

Physician 7431

Chapter 7431

On the contrary, the burst molten power will also bring many cultivation benefits to people.

The Empress Dowager gently touched the light of a rising fire, reached high into the sky, stretched out her jade finger and lit it again in the empty air.

At this point, the void was rippling, even though two groups of people wrapped in flame appeared in front of her.

The Empress Dowager was shrouded in radiance, holy and beautiful, almost perfect.

While her palm turned, it radiated Yingying brilliance, and everyone present had to worship it.

It is a kind of worship and worship that arises spontaneously from the depths of the soul, which is irresistible and exudes strong personality charm.

This is the case with the Empress Dowager herself. After she withdrew from the wanxu temple, she quickly established the desire cult. In just a few months, she attracted many strong people.

In addition to the team she had already established, all kinds of casual practitioners, demon practitioners, and demon people all vowed to join the wish god religion.

Among them, there are many powerful emperors who have been dominating the world, did not bow to others, and disdained to join the wanxu temple, but now they are willing to become servants of the supreme fairy and work for them.

After many years of development, the wish god religion has become a giant that can compete with the wanxu temple. In terms of its strength, it is above the top ten families.

The idea of "spiritual law" of Tai HSI is to make her any idea, which can be turned into an eye liner and scattered everywhere in the world of Tai Shang.

It has also established a powerful Skynet.

She can clearly grasp the trends of major forces and families in the world.

Therefore, the wish god religion does not worry about the destruction of its stronghold at all.

Even if the wanxu temple can destroy them once or twice, each time, they can perceive in advance and make coping strategies, which almost makes the other party return in vain.

Now, the woman of heaven has found the sacred place of fire, and has been able to tune out the spirit of the flame and the power of the hope pool.

This move shocked the people who joined the wish God Church one after another.

Especially those who claim to be the emperor's overlord, try their best to show that they are trying to get the favor of the supreme daughter.

And those who have made achievements and achievements often get the cultivation resources given by the supreme goddess to further expand their strength.

At present, the people who stay in this molten space are all the elites of the God of desire, roughly tens of thousands.

And that's only part of it!

Boom!

The burst magma rushed out wave after wave, which contained amazing energy.

The Empress Dowager waved and summoned. On the burst volcano, two light masses moved down at the same time and came to the Empress Dowager.

When the flame dissipated, two beautiful figures appeared.

One of them is Ye Luoer. She is wearing a white skirt and long hair. She is quiet and beautiful.

The other is sexy and hot, wearing a very short skirt, revealing a large area of white skin, which is extremely attractive to people.

Both of them gradually woke up.

Ye Luo'er opened her eyes. After seeing the supreme daughter, she quickly saluted and knelt down.

She returned to the supreme world last time under the escort of flying Thunder God.

But she did not complete the task given by the supreme daughter, so she was a little uneasy.

However, after coming back, the empress did not investigate, but let it enter the flame to be quenched.

After this period of cultivation, ye Luoer's injury was basically healed, and he also realized the power of different fire.

This part of firepower comes from the depths of the earth and is connected with heaven and earth. It can also be regarded as a part of the law of heaven and earth.

Ye Luoer didn't know the other person, but the smell from her body made her unable to underestimate her opponent.

"Ye Luo'er, Zhao Qingxian, you two have been ordered by me to go to the lower world to prevent the reincarnation Heavenly Sword from falling into Ye Chen's hands!"

The supreme lady gave a faint order.

Hearing this, Ye Luo'er shocked her body and her eyes became flickering. But soon, she covered the brilliance in her eyes and whispered it.

However, the hot and enchanting woman, playing with her hair, looked at Ye Luo'er intentionally or unintentionally.

"My Lord, Ye Chen is what you call a rebellious man? He is also the lover of Ye Luo'er. Ye Luo'er has saved him many times."

Hot women don't avoid talking.

Ye Luo'er frowned when he heard this.

She doesn't know this woman, but why don't you open it now?

"You don't have to be surprised. Her name is Zhao Qingxian. She is one of my confidants trained outside. She has inherited the power of magic heaven's mind method. She is working for me this time."

The Empress Dowager said quietly.

"Yes, my Lord!"

Ye Luo'er lowered his head and answered.

"Remember, going to the lower world this time is to prevent the reincarnation Lord from getting the reincarnation Heavenly Sword, not take his life."

The supreme lady reminded again that she pulled out some flame power from the endless magma and poured it into them.

Zhao Qingxian's face was full of enjoyment and let these flames wrap himself.

And ye Luo'er also felt the power of the flame.

Mixed with the power of desire, it can quickly repair the injury in the body and enhance strength.

Zhao Qingxian took the lead in flying up, stepped into the void channel formed by the flame and went to the lower boundary.

And ye Luo'er followed.

The Empress Dowager looked at Ye Luo'er's back and smiled mysteriously.

"Luo'er, I'm not the only one to send people this time. I'll see if you can stop those people."

The voice of the heavenly daughter gradually drifted away.

.....

In addition to the supreme world perceiving the power of reincarnation Heavenly Sword, the power of the lower world also perceives it.

In the dark forbidden sea, the demon ancestor sat on the skeleton throne. He opened his magic eyes and slowly looked at the void.

"Reincarnation Heavenly Sword... Is it finally here? Hehe, in that case, it's my old alliance!"

Without a thought, the demon ancestor summoned people to come here.

Two of the sixteen star beasts got the demon killing order given by the demon ancestor Wutian.

"There is only one task you go to this time. That is to seize the reincarnation Heavenly Sword. Don't let it fall into the hands of the reincarnation Lord. In addition, look for opportunities to kill the reincarnation Lord!"

The order of the devil's father rang through the whole hall.

Even if a few Bodhi demons flew out quickly, they became one with them.

"Yes, Lord Mozu! We must live up to our mission! We have successfully completed the task!"

After the two star beasts left, they went to the general altar, took men and horses, formed a violent wind and rushed to the lower boundary.

.....

The whole world of the heavens seemed to be shocked by the golden sun. The golden sword, bright and holy, hung in the air like a brilliant star river.

Chapter 7432

In all directions, the wind and clouds are surging. Almost in a few days, many people have gathered.

They all rushed away in the direction of the surge of light, and stepped through the void with vigour and vitality.

At this time, the whole heaven and earth had a violent vibration. The turbulence caused by that space spread to the whole starry sky, causing chaos, cracking and illusions.

Reincarnation Heavenly Sword is one of the most ferocious treasures in the world. Its body is made of the Heavenly Emperor bone of the previous reincarnation Lord.

This alone is enough to make it one of the most powerful treasures in the world.

Therefore, once born, it can trigger monstrous visions.

Many strong people come here with admiration. With the power here, they break through layers of emptiness and come straight to this place.

However, where they go is not where the real reincarnation Heavenly Sword is located.

