

## Physician 7491

### Chapter 7491

.....

In the world of Wu Dao samsara map.

"Whoosh!"

"Whoosh!"

Eight black and gold sky chains extend from the broken sky, and the terrible vastness instantly shatters the virtual shadow of Xiao prison!

The power of the golden seal rose to the sky and went to the bronze black coffin!

The eight sky chains continuously beat on the black copper coffin. With each whip, the light of its guardian golden seal is half dim.

At the same time, ye Chen is still trying to communicate the power of the black copper coffin and absorb the seal of the fire phoenix!

A stabbing pain came from the Dantian.

"Cough!"

Ye Chen's body trembled violently, and a black blood exuded from the corners of his mouth.

The four great ancestors locked Ye Chen who was isolated by Xiao Qin with the power of space for the first time.

"The power of space, that boy is making trouble!"

One of the old men gave a look. Even if he wanted to kill Ye Chen, the old man in sackcloth stretched out his hand to stop him and said to Xiao Qin:

"Qin'er, leave the boy!"

The one who speaks is the ancestor of the Xiao family!

Although Xiao Qin didn't know why, he was still unmoved at the thought of his father's entrustment.

"Come on!"

After the old man finished his words, he tried to catch Xiao Qin and ye Chen, but there was a sound of Feng Ming!

"Joo!"

Thousands of martial arts people suddenly became stiff, just a Fengming, and countless martial arts people were scattered and broken!

"Wow!"

The mountain in front of me rose into the sky. At the center of the eyebrow of the Phoenix, three red fire marks were lit. Thousands of stars on the star field were distorted and deformed in an instant, and soon dissipated and melted.

"Get out!"

I don't know who shouted. Everyone fled in all directions and dodged towards the gate of xingmang. As soon as they entered the vast wasteland, they were in a hurry.

"Let the fire phoenix destroy the star region. We all have to be buried here. Don't do it quickly!"

Over the star domain, the old man in sackcloth shouted, and the space fluctuated. Two strong men appeared again. Their eyebrows were somewhat similar to Qian Wanguan.

"Six to one, I hope it works!"

Weak Ye Chen looked at the terrible fire phoenix on the sky. Even the six strong men were as small as a drop in the sea in front of him.

The heads of the four families, Xiao Qin, Xiao Su and Qian Wanguan, all retreated a hundred miles and looked at the towering flame in the distance to melt countless stars!

Ling'er dragged Ye Chen's body away and looked at the shocking scene in front of her. She couldn't help muttering, "we seem to have made trouble!"

Ye Chen struggled to get up and immediately opened his mouth; "I just got out of trouble when I was dying. The weakest holy fire at the moment should not beat the six strong..."

Obviously, at this moment, even ye Chen, the initiator of the figurines, couldn't help beating the drum after seeing that the fire phoenix was only a cry.

With the roar of the Phoenix, the terrible burning power contained in the sound waves in the whole star domain will distort the indestructible space.

Between the eyebrows and eyes of the flame Phoenix transformed by the holy fire, there is a gorgeous bright red light, and the wings that can't see the end flutter!

"Boom!"

The red air wave rose up in an instant. The four family owners, including Ye Chen, Xiao Qin, Qian Wanguan and others, were lifted up in an instant. Even the six strongest people were inevitably robbed.

The shaken feathers scattered endless bright red fireworks, and the tyrannical atmosphere shrouded all the vitality in the star region. It was only a flash. More than half of the previously scattered martial artists fell.

Before the shrill cry was fully raised, the flesh and blood had been broken with the sprinkling of the red awn, even burned and crushed into dust.

"Snow buried Stardust: frozen for thousands of miles!"

Ye Chen summoned the supreme artifact of the thirty-three days in his body.

The stars spread and spread, and soon turned into heavy snow.

Thousands of miles of ice, thousands of hectares of snow, endless, silver and plain.

Ye Chen pushed the power of snow buried stardust to the extreme and blocked this area.

At the critical moment, ye Chen buried Stardust with snow to resist the endless wave of fire.

"Evil animals, don't be rampant!"

An old cry sounded, and immediately six breaths of heaven shaking rose from the sky in the star domain. The six figures lingering with a faint divine glow spread out between heaven and earth, picked the stars and held the stars with their bare hands, isolating a barrier!

"Hoo..."

The pain of burning through the soul dissipated instantly, and ye Chen was able to breathe again. Looking at the raging fire phoenix in the sky, his heart was unstable for a while, the bright red fire light was still shining on his own flesh and blood, and his spiritual power was burning!

"Bang, bang, bang!"

The blood vessels went against the Tao in an instant, and a trace of evil fire came to my heart.

"Ye Chen!"

Ling'er shouted and awakened Ye Chen. Looking back again, all the surviving warriors in the star domain fought each other with congested eyes and lost their reason. The sputtered blood gas escaped between heaven and earth, and the root God feather of Huofeng solidified a little.

"This..."

Not far from the side of the body, a scattered divine feather was deeply inserted into the star earth. The faint bright red and a silent nothingness earth were burning and immortal.

Under the pale bright red, although a lot of previous seal imprints have dispersed, it is faintly visible that the black lines connected to the blood, winding and circling, carving obscure lines.

Ye Chen is very familiar with it. This strange texture is very similar to the inscription on the bronze God coffin suppressed by Jiufeng.

It seems that the fire phoenix in the sky turns to look at Ye Chen:

"Arrogant human!"

Chapter 7492

The cold voice echoed among the star fields, and the stars above the sky were shocked by the cold drink.

After all, in terms of body shape, ye Chen can't even compare with a divine feather of the fire phoenix. Is there a spirit in the existence of such terror?

"I don't mean any harm. I just want to help you out of trouble. Don't think too much..."

Feel the cold in the fire phoenix's eyes, ye Chen has no choice but to say.

"Hiss!"

Huofeng gave a cold hum. Ye Chen's explanation didn't flash half a ripple in his eyes, and the surging fire of killing and cutting poured out!

"There... Seal Dharma body!"

Xiao Qin on one side exclaimed, and ye Chen noticed that six huge gods had already stood in the six directions of the fire phoenix.

"Dharma body?"

Looking at the magic body that is as big as the stars, ye Chen's eyes are dignified. Although compared with the fire phoenix, he is still a small Witch and a great witch. He also saw the previous scene of picking the stars with his bare hands.

"What is this dharma body?"

Ye Chen couldn't help asking questions.

Emperor chaotic Yan explained: "this is to deal with the holy fire. It's difficult for ordinary people to win the holy fire. This is the only opportunity. Those old things have been layout all the time, and this dharma body is the combination of itself and array, which can strengthen strength... But because it's too long ago and has many side effects, few people use it now."

Xiao Qin's body trembled. It was obvious that even if she was strong, she was hurt, but ye Chen could feel that she was more excited at the moment!

"These Dharma bodies are terrorist beings that can run wild outside the territory at will. Once they are called out, they will destroy the sky and destroy the earth!"

"So some strong people have a tacit understanding that they will not urge the Dharma body until the battle of life and death. As long as they wake up, they will disappear!"

Xiao Qin is also an eye opener. The Dharma body in this array is a legendary existence!

In order to deal with the holy fire, six Dharma bodies should be displayed!

"Whoosh!"

It was so fast that the naked eye could not catch it. One of the purple Dharma bodies had made a bold fist. The fist style was mixed with the fierce thunder awn, tore open the space and bombarded the wings of the fire phoenix.

The other five Dharma bodies also moved together and besieged the fire phoenix at an angle.

"Joo!"

