage shortly after the fight.

"A small skill."

Looking at this character related to the devil ancestor Wutian, he was beaten and vomited blood in a few moves.

A touch of disdain appeared at the corner of the dark woman's mouth. In front of her, she still wanted to take ye Chen away?

At this time, the endless golden light attack has moved towards those frost fields.

Want to compete with him!

The dark woman was in no hurry. The thunder and frost crisscrossed each other, forming a huge thunder net with gorgeous blue in front of her.

When these golden lights hit him, it was like a stone sinking into the sea.

There were no waves at all. Even with the constant smashing of the futu pagoda, it still couldn't shake the slightest bit.

On the other side, the battle between Ye Jurong and xuanlao was a tie.

This is Ye Jurong's strength to urge himself with all his strength, so that he can be on a par with xuanlao.

Xuanlao was cold inside. He thought he had killed him completely.

Then it was natural to seize the power of the whole Tailei God sect, but I didn't expect that the other party was still alive.

Chapter 7365

Life is too hard, and now, it seems that each other's dying fireworks bloom.

As long as he holds on now, ye Jurong's long cherished wish for revenge will come to naught like a dream, everything will become vain, and it will never be possible to realize it again!

"Do you really think I have only this ability?"

Perhaps seeing his inner thoughts, ye Jurong smiled instead of getting angry and continued to bless his strength.

That flame, suddenly burning more powerful.

Even with the blessing of Thunder God's eye, xuanlao seems to be unable to see through each other now.

"God thunder all over the sky!"

Ye Jurong roared, fist to flesh, each fist contains endless thunder power.

With the extremely terrible vigorous wind, he soared into the air and attacked xuanlao constantly.

On his body, he could even see the light of flames and thunder. The flame accompanied by thunder came out of his fist hair, just like a giant illuminated by the light of flames and thunder.

That kind of power to destroy everything hit xuanlao in an instant.

Fortunately, he was prepared in advance and didn't have to worry for the time being.

Xuanlao took his time and started a powerful defense mechanism in an instant.

Every time you use the defense mechanism, you can borrow the powerful power from thunder.

Let the thunder turn into substance and protect his heart.

Now he has reached the realm of the emperor and ancestor. Naturally, there is no need to be more afraid.

He firmly believed that he had survived this period of time until ye Jurong's real oil ran out and the lamp dried up.

This time he will not let the other party have any chance to live!

"Chaos thunder!"

Ye Chen quickly took back the futu pagoda. These forces have no great effect on the ghost girl.

When divine thunder comes out, it is unstoppable in an instant.

The situation of the terrible spirit power that wanted to destroy everything was slowly raised with Ye Chen's palm.

His hand had completely turned into the power of thunder, which seemed to be a more pure power of thunder.

Accompanied by chaos, God thunder destroys everything.

Under the eyes of everyone, he made a Zizi sound, turned into a blue dragon towards those frost fields, and wanted to completely Yin and destroy them.

Endless chaotic divine thunder constantly attacks the dark women in the frost field. The whole heaven and earth is full of God thunder mixed with frost storm and endless Jiuyou magic gas.

The thunder and lightning fragments formed by chaotic divine thunder burst, but the Jiuyou magic Qi was still strong.

Seeing this seemingly strange scene, the dark woman smiled without anger.

I saw the surrounding ice and snow, frost thousands of miles, and the rules of the surrounding world have become extremely disordered.

Even the whole Mountain Gate seems to be a touch of white.

The whole situation seems to be extremely chaotic. Such frost extends for countless miles.

It was like the great power of the nine Heavenly God thunder, but it went towards Ye Chen's suppression.

Seems to want to devour it completely.

When these thunder forces and frost fields gather together, the thunder field composed of countless thunder lights is like a giant dragon enraged by madness.

It becomes more violent and turbulent, and the surrounding temperature becomes lower.

At the moment, ye Chen summoned the Longyuan Heavenly Sword calmly.

The strong blood light soared into the air, and suddenly a huge blood dragon occupied it, looking heroic and valiant.

On the other side, the demon emperor covering the sky also showed his divine skill.

With all these powerful forces, more endless darkness lingers around the dark woman.

This makes the dark woman quickly interweave a thunder field, containing the law of ice and frost, and the cold wind blows completely on the mountains all over the sky.

Like a giant dragon with extreme frost, it makes a deep dragon chant here.

