Chapter 7421

Only the woman in white could hear the voice.

"Good!"

When the woman in white heard the speech, she immediately did so. She was calm on the surface. In fact, the spirit had split itself, forming a long internal channel leading to all parts of her body.

Such behavior is tantamount to the self mutilation of the spirit and can not be repaired.

It seems that the woman in white has risked everything to kill the enemy in front of her!

Boom!

Suddenly, a loud noise came from the deep space in the distance, which made everyone look up.

In the remote Taishang world, the forbidden area of the chaotic ancient family, a group of extremely repressed thunder clouds moved to the location of Zhou Tianlei, and he himself had moved thousands of miles away.

When the thunder cloud was released, it was like an endless waterfall, passing through the light curtain and across the boundary wall of time and space.

Layer after layer, again and again.

Although it is said that the power of thunder will be weakened by one point every time it is too heavy, it does not prevent it from spreading its vast divine power.

Zhou Tianlei looked at the terrible thunder pouring down, and his face was distressed.

These thunder are the thunder robbers formed in the chaotic forbidden area for thousands of years. They have a strong quenching effect and can only form a drop in a hundred years.

And this time, it took a fifth of the thunder.

"I hope you don't let me down... Kill that boy! Otherwise, you will waste these taboo thunder."

.....

The woman in white felt that her body was about to crack. The powerful divine thunder came to the lower world and poured into her body. It was unbearable.

But her breath was rising and soon reached the top.

When she looked up again and looked at Ye Chen and others, a strange smile appeared at the corners of her mouth.

The woman in white changed her whole body. She was no longer as beautiful as flowers. Her ears were elongated, her face was distorted, and a pair of thunder eyes gradually took shape.

The arms also become sharp and thin, and the nails are as sharp as a knife!

Her nails are about the length of a machete, as tough as a blade, emitting a faint ray of thunder.

The sudden change surprised others.

Ye Chen noticed the dangerous smell on the woman and immediately asked people to retreat.

But it's too late!

The woman in white was as quick as thunder. Her arms crossed and cut out, and instantly pierced the bodies of two elders of the yin-yang temple.

The electric light interweaves, and the Cabernet Sauvignon is endless.

The woman in white killed her all the way, with thunder all over her body and bright red hair flying all over her head.

And her hands are like sharp knives polished with blood diamonds!

Ripped open and bloodthirsty.

This taboo Tianlei itself is a taboo existence.

After being integrated with women in white, they immediately turn into taboo means!

Raise your hand to trigger thunder and kill wildly.

In the blink of an eye, the lightning surged, strangled hundreds of people's necks, rowed past, and suddenly blood splashed.

Ye Chen was the first person to react. He was aware of the terror of the divine thunder. If he was free, I'm afraid everyone present would be slaughtered by him.

"Snow buried Stardust: frozen for thousands of miles!"

Ye Chen summoned the supreme artifact of the thirty-three days in his body.

He got this half of the snow buried stars from Ren extraordinary.

The stars spread and spread, and soon turned into heavy snow.

Thousands of miles of ice, thousands of hectares of snow, endless, silver and plain.

Ye Chen pushed the power of snow buried stardust to the extreme and blocked this area.

He crossed the void, walked at a high speed, and waved the wish star.

The stars are shining and dazzling. Almost in an instant, the wonders of heaven and earth are taking shape, which is amazing.

No one noticed that behind the void barrier, the silent chaotic ancient tree seemed to emit a little light!

The people in the yin-yang Temple hurried back to the holy mountain.

The rest of the chaotic Lei family also avoided it one after another.

The whole battlefield of heaven and earth turned into blood light, and the starlight echoed with thunder light.

After ye Chen used two powerful blockade methods, he summoned three heavenly swords with his mind and cut them out together.

This time he wants to cut through the mess quickly and can't let the other party form a climate.

The three heavenly swords hummed in unison, and the clang continued to be heard.

Brush!

Three heavenly swords, sweeping the blood, light, disaster, Qi and magic fog, rushed into the air.

But there was also a thunderbolt in the heavy snow.

Boom!

The two collided with each other fiercely, and the deafening runes swept away like waves.

Tens of miles of space was squeezed and roared.

In an instant, all kinds of lights were intertwined, gushing and burning.

The flame dissipated, the snow melted, and the thunder light penetrated out. It was ridiculously powerful.

That divine thunder carries a terrible smell of destruction, which is frightening.

In full view of the public, he smashed the miles of ice sheet!

Bang!

The ice sheet cracked and cracked, and the sound spread violently.

That crazy thunder, emitting a scorching temperature, hung in the middle of the sky, unstoppable, as if swaggering.

Both the star array and the frozen snow field were smashed through. The treasure showed its original shape and flew back to Ye Chen.

As the master of the supreme artifact of the thirty-three days, ye Chen also signed a contract with him, which is equal to both prosperity and loss.

If the treasure is damaged, he will also suffer the corresponding reverse bite.

Ye Chen tried his best to control the three heavenly swords, infused the power of reincarnation blood, gathered into a towering column of light, and met the destructive thunder.

But the next moment, the light broke, and the sound of breaking rose from the ground, which caught people off guard.

So far, all ye Chen's offensives have been disintegrated.

He retreated hundreds of miles, and a touch of blood spilled from the corners of his mouth.

Seeing that the Lord of reincarnation could not defeat each other, the members of the yin-yang Temple immediately became desperate.

"Damn it... It's almost won, but who knows that woman's sudden mutation!"

"Yes! It's hateful! Otherwise, we would have solved all the crises."

"What should I do now? The strength of the opposite side is so strong that I am a little desperate..."

"Don't lose heart, trust the master! He is an atmospheric transporter with reincarnation power and will never fall down!"

“.....”

Many members of the yin-yang Temple hide behind the sacred mountain and wait for the development of the war situation.

When ye Chen retreated, sun Yerong was on top.

She summoned ten thousand blue divine lotus, rotating and roaring, bringing endless hurricanes.

Qinglian divine sword is one of the town boundary divine swords of xuanhai, which is as famous as Jianjia divine sword.

Moreover, sun Yerong inherited the Wutong and Taoism of Qinglian fairy, and his magic power is natural and closer to the nature of Taoism.

"Green lotus Vientiane!"

Sun Yerong looks solemn and stands still between heaven and earth. She is brewing Taoism!

