Chapter 7471

The fog was heavy and the shadow was surrounded. Ye Chen looked at it. It seemed that something like that was true.

Shen Tu Wan'er recited the formula and chanted the mantra faster and faster. At the same time, the wind around them suddenly sounded and became more and more intense.

"What is this?"

Sun Yerong was a little surprised. Standing in her position, you can see some scenes on the side.

Will the legendary realm of ghosts appear?

Ye Chen's mind turned, and then took out his wish. The stars were dotted, and the hazy starlight spread out, gathered into a road to heaven and climbed up.

Where the starlight passes, the black fog dissipates and the light appears.

Twinkling starlight shines continuously throughout the dark rift valley, bringing light to them.

In addition, there are colorful Koi, which seem to jump out of the fairy pool, which is very active and lifelike.

When the fish tail is thrown, it jumps in the air, and the color streamer overflows, which makes people marvel.

Tianxian Koi copy, bringing light.

They were delighted at the sight.

The ripples in front of us are gently turbulent, and there are hidden mysteries.

Obviously, this is a small world with a unique cave.

The roaring wind in Shentu Waner's ear also disappeared. The oncoming ghosts seemed to be more afraid, so they retreated back.

"Let's go in and have a look!"

Ye Chen was not dazzled by the good trend.

When he came to this small world through the dark fog, he found that it was actually a very simple place.

Looking around, there are almost tens of thousands of people.

They live here and live a Taoyuan life away from the noise of the world.

Work at sunrise and rest at sunset. Men farm and women weave. They are self-sufficient.

Ye Chen looked down at them.

Are these people really related to Shura soul path? It looks like an ordinary human.

However, when ye Chen drew closer his perspective and saw the faces of those people, he was surprised.

Because those people are not people at all, but walking corpses. They are dead, but they still repeat their actions.

Ploughing, hoeing, sowing, weaving, and even eating.

The setting sun at dusk, the setting sun, projected through the wooden window in front of us, is just a bowl of loess!

At sunset, the heartbroken man is at the end of the world.

When ye Chen saw this scene, his heart was mixed. His eyes continued to look into the distance. Finally, he found the winding black gas in a high mountain, if any, mainly in a valley.

The Shura soul path Ye Chen is looking for should be here.

He withdrew his mind, and by this time, the way forward had been opened.

All the darkness and fog were pierced by the combination of two starlights, and ye Chen and others also captured the hidden secret.

Shen Tu Wan'er opened her eyes, and the lights in her eyes surged.

"Sure enough, I guess right..."

She muttered to herself, as if she had found something, and then asked Ye Chen to keep up.

They quickly shuttled through the air, crossed large fields and mountains, and finally came to the front of the mountain.

Shura soul path is among them.

"I know why this place is covered by fog, but despite the darkness, it is full of vitality."

Shen Tu Wan'er looked at the dark mountain and said.

According to her explanation, the place where the ghosts gathered was really not simple.

Shura soul Tao is hidden in it, isolating all the vitality of the outside world. It seems to turn the whole area into a dead and desolate place,

But in fact, it gathers all the vitality inside.

This can also explain why all the people inside are dead, but they still maintain their life and rest like ordinary people, without realizing that they are dead.

This is related to the dual attributes of light and darkness of Shura soul road. It is more because the power of the avenue of reincarnation holy soul day is too strong, and the associated magic weapon separated is unpredictable.

Sun Yerong and ye Luoer were also very surprised by such strange images.

The two had never been in contact with this existence before, and they didn't know what the reincarnation holy soul heaven was.

Although she heard Shen Tu Wan'er's explanation, she still had some doubts in her heart.

Ye Chen smiled and explained, "this fragment belongs to the reincarnation holy soul day. In those years, for various reasons, the reincarnation holy soul day was divided into six fragments, and each fragment has its own unique ability."

"This Shura soul path is the combination of darkness and light. From the outside, it is immortal, and from the inside, it is eternal life."

Sun Yerong comes from xuanhai and is not very clear about things outside. At the moment, she can't help asking, "I don't seem to have seen the name of reincarnation holy soul day in ancient books."

Her words are also true. The supreme artifact of the thirty-three days is famous all over the world, which makes everyone flock to it.

Relatively speaking, the reincarnation holy soul heaven is hidden in the void and does not enter these rankings.

Moreover, when Hongjun's ancestors created the thirty-three days series of artifacts and magic weapons, I don't know whether it was intentional or unintentional, and didn't include the reincarnation holy soul day.

But from the real ranking, the reincarnation holy soul heaven is the most vast and powerful existence.

Whether it's the ten Heavenly beads, the four immortal pools, the nine gates of Honghuang, the seven treasures of Hongjun, the nine heavenly divinities, and so on, it's a series of combinations.

The artifact in each series may be high or low, but it can never escape the defined scope.

But ye Chen knows and knows very well that the reincarnation holy soul day is a unique existence in this world!

Not only unique, but also supreme.

For example, the picturesque yellow spring he carries with him is not only a derivative of the holy soul of reincarnation, but also an accompanying magic weapon of reincarnation.

Since the birth of reincarnation blood, the blue falling yellow spring map is a thing with a Lord. Except for the Lord of reincarnation, no one else can control it!

Reincarnation holy soul heaven is a magic weapon of soul attribute, which is essentially different from other magic weapons and artifacts.

The complete reincarnation holy soul day represents the extreme of the soul.

The reason why Ye Chen tried hard to collect the fragments of reincarnation holy soul day is to refine the most powerful soul power.

At that time, the reincarnation soul will become the most powerful existence in the world, immortal and immortal.

Sun Yerong was shocked to hear this.

However, before that, she had seen too many miracles, all of which were born from ye Chen, so she calmed down soon.

Ye Luo'er has been training under the hands of the supreme goddess since then. Over the years, he has seen a lot and has a broad vision. Now he also knows something about the reincarnation holy soul day.

In the process, she has been listening to Ye Chen. Her big eyes blink and blink. She stares at Ye Chen and doesn't move.

Ye Chen certainly found out. The look in her eyes warmed her heart slightly.

Chapter 7472

They all recognized the existence of this taboo, and their hearts were suddenly surprised and delighted.

The whole nothingness space is under the control of Shura soul Tao. The territory is vast and boundless. The scene is quite strange.

Although the farmers were dead, they still retained their human characteristics and knew nothing about their own death.

In a sense, death and vitality coexist at this time.

The black air in the sky is floating and hovering on the edge of life and death.

Ye Chen was amazed at this scene.

He had seen a similar situation at the beginning. It was a place where human ghosts coexisted created by Jiang Chenzi in order to revive the old lord.

But in the end, the resurrection is just a big joke. Until now, it is still far away. It can't be completed by his strength alone.

To get this Shura soul path, ye Chen must use the reincarnation power in his body to start the reincarnation holy soul day, so that he can feel it.

Ye Chen was lucky and drank a low voice, which quickly opened the virtual spirit pulse.

This divine vein shuttled back and forth, quietly crushing the dark void.

The void blockade did not have much impact on Ye Chen.

He already holds the power of reincarnation holy soul heaven, and has transported it to the point of perfection.

So in full view of the public, ye Chen stopped the virtual monument in front of him, forming a void channel.

The passage went straight to the depths of the mountain without disturbing anyone.

He created a misty independent space, shielding all external perceptions.

"This... This is OK."

Shen Tu Wan'er was stunned.