Ye Chen took his time, concentrated and burst out an extremely powerful sword.

"Longyuan Tianjian: the sun is red and brilliant!"

Only saw a hot sun rising slowly in front of him.

It's like a boundless light, shining limitless.

Facing the endless lightning and frost law, the scorching sun seems invincible, spanning hundreds of miles.

And these lightning and frost laws have formed a confrontation for a time!

But these lightning forces, like a hungry beast, opened their huge mouths in an instant.

Directly engulfed the hot sun, and was instantly crushed into endless fragments, disappearing without a trace.

Ye Chen saw that it was bad and resolutely retreated.

What a terrible power!

Such momentum is unstoppable!

The dark girl sneered. Ye Chen really didn't know the heaven and earth.

Do you think you can defeat yourself by learning three or two moves and adding the name of a reincarnation Lord?

I'm afraid this endless violent thunder can drown it in an instant.

Then he stopped thinking and directly controlled countless scattered thunder, mixed with the power of frost, swept away towards Ye Chen.

Even the demon emperor of heaven was unstoppable for a moment.

He suddenly retreated hundreds of steps, and his face was very ugly.

At the moment, ye Chen waved his hands gently.

I saw his left hand sticking out, his five fingers spread out, and the concussion breath came out one after another. It turned into a beam of light in an instant. The power of countless thunder and frost scattered around him and stopped in an instant.

Originally so manic and fierce thunder frost, now it fell into his hand.

Rolling like a tide, very clever, and behind him, there is a dark black light.

The breath of terrible soul suddenly dispersed.

"Let you see the real chaotic thunder!"

Ye Chen whispered, and all the countless thunders were suppressed by his chaotic God thunder.

For a time, the pure and incomparable power of lightning broke down from the frost.

The dark girl opened her mouth, and her pupils were full of shock.

At the same time, I only saw Ye Chen's whole body. It was a magnificent lightning armor.

I only saw that after thousands of thunder fell into his hand, it was like a crazy snake flying there.

Ye Chen's eyes were cold, raised his palm, waved the Buddha light, slapped the hell woman's thunder field and photographed it in an instant.

This palm condenses too much power, especially the reincarnation hegemonic power.

The whole thunder area around the ghost girl was trembling one after another, making bursts of roaring sound.

But his state at the moment is not so good. Under the intertwined attack of thunder and frost, even with his body, there are many scars on his body.

Even with the tempering of thunder armor, his face became quite ugly.

But he knew that only now, I'm afraid I can't support it!

Because at this moment, the power of the dark woman is more powerful.

Directly and completely crush it, ye Chen couldn't help spitting out a mouthful of blood.

"How are you?"

The demon emperor asked anxiously.

Chapter 7366

Ye Chen shook his head and gave him a look.

It seems that he still didn't give up. The devil emperor immediately urged Jiuyou magic skill with all his strength.

His face turned very red in an instant, and his body turned into endless demonic Qi, and he wanted to continue to entangle with it.

"Ha ha! They all said it was a small skill!"

The dark woman directly waved her sleeves and instantly bounced these magic Qi away.

It's just the power of Jiuyou. It's really mysterious.

Ye Jurong and Xuan Lao are inseparable for the time being.

Only Ye Chen's palm waved gently, and the disaster Heavenly Sword appeared!

It was full of disaster. It was like sweeping all things. Countless sword Qi broke out from him.

Deep and bright colors burst out directly from the disaster sky sword.

He waved his hand and cut it gently. The cross cross sword Qi filled the space between heaven and earth.

The momentum was quite shocking, and the sword light flow was illusory, as if there was a god dragon covered by disaster, accompanied by a low roar.

It is like a violent dragon just waking up, as if it is going to break the mountains and rivers.

The thunder and frost field in front of the ghost girl became a little shaky at this moment.

She strongly promoted the blessing of power. At that time, a solemn sword light seemed to penetrate the eternal world. After the washing of time and space, it rushed directly towards her field.

In this disaster, there was an endless stream of all kinds of towering energy wherever the sword light went.

Moreover, these sword Qi can change freely, as bright as red light.

It's like a bloody ocean. I can still hear the sound of running water.

This is what the disaster Sky Sword brought. Under the endless disaster, these sword lights want to sweep quickly.

Drown the whole field.

Between the lightning and flint, even the ghost girl couldn't help taking a step back.

"His strength is so terrible?"

