Chapter 7391

"Are you looking for me?"

Ye Chen was stunned when she saw this scene.

Soon he reacted. It was probably Shen Tu Wan'er who poured his breath into the sky sword, so the sky sword came.

Wuwei Tianjian didn't answer, because there was no sword spirit in Tianjian.

Only a broken sense of God, wavering.

Even if ye Chen stretched out his hand to receive it, he could not know what information Shentu Wan'er was spreading to him.

"Strange..."

Ye Chen immediately wondered.

A deep unease welled up in his heart.

Because Shen Tu Wan'er is not a prankster. If she sends Wuwei Tianjian to the lower world and takes her breath, she has a very clear purpose.

That residual divine consciousness should have been complete before, but it was destroyed halfway, which gave Ye Chen more reason to believe that Shentu Wan'er was in danger.

And it must be life-threatening!

As soon as he read this, ye Chen made up his mind!

In any case, he will go to the world for a visit!

"Elder Ren, I'm going to the world!"

Ye Chen raised his head and said to Ren extraordinary.

All along, he owed Shen Tu Wan'er too much.

If Shentu Waner really had an accident, he would live in remorse and guilt all his life.

And you can't break through your demons.

When all the six reincarnations come, the thunder robbery will arrive. At that time, there will be obstacles from the heart devil, and he will fail to cross the robbery!

At that time, I'm afraid he will accept the reincarnation of the next life!

The way of heaven is ruthless, and people also have feelings.

If you don't even have the courage to face your feelings, how can you achieve a generation of hegemony.

At that time, he fought alone against two Tianjiao of the feather emperor family to stop the Jiuding array. He was completely suppressed by the other party and was in danger.

Shen Tu Wan'er arrived, waved his heavenly sword and saved his life.

The other party has always been sincere and willing to go through fire and water for himself.

And he has no right to choose to turn a blind eye!

Ye Chen's eyes gradually turned red. He clenched his fist and his anger rose in his heart.

In that world, I'm afraid there are not many people who can threaten Shen Tu Wan'er.

Apart from the traitors in the headquarters of the Shentu family, the most likely person is the feather emperor!

Ye Chen's mind turned and soon thought of the key.

Shentu Tianyin is still in the hands of the wanxu temple!

If this card is given, I'm afraid Shen Tu Wan'er doesn't want to go and has to go to the meeting alone.

At present, those traitors of Shentu family are not qualified to let Shentu Waner abandon Wuwei Tianjian!

"The feather Emperor... It's you again!"

Ye Chen has one more point to overturn his reason for this ridiculously strong enemy.

However, Ren Feifan stopped him, because the world is too dangerous. With Ye Chen's current strength, he is not enough to enter it and stir up a storm.

"Elder Ren, if I don't save her, I can't pass my own level. If she dies because of me, I will blame myself all my life. I'm afraid I can't understand the real reincarnation anymore!"

Ye Chen panted heavily and said in a deep voice.

Ren Feifan doesn't know ye Chen's mind at this time, but he knows that the world is extremely dangerous, far from ye Chen at this time.

"Don't worry, the Jade Emperor won't kill her! Not only is there the restriction of heaven's rules, but also your reincarnation and luck, which also protects your relatives, friends and close friends to a certain extent."

Ren Feifan knows the operation rules of the heavenly way. Even the ancient emperor Yu Huang can't violate the heavenly way!

The ancient emperor Yu Huang is now at the key of a breakthrough. He will never touch Cause and effect at will, especially with samsara.

When ye Chen heard this, his mood gradually recovered, and he fell into meditation.

Even if Shen Tu Wan'er has no worries about her life for the time being, who knows what the emperor will do next?

As long as Shen Tu Wan'er is not killed, the other acts will not cause the counterattack of heaven.

In this world, there are many punishments that life is better than death!

"Don't worry, elder Ren. I won't be impulsive." Ye Chen said.

Ren Feifan nodded, sealed the last spirit thought left on Wuwei Tianjian and placed it on Ye Chen.

"Keep this thing first. Maybe when you go to the world in the future, you can sense her existence with this thing!"

Then they were discussing the way to go.

With the continuous growth of Ye Chen's strength, he has reached an amazing level. I'm afraid he will step into the threshold of the world.

This is an unavoidable step and a crucial link.

Fundamentally speaking, the supreme world is the No. 1 holy land for cultivation among the heavens!

Why do people in the lower world want to enter the world? Because there are rich Reiki resources, all kinds of spiritual herbs and precious medicines can be seen everywhere.

One day of cultivation in the supreme world is worth one year of cultivation in the lower world!

The most powerful people in the world of heaven are almost from the upper world, except for the abnormal existence of magic ancestor Wutian!

"The supreme world is where I have to go. Anyway, I will find her!"

Ye Chen strengthened her faith in her heart.

The next scene stunned him. Wuwei Tianjian not far away even sent out a faint soft light.

"This is..."

Ye Chen walked in with some doubts. He just wanted to touch it. At this time, a pillar of light rose into the sky. He didn't know where to go. The light of the clouds was covered by a beam of shadow.

Wuwei Heavenly Sword seemed to be summoned and sandwiched in the clouds.

At this time, there was a change in Ye Chen's body. The virtual shadow of the blood dragon appeared, and he was a little dizzy. Even he didn't know what was going on.

"Master, what's the matter? Why did I suddenly come outside?"

The blood dragon looked around with his eyes open. When he saw the majestic Wuwei Heavenly Sword, he became a little surprised.

The other two heavenly swords, disaster Heavenly Sword and waste devil Heavenly Sword, poured out.

And Longyuan Tianjian, who abandoned the soul of the blood dragon and went to the place where Wuwei Tianjian was located alone.

Each of the Four Swords controls the southeast and northwest,

Ye Chen and Ren extraordinary were surprised.

It's the first time that four heavenly swords gather at the same time.

Before ye Chen guessed the reason, a streamer brush flew over in the distance, arousing thousands of visions on both sides.

Shenluo Tianjian!

Ji Siqing's Shenluo Tianjian!

The sword came, too.

Not long later, Shenluo Tianjian was mixed with the other four.

And among the five heavenly swords, it seems that there are differences in dignity and inferiority.

The other four heavenly swords floated quietly.

Hanging in the middle is the Longyuan Heavenly Sword!

The dragon sword is respected, and all directions come!

After ye Chen's continuous refining and the entrenchment of the blood dragon, Longyuan Tianjian is already an outstanding existence among several swords.

Chapter 7392

In terms of the variety and power of moves, I'm afraid it's second only to the reincarnation Heavenly Sword ranking first among the eight heavenly swords!

Ye Chen and Ren Feifan looked at each other, and they decided that it was not simple at the same time.

Five heavenly swords gather at the same time.

And still without the sword master.

It's completely spontaneous.

This situation has to be suspected!

Ren Feifan waved a leaf of the giant whale divine tree, which fell and was just set in the middle of the five heavenly swords.

This moment is like a stone falling into the water, triggering a chain effect.