With a roar of the Phoenix, the black lines under the bright red wings were darkened again, and the attack of the six Dharma bodies also fell on them. The bright red light of the fire phoenix lit up, and the breath of destruction covered the God Dharma bodies.

"This guy, while destroying the seal, he retains his spare strength to fight the six strong men!"

Ye Chen saw the idea of the fire phoenix at a glance. Once it really got out of trouble, even the six people would never be the opponent of the holy fire!

"Play big..."

Ye Chen and ling'er looked at each other and saw through each other's ideas.

Ye Chen, who wanted to reap the benefits of the fisherman, found that the clam in front of him seemed to kill the snipe with one bite. Then he, the fisherman... Was vulnerable!

The Huofeng who did not follow the development of the situation and suddenly woke up completely disrupted the deployment of the six people. Even they were taken by surprise.

The fire phoenix above the void turns its blade with wings, and the sharp killing awn opens and closes 360 degrees to kill all directions!

Those Dharma bodies take stars as shields to resist this fierce attack!

"Ka!"

One of the blue Dharma bodies took off the stars on the nine days and crossed his chest, and the bright red wings crossed along with him!

In full view of the public, a huge star broke in half, and a blood light burst out from the belly of the blue Dharma body.

"This..."

An old man clearly felt that this blow not only broke his Dharma body, but also the bright red fireworks were burning all the flesh and blood of the Dharma body!

The Dharma body is broken between several interest rates!

A divine feather pierced the old man's chest in an instant, and its huge penetration force nailed it to a meteorite on the nine days.

"Hoo!"

The fire phoenix breathed in her mouth, and the high temperature spewed in an instant tore apart together with the space. The fire waves burned a generation of ancestors and huge meteorites to ashes!

For a time, blood stained the sky, and the divine power of the sky floated on the void and fell on the whole body of Huofeng, and its gorgeous color was even more!

"An old ancestor... Fell?"

Xiao Qin looked at the existence of blood on the nine days. In her understanding, the ancestor was an immortal existence. Even if the body disappeared, the spirit was immortal.

"The power of this flame can indeed burn all things. Even the emperor and ancestors can't escape!"

Ling'er said heavily.

The previous Ye Chen was only looked at by the fire phoenix, and his blood vessels had a reversal trend. The scattered half bright red fireworks on the divine feather also had the terrible power of burning spiritual power. Even the emperor and ancestors would fall in such a close killing!

"No!"

Wang Teng gave a shrill roar. The fallen gods were his ancestors!

"Ye Chen!"

The resentful eyes looked at Ye Chen, and his trembling body tried to restrain and was on the verge of collapse.

It was Ye Chen who used inexplicable means to make the fire phoenix born ahead of time. At present, the power is unparalleled. One of the six strong forces has fallen together.

If we fight like this again, I'm afraid we will lose our halberds one after another!

"I want you to die!"

Wang Teng couldn't help killing Ye Chen. Wang Teng's cultivation was not low. Even ye Chen responded in a hurry.

"Wang Teng, you crossed the line!"

The killing awn is close in front of us, but we can't go in every inch!

"Xiao Qin, how dare you stop me?"

The only ancestor of the family has fallen. Even if he gets the holy fire this time, the status of the Wang family will no longer exist!

The old ancestor should have guarded the family forever, but now he was killed by a fierce bird. How can he not be crazy?

"Human beings who overestimate their strength, how can you covet my strength? Ha ha!"

The bright red fireworks in Huofeng's eyes surged. Looking around, everyone was filled with evil thoughts. The fighting of thousands of warriors was even more tragic, and broken meat and bones floated across the boundless land.

The flame Phoenix transformed by the holy fire looms out from the fourth red flame mark in the center of the eyebrow.

"Evil fire phoenix, the power of blood and Qi will not be extinguished, and the power of divine fire will not be extinguished!"

Even ling'er's eyes were full of a fierce light at the moment. It was obvious that the flame power of the Phoenix had affected her mind!

Wang Teng, who is not far away, has lost his wisdom and fought with Xiao Qin. However, Xiao Qin is very good at the power of space, and Wang Teng's killing offensive has been resolved one by one!

The remaining old and strong people were stunned. The current situation has been completely out of control. They are immortal. Even they can't help each other. Now someone fell, and the other five people began to consider a retreat!

Chapter 7493

The holy fire flapped its wings again, and the blood and flesh all over the sky jumped to pieces again. The fire phoenix power marked by the four lights in the eyebrows and hearts went to a higher level. The five strong people drove the Dharma body to fight with their lives. Under the star domain, it was like purgatory on earth.

"Boom!"

After the bright red wind blows, the whole star field is dead and silent, and there is no noise to kill.

Thousands of warriors fell away. Under the embers, five ragged old people burst out from the ruins, and the heavy breathing echoed in the silent star field.

"Old guys, this evil animal has no way to fight. We have to retreat first and contact the experts in the family to catch this Liao together!"

Between the eyebrows, the old man who was somewhat similar to Qian Wanguan sighed and said again.

Obviously, Qian Wanguan, the most mysterious existence of the city near the Pacific, has a more noble identity. It is not difficult to see from the old man's words that there are stronger people in his family!

"Take them..."

The ancestors of the Xiao family are bitter. At present, the best choice is to retain their blood. The strong of the four families have been completely damaged this time, and one of the ancestors of the Wang family has fallen. After this battle, the four families near Taizhi City exist in name only!

The two old men struggled to get up, nodded gently to the ancestors of the Xiao family, and immediately hugged boxing:

"Thank you, Taoist brothers!"

Two powerful old men of the Qian family got up and shrouded Qian Wanguan and others in a coma, together with the residual forces of the four families.

"Space transfer!"

As the two strong men of the Qian family urged some kind of secret method, a trace of overlapping marks flashed on the sky. They jumped up with the people and disappeared in a moment.

"Want to run?"

These strange abilities did not tear the space and escape, so even the fire phoenix was unaware at the beginning, just as mysterious as when the two strong came, so was the disappearance.

The fire phoenix breathes in her mouth. The bright red fire awn makes no difference in attack, and instantly shoots through the mysterious space hidden in the void!

"Stop it!"

The remaining three ancestors got up and spewed out unparalleled laws in an attempt to stabilize the space of the star domain. Even so, someone still fell from the void!

"Qin'er!"

The emperor of the Xiao family shouted loudly, and the countless figures falling under the nine days were impressively listed by Xiao Qin.

The fire awn's attack crossed the heavens, and a human shadow rose into the sky!

"I am reincarnation. I can break the seal and seal you again!"

Ye Chen's body broke through the clouds, showing the black lines all over her body, showing the horror of the whole person, and took the beauty into her arms.

In a twinkling, a flash of fire crossed Ye Chen's back. Surprisingly, the blow that was enough to penetrate the strong man of the heavenly king was blocked by Ye Chen's reincarnation divine body, but there was only a blood hole in his chest.

"Sure enough!"

Ye Chen's figure landed steadily and put Xiao Qin aside. Under the spread of black lines, the bright red flame was also extinguished. In the twinkling of an eye, the flesh had healed.

"It's just too real. Dare you stop me?"

At the moment of seeing this strange black pattern, the anger of the fire phoenix was heavier. With a cry, the earth of the endless star domain slowly cracked, and blood colored pillars of fire rushed straight into the sky!

"Old guys, fight hard. Once this place collapses, it's even harder for the nearby Taizhi city to stop the beast's attack. Even if you don't hesitate to explode, you have to seal and trap this tusk here!"

The ancestors of the Xiao family lamented that even Xiao Qin, the most intelligent of the Tian family, could not escape from the sky. It was only the misfortune of the Xiao family. He must fight back!

The Qian family can retreat, they can't!

