### Chapter 7521

"Since that girl has the benevolence of women and people, we can also take this to ease the relationship, so as not to become the target of public criticism!"

"Those who know current affairs..." The Zhu family leader was dissuading. A red light flashed across him, and a flying sword book jumped in front of him!

Wang Teng, who was in the Wang family, also smiled coldly: "it seems that even if he is the 'Emperor', he can't get rid of the secular world!"

"Xiao family, I'm so happy to see you completely finished!"

At the same time, the three families all received inexplicable news. The eyes behind them have firmly locked in the near Taizhi city and the Xiao family!

.....

At the moment, ye Chen's side.

"Ye Chen, that old man will never give up. I understand your intention to save Xiao Qin, but by his means, once you show up in the near too city, I'm afraid he will receive the information at the first time!"

Outside the city, ling'er and ye Chen are suspended in the sky, looking at the prosperous city near Taizhi not far away. It seems as calm as water, but in fact, the undercurrent is surging.

The little purple unicorn on one side sits on the grass, holding a handful of weeds with small claws and tasting sweetness

"Pa!"

Ling'er slapped little Qilin on his head and said, "worthless little fellow, what's good about this grass? You have the ability to eat the grass in Ye Chen's picture."

Little Qilin raised his head, looked at ling'er with his eyes full of question marks, snorted and snorted, and ate the weeds again.

Everything was so curious about it for the first time.

"Do something with me. I'll give you something better!" Ling'er's eyes flashed, teasing and cheating the little guy.

"Delicious? Good!" Little Qilin responded with a milky voice, and immediately put down the weeds in his claws and looked at ling'er excitedly.

Ye Chen couldn't help being speechless

"Can you do it?"

Ling'er's eyes flashed and replied, "it should be OK. Now the Xiao family must have dark eyes staring at me. My space power will show flaws, but the origin of this little thing is not general."

Just a sneeze can tear open the space of the star and meteorite world. It's no problem to be near Taizhi city!

If you cooperate with her spatial power, it is enough to make God unaware!

"You meet outside the city. Once you are exposed, fight!"

Ling'er picked up the little Kirin, and the little guy in her arms rolled into a meat ball. One person and one beast told ye Chen to walk towards the nearby Taizhi city

The consequence of failure is the pursuit of the strong!

Ling'er seemed indifferent, but in fact it was to make ye Chen not worry. Looking at ling'er's back, ye Chen narrowed his eyes and looked at the sky.

"If I can't, I'll use the reincarnation sky sword to break out my cards, even if the Emperor Yu Huang finds out!"

.....

After a incense stick, it is near the city of Taizhi.

"Sneeze!"

Little Qilin sneezed and took ling'er to tear open the space and step into Xiao's gate. Behind the familiar red gate, a vision suddenly appeared!

It's the lifelike Guardian totem, Kirin!

"Who broke into Xiao's house without permission!"

The cold killing intention emerged, and the unicorn totem slowly emerged from the gate.

"Eh? Who are you?"

The milk voice sounded, the little Kirin in ling'er's arms rolled down, and the purple scales flashed. Looking at the big guy who was somewhat similar to himself, he wondered.

The blood pressure burst in an instant, and the guardian totem immediately removed all its will and prostrated on the ground and said respectfully:

"Welcome my Lord!"

One side of ling'er was completely silly. At this time, Xiao Qin's voice sounded behind him: "eh, how is it you?"

Seeing that the visitor was ling'er, Xiao Qin was obviously stunned. Didn't Ye Chen be taken away by Emperor Taiyan?

"You..."

Xiao Qin's heart is not good. Since ling'er is here, ye Chen's situation is probably very dangerous.

Sure enough, then I heard the little girl say, "the situation is more complicated now. Let's talk while walking!"

"Something has happened to Ye Chen. Emperor Taiyan has ulterior motives..."

Ling'er stretched out his hand and pulled up Xiao Qin. He was about to leave.

"Who will invade my Xiao family!"

A big drink rang out. In an instant, the whole courtyard was surrounded by the Xiao family. The first few people were the elder head who bowed to the throne of emperor Taiyan under the nearby Taizhi city.

For the first time, they felt the change of the guardian God Unicorn totem, that is, they were aware of the danger. Only because the guardian Unicorn had a strong sense of fear for the first time!

At the moment, the blood colored Unicorn Guardian animal lowered its eyebrows and trembled, and all the light flames rising on its limbs were extinguished. It crawled on the ground like a lost dog. Only the eyes flashing fear glanced at ling'er from time to time.

"What happened..."

An old man in black, who was the head of the Presbyterian group, asked. Since the liquidation of Xiao Su's first line, he has temporarily taken the post of great elder. Although he has no two hearts, he is not the direct line of Xiao Qin's first line.

"I just seem to hear that your excellency mentioned Ye Chen?"

The elder in black frowned and asked in a deep voice. It was obvious that linger's words were also heard by the Presbyterian group.

"Get out of the way, I'll take Xiao Qin away!"

Ling'er's cold eyes flashed, and there was a cold breath incompatible with her age in her pupils, which had a great potential of war.

"Why, something happened to Ye Chen. Do you want to grease the soles of your feet?"

The old man in black sneered. Although he was in awe of the Xiao family owner, he was close to the big tree of emperor Taiyan.

But now, there is a scene of trees falling and monkeys scattered.

"The leader of the Xiao family, who placed his family in the land of fire and water, should bear the responsibility of the head of the family?"

The elder in black shouted and scolded.

Chapter 7522

"I..." Even Xiao Qin was silenced by the elder in black for a while. The head of a noble family wanted to escape in times of crisis. How can he convince the public?

Xiao Qin took a deep breath, gently shook off ling'er's small hand, and then said, "elder Xiao said very well. If there is a robbery, I, as the patriarch, should live or die with the Xiao family!"

Seeing this, the elder in black eased his face a little.

At the moment, they were all seen in the bottom of their eyes in the dark.

Weimang flashed away. In the dilapidated world nine days away, countless broken stars fell out, and the whole world fell into a black silence. Taiyan emperor stood in it, and the darkness swallowed his face.

"Boy, fight with me, you are still young!"

.....

"Xiao Qin, you are confused!"

Ling'er was so anxious that he jumped straight.

"Old man, do you know how much trouble Xiao Qin will bring if he stays here?"

"Once emperor Taiyan is killed, he has every reason to kill the Xiao family. Can you bear the anger of a strong man of this level?"

Ling'er's words made the elder in black look a meal, and several other elders of the elder group on his side also frowned one after another.

In the past, near the Taizhi City, the overbearing posture is still branded on everyone's mind. The Tianluo golden net is sprinkled, and even the God Phoenix that the ancestors can't resist is broken in their hands

"If you want to go, take all the Xiao family!"

The elder in black obviously didn't even have the courage to offend Taiyan emperor, even when he spoke.

“.....”

Ling'er glanced at the man in black and immediately said in a deep voice: "old man, can't you say that there are thousands of people in the Xiao family, even Xiao Qin can't take so many people at the same time with the power of space?"

It is obviously not possible to escape openly. At present, the only way is to tear open the space crack and retreat quietly.

Xiao Qin frowned and seemed to think of something:

"What emperor Taiyan is looking for is Ye Chen. In other words, even if he comes to the city near Taizhi, he is only looking for me. If I am not here, the reputation of emperor Taiyan will never kill the people of the Xiao clan and be despised by the world."

"If the Xiao family fled collectively... The nature would be different!"

