

Physician 7381

Chapter 7381

At the same time, extraterritorial.

Ye Chen and Zhetian demon emperor naturally don't know the vibration of the world, but they have met.

"Congratulations! Unexpectedly, you have touched the legendary power now! It is the real Jiuyou power and the birthplace of all darkness in the world!"

Ye Chen looked at the black fire flashing in the hand of the demon emperor and said.

The demon emperor smiled.

"There's no need to be polite between us! Let's go. I'll take you to a place, which may be more helpful to your refining."

The devil emperor said, taking Ye Chen to a thunder pool in the depths of the void. The thunder power here is not very powerful, but it is very suitable for absorption.

After many collisions, these gentle thunders can be used to nourish the trace.

Ye Chen and the demon emperor smiled at each other.

Both are breakthroughs to a new realm.

Ye Chen stepped into the six layers of Taizhen, which was equivalent to crossing a watershed, and her strength soared again.

The devil emperor also understood the new magic law, and Jiuyou magic thunder condensed into a mass of morality in his body.

Silent, like a transparent pool.

However, as long as there is contact, you will be distracted and gain the power of Jiuyou, and your strength will soar.

Between heaven and earth, visions appeared, disturbing all living beings in the heaven and the world.

Whether it is the wanxu temple or the dark forbidden sea, the top strong in heaven and earth are aware of it.

But their mood is different.

For the wanxu temple, the Lord of reincarnation is the biggest obstacle for them to dominate the real world.

Wanxu Temple exhausted all kinds of methods and failed to stop Ye Chen. Instead, ye Chen lost many Temple elites in his hands.

Even the young strong men of the Yuhuang family have fallen several, all of whom died in the hands of the reincarnation Lord.

They were indignant but helpless.

In the sacred hall of the wanxu temple, many young children of the Yuhuang aristocratic family were silent. They all felt the earth shaking atmosphere. Therefore, it can be imagined that the strength of the reincarnation Lord has been greatly improved.

Not only that, with the breath of the Lord of reincarnation, there is another deep power of the devil.

They couldn't recognize what it was, but the feather emperor knew it very well.

The power of Jiuyou!

That is the unparalleled power of the demon king in the depths of the dark sea.

"Mo Zu wudian... I didn't expect you to cultivate the container as a descendant, but all this is just to pave the way for yourself."

The feather emperor closed his eyes and meditated. He didn't open his mouth. Everyone in the sacred hall could only choose silence.

After many thoughts flashed through his mind, the emperor finally opened his eyes slowly. He looked very calm and did not make any waves.

Everyone under the stage was thinking about who the emperor would send to the lower world to kill the Lord of reincarnation. The emperor spoke faintly.

"Yu Huangyi, go to the prison and bring Shentu Tianyin."

The emperor ordered.

Everyone was stunned when they heard the speech.

Shentu Tianyin is the head of Shentu family. He is powerful. Even if he looks at the world, he can be regarded as one of the strongest.

However, because Shen Tu Wan'er stood on the side of the Lord of reincarnation against the wanxu temple, the emperor had an excuse to find fault at the beginning.

Before saying much at that time, he directly led several Temple elders to block the Shentu family and escorted Shentu Tianyin into the prison.

Shentu Tianyin fought against several Temple elders, which erupted into brilliance, just like the God of war in the universe, majestic and invincible.

But after all, she was defeated by the top strongman of wanxu temple. Even without the action of the ancient emperor Yu Huang, another powerful palm of wanxu Temple released incomparable power and directly subdued Shentu Tianyin.

That layer of prohibition is made of black smoke. It's floating and uncertain, but it's hard to crack.

This skill is quite similar to Shentu Tianyin's dream word formula, but it is more distant and mysterious than the dream word formula, so the two collide with each other, and Shentu Tianyin is naturally at the bottom.

.....

At the moment, deep in the dungeon, the space is closed, and Shentu Tianyin is suffering the reverse bite of his dream.

At the moment, she is surrounded by countless nightmares and demons. An extremely tragic picture emerges in her mind, and the whole body also has severe pain.

But with Shentu Tianyin's perseverance, it's not a problem to endure this pain. What she can't let go of is her family and daughter.

His daughter got Wuwei Tianjian, but she didn't grow up completely.

Shentu Tianyin was afraid of her impulse and fell into the plot of the old fox, the Emperor Yu.

No matter what the Shentu family becomes, as long as the leader of Wuwei Tianjian is still in charge, there is hope of recovery.

When Shentu Tianyin was in a dreamland and half awake, he heard footsteps coming from outside the prison. He looked up and saw that a young man with strange horns came to the cell.

The young man who came before was Yu Huangyi. He was not worried that Shentu Tianyin would escape. He directly took a martial seal key and opened the prison.

"Come on, the feather emperor calls you!"

Yu Huangyi gave her a cold look and immediately turned away.

Shen Tu's voice was clear that the emperor would not call her away for no reason, so he took a deep breath and followed each other's footsteps.

She came to the holy hall through a space door.

Just a hall, crawling in the plain, like a sleeping ancient dragon, sacred and inviolable.

It can also be seen that the lofty status of the wanxu temple is the only existence in the whole world of heaven.

She crossed the long ladder, and each step she took would receive a divine judgment.

The sharp pain came and blackened her eyes.

At this time, she had been sealed with spiritual cultivation, and her physical body was only a little stronger than ordinary people.

Therefore, in the face of such pressure, it is particularly difficult.

When she finally crossed the long steps, she was sweating and panting.

Then he went into the sacred hall and saw the high-rise of the wanxu temple.

Those people sat above and looked down at her as if they were trying.

The ancient emperor Yu Huang, who is at the highest place, is dignified and full of inexplicable vigorous breath, like a sea without abyss, which can't be seen to the end.

This is the embodiment of the first person in the world!

Even if the other party did not deliberately release the pressure, but virtually, their momentum has been natural and can not be stopped.

His body stands like a planet, with dignity.

The eyes are as mysterious and deep as the secret realm in the depths of the starry sky.

When I raised my hand, there was a glow shrouded in it, like a milky way passing through in front of me.

"Shentu Tianyin, you have been in the prison for a long time. Have you ever repented?"

Chapter 7382

The question of the ancient emperor Yu Huang, like the thunder of the road, sounded in the ears of Shentu Tianyin, shaking people's soul and reaching deep into the soul.

However, Shentu Tianyin's willpower was extremely firm. He was not overwhelmed by this majesty. Instead, he raised his head and looked at the ancient emperor without fear.

"I am not innocent or evil. Why should I repent?"

Her voice was firm and cold.

A temple elder on the left was furious and patted the table.

"Bold! How dare you speak to the feather emperor like this? Do you want to keep it?"

He is also a high-ranking elder. He has a hot temper. If he doesn't agree, he may fight with others.

But Shentu Tianyin just glanced at him.

"I'm afraid you haven't cut in yet!"

One word makes people spit blood.

The elder immediately summoned thunder whip to impose punishment.

