

## Physician 751

### Chapter 751

At this moment, countless lines of sight focused on the pile of debris above the square.

Dan Ding is in a state of disorder. Once the flame is lost, the internal strength and strength surround it. Even if it is caught, it will be broken!

But the broken one is Hong danzun's Dan Ding!

The Hong danzun who can crush people!

The king of Dan in the land of killing!

This man is destined to have the absolute right to speak on the Dan Road!

But now it's a failure?

Even let people feel that Hong danzun is a little embarrassed?

The silence was to the extreme.

Most of the people present even breathed.

They raised their heads slightly and looked at the waves, only to find that the latter was as motionless as a statue.

His face was livid! It's getting dark!

The body even began to shake!

His fists were clenched tightly, and the veins of his arms were bursting.

The arrogance in the pupil disappears, leaving only ferocious!

An invisible anger seems to be burning wildly!

Failed!

He Hong Tao failed!

Such a simple thing, he actually failed!

He glared at Ye Chen's direction!

He knows that the main culprit is this masked youth!

If it was not for the youth's flame, his red top fire would never have left under control!

When he saw the flame around ye ChenDan Ding, his eyes shrank slightly!

"The flame has a trace of magical power, and it fits perfectly with alchemy! How could there be such a flame in the world? "

The key point is that the flame is controlled by a little boy who is just extraordinary?

At the moment, the ferocious face suddenly turned into fanaticism!

If he gets this flame, Dan Dao can definitely enter the realm of the holy king! Even higher!

Even qualified to challenge danmeng!

He must get the flame at all costs!

Duan Huaian naturally noticed Hong Tao's failure, and his eyes were full of joy!

Looking at Ye Chen, who controls the fire, he is very grateful!

He did not expect a miracle, but the appearance of this masked youth brought him a miracle!

Anyway, Hong Tao has lost this game!

It's very embarrassing to lose!

The door of medical God is still saved!

"Ding!"

Suddenly, a crisp voice sounded, Duan Huai'an was in a trance for several seconds, and then he shot fiercely towards the mask youth's direction!

Dan's done!

Dan's a success!

Although Duan Huaian didn't pay much attention to the masked youth, he also knew that the boy was the latest to start alchemy!

After a full cigarette!

That half of the Dan in this guy's hand only experienced dozens of seconds, incredibly Dan became?

When did alchemy become so fast?

Where is such a monster in the land of killing?

Is it the genius of Kunlun Xudan League?

Numerous doubts are swirling in Duan Huai'an's heart.

Originally he thought that the young man was like Ye Chen, and his inference was completely eliminated.

Although Ye Chen has some talent in alchemy, he is like a gap with this masked youth.

One day at a time.

The gap is too big.

But when Hong Tao saw that Dan had become, his expression was extremely embarrassed.

Even if his Dan Ding is not destroyed, it is impossible for him to become a Dan so quickly!

This boy smoking is not so-called give up, but disdain!

Deep disdain.

This kid is insulting him!

And ye Chen at the moment will slowly recover the flame.

Everything is gone.

His heart sneers repeatedly, and he compared the control of the flame?

In the past two days, he refined 49 Dan Ding and controlled 49 flames at the same time!

Still want to win? What will Hong Tao win!

Ye Chen raised his head and looked at Hong Tao with interest. He said faintly, "green Tao, how about it? Do you admit defeat? If you don't agree, you can try again! "

"Stinky boy! I repeat, my name is Hong Tao! The waves of the flood

Hong Tao is completely angry!

Who can bear to be renamed endlessly!

If it wasn't for so many people watching, he would have done it!

Of course, if he wants to kill this kid, there are 10000 ways!

He wants to let this kid lose in the open and aboveboard way, which is to deprive the other party of the magic flame.

Now it's just a game lost!

In the next two games, he won't make such a low-level mistake again!

This kid can't even have a flame against the sky!

Flame can only assist alchemy, but alchemy really needs experience, decades of experience! And the supreme elixir!

He calmed down and took a look at Duan Huaian not far away. The other side's pills had also been successful.

This game, he is undoubtedly the bottom.

Hong Tao glanced at Ye Chen and said, "I'm a man of integrity. You can win this game, but you'd better make it clear that I deliberately let you in this game. If it's not for my carelessness, do you think you have the possibility of winning?"

"The next two games are not won by fire alone."

Ye Chen: "ha ha!"

Hong Tao doesn't talk nonsense. With a wave of his big hand, the three Dan Ding all disappear!

At the same time, three new empty tripods were formed.

Not only that, there are hundreds of herbs around!

"In the second round, there is only one restriction in this round. One Ning yuan six soul pill can be refined within one hour! The one with the highest rank wins

"Duan Huai'an, do you have any comments?"

Duan Huaian shook his head: "No

Hong Tao looked at Ye Chen again: "boy, do you dare to continue?"

He thought Ye Chen would not have any opinions, but he didn't expect Ye Chen to take a step directly: "of course I have some opinions. What if the grade of pills is the same? Is it up to you to talk about it? This is your territory. What if you cheat? "

Hong Tao touched his beard and sneered: "I knew for a long time that someone would raise an objection. I'm open and aboveboard. Naturally, it's impossible for Hong Tao to do anything like this!"

"Please come to the stage, master Feng!"

As soon as Hong Tao's words fell, an old man in a purple and gold robe came to the stage slowly.

There is a rhyme in the old man.

It's as ethereal as the sky.

He also has a jade pendant on his waist.

There are several dazzling characters carved on the jade pendant!

Kunlun Xu Dan Xu Tower!

The crowd exploded in an instant!

"Danxu Tower! This one is from the xudanxu tower of Kunlun! "

"This is the place that every alchemist yearns for! Of course, there is a Dan alliance in Kunlun, but every leader is the existence of danxu Tower

"Coming out of here represents authority and identity! It's more than enough to be an elder even if you're going to be a senior in some large areas. "

"Only Hong danzun can invite the top strong people of this level!"

"It seems that Hong danzun's means are very good! It's worth it this time! "

The crowd talked and looked with respect.

It can be seen that the identity of elder Feng is so important!

Hong Tao's eyes fell on Ye Chen's body and sneered: "there are wind masters who come down from danxu tower. He is enough to be a judge."

Ye Chen looked at that eye as if closed wind elder, Mou son some doubts.

"Where is danxu tower?"

Chapter 752

Duan Huaian on one side wakes up from the shock. He never thought that Hong Tao would have such a big man around him.

This kind of big man has a special identity, so he will not cheat. Otherwise, he will smash the signboard of xudanxu tower in Kunlun.

Seeing ye Chen's doubts, he explained: "young man, danxu pagoda is the holy land of Kunlun Xu's elixir. Danxu pagoda has ten floors. Every year, danxu pagoda actively invites 50 top elites to step on danxu tower, and each level represents the supreme honor."

"At present, most of the core elders and leaders of the Kunlun Xudan alliance are closely related to the danxu tower. In addition, the jade pendant on the waist of elder Nafeng shows that this person has stepped on the third layer of danxu tower, which is enough to prove his talent and strength in Dan Taoism."

"This kind of person is more than enough as a referee."

Ye Chen suddenly said, "master How do you get to the tenth level? "

Hearing this, Duan Huaian is stunned and looks strange, while Hong Tao laughs loudly.

"Boy, do you really or falsely don't understand? Since ancient times, no one has been able to step into the ninth floor or above except a few ancient great powers!"

"The only record is that Lin Qingxuan of qingxuanfeng once stepped into the ninth floor! It's just that Lin Qingxuan has long since fallen, and his descendants of rubbish and the door of waste medical God can't bear mentioning! "

Between words, Hong Tao does not forget to mock Duan Huaian.

Duan Huaian snorted, "Hong Tao! You can insult me, but you can't insult me

When Hong Tao just wanted to say something, the elder Feng, who had not spoken for a long time, opened his mouth: "it's better to start refining pills than to say more empty words! My time is precious and I don't want to waste it on the bickering of you people

The old voice sounded, with a touch of pride and disdain.