Once they run away, the city near Taizhi, which they guard desperately, will be burned by the flames!

"Predecessors, your power may be used by me to stop the holy fire!"

Just when the three old people decided to fight to death, ye Chen's weak voice sounded.

"Ye Chen, I can't hold on. The lines of the bronze black coffin are too overbearing!"

Ling'er's silver teeth clenched and shouted.

It turned out that ye Chen chose to add the black lines of the mysterious bronze coffin to his body to fight against the divine fire, but the dark black texture is unmatched. Rao controls it with the power of Ling'er's space, which is only a moment.

"If you can get divine power to help, you may stop divine fire!"

The three great ancestors stared at Ye Chen. After counting their breath, they made a decision immediately, and the majestic divine power rushed towards Ye Chen's body!

"Click!"

The diffuse black texture around Ye Chen is no longer rampant and gentle, but ye Chen's flesh is also broken!

The ancestor of the Xiao family's face sank and said, "no, this boy's body can't bear the washing of our strength!"

Just when the three strong men stopped, ye Chen stretched out his hand to stop it. The reincarnation xuanbei and reincarnation blood all over his body ran crazy. Ye Chen's fingers burst into pieces in the blink of an eye and were reborn

The flesh and blood of the whole body broke and reorganized, and ye Chen suffered endless pain.

For a time, even the three great ancestors were moved by it. What a tenacious perseverance!

"Ah!"

Ye Chen drank fiercely and immediately rushed to the sky: "open the sky chain to me!"

The overwhelming black energy gushed out of Ye Chen's body. With the blessing of the three ancestors, ye Chen's body was protected.

The dark cloud and fog dissipated in the star field, covered the cold light of thousands of stars, and the whole earth fell into dead darkness!

"Joo!"

The fire phoenix chirped and the bright red lit up. It obviously noticed the abnormality of the power. The holy fire just got out of trouble didn't want to sleep again!

The bright red flame is full of indomitable spirit, and the burned out twisted space faintly melts part of the black energy.

Chapter 7494

"Hiss!"

A black and gold chain stretched out from the clouds and pulled on the wings of the Phoenix.

The bright red flame is intertwined with the mysterious power of black and gold. The tightly intertwined black and gold sky chain vaguely occupies the upper hand and pierces the flesh and blood wings of the fire phoenix!

"Hiss!"

Another sky chain stretched out from the black fog and stabbed at the other wing of the Phoenix!

"Roar!"

The holy fire roared, and the two boundless wings waved wildly. On the earth of the star region, the endless fire light ignited flames, and the scattered blood bath fire scattered a more terrible destructive force, which faintly burned the sky chain into a trace of cracks!

"How could..."

Ye Chen looked unbelievably at the crack of the invincible Tongtian chain. The treasure that can suppress the God coffin was faintly suppressed by the divine fire?

"Cough!"

The Tongtian chain was damaged. Ye Chen coughed up blood, and his breath was depressed. The God chain that bound the fire phoenix was also loose.

The power of the three ancestors continued to bless, but it made Ye Chen's flesh completely burst!

"Bang!"

"Failed?"

The emperor of the Xiao family mutters to himself. Is it still empty in the end?

The sky chain on the void also fell sharply with the explosion of Ye Chen's body. The fire phoenix's evil eyes coagulated, and the two pairs of wings that had been pierced struggled frantically. The bright red blood water dripping down from the wound. When encountering the vast rising pillars of fire on the star earth, they turned into evil eyes and Fire Phoenix. They looked extremely ferocious and tore away at the sky chain!

"Click!"

The sky chain that lost Ye Chen's power blessing broke in response!

"This chain can limit the beast!"

The father of the Xiao family hurried to say hello. The other two old people also understood it, and the Dharma body coagulated again!

The purple divine Dharma body reappeared. Holding the remaining sky chain in one hand, he pulled it out from the wings of the fire phoenix. In a few circles, he set it between the Phoenix's head and pulled it!

"Hiss!"

At the moment when the black energy contacts the fire phoenix, the holy fire sends out a painful cry, a blood color rushes up, and the sputtered Fire Phoenix blood falls on the Dharma body.

"The blood of this beast is so domineering!"

Drops of fresh blood splashed on it, and the Dharma body howled with pain. The whole body began to melt and dissipated in an instant.

The ancestor of the Xiao family fell into the void and lit a faint bright red fire all over him. No matter what means, he won't put out!

The intense pain constantly stimulated the old man's nerves. Under such circumstances, it was only a matter of time before the fire completely burned him out.

"The boy is still alive!"

The ancestors of the Qi family seem to have caught a straw. They have been shrouded by the pressure of the fire phoenix. There is no time to investigate carefully. Ye Chen's weak breath still exists!

"Roar!"

The Huofeng who struggled to get rid of the last sky chain also felt Ye Chen's breath, the only threat!

The injury just now made the four lights in the center of the holy God's fire eyebrow extinguish a trace. The only three marks burst out the divine flame and wanted to kill!

Although the deforestation offensive was a bit weak, it was still not an existence that they could match. Looking at the flames in front of them, the three fell into despair.

"Even you beast can't help it. How can you talk about seizing heaven and earth against the trend?"

In the center of the endless bright red flame storm, a trace of blood and gas rose into the disappearing black fog.

"Several elders, help me!"

Ye Chen's voice echoed again in the star domain, and his figure condensed again. The power of thousands of martial artists who had fallen in the world before turned into Ye Chen's own body.

"Good boy, I can snatch the blood and gas of the sky with the fire phoenix and bring it into my body!"

"Who the hell is your boy!"

A Black Mist filled the body of the ancestors of the Xiao family and extinguished the light of divine fire.

The three divine mans covered Ye Chen's body again in an instant. Endless black clouds rolled over the sky. A corner of the bronze God coffin was exposed from the depths of the cloud. Ye Chen sat on it and his blood gas dispersed!

"It's over!"

Ye Chen whispered softly, and the eight heaven chains came out in an instant. Even Huofeng didn't respond, so she was pierced by Sheng!

"Joo!"

A sad cry sounded, and the only remaining three fire awn marks in the center of the eyebrow went out again. The only two fire awn forces, no matter how they struggled, could not get rid of the shackles of the eight sky chains!

"Human beings, you are still young because you want to accept me!"

For a moment, the evil eyes of the fire phoenix flashed, and the only two spark marks left in the center of the eyebrow dispersed together. The next moment, the startling breath emerged.

"No!"

Ye Chen felt a little uneasy. The beast planned to fight with death!

Above the void, the fire phoenix, which was tightly entangled by eight sky chains, could not move. Countless divine feathers around her instantly melted and turned into a bright red flame!

The previous fire phoenix is no longer, and each feather turns into a small Phoenix, about the size of a person, millions of people!

"Jie, bury it!"

Countless little Phoenix flickered ferocious color and burst out one after another!

The terrible afterwave blew Xiao Qin over several somersaults on the earth. When the awakened beauty saw the scene in front of her, she couldn't help shaking all over!

One of them, a slightly inaudible Phoenix, did not choose to explode, but stepped back, and his body shape happened to be captured by Ye Chen.

"The fire of origin, still want to escape?"

Ye Chen's body flashed and went straight to the source of the holy fire.

At the same time, the whole star field has been completely distorted under endless blasting

"This star region will no longer exist. If we can't reinforce the seal from the outside, once this place is broken, the power of divine fire will burn the whole city near Taiyuan in an instant... I'm afraid the whole city outside the region! It may even break the barrier of the world!"

The ancestors of the Xiao family have an iron face. They can't keep the star domain. They must retreat!

"Qin'er, you tear the void with us. We must leave!"

