### Chapter 7531

Emperor zhetien bowed his hand and said, "immortal elder, I have obtained the permission of my ancestors to enter the forbidden area."

"I accidentally had an accident when practicing martial arts and hurt the source. I need something in the treasure house to heal the injury."

The voice said, "you can go in, but the people around you can't."

Ye Chen felt a chill in his heart. He only felt that there was a look staring at him. The majesty of the door was extremely majestic, which made him feel suffocating.

The demon emperor's face remained unchanged and said, "this is my servant. I need someone to look after one or two. Please forgive me, immortal elder."

The voice was silent for a while and finally said, "well, I will accommodate you once, but you should remember that you can't touch anything in the treasure house except the thing you need!"

"Also, remember the promise you made to your ancestors. When your injury recovers, you will go to the world of Taishang."

"Naturally, I understand," said the demon emperor

The voice said, "OK, go in."

The voice fell, and the huge door opened with a click.

With Ye Chen, the demon emperor of heaven covering stepped into the forbidden area treasure house.

Boom!

After the two entered, the door closed again.

Ye Chen was shocked when he heard the dialogue between the devil emperor covering the sky and the voice, and said, "elder devil emperor, what did you promise to the devil ancestor Wutian? Are you going to the world?"

The world is extremely complex. I'm afraid it's inappropriate for the emperor of the devil to go at this time.

Ye Chen vaguely guessed that in order to enter the forbidden area, the devil emperor must have agreed to some terrible request.

The demon emperor smiled and shook his head and said, "later, look for the sword soul you want first." Then he took Ye Chen forward.

Ye Chen's face sank and knew that the devil emperor was carrying a major cause and effect, but the devil Emperor didn't say, he couldn't help anything.

The two of them walked forward all the way. Ye Chen looked back at the huge door behind him, which was full of gold and color, and asked, "what magic weapon is that door? It's so powerful..."

The devil emperor said, "that's the supreme artifact of the thirty-three days. It's one of the nine gates of the flood and famine. It's called the gate of eternal life."

Ye Chen was shocked: "the gate of eternal life?"

The demon emperor said, "well, among the nine gates of the flood and famine, the gate of eternal life can be said to be the most powerful existence. It is immortal. It has never been worn since the birth of the flood and famine era."

Ye Chen frowned and nodded, indeed.

Among the nine gates in the wilderness, he has seen the gate of all evil, the gate of rosefinch, the gate of xuanzun and so on, with more or less signs of wear and tear.

But the door of eternal life is brilliant, immortal, and there is no sign of damage.

"The gate of immortality represents the immortal spirit of immortality, glory and immortality. For some special reasons, this gate has given birth to an instrument spirit, called the Lord of immortality."

"The immortal Lord can be said to be the hidden elder of the old alliance and one of the top secret cards. In fact, his strength is enough to rank among the top ten experts in the world. The demon ancestor wudian has never used it."

The demon emperor explained slowly and told ye Chen the mystery of the old alliance.

Ye Chenda was shocked. He didn't expect that the old alliance still had this card. It seems that the evil ancestor has no innocence. There is a hidden elder behind him, the Eternal Lord!

The world's top experts, the feather emperor and the ancient emperor, Ren extraordinary, the devil's ancestor, the supreme daughter, the heavenly principle and so on, followed closely by all the top powers in the world.

The immortal Lord, among the experts in the world, can actually rank among the top ten, which shows the terrible strength.

Ye Chen is deeply worried. He really doesn't know how many cards the devil ancestor has. It's not easy to destroy the old alliance?

"Don't think too much. Get the sword soul first."

"As far as I know, reincarnation Heavenly Sword has a spirit of Heavenly God sword, which is hidden in a sword."

"The broken sword is deep in the forbidden area. I'll take you to find it."

The demon emperor in the sky motioned Ye Chen not to think. The most important thing now is to find the sword soul as soon as possible.

"Yes."

Ye Chen nodded solemnly, and they went on.

The forbidden area is full of evil spirit, and the wind is rolling. There are many fierce animals and Demons dormant in it.

When ye Chen and the demon emperor were marching, those fierce beasts and Demons attacked them like crazy.

Fortunately, with their current strength, they are naturally not afraid.

Ye Chen didn't have to do it. The emperor of the devil in the sky solved the danger. Crows flew all over the sky, setting off the magic Qi around them, forming a rather strange picture.

Ye Chen looked around and saw that in this harsh environment, there were many natural and earth treasures, as well as many ancient secret scripts, which were engraved on barren mountains and streams, where countless pills were stored, and there were treasures everywhere.

However, the Lord of eternal life warned that the demon emperor was not allowed to take anything except the broken sword.

Therefore, ye Chen also endured the mood of seizing treasure and kept calm.

Suddenly, ye Chen's eyes were attracted by a treasure in the distance!

In the distant void, a page of paper was suspended.

On the surface of that page of paper, there are prohibition chains, which are very simple and vicissitudes.

When seeing that page of paper, ye Chen's heart was touched.

Although it's not the page of tianwu Wolong Sutra! But it contains extremely powerful martial arts.

Ye Chen never thought that there was something similar to tianwu Wolong Sutra in the world.

Presumably, the existence of creating that page of martial art paper will not be much weaker than the martial ancestor in those years.

Looking at that page of Scripture, ye Chen was a little excited.

If you can snatch a page of martial arts, his cultivation can definitely advance by leaps and bounds.

"Don't be impulsive."

The devil emperor saw Ye Chen's idea and said coldly.

"Cough... I know."

Ye Chen coughed and restrained her thoughts.

Although he wants to seize this thing, the immortal Lord is watching behind this forbidden area. If he dares to do it indiscriminately, I'm afraid he can't go out alive today.

Ye Chen had no choice but to give up and follow the demon emperor to move on.

Finally, they came to the bottom of a cliff.

Looking up, I saw a broken sword, which was inserted upside down on the top of the cliff, and there was a trace of magic gas.

"This broken sword is called Xiaolou sword. The soul of a Heavenly Sword is hidden in it."

The devil emperor held out his hand, his bony palm released a wisp of evil Qi, turned into several crows, flew to the top of the cliff, took down the broken sword and handed it to Ye Chen.

"Xiaolou sword?"

Ye Chen took the broken sword and gently stroked the body of the sword. He only felt a strong evil spirit. The surface was surrounded by black fog, but he didn't catch the weather of reincarnation.

"Well, this sword comes from the supreme world. It is the supreme source soldier. Its cutting edge is second only to the eight heavenly swords. It is divided into male and female swords. The female sword is named Xiaolou and the male sword is named Tingyu."

Chapter 7532

"In the old battle for hegemony, the female sword building was destroyed, and the demon ancestor Wutian sealed the spirit of the God sword in it. He thought that when he captured the reincarnation sky sword, he would integrate the spirit of the sword."

"However, if you take away the reincarnation Heavenly Sword, the soul of the sword will lose its function to the devil Zu Wutian, so he is willing to give it to me to heal my wounds and restore my origin."

The demon emperor smiled.

"Ha ha, so I've been wandering around. The soul of the God sword finally fell into my hand."

Ye Chen stroked the body of the sword and couldn't help smiling. He didn't know what expression the devil Zu wudian would have when he knew the news.

Or does Wutian already know everything?

But this is also part of his layout?

"This sword has been kept in the forbidden area for many years. It has accumulated too much magic Qi. As long as you melt all the magic Qi, you can see the origin of the reincarnation sword soul. You can refine it slowly."

Zha Tianmo emperor said.

"OK."

Ye Chen nodded.

"Let's go. Don't delay here too long, otherwise it's bad to be found. Once the people of the old alliance find you, ye Chen is here. You don't need the devil's father's boundless hand. He can kill you with one palm, the guardian and Eternal Lord of this place."

The sky covering demon emperor looked dignified.

Ye Chen felt the strength of the Eternal Lord in his heart.