The five heavenly swords trembled violently!

At the next moment, the sword roared up to the sky, and the sound of the sword continued to be heard. It was sonorous and powerful, and spread all over the world.

Such a shocking vision naturally spread in many places.

Some sect practitioners go out directly to check these visions.

Among those people, there are puzzles, doubts, and more shock!

Who can get one of the five heavenly swords can dominate the world and be king alone!

It's a pity that they can only watch and can't touch such sacred things!

Ye Chen and Ren extraordinary are well-informed and naturally see more.

The five heavenly swords gathered together, not cheering or celebrating. It seems to be... Surrender!

yes! The surging deterrent force is not used for fighting or demonstration, but points to a certain place.

Boom!

Only heard a loud burst, the shock spread, and the eyes of Ye Chen and others aroused a very bright light!

Ye Chen's heart immediately filled with a very special feeling.

Ren extraordinary's eyes narrowed slightly and was not affected by this light.

When the scene appeared again, it became a vast ocean.

This is a real ocean!

The void overlaps and progresses layer by layer.

Five heavenly swords come out together. Is it just to summon a sea?

Suddenly, in Ye Chen's mind, Lingguang suddenly appeared.

He seems to have known the sea!

It was on an endless island. He tried to deduce a mysterious place when cultivating the change of stars.

But then he pushed out a mysterious sea area, and there was something he dreamed of.

Reincarnation Heavenly Sword!

This is the sea area where samsara Tianjian is located.

Looking around, the vortex in the deep sea flows slowly. It looks very calm on the surface, but there is a hidden killer.

Endless storms hover over the sea, gushing and frightening.

Ren Feifan once saw such storms. Through layers of obstacles, they saw a beam of golden light.

The golden light flickered, looming and mysterious.

More importantly, it has a breath of reincarnation!

Reincarnation Heavenly Sword.

"The luck of the Lord of reincarnation is closely related to this world. You have seen this sea area many times. You must not be far from getting the real reincarnation Heavenly Sword!"

Ren extraordinary thought for a moment and said.

The light of reincarnation sky sword has the ultimate attraction.

Almost in a short moment, he penetrated the sea area, crossed countless void, and guided Ye Chen to this place.

Ye Chen took a step all over and was about to walk towards the vortex.

But the more Ren Feifan looks at it, the more he feels wrong. He immediately stops Ye Chen!

Ye Chen seems to be possessed, so he has to step into it.

Ren Feifan responded in time, clapped his palm obliquely, and dissipated the pressure around Ye Chen in time.

"It's just an illusion. Don't be fooled, or you will fall into an endless void and can't recover."

Ren Feifan gives a voice to remind, and immediately lets Ye Chen wake up!

Ye Chen immediately retreated and looked dignified.

He suppressed the desire for reincarnation Heavenly Sword in his body.

The last time he was in such a situation, when tracing the fragments of the gods, he forcibly deduced the way of heaven, fell into the trap of reincarnation, and almost couldn't get out.

It was just a ray of reincarnation sword Qi. At that time, ye Chen almost fell over.

But now, unlike in the past, his strength has increased a lot. Maybe he has not reached the point of fully controlling the reincarnation sky sword, but he will never be entangled by a little sword spirit!

Ye Chen took a deep breath and released his mental power. Unexpectedly, he took the initiative to detect the reincarnation sword Qi, and a strange brilliance gradually appeared in his eyes.

He needs to find his own rhythm, not affected by reincarnation sword Qi, but to lead reincarnation sword Qi!

Ren Feifan looked at him quietly and was ready to take action at any time in case of need.

Ye Chen's growth rate is amazing. After all, a few years ago, he was just a weak monk.

Now it has been able to compete with the strong, so the growth rate is amazing!

Ye Chen's momentum became stronger and stronger, and began to gradually control the rhythm.

With a wave of his hand, he set things right. The turbulence of the deep sea slowly retreated to both sides with his palm.

And he really saw this vast ocean.

This sea area is connected to the void. It's rough outside, but it's calm inside.

A touch of golden light stands at the end of the horizon and shines on the whole sea area, making it look extremely holy and shrouded in majestic brilliance.

Outside, ye Chen kept reaching out and touching, but the spirit had entered the void and had contact with the vast sea.

Ren Feifan guarded him silently. There was a beautiful shadow coming behind him. It was Ji Siqing.

Chapter 7393

Ji Siqing saw Ye Chen look like this and found his divine Luo Tianjian in the sword array. He was a little confused.

"Don't worry, just found the trace of reincarnation Heavenly Sword. If he wants to try, let him go."

Ren Feifan said with a smile, not worried between the lines.

Ji Siqing hesitated for a moment and finally nodded.

Ren Feifan can be said to be the protector of Ye Chen and one of the guides. He is also a teacher and friend, and his kindness is as heavy as a mountain.

So she doesn't worry about what Ren extraordinary will do to Ye Chen.

I'm just worried about whether ye Chen can subdue the reincarnation Heavenly Sword.

Reincarnation Heavenly Sword is really going to be born?

Or is it just a sign?

On the other side, ye Chen's consciousness has crossed the void and came to the ocean.

The reincarnation Heavenly Sword is at the end of the horizon. Although it is far away, ye Chen can still feel the strong reincarnation sword spirit.

"It is worthy of being built with pure reincarnation power. It is also mixed with Heavenly Emperor's bone. It takes Qi as the blade and bone as the root. It is really open to this sword..."

Thinking of this, ye Chen couldn't help sighing, because the Lord of reincarnation in the previous life not only gave his Heavenly Emperor bone, but also planned this round of reincarnation with himself as a cushion.

Maybe there is a big secret behind it!

Ye Chen slowly approached the horizon and saw the appearance of reincarnation Heavenly Sword. This sword was cast by the Lord of reincarnation in the previous life, that is, his own Heavenly Emperor bone in the previous life. It radiated divine light, but it was shiny and cold at the same time.

But before ye Chen observed carefully, there was an abnormal movement here.

The towering tsunami broke up without warning, the tide surged and the endless whirlpool was like a sea animal swimming in it.

And the reincarnation Heavenly Sword also suffered some inexplicable vibration.

The golden light is fully open, incomparably bright, like a hot sun, bursting into an extremely sacred and majestic light.

If the golden light is hidden, if it is present, ye Chen also looks at it with reincarnation.

The two reincarnation forces collided fiercely, and the waves became the point of pressure burst, pounding and exploding, and swept out in a short moment.

The sea water goes up against the current and pours in, filling the cracks in the void.

In the outer space, Ren extraordinary put his hands around his chest. Seeing this scene, he looked a little stunned.

"Good boy! I was tormented by the waves last time, but now I can face it!"

Ren Feifan secretly praised.

Even Ji Siqing was stunned.

The boundless sea area is like a giant beast, as if it can swallow people at any time.

The spirit of Ye Chen is in it, fighting against the power of reincarnation Heavenly Sword!

The next moment, more unexpected things happen.

