

Physician 7481

Chapter 7481

"You don't have to wonder. I saw all your previous performances, but I'm still closed and have no time to worry!"

Xiao prison immediately broke free from ye Chen's bondage, but surprisingly, he didn't hurt the killer at him. Instead, he went to the tomb of his former guardian and gently rubbed the tablet with his right palm:

"Your name is Ye Chen, isn't it? I can help you kill the great emperor, but in exchange, you have to do something for me!"

Ye Chen was forced to break free by Xiao prison. There was another surge in the Dantian. Ye Chen's bloody head immediately refused:

"Impossible!"

Xiao prison frowned, "you haven't heard me finish!"

"What can be said, Yan Zun, Sha kill, you evil demons, don't you want to get out of trouble and see the sun again?"

"I, ye Chen, have been guarding the dead for a day. Unless I step on my body, I won't talk!"

The power of heaven and Earth shows again. It's just that you can't kill the great emperor outside. In the nine peaks, the guardian Jin Yin is difficult to shake the man in front of him. It's likely that this guy called Xiao prison is really stronger than killing the great emperor!

"You misunderstood. If you find someone for me, I'll help you out of this situation!"

Xiao said in a deep voice.

"Looking for someone?"

This makes Ye Chen stunned. It seems that this guy in front of him has no obvious intention to kill himself from the beginning. Is it different from killing the great emperor?

"Yes, I had a daughter named Xiao Qin. Although I have been trapped here for thousands of years, the mark of reincarnation left in the past will not disappear. Find her and I will help you solve the killing!"

"You can see it as a deal, and even if I'm a demon, now you need my help!"

Xiao prison looked at Ye Chen, who was entangled, and his tone was indifferent.

At the thought of respecting the old and fighting to protect each other, ye Chen took a deep breath, "OK, I should take this deal!"

"Bring Xiao Qin to meet me. I can help you in the future!"

In front of the man who claimed to be the king of the soul code, his long hair was scattered, and there were no flaws in his tone. Even his eyes with no thread had never looked at Ye Chen for half a minute.

"Take this as a guide!"

A black and gold Xiao token went straight into Ye Chen's hand.

"Drops of blood melt..."

Xiao prison had a vain figure and glanced at the guardian's tombstone, which was scattered into a cloud of smoke and died silently!

Ye Chen looked dignified. After thinking for a few seconds, he left here and returned to the outside world.

Just now, on the nine peaks of the reincarnation map of Wudao, a man named Xiao prison still crossed Ye Chen's mind.

The existence of the ban in the desperate situation of death is mostly the giants of the past. This soul code respects the king Xiao prison, and it is not clear where its origin is. It is not easy to find his children and look for a needle in a haystack?

Just arrived outside, ye Chen suddenly felt a familiar wave!

This is the power of the virtual monument!

The next second, the void was torn and a petite figure appeared!

"Ling'er! Why are you awake again?"

Previously, ling'er helped himself resolve the tracking of the anti sky star beast and sent away himself and Shen Tu Wan'er. Originally, he thought that ling'er would be in a coma for a long time this time. Unexpectedly, he appeared again so soon.

"Hey, you guy hurt so badly..."

Ling'er's body flashed, and a trace of heaven and earth aura reappeared from ye Chen's eyes. His white face was a bit more than his waterfall of white hair. It can be seen that his previous war was also a serious loss of spirit and soul.

"What's going on?"

Originally, ling'er, who wanted to be dissatisfied, was about to mutter and complain, but he saw Ye Chen's shaky miserable look at the moment, and his expression was dignified in an instant.

Ye Chen said in a calm tone:

"It's all my fault. If I hadn't acted so recklessly, I wouldn't have fallen into the hands of a traitor. Now I'm subject to the Xiao prison..."

After ling'er understood the cause and effect, he spoke and comforted: "Baimi is inherently sparse. What's more, he made a decision when he chose to be with you!"

"Moreover, the enemy's target is you. They won't kill easily. We still have a chance!"

Ling'er stood with his hands on his back and his eyes narrowed. He seemed to find some old memories in the depths of his memory. After a long time, he shook his head and said in a deep voice:

"In this level outside the territory, the information I control is only limited to the most peak people. This soul code respects the king... Xiao prison..."

Ye Chen took out a black gold token from the reincarnation cemetery. Although it seems mysterious, there is no abnormal fluctuation!

"This thing..."

Ling'er took the Xiao token and threw it into the sky in the heaven palace. Seven colors of thunder filled the air in an instant, and the terrible smell of destruction wanted to burn everything to ashes!

"Hidden!"

Ling'er frowned, left hand time, right hand space, the power of the two phases blended, and sealed the black token in an instant!

At the next moment, the sky was clear and the vision dissipated.

Tiangong Shenjiao is thousands of miles away. Tianxue's heart sees the vision above the nine days, and a trace of uneasiness flashes in her heart.

"Master, something's wrong. Respect him..."

Wu Yuzhi's body came quickly. According to the reliable information of zongmen, she found the trace of the evil Saint ancestor.

.....

A few hours later.

"Will there be Xiao Qin's whereabouts in this place?"

After changing their clean clothes, ye Chen and ling'er hurried north and crossed the top of the snow mountain of gods. They were already far away from the southern region where the heavenly palace was located and across the abyss of heaven!

"Only with our existence can we have the strength to cross the border. There is a taboo on the token that can't be peeped into. If it wasn't for the power of blood, contamination would lead to trouble. Only this weak power points to a place!"

"However, the place is very close to the Taishang world in space. Although it can't cross the space barrier to reach the Taishang world, the strong people of the Taishang world, such as the feather emperor, can still perceive something."

"You should try not to use the nine heavenly gods and reincarnation Heavenly Sword. Otherwise, what the feather emperor found and another separation will come. You can't afford to go away."

After reminding, ling'er and ye Chen continued on their way. In just one incense burning time, they had reached the boundary guided by the token.

"This place..."

Ye Chen smelled that there was a flow of Taoist rules between heaven and earth. Looking at the huge city gate not far away, he had the illusion of entering the city for the first time.

"The city near Tai is close to the world. It is one of several cities. If the Xiao family is here, I'm afraid there are real strong people in the family!"

Ling'er narrowed his eyes and said in a deep voice.

"Like a God?"

Ye Chen couldn't help but be dumb. The birth of Taishen in the whole heavenly palace has shocked practitioners all over the world. Moreover, since his death, although he has experienced many tragic battles, even if a strong man was born, he is just a remnant soul and a separated body!

A truly immortal god like Taishen can destroy the world once he makes a move

Chapter 7482

"They are just some reclusive old guys. They won't appear until the family survives, but even so, they are countless times stronger than the power of the heaven palace..."

Ling'er glanced at Ye Chen. It seemed that it was not easy to find Xiao Qin.

"We got to know Tianxue heart from the ancient relics, and Xiao Qin's identity may be stronger than Tianxue heart..."

"The strong ones must have means. If Xiao Qin is here, I'm afraid the power of the Xiao family can't be easily approached by us!"

As soon as ye Chen thought of the power of Xiao Gaoli against the guardian's golden seal on the nine peaks, he had a headache.

"Come on, let's go into the city to find out. Maybe there's a bright future!"

Ling'er's body took the lead to the huge city under the mist!

.....

Near the city of Taizhi.

A very young looking gentle man lay on the table in the main hall of Wanjin building and slept soundly. Suddenly, he was pulled down from the stool. The unprepared figure suddenly fell down. At the moment of falling to the ground, it seemed that an invisible force held up the slender figure. His sleepy eyes rubbed his eyes and stretched his waist.

"Do you regard this as the Xiao family's residence?"

The man looked up at the person who woke him up. Qian Wanguan, the owner of the Wanjin building in the near Pacific City, although his name was full of wealth, but Qian Wanguan himself was indeed a star eyed sword eyebrow, a thin lip under his tall nose, controlled the largest intelligence network in the near Pacific City, and the guy with invincible wealth was naturally the object that all forces wanted to curry favor with.