The three ancestors looked at Xiao Qin at the same time. Xiao Qin, who is good at the power of space, is the only one who can do it in this dying space!

Xiao Qin glanced at Ye Chen. The figure pursuing the divine fire has become distorted under the burning of the fire, and even his sight has deviated!

"Good!"

Xiao Qin closed her eyes and began to decorate the space boundary.

After a long time, Xiao Qin's eyes flashed, and the void pointed to the sky. With the help of the unparalleled power of divine fire, the space barrier broke into countless in an instant, and the three ancestors rose up and poured into it.

"The holy fire is out of control!"

The ancestor of the Xiao family pulled up Xiao Qin and wanted to leave. The latter looked at Ye Chen and pushed away the ancestor!

The old man was pushed away by this palm and looked back in panic. Xiao Qin had rushed towards Ye Chen.

"Qin'er!"

Chapter 7495

However, after the endless fire poured into the space, it covered the old man's cry and roar!

Endless Fire Phoenix at this moment, completely exploded!

The high temperature enough to melt the emperor of heaven swept the whole star domain in an instant. Thousands of stars above the nine days also dissolved into rock juice at the same time and evaporated in an instant!

.....

Near the city of Tai, two embarrassed figures rushed out.

The owners of the four families were waiting outside. Xiao Su saw it and clicked in his heart. Why didn't he see his family ancestors?

It was the ancestors of the Qi family and the Zhu family who took the lead in breaking out of the star domain.

"Did the old guy fall..."

They looked back at the space behind them. The terrible high temperature had overflowed a trace of destruction, which immediately hit their flesh!

The people present instantly retreated for hundreds of miles. The strength of Lao Zu was so terrible that they could be seriously damaged?

"Whoosh!"

A dead bone jumped out of the space, and immediately the other two people drank:

"Seal this world!"

The two men's supreme power came out, connected the Qi of the city of near Tai, made the boundary with the spirit, and completely sealed the star domain!

"Once the holy fire is leaked, thousands of creatures in the nearby Taizhi city will be destroyed, and even the feather emperor and ancient emperor of the world will be angry at us."

Seemed to see the helplessness of the Xiao family, and the other two old people said.

"Keqin'er..."

The old man Xiao's eyes were horizontal, "open the star domain, I have to bring qin'er back!"

"The power of divine fire, I'm afraid it's dangerous..."

They didn't go on. Such a powerful force, not to mention Xiao Qin, I'm afraid the world has been burned out. Even if they go back, they may not even find the bone residue?

.....

"Bang!"

In the star field at the moment, Xiao Qin resisted the fire for a moment and found Ye Chen's body with the isolation of space.

"Mr. Ye?"

The bright red awn had penetrated through the body. Xiao Qin's whole body lit a fiery fire. Seeing this, ye Chen hurriedly protected him on his side.

With the mysterious black power of the God coffin, he blocked a disaster for Xiao Qin.

"Jie, boy, now you have nowhere to escape!"

The Phoenix bathed in the sea of fire turns back and returns. Between this completely lit heaven and earth, it is an invincible existence!

"How about a deal?"

The holy fire obviously saw the difference of Ye Chen and immediately opened his mouth.

"Completely untie your seal?"

Ye Chen said.

"Smart, you let me go, I let you go, and they don't owe each other. Isn't it beautiful?"

The Phoenix in the bright red sea of fire flies up and down, looking at Ye Chen sitting cross legged after the fire flow separated by black mysterious inscriptions with the power of space!

"You are not qualified!"

Ye Chen said faintly.

"What are you talking about?"

The spirit of holy fire flashed, and the tone was cold for a few degrees.

"The spirit of the soul, dare to shout with me?"

Ye Chen has long seen through that Huofeng exploded with her own flesh and blood before, which led to the complete burning of the star domain. In the endless sea of fire, although the spirit is immortal, it has no other cards.

If you want to be born, you can only wait for the endless fire in the star domain to burn out before you can reorganize your flesh and blood. Before that... There is no chance.

What the holy fire didn't notice is that ye Chen at the moment is very different from before.

"I can't help it..."

Lost the blessing of several ancestors, the God coffin between the nine peaks changed again, and the endless black awn shrouded Ye Chen and spread towards the holy fire!

"Huh?"

"I see how long you can stand it!"

The flames carried God, and the overwhelming waves of fire covered Ye Chen and Xiao Qin at the bottom of the sea of fire!

A trace of black energy gushed out

"Go to hell! Jie!"

Huofeng smiled cruelly.

Under the bottomless sea of fire, a strange scene gradually rises. The spirit of holy fire mobilized the divine flame between heaven and earth, but it can only curb the escape of black energy, not completely block it!

More importantly, a figure appeared under the sea of fire!

This figure is a little girl!

The little girl is like a flame, and her clear eyes are full of anger and perseverance!

She is Yan Xuaner!

Yan xuan'er glanced at Ye Chen behind him, then looked at the sea of fire and said word by word: "no one is qualified to bully the child!"

Ye Chen is a little surprised. Yan xuan'er, the fire of Taoist spirit that has not been seen for a long time, will appear at this time.

Although the fire of the key Taoist spirit is powerful and can also absorb the holy fire, the holy fire today is completely different from what he thought!

Yan Xuaner may not be able to fight!

However, if Yan Xuaner combines with the desperate situation of death, there may be a glimmer of vitality!

.....

"Hoo..."

A few days later, ye Chen opened his eyes again. A trace of killing fell in his eyes and said faintly: "thank you for your divine flame power, which stopped the riots in your body!"

"Now you are too weak!"

Ye Chen got up, surrounded by Yan xuan'er, walked to the spirit of the flaming Phoenix step by step, and let its divine flame burn, which could not hurt him.

"Your original power is weak, and the power of divine flame that can be mobilized does not exist. Thank you for suppressing the agitation in my body with divine flame!"

The Holy Spirit flashed a trace of anger:

"How dare you underestimate me? Humble fellow!"

The spirit of divine fire turns into countless fire phoenix to bite Ye Chen's body and wants to devour Ye Chen alive!

Yan Xuaner's bright light burst out. The bright red sea of fire was like a huge wave. It was plundered by the strong adsorption force and poured into Yan Xuaner!

At the same time, on Ye Chen's body, a wisp of Phoenix totem began to shine, and slowly appeared from his arm. The wings and root divine feathers of his left arm scattered bright red fire awns. Surprisingly, there was no killing power.

The gentle power nourishes Ye Chen's reincarnation blood, and a burst of crisp feeling flows through.

The terrible high temperature in the center of the whole star region continued to pour into Ye Chen and Yan Xuaner, the fire of the Taoist spirit. The party involved was as comfortable as bathing in the divine fire, which made Xiao Qin's eyes widened. Even the four ancestors could not help but pour into Ye Chen and a flame spirit?

"Buzz!"

A buzzing sound sounded, ye Chen's whole body, a bright red phoenix totem leaped in front of his chest, vivid!

"Comfortable!"

With Ye Chen's loud drink, the head of the Phoenix in front of his chest was also a cry, making a sound with his Lord.

The spirit of Huofeng saw that her divine flame was absorbed by Ye Chen. Even if she wanted to escape, Yan Xuaner took the initiative!

The flame wrapped all over the sky, like a big mouth, directly swallowed the spirit of the fire phoenix!

"Ka!"

The spirit of the fire phoenix was swallowed up by the fire, and a penetrating heat flow instantly crossed Ye Chen's meridians.

The fire of the Taoist spirit Yan Xuaner and herself are one.

Under the eye of reincarnation, ye Chen found that his reincarnation body was being refined by the original divine fire!