Reincarnation Heavenly Sword is not an ordinary thing. It's not so easy to find!

Although it emits an endless breath of reincarnation, it is only an unstoppable energy for a moment.

After that, the reincarnation Heavenly Sword hid its whereabouts and hid in the place of nothingness.

Those people rushed here with interest, but returned disappointed.

Ye Chen is the closest to here and travels the fastest.

He directly used the power of the virtual monument to tear the void and rush towards the sea.

The deep sea in his memory really emerged in front of him.

Wide and boundless, the waves roar. It seems that countless dragon shadows churn and suddenly splash, as if they can be transformed into boundless power in the next moment.

When ye Chen approached this sea area, endless waves blocked the sky and the sun, and it was like the end of the day.

Vaguely, ye Chen seemed to see a huge ancient dragon in the depths of the waves.

The dragon has five claws and scales, showing dazzling gold, simple and brilliant, as if it had come out of the famine.

And ye Chen looked at the past, and the dragon also found his figure. The two looked at each other, and their heavy pupils connected, and immediately opened countless thunder storms.

Boom!

The endless thunder storm exploded, swept out in an instant, spread tens of thousands of miles, and raised a huge hole in the bottomless sea area.

Ye Chen and the dragon were shocked by this force at the same time. Their pupils tingled and they immediately withdrew their mind.

"Good guy! I can't even look at my reincarnation heavenly eye directly without losing the wind. This is definitely not what ordinary monsters can do."

Ye Chen was surprised.

The two women who followed him did not find the giant dragon in the sea. They only saw the waves in the depths of the sea, and a vast breath exploded in front of Ye Chen.

"Are you okay?"

The two women asked in unison.

After that, the two women looked at each other and looked a little strange.

There is more vigilance and fear in the eyes.

The woman opposite is not simple! It's likely that he came to rob Ye Chen with himself. You have to be careful.

They both thought of it in their hearts.

They can see clearly each other's affection for ye Chen.

Ye Chen shook her head and her eyes became dignified.

The giant dragon hidden in the sea is definitely unusual and has self-awareness.

What kind of existence is it?

Is it a powerful creature hidden in the reincarnation sky sword?

Ye Chen had to put these thoughts aside and move on.

Shentu Waner and sun Yerong also knew that there might be great danger ahead, so they followed Ye Chen around.

"I have recorded in the ancient books of Shentu family that the reincarnation Heavenly Sword has existed since the birth of the power of reincarnation. In a sense, it is not the reincarnation Lord who

uses the reincarnation Heavenly Sword, but the reincarnation Heavenly Sword that guides the reincarnation Lord!"

Shen Tu Wan'er said with a look of memory on her face.

Ye Chen was a little surprised. He heard of these answers for the first time.

"Is there any other secret in this reincarnation Heavenly Sword?"

He only knew that this reincarnation Heavenly Sword was extremely precious and was made of Heavenly Emperor bones. As for other information, he didn't know much.

In other words, the Heavenly Emperor's bones offered by the previous reincarnation Lord are only a supplement to the reincarnation Heavenly Sword, not a creation!

Anyway, go and have a look first.

Ye Chen closed his eyes and used his reincarnation blood to feel the existence between heaven and earth. Soon, he locked a void channel in the sea.

That passage is illusory, hazy and psychedelic, and a little distorted.

Ye Chen opened the reincarnation heavenly eye, found the right entrance in that vanity, and came to the place where the vision broke out.

However, as he passed through that passage, suddenly, a magnificent and turbulent breath came to his face.

"Step back!"

Ye Chen said in a deep voice.

Immediately, the two women retreated with him and came thousands of miles away.

In front of them, countless waves turned into long dragons, hit the sky and blocked the way ahead.

And that large roaring waves, like groups of Warcraft, soared into the air, mighty.

Almost in a short moment, the whole sky was submerged.

Boom!

The place where ye Chen and others retreated was hit with a big dark hole, very deep, as if they could devour all the creatures in the next moment.

Sun Yerong snorted coldly. The waves in front of her couldn't be solved by Ye Chen. She could handle them alone!

When the green lotus divine sword came out of its scabbard, thousands of lotus flowers, shining with clear light, floated between heaven and earth one after another, forming a dreamy void giant lotus.

Chapter 7433

"Green lotus sword: three thousand Buddha Lotus!"

Sun Yerong used the Kendo magic power inherited from the green lotus fairy.

This magical power comes from blood and is inherited from the ancient road. It has gone through a long time. After the precipitation of time, it has become very harmonious and powerful.

"I'm afraid there's no room for your arrogance!"

Sun Yerong's long hair danced and rose up from the sky. He hung in front of the wanzhang green lotus and integrated with it.

The divine light on the green lotus turned over, and the petals were in full bloom. Each petal built a bridge in the void.

The stars in the sky change slowly, like a rainbow, into pure dazzling gold.

On each petal, a mysterious light emerges, vaguely hazy and unpredictable.

Ten thousand Buddha lights bloom quietly, and a huge Buddha statue emerges with towering divine power.

The integration of Buddhism and Taoism, endless wonderful rhymes bloom in an instant, setting off thousands of waves.

Ancient Buddhist scripts, mixed with esoteric Taoist runes, are sung and read in an instant, just like celestial beings chanting together, zither and Harp singing together.

The green lotus was completely suppressed. In front of the huge Buddha statue, the endless waves could not stir up even if they were surging.

After safely passing this level, sun Yerong recovered from sitting, and the Buddha disappeared.

"I can't see that you can absorb it so fast! You know the inheritance of the green lotus fairy, but it contains the supreme Tao rhyme. If you touch it easily, you will die if you are careless."

Ye Chen couldn't help asking in surprise.

Sun Yerong smiled and said, "maybe the Jianjia sword I practiced before comes from the same vein as the green lotus fairy, so it is absorbed and the difficulty is reduced a lot!"

"Good! According to this progress, I'm afraid you can break through soon!"

"If you hadn't saved me, I wouldn't have had the chance later. Everything started because of you."

Sun Yerong looked at Ye Chen with adoration on her face and made no secret of her admiration.

They talked one after another, and their words were full of relaxation.

However, Shen Tu Wan'er, who was on one side, was not happy, and suddenly snorted coldly.

Ye Chen was stunned. He was also aware of something. His body unconsciously gathered around Shen Tu Wan'er.

"Don't get so close to me."

Shen Tu Wan'er frowned and was quite unhappy in his words.

Ye Chen immediately had a headache.

It's really strange to be caught between two women and watch them compete and be jealous.

The three walked all the way. Since the reincarnation Heavenly Sword showed a vision, it no longer stayed in this sea area and reached a deeper place.

So they came to the second level, which had been separated from the area of the sea and became silent and boring.

"This place seems strange. You'd better be careful."

Ye Chen stepped into it first, but his feet just went in, it was like entering a swamp.