Once discovered, it is doomed!

Ling'er then said, "Ye Chen angered the old guy. If you don't want to burn yourself, let Xiao Qin and I leave. If someone asks, you don't know!"

Elder in black frowned. Emperor Taiyan couldn't afford to offend him, but if he left people here, the situation was extremely complicated.

Xiao Qin felt a sense of killing and immediately said, "elder Xiao, if you want to leave her, there will be only one war!"

Firm eyes looked at the elder group. Xiao Qin, the leader of the Xiao family, always did what he said!

The elder in black saw that Xiao Qin didn't hesitate to fight against the elder group for the sake of a mere Ye Chen. He also whispered in his heart. Unexpectedly, the request of the soul code to respect the king Xiao prison made Xiao Qin not fight against Ye Chen anyway.

"Alas..."

For a moment, the old man in black, who had aged a lot for several times, never made a move. He said faintly to Xiao Qin: "go, if emperor Taiyan comes, I will try my best to deal with it!"

Xiao Qin bowed slightly to the elders of the Presbyterian group, and immediately tore open a corner of the void and left with ling'er.

The guardian totem beast of the Xiao family dared to raise his eyes and whispered: "Haosheng domineering blood suppression and space force..."

.....

Near the periphery of Taizhi City, ye Chen closed her eyes and opened them from time to time. Looking at the huge city not far away, the indifferent reincarnation heavenly eye ripples.

Playing with the sword embryo cast by the star meteorite at the bottom of the purple sea, it only emits a faint dark starlight. In addition, it is no different from a dead object.

He plans to merge this sword with the wild demon sky sword.

The growth of reincarnation Tianjian needs the soul of the sword, while the growth of famine demon Tianjian needs to be swallowed up.

This item is extraordinary. Maybe it can improve the wild devil sky sword.

"Sneeze!"

The familiar sneeze sounded. Behind Ye Chen, the void slowly opened a hole. Xiao Qin and ling'er jumped in front of them holding little Kirin.

"Too tired... I want to sleep for a while..." the word "will" hasn't been said yet. The purple little Kirin has completely tilted his head and died of sleep. After a while, snoring everywhere.

"This little thing just got out of trouble and used its magic power several times. It can't bear it in its infancy. When it wakes up, it may grow into a new form! This time may be years, months or days."

Ling'er smiled, and the little Kirin in her arms turned into a flash of streamer and poured into Ye Chen's reincarnation cemetery. There was no sound.

Such a strange animal can't be measured by common sense. No one knows how long it will take for the little guy to sleep this time

"What the hell happened?"

Xiao Qin asked when he saw that ye Chen was all right.

Without waiting for ye Chen to answer, ling'er answered, "what else can there be? The old man and the three families all want Ye Chen's divine fire!"

"Click!"

At this moment, a thunderbolt struck over the nine days, and the thunder with thick and thin arms raged in bursts. The flash of thunder tore the sky apart with an extremely strange attitude. After that, a star that could not see the edge shone.

"Ha ha ha!"

The old laughter penetrated through the dome, and even the whole near Taizhi city under our feet was dominated by this almost crazy sound.

"No, how did that old guy find here!"

Ling'er bounced up in an instant and looked warily at the sky. Relying on her joint space blockade with little Kirin, she could never be found.

"Ye Chen, Xiao family!"

Wang Teng in the nearby Taizhi city is smiling at the moment. With such a strong hand, ten ye Chen and the Xiao family have to fall!

"It seems that the one is going to settle!"

The Qi family and the Zhu family looked at the vision above the nine days, and a touch of excitement surged up in their hearts.

Once the Xiao family falls, the situation in the nearby Taizhi city Will change completely!

"Ye Chen, even if you run to the ends of the earth, you can't turn out my palm!"

On the nine days, the cheers rang out, and the red robe was gently thrown. Behind the crack, the boundless big star burst into pieces, and a human figure rushed out, condescending, looking at the common people!

At the moment, Emperor Taiyan has long lost his previous fatigue in World War I, and his broken flesh has completely healed.

"Ye Chen, the thief, I intend to cultivate you. You don't appreciate it. When I'm not prepared, I stole the precious treasure. Today I'll remove you from the nearby Taizhi city!"

Emperor Taiyan showed a sarcastic look on his face. The general trend of the world can be easily rewritten in a word!

For a time, the martial arts in the nearby Taicheng were shocked, and the voice of verbal and written criticism against Ye Chen was heard all the time.

Chapter 7523

"This son has an evil heart and wants to steal the supreme treasure!"

"The guy near Taizhi city should not have saved him!"

Seeing the success of the campaign, Emperor Taiyan went on to say, "Ni Zi of the Xiao family, if it weren't for your help, I couldn't find Ye Chen smoothly. Thank you!"

At the center of Xiao Qin's eyebrows, a trace of trace slowly dispersed.

"When did he plant my mark?"

Xiao Qin around Ye Chen was stunned. Her strength reached Tianjun. She was tracked by the race, but she didn't notice it!

"It's near Taizhi city. At that time, when the old man mentioned your father Xiao prison, you were distracted. He should have taken advantage of it!"

"What a cunning old fox!"

Ye Chen said calmly.

"Little girl, for the sake of Xiao prison, I'm not embarrassed to go back to your Xiao house. I can treat it as nothing has happened!"

Emperor Taiyan's indifferent eyes swept over and mercifully spared the Xiao family a way to live!

It seems that all the life and death in this world belong to him alone!

"What? Do you want to die with this boy?"

Seeing Xiao Qin unmoved, Emperor Taiyan was angry and smiled.

"One person does things and one person does things. If you want to take ye Chen's life, step over my body!"

Xiao Qin spoke quietly. If she hadn't been careless, ye Chen wouldn't have been found by the old man!

"Good! Good! Good!"

When Emperor Tai Yan heard the speech, his cloudy eyes flashed, and immediately opened his mouth and said, "it's near Xiao's house, the city of Tai!"

Ye Chen blocked Xiao Qin behind him and immediately nodded to Ling'er. The girl's heart had a spirit and stepped back.

"The sun is shining!"

Compressed to the extreme burst sword light, tear everything!

At this time, the sword in his hand turned into the rising sun and rose to the sky with a lightning speed, and the mighty golden divine light dispersed everything.

This sword shakes the eight wastelands, and 100000 floating clouds are divine soldiers.

Although Ye Chen didn't use the Heavenly Sword, this sword was enough to destroy everything!

"Mantis blocking the car!"

Looking at Ye Chen who rushed to kill, Emperor Taiyan pulled the corners of his mouth and showed a hint of irony. A taizhenjing also wanted to stop him?

Facing Ye Chen's sword, the old man in red didn't hide or flash, and let the sharp blade cross the skin!

"Ding!"

A crisp sound, the sword issued a painful buzzing, as if it was itself!

In contrast, Emperor Taiyan's face was even more joking. His dry arm popped out in an instant. Only two fingers clamped the sword and bent it gently!

"Ka!"

A sword, instantly broken!

Although not as good as Tianjian, this sword also exists outside the territory!

"Boom!"

At the moment when the sword body broke, a dragon spirit rushed out of the divine sword. It was the sword spirit!

The green dragon with five claws was furious, rolled up bursts of vigorous wind, and rushed towards emperor Taiyan with the killing power of Hongmeng breath. The divine sword has spirit. It should be the main Ye Chen and strive for a glimmer of vitality!

"No!"