However, when he came into contact with the eyes of the emperor, he was shocked.

The Jade Emperor's face was very calm, without sorrow or joy, but the elder knew that if he interrupted again, I'm afraid the next days would be difficult.

He quickly lowered his head and retreated to the rear, afraid to speak too much.

The Jade Emperor then moved his eyes back to Shentu Tianyin.

"Isn't it enough to bear a grudge that your daughter helped the tyranny, openly opposed our wanxu temple, resisted the supreme world and tried to overthrow the rule of major aristocratic families?"

As soon as the emperor opened his mouth, he stood at the angle of heaven's way and attacked Shentu's voice according to the heaven's way.

The remarks standing at this commanding height are almost irrefutable.

Shentu's voice was silent.

It was Shen Tu Wan'er's decision whether to help anyone or not. In the final analysis, she could not interfere.

But she can't watch her daughter being bullied!

The ancient emperor Yu Huang always had the idea of annexing other aristocratic families. Now that this happened, it was natural to take her Shentu family first.

Shentu Tianyin naturally won't admit it. It's a mistake.

As the saying goes, the city gate caught fire and affected the fish in the pond. It can be said that Shentu family was persecuted, but Shentu Waner's personal will must not be imposed on the whole family.

If so, the whole Shentu family will be covered with this prohibition and stand opposite the wanxu temple.

At that time, the feather emperor could even kill most of the Shentu family with one thought.

The world's top strong man like him can't be contaminated with Tao fruit and cause and effect at will.

But if he is an opposing enemy, he can wave his hand and destroy it without having to bear the counterattack of half the heaven.

Therefore, over the years, the wanxu temple has asked her to admit her mistakes, so as to pull the whole Shentu family to the opposite of the wanxu temple. At that time, the feather emperor can kill her at will.

Shentu Tianyin must not let Shentu family become the chicken that makes an example.

All along, her attitude has been very tough and refused to come forward.

But now she has been put on the stove and burned constantly. She has to give an answer today for right and wrong, right and wrong.

"My daughter works and works alone. She has no connection with the family, and so do I."

Shentu Tianyin said this sentence slowly.

She would rather take all the blame than let the wanxu Temple find an excuse to attack. At that time, the Shentu family, which is like duckweed, may be a real disaster!

"Really?"

The feather emperor smiled faintly, as if all the winning tickets were in hand.

Seeing his smile, Shentu Tianyin became vigilant. She knew that the other party's mind was very gloomy, and her means were sinister and vicious, which was far from ordinary people.

He must be planning something when he let himself out.

However, before Shentu Tianyin could think clearly, the feather emperor snapped his fingers, and a voice sounded in the hall.

"Dream... Mystery..."

The sudden voice made Shentu Tianyin react. She hurried back two steps, and then opposed her eyes with a pair of eyes sticking down from her head.

Those eyes are as deep and dark as a black hole, and they are dotted with shining stars, which makes people sink into them with only one look.

"What is this?"

Some people in the hall were amazed, because they could only see a wisp of black smoke floating from the top of the hall. The thicker it was, the more condensed it was, and then the monster appeared.

The monster turned around Shentu Tianyin for several times, showing a look of salivation.

"This is a dream swallowing Warcraft, which comes from the lost time and space. It has extremely powerful nightmare power and is even more domineering than the nightmare beast family!"

The emperor explained.

The so-called dream swallowing Warcraft, shrouded in black smoke and fog, can only see its head clearly, which is somewhat similar to the tiger!

Compared with nightmare beasts, dream swallowing Warcraft is not weak at all. It is also very good in the field of dreams.

In an instant, the dream swallowing Warcraft slipped into Shentu Tianyin's mind and disappeared since then.

Even several elders nearby didn't react. They had to be calm and calm with the feather emperor.

He has long known the habit of this dream swallowing Warcraft. Today he wants to see how powerful it is.

"Swallow dream Warcraft, now it's up to you to control this woman's body and release the illusion of serious injury and danger, so that other people in Shentu family can know that the patriarch is in danger, okay?"

Chapter 7383

Swallowing dream Warcraft is subject to the feather emperor. Naturally, it will execute his orders immediately.

Shentu Tianyin's body was shocked, and after shaking, she recovered her original appearance, but there was no black and white color in her eyes.

Then there was only darkness, unusually cold and ruthless.

Seeing this effect, the feather emperor nodded with satisfaction.

"But go, go to Tianzhu Mountain, release your breath, and someone will come to look for you."

The feather Emperor gave the order to swallow the dream Warcraft. Soon, the guy manipulated Shentu's body and turned back.

Shentu Tianyin's spirit has been squeezed into the depths of her body. At this time, she has no choice but to worry.

And at this time, she was very clear about the purpose of the feather emperor.

He wanted to use her to lead his daughter Shentu Waner and capture her.

But why did the feather emperor do this?

Shentu Tianyin's spirit stayed deep in his body, thought about it, and finally thought of only one possibility.

The Lord of reincarnation won again!

Only when the reincarnation Lord gains power, the feather emperor will try his best to suppress him.

At this point, Shentu Tianyin's mood was actually relaxed.

Facts have proved that the Lord of reincarnation still has several brushes!

When swallowing dream Warcraft manipulated her to Tianzhu Mountain, the feather emperor had sent many people to follow secretly and ambush nearby.

Is to wait for Shen Tu Wan'er's arrival!

Shen Tu Wan'er is a big chip!

It is also the most promising existence to kill the Lord of reincarnation.

"Shentu Tianyin, if your daughter is willing to cooperate with our wanxu temple to kill the Lord of reincarnation, I can allow you to restore the original appearance of Shentu family and have the opportunity to ascend the throne of the first family."

The voice of the feather emperor came slowly.

Shentu Tianyin scoffed at this.

She won't believe a punctuation mark if the Emperor Yu!

Now we have to wait for things to develop quietly!

At least she can be sure that her daughter will not worry about her life for the time being.

Just as many strong people in the wanxu Temple completed the layout one after another, a pair of beautiful eyes suddenly opened in another corner of the world, in the cave of Wanli ancient forest.

The charming figure in red suddenly turned over and came to a peak, looked into the distance and released a trace of mind.

"That's my mother!"

This person is Shen Tu Wan'er. She took some of her people and fled into the ancient forest to seek a chance to fight back.

There were also two strong men of Shentu family who jumped to the top of the mountain to check the situation.

"What happened, miss?"

The subordinate asked aloud.

Shen Tu Wan'er still looked into the distance, but her eyes became more and more profound.

"My mother was released."

She said faintly.

The others looked at each other when they heard the speech, and were shocked.

Their patriarch Shentu Tianyin was jointly suppressed by several powerful people. Up to now, his life and death are uncertain. It is precisely because he lost the leadership that the whole Shentu family became chaotic.

The traitors raised their flag again and announced that they would take over the Shentu family. They were forced to escape from the holy land of the family, flee in the world, and have to avoid the pursuit of soldiers. They were very embarrassed.