The Lord of immortality is the spirit of the gate of immortality. From the old times, even the flood and famine era where Hongjun's ancestors lived, it has continued to today. With its strong strength, it can be imagined that it is definitely a super overlord!

Such a strong existence, of course, is not something Ye Chen can contend with at the moment.

At that moment, ye Chen left the forbidden area with the devil emperor covering the sky.

They left the old alliance and came to an isolated island in the dark forbidden sea.

There are simple and crude buildings on the island. The demon emperor of Zhetian settled down with Ye Chen and said, "you cultivate here, refine the magic gas of the broken sword as soon as possible, and absorb the soul of the God sword. I have to take back the broken sword. After all, it is something from the old alliance. Even if it becomes waste, it is not allowed to flow out."

Ye Chen's eyes coagulated and said, "OK! I'll do it as soon as possible."

The devil emperor nodded and said, "practice first. I'll go out."

Ye Chen vaguely noticed that it was wrong and stepped forward: "elder devil, where are you going?"

The demon emperor stopped for a moment. Finally, his voice said with a trace of desolation, "too much of the world."

Ye Chen was shocked and wanted to ask something, but the demon emperor had gone away with the wind and disappeared.

"The elder devil emperor wants to go to the world. It must be the intention of the devil ancestor. What does he want to do?"

Ye Chen clenched his fist and worried about the demon emperor.

He didn't know the truth and couldn't help.

In desperation, ye Chen had to stay on the island, sat down cross legged, took out the broken sword of the small building and began to refine the magic Qi above.

.....

At the same time, after the demon emperor covered the sky flew out, he used the soul seed in his body to communicate with the demon ancestor Wutian and said, "Lao Zu, I'm ready to go to the world."

The voice fell. After a long time, the demon emperor covered the sky knew the sea and sounded an old and distant voice, saying, "you've hurt your origin by practicing kung fu. Don't you heal it first?"

It was the devil who spoke.

The demon emperor said, "I've got the broken sword. It doesn't hurt to heal later. I promised you to do it naturally."

The devil Zu wudian smiled and said, "well, you are really cheerful. I don't ask too much. I just want to control your body once and take you to Taishang world. I won't hurt you."

Hearing this, the devil emperor sneered.

Isn't that too much?

You know, if his body is controlled by the magic ancestor, it is equal to accelerating the soul species and will be taken away faster!

In fact, the devil emperor also hesitated, but in the end, he agreed for ye Chen.

As long as he agreed to this condition, Mozu had no genius to open the forbidden area and let him go in to get the treasure.

"Grandpa, you should also remember your promise. After controlling my body, you are not allowed to do anything harmful to heaven and justice. Don't get me into any blood sin."

The demon emperor slowly said.

"Don't worry, I won't do that. Your body is my body. Will I infect myself with cause and effect?"

Wutian smiled, and then released a powerful mind to occupy the body of the devil emperor.

As soon as the emperor of the sky covering demon gnawed his teeth, he finally kept his promise and let go of all the restrictions on his body. He didn't stop anything. He let the demon ancestor have no heaven and control his body.

"Hahaha..."

As soon as the devil Zu wudian controlled the devil emperor's body, he couldn't help laughing, bright and happy.

Even with his steady and calm character, it is difficult to keep calm after getting the control of the devil's body.

This is his most coveted body!

Brush la la!

After the devil Zu wudian took control of his body, the infinite devil Qi burst, and thousands of crows fluttered up, which was spectacular.

Then, the devil Zu Wutian returned to the forbidden area and came to the gate of eternal life through the body of the devil emperor.

The immortal light of the gate of eternal life vibrates, showing a figure wearing a sun and moon robe, with Hefa Tongyan, and a body as warm as jade, containing immortal weather.

It is the spirit of the gate of eternal life, the Lord of eternal life.

"I've seen my grandfather!"

The Eternal Lord respectfully bows to the demon ancestor Wutian.

Although the body in front of him was the devil emperor covering the sky, he could clearly feel that it occupied the consciousness of initiative and belonged to the devil ancestor Wutian!

Chapter 7533

"Well, elder, I want to go to Taishang world. Please make it convenient."

Mo Zu wudian smiled and explained his intention. He wanted to go to the world. Naturally, he had many means.

Among many means, the safest one is to rely on the gate of eternal life!

Using the eternal gate to transmit, you can ensure that your breath is absolutely hidden and will not be detected by the people in the wanxu temple.

"You're welcome, please!"

When the immortal Lord heard that the demon ancestor Wutian said he was going to the world, he did not show the slightest surprised expression, nor did he ask more.

Immediately kneaded a Dharma formula, the immortal light of the gate of eternal life vibrated, and then roared into the cave.

The door of eternal life after opening is not to enter the forbidden area, but directly to the supreme world!

Seeing the world behind the door, the demon emperor of Zhetian was full of aura and colorful. He was secretly surprised. He didn't know that the demon ancestor had no heaven. He wanted to take him to the world of Taishang.

"Well, I've been away for a few days. If anything happens, please make a decision on my behalf."

The devil Zu wudian is also very polite to the immortal Lord. Obviously, the identity of the other party is not simple.

The immortal Lord was flattered and bowed his hands and said, "my grandfather's words are serious. I will be the old alliance and orthodoxy. I won't hesitate!"

The devil Zu wudian nodded and stepped into the gate of eternal life and directly transmitted it to the supreme world.

For example, the stars change, the sun and the moon change, the rivers and mountains change, and the years pass. The demon emperor who covers the sky feels that the spirit shakes and stays mentally stable, but he finds that the demon ancestor has no heaven, has controlled his body and set foot on the territory of the world!

There is no doubt that the aura of the supreme world is much stronger than that of the lower world. Just one breath can make you feel relaxed and happy.

"This is the ultimate of cultivation, the supreme world pursued by countless practitioners!"

With a sigh, the demon emperor could feel that the law of the world was much stronger than that of the lower world.

In the world below, the strong enough to crush the stars may only reluctantly destroy a mountain when they come to the world above.

Because the law of this world is much stronger and stronger than the lower bound, and it is not so easy to break.

"Go, I'll take you to a place."

With a smile, the demon ancestor tore the void and controlled the demon emperor's body to leave.

The law of the supreme world is firm, and the law of space is like an iron plate, which is difficult for ordinary people to break. However, the demon ancestor has no heaven, but it easily tears the void. It can be seen that his cultivation is powerful.

After tearing the void, the demon ancestor Wutian came to the sky over a mountain range.

That mountain range is full of people. There are ancient Taoist palaces everywhere. Immortal birds and animals move around, clouds soar, and powerful figures sit on the major Immortal Mountains. Among them, there are many strong people at the level of heavenly monarch, and even boundless territory!

When the divine emperor preached, the immortal spirit gushed, the lotus flowed everywhere, the scriptures of the avenue vibrated in the void, and the sound of immortal music and wonderful principles continued to be heard.

Seeing this, the demon emperor of Zhetian was secretly shocked. I don't know what force this is. The inside information is so powerful.

"This place, named Jianmen, is one of the powerful forces in the supreme world. Although it is not comparable to the wanxu temple, it is also enough to dominate one side and break through the ages in the supreme world."

Mo Zu wudian smiled, with a trace of pride in his voice.

"Sword gate?"

The demon emperor was shocked. There are so many experts in the world. It is not easy to open a mountain and establish a family, or even dominate one side in this highly competitive world.

This sword sect, which can do this, is absolutely strong in strength and inside information.

The demon emperor who covers the sky does not doubt that the demon ancestor has no heaven, because there are dozens of super strong people he can sense, let alone the power hidden in the dark.

"This sword sect is the power cultivated by your ancestors?"

The demon emperor asked in a deep voice.

"Hehe, that's right!"

"Just like the Lord of reincarnation, he secretly cultivated the yin-yang temple."