It was very sticky, and in a short moment, it seemed that thousands of insects climbed over and rushed towards him.

Ye Chen's expression suddenly changed. A fire of reincarnation lit up at his knee, and then burned down and burned the insects to ashes!

However, after those insects turned into fly ash, they quickly condensed and gathered into flying dragons about ten feet long, raising their heads and roaring.

And he quickly pulled his legs out and stared at the misty void with a dignified look.

After the insects were burned by his fire, they became more presumptuous.

"What's going on here?"

Ye Chen frowned and looked carefully.

This place seems to have become a taboo place. The viscous force is like a monster that can devour people.

Who would have thought that reincarnation Heavenly Sword could set up many checkpoints to stop the people who came to look for it.

"Let me come. I'm just a dream bug running out of the world."

Shen Tu Wan'er said slowly.

This dream bug is a kind of creature in the desire forest of the world. It is difficult to find the lower boundary.

Once entangled by this dream bug, the whole person will fall into an endless abyss of despair.

At that time, it will be slowly swallowed by the silent nothingness, slowly sink, slowly fall, until it completely dies and dies silent.

Tear.

However, Shen Tu Wan'er was not half afraid of this. Instead, she was full of fighting spirit. She seemed to know the characteristics of these dream worms very well.

"These guys will turn into Phoenix in case of wind and dragon in case of fire. Only by eliminating them with the purest martial power can they break through this level!"

Shen Tu Wan'er summoned Wu Wei's Heavenly Sword as she spoke.

"Ten thousand swords come out of the cage!"

Shen Tu Wan'er gave a low cry, then turned into a burst of streamer and rose into the air.

The Wuwei Heavenly Sword hanging in the middle of the sky also trembled rapidly, one point two, two points four, so superimposed, extremely fast and full of illusions.

The remaining power of those heavenly swords burst out, but they suddenly penetrated the void space and became extremely violent.

Wow.

The void space, which was thick and difficult to break, suddenly collapsed and disintegrated in a short moment.

Those insects struggled desperately, but to no avail, and were smashed by the mighty sword.

The space in front of me was finally restored to tranquility.

"Let's go! This is not a real dream bug, but a psychic creature virtualized according to the characteristics and form of the dream bug. It will recover its original shape again soon!"

Shen Tu Wan'er's words surprised Ye Chen and sun Yerong. They hurriedly followed her steps and left here.

When they flew far away and looked back again, the clear sky became gray again.

"The power of reincarnation Heavenly Sword is really terrible!"

Ye Chen couldn't help sighing.

Shen Tu Wan'er then said, "maybe there are more obstacles ahead. We have to go quickly. Once there are more people, it will be difficult to do things."

Ye Chen also thought so.

So several people moved forward again and did not encounter similar obstacles and threats.

It seems that with the current strength of reincarnation Tianjian, it can only arrange two taboos.

No more!

They crossed the void and finally came to the bottom of a starry sky.

This starry sky is not the real universe, but the void space constructed after the change of the surrounding environment.

Several people looked at the starry sky and looked around. Ye Chen felt it and directly summoned Longyuan Tianjian to instill reincarnation blood into it, pointing to an unknown direction.

At the same time, at the end of the starry sky, a vast star gate slowly emerged.

The heart door is like a world of gods and demons, with God chains winding and clattering, like a door of heaven's wrath.

Chapter 7434

Boom!

Endless golden lights burst out from the door of samsara and filled the sky in an instant.

Ye Chen's expression is one of Lin.

Because he noticed a burst of breath, slowly recovering.

The breath was as like as two peas that he had seen when he entered the sea.

It turned out that the dragon was hidden here.

The huge dragon eyes are entrenched in the depths of the starry sky, one after another, which is very shocking.

"What exactly is the origin of this dragon?"

Ye Chen frowned and thought.

Just when he was about to shoot, the blood dragon in the Longyuan Heavenly Sword suddenly appeared and jumped into the air.

"Master, this guy is challenging us! He is the golden dragon of reincarnation Tianjian, but he doesn't think you are qualified to take charge of reincarnation Tianjian!"

"And he also told us that anyone who dares to spy on the reincarnation Heavenly Sword will be killed by it!"

When the blood Dragon said this, he became angry.

"Oh?"

Ye Chen picked up his eyebrows and didn't feel too angry.

Reincarnation Tianjian has been in charge for a long time, and it is understandable to have a trace of self-consciousness.

But this dragon is really arrogant.

"Master, let me teach this guy a lesson, or he won't know heaven and earth!"

The blood dragon suddenly hummed.

Ye Chen was silent for a moment, immediately nodded and agreed.

The Golden Dragon on the opposite side roared up to the sky. It hid in the door of reincarnation. The void behind it turned into countless dragon shadows. It roared in unison and shocked nine days.

WOW!

It's like thousands of troops and horses stepping on the ground. Those magical dragon virtual shadows come one after another without stopping.

The claws of the heavenly golden dragon also turned into a huge shadow, breaking through the sky and disillusioned.

For ordinary people, this blow is fatal enough.

Because this move, carrying the hot power of reincarnation, rushes forward, which people can't stop at all.

Ye Chen was stunned for a moment. As the Lord of reincarnation, he has always crushed his opponent with the momentum of reincarnation blood.

But he did not expect that one day he would be threatened by the power of reincarnation.

For a moment, he didn't know whether to cry or laugh.

However, the blood dragon noticed the samsara breath contained in it, but laughed up to the sky.

"I'm a community of reincarnation destiny, and I've merged with it. Do you want to use reincarnation power to deal with me? It's just wishful thinking!"

"Wanxiang heavenly book, come out!"

The blood dragon does not allow anything else to provoke the dignity of the Lord of reincarnation.

Since a creature wants to provoke, it will fight back with strong means.

For reincarnation, there is no strongest, only stronger.

Even the most powerful enemy can't stop the progress of reincarnation.

The blood dragon's body expanded rapidly, not to the point of terror, but the muscles on the dragon's body were high and high, making it look like a dragon blood warrior!

The scales of its whole body have changed a lot.

Bang!

Bang!

Change takes shape in an instant.

Those scales turned and opened, shooting out thousands of golden awns!

The endless vastness of breath, filled between heaven and earth!

In the void, the golden light is brilliant, the Tao rhyme is light, and a blood line spreads and spreads, blooming in an instant.

When the breath of the book of ten thousand faces turned out, the arrogant and cold golden light holy dragon finally changed a little.

The dragon's eyes hiding in the door of the void appeared a long lost surprise.

It may not understand the existence of Wanxiang heavenly book, but it must be able to detect the terrorist power contained in it!

The blood dragon has taken charge of Wanxiang Tianshu and refined it into its original power. Although it hasn't been done for some time, Wanxiang Tianshu is nourished and formed in its body and becomes more powerful than ever.