Even though she has been practicing in Taishang world for many years, she has never seen such opportunistic means.

But ye Chen used this method to frighten the surging undercurrent.

The next thing to do is to take out the Shura soul path!

"Wait for me outside first. I'll go in and come right away."

Then ye Chen quickly entered the void channel. At the same time, he ran the virtual spirit pulse and integrated with the surrounding space breath.

The reincarnation force is attached to the virtual monument, and the closed channel constructed by it is extremely deep, accompanied by a dark breath.

Just for a moment, ye Chen's figure got into it and disappeared.

Surrounded by the vitality, the void channel gradually became invisible.

Everyone outside was amazed.

The vitality of Shura soul Tao is all concentrated inside, revealing the brilliance of stars.

This breath seems to be connected with the heavens.

Soon Ye Chen found the fragments of Shura soul path!

He was extremely surprised. He just wanted to reach out and take it, but he found an invisible obstacle that made him unable to move forward.

"Can't I get it?"

Ye Chen offered the reincarnation Heavenly Sword. Just ready to start, the grass suddenly drilled out!

He glanced at the space in front of him and shook it slightly. The space collapsed!

Ye Chen was happy and looked at the grass: "you helped me again."

With that, ye Chen shook his five fingers, and the fragments of Shura soul appeared in his hand.

But he didn't choose refining, because a bad feeling appeared

Someone is looking for them!

.....

Soon after he disappeared, people stayed here and crossed their knees, but suddenly they felt a burst of amazing power, as if they had penetrated the endless void.

Several people looked up one after another, filled with horror.

Because there are a few strands of magic breath coming in from outside the territory, it seems to be exploring this world.

Shen Tu Wan'er narrowed her eyes and looked over there. Her eyes became deep.

Immediately she lowered her voice and said to several people, "don't use any spiritual power! Now someone is exploring our tracks. Don't be found."

With that, Shen Tu Wan'er moved her body and walked slowly towards the void channel built by Ye Chen.

All of them moved quietly and hid under the void channel.

The whole void passage has been integrated with the sky, and even forces from the outside can not be explored clearly.

Several people hid below, even the atmosphere did not dare to breathe.

Finally, the evil spirit slowly retreated, and the heaven and earth returned to tranquility.

"What is that? The smell is terrible!"

Sun Yerong breathed a sigh of relief and couldn't help being afraid.

She had never felt such a terrible momentum in the xuanhai.

Ye Luo'er and Shen Tu Wan'er looked dignified, and their pretty faces were rare and serious, as if they were facing a life and death crisis.

"Did you recognize the power of the creature just now?"

Shen Tu Wan'er said.

This sentence is asking Ye Luo'er.

Ye Luo'er frowned slightly. After thinking for a long time, she seemed to think of something, and her eyes changed for a moment.

"It's a star beast against the sky. The Wanxu Temple actually released it!"

When Ye Luo'er followed the Empress Dowager, he had seen many rare and exotic species in the Wanxu temple, and the star beast against the sky was one of them.

Wanxu temple has a profound foundation. There are countless treasures stored in several temples. Taking out one and throwing it to the lower boundary can cause a frenzy of competition.

In the whole world of the heavens, the Ten Thousand Ruins Temple is an insurmountable behemoth.

The star beast against the sky is one of the cards treasured in the temple of Wanxu.

These stars and beasts were born in an age longer than the flood and famine. They are close to the beginning of chaos and the beginning of heaven and earth.

And over the years, it has played a very important role in the changing process of history.

The star beast against the sky makes a living by absorbing the star's essence, refining chaos and achieving immortality.

But it is different from ordinary star beasts. He has absolute control over the power of stars, and his perception range is the same as the brilliance of stars.

Where the star light goes, the anti sky star beast can also perceive it.

Therefore, over the years, the wanxu temple has kept it in the Lingshan mountain to conserve energy and strength, so that when the world changes in the future, they can accurately use the strength of the anti sky star beast to carry out surprise attacks.

But now, the wanxu temple has opened the blockade of Lingshan in advance and sent anti sky star beasts.

It can be seen that the feather emperor was really angry this time. He is bound to find Ye Chen and annihilate him in one fell swoop.

In addition to the smell of the star beast against the sky, the women also felt the monstrous magic. If they guessed correctly, such creatures came from the bottom of the dark forbidden sea.

The terror that lies on the bottom of the sea is also immortal. It is almost eternal. One sleep is thousands of years.

"Now it's not just the feather emperor who has paid the blood, but even the demon ancestor wudian has spared no cost..."

Shen Tu Wan'er's heart sank to the bottom of the valley.

Faced with such a siege, they are not sure they can rush out.

Moreover, ye Chen has now entered the depths of this black mountain and intercepted the Shura soul path.

Chapter 7473

If it can be successfully collected, there may be a glimmer of vitality.

If you fail, I'm afraid it's a dead end.

Shen Tu Wan'er took a deep breath, and her eyes gradually became firm. Anyway, she couldn't let Ye Chen die here.

Ye Luo'er's eyes were also determined.

They accompanied Ye Chen through many hardships and ups and downs. How can they give up easily at this time!

Sun Yerong also clenched the green lotus sword in his hand.

When you say nothing at all!

Whether this war is life or death is unknown. They can only do their best!

When the atmosphere was tense, Ye Chen rushed out suddenly!

Shen Tu Wan'er asked excitedly, "so soon? Have you failed?"

Ye Chen shook her head and smiled: "a guy helped me. I didn't expect it to be so easy."

Although the smile disappeared, he glanced at the crowd and said, "go now!"

"But the anti sky star beast is searching outside..." someone suddenly said.

Ye Chen's eyes narrowed slightly. Just as he was thinking about the plan, a lazy voice sounded.

"Ye Chen, do you want my help again?"

Ye Chen was stunned. This is Linger's voice!

Linger woke up at the critical moment!

Linger looked at several people, stretched his waist and looked at the top: "what about the star beast against the sky? I'll take you away!"

The next moment, the void fluctuates, and the violent void law seems to fill this world!

People in front of a black, the next second, it appears on a piece of earth!

Ye Chen opened his eyes and looked at Linger and found that the other party had been extremely weak.

He just wanted to say something, Linger disappeared, leaving only one sentence: "I'll rest for a while, ye Chen, don't die."

Everyone breathed out like the rest of life.

"Ye Chen, what should we do next?" Shen Tu Wan'er said.

Ye Chen's eyes coagulated. After thinking for a while, he said, "you go back to Xiao Huang first. I still have some things to deal with."

The curse of death and the tattoo behind it are about your life and death.

He must solve it first.

And this time, he didn't want three women involved.

Shentu Wan'er guessed something. As soon as they wanted to talk, sun Yerong and ye Luoer held Shentu Wan'er's hand: "OK."

Shen Tu Wan'er suddenly understood. She glanced at Ye Chen and said, "here are seven days."

Then the three women tore the void and left, leaving only Ye Chen alone.

Ye Chen watched the three women leave and must return the slayer emperor to the desperate situation of death as soon as possible.

Otherwise, if you don't win this game of chess, you will be killed by the desperate situation of abandonment.

But now, there is a question, where is the so-called killing the great emperor?

Ye Chen uses the reincarnation heavenly eye, but has no harvest.

After all, the people who had been trapped in the desperate situation of death were those who did not choose to kill at that time.

But ye Chen soon thought of a person!

Respect the old!

