

## Physician 7461

### Chapter 7461

"This guy should have summoned the sword spirit of reincarnation sky sword! It will condense such powerful power in an instant!"

The evil wolf of Tiansha stood up with pain.

A butterfly danced behind him, emitting colorful light, turning into streamer, entering his body and being absorbed by it.

It's for him to recover.

But this time, the Tiansha demon wolf was hurt too badly. Butterfly Warcraft can only stabilize the injury for him for the time being, but can't cure it.

"Hum! From the beginning, he didn't intend to die with us and hurt both of us! He was always calculating."

Zhao Qingxian felt that his IQ had been insulted.

When she went to the lower boundary this time, she not only failed to complete the task, but also let the enemy take ye Luoer away.

I'm afraid that after returning to the world, the heavenly lady will not give her good fruit to eat.

Thinking of this, Zhao Qingxian was in a very bad mood.

The evil wolf of Tiansha is also extremely depressed.

He was seriously injured under Ye Chen's hand. He didn't say it, but he didn't get anything. He lost his wife and broke his army.

Purple pupil youth and blonde youth are scarred. They look very angry, but they have nothing to do.

However, the shadow commander, who has always been used to silence, opened his mouth at this time.

"Don't worry, even if he escapes from us, he can't escape the next blockade."

The words of the shadow commander immediately changed the look of the others. Soon, they figured out the key.

"Do you mean that other people have been sent to block?"

Zhao Qingxian thought for a moment and asked.

The dark night commander remembered the solemn tone of Mo Zu Wutian before he came to the lower world. In addition, when he was hiding in the void, he found the moving trace in the void, which was very perfect.

It must be the top strong who lurk all the way to observe the war. If they fail, there will be follow-up means.

"In that case, let's follow up and have a look!"

With these words, they led the troops out of the bronze hall and rushed out of the void.

.....

Deep in the empty space, there was a rumbling sound. A figure moved forward like a meteor, leaving ripples everywhere.

This person is Ye Chen.

He borrowed the last strength of the mysterious man, broke the void limit and shuttled out of the virtual monument.

At this speed, you should be able to get rid of the pursuers behind you.

Ye Chen thought.

Just then, ye Chen was stunned!

My eyes are cold and bloody!

His face is extremely ferocious!

It seems extremely painful.

"Unexpectedly, it appeared again at this time..."

Ye Chen was pale. What did he feel.

Suddenly tore his clothes.

The runes surge behind.

The bronze black coffin behind the dead end emerged, and the lines on it became clearer and colder.

During this time, he found that the so-called curse of abandonment did not hit himself.

He didn't care.

Now it seems that it's time to come.

At the beginning, he was infected with the desperate situation of his death, so he was destined to intervene in this matter.

The words of the dead and desperate spirit came back to his mind.

.....

"You have emptied the power of the guardian's inheritance and integrated it into the eight heaven chains to suppress the God coffin. The weak power of the guardian's golden seal is almost exhausted with the previous war with the evil killing emperor!"

"That's why I wake up!"

"If something goes wrong, I will completely bury the dead. I am a time bomb to destroy the God coffin. The inheritance of the guardian is broken, which is the time when I was born!"

"After a period of time, if the guardian's golden seal lights up again, the desperate situation may be alive. On the contrary, you and the desperate situation will die together!"

"In the previous World War I, the evil killing emperor took the power of some of your guardian's golden seal and completely suppressed it. This situation can be solved! Therefore, if you don't suppress the evil killing emperor, you will die."

.....

Ye Chen could feel the gold seal of the dead and desperate Guardian flashing a faint light.

If he doesn't suppress the killing emperor who escaped from the desperate situation of his death, he will die.

His reincarnation layout will end here.

He doesn't know the origin of killing the great emperor, but the other party's strength is very strong.

Even compared with the Tiansha demon wolf, it will be stronger.

It is extremely difficult to fight against the evil wolf of Tiansha, not to mention the existence that escaped from the desperate situation of death.

Just then, Huang Lao said:

"Boy, the origin of this thing is very hanging."

"At present, he is really hurting you."

"But I feel that the arranger behind the dead end is helping you."

"Although the so-called killing the great emperor escaped from the desperate situation of death, and the way of heaven could not kill him in those years, he was finally limited by the causality of the desperate situation of death. Now you are the guardian of the desperate situation of death, maybe it is not so difficult."

"What's more, you are now in charge of the reincarnation Heavenly Sword. Although you can't give full play to the most powerful power of the reincarnation Heavenly Sword, it is much stronger than before."

"The way of reincarnation is going against the sky."

When ye Chen heard Huang Lao's words, his eyes coagulated. It seemed that he had determined something in his heart and said, "thank you, elder."

"There is a certain connection between the desperate situation of death and reincarnation. Now that I have no choice, I will kill the so-called great emperor for a while!"

"But right now, I need to get out of here as soon as possible."

"Those people won't let me leave so easily."

Ye Chen settled down, sat cross legged and slightly turned the skill, then suppressed the things behind him.

But this is not a long-term solution.

After the state recovered, ye Chen stood up and put on a dress from the reincarnation cemetery.

Now the most important thing is to leave here with reincarnation Heavenly Sword.

Soon he came to the source of the starry sky. As long as he went out of this place, he reached a big world, from which he could directly return to beimangzu.

But at this time, ye Chen noticed a dangerous smell. Suddenly, the black air swept over, and the Yin wind kept whistling.

In the distant starry sky, the stars are bright and flickering, like thousands of roads floating and sinking in it.

Ye Chen stopped, not that he didn't want to move forward, but an invisible barrier appeared in front of him, blocking him here.

What's that?

Ye Chen immediately had some doubts.

But then he understood immediately.

A dark evil spirit emerged, and the void began to twist.

The evil spirit changed slowly and condensed into a simple and dignified face.

Demon Zu Wutian!

He finally showed up.

But this face is not the boundless body of the demon ancestor, but a divine soul.

Black inflammation transpiration, and then condensed into a black shadow.

"You still don't give up!"

Ye Chen looked at the shadow, his eyes narrowed slightly, and immediately said.

Chapter 7462

The evil ancestor Wutian must have manipulated some way secretly to attach his own shadow.

While ye Chen was thinking about how to avoid it, a murderous spirit emerged from the deep space.

Ye Chen was shocked immediately. He didn't have time to think more and retreated quickly.

This time, there was an old man with white hair.

That's the appearance of the feather emperor!

One front and one back, two virtual shadows blocked Ye Chen's way.

"Lord of reincarnation, reincarnation Heavenly Sword doesn't belong to you. You'd better hand it over so as not to get hurt later!"

The majestic and ethereal voice came from the depths of the void, roaring and spreading, leaving people nowhere to hide.

And ye Chen just raised his head, looked over there, and frowned at the same time.

He knew that the chase was not that simple!

It's not enough to send so many Tianjiao to shoot at yourself. There are virtual shadows in the dark.

These people pay too much attention to themselves!

The figure of the ancient emperor Yu Huang and the demon ancestor is as motionless as a mountain.