"At the end of the endless years, our old alliance secretly cultivated a top secret force, which is the sword gate you see."

Mo Zu wudian laughed and then said:

"To be exact, I didn't cultivate this sword sect, but my senior brother secretly supported it."

"Your elder martial brother? The old lord Wu Jue Shen!"

The demon emperor was shocked. Unexpectedly, behind the sword gate, there was the cause and effect of the old lord.

The devil Zu wudian said, "that's right! My senior brother had expected that he might lose the battle for hegemony, so he cultivated a force in advance and hoped to have a chance to make a comeback in the future."

"This force is Jianmen!"

"Now, the sword sect is completely under my control. Outsiders don't know their identity. They just think it's an ordinary sect."

The devil emperor of Zhetian was even more surprised when he heard this. It turned out that the sword gate was the layout of the old lord Wujue God, which continues to this day, and the devil ancestor Wutian continues to take charge.

Obviously, the demon ancestor has boundless ambitions and will never yield to the dark forbidden sea forever. He also wants to return to the world and seize everything he has lost!

This sword gate is a powerful chess piece in his hand!

It is the temple of yin and Yang, the Lord of samsara!

"Within the sword gate, the strong are like clouds, and the territory of Tianjun is much more than that outside the kingdom. The territory of Tianjun is also called Tianxuan territory in the supreme world, and above Tianxuan territory is limitless territory. There are many strong people in the sword gate. This strength is incomparably bright in the supreme world."

"Plus the power of my old alliance, it's enough to challenge wanxu, as long as I can recover!"

"Demon emperor, are you willing to speed up the soul seed and give me the initiative of the body?"

"As long as you speed up the soul seed and the body belongs to me, we can climb to the top of the world!"

The devil Zu wudian uttered heroic words, as if the world had been under his control.

The devil emperor listened to his words, but his heart sank. He hardly hesitated and said directly:

"Sorry, Grandpa, my body must be in my charge. If you want to take it, you must crush my mind first!"

Listening to the rejection of the devil emperor covering the sky, the devil Zu Wutian was not surprised or angry. He just smiled faintly and said, "don't be in a hurry to refuse. It doesn't matter if you think about it for another two days. If you fight with me, there is only the end of destruction. If you promise me and are willing to hand over the control of your body forever, I will promise you the supreme glory of your life."

Hearing the speech, the demon emperor was silent and didn't answer. In fact, he refused.

Mo Zu Wutian was very patient. He neither scolded nor left. Instead, he quietly hid over the sword gate and looked down at the bustling below.

After three days, the demon emperor of Zhetian also knew more about the secret of Jianmen.

There are two supreme source soldiers in the world. The cutting edge is second only to the eight heavenly swords, namely Xiaolou sword and Tingyu sword, one female and one male.

The female sword building has been damaged and is now in Ye Chen's hands.

The male sword, listening to the rain sword, is intact, just inside the sword gate.

## Chapter 7534

In addition, the supreme artifact of the thirty-three days, one of the nine gates of the flood and famine, is also in the sword gate called "Jingnan gate".

In the past, the ancient emperor Yu Huang fought with the old lord. After the war, the supreme law of the world collapsed and the sky fell to the ground. It is the sword gate that uses the "gate of tranquility" to temporarily stabilize the law of heaven and earth until the birth of the eight heavenly Swords.

Therefore, the great merit of Jianmen in stabilizing the world has continued to this day.

It can be imagined how profound the historical origin and Taoist tradition of Jianmen are.

Moreover, no one knows what is hidden behind the sword gate.

Even before the wanxu temple was founded, Jianmen already existed. It is a sect that has continued since the old times.

If the old alliance joins forces with Jianmen to fight against wanxu, there is no chance of victory!

Even, if the demon ancestor has no heaven, he can completely occupy the body of the demon emperor, and his grasp of confrontation and victory will be greatly improved!

However, the devil emperor who covers the sky does not mean to share his body with the devil Zu Wutian. His initiative in his body must not be given to the devil Zu Wutian. This is his bottom line!

Seeing the determination of the devil emperor, the devil Zu wudian sighed and said, "the devil emperor, I appreciate you very much, but you are stubborn. I will completely crush your consciousness and wisdom someday. Don't blame me."

The demon emperor smiled and said, "old ancestor, who will win in the future is unknown."

Mo Zu Wu Tian smiled and said, "ha ha, have courage and insight! What will happen in the future, we should talk about it in the future. We should go back."

After that, the demon ancestor didn't talk nonsense. His palm tore the void, directly controlled the demon emperor's body and returned to the old alliance.

After returning to the old alliance, the devil Zu wudian reluctantly handed back the control of his body to the devil emperor.

The demon emperor regained control of his body, but felt that the soul species in his body had a deeper breath. Obviously, this time he was controlled by the demon ancestor, which really accelerated the soul species.

However, he was also very satisfied with helping Ye Chen get the Xiaolou sword.

"I don't know if ye Chen has succeeded in refining?"

At present, the devil emperor of the sky is to leave the old alliance and return to his isolated island.

As soon as he returned to the island, he saw Ye Chen sitting cross legged on a green grass, holding the broken sword of the small building in his hand.

The evil spirit on the broken sword has completely dissipated and recovered its ancient vicissitudes. It is full of traces of beacon fire and smoke.

The once supreme source soldiers have long been destroyed in the old and new wars, and all the cutting edges have dissipated.

Today's Xiaolou sword is just a container for the soul of the God sword.

"Master devil, you're back!"

Ye Chen, who was sitting, felt the breath of the demon emperor, and opened his eyes.

After three days of refining, now he has completely eliminated the evil spirit of Xiaolou sword and can vaguely capture it. As expected, there is a sword soul hidden in the sword, which vaguely resonates with his reincarnation sky sword.

"Well, have you dispelled the evil spirit of this sword?"

The demon emperor nodded and asked.

"Yes, it's all gone."

Ye Chen smiled, then his expression converged, and he said, "master devil, have you really gone to the world these three days?"

The devil emperor hesitated and finally sighed. He decided to Tell ye Chen and said, "it's a long story..."

At that moment, the devil emperor covered the sky and explained in detail his deal with the devil ancestor Wutian and the knowledge of the world.

Ye Chen was shocked when he heard that the demon emperor had paid such a high price to let him enter the forbidden area to take a sword.

"Master devil, your soul..."

Ye Chen was secretly worried. You know, there are soul species in the devil emperor covering the sky. If the control of the body is manipulated by the devil ancestor, it is likely to lead to the acceleration of soul species.

"I'm fine. Just refine the spirit of the reincarnation Heavenly Sword as soon as possible."

The demon emperor smiled freely.

Ye Chen clenched his teeth and wanted to help Zhetian demon emperor. However, Wutian's loss was Zhetian demon emperor's own robbery. He could only rely on himself to win. Even ye Chen couldn't get in.

"Master devil, if you need to use me, you can speak!"

Ye Chen took a deep breath and said solemnly.

"There's no need to say such polite words between you and me. You should refine the spirit of the divine sword that day, and I'll take the Xiaolou sword back and return it.

Zha Tianmo emperor said.

"Good!"

Ye Chen nodded and thought that refining the soul of the Heavenly God sword would probably lead to reincarnation, which would cause unexpected disasters.

At that moment, he offered the picture of the yellow spring and entered the world of the yellow spring with the devil emperor.

When he came to the world of the yellow spring, Ji Siqing felt Ye Chen's breath, also suspended his cultivation, appeared, and they hugged each other.

Then, ye Chen let the green dragon Alsophila spinulosa tree shield the breath and took out the small building sword after taking many precautions.

Then ye Chen took out the reincarnation Heavenly Sword.

The reincarnation Heavenly Sword emits many precious lights, which complement each other with the Xiaolou sword.

Click!

At the next moment, the body of Xiaolou sword cracked, and there was a golden and Bright smell floating out.