A green lotus seems to be in full bloom from the void, boundless, rootless and unripe, but there are thousands of waves rippling and opening, just like mud without dyeing, clean ripples without demons.

Chapter 7422

The gods gather and the blue light rises.

The dazzling green light rises from the ground and is attached to the huge green lotus light and shadow.

The petals are in full bloom, and the whole blue lotus looks sacred and mysterious.

In the face of such a holy thing, no matter how fierce the thunder is, it can't wreak havoc here.

Faced with this situation, the woman in white did not panic.

Or she can no longer be called a woman. She is completely a monster.

"Ha ha..."

There were two strange smiles in her throat.

Then he raised his claws, rubbed desperately, and scratched his flesh and skin. Suddenly, his flesh and blood flew and was dripping with blood.

Her strange smile continued to grow and spread all over the sky in an instant. With this strange roar, there was a terrible thunder hidden in her body.

The thunder became more and more. Based on her body, she gathered and formed. In the end, she became a thunder monster.

This is the chaotic thunder in the complete form, gathering the power of evil!

The vicious, vicious and violent spirit of chaotic forest for thousands of years erupted at this moment.

In advance, the patriarch of chaos Protoss also hesitated, but when he remembered that someone was about to break the prohibition of chaos ancient tree, he was desperate.

Evil thoughts are like Pandora's magic box. Once released, they cannot be restrained.

At this time, the woman in white had completely lost herself and became a thunder monster who only knew how to kill.

A strong sense of killing suddenly broke out, even through the mountain wall, to swallow the whole heaven and earth.

The crowd stopped and stood, taking a breath.

The thunder gathered by the thunder monster is becoming stronger and stronger, as if to contain all things and melt them.

If we don't stop her in time, I'm afraid this space will be reduced to ashes.

In the face of such an earth shaking attack, even the sacred green lotus can't carry it and turns into dust in the roar of thunder.

Sun Yerong also suffered a heavy blow, and her breath became extremely depressed.

That was the offensive she devoted all her energy to, enough to kill the powerful emperor and ancestors.

But now, I can't carry each other's move!

Among the tribes of the yin-yang temple, there are also several strong men of the heavenly monarch and ancestor, but at present, even if they come forward, there is only one way to die.

"Hehe... Hehe..."

The sound of strange laughter became sharper and sharper.

In the end, it almost evolved into a roaring attack!

The woman in white turned into Lei and smiled strangely.

She flew up into the sky, side by side with the sky, overlooking all things and fighting for the spirit of the heavens.

Or destroy the heavens!

Because she used her body as a guide, the thunder behind her swept like a whirlpool of waves, rolling bigger and bigger, rolling more and more fierce.

Waiting for the moment to come.

This space will completely disappear into dust!

Ye Chen frowned when she saw this scene.

Now the strength and realm of this monster far surpass them, and it is in a state of rampage.

Even if you use the unique skill of pressing the bottom box, you have to try it!

Thinking of this, ye Chen took a deep breath.

He sank down and meditated on Brahma's divine power!

Although he didn't master it completely, he mastered a few, which was enough for him to use a little power for a short time.

At this moment, the flame in my heart burns wildly and never stops.

In that case, he's out of it.

"Pro! Soldiers! Fighters! All! Array! Column! Front! Line!"

Brahma divine skill, nine character formula!

The reason why Ye Chen read it all again is just to have enough momentum and mobilize the aura in his body.

His hands were tied and printed, and ancient and mysterious symbols were reflected into the void.

With each seal, heaven and earth vibrate and wind and cloud fragments.

At the end of nine ancient seals, his whole body burst into a very bright golden light, just like the Buddha gods, gathered and came, magnificent and magnificent.

Boom!

The burst momentum also took shape behind him!

Ye Chen's whole body was burning with Qi and blood, as if she had been ignited.

Among all the nine heavenly divinities, there is no doubt that daqianchonglou palm ranks first in terms of power.

Followed by Brahma's divine power, but Brahma's divine power is divided into nine Supreme, with nine word formulas, each with different power.

Therefore, the power is virtually dispersed.

When the cultivation of the nine character formula reaches its peak and is completely integrated.

Brahma divine skill will become the first skill in the world!

But for now, no one can do it.

"Look over there!"

In the holy mountain, someone suddenly exclaimed.

When they saw Ye Chen, they were surrounded by golden light. Unexpectedly, there was a rising trend, and a glimmer of hope poured into their hearts.

The desperate heart seems to be reviving again.

In the mid air, ye Chen's momentum was stacked layer by layer and soared upward.

He didn't master all the word formulas. This time, he forcibly pulled Brahma's divine skill to support himself, which is very likely to be eaten back.

This move is a dangerous move! But it has excellent results.

The thunderstorm between heaven and earth was dispersed by the mighty golden light.

The people below were also able to breathe.

"The moves used by the master are the legendary nine Supreme skills of Brahma. They have the secret of nine words. All those who are fighting in front of the army move forward. Each of these nine words has mysterious changes that ordinary people can't detect."

"For example, Dou Zi Jue represents the most fierce meaning of killing and cutting in the world. It breaks through the sky, turns heaven and earth, and cultivates to the peak. Few people in the world can defeat it!"

"The military formula is the most powerful weapon refining method in the world!"

“.....”

After the heavy pressure on him was relieved, Li Yaoshan began to explain to the people in the yin-yang temple.

One is to explain, the other is to relieve the pressure of everyone.

In the battlefield, ye Chen's "potential" has condensed to the top.

If it doesn't volatilize, I'm afraid it will explode and die.

"Dou Zi Jue is unparalleled!"

These Dharma formulas symbolize an unparalleled means of attack. They fight against the sky and the earth without stopping. With a strong momentum, they can kill all strong enemies and push all obstacles horizontally.

Boom!

Ye Chen's aura rushed to the sky. It was about to break through the clouds and reach the depths of the void!

Chapter 7423

The golden aura spreads across the sky, surges in the clouds and blooms in heaven and earth.

But for ye Chen, this is not enough!

At the same time, he also used the "array word formula".

One heart and two uses, one trick and two.

This is Ye Chen's final way to break the enemy!

The array word formula has infinite power. The array is mysterious and connects heaven and earth. It is arranged in various spaces to form a strangulation trend and make the enemy have nowhere to escape.

The two characters Jue and two are one, like a real dragon. The disk rises empty and suddenly makes a force.

The world can only look up to such coercion.