Fortunately, however, the young lady grew up rapidly in this disaster and has become an independent figure.

The young lady holds the Wuwei Heavenly Sword in her hand. In the future, she will become the leader of the whole Shentu family and crush all competitors.

Therefore, they firmly believe that they are on the right path.

However, the news of the owner suddenly came at this time, which will inevitably make people doubt.

Shen Tu Wan'er was a smart man. She had guessed 7788 when her mind turned.

I'm afraid it was designed by the wanxu temple to lead her.

But whether it's a knife mountain or a sea of fire, she has to go there for her mother.

"You stay here and hold the position. I'll check it. If anything happens, I'll inform you with my mind. Then you can go to the East and continue to look for something like that to restore the glory of my Shentu family. Do you understand?"

Shen Tu Wan'er now looked like a leader. When she spoke, she looked serious and explained very clearly.

"Miss, we..."

The two men wanted to say something, but Shen Tu Wan'er interrupted them.

"Don't worry, I can't die. Even if I can't save my mother, I'll escape there."

With that, Shentu Waner stopped talking, but turned into a streamer to the sky, which was the direction to the location of Shentu Tianyin.

Shen Tu Wan'er was worried, but she didn't lose her mind. She was thinking how to get out of trouble if she couldn't save her mother!

Just as she was shuttling through the clouds, a red light suddenly came in front of her left, without any sign and quietly.

The light slowly condensed into a floating river, lying across the void, as if flowing from a mysterious situation.

"Who are you?"

Shen Tu Wan'er stopped and looked at the place where the red river was. Her face was full of vigilance.

The Red River still flowed and did not answer her.

Just when Shen Tu Wan'er wanted to leave, the river slowly flowed flat and gradually condensed into a slim shadow.

Shentu Wan'er was stunned. She felt a very unusual breath. When she saw the face of the virtual shadow, her look couldn't help changing.

Although the face of the comer can't be seen clearly, it is extremely long and long only from the floating breath. It looks like a fairy mountain standing in front. At a glance, it is endless and can't be climbed.

"Are you... The goddess of heaven?"

Shen Tu Wan'er didn't have much friendship with the Empress Dowager.

The figure condensed by the red river suddenly waved its sleeve robe, a little red light, floated out and turned into a graceful butterfly.

"You can recognize my virtual shadow. It seems that you have good strength."

The virtual shadow of the Red River said with a smile. It was the voice of the heavenly daughter.

Shen Tu Wan'er felt puzzled when she heard the speech.

She and the supreme daughter have never met, but now why did the other party find her?

On second thought, however, the Empress Dowager has now broken with the ancient emperor Yu Huang, established her own sect and established the wish god religion. The two fought openly and secretly, which can be said to be in full swing.

She can't come to snipe herself for the feather emperor.

And the relationship between the heavenly daughter and ye Chen is not shallow. She came to find herself, perhaps because of Ye Chen.

"Ye Chen has made some trouble in the lower world recently, and his strength is becoming stronger and stronger. Maybe soon, he can come to the supreme world to help you restore the past glory of your family."

The heavenly daughter smiled and said that she was full of hope for ye Chen. The stronger Ye Chen's strength, the more gratified she would be.

Of course, such gratification is not about concern, but about the satisfaction of their own interests.

Chapter 7384

The better her "pigs" eat and the more meat they grow, the more energy they can provide for her.

Perhaps when she enters the last realm and meets the shackles that cannot be broken through, the pig will play an unimaginable role.

The heavenly daughter also noticed the towering breath of Ye Chen.

Even she couldn't detect the power of heaven and earth generated by such an adventure. It can be said that it is above the ordinary law, reaching Hongmeng chaos and going against the heaven and earth.

"He has his own things to do, and I won't drag him down. On the other hand, only when the mountain of wanxu Temple collapses and falls can the Shentu family rise again, otherwise it will never emerge."

Shen Tu Wan'er replied.

"I agree with you on this point." The Empress Dowager stretched out her palm and turned forward. Suddenly, light and rain fell and condensed into magnificent petals, reaching Shentu Wan'er.

Two red rain petals floated from Shen Tu Wan'er's head. Soon, they integrated with her skin, and a delicate touch immersed into her skin.

"I know you're going to rescue your mother, and I know very well that this is a situation set up by the wanxu temple. You have to go, whether it's out of your heart or others, so I'll give you some amulets to save your life in a critical moment."

The Empress Dowager said slowly, and then her finger touched slightly, while the Wuwei Heavenly Sword behind Shen Tu Wan'er trembled and rose in the air, slowly coming between the two.

"Although your Wuwei Heavenly Sword is powerful, it has not been developed to a perfect state for the time being. If it is matched with the power of wish Xianchi, you may get unexpected surprises."

After the Empress Dowager finished these, her figure began to dissipate.

Shen Tu Wan'er was quite surprised.

What the other party gave her is the spirit water in the wish fairy pool. Even a drop has great effect.

And the spiritual water she got was enough to arm the whole person from head to foot.

"You helped me for ye Chen, didn't you?"

Shen Tu Wan'er asked the last question.

The smile on the face of the supreme lady is rippling, beautiful and incomparable.

"If you die in battle, ye Chen will be sad. If you delay your cultivation and progress, won't my plan come to naught?"

Her voice dispersed with her figure, without trace, as if she had never been here.

The figure of the supreme goddess gradually disappeared, leaving a ray of red light attached to Shen Tu Wan'er's whole body.

Shen Tu Wan'er took a deep breath, summoned Wu Wei's Heavenly Sword, held it in her hand, and a firm look flashed in her eyes.

She recalled what she had experienced before.

At that time, her mother put her in danger many times, but now in retrospect, the hatred in her heart has long disappeared.

"Mom, anyway, I will find a way to save you."

Shen Tu Wan'er's figure suddenly disappeared and sped away like a meteor and lightning.

.....

The depths of darkness, the land of emptiness.

The concussion breath burst out by Ye Chen and Zhetian demon emperor spread to the dark forbidden sea, and the whole old alliance was shocked.

Fire and thunder intertwined, born in horror.

Jiuyou magic, sweeping the starry sky.

The magic ancestor Wutian, who was in the hall, naturally felt this change.

At this time, the darkness is forbidden in the sea.

The holy land of the old League, the ancient forbidden area, is mysterious and dark. Almost no one can go in and out except the demon ancestor Wutian.

The palaces of the general altar are majestic, distributed in layers and row upon row, with an ancient and magnificent momentum.

Here, the evil ancestor was hidden in a dark bamboo forest. When he opened his eyes, the green stone road in front of him seemed to turn into a magic Road, and dark candles were lit around.

His face, however, loomed in the light of the candle.

Mo Zu wudian sat at the end of the bluestone road. Through the dark candle lit, he could vaguely distinguish that the bluestone road was not made of ordinary materials.

The mysterious lines spread out in circles, just like a blooming Black Lotus.