The five heavenly swords condensed into the Xianjing array flew out like streamers and came to Ye Chen.

The five heavenly swords are like a mirror, hanging on Ye Chen's head, emitting extremely strong majesty!

The two sides stand against each other, but after all, no one can do anything.

Reincarnation Tianjian also noticed the power of Ye Chen, the troublemaker, and took the initiative to shrink and retreat slowly.

And ye Chen's soul also returned from the void and returned to the noumenon. After he woke up, his eyes were full of excited colors.

"I probably know where the reincarnation Heavenly Sword is!"

Ye Chen said.

For him, the breath of reincarnation cannot be avoided. Even in a short moment, he can recognize it.

"Where?"

"I'm not sure... It doesn't feel here. It's an endless ocean. It's quiet and peaceful around, but it's strange after all!"

Ye Chen thought, saying and answering.

Ren Feifan said, "maybe you can prepare early."

Ye Chen said, "elder Ren, what do you say?"

Ren extraordinary way: "with the power of emptiness, open the prohibition."

Ye Chen said, "the power of emptiness... Maybe you can try."

He closed his eyes and began to try to perceive his surroundings.

The void gradually closed, and its vast ocean power was removed.

The golden light disappeared, and the reincarnation breath of Wei'an gradually disappeared until it was calm here.

But ye Chen has already made contact with that wisp of pure light. His eyes are closed, and the power is felt in his mind.

At this moment, his soul seems to be immersed in the golden sea.

For reincarnation Heavenly Sword, ye Chenzhi will get it. No matter what method he uses, he will get it.

So under his induction, the golden light of reincarnation became stronger and stronger, and the breath of reincarnation appeared all over him.

Transformation is quietly happening

.....

meanwhile.

The sight turns to the magnificent Taishang world in the sky, which is much better than the ordinary lower boundary.

Standing in the center of the sacred mountain is the huge temple of wanxu.

At this moment, there are people coming and going in the wanxu temple. The Tianmen gate is slowly opened and the clouds are thin, forming an extremely mysterious secret realm.

The party is climbing the mountain.

The pedestrian was escorting a girl to Shenfeng, where there was a prison.

The so-called wanxu prison is a place for major prisoners.

Shentu Tianyin was locked up here before. She was bound by special divine consciousness and surrounded by many prohibitions. Her strength could not be brought into play at all.

Shen Tu Wan'er stepped into the dark room. She bowed her head and said nothing, but soon someone came for interrogation.

But Shen Tu Wan'er treated each other coldly and said nothing.

Soon after, an elder of the wanxu temple came here and looked up and down at Shen Tu Wan'er.

"I advise you to be honest as soon as possible! Otherwise, you will annoy the Yuhuang adult, and there will be no good fruit for you at that time."

The elder said coldly.

And let Shentu Wan'er explain the location of the rebels he led.

But what he got was Shentu Wan'er's cold eyes.

Shen Tu Wan'er stood still, as high as the queen, ignoring his interrogation.

The elder was also impolite. After a sneer, he opened ten thousand punishments.

"Then let you try this punishment!"

The elders of the wanxu Temple stood outside the prison with their hands around their chests and looked on coldly.

Shen Tu Wan'er has just experienced a great war and is still weak. How can she withstand such punishment?

When the thunder landed, it swept through, mixed with inexplicable mysterious power.

That's the idea of the feather emperor! For a long time, it can be imposed on people.

"Since you don't want to cooperate, let you completely become a puppet of the wanxu temple! Then you will be obedient."

The elder smiled and immediately turned away.

In the endless thunder storm, Shen Tu Wan'er gradually became crazy.

She looked up, her eyes red, her expression dull, and her eyes only had the burning sense of war.

Kill the Lord of reincarnation!

Chapter 7394

Kill the Lord of reincarnation!

This sentence hovered in her ear for a long time, as if to invade the deepest part of her heart, which was completely unexpected.

But under the temper of such thunder, Shen Tu Wan'er gradually became silent.

But the eyes were still as red as blood.

.....

Ye Chen and others did not know what happened in the world, nor did they know that Shen Tu Wan'er was suffering a great deal.

He felt the ocean with reincarnation Heavenly Sword. When he came out, the sonorous sound of reincarnation Heavenly Sword appeared in his mind!

Reincarnation Tianjian has been getting closer and closer to him.

At this point, ye Chen looked at the Wuwei Heavenly Sword standing quietly aside.

Since he echoed with the other four heavenly swords and determined the whereabouts of reincarnation heavenly swords, Wuwei heavenly swords stopped moving and became a clever child!

However, except ye Chen, others can't get close, otherwise Wuwei Tianjian will show ferocious fangs.

"I don't know how Wan'er is."

Ye Chen thought of it and sighed.

He was also very concerned about Shen Tu Wan'er, but now he was involved in all kinds of things and couldn't help each other too much.

However, I believe that her reincarnation also deeply affects her.

Nothing should happen.

Next, he will look for reincarnation Heavenly Sword. If he can get such divine sword, his strength will rise greatly.

At that time, you may have the confidence to go to the world!

Ye Chen closed her eyes and continued to practice.

The five heavenly swords were still hanging in front of him, and ye Chen got a lot of insights from them.

These five heavenly swords gathered together to form a special field.

Ye Chen is in a special field, which seems to open the door of a new world, and many strange scenes appear in front of him.

The rolling power rises from the sky, and the strong magic spirit keeps turning, followed by mountain forest God birds and sea giants.

When ye Chen saw this scene, he suddenly became very serious.

Because he remembered a legend!

That's the secret about the eight heavenly swords! It is said that after collecting the eight heavenly swords, you can find the treasure left by virtue of the powerful spirit and the old master.

Old treasures are famous.

Even those in power in high positions will become excited when they hear about old treasures.

It's a treasure spanning two times. Let alone the precious treasures hidden in it, he must get the rest of tianwu Wolong Sutra!

Ye Chen took a deep breath and closed his eyes to meditate. The effect he wanted was more than that.

The treasure of the old lord is the existence that people think about day and night. After all, the old lord was once a powerful existence in this world.

It is undeniable that the treasure he left behind will be remembered.

According to legend, future generations need to gather the eight heavenly swords to piece together the complete soul of the old lord in order to get the key to the old treasure.

Ye Chen now has five heavenly swords, which can piece up some souls, so he can also see a trace of the original appearance.

The clues he got were like a light in chaos, bright and dark.

And in the next moment, it exploded.

It seems that there is a great world gate, which slowly unfolds in front of him, almost drowning people's soul.

The endless roaring wind rages vertically and horizontally and extends to the utmost. At the end of the horizon, it seems that there is a great clock, which rings gently, and the thunder of Buddhism and Taoism spreads all over the four fields, which makes people feel empty.

Ye Chen was also washed by such divine power and felt very comfortable.

That is the majestic breath carried by the old treasure, which can also be said to be the residual brilliance of the old era.

Ye Chen kept a trace of clarity under the sweeping breath.

What he is looking for is the way to open the treasure!