If ye Chen wants to escape from here, he must lead to the front.

For him, this is a difficult challenge.

Especially when the mysterious man's soul has dissipated.

Ye Chen frowned.

At the moment when he thought a little, the sky in front of him was violently turbulent.

The consciousness that Mo Zu Wu Tian had transformed didn't want to give him a chance to escape.

A dark evil spirit rolled in and burst out suddenly.

The feather emperor's hands were sealed and his eyes were slightly frozen.

Then, countless visions came.

The evil spirit is rolling and turbulent.

Ye Chen was only slightly touched, and was eroded by the strong magic gas, and suddenly shook in front of her eyes.

He quickly backed away from the evil spirit.

This breath is confusing. It is the origin of the evil way. It is very evil.

The evil ancestor had no sky and no expression. His eyes turned into hot magic pupils, burst out incomparable black gas, and his body was in a sea of blood.

Hell devil, Shura yecha, headless nose, all come out of illusion, extremely ferocious and terrible.

Through this black air, ye Chen's consciousness seems to penetrate this endless void and reach the depths of darkness.

That's where Jiuyou exists!

It seems that Mo Zu wudian also paid blood to deal with him.

Not far away, there is an ancient feather emperor watching the war quietly.

This war is dangerous!

Ye Chen stood in the void, looking at the scene in front of him, thinking about what to do.

Shen Tu Wan'er and sun Yerong rested for a moment in the picture of green falling and yellow spring, absorbed the original power of Cuizhu pool, and recovered very quickly.

They also felt the danger of the outside world, so they came out of the picture one after another.

Ye luo'er wanted to come out, but the heavenly daughter's prohibition was too great. She couldn't help at all.

Now.

Qinglian divine sword is on the left, and Wuwei Heavenly Sword is on the right.

The two momentum suddenly rose into the sky and protected Ye Chen.

Those two beautiful figures, now incarnated as the emissary of light, dispelled the black fog around the void.

However, the nine quiet world transformed by the magic ancestor Wutian became extremely blurred at the next moment.

Vaguely, the evil spirit was determined.

Even if two extremely powerful swords are in hand, they can't stop such evil Qi!

The monstrous magic Qi condensed into a quiet fire, as if it were a flame from the Jiuyou yellow spring.

"Lord of reincarnation, you can't escape today."

The devil Zu wudian has a separate body and looks very cold.

"Nine quiet fire: Blazing sky and Yan."

The evil ancestor vomited a few words faintly.

Ye Chen still wondered what the move was, but when Shen Tu Wan'er heard this, his face changed suddenly.

"It's... Blazing fire!"

Shen Tu Wan'er murmured and lost her voice. She was shocked in her eyes.

Ye Chen knew that the flame was very powerful, but he didn't know its specific origin.

Shen Tu Wan'er took a deep breath and said slowly.

"There is a mental skill in Jiuyou Heart Sutra, which can condense the original magic into flame."

"As long as this magic flame is released, the power of the whole Jiuyou yellow spring will be concentrated here! It will produce terrible power!"

According to Shen Tu Wan'er, the blazing Tianyan summoned by the demon ancestor Wutian is the most terrible and destructive skill in the Jiuyou Heart Sutra.

"According to the rumor recorded in ancient books, this wisp of magic flame is the birthplace of the inheritance of the whole Jiuyou Heart Sutra. All the Jiuyou forces behind it have evolved from it!"

Shen Tu Wan'er looked very dignified.

The faint fire in the void was burning more and more, but the people present didn't feel any temperature.

Instead, I felt a burst of cold, rising from the soles of my feet to my whole body.

The flame package seemed to constitute a boundless hell, eternal darkness, which had a great impact on their spirits.

If you are careless, I'm afraid you will be eroded by the hell fire and become a walking corpse.

"Steady your mind! You can't catch his way!"

Shentu Wan'er has seen many ancient books in the Shentu family, which records some magic skills and mental skills in the old times.

The Shentu family was also born at the turn of the old and the new times. After the boundless war of that year, there must be more ancient books left in the family than in the lower world.

Therefore, she also knows some ways to avoid the erosion of these hidden fires.

But now they have fallen into such a cage. If they want to break free, they must let their mind empty, wash away the lead and return to nature, so as to get rid of the shackles of the hidden fire.

Chapter 7463

Ye Chen clenched the reincarnation Heavenly Sword in his hand, and his heart was quite angry.

Reincarnation Heavenly Sword could have broken the game, but at this critical time, it could not play its complete power because of the lack of sword soul.

This is a great pity!

The key is that the tattoo behind the desperate situation of his death just dented him.

Fortunately, the chain didn't fall off at this time.

Otherwise, it is doomed to be killed by the layout of the demon ancestor Wutian and the feather emperor.

But even so, so what!

Life can't go well everywhere!

If adversity is unbearable, what qualifications does he have to become the Lord of reincarnation!

Those who can take charge of the six samsara are destined to suffer more than ten thousand people can bear!

Holding this regret, ye Chen showed a sword of water, and his look was very calm.

In the distance, the feather emperor's eyes flickered when he saw such an operation.

The main body of the feather emperor is in the supreme world, and limited by the rules of heaven, he can't lower his will and kill the people in the lower world at will.

Even if you force this point's will to break through the blockade and reach here, the power will be greatly reduced.

However, the devil Zu Wutian is different. He is already living in the dark forbidden sea. He has strong strength and can change a wisp of body at will. So far, he has mastered the rules of heaven and magic powers, which are much more powerful than his illusion!

The feather emperor thought for a moment, and then planned to stop fighting and wait and see its change.

If you can't win the reincarnation Heavenly Sword, you should also break it into the void until the next reincarnation appears!

Anyway, it can't fall into the hands of the Lord of reincarnation.

When the evil ancestor thought about the empty shadow of Wutian, the wisp of quiet fire had released the power of swallowing.

Once this wisp of Jiuyou ghost fire is released to the extreme, it can produce the power to destroy the sky and the earth.

Even if there is no birth, it can't cut off its cause and effect!

Ye Chen can assert that neither the wish sky star nor the Hongmeng starry sky can block this wisp of Jiuyou ghost fire.

This wisp of Jiuyou ghost fire, once cultivated to the highest peak state, can even lead to the power of hell from Jiuyou yellow spring.

The ghost fire at the peak is so terrible that almost no one can beat it.

Fortunately, at this time, only an illusion came, and there was no other original power.

Up to now, he can only try to use the extreme power in his body to break the endless disappointment.

He and the two women had the same heart, and the three agreed to urge the strongest moves.

Boom!

In the void, the three colors bloom, tearing the night apart.

On the water stop sword, there is a mysterious and distant breath. The way goes against heaven and earth and cuts through thousands of boundaries.

The surrounding space was squeezed out of shape, torn like pieces of paper, and endless storms took shape.

But this confrontation lasted only a moment.

The inexplicable fire entrenched in the air was like a giant beast devouring all things. It opened its mouth and swallowed the water stop sword wielded by Ye Chen!