The other high-rise buildings in the zongmen could not help taking a breath when they saw this scene.

This is something they have never heard of and never expected!

How did this happen? It's incredible!

He used this move that day, but now he can forcibly compete with the field of netherworld women!

It is worthy of being the Lord of reincarnation. No wonder it will win the favor of heaven and earth.

For a moment, this battlefield turned out to be a place where even the underworld women couldn't help them.

Now xuanlao is retreating step by step under the blessing of Ye Jurong's strength.

The moves of the demon emperor who covered the sky before were all temptations. After he practiced his magic skills, he didn't get too many actual combat opportunities. Now he also wants to practice by the hand of the dark woman.

Now the battle has entered a white hot stage, so he doesn't have to stay.

"The monument should be under that tower, right? Go and get the monument and I'll deal with her!"

The demon emperor said to Ye Chen.

Ye Chen hesitated for a moment and nodded.

Now that they have paid so much, they must get a result.

The demon emperor of the sky covered realized the Jiuyou seed and turned into several separate bodies. It can be regarded as temporarily stopping the ghost girl.

Let the dark girl's cold ice and thunder wash away the turbulence, and she can't break those separate bodies.

On the other side, ye Chen moved by ghosts, escaped the siege of those people and came to the side of the Zhenshen tower.

"Wish sky star!"

He showed a layer of starlight to protect his body from others.

The key Ye Chen got was crowned king!

Only after all the seven great demon saints have been canonized can we completely unlock the seal here and take out the thunder monument.

Ye Chen's figure flashed quickly and was fixed in the void.

He looked majestic and released the power of reincarnation in front of the flying Zhenshen tower.

The Zhenshen tower seemed to be stimulated by some kind of stimulation, buzzing, shaking and low noise, echoing constantly in the world.

The first one to bow down and become a minister is the Kirin demon saint!

After it was ordered, countless brilliance pervaded its body and completed its transformation.

This scene can make other remote demon saints feel hot.

"Listen to the order of the demon saint."

Ye Chen uttered the truth, and there was an instant of brilliance.

The key he got contains a strong heaven power!

A truly powerful person can communicate with the universe, cross the ages, and dictate the direction of the long river of years. Even the emperor can't resist the invincible power of heaven.

Hongjun's father placed a little strength on him, so he could win in front of the demons in the town god tower.

"I'm here."

The demon Saint turned into an adult with white clothes and dusty temperament. At this time, he didn't dare to be slighted. He bent down quickly and listened to the instructions.

"I make you one of the Seven Saints of reincarnation, named the great sage of Xi. I hold one of the six reincarnations on behalf of you, and I make you the Lord of the domain. I help the Kirin demon Saint maintain the famine. I hope you will be born in the famine and be loyal to reincarnation."

Ye Chen was separated by divine radiance and fell into the head of the demon saint.

When the demon shengton was full of energy, his breath vibrated. The pure white vision light broke through the sky and reached the depths of the starry sky.

This sharp light makes the world set off huge waves, and goes deep into the origin of chaos.

The other saints were inspired. They just chose to be silent and just obeyed the words of the Kirin demon saint.

After all, the Qilin demon saint is the most powerful of the Seven Saints in the wilderness, and has had contact with Hongjun's ancestor.

What it says is still somewhat credible!

But later, they were convinced by Ye Chen's talent and strength.

Chapter 7367

There is a king born, domineering side leakage, there is no need for too much affectation.

And they saw the hope of escaping from the town god tower, so they became excited one by one.

Now, ye Chen chose to give in purely because of his strength, but he never thought that after ye Chen canonized the Kirin demon saint, he could pull the chaotic Qi machine to help the Kirin demon Saint wash the Sutra and cut the marrow, so as to achieve a breakthrough.

The two demon saints looked at each other and their eyes were full of surprises.

In this way, doesn't that mean that they can also enjoy the same conditions.

Thinking of this, the two demon saints have fluctuated in their state of mind after years of cultivation!

They have always been the holy demons of the famine, admired by all living beings, and can be called invincible existence.

However, after the famine and turbulence, the old era passed away, and they were suppressed by the tower.

The remaining demon saints are not as arrogant as the lion dragon demon saint.

They know that their time has passed, and they are afraid that they will end up in this tower for the rest of their life.

Although the heart is unwilling, there is nothing to do.

And staying in this tower, the strength decreases very fast.

In tens of thousands of years, I'm afraid their spirits will be wiped out.

