### Chapter 7501

At the same time, he killed the great emperor and respected the king Xiao prison.

"You have a layout. I still underestimate you."

The sand body slowly collapsed and killed the great emperor. The dark black eye socket disappeared. A handful of white sand kept melting between the eyebrows, but there was no healing trend.

Xiao prison looked a little pale, but his tone remained calm:

"I can't imagine. In the past years, we helped you out of trouble. The soul of our origin has long been connected. Kill me and you can't live!"

A chill flashed across the bottom of the emperor's eyes and immediately said with a smile: "how can I kill a killer? You and I might as well cooperate again..."

Xiao prison didn't wait to finish killing the great emperor. The fingerprints between his palms opened and closed, and soon the periphery of the whole abandoned desperate situation began to tremble!

"Click!"

Above the sky, with a loud bang, a large space broke open, and the golden thunder with thick and thin arms fell!

"Boom!"

The golden Xuan thunder ravaged the whole space and kept chopping the sky. On the nine days, endless mottled cracks opened in an instant.

"This is... The power of the guardian. That guy left this hand before he died."

The evil killing emperor screamed out. It turned out that the guy left behind before he fell. This golden xuanlei is the real original power of the former Guardian!

"Go back, you shouldn't have been born!"

Xiao prison's face was pale. Endless golden Xuan thunder roared wildly in the void. A ray of thunder splashed on the killing emperor. A sand arm burst immediately, and the sound of pain roared out.

"Ah!"

The murderer's face was ferocious and full of madness. He said coldly, "ha ha ha, you want to seal me?"

"Sand soul Dharma body!"

As a once strong man, even if the peak is not here now, the condensed Dharma body power is far from being comparable to ordinary strong men!

"Buzz!"

In the boundless sky, the vast white sand flows backward from the ninth day, watering a black and gold sand body, and the God in the eyebrows looks like killing the great emperor.

The boundless sand sea was drained in an instant, and the strange array originally hidden under the earth appeared.

On the Dharma body, the blood lines are clear and audible. The palm prints open and close, chiseling through the whole sky, attracting endless storm and turbulent force to resist the golden Xuan thunder!

The iron cords made of golden Xuan Lei wound around the killing emperor Dharma body continuously, but the Dharma body dodged sensitively. The sand soul Dharma body put his palms into the chiseled void space, pulled out the pieces of the turbulent void and fought with golden Lei.

"Cough!"

Xiao prison, who controls Zhan golden xuanlei, also suffered great pain. After all, he is not a guardian. Although he can mobilize the power of golden seal, he is also a great demon suppressed by the dead end. Xuanlei also caused the same damage to him!

Had it not been for the powerful power of the divine soul, it would have dissipated under the thunder!

"Ha ha, Xiao prison, you are a ghost after all. I can't help this thunder robbery. Before that, I'll see you fall!"

Kill the great emperor with a slap in his heart, completely cut off his original spirit, and not only avoid the fall of Xiao prison, but also involve himself!

"Boom!"

A lot of powerful breath dispersed in an instant. The sand soul Dharma body was also illusory. It was struck by a mysterious lightning and shed warm blood

"Hahaha, just today, I'll send you on the road!"

The evil eyes of the killing emperor flashed and couldn't help laughing. Although he was seriously injured, it's worth it to completely solve this serious problem!

"Hum, do you think my soul code respects the king and is an unknown person?"

"Jiutian golden dragon, Ning!"

Xiao prison used his body as a guide to absorb and gather the endless mysterious thunder above the sky. The powerful sealing force instantly strangled his spirit.

For a moment, Rao was also in great pain.

"Are you crazy?"

At the moment, the great murderer's back was numb. At that moment, it was the existence that wiped out the spirit of Xiao prison. Endless golden thunder surged up and rose, slowly condensing into a five clawed Golden Dragon between heaven and earth!

Pieces of scales and armor glitter with golden light. Thunder balls roll and fly in the dragon's eyes. The dragon's head is like a mountain. The dragon's body is hidden in the endless void. You can't see the whole picture. Only the terrible golden thunder at the dragon's tail is filled and shrouded.

At the moment when the Golden Dragon appeared, the dark array on the earth immediately burst into golden light. It could flow all things back and suck in the endless broken void!

"Go back to where you should sleep!"

Xiao gave a sharp drink.

.....

At this moment, the battlefield is another place.

"Frost China!"

Tianxuexin waved a sword, and the faint and distorted space was completely frozen. A sharp ice wall covered it together with Zhou Xinyou's line of sight.

"Overestimate your strength!"

Zhou Xinyou also used color. Two beautiful women with cold temperament are fighting together with powerful martial arts and Taoism at the moment.

Martial arts rhyme and void wave burst!

At this time, the demon Saint Zu and ye Chen.

"This boy, strength and degree have been improved by more than one level!"

As soon as the eyes of the holy ancestor of the evil spirit were frozen, a slender claw crossed Ye Chen's chest again. Different from the previous one, ye Chen was at ease this time!

"It's still too true, but there has been a qualitative change! It seems that the news of escaping from Wutian and the feather emperor is true."

The last time they fought, they were still one-sided. Now they haven't seen each other for some time. They can't help but see ye Chen in front of them, which makes it difficult for the proud demon holy ancestor to accept!

"Bloody rain!"

At the moment, the holy ancestor of the evil spirit once again exerted his power in the field. There was a flash of scarlet light in the Dantian of the holy ancestor of the evil spirit. Even the holy stone of the evil spirit in Ye Chen's body at the moment was a change, which came from the power of the strong!

Although the demon Tianshi is a holy thing, with Ye Chen's cultivation, its explosive power is also limited. Facing the guy in front of him, he was suppressed!

"Lord of reincarnation, I admit that you are strong and afraid of the speed of growth, but now you can't break my field!"

Yin Han, the holy ancestor of the evil spirit, smiled, and endless blood dripped from the void. The penetration force of each drop turned into a killing awn and completely smashed the space in the hall!

"Hahaha, enjoy the wonderful taste of being pierced!"

In an instant, a torrent of blood poured down, and countless scarlet awns covered the whole area with dots, which filled the sky with terrible blood!

"Ye Chen!"

Tianxue's heart screamed. She was defeated by this move a few days ago. If the alliance people hadn't arrived in time, I'm afraid she would have fallen!

"Do you dare to be distracted when you fight with me?"

Zhou Xinyou sees the right time and stabs Tianxue's heart in the abdomen with a sword. Tianxue's heart suddenly retreats, but it is still hurt by the sword Qi.

The holy ancestor of the evil spirit drank, and the whole area was submerged by the fishy awn, and the hoarse laughter echoed:

"Lord of reincarnation, the feather emperor and Wutian can't kill you, doesn't mean I can't kill you. Don't be an enemy with this seat in the next life!"

Chapter 7502

However, just then, an indifferent voice suddenly sounded.

"Oh? Is that the only level?" In the field of blood red without five fingers, ye Chen uttered a cold hum of disdain.

"What!"

The holy ancestor of the evil spirit was shocked. The invincible field... Failed!

The blood color dispersed, and ye Chen stood in place intact, surrounded by a faint lingering glow, and a trace of fun flashed in her eyes.

The bloody killing awn in the sky not only didn't break Ye Chen's defense, but only wiped out a wisp of Ye Chen's clothes.

On the bare upper body and chest, countless wounds were ferocious and terrible, and the pattern of six samsara flickered faintly. At the same time, a bright red fire phoenix flipped and jumped under Ye Chen's skin, especially excited.

The fire phoenix kept flying under Ye Chen's clear skin, from the front chest to the back, looking very strange!

"Then... Is that the origin of the holy fire, the fire phoenix?"

Not far away, Tianxue's heart murmured to herself. Even Zhou Xinyou was stunned.

"What a powerful force of blood and gas!"

In the previous World War I, the divine fire was an immortal flame. The blood gas breeding place and the evil fire were also immortal!