The breath of nothingness disintegrated and disappeared in the twinkling of an eye, and ye Chen was also traumatized.

His chest seemed to have been hit hard, and suddenly collapsed. His whole body couldn't help retreating, smashing layers of void laws.

At the last moment when the fire came, he took the initiative to resist most of the forces. Therefore, Shen Tu Wan'er and sun Yerong suffered only a small part of the attack.

"Ye Chen!"

The two women flew out upside down. Seeing ye Chen suffering heavy losses in the silence, they couldn't help shouting.

And ye Chen is biting his teeth and holding on to the end.

The corners of his mouth were covered with blood.

The injury was extremely serious.

Even if he has reincarnation God body, even if his physical body becomes holy, he is powerless in the face of this level of existence.

Damn it!

The strength gap between him and the other party is too big. Even if he is only separated now, it is enough to suppress him and can't move at all.

The top power of the heavens and the world, just a shadow, is enough to produce a terrorist deterrent.

He vowed to stand at the top of the world and look down on the strong who once shot at himself, no matter what the price!

It's never too late for a gentleman to take revenge!

"Lord of reincarnation, don't struggle in vain. Since you want to win the sword of reincarnation, you have to plan to die."

The voice of the demon ancestor was extremely cold.

If he wants to complete the great cause through the ages, he must first destroy the Lord of reincarnation and remove the stumbling blocks on the road of rejuvenation.

On this point, he and the Jade Emperor agreed.

The enemy of the enemy can become friends for a short time at some time.

Therefore, in the face of this scene, the feather Emperor just stood behind quietly and was ready to take action at any time.

After all, the Lord of reincarnation, with great luck, cannot be erased by ordinary means.

But he and Wutian are also atmospheric transporters, and I don't know whether this combination of the two major air transports can surpass the so-called Lord of reincarnation?

Today, he joined hands with devil Zu Wutian to completely end this scourge.

"Take your life!"

The dark light surged in the eyes of Wutian, as if the supreme demon emperor, stepping on heaven and earth and swallowing mountains and rivers.

Even the way of nothingness, which represents the supreme power, can't resist such existence. After all, the strength gap between the two is too big.

In the face of absolute strength, any understanding of martial arts is futile, and all intrigues are vain!

Ye Chen clenched his teeth and supported hard. He could hear his bones rattling and would soon break!

Ye Chen summoned three heavenly swords, lying in front of him. Plus reincarnation heavenly swords, there are four, but he still can't resist such pressure.

Boom!

Chapter 7464

His body was badly shaken away, and he was almost involved in it by the flood of emptiness.

The black air all over the sky, like a demon coming, pours on my face.

Ye Chen has some despair in his heart. Is he really going to die here this time?

All along the way, he has been leapfrogging challenges and crossing many dangers, but he can't die at the last level!

Just then, the reincarnation cemetery hidden in his body opened.

A great figure emerged one after another, turned into a light in front of him, and resolved the threat of the abyss for him.

Ye Chen was stunned. Looking up, he saw three chaotic gods standing in front of him.

"Boy, are you okay? Can you get up?"

Chaos Yan Emperor is burning with fire all over his body. Even in his pupils, he is also bright.

But there was a smile in his voice.

Next to him, the chaotic thunder emperor almost changed his appearance and became the God of war. He was surrounded by thunder and dazzling light.

The chaotic wind emperor's body is wrapped with wind blades, which are extremely sharp and cut through layers of emptiness.

The actions of the three chaotic gods moved Ye Chen's look.

"Don't worry too much. If you die here, our fate will fall together. Although the opposite is strong, it's not a dead end at this time!"

Chaotic Leidi said slowly.

Ye Chen's heart moved. Is there any good way for chaotic thunder emperor?

"Although these two people are strong, they are still just a split phantom. They can't use the power of the main road of their body. As long as they summon the power of the main road that these two split bodies can't match, they can break it!"

The chaotic three gods have experienced a long time and have rich experience in cultivation.

Ye Chen chooses to believe their words.

"What should I do next?"

Ye Chen hurriedly asked.

Chaotic thunder emperor took a deep look at Ye Chen: "they will stop each other for you for a period of time, but it won't be too long. In this process, you have to use chaotic thunder to sense the heaven thunder that has gone away for thousands of years, and lead it out, so you can get out of trouble!"

"This is also the power for you to find the thunder tablet and awaken the divine pulse."

Hearing this, ye Chen immediately frowned.

Because the task is too difficult.

Chaotic divine thunder is a primitive thunder born with the beginning of heaven and earth and the Enlightenment of Hongmeng, which contains an incomparably powerful power of Tao rhyme.

Since ancient times, it has disappeared for millions of years, and now it doesn't even exist.

Whether it is in the real world of the heavens is still unknown.

Therefore, for ye Chen, this is a very difficult challenge.

But this is also the only way to break the situation.

Ordinary means are useless.

Only by breaking through the limit can we find a glimmer of vitality in all kinds of obstacles.

Sooner or later, chaotic Yan Emperor and chaotic wind emperor have made bold moves. They represent the original power of fire and wind in this world.

The fire swept through and the wind roared.

The sky and the earth are cracked and the sun and the moon shift.

This is the power of the chaotic God Emperor in ancient times!

The devil Zu wudian also had to stop temporarily, step back and look at the two souls that suddenly appeared.

"Oh? I didn't expect that there are such experts protecting the body around the Lord of reincarnation, but you two are in the state of soul body, and you can't fight me at all. In the end, you'll be dead."

After commenting on Wu Tian, Mo Zu shook his head.

The spirits of the two men were badly worn, leaving only the last trace of aura.

Even at the cost of burning the spirit, how about using the means against the sky?

In the end, it will disappear.

The feather emperor also sneered. He waved at will. At the far end of the sky, there were ten thousand dark clouds, which turned into a ferocious and terrible bat.

The chaotic thunder emperor rose in the air and suspended around Ye Chen. His palms were folded, and the thunder force burst out suddenly.

Boom!

A large concussion sound was heard, which wanted to drown people.

At this time, ye Chen mobilized the chaotic thunder in his body.

The little guy has a little self-awareness. At the beginning, he was naughty, but after ye Chen's training, he became much better.

Chaotic thunder emperor unleashed a small thunder in front of Ye Chen, which spread like a silk thread and burst.

And his momentum is extremely overbearing, as if he were the God in charge of thousands of thunder.

The thunder light in the void gathered here one after another.

One after another, it poured into Ye Chen's body, and the momentum was vast and continuous.

Those thunders, like the stars in the sky, glitter and emerge. The rumbling sound is deafening!

This is the thunder path of chaotic thunder emperor. It was born in the origin of heaven. At this moment, it broke out and thunder rolled.

However, all the chaotic thunder emperor did was to introduce the seeds of these thunders into Ye Chen's body. In this way, he can integrate with the chaotic divine thunder and find the heavenly divine thunder scattered in the world of heaven.

The ultimate form of chaotic thunder method is the divine thunder of heaven.