He hates people calling him his full name. Everyone calls him boss Qian.

The man looked up slowly, with a beautiful color between his eyebrows. Looking at the man with slightly selected stars in front of him, his ears were red, patted the soil on his body, and said to Qian Wanguan: "little money, only you can have a safe sleep!"

"Shut up, I said I could only call boss Qian!" Qian Wanguan was angry.

"Little money, I have something to discuss with you!" The man said it very seriously.

"Drag this man out and throw him away!"

It seems that he is particularly dissatisfied with the name of small money. Qian Wanguan spoke directly.

In the clear space of the main hall, four space ripples flashed. The shadow in the dark didn't have time to start. The gentle man just looked around and splashed blood in the void!

"I'm really too tired to do it!"

The man's tired voice sounded.

Qian Wanguan seldom saw this guy like this. Hearing his tone, his heart softened: "the Golden Pavilion is ready. Go to sleep!"

"Tonight, the Xiao family is divided into several rooms. No matter what happens, your people are not allowed to take action. Moreover, the city Lord's house and other forces are not allowed to receive any disturbance!"

"When the sun rises tomorrow, everything will be fine as usual!"

The man lazily pushed open the window of the main hall, looked at the deserted Lane in the back street and stepped down across the air!

Back in the study, he picked up the money Wanguan in the account book. He couldn't see it. He had known him for several years. Although he didn't spend much time together, he had never been so incompetent!

Qian Wanguan is curious about what makes him like this, but if the guy doesn't want to say it, he won't say it even if he kills him.

Want to know only by yourself.

Qian Wanguan called his servant and said, "find out what medicine Xiao Qin sells in the gourd..."

The dark net of Wanjin building is all over the city of near Taiyuan. I want to know that it's still very fast.

Qian Wanguan stood by the window and looked at the huge sun above the sky. The dazzling sun narrowed his eyes and said gently, "women disguised as men should also cover their tracks to see me. When can you walk in the sun!"

.....

"Are you sure there was a fight here just now?"

On a cold back street, ye Chen and ling'er stood.

"Although there is only a moment, I'm afraid the cultivation is not under me!"

Just between linger's words, above their heads, a beautiful man stepped down slowly from the void!

"This is..."

Ling'er immediately protected Ye Chen behind him and looked at the visitor with vigilance, "he can easily mobilize the power of space. He is not low in space attainments, and he is not weak. Although he looks young, he has been practicing for at least ten thousand years..."

As long as he wants, he can turn space into a sword and shoot at them.

Of course, if ye Chen uses his cards, he can completely compete.

After all, he is the Lord of reincarnation, and has mastered the nine heavenly gods and the water stop sword.

However, the space here is very close to the world. Ling'er has emphasized many times that he should use less martial arts.

This weakens Ye Chen's strength a lot.

But the handsome man didn't seem interested in them. He just glanced at them and went to the deep lane in front of him.

"Excuse me, elder, how can I get to the Xiao family?"

Ye Chen saw that the man had no intention of killing, and asked with a fluke of mind.

"Oh? People from the four foreign regions can find the city near Taiji?"

The handsome man looked back, looked at Ye Chen and ling'er, and asked softly, "if the local people in Taizhi city were close, they wouldn't ask such a boring question!"

"Which Xiao family do you ask?"

The man asked, and ye Chen directly replied, "nature is the strongest one!"

"Near the city of the Pacific, the northernmost corner!"

"But if you break in, you will die!"

The handsome man without any breath just left a word and went straight to the deep lane.

Ye Chen and they want to say more. The mysterious strong man in front of them has already disappeared

"Northernmost corner..."

Chapter 7483

At the same time, near Taizhi City, Xiao mansion.

A fairy like old man half lay on the rocking chair emitting a light golden warm smell, closed his eyes and concentrated. From time to time, the old man gently hooked the pure black spirit beast in his arms with his fingertips, causing the lazy little guy to wag his tail.

If ye Chen were here, he would surely find that this spirit beast is similar to Xiao Hei.

However, they are just a little similar. They are too small, and the other party has no smell of Xiaohei at all, let alone any cultivation.

But the value must be amazing.

Sitting on the stone bench next to him was a man dressed in a green gray long shirt with his hair naturally scattered on his shoulders. He held his cheek with one hand and gently knocked on the stone table with the other hand. His five fingers were shining, his eyes were closed, and the corners of his mouth were rising. He seemed to be divining something.

At this time, a young man dressed in a moon white gown and holding a feather fan came tearing from the sky. When he looked close, his facial features were ordinary, but it gave people a sense of gentleness and elegance.

The young man's feet fell to the ground without a sound.

The void fluctuates faintly.

The man in the moon white gown came to the old man, bent down and said gently, "Grandpa, Xiao Qin has just gone to the Wanjin building!"

The old man's eyebrows frowned slightly and stretched out again. In a cold voice, he said, "scholar, the master of the Xiao family seems to have made a concession. Tonight, the Xiao family is divided and the whole family is destroyed, especially the little guy she values!"

The scholar's intoxicated expression suddenly stretched out. A trace of killing intention flashed across his eyebrows, but he smiled and said, "OK, I have the right to listen to the arrangement of Xiao Changlao. No, it should be the master of Xiao family!"

The man holding the feather fan looked at the old man with a smile in his eyebrows and eyes. His skin was white and tender, and his exposed teeth were white and neat.

After all, in the first round of the game between Xiao Su, the elder of the Xiao family, and Xiao Qin, the owner of the Xiao family, his grandfather won a big victory!

"Ce'er, Xiao Qin's favorite family is divided and destroyed. Then you can only be the successor of the next generation of Xiao family. With the help of the Wang family, the holy fire can win it smoothly!"

The old man Xiao Su whispered to the man holding the feather fan. He immediately glanced at the scholar on one side and said:

"Please tell the Lord of the Wang family that I will be in charge of the Xiao family after it is completed. What you want, I Xiao Su, give it with both hands!"

The man bent over and turned away.

Xiao CE opened and closed the feather fan and said with a smile, "Xiao Qin, Xiao Qin! You will lose this game of chess!"

.....

The picture turns around, ye Chen.

"Ye Chen, the Red Gate, has a strong authority!"

Ye Chen and ling'er went all the way north. At the end of the northernmost corner of the huge city near the Taizhi City, on the two closed red doors, the totem of the Kirin Protoss was lifelike. The eyes of the fierce beast were engraved by a craftsman. At a glance, even ye Chen, the Lord of reincarnation, felt a palpitation.

"Bagua Tiandan skill, Tianxian Koi copy!"

Ye Chen directly copied the Tianxian Koi and absorbed all the Qi, fortune and laws, which can resist all the attacks of coercion.

Instant resolution!

"In the hinterland of the Xiao family, idle people disperse immediately!"

Just when ye Chen and ling'er were surprised, the totem Kirin turned his eyes and shouted.

Ye Chen immediately hugged his fist and said in a deep voice, "I'm Xia Ye Chen. I've come to visit Xiao Qin, Xiao's family!"

"Hum, ye Chen? Xiao's family leader, don't see foreigners!"

Kirin snorted coldly and disdained.

Seeing ye Chen and others indifferent, the totem Qilin shouted again: "if you don't leave, you will bear the consequences..."

For a moment, ye Chen raised her eyes and looked at it. I don't know when she and ling'er were already in the Xiao family's killing array. On the nine clouds, there was a blood cloud. The cloud was deep and unknown. The unicorn beast's head breathed endless vanishing breath.

"Brahma divine skill, array word formula, Xun, exchange, leave, reverse seal, give it to me..."

Ye Chen was going to break the array with the array word formula. The next second, Ling Er pulled Ye Chen, and ye Chen suddenly realized.

If you use Brahma's divine power, I'm afraid the ancient emperor of the world must be aware of it at the first time.