But five heavenly swords are not enough!

Only part of the soul can be activated, not released.

When the eight heavenly swords are gathered, the old treasure will reappear in the world.

What he is looking for now is only a thread.

Facing this situation, ye Chen's consciousness gradually recovered, and the five heavenly swords also recovered from the summoning state.

"It seems that five heavenly swords alone are not enough. They can't piece together a complete clue, and there are many taboos."

Ye Chen shook his head. He remembered the reincarnation Heavenly Sword in the deep sea. It was mighty and powerful, worthy of the name of the first Heavenly Sword.

Only when you get the reincarnation Heavenly Sword, can you have a try! It's not a big problem to deal with the remaining Tianjian.

However, annihilation Tianjian, one of the eight heavenly swords, is relatively special. It is also called annihilation Tianjian, which is easy to find. After winning the battle of Hong Tianjing, annihilation Jianling took advantage of the chaos and took away the Heavenly Sword.

Although I don't know what the sword spirit is laying out, if ye Chen is willing to spend time, it's easy to find it.

At this moment, the five heavenly swords scattered separately. Ye Chen took Wu Wei's Heavenly Sword around him, and then went to the place of empty trial to temper his flesh and spirit.

First, he used all the thunder methods to urge the chaotic divine thunder, summoned the secret thunder famine in the depths of the sky, and exploded between heaven and earth, with endless light and boundless vastness.

Then he summoned three heavenly swords across the starry sky, confronted each other, but formed an array.

He is practicing his own skills. His blood is like a trickle flowing into the ports of various meridians.

Ye Chen's body is also getting stronger under this scouring.

Chapter 7395

But just as ye Chen sat in the void, at the junction of the lower world and the supreme world, a beautiful shadow quietly emerged, then flashed and went straight to the place where ye Chen was.

At the same time, the Wuwei Heavenly Sword Ye Chen carried with him produced some Weng Ming.

"What's going on?"

Ye Chen immediately opened his eyes and wondered.

Wuwei Tianjian was silent for a long time. Now why did he suddenly react?

But the next moment, he understood, looked up and looked into the depths of the starry sky.

In the crack of the starry sky, suddenly black magma surged out like a mountain flood and tsunami to the place where ye Chen was.

It can be said to be sudden and unexpected.

There's a sneak attack!

Ye Chen's look was chilly.

He felt an ancient cold breath, full of thick cause and effect Tao Yun. Even he had to cheer up and be ready.

"What rat? Dare to make a sneak attack and dare not show up?"

Ye Chen snorted coldly. His body was like lightning. His palms were folded. The violent thunder scattered and turned into ancient thunder shields, which collided with the black torrent in the sky.

Boom!

The black magma roared past like a waterfall, almost calming the whole void field.

Ye Chen responded with thunder, but who knows that the black violent breath bypassed him and directly circled around him for a week.

Ye Chen used the reincarnation heavenly eye to look into the depths of the void, and suddenly felt that something was wrong.

Because a figure gradually came out of the black evil spirit.

He is a person he knows very well!

Shen Tu Wan'er!

"Wan'er, you..."

Ye Chen just wanted to ask, but the next moment, he closed his mouth.

Because Shen Tu Wan'er, who appeared in front of him, was black, cold and cold.

Even though they are as like as two peas, they are of the same appearance.

But ye Chen knows that this is not Shen Tu Wan'er.

Or not Shen Tu Wan'er in a sober state.

When ye Chen came back, the Wuwei Heavenly Sword around him trembled twice, and immediately flew away and returned to Shen Tu Wan'er!

When ye Chen saw this scene, he was greatly surprised and hurried back!

In an instant, ye Chen sensed the extremely dangerous light and immediately retreated.

And that extremely amazing power, like a mountain torrent pouring out, is hot and integrated with Wuwei Tianjian.

The inexplicable concussion breath was suddenly pressed down like a dark cloud and almost turned into substantive power.

And ye Chen's look had already changed rapidly. He urged the chaotic God thunder in his body and clapped his hands in the void.

What followed was the shining thunder light, as bright as the sun, turned into a round of thunder light ball, surrounded by Ye Chen.

Boom!

Almost in a short moment, this demon, a thunder and two rays of light collided together, instantly submerged the heaven and earth, and endless light waves rose up, which shocked people.

Of course Ye Chen won't keep his hand!

Shen Tu Wan'er opposite is no longer herself, but is manipulated by an evil force.

If he shows mercy, he will not only save Shen Tu Wan'er, but also take his own life. In that case, the gain is not worth the loss!

Before that, he had expected that Shentu Waner must have encountered some changes.

Now, sure enough.

This must be the ghost of the ancient emperor Yu Huang!

Only he can think of such a sinister and vicious move to use the people around the Lord of reincarnation as a weapon to force the Lord of reincarnation.

The so-called morality and rules are all available tools for the emperor.

He has cut off all the fetters in the world and turned into a cruel ruler, leaving only martial arts in his eyes.

In front of her, Shen Tu Wan'er has become an unconscious puppet.

On her body, there is a trace of the prestige of the world.

That is by no means easy to get.

If ye Chen guessed right, it must be the ancient emperor Yu Huang who used special taboo means to turn him into a puppet!

He was angry and loving.

Shen Tu Wan'er had to go through much torture to become what she is now.

In the twinkling of an eye, the black fire exploded like fireworks.

But Shen Tu Wan'er's breath shrank to a moment and disappeared.

"What's going on?"

Ye Chen was surprised, but his heart was shocked immediately.

But sooner or later, Shen Tu Wan'er's figure came to him.

The fierce pressure, cold and violent, came directly to Ye Chen and made him out of breath.

Wu Wei's Heavenly Sword came like a devil and killed him in an instant. It was like a Shura demon king coming out of the abyss, enveloping Ye Chen.

The smell of evil comes to my face and turns into a shadow of the sky, emerging one after another.

Ye Chen quickly retreated and calmly responded.

He had no time to think more, because Shen Tu Wan'er's speed was too fast.

Before becoming a puppet, Shen Tu Wan'er used to grow faster and combine strength to break out the characteristics of the two. It can be said that it is very rare in young sword cultivation.

But now Shen Tu Wan'er's speed has risen to another level, almost reduced to the repair of high wind sword.

During the shooting, the wind and sword shadow were endless and violent.

Ye Chen quickly retreated.

But this is not a way.

At this time, Shen Tu Wan'er had given up his defense and completely focused on the attack.

A lot of black gas surrounded the void here and sealed it tightly. Therefore, for a time, what happened here could not be perceived outside.

"Wan'er, do you still recognize me?"

While avoiding, ye Chen also tries to communicate with Shen Tu Wan'er to awaken her spiritual consciousness.

Shouting many times, but without any effect, the puppet's attack became more and more fierce.

Ye Chen only dodged and didn't fight back. After all, he was hurt by Wuwei Tianjian!

Qiang!

The edge of Wu Wei's Heavenly Sword chopped down and locked Ye Chen's retreat.