Boom!

Boom!

Oh!

The two burst out their strongest power almost at the same time.

Endless fighting spirit and endless strange thunder are like Mars hitting the earth and the tip of the needle against the wheat awn.

At that moment, people could not describe their feelings. They only felt dazzled by the wind and sand. The huge shock and explosion made them nearly deaf.

But at this time, no one found that a subtle golden light came through, completely ignoring the attacks of the two sides.

The violent explosion gradually dissipated, and everyone gradually recovered. What came into sight was a broken world.

The ground broke and the void was torn open. The flood of void came one after another, showing the smell of dilapidation.

Fortunately, this is in the ancient city of chaos, with the protection of the residual breath of chaotic ancient trees. Otherwise, such fluctuations must be spread to the stars.

"This..."

Many people were too surprised to speak.

They never thought that the duel between the two would have such a burst effect.

When the smoke gradually dispersed, the ground was covered with cobweb like cracks, and the central origin of the layers of cracks was a bottomless pit.

It was smashed out! The human cavity on the ground has shown his identity.

A scorched hand grabbed the edge of the hole and climbed out of the hole.

Ye Chen was seriously injured, her skin was nearly cracked, and her soul was also badly hurt.

He carried the other party's thunder in the front and became listless.

I don't know how the war is going!

When Ye Chen thought in his heart, he heard a burst of heavy footsteps.

It was a tall and burly figure coming this way.

It was the woman in white!

At this moment, the white woman's clothes are broken, and her flesh is also dilapidated.

But the original breath of women in white was not damaged.

She was walking towards Ye Chen step by step, her eyes full of resentment.

"Damn it!"

Ye Chen couldn't help scolding. He almost exhausted all his strength. Now it's difficult to even stand up.

Others are isolated from a field and cannot enter it!

They can only watch the woman in white walk towards Ye Chen, and the thunder ball in her hand rolls bigger and bigger, jumps and flashes, releasing a sharp killing opportunity.

"After all... You still have to die!"

This voice is not a strange ghost cry, nor a woman in white, but a man's voice of vicissitudes.

Ye Chen's eyes changed instantly. In his eyes, there was a faint reincarnation blood. Through the reincarnation heaven's eyes, we could see that the woman in white had no vitality at all.

What supported her was another inexplicable force, which turned into thunder and attached to her body.

Someone is remotely operating!

blamed!

Ye Chen gnashed his teeth.

At this time, after he used the ultimate move, he had no strength at all.

You can't even start the reincarnation cemetery!

Otherwise, you can also use the power of Huang Lao and several chaotic gods.

The puppet was getting closer and closer, and the thunder ball in his hand rolled like a tide, mixed with the smell of domineering and ferocious killing.

Bang!

This thunder force suddenly broke out and ran over Ye Chen's head.

Ye Chen closed her eyes and felt a little desperate.

Is he really going to die here today to experience the tenth reincarnation?

No, he is not willing to give in to such fate!

WOW!

At this time, it seemed that the waves were turbulent and the void was turbulent. The hot aura of spiritual power swept through, and immediately turned into a torrent, rushed in time and rushed out the manipulated puppet.

People outside are anxious and trying to find a way. Some people even cover their eyes and dare not see the scene of the Lord of reincarnation being killed.

They were surprised by the sudden changes.

The void torrent swept over and burst, emitting a touch of gold under the light.

Deep in the space, the momentum is turbulent, and a dazzling golden light cuts through the sky and shuttles back and forth.

The unparalleled momentum broke out and turned into a cloud.

The shining golden light filled the world, as if a God had come, shining in an instant, sacred and majestic.

When Ye Chen opened his eyes again, the golden light flickered in front of him, and then narrowed down to a sword.

It's a golden sword.

The lines carved on it look like a real dragon with open claws and a Kunpeng flying.

There are various ancient creatures, such as tamarin, lion dragon, Ling ox and so on, flashing out, which surprised Ye Chen.

He recognized it without much guessing.

This is reincarnation Heavenly Sword!

"Did you feel my coming? That's why you helped me!"

Ye Chen said with a smile. At the same time, the golden light on the reincarnation Sky Sword separated a little, turned into raindrops and fell into his body.

He only felt that the injury in his body was gradually recovering, and the almost dry sea of Qi gradually became moist.

The reincarnation Heavenly Sword released a brilliant golden awn, which shrouded over Ye Chen's head.

Now, ye Chen is finally relieved.

No more death threats.

He raised his eyes and looked, the broken body flew far away, and the electric light all over became extremely disordered, flickering and making a Zizi explosion.

Reincarnation Tianjian seemed to feel it, turned into a sharp edge again, flew over with a whiff and pierced the broken body.

The power of reincarnation is raging madly, destroying its last vitality.

In the end, the body was stirred to pieces, fell down slowly, and there was no more life.

Reincarnation Heavenly Sword stopped, returned to Ye Chen again, stood by and fluctuated slowly.

Ye Chen puts his hand on it and communicates with samsara sky sword.

After a moment, he looked slightly moved.

The outer boundary finally disappeared, and the space was restored to Qingming again.

Everyone breathed a sigh of relief and congratulated themselves for the rest of their lives.

Sun Yerong hurried to Ye Chen and confirmed that the injury in his body was not a big problem. His frown finally loosened slowly.

"Don't worry about your injury?"

Ye Chen asked.

Sun Yerong shook her head: "there's no problem. It's just that she was hit by some collision and didn't hurt the source."

"That's good!"

Ye Chen felt the reincarnation power in her body and stood up.

He stretched out his hand and stretched out his palm. The reincarnation Heavenly Sword turned into a golden streamer and disappeared into his palm.

Chapter 7424

Through the induction with this sword, the other side knows that this reincarnation Heavenly Sword is not a noumenon, but just a virtual shadow.

The real noumenon is still trapped in that sea area, playing the role of Dinghai sword.

However, ye Chen was really curious about why reincarnation Heavenly Sword separated a virtual shadow at the critical time to help himself.

Is it because he had an induction with reincarnation Heavenly Sword through that sea area before?

Ye Chen thought in his heart and thought that it must be so.

And he vaguely guessed another possibility.

This place is definitely not far from the real reincarnation sea area. Otherwise, how can reincarnation Sky Sword urge the virtual shadow to help yourself out.

Ye Chen took back his thoughts and came to the broken body. In his palm, he threw a silent fire and burned the body in an instant.