Step by step life lotus, a line of heaven and earth.

The lotus engraved here contains some special morality, and the flower heart is open. It is right for the magic ancestor Wutian and plays a certain role in promoting the cultivation of the magic ancestor Wutian.

And the magic ancestor Wutian sits in the center of Wanlian.

His face was cold and mysterious, his facial features were as handsome as a knife and axe, and his long black hair spread out, adding an inexplicable sense of mystery to him.

As the supreme peak strong man who survived in the old times, magic ancestor Wutian naturally has its excellence.

Otherwise, you can't survive under the impact of other aristocratic families!

His whole body was covered with white bones, which seemed like a entrenched monster. It seemed a little ferocious and terrible. In the depths of the bamboo forest, there was dark red blood gas climbing along the ground and slowly entering his body.

The strange breath turned into long snakes and wrapped up the whole person of magic ancestor Wutian.

"Is it a success? Finally, a second person can understand the nine quiet power inherited by tianwu immortal sect. Tianwu immortal sect is expected to revive..."

The devil Zu said faintly, with a trace of relief in his eyes.

At this time, the body of the demon emperor was more and more perfect, and his strength and talent were stronger. He also liked it more.

If it weren't for his need for a new body, he would probably take the demon emperor as his successor.

After all, the talent of the demon emperor is also extremely outstanding! It can be said that it is the one in a million demon qualification.

Chapter 7385

Unfortunately, if he wants to save his life, he must find a new container.

After weighing the pros and cons, we can only focus on ourselves first.

But on the other hand, the better the container, the higher the adaptability of his soul in the future.

According to the current development trend, when the soul species fully bloom, I'm afraid this flesh body has become extremely perfect!

He can even surpass the ancient emperor and become the first person in this new era.

Magic ancestor Wutian had a rare emotional fluctuation.

Practice to their state. What they pursue has nothing to do with the secular world for the sake of the supreme way of heaven!

After the devil Zu wudian returned to God, Jiuyou devil's eyes penetrated through layers of prohibitions and saw that scene still existed in the void.

The strange image produced by Ye Chen and the demon emperor has not completely dissipated at this time. In the cold place of the universe, the marks of thunder and fire are still emitting waste heat.

This is the origin of heaven and earth released by them, which shocked the heavens and the world for a long time.

For the breakthrough of the devil emperor, the devil Zu Wutian was very happy, because he felt that he had planted soul seeds in the devil emperor's body, and he could take them away as long as they took root and sprouted in the future.

But for ye Chen, the evil ancestor Wutian was worried.

This guy is the reincarnation of the Lord of reincarnation. There was an ancient language, the avenue of reincarnation, nine to one.

And according to the development trend of Ye Chen, the potential shown has far exceeded that of the former reincarnation Lord!

This guy will be a big trouble for the old League in the future.

At the thought of this place, Rao Shiyi has experienced countless wars in the old and new times. He holds heavy power and wins life and death. He can't help but have a headache.

The luck of the reincarnation Lord is far from ordinary martial arts.

He also tried many methods, but in the end he failed.

Instead, ye Chen successfully escaped, and when he returned again, his strength rose to a higher level.

When Wutian was thinking, he suddenly noticed the change from the upper surface space.

"Is that... Wuwei Tianjian?"

Although he is not in the super world, he can still feel the abnormal changes in the super world.

Only the eight heavenly swords can produce such a sensational effect.

"The girl holding the mighty Heavenly Sword should be the girl of the Shentu family. Why are you so determined?"

Wutian's eyes narrowed and murmured, but all this had nothing to do with him. He just had to wait quietly.

The forbidden area of the old alliance fell into darkness again and became unknown.

.....

At this time, the Taishang world triggered a great storm!

Tianzhu peak is one of the most famous holy peaks in the world. It is at the top of the plateau. It is desolate and forestless around. At the eye, it is a brown Gobi desert.

In this wasteland, there are many strange animals that live in groups and look for food everywhere.

However, at this time, the strange animals that usually dominate the wasteland only dare to curl up in the corner of the rock and dare not move.

Because there are more powerful guys here than them. Although these monsters have no intelligence, they know who is strong and who is weak, who can provoke and who can't provoke.

Some of the strongmen of the wanxu Temple ambushed nearby, while others stood thousands of miles away, motionless as a mountain.

For them, it is impossible for them to deal with a little girl like Shen Tu Wan'er.

On the top of Tianzhu Mountain, the strong wind blew and roared. It was like a sleeping beast waking up, and a figure stood on the top of the mountain, silent and speechless.

When Shen Tu Wan'er arrived, she found her mother's figure, but she didn't rush up at first time.

Instead, he slowed down his flight, slowly stood in the air and looked at the top of the mountain.

"Who are you?"

After a long time, Shen Tu Wan'er asked.

Shentu Tianyin smiled.

At this time, although she retained the appearance of Shentu Tianyin, the spirit was no longer herself.

"Who do you think I am?"

As soon as she spoke, it was not the previous voice line, but became neither male nor female, which sounded quite harsh.

Shentu Wan'er's look sank completely. She raised Wuwei Tianjian, pointed to Shentu Tianyin, and said coldly, "let my mother go!"

Shentu Tianyin, manipulated by devoured dream Warcraft, didn't listen to her. Instead, he raised his hand. A burst of illusory light floated to the sky and went straight to Shentu Waner.

Shentu Waner suddenly changed her look and retreated to thousands of meters away. Sure enough, the place she had just stayed had been corroded by the powerful dream formula.

This guy has a young appearance and shows his mother's unique skills. If Shentu Waner guesses correctly, it should use some way to occupy his mother's body.

Shentu Waner will never tolerate such behavior.

Her eyes suddenly became cold, her long hair danced, and her cutting Spirit fell to the extreme!

The "potential" of Wuwei Tianjian is very powerful, and Shentu Waner's cultivation system is very consistent with the characteristics of Wuwei Tianjian, and the two hit it off.

The explosion caused by the sword Qi roared.

At that time, an invisible sword light split the wind around the top of the mountain.

This sword seems to contain incomparable rage, mighty and unstoppable like sea waves.

Thousands of sword Qi reflect the sky and kill decisively.

Now Shen Tu Wan'er is no longer the girl who used to be impulsive. After these days of training, her leadership temperament has become more and more mature.

Every move, full of confidence, if you don't make a move, you will have to cut off the other party's retreat.

If you have sharp eyes, you can see that Shen Tu Wan'er's Qi is getting stronger and stronger.

Her eyes were cold, her face was expressionless, and her delicate and flawless face faded from the childishness of the past and was replaced by maturity.

Just standing here, the momentum is like a rainbow, like the queen who ascends the path of heaven.

The dream swallowing Warcraft who controlled Shentu Tianyin's body seemed to have never thought that Shentu Waner would make such a fierce move as soon as she came up.

It manipulated its body and hurried back to avoid the blow.

When the bug wanted to use Shentu Tianyin's body to fight, he found that Shentu Tianyin had been seriously injured and could not give full play to his strength in the peak period.