Ye Chen could only bite his teeth and take the blow.

Bang!

The power of shock, like a raging beast, roared and came in horror.

Shen Tu Wan'er's strength is more brave than when she is awake.

Even if ye Chen protected himself with blood, he was hit back and forth by inexplicable power.

"The power of the Supreme Master... Is still terrible. Sure enough, it can restrain the spiritual power of the lower world. It can also be said to be rolling."

"But why doesn't the way of heaven limit that power... Is it because this power is on Shen Tu Wan'er? And Shen Tu Wan'er is contaminated with too much cause and effect here?"

Ye Chen retreated to the distance, adjusted her breathing and recovered. At the same time, she was surprised.

Shen Tu Wan'er's burst of power contains the origin of the supreme world. It is stronger than the lower world by several grades!

Chapter 7396

Ye Chen sat still and stood. The reincarnation blood in his body was slowly rotating and converging into the sea of Qi.

He wants to try to control Shen Tu Wan'er and find a way to lift the taboo!

Sooner or later, when ye Chen opened his eyes again, a hazy red had covered his eyes, releasing soul stirring power and sweeping away towards the place where Shentu Waner was located.

He wants to condense into a reincarnation rope and temporarily bind Shen Tu Wan'er so that she can't move.

Shen Tu Wan'er could not speak, but the attack he launched was very fierce. Almost in the blink of an eye, he came to Ye Chen.

No!

Ye Chen was immediately surprised.

It's not easy for him to use the reincarnation rope at such a close distance.

But now it was too late. He could only hold on again and block the light of Shen Tu Wan'er's sword.

Even if he had the reincarnation God body, he couldn't stand such tossing. As soon as his throat was sweet, the blood immediately overflowed.

"Damn it!"

Ye Chen was angry, but there was nothing he could do.

He wanted to save Shen Tu Wan'er, but the other party was like a machine that only knew attack. He was tireless. Even he didn't know what to do next.

Moreover, he is still wounded. He has to find another chance to rest and quickly use the eight trigrams Tiandan technique and Tianxian Koi to copy and recuperate.

At this point, ye Chen no longer hesitated and divided several thunder lights into a thunder barrier to block the black light opposite!

Thunder flickered all over the sky, and the light rose and illuminated the place like day.

It was through this ray of light that ye Chen saw Shen Tu Wan'er clearly.

Although her face was expressionless and indifferent, there were tears on her cheeks!

That tear mark, so abrupt and dazzling, just for a moment, made Ye Chen tremble all over.

Then came the deep heartache and guilt.

Shentu Waner was not unconscious. She also knew that she was fighting against herself.

But he was controlled by the secret method of wanxu temple and couldn't get away!

Take it down anyway!

After countless rounds of fighting, ye Chen understood that with the tools in his hand, he could never subdue Shen Tu Wan'er.

Shen Tu Wan'er's constitution is incomparably strong and powerful.

Even if she was hurt, it hardly mattered!

But ye Chen doesn't want Shen Tu Wan'er to be hurt, even at all!

His hands were sealed and suddenly photographed, condensing into a burning ball of fire.

The fireball was mixed with thunder.

Take the other way and give it back!

He wants to disperse the evil spirit in Shen Tu Wan'er through this shock wave!

But in the past, the thunder attack he burst out did not work for Shen Tu Wan'er.

Not only that, but also reverse phagocytosis.

As soon as ye Chen gritted his teeth, he summoned three heavenly swords, roared up to the sky and cut to a place respectively!

The black barrier there failed to hold up and became violently hot. After surging for a few times, it burst with a bang and dissipated invisibly.

The space here has finally become transparent.

"If you have the ability, come out with me!"

Ye Chen turned to Shen Tu Wan'er in the rear and immediately rushed out.

Shen Tu Wan'er was unwilling to show weakness. Her cold eyes stared at Ye Chen's back. Without thinking about it, she stepped out, and the Wuwei Heavenly Sword in her hand soared.

One by one, they rushed out of the void.

Ye Chen used an extremely ghostly array, coupled with the power of a virtual tablet, which was very fast and rapid, and his behavior became more reasonable.

"Elder Ren, I'm in trouble here. I'm afraid I need your help!"

Ye Chen gives Ren extraordinary a voice while fleeing to other places.

Between the two, they have been protectors of each other. Almost in a short moment, they have telepathy.

Ren extraordinary, who was in the cave, suddenly opened his eyes.

He had sensed Ye Chen's situation, and without half hesitation, he immediately broke the boundary array of the hole and came to the void.

Ren's extraordinary strength is far from comparable.

I saw him grasp it gently across the void, and the light blue spiritual power gathered in his palm.

That spiritual force slowly diffused and seemed to have some strange magic to fix all things in this void.

In an instant, the wind and thunder surged.

No matter how brave Shen Tu Wan'er was, she could not break through this bondage.

She was like a wild beast. She could only roar with anger and blood in her eyes.

"The lonely soul scattered!"

Ren extraordinary came over and whispered.

Next, Shentu Wan'er's seven orifices. There were bursts of fine black fog, as thick as liquid.

Shen Tu Wan'er also gradually calmed down, like a sculpture standing in place, motionless.

Ye Chen also breathed a sigh of relief. When he saw the thick black liquid, he couldn't help looking a little changed.

"Elder Ren, what is this?"

Ye Chen asked suspiciously.

Because he found Ren extraordinary look a little dignified.

If it wasn't for some tricky object! Ren extraordinary would never show such an expression.

That mass of black objects was extremely viscous, like condensed out of thin air. People looked at it and felt a little afraid.

"Use your reincarnation power to explore what this is!"

Ren extraordinary said.

Ye Chen suddenly felt a chill in his heart. He raised his hand. The reincarnation blood in his body had already run.

The power of blood was released along his arm and tempted towards the thick viscous liquid.

Chapter 7397

However, he seemed to feel the terrible power of palpitation, and his eyes immediately coagulated and looked solemn.

"Continue!"

Ren extraordinary voice sounded in his ear.

Ye Chen nodded. He clenched his teeth and shook his reincarnation blood forward.

Then he heard a roar, as if from ancient times, deafening and unbearable.

"Broken!"

Let extraordinary scold.

Immediately, ye Chen felt that something had been opened up.

He seized the opportunity to take a step forward, and his reincarnation blood passed through the thick liquid like a burning flame.

There was a constant roar.

Like the devil's dying struggle.

But ye Chen didn't care so much. He took the opportunity to aim at the dark gap and put his hand into it.

The power of reincarnation attaches to it and the light blooms.

Ye Chen felt the hot temperature, and almost instantly the reincarnation blood in the outer layer was burned out.

Fortunately, ye Chen used the reincarnation divine body to resist this vast force.

Otherwise his body will be burned to ashes and will no longer exist.

When he completely crossed the viscous liquid, the hot magma suddenly quieted down.

The viscous liquid dissipated gradually.

Everything is calm again!

At this time, the desolate breath on Shen Tu Wan'er finally dissipated and returned to normal.