Ye Chen's consciousness was filled with thunder.

Next, he wants to find the legendary heaven God thunder with the help of the power of this chaotic God thunder.

Ye Chen's consciousness is no longer limited to this void. He seems to have become the God in charge of the world, floating on the sky and resonating with the stars.

There was a thunder light in the middle of Ye Chen's eyebrows, which flickered slightly. When he was urged by consciousness, it would turn into a streamer.

The whole sky in front of me became blue.

Looking around, it is boundless.

"Chaotic Tianlei, where the hell are you?"

Ye Chen muttered to himself.

Suddenly, the thunder condensed into the shadow of Dharma, emerged and floated in the air.

With the help of thunder irrigation body, ye Chen's momentum became extremely majestic.

The consciousness he occupies consumes a lot.

If we can't find the location of chaotic Tianlei quickly, I'm afraid it will be unsustainable.

A trace of panic flashed in Ye Chen's heart.

But the more we wait, the less we can worry.

He forced himself to calm down.

"Calm down, you must calm down! Otherwise, divine consciousness cannot search!"

He took a deep breath and his consciousness slowly dispersed like a tide.

The world of heaven is so vast. I'm afraid the time is calculated in years if you want to find the divine thunder of heaven.

How can we do it at such a critical moment?

At this time, chaotic Leidi's voice came into his ear.

"Use your heavenly thunder pulse to find it! I believe you can find it. You are the only one in the world who has this talent!"

What he said touched Ye Chen's heart.

Ye Chen did not care about the noise outside, but entered a mysterious state.

This feeling is strange.

There seemed to be mountains in front of him.

The rocks gathered in the Panshan mountain become bright and clear. At a glance, they are clearly visible.

At this time, ye Chen's ear suddenly heard a thin current fluctuation.

Chapter 7465

Ye Chen's perception is extremely sharp. He can find that this current is definitely not simple!

He shuttled through the void to distinguish the sound of countless thunder and the flicker of countless electric lights.

Then we can distinguish the hidden Heavenly God thunder.

Such difficulty is conceivable!

But ye Chen still caught a slight abnormality. He made a quick decision, and followed this small insignificant current to a desolate star field.

This place has been deserted for many years, with broken planets standing in the sky, and piles of unknown dangerous creatures entrenched here.

But they can't find Ye Chen.

Ye Chen came here in the form of consciousness. When he passed through many barren spaces, he finally found the source of the current.

There seems to be a magnetic field that repels all foreign objects.

This barren star field is extremely dim, the starlight is gloomy, and two thunder lights explode from time to time.

But ye Chen almost determined at the first time that the Heavenly God thunder was here!

Part of the consciousness of chaotic Leidi also came here with him.

"It should be here!"

Chaotic Leidi said.

In front of Ye Chen, the vast sky shows the lines of sunset and dusk, spreading layers by layers, and the hidden thunder light is rendered all the way to the depths of space.

Whew!

Ye Chen's consciousness turns into an illusion and enters here.

But the whole piece of thunder, as if it had been invaded, had a violent reaction.

Thundering like a raging dragon, it is stronger than the pillar of heaven.

Boom!

The silent and desolate star region became boiling at the moment, and countless thunders rushed up, making this place present an unprecedented shocking scene.

Ye Chen was stunned and said something bad in his heart. He seemed to annoy the existence of this thunder field.

The thunder and lightning in the void seemed to have self-consciousness and aimed at the place where ye Chen was.

In the twinkling of an eye, a huge wave and tsunami came rushing towards him.

The corners of Ye Chen's mouth couldn't help pumping.

At the moment, the tsunami was less than a thousand feet away from him.

Thunder surged and the sound of explosion was heard all the time. It was very terrible!

Before ye Chen made a response, they were already surrounded and rushed with wrapping.

Then came the fragmentary meteorites nearby, which rubbed violently with the air and splashed burst sparks.

damn!

Ye Chen didn't expect to come here, but he even got into trouble with meteors and meteorites.

Moreover, the speed of this piece of flint is extremely rapid, which is unexpected.

He didn't dare to take the move at will, retreated quickly, and his breath soared.

He sent out thousands of thunders, spreading like a God's net all over the sky.

This time, he wanted to refine the heavenly way God thunder himself, rather than let others help.

Chaos thunder came here with his consciousness.

"Are you afraid?"

Ye Chen lowered his head and looked at the chaotic thunder waving its tail like a Bruce Lee.

The chaotic thunder shook quickly and shrank back.

I'm really afraid!

"Even I am not afraid. What are you afraid of? Don't forget that you are a chaotic thunder born in chaos. You are born a king."

"And I am the Lord of reincarnation. I am beyond the six ways. I was born to reign in the world. Can't you and I even clean up a small heaven God thunder together?"

Ye Chen's tone was extremely firm, which vaguely contained the arrogant arrogance.

Chaos thunder still swings its body like a little dragon, but this time it stands up and looks at the star field in front of it.

It seems to be confirming to Ye Chen that the little guy you said is really the thunder wave sweeping half the star domain in front of you?

"Yes! Don't be afraid! Just move forward!"

Ye Chen's eyes were like candles, rising with an extremely violent momentum.

With this momentum rising, the towering and magnificent fierce fighting spirit filled the void.

Chaos God thunder seemed to be encouraged and kept twisting. At the last moment, it rushed into the sky and integrated with the blood and gas light sprayed by Ye Chen.

At this time, ye Chen is no longer clumsy. He directly calls out the original power, turns it into Taoist spiritual power, and protects it around him.

The veins on his forehead burst, obviously under great pressure.

"This war is against me! Even if you can't win, you have to fight! Even if there is only a glimmer of hope."

At the same time, the pale golden reincarnation power slowly enveloped him.

"Thunder tablet, dust tablet guard, Tianlei divine pulse, open it for me! Tianlei burst!"

Ye Chen drank in a low voice, and layers of thunder armor began to emerge on his body surface.

The chaotic thunder took this opportunity to step in and integrate with Ye Chen's armor.

A moment later, when ye Chen opened his eyes again, his momentum had become very different.

The torrent of meteors and meteorites has reached Ye Chen, making it unavoidable, and chaotic divine thunder successfully fused with Ye Chen at the last moment.

"I sacrifice my blood to heaven!"

Ye Chen suddenly looked up, happy and fearless.

His fingers closed together to form a finger sword, and in an instant, he went towards the endless thunder points.

Seemingly silent, but burst in an instant.

Boom!

The golden sword light was wrapped in the thunder and turned into a large array in the twinkling of an eye, burning one after another.

It was this thunder that ignited the sky and saved the crisis this time.

When he stepped here, he was already in danger.

"Longyuan Tianjian: the sun is red and brilliant!"

Ye Chen simply summoned the Longyuan Heavenly Sword. The blood light and thunder light intertwined and condensed into a powerful and incomparable power!

That round of light, like the scorching sun, bloomed to the utmost, and made no progress for a moment.

Boom!