At that time, another separation will come. The restrictions on the world's strong here are not as powerful as the reincarnation Heavenly Sword.

If ye Chen really wants to face the separation of the feather emperor, I'm afraid he can escape from heaven by sacrificing the reincarnation Heavenly Sword.

"Creak!"

Just when ye Chen wanted to summon Longyuan Tianjian to fight, the crimson door echoed, and a scholar in green walked out slowly.

"Oh, there are guests in the Xiao family?"

The scholar smiled and said.

Hearing the sound, the Xiao family's killing array dispersed, and the unicorn beast gathered all his killing intentions. It seems that he sold the scholar a thin face: "cat and dog, want to see the master!"

The scholar glanced at Ye Chen intentionally or unintentionally. Without saying anything, he immediately turned and left.

"Ling'er, with the help of the power of the virtual monument, keep up with this guy!"

When ye Chen saw that the killing array had faded, he immediately chose to retreat. He vaguely felt that the scholar had a problem. Under the elegant temperament, the killing heart suddenly rose, especially when the Kirin beast mentioned Xiao Qin just now.

Intuition tells him that this guy has a secret!

.....

An hour later, the Shaw family separated.

Different from the Zong family, there is no totem beast at the same dark red gate!

The scholar stepped out one step. He gently sniffed the smell of the air and looked a little thoughtful: "the fragmented Xiao family..."

The little tower in his hand flashed a green light, opened the horizon in the line, and shrouded the whole separated courtyard.

"Boom!"

The scholar stood in the void. In this completely isolated world, he just waved his palm boldly. His feet were razed to the ground in an instant. Between the rubble, bursts of bloody smell rushed up. The sleeping Xiao family separated people, and their souls returned to jiuxiao.

Only a few strong breath burst up, protecting a child from the dust.

"It seems that the threat master Xiao said is you..."

The scholar smiled cruelly and stared at the swaddling child. He didn't understand why the whole Xiao family completely tore their faces because of this child!

"Separation, there are several heavenly kings sitting in town. Unfortunately, even Xiao Qin can't keep you!"

"Exquisite celestial phenomena!"

A small tower glitters from the dust, and the whole world becomes illusory.

Ye Chen looked at the silent street. He and ling'er stood in front of the crimson gate. Everything was as usual.

"Something's wrong!"

Ling'er closed her eyes, put her palms out of the space, gently touched the dark red porch, and was immediately surprised.

"That guy cut space. He slaughtered the Xiao people in another world. It seems that he also mentioned Xiao Qin!"

Ye Chen was surprised. The scholar came out of Xiao's house, but now he is slaughtering the separated people. Does all this have anything to do with Xiao Qin?

"Anyway, this clue can't be broken. Can I break the space barrier with the help of the power of the virtual Monument and my power?"

Ye Chen made a quick decision.

Chapter 7484

Ling'er nodded solemnly, opened and closed between his palms, and a door of space slowly showed traces of cross cracks, wide open!

"Forcibly destroy the space barrier!"

Ye Chen's Longyuan Heavenly Sword flashed!

"Longyuan Tianjian: the sun is red and brilliant!"

At this moment, the blood dragon rushed out, circled and flew out, hit the sky directly, shaking the sky and roaring the earth!

Behind the roar of the blood dragon, countless clouds scattered, a golden sun slowly unfolded, dazzling to the extreme, and integrated with the space.

The tyrannical and unparalleled power instantly startled the strong people of the whole city near Tai. A bloody sword on the nine days lit up the huge city under the night!

.....

At the same time, another place.

"What's going on? Someone intervened?"

Xiao Qin in Zong's family felt the fluctuation from the separation position for the first time, which completely disrupted her overall deployment!

Her right hand brushed a ripple, and the space in front of her was cut like tofu. Even the violent storm was like a docile little sheep in front of her eyes. Xiao Qin went straight into her body!

"Huh?"

The old man on the rocking chair woke up instantly, and a trace of displeasure flashed between his eyebrows and eyes.

"It seems that you are going to tear your face completely with me!"

Countless strong men in the city came together one after another, and there was more than one giant at the level of heavenly king.

"How dare you ignore the rules of the nearby Taizhi city and die!"

Qian Wanguan felt the change at the first time, but Xiao Qin had a word in advance and should not disturb anyone. He also tacitly accepted the former's words. The strong man next to him said:

"It has been wiped clean. Xiao's separation will no longer exist tonight!"

"Also, Xiao Qin wants to choose the child to inherit the ancestral vein of the Xiao family, which has attracted the great elder's covet. Now Xiao Qin is weak and has to compromise if he is found!"

Qian Wanguan chuckled, "the Xiao family is old and immortal. How can he agree to let his unworthy grandson inherit his ancestral pulse and Xiao Qin find a new master?"

"However, it seems that although Xiao Qin has lost power, I always feel that this game of chess will have unexpected results..."

The strong man beside him frowned and interrupted his master's words: "someone is fighting in the city. I'm afraid something will happen!"

.....

Screen rotation.

At the moment, ye Chen, the initiator of the terracotta warriors, doesn't know how much trouble his sword will bring. In this huge city, all forces check and balance each other. Even if there is fierce hatred, no one dares to fight in public in the city!

"Boom!"

Longyuan Heavenly Sword combined with the power of blood dragon instantly destroyed the space of the small tower, followed by the scholar's cruel and unparalleled destruction breath!

"Do you want to destroy the city near Taiyuan?"

Several old voices sounded, and the four directions of the huge city lit up at the same time. The power of the terrible law condensed the space at this moment!

The aftermath of the explosion in front of him was no longer inching in, and even the dust stirred up was rigidly stagnant in front of Ye Chen and ling'er.

"The real emperor intervened!"

Ye Chen and ling'er were sweating in an instant. This feeling of deja vu was the same as when the previous Taishen came!

And these four people are not ordinary heavenly kings. They are very likely to be or close to heavenly kings and ancestors!

"Four..."

The four virtual shadows shot together and tore the frozen space from different directions. In an instant, the star river was bright in front of Ye Chen and others!

At this moment, ye Chen seemed to be in the universe, and the stars were readily available!

The four virtual shadows just waved their arms, and the wave of robbery caused by the previous explosion was pushed into the vast galaxy and disappeared again.

"Whoosh!"

God's awn flashed away, and the picture in front of Ye Chen and ling'er turned, and they were exposed to endless rubble and dust.

The scholar holding the small tower stared at Ye Chen with resentful eyes, and immediately knocked with a ring of fingers, and fled away with the small tower.

"Ye Chen, let's retreat quickly, or we'll really get involved in it..."

Obviously, they have been watched and poked out such a big basket. Just about to leave, the space behind them was opened and a beautiful shadow emerged first.

"You..."

The visitor was Xiao Qin, who was proficient in space. When he saw Ye Chen and ling'er, he was stunned and wanted to be captured.

Ye Chen and ling'er were unaware of the coming of the figure behind them. Ye Chen whispered to ling'er:

"This damn soul code respects the king Xiao prison. It's not reliable at all. What else are you looking for? Xiao Qin, his descendants are dying!"

Xiao Qin behind him smelled the speech and his body trembled. It was the flaw of this moment and revealed his breath.

"Who!"

Ling'er turned around for the first time and saw a woman wearing a plain yarn gown, such as waterfall's beautiful hair tied behind her head. She was obviously stunned.

The beautiful woman looked complex and immediately waved gently, "you go first and I'll cover!"

Ye Chen looked at the people in front of her, but she didn't even notice when she came quietly until the woman said:

"I'm Xiao Qin you're looking for. Wait for me outside the city!"

Ye Chen just wanted to speak, but he heard a loud explosion in his ear. Xiao Qin couldn't help explaining. With a slight tip of his finger, ye Chen disappeared in situ.

"Whoosh!"

"Whoosh!"

"Whoosh!"