Only in the lonely waiting desolate death, this is the most desperate place.

I thought there was no hope of promotion, but unexpectedly, ye Chen only used one original strength to make the Qilin demon Saint make a successful breakthrough.

Not only restored the strength of the past, but also greatly increased its strength!

This efficiency is really frightening.

After a long time, the demon Saint completed the Enlightenment of immortality. Now it is one step closer to the realm of the integration of heaven, earth, demons, beasts and spirits.

For millions of years, only the four great beasts under the seat of Hongjun have reached that level. It can be said that Hongjun's ancestor, with his own strength, created four ruling animal kings to suppress the flood and famine and spread the power to all directions.

As the disciples of lion dragon demons, they have great admiration for the master, but behind that admiration, they still have the mind to surpass it.

Now comes the chance!

This time, they can not only get out of trouble, but also improve their strength.

Two demon saints volunteered to surrender and took the lead in completing the washing of Lei Li.

The majestic thunder force washed the monster's body, strengthened the divine power and consolidated the flesh. The shackles over the years have also been broken through, causing varying degrees of turbulence in the state of mind of several demon saints.

If they go to the real world again, I'm afraid they can still dominate and leave an immortal legend.

"Thank you, Lord of reincarnation! From now on, we will obey you!"

The two demon saints laughed heartily.

Taotie demon Saint stretches his muscles and bones, and his whole body is very happy.

From then on, he was a member of reincarnation, specializing in Ye Chen.

At his age, this boy has such terrible strength and calm state of mind. He is very resourceful.

Even Hongjun's ancestors had never been so amazing.

Their era has passed, and perhaps the most correct choice is to follow the leader of the next era.

"This time, I will never... Let people provoke my majesty." Taotie demon saint's eyes were cold.

Several demon saints all have strong strength. When they recall the events of that year, they all have cold eyes.

Had it not been for their negligence at that time, they would not have capsized in the gutter and been trapped here for tens of thousands of years.

"I'll go out at that time! It's not too late for revenge. I'm afraid those old things are living very well now."

At this point, even the mild tempered Kirin demon Saint couldn't help looking cold.

At this time, in addition to the lion dragon demon saint, the other six saints have also chosen to surrender and accepted the baptism of Lei Li.

"Do you choose to surrender or die?"

Ye Chen's voice was cold and heartless, sweeping the world. The voice of the emperor trembled and hummed. The whole Zhenshen tower shook violently and almost burst.

He is targeting the demons in the whole town god tower.

Now he doesn't have time to take it one by one.

Those who refuse to accept it will be destroyed directly.

Ye Chen doesn't intend to show mercy. If these guys still don't know good or bad, he doesn't mind doing it.

After all, the demon emperor can't support for too long. He needs to hurry to help as soon as possible.

At this point, where did the demons in the tower have the courage to continue to resist, and the Honghuang Jisheng capital took the lead in raising the flag of obedience.

They are just weak subordinates. How dare they resist?

Among the several demon saints, the lion dragon demon saint is the most flustered.

When ye Chen entered the ninth floor, he wanted to use him as a chess piece.

Later, he shot him across a void.

At that time, the lion dragon demon Saint made a real killing intention.

In its eyes, ye Chen is just a weak cultivator. He is the same as mole ants and can be crushed to death at any time.

Later it knew Ye Chen's identity, but it was too late to regret.

Those demons have chosen to surrender!

The Zhenshen tower shook violently for the first time, as if it was about to collapse.

Chaotic scenes spread all over the week.

When the torrent composed of countless torrents appeared, the eyes of the whole observer of the terathor sect were straight.

The Zhenshen tower, which is known to suppress all kinds of demons and evils in the world, had a change at this time.

They can't imagine how terrible Ye Chen's strength is, so they can unlock the seal on their own.

The lion dragon demon Saint thought about it, and the more uneasy he was.

Always proud of it, it also panicked at this time.

In order to live, in order to be free, it's nothing to lower your head once!

The lion dragon demon Saint took a deep breath.

"I wait, willing to surrender."

The lion dragon demon saint's face was red and held it for a long time before he said these words.

However, ye Chen at the top of the starry sky did not respond.

He is not a very vengeful person, but the lion dragon demon saint is still immersed in the glory of the past, and may be a disaster in the future.

"I don't care about your action against me. It's OK for me to sign a contract with you, but among your spirits, you must plant one of my reincarnation seeds."