But Shen Tu Wan'er hasn't woken up yet.

"Elder Ren, what's the situation with Wan'er? I've never seen that black material before. What is it?"

Ye Chen was very confused. From the black material, he felt the amazing majestic energy.

If Ren extraordinary didn't help, I'm afraid he couldn't deal with it alone!

Ren extraordinary heard this, and his look became dignified.

"This kind of thing is difficult to deal with and has not been eradicated. It still remains in Shen Tu Wan'er's body."

"What?"

Ye Chen was speechless when he heard the speech.

It turned out that what he had just destroyed was not the body of the mass.

"There are always many strange things in the world, not to mention you. Even I can't guard against it."

Ren Feifan shook his head, looked at Shen Tu Wan'er, who was unconscious, and said slowly after a moment: "I have guessed what this thing is, but now there is no cure. Foreign objects participate in it and can't eliminate such toxicity."

According to Ren Feifan, this poison is inherited from the ten thousand poison Temple of the supreme world, and this sect door has been extinct.

Or it was swallowed up by the wanxu temple.

If placed in the old times, the ten thousand poison temple can be regarded as an absolute first-class sect door.

At that time, when people in the world talked about the pantheon of poisons, their faces changed and they panicked one after another.

Many people in the world have been oppressed by the pantheon of poisons.

Poison gas is in the sky, and poisonous insects are in the heart!

All the means related to poison, the ten thousand poison temple is very proficient, and many inhuman experiments have been carried out!

It can be seen that the means of the poison temple are so cruel and terrible.

In the old days, people were persecuted and resented by them, but they were afraid of their strong power and did not dare to make a statement.

Until later, the coalition forces of the new era poured into the world and set off a wave of war.

One of the aristocratic families flattened the poison temple without hesitation. Even if it was one of the most evil forces in the world, the warriors of that clan were never afraid.

That aristocratic family was the Yuhuang aristocratic family at that time!

Future generations only know that the poison temple was destroyed by the new forces, but they don't know who killed it when asked.

Burn the poison temple to ashes with a fire. Other aristocratic families don't even have time to go in and explore it.

"People all over the world think that the evil skills of the ten thousand poisons temple have been destroyed. Unexpectedly, they still stay here... It seems that the feather emperor family didn't hand over this secret skill in those years."

Ren extraordinary judged the truth of the matter, so he opened his mouth and said.

Ye Chen also deeply thought about it and nodded.

They understood why the wanxu temple could use such poison. It was the Yuhuang family who concealed the truth.

"Who knows what happened that year?"

According to their estimation, they were still closely related to the mysterious man of the feather emperor family.

But now they have another problem.

The poison of the ten thousand poisons temple has never left an antidote! The key is your own poison tablet and ancient poison God vein. It seems that you can't crack this poison.

This is the tricky thing to stay!

"Judging from the intensity of this breath, this is not a unique skill of wanxu temple, and it is extremely difficult. Ordinary antidotes can't be solved... Even your poison tablet..."

Ren's extraordinary tone has rarely become dignified.

If he had a way, he would do it immediately.

"Elder Ren, what should we do?"

Ye Chen couldn't help asking.

He is also a little depressed.

He came to Shen Tu Wan'er's side, explored his reincarnation blood again and entered Shen Tu Wan'er's body.

In this way, he could see Shen Tu Wan'er's body covered with thick black fine needles.

These black needles sealed the acupoints on her body so that the power in the sea of Qi could not surge.

Just as Chen wanted to find out and go deep again.

The black force also felt uneasy and twisted quickly, like a beast guarding the position, resisting the attack of reincarnation blood.

Ye Chen snorted coldly and used the ancient poison God pulse to promote this force again.

The two fought against each other.

Ye Chen thought he had some hope, but the poison changed its form again.

Such a change made Ye Chen get goose bumps and quickly take back his mind.

Intuition told him that at that moment, it was particularly dangerous.

Even a little carelessness may destroy all gods and souls!

Ordinary methods can't work on this thing.

Although Ye Chen got rid of the black air around him.

But the next thick liquid, like a bone maggot, tightly wound around Shen Tu Wan'er's body, and ye Chen couldn't get rid of it.

"These things are too difficult to get rid of. They are more difficult to get rid of than those evil seeds!"

Shen Tu Wan'er was like a walking corpse, standing there silently, as if she had lost consciousness.

Ye Chen rubbed his forehead and had a headache.

He has no way to do this. If he forcibly uses the power of reincarnation blood to burn Shentu Wan'er's meridians, it will only break Shentu Wan'er's meridians and tend to die.

Such a result, whether for him or for Shen Tu Wan'er, is unacceptable!

"Elder Ren, can there be a cure? Wan'er's situation is not good."

Ye Chen frowned and asked.

Ren Feifan was silent for a long time, and then used the power of the giant whale divine tree.

Chapter 7398

The illusory shadow of the divine tree gradually emerged. The transparent leaves sent out divine lights, which came and penetrated Shen Tu Wan'er's body.

Shen Tu Wan'er floated up, opened her cherry mouth and spit out a black mist.

Ren Feifan is to make a quick move, the wind and thunder surge in the palm, and directly force the black Qi to disperse!

Ye Chen stayed in place and quietly observed all this.

In his opinion, Shen Tu Wan'er's body accumulated a lot of black matter, sticky and creeping like insects.

These insects are not so easy to remove!

Neither the reincarnation blood nor the power of the giant whale can make it retreat.

"If I guess correctly, these skills condense the" Heaven poison skill "of the ten thousand poison temple!"

Ye Chen heard the name of this kind of skill for the first time. He had little research on poison skill. He had not even heard of the legend of the ten thousand poison temple.

However, such an insignificant poison skill can become a killing move in the sect.

Killing is invisible! Poison people without interest!

Such strength is enough to make all martial artists tremble.

Ren extraordinary has a guess in his heart.

I'm afraid that in those years, the ten thousand poison temple was not destroyed, but secretly locked up by the feather emperor family to dig out the purpose of poison work.

Otherwise, such a perfect poison skill cannot be developed.

There was nothing he could do but sigh.

"The poison of ten thousand poisons is very powerful. It has spread all over her body along her meridians! And it is intertwined with her original strength. If the shooter forcibly breaks it, it will directly hurt her life!"

Boom!

The toxin that stayed in her body almost boils like magma in an instant!

Shen Tu Wan'er's whole face became extremely distorted, as if she was suffering a great deal.

Ren Feifan immediately looked heavy. He took back the power he had poured in. When the threat was no longer, those shadows retreated obediently.

"It's heaven poison skill!"

Ren Feifan immediately confirmed the existence of this poison skill.

According to Ren Feifan, this poison skill is a powerful skill inherited from the old times.

In that distant era, the great power of the ten thousand poisons Temple used this poison skill to kill millions of corpses, with blood flowing into rivers and blood floating in oars.

The endless poison power suddenly took shape. At that time, a star domain could not bear such poison power, and it had been invalidated.