He came down from danxu tower, and naturally he had enough right to speak in Dan Dao!

At present, these people fight Dan, in his eyes, and children's family is no different.

Obviously, Hong Tao was also afraid of this elder Feng, and nodded repeatedly: "yes, master Feng! By the way, since master Feng has come here, master Feng will give you the Dan prescription of Ning yuan six soul pills. It is estimated that master Feng's understanding of Ning yuan six soul pills is far higher than that of the world. "

The wind elder nodded and pinched with his fingers. A flame suddenly formed!

"Go!"

His arm vibrated slightly, the flame was suspended in the air, and a line of text appeared in an instant.

It's the elixir of Ningyuan six soul pill!

Ningyuan liuhun pill, liupin pill!

If you look at the whole Kunlun void, it's also a high-level pill!

Because the refining method is extremely complex and the yield is low, only by condensing the six spirits can the pill be made!

There are few Dan masters to try!

Duan Huai'an saw the above pill, his face changed slightly, and he quickly arched his hand and said, "master Feng, why do I feel that this Dan Fang is different from the Ning yuan six soul pill I know?"

Hong Tao's face was cold: "bold, do you dare to question the wind master?"

Duan Huai'an shook his head: "I don't question. The Dan spectrum of my medical Shenmen also records the six soul pills of Ningyuan. I feel that there is a big difference, even some complexity."

Master Feng nodded: "you're right, but it's the traditional Ning yuan six soul pill. A few days ago, I changed some of the Dan's prescriptions. Condensing six spirits can still become a pill. But after I improve it, I can condense more three souls, which should be my test for you."

"If any of you can unite the six spirits, I am willing to give you a chance."

Hearing this, all the people in the field took a breath!

Danxu tower's chance, this is far more than everything!

Obviously, this wind elder has added some color!

Duan Huaian was slightly stunned. Although he was puzzled, he still nodded and said, "in this case, Duan Huaian would like to thank the elder."

Hong Tao also bows the body, respectfully way: "or the wind elder thought thoroughly!"

Only Ye Chen has no performance.

It seems that elder Feng is nothing in his eyes.

Seeing this, Hong Tao said in a cold voice, "boy, why don't you thank Master Feng?"

Ye Chen sneered: "why thank you? This Dan Fang changed, on the contrary, let Ning yuan six soul pill lose its original function. What is the significance of this improvement? It's ridiculous to throw away the things of our ancestors

A word, a silence.

The expression seems to be fixed!

No one would have thought that someone would dare to stand up and question the strong man of danxu Tower!

This is the existence of danxu tower certification!

All the people present are masked youth!

You can understand Hong Tao!

Don't you mean to die if you refuse to die!

Hong Tao stepped out, and the murder broke out: "come on, take this boy who doesn't know how to live or die!"

"Yes

In an instant, countless strong people rush to Ye Chen!

The killing intention is completely released!

Originally, Hong Tao did not know how to take down Ye Chen's flame! Now it seems that the best chance is to use the wind!

Ye Chen Mou son tiny MI, without the slightest fear.

If Hong Tao moves ahead of time, he doesn't mind letting those fierce beasts attack the killing land!

It's just the time to save the master!

When the strong men in the dark wanted to surround Ye Chen, the elder Feng stretched out his hand and waved gently: "this boy is right, Hong Tao, there is no need to be so."

"The reason why Ningyuan liuhun pill was modified by me was that the traditional refining method could not test the level of Dan master."

"In the face of the competition, the value of the pill itself seems so unimportant."

"But I'm not very good at it. I'm afraid that the real top Dan master has modified the six soul pill of Ning yuan, which will make the pill more effective."

Finish saying that wind elder generation is a deep look at Ye Chen!

Can detect the problem of Dan Fang at a glance!

No ordinary!

To his surprise, all this was said from a young man.

This boy is estimated to be less than 30 years old. Why does he have such a thorough understanding of pills?

Hearing that elder Feng came forward to admit his mistake, Hong Tao and all of them changed their faces!

Was that masked kid right?

What is the origin of this boy?

That terrible flame, coupled with the words just now, can't help but let Ye Chen's body be covered with a mysterious veil!

Countless people began to guess Ye Chen's identity.

I even want to know what kind of face it is under the mask.

Why don't you dare to show your true face?

Hongtao calmed down and waved his arm gently. The strong men who surrounded Ye Chen scattered one after another and returned to the original place.

Later, Hong Tao said: "this is a contest. The effect of pills is not important. The time is almost over. Just start! An hour later, everything will be known! "

Master Feng also looked at Ye Chen and said, "little brother, if you have any objection, you can refine according to the original Dan formula."

Ye Chen shakes his head: "since the title is all out, there is no need to change it. I have no opinion."

Chapter 753

The wind elder sees Ye Chen to confirm, the finger pinches, a huge hourglass suddenly appears!

The hourglass turns and time starts to flow away in an instant!

"Second inning, doudan, go!"

The words fall, and the cheers ring out!

Everyone's eyes are on the waves!

After all, the half of the pill just now can't witness the real strength of Hong danzun!

At present, doudan is undoubtedly the most wonderful existence!

They even hold their breath for fear of missing anything!

Duan Huaian's eyes slightly coagulate, no longer hesitated, forced out a drop of blood essence!

Ningyuan liuhun pill is extremely complex. He can only use blood essence as the guide and do his best!

This is a crucial game!

He has to win!

For everything in the door of medical God!

When there was a change in the cauldron, he quickly grasped it with five fingers and poured the herbs into the cauldron one by one.

At the same time, force out a drop of blood essence, pat on the top of the Dan Ding!

In an instant, the temperature of Dan Ding was controlled!

But Duan Huai'an's face became more and more pale.

Seeing this, Hong Tao sneered: "it's a pity that you're still going to be my Dan Yin."

The next second, he roared, endless Qi released, control the Dan Ding!

This time, he didn't suspend the tripod, but made a real alchemy!

If he fails again, his reputation here will be destroyed!

However, in the second game, he has absolute confidence!

Because a few days ago, he learned the new prescription of Ningyuan six soul pill from master Feng!

He tried many times, and now he can condense seven spirits!

Enough to crush these two people who don't know how to live or die!

The flame condenses on the top of the cauldron, and the herbs are constantly flowing into it!

The thick medicine spilled all over the square.

At this moment, he enjoyed it to the utmost.

Taking advantage of the control, he or subconsciously looked at the direction of Ye Chen.

The gap between Duan Huaian and himself is too big to crush!

The only thing he worried about was the masked youth who didn't know where he came from!

After all, the flame of the young man just now was too shocking!

It doesn't matter if you look at it, but his expression solidifies again!

That boy hasn't even started to make pills!

Instead, his eyes were staring at him with interest!

"Do you like to see me so much?"

Ye Chen light way.

Hong Tao snorted coldly, no longer arguing with Ye Chen!

This kid's glib tongue has affected him once, but he won't be affected for the second time!

And ye Chen is quietly draw out a cigarette, in front of the Dan Ding point, and then finger a flick, accurate in its mouth.

"It's still the old rule, let you have a cigarette time!"

Hong Tao almost spits out a mouthful of old blood!

He suppressed his anger and concentrated on alchemy!

You can't see without your eyes!

This kid is a fuckin 'troublemaker!

That wind elder is very interesting to look at Ye Chen, Mou son tiny Ml.

I don't know why, he can feel that ye Chen has a strong temperament!

This is a kind of self-confidence.

He Mou son more and more doubt, murmured: "this boy in the end what way, Dan Road and martial road are not the same, talent is not important, important experience, but this boy is so old, what experience can he have in Dan Dao?"

Countless eyes also fell on Ye Chen's body!

Everyone is curious!

Finally, a cigarette is over!

Ye Chen stretched out a stretch, and finally began to use Dan Ding!

Hongtao Yuguang naturally noticed Ye Chen's action and sneered: "I'd like to see how you can make alchemy!"

Under the public's gaze, ye Chen condenses the flame!

But the flame is very weak!

It's not alchemy at all!