Jianling and ye Chen thought through it. At that moment, he felt the determination of the dragon spirit!

"Overestimate your strength!"

Emperor Taiyan held it in the air. On the nine days, gilded pillars of fire spewed out, and the sky fell to the cage!

The green dragon turned into a sword spirit was trapped in a golden cage. Its unparalleled momentum was quickly weakened and drained by the cage!

"Broken!"

With a gentle grip of emperor Taiyan, the gilded sky fire cage burst into pieces and dissipated into the void. With it, the sword spirit disappeared completely!

"Cough!"

A mouthful of blood spewed out, and the breath of the sword could no longer be felt in the Dantian, which represented Sword out.

Unable to tolerate Ye Chen's reaction, a dry palm seems to buckle firmly in front of Ye Chen in the next second.

"Come back with me, finish the sword casting ceremony and peel the divine fire from their blood. I can consider it and don't embarrass them!"

The cold voice sounded. Emperor Taiyan looked at Xiao Qin and ling'er on one side and immediately continued: "otherwise, they will die!"

"Your expression annoys me!" Seeing the indifferent color on Ye Chen's face makes Taiyan emperor very unhappy!

Taiyan emperor was surprised at the moment when he was distracted. He only felt a residual shadow in front of him. Ye Chen had been taken away by Xiao Qin with the power of space.

"Damn it!"

Ye Chen's eyes were dignified. He looked at the sky and no longer hesitated. He planned to sacrifice the reincarnation Heavenly Sword and use the water stop sword!

"Ye Chen!"

Xiao Qin grabbed him, immediately smiled sadly and said, "don't use the reincarnation Heavenly Sword, otherwise it will cause more trouble, but in the face of such a strong man, even if my ancestors of the Xiao family leave the pass, there is no chance of winning! There is only one way at present."

"With the help of me and the power of divine fire, there may be a glimmer of vitality!"

At this time, Linger's space was built. He was about to turn back and let Ye Chen and others retreat, but there was a sound of banter in his ear: "little girl, do you think I will let you leave safely?"

The same is the thin palm, which has stretched out towards Linger!

"Linger!"

Ye Chen drank loudly, and immediately Linger's body turned into a flash of streamer, broke away from the shackles of Emperor Taiyan and returned to the empty monument.

"It seems that there are many secrets hidden in you. I suddenly don't want to kill you so soon!"

Seeing Linger get away, Ye Chen was also relieved. The Emperor Taiyan in front of him pointed out in the space, breaking the space built by the little girl in an instant!

"Click!"

Dao Dao's invisible space law was completely broken into slag in the laughter of the old man in red robe, and the only way out was cut off!

"Ye Chen!"

Looking back at Ye Chen, Xiao Qin burst into tears and said, "don't hesitate. If we go on like this, we will never leave here!"

Chapter 7524

"But you..."

Ye Chen kept playing drums in his heart. He couldn't make up his mind because Xiao Qin wanted to feed fire with his body!

Previously, ye Chen and others worked together to drain the blood of Xiao Su, the elder of the Xiao family, in the Wanjin building, so as to make the original goddess of the holy fire appear in the world. Now Xiao Qin is ready to sacrifice himself!

With her more terrible blood power than Xiao Su, she can undoubtedly burst out stronger power!

But there is no doubt that she will fall too!

"I disagree!"

Ye Chen shook his head firmly. There was no room for discussion.

"What a touching scene! Crazy men and women complain! Ha ha!"

Tai Yan Emperor obviously didn't intend to let them go. He drank loudly. The ghost's body flashed and was close to them.

"Time and space forever!"

Xiao Qin stood in front of the injured Ye Chen and launched the field centered on her. For a moment, the static time and space stopped the palm taken by Emperor Tai Yan. In this field, the dust can't enter.

Push Ye Chen away, Xiao Qin just wants to move, but the eyes of the old man in red robe in front of him turn, and then the corners of his mouth pull up a successful smile, and Emperor Taiyan in the static field slaps Xiao Qin on the chest!

The beauty's body flew out like a broken kite. A splash of red splashed across Ye Chen's eyes. All this happened between lightning and flint. It was too fast to respond!

"Old man!"

Ye Chen's eyes are flawed and want to crack. Immediately, his reincarnation blood gathers, the majestic power of blood surges, and the origin of the divine Phoenix under the skin flows.

"Holy fire..."

Everywhere he could see, he was shrouded in bright red fire. Emperor Taiyan greedily breathed the rich fire element between heaven and earth.

The same is the supreme of fire. His longing for this divine fire makes him lose his mind!

"Right now!"

Ye Chen found the right time. The invisible fireworks suddenly rose around emperor Taiyan, and the unexpected heat wave immediately covered his sight.

Ye Chen pulls up one side of Xiao Qin and turns around to escape!

"It's worthy of being a holy fire. In the hands of a small too true realm, you can hurt my flesh!"

Emperor Taiyan, who was covered by fire, was burned through by divine fire and turned into a pool of stars. His expression was very ferocious.

"But you must die today."

Emperor Taiyan waved it with his right hand across the air. In the past, the corner of the golden halberd that cut off a wisp of pure air of Taishen reappeared in the sky and stabbed Ye Chen!

At that moment, Xiao Qin shook off Ye Chen's arm and pushed him out. He was determined to block this fatal blow for ye Chen!

"No!"

At the critical moment, ye Chen offered up the wish star and the dust monument, and the golden armor and the starlight wrapped Xiao Qin. At the same time, a Fengming reappeared, which surprised thousands of creatures in the world!

"Joo!"

The breath of destroying heaven and earth came one after another, and the God Phoenix, which frightened millions of people in the city of too, appeared again!

"After so long, I'm finally willing to use my cards. I'll take it!"

Taiyan emperor's eyes showed his enthusiasm. He waited for this moment to completely peel the divine fire from ye Chen's blood!

As long as you clean up this evil animal, it's over!

"Damn it..."

At the moment, there were two fire marks in the center of shenhuang's eyebrows. The next moment, ye Chen's consciousness began to blur

If this huge force is taken by Emperor Taiyan, the consequences will be unimaginable!

"Zhu Tian!"

Emperor Taiyan gave a big drink. In the nine days, the golden fire chain condensed again. The big net blocking the heaven and earth blocked the action of the ten thousand Zhang divine Phoenix. The golden halberd in the sky was ready to go and pointed directly at the divine Phoenix!

"Reincarnation blood, scatter it for me!"

At the moment when consciousness finally disappeared, ye Chen chose to burn a trace of reincarnation blood! Even if it will be discovered by the feather emperor!

"Joo!"

With a moan, the ten thousand Zhang divine Phoenix on the nine days shook off the bright red divine feathers and completely ignited the whole heaven and earth. At the moment, near the Taizhi City, it was reduced to a sea of fire, just like the previous star domain!

The body of the ten thousand feet of the divine Phoenix broke inch by inch and turned into countless small fire phoenix about two or three feet. Through the gilded huge net, it flew in all directions beyond nine days and ten places!

Every place taken by the Fire Phoenix set off bursts of flame storms. For a time, there were endless blood awns in the nearby city!

In just a moment, the huge city melted more than half, and countless martial artists howled everywhere!

If he pursues the divine fire, there is no doubt that the whole city near Taizhi will be completely reduced to human purgatory, and millions of creatures will be buried in the sea of fire. He can't afford this cause and effect!

Once the forces behind the near too city know, there will be no place for him in nine days and ten places!

But if you let the fire escape The consequences remain enormous.