It was a wisp of sword soul, full of vast and majestic ideas, such as the God of heaven, judging everything, killing everything and crushing everything.

It's the spirit of reincarnation sky sword!

As soon as the spirit of the Heavenly God sword came out, the majestic and fierce sword Qi exploded. The surrounding vigorous wind billowed and the sword potential roared. The spatial laws in the yellow spring world were torn and black cracks appeared.

Chapter 7535

Ye Chen secretly smacks his tongue. He is worthy of being the soul of reincarnation sky sword. His momentum is really strong.

Fortunately, he had been on guard. His aura protected his whole body and was not hurt.

Ye Chen didn't have to do it. That day, the soul of the divine sword, like being inspired, automatically integrated into the reincarnation Heavenly Sword.

Buzz!

When the soul of the sword merges with the reincarnation Heavenly Sword, a burst of brilliant sword light rolls out from the sword body. The ancient lines on it are shining and bright, and there is a sense of glory and holiness.

"Integration succeeded?"

As soon as ye Chen's eyes brightened, he firmly grasped the handle of reincarnation Tianjian. Sure enough, he felt that there was another sword soul in reincarnation Tianjian!

Now, reincarnation sky sword has four sword souls, only Shura sword soul and Jiuyou sword soul have not been combined.

Once the souls of the other two swords are completely merged, this sword will be completely restored and burst out with the greatest edge!

"Congratulations, boy! It looks very smooth."

The demon emperor of Zhetian was delighted to see that the soul of the divine sword had successfully integrated into the reincarnation Heavenly Sword, and congratulated Ye Chen.

"Ye Chen, Congratulations!"

Ji Siqing is also overjoyed. The breath of reincarnation Heavenly Sword is becoming stronger and stronger. With this sword, ye Chen's strength will soar rapidly.

Ye Chen waved his sword, and a golden sword Qi came out, swept through the air and sent out a sharp sonic boom.

In the sword Qi, there is a great atmosphere of reincarnation in heaven, which is incomparably vast.

Ye Chen was pleasantly surprised. You know, reincarnation in heaven is the top hongmengyuan skill. If he wants to exert it, he has to spend a lot of effort.

However, relying on the reincarnation Heavenly Sword and a sword at hand, the power of the reincarnation Heavenly Kingdom is shown. It can be seen how overbearing, powerful and terrible this sword is.

If a sword is cut out during the battle and the magnificent climate of reincarnation in heaven is suppressed, I'm afraid the low-level heavenly kings can't be stopped and will be cut out by a sword!

This is the sharpness of samsara sky sword.

The head of the eight heavenly swords is well deserved!

"If you still need Shura sword soul and Jiuyou sword soul, you can make reincarnation Tianjian completely complete!"

Ye Chen thought secretly, and then returned the Xiaolou sword to the demon emperor, saying:

"Master devil, thank you very much. If it weren't for you this time, I wouldn't have gotten this God sword soul so smoothly."

The demon emperor took back the broken sword, smiled and said, "it doesn't matter. I'll go back and recover my life first. See you later."

Then the devil turned and left.

Ye Chen and Ji Siqing sent him out, and then left, ready to return to beimangzu, rest and adjust, and then find a way to find the remaining two sword souls.

However, when they were halfway back, they suddenly felt a vast and blazing breath flying from the distant sea.

"Well, is this the breath of the fragments of the soul path of the gods?"

For a moment, ye Chen felt the heart shaking of the Tao, and the reincarnation of the holy soul was turbulent.

When he captured the secret of heaven, he peeped into a magnificent picture.

I saw a piece of glittering and translucent debris flying out in the depths of the distant sea, tearing layers of emptiness and shooting at his place.

That sea area is near the birthplace of the reincarnation Heavenly Sword!

That fragment is the fragment of the spirit of God!

There are six pieces in the reincarnation holy soul day. Ye Chen has collected several pieces. Shura soul path has not been refined for some reasons!

He knew long ago that the fragments of the soul path of the Heavenly God were near the hiding place of the reincarnation Heavenly Sword.

However, when he went to capture reincarnation Heavenly Sword, he did not find fragments of the God soul Tao.

Until this moment, the soul of the reincarnation Heavenly Sword recovered, and the fragments of the divine soul path were summoned and shot across the air.

Ye Chen was pleasantly surprised. It seems that there seems to be some cause and effect between the God sword soul and the God soul Tao.

When the God sword soul returned, the fragments of the God soul path were also shot out of the world.

In an instant, ye Chen saw a little crystal awn emerging in the sky.

That is a fragment, which is vaguely branded with the word "God", full of vast reincarnation spirit. It is the fragment of God's soul road!

After seeing the fragments of the divine soul path, ye Chen's heart fluctuated more violently. The reincarnation holy soul day fluctuated like boiling water and echoed with the fragments of the divine spirit that day.

"Samsara fragments, belong to me!"

Ye Chen stretched out his hand and grabbed it in the air. The fragments of the God soul path in the distant sky flew like lightning and fell into the palm of his hand.

Hiss!

As soon as the fragments of the God soul path fell into Ye Chen's palm, they melted and blended with Ye Chen's reincarnation holy soul day on the spot.

Ye Chen was overjoyed. Unexpectedly, he looked for the soul of the God sword this time and accepted the fragments of the God soul path. It can be said to be a bumper harvest!

Now we have collected the fragments of the God soul path. The reincarnation of the holy soul day needs some opportunities and opportunities to be completely complete.

Boom!

On the same day, the fragments of the divine soul road were integrated into the reincarnation holy soul queen, and ye Chen's breath also soared, arousing a heavy vigorous wind.

The sea area below directly set off thousands of huge waves, with an appalling momentum.

Ji Siqing felt Ye Chen's soaring breath and was also surprised. He was forced to retreat on the spot.

"Ye Chen..."

Ji Si's beautiful eyes stared at Ye Chen with surprise. Over Ye Chen's head, there was a reincarnation of the weather. The golden light was vast, and the whole person exuded a majestic and powerful soul breath.

This breath can even suppress other people's souls, make people burst out a great fear from the depths of their souls, and even want to kneel down and surrender.

This is the only power belonging to the reincarnation holy soul day!

Even Ji Siqing, who wanted to kneel down at the moment, was stunned by the majestic breath of the holy soul.

Ye Chen felt that he was full of energy. His accomplishments were six layers of heaven in the Taizhen realm. After getting the fragments of the God soul Tao, he was full of aura. He was only a little short of breaking through!

You know, it's not long since he broke through the last time. Now he will break through so soon. It can be seen that the gain of the fragments of the divine soul path that day.

Now ye Chen, with only one foot to the door, can step into the ranks of the seven layers of the Taizhen realm!

Of course, there are signs of breakthrough so soon. In addition to the fragments of the God soul Tao, there is also the gain of reincarnation Tianjian!

Reincarnation Heavenly Sword is connected with Ye Chen's blood.

This sword becomes more powerful after integrating the soul of the God sword.

Ye Chen's cultivation breath naturally became stronger.

At the moment, ye Chen is only one step away from the seven floors of Taizhen!

Crackling!

When the breath soared, ye Chen burst with thunder and lightning, and the golden light was vast. The reincarnation Heavenly Sword flew out and suspended above his head.

Then, the three heavenly swords of famine devil, Longyuan and disaster seemed to be inspired and flew out, rotating around the reincarnation Heavenly Sword.

Even Ji Siqing's Shenluo Tianjian took the initiative to fly out.

Chapter 7536

Ji Siqing exclaimed and saw his Shenluo Heavenly Sword, together with many heavenly swords, rotating around the reincarnation Heavenly Sword. Countless sword Qi and streamer reflect each other, which is spectacular.

Ye Chenda was shocked. He saw that the five heavenly swords were constantly resonating and vibrating, and a golden reincarnation light column rose into the sky, just like breaking through the barrier of the world and running through the world.