And it occupied Shentu Tianyin's body. Even though Shentu Tianyin was weak and weak at this time, she still forcibly blocked it, and finally broke the crisis of swallowing dream Warcraft!

Shentu Waner broke through to the top of the mountain and wanted to take Shentu Tianyin away by force.

However, at this time, the people who ambushed nearby came out. They were several powerful Temple elders, who were scattered in several directions.

When they appeared, they were very powerful.

Shentu Waner naturally expected this situation, and this time, she brought more than just a sword.

Chapter 7386

And the mysterious law contained in this sword!

The elders of wanxu Temple rushed over one after another and used their own weapons. Their strength has reached a perfect state.

Shentu Waner went back to the sword, but unexpectedly, the two people in front changed their fingerprints and took away her attack.

Soon, they found that Shen Tu Wan'er's resistance was extremely tenacious!

As soon as Wu Wei's Heavenly Sword came out, it was startling and awed. The unparalleled sword Qi burst out from her and condensed a little.

Shen Tu Wan'er understood Tao wholeheartedly. Over the past few days, she has understood many laws.

Therefore, when you shoot, lightning and thunder, as if the whole world will open the way for it.

This time, Wuwei Tianjian attacked wantonly and completely released his power!

"No, this sword is very strong! I'm afraid it can't be stopped just by physical strength!"

The two elders also realized that Wuwei Tianjian was extraordinary. They immediately summoned a layer of spiritual power!

Shen Tu Wan'er looked cold. The powerful sword in her hand was thundering and surging. At this moment, she swallowed the whole mountain top.

Two breaths, fierce collision!

Such a huge pressure is carried down by a little girl!

When Wuwei Heavenly Sword was about to be cut off, a faint ray of thunder came through the void.

The thunder light was silent, but it compressed the extremely powerful power.

Shen Tu Wan'er had to deal with the void dispute.

When she wielded her sword, she formed an airtight field to block out the spiritual power of the riot.

From attack to defense, at this time, the mind in your heart is integrated with the sword in your hand, which is extremely unified.

"Wuwei Tianjian: startling destruction and cutting!"

Until this time, the Tao condensed in Shen Tu Wan'er was completely revealed.

She stood where she was, but it was like climbing nine days. Her powerful luck turned into streamer, clinging to her like a koi.

This is the Tao of the strong, vast and elusive.

It can be said that if you understand this way, there will be Shen Tu Wan'er among the top strong in the world of heaven in the future.

The elders who shot were also aware of the seriousness of the matter and did not dare to take it lightly.

"Ten thousand ruins divine formula!"

The two elders burst out their real strength one by one.

They are like fierce soldiers shuttling through the awe and awe, with all their firepower open and moving forward bravely.

Even if Shen Tu Wan'er used the power of Wuwei Tianjian, it was very difficult.

However, Shen Tu Wan'er is not so easy to admit defeat. Her mother is still waiting for her below.

As a result, Shentu Wan'er's black hair danced like Shura coming out of hell, and her pupils also burst out a dark flame.

The "potential" of Wuwei Tianjian condensed to the extreme at this moment, as if it penetrated the world, and the things around it were still.

The two elders of the wanxu Temple flew out like a broken kite. No matter how deep their cultivation is, they can't resist the rebound of the way of heaven.

"This powerful Heavenly Sword really has the ability to fight against the sky!"

The two elders of the wanxu temple could not help but marvel, but they were not half flustered.

That is, at this time, an infinite force pierced through all and hit Wuwei Tianjian directly.

The next moment, something startling happened.

Wuwei Heavenly Sword, which has always been overbearing, seems to have been hit hard and become shaky.

Shen Tu Wan'er was surprised when she saw this. She hurriedly urged the spiritual power in her body to supplement it.

But she found it useless. Even herself seemed to be blocked, and even her actions became extremely slow.

After the appearance of this invisible breath, what follows is the stagnant Weili!

The ancient emperor Yu Huang personally shot, although only a virtual shadow came down, but his extraordinary strength was within reach.

If Shen Tu Wan'er still has spare strength just now, she can use Wuwei Tianjian as a supplement to run through the whole world.

But now the Jade Emperor himself, she has no chance.

Originally, she also wanted to challenge the overall strength of the wanxu temple and wanted to rescue her mother, but now it seems to have failed.

In full view of the public, there is a virtual shadow in the depths of the sky, which comes across the sky and turns into a bright golden light. It is like spreading a sacred Avenue from heaven to earth.

The Holy Light spilled down and flowed into a river, almost blocking all the nearby emptiness.

"If you have only this ability, I'm not to blame."

At this time, the ancient emperor Yu Huang was still in the very far headquarters of the wanxu temple. He just separated a divine idea, condensed and formed here, and summoned an incomparably powerful Dharma phase.

The Dharma is like the coming of Buddha. It is brilliant. At the next moment, it turns into a gluttonous beast, roars up to the sky and bursts out a dark column of light.

That pillar of light merged with the void, and was filled with the Qi of Taoism. It was dotted into stars and fell boldly.

The ancient emperor Yu Huang, who is in this part, is still sitting quietly, pretending nothing happened, as if everything had nothing to do with him.

But in another battlefield, it seems that endless dragons rise up and completely surround this land.

Not only Shen Tu Wan'er, but also others were overwhelmed by this formation, and they were very surprised for a time.

Shen Tu Wan'er was stunned. Her whole body seemed to be wound into a rope by mysterious power and became unable to move.

The means of the ancient emperor Yu Huang is really terrible. Even if she makes a move at will, she can't compete now.

Chapter 7387

Shen Tu Wan'er took a deep breath and looked at his mother.

Today, the ancient emperor Yu Huang stopped her. I'm afraid she can't save her mother.

At this point, Shen Tu Wan'er broke out a powerful force and seemed to go forward to break through the great offensive that filled the sky.

But in fact, she is already looking for a way out for herself.

Shen Tu Wan'er's mind dispersed and found a weak boundary wall.

She had never seen such a method before, so she didn't dare to accept it easily.

If ye Chen were here, he would certainly be able to recognize the means of the ancient emperor Yu Huang.

This move of the ancient emperor Yu Huang is called channeling. It is a magic treasure handed down from ancient times. In the ancient times, there were top powers who used the method of channeling to subdue empty beasts for their own use.

Many people saw this scene and retreated one after another for fear of being affected.

Now that the feather emperor has made a move, they can step aside.

But sooner or later, the channeling phase of the feather emperor also noticed her mind at the moment.

For a moment, the mighty breath suddenly broke out. The Dharma phase opened his eyes and shocked the world. The whole world was shocked.

"How could this happen?"

Shen Tu Wan'er's figure was stuck, as if she was stuck in the mud and couldn't be pulled out.

The more she struggled, the deeper she sank. That force, like an invisible rope, rolled over and burst the air.

In a short moment, Shen Tu Wan'er was completely bound.