In such a scene, ghosts and Buddhas have to avoid it when they see it, and the king of hell doesn't accept it when he comes!

"The poison skill in her body is still in the seed stage, and a special secret method is injected into it. It should be directly manipulated by experts in the wanxu temple."

If you let Ye Chen come, it will be more dangerous

They have not found a solution for the time being and can only give up.

Ye Chen didn't expect that at this time, there was a sound of pedaling around him!

He looked back, but found nothing unusual.

Ren extraordinary's eyes suddenly became sharp. His eyes searched and finally fixed on Ye Chen.

Soon, it became a little strange.

"Elder Ren, what are you looking at me like this?"

Ye Chen asked suspiciously.

However, before Ren extraordinary answered, bursts of strong winds swept from all around and talked endlessly.

And ye Chen just wanted to speak, but he was drowned by a wind, whistling and blowing, and his strength was particularly strong.

The hurricane walked up against the current with heavy steps, shuttling constantly in Ye Chen's consciousness.

Ye Chen's consciousness sank into his body and found amazing changes.

It turned out that there was a change in the reincarnation cemetery!

A hurricane filled the whole reincarnation cemetery, whether mountains, rivers or wasteland deserts, are full of such howling winds.

Ye Chen's eyes pierced these hurricanes, and a figure came out slowly in the depths of the space channel.

The figure is as vigorous as lightning when walking, and the figure is erratic. There are two small cyan wind rolls on his shoulders!

An idea came into Ye Chen's mind.

Chaos wind emperor!

This person is the chaotic wind emperor, one of the five sons of chaos, and his strength is very powerful.

He controls the chaotic wind element and can be said to be one of the masters of nature in the world.

The chaotic wind emperor's body is very huge. Even the spirit body is full of twenty or thirty feet. Moreover, he is wearing a blue windbreaker and is covered with lines like leaves.

As soon as those lines look, people have a sense of worship from the heart.

"Did you wake me up? Good boy, my strength is good!"

The chaotic wind emperor laughed heartily. With a wave of his hand, tens of thousands of wind blades swept through.

Ye Chen was quite surprised at such means.

Those wind blades came to him!

Seeing this scene, ye Chen's expression changed slightly, but then became calm.

There was no intention of killing in the wind blade condensed by chaotic wind emperor, so he accepted it calmly.

Those wind blades, like fallen leaves, passed through Ye Chen's body and made his reincarnation blood surge.

"You guy, are you trying to test his qualifications? Don't worry! This boy is born Lei Xiu and huoxiu. He has become our disciples. You don't have your share!"

Chaotic Yan Emperor also came out of the reincarnation tombstone and condensed into a faint virtual shadow.

Chaos Leidi followed, saying nothing, but with a faint smile on his lips.

"I've seen three predecessors!" Ye Chen bows.

"You don't have to be so polite to me! Although I've just awakened, these two old guys have communicated what happened before to me! If it weren't for you, I'm afraid none of our old things would have a chance to recover."

Chapter 7399

The chaotic wind emperor is not very persistent about finding successors.

It's hard to find the genius of wind attribute.

Chaotic sacred wind represents the source and ancestor of all wind system skills in the world.

Only the top wind genius can accept his inheritance.

Chaos thunder emperor and chaos Yan Emperor also thought so.

Chaos skill originated from the creation of the world, has infinite power, and has very strong original power.

Since the beginning of Hongmeng, no one can understand the five elements of chaos at the same time!

The five chaotic subsystems, each of which is a system, have created brilliance and lasted for thousands of years.

After the three of them exchanged greetings with Ye Chen, they also greeted Ren extraordinary.

But at this time, Ren Feifan suddenly found something wrong.

Ye Chen closed his eyes and locked his eyebrows, while bursts of blue light appeared on the surface of his body.

Chaotic wind emperor and others turned around and were stunned to see this scene.

"I sent out a green wind blade to test his reaction. If there is no abnormality, it means that he has no talent for half wind system skills. I thought this boy had no talent..."

Chaotic wind emperor opened his mouth and didn't say a word.

The other two chaotic gods were stunned and immediately looked at each other with a little color of fun in their eyes.

Ye Chen's body was surrounded by blue wind blades, which turned into sharp blades, and even rotated at this point.

He stretched out his hand and grabbed it. Those blue wind blades seemed to have received instructions and gathered one after another to form a sharp green sword.

This green sword is extremely powerful. It seems to be a sacrificial object. In the twinkling of an eye, its momentum soars into the sky and is unstoppable.

Dong!

Dang!

The green sword soared into the air and swayed into a river.

Then, it changed into a big bell, which exploded suddenly, shrouded the world and was mighty.

The strong reincarnation power twines around it, like lightning and thunder, wind and clouds, and instantly condenses into a huge palm!

Ye Chen opened her eyes. The blue light was like two green pools, turning wildly.

The sharp sword Qi, like a line, cuts the void vertically down to pieces!

Ye Chen clenched his teeth and looked changeable. His clothes and robes were ringing, and a strong wind blew through them, bringing a concussion!

Others can see that ye Chen is trying his best to control the green wind!

At this time, ye Chen's consciousness is fighting against a small green blade.

"Want to invade my consciousness? I'm afraid you're not qualified!"

Ye Chen whispered. He mobilized the energy in the sea of Qi and spread all over his body and bones along the meridians. The surging power surged out and bloomed in an instant.

It seems that a stove is steaming up! Burn the green blade to ashes.

Brush!

Those green blades seemed to be aware of Ye Chen's resistance, and immediately rose up and condensed into a very powerful torrent, like a ferocious beast, rushed out and rushed towards Ye Chen.

Ye Chen snorted coldly. He took a step forward and suddenly appeared golden all over.

"Eight steps to kill Qi!"

There was a violent collision between those green blades and the eight Fu Tu golden lights.

For a time, it all broke and disappeared into dust!

The concussion breath in Ye Chen's body surged towards those green blades along the track in all directions.

turn from a guest into a host!

Ye Chen took the initiative to attack, looking calm and without waves.

But the breath he released swept like thunder and soon cleaned up the remaining green blades.

However, to his surprise, those blue wind blades did not dissipate, but turned into a wind and gently floated into his body.

Ye Chen's sleeve robe shook and rolled up, and all those invisible winds were sent into his body.

Suddenly, the breeze came into the body, and the pleasant feeling came to my face.

Invisibly, he seemed to notice that his breath was enhanced, but the specific aspect remains to be studied.

When he looked back, he found that the four top strong men were looking at themselves and looked a little strange.

"Er... Why are you looking at me like this, senior?"

Ye Chen immediately had some doubts.

He was just provoked by the blue wind blade. He was a little angry, so he shot alone and killed the wind blade.

Is the blue wind blade an important thing?

The chaotic thunder emperor looked at the chaotic wind emperor with a smile and immediately said, "what did you just say? People who have cultivated chaotic divine thunder and chaotic flame can no longer have the qualification of chaotic divine wind. Can I say that you are wrong this time?"