Chapter 7496

Under the fire of God, bones melt into fire and run along with blood.

Xiao Qin looked at Ye Chen in front of him and was at a loss.

"I'm fine..."

The weak voice sounded, and ye Chen's weak voice came. Xiao Qin was relieved.

.....

meanwhile.

In the near Pacific City, the ancestors of the Xiao family were restless for several days. Finally, they decided to untie the seal and forcibly take Xiao Qin out!

"Boom!"

At the moment when the seal loosened, the divine fire that had already been banned on the periphery of the star region raged for several days. The terrible high-temperature concentration and extrusion scattered a little red in the broken gap. In an instant, it blew the palm of the old man's hand on it into a touch of fly ash!

"Damn it!"

In an instant, the old man floated away, the terrible bright red was still burning, and the pain of piercing the soul made him make a decision in an instant and give up the whole right arm!

Looking at the breath of divine fire overflowing from the broken arm, he knew that his life was saved, but the divine fire into the body made his flesh and blood unable to be reborn again!

Just a quick glance, he permanently gave up the idea of stepping again, turned around, strengthened the seal and left.

.....

Screen rotation.

"Boom!"

Xiao Qin has been countless. This is the first few days of staying in the center of the star domain. The terrible power of the divine flame is incorporated into the Dantian by Ye Chen and the mysterious girl. There is no fear in the small world separated by the power of space. Behind the space barrier, it is a raging bright red fire.

Ye Chen's whole body is a burst of heat wave breath. This time, he is reborn!

"Click!"

His eyes suddenly opened, a trace of divine flame flashed in his eyes, an endless sea of fire surged in his left eyes, and a phoenix hovered between his right eyes. This scene immediately made Xiao Qin envious.

"Worthy of his father's prophecy, he really has the talent of heaven!"

Xiao Qin couldn't help feeling that ye Chen's mysterious black power had even been refined.

"Yan xuan'er, how are you controlling now?" Ye Chen asked.

Yan xuan'er hesitated for a long time and said, "childe, the fire of the Holy Spirit is too strong. I need a long time to refine, but I can turn into a fire phoenix to help childe."

In an instant, Yan xuan'er turned into a Phoenix, and the virtual shadow slowly appeared in front of Ye Chen. However, the difference before was that the evil eyes of Huofeng were never seen again.

"It's a pity that the spirit of fire phoenix needs to be bred again! Otherwise, Yan xuan'er, you will be stronger."

With Ye Chen's sigh, his body also stood slowly. The fire phoenix hovering on his side lost its rebellious evil nature in the past.

"It's nirvana and rebirth, Yan Xuaner. Sooner or later, I'll let you return to Jue Dian with a stronger attitude!"

When the heart was moved, the fire phoenix chirped, turned into a flash of streamer, drilled into Ye Chen's chest and swirled around the upper wall of his skin.

"Is this... A moving tattoo?"

Xiao Qin was like a curious baby. He looked at the fire phoenix flowing under Ye Chen's skin, and his eyes flashed. Compared with the previous holy fire that destroyed the sky and the world, it was really cute.

"It's time to leave here!"

Ye Chen draws a circle with his fingertips. In front of him, a touch of bright red energy cuts the space neatly!

"The power of space!"

Xiao Qin exclaimed, but subconsciously shook his head. This is not the power of space, but the power of the holy fire!

This terrible flame can also destroy the world. One touch can burn through the space of the star domain!

However, Xiao Qin obviously found that the power of the divine flame was much weaker, but the growth value was absolutely terrible.

"Such a hegemonic power can't be wrong!"

She felt a palpitation at the moment when ye Chen shot, which was a fear from the depths of her soul!

Once the flame is contaminated, I'm afraid it will be a great headache for me.

At present, ye Chen's cultivation in Taizhen realm drives the holy fire. Although it is far from the level of slaughtering God, in the face of some strong heavenly kings, you can really break your wrists with each other!

Just as Xiao Qin was stunned, their bodies had appeared outside the nearby Taizhi city.

"Anyway, thank you for your help. If you hadn't stood up at the critical moment, I wouldn't have come to the end!"

Ye Chen hugged Xiao Qin and smiled.

"Mr. Ye praised me, and I didn't help much. My father has a word. If Mr. Ye needs it, my Xiao family will do their best to help!"

Xiao Qin smiled. He had already seen that ye Chen was involved in important things. Now he was so angry that the man in front of him was afraid to leave.

Ye Chen was stunned when he heard the speech. He didn't know what Xiao prison, the king of soul code, said to the woman in front of him.

"Xingyu and his party, the four families suffered heavy casualties. The Xiao family is in an eventful age and urgently needs the person in charge. I'll see you later!"

Ye Chen is for Xiao QinHao. When he set foot near Taizhi City, he met the Xiao family with frequent internal strife. Now the elder of the Xiao family is afraid to cause trouble.

"Thank you, Mr. Ye!"

Xiao Qin bowed respectfully to Ye Chen. In any case, the Ye Chen in front of him should not be underestimated. At a young age, he was able to accept the divine flame and divine fire, and his talent was outstanding. Even his father and other foreign overlords praised him!

"Boy, since it's over here, I promise you to get rid of that man and I'll cash it!"

Suddenly, above the sky, the voice of Xiao prison sounded.

Xiao Qin was obviously stunned when he heard his father's voice, and his eyes became ruddy:

"Father..."

"Qin'er, I hope you will pay attention to rectifying the Xiao family. Take my order. You are the real talker of the Xiao family. Those who dare to talk about it, kill!"

Xiao prison heard a cold cry and told him.

Xiao Qin nodded tearfully and watched Ye Chen leave. Behind him, the old man with broken arms flashed slowly:

"Grandpa?"

Looking at the terrible wound on the old man's right arm, Xiao Qin was obviously stunned.

"Your wound?"

It's hard for her to imagine that as an expert at the level of Lao Zu, she has an injury that can't be healed!

"Your father..."

The old man looked complex. Obviously, he knew Xiao prison. He heard everything just now.

The reason why Xiao prison appeared was to sound the alarm for him. He was not allowed to attack Ye Chen and try his best to help Xiao Qin!

He knows all this.

Although he was an old ancestor, he still didn't see enough in front of Xiao prison, the once respected king of soul code. If he was liquidated, ten lives would not be enough for Xiao prison.

"In that case, do as he tells you. I will support you with all my strength. Ye Chen, it's very good..."

At the wound of the old man's broken arm, drops of bright red blood seeped down. Where they fell, hundreds of grasses grew wildly. At this moment, even young people who were gifted demons such as the old ancestor, Bizhi Ye Chen, also had a sense of dusk, walked side by side with Xiao Qin towards the nearby city.

"It's time to change the sky near the city of too!"

At the moment, ye Chen is on his way to rescue the elderly.

"Yin demon holy ancestor, kill the great emperor, this revenge should be returned to you."

Chapter 7497

.....

Now in the city of near Taizhi.

"What are you talking about? Xiao Qin came back alive?"

In the depths of the Wang family's residence, there was a cry of discontent. Among the four families today, the ancestors of the Wang family fell, and their hegemony was in jeopardy. Naturally, the Wang family, who lost their ancestors, could not climb the big tree of the Xiao family!

"Ye Chen!"

Wang Teng could not suppress his anger in his invisibility. All this was given by the boy named Ye Chen.

"Master, the Xiao family is no better now. I heard that the ancestors of the Xiao family tried to seal the star domain, but they were burned by divine fire and hurt..."

The scholar asked tentatively.

Wang Teng's expression was complex, and his clenched fists trembled. After a long time, he sighed like a compromise, and the color of resentment in his eyes coagulated again:

"The Qi family and the Zhu family are the biggest profiteers this time!"