Now this powerful power of blood and gas, combined with Yan Xuaner, the fire of the Taoist spirit, made the divine fire surge in his body. Even his main Ye Chen was irrigated by this powerful blood and gas and rushed to the spirit, and a trace of evil spirit flashed between his eyebrows!

"Childe, Yan Xuaner can't control the holy fire in a short time..." suddenly, Yan Xuaner said to Ye Chen.

Ye Chen can feel Yan Xuaner's helplessness.

Although the fire of the Taoist spirit is powerful, it needs to be advanced slowly. If the fire of the Taoist spirit is directly integrated with the holy fire, there will be many problems!

"Get out!"

Ye Chen's only remaining trace of reason sends a message to Tianxue's heart.

Shuanghua's sword flashed, and the beauty fled in an instant!

"Roar!"

The terrible high temperature rose in an instant, and ye Chen's flesh was wrapped by the flame, as if condensed into a bright red fire flow, which exploded and dispersed. The power of the fire phoenix enough to destroy the world was completely ignited by the power of the blood and Qi of the holy ancestor of the evil spirit!

The fire phoenix rose into the sky and instantly melted the whole hall into a torrent. Zhou Xinyou's graceful posture was also in the sea of fire, completely turning into a mass of meat mud and evaporating!

"Damn it, what is this!"

The evil master who tried his best to defend ran away at the moment when he saw that the situation was wrong. Rao was so. The trace of the terrible fire awn made his spirit tingle, and he was shocked to find that the fire could not be extinguished!

The unparalleled Fire Phoenix reappeared in the star region. The difference is that at the center of the bright red fire phoenix's eyebrows, only a faint fire awn mark flickered, like a residual candle in the wind, which may be extinguished at any time.

"Ye Chen, close the Liao!"

Xiao prison shouted and shouted at the fire phoenix spreading its wings in the nine days.

"Hmm? Someone is calling me?"

When ye Chen's eyes coagulated, he was in the heart of huohuang and clearly felt the temperature from the little guy in his body.

"Yan xuan'er, is that you? Or are you the fire phoenix?"

The fire phoenix on the skin flew, and the wanzhang God Phoenix on the nine days also made the same action. At this moment, ye Chen and the holy fire were really and completely integrated into one!

"Thank you for the domineering blood and gas power of the demon Saint Zu, which activated it..."

Ye Chen, who had returned to God, found that the cunning demon holy ancestor had already disappeared without knowing when.

"Ye Chen!"

It was Xiao prison who shouted again. Ye Chen came back to his senses. The brilliance of the five clawed Golden Dragon on the nine days faded. Obviously, Xiao prison was also devastated by the power of the Golden Dragon and was about to be unable to maintain its form.

The sand soul Dharma body transformed by the great Slayer was no better than that. It was just to resist in panic.

Tianxue's heart looked at the scene in front of her and completely widened her red lips, "this... This is Ye Chen?"

"The dragon and the Phoenix sing together!"

Xiao prison's pale face hung a smile, as if he had predicted the outcome in advance.

On the nine days, the flame Phoenix on the edge could not be seen flapping its wings. The root divine feathers scattered on the ground and ignited endless red flames. If it weren't for the adsorption force of the inverted array in front of you, I'm afraid this place would be burned like a star region!

Ye Chen only felt the fatigue coming from the flesh instantly, which made his eyes almost unable to open.

"Damn..."

Mobilizing the power of such a huge divine Phoenix, just flapping its wings is to embarrass yourself!

Ye Chen thought for a moment, then he applied the eight trigrams heaven elixir technique and the copy of Tianxian Koi. Combined with the spirit tablet of the Lord's recovery in the reincarnation Xuan tablet, strong vitality poured out and began to derive.

The evil killing emperor, who was struggling in the void, trembled in front of the real God Huang!

"This is... Impossible. How can this divine flame appear here, or in the hands of a hairy boy?"

Countless incredible questions rushed into the heart of the great killer, but he couldn't allow him to think too much. The towering Fire Phoenix in front of him used its wings as a blade and cut towards the already weak sand soul Dharma body!

"Hiss!"

A head soared up into the sky, and the Golden Dragon's eyes on the nine days flashed. The dragon's mouth opened and bit it, and rushed to the inverted array on the earth in an instant!

"Xiao prison... Ye Chen..."

A grudging roar resounded through the sky. The Golden Dragon dispersed with the great killer. The lines on the boundless earth dissipated with the light and rain scattered by the Golden Dragon. In this world, you can no longer feel the breath of the great killer

"Succeeded!"

A burst of sleepiness hit my heart. The bright red phoenix on the nine days burst into pieces, and ye Chen's body fell from the void.

The endless space storm surged, the space of the sky was torn, and the black thunder raged. On the earth, Tianxue looked at Ye Chen lying on his thigh and smiled at the corners of his mouth!

.....

On the periphery of the dead end, on the vast land, a wisp of light golden breeze brushed Ye Chen's cheek, a trace of cool and warm coexisted.

The reverse array lines engraved by the astringent inscriptions have dissipated, and even the boundless white sand has been swallowed up. The solitude at the moment deserves the word "death".

"Huh?"

Ye Chen felt the power of reincarnation, and his tired body was revived.

Fingertips flicker slightly. When you open your eyes, you see the beauty in front of you. Your eyes are opposite. There is always one person whose eyes dodge.

"Cough..."

With a light cough, ye Chen looked up at the nine days. After the war, there was devastation and the void burst into pieces. During this period, the void thunder raged, but there was no vitality. At this moment, he was convinced that killing the great emperor could not lift any waves!

On the nine peaks of the dead end, a wisp of gold overflowed. Ye Chen motioned to Tianxue's heart to wait here, which was to go to the depths of the dead end, where there was the answer he wanted!

Chapter 7503

I don't know how the swirling forest made of wood is still. Even if it is a wisp of cold and frost, it is not contaminated with half worldly atmosphere. The ladder reaches the top of the nine peaks. Ye Chen knows that someone is waiting on the broad platform.

"Here you are..."

It was still a familiar greeting, the same as before. On the broad platform, another "Ye Chen" sat between the tea tables, his legs crossed his knees.

However, compared with his first acquaintance, the guy in front of him had a smile in his eyes, and his figure seemed unreal.

"I have completed the task of dying!"

Ye Chen's eyes coagulated slightly and said calmly.

Scenes of life and death are like a flash of light from ye Chen's eyes. There is too much pay along the way

"Yes, I should say goodbye to you..."

The spirit of the dead desperation shrugged his shoulders, stretched out his hand to lift the steaming pot in front of Ye Chen, poured a golden paste into the cup in front of Ye Chen, made an "please" gesture and motioned Ye Chen to take a seat.

Ye Chen sighed lightly, threw away the old memory, took the first two steps, sat cross legged, took the cup handed by the spirit of the dead end, and drank it up.

"Eh?"

At the moment of entering the throat, ye Chen felt the faint and inaudible mark of the guardian jinmang in his body, which seemed to solidify for a few minutes. With the passage of time, he had a more subtle trend.

"You deserve the original power of this desperate situation..."

The spirit of the dead end smiled and continued: "from the moment you took over the dead end, this already precarious world makes you walk on the tip of the knife all the time. Once you lose, you will be doomed..."

"In fact, this is also the real test of the desperate situation of death!"

Ye Chen frowned and seemed to have experienced so much. He was not surprised at such words. All kinds of causes and effects were added to him. Although it was difficult, it also brought him great opportunities.

"Now the desperate situation of death is calm. The so-called evil spirits, with the blessing of your original golden seal and holy fire, are no more than a little Doyle. Now..."

The spirit of the dead end fixed his eyes on Ye Chen. After a long time, he sighed and never spoke.

"Do you mean to say that there is nothing to fear except the repressive God coffin?"

Ye Chen said calmly.

The spirit of the dead and desperate nodded gently. On the tea table in front of him, the warm breath still existed, and the light golden lingering light flowed, reflecting a murderous opportunity.

The teapot in front of me slowly turned into a dark black copper coffin, which was a little darker than before. It was frightening to glance at it.