Countless thunders, with the return of Ye Chen's consciousness, return to this nihilistic space.

All the people who were fighting raised their heads and looked into the air.

There was a flash of thunder, and the endless thunder turned into a torrent, surging and roaring, covering up the void.

And ye Chen is at the top of the void torrent, just like the God of thunder who calls the violent power.

His eyes glittered with thunder and looked extremely mysterious and profound.

When chaotic Leidi noticed the smell, he was shocked, and his eyes showed an expression of surprise.

"This little guy... He succeeded in such a short time!"

Chaotic Leidi just took a risk and didn't expect much.

But I didn't expect Ye Chen to be so talented.

Maybe the leibe won before is the key.

The chaotic wind emperor and chaotic Yan Emperor, who were fighting with two strong men, also retreated quickly. They were quietly relieved.

After all, at this time, they stopped the two people at the cost of consuming gods and souls and burning their lives!

Above the sky, the vast power of heaven came. Even if the ancient emperor Yu Huang and the demon ancestor worked together, they could not stop such a powerful offensive.

Chapter 7466

For a time, thunder was shining and heaven and earth roared.

Heavenly God thunder, such terror!

When this divine thunder came, everyone was shocked, especially the feather emperor and the demon ancestor Wutian.

Because of the power of this thunder, all came before them.

The thunder of heaven represents the supreme will of heaven.

Ordinary practitioners can't touch it at all.

Even they have reached the boundless realm of cultivation. After thousands of years, they can become gods.

But now, the boy in front of him can summon the power of the origin of the universe after less than a hundred years of cultivation.

Such a talent can be called against the sky!

A long roar shook the whole world. Then, I saw broken thunder sprinkled in the void, which was reunited in an incredible way, magnificent and magnificent.

"Hum! Even if you attract this thunder, what? The emperor can still kill you."

The feather emperor smiled coldly and looked at the world with confidence and arrogance.

This is the confidence of being the first person in the world.

Although what he came was only an empty shadow, less than one tenth of his strength.

But this power is enough to crush the mole ant that has not yet grown up.

He is the emperor! No one can escape the people he wants to kill!

He stretched out his hand and gently shook the static black air in the void, as if he were crazy.

However, the thunder seemed to have a sense of consciousness, did not confront it head-on, but wound around the rear and then wound up.

Suddenly the black air stopped, as if it had been surprised.

The feather emperor looked slightly stunned.

Then, those thunders, like fine dragons swimming one by one, wound back at a fast speed.

This entanglement is to release the paralytic power and stop the black Qi.

Then, the paralyzed touch spread to the soul of the feather emperor.

The feather emperor couldn't move at once. He was shocked, raised his eyes and stared at Ye Chen.

"Do you really think these things don't work for you? No, it's a big mistake."

Ye Chen stood in the air with a faint smile.

On the other side, the Heavenly God thunder is like a big net. When it falls, it sets the shadow of the devil's ancestor in place, just like a sculpture.

The sudden thunder power temporarily restrained the actions of the two top powers.

Both of them were surprised at the same time.

Because from the source, what trapped them was not the thunder, but the power of the Tao contained in the thunder, invisible, colorless and unpredictable.

But it turns into a solid rope, which breaks through the void and comes bundled, which is impossible to prevent.

What ye Chen wants is this effect.

"Lei Bei's power is really strong, but it seems to have a bite back on my body."

Ye Chen's Qi and blood fluctuated and was extremely uncomfortable.

But it's still acceptable.

He must solve the immediate problem as soon as possible!

"Empty monument, open!"

While opening the virtual monument, ye Chen also used the military formula of supreme killing and cutting.

Bing Zi Jue is one of Brahma's divine skills. It belongs to the top element of the nine heaven divine arts and represents the highest divine power in the world.

The explosive force generated by the virtual tablet and the military formula is enough to tear this reinforced void forbidden area.

The majestic blood gas, along the meridians, turned into a huge shock wave.

Almost in a short moment, it was like trying to kill the gods and Buddha. It was very powerful and fierce.

Ye Chen attracted the last ray of the power of the Heavenly God thunder.

Bang!

This void was torn open by a crack. Although it was small, it was enough for ye Chen to pass through.

He had come to the crack, completely ignored the killing rules and dark laws, and was burning a sacred flame like a God.

The two trapped ancient emperors were surprised.

This is the array they set up. It can be called an iron wall. No one can break it.

It was broken by this boy!

It's so incredible.

And ye Chen opened the reincarnation cemetery at the moment when he penetrated the crack.

Strong attraction burst out at once, gushing, storm concussion and thunder.

"Sorry, I'm afraid I have to go first."

Emperor Yan of chaos laughed and spread his arms. He was pulled away by a strange suction, which turned into streamer and disappeared.

The other two chaotic gods were also sucked into the reincarnation cemetery.

When thunder comes from heaven, it's only a few moments to trap them.

But it was in this short breathing moment that ye Chen seized the opportunity and successfully tore open a crack.

The blockade of Tiandao divine thunder can only last for a very short time, so ye Chen must escape as soon as possible.

"Don't run away! I won't give you this chance!"

Without saying a word, the magic ancestor directly used the magic compass building, one of the seven treasures of Hongjun.

This is also one of the means of demon Zu Wutian!

The magic Qi surrounds the world and can level the heavens!

The trace of evil spirit penetrated, like one bloodthirsty demon after another, rising from Jiuyou hell, full of desire for blood.

At the moment when the feather emperor got out of trouble, he no longer kept his hand.

No matter what, leave Ye Chen first!

The virtual shadows of the two strongest ancient emperors in the world have shot one after another. I'm afraid only the Lord of reincarnation can enjoy such high-standard treatment.

In the sky above the dome, dark clouds spread and golden lights burst.

A giant sword, which suddenly appeared, brought amazing changes.

Chapter 7467

The giant sword has not yet opened its front, but it has the momentum of opening the sky. The momentum is extremely majestic. It is almost going to crush the void inch by inch.

At this time, there was still a barren land from the void. The shadow commander and the Tiansha evil wolf were moving forward rapidly.

They also felt the two breaths of awe, equal and equally vast and majestic.

"The magic compass!"

"The feather emperor kills the divine sword!"

With one voice, the evil wolf of Tiansha and the shadow commander identified the source of these two smells.

The rest of the people were shocked.

One of these two treasures is the treasure of Zhenzu held by the ancient emperor Yuhuang, which brings together the blood force of the Yuhuang family and is extremely powerful.

Although this time is not noumenon, it contains the power of martial arts, which can not be underestimated.

In addition, it resounded through the whole dark forbidden sea, and it is also one of the most powerful weapons under the hands of demon Zu Wutian.

Now, these two kinds of heaven and earth artifact come out together. It must be a very urgent situation!

"The Lord of reincarnation can make the devil Zu Wutian and the feather emperor reach this point. His ability is not small!"

A woman with a soft cheek in her hand, her eyes narrowed slightly, and her pretty face contained an intriguing smile.

"Go and have a look! I'd like to see how the old man smashed the boy!"