Ye Chen's faint words made the lion dragon demon saint's face quite tangled.

Open your own soul and let other people's souls enter it, which is tantamount to burying a time bomb in your mind.

Life and death are controlled by others.

The lion dragon demon Saint used to be a big demon in the vertical and horizontal side, but now he has to rely on others, and he can't help holding his breath.

Not only it, but also the demons of its tribes became a little angry.

Although they have anger in their hearts, they dare not speak up.

Who let their freedom and liberation, all in Ye Chen's hands.

If ye Chen is aware of their discontent and anger, I'm afraid that the next moment, ye Chen will kick them out of the Zhenshen tower, or not take them away and stay in the tower forever.

Chapter 7368

In either case, they don't want it.

The lion dragon demon Saint struggled for a moment and nodded in a positive tone.

"OK! I promise you!"

Ye Chen also said, "don't worry, as long as you don't betray, you will be absolutely safe and carefree."

After the matter was over, ye Chen left, and his consciousness returned to the noumenon.

The strength of the Seven Saints in the wasteland was not bad. After all the Seven Saints had completed their surrender, ye Chen heard it and made several continuous sounds.

He was shocked.

This should be the sound of the unlocking of the Zhenshen Tower!

In Ye Chen's divine consciousness, a light tower slowly took shape.

This town god tower has become a part of his blood!

Even the town god tower may become a kind of card like the desperate situation of death.

However, at present, the desperate situation of death is still a terrible time bomb.

According to the guidance of that voice, he must suppress the killing emperor again and return to the desperate situation of death.

But now, the key is to solve the things here.

As for the desperate situation of death and the killing of the great emperor, take one step at a time.

"Get up!"

Ye Chen controls the Zhenshen tower and leads the demons away.

The demon emperor covering the sky is in a fierce battle with the dark woman. Even though the demon seeds in his body have been condensed to the degree of germination, their strength is limited after all. At this time, they have fallen into a complete disadvantage.

On the other side, ye Jurong and xuanlao are also inseparable.

As soon as they make a move, they move towards each other. Come and go, blast the world!

In this short half an hour, great changes have taken place in the interior of the taileishen sect.

Some people think that if the sect leader returns, they should obey the previous sect leader and not betray the sect rules.

Moreover, xuanlao's name was not correct and his words were not smooth. He also used sinister means to usurp the throne, and was not qualified to serve as the patriarch.

Therefore, Tai Lei Shen sect was divided into two factions, one supporting Ye Jurong and the other supporting xuanlao.

For this reason, the people of Tailei God sect quarreled and soon evolved into a multi person battle.

The scene was chaotic and messy!

At this time, the rumbling sound shook the whole earth.

"Look! The town god tower has been unsealed!"

The man's voice was filled with deep shock.

They can't believe that the Zhenshen tower, which has existed for thousands of years, was uprooted and flew into the sky, just like the pillar of heaven and earth!

The elder who led the crowd to block the line was in a hurry.

In the palm of his hand, the thunder light suddenly appeared and was about to shoot at the rising Zhenshen tower.

At that time, the Zhenshen tower released a strong dark light.

The inexplicable breath swept away, the yellow spring spread, and countless lonely ghosts wandered aimlessly in the netherworld.

The evil demons of the heavens have been blocked in the town god tower for many thousands of years.

At this time, grievances gather and Yin Qi is strong.

The palm of thunder and lightning sinks into Yin Qi, just like a clay ox into the sea.

Seeing this, the elder suddenly changed his look.

"Don't let them run away! Otherwise all of you are going to be buried!"

The elder is really angry!

In any case, he can't let the Zhenshen tower leave Tailei Shenzong.

Strands of thunder burst out of him.

The elder's silver hair is flying, and the whole person looks like crazy.

His strength is second only to xuanming two elders!

If it breaks out, I'm afraid more than half of the nether Yin Qi covered on the Zhenshen tower will be lost.

But just then, the elder heard a voice.

"Your grandson doesn't seem to have much strength."

The elder's body suddenly stagnated. He turned around and stared at a place in the crowd.

His grandson Zhen Xingyu is standing there.

At this time, Zhen Xingyu was gently grabbed by an expressionless and indifferent figure.

"Let him go, or I won't finish with you!"

The elder is going crazy.

"Then stop and stop meddling in it."

Ye Chen said coldly.