He knows that ye Chen is gambling!

Obviously, ye Chen is right!

"Damn it, ye Chen, I will shave you alive next time!"

In the center of the bloody flame storm, Emperor Taiyan drank fiercely and immediately flew to the nearby Taizhi city

The flame storm in the nearby Taizhi City raged and lasted for several days. Thousands of miles around the huge city, it was reduced to fly ash and annihilated in the dust

.....

At the same time, Taishang world is in the green bamboo fairy pool.

The feather emperor suddenly opened his eyes. He seemed to feel something.

It seems to be the power of reincarnation.

But somehow, the picture was intermittent, and he couldn't determine the position.

I just know it's close.

Just as he was about to use the technique to determine, a voice of the supreme daughter suddenly sounded:

"Do you think I'll let you check it out?"

Obviously, the heavenly daughter stepped in!

Chapter 7525

When the emperor heard the sound, his eyes were very calm.

For a long time, he said, "do you think your pig raising plan will ruin you?"

"The Lord of reincarnation is growing too fast."

"Although I can't kill him for the time being, you know, if I really want to make up my mind to kill someone, it's easy."

"Not only do I want to kill him, but many old guys in this world want to be reincarnated."

The clear voice of the supreme lady also came back: "in that case, this chess game has just begun. Let's wait and see. How about it?"

"I don't care about the life and death of the Lord of reincarnation. I care about the camp of the world. I have my purpose, and I'm afraid there is something in your heart."

"Who can laugh to the end? It's really not certain."

With the last sentence, Cuizhu Xianchi returned to calm.

The feather emperor chose to continue to close his eyes, as if none of this had happened.

Until a dark shadow appeared.

The feather emperor looked at the dark shadow if there was nothing, but ordered: "I roughly determined several positions and sent the anti sky star beast to have a look. In addition, I informed

Wutian that the failure not long ago, I hope it is the last time. Next, we should try our best to search. I can feel that the current Lord of reincarnation seems to be seriously damaged by some forces. This may be our opportunity to kill the Lord of reincarnation."

.....

At the same time, another place.

"Ye Chen, wake up!"

Ling'er keeps patting Ye Chen on the cheek. Ye Chen has been sleeping for a day. Let ling'er do everything he can, and he is still helpless.

If it wasn't for the steady breath, ling'er would doubt that ye Chen had fallen.

Look at Xiao Qin, whose face is pale and his breath is fluttering. He may fall at any time. Ling Er, who has always been lively, shows a touch of loneliness at the moment.

"Damn it..."

Suddenly, the feeling of tingling all over Ye Chen's body came. Every bone in Ye Chen's whole body was aching faintly. There was a pain that his blood was stripped!

The picture in front of me flickered and swayed constantly, and finally fixed in linger's hopeful eyes.

"Great, you're still alive!"

Ling'er breathed out a breath, and ye Chen just smiled at ling'er, and immediately closed his eyes gently.

"Still alive..."

At the moment, the sharp pain coming from his body hit his heart, and he didn't even have the strength to open his eyes.

The power of this backfire is terrible.

Ling'er looked at the man in front of her, but her heart was thunderous.

Ye Chen didn't think about it any more, so he ran the eight trigrams Tiandan technique and Tianxian Koi copy, combined with the powerful recovery power of Lingbei and reincarnation blood, and soon recovered a bit.

"Xiao Qin, how is her condition?"

"Sorry, with my ability, I can only hang her last bite of anger and don't swallow it. The strength of her blood and Qi has nearly dried up. I'm afraid there's no way."

Ye Chen stretched out his hand and reincarnated the heavenly eye to perceive Xiao Qin's state. After several breaths, ye Chen looked very dignified.

Previously, he had no choice. If Xiao Qin stopped the halberd of emperor Taiyan for himself, I'm afraid she would disappear in an instant, even the whole body.

At the last moment, ye Chen chose to absorb Xiao Qin's blood, awaken the source of divine fire and escape. The price is Xiao Qin's half dead appearance.

Looking at the beauty's bloodless cheek, ye Chen couldn't help clenching her fists: "too Yan Emperor!"

Rao uses Ye Chen's medical skills to connect with the sky, but he has lost his first opportunity. Now he does his best, and he also feels that there is no way to return to the sky.

"Reincarnation blood and the power of divine fire are too overbearing. Not only blood, but also half of the original power of the divine soul have been taken away..."

Ling'er also looked heavy. In this war, all three almost fell.

"There's another way!"

Ye Chen looked pale. Suddenly, he thought of something!

"Master Xiao..."

Thinking of the last straw to save Xiao prison, ye Chen no longer thought much, forcibly opened a touch of the power of the guardian's golden seal between the eyebrows, tried to communicate with the great demons in the abandoned territory, and the soul code respected the king Xiao prison!

"Stop quickly. You'll be well soon. If you forcibly urge the power of the guardian, something will happen!"

Ling'er anxiously blocked the way.

"Cough!"

At the same time, a sound sounded:

"What happened?"

.....

The bright red divine fire has been raging for a long time. At the moment, the city near Taiyuan is devastated, and the blood is scattered. The huge city in front of us is broken. If emperor Taiyan was not

afraid of some existence, he protected the city near Taiyuan with great magic power. Relying on the details of the three families, I'm afraid the city near Taiyuan would have become a fly ash.

"Ye Chen!"

An angry drink rang through the sky. Emperor Taiyan's face was green and was put together by Ye Chen again.

"Emperor, I'm going to arrest Ye Chen now!"

The voice in the dark sounded. At the moment, the holy fire of the near too city has dissipated, and they can start their next action.

"No, that boy has indelible fetters. The creatures in the nearby city still need to be comforted..."

"Subordinates understand!"

Emperor Taiyan did this to protect the city near Taizhi and protect countless creatures in it. Why not take the opportunity to build momentum and expand its influence

"I guess you will go there. At that time, I will kill you myself!"

Emperor Taiyan seemed to feel something and looked into the distance.

.....

The picture turns around and there is no way to die.

"I see!"

Xiao prison's face was not very good-looking. He learned all the story from ye Chen and ling'er, and then looked at his precious daughter Xiao Qin, who was on the verge of life. This great man was burning with anger at the moment!

"Elder... I... Failed to live up to the elder's entrustment and didn't take care of Xiao Qin!" Ye Chen scolded himself.

Ye Chen's voice was weak. He blamed himself for not doing what the man asked him to do.

"Boy, it's not your fault. It's a great fortune to escape from Taiyan's hands in the etheric realm!"

Xiao prison took a deep breath, restrained the agitation in his heart and said calmly to Ye Chen.

"Xiao Qin, she..."

Xiao prison frowned and said after a long time: "at the moment, I can't save qin'er. I can only temporarily seal her spirit and continue her life!"

"Only when we find the legendary blue cloud divine wood within half a year, can we hope to fight!"

The nearby spirit son's face sank: "green cloud divine wood? Do you mean the ethereal legend under the town soul abyss?"

A look of surprise flashed in Xiao prison's eyes. It was obvious that the little girl in front of him was not ordinary. She even knew zhenhunyuuan!

"Good! Only this thing can save qin'er!" Xiao prison turned his head and looked at Ye Chen. His eyes were calm.

Ye Chen nodded gently, "I'll go!"

"Do you know that it is said that the undead in zhenhun deep is extremely ferocious, which is better than the great devil suppressed in the desperate situation of death!"