Ye Chen, with quick eyes and hands, summoned the Longyuan Heavenly Sword, cut the escaped small thunder in half and completely eliminate it.

"Do you really think I didn't find it?"

Ye Chen said coldly.

His casual behavior had a violent reaction in the distant world.

In the dense forest of the chaotic Protoss, the patriarch Zhou Tianlei vomited a few mouthfuls of blood, his palm on the ground, panting heavily.

"Damn it... It's the Lord of reincarnation! How did you provoke this madman?"

Zhou Tianlei gnashed his teeth and resented.

He never thought that the people who made trouble in the chaotic ancient city were the Lord of reincarnation.

At the beginning, ye Chen deliberately hid the breath of reincarnation. In addition, he was far away and separated by countless emptiness, so he didn't notice it.

He was not surprised until the virtual shadow of reincarnation Heavenly Sword reappeared in the world and set off a storm.

So this guy is the Lord of reincarnation!

When ye Chen uses the duel formula and the array formula at the same time, Zhou Tianlei has faintly noticed the bad.

So he forcibly broke through the space blockade and spread his own original power, ready to go and listen to orders at any time.

Sure enough, the chaotic Tianlei was destroyed to wither in front of the almost destructive Brahma divine power, and there was no room for resistance.

At the last moment, Zhou Tianlei uses the ray of thunder he buried to kill Ye Chen.

He was also complacent and complacent, thinking that he had a clever plan to act as the final arbiter.

But I didn't expect to be impacted by the divine light of reincarnation Sky Sword and suffered trauma.

That's his original power. Staying there is neither walking nor retreating. He can only be beaten passively. It's not easy to wait until reincarnation Tianjian stops. When he wants to escape, he is completely cut off by Ye Chen.

For him, the impact is irreversible.

Ye Chen is doomed not to hear Zhou Tianlei's roar.

.....

Screen rotation.

In the chaotic ancient city, after solving the thorny enemy, ye Chen came to the blocked void.

In this void, there are ancient chaotic trees!

He is preparing to follow the previous action and try to reopen the door.

At this time, the grass jumped out of the picture, jumping and jumping, very excited.

Ye Chen knew that this guy was going to work again.

Sure enough, the grass came directly in front of a void, pointed above, and there was a faint ripple.

The aura gradually diffused in a circle and rushed to the periphery one after another.

The turbulent aura suddenly turned into a roaring spirit body, and the door in the void was slowly opened.

This prohibition has been opened.

Ye Chen couldn't help but give a thumbs up to the grass.

Looking back, since this journey, Xiaocao can jump out at the critical time every time. I don't know what the attribute of this guy is. He actually has all kinds of magical powers.

Ye Chen and sun Yerong looked at each other, and they walked into the void at the same time.

No one has come in here for a long time. It has become a little deserted, overgrown with weeds and covered with sand and gravel. It is not different from the desert Gobi.

They traveled a distance and were suspended in mid air.

Then I saw a huge shadow of a tree.

It was a huge tree, but it was nearly withered and yellow, and only a few lonely leaves were left on the thick trunk.

Fortunately, however, there are several fruits hanging on the treetops.

Ye Chen stretched out his hand and probed across the space to put the fruit into the bag.

Although the fruit is older, it still has aura and can be eaten.

They looked at the chaotic ancient tree carefully and shook their heads.

This ancient tree is only the last remnant. When the spiritual power is exhausted, it will wither into mud.

The ultimate destination of a powerful spirit born from chaos is to return to chaos.

The result is pretty good.

Before leaving, ye Chen collected the last handful of wool and picked all the remaining three fruits.

When he stepped out of here, he suddenly felt an unusual smell.

Ye Chen looked back, and the reincarnation heavenly eye pierced the vanity.

"Eh?"

He was suddenly surprised.

Because he found that in the old tree, there was a pair of illusory pupils, as if born from evil, with blood and red marks.

"The tree still seems strange. It doesn't seem to be completely dead!"

Ye Chen paused for a moment and then said.

Sun Yerong also nodded. The blue divine lotus she inherited is one of the most vigorous creatures in the world.

Chapter 7425

She can feel that this chaotic ancient tree has a strong desire for survival.

Ye Chen thought, and then his eyes coagulated and summoned the reincarnation cemetery.

Reincarnation cemetery, slowly opened, ye Chen separated a divine idea, stepped into it, and came to the tombstone of the three chaotic gods.

Once the reincarnation blood surged, the three felt the breath here and flew out of the cemetery.

"What do we call awakening?"

Chaotic Leidi asked.

But when he asked, he was stunned, because he saw the strong old tree that was about to wither.

Several chaotic gods and ancient chaotic trees are in the same era, have the same root and homology, that is, they were born in the chaos of nothingness.

Therefore, as soon as the three chaotic gods came out, they felt the smell of chaotic ancient trees.

"This old thing is still alive? I didn't expect it, but looking at it like this, it should be alive for a long time!"

Chaotic Yan Emperor was the first to speak, but his tone didn't seem very friendly.

The chaotic wind emperor floated up into the sky and stood there watching. He looked a little strange.

"I wonder why I didn't hear the news of this old guy at the end of the chaotic period. It turned out that I was imprisoned!"

Ye Chen was quite curious when he heard that the two people were using an old thing to call chaotic divine tree.

"Chaotic ancient tree, is there any strange existence?"

Hearing this, the three chaotic gods laughed, and their smiles were particularly relaxed.

Even chaotic Leidi, who has always been unsmiling, shook his head with a smile.

This makes Ye Chen more and more curious.

Sun Yerong was also so. Although she was surprised at the long age of the three chaotic gods, she wanted to know what kind of past the chaotic ancient tree had.

"It's a long story. Why don't you ask the old man yourself."

Emperor Yan of chaos smiled and said. Then he flashed over the trunk of the ancient chaotic tree, looked for it, and finally pointed to a position and said, "you can kick here and try."

Ye Chen walked over and saw the inexplicable smile on emperor chaotic Yan's face, so she was confused, but she didn't think much, so she was ready to start.

Just about to kick it, I heard a voice begging for mercy.

"Little brother, my ancestors, don't do it. My bones can't stand the toss!"

Ye Chen was stunned immediately. Then he saw a round thing jumping out on the top of the tree top and turning it over in front of him.

Fixed his eyes, he turned out to be a little old man.