Wanxiang Tianshu is the supreme magic weapon second only to Wuxiang Tianshu. It is integrated with heaven and earth. Since ancient times, those who take charge of Wanxiang can take charge of senluofuhua in this world.

Such a terrible ten thousand phase heavenly book has attracted the power of heaven and earth at this time.

The blood dragon just tried his best to stay where he was, and the longan was indifferent, like the king, looking down on each other.

Boom!

All the universal forces are condensed at its dragon horn. At that moment, they suddenly burst out, broke through endless time and space, and broke all kinds of laws.

Boom!

Ten thousand phases flow and the stars surge.

Although the golden light was very bright, it all became nothingness in front of the offensive transformed by the book of heaven.

The Wanxiang heavenly book, like a bright sky and earth, covers the sky and the sun, covers the light of space, and then turns into a giant palm, directly compressing all the golden light blooming by the dragon!

The blood dragon's claws are mixed with pure reincarnation power, as if it sounded ten thousand heavenly bells, vast and solemn.

Even ye Chen couldn't help retreating two steps, and his look became a little surprised.

The blood dragon's strength is advancing by leaps and bounds. Even he should be amazed at it.

You should know that the blood dragon controlled the Wanxiang heavenly book at the beginning, and can play a powerful force at hand, but it is still limited by the law of nothingness.

Now the blood dragon has become the supreme king of all aspects, breaking through the prohibition of nothingness and truly reaching the peak of the world!

Even though the Golden Dragon radiated incomparable power, compared with the Wanxiang heavenly book released by the blood dragon, it was like a small Witch seeing a big witch.

The difference between the two is like a firefly to the bright moon.

"This... Is this your pet dragon?"

Shen Tu Wan'er's eyes widened and she had not recovered from the shock.

This is too exaggerated!

Chapter 7435

Shentu Waner originally thought that they needed their joint efforts to crack the Golden Dragon.

But now it seems that it is not necessary!

Only by fighting against the dragon can the dragon have a chance.

Sun Yerong was shocked to speechless when he saw the blood dragon burst out such power.

She once saw the blood dragon, but it was far less powerful than it is now!

It seems that with the growth of Ye Chen's strength, even the magical powers, treasure skills and parasites around him have been greatly improved.

The Lord of reincarnation controls the heavens, carries all things and operates the futu.

This is true!

However, after hearing this, the blood dragon seemed a little unhappy. It turned around and looked at Shen Tu Wan'er discontentedly.

"I'm not a pet dragon! I'm the first dragon in heaven and earth, the godless king of the dragon family in the world. When my master reaches the top of the world in the future, there will be my divine glory in the world!"

At this point, the blood dragon raised his head and looked arrogant.

This arrogance comes from following the Lord of samsara.

It is very clear that without the Lord of reincarnation, it is nothing today.

It is completely different from the breeding of thousands of divine dragons.

It began in Huaxia river city, a waste among the people who have been in blood debt and disappeared for five years!

Five years later, his killing intention and blood intention contained in Ye Chen.

He became strong with Ye Chen's war and the change of Tao heart.

He has no entity, and ye Chen condenses the entity for him step by step and absorbs the opportunities of countless peak dragons!

Even the sky dragon soul!

The blood dragon knows that his strength is not innate.

But step by step, the result of living to death and standing after breaking!

Boom!

The blood dragon didn't even turn his head back. The golden light crushed by the Wuxiang heavenly book turned into ashes in an instant and completely collapsed. The Golden Dragon hidden in the door of samsara also became depressed and bleak.

The majesty of the book of ten thousand faces cannot be resisted!

"The blood is in the sky! The devil cloud is doomed!"

The blood dragon whispered, like a muffled thunder, and spread everywhere. In an instant, it condensed a sea of thunder!

It raised its claws and slapped hard. It only heard a loud bang. The endless blood burst into dust and scattered the remaining golden light!

The laws of the sky in this place are broken and reduced to powder.

And ye Chen looked at all this and nodded with satisfaction.

He attached the blood dragon to the Longyuan Heavenly Sword, absorbed a lot of energy all the way, and opened the road of counter attack from then on.

In this way, he also complemented and formed with the blood dragon. They supported each other and eventually transformed into a powerful existence!

The blood dragon is perched in the sky. The blood light is condensed into armor and attached to the dragon body. It is as majestic as the sea.

As the Lord of reincarnation and the master of the blood dragon, ye Chen stood quietly behind, his hands around his chest and looked indifferent.

The war is under his control, so he doesn't have to make a special move.

This man, a dragon, a master and a servant sent out the blood light and divine power, which made thousands of dragon souls tremble and dare not move, and could not afford to fight again.

War is a dead end!

Click.

The sound of fragmentation sounded slowly.

It was the golden dragon eyes hidden in the door of samsara that dissipated slowly.

The other party finally couldn't bear the invincible pressure brought by Ye Chen and blood dragon, so it dissipated into dust, disappeared into powder and no longer existed.

After the golden light retreated, the door of samsara showed its original appearance, which was covered with ancient symbols and words, shining slightly, just like the mark of ancient times.

As long as future generations explore, endless treasures can be excavated.

And ye Chen faintly gave birth to an induction connected with this door.

"Let's go in!"

When the blood dragon returned to the Heavenly Sword, ye Chen and the second daughter planned to start and enter the door of reincarnation.

But just then, in the distant sky, several human figures slowly emerged.

Then came a sinister laughter.

The voice was sharp and harsh, hiding an extremely violent chill.

It was in this short moment that a large number of people appeared in the distant sky.

When the voice came out, it was greatly suppressed.

Ye Chen and others raised their heads one after another, and their eyes changed in horror.

Someone is lurking!

"These guys... Are really cunning! Hiding in the corner is like a mouse in the gutter!"

Shen Tu Wan'er was not polite when she spoke. She raised her powerful Heavenly Sword. In an instant, the majestic sword exploded and blocked all the people's routes.

But for them, it's just a mild attack!

"Still trying to stop us? It's wishful thinking!"

Those who stand in the void are forces gathered from all directions.

There are demons and demons, practitioners of all races, elders and deacons of all major sects.

They coveted the reincarnation Heavenly Sword.

Even if some people don't know what it is that releases unparalleled power, it doesn't prevent them from getting involved.

If these guys unite, they will form an extremely powerful force.

But that's all! Sooner or later, these guys raised their weapons and rushed over. Suddenly, the overwhelming training came like a raging tide.

Boom!

The blue divine lotus took the lead in blooming. Almost in a short moment, it condensed into a great offensive.

Rolling like tide, waves like waves!

The attack of those people was so powerful that almost in the blink of an eye, it was filled with half a void.

However, for Shen Tu Wan'er and sun Yerong, they are just bluff.

"A mob without diamond wants to do porcelain work. It's wishful thinking!"

Shen Tu Wan'er snorted coldly, raised the powerful Heavenly Sword in her hand, and killed the time to chop down.