"Even if my Wang family exists in name or in name, I will take your Xiao family on the back and contact the heads of the other two families immediately. As long as I can eradicate the Xiao family, my Wang family will do whatever it takes!"

Wang Teng clenched his teeth and weighed his words.

Even if you don't hesitate to become a vassal, you should let the Xiao family pay for their lives!

But now ye Chen, who is far away from the nearby Taizhi City, knows nothing about the coming crisis of the Xiao family

.....

The land of the heavenly palace, the heavenly temple!

In the conference hall headed by Tian Xuexin, the shadows were scattered. The strong people present were dignified and silent.

"The purpose of capturing the elder in the demon temple should be to lead Ye Chen to appear..." Wu Yuzhi said negatively, looking at several major patriarchs of other forces in the alliance.

Three days ago, the holy ancestor of the evil spirit came to the heaven palace and appeared in Lintian city. According to the witnesses at that time, there was a dying old man imprisoned on his side. If it hadn't been for half of his life in his slightly undulating chest, people would have thought it was a Mummy.

According to the information, the situation of respecting the elderly is extremely bad!

The leader of the Terran alliance, tianxuexin of Tiangong Shenjiao, also appeared in the city to fight against the holy ancestor of the Yin devil, but he was defeated. I'm afraid the situation would be very embarrassing if it weren't for the timely support of the old man of the blood devil sect and Luo Cheng of the Shura sect!

After that, the demon Saint left a word, that is, he left in a flutter:

"Ye Chen, if you want to be a shrinking turtle, collect the corpses for them one by one!"

Obviously, in order to force Ye Chen to show up, respecting the elderly is the first person, but it is by no means the last.

"Ally leader, I think this matter must be considered in the long run!"

Wen Qingshan of Tianfeng Pavilion spoke. Naturally, he knew the relationship between Tiangong deity and zunlingtian family. However, in the previous World War I in Tiancheng, the strength of the evil holy ancestor was greatly improved, which was far from their enemy.

Today's ghost holy ancestor can't resist by relying on several strong people present. Even with Tianxue heart inherited from ancient times, he can only save his life by relying on Shuanghua sword.

The old man of blood demon sect and Luo Cheng of Shura sect have erratic eyes. Obviously, as a vassal of the former demon temple, he defected to the temple of heaven after Taishen came out of the mountain. Now if the ancestor of the demon is liquidated

With their strength, the pace of the demon holy ancestor can't stop half a point.

"Ally leader, I think we should hold hands to keep warm at the moment. Let's join hands and meet him for a while! The old fellow of zunlingtian family has grace in the temple of heaven. You can't sit idly by!"

The old blood devil murmured.

Wen Qingshan said, "why, you old ghost is afraid of the liquidation of the demon temple and plans to pull the whole alliance as a backer?"

Luo Cheng of Shura sect also stood by the old man of blood devil and spoke to protect him. Obviously, he was in the same situation as the blood devil sect at present.

Tian Xuexin, who is sitting in the chief, looks very blue. At present, she has not made a decision whether to start a war or not, but the alliance is already in chaos. Respecting the elderly, she can't sit idly by, but the strength of the evil Saint ancestor alone is unpredictable, and the person around him... Is even more terrible.

When I think of the guys around the demon holy ancestor, I am no weaker than her!

Tianxuexin fell into a dilemma for a time.

"Huh?"

At a time when there was nothing to do, a familiar breath appeared within the scope of his perception. Tianxue's ugly face eased a little. Looking out of the conference hall, the blazing sun shone and the indifferent figure stood upright. It was Ye Chen who came back from the dust laden journey.

Ye Chen stepped in and looked around at the people present. When it comes to Yuanyuan, even the Tiangong cult and respecting the old are also due to Ye Chen. Along the way, the old man blocked too many for him and protected Ye Chen's growth at all costs.

Obviously, he also heard some rumors all the way back. The voice of the discussion just now didn't escape Ye Chen's ears and eyes. Under the surface of Ye Chen's calm, his state of mind was a bit flustered!

"Ye Chen, don't mess with your discretion. Success depends on people. Besides, the evil Saint just wants to force you to show up. Respect the old at present..."

Tianxue wanted to say that respecting the old still exists, but when she thought of the sad appearance of the old man, she couldn't say anything to comfort her.

The old man of blood devil and Luo Cheng saw the main Ye Chen appear. Even if they were cruel, they said, "the other party just wants to find Ye Chen. Now he's here. Just hand it over!"

Luo Cheng also had a cold flash in his eyes, and he started to fight when he didn't agree with him.

Ye Chen and others had heard that he was just a talented young man. If he was captured and handed over to the demon temple, maybe... Everything could be solved.

## Chapter 7498

But Wen Qingshan flatly stopped: "blood devil, old ghost, shut up!"

"How dare you think of such despicable words?"

Ye Chen was cold, but he didn't deliberately hide his breath. Now he has already surpassed these people. The impression of the old blood devil on Ye Chen still stays on Ye Chen who was surrounded and suppressed by the Shenwu temple.

"Hum, I think this is for the sake of alliance peace. It's the best policy to sacrifice one person for a hundred years of peace!"

Although he knows Ye Chen's means are strange, it's more than enough to catch another Ye Chen with his blood demon old man.

Tianxue's heart also looks blue, and wants to defect?

"What are you talking about?"

Ye Chen looked at the old man of the blood devil and said faintly. At the moment, ye Chen was worried about respecting the old. Tianxue understood that the old ghost had completely hit the muzzle of the gun, because now ye Chen, even she can't see through!

She heard that the Lord of reincarnation won the reincarnation Heavenly Sword.

Although I don't know whether it's true or not, it's absolutely true from the Tao rhyme that ye Chen exudes all over his body.

"Noisy boy, you..."

The blood demon old man smiled, and just wanted to speak, but he found that ye Chen in front of him didn't know when he had been haunted by a light glow, and the temperature of the whole conference hall had increased by a few minutes.

Ye Chen stood with his hands in place and never moved half a step from beginning to end. In his eyes, there seemed to be a flame flying. Soon, the blood demon old man lit a bright red fire all over his body!

"Ah!"

With a heartrending roar of pain, the old man's breath of the blood devil was instantly depressed. At the same time, the whole body's flesh and blood melted, the spirit also began to leave the body!

The strange scene in front of us made all the people present fall into stupidity one after another.

You know, in the heaven palace, the old blood devil is not strong, but it is enough to be proud of the world. Turning your hands can destroy the city and fall into the sea!

Even, the old blood devil is a famous strongman of the older generation in the land of the heavenly palace. At the same time as the teacher Wukong old man of tianxuexin, he has traversed the land of the heavenly palace for countless years. He has a prominent life and is the head of a sect, but he is stunned by Ye Chen's eyes!

"Ye Chen, I know I'm wrong!"

"No, no, no, I know I'm wrong. Don't kill me!"

The embarrassed blood demon old man knelt down and kowtowed to Ye Chen's indifferent body. The pain from the depths of his soul stimulated his senses. At the moment, even his kneeling legs have become ashes.

This strange flame, which burns together with the spirit, will dissipate completely in the world within a few breath!

This flame may not be the most terrible, but no one can shake the momentum of the reincarnation Lord after ye Chen won the reincarnation Heavenly Sword.

Although he was defeated by the guy who died in a desperate situation, it was more than enough to fight against the old blood devil.

"Dare to have a different heart and seal you for ten years!"

Ye Chen drank coldly, and the power of the pale holy fire dissipated slowly. At the same time, the bright red flame burning around the blood demon old man also went out, disappeared without a trace, as if he had never appeared.