She knew very well that she might be trapped and couldn't get rid of such great power.

But at this time, the red light integrated into her body seemed to get some kind of induction. With a bang, it rushed out of the skin surface against the blood, forming a layer of sharp armor.

This layer of armor is shining and covered with ferocious spikes.

On the sharp armor surface, the red light flows and converges into several knives.

Click!

It seemed that something had been cut off and made a clear sound.

Shen Tu Wan'er looked down and saw that the red spikes on the armor turned into swords to fight against the invisible barrier.

The treasure given to her by the Empress Dowager comes in handy!

Although the red light is introverted and colorless, people with real eyesight can judge that the power of the road contained in the red light is no less than this psychic means.

They entangled with each other, stood against each other, and burst out extremely shining two-color light, like a long dragon rising in the sky, and the whole sky suddenly became dark, like the fall of night.

Shen Tu Wan'er can move now. Without hesitation, she quickly draws her fingers together and draws a trace on the sword.

The Wuwei Heavenly Sword, which was originally ill and seemed to have lost its strength, came back to life in an instant. Suddenly, the brilliance overflowed, and the holy light went up to the sky, breaking this invisible taboo.

The power of the supreme daughter is also extremely powerful. To some extent, it is no inferior to the feather emperor!

Other people present also felt the smell of the supreme goddess burst out by Shen Tu Wan'er, and were surprised for a moment.

Some of them had dealt with the supreme daughter, and naturally they knew what was extraordinary.

On the other side, after breaking free from the invisible bondage, Shen Tu Wan'er's body retreated to a distance.

Wu Wei's Heavenly Sword is like a wandering dragon. It moves like a startled goose. After cutting off the invisible rope, it returns to her again.

The sword Qi is vertical and horizontal, leaving scars in the space.

Shen Tu Wan'er was panting. She just used the strength of the sea of Qi in her body to condense into a shining brilliance in an instant.

In this way, you can break the game.

But it can't last long.

After all, if you want to form a strong impact, you must condense all the spiritual power to form a strong blasting force!

In this way, you can surprise the world and disperse the magic cloud.

If the other party is not prepared, he may also be seriously injured.

In Shen Tu Wan'er's body, the red light left by the Empress Dowager also surged up with the power of the sea of Qi, forming fine blood threads, which poured into her arms one after another.

She only felt that her arms were full of Yingying power.

From the outside, Shen Tu Wan'er was shining all over, especially near her arms. Her sleeves and robes were bulging, bursting out with extremely exciting power!

"Wuwei Tianlong! Shenluo Dharma formula!"

Shen Tu Wan'er whispered, and the power filled her body rushed up, out of her body and into the sky.

Wuwei Heavenly Sword integrated into the ancient Dang atmosphere and immediately rotated to form a strong wind.

And look at that trend, it seems to set off an endless storm!

Boom!

Wuwei Tianjian rolled down the clouds and tore them into a river. Suddenly, the mountains collapsed and the earth cracked, and the waves roared, as if heaven and earth were about to rise and the end was approaching.

Among the eight heavenly swords, Wuwei Heavenly Sword can be among the best in terms of power.

Wuwei Tianjian and Longyuan Tianjian are among the top eight Tianjian.

The two forces confront each other, and no one will let anyone.

It was in this case that the burst of shock waves broke through the sky.

Ten thousand rays of sunlight appeared together, and suddenly filled the world. We should cover up all the emptiness and taboos here.

The endless mountains and forests below have collapsed one after another, and the wide cracks have cracked like cobwebs. From the top of the sky, it seems that an extremely terrible earthquake has occurred.

Tens of thousands of miles of land have been torn apart.

This is in the super world, with complete rules and strong spiritual power. If you change to the lower boundary, I'm afraid you will be supported by this power to burst, and the whole planet will be reduced to desolate ruins.

But Rao is so, Wuwei Tianjian still trembles under such powerful power.

Who is the feather emperor? It is the first strong man under the sky, admired by thousands of people and powerful. It is the emperor of the new era.

If he wants to fight, even a separate body can set off all kinds of waves and kill his opponent. No one can resist at all!

"Your mother is tough and unwilling to give in. This is the last chance I give her and the last chance I give you. If you refuse to surrender today and are still stubborn, then both of you will become funerary objects."

The feather emperor's voice was extremely indifferent. He was issuing an ultimatum to them.

At this time, Shentu Tianyin's consciousness also regained consciousness. After the dream swallowing Warcraft retreated, she regained control of her body.

But now, her strength may not be as good as an ordinary deacon elder, and she can't have any impact on the war situation at all.

"Emperor Yu, you are so mean! Don't try to threaten me with my daughter's life!"

Shentu Tianyin was very angry.

Boom!

Thunder roared from the depths of the sky, dark clouds dispersed, and then endless dark forces poured down like waves, instantly surrounding the range of hundreds of thousands of miles.

Chapter 7388

The mountain rain is coming, the wind is full of buildings, and the dark clouds are crushing the city!

Such an amazing momentum, few people in the world can mobilize.

It seems that the feather emperor is really angry!

"Wan'er, the ancient emperor Yu Huang is using one of the treasures of the wanxu temple. When the black tower comes down completely, no one can run away! Go now!"

Shentu Tianyin stood up with the injured body in the air. Her hands pinched and printed, and her aura gathered and wrapped around her fingertips.

And she bit the middle finger of both hands and slowly outlined an ancient totem pattern in front of her eyes.

That mysterious totem is the top secret method of Shentu family.

This secret method can promote the potential of people in the family to the extreme. The stronger the strength, the greater the potential that can erupt.

Only after it is used, it will burn life potential. When the totem is dispersed, the user will also die.

The more powerful a person is, the more careful he must be!

"No!"

Shen Tu Wan'er naturally recognized this secret method, immediately changed her look, shook her head at Shen Tu Tianyin and shouted wildly.

"No, mom, don't do anything stupid!"

But now she is trapped in the ban of the ancient emperor Yu Huang and can't move.

Shentu Tianyin turned around and smiled at Shentu Waner.

Like that, it seems to be telling Shen Tu Wan'er that Niang can give everything, even life, for you!

Shentu Waner's eyes were red and her eyes were about to crack. She would never watch her mother embark on a dead end.

Once the family secret law is promoted, there is no room for maneuver. She can only watch her mother die.

The totem in front of Shentu Tianyin has been sketched in half.

The mysterious and hazy force slowly entered her body, bypassed those injuries directly and merged into the most core part of the air sea.

Not repair, but overdraft!

"Emperor Yu, you want to threaten me with my daughter. Even if I don't exist today, I won't let you succeed."

"Not only that, I also want to make your wanxu Temple suffer huge losses!"

Shentu Tianyin has already killed red eyes at this time. She doesn't care. Even if she loses both sides, she will remove a piece of meat from the ancient emperor Yu Huang.

The people around were frightened by her momentum.

If you don't die, you'll lose.

Even for the wanxu temple, it is not a good result.