Three figures floated and stood. Wang Teng, the leader of the Wang family, had a dark look in his eyes and said:

"Master Xiao came so quickly, but what did he see?"

Wang Teng naturally knew the reason, but due to the other two families, he had to speak coldly.

"My Xiao family was attacked and escaped by criminals. I don't know its trace. I'm sorry to disturb you!"

Chapter 7485

The master of the whole family had a little doubt in his eyes and said, "how dare someone make a move in the nearby Taizhi city? Are they from the world?"

"The space of the world and the city near the world has been broken?"

"I heard that not long ago, the separation of demon Zu Wutian and the feather emperor jointly killed the Lord of reincarnation in the dark forbidden sea and prevented the Lord of reincarnation from winning the reincarnation sky sword, but it ended in failure. Is the feather emperor angry and going to attack us?"

The master of the Zhu family looked cold. "If it weren't for our ancestors, I'm afraid this blow would make half of the nearby Taizhi city buried. We must investigate it carefully!"

"Thank you for your concern. I'll be aware of the attack on the Xiao family and give you an explanation!"

Xiao Qin said bluntly.

Wang Teng smiled and said, "after all, the leader of the Xiao family has been concentrating on self-cultivation for thousands of years and has not been deeply involved in the world. This situation is sudden and understandable!"

"Wang's master means that I'm not qualified to take charge of the Xiao family?"

Xiao Qin also made no taboo and immediately responded.

"Hehe, I don't comment on the Xiao family, but if master Xiao Su was here, maybe the situation wouldn't be so embarrassing!"

Wang Teng shook his head and smiled, taking the lead in stepping away.

The other two householders, who said no more, chose to leave one after another.

.....

At the same time, the royal residence.

"Someone disturbed the situation, but the task was successfully completed!"

The scholar whispered.

"Who did it?"

Wang Teng's eyes were horizontal and asked after him. The four strong men who made trouble today intervened to resolve it. How can they not be angry when they were nearly exposed?

"I haven't seen it! I shouldn't be from the city, but the other party's Kendo is extremely powerful." The scholar replied, "however, in front of Xiao's house today, the two wanted to see Xiao Qin. They were killed and drank back!"

"Oh? Just tell Xiao Su that although there are waves, there are no risks. The transaction continues!" Wang Teng waved his hand, "go and feel the melon and solve the two!"

"Yes!"

The scholar nodded and left.

.....

Near too far outside the city.

The atmosphere is dignified.

Ye Chen's eyes coagulated, looked at the woman with long hair behind her head, and asked softly, "you say you are Xiao Qin. Why should I believe you?"

"If I saved you, I can kill you at any time!" Xiao Qin responded calmly.

Ling'er said: "Ye Chen, I can vaguely feel that the man I met in the back alley of the street corner today is related to Xiao Qin in front of me. There are only a few guys with strong strength and good space attainments in the whole city near Tai!"

Ye Chen was silent when she heard the words, but Xiao Qin asked:

"Where did you learn the news of my father Xiao prison?"

Under Xiao Qin's calm eyes, there was a faint intention to kill. If the two people in front of him can't tell a name, today's move will make a mess with his overall layout, and it will never end well!

"Can you recognize it?"

Ye Chen threw out the black token given by Xiao prison. Xiao Qin was obviously stunned:

"This... This is my father's hand?"

"Where did you get it?"

Xiao Qin looked excited for the first time. As the first genius of the Xiao family in history, Xiao prison was famous abroad when he was born. His strength was extremely powerful. He even went to the supreme world to kill a family, but disappeared mysteriously after a big war.

After Xiao Qin was born, he awakened his blood. Even if he visited the world, there was no news of his father. How could the sudden family token fall into the hands of outsiders?

"The man once said that if drops of blood melt together, he will know everything!"

Ye Chen has no doubt that the seemingly gentle woman in front of her will kill herself if she is not careful!

A little crimson reflected on the black token, and a golden glow burst out. Different from the divine thoughts revealed by ling'er earlier, this time, there was no surge of visions!

There was a change in Ye Chen's reincarnation of martial arts.

"You'll know as soon as you go!"

The reflection of Jiufeng stood in the void, and the back of a middle-aged man with long hair appeared in the sky. Although Xiao Qin had not seen Xiao prison, she was sure that he was her father, and her eyes were red:

"Father..."

That great figure, she is destined to be engraved in blood!

Xiao Qin's figure rushed forward. With Xiao prison's back, he waved his arm and temporarily cut off his contact with Ye Chen.

Among the nine peaks.

"Father!"

Looking at the tragic situation of the men who used to dominate foreign countries, Xiao Qin was distressed. Looking around, he had a great tendency to destroy the sky and the earth.

"Qin'er, don't worry about me. I lost the bet ten thousand years ago to that guy. I'm sorry for your mother and daughter!"

Not far from Xiao prison, a tombstone stands.

"What's the situation now near Taizhi city? The world has a shot at you!"

Xiao Qin took a deep breath and said, "when I was young, my mother died in a struggle. Although I awakened my blood and temporarily took charge of the family, the die hards in the family have been trying to overthrow it, and the inheritance power of my ancestors is extremely weak..."

"But it doesn't matter. Father can get out of trouble. With your strength, the whole city near Taiyuan will be shocked! Even the world has our overpass!"

"Now the feather emperor is the first person in the world. If your father doesn't disappear, I'm afraid the first person in the world may be you!"

Xiao Qin's eyebrows burst out with a happy look. Now that his father is alive, all opposition will disappear!

"No, I can't leave here yet!"

Xiao prison was a little lonely.

"As for why, I can't tell you, you don't need to ask the boy outside!"

Xiao prison didn't mention anything about the desperate situation of his death. No matter how puzzled Xiao Qin was, he just prevaricated on the grounds of fulfilling his promise of ten thousand years.

"Anyway, seeing my qin'er is still there, it eliminates a big worry. As for the family, I believe my daughter of Xiao prison has the means to calm everything!"

Xiao prison laughed. He didn't care about the things of the Xiao family. He took his daughter and told him about the fuel, rice, oil and salt over the years.

"Qin'er, I need to tell you a big thing. Follow the trend and the Xiao family can ride the wind against the world!"

Xiao Qin was stunned. In those days, his father dominated the outside world. He was not afraid of the world's strong. Now he is so dignified.

"This boy named Ye Chen, don't make friends!"

After a long time, Xiao prison said.

"Huh?" Xiao Qin looked at his father puzzled. He was just a hairy boy in a too real environment, which deserved such attention.

"I have a hunch that this son's Qi is against the sky and has the power of dragon luck. If the golden scale encounters wind and rain in the future, there will be no bundle in heaven and earth!"

Xiao prison looked dignified and told his daughter.

"That's enough. There are many causal forces. If you are contaminated by your father, you have no scruples. Just remember!"

Chapter 7486

Xiao Qin heard that even her once supreme father asserted cause and effect. How could she have the reason not to be afraid?

When he bowed to his father Xiao prison, he said, "qin'er, remember!"

"Go, in the near future, you and my father and daughter will meet again. When you rise in the wind, I will follow the trend!"

Xiao prison laughed and pressed the broad palm between his daughter's forehead to dissipate slowly as a wisp of smoke.

"Father..."

Just met, but they have to go through separation. Even the strong emperor who is as arrogant as Xiao Qin in the city of too near can't help feeling hurt.

When the mirror and the water and the moon dispersed in front of him, Xiao Qin got up again and looked at Ye Chen's eyes with a little more respect.

"Mr. Ye, thank you for letting me get together with my father again. Although it's short, I wrote down this kindness by the Xiao family!"

Ye Chen looked at Xiao Qin, who had just begun to kill himself. Now his attitude has changed 180 degrees, which is also quite uncomfortable.

"Xiao... Xiao's family leader, do your best and be loyal to others!"

Now that Xiao Qin has found it, what the king of soul code promised himself has been completed.