What is more terrible is that the original eight heaven chains that suppressed the bronze God coffin have now gone.

"Previously, you used that power to subdue the holy fire, which has greatly weakened the seal at the moment. How long the remaining six heavenly chains can last depends on your nature..."

As soon as the spirit of the dead end waved his arm, the strong heat of the two cups of tea in front of him steamed up and atomized the scene in front of him.

He also handed the tea cup in his hand to Ye Chen and continued: "this cup is also yours. It can make your guardian's golden seal more concise!"

Ye Chen seemed to think of something and replied, "this is related to the broken two Heaven chains?"

The spirit of the dead and desperate nodded admiringly, "yes, you can come here to get a golden tea for each broken chain, and take it until the eight are exhausted..."

Take a deep breath, and the spirit of the dead said, "it is the time when the God coffin is born, and it is also the day when you and I see each other again!"

Ye Chen asked, "what would you do then?"

"Die with it!"

The spirit of the dead and desperate smiled, and his body became more and more blurred. Even the face that looked like "Ye Chen" could not be seen clearly.

"Is there no way to break the game?"

Ye Chen asked again.

"At present, there is no..." the spirit of the dead and desperate responded softly, but immediately looked into Ye Chen's eyes and flickered a little differently, and continued to add:

"Lord of reincarnation, I can't see your future..."

"Eight Golden teas will bring you some unexpected effects. If you grow up fast enough, combined with reincarnation blood and Heavenly Sword, you may have a fight!"

A faint voice came out, and the spirit of the dead end in front of him had slowly dissipated, leaving only the last faint whisper. It was originally a "time bomb" to destroy the dead end. Now that the crisis is temporarily solved, he also dispersed

Meet again, it is the time of life and death!

If ye Chen had been in the past, he might have a sense of Taishan pressing the top. After all, it is related to life and death.

But I don't know why, now I am in a particularly calm mood. He firmly believes that even if there is a mountain of Tai, he will never bend down.

The fire phoenix in the right eye seemed to feel Ye Chen's mind, flying more than in his eyes. A bright red flame flowed down his cheek, and the temperature of the whole desperate situation of death increased several times!

The nine peaks, which had originally fallen from frost, now turned out to be an instant of warm spring flowers and the recovery of all things.

Vigorous vitality reappeared. A trace of wild grass grew wildly and spread on a tombstone at the foot of the mountain. The sharp tip actually produced colorful flowers, which is a good occasion!

"Worthy of the holy fire..."

The middle-aged man with blue long shirt and long hair was very white at the moment. He stretched out his pale palm to brush away the weeds on the tombstone, exposed the handwriting on it, felt the footsteps of Ye Chen behind him, and couldn't help opening his mouth.

"Thank you, elder Xiao, for your help!"

It was Ye Chen who came. Facing the back of Xiao prison, ye Chen respectfully hugged her fist.

Chapter 7504

"You don't have to thank me, but you just get what you need. It's your chance to win the divine fire!"

Ye Chen then said, "if it weren't for the help of my predecessors, I wouldn't be able to defeat the evil killing emperor!"

"Ha ha ha, good boy!" A glimmer of appreciation flashed in Xiao prison's eyes. Such a posture against the sky and such humility can be a great task!

"Now the desperate situation of death is stable, but..." obviously, Xiao prison also noticed the change of the God coffin, and I'm afraid he will be born soon.

Ye Chen's concern about Xiao prison was a indifferent smile: "this is not a great good thing. As a guardian, I can't let the elder leave. As soon as this thing was born, the elder was also free. Isn't it happy?"

"Oh?" Xiao prison's reply to Ye Chen is a little complicated. Once the divine coffin is born, the whole dead end will be broken, so ye Chen will be in great danger.

"All along, many people want to take my life. Some people can't remember their names until now..."

"I'm not afraid of the feather emperor and the demon ancestor. The supreme daughter also raises me pigs. So what?"

"On the top of the world, my reincarnation Lord will go up and have a look!"

Ye Chen smiled, his eyes narrowed, looked through the dusty past and joked.

"Ha ha ha!"

The pale Xiao prison was also amused by Ye Chen's "nonsense" and couldn't help laughing.

"Since you can sit on the Diaoyutai so steadily, it's inconvenient for me to ask more questions. If you are really grateful, I would really ask for one thing!"

Xiao prison said.

Ye Chen was also stunned, and immediately said in a deep voice, "you are the master!"

"I have lived in Xiao prison all my life. I ask myself that I am worthy of heaven and earth. Only my little girl Xiao Qin is my regret and concern."

When it comes to his daughter, even the decisive man is a little cautious.

Ye Chen smiled and replied, "don't worry, master. I'll take care of Xiao Qin and wait for you to come back from birth!"

Xiao prison trembled and turned away. He no longer looked at Ye Chen. His back gently waved his hands towards Ye Chen:

"I'm going back to heal my wounds. I hope you'll win the title of reincarnation and reign in the world when I see you again!"

The man's body slowly walked towards the depths of the nine peaks and dissipated at the end of the tombstone

"Hurry back to the heaven palace to heal the old man!"

Seeing off Xiao prison, ye Chen thought of the old man for the first time and set off quickly. He also left Jiufeng.

.....

Three days later, Tiangong Shenjiao.

"The evil saint, he escaped again. This guy is always a big trouble if he doesn't get rid of it!"

Tianxue sits in the conference hall of the alliance. All the powerful giants in the heavenly palace gather here.

In addition to the destroyed Shenwu hall, even the always neutral moon night hall master, moon shadow, and the Youming Valley master were at the table. All these reasons are because of the man Ye Chen present!

"It's true that heroes come out of youth. I've heard of it, but I haven't seen it!" The graceful posture of the moon shadow swayed and praised Ye Chen.

The leaf Chen in front of her can't even see the depth. She is worthy of being a guy favored by even the great God!

Recently, there is a rumor that he seriously injured the holy ancestor of the evil spirit

When ye Chen heard the speech, he just nodded his head and immediately turned to Tianxue's heart and said, "the evil saint is seriously injured. He must lie dormant in the evil temple to heal. It's better to take this opportunity to completely take away the evil temple!"

Once this remark was made, all the eyes of everyone here jumped, isn't it too cruel?

The demon temple has occupied the heaven palace for countless years. How can such ancient forces not have a back hand?

But from the calm in Ye Chen's eyes, he didn't lie!

"I think the alliance can organize an attack to test the reality of the demon temple. If it can be done, it's OK to take it away at one fell swoop!"

Tianxue's heart echoed.

People: "

"I'm just a suggestion. I won't participate in the specific arrangement. If necessary, I'll do it!"

Ye Chen looked at the setting sun sprinkled into the hall, and immediately got up and said, "it's time to heal the old man!"

Without anyone's words, ye Chen got up and left directly. The people present looked at Ye Chen's back and went away. Only then did there be a sound on the hall, such as breathing after the amnesty.

"Ally leader, I suggest..."

On the main hall, there was a heated discussion among the people one after another!

.....

After a incense stick.

"Respect the old, now your old injury is all right!" Ye Chen smiled.

These days, ye Chen has been using Bagua Tiandan technique, Tianxian Koi copy and the spirit tablet in the reincarnation xuanbei to treat respect for the elderly.

Even fed a trace of their own blood.

The old man's injury gradually recovered.

Perhaps only Ye Chen has this kind of treatment in the world.

The old man laughed and immediately tried to take a sip of the golden gourd around him, but ye Chen stopped him:

"Respect the old man, don't drink until the injury is good!"

The elder glanced at Ye Chen, stretched out his hand and patted Ye Chen's white right hand, and immediately said, "your gourd, which is forged and quenched again by the divine fire and the formula of Brahma's divine skill, is several times more mellow than the wine brewed previously, and has the effect of healing!"

The old man smiled and was quite satisfied with the original gourd that ye Chen recast for himself by using the holy fire and the military formula.

"Respect the old, you!"

Ye Chen's eyes picked and pretended to be angry.