"The green cloud divine wood is an ethereal thing in the legend. It is said that only when the evil spirit washes the heart, a wisp of budding divine wood will be born. It has not appeared in the world for thousands of years!"

Chapter 7526

Ling'er tried to dissuade Ye Chen, but ye Chen's eyes were frozen, waved his hand and motioned to ling'er to keep quiet:

"If you are linger, I will go without hesitation. No matter what Jedi or dangerous situation, I can't watch my friend die and do nothing!"

Ling'er trembled when he heard the speech and immediately said, "there's no way to take you, but there's another problem right now. Few people in the world know where zhenhunyuan is!"

Ling'er's clenched little fist slowly opened and added again: "even if I know the whereabouts, I will go with you. Under the town soul abyss, you will die faster without me!"

Ye Chen took a look at ling'er and then asked Xiao prison, "elder, do you know where the soul abyss of this town is?"

Xiao Gu shook his head and nodded again. After a few breaths, he said, "I can determine the whereabouts of this place through the soul code, but it will take some time."

"During this time, you deal with your own affairs first. When I determine the whereabouts, I will inform you. It won't be long."

Ye Chen thought about it. He had told Shen Tu Wan'er before that he couldn't wait too long. It's time to go back.

More importantly, his Shura soul path has not been refined. He even has many doubts about reincarnation Heavenly Sword. He should ask Ren extraordinary.

"Yes, sir!" Ye Chen nodded.

Xiao prison gave a light hum and immediately said, "qin'er's body, I'll take it back to the abandoned territory first. Be sure to remember that when I inform you, you have to go as soon as possible. You don't have much time. Once you miss it, don't mention the green cloud divine wood. The feather emperor is unable to return to heaven!"

Ye Chen nodded solemnly: "don't worry, at that time, I will bring the divine wood back!"

Wu Dao reincarnation map is in the world.

Xiao prison looked at his daughter's closed eyes and whispered, "Ye Chen has a good heart and nature. Everything is possible in him..."

.....

Ye Chen took a look at the nearby Taizhi city and went in one direction.

He had no idea what impact he had on the world by winning the reincarnation Heavenly Sword and escaping from the hands of the feather emperor and Wutian.

Maybe in the near too city and the heavenly palace, others won't care about it.

But for other places, this is undoubtedly an earthquake.

This escape behavior can be said to have been a great move of the unprecedented and the future.

And now the two world's top strength even started to send pursuers to catch Ye Chen!

If you tell this story to an unwitting person, you will scold that you are mentally ill.

The ancient emperor Yu Huang and the demon ancestor Wutian are both legendary figures. They are high above the world. How can they achieve such a level for a young friar in a too true state!

This is absolutely impossible!

But sometimes this is the case, which is often more absurd than legend.

In recent days, many families, sects and even a large number of scattered monks have felt unusual movements.

The people of the wanxu temple and the old alliance set out from two directions, like locusts crossing the border. It was dense and frightening.

In the world, many strong people came down from the high mountain where the wanxu temple was located, silent and sullen.

Where they passed, others stepped aside and dared not breathe.

In the lower boundary, on the edge of the dark forbidden sea, wave after wave of magic soldiers emerged.

They all look ferocious, ugly and carry endless evil spirit.

All the creatures within a hundred miles trembled and crawled on the ground, afraid to move.

They thought that it was the Shura monster of the old alliance who came out to look for food. They would certainly die and splash blood thousands of miles.

But those ferocious monsters who like to eat flesh and blood on weekdays have become a disciplined army.

And there is only one purpose.

That is to find the Lord of reincarnation! Even if the world of the heavens is turned upside down, it will not hesitate.

Some people were very curious and asked why the two forces fought so much.

After knowing the reason, there was both surprise and shock.

At first, they never believed it.

Except for the hostile forces of each other and the continuation of the war between the old era and the new era, no one deserves the action of these two forces, unless Hongjun's ancestor comes personally and wants to occupy the world of the heavens.

At that time, the feather emperor and the devil will probably consider joining hands.

But as time went on, the visions in the air became more and more intense.

The people were surprised that it was true that the two ancient emperors joined hands.

And the other party is the Lord of reincarnation!

After hearing the name of the Lord of reincarnation, they seemed to understand why the two high ancient emperors had to pull down their faces and destroy him at any cost.

The power of reincarnation can be said to come from different time and space. It has no root and no source. It is extremely powerful and controls the six ways of heaven and earth.

It is understandable that they want to get rid of the Lord of reincarnation.

Ye Chen is rushing from the city of near Tai to beimangzu, passing through the dark forbidden sea, and naturally finds the current situation.

He looked dignified, but he didn't expect to be serious.

I don't know what's going on with the demon emperor.

Just between Ye Chen's thoughts, the void fluctuated.

The void was torn open, and an extremely vast breath came here.

It's the demon emperor!

He was dressed in a black robe, and his breath was almost the same as that of the old League.

When ye Chen saw him, his face couldn't help changing.

"Why are you here?"

There are many doubts in Ye Chen's voice.

Chapter 7527

"That's what I should ask you. Your presence here is a time bomb."

After the demon emperor came, he immediately waved his hand and turned into a thin black gas. In the process, the strong black gas surrounded them all.

Ye Chen knows what he is doing. This is to cover up his existence with Jiuyou's breath.

"If there is this nine quiet momentum around us, it is difficult for the people of the old alliance to find our existence. After all, you have to go to beimangzu land."

I saw a faint black gas rising from the fingertips of the demon emperor covering the sky, which immediately turned into a magic shadow, rose to the sky and tore open a void crack.

"Let's go!"

The demon emperor immediately said.

In this way, it is much more convenient to avoid the presence of multiple breath at the same time, which is easy to be noticed.

They passed through the layers of emptiness and were far away from that place! Came to beimangzu land.

The two party only sent people to blockade the dark sea and escape from it, so that they could leave their eyelid.

The heavens are so vast that every region can be called vast.

Even if the two sides sent out, they could not specifically search all the areas.

"It's safe now. Where have you been these days? I went to beimangzu to find you. You're not here." Zha Tianmo emperor said.

Ye Chen didn't talk nonsense, so he told the story of the desperate situation of abandoning the world, killing the great emperor, as well as the near Taizhi city and Xiao Qin.

It would be best if the demon emperor of heaven covered knew about zhenhunyuán.

However, the devil emperor shook his head: "zhenhunyuán, I heard Wutian mention it, but I don't know exactly."

"How is your reincarnation Heavenly Sword handled? Is your combat power stronger when you master such powerful weapons?"

However, ye Chen sighed and said, "the reincarnation Heavenly Sword is extremely complex. It existed in another form before the ancestor of the sword God. It was born in the void, and even existed for a long time. Some of its secrets may be unknown to me in future generations!"

Ye Chen fell into thinking. If he had a thorough understanding of reincarnation Tianjian, he would not be angry with the emperor Taiyan in the nearby Taizhi city!

Then he went to meet Shen Tu Wan'er, ye luo'er, sun Yerong and others to report peace.

After everything is handled, ye Chen still decides to find Ren Feifan and ask him what happened.

At this time, Ren Feifan is cultivating in the cave. He has entered the key bottleneck period of the realm. If someone is here, he will be very surprised by the vision here.

Reincarnation flows, and the avenue is blurred.

Ren Feifan also entered a mysterious realm at this time. He was immersed in this for a time and failed to get away. He had almost no perception of the outside world.

I don't know how long my soul has been here.

When he slowly opened his eyes, a wisp of gold flashed.