Respecting the elderly, as the existence of zunling Tianzu, divination and breaking the secret of heaven, may be the strongest existence outside the territory today!

Respecting the old will certainly help you find the great murderer!

Ye Chen no longer thinks much, tears the void and goes in one direction!

Soon, ye Chen came to a quiet place.

He can be sure that the elder is here.

In an instant, there was a flicker in the old man's room.

"Boy, are you here to inquire about the desperate situation of death?"

The elder seemed to have expected something. In the golden gourd, he drank a few more spirits and said, "kill the great emperor, but who are you looking for?"

Ye Chen could not help but be silent. The old man obviously knew the purpose of his return from this trip.

Zunlingtian family, it's really a means against the sky!

"Dying..."

Ye Chen also talked about many details of the desperate situation of his death.

The old wine gourd never left his hand. From time to time, he took a few sips of wine. Surprisingly, the good wine tonight is not strong.

"You come with me!"

The old man got up with narrowed eyes, greeted Ye Chen and went straight outside the city.

In the dense forest where you can't see your fingers, even the bright moonlight at night doesn't shine.

Sit cross legged with respect to the elderly. Your breath is restrained. It seems to blend with the surrounding environment. The sound in your ears is the sound of insects in the middle of the night!

Not long ago, through the forest leaves, ye Chen looked up and saw that the stars were moving on the nine days, and the falling stars were surging up!

The old man sitting cross legged with his eyes closed, his eyelids blinked slightly and his whole body trembled slightly. He seemed to be suffering a lot!

.....

At the same time, in an unknown space.

"Great emperor, it is said that the Lord of reincarnation won the reincarnation Heavenly Sword, and his strength has risen greatly. Even the feather emperor can't take this person. What should I do now?"

In the dark, the slender big white legs flickered, and the Lord's beautiful voice sounded. It was Zhou Xinyou.

Obviously, she also saw the scene of the emperor's retreat. Although she didn't know the reason, as the most trusted subordinate of the emperor, she couldn't help worrying at the moment.

Moreover, they have been paying attention to the news of reincarnation Tianjian.

Samsara Heavenly Sword is still obtained by the Lord of samsara under the encirclement and suppression of many top forces. There are too many things contained in it.

Lord of reincarnation, Qi is invincible.

This terrible luck obviously affected the killing of the great emperor.

"Since it is the one who wants to be born, even I can only choose to lie dormant. The power of the guardian has been exhausted. When the God coffin is born, the desperate situation of death will be destroyed. At that time, I will be able to get out of trouble completely!"

The voice of killing the great emperor was flat. To some extent, the intervention of the Lord of reincarnation disturbed the original progress, but it was more foolproof.

Because God's coffin was born, no one can stop it!

"Buzz!"

A faint awn of divine thought explored, even Zhou Xinyou did not notice, and even the silent space did not have a trace of ripples.

"If I hadn't won half the gold seal in the boy's hand, even I would have been hoodwinked!"

The sullen voice suddenly sounded. Even Zhou Youxin under the throne was at a loss. He only heard the killing emperor continue: "I wanted to let you go, but you have to die!"

Zhou Xinyou asked in surprise, "emperor, but what's the problem?"

"Sky star skill..." the evil killing emperor muttered to himself. Even the mysterious family favored Ye Chen and did not hesitate to spy on him at a high price!

"Naturally, I can't invite the level of Yuhuang ancient emperor and demon Zu Wutian, but it's time for the guy in the demon temple to leave the customs. Since you have help, I naturally have to prepare a small gift to entertain your guests!"

The evil killing emperor in Black got up, smiled and said to Zhou Xinyou, "ready, there will be distinguished guests coming soon!"

.....

"Boom!"

Just as ye Chen looked up at the rising stars in the nine days, a bloody oblique moon hung high and reflected under the sky, which was an endless sense of killing.

In the corner of the mountain thousands of miles away, the blood colored robe overlooks the earth. As far as you can see, thousands of creatures have disappeared, leaving only a trace of blood to the whole world!

Chapter 7474

"Here you are!"

The hoarse voice whispered to the void. I don't know when the blood color dissipated. Under the bright oblique moon, the figure in black stood still.

"Congratulations, you have broken through again. It is estimated that in another hundred years, you will be qualified to sit in my position..."

For the mysterious person in front of us, the so-called Deputy Temple Lord of the demon temple, the ancestor of the evil spirit was obviously somewhat different. Although his words were cold, he meant to stay away.

Although his strength is extremely terrible, the guy in front of him seems to be a lot stronger than before!

"I changed my mind and killed the Lord of reincarnation!"

The mysterious man in Black opened his mouth again without waiting for the answer of the evil saint, which surprised the evil saint, The hoarse voice asked, "but because the Lord of reincarnation has got the reincarnation Heavenly Sword, are you afraid that he will become stronger and stronger? But this time, the Lord of reincarnation can't kill even the combination of the devil Zu Wutian and the feather emperor. What's your plan..."

"The boy knows some secrets that he shouldn't know, and will soon kill him. Follow me and kill him!"

The tone of the mysterious man is beyond doubt!

The holy ancestor of the evil spirit was silent. The oblique moon reflected on his seemingly indifferent cheek, and a mysterious smile crossed from the corner of his mouth

With the approval of the people in front of us, this day has finally come!

.....

Screen rotation.

At the same time that ye Chen was surprised at the blood moon vision on the nine days, it suddenly became prominent!

"Bang!"

A loud noise reverberated in the dense forest, and a human figure shot out for tens of miles like a shell, tearing the landform along the way!

"Respect the old!"

Ye Chen exclaimed, regardless of others, hurried to stabilize the old man's body with the help of the virtual monument, across the obstacles of space, put a palm gently on the old man's back, and removed all his strength.

"This bone is really useless!"

Weak laughter sounded, and ye Chen clearly felt that the old man's breath was obviously depressed several times, but this strange feeling had nothing to do with cultivation.

"Vitality goes by..."

With the anti heaven means used by ling'er at that time, what is consumed is the mind!

"Respect the old!"

Ye Chen was speechless for a moment, and his eyes were ruddy. The old man in front of him was calm. He patted the dust around him. His bent body got up and said calmly:

"Ye boy, you don't need to care. My cultivation has come to an end. However, the general trend is gradually rising. I can't return to heaven alone!"

The old man narrowed his eyes and kept the golden wine gourd in his hand. He ate several mouthfuls of good wine and continued to say, "I met you for the first time, but I'm just a hairy boy. Now even I can't catch up with you!"

"If you can win the reincarnation Heavenly Sword and leave safely under the joint efforts of the feather emperor and Wutian, you must be" but what I never thought was that in order to suppress the bronze black coffin, I drained all the power of inheritance and strengthened the eight Tongtian chains, but he couldn't do anything about the power of Tongtian chain, so he chose to retreat! "

In this way, everything makes sense.

"There is still a faint golden seal on you, but it is hopeless to help them out!"

"Moreover, once the bronze God coffin is born, the desperate situation of death will be overcome. At that time, all the demons suppressed here will get out of trouble, including killing the great emperor!"

The elder explained.

"So this guy is likely to hide his whereabouts and wait to get out of trouble?" Ye Chen pondered for a long time, but immediately his eyes brightened, "since this guy doesn't intend to fight me, it means he doesn't have any defense against me!"

"Take advantage of the victory and pursue, maybe you can seal it!" Ye Chen immediately asked, "respect the old man, the strength of that guy..."