"Good, good, don't drink!"

Under the pale face of the old man, his smile did not decrease. He touched the hand of heaven and earth gourd and stretched it back again.

"Your cultivation, I will find a way!"

When the joke was over, ye Chen said positively.

Today's respect for the elderly is carefree, but the previous war was too fierce. All the old man's cultivation skills have been lost

"Hahaha, it doesn't hurt. It's time to enjoy the rest of your life, cough..."

While laughing, the old man inevitably affected the old wound and coughed up a trace of black blood.

"Childe, his injury is the original fire. It burns through the spirit. It needs to be suppressed by ice soul snow lotus and refined with its petals!"

"It's just that I'm afraid it's too close to the city."

Just when ye Chen was in trouble, the fire of the Taoist spirit came from Yan Xuaner's voice.

"Yan xuan'er, what happened to you and the holy fire?"

Yan xuan'er shook her head: "it's still a long process. It's hard for me to control it. It will hurt the childe. However, in the process of integration, I also learned something. This ice soul snow lotus is one of them."

Ye Chen had made a decision in his heart. Suddenly, he looked at respecting the old and said, "respecting the old, you don't have a plan to retire. Some of your injuries can be cured!"

Huh?

The old man's eyes flashed an excited color, but it was soon erased. There was something against the sky that could cure his injury, which must be accompanied by a great crisis!

"Don't worry, I'll go to the near Taizhi city again. There are my friends there. I'll be back soon!"

It seemed that ye Chen saw the worry in the old man's heart, and then began to say.

Chapter 7505

"The child..."

Looking at Ye Chen's back, a few crystal tears fell in the old man's eyes.

"Child, ice soul snow lotus is a treasure even if it is near the city of Taizhi!"

"But I believe there is a guy, there must be this!"

Yan xuan'er whispered to Ye Chen.

"You mean?"

"Qian Wanguan!"

.....

Near Taizhi City, Wanjin building.

The man with Xingmu sword eyebrow is now standing behind the two middle-aged men. If ye Chen is in the column, he must be able to recognize it. This is the two strong men of the Qian family and the strong men of the four ancestors who took away the people when they fought with Shenhua that day.

"Wanguan, you don't have to blame yourself for this..."

Qian Wanguan clenched his fists. This time, he missed the last hope of returning to the family.

"Second uncle, third uncle, I'm unwilling..."

Under his thin lips, he thought every word.

"Alas, fortune makes people. The boy born in the sky has disrupted all the deployment!"

The two strong men of the Qian family laughed at themselves, but there was nothing they could do.

"Second brother, the boy named Ye Chen disturbs our family plan and should be killed!"

One of the strong said.

"Wanguan, what do you think?"

At the moment, Qian Wanguan, the master of Wanjin building, a man who makes all the women in the city near Taiyuan crazy, is like a angry little daughter-in-law, with deep resentment in his eyes!

Hearing his second uncle's question, he came back and replied: "I heard that the ancestors of the Xiao family took Xiao Qin back from the star domain, but he was also seriously injured and closed down..."

"There is something strange about this matter. The second uncle and the third uncle have also checked the seal. The holy fire exploded the body of huohuang before he died. The outer fire curtain can't be approached with our strength!"

"In other words, Xiao Qin's return opened a gap from the inside of the star domain, and there was no change after she returned to the family, that is to say, ye Chen who walked with her got divine fire!"

"Once the divine fire is dissolved in other people's blood, even if it is forcibly stripped, it may not be able to capture the origin of the divine fire, and may even make the divine fire completely fall into the world..."

"Now the ancestors of the Xiao family are injured and closed, and Xiao Qin can't support the overall situation alone. The outside world thinks Xiao Qin has won the divine fire. Even the elder Xiao Su is compassionate again. Obviously, no one thinks that a boy who is too real will step on dog shit to get the divine fire!"

At the beginning, the two of the Qian family listened to their nephew's analysis, but later they deviated from the theme more and more.

Why did it involve the Xiao family?

The power of his Qian family is supreme. Naturally, he is much better informed than the power of the nearby Taizhi city. It is a certainty that his divine fire is taken away by Ye Chen.

"Cough, what do you think of Ye Chen?"

The second uncle of the Qian family interrupted Qian Wanguan's words for the first time, but another rough man beside him laughed: "Wanguan is thinking about the girl of the Xiao family!"

Qian Wanguan blushed and lowered his head. Gu said to him:

"As I said just now, once forcibly stripped, the divine fire may fall. Ye Chen must not be an ordinary person if he can get the divine fire. If my Qian family makes friends with him, he will grow up..."

The two strong men of the Qian family are silent one after another. A sealed and dying holy fire can set off such a storm. Once they grow up... The consequences are unimaginable

"Wanguan, let me ask you, what are you going to do with the girl of the Xiao family?"

Qian Wanguan fell into silence.

"Well, go and prepare for the auction first. If you lose your temper, you have to collect some interest from other aspects!"

The two strong men of the Qian family dissipated slowly. In the silent study, only one person, rich Wanguan, stood still.

Just then there was a knock at the door.

Qian Wanguan's servant in Wanjin building pushed the door in and said to his master, "it's a big deal. Ye Chenlai is close to Taizhi city!"

"What!"

.....

meanwhile.

Walking on the land near Taizhi city again, ye Chen looked around and looked at the prosperity of the street.

"Have you heard? There seems to be something wrong with the previous flame ceremony!"

On the tea stand at the corner, a warrior took up a bowl of tea and drank it up, chatting.

"Those are all things that big people should care about. Do they affect our cultivation?"

“.....”

"Yes, we haven't even stepped into the real world. Such good things can't turn us!"

"Don't say, the auction held by Qian Wanguan of Wanjin building is said to have many treasures brought out from the star domain!"

.....

"Checkout!"

Ye Chen listened to the gossip of several martial artists and got up and walked to the south of the nearby Taizhi city.

"Childe, it seems that you can try to find the ice soul snow lotus. Maybe you can take part in the auction. The money family is really not simple!"

Yan xuan'er preached that he had spare no effort to search for treasures in the previous star domain. It was really a big deal!

"Xiao family..."

"Forget it, the Xiao family has a lot of waste to do. Don't bother Xiao Qin. Let's talk about it again when we get the ice soul Snow Lotus!"

Ye Chen made up his mind and disappeared into the corner and alley.

.....

At the same time, the Xiao family.

"Qin'er, your qualifications are still shallow. You still need to think about refining divine fire in the long run!"

In the hall of the Xiao family ceremony, the elder Xiao Su's eyes darkened, but he smiled and said "entrust" with good intentions.

Xiao Qin raised his eyebrows and replied, "the old master told me, is the elder old enough to forget?"

"Hehe, I'm seriously wounded and closed now. Isn't it also caused by divine fire? It's better to keep these sacred objects in the family!"

Xiao Su's skin smiled and meat didn't smile. He narrowed his eyes.

"It seems that the old guy is also fascinated by the external wind review. He concludes that the holy fire is on me and has a covetous heart!"

"If our own people are still like this, then the remaining Wang family, Qi family and Zhu family..."

Xiao Qin had a headache about the current situation and secretly analyzed it.

Obviously, the elder of the Xiao family didn't intend to give up. He said in a deep voice, "master Xiao, you need to pay for your behavior!"

"The case of killing the family in different rooms has not been settled yet. The Xiao family in Xingyu has suffered heavy losses. The outside world covets Shenhua. If you don't hand over Shenhua to improve the strength of the family at this moment, can you afford the consequences?"

Xiao Su's face became more and more gloomy, and a move of profound righteousness attracted half of the Xiao family, and his confidants immediately denounced him.

"Hum!"

Xiao Qin's cold breath burst out and immediately said in a cold voice, "in the case of division, do you still have the face to ask me?"

"In the first World War of Xingyu, there are a batch of precious things for sale at the auction in three days. I will take them myself. Don't bother the elder!"

"As for Shenhua, don't even think about it!"