His eyes are a vast starry sky, which has evolved everything in the universe.

When he reaches such a state of cultivation, he is his own Tao without borrowing any foreign things.

No matter how powerful an artifact is, it only plays an auxiliary role.

Ren Feifan gently spits out a mouthful of turbid Qi, has been locking his eyebrows, and stretches slightly.

The next moment his mind moved slightly.

Because someone is coming to his cave, even if he is thousands of miles away, he has been noticed by Ren extraordinary.

"This guy is back."

Let extraordinary mind move, fingertips on a space ripple.

For a moment, ten thousand lotus blossomed slowly.

Each lotus flower is a secret of heaven. It combines all the phenomena of the heaven and the world and enters Ren extraordinary's mind.

And he learned all the recent trends of Ye Chen.

When Ren Feifan opened his eyes again, he looked a little dignified.

In this case, ye Chen can still escape from Shengtian, and must be seriously injured.

When ye Chen came to the cave, Ren Feifan had finished his cultivation.

"Elder Ren, have you passed the customs?"

Ye Chen was surprised to see Ren Feifan, dressed in white, standing at the door of the cave waiting for him.

He originally wanted to wait here for a few days, but now it seems that he doesn't need it.

The demon emperor who covered the sky also bowed.

After all, Ren extraordinary is one of the top powers in the world. He is likely to master the heavens in the future, and he is also the protector of Ye Chen.

"You've been breaking through customs everywhere recently, and your strength has made a big breakthrough. It's very good!"

Ren extraordinary nodded and said with a smile.

During this time, ye Chen has experienced many dangers, but every time he can successfully escape and enhance his strength.

Now ye Chen has more and more wings and no longer needs his protection everywhere.

This change makes Ren extraordinary quite gratified.

Any top power in the world comes step by step from the crisis.

Talent and strength are important, but mind is also indispensable.

Any martial artist who has reached the peak of cultivation and looks high at the world is indifferent and firm as a rock. Foreign objects cannot be easily shaken.

Mount Tai collapses in front without changing color, and heaven and earth disappear in time without panic.

This is the gap between the top strong and the ordinary martial arts!

According to Ren extraordinary, ye Chen's current mind is becoming stronger and stronger. He doesn't panic in case of trouble. Even in the face of a desperate situation, he also has the courage to fight to the death and sink the boat.

A person's inner strength is often shown outside and complements his own strength.

Hearing this, ye Chen had to smile bitterly.

From the abyss world to the sea of reincarnation, and then to the city near the Pacific, he has indeed experienced many hardships, fighting and killing without stopping.

Every time he fought, he did his best and used the most powerful moves.

After that, his understanding of the moves also increased.

Only by constantly tempering and fighting, can we improve our strength and understand the myriad ways of the heavens.

"Use the holy fire as little as possible. Even if you want to use it, you have to wait for Yan Xuaner to refine it completely."

"By the way, have you got the reincarnation Heavenly Sword?"

Ren extraordinary asked.

"Here."

Ye Chen took out the sword of Zang Feng. It was dark gold all over. It was broad in appearance and exuded great prestige.

But at this time, ye Chen was in a deep sleep. He could not wake it up by pouring reincarnation blood into it.

"Master, although I have obtained the reincarnation sword, there seems to be some deformities in such rules."

Ye Chen said his judgment.

Ren extraordinary nodded.

"The rumored reincarnation Heavenly Sword exists in the limit. Only when every reincarnation LORD goes to look for it, can he find it. The rest of them can't spy on the secret of heaven."

Ren Feifan said slowly.

Ye Chen got the reincarnation Heavenly Sword, but he couldn't exert one ten thousandth of its power. I'm afraid it's because of the lack of Tao Yun rules.

Ye Chen was also deeply interested in this. He had discovered the secret of reincarnation a long time ago and found the existence of reincarnation holy soul day.

Chapter 7528

Thus, it also leads to the first artifact independent of the thirty day supreme artifact, which contains a very powerful power.

Most importantly, this reincarnation holy soul heaven is tailored for the Lord of reincarnation, which can be said to be one of the important tools for the Lord of reincarnation to dominate the heavens in the future.

The demon emperor stood aside and listened quietly. He couldn't help sighing that the luck of the Lord of reincarnation was really against the sky.

Ren Feifan said, "your reincarnation holy soul heaven has the most magnificent vast mana in the world. If you can't complete it, I'm afraid you can't give full play to the extreme of reincarnation blood and body to fight against the strong in the sky."

Ye Chen also knows the key, so he comes over now and asks Ren extraordinary for advice.

The cultivation methods of practitioners can be divided into physical cultivation and soul cultivation, but no matter which one, they can't escape the restriction of the avenue of heaven and earth.

Physical cultivation is also divided into Qi refining and body refining, which can be roughly called this way.

Between heaven and earth, the most prosperous way of cultivation is Qi refining.

The four top powers in the world today are all refining Qi.

Only through these cultivation methods can we climb to the top of the heavens and connect with the outside world.

The other kind of body refining is based on the body, needs the assistance of many talented earth treasures, and has to be polished constantly to make the body complete step by step.

Among the ten thousand ways in the heavens, physical cultivation is the most difficult.

But if you succeed in cultivation, you can ascend to the heavens, which is for the emperor.

In ancient times, there was a Tixiu who relied on the powerful golden light holy body to fight all over the famine. At that time, he even had the power to fight with Hongjun's ancestors and Wuzu.

But such examples are extremely rare.

Soul cultivators take a special road. During the period of refining the soul, they can ignore the barrier between reality and spirit and shoot at will, so that the enemy can't see through and touch.

The reincarnation holy soul day is aimed at the cultivation of the soul!

Soul cultivation pays attention to talent. If you have no chance, even if you devote your whole life to this way and study hard, you will not become a great weapon.

At the beginning, ye Chen didn't study the way of soul cultivation too much. After all, he majored in Qi refining and supplemented by body refining. The two complement each other and make him extremely powerful.

But later, the appearance of reincarnation holy soul day gave him a new insight.

Reincarnation holy soul day is an introduction, which can develop the soul potential hidden in Ye Chen's body.

And reincarnation blood is his best talent!

If the two can be combined, they must complement each other. The reincarnation holy soul day will stimulate the limit of reincarnation blood to the greatest extent and make ye Chen's soul power reach the peak.

The demon emperor was shocked when he heard their explanation.

He can't imagine what level Ye Chen's future strength will reach, or there is no upper limit.

The characteristic of reincarnation blood is that there is no upper limit, because it is beyond the six Tao, is not controlled by heaven and earth, and even heaven and earth can be reversed.

Such blood power is enough to frighten any opponent.

Ye Chen has collected some reincarnation holy soul days. The soul power born by Ye Chen feeds his body, which has made Ye Chen feel a lot.

As the ultimate soul power, the reincarnation holy soul heaven is the first artifact in the heavens, which is extremely powerful.

The Lord of reincarnation in his previous life only got the picture of green falling and yellow spring, a derivative of reincarnation, and did not touch the holy soul day of reincarnation at all.

In this life, he has mastered part of the reincarnation holy soul heaven. If he talks about the achievements of the soul, he will certainly surpass the previous life.

The reincarnation masters of previous generations seem to have emerged at the historic moment with unique talents, but they are actually limited by the rules of heaven. They have died before the big plan is completed!

Ren has extraordinary strength and knowledge. He has heard of many ups and downs in the world of heaven since ancient times.