The thought of killing the great emperor on the outer wasteland gave him a headache.

"This guy was hurt in the last fight with Tongtian chain. What's more, now you have connected the dead desperate situation with the power of the reincarnation map of martial arts. Once his real body appears, he will be suppressed by the power of the desperate heaven and earth!"

"More importantly, you should have grown a lot in winning the reincarnation Tianjian war."

The elder replied.

"So now is the time for a raid?"

Ye Chen made up her mind. The elder on one side thought for a moment, and said, "I'm afraid the other side has also arranged. At that time, many of your means can't be used. This will be a hard war, which

may be more difficult than facing the separation of the ancient emperor and Wutian. In order to ensure nothing wrong, I'll go with you!"

"If you hadn't been cursed by the desperate situation of death, I don't want you to be contaminated with the cause and effect of that guy."

Ye Chen's eyes coagulated, extremely complex.

But although it is difficult, he must also try.

.....

A day later.

"Su!"

The endless white sand is flying, and their vision is blurred. Under the guidance of Tianxing, the old and the young advance towards the depths of the wasteland

"Emperor, the guest has arrived!"

Zhou Xinyou's voice echoed on the dark hall, and the figure of a red and a black game was a meal.

"It's your turn..."

Chapter 7475

The killing emperor stood by and looked at the end of the game. The two pale fingers on the opposite side were playing chess, but they never fell.

The shadow in the eyes of the evil Saint ancestor turned a deaf ear to the charm of the beauty, but he took a sip with his hand.

"Wow!"

The pieces that should have landed scattered into a mass of fly ash and fell on the chessboard. The bloody robe immediately got up and said, "yes, it's my turn!"

He couldn't see clearly under the silver mask of killing the great emperor. He just laughed and said, "let's go. We can't keep the guests waiting for a long time. We should keep the basic way of hospitality!"

One black and one red shadow left one after another. Zhou Xinyou looked at the back of the two people and went in the opposite direction.

Ye Chen and the old man's body are deepening. At the end of the vast white sand, a dark and magnificent palace is incompatible with the white of the whole world!

"This is... A palace made of animal bones!"

Ye Chen's eyes are slightly narrowed. The palace not far away is filled with the smell of killing. It seems that this peripheral place has been eroded for many years!

After all, the previous Guardian fell into a deep sleep after an accident at the gate of the living creature, which made the evil devil so presumptuous here!

"All the monsters at the level of Taizhen and Baijia have been killed, and their bones have been torn down to make beams. It's so inhuman!" Respect for the elderly is also a trace of coldness in his eyes.

"You two have come here thousands of miles away. What can I do for you?"

In the vast white sand, a human shadow rises from the ground and condenses into a flesh body. On top of a black dress, a thin sand armor is attached to the body!

"Nature is to send you back to where you should stay!"

Every grain of white sand on the wasteland is transformed by the power of killing the great emperor, and it is inevitable to be found.

Facing the man in black in front of him, the gourd in the old man's hand blooms, the sky fire curtain falls from nine days, and the terrible high temperature is going to melt the sand sea!

"Overestimate your strength!"

The evil killing emperor snorted coldly with disdain, and immediately stepped on his right foot, splashing the sand sea and annihilating the fire curtain!

"Hiss!"

The hot steam rose up in an instant, covering the sight of the three people. Just as the killing emperor captured Ye Chen's figure, a sword suddenly lit up in front of him.

Ye Chen is holding the Longyuan Heavenly Sword. I don't know when, he has appeared behind the killing emperor. Cutting off the waist is to cut off!

"Bang!"

Although water stop Kendo is not used, the meaning and strength of this sword are extremely terrible!

But the result is! It was like a sword waving in the air. The deep sense of powerlessness made Ye Chen float away immediately.

"Shua!"

On the side of the great emperor, a thin sand wall blocked Ye Chen's sword for him, and soon scattered down.

"Sure enough, this guy was hurt. The sand defense, which was difficult to break even with a sword, is not so strong now!"

Ye Chen's tentative blow can be sure that the killing emperor was injured in the previous battle with Tongtian chain.

"Ye boy, don't be careless. This guy's strength can't be underestimated!" The elder immediately reminded him.

"Jie Jie!"

The evil killing emperor's cold laughter echoed on the endless Wasteland: "Lord of reincarnation, you are really smart, but you are smart!"

"Even if I only use one finger, I can easily hold you!"

As soon as the voice fell, the great murderer gently knocked a snap of his fingers. With the crisp voice rising, the sand sea at the feet of Ye Chen and zunlao seemed to have life, surging up!

"Huh?"

Respect the old man immediately soared into the air and stepped on the golden gourd alone. Looking down, he saw the direction of Ye Chen, which changed and protruded!

The moment Ye Chen got up, one sand palm stretched out from the ground and firmly grasped Ye Chen's ankle to make him unable to move.

"Although there is little left, it is better than nothing. I took the power of gold seal!"

Behind Ye Chen, a voice suddenly sounded, and a fist with a sand armor hit Ye Chen's back!

Ye Chen raises his sword to heaven!

Ten thousand rays of light suddenly broke through the clouds, turned into a hot sun and rolled down.

The emptiness is fierce, the earth collapses, and this desert seems to be completely reduced to ruins.

"Longyuan Tianjian: the sun is red and brilliant!"

But before the sword was completely cut out, ye Chen found that his spiritual power was taking time!

The elder quickly reminded: "you should use the martial reincarnation map! The martial reincarnation map has the power of abandonment! Only this power can compete!"

Ye Chen suddenly wakes up!

"Wu Tao reincarnation map, seal!"

At this moment, there was no panic between Ye Chen's eyebrows. Endless cutting force surged all over her. She scattered the sand palm tightly wrapped around her ankle. Immediately, she protected her arms in front of her chest and resisted the blow of killing the great emperor with the power of dust monument!

"Click!"

With a muffled sound, ye Chen's body was bombarded by great strength. Between the vast sand sea, it was like a flash of streamer cutting through the sky.

"Ye boy!"

The elder nearby quickly exclaimed. The action of killing the great emperor was so fast that it could not be captured by the naked eye. Only a residual shadow passed by. After ye Chen's body was shot like a shell, it was photographed again!

"Hum!"

Kill the great emperor with a cold hum. This palm, based on Ye Chen's cultivation, can't resist!

He will not be restricted in this heaven and earth like the feather emperor and Wutian!

And this place gathers his way! It's his territory!

"Reincarnation blood, the power of golden seal, is mine!"

The palm seems to have touched the heartbeat from ye Chen's back. The warm blood rhythm will turn into fly ash in his mind!

The corners of his mouth under the silver mask of killing the great emperor have raised a smile of evil charm. Even if he doesn't use his original power to avoid being suppressed by the power of heaven and earth, he is the strong one, and he is not comparable to the hairy boys like Ye Chen who have not yet stepped into Baijia territory!

"Whoosh!"

The scene in front of him suddenly flashed, and ye Chen's close figure suddenly disappeared in front of him.

"Bang!"

The palm was firmly printed on the gourd blooming with golden light. Its power suddenly dispersed. In nine days, a little golden awn turned into raindrops and scattered under the vast sand sea, and there was no breath of edge.

"Ka, Ka!"

The golden rain awns fall, and a strong brew erupts from the gourd mouth. Even if the gourd body has cracked like a porcelain doll falling to the ground, the strong taste is still suffocating!