"Cough!"

The blood demon old man was relieved. A mouthful of blood vomited out and dropped on the hall. The boiling blood instantly corroded the floor poured by the mysterious material. Ye Chen gently raised his foot and stepped on the kneeling shoulder of the blood demon old man, and said:

"This divine fire will not be extinguished in ten years. It will always burn your blood and gas and erode your lifelong cultivation. How much spare power you can have in ten years, please pray for yourself!"

Wen Qingshan, Luo Cheng and others were instantly moved. They clearly felt that the breath of the blood demon old man's demigod had begun to shake!

How long has it been like this, ten years later?

This old guy is completely useless!

Ye Chen stared at Luo Cheng of xiuluozone. The middle-aged man with the iron tower lowered his arrogant head, dodged his eyes and said to Tianxue:

"Shura sect, but at the command of the alliance leader!"

Immediately kneel on one knee and surrender completely.

Ye Chen took back her eyes and looked at Tianxue. She said, "I have a way to deal with it. I need your help!"

"Good!" Tianxue's heart immediately replied. Wu Yuzhi on one side looked at the strong Ye Chen in front of her for a while. How long has it not been seen that she can easily cut off the cultivation of the senior in her eyes?

The gap between himself and him is already across the abyss!

"Others guard the alliance to prevent the members of the demon temple from taking advantage of it. I will go back with the leader of tianxuexin alliance!"

Ye Chen's eyes softened a little, looked at old man Wen Qingshan and told him, "old Wen, the alliance is bothering you!"

The leaders of the other two forces were not present. The blood demon sect and Shura sect expected that they would not dare to make any changes under their own means. At present, only Wen Qingshan is suitable to take charge of the seal temporarily and stabilize the rear!

After all, the holy ancestor of the demon is famous for his tricks!

"Mr. Ye, you're welcome. This is your duty!"

Wen Qingshan hurriedly got up and saluted Ye Chen. He should answer.

In this world of martial arts supremacy, as long as you have enough strength, friends who forget their years can also bow their eyebrows.

As long as there is no fire in the backyard, there is no worry about the road ahead!

"I'm afraid Ye Chen is the chosen man recorded in the ancient books. He wants to dominate the world..."

Looking at the figure of the two people leaving, Wen Qingshan stroked his white beard and hair, glanced at the distracted Wu Yuzhi and muttered.

.....

After a incense stick.

"Ye Chen, what have you experienced? Have you really won the reincarnation Heavenly Sword? Have you escaped from the hands of the feather emperor and the demon ancestor Wutian?"

Along the way, Tianxue finally couldn't restrain her curiosity and asked.

The boy who used to be much weaker than herself, now she can raise her hand to make the old strong blood devil old man have no resistance. Even she feels suffocated by the mysterious power!

Ye Chen smiled bitterly and said, "I don't have the strength to fight against the feather emperor and Wutian now. I may even be less than one ten thousandth of them. At that time, what they came was just a virtual shadow and separation."

Tianxue was stunned, but she was still surprised: "the separation and virtual shadow of these two people are enough to kill me in an instant, and you can escape? I'm afraid the Emperor Yu and Wutian are very angry. Now the whole world is looking for you."

"Fortunately, one guarding the dark forbidden sea, his body can't adapt to this era, and one in the world, it's difficult to come to deal with you personally."

"By the way, what happened to the flame you just had?"

Ye Chen took a look at Tianxue's heart. She was not an outsider, so she said about winning the holy fire.

Today's holy fire is not very powerful, but it can be done by combining reincarnation blood to frighten some strong people.

"Holy fire... I didn't expect these gods to be in your hand. No wonder!"

After hearing Ye Chen's explanation, even Tian Xuexin had to envy Ye Chen's bad luck against the sky.

Chapter 7499

The Lord of reincarnation has invincible Qi, and so it is.

"In the battle with the holy fire, in order to protect me, the spirit was damaged again and healed in isolation, so this time, we have to go all out!"

Losing the power of linger's space is tantamount to losing a life-saving card. Although he has a virtual tablet and a virtual spirit pulse, it is difficult to give full play to linger's effect in the face of the strong and his own layout.

Next, in case of any emergency, you can only harden your scalp!

"We immediately break through the void and save the old man!"

In an instant, the void fluctuates! A door to space appears!

.....

"Wait a minute!"

The door of space is close at hand. At the bottom of the turbulent blue waves under your feet, a dark light flashes the power of nothingness. In the previous war, all the people who killed the great emperor came across the border!

Just then, the voice of Xiao prison sounded and stopped Ye Chen in time.

"Boy, across this boundary, the periphery of the dead end is the nest of killing the great emperor. The endless wasteland and grains of white sand are derived from the real body of killing the great emperor. Once you step on it, you will be noticed at the first time!"

"In this way, I'm afraid something will happen to the people you want to save."

The sound of Xiao prison came from ye Chen's reincarnation of martial arts.

"Master Xiao, do you have a way to hide your Qi?" Ye Chen frowned and asked.

As soon as the voice fell, a soft green awn shot out, poured into the eyebrows of Ye Chen and Tianxue heart, and dissipated.

"My breath has come from the same source under the ten thousand year ban of this abandoned desperate situation. That girl, with this close to her body, she can escape the tracking of the great Slayer!"

Xiao prison said.

"As for you, boy, the holy fire and the fire of the Taoist spirit are strong. Combined with the power of reincarnation soul, you understand..."

Ye Chen suddenly realized that there was a flash of fire in her eyes. At the same time, the power of reincarnation gathered. Immediately, the whole person seemed to become a bloody Fire Phoenix hovering around. With a sound of Feng Ming, it turned into a bright red flame and flashed away.

On the bleak wasteland, two faint lights, red and green, passed by the wind without any ripples.

"The elder must be imprisoned in that palace, but the specific location is unknown..."

Now that you have hidden your whereabouts, you must first find the whereabouts of the elder!

In the hall made of endless animal bones, the forest is cold and cold. It is intended to spread in the void. Several martial artists with strong breath move back and forth to blow away the accumulated resentment. If ye Chen is here, he will see that it is some of the ten strong people who surrounded him and respected the elderly in the past.

"Watch that old man, don't die!"

"It's said that the boy is holding the key to his death. The emperor attaches great importance to it. If it goes well... We can leave this ghost place where birds don't shit!"

Several heavenly kings looked at a badly injured and dying old man. Looking at the world today, only a terrible figure like killing the great emperor can do it!

At the same time, in the dark, a crisp voice sounded and a faint fragrance floated. Before people arrived, they shocked several guards.

Graceful posture, slender snow-white thighs looming

The blood spurted people were suddenly refreshed. Looking at the leisurely woman, they were stunned and immediately said respectfully:

"Miss Zhou!"

Obviously, no one dared to offend the mysterious woman in front of the great emperor.

Zhou Xinyou snorted softly, perfunctorily responded to the greetings of several people, glanced at the dying old man in deep prison, his eyes were calm, and he didn't know what he was thinking.

After a long time, he turned and left.

"If this woman is not the red man around the emperor, she must be pressed under her."

When Zhou Xinyou left, one of them swallowed his saliva, opened his mouth and sniffed the residual fragrance in the air. Even the two faint lights that flashed away had no time to take into account.

.....

After a incense stick, it is on the main hall.

A game of residual chess was covered with a few threads of dust. There was no human shadow on the white hand and the futon for a long time.

"I heard that the boy of the Lord of reincarnation seems to have appeared!"

Blood colored robes floated into the palace. On the other side of the chessboard, the black emperor opened his eyes.

"Well done!"