Boom!

The whole space has been split into a huge gap, towering and magnificent, starry.

Under the frightful arrogance, he turned into a strong meteor and cut off the attack formed by those people in an instant.

Bang!

Those who rushed to the front looked majestic and unstoppable.

However, when the sword power of Wuwei Tianjian came, it became extremely overbearing.

Destroy the withered and decadent, and forge ahead.

Almost in an instant, Shentu Waner killed half of the invaders.

Those people, dead or injured, fell one after another and became extremely flustered for a time.

At the same time, sun Yerong on the other side also waved the green lotus sword in his hand.

It swept like a hurricane.

The offensive launched by the two women broke all those people in an instant.

A group of people who were still arrogant and flaming immediately scattered everywhere, defeated and fled.

How can I fight!

"You are so vulnerable, what face do you have to compete for the treasure?"

Chapter 7436

When sun Yerong spoke, he was merciless and made a direct mockery.

The faces of the group were slapped and embarrassed for a moment.

At this time, they realized that the gap between themselves and each other could not be made up by the number of people.

As a result, those people ran away, one by one, and quickly hid in the distance.

They know that the true Lord has not yet appeared.

Sure enough, after waiting for less than half of the incense, the phantom in the depths of the void slowly wriggled, and a dark shadow emerged.

That dark shadow, after splitting, turned into several illusory shadows.

Those shadows stand in the sky, but they are independent, as if they were not disturbed at all.

They seem to come from another time and space.

"Who is this? I don't seem to have seen it before."

"I don't know. Is it the power of the world? Why haven't you heard of it before?"

"No matter where he is! Just come out and deal with these two women! Take them down for me!"

“.....”

The voices of discussion rose one after another, and those people were shocked when they saw the unusual smell of these dark shadows.

They raised their hands and feet and shouted loudly.

But no one recognized it. Where on earth did this come from?

Until those dark shadows appeared completely, the people were surprised.

Because they are like messengers from hell, holding black sickles, chains spread out at the handle, wrapped around their hands, mysterious and cold.

There was a cold frost all over.

When someone approached to observe, the people condensed by the dark shadows slowly turned their heads. The eyes under the shadow armor were cold and ruthless, as if they were the hardest ice in the world.

Murderous spirit is everywhere, invisible!

The onlookers quickly stepped back and scattered.

In the face of such cold eyes, they were immediately frightened.

It was the soldiers of the shadow legion, a total of eight.

These eight people are like evil messengers from Shura hell. Within kilometers around them, all the people are shivering.

Finally, two people stepped out from the depths of the void and sent out waves that shook the world and made people tremble.

"Is this the lower boundary? Even the air is so bad. No wonder those cats and dogs live here like frogs at the bottom of a well and can't see the broad world all day."

One of them said faintly.

His pupils are also purple, emitting brilliant majesty.

The other has long blond hair, and the pupils are also strong blonde, condensing an inseparable majesty.

The two are the two great talents of the feather emperor family.

Since their cultivation, they have been in the upper world and have never touched the people in the lower world.

Therefore, they despise the people in the lower world and despise them in their hearts.

These words aroused the glare of many outsiders.

"How do you talk? Since you look down on the people in the lower world, go back to your world!"

"Yes! There are many people who want to win the reincarnation Heavenly Sword, just the two of you!"

"How dare you look down on us? The strong dragon doesn't press the local snake. Do you understand? Believe it or not, we'll fight you back!"

People in the lower world shouted one after another. They were very unhappy with the two young people.

The blonde smiled faintly and despised it. He didn't care about the clamor of such people in the lower world.

The purple pupil boy exudes endless majesty!

His purple pupils are colorful and brilliant!

"It's just a bunch of mole ants. How arrogant are you? What qualifications do you have!"

The purple pupil boy was terrified and roared, and his momentum was like thunder.

This voice made the atmosphere of the surrounding space vibrate continuously, and condensed into ice in that short moment.

Reiki is like the ice of dream change. As long as it is at that point, thousands of thunderstorm ice flowers can be opened.

Boom!

Those foreign powers around were shocked by this breath. They couldn't help vomiting blood and retreating. They looked very shocked.

This guy's strength is so strong!

You know, this world will suppress the strong in the world!

They wanted to open their mouth and scold, but after seeing each other's cold eyes, the scolding words were swallowed back.

These two men are strong men from the upper world. They look arrogant and have great strength. They can't stop this breath alone.

Soon, someone found that the two young men had a purple and gold crest embroidered on their chest.

Outside the territory, there are naturally people who are familiar with the wanxu temple. Some of them became greatly surprised when they saw the two young people embroidering badges on their chests!

"This... This is wanxu... How is this possible!"

"No wonder they are so powerful..."

The pupils of those people vibrated.

They have practiced for a long time, and they also understand the hierarchy in the wanxu temple.

Among the many disciples of the wanxu temple, those wearing purple Taoist robes are the direct disciples of the Yuhuang family.

Such status is naturally noble, and you can get the true biography of the feather emperor.

But it is not the ultimate core!

It is said that some disciples of wanxu Temple take the armband on their chest as the symbol, which represents the most powerful power of wanxu temple. That is the real pride of the future!

However, those disciples practice in the sect and hide in the forbidden place. If it were not for the order of the ancient emperor, they would not come to the lower world!

Chapter 7437

But now they have come, which is enough to see the power of reincarnation Heavenly Sword. Even the wanxu Temple attaches great importance to it.

Zitong and blonde are the absolute core disciples secretly trained by the wanxu temple. In the future, each one will be a unique existence, which is more noble than the so-called true disciples.

Although the true disciples can get the inheritance skill of the ancient emperor Yu Huang, there are only a few people, not everyone has such treatment.

Most of the true disciples just sell dog meat by hanging sheep's head to improve their status. In fact, they are not eligible for the reward of their ancestors. It is even difficult to meet them.

The two core disciples actually inherited the inheritance of the feather emperor.

And everyone has his own characteristics.

The blonde smiled and looked at the two women with interested eyes.

"You two have good qualifications and strength. You can be my son's personal slaves!"

He was too lazy to pay attention to those people in the lower world because he liked the appearance and talent of sun Yerong and Shentu Wan'er.

Hearing that the man was going to accept himself as a maid, sun Yerong and Shen Tu Wan'er were stunned.

Their first reaction was to look at Ye Chen.

And ye Chen is also a little stunned. What are you looking at me for?

"You can try."

Seeing the people around him being stared at by others, ye Chen thought for a moment, then smiled and said.

The two women also smiled and retreated to one side.

This dignity should be defended by Ye Chen!

Seeing ye Chen stand up and want to be a hero, a look of disdain rose in the eyes of the blonde youth.

"It's just too true. Ha ha, it's really interesting. I don't know your low strength. What can you take against me?"