"Is this damn crazy woman really trying to pull us into the mire?"

"Hurry up! Both mother and daughter are crazy. Ignore them."

“.....”

The strong men of the ten thousand ruins Temple avoided and gave way one after another.

Horizontal afraid of Leng, Leng afraid of not dying.

They don't want to lose their lives because of these two people.

Shen Tu Wan'er held back her anger and forced herself to think calmly.

In her body, there are two red lights left by the supreme daughter!

In other words, she can do it twice.

For her, these two times are equivalent to two moments, which can't play any substantive role at all.

But if it is used in other places, it may have miraculous effects.

At this point, Shentu Wan'er also had a plan in her heart.

She is condensing the "potential" in her body!

In the face of the surging visions, Shen Tu Wan'er suddenly took this step. She used her unique skills to cover everything, and the universe turned upside down!

"Feather emperor! Take it!"

Shen Tu Wan'er angrily scolded, and her eyes burst into a brilliant light. Her black hair spread out and was swept around by the powerful air waves.

Wuwei Heavenly Sword faces upward and attracts endless rolling thunder, accompanied by lightning and thunder. It is magnificent and majestic. It simply calls out an invincible female god of war in ancient times.

On the other side, Shentu Tianyin, who was about to condense the totem, was surprised and suddenly turned around and looked at his daughter.

"No, Wan'er!"

Shentu Tianyin immediately shouted, but it was useless at this time!

She never thought that her daughter would use this secret method!

Shentu Waner has made up her mind. At the cost of burning the soul, she draws out the power of her soul and injects it into the Wuwei Heavenly Sword.

It is tantamount to first applying Tu Tianyin to promote the secret method, which also caused irreversible damage.

Shentu Waner intended to control Wuwei Tianjian, soared into the sky and blocked thousands of troops and horses with the power of one person.

And her jade hand also pinched her palm into a fist and hit it boldly. Two blood red lights condensed to the extreme ran out along the spiritual power, and immediately turned into a flying knife without direction and disadvantage!

Those two throwing knives are far from ordinary things!

When it flashed out, it almost pierced the void and pierced several big holes.

One of the two black lights suddenly turned around and came to Shentu Tianyin on the side!

The throwing knife is not a substantive object, but is transformed by the original power of the supreme goddess.

When the throwing knife came to Shentu Tianyin, she didn't know what it was.

At the next moment, the concentrated power suddenly broke out and spread to an extremely wide range!

The supreme lady's spiritual skills are extremely advanced and invincible in this field.

The red light it left seemed to understand Shentu Waner's intention. When it broke out, it stubbornly pressed down the totem array pattern constructed by Shentu Tianyin.

A flame burned up and burned the pattern to ashes.

Then, in front of Shentu Tianyin, an extremely small void force appeared. When she met the red awn of the supreme goddess, she was sucked into a strange crack.

Chapter 7389

Just in the blink of an eye, it disappeared!

Shentu Waner used this red light to open the space channel and wanted to transmit Shentu's voice.

Almost at the same time, Shentu Waner attached another red awn to Wuwei Tianjian.

And manipulated the Heavenly Sword to turn the direction, whew, flew to the lower boundary to spy, broke through layers of obstacles, as powerful as bamboo, and forge ahead.

At this moment, everyone was shocked. They never thought that Shentu Waner would expose herself, so as to separate the two divine lights, help Shentu Tianyin escape, and let Wuwei Tianjian escape quickly.

But behind this, the most unexpected thing is the two red Mans.

At this time, the Jade Emperor guditon, who was far away in the temple palace of wanxu, was very angry.

"Ren tiannv, do you mean to oppose me? Don't think the emperor is afraid of you by ignoring you!"

The ancient feather emperor rarely appeared angry. He stretched out his hand across the void and twisted the red light surrounded in the depths!

It turned out that the two red mans played a role, but it was the supreme daughter who caused trouble.

At the moment when the ancient emperor Yu Huangdi shot, the Empress Dowager had withdrawn her mind, and the crisp laughter like a silver bell was transmitted in this space.

"Yuhuang ancient emperor, I didn't expect that your reaction speed is quite fast across such a distance. I have divided two spiritual forces to help them escape. Let's see who you can stop!"

The smile of the heavenly daughter is particularly bright.

Without waiting for the emperor to make a move, the shadow left by the empress took the lead in exploding, so that the emperor couldn't catch her spirit at all.

Almost in a twinkling of an eye, the remaining strength of her soul condensed into an extremely vast atmosphere, which caught people off guard.

The look of the feather emperor has become extremely gloomy.

He didn't expect that the heavenly daughter would help Shen Tu Wan'er.

They are not related to each other. Why should the supreme fairy take this risk and make a decisive move?

In this case, there is only one explanation!

Because of the Lord of reincarnation! Thinking of this, the feather emperor couldn't help laughing.

"Do you really think you can cultivate reincarnation into an advanced thing? Reincarnation is beyond all the Tao in the world. If it is really out of your control in the future, I'm afraid you can't even stop yourself at that time."

The Jade Emperor scorned the supreme daughter's pig raising plan.

Now he has regarded the Lord of reincarnation as his thorny enemy and wants to get rid of it.

As the saying goes, those who play with fire are very likely to be burned to death in the future.

The Lord of reincarnation is this fire!

Wait for the fire to burn completely, it will be late!

In any case, he must put it out in advance and not let it start a prairie fire.

"The current growth momentum of the Lord of reincarnation has exceeded your expectations and gradually become an uncontrollable factor. Are you sure you want to continue?"

The Jade Emperor asked coldly with a blank face.

However, the Empress Dowager was not surprised but delighted to hear this.

"Isn't that what I want? The stronger he is, the better it will be for me."

"What if one day you can't control him? Or he will combine the six in one. At that time, even if you really gather all the power of desire, even if you and I join hands, you can't defeat him."

"Hehe, you don't have to worry about it."

If a third person hears this, he will be surprised.

A little monk in taizhenjing, even if he has the identity of the Lord of reincarnation, he is just a mole ant in front of the feather emperor and the Empress Dowager.

Why did the Jade Emperor attach so much importance to it, and even be quite afraid of it.

But the heavenly daughter didn't think so.

In other words, she is sure to control Ye Chen.

"No, you can't stimulate him now. Killing his confidante will only make him stronger and stronger. I don't want him to grow so fast."

The heavenly daughter smiled and said.

The feather emperor snorted coldly, "don't be arrogant! If reincarnation really comes, no one can be spared. Don't forget that Hongjun's ancestor still has a layout behind him!"

The Jade Emperor stopped talking nonsense and directly urged a divine mind to prevent Wuwei Tianjian from rushing out of the world and going to the lower world.

The sharp pressure suddenly came, followed by Wuwei Tianjian and almost swallowed it.

However, at this time, the red light left by the Empress Dowager played a role, scattered and turned into a barrier between the two.

Boom!

Even so, Wuwei Tianjian failed to withstand such strong pressure.