Zitong youth immediately came to strength and set off to the starting place of the battle.

The blonde raised his hand, touched his shocking wound and took a breath.

blamed! If the boy didn't play Yin moves, how could he be involved in the void torrent and suffer systemic damage?

Today's revenge, he must watch the old ancestor avenge himself with his own eyes!

Several people set off quickly, and in the void, ye Chen also felt the mighty pressure of the two ancient roads.

The devil's eye is dark and the giant sword is towering.

The old breath is revealed, as if it has built a hell on earth, with ghosts crying and wolves howling and a sea of corpses.

The majestic magic Qi suddenly pierced out and wanted to block Ye Chen's retreat.

On the dome, the Excalibur sword was suspended in the sky, on which a mysterious totem flickered and swam. Suddenly, it blocked Ye Chen's way.

This is not the original killing sword that flew from the world to kill yourself.

But the shadow of the sword.

It contains the feelings of the ancient emperor Yu Huang on Wu Dao.

This ultimate martial art represents strength, majesty and destruction!

The will of wanxu was revealed.

This scene destroyed heaven and earth, and the heavens were shocked.

Who would have thought that the ancient emperor Yu Huang and the evil ancestor Wutian, who have always been the sworn enemies, would attack at the same time and deal with only one person!

Even if only a trivial part was released, it was enough to make people stunned, and the world outlook was hit in pieces.

But in the face of these two fierce attacks like a wave, ye Chen was not confused at all, and his eyes showed a firm color.

That comes from self-confidence in their own strength and judgment of the current situation.

Sooner or later, in a moment.

Ding.

The slight noise spread slowly, like a stone falling into the lake, with light waves.

Suddenly, it was as bright as fire.

Ye Chen's eye hole was like a candle, but it released two hot thunders.

The two thunders directly resisted the gap that was about to close. With Ye Chen's body like a flash of the wind, they smoothly passed through the space here.

When the two ancient emperors looked changed, they never thought that ye Chen could protrude from their bag.

When they reacted, it was too late, and ye Chen's figure completely disappeared, almost traceless.

The devil Zu Wutian looked gloomy and said nothing.

He never thought that he would let Ye Chen slip under his nose.

Just as he was trying to deal with a mole ant, he thought he had a chance to win, but the mole ant actually drilled that small hole and fled to another world.

The look of the feather emperor was also not good-looking.

He has reached the boundless realm of cultivation, and he is only one foot away from the top of the world.

Logically speaking, the mind is very indifferent, and should be without waves and waves.

But every time, there are emotional fluctuations for the Lord of reincarnation.

Now I let it slip away under my own eyes. It's really depressing.

The devil Zu wudian and the feather emperor looked at each other, and they all saw an abnormal dignified look from each other's eyes.

"This son must not die."

Mo Zu wudian took the lead in saying.

The feather Emperor didn't answer immediately, but looked at the broken empty battlefield. Among them, some of the power of sky thunder has not completely dissipated.

"The emperor agrees with you."

The feather emperor nodded, his face expressionless.

The Lord of reincarnation has slipped away from him again and again. At this moment, his patience has reached the limit.

"The emperor is also reflecting on why he always makes a loophole. Now I may understand that there is always a place to escape."

"He's like the rats who drill holes everywhere. He only hides from XZ. However, he has good luck. He comes down many times and makes everyone helpless."

The feather emperor's description made the demon ancestor change slightly.

Although it sounds reasonable, I always feel something strange.

"The devil has no heaven. You and I are in the opposite camp, and water and fire are incompatible. When it's the next day, a decisive battle will break out one day, but before that, you might as well join hands to destroy this son. What do you think?"

The feather emperor said with a faint smile.

However, his face was always gloomy, his eyes were deep, and he suddenly smiled, which was quite unaccustomed.

The devil ancestor heard the speech and fell into meditation.

If ye Chen continues to live safely, I'm afraid it will shake the existence of the container.

He will certainly try his best to help the demon emperor destroy the soul species.

If there is something wrong with the soul seed, his layout over the years will fall short!

The Lord of reincarnation is blessed with Qi, which is almost unmatched in the world.

Even he cannot guarantee that the Qi transportation of the reincarnation Lord will not affect the container!

If the Lord of reincarnation is allowed to make trouble and succeed, the millennium plan he prepared will come to naught.

"Well, in that case, you might as well try."

After Wutian's meditation, the devil nodded.

If someone stays here and hears this, he will be surprised and lose his face.

The two masters of heaven and earth have even proposed a joint strategy, and the target is only a boy who is too real.

If this news is spread, I'm afraid everyone in the heavens and the world will not believe it.

However, a verbal covenant has been quietly concluded. There is a flash of turbulence in the void. As long as the alliance is formed in the future, it will reappear.

Apart from them, only two people in heaven and earth can feel the changes brought by them.

One is to stay in the desire God Religion and concentrate on breaking through the supreme daughter.

Chapter 7468

She sat on a holy lotus, surrounded by light, and her constant strength turned into silk threads.

"Oh? What happened between the two old guys? It seems that they are really angry that such vows should appear."

"Annoyed by a boy who is too real? Interesting."

"It seems that I didn't read the Lord of reincarnation wrong, but..."

The supreme lady can naturally feel such changes, and her mind is slightly moved.

.....

meanwhile.

In a quiet cave far below, Ren Feifan slowly opens his eyes.

Soon his face changed.

"Little guy, it seems that you have a lot of trouble..."

The key factor in this is that any extraordinary thought will pass.

For a moment, I don't know whether it's worry or comfort.

.....

Screen rotation.

The broken void gradually lost its movement.

The illusion that the two people differentiated also gradually disappeared and drifted with the wind, as if it had been in the future.

When later people arrived, they only saw the ancient battlefield full of holes and ruins, but there was not much blood.

"Where did Wu Tian and the feather emperor go?"

They have some doubts. It is reasonable that such a powerful destruction track should not be generated.

The shadow commander came to the huge gap, observed carefully, and then found a trace of residual slight thunder at the edge of the cliff.

He remembered that ye Chen seemed to be good at using thunder method.

"Can you say..."

The pupil of the shadow commander suddenly shrinks.

No one else was stupid and soon guessed what.

Everyone looked at each other, and for a moment, they were speechless.

It is understandable that the Lord of reincarnation escaped from them. After all, the six ways of reincarnation are beyond the reach of human power.

And the Lord of reincarnation also borrows powerful external forces.

But who are the feather emperor and the demon ancestor Wutian?

Ye Chen can escape from them. If this matter is spread, it will shock the whole heaven and world.

"We all remember what happened today. We can only bury it in our hearts and don't disclose it to others. Otherwise, you know the consequences..."

The evil wolf of Tiansha could not help but speak.

The rest did not respond. They knew it very well.

.....

At this moment, I don't know how far away a sea area, suddenly a head appeared.

Then, there was a figure, shuttling out like a flying fish.

When he came to an island, he was finally relieved.

This person is Ye Chen. After he successfully escaped, he transmitted it to this sea area.