Blonde youth have an extremely powerful atmosphere and the greatest strength. Even in the whole world, they can be called first-class talents.

And the guy in front of him, with low strength, dares to challenge him?

Don't you make people laugh!

The purple pupil young man put his hands around his chest and laughed. Then he looked up to the sky and laughed recklessly.

"Xu rang, I remember that this guy is the weakest of all the people who challenge you. Are you sure you want to accept his challenge?"

Zitong said with a disdainful smile.

Even before they came to the lower world, the feather emperor told the Lord of reincarnation that it was difficult to deal with, but they still didn't take it to heart.

They are just friars in the real world. They are as humble as mole ants. How can they defeat their arrogance?

Now a look, they are more determined in their hearts.

The blonde smiled. The golden light behind him burned like a flame, climbed up to his head along his long hair, and formed a flame Dharma in the void not far behind him.

"Dou Zi Jue: Fire God demon emperor!"

In the eyes of the blonde youth, two demons gradually emerged.

The duel formula he used is the best way to kill in the world.

Ordinary disciples of wanxu temple can only cultivate this word fighting formula to a small level, and can't understand its true meaning.

At their level, through the personal training of the ancient emperor Yu Huang, they have mastered the duel formula perfectly.

And on this basis, derived their own perception.

The higher the talent, the deeper the perception.

For example, the blonde youth realized another supreme mind cultivation method from the word fighting formula, and condensed the Dharma phase of the fire god and demon emperor in the sea of Qi.

Of course, their perception can not surpass the original word fighting formula.

After all, Douzi Jue is a sharp weapon to kill logging. It has nine heaven magical powers and incomparable divine power.

It's just that these Tianjiao found a powerful skill that belongs to a certain stage, which can complement the orthodox Jiutian divine skill and double its power.

Boom!

The golden flame burst and danced. The blonde youth took a step forward. In a moment, heaven and earth moved around, and everything seemed to be burned.

Around the gate of reincarnation, the elders of the lower boundary sect and the figures of all factions felt a burning heat, and their bodies began to get hot.

They were so surprised that they quickly stepped back.

Only Zitong youth and the eight motionless shadow soldiers remained where they were.

However, when they retreated, they found that ye Chen and other three people also stood like a hill, quietly.

Sun Yerong noticed the vast and dangerous atmosphere and couldn't help looking at Ye Chen with worry.

Shen Tu Wan'er seemed very indifferent, so she stood aside and looked at him coldly.

She knows Ye Chen's strength very well. If anyone only sees his superficial realm and level, he will lose miserably.

The former disciples of wanxu temple were like this.

So is the Lord of the ruling.

Hong Tianjing is even more so.

Which of these characters was not far stronger than ye Chen under the circumstances at that time? But in the end, ye Chen overturned in the wind and the Jedi counterattacked.

In front of these two guys, I'm afraid they're going to suffer!

"I'll deal with them. You two try to open the door of reincarnation!"

Ye Chen preached to the two women. Then he went forward and held out his hand. The Longyuan Heavenly Sword appeared automatically.

For a moment, the blood light virtual shadow circled out, like a giant dragon opening its eyes, and the whole world was swept away by the fierce blood light.

"Then see whose flame burns more fiercely!"

Ye Chen raises his sword to the sky, the blood is shining towards the sun, and the golden scales are open!

Ten thousand rays of light suddenly broke through the clouds, turned into a hot sun and rolled down.

The void is fierce, the earth collapses, and this barren space seems to be completely reduced to ruins.

"Longyuan Tianjian: the sun is red and brilliant!"

The two breath were entrenched in the air.

A divine light burns and is majestic like the sea.

And another blood gas soared to the sky, overbearing and awe inspiring.

The two smells collide with each other, just like the dragon and Phoenix war in ancient times. The roar is more than enough. The power of the whole space is driven and turned into a fierce competition for a long time!

The blonde looked slightly surprised.

As a genius of wanxu temple in the world, he is already a strong man in the eyes of countless young people. Unexpectedly, there are mole ants in the real world who can be on an equal footing with him in momentum.

It was a great insult to him!

"Hum! See how long you can hold on."

With a cold hum, the blonde immediately waned and fell, and the divine fire, which was like a long dragon, fell boldly.

The whole void was charred and wavy.

The purple pupil youth stood aside, and his look changed slightly.

He thought that elder martial brother could sweep away the so-called reincarnation Lord, step on it and re-establish the power of the wanxu temple.

But now it seems that the so-called reincarnation Lord seems to have two brushes.

"The real strength of this guy is more than that. I can't see that such a person can be born in the lower boundary with thin aura."

Chapter 7438

The purple pupil youth stared at Ye Chen for a while and couldn't help saying.

The flame in the eyes of the blonde youth is burning more and more brightly.

He doesn't allow ants to hit himself in the face!

"Die."

He manipulated the fighting spirit all over the sky, rocked up into the sky and condensed into a huge long gun.

This long gun, like a flame living creature outside the domain, burns and never stops.

The power of Dou Zi Jue is mixed with fierce fighting and killing domineering spirit. It blooms all over the sky,

The young blonde cultivates the duel formula to a broken state. When he reads it, he can summon a strong fighting spirit for his use.

The endless divine fire entrenched in the air was provided by fighting spirit. It burned and continued, crackling and roaring.

The people around felt the fluctuation of fighting spirit, but they couldn't help shivering.

The power of fighting spirit is really very powerful.

The fighting spirit turned into a flame and burst out suddenly, earth shaking.

Even the purple pupil youth also retreated a lot of distance to avoid the attack of the blonde youth.

The fierce divine fire collided with the bright blood moon and made a rumbling sound, which spread rapidly and could be heard all the time.

The blonde youth manipulated the long gun, suddenly blasted down and aimed at Ye Chen.

The earth under Ye Chen's feet broke and spread for tens of thousands of miles, and even the black water poured out madly.

But ye Chen didn't panic at all.

He knows very well about the word fighting formula, and he also knows some weaknesses of the word fighting formula.

Douzi Jue is the world's top means of killing logging, but at the same time, it also means it's hard to control.

After condensing the burst offensive, the towering rotation can only move forward, not reverse or retreat.

Generally speaking, the powerful power emitted by Dou Zi Jue is enough to shake the enemy in place and can't move.

But is Ye Chen very human?

He had already expected this move. With a cold smile in his heart, he immediately mobilized his reincarnation blood. In the hot blood, there was a brilliant fighting spirit.

The divine light and the hot sun deadlocked for a moment, and then exploded.

Between the two, there was a gap in the realm of strength, so the fierce sunset was downwind, and then collapsed into dust.

But ye Chen flashed out at this time.

He turned into a strong wind and swept out in an instant without any stagnation.

Although Dou Zi Jue is powerful, it has such disadvantages!

If you don't reach that level, you can't have absolute palm power.