Boom——

Dark forbidden sea, extraterritorial, inner earth, Taishang world and many other places are violently shaken because of the emergence of this reincarnation light column.

Countless people can see that the golden reincarnation light column penetrates the heaven and earth, surpasses the laws of the world, and erupts into unprecedented majesty.

Too much of the world.

Soon after Shen Tu Wan'er came back, she was entering the room alone. Suddenly, she saw the soaring reincarnation light column, and her pretty face suddenly showed a look of shock.

"What's the matter? Has Ye Chen's reincarnation blood fully recovered?"

Shen Tu Wan'er whispered and suddenly felt the mighty Heavenly Sword buzzing and shaking around her waist. It seemed to be inspired by something.

"Ye Chen wants my sword?"

Shen Tu Wan'er murmured and drew out Wu Wei's Heavenly Sword.

This sword is very important to her.

Now, her family is in great danger. She has to rely on this sword to fight against the ruins.

However, at this moment, this Wuwei Heavenly Sword, inspired by reincarnation, wants to fly below.

Suddenly, Shen Tu Wan'er fell into contradiction.

If she abandons Wuwei Tianjian, she will be cut off an arm.

But if you don't let go, it may affect Ye Chen's plan!

In an instant, countless thoughts flashed through Shen Tu Wan'er's heart. For a moment, she didn't know how to make a decision.

Buzz!

At the next moment, before she finished her decision, the Wuwei Heavenly Sword was pulled by a powerful force, directly separated from her palm, flew out and fell to the world below.

"Ouch!"

Shentu Waner exclaimed and paused, but her mind relaxed.

When Wu Wei's Heavenly Sword leaves, it will surely fall into Ye Chen's hands, but it won't be lost.

"Ye Chen, what are you doing..."

Shen Tu Wan'er's eyes were disappointed and she couldn't understand the joints behind her.

Also in the world.

Wish the temple, the palace surrounded by endless immortal light.

The Empress Dowager was closing her eyes to refresh herself, but the reincarnation light column across the sky ran through the sky, making the whole wish Shinto Dojo tremble.

"Huh? Did the boy fly up?"

The Empress Dowager Liu Mei frowned and subconsciously thought that ye Chen rose, so it broke out such a vast samsara.

But then, she carefully deduces and captures, but she doesn't find that there is a smell of Ye Chen in the world.

Buzzing, buzzing!

The ice Phoenix Sky Sword around her waist vibrated violently at the moment, as if inspired to fly down to the world.

"The call of reincarnation?"

"No! It's the call of the old lord!"

The Empress Dowager was surprised, and her eyes showed an unprecedented color of shock.

The light column of reincarnation is all over the sky, and everyone can feel the vast breath of reincarnation.

However, the supreme lady keenly caught that behind the breath of reincarnation, there was a very obscure, very mysterious and very strange breath.

That's the old smell!

It is the breath of the old lord Wujue God!

This is not the call of reincarnation, but the call of the old lord!

"Old lord, what do you want to do? Do you want to revive? Dare you!?"

The supreme lady's eyes were cold, her fingers flicked, and the vast white wind blades burst out, breaking the surrounding void, and cutting off all the breath of heaven's secrets and inspiration.

Woo——

Binghuang Tianjian uttered a sword chant and returned to peace again.

.....

The picture turns, dark and forbidden in the sea.

Ye Chen and Ji Siqing stared at the five heavenly swords hovering above their heads.

Then another Heavenly Sword flew down from the sky, but it was Shentu Waner's Wuwei Heavenly Sword!

"Wuwei Tianjian was also called!"

Ji Siqing lost his voice and exclaimed. Mei Mou looked at Ye Chen and said, "Ye Chen, is it the call of your blood?"

She felt the majestic breath of reincarnation, shaking the heavens.

"No, no!"

Ye Chen was in a daze, although the reincarnation weather was startling.

However, ye Chen was extremely shocked and found that his reincarnation blood had no resonance.

This surface samsara weather is just a smoke cover!

It is not samsara, but

Boom——

Reincarnation Tianjian, Shenluo Tianjian, Huangmo Tianjian, disaster Tianjian, Longyuan Tianjian and Wuwei Tianjian gathered together. Under the explosion of infinite sword light, a trace of gray fog suddenly gushed out.

The fog is the old breath!

Ye Chen instantly understood that it was the old lord Wujue God who sent out the call!

The old Lord called the Heavenly Sword to revive himself!

As long as the eight heavenly swords gather together, the old lord can recover!

At this moment, the six heavenly swords gathered, the old breath constantly shook, the fog burst and shrouded the world.

Ye Chen and Ji Siqing were shrouded in.

"Ye Chen, you're here."

In the fog, a bleak sound came out.

Then, he saw a figure of the emperor, wearing a black imperial robe and a crown, with eyes like hawks and falcons, waist like wolves and leopards, walking in a dragon and tiger step, and came to Ye Chen.

It is the old lord Wujue God!

At the moment, Wu Jue Shen's eyes are extremely sharp, and his body is like essence. It is no longer the illusion of emptiness.

"Old lord, you... You're revived?"

Ye Chen was surprised.

Wu Jue Shen shook his head gently and said, "I need to collect the eight heavenly swords to fully recover. Now there are only six and two more."

Ye Chen said in a deep voice, "did you send out the calling breath just now?"

Wu Jue Shen was silent for a moment, then nodded and said, "yes, you got the reincarnation Heavenly Sword, and even restored the four sword souls, which greatly revived my soul."

"I tried to gather the eight heavenly swords, but unfortunately..."

The soul of the old lord was dismembered into eight parts and sealed in the eight heavenly swords.

Among them, the soul sealed by reincarnation Heavenly Sword has the most magnificent energy.

When ye Chen got the reincarnation Heavenly Sword, the breath of the old lord revived greatly.

In particular, ye Chen integrated the spirit of the God sword, greatly improved his strength, and finally woke up the old lord again!

After the old lord woke up, he wanted to directly call all heavenly swords into one!

Once the eight heavenly swords gather, he can recover completely!

Unfortunately, in addition to Shentu Waner's Wuwei Heavenly Sword, there are two heavenly swords, which he did not summon.

One is the ice Phoenix sword of the heavenly daughter!

The other one is Hong Tianjing's annihilation sky sword!

"It's natural that I failed to summon Binghuang Tianjian, but annihilation Tianjian also failed, which is a little strange."

Wu Jue Shen murmured in a low voice and frowned slightly.

"Annihilation Sky Sword..."

Ye Chen's eyes are tiny. After he killed Hong Tianjing, annihilation Tianjian's whereabouts are unknown, but annihilation Tianjian lost his master. It's hard to turn the sky again. He must hide in a hidden place in the lower world.

"Master, annihilation sky sword, I can look for it, but ice Phoenix Sky Sword, I can't help it."

Chapter 7537

Ye Chen thus returned to the old master's way. The ice Phoenix Heavenly Sword was in the hands of the heavenly daughter. It was almost impossible to seize it unless the heavenly daughter was killed first.

"Hehe, it doesn't matter. Life and death have destiny. Fortune is in heaven. It's difficult to gather the eight heavenly swords."

Wu Jue Shen waved his hand, but it was also refreshing.

After a pause, he continued, "if you have a chance, collect the annihilation sky sword."

Ye Chen nodded and said, "sure!"

It is impossible for Binghuang Tianjian to capture, but it is not difficult to capture annihilation Tianjian.

Wu Jue Shen nodded slightly and said, "when I fully recover, don't forget the agreement between us."

Ye Chen thought of the agreement, and her heart was shocked.

Once, he made an agreement with the old lord.

When the old lord recovers, he will thoroughly pour the soul of the old Lord into his daughter Wu Yao, so that Wu Yao can inherit his orthodoxy.

Then the old lord will die.

Wu Yao will inherit his orthodoxy and rise against the sky!

Wu Yao, it's a container.