After that, Xiao Qin got up and left.

"You..."

The elder beat his chest and feet, full of anger, looked at Xiao Qinyuan's back, and immediately raised a grim smile on his face: "what are you going to fight with me when you are completely out of power?"

Chapter 7506

As long as Xiao Qin loses the auction three days later, forcing the palace to abdicate is the most appropriate time. At that time, Shenhuo... Will surely belong to me!

After leaving, Xiao Qin was a little upset, and a figure appeared in his inexplicable mind.

"If Mr. Ye were you, how would you break the game?"

She couldn't help muttering.

.....

"Lord Wang, but you have a clever plan?"

At the moment, the other three families in the near too city also discussed about Xiao Qin and the Xiao family. Strangely, the Wang family, which was originally as famous as it, is a low head now. Even the seats are a little short.

Just because of the star domain war, his Wang family lost their ancestors!

"Since Xiao Qin left the star field alive, it shows that the divine fire is in her Xiao family. It is said that the Xiao family is injured and closed. Even if he is not injured, two to one, he is not qualified..."

Wang Teng's eyes were cloudy and his voice was cold.

After all, there are two ancestors of the Zhu family and the Qi family. Once a fight breaks out, the Xiao family is also at a disadvantage.

"Get to the point!"

The head of the Qi family sat with his slender fingers gently tapping the table, indicating that Wang Teng had too much nonsense.

Looking at the Qi family who used to say hello with a smile, Wang Teng was gnashing his teeth, but now he has lost power.

"Hey, hey, master Qi, don't worry!" Wang Teng had to smile. After all, he was under the fence at the moment. He looked upright and continued:

"Wanjin tower is the most mysterious force in the city of near Tai. It is said that its power comes from the world of Tai. Although I don't know its authenticity, I'm sure Qian Wanguan won't interfere in the affairs of the city of near Tai!"

"Three days later, a large number of things will be sold at the auction of Wanjin building. Obviously, this is a life-saving medicine for the major families who suffered heavy losses in the first World War of Xingyu. After all, money is an extraneous thing for us warriors!"

"The badly weakened Xiao family will certainly show up and participate. At that time, as long as we win, everything will be broken."

Wang Teng's pitiful laughter rang out.

"The king's family leader means to take this opportunity to force the palace and let Xiao Qin hand over the holy fire?" The master of the Zhu family understood what Wang Teng meant and said.

"Exactly!" Wang Teng replied.

The head of the Qi family frowned and said, "it's not right to make trouble in the field of Wanjin building... I'm afraid."

After all, in the past World War I, Qian Jiaming exposed two people of the same level as his ancestors!

"It doesn't matter. We just force Xiao Qin to hand over his divine fire and won't go to war. Even if we do it, the two hidden giants of Qi and Zhu just need to contain the Wanjin building. We will work together to take Xiao Qin down, pay a gift and retreat!"

Wang Teng's plan is perfect.

The two owners of Qi and Zhu looked at each other and nodded. They agreed to the decision.

"Master, once the Qi and Zhu families get divine fire, our situation... I'm afraid it will be more difficult."

After leaving the Qi family, the scholar was quite puzzled. He looked at the master in front of him and asked.

"Hum, the mantis catches the cicada and the Yellow finch is behind. Go and give this letter to Xiao su. He naturally knows what to do..."

The scholar's eyes flashed a trace of fanatical worship, took the secret letter and left!

.....

Three days later, in front of the Wanjin building, I don't know why the golden bricks and tiles that are usually cold and silent have a little hot color because of the roar of human voices.

"This place..."

Putting on the mask, ye Chen, who covered up all her appearance, looked at a familiar corner in front of her, couldn't help but wipe her mouth and squint slightly, muttering:

"It seems that there are similar places in Youtian ancient city and Lintian City, including Cangjin tower and Wanjin tower... Is it related to the super world? After all, I can see the limits outside the territory..."

"Sir, my master has told me. Please follow me!"

The housekeeper of Wanjin building smiled and seemed to have expected that he would come here. Even if he hid his face, the other party still recognized him.

"Qian Wanguan!"

Ye Chen takes off the mask and simply follows the housekeeper into the house.

"Mr. Ye, my master has explained that all the consumption today is counted on my Wanjin building!"

Wanguan handed Ye Chen a purple gold card and explained:

"With this card, all the collections of Wanjin building can be taken at will. If they are auctioned, they can bid at will without an upper limit!"

Ye Chen is not only surprised, this money is Wanguan. What medicine is sold in the gourd?

However, since the other party is willing to make friends, it also saves a lot of expenses for buying ice soul snow lotus.

If you really talk about your family, with his money, you may not be able to afford everything!

Of course, with the exception of selling some sacred objects.

But ye Chen doesn't have to sell some things yet.

.....

"Ye Chen has settled down?"

In the Golden Pavilion, Qian Wanguan, holding a roll of account books, wrote lightly.

The servant in front of him bowed his head respectfully and said in a deep voice, "it's all done according to your requirements!"

Qian Wanguan waved his hand and said, "go, the auction should start. You will preside over it today!"

"Make sure there is no bloody battle in the venue. In addition, the price of precious medicine holy materials will be increased by half!"

The servant's eyes are suspicious. He is still needed for an ordinary auction. Although he is a servant, he is also the housekeeper of Wanjin building!

You know, the heads of the four families are just heavenly kings. Do you dare to fight in the boundary of Wanjin building?

Although there is doubt, it is not his turn to question the arrangement of his master. He nods gently and leaves.

"Xiao Qin..."

Qian Wanguan muttered to himself, and immediately remembered the second uncle's question, "what are you going to do, Xiao's daughter?"

Qian Wanguan showed a fierce look in his eyes and said, "a group of ignorant fools want to seize the holy fire!"

"Anyway, I won't let anyone hurt you!"

Chapter 7507

.....

At the moment, Xiao Qin also led the people of the Xiao family into the auction venue.

"Mr. Xiao, dizi box 3!"

Followed by the Wang family, the Qi family, the Zhu family and so on.

"Qijiazhu, dizi box 1!"

"Zhu Jiazhu, dizi box 2!"

"Wang Jiazhu, dizi box 3!"

The leading soldiers of the top four families took the lead in entering the auction venue of Wanjin building. The huge square has long been overcrowded.

Countless casual practitioners stand in the hall. It is a great honor for them who have no identity symbol to participate in it.

Some of the other first-class forces in the near Pacific City have entered the people's box on the second floor.

"So many heavenly kings and strong men!"

Some people in the crowd did not hesitate to praise, such scenes are enough to be shocking!

"The ranking of the four families... Interesting!"

Among the crowd, many people have seen the clue. The Xiao family and the Wang family are ranked as three seats and four seats respectively

"A skinny camel is bigger than a horse. You know, there are only four seats in the local box in the whole near Taizhi city!"

The patriarch of a first-class force reprimanded his disciples. Don't offend others in this scene!

"Martial uncle, the big box that day..."

The patriarch looked back and explained, "no one has set foot in that box since the establishment of Wanjin building in the nearby Taizhi city!"

"This..."

Countless people looked at the only "heaven" box covered by the golden curtain on the top floor!

"Sir, please enter the sky box!"

The voice of the manager of Wanjin building rang through the venue, making everyone look stiff.

Xiao Qin, Wang Teng and others are stunned. Even the Qi family and the Zhu family are unbelievable. Someone is sitting in the Tianzi box today?

The manager of Wanjin building, who is awed by the four families, wants to... Preside over the auction today?

"Don't be surprised, I am indeed the host of today's auction!"

The middle-aged man spoke slowly.

"What's the matter? Even this guy presided over the auction in person. Wasn't the origin of the famous box very terrible that day?"

Wang Teng's heart flashed a trace of uneasiness, and a wisp of thought came out, but it was severely wiped out by a wave!

"Boom!"

A burst of space ripples broke up, which shocked countless scattered practitioners present. Even those with low accomplishments were split in public!

"Someone is peeping at the sky box?"