Heaven is divided into six ways, which corresponds to the meaning of six samsara, and thus evolved into specific things, which are the six fragments.

These six fragments have been reduced to the world, almost isolated from all prying eyes of the outside world. For thousands of years, no one can find them.

It is these six fragments that show the ultimate meaning of the six Tao of samsara.

As the Lord of reincarnation, ye Chen can awaken the reincarnation soul in the ultimate sense once he thoroughly refines the reincarnation holy soul heaven, which is enough to dominate the heaven and the world in the field of soul.

Of course, the hegemony here refers to the detachment of the soul, not the strength in reality.

For example, ye Chen still has a long way to go to achieve the combination of aura and soul and become the first person in the world.

It can be said that this road is customized for ye Chen. Others can't go if they want to go. Whether it is reincarnation holy soul day or reincarnation Heavenly Sword, only when they are in Ye Chen's hands can they burst out the strongest power.

"Let me see what the problem is."

Ren's extraordinary soul power just broke through a step.

His eyes were as bright as fire, emitting a burning meaning, as if they could penetrate ancient and modern times and reach the distant void.

And there was a kind of intimacy between this reincarnation Heavenly Sword and him.

Perhaps because ye Chen is the Lord of reincarnation, and Ren Feifan is the protector of reincarnation, naturally stained with some reincarnation cause and effect.

Therefore, the reincarnation Heavenly Sword just flashed across a wisp of surface. After streamer, it returned to calm again.

Ren Feifan differentiated a wisp of divine thoughts and entered it along the lines on the reincarnation Heavenly Sword.

The world in front of him suddenly became open. It seemed that he came to an endless snow field, covered with silver and snow. He couldn't see the end, and the distant horizon was far away.

Ren extraordinary's heart was a little curious. He directly scattered this wisp of mind. As a blocked ice and snow world, he immediately split into two.

Then, Ren Feifan saw the soul appearance of reincarnation Tianjian.

In other words, this is the origin of the rules of reincarnation Tianjian, which is independent of the heavens. It is like a white fog.

Ren extraordinary's eyes touched the origin of reincarnation Heavenly Sword and got a response in a moment.

The surging soul power suddenly surged out, and he was surprised.

"Although you are the power of reincarnation, you can't shake me at this time, okay?"

After Ren Feifan was slightly surprised, he smiled, and then a giant whale turned into light blue spiritual power and poured it into it, causing a violent collision with the soul power of reincarnation sky sword.

This can be regarded as repression in the realm.

Reincarnation Heavenly Sword no longer resists.

Ren Feifan also saw clearly the internal scene of reincarnation Tianjian. Six areas with different colors were merged into a roulette, standing faintly between heaven and earth.

This is the soul of reincarnation sky sword!

However, there are three areas that are vacant. They are vast and white, which is particularly abrupt.

See here, Ren extraordinary understood.

Chapter 7529

Ren Feifan once came into contact with reincarnation Heavenly Sword, and now he has personally explored it. He found that reincarnation Heavenly Sword is not complete and lacks three sword souls. A complete reincarnation Heavenly Sword has six sword souls.

God sword soul, ghost cutting sword soul, human sword soul, beast sword soul, Shura sword soul and Jiuyou sword soul correspond to six.

The six sword souls of this reincarnation Heavenly Sword are similar to the reincarnation holy soul sky. Their names are somewhat similar and different.

But the reincarnation of the holy soul is the lack of Tao rhyme rules, and here he is, the soul of the sword body is incomplete.

After Ren Feifan's explanation, ye Chen immediately understood.

It turned out to be so. In a sense, reincarnation holy soul heaven and reincarnation Heavenly Sword are integrated and inseparable.

The reincarnation masters of previous generations failed to successfully control the reincarnation Heavenly Sword, which is related to this, because they did not integrate the reincarnation holy soul into the soul.

The incomplete sword souls are the spirit of heaven, the soul of Shura and the soul of Jiuyou!

Ye Chen wants to find all the three incomplete sword souls, so as to make up for the incomplete Dao Yun of reincarnation Sky Sword and give full play to its power.

In addition, there is another way to make the power of reincarnation sky sword to a higher level, and even break the limitations of the real world.

That is to complete the reincarnation holy soul day first and display the strongest blow in the form of alternative integration of the two.

In this way, all things in the world will be shocked and awed. Even the most powerful forces and clans will bow down and submit to the throne.

The opportunity to open a new era may lie in the Lord of reincarnation.

Ren Feifan knows exactly what this means.

No wonder the two old guys tried their best to find Ye Chen even if they did not hesitate to send out zongmen troops.

This kind of talent and mind has far exceeded the reincarnation Lord of previous generations. Coupled with incredible opportunities, it is enough to go down in history!

After saying this, Ren Feifan patted Ye Chen on the shoulder and said in earnest: "as your protector, I have always treated you like relatives. As long as I am here one day, I will try my best to protect your life."

Although Ren Feifan was born in the Ren family and had outstanding talent since childhood, he was only regarded by the Ren family as a tool to converge his fame.

In that huge family, he did not feel any warmth of family affection.

Therefore, when he rose, he fled Ren's family and experienced many hardships. Now he has become the top strong man in the world without fear of any opponent.

He is qualified to say to Ye Chen, protect your life!

Therefore, Ren extraordinary would say these words to him.

This is why he is willing to help Ye Chen.

After all, there are not many people he can trust between heaven and earth, and ye Chen is one of them.

Ye Chen also came here and entered a mental space.

It is a void place built by Ren extraordinary, which can peep into space.

The scene in front of him changed slowly until it turned into a shadow.

It turned out that Ren Feifan took his soul into a space built by reincarnation Heavenly Sword!

In this space, he could clearly see that the three areas in the wheel were defective.

"I see..."

Ye Chen whispered and suddenly realized.

If you want to give full play to the full power of reincarnation sky sword, you must repair all the other sword souls.

A sword should have only one soul, but reincarnation Heavenly Sword can accommodate six souls. It's terrible.

Unfortunately, those sword souls are still missing!

When ye Chen made contact with the reincarnation Heavenly Sword, he immediately rolled up a thousand storms.

Space turbulence, suddenly roaring non-stop.

That is the effect of forcibly driving this heavenly sword.

Ye Chen's body suddenly shook.

Because he felt the connection between the Heavenly Sword and his soul power, which had a lot of resonance.

Reincarnation Heavenly Sword is connected with his blood, but it can't exert its real power because of its own deformity.

The turbulent flow of space, formed in horror, contains a strong reincarnation majesty.

Ye Chen quickly controlled the reincarnation blood in his body to prevent it from producing greater vibration.

Ren Feifan and Zha Tianmo emperor felt the flying void turbulence, and vaguely seemed to form a symbol of reincarnation. They were indeed shocked.

As expected, only the Lord of reincarnation can carry the power of reincarnation. If others try, I'm afraid they will burst their flesh and soul in an instant.

Ren extraordinary's vision is so sharp that he can see that the resonance between Ye Chen and reincarnation has reached the degree of blood connection.

As long as you can find the remaining soul of Tianjian sword, you can complete the integration.

However, there was no news of reincarnation of the soul of Tianjian sword here, so he couldn't help frowning.

At this time, the devil emperor spoke.

"I may know the whereabouts of the soul of one of the reincarnation heavenly swords."

As soon as this word came out, ye Chen immediately looked at the past and looked surprised.

The devil emperor continued: "I have been staying in the old Alliance for a long time and devoted myself to cultivation. The devil Zu wudian has given me greater authority, so I can visit all parts of the old alliance."