At the same time, ye Chen threw some herbs into it.

What's more, take out a sword and stir it in it!

Sleeping trough!

This is not alchemy! How do you feel like a hodgepodge?

The key is that those medicinal materials are not the medicinal materials to be used in Ningyuan liuhundan!

Seeing this, Hong Tao has completely determined that this boy doesn't understand alchemy at all! One hand controls the Dan Ding in front of him, and the other points to Ye Chen and says, "boy, are you giving up in advance? I thought you were a respectable opponent. Now you don't even know what alchemy is! Ha ha

"If you don't look at what you've refined, you can't coagulate the pill!"

"People who don't know think you're making soup! Ha ha

Then the words of Hong Tao fell, and the onlookers at the bottom also laughed.

As practitioners, they have lived in the land of killing for so long. Naturally, they know some alchemy! And ye Chen's behavior and alchemy in front of him have no connection!

What qualifications does this kind of person have to fight with Hong Dan!

Even insulted Mr. Dan!

"Go down!"

"Go down!"

I don't know why, the crowd is roaring up!

Ye Chen at the moment is the target of thousands of people!

Duan Huaian naturally noticed the movement, took a look at Ye Chen and what he had done, and sighed.

Maybe that's the real strength of this kid.

At such an age, who can calm down to make alchemy?

This son is too young after all!

It's a pity that this age is going to turn into a red lead.

Although there is a sense of regret in his heart, Duan Huai'an did not stop refining pills and forced a drop of blood essence again!

He has gambled on his accomplishments!

Fight to death!

At the moment, Hong Tao is in high spirits, and he is sure to win!

Looking at Xiangfeng, he even said, "master Feng, this boy didn't make alchemy. Even if it was alchemy, it was also a failure. Should we judge that he lost?"

Looking at Ye Chen's ridiculous behavior, Feng elder shook his head, stepped out and said, "although I don't know what you are doing, you have violated the theme of this Council. If you lose, stop."

Ye Chen did not stop preparation at all, but took out a ceramic bowl from the samsara cemetery.

With a grip of five fingers, a mass of liquid in the tripod is directly suspended in mid air.

Then it fell steadily into the ceramic bowl.

Ye Chen took a sip and enjoyed it.

Then his eyes suddenly turned to Feng and Hong Tao, and said lightly, "didn't you say that there are no other restrictions on this bureau just now?"

"Exactly." The wind elder nodded, "but the things in your bowl are not pills at all."

Hong Tao even laughed: "boy, you don't think that the six soul pills in the bowl are Ning yuan? Ridiculous! We are not fools

Ye Chen took a glance at Hong Tao, and then said, "I didn't say that what I refined was Ningyuan liuhundan?"

"I just boil a little tonic for myself before refining, which is not good?"

"Besides, you are so impatient before an hour has arrived?"

As soon as this word comes out, Hong Tao and Feng are stunned!

They don't even know what to say!

From the taste of Ye Chen's bowl, it's really a miraculous tonic!

However, the boy is not good at refining pills, but refining tonics first?

Brain damage?

Not waiting for the public reaction, ye Chen will drink the things in the bowl.

Chapter 754

"Pa!"

The bowl in my hand is on the ground!

He glanced at the hourglass and outlined a confident smile at the corner of his mouth: "it's just ten minutes to start alchemy!"

Words fall, ye Chen clapped in front of the Dan Ding.

Five fingers clasp, the fierce lift!

"Up

Dan Ding left the ground, but also overturned five or six times in the air.

Seeing this, everyone was more and more confused.

What the hell is that kid up to?

How can a good alchemy lead to so many things?

This is juggling?

Ye Chen didn't pay any attention to people's suspicious eyes. When Dan Ding was about to land, he pinched his fingers, and the speed was faster and faster!

At the same time, a golden Rune condenses in front of you!

Runes are getting bigger and bigger!

Hang directly under the Dan Ding!

The golden text seems to drag the tripod out of thin air, gradually getting up!

Finish all this, ye Chen step out, eyebrow heart of the fire suddenly shot out!

Flames!

It seems to be transformed into a diagram of eight trigrams, covering the Dan Ding!

A few seconds later, the cauldron burned into red, and ye Chen stepped on it again, and all the herbs flew out together!

With a gentle swing of the arm, the medicinal materials seem to be wrapped by a stream of air, and all of them drill into the Dan Ding.

Finish all this, ye Chen hands bear behind, close eyes, as if waiting for something.

Whether it is Hong Tao or the crowd watching from below, they are completely confused like the monk zhanger!

What kind of alchemy is this?

It seems that they are refining alchemy, but they are different from most of the alchemy masters in Kunlun Xu!

Can this really be a panacea?

But! Everyone didn't notice the wind master on the stage!

At the moment, the wind almost stares out, and his face is full of horror!

He stares at Ye Chen, his body is shaking!

No one can understand what kind of tempestuous waves he is stirring up at the moment!

"This is the ancient Xuandan technique! Lost alchemy! How is that possible? How can this boy master such a means

He was shocked, even sharp!

Quite a gaffe!

As a strong man out of danxu tower, he treats everything lightly!

But at the moment, he can't help it.

This is the means that Kunlun Xu countless Dan masters want to master. I thought it would have dissipated in the world, but I didn't expect to come out!

He was short of breath. If ye Chen was not refining pills, he would like to come to the mask youth immediately!

Ancient Xuandan technique?

Hong Tao's eyes were a little surprised. He had heard of this technique.

But this skill is not lost, how can this boy suddenly master it?

Could it be that elder Feng admitted his mistake?

"Ding!" With a sound, Hong Tao takes back his eyes and looks at the Dan Ding in front of him.

The light is shining, and a strong fragrance of medicine overflows.

Dan Cheng!

Hong Tao slowly exhaled a turbid breath, and his eyes were excited!

This time, his refining state is very good. There are eight souls in the six soul pill of Ning yuan in the Dan Ding!

It's enough to crush everything!

Originally also because ye Chen's method some misdemeanor, now he has affirmed this time certainly wins!

This is eight souls, he is in the best condition!

Enough to crush everything!

After a while, another voice came. Duan Huai'an also finished refining.

Duan Huai'an spent a great deal of strength to refine the pill, and he almost collapsed.

It's hard.

However, a trace of relief appeared on his pale face, no matter if, the pill lying in front of him was already his best level.

After all, it is the first time to refine this improved prescription.

If Hong Tao is also the first time, he should not be much better than him!

He took a look at the waves, and finally his eyes fell on the masked youth.

Masked youth still closed their eyes, clouds and breeze light.

The breeze is rolling, and a corner of the youth's casual clothes is fluttering slightly.

Like a real Dan Zun.

Unfortunately, there is no sign of Dan Ding.

It's like a failure,

and the hourglass is coming to an end.

Seeing that the hourglass was about to disappear, Hong Tao couldn't help saying, "boy, time is coming soon. Why is there no movement in your Dan Ding? Was it that you were making a death pill just now

"The winner or loser is divided. No matter how hard you struggle, it's the same!"

In the face of Hong Tao's sarcasm, ye Chen does not move like a mountain, as if sleeping in general.

"Boy, are you deaf! Believe it or not... "

Hong Tao continues to say, but the words have not finished, ye Chen suddenly opened his eyes! "Open!" roared a roar "Bang!"

The next second, the Dan Ding in front of Ye Chen seems like an explosion, rolling smoke!

Endless billows of air!

The immortal fire is soaring to the sky, just like a dragon flying in the sky.

This scene, let most people scared not light, in their eyes, fried Dan!

It's a total failure!

Not only did the Dan fail, but even the Dan Ding was destroyed! Maybe someone died!

Hong Tao showed a gloomy smile.

He thought the boy could make the contest more difficult.

Now it looks like it's totally vulnerable!

Kill yourself!

He looked at Mr. Feng, whose eyes were somewhat complicated. He arched his hands and said, "master Feng, I think I can verify the results!"

The wind master calmed down and sighed.

Originally thought that the masked youth was proficient in ancient alchemy, but he did not expect that the other side was also a half baked one.