All the heavenly kings and martial arts present were mirrors in their hearts, but no one spoke and watched their changes.

"Hehe, you don't have to be suspicious. The Tianzi box is a distinguished guest of my Qian family. I have no other intention. Today's auction is hosted by me. Boss Qian has told me that there is no blood war in the venue. For all precious medicine spiritual materials, the starting price is increased by half!"

The whole audience was in an uproar!

"What?"

A stone in the crowd aroused thousands of waves. Most of the martial artists who came here came for treasure medicine. In the previous star domain war, everyone was injured, but now there is this twists and turns.

You should know that general treasure medicine is useless to them. Only things in the star domain can suit the remedy to the case!

However, the people of the four families don't care about the price. After all, with their family's lasting financial resources, a few precious drugs are harmless!

"That day's box..."

Even Xiao Qin felt an inexplicable feeling in his heart.

After eating the shriveled Wang Teng, his eyes twinkled. After several glances, he finally took back his eyes and murmured, "I hope there will be no trouble..."

However, at the moment, ye Chen, who did not know the gold content of this day's box, was sitting in it and looked around. Even the chair he sat down was a wave of spiritual power.

It's really luxurious!

I'm afraid the money family really has something to do with the world.

One thing is certain that they certainly do not belong to the camp of the supreme daughter and the ancient emperor of feather, otherwise they cannot not know that they are the Lord of reincarnation.

When ye Chen heard the manager speak, even if he was stunned, he said: "the money family, the business of sitting on the ground and starting prices is really dry..."

"The first auction, Xianchi Hibiscus!"

A water blue Hibiscus Flower swaying with faint starlight, and the fragrance overflowed on the petals.

"It is said that this object and can dispel all the injuries caused by the emperor and ancestors. Its power to nourish the spirit can also be called the top!"

Ye Chen couldn't help staring. What a big hand. The first auction item is the treasure that is hard to find!

"Starting price: 3 million Taijing!"

Taijing is similar to Daojing, but the level is obviously much higher.

Countless people frowned!

"Three million Taijing is really robbing money!"

"Four million!"

Just then, a well-dressed old man shouted a voice. The people looked down at the owner of the voice and saw the old man smiling in the corner, mysterious and extreme.

"It's him, Feng Jiuzun." Someone under the stage recognized the old man's identity.

"Phoenix nine? The one who ranked 20th on the list of near taizhicheng?"

"It's him. It's said that he is a murderous devil. His strength is quite terrible. He is a strong man who survived in the star domain last time..."

"Are there any other distinguished guests willing to increase the price?" The manager continued to ask on the stage with a smile.

"Four million Taijing for the first time!"

"Four million Taijing for the second time!"

"Four million Taijing is the third..."

"I'll pay five million!" A burst of ethereal voice came, which caused the atmosphere of the auction venue to solidify in an instant. Even ye Chen in the Tianzi box was stunned when he heard this familiar voice: "Xiao Qin?"

Feng Jiuzun looked ferociously at the direction of the voice, but after looking at the private room, he also quickly took back his eyes, carefully lowered his head and remained silent.

There are only four private rooms in this auction!

Just that ethereal female voice, its owner's identity is ready to come out!

At present, the woman near the peak of public opinion in the city of too, Xiao Qin!

The rumored holy fire... Was obtained by this person!

Thinking of this, a trace of enthusiasm flashed at the bottom of Feng Jiuzun's eyes.

After hearing the voice, the people who were just eager to try fell silent. Five million Taijing was a lot of money. At the beginning, they spent five million to touch the mildew of the Xiao family. No one was willing to be the first bird.

"If master Xiao is really generous, my Wang family can't be weak!" Wang Teng's voice came out and immediately said coldly, "six million!"

Xiao Qin looked cold and continued: "seven million!"

"Ten million!" Wang Teng's voice sounded without hesitation. Everyone smelled the strong smell of gunpowder contained in it!

"Huh?" Ye Chen is also aware of the unusual atmosphere here. A huge mind is revealed. The whispers of countless martial artists in the field are captured by Ye Chen.

Chapter 7508

"The four families are so against the Xiao family. It seems that the rumors are true!"

"Shh, Xiao Qin has got the holy fire. How can the other families not suppress it? I heard that the ancestor of the Xiao family was seriously injured and closed down. Now she is alone..."

"The three families work together to force the palace. No wonder the manager told us not to fight. It seems that he wants the three families to work together to force Xiao Qin to kill him!"

.....

The words that made Ye Chen's face blue came to his ears. Ye Chen realized how much trouble his departure had brought to Xiao Qin!

"It turned out that today's three families came to force Xiao Qin!"

At this moment, ye Chen suddenly realized that with the financial resources of the Xiao family, if they were jointly targeted by the three families, they could not get a precious medicine!

"That's Qian Wanguan's chess!"

It turns out that this purple gold card is waiting for yourself here.

With the financial resources of Wanjin building, you can help Xiao Qin through the difficulties with your own hands!

"What's the matter? Master Xiao has no money?"

Wang Teng sneered and gloated. Although this fairy lotus is precious, its market price is about 3 million, 10 million, which is already the ceiling!

"Hum, you Xiao's family can't think of a valuable medicine today!"

Wang Teng's face was cold and looked at the box of the Xiao family. He made no secret of his color and killing intention.

"Cough..."

The manager coughed softly and said, "the Lord of the Wang family offered 10 million, if..."

"Wait a minute!"

At this moment, a voice came from the Tianzi box that surprised everyone:

"I'll pay 50 million!"

Hearing the familiar voice, Xiao Qin was obviously stunned. He immediately turned his back to the figure of the Xiao family, and trembled slightly, but soon he was restrained!

Xiao Su could not help frowning. The voice was very familiar, but he couldn't remember it!

Qian Wanguan on the Golden Pavilion said, "second uncle, third uncle, I'm afraid a war today is inevitable!"

"What do you want to do?"

"Protect Ye Chen and Xiao Qin!"

In Qian Wanguan's tone, there was no doubt about his firmness. Looking at the tit for tat meeting place below, ye Chen's joking voice sounded:

"Lord Wang, do you have no money?"

The same words entered Wang Teng's ears, but they were particularly ironic.

"You..."

The patriarch of the king's family in the nearby Taizhi city was so despised. A cold hum came from the box of Tianzi brand, which made him lose face.

"Mr. Ye..."

Xiao Qin had heard Ye Chen's voice for a long time, but the people of the four families had only one face to Ye Chen. Before the flame ceremony, the mysterious Ye Chen was also cold faced and didn't have too many words.

So at present, even Wang Teng, who hates Ye Chen, is not aware of the slightest clue.

"What is the origin of the people in the box of this day?"

Both the Qi family leader and the Zhu family leader frown. Even the strong dragon doesn't dare to oppress the local snake like this in the nearby city. Is this distinguished guest of the Qian family... From the world?

Combined with the mysterious background of Wanjin building, even the four families did not dare to act rashly for a time.

Wang Teng's eyes were cloudy and fell into a dilemma.

"If this guy really has some background... The consequences are unimaginable." If the other party can't afford to offend himself, then kicking this foot on the iron plate will make it worse for the Wang family facing the abyss.

But if you are soft... The Wang family will decline day by day, and then it will be completely unable to lift its head in the near too city!

"Qi family, Zhu family!" Wang Teng clenched his teeth and saw that the so-called two "allies" ignored themselves. He made it clear that he was asking the Wang family to test this man!

"If there is no dispute, then step down!"

In the sky box, the indifferent voice sounded again, and the disdain was undisguised.

Wang Teng clenched his fists, got up and walked out of the box, opened the curtain of the No. 4 box, and looked around at the thousands of martial artists under his feet.

After all, the skinny camel is bigger than the horse. Some first-class martial artists also avoid its edge one after another.

"My Wang family, 51 million!"

The scholar around him wants to say something, but the current situation makes him have to stop. This is the Wang family on the cusp of the storm. He can't lose anyone anymore!

"60 million!"

In the sky box, the sound of salt and water came out again.