A container for the lifelong cultivation of the old lord!

When Wu Yao rises, she will join hands with Ye Chen to fight against wanxu!

In fact, ye Chen didn't take it too seriously when he agreed with the old lord.

Because he felt that this agreement could not be realized at all.

But unexpectedly, up to now, he has collected six heavenly swords, two of which are still missing, so he can achieve perfection!

The seemingly impossible agreement has a chance to come true today!

"Good, good. If only you hadn't forgotten our agreement."

"Before I leave, I'll teach you another magic power."

Wu Jue Shen narrowed his eyes and smiled. He offered a piece of jade slips. On the jade slips, five small purple characters "Taishang qianniao Dao" were engraved.

"What is this?"

Ye Chen is curious.

"One of the thirty-six ways of the Supreme Lord, the way of thousands of birds of the Supreme Lord, can thunder thousands of birds and destroy ten directions. You get the thunder tablet, awaken the divine pulse of the sky thunder and master the infinite power of thunder."

"This door is too high for thousands of birds. It can give full play to your thunder power."

With a wave of Wu Jue's hand, Yu Jian floated in front of Ye Chen and released strands of purple thunder. The thunder crackled and sparkled, and even made a clear sound like the chorus of thousands of birds.

Boom!

Ye Chen's mind suddenly poured into the mysteries of countless thunder magic powers.

The secret method of the supreme thousand birds way is also deeply imprinted in his knowledge of the sea.

Woo——

The jade slips also exhausted all energy, turned into ashes and dissipated.

"I wish you good luck and find the annihilation sky sword."

Wu Jue smiled, and his figure gradually dissipated.

The surrounding gray mist dispersed.

Ye Chen reappeared above the dark forbidden sea. The sky was clear and the earth was cool. The reincarnation Tianjian returned to his body. The famine demon Tianjian, Longyuan Tianjian, disaster Tianjian, Wuwei Tianjian, Shenluo Tianjian and so on all escaped into his Dantian.

"Ye Chen, how's it going?"

Ji Siqing gently held Ye Chen's hand and looked concerned.

Six of the eight heavenly swords have been collected, and the breath of the old lord has been greatly revived. This is an earth shaking promotion. Strong people such as magic ancestor Wutian, feather emperor ancient emperor and supreme daughter must feel it.

The future road will be more dangerous!

"The Shenluo Heavenly Sword is temporarily kept by me. Next, you have a good rest. I'll find the annihilation Heavenly Sword!"

Ye Chen stared at Ji Siqing.

He must keep all six heavenly swords in his hand so that he can easily cope with future changes.

"Well, I know."

Ji Siqing takes her head lightly. Anyway, Shenluo Tianjian was also given to her by Ye Chen. Now ye Chen takes it back. It's nothing.

"Wronged you."

Ye Chen hugged Ji Siqing and stroked her green silk.

When holding Ji Siqing, ye Chen thought of Shen Tu Wan'er again.

Shen Tu Wan'er's Wuwei Heavenly Sword is now in his hands. She has no weapons and her strength must be greatly reduced.

Ye Chen is secretly worried about Shen Tu Wan'er. She just hopes this girl won't have an accident.

Later, ye Chen settled Ji Siqing in the world of the yellow spring and was ready to look for the annihilation sky sword.

Before leaving, ye Chen gathered her mind and realized the Taishang qianniao road just learned in her mind again.

Taishang qianniao Road, one of the thirty-six Taishang roads.

Ye Chen has been in contact with the thirty-six Taoist techniques before.

He also mastered several kinds of supreme Taoism, such as supreme master Taoism, supreme heaven collapse Taoism, etc., as well as Ji Siqing's incarnation of rosefinch's supreme heaven Chi Taoism, blood dragon's supreme heaven dragon Taoism, and once emperor yuan temple's supreme heaven yuan Taoism, which are all one of the 36 supreme Taoism.

Among the thirty-six supreme Taoism, there are eight top ones, which are called the "eight poles of the supreme Taoism". Each pole is a supreme source technique with unimaginable power.

For example, Wu Jue Shen, the old lord, has just taught Ye Chen one of the "eight poles of the supreme way". The supreme thousand birds way is the supreme magic power of the thunder system. It turns thousands of birds with thunder and destroys nine days and ten places. It is quite fierce.

"I've become a thousand birds. It's really easy to suppress the annihilation sky sword."

Ye Chen smiled in her heart.

His strength is extremely powerful. The sword spirit of annihilating Tianjian can't compete with him.

What's more, now he has become the way of thousands of birds and wants to suppress the annihilation sword spirit. It's like crushing an ant!

"Reincarnation heavenly eye, open!"

At present, ye Chen gathers the breath of reincarnation in his eyes, peeps into the cause and effect of the heavens, and captures the breath of annihilation sky sword.

WOW!

In the twinkling of an eye, ye Chen's eyes were full of mystery and fog. Suddenly, he found the place of Annie Ji sword spirit!

In a world full of dead bones, an old and damaged door stands silently in the middle of the world.

It's a thirty-three heavenly artifact, one of the nine gates in the wasteland. It's called "the gate of withered bones"!

That world is the evolution world of the dead bone gate. It is very mysterious and wanders in the space and time of the heavens.

A bleak and thin figure is arranging an altar.

In the altar, there was a drop of blood, as clear and red as red jade.

Around the altar, there are many natural and earth treasures, which are full of vitality.

"Is this the gate of withered bones?"

"That drop of blood is Hong Tianjing's blood?"

"Annihilation sword spirit wants to revive him?"

Ye Chen pinched his fingers and counted, and the cause and effect of countless heavenly secrets were instantly clear.

With little effort, he pushed all the details of the show.

The desolate figure in the dead bone world is naturally the annihilation sword spirit.

At the beginning, after ye Chen killed Hong Tianjing, the whereabouts of Annie Ji Jianling were unknown. It seems that the other party didn't know where to jump by means of time and space.

Now as soon as ye Chen deduced, he found that he hid in the world of the dead bone gate, and even wanted to collect resources to revive Hong Tianjing!

A drop of blood on the altar is Hong Tianjing's blood!

"It's wishful thinking to revive Hong Tianjing."

Chapter 7538

"What's the use of resurrection for a fallen existence?"

Ye Chen sighed in her heart.

Now he is stronger than before. He is invincible in the sky. Except for the supreme world and the old alliance, no other force can block his edge.

Even if Hong Tianjing is resurrected, ye Chen can kill with one sword!

This is his strength!

"It's time to cut off all causes and effects and annihilate the silent sky sword. It's mine!"

Ye Chen's eyes were sharp. He immediately locked the coordinates of the dead bone world, tore the void and came straight away.

The world of dead bones was transformed by the door of dead bones.

The withered bone gate is one of the nine gates of the flood and famine. Any enemy who enters the withered bone gate will turn into a withered bone.

The killing ability of this magic weapon is very terrible.

The nine gates are: the gate of all evil, the gate of celestial burial, the gate of breaking emptiness, the gate of black dragon, the gate of rosefinch, the gate of xuanzun, the gate of eternal life, the gate of calming difficulties and the gate of withered bones!

The gate of withered bones, among the nine gates of famine, can even rank among the top three!

However, because this door is too difficult to move, no one has been in charge. It has been floating in the endless void of the universe since ancient times.

If you want to urge the door of withered bones, your own blood must be strong enough. Otherwise, you will be easily bitten by the withered breath and will not hurt the enemy. Instead, you will become a withered bone.

Ye Chen is fearless. With the help of the virtual tablet and the power of linger, he tears the void with his big hand. His body twinkles and has come to the dead bone world.

Dead bone world, on the ground, annihilation sword spirit is preparing a ceremony to revive Hong Tianjing. Suddenly, I feel the sky shaking and golden light.

He looked up and saw Ye Chen's figure, such as God and Saint, coming down.