Otherwise, the ancient alchemy to refine Ningyuan six soul pills, there is no such situation.

No one was seen in the smoke.

I'm afraid there is no blood mist.

He shook his head with some regret, then walked towards Duan Huai'an.

"Open the tripod and let me have a look at your six soul pill."

Duan Huaian nods and opens the cauldron. Seven lights flash! Finally, they all converge on the six soul pill of Ningyuan.

Master Feng's eyes narrowed slightly and said in surprise: "with your alchemy means, you can condense seven souls on the pill!"

Then he noticed Duan Huai'an's breath and wound, and suddenly: "you take blood coagulation as the guide, damage cultivation as the price, and some of them have put together."

Then, no more comments, toward the Hongtao.

"If he doesn't refine the seven spirits, you win."

Hearing this, Duan Huai'an was obviously nervous, and he also followed.

After a while, they came to Hongtao's Dan Ding.

Hong Tao took a look at Duan Huai'an who was nervous and sneered: "do you think you win by condensing seven souls? Sorry to disappoint you. I said that if you want to be my Dan Yin, you must be my Dan Yin! "

With that, Hong Tao opens the tripod directly!

Eight rays of light are shining out, and Qi rushes to the most central pill!

"Hiss! Eight souls! There are two more souls than the six soul pill of Ning yuan! "

"Hong Tao, in your present state, you are eligible to be invited by danxu Tower!"

Mr. Feng's expression was a little startled.

At this moment, Duan Huaian realized the gap between them.

Although it was a poor soul, but it proved that he lost completely.

Chapter 755

As for the third inning, he didn't expect it.

Now his state can not continue to refine alchemy.

I didn't expect that I lost in the end.

Not only did he not save the door of the God of medicine, but he also wanted to leave in pain as a Dan guide.

Seeing Duan Huaian's dejected appearance, Hong Tao sneers at him repeatedly, and even more bows to master Feng: "it's better to improve Dan Fang by master Feng. Since the victory or defeat has been won, can we announce the result?"

Elder Feng nodded his head. In fact, he had already known the result in his mind.

After all, he took advantage of Hong Tao and gave him several days of refining time.

If Hong Tao can't win, it really can't be said.

Elder Feng turned around and said to the crowd, "I declare, the second game, Hong Tao..."

Words have not finished, the smoke and dust out of a figure.

"What's the hurry? My Ning yuan six soul pill has not been verified yet. "

Wind senior voice suddenly stopped, staring at a figure out of the dust.

It's the masked youth!

It's not dead!

Hong Tao's eyes are wide as hell!

The people at the bottom are even more exclamatory!

Isn't it a bomb? Still alive?

What's the international joke?

Ye Chen took a look at Duan Huaian who was injured, and was quite distressed!

He quickly took out an ancient pill refined in the samsara cemetery and handed it to Duan Huai'an:  
"master Duan, this pill will make you feel better."

"What's more, with me here today, no one is qualified to touch you!"

Duan Huai'an was stunned. He could feel Ye Chen's kindness and the rich flavor of that pill.

Instead of reaching for it, he said, "little brother, I understand your kindness and my body."

Ye Chen can only take back the pills.

Seeing this scene, Hong Tao said: "boy, since you are not dead, that's the best! You just said that you have successfully refined Ningyuan six soul pill, and the tripod is destroyed. Where is your Ningyuan six soul pill? "

Ye Chen's cold eyes swept the waves, the arm waved, the wind whirled!

Smoke and dust disappear in an instant!

Then a Dan Ding appeared!

It didn't blow up!

"How could it be!" Hong Tao's expression is startled. Before that sound is the sign of exploding Dan. Why can't the tripod be destroyed.

Ye Chen's five fingers open, the Dan Ding moves instantly and is directly sucked to Ye Chen's body.

Ye Chen made a gesture of invitation: "look, elder Feng!"

Wind elder nodded, just took a step, Dan Ding suddenly opened!

Next second, a column of light rises from the sky!

Nine colors of light straight into the sky!

"This is..."

See this scene, the pupil of elder Feng is full of fright!

He stares at a nine color pill suspended in the Dan Ding!

He never thought that someone could refine the nine soul pill!

And he is such a young man who knows the ancient alchemy!

For the mysterious youth in front of him, he can't measure it with two words of genius!

"Nine souls! There are nine souls! This Dan is almost perfect! This game mask youth wins! Win

Master Feng can no longer control his emotions and scream out!

Anyone can't help seeing such amazing talent!

Although he received the benefits of Hong Tao, the value of masked youth has far exceeded this benefit.

Once this son is recommended to danxu tower, he will have no chance!

His eyes are hot, even more dead staring at Ye Chen!

The voice of elder Feng is very loud and spreads far away!

Ring through the whole square!

All the people under the stage are in the same place, dead as silence. They just stare at Ye Chen and stare at them.

Weak Duan Huaian is also looking at Ye Chen.

Terrified! Surprise! Even fear!

He really can't think what kind of master in the world can cultivate such excellent apprentices!

In my twenties, I can make such pills! Control the fire in the sky!

If you look at the whole Kunlun void, you can be regarded as the top Dan master!

The key is that this son still has infinite possibility!

If the son of this talent is Duan Huai'an's apprentice, he will probably wake up laughing when he falls into Jiuyou.

"Congratulations

Duan Huaian hesitated for a long time, but he still bent down to congratulate the masked youth.

Dan Dao, the first to achieve.

Masked youth in the field of Dan, enough to become his predecessors.

What's more, now that the masked youth wins, he doesn't have to be the leading role of Hong Tao.

It's a good thing for him.

Ye Chen saw the master's action, and quickly went to help: "master, you break the evil spirit of me!" "Master?"

Duan Huaian frowned.

Ye Chen one Zheng, hastily explained: "Duan elder, you hear wrong, I am younger generation, you can't call me so."

Now there are outsiders, he can't reveal his identity!

The next second, he thought of something and looked at Hong Tao.

But at the moment, the face of Hong Tao is ferocious to the extreme!

He had no idea that he would lose!

And still lost to a young man!

Two sets are masked youth win, the third game does not need to compare!

He even felt that the young man looked at him with endless shame!

Even the people below are booing!

All the foundations he has built over the years are ruined!

His heart was burning with rage, his fist clenched, his eyes like a fierce beast.

He bit his teeth, word by word: "boy, willing to gamble and admit defeat, what conditions do you have, directly say!"

A flame formed between Ye Chen's two fingers, and said faintly, "just now, you didn't want to use master Duan as a Dan guide. Just now, I'm also interested in human body alchemy, or I'll take you for an experiment. How about that?"

"But I'm not a vicious person either. As long as you can bear my flame for ten seconds, I won't make trouble any more, OK?"

Hong Tao laughed when he heard these two words!

He Hongtao as a Dan Yin! No one is qualified!

His ferocious expression seems to be demonized, step out, but also hit a ring finger!

The next second, dozens of strong breath surging!

The blade twinkles!

Kill and release!

"Boy, don't be arrogant! I'm afraid you are not qualified to burn me up! "

"No matter whether you win or lose today, you and Duan Huaian will become my Dan Yin and enjoy endless pain!"

This is Hong Tao's worst plan!

No one can make him lose!

His face has been lost for a long time. Since he is not as good as Dan, he will shock the whole killing place with killing way!

From now on, who dares to mention today's events in the killing place!

Seeing this scene, Duan Huaian became angry: "Hong Tao, you know the cost of this move! Don't you want to bear the name of a lifetime! "

Hong Tao sneered: "get out! How are you? Today I am the first one to sacrifice you to my own life Dan Ding! "

Language down, Hongtao a drop of blood essence forced out, blood essence scattered!

Brilliant! A huge Dan Ding is suspended in the air!

Endless flame burning!

Seeing this scene, Duan Huaian's face changed greatly!

He had no idea that Hong Tao even had his own Dan Ding!