Wang Teng stretched out his hand and motioned the scholar to step back. His eyes were full of anger. A holy medicine with a market value of 3 million was simply carried to 60 million!

Twenty times the price, even if the Wang family's wealth is rough, it can't help but hurt!

"61 million!"

Wang Teng shouted flatly!

In box No. 12, the Qi family and the Zhu family's slightly closed eyes shook their heads slightly after hearing Wang Teng's angry drink.

"Mang fu..."

The two masters reached a unanimous conclusion.

But at the moment, the Wang family is already on the line and has to send!

"Wang Teng, this old thing, is really put together!"

Xiao Su, the second elder of the Xiao family, looked cold and turned to Xiao Qin, but he couldn't see through the idea of the Xiao family master.

"Today's Bureau is set up for Xiao Qin. Let's talk about others!"

Xiao Su made up his mind and chose to watch Wang Teng on the sidelines!

"Ha ha ha!"

There was a burst of laughter in the Tianzi box, and soon the applause with both hands opened and closed. The owner in the box did not hesitate to praise:

"Lord Wang is really rich and powerful. I don't want this fairy pool Hibiscus!"

Wang Teng's face was blue. This round of confrontation was completely manipulated by the other party!

"Is it..."

An idea rose, and the killing opportunity in Wang Teng's eyes sprang up unabashed!

"Master!"

The scholar on one side reminded him that there was no reason for him. Almost everyone present cast their eyes on him, Wang Teng, including the manager of Wanjin building!

That cold killing moment is announcing something.

"Lord Wang, please respect yourself!"

The manager coughed and said a word to remind him.

Everyone here can't help but sigh that the Wang family has made such a big spectacle without a penny!

"This guy is so brave..."

The money behind the scenes is all smacking!

"61 million! Congratulations on the holy medicine taken by the Lord Wang, Xianchi Hibiscus!"

The manager said with a smile at the moment, and the people applauded wisely to set off the atmosphere. The scene was suppressed!

.....

"Next, the second auction --"

The manager did not announce the name of the auction this time, but directly showed everyone present a spiritual mirror engraved with Ancient Runes. The light copper rust looks like some years, but the texture on it is still clear. It can be seen that it used to be a powerful magic weapon, but now it seems that it has lost its glory in the past for some reasons.

"This holy mirror was brought by the strong emperor of Wanjin building from an ancient relic of the world. It may contain some unknown energy. What is the specific purpose - unknown!"

"Unknown, there is infinite possibility. Starting price: 200000 Taijing!" The manager moved his feet and stood in front of the ancient spirit mirror, still with a standard warm smile.

Chapter 7509

Ye Chen's reincarnation heavenly eye looked at the ancient spirit mirror for the first time. A moment later, he shook his head. There was no energy fluctuation on it. The ancient mirror had been completely broken and could only be used as an array eye, or just play its original role.

The reaction as like as two peas in the same place, when the chief executive shouted the offer, was swept by the gods of all the people, and the conclusions reached were consistent and useless.

However, his intuition told ye Chen that the ancient spirit mirror was not simple, but it was really broken. Even if he controlled the word formula of Brahma divine power, it was impossible to repair it. Just when ye Chen was ready to give up, Shengtai divine fire, the fire phoenix seemed particularly restless.

"Is there a problem with this thing?"

The reaction of holy fire tells Ye Chen that his intuition is not right. This ancient spirit mirror may be a treasure! Even avoided the reincarnation of the heavenly eye.

"Unfortunately, if no one wants it, I'll announce that this auction has been sold!" There was still a faint smile on the manager's face, as if the transaction would not make the mood fluctuate in the slightest.

"Wait a minute, I'll give 300000 Taijing. I'll take this ancient spirit mirror!" Ye Chen's voice spread all over the venue.

The manager first looked stunned, then listened to Ye Chen and continued:

"I've always liked the Lingbao in Wanjin building. It's a pity that the ancient Lingjing is broken, but the style is very good. It's also good to take it back and give it to my servant girl as a mirror to play with. It's not a natural thing to collect money!"

The voice of Ye Chen came from the sky box again.

"Check who is in this box!"

At the same time, the leader of Qi family and Zhu family noticed something different!

"Today's third auction - 20 Juling grasses in Xianchi!"

"I won't say much about the efficacy of immortal pool spirit gathering herb. It is said that it was cultivated with the four immortal pools. Although it is not as powerful as the four immortal pools, it also has some miraculous effects. It is a necessary top-grade product for restoring spiritual power and healing. It is also a medicine guide for refining Linglong pill!"

As soon as he said this, the audience's eyes were hot.

Linglong pill is a magic medicine to prolong life. Even the most serious injury can be prolonged. Everyone is rubbing their hands and hands to take down these 20 spirit herbs.

"Starting price: 3 million Taijing!" The key is that the bright eyes flash a faint light and sound.

"Four million Taijing!"

"Four million Taijing also brought shame? I gave five million Taijing plus my family's skill" fire spirit formula "in exchange!"

For a moment, the sound of bidding continued.

"I give ten million spirit stones!" It was still the ethereal voice. When the people present heard the speech, someone gave it up.

A small number of people clenched their teeth and said in a cruel voice, "master Xiao, I'm sorry. I'm bound to get these things and offend you!"

"It doesn't matter. Since they don't want to make concessions, fair competition is good!" Xiao Qin's voice came again.

"Twelve million Taijing!" Another powerful family leader Lang Sheng said.

"Fourteen million!" Xiao Qin is still strong.

"Sixteen million Taijing!" The competitor bit his teeth as if he had made the final decision.

"Eighteen million!" Xiao Qin didn't frown.

"Master!" Xiao Su frowned and interrupted, "eighteen million has almost reached ten times the market value. Do you want to follow the Wang family?"

"It doesn't matter. If the other party increases the price, I'll give up." Xiao Qin said faintly.

On the contrary, after thinking about Xiao Qin's offer for a long time, the next offer is 20 million Taijing. With the financial resources of his family, the next batch inventory of ordinary spiritual grass can't be replenished. Moreover, it's not wise to compete with the Xiao family.

Looking at Xiao Qin's posture, he made it clear that the potential was inevitable. At this time, raising the price was not good for the family.

Thinking for a long time, he shook his head and signaled the other party that he had given up.

"Eighteen million, congratulations to Xiao Qin!" When the manager was about to make a final decision, there was a gloomy voice in the field:

"Wait a minute, Qi family, 20 million!"

The cold sound came from the No. 1 box of dizi, and the whole audience was silent in an instant.

"Sure enough, the three families have agreed to collectively force the Xiao family. Even if the Xiao family is rich and powerful, you know, the other party is no weaker than the other three families of the Xiao family!"

"It seems that we can only pick up the leak of this precious medicine!"

.....

Some of the people in the field have seen the clue, which is obviously deliberately aimed at the Xiao family!

"Twenty two million!" Xiao Qin thought for several times and offered again.

Xiao Su, who was on one side, was ecstatic, but his face was sad, and said in a deep voice: "master..."

Sure enough, waiting for Xiao Qin is still the quiet voice of the leader of the Qi family:

"Thirty million!"

At the moment, the two families are tit for tat. Everyone present is reduced to a foil. There are endless whispers of discussion, but there is no bidder!

"I give up!"

Xiao Qin's regretful voice came out.

The head of the whole family just had a cold smile on his face, but he heard a yawn and a lazy voice said:

"What happened? I took a nap. Well, I'll pay \$50 million!"

The sound from the sky box immediately surprised the whole audience, and then a more shocking scene happened:

"The host, what was the auction just now?"

Rao explained patiently with the determination of the manager who had been in business for a long time and couldn't help twitching in the corners of his mouth:

"Sir, yes..."

"Whatever it is, I want it, 50 million!"

That voice interrupted manager Wan's words and bullied the airway.

"Hum, I really think it's easy to mess with my family!"

The head of the Qi family pressed down his anger and said, "60 million!"

"Eighty million!"

Ye Chen immediately said.