"Now the Xiao family is falling apart in order to inherit the power, and now it is the time of the holy fire. If it were not for Mr. Ye's kindness to see my father, I wouldn't know how to go ahead..."

Xiao Qin's words, however, attracted the attention of chaotic Yan Emperor in the reincarnation cemetery.

"Wait, boy, holy fire! If you integrate holy fire, it will be more powerful."

Ye Chen was stunned. He never thought that emperor chaotic Yan would make a sound at this time.

And the other party's voice seems extremely excited!

Although he hasn't used the fire of Taoist spirit Yan Xuaner for a long time, he also knows that the fire of Taoist spirit is powerful.

Chaotic Yan Emperor didn't want to talk nonsense, and continued: "you just want to find ways to get the holy fire. If you win this chance, you will have a better chance of winning against the feather emperor."

Ye Chen was stunned! He never expected that chaotic Yan Emperor would say such an exaggeration.

What kind of existence is the feather emperor!

That's the first person in the world!

If you have a chance to win, it's definitely a chance against the sky!

No matter for Yan Xuaner or for himself, he must get the holy fire!

"Mr. Xiao, do you mean that the holy fire has appeared in the nearby Taizhi city?"

Ye Chen confirmed again.

Xiao Qin nodded gently and said, "yes, that's why Xiao sucai, the elder of the Xiao family, has compassion and tries to win the divine fire for his grandson. With this blessing, he is qualified to open the inheritance power of the Xiao family!"

"Although I awakened my blood, I lost the power of inheritance. The inheritance of the Xiao family can only be inherited by the younger generation..."

Ling'er suddenly realized and said, "so the child who separated was the heir you selected, and was killed by the elder of the Xiao family?"

"It's a pity that he couldn't stop the man..." Ye Chen shook her head regretfully. They were still a step late. Xiao's family was separated and the door was destroyed.

Xiao Qin sighed and said, "although I am declining, I will never wait to die. The real inheritors have been replaced by me. It's a pity that they are separated, and the rest fall."

Ling'er also heard the dialogue between chaotic Yan Emperor and ye Chen. She thought for a moment, but said, "wrong, you are all wrong!"

"The majesty of the holy fire is by no means an enemy under the emperor. Even if the four old men just shot, I'm afraid they can't subdue it!"

Ling'er refers to the hidden experts of the four families who tore the void and fought outside the territory!

"Therefore, even if it can be subdued, the power of divine fire is by no means a child's body can bear!"

Xiao Qin looked worried, "but if not, the Xiao family will inherit..."

Ling'er smiled mysteriously and said, "I will stay with Ye Chen for a few days to ensure that the Xiao family will not fall into the hands of the traitor!"

Xiao Qin glanced at Ye Chen and said, "if Mr. Ye has a clever plan, I hope you can help me, Xiao family!"

The respectful attitude of Xiao Qin made Ye Chen quite puzzled. What did Xiao prison give his daughter?

But ling'er said:

"The so-called soul code honoring King Xiao prison, no matter how powerful, is just a guy who suppresses the desperate situation of death. For the time being, I believe he can solve the killing of the great emperor, but have you ever thought that the evil Saint ancestor actually exists?"

"And that guy's means are weird and unpredictable. I'm afraid he's better than Xiao Qin in front of him. Even if we work together, we can't get half the benefit!"

Ye Chen could not help frowning and asked, "what do you mean?"

Ling'er continued to preach, "the holy fire is a good thing. You must take it down!"

Ye Chen's eyes coagulated and said curiously, "have you heard of it?"

"I've heard of it, but it's not specific. Don't underestimate it. If it was the holy fire at the peak of the past years, you can burn the whole city outside the territory into fly ash in the back palm!"

Ling'er coagulates the important way.

"I almost suspected that I had heard wrong. The holy fire was found here. It seems that when its former owner fell, he sealed it outside the territory!"

"Its last owner was very powerful?" Ye Chen asked.

Ling'er paused and said, "it's very powerful. It pushes the existence of the supreme world. This fire is close to the body. Even the real body of the God Phoenix, which is known as burning all things in ancient times!"

"Ling'er, you have the same concept as chaotic Yan Emperor?" Ye chendao.

Ling'er smiled mysteriously, "yes, the holy fire is in this barren land. Only a few powerful people covet it. It is not an insurmountable abyss!"

"Your Taoist fire contains the law of fire. Once you refine the holy fire, the Taoist fire will be stronger!"

Ling'er then said, "with the help of the holy fire, even the holy ancestor of the evil spirit may have no way to take you!"

"We kill back to the heaven palace, destroy the temple of evil spirits, kill the great emperor, and suppress the desperate situation of death!"

"But if there is only a trace of the holy God fire, it is not so valuable, but if you have Yan Xuaner, you will be able to evolve it!"

Ye Chen was moved by Ling'er's words and immediately said, "you can see the existence of the four horrors. How can we grab food from the tiger?"

Although Ye Chen of the rational school was moved by what ling'er said, after all, seizing them with their strength was tantamount to seeking death.

"The people of these four families have no idea of the real power of the holy fire. Once they start to fight, they will lose both sides. We will reap the benefits..."

"The battle of Tianjun and Laozu..."

As soon as ye Chen thought of the extremely complex situation to be faced next, he had a headache, but when he thought of the safety of respecting the elderly, life and death were ignored.

Xiao Qin on one side looked at the group of Ye Chen and ling'er whose faces changed. Although he knew what they were talking about, he restrained his temper and waited for good news at the thought of his father's advice.

Chapter 7487

"Master Xiao, I'll stay and help you!"

After a long time, ye Chen said in a deep voice, "there are other materials that need the attention of Xiao's master!"

Under the inspiration of ling'er, ye Chen plans to take this opportunity to refine some things for emergencies. After all, he leads divine fire into the body. If he is not prepared, he can burn all the destructive power abroad. Yan Xuaner may not be able to carry the fire of the Taoist spirit!

.....

After a incense stick, the Xiao mansion.

"What famous thing did Xiao Qin do? I heard he brought outsiders back to his house!"

Xiao CE, holding a feather fan, restrained the smile on his face. He always felt a little uneasy since he was disturbed last night.

"It doesn't matter. Everything is still expected. Even Xiao Qin can't return to heaven at the moment!"

The lazy spirit beast in his arms suddenly began to sweat. The old man got up from the rocking chair and threw the beast aside. He said in a cold voice:

"As long as the power of inheritance is turned on and the divine fire is blessed, my Xiao family will step on this near too city sooner or later! I can even be qualified to fight against the ancient feather emperor of the world!"

.....

At the same time, another place.

The atmosphere is dignified.

Qian Wanguan's men also told him about it.

The sword eyebrow slightly picked Qian Wanguan immediately got up: "the man Xiao Qin brought back, was it the famous sword repair near Taizhi city last night?"

The man nodded gently in response to his master's words.

"Contact the strong in the family. I'm afraid something will happen to the holy fire."

Qian Wanguan's eyes flashed a trace of uneasiness. The arrival of Ye Chen and ling'er set off a layer of ripples for the major forces who had already made their own calculations.

The man thought for a moment, frowned and said, "do you want to..."

"Don't let the old guys find out that this is the only chip in my family, controllable!"

Qian Wanguan made a quick decision and his men nodded and left.

"Wang Teng... You want to hide your little moves secretly. In front of me, you are not qualified!"

"Holy fire!" Qian Wanguan's eyes flashed a look of fanaticism, "Xiao Qin, although I appreciate you and have a good relationship with you, I'm bound to win this divine fire!"

"If I gain power, the Xiao family will respect you!" Qian Wanguan stared at the sky and muttered.

.....

Three days later, the whole huge city near Taizhi city was warmer than usual.

"There is a holy land near the Taizhi City, which is called the holy tower. Countless martial artists worship it, just because it contains the power of stars and rivers that can communicate with the world!"

Before departure, Xiao Qin briefly introduced Ye Chen and ling'er.