A spiritual thought attached to it by Shen Tu Wan'er was scattered and almost out of shape.

However, Wuwei Tianjian still crossed the barrier between the upper world and the lower world with instinct and fell straight down.

On the blade, there was also a faint spiritual consciousness, guiding it to the place where ye Chen was.

As a result, the ancient emperor Yu Huang immediately looked heavy.

"Then go with you! It's just a broken sky sword. It can't lift any big waves!"

The Jade Emperor took back his mind and immediately sent people to search for the figure of Shentu Tianyin.

Although Shentu Tianyin was transmitted, it could not escape from the world.

The rest tied Shen Tu Wan'er up and took him back to the temple.

At this time, Shen Tu Wan'er had exhausted all her strength in her body, and her soul was dissipated by the channeling light of the feather emperor, and her fate was in danger.

.....

meanwhile.

Far from the void, in the land of beimangzu.

Ye Chen is sitting in a cave. He is surrounded by thunder, and gradually condenses from thick to thin into a trace of incomparably pure power.

That is the effect brought by Lei Bei, which can make him have a deeper and deeper understanding of thunder and turn it into his own original power.

Lei stele is among the reincarnation xuansteles. It is very difficult to take it in.

Even if ye Chen is gifted, supplemented by reincarnation blood, he only refined the thunder tablet.

"Come again!"

Ye Chen vomited a mouthful of turbid Qi. He began to practice from the time of sunset, and now the sun has risen.

But he was still tireless, tireless, cycling back and forth, falling into the state of cultivation again and again, like an eternal machine.

Ren Feifan sat not far away and looked at Ye Chen's cultivation. He was so selfless that he couldn't help but see a happy color in his eyes.

In fact, the main reason why he became Ye Chen's protector is not that he is the Lord of reincarnation, with strong blood and excellent talent.

The Lord of reincarnation is certainly the most unique and powerful emperor in the world. He has reincarnation blood, masters six ways and is superior to heaven and earth. If he cultivates to the peak level, he is almost invincible.

Chapter 7390

However, it does not mean that the reincarnation of the reincarnation Lord of each life can succeed.

The reincarnation masters of previous generations have died and opened the reincarnation of the next generation.

But when ye Chen comes here, it is very likely to overthrow the original old order of the whole world and establish a new world of heaven.

Ren Feifan put his hope on Ye Chen.

Although he has strong power, he still needs someone to support him in the future!

Ye Chen's mind and perseverance are unique. He has the capital of hegemony, which is what Ren extraordinary values most.

No matter how talented you are, if you only know how to spend money, you will lose everyone!

Only by constant cultivation and indomitable steel heart can we create a generation of overlord!

On that side, ye Chen has sobered up from his cultivation state, and his eyebrows are jumping with fine thunder light.

"Elder Ren, the thunder tablet is really troublesome. I tried several methods, but I couldn't completely break it."

Ye Chen frowned and said.

Even though he has broken into the inner world of leibei, he still can't master the greatest thunder.

The thunder was like an underwater moon, which could be seen but could not be touched.

Therefore, ye Chen is quite depressed.

However, Ren Feifan is indifferent to this smile.

"It's a long way to practice. You can advance and retreat from time to time, rush and slow down. You don't have to tighten everything so tightly. Sometimes appropriate relaxation is also a kind of practice, isn't it?"

Ren Feifan has practiced to a realm that most people in the world can't touch. Therefore, he also has some feelings for the way of cultivation.

As soon as this word came out, ye Chen immediately fell into silence and showed the brilliance of thinking.

He can understand what Ren extraordinary said, but he can't touch the realm of Shinto.

Just at that moment, there seemed to be a flash of light in his brain.

Maybe proper repair can bring him a better state.

"Elder Ren is right. Let me have a rest!"

Ye Chen said, relaxed and began to run the thunder method.

Chaos thunder got some instructions and began to shuttle back and forth in the blood and run around the sky.

Every 6681 times is a cycle.

After a circle of operation, the fusion degree of chaotic divine thunder and reincarnation blood will be more consistent!

Ren Feifan couldn't laugh or cry. He didn't expect that the boy's way to relax was to practice another skill.

But he didn't bother, but raised his hand, and a dark blue light gushed from his fingertips.

He has reached the boundless realm, infinitely close to the way of heaven.

Every strong person in the boundless realm has his own "Tao", and outsiders can't interfere.

If you want to find that way, you have to explore and think repeatedly.

Endless years are flowing away from them. For them, the time of a Jiazi is just an ordinary time on the way of cultivation.

Those who have been practicing for thousands of years like Ren extraordinary are the younger generation.

Before the rise of the Lord of reincarnation, Ren Feifan was regarded as the first strong person in the future of the world of heaven.

But in the final analysis, ye Chen, the Lord of reincarnation in this life, does not belong to the same stage as Ren extraordinary.

They are predecessors and descendants of each other!

Around the cave, there was silence and detachment. Only thunder power and spiritual power were constantly intertwined and collided, and merged into a more powerful original power.

But the next moment, Ren extraordinary suddenly opened his eyes. His eyes penetrated the deep void, as if he saw a mysterious object from a distant place.

"Elder Ren, what is that?"

Ye Chen's perception ability is also very strong. He releases the reincarnation heaven soul, and the spiritual consciousness covers this heaven and earth.

Deep in the sky, a streamer gushed out.

It's like a meteorite falling. At the beginning, the stars are shining. When it gets closer and closer, it will burn and release strong energy!

Ren Feifan stepped out. In this step, he walked thousands of miles.

He stretched out his hand and pushed it. The light blue tide and blue waves gathered into a river in the sky and stopped in front of the falling meteorites.

A whale tossed up, but at this time, it was about ten meters in size.

However, from the perspective of breath, this whale is brilliant, introverted and hidden. I'm afraid it won't rush to the sky until the crisis really breaks out!

And ye Chen also summoned a deep thunder.

Ye Chen's reincarnation heavenly eye pierced through vanity, directly broke through a few burning layers of fire, and saw what was wrapped in it!

When ye Chen saw it clearly, his pupil could not help but shrink suddenly.

The object wrapped in bread there is not a treasure or a divine object, but a sword with fierce light all over!

Wuwei Tianjian!

But isn't Wuwei Tianjian Shen Tu Wan'er's personal weapon? Why does it appear in the lower bound?

Ye Chen threw out two bloody thunder and wanted to stop the meteor, but in the next moment, an inexplicable breath locked his place!

Wuwei Tianjian seemed to feel Ye Chen's position, crossed obliquely and burst into the clouds. There were burning lights between heaven and earth.

Ren Feifan wanted to stop, but he seemed to find the intention of Wuwei Tianjian, so he stood aside and watched the change.

Sure enough, the Wuwei Heavenly Sword faded the burning flame on the surface, came to Ye Chen, and Shua stopped.

The whole sky sword has an extraordinary momentum. The body of the sword is as smooth as a mirror, and the edge is sharp, reflecting a cold luster.