Suddenly, ye Chen's eyes coagulated and murmured, "why do I feel my soul is restless? It seems that it's the breath of the soul path... No, it's very far away from the area just now. It's said that it fell on the God soul path of reincarnation sky sword. Is it here? No..."

He felt the aura of spiritual power here and had some doubts in his heart.

The island is quite large. Looking around, there is no end. Ye Chen rises in the air and flies slowly, looking at the terrain of the island.

It was interesting to see.

The island is divided into two distinct sections.

On the left, there are dense mountains and rivers, and the original jungle is vast one after another.

The other side is desolate and lonely, only the bare Gobi desert can be seen.

Such a polarized scene has produced an extremely shocking visual impact.

Ye Chen went on. He wanted to see where the dividing line ended.

At this time, on the other side of the horizon, a dazzling golden light rose into the sky.

Ye Chen looked shocked at this.

Because after the golden light rushed to the clouds, it had an amazing change, from the whole body gold to the ghost black awn.

The Shura breath from hell spread across the sky in an instant. Over the island, from day to night, it took only a few tens of breath.

Ye Chen reached out and waved, and a little star appeared.

He summoned the star of desire and floated around his body.

Then he accelerated his movement and ran towards the place where the black awn was.

The black awn exudes a breath very similar to the reincarnation holy soul day and reincarnation sky sword.

On second thoughts, he already had a guess in his heart.

When he arrived, ye Chen found a deep rift valley.

The dark to almost bright light penetrated from below the rift valley.

Ye Chen stared at the rift valley and meditated for a long time.

Suddenly, he looked shocked.

It was at this time that his soul fluctuated, and the reincarnation sky sword on his back also produced some inexplicable feeling. He immediately broke away from the scabbard and rose in the air. He came to the top of the rift valley.

Ye Chen just wanted to stop it, but the next moment, he was shocked to find that the reincarnation Heavenly Sword slowly rotated, which was synchronized with the black mang!

What a hegemonic force.

At this time, ye Chen felt deeply and looked up. His eyes penetrated and looked at the reincarnation sky sword from a distance.

From the broad back of reincarnation sky sword, he saw the ups and downs of all sentient beings and the roar of all ghosts.

What finally settled in his eyes was an extremely strange picture.

A ghost as strong as a mountain is walking at the end of heaven and earth.

Hell Shura!

Almost in a short moment, ye Chen determined the identity of the evil ghost.

It's Shura soul road!

In the reincarnation Heavenly Sword, inexplicable power gushed out again. Unexpectedly, there were several extremely terrible breath that shocked the soul.

A dark shadow came and merged into it.

He has become the soul of six swords!

Reincarnation Heavenly Sword is independent of the heavens and has its own system. Therefore, it has an amazing six sword souls!

Even the six breath may be beyond the scope of sword soul!

Each one is enough to be the first of all swords!

It can be seen that reincarnation Tianjian is different!

Moreover, ye Chen found that there is a great connection between reincarnation Heavenly Sword and reincarnation holy soul heaven!

The power of reincarnation holy soul day can also make reincarnation Sky Sword stronger!

There seems to be an invisible connection between the two.

There are six fragments in the reincarnation holy soul day, namely, the God soul Road, the ghost Road, the human soul Road, the beast soul Road, the Shura soul road and the hell soul road.

Once the reincarnation holy soul heaven is thoroughly refined, the reincarnation soul body can be awakened, and the power of the soul is enough to reach the peak of the real world! Ye Chen has obtained and absorbed several of them. At present, there are still Shura soul path and hell soul path, as well as the God soul path that fell near the reincarnation sky sword.

Shura soul path may be related to Shentu family, but Shentu Waner doesn't know the details.

Hell soul road is also missing now.

He thought that this time, he was most confident to get the fragments of the soul path of the God of heaven, but he didn't expect to kill the feather emperor and Wutian on the way.

However, as long as the reincarnation Heavenly Sword is in hand, I'm afraid the divine soul Tao is also extremely easy to get that day.

But this time, to his surprise, the force of the void sent him here and successfully found a fragment of the soul path.

The huge mountain like dark back is melted by Shura fragments.

Chapter 7469

Is there any connection between this place and the Shentu family?

In other words, Shura soul road is not related to Shentu family?

These things are too complicated. Ye Chen doesn't want to pay attention to them.

Shura soul path represents the ultimate killing from hell, cold-blooded and ruthless, and judges all sentient beings.

Ye Chen took a deep breath and then stepped forward, but he was guarded by imprisonment when he was close to the sky black awn.

"Let me break your nothingness today!"

Ye Chen snorted coldly and calmed himself. He didn't stand in the air or soar to the sky. Instead, he stepped here step by step along the God ladder connecting the sky.

Three heavenly swords appeared one after another, suspended on his shoulders. Guided by the sword, they ignited a trace of fire.

When he came to the edge of the cliff, a path of light and shadow was slowly pulled out, and he didn't know where it came from.

In ancient times, there was a rumor that if you want to enter ah nose hell, you must pass the blockade.

"What's in there, but Shura soul way?"

Ye Chen raised his eyes to the reincarnation sky sword.

The reincarnation Heavenly Sword, which has been quiet for a long time, has made two rare turns at the moment, revealing a mutilated opening.

Through the lattice on the back of the sword, he saw a looming black fragment, mysterious and extraordinary.

He has been looking for the fragments of the soul path. At the moment, it takes no time for a blind cat to meet a dead mouse.

The reincarnation holy soul heaven is divided into six fragments. He has obtained some of them, and the remaining soul paths have not been seen for a long time.

Today, he found the trace of Shura soul path here. How could he give up easily.

Ye Chen thought a little, took back the reincarnation Heavenly Sword, stared at it for a long time, and sighed heavily.

Powerful magic weapons often require more effort to motivate.

Reincarnation Tianjian is powerful, but the start-up capital is too expensive.

"When your sword is in full bloom, I hope you won't let me down!"

Ye Chen shook hands with the sword, jumped forward and jumped into the cliff.

He controlled the speed of his fall, and at the same time began to talk to Shen Tu Wan'er on the way to the yellow spring.

"Wan'er, Jiang Chenzi once told me that the Shura soul path is related to your Shentu family. Do you know?"

Soon, Shen Tu Wan'er's voice came to his ear.

"Shura soul way?" Shen Tu Wan'er had some doubts. She pondered for a long time, and then said, "there is no impression. If there is a clue in the family, it is placed in the deepest taboo layer. Even I can't enter it. Only my mother can enter it."

Ye Chen can only go here first and look at it step by step.

As he went deeper, the reincarnation Heavenly Sword in his hand vibrated more obviously.

For a time, it was almost ready to get rid of it.

Ye Chen felt the desire of reincarnation Sky Sword and couldn't help patting it.

"Don't move! I haven't seen Shura soul path yet. If I scare it away, all my previous efforts will be wasted."

Hearing this, the reincarnation Heavenly Sword suddenly stopped moving, just like a child.