"As long as you enter it to practice, you will get twice the result with half the effort. It has always been regarded as a holy land, but recently, there are frequent visions. What's more, when you close the door, there are signs of going crazy, exploding and dying!"

This is the first time ye Chen walked in the streets of this huge city. Endless prosperity dotted the fighting of martial artists, and there is also a quiet and peaceful side.

Not long ago, a straight Avenue appeared in front of several people, which was a lot colder than the previous hot collaterals.

"Since the trouble broke out in the holy heaven tower, the four families have jointly banned this place, and outsiders are not allowed to step on it!"

"Under the joint investigation of the ancestors and owners of the four families, they found that there was another heaven and earth in the holy heaven tower. Under the prohibition, a terrorist force sufficient to destroy the world was sealed!"

Ling'er asked softly at the moment, "is it the holy fire?"

Xiao Qin nodded gently and said, "yes, so in recent days, the four families have each thought about it. No matter who gets this power, it will make his family more prosperous in this huge city!"

"This is an eventful and sensitive autumn, so a few nights ago, your actions were like frightened birds, which attracted the attention of the strong!"

Xiao Qin had made sufficient plans for the holy fire. Now, with the help of Ye Chen, she has the confidence to win this trip because of her father's words!

"I see. It seems that the seal of the holy fire has been weakened, so there are clues in this near too city. Previously, there was a large array of sages to protect it. The scattered holy fire yuan is beneficial to the martial arts. Today's holy fire is bound to fall when ordinary martial arts touch it!"

Ling'er said to Ye Chen.

.....

An hour later.

The setting sun tore away the darkness that had been silent for a long time. The ink splashed on the tip of one corner of the holy heaven tower reflected a cold meaning. The half of the tower that went straight into the sky was as bright as the sky!

"Ha ha, elder Xiao, Wang has been waiting here for a long time!"

The sound of thunder came from the end of the avenue. Wang Teng, the leader of the Wang family, one of the four families, laughed at the void.

"I'm ashamed. Don't make fun of me, Lord Wang!"

The nine headed Unicorn tore open the clouds and the auspicious omen came down. After the bloody holy beast, the figure of Xiao Su, the elder of the Xiao family, appeared on the purple and gold recliner.

Although the blood of the unicorn is incomplete, it is also extremely precious and rare.

"What a big battle!"

Xiao Qin's eyes coagulated, and half a minute of killing intention flashed through his eyes, but it seemed that he thought of something immediately. When he turned his eyes, he was smiling.

"Qin'er is here too!"

Xiao Su got up, and the grandson holding the feather fan stood behind him. Facing Xiao Qin, it was only a salty greeting.

"It turned out that the Xiao family leader arrived early, too. It's far from welcome!"

Wang Teng's eyes were cloudy. Then he looked with his eyes and saw Xiao Qin not far away.

The scholar behind him recognized Ye Chen and ling'er around Xiao Qin at a glance. That night, it was these two people who broke their good deeds!

"It seems that I'm waiting at the right time!"

Just as Xiao Qin lifted his eyes, two more breaths rushed up. The head of the Qi family and the head of the Zhu family, Zhu Xiong, also arrived.

"This holy flame, no matter who the flower falls, is not the result that the other three want to see. Maybe someone here doesn't want it to be born!"

Ye Chen listened to Linger's muttering and immediately said, "you mean the Zhu family and the Qi family?"

"The alliance between Xiao Su and Wang Teng is self-evident. The Qi and Zhu families also come from Lian Jue..."

In front of the holy heaven tower, more and more people from all forces gathered. There were no empty seats on the huge square.

"There is a God in the Tianta. It's time for the whole world to celebrate. Today, we witness the advent of Shenhuo. Anyone who is near the Taizhi city can have a chance!"

An inexplicable voice sounded above the sky. The heads of the four families and Xiao Su were shocked. Near the previously blocked holy land, the chains of imprisonment were broken, the streamer rose, and the whole holy tower was bathed in the glow.

"And such good things?"

"The warrior will seize the heaven and earth, but seek a chance!"

In the whole huge city, countless martial artists came to hear the sound.

Chapter 7488

"How could it be so!"

The leaders of the four families all look cold. There was a quarter chance

"Why did the ancestors of the clan speak like this..."

Just as the scholar was about to open his mouth, Wang tengdang stopped even with a look in his eyes, "the majesty of the old ancestor must not be blasphemed!"

Although everyone was unhappy, they had to restrain their conjecture.

"Whoosh!"

"Whoosh!"

"Whoosh!"

"Whoosh!"

In front of the gate of the holy heaven tower, the figure of the four elders appeared, but the thin body was under the eyes of thousands of people.

"The four statues I saw that night exist!"

At a glance, although it was only his back, ye Chen and ling'er recognized several strong men who had helped the nearby Taizhi city that night!

"Although they come from the four families, they don't intervene in the game between any family forces. They just secretly guard the near Taizhi city. The one on the far right is from the Xiao family!"

Ye Chen knew it. Although he said so, if it was really about survival, even God could not cut off his blood.

"It seems inappropriate for some people to stay in the camp of the four families, only for those who are close to the Taizhi city!"

Wang Teng's eyes were cloudy, and the scholar on his side had already told ye Chen what had hindered him that night.

The crowd followed the prestige, and countless people's eyes focused on Ye Chen and ling'er.

"Supreme master, can't you understand when you wait?"

Wang Teng took his grandfather's words and used chicken feathers as an arrow. Then he drank and scolded Ye Chen.

Xiao Qin frowned slightly. That night, she, who was proficient in the power of space, was the first to arrive and met the scholar. She knew it.

"I'll see what this boy comes from!"

Wang Teng's heart could not help but raise a trace of doubt. Although Ye Chen disturbed the situation, it had nothing to do with elegance, but the divine fire appeared in the world, and unexpectedly followed Xiao Qin!

"Is it a helper?"

But Wang Teng erased his thoughts. Although the strength of the strong in Taizhen is good, it is not enough to see in the near Taizhi city!

"With backstage?"

In that case, it's natural to take advantage of the situation and force it!

Seeing countless eyes condensed into his face with Wang Teng's fierce drink, ye Chen still looked indifferent and turned a deaf ear to the questions of the four families!

"Isn't it wrong for Xiao to bring outsiders here?"

"Qin'er, what are the identities of these two people?"

Since someone mentioned it, Xiao Su, the head of the other two families and the elder of the Xiao family, also asked.

Although there is no malice between the words, it is also tit for tat.

"The night before yesterday, the Xiao family's sub room was attacked, and all the doors were slaughtered. What's more, you ignored the rules of the sky in the nearby Taizhi City, and the Kendo was shrouded. I think you are very unfamiliar, isn't it..."

How could the scholar on Wang Teng's side not know what he meant when he saw the master like this?

There was an uproar.

"I also felt the change that night!"

"No one dares to disobey the rules of heaven. This outsider is going to destroy the city?"

Countless whispered timid words echoed in Ye Chen's ears. Ye Chen was still holding his hands behind him, very indifferent and didn't say a word.

Xiao Qin gave a cold hum and said directly to Wang Teng, "Lord Wang, don't bring out your dog if you can't manage it well!"

Wang Teng's face was cold. "Xiao Qin, what are you talking about?"

"What am I talking about? Ye Chen is my guest. Your people slander him for participating in the Fenshi case!" Xiao Qin raised his eyebrows and shouted,

"Are you saying that I Xiao Qin slaughtered the whole Xiao family?"

"Or did Xiao Su, the elder of the Xiao family present, succeed?"

What he said intentionally or unintentionally made Xiao Su, the elder of the Xiao family present, sink.

Outsiders listen to the excitement, but he sounds harsh!

"You..."

Wang Teng was speechless when he was blocked. Under his clenched fists, he had a plan to fight if he didn't agree.

"Why, you also want to ignore the rules of heaven and make a public move?"

"The murderer of Xiao's case has not appeared yet. Is it you?"