Chapter 756

Hong Tao stares at Duan Huai'an and ye Chen with a ferocious smile: "today, you two are trapped animals! What if you win! In the end, it will become my great guide

In the eyes of the public, dozens of Kings surrounded by strong, even higher realm of existence!

How to escape!

Ye Chen and Duan Huai'an at the moment will surely die!

At this critical moment, the elder Feng, who has not spoken, opened his mouth: "Hongtao, I have a request."

Hongtao's eyes are slightly narrowed, looking at Xiangfeng's elder, the other side is also his own person, and some conditions can be agreed naturally.

Master Feng held out his hand, pointed to Ye Chen and said, "Hong Tao, this son is extremely important to me or to danxu Tower! Can you spare this man in my face! This person is likely to become the top talent of danxu tower in the future

Hearing this request, Hong Tao shook his head: "no way! This boy must fall here! There is no room for discussion. "

Masked youth's fear, he was able to understand!

Today, everything was going according to his expectation, but he didn't expect to kill Cheng Yaojin on the way!

This son is the chief culprit, must die!

Wind elder Mou son tiny MI, he is determined to protect Ye Chen! Step out and face to face with Hong Tao!

"If this son is now a member of danxu tower, are you qualified to move?"

The next second, he took out the jade pendant from his waist!

Pass it to Ye Chen directly!

"Boy, as long as you nod and recognize me as a master, I will give you this jade pendant! This jade pendant represents danxu Tower! Holding this jade means that there is danxu tower standing behind you. No one is qualified to move you! Not even the people in the land of killing! "

Hearing this, Hong Tao's face changed greatly!

If this boy takes this jade pendant, he will become the disciple of master Feng. He really can't move!

Anyone in danxu tower is enough to wipe out the land of killing!

The killing land has survived so well for so many years, but there is no top-level power to move!

If he moves, he is not qualified to live!

At this moment, he hesitated!

Duan Huaian also looks at the masked youth. He knows very well that the masked youth will not refuse.

Dan will not refuse!

Dan tower of Dan is a place to yearn for!

Only danxu tower can give masked youth a great future!

Countless eyes look at the mask youth, all of them think the youth will take the jade pendant!

Thank you very much!

After all, this is his only chance in life!

Otherwise, as a Dan master, how can he be qualified to leave the place surrounded by the strong!

All of a sudden, the voice of all the people sounded.

"I'm sorry, I already have a master and master, and I won't go to danxu Tower!"

No!

What made everyone present unable to respond was that the masked youth refused!

The olive branch, which was admired by countless people, was rejected by him!

this guy is crazy!

Don't you weigh the pros and cons!

How many people don't want this opportunity!

Mr. Feng's face was a little embarrassed. He always thought that the impossible things would happen.

"Are you sure?"

"I'm sure." Ye Chen takes a look at Duan Huai'an and affirms.

Elder Feng sighed a long time. He had given the opportunity, but ye Chen didn't cherish it.

It's normal for such an ignorant person to fall.

He shook his head and went down to the stage.

After a few steps, I suddenly thought of something. I stopped and said, "I'm very curious. What kind of master and master do you want to refuse danxu tower without hesitation?"

Ye Chen looks at Duan Huaian and outlines a smile at the corner of his mouth.

This smile did not kill, but it was warm.

"Many years ago, I was just a piece of rubbish. Countless people despised me. My family was ruined and people died. I was on the verge of life and death."

"An old man saved me by accident. He helped me to dispel the haze, gave me hope, and even took me into the path of cultivation."

"At that time, I was not sensible. I only had hatred in my heart, and I didn't want to practice what he gave me. I blame him for not giving me better."

Now think about that time of their own really ignorant and ridiculous.

Only recently did I know that the master didn't give me the best, but he couldn't give me the best.

His past is far more painful than mine.

He pinned all his hopes on me.

Later, the master asked me if I could let go of my vengeance. I said no, he didn't speak. He took me to see the families all night. "

"He put down his face and dignity and begged these families to take me in."

"For the first time, I felt warm in this strange place."

"This warmth, for the first time, let me find that this silent old man is a little cute.""From that moment on, I made up my mind. From then on, this old man will be my master!"

"If anyone dares to touch him, I will kill the whole house!"

"If not, I would like to destroy the mountains and rivers, even if the whole Kunlun void is wiped out!"

The cold words resound over the whole square!

The wind elder's lips trembled and wanted to say something, but finally turned into a sigh.

If you have such an apprentice, what can I ask for!

At the moment, no one noticed that a person's body was shaking and his eyes were red!

It's Duan Huaian!

He was staring at the young man in the mask!

This experience is too familiar!

Five years ago, he saved Ye Chen in Dongqian Lake, Huaxia!

In the past five years, he pinned all his hopes on Ye Chen!

Hope Ye Chen revives the door of medical God!

But ye Chen wants revenge, he wants to help, but because of the destruction of the elixir field, he vowed never to step into martial arts again!

He can only take ye Chen to ask for a hundred!

Hundred rejected!

He regrets! He regrets! He always felt guilty to Ye Chen!

He even thought that ye Chen must think his master was useless.

But at the moment, I hear the masked youth's words.

Innumerable emotions rush like a flood!

Every word of youth is a curse!

He finally understood that the stubborn teenager did not blame him!

From he and ye Chen lonely left the last door, master and apprentice feelings will be completely condensed!

At this moment, everything in the past doesn't matter!

The important thing is that the masked youth is Ye Chen!

He's absolutely certain!

The boy is back!

Come back with the magic of Tongtian!

Five years ago, he saved the boy, has been guarding him, trying not to let 100 injuries!

Five years later, the boy appeared in the killing place and made a promise with a word!

If anyone dares to move my teacher, I will kill the whole family!

Not enough, wipe out the whole Kunlun void!

The old man laughed. He looked at Ye Chen's firm eyes and murmured: "you boy, since you are back, why do you still want to cover up like this I'm afraid that the most correct thing I've done in my life is to save you from Dongqian Lake in Huaxia. "

"It's just that even if you're going against the heaven, the dilemma in front of you can't be solved with Dan Dao."

"You should accept the invitation of danxu Tower! Alas

Chapter 757

Duan Huai'an's voice is very light. Hong Tao on one side only vaguely hears something about Huaxia Dongqian Lake. He doesn't think so.

That disdainful look is to see Duan Huaian: "a dying man, what nonsense!"

Then his sight fell on Ye Chen's body and said with a smile: "boy, if you took the jade pendant and joined danxu tower, I might have been helpless to you, but now you give up without knowing what to do, so you can't help it!"

Ye Chen's eyes swept around the strong man who surrounded the whole arena.

The lowest is probably entering the holy land, most of them are strong in the holy King's realm, and there are even several masters who return to the virtual realm.

We can see how terrifying the power of Hong Tao in the place of killing.

It's hard to break through it if you just rely on your own force.

But no matter what, he must take the master to leave. No one can stop him.

The next second, he no longer hesitated to sacrifice the broken Yang Sword.

The sword clenched the palm of his hand and released his cold killing intention.

At the same time, he took a step back and directly protected Duan Huaian's body.

"I really don't want to do it to you, but if anyone dares to do it to my master, it will be unforgivable to kill him!"

This sentence is mixed with true spirit and reverberates in the whole square.

After a brief silence, a burst of laughter resounded!

Ye Chen's threat is too pale in everyone's ears!

No amnesty for killing?

How can you kill alone?

That's not how you pretend to be forced!

Everyone in the audience knows that Hong danzun has been invincible. Hong danzun is the king here!

No one can shake it!

Naturally, they did not hesitate to stand on the side of Hong Tao.

The killing place is so cold.

Although mask youth wins, so what!

Morality, rules, fairness?

How can there be so many fairness and rules in the world!

You can shake everything if you have strength! That's the real rule!

"I'm afraid that boy is a fool. Even if he's a devil, now he's playing martial arts! What's the use of genius against heaven? It's not a lamb to be slaughtered

"It's a pity that Hong danzun can't let him leave alive because of his talent."

"There's no use in killing land! I don't know how to judge the situation. It's the same result when this guy goes outside! "

The crowd talked, and they found the masked youth's words extremely ridiculous.