Taking Longyuan Heavenly Sword as his weapon, he cut out the sun and roared, offsetting most of the prestige of the blonde youth.

The rest was a piece of cake for him.

The blonde youth was full of confidence. He firmly believed that his move could completely defeat Ye Chen.

But heaven is not as good as man.

The violent shock wave spread, and even he couldn't see the scene completely.

The people around were blinded by the dazzling golden and red light.

Just as he was going to rush to the front and give ye Chen a fatal blow, suddenly, a figure flashed not far away, fleeting, very fast and unexpected.

The blonde had not recovered from his amazement, but there was a blood light before he met.

Bang?

It was Ye Chen's fist, wrapped in fierce blood red power, without any gorgeous and complex skills, directly smashed at the blonde youth.

The young man's look was suddenly chilly. Ye Chen's fist contained the meaning of extremely fierce Taoist power.

It can almost be said that it uses the power of pure flesh and has no connection with the avenue, so it is not limited by the rules.

The two fought each other.

The blonde youth used his body protecting power, and the blue light spread out and condensed into a shield and armor, just like a turtle shell, indestructible.

This is the defense treasure he carries: Turtle spirit armor.

"Although these magical powers and magic weapons are not among the top thirty-three days, they will never be weaker than any defense treasure in terms of power!"

For his treasure, the blonde youth is full of confidence. He is waiting to see ye Chen eat flat!

But the facts often surprised him.

When ye Chen's fist surged wildly, the tortoise spirit armor was greatly squeezed, and the mysterious power burst out suddenly, showing its divine power within an inch.

Bang!

The tortoise shell broke into pieces and flew around with the violent air flow.

Rao Shiyi's blonde youth responded quickly and had great strength. He couldn't resist such an attack!

Boom!

Fighting cattle across the mountain, the power of terror broke out.

Ye Chen's fist gathered unparalleled reincarnation power. At this moment, it seemed that six reincarnations had evolved, including the idea of gods and demons.

Like a broken kite, the blonde flew out and burst another layer of emptiness.

At this time, in Ye Chen's sea of Qi, the power of the virtual monument shook violently for a few times, which led to the vast power, tearing open a terrible crack in the void behind the blonde youth.

In an instant, it seemed as if a black hole vortex had been generated. The powerful suction exploded rapidly, and the mysterious existence appeared in horror.

It was a torrent of emptiness!

The billowing torrent from the depths of time and space swallowed it up and disappeared for a moment.

A moment later, the crack disappeared and everything returned to its former tranquility.

The whole wasteland was silent, and the needles could be heard.

Everyone was stunned at the scene and couldn't believe it.

From the moment Ye Chen flashed out to the moment he broke the blonde youth into the void, it was only a few seconds.

Chapter 7439

It was in this very short time that the war situation changed dramatically.

Zitong young man was also stunned. He stood in the air and was dumbfounded.

It's not just them.

Even Shen Tu Wan'er and sun Yerong, who were standing aside, were stunned.

The two women looked at each other. It seemed that they didn't expect that ye Chen could burst out such a powerful force!

They thought it would take a fierce battle.

Now it seems that ye Chen's strength is beyond their expectation.

After a moment of silence, the soldiers of the shadow Legion disappeared and hid into the void to find the trace of the blonde youth.

Ye Chen smiled and didn't say much. The blonde youth was driven into the void by him. He couldn't come back without ten days and a half months.

Even if you come back, you will be seriously injured.

After all, the void torrent is no joke. It is the turbulence that has appeared in the early days of the birth of heaven and earth.

Not limited by rules, independent of the way of heaven, even the stronger group of people have to retreat!

After the purple pupil youth reacted, the whole person's breath became very gloomy.

"You play Yin! Despicable!"

Two purple magic lights slowly appeared in the center of his palm.

"In that case, I won't play polite with you any more! Elder martial brother despises you, but when I come here, I will kill you!"

Say it sooner or later.

The figure of the purple pupil youth disappeared in place. When he appeared again, lightning flashed in his hand and the space collapsed in the blink of an eye.

Invisible power, crushed down, blocked the whole field.

What he practiced was the "formula of listing words" in Brahma's divine skill.

Among the opponents Ye Chen fought against, there were also some disciples of the wanxu Temple who practiced the formula of listing characters.

The original Yuhuang Qiulian was one of them.

Hong Tianjing is naturally the most powerful cultivator of the formula.

One of his fingers can split mountains and rivers, collapse into the sky, and the whole heaven and earth tremble.

If the word fighting formula ranks first among the nine word formulas in terms of lethality, then the word formula can rank second.

The formula of listing characters originated from the totem language in ancient times, evolved from the ancient pictographic language, and finally became a powerful move.

The formula of listing words that has really reached the supreme state can surpass reality, break through the law of the avenue and surpass heaven and earth.

However, since ancient times, it has been difficult to practice either the word fighting formula or the word listing formula. Only Hongjun's ancestor has perfected it.

Ye Chen once remembered that Hong Tianjing had used the formula of listing words, which forced him to the desperate situation of dying.

The power of that finger was like the fall of Tianfeng, and countless concussion breath rustled down, arousing thousands of waves.

Even the Qi machine in the depths of the void also rolled in.

At that time, ye Chen thought he was about to die miserably under the formula of listing words, and he was in some despair.

Finally, Shen Tu Wan'er saved him at a great cost!

As soon as ye Chen read this, he took back his mind and looked at the purple pupil youth.

The strength of the other party is almost the same as that of the blonde youth. They have practiced a word formula respectively, and both have derived their own moves.

"Lie Zi Jue: Thunder God hammer!"

After the Zitong youth showed the formula, he didn't stop, but tied his hands again to condense the spiritual power of his whole body.

When he practiced the formula, he got the feeling that it was a hammer made of cloud thunder!

This hammer is made up of thunder. As long as the purple pupil youth releases his mind, he can summon it, emitting a strong power of heaven and earth.

This is born in heaven and earth, stronger than the world, and has the potential to crush.

Boom!

In the sky above the wasteland, the wind and cloud changes, large clouds are torn open, and dark void channels connect the star domain.

From the rapidly expanding crack, thunder gathered and formed a rotating thunder cloud.

Almost solidified into substantive thunder slurry! It's terrible.

The thunder slurry slowly changed its shape, from irregular to purple thunder hammer.

The earth shaking thunder hammer has covered the place where ye Chen is. As long as you give a fatal blow at last, you can completely destroy each other!

At this time, the purple pupil youth put away his contempt. He didn't want to repeat the mistakes like the blonde youth.

Between the shots, suddenly Cheng Lei had no mercy.

"Let's see what is called the advanced means of the world! Compared with your rough attack technique, I don't know how many times it is!"

The purple pupil young man roared up to the sky.

The purple hammer came and suddenly filled the whole sky.

Roaring and stagnating.