The elder's eyes flickered and hesitated.

Finally, he sighed helplessly, retreated to the far air and no longer took charge of the town god tower.

Ye Chen watched him retreat, then released Zhen Xingyu and fled into streamer.

The layers of cold sweat on Zhen Xingyu's forehead have not been wiped away.

He really couldn't figure out how ye Chen got behind him.

Naturally, he didn't know that ye Chen had spirit and empty stele!

The power of the virtual monument seems to be born for space, endless rules!

"Get up!"

Ye Chen's eyes were filled with blood.

The present Zhenshen tower has not been integrated with him.

But xuanming two old men were like crazy at this time and launched a violent attack.

Ye Jurong was beaten and retreated. He used too much power to entangle with xuanlao. He had overdrawn part of his physical strength and gradually fell into the disadvantage.

On the other side, there were only the last two separated bodies of the devil emperor.

One separation, one noumenon.

Both were panting at the same time.

But if the ghost girl hits the real body, I'm afraid the demon emperor will be seriously injured.

Ye Chen is still immersed in the perception of Zhenshen tower.

Although he subdued several great demon saints, he exhausted his strength and was unable to summon for the time being.

The roads inside and outside have been surrounded.

And before that, they also imprisoned the void here, making it difficult for people to escape.

"We are ready to break through! Staying here for a long time will only be more unfavorable!"

Ye Chen preached to the demon emperor.

"Yes! That's what I meant."

The demon emperor looked around and was looking for a weak breakthrough.

At this time, a glimmer of light flickered in Ye Chen's eyes. His Qi and blood surged into his pupils. Looking far away, he saw that a small hole was opened at the edge of the protectorate array.

And he knows the hole opener.

It is Ye Jurong's son: ye Shiwei!

Chapter 7369

Ye Shiwei is regarded as a puppet and has no power in fact.

His cultivation is good and his understanding is high, but he has become a marginal figure in the sect.

Boom!

The thunder flickered, rolled over, and the burst breath burst. Ye Jurong's body flew out and smashed through a magnificent mountain.

"Let's go!"

Taking advantage of the smoke, ye Chen and the demon emperor quickly set off for ye Shiwei!

Ye Shiwei has winked at him and asked him to go out from there.

Thousands of miles of levees collapse in ant nests.

As long as there is a hole, ye Chen can break his face with a point.

"Want to go? I'm afraid it's not that simple!"

The two old men of xuanming broke out with great power.

The two work together and the thunder treasure technique flashes wildly.

A thunderbolt pierced through like a heavenly punishment, containing the ancient power of Hongmeng.

Ye Chen just wanted to turn around and summon the blood color barrier to block it, but in a flash, a slightly old figure had come to them.

"It's up to me to stop here! You go quickly and take my son away if you can!"

Ye Jurong said without looking back.

The next second, his fist was like a hot sun, shining and exploding, and the blazing thunder was like a heavenly flood disaster and Jedi impact.

Even the xuanming two elders have to retreat three feet.

Because the original power used by Ye Jurong is too strong.

He has no plans to continue to live!

So desperately, just want to buy some time for ye Chen and others.

In the blink of an eye, ye Chen and others crossed the distance of more than a dozen peaks and came to the edge of the barrier.

Ye Shiwei was standing at the entrance of the cave, staring in the direction of his father, his eyes red, his fists clenched, and his teeth clenched.

"I'll kill them!"

Ye Shiwei clenched his teeth and said he was going to rush into it.

Ye Chen stopped him.

"Don't die! Your father wants you to live!"

"He, he..."

Ye Shiwei burst into tears.

"When he came with me, he didn't plan to survive. If he doesn't go again, your father will die in vain!"

The demon emperor of Zhetian forced Ye Shiwei and ye Chen to pass through the hole and drill out of the sect protection array.

Boom!

Soon after they came out, they heard a loud explosion.

The sound shook thousands of miles and was terrible.

Ye Shiwei's body trembled violently, but he held back his tears and didn't look back.

Then, together with Ye Chen, he tore open the void crack and entered it.

"I will never let my father die in vain!"

Ye Shiwei's words are sonorous and contain strong hatred.

Such hatred cannot be dissolved by time. It can only be removed with blood.

Ye Chen and the devil Emperor didn't know what to say. They could only sigh and pat him on the shoulder to show comfort.

After the war, their strength lost a lot, so they used virtual steles twice before leaving the boundary of Tianlei mountain.