"One day, I went to the forbidden area in the depths of the old alliance. It is said that the treasure hidden by the demon ancestor Wutian was sealed there. Ordinary people can't wait to get close."

"I went there when I was unattended! I noticed a very special breath, which was very similar to the incomplete force in the reincarnation sky sword, and it happened to be a sword! I doubt that the sword soul was hidden in it for some reason."

The demon emperor recalled.

Hearing the speech, Ye Chen immediately brightened her eyes, but soon fell into thinking again.

"The place where the heavenly treasure is located is in the old alliance. I'm afraid it's hard to enter!"

Ye Chen thought that Wutian was not a good stubble.

If you rashly enter the old alliance, I'm afraid you will be noticed at the first time.

It's like a sheep into a tiger's mouth.

The devil emperor was silent for a long time, and then said, "the devil didn't know that I came here to save you. Maybe I can try."

"How to try?"

"I will go back to the old League and continue to practice, and then say that I have encountered the bottleneck of magic skill. If I want to continue to improve my strength and expand my soul cultivation, I must absorb stronger soul power!"

After meditating for a long time, the demon emperor opened his mouth and said.

Ren Feifan said: "this is also a good way! However, the devil Zu wudian is suspicious and may not believe your statement."

"Well, I can leave a wound in your body. When you talk to Mozu Wutian, you talk. This is caused by the explosion of your original Qi in the process of cultivating magic skills. If Mozu Wutian wants to save your container, he will find a way to cure it."

Ren Feifan plans to help him hide the truth.

As soon as the emperor heard this, he thought it was feasible, so he nodded and agreed.

Chapter 7530

"OK! Thank you for your help! When you drive the demon ancestor Wutian, I will take ye Chen to the place of Wutian treasure to find the lost sword soul."

The demon emperor said sincerely.

Ren Feifan smiled: "it should be ye Chen who wants to thank you. You have helped him a lot all the time."

Ye Chen was slightly moved when she heard the speech.

He and Zhetian demon emperor are really close friends. They can do everything for each other and go through fire and water.

He risked falling, desperate to save the demon emperor.

Later, when he was in danger, the devil emperor who covered the sky became the puppet of the devil's ancestor as a sacrifice, so he saved him under the enemy's hands.

This kind of friendship has gone beyond the general morality and can be learned from heaven and earth.

The demon emperor took out a talisman and injected magic Qi into it.

Immediately, in front of him, the space slowly twisted, and inexplicable dark forces poured out of it, forming a channel.

"Take this magic bead and I will summon you no matter what happens."

Before leaving, the demon emperor of Zhetian gave Ye Chen a magic bead and left with him even if he stepped into the void.

And Ren Feifan and ye Chen stay in this cave and practice at ease.

During this period, Shen Tu Wan'er also left and returned to the supreme world.

But if ye Chen had an accident, she would come at the first time.

Sun Yerong also entered the valley of flowers and went to find his own way.

Three days passed in a flash.

Ye Chen's magic bead on the stone table suddenly moved twice, and then sent out a faint dark brilliance.

The demon emperor of the sky is coming!

Ye Chen grabbed it into the palm of his hand, and the wisp of black gas entered his mind along his arm.

Hula.

A row of words appeared in front of Ye Chen. It was the demon emperor who covered the sky telling him that the demon ancestor Wutian had agreed to enter the depths of the forbidden area.

Ye Chen was immediately delighted.

Since the demon emperor has obtained the clearance permit, then he will hide his breath and sneak into the territory of the old alliance.

Only in this way can we go deep into the forbidden area and seize the treasure.

"Elder Ren, is there any way for me to enter the old alliance without being discovered by the devil?"

Ye Chen couldn't help asking.

Ren Feifan smiled calmly. He pointed to the sword lying in the corner and said, "reincarnation Heavenly Sword is one of the best hidden artifacts in the world. Otherwise, how do you think it has been hidden for so many years without being found!"

"As long as you take this sword, you can sneak into the territory of the old alliance. Just remember, don't use reincarnation blood before you enter the treasure."

Ye Chen nodded, prepared, and set off for the old alliance.

This time, he went to battle alone.

Tearing the void, ye Chen came to the dark forbidden sea, the inner sea, outside the territory of the old alliance.

His sea area is about a thousand miles away from the territory of the old alliance.

The sea is vast. Standing where ye Chen is, you can also vaguely see the outline of the old alliance. All kinds of towering palaces, ancient buildings and bright Fairy Magic aura are shocking.

Ye Chen doesn't dare to get too close to avoid being found.

He used the reincarnation Heavenly Sword to hide his good breath. At the same time, he offered the magic bead to contact the demon emperor who covered the sky.

After a while, the void cracked and crows emerged, fluttering their wings and quacking.

The figure of the demon emperor appeared surrounded by crows.

"Master devil!"

Ye Chen said hello, but saw the face of the demon emperor covering the sky, with some shadows. It seemed that there was something to worry about. He hurriedly asked, "elder demon emperor, what's the matter?"

Ye Chen is only worried about what happened.

With a faint smile, the devil emperor covered the sky recovered his composure and said, "everything is going well. The devil Zu wudian has promised me to allow me to enter his treasure house. You can go in with me disguised as my servant."

Ye Chen vaguely felt wrong. The demon emperor must have something to hide from him.

However, since the other party didn't say, he didn't ask much, so he nodded and said, "OK."

Using the eight trigrams heaven pill technique, ye Chen changed her face directly, pretended to be a servant and followed the demon emperor.

The devil emperor of the sky tore the void and took Ye Chen directly into the old alliance.

After a whirl, ye Chen fell on the ground, down-to-earth, and there was a strange scene in front of her.

Ahead is a large steep mountain range, surrounded by infinite devil Qi, just like the world inhabited by demons. The Yin wind roars, thunder roars, and the environment is very bad.

At the entrance of the mountain, between the two mountain walls, there is a huge portal.

The portal is gilded, full of treasure and fairy machines, which is incompatible with the evil world behind the portal.

"Here is..."

Ye Chen's eyes widened slightly.

"This is the forbidden area of the old alliance. It is the treasure house of magic ancestor Wutian. It collects many natural and earth treasures and various rare secrets. No one can get close to it except magic ancestor Wutian himself."

"This time I paid a little price to invite the demon Zu to allow me to enter the forbidden area without God's permission."

The demon emperor slowly said.

"A little price?"

Ye Chen looked at the expression of the demon emperor, and always felt that things were not simple.

"Come on, let's go in."

"There is one of the soul of reincarnation sky sword you want to find, which is collected in it."

The demon Emperor didn't explain much and took Ye Chen forward.

Ye Chen's heart jumped, hoping to find the soul of reincarnation Tianjian.

Now the reincarnation Heavenly Sword itself already contains three sword souls, including the Heavenly God, Shura and Jiuyou. I don't know what kind of sword soul is hidden in the magic ancestor's no heavenly treasure library.

The soul of reincarnation Heavenly Sword is a rare treasure, which is collected by the devil ancestor wudian. It can be seen that it has rich inside information.

Ye Chen followed the demon emperor to the entrance of the mountain.

The evil Qi here is more intense, and the Yin wind calls, but there are many immortal lights in the endless evil Qi.

The numerous immortal lights come from the huge portal built near the mountain.

Suddenly, the door roared and shook, and an old voice came from inside: "son of the devil emperor, forbidden area of the old ancestor, please stop."