The hot thunder force made everyone retreat again.

This time, Zitong youth strengthened his defense.

"Since you want to deal with me with thunder, you can try it!"

Ye Chen said with a mysterious smile on her face.

On the law of thunder, there is a chaotic God thunder in his body. He is not afraid of any thunder attack in the world.

More importantly, after recovering the thunder monument, I also have the divine pulse of Tianlei!

Although he has not yet studied the specific role of Tianlei Shenmai, it must be terrible!

Although this guy's thunder hammer evolved from the formula of listing words, it is still thunder in essence.

"His so-called thunder purple hammer is just a kind of superficial flashiness. It doesn't even touch the most fundamental origin of thunder. You can crack it as long as you attack it with divine thunder!"

In Ye Chen's mind, the voice of chaotic thunder emperor sounded.

The souls of several chaotic gods have stayed in the reincarnation cemetery since they woke up, and have not entered the sleeping place.

"I see!"

Ye Chen nodded and replied.

When he gathered momentum again, between his palms, the meaning of thunderstorm suddenly bloomed, mixed with a trace of chaotic thunder power.

This touch of thunder seems ordinary, only the size of a long knife, but the gorgeous blue flowing in the depths of the thunder is put in by the chaotic God thunder.

"Go!"

Ye Chen's palm gently held, and the flying thunder soared into the air.

Compared with the thunder purple hammer, this small thunder is like a firefly meeting the bright moon, which is not in the same day at all.

But the next moment, the two collide with each other, shaking up pieces of space ripples, lightning light, intertwined and burst out!

Dense and spreading, it has condensed into thunder flowers.

"What? Why?"

Zitong young man looked up at the sky, which was quite incredible.

The ultimate method he used was easily dissolved by Ye Chen!

"I really don't believe it!"

The purple pupil young man clenched his teeth and wanted to show the formula of listing words again, so as to summon the purple gold hammer.

However, ye Chen shook his head helplessly.

Chapter 7440

Young people, after all, are still too impatient!

"Do you really think the power of thunder is not enough? Wrong, some martial arts skills can't display the most powerful thunder moves just by studying and practicing hard."

"This time, you can watch."

Ye Chen stood faintly in place and bent his fingers. He saw the dark blue brilliance fleeting, as if it had penetrated from the distant void.

In the blink of an eye, it was like a divine envoy coming, blooming bright light, hazy and fuzzy.

Vaguely, all the thunders in the world have to listen to their orders.

Zitong youth suddenly felt unable to move!

It was a fear that surged up from the bottom of my heart and spread all over my body in an instant.

It's the first time he can't control such emotion after practicing for so long.

"This... What's going on?"

Purple pupil youth, full of horror.

The shadow soldiers watching the battle here also noticed something wrong. As the protectors of the two, they naturally can't stand idly by.

However, before they approached, the breath of the chaotic God thunder had erupted and pulled the purple pupil youth into it.

The thunderstorm whirlpool kept flashing, forming a circle of violent storms.

That is the devouring place pulled out by chaos God ray sola. No thunder can escape the control of chaos thunder.

As a lightning object born between Hong and Meng, it is mysterious and powerful. It is far beyond the enemy of ordinary people.

The chaotic space was torn. After struggling, it finally exploded.

The purple pupil youth and the two shadow soldiers all flew out upside down, staggering and unstable.

They're in there, badly hurt!

Zitong youth became quite embarrassed. His clothes were broken a lot, and his wounds were cut by fierce thunder.

At that wound, there was a dense force of thunder. Even if he used the power of the formula, he could not completely remove it.

The remaining four shadow warriors all looked like water, staring at Ye Chen with bad eyes.

"Don't waste time, you just go together!"

Ye Chen said with a smile. There was no half panic in his look.

Those shadow warriors are not fools. The two geniuses of the wanxu temple have broken halberds in Ye Chen's hands one after another. It has been proved that ye Chen has extraordinary strength and is far from being able to compete alone!

At this time, two waves appeared in the distant sky again, forming two void channels respectively, extending straight to the vicinity of the door of reincarnation!

Among them, two star beast generals were the main group, and many people from the old Alliance came one after another, bringing a rolling evil spirit.

Those guys or people or demons are mixed, but their strength is not weak.

The old alliance can be said to be the strongest force in several major regions outside the region and can compete with any top force in the world.

Therefore, the people of the old alliance will not have any fear of the people of the sect of the world!

"Tut Tut, didn't you expect that the people of the wanxu temple came in person and couldn't solve the problem? It seems that the name of the wanxu temple, the first door in the world of heaven, is not so worthy of its name!"

In the old League, a demon wolf headed by him said with a smile, and his words were full of ridicule.

His upper body is a wolf and his lower body is a man. He is strong and tall. He is terrible. He holds a big knife. He is majestic and invincible.

This man is the evil wolf of Tiansha among the sixteen star beasts.

The combat effectiveness of the demon wolf in this world is one of the best even in the command of the old alliance.

Therefore, the devil Zu wudian sent him out.

He also sent another star animal leader of the auxiliary system: Yao RI butterfly.

This butterfly was born in one of the most mysterious places in the starry sky: the forbidden valley of the universe.

Born with natural healing power, it can assist in treatment and remove toxins.

If the development reaches the peak, the vast Weili may make people reborn! It is equivalent to reversing the rules of the avenue and saving people from the depths of the nether world.

However, when the Obsidian butterflies developed to this vein, there were only a few left, all of which returned to the door of the old alliance.

In addition to the old alliance, two women also walked out of the starry sky.

Ye Luoer was in charge, followed by Zhao Qingxian.

In addition, there are more than a dozen strong desire deities who follow them to prevent Ye Chen from getting the reincarnation Heavenly Sword.

Zhao Qingxian is sexy and enchanting step by step. After her beautiful eyes looked around, she locked Ye Chen opposite.

"Are you the Lord of reincarnation? Eh, why is your strength so low?"

Zhao Qingxian completely ignored the others on the side and said in his own doubt.

Ye Luo'er stood quietly and looked at Ye Chen. He looked calm, but his eyes were as gentle as water.

Such eyes, she can only show to Ye Chen.

"Who are you?"

The evil wolf frowned and asked.

He had a lot of contacts with the people in the wanxu temple, but the man in front of him had never seen him before.

"Hehe, what does it matter who I am? Don't you come here to get reincarnation Heavenly Sword? Ten thousand steps back, even if you can't get reincarnation Heavenly Sword, you can't let the Lord of reincarnation get his hand, can't you?"

Zhao Qingxian opened her red lips and said with a smile.

After hearing this, people of many forces could not help nodding and felt that she was right.

The Lord of reincarnation is the biggest enemy!

Ye Chen has no expression on her face, but she sneers in her heart.

Is this all forces encircling themselves? Do you really want to block yourself from getting reincarnation sky sword?