"That old man did it!"

There was a shade in the eyes of the great emperor. The previous fatal blow that should have ended Ye Chen was stolen by the old man with a gourd, which saved Ye Chen's death.

"Heaven and earth are infinite!"

The elder's palms are folded, and the sweat drops from a bowl on his forehead. He is not good at the power of space. He forcibly urges the magic weapon of his life, can golden gourd, and uses the power of heaven and earth to help Ye Chen get away!

Chapter 7476

"Burn the sky!"

The old man waved his hand and killed the great emperor. Suddenly, the good wine gushing from the golden gourd in front of him suddenly ignited endless karma. The terror of its power burned through the outer space of the alien desperate situation!

"Damn it!"

Killing the great emperor just flashed away in a hurry and was hung up by a trace of fire. Even if it was on his black clothes for an instant, it ignited the towering awn!

Ye Chen looked at the figure not far away and instantly burned into a fireball. The invisible karma fire, together with space and killing the great emperor, disappeared in an instant!

Seeing this, ye Chen couldn't help but stare.

Such a powerful law of fire, in addition to the chaos of Emperor Yan in the reincarnation cemetery and the one-hand fire control skill of respecting the elderly, can be called an absolute Britain outside the territory!

The chaotic Yan Emperor in the reincarnation cemetery seemed to feel the changes in the outside world and murmured: "this guy's fire path is good..."

"The invisible fire will never go out unless it burns out all kinds of vitality!"

Obviously, respecting the elderly has absolute confidence in their power of fire. Even if they worked hard at the original time, the latter also handed over half of their lives and just got out of their heaven and earth.

"So maybe..."

Just when ye Chen looked happy and thought he could catch it, the Yin measured laughter sounded again between heaven and earth:

"Jie Jie!"

"Good means, but we are not afraid of this power!"

The quicksand surged up on the wasteland again, and the endless white sand at the foot surged into countless figures of daosha killing the great emperor. On the sand sea, the cold laughter of hundreds of people's figures captured people's soul!

"No, even if this guy is injured, he was once a top strong man. It seems that the power of law can't hurt him!"

Respect for the elderly is also the first time to show surprise. I thought it was suppressed by the power of the dead and desperate world. The power of the previous mark has hurt it and can seal it again. Now it seems that the situation is not good!

Still a skinny camel is bigger than a horse!

"We can't help this guy, but he can't help us either!"

A trace of reluctance flashed in Ye Chen's heart. Although the killing emperor in front of him seemed invincible, only he knew that under the silver mask, he should also work very hard!

The first time I joined hands with ling'er, they were completely crushed. Now this guy looks strong, but he's strong outside and weak inside!

"Reincarnation sunset chop!"

The power of reincarnation is colorless and invisible, but it flows in the world. It leads to a brilliant golden day, with the blooming of Cabernet Sauvignon, the continuous sword light and the unparalleled murderous spirit, which surrounds the world.

This reincarnation sunset chop is the extension of the red and brilliant chop of the sun. From the beginning of the rising sun to the sunset at dusk, it has experienced the changes of the sun and the moon, the circulation of heaven and earth, and contains the ultimate mystery.

The power of the sunset, mixed with reincarnation, rises like a big river, sinking to the West Bank, unparalleled.

"Bang, bang, bang!"

Countless sand bodies burst and scattered, and even the elderly stared at everything in front of them.

The power of Ye Chen's sword, he asked himself, can't stop it!

"No wonder this boy has such confidence. Has he grown to this extent..."

The sword spirit was cold in the sky. At the last moment, even the elder had to admit that even the sword God tianxuexin, who is in the middle of the sun in the heavenly palace, could never reach this level!

"Boom!"

Under the rampant sword marks, everything is gone!

"It's not over yet!"

The elder looked around. On the vast sand sea, he could no longer feel the smell of killing the great emperor. Ye Chen was determined. Although the previous sword was terrible and had no breath, it was impossible to kill the great emperor!

"Jie Jie!"

A bleak banter sounded again. I don't know when, in the void, the figure of killing the great emperor stood still.

"You will really please me, Lord of reincarnation!"

The tone of Yin measurement's voice is extremely strange. The previous sword, which killed the great emperor, chose to shake it!

"Click!"

On the black clothes, the thin sand armor was broken into pieces and fell like snowflakes. It killed the emperor all over his body. The sword marks of different depths gushed blood, but it was only limited to the light damage of the flesh.

"Still not..."

Even in the face of the weakest killing emperor, he and zunlao are so stretched.

A trace of determination flashed in the depths of Ye Chen's eyes. This is definitely the last chance. If you can't take it down, there will be no hope to ban such evil demons!

"Come on, come on, please me!"

The killing emperor was not in a hurry. Even under the silver mask, there was a trace of intoxication.

"Ye boy, you can't suppress it with the power of abandonment!"

The elder saw through Ye Chen's idea. He wanted to lead the power of Tongtian chain again to ban Sha and kill the great emperor!

"This guy is inducing you to use the power of the dead end from the beginning. Once the dead end and the Tongtian chain are born, he will escape at the first time. The power of the guardian golden seal will consume one point once used, which will only make the coffin born earlier!"

The elder's eyes were like a torch. He looked at the great emperor and showed his killing intention.

"Once the bronze coffin is born, he will be really free!"

Ye Chen's heart is filled with a trace of deep reluctance. The world in the desperate situation of death can't be pressed. This guy in front of him can't defeat him at all!

"Calm down. The periphery of the dead end is his territory. There's nothing to do with the endless sand sea!"

"Lead him out, I will imprison him with the world of heaven and earth, and seal his spirit in the gourd!"

The elder whispered to Ye Chen.

At present, fighting at the other party's home, and then stalemate, is tantamount to looking for death!

"Good!"

When Ye Chen heard the speech, there was a faint retreat in the fundus of his eyes.

The killing emperor clearly caught Ye Chen's intention, and the sarcasm under the silver mask was even worse:

"Why, I want to go now?"

"I spared you a small life last time. Do you think you can retreat like this this this time?"

"The feather emperor and Wutian can't come. The real body will fight you! But I can! This heaven and earth is my real body!"

Kill the great emperor and make a strong attack!

This time, ye Chen held the reincarnation Heavenly Sword in his hand. As soon as he was about to make a move, he stopped and said, "don't use this sword!"

"This sword has great cause and effect, and is accompanied by reincarnation. Once used, the way of reincarnation and the way of dying will conflict. If you can't kill the great emperor, the price will be even worse!"

Ye Chen's eyes coagulated, sighed and took back the reincarnation Heavenly Sword.

This guy who has escaped from the desperate situation of death is restricted everywhere! He would rather fight against the separation of Emperor Yu and wudian!

However, he also knows that if he succeeds, it will be of great benefit to him!

Chapter 7477

"Longyuan Tianjian: the sun is red and brilliant!"

Ye Chen held the Longyuan Heavenly Sword in his hand and whispered. The infinite momentum suddenly burst out. Even the desert shook and shook.

Endless rules of the sun, intertwined with the moonlight, flow here.

Killing the great emperor temporarily avoided the edge, but ye Chen and the old man chose to escape under the cover of the sword light for the first time!

"Interesting, let's see who is the cat!"

A strange smile crossed the corner of his mouth and looked at Ye Chen, who ran away from tearing the sky. He killed the great emperor calmly and stepped away towards the door of space!