Xiao Qin was tit for tat and showed no mercy at all.

"Shut up!"

"What a master Xiao who confuses black and white!"

Wang Teng was choked by Xiao Qin. He wanted to pry out Ye Chen's identity. Unexpectedly, he was mute and ate *Coptis chinensis*. He couldn't say it.

Xiao Qin spoke again and said seriously:

"Mr. Ye is a distinguished guest invited by me. If there are any more inappropriate words, I, Xiao Qin, will come to the door and ask for advice in person!"

The violent wave moved around him, and the solid murderous spirit swirled in front of Xiao Qin, who was already good at the power of space. The forest cold breath made the sky cold under the originally sunny clouds, and pieces of snowflakes fell from nine days and hung on the heads of thousands of people.

There is no doubt that if you hear another inappropriate word, the snow-white on your head will take his life in an instant!

Everyone present was silent. What's more, they couldn't help but doubt Ye Chen's identity and didn't hesitate to make Xiao Qin protect with his life. You know, in this near too city, even if Xiao Qin exists in public, he will pay a heavy price!

"Outsiders are not qualified to covet Shenhuo!"

After a long time, a calm voice sounded. It was the head of the Qi family in the same position as Xiao Qin!

Sure enough, the Zhu family leader echoed his voice and said, "yes, since it's a guest, the divine fire will bring untold blessings and disasters to the world. Please respect the Xiao family leader!"

Xiao Qin clenched his silver teeth and just wanted to speak, but he only saw the man with starry eyes and sword eyebrows walking out of the crowd:

"There are thousands of martial arts in the nearby Taizhi city. I have thousands of gold buildings. Why do you need to be recognized one by one?"

The visitor is the man of countless women's dreams, Qian Wanguan.

"Why is he here?"

For the first time, Xiao Su and Wang Teng murmured in their hearts. When they thought of going together, they couldn't help looking at each other.

"It seems that Xiao Qin's reinforcements have arrived!"

Just now, ye Chen, who was cold eyed and silent, preached to ling'er.

"Reinforcements?"

"My appearance was an accident. The rest of us asked for foreign aid. Do you think Xiao Qin will fight alone?" Ye chendao.

"Yes... But this guy gives me a very uneasy feeling!"

Ling'er couldn't help but get a meal and said in a deep voice.

"It doesn't matter. It's a game. Let's fish in troubled waters. I'll pay attention!"

When ye Chen heard linger's advice, ye Chen, who had never been moved, turned his head and looked at the man with personality.

Qian Wanguan seemed to feel something and smiled back at Ye Chen.

What they didn't notice was that one of the four ancestors glanced at Ye Chen intentionally or unintentionally.

Seems to see through something.

"In that case, let's start!"

The old man took back his eyes and said to the three people around him.

The other three nodded slightly, and the four figures who seemed to be in their twilight years stood together and immediately said:

"The four of us will use the spirit of the holy tower to open the way to the land of seal fire. There is no chance, each by means!"

A wisp of star light flashed across the eyebrows of the four ancestors to map the sky, and the glow was sprinkled on the nine skies. Under the baptism of the holy light, the closed doors of the holy sky tower opened slowly!

Chapter 7489

"Boom!"

The gate of the first tower body is opened, and endless storm killing force is gushing out of it!

"Space turbulence!"

Ye Chen stares at her eyes. It seems that there is another heaven and earth in the land of divine fire inheritance.

Also, if you are in this near too city, I am afraid that once the divine fire is born, it will be the time for the disappearance of this huge city.

With a wave of his hand, the old man in sackcloth covered the whole holy tower with a border.

Close to the tower, the endless dark adsorption force rages. The cutting of space turbulence instantly turns several real martial arts into blood mud!

Nevertheless, Rao is allied with endless warriors to jointly resist the killing force.

"Behind this door is the forbidden place of divine fire. Once you get involved, life and death are up to you!"

When the four great ancestors finished their words, their body shape was also the first to rush towards the door of the space.

"Follow my ancestors!"

Thousands of warriors enter the ant's nest and plunder towards the space gate. Although the space gate is terrible, it is not worth mentioning for the elite of the four families.

As waves of space surged up, countless figures poured into the other side of the space, but between a few interest rates, the crowded square was empty again.

"It's so crazy, but it's also a chance for Bo!"

Ye Chen's blood keeps burning. He sees countless martial artists in front of him who are weaker than himself. Even if he dies, he is not afraid. His fighting spirit is like thunder!

Qian Wanguan, Xiao Qin, ye Chen and ling'er also disappeared at the end of the space

I don't know how long it took.

When he opened his eyes again, ye Chen was obviously stunned.

"What's the matter?"

Ling'er felt Ye Chen's abnormality, and his body flashed. Looking at the scene in front of him, he also fell into a dull!

"Do you think it's familiar here?"

Ye Chen looked around and said in a deep voice, "it can't be wrong. This is the picture of that day!"

Although I caught a glimpse of Hong before, I will never forget that scene.

"This is the space where the four strong forces of the near Pacific City jointly buried the aftershocks of the explosion!"

When I raised my eyes, countless stars on the sky were close in front of me. When I raised my hand, the distant galaxy was out of reach!

"This is, in the star domain, we are no longer in the extraterritorial space!"

The pressure of the stars on the branches is probably the deepest feeling of Ye Chen.

At the foot of the earth, the cold breath came, and there was no grass on the vast land.

Their bodies galloped in the space of the star domain and advanced at full speed. In the meantime, they only met several unknown martial artists.

Above the sky, drops of blood rain fell to the ground with mud, flashing a light red light.

"It's those warriors outside. I'm afraid those with low strength will be twisted into blood mud by the storm when they step on the door of space, so they slip on the sky!"

Ye Chen can't help but be silent. The world where the strong are respected can only act against the trend.

Bathed in countless blood rain on the top of the sky, ye Chen and ling'er continued to go deep. The attack for an hour still didn't end.

"That's the direction!"

Ye Chen used the reincarnation heavenly eye to find something and hurried.

"From the moment she stepped here, Yan Xuaner, the fire of the Taoist spirit, has been restless. The deeper she goes, the stronger she feels!"

At the Dantian place, a crisp feeling came, and there was a burning feeling when the fingertips were gently touched. Even the sound of heart beating was clear and audible at the moment.

"It seems that there is guidance!"

The desolate breeze was blowing around, but it was still difficult to hide Yan Xuaner's excitement in Ye Chen. The faint starlight lingered around the whole space, showing a slightly cool color.

At this time, a flash of streamer ran across Ye Chen's cheek, reflected to a towering tree nearby, and disappeared.

"That touch of coolness is the afterglow of the stars?"

Ye Chen put her hands behind her, very dignified.

"This is..."

On the trunk, a dark black pattern wound around it, interwoven vertically and horizontally into an inexplicable pattern, which looked like dry bark from a distance.

"Ling'er, something's wrong!"

Ye Chen reached out and touched it. Only then did he find that there was a warm feeling in the trunk of the cold and desolate star field!

The blood rain on the sky continued to drip, and the two people were naturally contaminated with a lot of blood stains. At the moment when ye Chen's palm contacted the trunk, the strange lines faded.

"It's not a tree, it's like... Feathers?"

Hearing Ye Chen's greeting, ling'er came forward to inquire. At a glance, she couldn't help but wonder: "this place is deserted. Every hundred miles, there is something like a big tree, if it's really a feather..."

They couldn't help sweating. If this is a creature and a feather is several times higher than both of them, their real body

"This blood rain is weakening the power of the black seal!"

Drops of blood and mud fell, and the 'big tree' in front of him kept flashing light red.

"At that end, the divine fire is coming!"

Several martial artists flew over his head. Ye Chen heard their words and looked at the direction they left. Yan Xuaner's change in Dantian was also becoming stronger and stronger!

"Divine fire?"

Ye Chen put away his thoughts and said to Ling'er, "it seems that if you want to know what happened, you have to go to the end!"