The next way, they will cross through the broken universe.

I'm afraid it's very dangerous.

However, before they cross that minefield, trouble comes!

Around the thunder area near Tianlei mountain, there was a sudden riot, like an army that received an order and swept purposefully towards Ye Chen.

The endless thunder field suddenly evolved into a sea of thunder plasma.

And they are like a boat on the ocean, swaying and breaking off their way.

What's going on?

Ye Chen uses the reincarnation blood to recover the consumed part of the body to deal with the unknown crisis.

The demon emperor seemed to feel something. He looked up and opened a thunder road in the deepest part of the endless thunder sea.

Sooner or later, several extremely violent thunder force crossed the deep sea and hit several people directly.

Bursts of strong pressure, mixed with the power of chaos, were suppressed.

Pooh!

Ye Chen took blood as his shield, condensed thunder, turned it into a spear, and shot upward.

He stood in the front, but the power of the thunder was too terrible to shake him away.

The demon emperor and ye Shiwei were also overturned by another thunder spear.

Several people fell to the ground in confusion, while the other came like an emperor.

It's xuanlao!

His breath was still very terrible. His hands were lost behind him. He looked cold, his clothes were broken, and a lot of blood splashed on his face.

But it's still terrible!

"Do you really think you can run away? Hehe, it's too delusional. This is the territory of Tailei God sect. Even if Tianlei mountain is vast, I can accurately find your trace."

The thunder at the tip of xuanlao's fingers keeps jumping, containing the ultimate killing edge.

He moved his finger slowly and pointed to Ye Shiwei.

"Your damn father blew himself up and hurt me. I'll get it back from you today! Deal with you first, and then the two of them."

WOW!

Just in a moment, his figure disappeared.

Sudden changes occur. Ye Chen reacts first and pulls Ye Shiwei back violently.

The next second, a black hole vortex appeared where they stood.

It was struck by the power of thunder.

Boom!

Boom!

Xuanlao didn't use the thunder call, nor did he use the shaping technique, but condensed the palm thunder between his palms.

Palm thunder is the most basic attack method of thunder cultivation, but it still has incomparable lethality when practiced to the extreme.

Xuanlao's behavior is purely to vent his anger.

He wants to use palm thunder to shoot the three people alive into pieces of meat! In that way, we can solve our hatred.

His speed is extremely fast, and now the terrible physical strength belonging to the emperor and ancestor shows up.

Every palm falls like a mountain.

Xuanlao looked very cold, but he started more and more seriously.

Ye Chen's heart sank lower and lower until it fell to the bottom of the valley.

His reincarnation body is powerful, but it can't withstand such a high-intensity impact!

If it goes on like this, the body will die and the soul will die, which is an inevitable trend.

"I'll stop him. You don't care about me!"

Ye Shiwei clenched his teeth, gathered his palms together and pulled out a lightning whip.

The whip was suddenly cut out, but xuanlao caught it, then pulled him forward with a strong pull, and then kicked Ye Shiwei.

Ye Shiwei fell into the thunder sea and twitched all over.

Xuanlao raised his head and looked at them coldly.

"Today, I will let you die under the impact of one punch of thunder. Don't worry, I will never punch more."

Xuanlao fought with the crowd again.

His hand pinched Ye Chen's neck, pressed him, and instantly blasted back tens of thousands of meters, opening countless thunder slurry.

"Lord of reincarnation, today I will make you a loser!"

Xuanlao smiled ferociously. He gathered the palm thunder again, and this time, the target position he aimed at was Ye Chen's sea of Qi.

Ye Chen struggled hard, but she couldn't get rid of it for the time being.

Chapter 7370

Are you going to be destroyed like this?

He's not willing!

At the critical moment, a sword shadow came from behind him as fast as thunder.

The strong flame is like a Phoenix Nirvana, spreading its wings and pounding violently.

In order to avoid the blazing flame, xuanlao had to avoid the limelight for a while, let go of his hand and retreated thousands of steps.

The flaming Phoenix protected Ye Chen with its wings. It changed, the flame closed, and turned into a woman in red.

The red robe on the woman's body only fluttered for a moment, and then turned into a suit of armor. It was close to her body, outlining her concave convex and slender figure.

She wore a jade hairpin, tied into a horsetail, and held a flame spear. She was valiant and valiant, and her eyes and eyebrows were very sharp.