"Whoosh!"

The bodies of the old and the young step out of the door of space, and the breath of the waves pours on the face. At the foot is the endless deep sea!

On the other side of the gate of space, the threat of terror followed.

A finger popped out suddenly, stirring up thousands of waves into the sky.

"Wish sky star, dust monument, guard!"

The Heavenly Sword in his hand is horizontal in front of his chest. I hope Tianxing will closely protect himself and respect the old. The opening and closing power buzzes, and a dragon's sound vibrates the world. In the deep sea under the foot centered on Ye Chen, the power of a dust monument rises around, so as to present the posture of a bell and resist the finger of killing the great emperor!

The guardian power of dust tablet and wish star turns into a dragon, which is more powerful!

"A broken creature!"

The figure behind the door of space is only a point to break the barrier!

"Two fingers sip the common people!"

A human figure appeared. With the fierce drink of killing the emperor, the second fingertip twinkled in front of Ye Chen!

"Bang!"

In an instant, the Dragon Spirit scattered into a water mist and fell silent. Ye Chen's absolute defense was also broken in an instant. The only remaining sword Gang surrounded him and resisted stubbornly.

"Three fingers..."

The domineering figure in the void was about to give the third guidance, and suddenly his body trembled.

"Cough!"

One mouthful of blood coughed up. It seemed that the flesh could not bear the terrible power of killing moves. At that moment, the suffocating pressure immediately dissipated into the invisible

"It seems that our guess is correct. Once this guy leaves the wilderness, he will have constraints!"

Ye Chen whispered to the elder.

"If so... There is no way to die!"

Killing the great emperor seems to have verified the conjecture in his heart. Although he looks unhappy, it is obvious that once he forcibly leaves the desperate situation of death with his own strength, his cultivation will be greatly reduced!

Although unhappy, there was no sense of panic between his eyebrows!

"My warm-up is over, and I'll leave the rest to you!"

The evil killing emperor in black shrugged his shoulders, looked indifferent, and spoke to the void.

Ye Chen and respecting the old still have time to breathe in the future. At the bottom of the blue waves, light blooms out one after another!

"This guy, together with the outside world!"

Several spatial vortices rise from the bottom of the deep sea. You know, ye Chen has the guidance of the guardian's golden seal, so she can find the position of the dead end.

Killing the great emperor did not know when, in the depths of the wilderness, it was a space vortex leading to the outside world!

"No, this guy has been in touch with the outside world for a long time. He's caught in the trap!"

Ye Chen looked back at the old man, full of incredible.

"It's too late to find out now!"

The hoarse voice sounded in Ye Chen and the old man's ears. This familiar voice made them sweat in an instant!

"Demon saint!"

Not far from killing the great emperor, a bloody robe made a sound in the sea breeze. They were at an angle and besieged Ye Chen and zunlao!

"Old man, you are still young. You dare to spy on me. You can't stay today!"

The killing emperor spoke slowly, his tone was somber, and his killing intention kept rising!

"What... You..."

The elder realized that the art of star deduction, which he was proud of, had been perceived!

"Don't blaspheme Diwei!"

With the cold drink of killing the great emperor, ten figures rose from the bottom of the sea. It was Zhou Xinyou who was the head!

Ye Chen's eyes narrowed slightly. This time, he completely fell over!

"Ye boy, the situation is bad this time. He noticed the art of heavenly star in advance. Even I didn't expect it!"

"I'm afraid the present situation is more difficult than seizing the reincarnation Heavenly Sword that day."

Respect the old man's face was iron green and preached to Ye Chen.

In the current situation, breaking through has become a delusion!

"Dear old man, I don't know how long ago this guy has opened the space vortex and can forcibly come and intervene in this world!"

No wonder he was in a desperate situation. He asked him to completely ban the killing of the great emperor as soon as possible. According to this situation, I'm afraid this guy will get out of trouble completely in a short time!

"These ten guys... If they shot just now... I'm afraid it's more terrible than now! But they choose to hibernate..."

Looking at the full ten people led by Zhou Xinyou, they were surprised.

"They didn't fight in the desperate situation of death before. I'm afraid it's just to prevent you from breaking through with the power of the guardian's golden seal. We're right in the arms of the enemy!"

No wonder that in the desperate situation of death, the evil killing emperor always played with them!

"Ye Chen, do you know, I've been thinking about what your blood tastes like day and night!"

Surrounded by ten strong ones, the great murderer stood around his chest on one side, and the hoarse voice of the demon Saint ancestor was like a sword of judgment hanging on two heads!

The blood color smell of terror filled the air in an instant, and even ye Chen's sight was covered!

The elder exclaimed, "the breath of the demon holy ancestor is a little stronger!"

There is a wolf in front and a tiger behind. The two killing gods and killing machines are locked, and the strong ones from ten sides are in the array. This time, ye Chen and zunlao cannot escape

"There is only one way to die!"

Ye Chen shouted to the old man.

"These guys, I'm afraid they can't leave this ocean too long or too far!"

The elder seemed to think of something and immediately said, "the old guy of the demon Temple once appeared to stir up the situation at the new ceremony of the Terran alliance in the land of heaven!"

"Oh?" Ye Chen raised her eyebrows.

He was busy with the reincarnation of Tianjian and xuanhai, but he didn't care about the land of Tiangong and the lost time and space.

It seems that the evil saint has not been idle.

The elder continued to preach: "at that time, the evil Saint wanted to start, but was stopped by a mysterious guy!"

"I'm afraid it's the evil killing emperor in front of me!"

"This guy has cut off my skill of star deduction. He has arranged such a big encirclement and suppression. Ye boy, they really think highly of you!"

"I'm afraid you attracted the separation of the ancient emperor Yu Huang and Wutian in the process of seizing the Heavenly Sword, so they have to pay attention to it."

"That's right. If the Lord of reincarnation inspires reincarnation blood and reincarnation Heavenly Sword and kills the ancient feather emperor, it's just time."

Ye Chen smiled bitterly and said, "respect the old man. Don't make fun of me at this time!"

Chapter 7478

Respecting the old man, the voice said: "that guy once stopped me and tianxuexin's hand and ran away with the holy ancestor of the evil spirit!"

"At that time, although he shocked us, he was not invincible!"

Ye Chen's eyes coagulated and then said, "do you mean that these demons suppressed by the desperate situation of death will be affected if they leave too far?"

"Exactly!"

Ye Chen's eyes showed a thoughtful color and said, "but the ghost holy ancestor doesn't come from the desperate situation of death, but an extremely powerful existence outside the territory!"

Respecting the elderly was also a dignified color, and said, "find a chance to leave and make plans again!"

Ye Chen's Longyuan Heavenly Sword turned over. At present, the ten sides are blocked and can only retreat first!

"Get up!"

It was another water stop and a sword. The terrible breath suddenly rose. The holy ancestor of the evil spirit and the great murderer did not show their faces, but the ten people on his side were suddenly absorbed.

"There's only Taizhen realm beyond the desperate situation of death. This boy's Kendo is strange!"

Zhou Xinyou also converged a little. She had witnessed all the battles of Ye Chen near the dead end. She had to be cautious in the face of this heavenly sword with the smell of the dragon family, especially when her cultivation fell now.

"What!"

Seeing ye Chen's sword did not attack them, but went to the endless abyss under his feet.

"Cunning boy..." Zhou Xinyou saw this and raised a confident smile at the corners of his mouth. At the same time, a huge wave set off!