At the moment, Xiaoxuan under the square is extremely nervous.

He has been watching under the stage, he is not optimistic about ye Chen. He thought Ye Chen would lose the first game!

What he didn't expect was that ye Chen really made a comeback!

Not only that, the first game, the second sentence are completely crushed Hongtao!

Before he was lucky, the shameless Hong Tao ignored the rules and reputation and wanted to suppress it by force!

He was angry but helpless!

But what can I do now!

Even if the ancestor of qingxuanfeng comes, he may not be able to take Mr. Ye away successfully!

He wants to rush up to help Ye Chen, but with his strength, rushing up is undoubtedly looking for death!

"What to do! I'm dead! "

When Xiao Xuan was nervous, Hong Tao said: "boy, if you want to live, I can give you a chance!"

"Turn the alchemy fire in your hand into an ownerless flame, and then give it to me. Kneel down and kowtow to me. I may consider sparing you of your humble life."

In Hong Tao's eyes!

The fire of alchemy is a rare existence in Kunlun!

His value far exceeds the mask youth!

No matter what the price, he will get it!

Once you get it, he will take a big step!

At the thought that he was about to get the anti heaven Dan fire, Hong Tao was even a little excited.

This kid's going to refuse?

Of course not!

It's the only chance he's ever had to be merciful to this kid!

There are so many strong people that it is difficult for anyone to fly! Not to mention the other side of the extraordinary garbage!

In the voice of doubt, ye Chen's cold eyes are directed at Hong Tao, and the immortal fire is directly condensed in the palm of his hand.

"You said you wanted me to have this flame?"

He nodded his head and felt the temperature rising in his eyes! Come on! Give it to me! Remember to erase your mark

Ye Chen sneers, arm a shock, not extinguish direct instant shot out!

"Since you want this immortal fire, I will give it to you! I just don't know if you can eat it or not

The words fall, the fire that shoots out is instantaneous change!

It was condensed into a fire sword!

The fire sword is constantly expanding, and it is tens of feet in an instant!

The aura of the surrounding heaven and earth is swallowed up by the fire! You should know that the immortal fire is not only used for refining alchemy, but also for fighting!

Hong Tao's smile suddenly became stiff. He could feel that the flame had changed!

It's no longer the attribute of Dan fire, it's the killing machine!

Cold killing machine, as if it can swallow everything!

"How could it be!"

When the Hong Tao reacts, the fire sword has come to him!

Regardless of everything, he pinched his fingers, and a golden shield suddenly formed!

"Bang!"

Two forces suddenly collide!

The powerful air waves rolled.

"Click!"

Hong Tao had no idea that his golden shield was broken on the spot!

His blood is surging up, and his body is back three or four steps!

His biggest mistake is to belittle the enemy!

I can't believe that Dan fire can kill people! It's even more unexpected that a boy of extraordinary realm can burst out such power!

He just stood firm, but found another shadow quickly swept!

It's Ye Chen!

Catch the king first!

As long as Hong Tao is killed, those experts who surround him will be in chaos. This is his chance!

At the moment, ye Chen's nine days xuanyang is determined to run, and the power of the elixir field and the immortal fire burst out. In this moment, his momentum soars to the extreme!

At the moment, his realm is not extraordinary at all!

Canglong's phantom body will surge, his body like lightning! Like a startling goose!

"Hiss!"

The power of terror engulfs and comes, sword meaning is towering!

This moment's Hongtao faces Ye Chen, completely stares big eyes!

"This guy is not extraordinary

"Is it hiding all the time? Damn it

Shocked, looking at the sword that was about to pierce into the body, Hong Tao no longer hesitated and roared out: "my life, Dan Ding! Come on

In a flash, the air flow around changed completely, and the original life Dan Ding suspended in the air was still in front of Hong Tao!

At the same time, Hong Tao's palm is to sacrifice a red sword. When his wrist shakes, the sword will reach the sky!

"Zizi!"

Red light all over the sky, two forces suddenly collide!

The impact was deafening.

An air wave, like a sea wave, swept out in all directions.

On the square, the place where the two people's feet tread is even more cracks!

"Bang!"

Two forces suddenly separated, ye Chen back three steps!

And Hong Tao also stepped back three steps!

Under one sword, it's as good as the other!

Seeing this scene, Duan Huai'an is shaking his old body and clenching his fist.

Chapter 758

He found that ye Chen's martial arts strength is almost into the Holy Land!

Although the realm is still extraordinary, but the breath is constantly rising!

What happened after the boy left Kunlun Xu?

First of all, Dan Dao, and now Wu Dao! Even if you get an adventure, you can't exaggerate it!

He even began to suspect that the youth not far away was really his disciple Ye Chen?

"Boy, get out of here!"

Hong Tao realized that something was wrong. As soon as he stepped on it, he cut his sword from top to bottom!

"Bang!"

It's a hundred meters, and the grass is flying!

Two people separate again!

Ye Chen Mou son tiny MI, no longer hide, the blood dragon's power acts between the hands!

This life talisman directly sacrifices!

His whole body instantly overflows innumerable thunder arc!

"Ten thousand swordsmanship! Cut

Ye Chen, the whole person across a full ten meters high, and then the sky and down!

When the ten thousand sword techniques are used, the fierce sword meaning seems to turn into a hundred Zhang sword shadow!

Although Hong Tao's realm is far stronger than ye Chen, he is immersed in the Dan Dao most of the time. How can he have time to practice martial arts!

Looking at the terrible sword meaning, he was immediately afraid!

He saw a middle-aged man in Yuguang, and quickly roared: "Fang Yun! Don't hurry up

"Yes, my Lord!"

The next second, a middle-aged man suddenly rushed over!

A middle-aged man named Fang Shuai is a middle-aged man.

Strong strength, Kendo master!

At the moment, Fang Yun and Hong Tao are the closest, which is undoubtedly the best choice!

Fang Yun presents a green sword. When the green sword turns, the sword will be bleak!

"How dare you move my master! Look for death

His sword is too fast!

Bursts of broken air sound, as if from hell!

The green sword is to break free of his hand, toward Ye Chen condenses hundred Zhang sword idea to collide and go!

"Bang!"

To Fang Yun's surprise, the green sword broke directly!

Even a blow can't be stopped!

What kind of sword technique is this!

He wanted to perform in front of Hong Tao, but he didn't expect that he was respected by Kendo, and even could not defeat a sword!

Shame!

Feeling the strength of wanzhang sword, Fang Yun actually had a trace of fear in his heart!

"Go away!"

He roared, forcing out a drop of blood essence!

Blood essence explodes!

At the same time, a jade pendant is offered directly!

The jade pendant was broken on the spot! A big red sword!

The blood red sword is constantly expanding. It takes blood essence as its potential to compete with Ye Chen!

"Boom!"

The two forces completely collide with each other and burst out into dazzling light!

It's like a volcanic eruption, soaring into the sky.

The countless bricks and stones on the square are all lifted up!

Those onlookers felt the terror of the air waves and fled one after another!

They know very well that once they are shocked by this wave, they will not die but also be hurt!

They just want to live!

After the crowd in the front row dispersed, the tables and chairs instantly turned into powder!

The whole square seems to be shrouded in smoke and dust!

Can't see everything clearly!

But at the moment, Fang Yun in the smoke and dust suddenly found a sense of being locked in. He closed his eyes and then opened them: "not good!"

Ye Chen has already rushed over!

With endless killing intention sweeping down!

The thunder and lightning from the sky fell down!

The power of the talisman burst!

"Bang!"

With this sword, ye Chen is like a god killing God, and the wind blows away the smoke and dust around him!

Everything is clear!

A fierce sword, without warning, hit Fang Yun's body, making people shudder.

Fang Yun's pupil is enlarged!

There are only a few questions in his mind!

What the hell is that?

What the hell is that power?

It's unheard of in Kunlun Xuhe killing place!

Grass!

His eyes are red, and Yu Guang has confirmed that Hong Tao has moved to a safe place. No matter what, he must survive!