Ye Chen fell slowly and came to the depths of the rift valley, and the lonely death force became more and more obvious.

Soul path fragments have no fixed form.

The only thing in common can be said to be light, just like a crystal. It doesn't have much weight, only contains the power of the soul.

Therefore, soul fragments can be hidden everywhere in the world and will not be easily found.

Finally, ye Chen stopped at a place.

Here, it is dark and frightening.

Reincarnation holy soul heaven is the basic plate Ye Chen relies on. Although it is not listed as the supreme divine skill of the thirty-three days, its power is very powerful.

When he came to this barren land, his eyes were as dark as ink, and he couldn't see his fingers.

And ye Chen faintly felt that the thick night was like soup, attached to the surface of his skin, which made people feel uncomfortable.

What's going on? Ye Chen wondered.

However, at this time, the picture suddenly moved, and then Shen Tu Wan'er's figure emerged.

Sun Yerong and ye Luoer followed.

Three women, gathered together, even in the vast night, also looked particularly bright.

The three men are equally beautiful and have their own merits. It's really amazing!

"The atmosphere here makes me feel a little strange."

Shen Tu Wan'er was silent for a long time, and then said.

Because of this feeling, she will come out of her place of residence.

"Where is the blame?"

Ye Chen couldn't help asking.

Shen Tu Wan'er stared at the night in front of him, remained silent for a long time, and then said, "there is always a concussion in me, calling me forward. When I was a child, I seemed to have met..."

As soon as she said this, ye Chen fell into meditation.

Jiangchengzi once told him that the secret of Shura soul path was hidden in the Shentu family and needed to be excavated by himself.

Now, Shen Tu Wan'er has something to do with the Shura soul path, which is hard to avoid.

If you want to supplement the reincarnation holy soul heaven in your body, it is the only way to find the way of reincarnation soul!

Shen Tu Wan'er seemed to feel something. After her eyes were swept away, she finally stayed in the dark.

"When I was a child, my mother once told me a way to invite ghosts and gods, which can be used when saving my life, but I haven't really practiced it!"

"Now the feeling as like as two peas are asked!"

Shen Tu Wan'er said slowly.

Chapter 7470

When she was a teenager, her mother used to drag Shen Tu Wan'er to a dark forest.

It was haunted by ghosts, very frightening, and there were dead bones everywhere.

The smell is so bad that it's suffocating.

"Wan'er, you should remember that you should never use this method unless you are in a critical moment of life and death. If you encounter danger in your family, you should use this method in the forbidden area of the front and back mountains. Remember to close your eyes when casting the method, and you can't open your eyes until the wind disappears."

"You must calm down and don't be disturbed by the outside world."

My mother's attention is still vivid.

At that time, Shen Tu Wan'er was playful and aggressive. After learning this method in the dark forest, she was curious. She came to the edge of the forbidden area and secretly practiced it.

At that time, she closed her eyes and recited the spell silently. Soon, a roaring wind sounded in her ears, like ghosts crying and wolves howling, which was very sad and harsh.

Shen Tu Wan'er clenched her teeth and continued to cast the spell.

She wanted to see what would happen after casting the spell.

But suddenly, I remembered my mother's instructions.

At that time, she was young and vigorous. The more her elders said, the more she wanted to come back.

So she disobeyed her mother's orders and opened her eyes to find out.

It's too late, it's too fast.

At the moment she opened her eyes, she seemed to be stabbed by some sharp object. Her eyes were black. Severe pain was transmitted from the optic nerve to the brain, making her tremble.

She let out a very sad scream and fainted from then on.

When she woke up again, her mother's voice sounded in her ear.

But at that time, she could not see. Her eyes were covered, and a pile of sticky liquid penetrated, which made her feel very disgusting.

When his mother asked about the specific situation, he didn't dare to tell the truth at first.

But when her mother's tone cooled down, she realized that she had caused great trouble.

So he told the story in detail.

If it is customary, my mother should pick her up and beat her up.

But that time, my mother was surprisingly silent. After a long time, she spoke softly and told me again.

After a lesson, Shen Tu Wan'er didn't dare to use such forbidden techniques. She simply kept silent and kept the secret in her heart forever.

I didn't expect to be here today. Feel the inexplicable familiar breath.

After hearing her story, everyone was surprised and suspicious.

Ye Luo'er, standing aside, also interrupted at this time.

"I seem to have heard of the martial arts taught by Shen Tu Wan'er before! That's the way of ghosts!"

Ye Chen is not a person in the world, so he never knows how ghosts exist.

However, Ye Luo'er and Shen Tu Wan'er are similar. They have also stayed in the world for a long time. With the help of the heavenly daughter, they know it!

The way of heaven and ghost is close to the edge of the ghost domain, and the spirit of ghost forest becomes extremely terrible.

"Maybe you were entangled by the devil in the ghost field. The other party blinded your eyes, but failed to enter your soul."

Ye Luo'er said slowly.

She had seen one of these ghosts before.

It was in the extremely cold winter, in the desolate areas of the world, there were mysterious creatures living.

"Maybe so! But since then, I have never used such spells until I came here..." "is this cause and effect? Or is it doomed from the beginning?" "Shentu family, destined to be contaminated with reincarnation?"

Not going to think more, Shen Tu Wan'er closed her eyes and sank her consciousness into her mind.

The ghost spirit is getting closer and closer.

The dark cracks in the ground were silent and silent.

At the edge of the rock stratum, there seem to be drops of water.

He once heard his mother say that the art of inviting God came from the nether world. People with evil thoughts attracted ghosts there.

At that time, she was too young to understand vocabulary, and didn't realize that there was Shura soul Tao.

Moreover, the fog and heavy sky attacks were covered up, and there was no way to start.

Then it can only be settled.

Suddenly, Shen Tu Wan'er put her hands together and her heart moved.

The array seal she formed is a formula for asking God, which can deduce cause and effect and evolve the way of life.

She hasn't used this Law for years.

I don't know how long it will last this time.

Shen Tu Wan'er whispered and recited the formula for asking God taught her by her mother.

At the next moment, a shrill roar came from the crack.

Sobbing, sharp and harsh.

Sun Yerong and ye Luoer also use their own means to form a defense array.

Ye Chen summoned the wish sky star and dust tablet, wrapped the whole body, covered with gold armor, and then he opened the reincarnation sky eye.

Under the sweep of this bloody twilight, he saw strange and strange scenes.

Deep at the bottom of the cliff, in fact, it is foggy and lifeless.

Where the hell is this?

Is it a dangerous situation?

In other words, some people lead themselves into it with the layout of reincarnation?

If so, the other party's level must be stronger than the emperor!

However, ye Chen didn't believe it. They walked through the fog and continued to move forward.

At last he saw some vague figure on the top of a mountain.

The man stood with his hands down, angry and noble, but stood on a pile of dead people's bones and flesh, looked up at what, and knew that he was not strong enough.

Who is this person?

Ye chenmai moved his steps and just wanted to go forward, but after taking a few steps, he stopped.