The raging waves swallowed up several people in an instant, and ye Chen and his old body fled away in an instant!

"Overestimate your strength!"

Zhou Xinyou gave a cold drink, and the ten strong people just opened and closed in their hands, and the vision rose!

"Bang!"

Ye Chen, who took the lead in rushing out, hit an invisible space barrier and was bounced back.

"Space boundary?"

The key is that the power of space seems to have an ancient flavor.

Ye Chen immediately raises his sword to destroy the boundary space, but how can another pair of eyes that have been eyeing for a long time give ye Chen a chance?

"Soul devouring way: broken soul claw!"

At present, there was only a flash of scarlet awn. The three fierce cutting breath had no time to resist, and it had crossed over Ye Chen's chest!

"Bare!"

Flesh and blood burst out in response. At the chest of Ye Chen, three deep claw marks of bones can be seen everywhere!

If he didn't have the reincarnation God body, the general hundred Jiajing would be enough to turn into blood fog!

"Ye boy!"

The speed of the demon holy ancestor was so fast that both of them had no time to respond. Only in an instant, ye Chen's body was broken!

"What a fast speed!"

Ye Chen's eyes coagulate, and the virtual spirit pulse opens!

He swept his eyes one by one over the demons, saints and others.

In his eyes, the war was burning, and three heavenly swords rushed out and hung behind him.

With the rising of breath, the length increases sharply, just like three giant pillars standing in the void.

Facing the pursuit of bloody figures, ye Chen began to fight back!

"Heavenly Sword gathering: destroy!"

The violent breath swept around him. He and the holy ancestor of the demon didn't know how many times they fought, and the void collapsed.

Ye Chen chose to be in the front, but after all, he was outnumbered. One mouthful of blood vomited out. Three heavenly swords attacked at the same time, bearing great pressure. However, his whole body was red and his blood was boiling, which almost promoted his potential to the extreme.

"Lord of reincarnation, you robbed my demonic Tianshi and martial reincarnation map. Today, I want you to die!"

The fierce attack of the evil Saint Zu was fatal. Ye Chen controlled the three heavenly swords to turn over, but he was still suppressed.

He had consumed a lot in the previous war. Now, even if there are three heavenly swords, he can't smooth the insurmountable gap in cultivation. He can only reluctantly resist!

"Whoosh!"

A few more blood awns flashed across Ye Chen's body, hundreds of terrible and ferocious wounds up and down!

"The curtain of fire!"

The elder on one side didn't mean to wait to die at all. He tried his best to break the boundary of the space!

But are Zhou Xinyou and others ordinary people?

Ten to one, just a moment, respecting the old is defeated. The situation is even more dangerous than ye Chen!

"Respect the old man, follow me to escape into the reincarnation map space of martial arts. Once I avoid it, I will make plans. Such a fierce battle will not last half an hour, and you and I will die!"

Thought of the previous battle with yanzun emperor, ye Chen fled into his own small world. If it were not for the exposure of Longyuan Tianjian, it would be difficult for the enemy to find it!

"The reincarnation of martial arts..."

The heart reads a move, and has not yet had time to put it into practice. Behind him, a slender palm has been gently pressed on Ye Chen's shoulder.

"Lord of reincarnation, do you think I will give you a chance?" The bloody robe makes a sound of hunting, and its owner looks at Ye Chen across the air. Obviously, he knows Ye Chen's cards like the back of his hand.

I don't know when the killing emperor appeared on Ye Chen's side. His right palm gently covered Ye Chen's shoulder. The silver mask gently pasted on his cheek and whispered:

"Space rules, although I'm not good at it, but the power of your guardian golden seal, but part of it is on me, you can't escape!"

At the end of his speech, the evil killing emperor behind him used his palm as a sword and stabbed Ye Chen straight back!

"Whoosh!"

"Ding!"

The same scene was staged again. The attack of killing the emperor stabbed the old canjin gourd again. The power of heaven and earth gourd replaced its position with Ye Chen!

"You really annoy me!"

The killing emperor turned around and looked at the old and the young. At the moment, there was no intact place on Ye Chen's body. The blood had already soaked his clothes, and the drops of blood melted into the blue waves under his feet, spreading a hundred feet of red.

But if you look carefully, you will surely find that ye Chen's injury is recovering at the speed of the naked eye.

This is the body of reincarnation!

Compared with Ye Chen, the situation of respecting the elderly on one side is no better. The breath is listless. The strong man can't stop shaking even to maintain the flight state, and a bright blood hole in his abdomen is surging

"Lord of reincarnation, don't forget what you promised me, and the zunling clan will be handed over to you..."

The old man spoke to Ye Chen and forced an ugly smile on his pale face

Chapter 7479

"Dear old man, you..."

Ye Chen sensed something. Just when she wanted to speak, she saw the rickety body of the old man in front of her straighten up again and shouted:

"Respect the spirit and Shinto: the law of fire, burn!"

In an instant, the great emperor, the holy ancestor of the evil spirit, and the ten strong men who looked coldly at them all lit up an invisible fire!

A flustered look flashed in Zhou Xinyou's eyes. She had just seen the terrible power of this colorless fire!

Killing the great emperor is fearless, but it doesn't mean that they are also fine!

"When was this old thing..."

Ten and a half strong people are frightened, and the industry fire has flashed a light!

"The old guy hid so deep. The old thing hid the fire in the waves at that time when ye Chen's sword was used earlier..."

"What a deep calculation, what a terrible fire control power!"

The holy ancestor of the evil spirit couldn't help whispering. He remembered the scene that the old guy of the zunlingtian family almost disappeared in the heaven and earth world in order to protect Ye Chen at all costs!

Wait, cover, heaven and earth!

The demon saint who reacted shouted: "no, this old East XZ has a hand..."

Covered with blood, he had already dyed several patches on the cloth clothes, but the old man with strong blood smell laughed at this time: "hahaha, it's late!"

"Lord of reincarnation, remember to promise me..."

Ye Chen was left with a smiling face. The old man shouted:

"If you are contaminated with fire, come in!"

"Heaven and earth world!"

After several wars, the golden gourd on the waist has already cracked and spotted cloth, but under the call of the old man, it still blooms an infinite golden awn. In a moment, all people except ye Chen were sucked into the gourd!

This is another familiar scene. In order to protect Ye Chen, the old man finally chose to use his body as bait!

"Respect the old..."

Ye Chen's eyes and canthus were about to crack. He shouted angrily and shook the world. At his feet, with Ye Chen himself as the center, layers of waves opened and retreated in the distance!

Thousands of miles away from the battlefield, at the port of the border town, the huge waves blocking the sky and blocking the sun one after another seem to devour the world alive!

"Respect the old!"

There was endless anger in Ye Chen's eyes, and the reincarnation Heavenly Sword gathered in his hands.

The breath of samsara broke out!

He wants revenge for respecting the old.

But at this time, Emperor chaotic Yan said, "I admire the people of Lingtian family."

"At the last moment, I seemed to feel the fire in each other's heart."

"If I had guessed right, he would have guessed the result."

"But he resolutely chose to be with you, because this is a doomed robbery in your destiny."

"The ups and downs of life, you escaped the layout of the feather emperor and the boundless separation, and you are doomed to stumble."

"Right now, the most important thing is to evacuate. This time you are seriously injured."

"I believe that the zunlingtian family is not so easy to die."