The decaying smell of the world of withered bones can't erode the leaves.

Ye Chen is surrounded by reincarnation breath. If there is divine protection all over the sky, all evils will not enter and all laws will not invade.

The vast and shocking power completely shocked the annihilation sword spirit, just like looking up to the God who dominates Jiutian.

"Boy, you... Why are you here..."

Annihilation sword spirit's voice was dry and uttered a voice of incomparable despair.

At the beginning, when he first saw Ye Chen, the other party was still very weak. He could wipe it out with a sword.

Unexpectedly, the sun and moon changed into a new sky, and even Hong Tianjing died in Ye Chen's hands.

And he, annihilation silent sword spirit, under Ye Chen's hand, is inferior to the existence of mole ants.

He didn't expect that ye Chen could make progress to this point. What's more, ye Chen could find this dead bone world.

"Do you want to revive Hong Tianjing? I'm afraid it can't be as you want."

Ye Chen's face was indifferent. With a flick of his fingers, a wisp of golden energy exploded, directly smashing the altar below.

The natural materials and earth treasures around the altar and countless sacrifices were all blown into powder.

Hong Tianjing's drop of blood was erased on the spot.

The annihilation sword spirit on the edge of the altar was intact, and even his robe didn't move.

Ye Chen's control of aura and divine power is so wonderful that it can be retracted and released freely.

"You!"

Annie Ji Jianling's face turned pale and trembled with anger.

In order to prepare for the ceremony and revive Hong Tianjing, he spent countless efforts, but this time, he was instantly destroyed by Ye Chen, and his heart almost collapsed.

"Boy, you deceive people too much!"

Annihilation silence, the sword spirit was furious, the Heavenly Sword came out of its sheath and suddenly cut off towards Ye Chen.

Boom——

The whole world of dead bones is also shaking.

Countless white bones, countless corpses and countless debris burst from the ground and gathered into a flood of white bones. With the sword of annihilation sword spirit, they attacked Ye Chen fiercely and incomparably.

Obviously, the annihilation sword spirit can control part of the power of the dead bone gate.

This sword contains the power of the artifact of the dead bone gate, which is his best blow.

"Why struggle."

Ye Chen sighed. Although the sword was incomparably strong, it was just a small skill in his eyes.

"Leibei, Tianlei Shenmai, open!"

Ye Chen suddenly drank violently, and his fist burst out. The heavenly thunder pulse opened, and purple thunder burst.

With a fist containing the power of the vast sky thunder, it is easy to smash the sword potential of annihilating the spirit of the sword with the momentum of destroying the withered and decaying.

WOW!

The white bone torrent was also completely smashed and turned into bone debris all over the sky, pouring down like a rainstorm. The scene was extremely spectacular.

"Puff!"

The annihilation sword spirit spewed out a mouthful of blood and fell to the ground.

One move.

Just a move.

He was defeated by Ye Chen.

Even, ye Chen didn't use the Taishang qianniao way, but simply urged the thunder tablet to release the power of thunder, and completely defeated the annihilation sword spirit.

Looking at Ye Chen's brilliant figure, annihilation sword spirit was completely frightened.

He never felt that the taste of fear was so desperate.

His Taoist heart seemed to be crushed by Ye Chen. His heart was like an abyss of despair and powerlessness.

"Lord of reincarnation, spare your life!"

Then, the once arrogant man knelt down to Ye Chen and begged for mercy.

When ye Chen saw that he begged for mercy, he was stunned and sighed.

It seems that the Taoist heart of Anning jijianling has been broken by him and lost all his war intention.

"You are Hong Tianjing's man. Let him pass the cause and effect of the past."

"Have a good rest. If I go against the ruins in the future, reincarnate to rule the world and solve all difficulties, I may revive you in the reincarnation kingdom of heaven."

Chapter 7539

Ye Chen sighed again, then waved his palm, the thunder gathered into a storm, roared away, and wiped out the annihilation sword spirit on the spot.

In the endless thunder storm, the annihilation sword spirit didn't even have time to make a miserable cry, so it was completely reduced to nothingness.

Patter!

When the sword spirit dies, a long sword that is intact, as clear as jade and emits the smell of annihilation falls to the ground.

That is Hong Tianjing's former weapon, one of the eight heavenly swords, annihilation Heavenly Sword!

Ye Chen took a picture of the annihilation Sky Sword in the air, and it fell into his hand.

"Annihilation sky sword, finally got it!"

Ye Chenshu took a long breath and captured the annihilation sword spirit. It was as simple as he expected, with no twists and turns.

Now, only the ice Phoenix Heavenly Sword in the hand of the heavenly daughter, and the eight heavenly swords can be completely collected!

"If I ask you to borrow the sword, would you like to borrow it?"

Ye Chen murmured in a low voice.

If it was once, when he was very weak, the heavenly daughter should be willing to borrow it.

After all, tiannv once wanted to carefully cultivate Ye Chen.

But now, ye Chen is too strong, and tiannv feels threatened.

If ye Chen wants to borrow the sword again, I'm afraid it's impossible.

If you want to capture Binghuang Tianjian, you must kill taitiannv first!

"In a short time, I will never be able to fight against the heavenly daughter, let alone kill her."

"It seems that we still have to rely on Ren extraordinary senior."

Ye Chen thought.

Ren Feifan and the Empress Dowager have a battle of destiny. Sooner or later, they will have a war.

If Ren Feifan wins and wins the ice Phoenix Sky Sword, it can save Ye Chen a lot of trouble.

Just think of such figures as the supreme daughter of heaven, and finally want to fall. In Ye Chen's heart, there is more or less an unclear taste.

Shaking his head, ye Chen didn't think any more. At this time, Annie Tianjian got his hand. He obviously felt that the breath of the other six Tianjian in his body began to resonate and vibrate.

"Suppress it for me!"

Ye Chen bit his teeth and worked his aura. He wanted to suppress the fluctuation of Tianjian so as not to shock the world.

However, the seven swords converged and resonated with each other, which ye Chen could not suppress at all.

Hiss, hiss, hiss!

Finally, a sword flew out of Ye Chen's body.

Seven heavenly swords soared into the sky together, and the sword Qi resonated with each other.

Boom!

The golden reincarnation light column rises again.

This time, the reincarnation light column was mixed with half gray and black mist.

That's the old smell!

The light column, half golden and half dark, looked very strange.

This strange pillar of light once again runs through the heavens and the world, so that countless strong people can see it clearly.

This time, everyone can catch the breath of the old lord Wujue God from the pillar of light!

The old lord Wu Jue Shen, his soul was dismembered into eight parts and sealed in the eight heavenly swords.

At this moment, the seven swords gather, and the soul breath of the old lord can no longer be hidden.

The seven sword beams soared into the sky, shaking the sky and distorting the world.

In the twisted void, an ancient picture gradually emerged.

In the picture, high mountains and mountains, long rivers flow, and the immortal Qi is ethereal, just like a land outside the world.

In that fairyland, there are countless treasures, magical secrets and war puppet spirit beasts distributed around. An ancient book floats in the sky and turns with the wind, showing infinite words. Each word has ancient philosophy.

The cover of the ancient book is impressively branded with the five characters "tianwu Wolong Sutra"!

"Tianwu Wolong Sutra? This is the treasure of the old lord!"

Ye Chen was shocked when he saw the picture.

Tianwu Wolong Sutra has a total of 100 pages, 95 of which are in the treasure of the old lord. It can be said that it is the most precious existence among many treasures!

The seven swords gathered and shook the world. The picture emerging in the sky is actually related to the treasure of the old lord!

That ancient book is the legendary tianwu Wolong Sutra, the giant of the old times and the treasure of tianwu immortal gate!

Ye Chen stared at the ancient books and wanted to capture the wonderful principles of the ancient Avenue words.

However, the picture in the sky is too misty. The smoke and clouds are surging, like a mirror, which can't be touched and can't peep into its reality at all.