On the cool face of the evil saint, there was a hint of pondering: "the old guy is in our hands. Sooner or later he will take action!"

The murderer opened his mouth and whispered, "nothing unusual has been found in a hundred miles. Just wait for this guy to show up and catch him!"

"With that old thing, I'm not afraid he won't obey!"

Zhou Xinyou said: "I've just seen it. Everything is normal. Although the old thing was badly hurt, he won't die miserably with his cultivation!"

.....

Screen rotation.

The elder is curled up in a corner of the deep prison at the moment. His bones are pinched by the holy ancestor of the evil spirit, and the original gourd is broken. At the moment, the old man's consciousness is blurred, paralyzed on the ground, and black blood is constantly flowing from the corners of his twitching mouth

"Respect the old?"

Ye Chen's divine sense whispered secretly, but he couldn't hear any response from the old man.

Seeing the old man's tragedy, a touch of killing machine could not suppress a trace of cold.

"There's a situation!"

Several strong guards suddenly noticed and came to have a look, and the two weak lights flashed away.

"Strange..."

The eight trigrams heaven elixir technique and the celestial Koi were copied into the body with a touch of warm and moist breath. The old man's body trembled several times, felt the recovery elements pouring into the whole body, and his injury recovered a bit.

Suddenly, his closed eyes suddenly opened. The familiar feeling is... Ye Chen?

The old man's eyes were wet. This little guy, he still came!

.....

meanwhile.

On the silent wasteland, a powerful breath soared, which immediately attracted the attention of the great Slayer.

"Hmm? This smell..."

The man in black frowned, and immediately his body shape flashed and disappeared in place. The change of this moment also stunned the holy ancestor of the evil spirit and Zhou Xinyou, and their body shape followed closely.

In the boundless wasteland, the long hair of the middle-aged man in hemp and green shirt is scattered. He swings with the cold wind, and his eyes are full of war.

"Xiao prison? How could it be you!"

The great murderer was obviously surprised at the arrival of this "old friend", but he immediately knew it clearly:

"It seems that the birth is imminent, and the power of the guardian is about to disappear. Even you can appear outside the dead end!"

Xiao prison's rough voice coldly replied, "our old accounts should be settled, too?"

The shadow of the evil saint and Zhou Xinyou came at the moment. I thought it was Ye Chen, but it was an inexplicable middle-aged man!

"Is that him?"

Zhou Xinyou exclaimed, and the evil Saint asked, "do you know?"

Chapter 7500

"Yes, the reason why the emperor got out of trouble was that this guy also contributed to it, but somehow, it seemed that the cooperation broke down in the end..."

The man in black in the void laughed: "hahaha, old man, why take revenge like this? Now you're getting out of trouble. Why don't you and I join hands to fight against the desperate situation of death!"

The killing emperor's eyes were dark and he looked like planning strategies.

"A biting dog is still an animal even if it is given a chance to reform!"

Xiao prison replied without changing his face.

"Oh? Are you rejecting me?"

The original frivolous eyes of the killing emperor gradually cooled down. The guy in front of him was shameless!

"In that case, there is no need for you to exist. You are just a prisoner. Now you are not qualified to shout with me!"

Killing the great emperor saw through at a glance that the man in front of him was just a remnant soul. Even if he had been supreme, he must be subject to the power of prohibition in the desperate situation of death!

In the final analysis, even if Xiao prison is more capable, it is no more than the Yan Zun emperor Ye Chen met earlier. It's just a paper tiger.

"The way of killing: sand storm burial!"

The killing emperor laughed wildly. While his uninhibited voice sounded, the boundless sand sea under his feet began to surge. Each grain of white sand seemed to turn into vicious white snakes, winding towards Xiao prison!

Above the void, endless breath riot!

The man in green shirt frowned, but he didn't move at all. Soon he was entangled by endless sand snakes and wrapped into a zongzi.

I didn't expect it to be so simple.

"Take you on the road!"

The murderer raised his right hand and pinched it gently.

"Bang!"

The sand snakes scattered violently, and the terrible sand particles sputtered with blood and flesh. The agitation of each white sand cracked the outer space of the dead end. Mottled cracks emerged on the void, and turbulent storms raged in the collapsed space.

The man in black bathed in the storm and let the cutting force add to his body, but he didn't lose anything. This scene was seen by the demon holy ancestor not far away, and his eyebrows wrinkled.

"Sure enough, near this dead end, this guy's strength is still strong, and the power of space is nothing!"

He asked himself that although he was fearless, he was far from being so calm!

"Hahaha, it's very different from me just by the power of the remnant soul!"

Kill the great emperor and laugh wildly. Does the ignorant Xiao prison dare to disobey himself?

"Sure enough..."

Xiao prison sighed lightly. I'm afraid this guy is not much weaker than some of the strong people in the world.

"Emperor!"

Zhou Xinyou was surprised. She found that the cracks began to appear on her master's tall and straight posture.

"Cough!"

The white sand liquid vomited from the mouth of the great murderer. He widened his pupils and looked at the handsome man with hair not far away. He said in disbelief:

"No way. When did you put it down?"

Xiao prison snorted coldly and said, "I knew you weren't a good thing in the past, but when I saw the girl's desire, I bowed my head and chose to cooperate with you. Do you really think I have no backhand?"

"Boom!"

In the hall behind him, an explosion suddenly sounded.

"No, ye Chen!"

The bloody robe immediately turned around and ran to the deep prison where the old were imprisoned, followed by Zhou Xinyou!

"Inform the emperor!"

The strong men on duty reacted instantly and chose to inform other backers at the first time. The strong men of the ten sides went to the deep prison hand in hand.

"Sure enough, it's you!"

The first strong man saw Ye Chen side by side with a woman, but the old man who should have been imprisoned here disappeared.

As early as the moment when the shocking atmosphere broke out in Xiao prison, zunlao had awakened him with Bagua Tiandan and Tianxian Koi, and sent him into the world of the reincarnation map of martial arts.

"End the array!"

Ten people immediately spread out and ranked among all parties. The smell of terror circulated around him. The previous large array that banned space made him and respect the elderly suffer.

But now ye Chen has been reborn!

Tianxue holds Shuanghua sword in her heart, and a sword shines cold.

There was a flash of fire in Ye Chen's eyes, which was immediately surrounded by the light red lingering Hui. Tianxue subconsciously lowered her eyebrows. She didn't see ye Chen, the old man of blood devil, but she had seen it!

"Fire of Taoist spirit: eye of Fire Phoenix!"

A bright red phoenix bathed in the sea of fire in the reincarnation heaven's eye flies. The moment when the strong people in ten directions are absent-minded, they feel a surge of evil fire in their chest, eyes congested, and a violent killing intention from their companions!

"The breath of divine fire can affect people's mind!"

Tianxue's heart looked at the ten strong men who were still showing off their ferocity a second ago. Now they are all like mad dogs. They fight and can't help swallowing a mouthful of saliva.

"Go!"

Ye Chen used the virtual spirit pulse to pull up the jade hand of Tianxue's heart and rushed out. At the main door of the hall, two figures had been waiting for a long time.

It is Zhou Xinyou and the holy ancestor of the demon.

"The holy ancestor of the evil spirit has given it to me!" Ye Chen slowly releases Tianxue's jade hand. This battle is inevitable!

Tian Xuexin nodded gently, and the frost sword in his hand pointed to Zhou Xinyou on the side of the holy ancestor of the Yin devil, and the cold awn bloomed.

"Jie, ye Chen, the last time that beast blew himself up and let you escape, this time, I see who can save you!"

Under the bloody robe, a pair of sharp claws beat it hard!