The chaotic wind emperor's look was changeable. He didn't expect that ye Chen had such qualification.

Chaotic Yan Emperor laughed, both satisfied and surprised.

Ren Feifan is also smiling and colorful in his eyes.

Ye Chen can always bring him a lot of surprises, every time.

He is looking forward to what amazing feats this guy can do next!

The chaotic wind emperor sighed after all, and his expression was a little complicated: "your qualification... Is indeed one in ten thousand. I have to be convinced!"

The three chaotic gods are in the same mood.

Since the birth of chaos, they have never seen such talented descendants.

Maybe this boy can create an era alone!

Ye Chen didn't expect that he just blocked a few blue blades. How could he be regarded as a genius?

Seeing him like this, Emperor Chaofeng couldn't help explaining.

At this point, ye Chen suddenly realized.

It turns out that those blue wind blades are not ordinary means of attack, but the original power of the chaotic wind emperor. If anyone can take them, it represents who has the fit with the green wind!

But ye Chen not only took it easy, but also turned those green wind blades into his cultivation nourishment.

Such a move can be described as an expert move.

Strength and courage are indispensable!

Hearing this, ye Chen understood.

Of course, there is a certain connection with his talent, but the greater connection is blood. Before that, he had mastered the wind stele and Lingfeng God vein. Although the power of the wind stele is rarely used, it has been integrated into his blood and martial arts.

Any action, whether intentional or unintentional, will have a special wind attribute.

"I wanted to find a successor after I woke up. I can't let my inheritance break. I didn't expect it. I didn't expect it to take no effort."

Three chaotic gods surrounded Ye Chen. You said a word and I said a word. When it came to the back, they even fought for a place!

Chaotic Emperor Yan and chaotic emperor Feng argue endlessly. They both want Ye Chen to be their chief disciple.

Chaotic Leidi stood aside and smiled faintly.

Seeing this scene, Ren Feifan gave a thumbs up to Ye Chen.

Chapter 7400

Ye Chen smiled and immediately became a little worried.

Shen Tu Wan'er's situation has not been settled yet. He has no mind to fight for these things.

Seeing ye Chen's appearance, Emperor Chaofeng was a little depressed, so he asked the reason.

When he learned about Shen Tu Wan'er, he came to check.

A moment later, his face became dignified.

"The poison in her body also originated from chaos. It's extremely difficult to deal with."

Ye Chen hears the speech, but his face vibrates.

Not easy to deal with doesn't mean you can't deal with it!

There seems to be hope.

"Do you have a way to crack it? I'm all ears!"

Ye Chen immediately asked in a solemn voice.

The chaotic wind emperor pondered for a long time, and then slowly opened his mouth and said, "in that chaotic age, I once met a person with this poison in my body. All parts of my body were occupied and became a walking corpse!"

The symptoms he described as like as two peas were found.

It was someone who applied this poison method to Shen Tu Wan'er, making him a puppet and unable to move.

Therefore, the following situation occurs.

Chaotic wind emperor continued: "it was a star power who deeply valued this poison. He had suffered many hardships before he became a puppet. Therefore, such poison method did not devour his intelligence in a short time!"

"Later, he searched all over the starry universe and couldn't find a solution! And the poison power has eroded into the depths of his mind."

The great power mentioned by the emperor of chaos shocked the whole starry sky and killed invincible hands in the universe.

But then he was killed by a traitor and was poisoned like this.

Even he can't get rid of himself. He can only seek solutions everywhere!

Finally, the great energy reached an ancient place in the starry sky and saw an ancient tree born in Hongmeng.

Chaotic ancient tree!

This tree is one of the earliest sacred trees born between heaven and earth. I'm afraid it's earlier than the five emperors of chaos!

He took the fruit of the ancient chaotic tree and got rid of the entanglement of such poison method.

As soon as ye Chen heard this, his heart suddenly lit up hope.

Since the chaotic wind emperor said the ancient chaotic tree, he must know its location!

For ye Chen, this is a rare opportunity.

"Elder, do you know where the ancient chaotic tree is now?"

Ye Chen hurriedly asked.

Chaotic wind emperor nodded and shook his head.

"I know this ancient tree still exists in the world, but it won't appear easily, but I don't know the specific location. I can only find out the approximate location!"

Then the chaotic wind emperor said the general scope he meant, which immediately surprised Ye Chen.

Because what he said is probably between the two places.

It is here, between the sea area where reincarnation Tianjian is located!

"It was your breath that woke me up, so I also saw some pictures on this road, including chaotic ancient trees!"

Chaotic wind emperor, said so.

Ye Chen's heart was shocked and said it was clear.

"I see!"

Ye Chen suddenly realized, and immediately adjusted the picture sealed in his mind!

That dark and deep ancient road leads to the sea area where reincarnation Tianjian is located. During this period, I don't know how many difficulties and obstacles to encounter.

But the chaotic ancient tree mentioned by chaotic wind emperor is on this road.

Anyway, he will go here and look for it!

According to the chaotic wind emperor, if you want to remove the mysterious toxin in Shen Tu Wan'er's body, you have to pick the fruit from the chaotic ancient tree as an antidote and take it!

After ye Chen got some news about the chaotic ancient tree, she decided to go there to look for the trace of the ancient tree.

One is to get the fruit of the ancient chaotic tree and cure Shen Tu Wan'er. The other is to find the reincarnation Heavenly Sword and enhance their strength.

Anyway, he's on his way!

The three chaotic gods were in the soul state and could not stay outside for too long. Soon, they returned to the reincarnation cemetery one after another.

At this time, ye Chen looked at Ren extraordinary.

Of course, the latter knew what ye Chen wanted to do, so he nodded and said, "if you want to go there, you have to prepare in advance to deal with all kinds of changes!"

"Yes!"

Ye Chen also thought so.

Along the way, it must be very difficult, and there may be sudden danger at any time.

After ye Chen returned to his ancestral land, he took a break and prepared to set out in two days and rush to the sea area where reincarnation Tianjian is located.

After hearing this, Ji Siqing rushed to Ye Chen's cave to go with him.

But this time, ye Chen refused.

The destructive power of reincarnation Sky Sword is not small.

Moreover, there is a fatalistic connection between him and reincarnation Heavenly Sword. Qi luck is close to the body, cutting is continuous, and reason is still chaotic. Ji Siqing, as the companion of his previous life, also participated in it to a certain extent.

The two spirits are intertwined. I don't know what kind of changes will happen.

On the other hand, Ji Siqing had better stay in Beimang ancestral land and integrate his insufficient strength with Shenluo Tianjian.

Ji Siqing looked a little disappointed, but she respected Ye Chen's decision.

Ye Chen touched her little face and waved it. He hoped that the sky star would emerge and wrap the space here.

Ji Siqing, of course, knew what ye Chen wanted to do and immediately blushed.

"You..."

Before she could say anything, she was held back.

A hot lip print came up!

Silence is better than sound!

Dry firewood and fire burn as soon as they touch.

It's a pity that no one can see the full view.