Then, the picture disappeared, like a flash in the pan.

However, the pillar of light, still shaking the world, continued to shine.

The dark forbidden sea, too much in the world, countless characters were shocked.

In the general altar of the old League, the devil Zu wudian saw the light column from heaven to earth, and his calm face was also shocked.

"It's impossible. Seven swords gather together? That boy has such great luck that he can control the seven swords?"

"My senior brother is going to be resurrected? No, it's Wu Yao who is going to be resurrected!"

The evil ancestor had no day to pinch his fingers, and he felt a crisis.

Even if the eight heavenly swords gathered, his senior brother Wu Jue Shen really recovered and finally just made wedding clothes for Wu Yao.

Under the causal deduction of the secret of heaven, the evil ancestor Wutian can sense the mind of Wujue God, that is, to sacrifice himself and restore Wuyao.

Just because he obeys his senior brother doesn't mean he is willing to obey Wu Yao.

After all, Wu Yao is just his younger generation.

"If Wu Yao is resurrected, Bao Bu will join hands with Ye Chen and deal with me in turn."

Wutian's face twitched slightly, and the sense of crisis became stronger and stronger.

However, he thought that the last Heavenly Sword was in the hands of the supreme goddess, and his heart settled down.

Even if ye Chen goes against the sky, it is impossible to capture Binghuang Tianjian from the supreme heavenly daughter.

"Even so, the boy is a hidden danger after all. It's better to get rid of him. Let me decide the fate of my senior brother and Wu Yao!"

The devil Zu wudian looked at the light column, pinched his fingers and calculated, and vaguely captured the source of the light column.

Then, he bent his fingers and played again and again, firing invisible Yin Jue, hidden in the void with a strong sense of blockade.

Finally, the order to encircle and suppress Ye Chen went on silently.

In the old League, many dark shadows came out and killed machines emerged.

.....

In the supreme world, countless strong people have seen the treasure of the just old lord, a faint picture of this world.

They marveled at the reincarnation Lord and the power of holding the seven swords, as well as the mystery of the old treasure.

Countless strong men tried to deduce Ye Chen's position.

Vaguely, many strong men calculated that ye Chen was in a hidden cosmic void.

Then, a powerful breath of blockade was sent from the Taishang world to blockade the universe and prevent Ye Chen from escaping.

.....

"The shadow army, take people to encircle Ye Chen quickly. There must be no mistake!"

In the wanxu temple, the ancient emperor Yu Huang issued an order.

He just used his amazing means to block the universe. As long as he sent someone down, he could accurately find Ye Chen's location.

Now ye Chen's strength is getting stronger and stronger. His blood and heaven and earth blend. It's difficult for ordinary people to deduce his details.

## Chapter 7540

Even the ancient emperor Yu Huang and the demon ancestor Wutian only vaguely figured out which cosmic star Ye Chen was in. As for the specific coordinates, it was difficult for them to spy in a short time, so they had to send people to check them in person.

.....

Taishang world, Jianmen.

This sect, which is older than wanxu, was also shocked by the light column through the sky.

When seeing the old haze, many core elders trembled.

Jianmen is a sect that has continued from the old times to today. It used to stabilize the laws of heaven and earth and preserve the fire of the world.

It can even be said that if there were no sword gate, the world would have collapsed.

In those days, the war for hegemony between the wanxu temple and the tianwu immortal gate in the old and new times was so broken that the laws of heaven and earth were destroyed and the sun and moon overturned.

If there is no Jingnan guard of Jianmen, the world will collapse into ruins before the birth of the eight heavenly swords of the ancestor of the sword God.

Even the wanxu Temple dare not be too harsh on the Jianmen.

Although there are rumors in the market that Jianmen is secretly loyal to the old alliance and is a chess piece of Wutian, the wanxu temple has not been studied too deeply.

After all, the past merits of Jianmen are too great for anyone to erase.

Inside the Jianmen Mountain Gate, it is the top of the mountains.

A young man in white robe was completely shocked when he looked at the picture of the light column soaring into the sky.

"The Lord of reincarnation has collected seven heavenly swords?"

"There are so many heavenly swords, why don't I even have one?"

The young man in white robe was in a trance and his eyes were confused.

"Endless! Don't be disturbed by the external weather!"

An old man came down and shouted like thunder.

The young man in white robe, named night endless, is a genius of Jianmen. His accomplishments have reached the realm of heavenly king.

"Elder!"

The young man in white robe trembled at the endless night, but his eyes were full of resentment. He held his fist tightly, and his fingernails fell into the flesh in the palm of his hand, saying:

"Justice is unfair! Why does the Lord of reincarnation have seven heavenly swords, but I don't even have one?"

Jianmen is a school majoring in kendo, and endless night is a genius of kendo.

He has always dreamed of taking charge of a Heavenly Sword, but he can't do it.

"What is Tianli? Tianli can only control the lower boundary. The laws of our world are not controlled by Tianli."

"Although you don't have Tianjian, your rain listening sword is also a famous supreme source soldier. It's no worse than Tianjian!"

The old man's voice was stern and wanted to awaken the endless obsession of the night.

"Listen to the rain sword..."

The young man in white robe slowly pulled out the long sword at his waist.

The long sword has a sharp edge and a sharp breath. As expected, it is also a supreme source soldier. It is called the rain listening sword.

There are male and female swords in the sword sect. They are all supreme source soldiers.

The female sword, named Xiaolou, has been destroyed in the war for hegemony in the past.

The male sword is called listening to the rain, but it is intact. It is in the hands of night endless.

"Listen to what the rain sword is! What about the supreme source soldier? It's not a real Heavenly Sword after all!"

The night is endless, gnashing teeth and splitting eyes.

"Alas, I know you regard Kendo as your life. Everyone calls you sword crazy. If you want a real Heavenly Sword, I'll ask the sword God to go out of the mountain and ask him to help you forge a sword?"

"The wanxu temple has taken in the soul of emperor Shitian, the Lord of the heart devil. I can spend a little money and ask wanxu to cast a sword with the soul of emperor Shitian. One can crush the Lord of the heart devil, and the other can cast a real Heaven Sword for you!"

The old man opened his mouth slowly and his eyes were sharp. At a glance, he knew that he had countless resources and power, and was qualified to trade with wanxu.

"No, I don't need it!"

"It takes ten thousand years to forge a new Heavenly Sword."

"Ten thousand years is too long. I seize the day!"

The night's endless clang took the rain sword back into its scabbard.

The old man was moved and said, "endless, what do you want?"

Night endless took a deep breath and said, "I want to challenge the Lord of reincarnation and seize his heavenly sword!"

The old man was shocked and said, "don't! Who is the Lord of reincarnation? His luck is deep and against the sky. The wanxu temple and the old alliance have repeatedly calculated that he will not die. If you want to challenge him, don't you die?"

"Even if you are the king of heaven, don't forget that there is a Ren extraordinary behind the Lord of reincarnation!"

"If Ren Feifan wants to kill you, one look is enough!"

"You still want to die!"

At last, the old man's voice was trembling and full of anger.

"Elder, don't worry. I'll go back. I just want to challenge the Lord of reincarnation. I don't want to be an enemy."

The night is endless. I don't say anything more. I tear the void and leave.

"Endless!"

The old man shouted, trying to stop him.

However, another old man appeared, gently stopped him and said, "forget it, let him go."

This new old man looks very strange. He is like a piece of paper. He is thin and has no thickness. He seems to be flattened by some great force. He looks very strange.

The whole person is like a piece of paper.

"Teach me..."

The old man was stunned and shouted.

It turned out that the flattened old man was the leader of the sword sect. He tried to prove that there was nothing, but failed.

No time and space came and flattened him into a piece of paper.

It's incredible that he can survive in such a state.

"Zhang Jiao, do you want to tell the child the details of our sword sect?"

The old man murmured.