The old man was dressed in pink and green, with gray hair, short stature and a round belly. He looked like a native grandson.

Seeing this, ye Chen touched his nose and couldn't help laughing.

"You are an ancient chaotic tree?"

Ye Chen couldn't help asking.

The little old man nodded quickly. A breeze blew, his body trembled, and coughed several times with his mouth covered.

"Sir, you can't kick there! That's the lifeblood."

The little old man couldn't see the souls of the chaotic God Emperor. He thought Ye Chen had found the place and was ready to start.

Chaotic Yan Emperor said, "boy, lend you a trace of blood! Let's catch up with the old guy!"

With a flick of Ye Chen's fingers, a faint blood light floated in front of the three.

Blood light enters their bodies and makes the soul appear temporarily.

The little old man didn't notice it until someone patted him on the shoulder in the rear. He turned around and saw the three chaotic Yandi with a smile on his face.

The little old man immediately looked like he had seen a ghost and couldn't believe it.

"You... You..."

The little old man opened his mouth wide and his pupils were full of shock.

His expression seemed to be frozen, as wonderful as eating something.

"You... You..."

The little old man didn't know what to say for a moment. He made two gestures, pointing to the three chaotic gods, at a loss.

"I didn't expect it, did I? One day I could even meet some old guys like us. Are you thinking about why we died in the Ancient World War I?"

The chaotic wind emperor said with a smile. There was some joking in his eyes.

The little old man was silent. His eyes and expression had explained everything.

"Hum! Why are you hiding here? Others don't know. Don't we understand? It's just to avoid natural disaster. What a chaotic ancient tree. It's cheating everywhere and avoiding reincarnation. Even now, it still wants to change again?"

Emperor Yan of chaos snorted coldly, and his eyes became as hot as laser eyes, revealing a red light.

The little old man hurried back and came to Ye Chen.

"Little friend, you must help me! These three old guys must want to take my power as their own. I can give you all the power of the chaotic ancient tree in exchange for my life."

The little old man is the spirit of the ancient chaotic tree. He has survived since the birth of the chaotic Hongmeng era. Now he has lived to the new era of wanxu. I don't know how many centuries he has passed.

Ye Chen looked at the little old man and his eyes became a little strange.

Doesn't he know his relationship with the chaotic three gods?

The little old man saw Ye Chen looking at himself faintly, then turned his head and glanced at the eyes of the three people opposite. He immediately understood something.

"Well... I admit defeat. Whatever you want, just take it and leave me a last life..."

Ye Chen looked at the little old man. He couldn't bear it. He just wanted to say something, but he was interrupted by chaotic Yan Emperor.

"Boy, don't listen to this old man's nonsense. He eats people, but he doesn't spit bones! For thousands of years, this old man, in the name of chaotic ancient trees, doesn't know how many strong people in the world have been swallowed to strengthen himself and prolong his life!"

When ye Chen heard this, he couldn't help getting a fright.

Does this thin little old man have such great power?

Chaotic Leidi also nodded and added: "the best thing this ancient tree is to win sympathy! Lead other strong people into the cage with a weak attitude, and finally swallow it and refine it into its own spirit."

"That's what he has done for thousands of years! One of us found the trace of the ancient tree and wanted to get a fruit, but he was cheated by the old thing and lost part of his original soul for nothing. For thousands of years since then, he has been looking for the old thing and wanted to revenge, but he was too cunning and never found it."

After the explanation of chaotic thunder emperor, ye Chen understood that the chaotic ancient tree is a notorious treasure.

Chapter 7426

Since ancient times, they have been abducted and kidnapped. They gain spiritual power by taking other people's aura and swallowing each other.

Then living in the universe leads to another round of natural disasters and experiences reincarnation from generation to generation.

For hundreds of thousands of years, he has been staying in the ancient city of chaos and connected with the chaos Protoss, that is, he wants to escape the nine thunder disasters with the help of Qi luck!

Its contemporaries, or the birth of spiritual treasures, have disappeared in the long river of history, or only remnant souls.

But he still retains his vitality, waiting for the opportunity to soar.

"Chaotic ancient tree, I didn't expect you to be such a treasure."

Ye Chen sighed softly.

He wanted to help the little old man. Now it seems that there is no need.

After the ancient chaotic tree was torn down, it was no longer disguised, and a look of resentment appeared in the depths of the pupils.

"After I get through the disaster, but I want to step into that realm. How can I let you succeed!"

The little old man has been closed here for many years. Soon, thunder robbery will come.

And he can also rely on the taboo power accumulated by the ancient chaotic tree for many years to survive this disaster safely, and then Nirvana and rebirth and live another life.

The layout over the years is about to succeed. How can he destroy it?

Unable to destroy the chaotic three gods, he aimed at Ye Chen.

Of course, there is the woman around Ye Chen.

As long as the two of them die, even if the chaotic three gods are powerful, they are only in the state of soul and body, and can not absorb the power of chaotic divine fruit.

At that time, he can still sit in Diaoyutai, successfully survive the disaster and usher in a new life.

The little old man suddenly burst up, and the look of the chaotic three gods suddenly changed. They released their soul attack, but the effect was very little.

However, after the chaotic three gods emperor made a little move, he stopped.

They are not worried at all. They just want to see how ye Chen will deal with it next.

Facing the little old man rushing over, ye Chen snorted coldly and took two steps back.

At the same time, a powerful blood pressure was released.

The power of reincarnation burst out and roared. It was like an ancient beast out of its cage, entrenched in the heaven and earth in an instant, towering, arrogant and condescending, making everyone bow to his head.

Ye Chen is the emperor standing on the throne.

He stood with his hands on his back and his eyes were indifferent, but the pressure of his blood was at a glance. He broke through the obstacles of the void and became very powerful!

The little old man rushed forward quickly. He had urged the whole chaotic ancient tree, and the broken tree burst into a glittering light.

The breath of chaos is like the top of Mount Tai. It is vast and majestic. It almost sweeps away the previous decadence and glows with brilliance.

Such great power comes from chaos and was born in Hongmeng, which is higher than the current Shinto law.

Even the chaotic three gods should be treated with caution in the face of such forces.

But ye Chen didn't flinch. After summoning the divine power of blood, he stood still, raised his hand, glittered, and flooded the space in an instant.

The little old man snorted coldly.

With the power of a single person, how can you resist chaos magic? It's wishful thinking!