"Thousand swords to kill!"

Fang Yun spits out a mouthful of blood, and a rune left by the sect elder blooms in the blood!

In the face of such fierce Ye Chen, he can only sacrifice his own cards!

No choice!

But before the rune had time to explode, a cold voice sounded: "do you think I'll give you this chance?"

Fang Yun's eyes widened: "how do you..."

Words have not finished, ye Chen a fist hit out! Luo Sha Quan!

Ancient boxing skills!

Storm carrying!

"Bang!"

This fist hit Fang Yun's body without any sign. Fang Yun's eyes are full of blood. It's too late to dodge!

Can only carry!

But he couldn't bear the power of Ye Chen!

The next second a mouthful of blood spit out, the whole person flies out!

It's more than ten meters before it stops!

There was a huge blood hole in the chest.

Absolutely dead!

I don't even have a chance to breathe.

At this moment, the whole world is quiet.

They stare at Ye Chen, don't know what to say.

This is a Danshi!

When was Dan Shi so cruel?

The masked boy is more terrible than some killers in the killing place.

Ye Chen moved his fist and glanced at everyone. He said faintly: "this is the first one. Who wants to be the second one?"

Cold voice rippling away, no one dares to move!

At the moment, Hongtao has been surrounded by several top strong people, naturally there is no danger.

He looked at the mask youth on the stage, the anger in his heart completely burned!

This son not only let him suffocate on alchemy, but almost killed himself!

He snorted: "Stinky boy, I don't care who you are! No matter where the flame in you comes from, no matter what, you two must die today

"Everybody, let's do it together! Take this son, if anyone cuts off this boy's hand, I Hongtao will give him ten magic elixirs! "

This word a, those who surround the square strong eyes appeared a trace of fanaticism!

This is a magic elixir. If you take one of the six pills, your accomplishments will be greatly increased!

If you take ten, it's a big chance!

The next second, dozens of terror towards Ye Chen!

Sword sacrifice!

Everyone's goal is Ye Chen's hands and feet!

Ye Chen looks at dozens of strong people, eyes micro MI, so many strong, he wants to kill all, it is impossible!

It's easy to get hurt!

These people have a strong blood, every blow is a kill move, extremely dangerous!

Duan Huai'an naturally saw Ye Chen's worry and went directly to Ye Chen: "although master can't use martial arts, no matter what, I won't let you have an accident. Ye Chen, I'll drag these guys with blood essence technique. You leave quickly!"

"The door of the God of medicine has declined. It's all due to the incompetence of the teacher! I hope the door of medical God can rise here! "

"I have seen the talent in you, and your future will be limitless."

"If one day you are really strong, you should help me kill Hong Tao! Also, when you stand on the peak of Kunlun Xu, find a sect called daocong! All my life's downfall is done by daocong! Remember, when you have the strength to do so! "

Chapter 759

Duan Huaian seems to be explaining his will.

Finish saying, his Mou son matchless firm, block in front of Ye Chen's body!

He looked at those who rushed to kill, spread his fingers, forced out a drop of blood essence, just about to pinch, burning blood essence and cultivation to stop these people!

A magnetic sound was heard behind him.

"Master, I said, no one can move you."

"No one."

Language down, ye Chen fingers pinch, a point in Duan Huaian's body above.

Duan Huaian only feels that a barrier has been created on the surface of his body to protect him.

At the same time, the wind rolled up, his body was directly pushed by a force behind Ye Chen!

"Apprentice, you --"

before Duan Huaian's words have been finished, ye Chen is heading for the countless murders!

He didn't move his sword, let alone his hands!

Just stand with your hands behind you!

The breath is misty.

As if in charge of everything.

Those onlookers are confused. Is the masked boy looking for death?

Hong Tao is not sure what he is thinking.

Not only that, but also those who are strong enough to plunder towards Ye Chen are slowing down.

It's mainly because the other party's behavior is so weird!

No one dares to act rashly without knowing the intention of the other party. After all, they have seen the strength of masked youth.

Suddenly, everyone found that the mask youth moved!

Step on it!

Thunder clouds suddenly appear in the sky!

One after another of the thunder and lightning directly hit down!

"Bang, bang, bang!"

Lightning hit Ye Chen five meters in front of him!

The crackling sound resounded!

What's surprising is that it's hard to smash out a nearly 100 meter ravine!

The ravine is ten meters deep, and the power of thunder and lightning is full. The blue and purple light is like a sword mark inlaid on the ground.

It seems that ye Chen and the strong men of the killing place are separated by a line!

No one would have thought that the masked boy could summon thunder and lightning!

The key is still such a big battle!

Not only that, ye Chen is the whole body releases thunder and lightning, a thunder arc is full of!

He took another step, a cold light flickered!

Hold the sword in your hand!

As soon as the blade turned, he pointed at the crowd and said, "if anyone crosses this line, I will kill the sky with a sword, and I will kill all the people in the world."

His voice seemed to come from the vast sky.

No doubt about it!

Those who were ready to cross the thunder arc ravines of the killing land, the strong suddenly stopped!

The expression is frightful to the extreme!

Not only they, but all the people present were unconscious and took a step back!

As if an invisible fear, as if enveloped them!

Just because of three words!

Ye Shitian!

In a month's time, there are three times, each time is a massacre of clan and family!

Cruel bloodthirsty, means to the sky, a plum blossom to kill the heroes!

No one knows the origin of Ye Shitian!

No one knows ye Shitian's real strength!

No one knows when ye Shitian will appear!

He is the great devil of Kunlun Xu!

No one dares to touch the big devil!

But at the moment, there is a masked youth who says he is ye Shitian!

Whether it's true or not, it's frightening for the people present!

Because these three words are almost the nightmare of the whole Kunlun empty!

Duan Huai'an naturally didn't believe it. During this time, he also heard many legends about ye killing heaven.

Of course, he can also roughly guess the strength of Ye Shitian.

Return to the realm of emptiness! However, ye Chen's cultivation remains in the transcendental realm.

How can it be the same person with such a big gap?

And they have a totally different style.

He guessed that ye Chen should use this name to frighten people. At present, the effect is naturally good.

But it won't last long.

Many people in Kunlun resort to Ye's reputation of killing heaven to cheat.

But in the end, the scam was uncovered, and they all died miserably.

My apprentice, this is the sword to go to the side.

After a while, Hong Tao reacted to it immediately and said with a loud smile: "you don't have to listen to this boy's nonsense! If he is ye Shitian, I am still the original emperor! Take the fake off quickly

As soon as this word comes out, they just want to go on carrying swords!

Ye Chen is a cold hum: "is it?"

"Blood dragon, come out!"

With a roar, the sound of dragon chanting resounded across the square!

"Boom The whole sky suddenly changed color. The original blue sky was black! This makes everyone have a bad feeling!

Suddenly, ye Chen's body burst out a fiery red light and shadow!

Everyone opened their eyes, when they saw the picture in front of them, they couldn't speak any more!

A red dragon came out of the clouds and swept the world!

The body of the Dragon covered the sky and earth. It was full of blood and majestic. The faint dragon chant from the clouds gave people a sense of oppression!

The dragon is called out!

Ye Shitian's greatest feature is that the Dragon accompanies him!

Before people's reaction, the dragon on the sky swooped down and opened its mouth fiercely. A burst of dragon chant came, as if to devour everything directly!

Dragon chant into a raging sound wave, the blood dragon in the killing place condensed for a long time, the killing opportunity completely broke out!

The air flow seems to turn into a blood arrow and shoot at the strong one near the thunder arc gully!

Even in the Holy Land!

Directly into blood fog!

At the same time, because of the pressure of the blood dragon, ye Chen's mask suddenly broke! To powder!

Directly exposed ye Shitian's appearance!

Countless pairs of eyes are staring at Ye Chen.

Silence.

Still silent!

I don't know how many seconds later!

Someone suddenly took out a portrait, which is the portrait of Ye Shitian spreading in the void of Kunlun.

face, as like as two peas!

sword, as like as two peas!

blood dragon, as like as two peas!