.....

They followed the direction of the public. At the end of the star field, after the dazzling light, they seemed to hear the voice of countless martial artists.

There was a lot of noise.

"Go!"

Tearing open the other end of the star awn, countless warriors looked at a mountain in front of them and exclaimed.

"Ye Chen... Look..."

Ye Chen raised his eyes and looked up. The mountain in front of him was a strange beast whose body was shoulder to shoulder.

Ling'er was the same as Ye Chen. His expression fell into a dull moment. His throat shrugged and his eyes were shocked.

In front of the mountain, there was a huge fire phoenix that could not see the end. The awn of the divine feather was extinguished, leaving only a trace of light red light. The Phoenix eyes were tight, and the dark black lines wrapped around the original fresh root divine feather.

Under the faint light of his divine feather, he just stared at it, and the red fire flashed, which shocked Ye Chen!

The fire of the Taoist spirit all over the body instantly boils. Ye Chen knows very well that Yan Xuaner wants to absorb it!

At a glance, there is an image of being possessed by evil!

"Hongmeng starry sky: gathering of gods and souls!"

The powerful starry sky spewed out, and thousands of evil ideas were twisted into the dust by Ye Chen's terrible ideas.

Although there is no burning feeling in the flicker of the micro awn, the faint and distorted space pattern reminds everyone all the time:

Touch it and die!

"Don't look at the divine feather!"

Someone obviously found something and shouted loudly, but it was too late. Many martial artists had been possessed by the devil, exploded and died one after another. The blood and gas condensed into a fine awn and shot into the fire phoenix divine feather. They would never be seen again!

Chapter 7490

"Ye Chen, so what we saw outside was this guy."

Ling'er was speechless for a while. According to this, isn't it the real body of Huofeng every hundred miles in the vast wasteland

"Hiss!"

They couldn't help taking a breath.

"Is the real body of the fire phoenix the holy fire?"

Ling'er's thoughts soared and said in a deep voice: "every owner of this divine flame has a supreme and unique posture, and my style can't even look up to my form in those years..."

"Now it seems that this fire phoenix is the source of holy fire!"

Ye Chen swallowed a mouthful of spit and immediately said, "you mean it's the one we're going to rob this trip?"

How can a flame Phoenix with a divine feather several times higher than two people be easily subdued?

"Don't worry. Now it's sealed and can't get away. Maybe..."

Even ling'er, who has always been good at planning, looks a little trance now.

Now ye Chen completely believes that once the holy fire is born, all foreign countries can burn up!

"We ignored a detail!"

Ling'er seemed to think of something and immediately opened his mouth.

"This seal seems to be weakening under the pouring of blood and gas!"

Recalling the scenes under the big tree, ye Chen also suddenly realized:

"The four great ancestors also coveted the holy fire!"

"Good!" Ling'er murmured.

"These old guys found that the seal array can be weakened by blood gas. Before the ceremony, they invited martial artists from the nearby Taizhi city to sacrifice thousands of martial artists and completely break the array!"

It seems that the four families also know something. No wonder they will let everyone seize it!

These old guys are so insidious.

"Once the seal is completely broken, these old men hidden in the dark will sell. At that time, we will just make nutrient fertilizer for wedding clothes..."

Ling'er's eyes coagulated.

"The power of blood and Qi is not only weakening the seal of the array, but also restraining the power of Huofeng. There will be nothing for us at that time!"

"If we can break this array in advance and let the fire phoenix be born..." Ye Chen murmured to himself, but the spirit on one side brightened up, "so that we can sit and reap the benefits of the fisherman!"

"It's not so easy to lose those old guys and Huofeng!"

It's easy to say. Just this array that can suppress the divine flame can't be broken by his current state. If it's so simple, the old guys near Taizhi city would have done it long ago.

"Bang!"

There was another muffled sound. A loose practitioner was possessed by the devil and suddenly dispersed into a mass of blood and mud!

Although thousands of martial artists were frightened, they did not see the clue.

"The micro awn on the divine feather is gradually recovering, and the sealing force is weakening..."

What did ye Chen find through the reincarnation heavenly eye? It seems that all the martial artists here are bait!

"Mr. Ye!"

Xiao Qin's body also cut through the stars and came to the place where the Phoenix slept.

Qian Wanguan followed him and looked around at the whole space. Although there was surprise between his eyebrows, he did not lose color!

Wang Teng, Xiao Su and others followed.

More and more martial artists gathered here. Countless martial artists were obviously stunned when they saw the fire phoenix.

"The people of the four families seem to have something to resist the fire..."

Ye Chen kept observing. With the increase of the number of people, there were many people who died. Most of them were first-class casual repair.

I'm afraid Ye Chen would have been injured if he hadn't been copied by Hongmeng big star sky and Tianxian Koi.

Even he has been so. Many people present are at the end of a powerful crossbow.

"The domineering fire poison is just looking at the light red fire awn, which is already eating away the blood gas all over the body!"

Suddenly, a faint golden seal flickered between Ye Chen's eyebrows.

"Guardian gold seal!"

Ye Chen was stunned and immediately felt a stir in the Dantian. The bronze God coffin suppressed on the nine peaks had a change!

"Is it..."

Ye Chen looked at the fire phoenix God feather, and the dark black seal lines flashed and understood for a moment.

"Ling'er, it seems that I can break this seal!"

As soon as ye Chen was happy, he immediately spoke to ling'er.

"Are you crazy? The divine coffin has changed. If you absorb the power of this seal and lead to the terror of abandonment and desperate suppression, you will die as well!"

Ling'er immediately refused.

"If you can capture the divine fire, maybe you can suppress the coffin by relying on the power of the holy fire?"

Ling'er: "

Ye Chen tried to touch the divine fire with the strength of the desperate situation of death!

In an instant, I felt the extreme force in my body colliding, and the next second, I ejected a mouthful of blood.

The first attempt, obviously failed.

"Boy, it's more than worthy of death to overestimate your strength like you!"

When Wang Teng and Xiao Su saw that ye Chen was seriously injured, they all laughed. Looking at Ye Chen, who was still holding his breath, they spoke sarcastic words.

Qian Wanguan glanced and said nothing.

"Mr. Ye?" Xiao Qin worried.

"Help me protect the law!"

Xiao Qin nodded gently. The power of fingertip space isolated the breath and protected Ye Chen in it.

"Qin'er, why are you doing this?"

Xiao Su, the elder of the Xiao family, pretends to sigh. He hates that iron can't become steel.

In his eyes, it's good for Yijie to be strong enough to stay here. Further, he just wants to die!

However, no one noticed that since Ye Chen was robbed, no one seemed to explode and die again.

With the passage of time, the heads of the four families found abnormalities for the first time.

"What happened?"

Behind the sky, four figures stood side by side.

"The smell of the seal is indeed dissipating, the power of blood and gas..."

"No!"

The four great ancestors appeared immediately. The people forced by the terrible pressure couldn't even lift their heads!

Ye Chen's sweat dripped from his forehead, and his heart kept shouting, "faster!"

The dark black seal lines of Huofeng's seal cutting slowly fade away and rush towards Ye Chen's Dantian!

The bronze God coffin above the nine peaks seems to have a sense of spirit. A sudden change makes the dark black energy more and more solid!

"Boom!"

In the world of Wudao samsara, the clouds of nine days fall!

Xiao prison's bright eyes flashed and murmured, "it's really the son of luck. Even the holy God fire is here..."

At the same time, the chaotic Yan Emperor in the reincarnation cemetery was also suddenly surprised and murmured: "there is a desperate situation of abandonment and holy fire. Perhaps only the Lord of reincarnation can contaminate the cause and effect of the two..."

"Is this a good thing or a bad thing?"

Chaotic Leidi also looked dignified and said, "take one step at a time. This boy's road is doomed to be more difficult than others. Now the feather emperor is the first in the world. Who can compete? He may be the only hope."