The little old man disdains it in his heart. He wants to win Ye Chen as soon as possible, so as to take the initiative.

But suddenly there seemed to be a big mountain on his back, which pressed him out of breath.

He looked up in horror, but saw the figure as high as an emperor.

"This... This is..."

The little old man was terrified because he found his body fixed.

It was like some inexplicable mysterious force floating in the air, tightly pestering him and turning into fierce blockades, making him unable to move.

The power of such blood seemed to have a natural restraint to him.

"Why?"

The little old man still couldn't believe it.

He is a god of heaven and earth born out of chaos. He is towering and inviolable above all heavenly creatures.

The boy opposite is just a young cultivator. How can he have such authority?

"Do you really think that if you are connected with chaos, you can stand alone?"

The mocking voice of chaotic Leidi came in time.

The opening up of Hongmeng and the advent of chaos have indeed opened an era of the whole universe.

But that's all!

With the continuous development of the later heaven and world, the order of heaven and Tao in the universe changes. The people and things out of chaos are just branches of a pulse of power, but they are not real chaos.

Although it is very strong, it is by no means impossible to meet an opponent!

It can only be said that this person in front of him still clings to the previous set of ideas, thinking that the power of chaos can sweep the heavens and flatten everything.

As everyone knows, the times have changed and stronger forces have been born!

They were so confident that they were almost invincible and full of confidence in the war.

But it was defeated in the end! End up dead and soul crippled.

At that moment, they realized that they were not invincible and would eventually decline with the passage of time.

But by then, it's too late!

The same is true of the ancient chaotic tree. When he realized that his power could not suppress reincarnation, it was too late.

Boom!

There was a loud noise from the depths of the sky, which was the pressure of the heavens and came like a sea tide.

Samsara stands between heaven and earth. Although it has not yet dominated the six ways, it has approached the momentum.

The body of the chaotic ancient tree could not bear such pressure, and there was a fracture in the branches.

When the little old man found such a change, his face changed dramatically. He bit his teeth and struggled to break free from this bondage.

Boom!

The majestic force, like a bull, bumped into him and hit him hard!

The ensuing surging force is like a wave sweeping through the sea. It will spread out in an instant and surround the whole chaotic ancient tree!

The power of reincarnation seems to have a natural restraining effect on it. Before ye Chen really urges it, the chaotic ancient tree has retreated and can't bear it.

"All right, all right, I admit defeat!!"

The little old man covered his chest, gasped heavily, and quickly waved his hand for mercy.

If it goes on like this, the chaotic ancient trees can't hold up! When the ancient tree is completely broken, it is also the time when he disappears in the world.

Ye Chen stopped slightly. The surging power became softer, but he still kept around and was ready to go.

The three chaotic gods were also stunned and became stunned.

They know that ye Chen has reincarnation blood, powerful power and the power to fight against chaos, but no one thought it was such a rolling posture!

"A new generation of StarCraft has mainly appeared... Perhaps, compared with us in those years, we will dominate the world and ride the dust!"

Chaotic Leidi thought much and looked far away. He couldn't help sighing for a moment.

The other two gods were silent, but their eyes were bright and thought a lot.

Chapter 7427

Such a gifted demon is really rare. The most important thing is that ye Chen is less than 100 years old.

It can be said that it is unique to cultivate to such a level at such an age.

A generation of talented people come out, and Cheng Wang dominates the reading room!

The red flame burning in Ye Chen's eyes finally stopped slowly.

"You are just a soul now! I can kill you at any time and occupy the ancient chaotic tree!"

Ye Chen said faintly, there was no emotion between the words.

As soon as the little old man heard this, he was terrified and quickly knelt on the ground to beg for mercy.

"It's a small one who has eyes and doesn't know Mount Tai. Let go of the small one! The small one is just a small tree spirit!"

Ye Chen sneered: "little tree spirit? But no tree spirit can live for thousands of years without apoptosis. Don't take your set against me and untie the shackles of your soul, otherwise don't blame me for frustrating you!"

Ye Chen comes straight to the point. He wants to control the aura of the chaotic ancient tree and use it for himself.

The little old man had to smile bitterly.

He was reluctant, but at this time he had to do what ye Chen said.

The branches and leaves of the chaotic ancient tree stopped cracking, and then a crack slowly opened at the junction of the trunk and branches.

The strong Qi of chaos diffuses outward.

The connection of the gap is the soul of the little old man.

Without saying a word, ye Chen flew out two red mans in his eyes, turned into streamer, and directly disappeared into the trunk.

This time, it made the little old man look painful.

But in Ye Chen's consciousness sea, there is a layer of pure white haze, just like the beginning of heaven and earth, pure and flawless, only reaching the depths of people's soul.

This is the essence of chaotic ancient trees.

The fruits he had picked before also felt this ECHO, from withered to full, resulting in changes visible to the naked eye!

Ye Chen's spirit was shocked.

He stretched out his hand and caught the white light in the haze.

That thing was like a beast. It began to struggle violently and wanted to get out of Ye Chen's control.

Ye Chen frowned and was about to summon the divine power to suppress it.

The grass flew out, broke through the tree and hit the spirit awn hard!

Xiaocao is like a fearless soldier, opening up territory for ye Chen, chopping waves and chopping waves.

Its two grass leaves turned into strong and powerful Pu fan. One after another, it beat the spirit awn dizzy. For a time, it could not distinguish the southeast from the northwest.

Ye Chen took advantage of this opportunity to quickly enter the Lord. The reincarnation blood is like a roaring monster, which completely entangles it.

The little old man's body trembled and trembled violently.

But the spin suddenly loosened.

His eyes became dim.

On the other hand, ye Chen absorbed the energy of the chaotic ancient tree, and his eyes became more and more divine.

Looking around, the golden light was so prosperous that it was almost going to penetrate the world.

At this time, he finally controlled the power of chaos!

With a light drink, ye Chen opened up an independent space in front of him.

The power of chaos, like clouds, scattered and gathered, slowly condensed into a cloud.

The chaotic power in that place is getting stronger and more condensed, and almost all of it is about to form a substantive liquid.

Tick.

Tick.

That mass of liquid, exuding Yingying brilliance, as white as jade, makes people salivate.

The drifting clouds gather into the shape of flowers, bloom slowly, and become a clear spring.

At a glance, you will be attracted by the clear spring.

At first glance, it looks ordinary, but when you wait and see, you will find that the clear spring contains magnificent energy and exists in a transparent form.