The man holding the portrait has bloodshot pupils and is wet through his whole body!

He stepped back ten steps and suddenly exclaimed, "ye Shitian! Ye Shitian, the great demon, has come to the killing place

The next second, he is rolling away!

Ye Shitian is a person who dares to kill heaven. If you stay here again, you don't know when to die!

The best example is that those who are strong in the holy King's territory are turned into blood fog!

The crowd panicked instantly!

Except for Hong Tao and his people, all of them stepped back!

Who could have thought that the young man who had been wearing the mask was really ye Shitian!

Even if the face is fake, can the blood dragon have a second person to summon!

Ye Chen is surrounded by the blood dragon. He asks the sky sword to float in front of him. In fact, he was a little shocked just now.

He didn't expect the blood dragon to have such a powerful power!

More than a dozen holy kings, direct blood fog!

Even if these people just stepped in, they couldn't be so powerful!

It's a pity that the killing spirit of the blood dragon has disappeared a lot, which should be due to the complete release of the breath of the killing place in recent days.

Only once.

He finally understood why the reincarnation graveyard repeatedly stressed that the blood dragon was far more powerful than the reincarnation cemetery!

That's why!

Chapter 760

Duan Huai'an behind Ye Chen is completely confused!

I can't say a word!

Who can think that his apprentice is the famous ye Shitian?

He thought of countless reasons, but none of them could persuade him!

Waste?

From now on, who dares to say that his apprentice is a waste of all roots!

But there's one thing he hasn't figured out yet.

Ye Chen is so powerful, why do you want to make ye kill the sky?

Are you trying to hide your talent?

Ye Chen at the moment is very clear that he has mastered the overall situation.

In any case, Hong Tao must be killed today, or it will be difficult to do it next time!

Think about everything, ye Chen moved!

Five fingers hold the dragon and ask the sky sword!

Release the endless evil spirit!

The thunder and lightning of the talisman surround the whole body!

In addition, the blood dragon directly rushes into the remaining strong ones.

Ye Shitian's identity has long given rise to a trace of fear in these people's hearts. In addition, his companions are crushed by the blood dragon on the spot!

They know very well that they can't resist this evil spirit!

Everyone didn't fight back. Instead, they turned around and ran!

Dao Xin is destroyed, what chance is there!

Ye Chen looked at the dissipated people and sneered: "did I let you go?"

"Leave it all for me!"

Thunder burst, the Dragon chant resounds!

Ye Chen cut the dragon in his hand and asked the sky sword to bloom with dazzling light.

The sword is so powerful that it devours the world!

If the sword carries the momentum of a thousand Jun, it does not enter the thunder light.

"Puff, puff, puff, puff, puff, puff, puff!"

Everywhere you go, blood and flesh are flying!

Even if the holy King realm, also can't stop Ye Chen's strong!

If he killed heaven for ye, he could kill God and swallow heaven!

More and more people are dying! More and more crushing their hearts!

By the end of the six, they did not intend to run!

Instead, he turned and knelt down in front of Ye Chen!

"Mr. Ye! Please spare our lives! We are willing to be your cattle and horses! "

Ye Chen stopped and snorted coldly: "if I forgive you, who just Rao me!"

Cut the dragon and ask the sky sword to release. The long sword is crossing!

Six heads down!

Decapitated body, blood stained!

"Hiss!"

Those who have not yet dispersed around the crowd to take a breath!

They thought ye Shitian was just a legend, but they didn't expect to see ye Shitian. They found that he was more ferocious than the legend!

Decisively kill!

If it goes on like this, Hong danzun and his forces will fall short!

After solving the rest of the people, ye Chen holds the bloody chopping dragon and asks the sky sword, and looks at Hong Tao.

At the moment, Hong Tao is not a little imposing!

If it had not been for the protection of four strong people in the retreat environment around him, he would have fallen down long ago.

Infinite fear devoured him!

Ye Chen walked step by step in the past, indifferent eyes: "you also want to block in front of the waves?"

"My sword won't agree."

The first old man was the one on the stone tablet.

At the moment, he saw Ye Chen again, and the disdain in his eyes disappeared completely.

He never thought that the masked youth who had been ridiculed by him was ye Shitian, who was frightened by the wind in Kunlun!

He hesitated for a long time, and then said: "ye Shitian, Hong Tao's identity is special. He is the person invited to kill in person. If you kill him, you can not bear the consequences."

"I know your strength is very strong, but I hope you don't make too many enemies, or you don't even know how to die in the end."

Ye Chen takes a look at the four people, he is very clear, his present state wants to kill these four people is impossible.

After all, it's not fun to go back to the virtual world!

He can kill the holy king, but it is impossible to return to the virtual realm!

Fortunately, there was fear and fear in the eyes of these four people. He continued to walk towards the waves and said: "no one I want to kill ye Shitian can live the next day. This is my principle. If you stop again, don't blame me for being merciless."

The words fall, the blood dragon directly coiled around the top of four people's heads, the pressure condenses, the four return to the virtual state, their faces change suddenly!

Although ye Shitian's breath is not strong, they dare not gamble with their lives!

One of them completely shaken, dropped his sword in his hand and said to Ye Chen, "Ye killed heaven. I will not participate in this matter."

Then he turned to the outside.

The pace seems very stable, but there is a trace of fear in the heart.

He can't afford it!

If he destroys everything he has built for a hundred years, he will lose the most!

Seeing someone leave, Hong Tao was angry: "wanmang! If you leave at this time, do you know the price!"  
"The man did not answer and disappeared into the crowd."

"PATA!"

Another two swords fell together. The other two also dropped their swords and said to Ye Chen, "we also quit!"

Originally, these two people thought ye Shitian would be killed completely, but they didn't expect that the person who left actually retreated!

How can they give up such an opportunity.

Soon, only the stone tablet old man and Hong Tao are left in the 100 meter land!

In a hurry, Hong Tao grabbed the old man's clothes and said in a trembling voice, "I'm not too bad for you. You must save me!"

The old man hesitated for a few seconds and nodded his head: "don't worry about Hong danzun. As long as I'm here, ye Shitian won't want to move you!"

Words fall, the momentum of the elderly suddenly improved!

In the blink of an eye, you will enter the realm of returning to emptiness!

At the same time, a silver spear appeared in the palm of the hand.

"Ye Shitian, it is said that you are far above the realm of returning to emptiness. Today, I would like to experience it!"

Once the spear turned, the old man stepped on it, and the silver light shot out, hitting Ye Chen's heart!

This simple shot produced two kinds of artistic conception.

One side cold, one side inflammation!

Killing intention rolling, fire surging, ice covered!

This is the first time ye Chen has faced a strong man who has returned to the void. He wanted to subdue the soldiers without fighting. Now it seems that it is impossible!

He has to be tough!

"Ten thousand swordsmanship!"

One move, ten thousand sword techniques are used, and ye Chen carries thunder and lightning to swallow it away.

"Break it for me!"

Ten thousand swordsmanship is not enough! Ye Chen then displays the other sword ideas that Chen Tianli taught him!

These two moves can be said to be one of Ye Chen's most powerful sword techniques.

Two moves of sword technique burst out, and the momentum of terror spread.

Crash!

Under the influence of thousands of swords, Shengsheng finally tore the old man's artistic conception apart.

The whole ground, at this moment, seems to be shaking and may collapse at any time.

"Bang!"

Realm gap is still too big after all!

Ye Chen is hit to fly instantly!

The blood was surging up, and he held it back!

The old man immediately realized that it was wrong, and his fear dissipated. He sneered: "ye Shitian, it seems that the outside world has exaggerated you. Your real realm is in the transcendental realm. It must be some secret arts that can barely achieve the goal of killing the holy king! ha-ha! Today I will take the place of Kunlun to destroy your nightmare! "

The old man's breath is strengthened again. In his opinion, once you kill ye, kill the sky!

He is bound to be famous throughout Kunlun!

It is said that ye Shitian is still his stepping stone in the end!