"Want to kill him? You haven't asked me yet!"

It's Ji Siqing!

She shook the long gun in her hand and fell into the air. Taking the gun as a knife, she stabbed it halfway, suddenly cut it off and turned into a fiery flower.

While the wild flower was spinning, it evolved into a rosefinch, spreading its wings, singing, tumbling and roaring, and was extremely fierce and domineering.

In addition to them, there are also people from the thunder god sect arriving one after another.

Seeing more and more people, ye Chen frowned.

So they can't escape!

And how did Ji Siqing come to this place.

Alone, extremely dangerous.

"How did you come here?" Ye Chen asked immediately.

Ji Siqing didn't look back. She pulled the long gun in her hand and said with a voice: "don't worry, elder Ren asked me to come here and help you!"

Ye Chen suddenly.

Since elder Ren personally explained it, he must have a backhand.

"Lord of reincarnation, you want a little girl to protect you? Thanks to your reputation, you are just a soft egg."

Xuanlao was depressed. Naturally, he was not happy. When he spoke, he was also sarcastic.

Upon hearing this, Ji Siqing was immediately unhappy.

"What is little girl protection? You can beat me first!"

Xuanlao grinned, then folded his hands and suddenly pushed him.

During this time, Ji Siqing's martial arts skills have improved a lot. He can better integrate with the fire of rosefinch and give full play to his greatest strength!

However, after the battle with xuanlao, Ji Siqing still suffered some injuries.

After all, her strength is far inferior to xuanlao. If she carries it so hard, she will be eaten back.

"The body of martial god!"

Ji Siqing summoned the virtual shadow of the martial god. The powerful female martial God turned into a Dharma phase and appeared behind it to fight with the xuanlao.

Ye Chen quickly took the pill brought by Ji Siqing. It melted at the entrance and flowed down her throat to all parts of her body. The effect was extremely remarkable.

After a while, he regained his blood boiling power!

This seems to be more useful than Bagua Tiandan and Tianxian Koi copy. It must come from Ren extraordinary!

"Let me come!"

Ye Chen shouted.

Ji Siqing wiped the blood on the corner of her mouth, and her pretty face was a little pale. Obviously, the impact she suffered was not small.

Ye Chen took two steps and stood still. The whole person was like a sculpture.

On the other side, xuanlao has gathered two huge palm thunder and patted it at Ye Chen.

Ye Chen has no distractions and focuses on one place. In his eyes, it seems that there is only heaven and earth left!

Time and space are intertwined and come to this empty corner.

When no power comes here, the thunderstorm seems to be hit by a heavy stick. Run away quickly.

Xuanlao also stopped suddenly. He felt the terrible power on the sword and couldn't help narrowing his eyes.

"Water stop sword!"

This sword is extremely ordinary and common, but when the sword moves, it pushes all obstacles horizontally and cuts the whole mine area in half.

Xuanlao hurried back. He didn't want to take the sword.

This is the embodiment of the extreme of martial arts, which has nothing to do with your cultivation!

The sword of still water penetrates heaven and earth and reverses time and space. It is incomparably powerful.

Even the most powerful person in the world has to avoid the edge when he sees the sword of water stop.

Of course, that's only when the difference in strength is not too great.

If the difference is too big, in front of absolute strength, all martial arts feelings are just paper tigers.

With Ye Chen's current strength, the water stop sword can be described as earth shaking and contains the ultimate meaning of nothingness.

So the thunder all over the sky was also triggered. Almost in an instant, the thunder prison was cut open.

Change your life against the sky, regardless of life and death.

No one can accept such a ferocious sword!

Even xuanlao didn't dare to pick it up.

The invisible sword light passes through the thunder layer without a sound, but behind it there is an extremely powerful threat.

A lot of thunder went up in smoke and dissipated.

Not only xuanlao, but also mingnv and others retreated a lot.

When the sword light burst in the sky, ye Chen pulled the demon emperor, Ji Siqing and ye Shiwei into the void under the cover and fled this place.

All this came off guard, almost no response time.

When the sword light dissipated slightly, their bodies disappeared.

Even if xuanlao uses the tracking thunder method, he can't catch the trace of several people. They have left this chaotic space-time.

"Damn! Let these animals run away!"

He was very upset. He didn't catch the Lord of reincarnation this time. I'm afraid it would be difficult to do it next time.

Who could have thought that the Lord of reincarnation was so cunning!