Ye Chen stood aside and stood for a long time. When the pool of clear spring condensed into shape and exuded majestic power, he opened the Yellow Spring Blue falling picture, rolled up a trace of reincarnation force, and slowly took out Shen Tu Wan'er's body!

Shen Tu Wan'er was wearing a black shirt. Even when she was pretending to die, she was slim and calm.

Ye Chen sighed slightly when she saw Shen Tu Wan'er.

If it wasn't for yourself, how could a beauty be like this.

At this moment, it is finally time for him to keep his promise.

"Today I will use the power of chaos to save you. From now on, I will never let you get half hurt!"

Ye Chen murmured, talking to himself, looking at Shen Tu Wan'er with a gentle color.

When the flowers bloom, you will live up to your beauty and your love!

His expression suddenly changed, and instantly exuded endless majesty. He controlled the chaotic power and poured down like a rainstorm!

The ancient chaotic tree suddenly burst into a brilliant divine power. The golden brilliance turned into a river and fell down into Shen Tu Wan'er's body.

Shen Tu Wan'er got up without wind, and her body rose slowly. At the same time, a thin black light appeared on her.

This layer of black light came in an instant and quietly. It had been hidden in Shen Tu Wan'er's body, dormant quietly and slowly devoured her essence and spirit!

The power emitted by the ancient chaotic tree has a natural restraining effect on the black light, so it is forced to show its original shape.

The black light seemed to be a ferocious beast. At the moment, it was distorted and had a fierce confrontation with the power of chaos.

Ye Chen took a step forward, murderous, and the chaotic ancient tree at this time also advanced with him.

The coming of powerful pressure aroused the anger of the black gas.

Chapter 7429

As the rune gradually took shape, the breath of Shentu Waner fluctuated more and more strongly.

The last ripple, like water waves, was absorbed and entered Shen Tu Wan'er's body.

A moment later, her fingers moved, and then she slowly opened her eyes, with some confusion in her eyes.

"Wake up? How do you feel?"

Ye Chen came over and asked with a smile.

Shen Tu Wan'er felt the surging power and suddenly understood what was going on. She looked up and smiled, "it feels good! Thank you for saving me again."

"Between you and me, you don't have to say such words. It's best to recover!"

Shentu Wan'er nodded heavily. Her eyes stared at Ye Chen and didn't want to move away. If there were no one here, she would have wanted to jump into Ye Chen's arms and tell her heart.

Next, Ye Chen introduced Sun Yerong and the three gods of chaos to Shen Tu Wan'er.

Of course, there is no lack of the greatest hero: chaotic ancient tree.

"Now that we have completed the task, we are ready to set out. It is not suitable to stay here for a long time."

Ye Chen said.

This space is connected with the chaotic Protoss. I don't know what means the chaotic Protoss will use.

The chaotic three gods turned into a soul and re entered the reincarnation cemetery.

Ye Chen came to this space with two women.

He didn't follow the way he came, but led to the other side according to the instructions of the chaotic ancient tree.

At the intersection of Chaotian Road, many human strongmen and divine beasts are still trying to break through.

They tried every means, but they still couldn't rush into the chaotic ancient city.

But at this time, the sky burst into flames, covering the whole sky, dyeing the sky like blood and red everywhere!

With it, there was another stirring breath.

It comes from silence and is born in desolation.

Just a few tens of breath, it has penetrated the immediate space-time constraints.

Countless people raised their heads one after another and looked into the far sky. A dazzling red was burning like sunset, as if to break through the whole sky.

Endless concussion breath poured down and filled the whole space.

Everyone's heart was shocked!

"What the hell is that? Can it cause such a vision?"

"I don't know! But it must not be ordinary!"

"I seem to have seen this smell somewhere!"

“.....”

Many voices of discussion sounded one after another, wondering and guessing.

But soon, the fiery Cabernet Sauvignon changed again.

The sun is winding like blood, but then a burst of golden light looms and breaks the sky!

That burst of golden light, like the rising sun, contains endless brilliance.

Majestic vitality fills the world, towering constantly, emitting a hazy sacred meaning.

Those people felt the concussion and were surprised one after another.

Those with profound strength, after meditating for a moment, look at the sky over there again, which is full of shock.

They seem to know what it is!

At another exit, ye Chen also stopped and looked back. They narrowed their eyes and looked at the red light like sunset glow, and the blood in their bodies also boiled.

"Is it coming so soon?"

Ye Chen muttered to himself.

He is naturally very familiar with this breath.

Reincarnation Heavenly Sword!

Not long ago, he was helped by the virtual shadow of reincarnation Tianjian. Now reincarnation Tianjian is born again. For him, I don't know whether it's good news or bad news.

Sun Yerong and Shen Tu Wan'er also felt the power of reincarnation.

"Reincarnation Heavenly Sword, but the purpose of your coming this time, don't you go and have a look?"

Sun Yerong asked.

Shen Tu Wan'er was very clear about ye Chen's attachment to reincarnation Heavenly Sword. She said, "go and have a look! You are the Lord of reincarnation. If reincarnation Heavenly Sword wants to find the Lord, it will follow you."

Ye Chen thought for a long time and then nodded.

"OK! Let's go and have a look!"

With these words, they hurried to the area where the red sunset was located at the fastest speed.

.....

At the same time, in the distant world.

The magnificent ancient palace, resplendent and majestic, exudes majestic pressure.

In the deepest part of the palace, a figure sitting on a futon suddenly opened his eyes. In his eyes, the light of pale gold flashed quietly.

This man is wearing linen clothes, simple and natural, but he is the first expert in the world: the feather emperor.

He also felt the breath from the lower world. There was no way. Who let reincarnation Heavenly Sword be the most powerful sword among the eight heavenly swords.

Once born, the heavens and all worlds will shake with it!

The ancient emperor Yu Huang has been paying attention to the progress of the Lord of reincarnation. Before the virtual shadow of reincarnation Sky Sword appeared, he felt it, but he was not completely sure at that time.

Now the real reincarnation Heavenly Sword is born, which is not good news for him.

To put it bluntly, the only person in the world who has the ability to stop him from dominating is the Lord of reincarnation in the future.

If the Lord of reincarnation gets the reincarnation Heavenly Sword, his strength will be greatly enhanced, and the Qi of reincarnation will rise to a higher level.