Ye Chen heard the words of the chaotic Yan Emperor and thought for a moment. His eyes suddenly looked north, his body flashed and galloped away to the distance

.....

meanwhile.

In a chaotic land, the demon holy ancestor looked at everything familiar in front of him.

Since heaven and earth, heaven and earth are connected, blurring the boundary, and colorful colors are everywhere.

"Hahaha, heaven and earth, you can stay here with me today!"

The elder laughed. Under the traction of the breath, the internal organs spit out from the mouth together with the flesh and blood. The violent momentum of the whole body becomes more and more powerful. The whole world forged by heaven and earth is also shaking!

"In the land of chaos, heaven and earth are not divided. Such a small world dares to show up!" The evil killing emperor shook his head and disdained it. "You want to help the boy if you want to die like this..."

In the whole chaotic space, purple thunder surged, and the familiar scene reappeared in front of the holy ancestor of the evil spirit. However, I was not the one who needed to fight hard in the face of the thunder disaster!

"Sheng Lei kills!"

The whole space is full of interwoven thunder. Its density is like pouring rain!

The holy ancestor of the demon never evaded and let the purple thunder hit his flesh. It's not painful or itchy!

"This old thing, I don't want to touch Cause and effect!"

It seems that the legend of respecting the Lingtian family is extremely afraid. The holy ancestor of the Yin devil is still the same as last time. He has no intention of killing people!

"Jie, all living beings are afraid of cause and all gods are afraid of fruit. At the beginning, I couldn't even erase the way of heaven, fearless!"

The evil killing emperor drank fiercely and quickly raised his right palm and shook it gently!

I saw a grain of dust falling at the end of the sky in the heaven and earth world of respecting the elderly.

"One sand can fill the sea, move mountains, turn the sky and destroy the world!"

With a wave of his hand, the killing emperor threw down a sand rain, completely smashing the space of the chaotic world!

Just like gauze meets water, in a moment, the chaotic world is eroded!

"This guy..."

The evil Saint looked at the killing emperor in front of him with fear. Although this guy's real body was banned in the desperate situation of death, only with this living separation, he raised his hand to melt the chaotic world he had spent nine cattle and two tigers to break!

"The rainbow of blood!"

With a wave of his sleeve, the bloody shield was opened. Fortunately, the Sha Yu who killed the great emperor had no power to kill his own people. In the blink of an eye, the golden gourd was completely melted in the world

"Cough!"

Wang Yang shows that it is respecting the elderly that a shadow falls and floats up again.

The old man looked unbelievably at the killing emperor who melted his precious treasure. Although he was unwilling, he was more gratified.

Because now he can't feel Ye Chen's breath, that is to say, ye Chen is safe!

The closed eyes of the great Slayer also opened slowly and said, "unfortunately, he was escaped by the Lord of reincarnation!"

"We were so carefully arranged that we were escaped by the Lord of reincarnation. The luck of the Lord of reincarnation is really terrible..."

The holy ancestor of the evil spirit looked at the killing emperor in front of him without saying a word. This time, he was rarely angry.

The indifferent eyes of the great murderer seemed to judge all the people in the world. The top ten on his side stood shivering and followed his master for so many years, especially Zhou Xinyou clearly understood that this was the prelude to the outbreak!

The white awn on the fingertip slowly lit up. I couldn't see its expression under the silver mask of killing the great emperor, but my fingers gently pointed down on the dying old man!

The gourd of heaven and earth, the original treasure, has been melted. The cultivation of the old man has been half gone, and he can't lift any waves anymore.

"Wait! Stop!"

Chapter 7480

The hoarse voice echoed on the blue waves with only the roaring sea breeze. The bloody robe stood vertically, and turned to look at the killing emperor.

The great murderer also stared at the holy ancestor of the evil spirit. Obviously, ye Chen's escape made him quite unhappy. Similarly, it was even worse to be interrupted!

"He can't die!"

Said the demon saint.

All the strong men in the ten directions bow their eyebrows and secretly raise half a point from the corners of their eyes. Looking at the void, they dare to contradict the existence of their master, and no one dares to speak for him!

Zhou Xinyou's heart was pounding and trembling, and he mentioned his voice. Yu Guang swept a corner of the bloody robe and felt a sense of inexplicability in his heart.

"Oh?"

The evil killing emperor turned around, and his fingertips slowly extended to the evil saint in front of him. His tone rose, and there was a smell of impatience!

"If he dies, the Lord of reincarnation will not come back!"

The hoarse voice flipped over the blue sea with the waving blood robe. In the previous World War I, the rich smell of blood spread thousands of miles, and nearby fish flocked to the smell.

"What do you mean?"

The emperor put down his finger and asked calmly.

The fish below have begun to bite and nibble at some of the old man's flesh. Between their words, there are only white bones left in one right arm, and the broken meat with muscles and bones is swept away by the fish!

Although the elder wanted to resist, he was already at the end of the crossbow. He could only roar endlessly!

"Take the old guy down and force Ye Chen to show up!"

"The Lord of reincarnation is a threat to us."

"Besides, he has what you and I want. I want his Yin devil Tianshi and martial arts reincarnation map, and the rest, including the desperate situation of death, are for you!"

The ghost saint's eyes narrowed, and in his hoarse voice, a trace of killing intention appeared. I don't know whether it was directed at Ye Chen or the old man in front of me.

"Interesting!"

The great murderer agreed with the idea of the holy ancestor of the evil spirit, and immediately grabbed it across the air, interrupting the happy moment for the fish to enjoy delicious food. In a moment, countless sharp mouthed, fanged and toothed mermaids jumped out of the water and attacked the great murderer!

Seeing this, Zhou Xinyou waved his arm and hanged all the creatures within a thousand miles. The warm blood immediately dyed the blue waves red.

"Old man, it's your least ambitious decision to be against me!"

The killing emperor stabbed the old man's back with his palm sword, passed through his body, and squeezed his two fingers into his body, cutting the old man's spine in an instant!

"Ah!"

"Ah!"

The screams of heartbreaking pain made the blood red waves under your feet boil in an instant

"Give it to you!"

He threw the old man like a dead dog at random to the holy ancestor of the evil spirit, dressed in black and slowly dispersed into a burst of light smoke and died. His cold eyes stared at the bloody robe from beginning to end:

"When the Lord of reincarnation falls, contact me at the first time!"

With the death of the great emperor, Zhou Xinyou glanced at the void, opened and closed his thin lips several times, but finally he didn't open his mouth, took with the ten strong men, hid into the vortex of space and went with the Lord.

.....

Screen rotation.

Ye Chen, who was traveling at a high speed in the void, was going to go to beimangzu to find Ren extraordinary.

This matter, if Ren Feifan makes a move, there may be a turn for the better.

He's too badly hurt right now.

Suddenly, an extreme pain hit.

He knows, it's the tattoo on the back!

It's a dead end again!

"To what extent do you want me to die?"

As soon as ye Chen finished, he spewed out a mouthful of blood, and the whole person fainted.

The body also falls at a high speed.

At this time, a faint light wrapped Ye Chen and disappeared in a twinkling of an eye.

.....

An hour later.

"Here is..."

When ye Chen woke up again, he found that he didn't know when all the injuries around him had healed, and he was on the nine peaks at the moment!

The reincarnation map of martial arts connects the nine peaks in the territory of Shizi Jue. He was in a desperate situation before he was unconscious. Is it

"You're awake!"