In exchange for the collective silence of the whole family, 80 million to buy 20 plants, only the existence of the four immortal pools bred together, is not the four immortal pools at all. That's really crazy. His whole family is not like the Wang family!

"Master, this person's identity is unpredictable. It's unwise to offend him rashly. What's more, we just need to make sure that the Xiao family gets nothing!"

An old man of the whole family said something to remind him.

"Give up!"

The leader of the Qi family made a quick decision.

"Congratulations on the Tianzi box, which has photographed 20 Juling grass in Xianchi!"

In the Golden Pavilion at the moment, Qian Wanguan's eyebrows twitched. It seems that he will lose his money this time!

"Today's third auction - ice soul Snow Lotus!"

"Its effect is..."

Just as the manager's voice sounded, there was another interruption in the Tianzi box:

"Fifty million!"

People: "

The Zhu family leader's face was gloomy. The boy of unknown origin kicked his nose and face three times five times and openly opposed the four families!

"Excuse me, sir..."

Zhu's words didn't fall, but he was blocked back again.

"Eighty million!"

Chapter 7510

On that day, the sound of spending money like Earth in the box really left an indelible impression on all martial artists in the nearby Taizhi city.

Even the four families are inferior and have no humanity!

"The fourth auction, ten Xuanyu flowers!"

"Fifty million!"

“.....”

"The 15th auction, 30 lotus leaves!"

"Fifty million!"

“.....”

Dozens of lots were taken by the Tianzi box in a row. Except for Xiao Qin's face, everyone in the four families appeared to kill!

"Manager, dare you ask this gentleman if he has such a big appetite to eat all the auction products?"

Wang Teng, inspired by Qi Zhu and others, took the lead in asking.

The manager's face sank and said in a cold voice, "is the Lord Wang questioning the identity of my VIP in Wanjin building?"

As soon as this remark was made, the atmosphere fell to the freezing point!

On the Golden Pavilion, Qian Wanguan's face was also a burst of green and red. If he went on like this, even he couldn't live. He quickly ordered: "tell the manager, this is the end of today's auction!"

The manager Lang who got the message at the first time in the field said:

"This is the end of today's auction. We'll start another day. At that time, the invitation will be sent to your family in advance!"

The people in the field are sparse, but the people of the three families are in full battle readiness and haven't left!

"Master Xiao, I can't find you these days. I miss you so much!"

The leader of the Qi family took the lead out of the box and stopped the Xiao family who wanted to leave. Then the Zhu family and the Wang family showed up and surrounded the Xiao family!

"Huh?"

The manager was obviously stunned. How dare these people dare to do it in Wanjin building?

"Why, Xiao Qin, how can he de bother the head of the Qi family?"

Xiao Qin sighed in her heart that the alliance of the three families was a foregone conclusion, which she had expected, but in any case, she did not expect that these people dared to fight on the territory of the Qian family!

"In the Old World War I, niece Xiao was incomparable. She could tame the holy fire!"

The Zhu family owner smiled and said, "praise."

That's what made the martial artists present stop one after another!

"No wonder..." in the Tianzi box, ye Chen looked coldly at everything under his feet. Xiao Qin was forced into the palace because of divine fire

At the auction held in Wanjin building today, many martial artists present were survivors of the first World War in the star domain. They came here to seek treasure medicine. Unexpectedly, the fire phoenix exploded on her deathbed and was subdued by Xiao Qin?

"Master Zhu joked. Xiao Qin didn't have such great ability. Even the old ancestor retreated and surrendered to the divine fire of three feet!"

The master of the whole family laughed: "master Xiao's words are bad. Even my ancestors and I were seriously injured in the periphery of the star region, but you can leave safely. Isn't there three hundred liang of silver here?"

Wang Teng also answered, "for the sake of divine fire, the martial arts in the nearby Taizhi city have suffered heavy casualties, but you take these treasures as your own. I'm afraid it's wrong?"

"Oh? Does Lord Wang want to say that you also want a share, or does everyone want it?"

Xiao Qin looked around at the crowd. His heart was unpredictable. Under his smiling face, there was no doubt that he was greedy!

"Today, I, Zhu and Wang, are willing to preside over the overall situation. Master Xiao handed over the divine fire to comfort the spirit of the martial arts in the near Pacific City that fell in the first World War of Xingyu. Isn't it a good talk about the near Pacific City that we share the treasure?"

"Hum, you really think of me as the Xiao family. I'm afraid you won't succeed?"

Xiao Qin's face immediately sank and said in a cold voice.

"My Lord, you and I have a word in advance. At today's auction, the Xiao family has achieved nothing. Since Xiao Qin took charge of the Xiao family, he has made no achievements. On the contrary, he has killed the family in different rooms. Xingyu people have died miserably and committed many evil deeds. On behalf of Xiao's parents, I will deprive you of your master's identity and let me replace you temporarily!"

Xiao Su straightened his waist and stepped out slowly from behind the Xiao family. Several confidants around Xiao Qin saw this and shouted, "Xiao Su, dare you?"

"Why, do you dare to question the resolution of the Presbyterian group?"

The leading crutch in Xiao Su's hand stung him and scolded the crowd. Behind him, 70% of Xiao's family chose Xiao Su!

"Good means!"

According to the resolution of the Presbyterian group, they really have the right to dismiss the owner at the moment. Xiao Qin assured the Presbyterian group that he had obtained these precious drugs from the auction to stabilize the morale of the army. This time, even some neutral elders defected to Xiao Su!

This scene is loved by the three families!

"Xiao Qin, I order you to hand over the divine fire and let the family deal with it!"

Xiao Su said in a deep voice.

"Who said that the Xiao family leader got nothing from this trip?"

Just as everyone was pressing for the palace, the familiar voice sounded again in the silent Tianzi box.

There is no previous frivolity, only a strong anger.

"All the collections I photographed earlier are given to the Xiao family. As long as several elders nod, these things are yours!"

Several old people beside Xiao Su immediately looked happy.

They are the neutral members of the Xiao family. It is self-evident that they will benefit the Xiao family if they get these huge treasures!

"Are you serious?"

"Nature is serious!" There was a determined voice in the Tianzi box. Immediately, the manager said, "the previous auction has been owned by Sir. How to deal with it? I have no right to intervene in Wanjin building!"

Hearing this, several members of Xiao's parents' old group immediately paid homage to Xiao Qin and immediately said, "master, I'm so clumsy. Don't blame me!"

Xiao Qin gave a deep thought and answered, "it doesn't matter. Several elders are considering the great interests of the family. What's wrong?"

"It's Xiao Qin. He's in charge of the Xiao family. There are some shortcomings. I hope several elders Haihan!"

Xiao Qin's eyes turned and returned with a gift.

Several elders nodded gently and left Xiao Su's pulse slowly!

"Why, elder, what else do you want to say?"

Xiao Qin looked at the old guy who wanted to kill himself at this moment indifferently. This time, if ye Chen hadn't helped him, he would have been killed by the old ghost!

"You..."

Xiao Su was so angry that his crutches trembled, but he was speechless. The angry old man turned to the Tianzi box and shouted:

"Who the hell are you? How dare you disturb me near the city of too!"

This statement also completely attributed itself to one of the three families, and there was no room for maneuver.

Although there were episodes, the Qi and Zhu families were quite complacent about Xiao Su's "interest in knowledge", and immediately said:

"It doesn't matter. Xiao Qin can't leave here today!"

"Take her!"

The heads of the three families immediately moved to kill!

"How many of you, when there is no one in my money family?" On the Golden Pavilion, the man with starry eyes and sword eyebrows opened his thin lips and interrupted the crowd.

It's Qian Wanguan!

"It's Mr. Qian. We'll make amends for being rude today, but Xiao Qin can't keep her anyway!"

The head of the whole family saw that money was coming out, but he still didn't mean to stop. After all, the situation at the moment is still under control.

"Please, grandpa!"

The Qi family and the Zhu family looked at each other and immediately bowed down to the void.