The atmospheric transporter is an existence that goes against the sky.

If ye Chen's Qi luck is strengthened again, I'm afraid he will surpass everyone in the heavens and reach the unprecedented top level.

"Lord of reincarnation, Lord of reincarnation, your rising speed really amazes me, but as of today!"

The Jade Emperor's eyes were cold, and his killing intention emerged.

With a wave of his hand, several lights flashed out and summoned several men.

The men stood outside the palace, on one knee, waiting for the order.

"Listen, go to the lower world this time. No matter what price you pay, you can't let the Lord of reincarnation get the reincarnation Heavenly Sword!"

The ancient feather emperor is still in a closed state, and his body forms a nine way cycle of Zhou Tian.

Every Sunday is a layer of starry visions. Ordinary people will indulge in it and can't get away.

Those who listened to the order outside were the talents valued by the ancient emperor Yu Huang and the soldiers of the shadow legion of the wanxu temple.

The shadow Legion can also be called the guards around the ancient emperor Yu Huang. Every member of the Legion is widowed and lonely.

Widowhood and solitude means cutting off the connection with heaven and earth and no longer melting into the road.

There is no family, no friendship, and there is no possibility of becoming a God. The upper limit of strength is there. It can't be broken, but it won't be too bad.

Almost all the shadow legions under the Emperor Yu have the strength of the emperor, and their martial arts are also extremely powerful. Among many talents, they are also powerful Tianjiao. In the supreme world, they can destroy everything in the blink of an eye in the face of the emperor's monsters!

Chapter 7430

Such a powerful fighting force can push everything horizontally when you come to the lower boundary.

In the past, the emperor did not want to send out more shadow legions, but now the situation is forced, so he has to do it.

If the reincarnation Lord really gets the reincarnation Heavenly Sword, he will start the reincarnation heavenly way and speed up the pace of hegemony.

When he arrived in the world, he was not sure that he could clean up each other.

"The shadow legion, listen to my orders and go to the lower world to prevent the reincarnation Lord from getting the reincarnation Heavenly Sword. If you have a chance, kill him without leaving any room."

The indifferent voice of the feather emperor sounded and gushed like ten thousand magic sounds.

The soldiers of the shadow Legion were wrapped in darkness, with only scarlet pupils exposed.

All their life, they only fight for the feather emperor!

Bending down is their compliance with the instructions of the feather emperor!

After receiving the order, several leaders of the shadow Legion left slowly, hid in the dark and disappeared.

After the soldiers of the shadow Legion left, several young heroes of the feather emperor family came outside the hall.

Compared with Yu Huang Qingshu and Yu Huang breaking the army, these young heroes are more powerful. They have been in a closed state and impact a higher level.

Two men and one woman, both of them have extraordinary bearing and are in high spirits.

The invisible breath catches people's heart and soul.

However, no matter how arrogant Tianjiao is, he can only bow his head and submit to the emperor.

"See your majesty!"

In the hall, there was a faint response from the Emperor Yu Huang.

Then came the command.

"I ordered the three of you to go to the lower boundary to assist the shadow army and win the reincarnation Heavenly Sword. The Qi power of the reincarnation Lord is very strong and it is difficult to kill by ordinary means. Remember, if you have the opportunity, you must use the unique skill of the temple to kill him!"

The expression of the three people was shocked by the words of the feather emperor.

The so-called unique skill in his mouth is a taboo means that has been sealed. Although it is very powerful and powerful, it will also cause immeasurable loss and damage to users.

Now the feather emperor said this, and they could not refute it.

Only bow your head and say yes.

After several young talents left, the palace where the feather emperor was located was silent for a long time.

After a while, a slight sigh came.

"Lord of reincarnation, Lord of reincarnation, are you really the doom I hit? Except you, the emperor can't be the emperor. This time, no matter what means, the emperor can't let you get the reincarnation sky sword, even if you destroy it."

A moment of self talk gradually fell, and the whole hall fell into silence again.

.....

At the same time, another place.

In a mysterious area thousands of miles away, the breeze blows, the waves ripple, and the fragrance of birds and flowers is everywhere.

There are clouds flying in the sky, which are relaxed and rolling, rendering the sunlight into colorful colors, especially gorgeous and moving.

Under the clouds, there was a beautiful woman standing and sitting.

The country and the city, the supreme posture.

Heaven and earth move, years stop.

Even the most beautiful thing in the world can't describe her beauty.

Just the back is enough to make countless people in this world crazy. Both men and women will fall for it.

It seems that she has been practicing for a long time. She stretched her body and picked flowers at will. With only a slight move, she became integrated with the world and was very harmonious.

However, the beautiful figure suddenly stopped before it relaxed for long.

When she looked back, her face, which was carved like a gem, gradually lost her smile.

"Reincarnation Heavenly Sword?"

She opened her mouth coldly, and her eyes seemed to penetrate countless empty spaces and reach the central battlefield of the lower world.

When she looked back, her eyes had become indifferent.

"This little guy can make reincarnation Tianjian born ahead of time, and he seems to control some power in the chaotic years? The situation is beyond his control..."

"In that case, you don't have to get this reincarnation Heavenly Sword."

When she raised her eyes again, the divine power belonging to the goddess suddenly revealed.

The person who practices quietly in this place of singing birds and fragrant flowers is now the supreme ruler of the wish god religion, the supreme daughter of heaven.

She talked to herself, and then she walked out of the mysterious and beautiful world.

When she stepped out of the psychedelic space, the scene around her changed rapidly.

The fire set the prairie ablaze with ferocity.

On the barren land, there are terrible cracks everywhere, and the extremely hot magma is pouring out from under the ground, surging fiercely and beating constantly.

No creature can survive in such a place!

However, if you look carefully, you can find that each crater has a hazy divine light, entrenched on it, motionless as a mountain.

Among those divine lights, there are human figures who sit with their eyes closed and practice.

These people are members of the wish god religion and have extremely strong potential.

That's why the supreme goddess put them here and put them into the divine light for cultivation.

No one could have imagined that the world's newly rising super power, the desire God Religion, would place the sect on such an occasion.

This barren volcanic area is rarely set foot on weekdays.

Not everyone can refine the power of fire crystal!

Those who touch it easily will die suddenly.

But the heavenly daughter is not worried at all.

Because in the deep underground, she has placed the wish fairy pool. All the molten slurry has been quenched in the fairy pool and will not harm the people above.
